Lippes of my recovery began now to revive, and after continuing the use of your medicines for about a month, the Pilesand Ashma were completely cured. The Dropsy with which my life was placed in such great danger, was also nearly gone. Previous to taking the Wine and Pills, I had recourse to the best medical treatment, but continued to grow worse to air alarming degree. But, what a pity it is that the deception used by others should be the means of dissuading many laboring under disease, from making trial and being cared by your excellent remedia. Humanly speaking, they have saved my life; when I commenced making use of them, I was in a wretched condition, but began to experience the ingood affects to less than three days; and, in six when Teemmenced making use of them, I was in a wretched condition, but began to experience their good effects in less than three days; and, in at weeks from the time I purchased the Mediches, to the great surprise of all my friends, I was entirely cared, and had increased fifteen pounds in weight, having taken one box of the Pills and two bottles of the Wine. POINT BU JOUR, PARISH OF LASSOMPTION.

THESE trafy calculate WATERS are distinguished for the large quantity of Bromine and Iodine they contain, and are asknowledged superior to all other Medical Waters. They are the most agreeable refrashment of the description that have yet appeared. They can be used cold to the greatest degree in the most oppressive heat of Sommer, and that without altering or affecting injuriously the health of the person using them, upon the contrary, they are found to improve and strengthen. The large number of cures effected by the use of the above Waters, enable us to recommend them to the public as an excellent regardy in a very great number of cases. The manner of a few only of the persons of calculty, who have given their written recommendation of the Waters, are here given. The distance for conveying the Waters to the Depot is so trifling, that we are enabled to have a constant supply fresh, and are consequently in possession of a better market than any other person. Prices, 74d. per gallon, and 2a, the dozon, (in bottles.) Sick persons, unable to pay for it, can have some gratis, by/producing a certificate from their Physician, since we are unwilling that any should be deprived of these healing and wonderful Waters, prepared by Providence for his éreatures, which are apparently designed for the alleviation and cure of many protracted and dangerous diseases.
