## REV. HIRAM RAYMOND DEAD

One of the Best Known Men of the County—Lived to See His 92nd Birthday

There died at Woodstock on Sept. 5, Rev. Hiram Raymond, a minister of the Adventist church, at the ripe age of 92 years, six months. Mr. Raymond was born and lived the whole of his long life at Middle Simonds, but during his last illness he lived with his daughter, Alberta, at Woodstock, at whose home he was tenderly cared for by his daughter, Miss Maud Raymond, a trained nurse. Other daughters are Mrs. Fred Everett of Jacksonville and Mrs. John Parley of California. Two daughters are dead. The sons are George Raymond, on the old home place at Middle Simonds, and David W. in Montana. His wife, who was Charlotte, daughter of the late Elizabeth Shaw of Simonds. The son of the late William Raymond, he was one of six children, the others being David, Alfred, Daniel, Samuel and John—all of whom are dead. Sisters were Mrs. Elizabeth Raymond Wheeler of Florenceville and Mrs. Harriet, who was the wife of the late Daniel Shaw of Simonds.

Mr. Raymond was a godly man and bore the respect of and was honored by a large circle of friends. In the days of his active Christian ministry he preached the Word acceptably and to the comfort of the souls of many people. The funeral services on Saturday, Sept. 11, were held at the home of Mrs. Maud Raymond, by Rev. G. A. Gibson, J. M. Malley, H. V. Braden, and his pastor, Rev. Harry True, assisted in the services.

tion with his grandmother Currie and other relatives. Mrs. Currie's mother Mrs. W. L. Alterton accompanied them to N. B. and will remain there for a short visit at her old home. ## WINDSOR MAN SHOT DEAD IN MONTANA

Tragic End of Frank H. Connolly Once Well Known Here

Frank H. Connolly formerly of Windsor, son of the late Benjamin T. and Angelina Connolly, was shot and killed by bandits in the City of Great Falls, Montana, on Monday, August 2. Mr. Connolly had been in the Great Falls police force for eleven years.

On Monday morning about 10 o'clock, Mr. Connolly noticed two men whom he thought were planning to rob the Arlington Hotel. He started across the street to where they were and when nearly up to them, both men without a word opened fire. Both shots hit their intended victim, who fell to the ground. Mr. Connolly, although severely wounded, drew his revolver, but before he could get it into action both men fired again and again six shots in all, the last four being fired into the officer, while he was lying on the ground. The bandits then ran and made good their escape.

The proprietor of the hotel heard the shots and came to the door and Mr. Connolly attempting to crawl up the steps to give warning. Police headquarters were immediately notified and an ambulance rushed to the spot, which took Mr. Connolly to the hospital. It was at once apparent that nothing could be done to save his life owing to the severity of the wounds and death took place about three hours after the shooting.

Frank Connolly was born in Windsor, on Sept. 6, 1867. When about twenty-three years of age, he went to Jacksonville, from which place after a few years he removed to Great Falls, Montana. While in Great Falls, Mr. Connolly met and married Miss Edith Smith, of Fredericton. There are two children, Harold, aged fifteen, and Margaret, thirteen.

Mrs. Connolly was with her husband when he died. Mr. Connolly was one of the most honorable and highly respected men in Great Falls. News of his death will be a shock to his many friends in Carleton county, where he was so well and favorably known.

## HEAVY RAINS CAUSE MUCH DAMAGE

Already This Month the Rain Fall Exceeds the Average of Whole of September for Many Years

The rain falls during the past ten days have amounted to a whole lot more than there was need of for any purpose. The damage to crops may amount to millions of dollars. So far, grain has suffered most. That which was standing was beaten down and has been made almost impossible to cut, while the great amount that was in swath or stacked when the rain began, is fit only for hog feed. And the grain crop, too, was the greatest the country ever produced.

Inquiries made in different parts of Carleton and Victoria bring forth the cheering news that potatoes are not rotting so badly as the condition of the weather would lead one to believe. There is, however, not reported from some localities. Altogether the outlook for the farmers is not at all encouraging. Farmers on the flatlands along the Beauséjour have suffered heavily through having their grain swept bodily away in the great freshet. Large quantities of grain is today in Sayer's mill pond and strewn all along the stream.

Not alone are the farmers the sufferers. The N. B. Contracting and Building Company, engaged in rebuilding Hartland bridge, have suffered heavily. Their work has been set back several weeks by the flood and they were hard put to save their big and expensive plant from being swept away. To prevent this calamity the men had to go to work early on Sunday morning, and continue work all day.

## KEYNON EVANGELISTIC PARTY

Attracts Big Audiences and Big Program for Sunday

The Keynon Evangelistic Party, conducting a campaign in the United Baptist church is attracting a large audience. Mr. Keynon is a speaker whose message goes to the people. Prof. Jesse Fletcher, a blind musician, brings forth from the piano and from the clarinet strains that stir the emotions as only the music produced by these under great tribulation can affect the hearer. Miss Porter is a sweet singer, and the combination is one to attract and impress. The services have been held each evening and several afternoons this week and will continue for some time.

Services for the general public will be held at 10:30 and 7:30 on Sunday, while at 2 p.m. there will be a meeting for men. Subject: "Facts for Men." Miss Porter will sing "The Old Homestead Song" and Prof. Fletcher will play a clarinet solo.

## PRODUCE PRICES

**CARRIES TANLAC  
ACROSS ATLANTIC**

*Dreaded To Put To Sea Without  
Medicine that Relieved His  
Stomach Trouble.*

Before starting on his last trip across to Gibraltar with a load of 8640 quintals of fish, Captain Fred Hollett of Burin, called in at Connor's Drug Store in St. John's, to get six bottles of Tanlac, as he expected to be away for some months.

"So long as I've got Tanlac with me I don't fear the trip," said Capt. Hollett, "but I've been such a sufferer from stomach trouble that I just dread putting to sea without it, for Tanlac is the only thing that ever did me any good. Mine was a pretty bad case. I don't believe anyone ever suffered more than I did without going out of his mind. For eight years I never touched a meal without severe distress and stomach pain afterwards that fairly doubled me up. I never seemed to get any good out of my food and always seemed played out and weak. I had such headaches that they made me light headed and I often had bad dizzy spells. I never slept well of a night and would get up in the morning with a bad taste in my mouth and feeling so sick that I couldn't touch a bite of breakfast. I got advice both in European ports and here in Newfoundland, and was told that I had catarrh of the stomach. I took lots of medicine, but it was all money thrown away for all the good it ever did me.

"When I came in from my last voyage, everybody seemed to be talking about Tanlac, and after reading of several people I knew who had got help from it, I decided it was just about what I needed. And sure enough Tanlac fixed me up all right. Why I can now eat anything the cook puts before me and it never has any bad after effects whatever. I enjoy breakfast, which is a thing I have not done for years and I sleep just fine every night. I'm on deck for duty every day without fail, and to tell you the truth I feel a different man entirely."

Tanlac is sold in Hartland by Estey & Curtis Co., Ltd., in Grand Falls by Wiley Drug Co., in Bloomfield by E. L. Field and by the leading druggists in every town.

## WHO IS ASININE?

In criticism of certain remarks made by T. W. Caldwell, M.P., for Carleton-Victoria with regard to loans made by the government of Canada to the governments of Greece and Roumania, the Gleaner of Fredericton without any show of logic or reason passed as its judgment that these remarks if made in the House of Commons would be treated as asinine and the speaker as an ass. The Gleaner remarks were quoted generously throughout Canada in government newspapers. Great care, however, was taken not to state definitely the remarks which Mr. Caldwell had made.

Now the substance of Mr. Caldwell's remarks were actually made by Joseph Archambault, M.P. for Chambly-Vercheres in the House of Commons in the presence of one of the Cabinet ministers concerned. The remarks were not treated as asinine. Neither was the speaker treated as an ass. On the other hand, Mr. Archambault was given a very attentive and respectful hearing. None of his statements were denied. None of his statements could be denied because he quoted from sessional paper No. 147 in support of his remarks.

He called attention to the fact that these loans of twenty-five millions each to Greece and Roumania, two practically bankrupt nations, were not supported by adequate security. He showed that no interest on the loans had been paid. He showed that the goods thus sold to these bankrupt nations without adequate security would in all likelihood have reduced this high cost of similar goods to the people of Canada, if placed on the market of Canada. He showed, on the other hand, that instead of being thus sold in Canada they were exported in order to hold up prices in Canada and incidentally keep up the profits of the "Big Interests" who own the Government of Canada.

He was not content with general statements, but mentioned, as did also Mr. Caldwell in his addresses at Woodstock and Fredericton, the names of some of the companies who had sold these goods and the names of the members of Parliament supporting the Government who were largely interested in these companies. He mentioned the Welland Vale Manufacturing Co. and its account of \$13,534.75, of which the president is \$13,534.75, of which the president is the member for Lincoln, Ont.; he mentioned the Maritime Nail Co. (\$69,168.73) of which the president and general manager is the recently converted free-trader member for St. John; he mentioned the Monarch Knitting Co. (\$271,344.43) of which the president is the member for Haldimand; he mentioned the Sherwin-Williams Paint Co. (\$31,490) and the Canada Paint Co. (\$11,332) of which one of the directors and the

is the Minister of Marine and Fisheries.

These statements were made in the House of Commons in the presence of the last named minister and they were not treated as asinine nor was Mr. Archambault treated as an ass. These statements were made by Mr. Caldwell at Woodstock and Fredericton. He would not have dared to make them if he would not have been allowed his freedom after having made them if it were not known they were not true. If such statements are asinine then let it be hoped that Mr. Caldwell will have the courage to make many more such statements. If it so be the government should continue to be so reiss in its duty to the people of Canada as to give occasion for the publication of such damaging commentary on the misgovernment of this country.—United Farmers' Guide.

years ago another appeared on my ankle," writes Mrs. Jeffrey, of Methuen, Mass. "In spite of all the remedies I used, it spread to my knee, and developed into an open sore. I had medical treatment for twenty-five years, but only got temporary relief. The pain I suffered was terrible, and for years I was unable to leave the house.

"One day I saw in a newspaper an account of a bad ulcer having been cured by Zam-Buk. Although I was skeptical, now of anything being tried, I decided to give Zam-Buk a trial. I applied the balm freely every day and to my delight the sore soon showed some improvement. Gradually the inflammation was drawn out, the pain was ended, and, after thirty years of suffering, I realized I was on the road to recovery. With perseverance, the awful sore was finally completely healed, and although that was three years ago, there has not been the slightest trace of the ulcer returning."

Zam-Buk is the best remedy, also, for eczema, boils, pimples, blood-poisoning, piles, burns, scalds and cuts. All Dealers, or Zam-Buk Co., Toronto, 50c. box, 3 for \$1.25.

Save the surface and you save all Paint's Value

Your House Need Never Grow Old

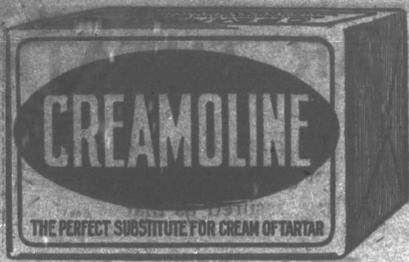

CERTAINLY it can be kept as good as new throughout the lifetime of its owner—by proper paint treatment. To preserve its surface you have two alternatives—first of painting it frequently with ordinary paint; and that of painting it infrequently with B-H PAINT.

B-H PAINT  
ENGLISH 70% Pure White Lead  
GARDNER'S 100% Pure White Lead  
100% Pure Paint

Admission—no indeed you must—the imperative need of paint for the protection of your home. Your next thought should be, "How can I select it to be SURE it's well protected?" If you use B-H there's a guarantee on every can of it—to make you sure. That guarantee—our word of honor—means you of the 100% combination in which the chief ingredients are Brandram's Genuine B-H White Lead. Famous for many two centuries and recognized by all world powers as the standard white lead of the world.
