NORFOLK COUNTY

TOWN COUNCIL
MET AT SIMCOE

Application of Veteran for
Reinstatement as Works
Foreman Refused

OTHER MATTERS UP

Slight Salary Increases Are
Granted the Clerk
and Collector

(From Our Own Correspondent.)
Simcoe, June 4th.—The Town
Council met last night for a four
hour session. All the members
were present.

Communications.
A lengthy petition from rate-
payers asking for the repeal of
the early closing by-law was read
and placed on file.

Want Fruit Stores Open.
Messrs. West and Bonaccorsa,
were present to support their
petition for the excluding of fruit
stores from the operation of the
by-law. Their request was passed
over to the Industrial Committee.

Would Not Disturb Works Dept.
Mr. Albert Wakeford's communi-
cation requesting Council to re-
appoint him as foreman of the
Board of Works employees was
read. Wakeford had been in the
employ of the Board of Works
before enlisting, but did not claim
before enlisting, but did not claim
leave of absence or promise of re-
instating. Alderman Jackson sup-
ported Wakeford's claim, as a man
who had served to the limit of his

SIMCOE AGENCY

The Brantford Courier

WANTED—A small canvas tent
about eight by twelve feet.
Enquire at Courier Agency Simcoe.

ability and had been over the top
and across no man's land. He had
played the soldier to a finish and
was at present carrying splinters
of shrapnel. He was a good cap-
able workman and understood that
he would get his job if he returned
physically fit for it, and he moved
seconded by Alderman Calder that
the communication be referred to
the Board of Works with instruc-
tions to re-instate Mr. Wakeford.
Reeve Carter, as chairman of
the Board of Works, reported hav-
ing no assurance or information to
the effect that Mr. Wakeford actu-
ally left the town's employ to
enlist, or that he had any promise
of the position on return. That
his successor too had since enlisted
and that he understood Mr. Wake-
ford who he believed was a reliable
and capable man had the offer of a
more remunerative and in many
respects a more desirable situation
at that present the organization of
the Works Department was excel-
lent and any change at the pres-
ent time might lead to a general
disorganization. It was shown
too, that in the meantime the de-
partment has undergone re-organi-
zation and at present, with the
Utilities Commission thoroughly
established the work goes on with
a small gang of men—four at
present, capable of handling any

or all of the road machinery with-
out any outside assistance.
The motion was lost on an even
vote.
Mr. Wakeford has possibly been
one of many who relied upon pro-
mises made without warrant. But
we prefer to believe that he went
overseas as a Briton regardless of
any such promise. There is no
record of any such in the minutes
or committee reports at the Clerk's
office.

Slight Increases for Clerk and
Collector.

The finance committee recom-
mended slight increase in the salar-
ies of the clerk and collector. The
former has, this year, to get out a
much larger voter's list and re-ar-
range the volume for seven instead
of five polling sub divisions. Orders
in-Council for proof of age and ec-
cujugal state alone have interrupted
the work of the office, which has in-
creased immensely in recent years,
without any salary increase except
\$50 last year.

The poll tax by-law provides for a
most awkward collection of the tax,
and with an enormous amount
of additional work year after year
since the sewer plant was laid down
had not been accompanied by any
increase of pay.

The committee asked for \$100
additional for Mr. McCall, and \$50
additional for Mr. Cross, and the
council agreed.

Chairman Langford made it clear
that his committee did not ask for
these as wartime increases, but as
increases for increased duties.

By-Laws Nos. 700 and 701.

Messrs. Jacques and Jackson rot
through two by-laws, respecting the
practicability of the fire brigade.
The first requires the travelling public
to give all fire teams, trucks, and
firemen a free and clear right of way
when going to or from a fire. It re-
quires private citizens to stand ten
feet clear of the hose, wagons or
other fire fighting appliances when
the brigade is at work, and in a
word, to keep away back when
watching the progress of a fire. This
by-law will be published in full in
both local papers that the public
may have no excuse for disobeying
the by-law. Some councillors de-
sired changes in the draft but chair-
man Jacques showed little inclination
to have it tampered with, and it
went through.

The second by-law was to vali-
date an agreement with the Bell
Telephone Company, whereby the
company allows the council to instal
at the local central a special switch
device for calling out the fire bri-
gade and sounding a siren.

Estimates Next Monday.

The finance committee having ex-
pressed their desire to bring down
the estimates on Monday next, coun-
cil adjourned to meet on that evening
in the meantime the county levy will
have been determined.

And Now the Senate.

A communication from the council
of the City of Toronto regarding the
abolition of the senate went to the
vestibule.

Utilities Commission Asks for Funds.

The Utilities Commission asked
for \$2,500 to finance additional
extensions to the waterworks plant,
made during 1917, and the matter
was passed over to the finance com-
mittee with power to act. It is
probable that this and the water
street sidewalk will be provided for
by a consolidated debenture.

The chairman of the commission
advised council that L. F. Aiken had
tendered his resignation as commis-
sioner, after being appointed assessor
and that the same had been recently
formally accepted. He thought Mr.
Aiken would accept re-appointment
and the Lt. Col. got it on motion of
Messrs. Baillie and Jacques.

Mr. Acker's resignation was re-
ported tendered but not yet accepted.
Reports of Committees.

The finance committee passed on
accounts as follows:

Board of Works	\$187.98
Market	6.00
Charity	74.38
Park	10.00
Fire and Light	497.45
Miscellaneous	56.23

Help the Child.

His Worship reported re the
Hooker child stating that the charity
committee favored expense of neces-
sary care at the Sick Children's Hos-
pital during the operation and re-
covery. Council endorsed the sug-
gestion.

No Idle Land in Simcoe.

Chairman Calder reported on the
vacant lot gardening. Alderman
Jackson had taken the committee by
automobile on a tour of inspection
over every street in town. Every-
where there was evidence of co-opera-
tion for production; almost every
plot suitable for crop, and otherwise
not used, had been secured and the
crop would presently be all in. He
doubted if there were many towns
with such a showing.

Eat Fish.

He also reported that his commit-
tee had guaranteed to the Govern-
ment Robert Rawling, as Govern-
ment Fish Tender, and that Mr. E. E.
Innes had furnished his personal
bond to the council re Mr. Rawling;
that Mr. Rawling would retail lake
trout, whitefish, and pickerel at 15
cents a pound, and that he hoped the
patriotic people of Simcoe would co-
operate with the council in the effort
to relieve the meat shortage.

Police Committee Report.

Chairman Jackson reported hav-
ing received the resignation of night
watchman Pepper, who wished to be
relieved as soon as possible, and re-
commended an increase of \$5 for
Chief Canning, to bring this officer's
salary up to \$5. The chairman
spoke highly of his efficiency with
which the chief was doing the work
of his department, and stated that
Magistrate Gunton found him very
thorough, capable, and attentive to
his duties.

The committee was authorized to
advertise for a night watchman, and
Mr. Pepper's resignation was accept-
ed to take effect as soon as a suc-
cessor can be secured.

Mr. Pepper has been on the force
for about a year and four months,
and leaves with a clean record.

SIMCONIAN
KNIGHTED

Lt.-Col. Jas. S. Brown, For-
merly of That Town,
Honored by King

OTHER SIMCOE NEWS

(From Our Own Correspondent)
Simcoe, June 4.—Lt.-Col. Jas. S.
Brown whose name appeared in the
King's list of knighthood's yester-
day was a Simcoe boy. He was a
son of the late proprietor of the
Brock St. Emporium. Many Sim-
conians who were school-boys with
Sir James, were glad to learn of his
distinction.

Too Busy for Holiday.
Apart from the display of an oc-
casional flag work went on in Sim-
coe yesterday as usual, places of
business except the banks were all
opened and school went on as
usual.

Bright—Reed Nuptials.
The marriage of Miss Edith Reed,
daughter of the late Pte. Chas.
Reed and of Mrs. Reed, McCall St.,
which was solemnized at two o'clock
yesterday, drew out a large attend-
ance of friends and a few pecks of
the time honored confetti.

The bride approached the altar on
her mother's arm, wearing a pretty
cream crepe-satin gown and the
conventional veil, and attended by
Miss Dorothy Canning, daughter of
Mr. and Mrs. Chas. Canning, of Sim-
coe, Misses Hilda Canning, of Galt,
and Winnie Reid, sister of the bride
were flower girls.

The groom was supported by Mr.
Ernest Canning of Galt.
It was a pretty little wedding
party as one might desire to see.
The young couple left for the east
on their honeymoon and returning
will reside at 235 John St. south.

Press Photographs
Dr. and Mrs. Day will leave on
Friday to spend the summer by the
sea at Woods Hole, Mass.

Dr. Bruce End of London, was in
town yesterday.

Mrs. Fred Canning, of Galt, was
over yesterday for the Bright-Reed
wedding.

Mr. and Mrs. James Cullmore left
yesterday morning for Hamilton,
where they will spend the summer.

FOOD SITUATION
IN TURKEY ACUTE

Bread Ration in Army Re-
duced and Meat is Al-
most Unobtainable

London, June 3.—(British admiralty
per wireless press)—Reports concern-
ing a food situation in Turkey
show that conditions continue bad
and that there is great deal of suffer-
ing among the people, some of the
poorest being forced to depend to a
large extent on chestnuts and pump-
kins seeds owing to shortage and the
prices.

In certain districts those on the
middle Euphrates, for example, har-
vest prospects in the beginning of
this year were bad and starvation
was anticipated unless the govern-

ment helped. A certain amount
seed was at the government's dispo-
sal, but local Turkish authorities
were obstructing and dishonest and
would not issue the full amount.
While the newly appointed seed com-
missioners found difficulties placed
in their way. Under these conditions
the success of the harvest is highly
problematical. In other districts har-
vest prospects have been spoiled by
the action of the troops. In areas east
of the Jordan the Turks turned their
animals loose in the crops when they
were practically ripe, causing whole-
sale destruction.

The Turkish soldiers themselves
have suffered from the food short-
age. The bread ration should be 900
grams daily, but the men rarely
see more than 450, and frequently
only 300 daily. The meat ration is
250 grams three times a week, but
on the few occasions when meat has
been available, the ration has not
approached the 250 grams.

TELLING THE ENEMY

That is what this fellow and every
other of the 5,000,000 war gardeners
in the United States is doing, says the
National War Garden Commission, of
Washington.

Will Continue
Cash-and-Carry

Having taken over the business of Mr.
Harry Marlatt, I will endeavor to do my best
to please my customers by giving them cour-
teous treatment, as well as saving them money,
which we can easily do on account of reduced
expense in saving the price of delivery.

I will carry on business at the Cash and
Carry Store, on the lines established by Mr.
Marlatt.

JAMES EGAN
17 PEEL STREET
Simcoe

P. S.—Watch for further announcements on this page.

Business
Change

THE undersigned desires to thank the public
of Simcoe for their patronage through
many years in business in Simcoe, and espe-
cially for the support given to us in our pa-
triotic Cash and Carry departure.

Owing to indifferent health, we have been
obliged to take a rest, and we have sold the busi-
ness to Mr. James Egan, of Egan Bros., St.
Thomas. Mr. Egan comes to Simcoe highly
recommended for business integrity, and with
a quarter of a century's experience in the grocery,
business, wholesale and retail. He knows how to
buy, and will maintain the reputation of Cash
and Carry store. We solicit for him the support
of the public in his effort to keep down the high
cost of household supplies.

Signed
Florence and Harry
Cash and Carry Grocery

PUBLIC NOTICE

DOCUMENTS TO BE CARRIED

by every male person who is not on active service in any of His Majesty's Naval or Military Forces, or in the Naval or Military Forces of any of His Majesty's Allies, and who apparently may be, or is reasonably suspected to be, within the description of **Class One** under the Military Service Act, 1917, who for any reason may have claimed that he is not within **Class One** under the Act.

NOTICE is hereby given that, under the provisions of an Order in Council (P. C. 1013), of the 20th April, 1918, upon and after the 1st day of June, 1918, every male person who is not on active service in any of His Majesty's Naval or Military Forces, or in the Naval or Military Forces of His Majesty's Allies, and who apparently may be, or is reasonably suspected to be, within the description of **Class One** under the Military Service Act, 1917, by whom or on whose behalf, it is at any time affirmed, claimed or alleged that he is not, whether by reason of age, status, nationality, exception, or otherwise, within **Class One** under the Military Service Act, 1917, as defined for the time being or that, although within the said Class, he is exempted from or not liable to military service, shall have with him upon his person at all times or in or upon any building or premises where he is at any time is,

member of any other society or body, a certificate of the fact signed by an officer-holder competent so to certify under the regulations of the church, order or denomination, society or body, to which he belongs; or

EXEMPTION

If it be claimed that he is exempted from or not liable to military service by reason of any exemption granted or claimed or application pending under the Military Service Act, 1917, or the regulations thereunder, his exemption papers, or a certificate of the Registrar or Deputy Registrar of the district to which he belongs evidencing the fact; or

OTHER CLASS

If it be claimed that he is not within the Class, or that he is exempted, not liable or excepted upon any other ground, a certificate of two reputable citizens residing in the community where he lives having knowledge of the fact upon which the claim is founded and certifying thereto;

FAILURE TO CARRY REQUISITE EVIDENCE

If upon or after the 1st day of June, 1918, any such male person be found without the requisite evidence or certificate upon his person or in or upon the building or premises in which he is, he shall thereupon be presumed to be a person at the time liable for military service and to be a deserter or defaulter without leave;

PENALTY

And he shall also be liable upon summary conviction to a fine not exceeding \$50 or to imprisonment for a period not exceeding one month, or to both such fine and imprisonment; and moreover, any such person may forthwith be taken into military custody and may be there detained and required to perform military duty in the Canadian Expeditionary Force so long as his services shall be required, unless or until the fact be established to the satisfaction of competent authority that he is not liable for military duty.

FALSE CERTIFICATE

The use, signing or giving of any such certificate as hereinbefore mentioned shall, if the certificate be in any material respect false or misleading to the knowledge of the person using, signing, or giving the same, be an offence, punishable, upon summary conviction, by a penalty not exceeding five hundred dollars, and by imprisonment for any term not exceeding six months and not less than one month.

DEVELOPING

Continued from page one

able attempt to reach Paris. The Situation in Review. On the Aisne battlefield the German advance is waning. It has not already been stopped before the desperate resistance of the French. Sunday the enemy progress was slight, while on Monday the French and German gains on the western wing balanced each other. Now that the force of the German blow has nearly spent itself, the offensive is turning into a series of battles for important positions.

Before the forest of Villers-Cotterets and between the Ourcq and the Marne the Germans are making violent efforts to drive the French from advantageous hill positions. Villages on the eastern edge of the forest have been taken and retaken by the bitterly contesting forces, but the Germans, despite fresh troops are gaining but slightly.

The situation north of the Aisne is similar. There the French have recaptured Mont Choisy for the fifth time. German attacks elsewhere between the Aisne and the Oise, on the line between Novoy and Solsons, have been repulsed. West of Solsons the enemy has been held for no gains although Berlin in its latest report claims progress here and to the south.

Heavy attacks by the Germans between the Ourcq and the Marne to take the hills around Cocherel broke down with heavy losses. Along the Marne the activity has been slight while from the Marne to Rheims the allied troops maintain their positions. Rheims is reported almost three-fourths surrounded by the Germans who are within a mile of the city on the north, northwest, west and southwest, and east.

On the British front the fighting still is confined to raids. British airmen continue their bombing operations and have accounted for 22 more German airplanes. There has been heavy artillery firing on the American sector north west of Toul, but no infantry action. In aerial combat another German machine has been brought down.

BAD SMASH NARROWLY AVERTED

Shortly before 10 o'clock last night an automobile driven by Jack Wood of 22 Fair Avenue was run down by the truck from the East End of St. Louis, which was being driven by Murray, an alarm having been phoned in from the corner of Nelson and Wood, who was coming down Colborne St. in his car, which had become confused and lost control of the car. Scrambling the side of the fire truck the car crashed into the curb and a telephone pole and was badly wrecked. The front wheels, guards and radiator were totally smashed and other damage done. Besides the driver there were seven ladies in the car but fortunately they escaped unharmed. The truck suffered little damage. A false conception of a practical joke was thus responsible for what might have proved a fatal accident for the alarm proved to be false. The authorities have since learned that it was turned in by an unknown man at the police box at the corner of Peel and Colborne streets.

War Garden Bulletin

POTATO BUG. One of the worst enemies the war garden has is the potato bug. Where potatoes are well on by this time the over-wintered female potato beetles lay clusters of bright, orange-colored eggs on the underside of the leaves. These soon hatch into the well known dark-colored grubs. There are several generations of the insect during the season and both the grubs and the beetles continue to feed from spring to autumn.

The destruction of the beetles early in the season is important. As soon as they are seen to be present the vines should be sprayed either with Paris Green or arsenate of lead. At Ottawa, the following formula has given satisfaction: 8 ounces of Paris Green and 1 1/2 pounds of powdered arsenate of lead to 40 gallons of water. Both Paris Green and arsenate of lead may be used in Bordeaux mixture and if this is done the above proportions are suitable for 40 gallons of the mixture. Poisoned Bordeaux mixture such as this not only destroys potato beetles and grubs but also protects the plants from blight and rot. Applications should be made early in June, when the beetles are first seen; then early in July and again about August 1, 15 and 31.

NERVOUS PROSTRATION

May be Overcome by Lydia E. Pinkham's Vegetable Compound—This Letter Proves It.

West Philadelphia, Pa.—"During the thirty years I have been married, I have been in bad health and had several attacks of nervous prostration until it seemed as if the organs in my whole body were worn out. I was finally persuaded to try Lydia E. Pinkham's Vegetable Compound and it made a well woman of me. I can now do all my housework and advise all ailing women to try Lydia E. Pinkham's Vegetable Compound. I will guarantee they will derive great benefit from it."—Mrs. FRANK FITZGERALD, 25 N. 41st Street, West Philadelphia, Pa.

There are thousands of women everywhere in Mrs. Fitzgerald's condition, suffering from nervousness, backache, headache, and other symptoms of a functional derangement. It was a grateful spirit for health restored which led her to write this letter so that other women may benefit from her experience and find health as she has done. For suggestions in regard to your condition write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of their 10 years experience is at your service.

MONDAY, JUNE 3, 1918

THE SITUATION.

For the first time in seven days the Western Front within a period of twenty-four hours. The little Teutons did achieve more than offset by local advances on the part of the Allies. The arrival of a great number of Foch's reserves stopped the enemy advance on all sides. "The French have stopped the German drive towards Paris," is the cheering message this morning and it would certainly seem to be warranted although there is still very arduous and sanguinary work ahead. Certain it is the Germans gained no advantage on that the earlier momentum of the Hun assault has been slackened, and the foe has again lost the heights of Soissons.

Our neighbors have had the submarine menace brought closely home to them by attacks on their shipping off the Jersey coast. The impression prevails that these "U" boats must have a base in the West Indies or Mexico. The stroke is a bold one, and in addition to the infliction of coastwise shipping losses, it has already had the effect of hindering the sailing of American transports with the troops so urgently needed in France. Scores of Atlantic warships are now scouring the North Atlantic in an effort to locate the marauders, but they have an elusive danger to combat.

British troops are reported to have penetrated the Austrian lines on the Italian front, and to have brought back prisoners.

Berlin is making the boast that it is the intention to destroy the fighting forces of the allies before the full effect of United States assistance can be felt, but the French and the British will have a good deal to say with regard to that and confidence in both London and Paris remains unimpaired.

THE CASE OF ENGINEER JONES

The suggestion was made at the City Council last night that City Engineer Jones should be replaced, except in an advisory capacity — that younger blood was needed with regard to his job. Mr. Jones has done engineering work for this city for thirty-three years, for the first portion of the time as called upon, and during the last twenty-five years as a salaried official. During the whole of that period there can be no question that he has given faithful and conscientious work, and in addition to his regular duties has rendered others free of charge, including among other things that of building inspection. In fact it has always seemed to the Courier that he has had far too much to look after, and should have had more help. Complaint is made of storm sewer and kindred difficulties during the past winter, but the weather was of exceptional severity, and Brantford was not alone in the difficulties thus encountered. There should certainly be the very careful enquiry and adequate care before Mr. Jones is lightly superseded.

CONGRATULATIONS

The members of the W.H.A., officers and workers in the ranks alike, deserve to be most heartily congratulated upon the outcome of their "Rose Lay" effort. The organization has earned and deserves the confidence of all classes, and that faith was abundantly exemplified by the splendid response of yesterday. They perform a great work quietly, but most assiduously, and it would be impossible to compute the wide reaching results of their efforts. The City Council very appropriately added a contribution of \$500, and the kindly words spoken by the Mayor and Aldermen were even more appreciated than the cash donation, welcome though that proved.

DIRECTORS APPOINTED.

By Courier Lensed Wire. Washington, June 4.—Appointment of directors for the twenty industrial zones into which the country has been divided by the war industries board was announced today. The directors will have general supervision of the production of war materials in their jurisdictions.

SUMMER RESORTS IN ONTARIO
 The Muskoka Lakes, Point au Baril and Georgian Bay Resorts; French and Pickering Rivers; Rideau Lakes; Severn River; Lake Maxinaw District and Kiburtha Lakes are conveniently reached via the Canadian Pacific Railway. Particulars from Canadian Pacific Ticket Agents or W. B. Howard.

GAS EXPERT APPOINTED

A Provincial Engineer Will Visit Brantford in the Near Future. CAN PURIFY GAS?

At last night's meeting of the city council the gas committee reported as follows:
 On May 21st the council authorized your committee to engage a gas consulting engineer to report
 1st. On the present condition of the physical property of the Brantford Gas Company's plant and the value of the mains, meters and services.
 2nd. On the expense for installing a gas purification plant sufficient to purify all natural gas now used.
 3rd. On the approximate cost of an artificial gas plant as an auxiliary to the natural gas plant, capable of being enlarged if necessary to supply all gas needed.

The expert whose tender for this work was most reasonable, and was accepted by your committee, has declined to do so for reasons given, and the price asked by other engineers for the information was prohibitive.

Fortunately during April this council petitioned the Government to appoint a gas engineer on the regular staff of the Bureau of Municipal Affairs, which was endorsed by a majority of the municipalities of Ontario.

We also at once pressed upon the Provincial Secretary the urgent need of an expert to report on our gas situation, and he replied that the matter was under discussion then. The appointment will be made and we may expect the investigation to commence this month, at a cost not to exceed the amount appropriated by the council.

The government has appointed an expert to investigate and report on the natural gas situation with reference to supply, quality and amount consumed for power and domestic purposes. This report is expected will strengthen the position taken by the Ontario Railway and Municipal Board to conserve the natural gas for domestic consumption, and if any supply remains after domestic consumers are satisfied, to distribute the surplus to industries for which gas is essential for some processes or others that only use it in the most economical and efficient way practicable.

The expert will visit our city and present his report this month, and we may then expect final, definite action confirming the previous order of the Railway Board which will increase, after July 1st, the supply for domestic purposes of the present quality of gas.

The gas can be purified locally. The law requires, even crude artificial gas to be purified. A purifier must be installed either by the present company or the city. The estimated cost of same would be \$60,000 to \$75,000 and under favorable conditions could be completed by the fall of 1919, and purified gas obtained could be supplied including interest, sinking fund, labor and material not to exceed seventy or eighty cents per thousand feet on fifteen or twenty-year debentures. Final outcome must be an artificial gas plant as an auxiliary when gas flows slower during the winter months, same as Hamilton has, which can be enlarged later, if necessary.

We now await the decision of a gas engineer on the Brantford situation.

We recommend the appointment of a representative to the Canadian Gas Association. This is a bureau of information on gas questions, at a cost of ten dollars per year.

We respectfully submit the report.

A. G. Montgomery.

The report carried, and His Worship appointed Ald. Montgomery to the gas association.

Ald. Montgomery, seconded by Simpson, inter moved:
 That the council supports the action of the Ontario Railway and Municipal Board in its efforts to conserve the natural gas resources of the Province for domestic use, and while it is not objectionable that natural gas shall be used for industrial purposes by the use of gas engines, which is an economical method of use, yet with natural gas resources depleted as they are it is exceedingly desirable that the further consumption under boilers and in other wasteful methods for manufacturing purposes should be stopped.

That the gas committee be appointed to communicate with other municipalities interested in the question and ask that representatives be appointed to obtain an interview with the Ontario Railway and Municipal Board to present their views and that Aldermen Baird and Simpson be the representatives of the city of Brantford when the hearing is arranged.

ARTILLERY DEVELOPED

London, June 4.—Bulletin.—The German artillery developed considerable activity early this morning between Albert and Serre in the front above Amiens, the war office announces.
 The text of the statement reads:
 "We captured a few prisoners last night in a successful raid west of Merville. A hostile attack upon one of our new posts west of Vieu Berquin was repulsed, and prisoners remained in our hands."
 The German artillery developed considerable activity this morning between Albert and Serre, on the front north of Amiens.

WEDDING BELLS RING AT PARIS

Miss May Ethel Matthews Became the Bride of Mr. Henley W. Billings

OTHER NEWS OF PARIS

Town Council Met—Tribute Paid to Nursing Sister Baldwin

(From our own Correspondent's Letter)
 Paris, June 4.—St. James' church was the scene of a quiet but pretty wedding this afternoon at 2.30 when Rev. R. J. Seton Adamson united in marriage Miss May Ethel Matthews, daughter of Mr. Matthews, Nottingham, England, to Mr. Henley West Billings, second eldest son of Mr. and Mrs. George Billings, River Street.

The bride, who was given in marriage by Mr. J. Naylor, was very charming in her wedding gown of white crepe de chene. She also wore an embroidered bridal veil and orange blossoms, a gift from a sister in England, and carried an arm full of flowers. Miss Jennie Matthews was her sister's bridesmaid, and she was becomingly gowned in rose colored crepe de chene, with large picture hat. Laura M. Billings, sister of the groom, made a very pretty flower girl, with a dainty dress of shadow lace over white silk, with pekin trimmings, and Mr. Walter Billings ably supported the groom.

After the ceremony, the guests adjourned to the home of Mr. and Mrs. George Billings, where a sumptuous wedding supper was served. After receiving best wishes and congratulations, the happy couple motored to Brantford, where they took the train East, the bride traveling in a gray silk dress, with navy blue coat and chic hat to match. Upon their return, Mr. and Mrs. Billings will reside on Main street. Many beautiful presents were received, showing the high esteem in which they are held, among them being a brass jardiniere from the Walker Press.

The funeral took place to Brantford yesterday afternoon of Ethel May, infant daughter of Mr. and Mrs. Edmund Sinclair, Broadway street. The little one passed away last Friday, and was one year and six months, old. Rev. J. C. Nicholson conducted the services.

Gunner Beechey left again on Sunday for England, after being on a furlough for the past two months.

Rev. Wm. and Mrs. Paley have taken up their residence on Bantlele street. Rev. Mr. Paley came here from Ottawa last week and preached his first sermon in the Congregational church on Sunday, the Rev. gentleman making a very favorable impression. On behalf of the citizens we extend to Rev. and Mrs. Paley a hearty welcome to Paris.

On the eve of his marriage the following address and presentation of an?? was made to Mr. Henley W. Billings by the members of St. James choir.
 Mr. Henley Billings.
 Paris June 3rd., 1918
 To You and Yours—
 We, the members of St. James Church choir take this opportunity of expressing the esteem in which both of you are held by us, we ask you to accept this small token to remind you of our good wishes and trust that you may enjoy a long life of health, happiness and prosperity.
 Signed on behalf of the choir.

Council Meeting.

The regular meeting of the Council was held last evening with the members all present and Mayor Robinson presiding.
 A communication was read from Ald. Montgomery of Brantford, chairman of the special committee, re-conservation of gas. The communication was in favor of natural gas being used by gas engines which was a great saving in fuel.
 The co-operation of the Paris Council was asked in this matter also so that they appoint a delegate to the deputation that will wait upon the Railway Board on or about June the 20th. in Toronto.
 On motion of Ald. Walker and Mr. Kay, Reeve Pitts was appointed to represent the council.
 The following tenders for the removal of garbage for a year was read: Albert Woodin, \$2000; Messrs Lane and Miller, \$2000; Joe Parlaty, \$2,355; George McDougal, \$2000; James Todd, \$2,250; T. O'Connor, \$2,400.
 On motion of Deputy Reeve Stewart and Ald. Walker, the tender of Albert Woodin was accepted.
 The Deputy Reeve stated that no word had been received as to the oil or tarvia.
 Feeling reference was made by Mayor Robinson to the death of Nursing Sister Dorothy Baldwin, who had died of wounds on Friday last from the hospital being bombed by the Germans in France. Such inhuman acts could only be put down as wanton murder. It was known that the brave nurses had died at their posts of duty.

Margaret Carrett's Husband

By JANE PHELPS

CHAPTER LXI
 New Neighbors

Sunday night Mr. and Mrs. Baldwin called. I liked them better than I did the day I met him on the train. I thought Mrs. Baldwin rather frivolous however. She was pretty in a baby-doll sort of way, and was dressed exquisitely. Bob and John Kendall both seemed attracted, and were loud in her praises after she left.

John had come down Friday night and he and Bob had played golf all day Saturday and also Sunday afternoon. Really I had scarcely spoken to Bob the entire time; he and John had been so absorbed in discussing their western business affairs that I scarcely could get his attention for a moment.

After the Baldwin's left Sunday evening John Kendall and Bob went into the library to smoke their pipe before retiring. I bade them good night fully intending to go directly up stairs. But I was not at all sleepy, at least he had asked him if I would read a white.

The door into the library was slightly open, and I could distinctly hear all that was said. But until a sentence of Bob's attracted my notice, I paid no particular attention to what they were saying.

"A man could be wholly a man under such conditions," Bob said.

"She is a wonderfully sympathetic character," John Kendall returned, "and a charming woman."

"She is sympathetic," I found her very companionable," Bob replied. Then, "Gad, Kendall, what could a man do if he had such a woman beside him?"

"She is certainly clever," John said after a long pause. "I look for wonderful things from her. She is amateurish, at times very much so, but she'll overcome that, and I am not mistaken will win both fame and money for herself, and incidentally for us—although that doesn't count so much."

"Her story, the latest one, shows much improvement. I wonder if it is the story of her own life?" Bob said musingly. John answered, but in so low a voice I did not catch his meaning.

"The sweetest, the dearest woman that ever lived. She has a thorough understanding of life, of human nature. I do not wonder her story is filled with some flashes of genius, for she herself is full of genius. In embryo perhaps, but still—genius."

"Oh, they were talking of some character in a story," I thought; and breathed a sigh of relief. For just one horrible moment I thought they were praising the writer and was tempted to make my presence known. But they were raving as usual over some story, so I turned my attention to my book and heard no more save an occasional ejaculation or a murmur of voices until a laugh and then an exclamation of John's attracted my attention again.

"I wonder if it is safe for you to go there so often, Bob?"

"I listened for Bob's reply. What could John mean? Why did Bob go that he was in danger?"

There was an unbroken silence for a time, then Bob said slowly.

"I gave Margaret the deed to the house. You know I sold the Hampton Block to Lawrence a while back."

"You must have cleaned up a nice little pile on that, deal?"

"I did."

"You were very wise to fix things up for Margaret and the kids. They are dandy boys, both of them. It almost makes me want to get married myself when I see you in this home with those two sturdy boys. I shall have to play god-father to them, if you will let me."

"I shan't object, you may be sure," "Consider it settled then."

I had heard all they said without paying much attention. Bob was in some sort of danger. John had said it was unsafe for him to go somewhere, at least he had asked him if he thought it safe, which amounted to the same thing. I laid down my book and crept quietly upstairs. I would go to bed, but would not try to sleep until Bob came up. Then I would ask him what John meant, and where he went? I could imagine nothing connected either with his real estate business or the publishing of books which would put him in danger. But I knew that John Kendall was not an alarmist, so there must be something in it.

In spite of my anxiety I finally fell asleep, and did not wake when they came up. When we occupied

MISS AND SMALL WOMAN'S TWO GORED SKIRT.

By Anabel Worthington.

A generally needed article of apparel in the average wardrobe is a separate skirt, and the two gored style is always the greatest favorite. In this case the belt and pocket arrangement is a clever idea which gives the effect of a yoke. The pockets are stitched to the ends of the side tabs. The front gore is fitted, but the back gore is gathered from seam to seam at the slightly raised waistline. The skirt is in the new, narrow width at the bottom, that is, about 1 1/2 yards. The belt and pockets may be omitted if preferred.

The miss' and small woman's two gored skirt pattern No. 8564 is cut in three sizes—16, 18 and 20 years. Width at lower edge of skirt is 1 1/2 yards. The 16 year size requires 2 1/2 yards 36 inch or 2 3/4 yards 3 1/2 inch material.

To obtain this pattern, send 15 cents to the Courier, Brantford. Any two patterns for 25 cents.

BUILDING PERMITS

The city engineer's department issued to-day permits to Wm. Gray, 157 Oxford street, \$50 frame garage, and Alfred Ward, 55 Victoria street, \$100 frame garage.

STORY HOUR

Oscar Wilde's "The Star Child," was told this afternoon at the story hour in the children's library. After Thursday the story hour will not be held until September.

NEW LEGAL FIRM

W. T. Henderson, K.C., and A. H. Boddy have formed a partnership to take effect on June 15, and to be known as Henderson and Boddy.

ATTENDING WEDDING

Mrs. Jas. Heath and Miss Miriam Heath left last evening for Montreal to attend the wedding of Lt. Victor Heath to Miss Marion Carr of Hamilton.

TOWNSHIP COUNCIL

At a short session of the Township Council yesterday afternoon, the township solicitor was instructed to take the necessary procedure to have Harold avenue opened over the I. E. and N. track for the use of the travelling public. The county board of agriculture received a grant of \$25 for their work in the township.

MILK QUESTION

A public meeting on the question of pasteurization of all city milk will be held in Victoria Hall on Thursday evening of this week, under the auspices of the fuel and food committee of the city council. A full and free discussion of the subject is expected to take place.

MARLBORO LEAGUE

The weekly meeting of the Marlboro Epworth League was held Monday evening with a good attendance. The meeting was in charge of the Christian Endeavor committee, and Mr. Crawley in the chair. Sermon by lesson was read by Miss R. Mears, after which Mr. Greet gave an interesting address on the obligation of the young Christian. The league closed with the Epworth League prayer.

CALL NO MORE B MEN

Orders have been sent out by the military service council to registrars not to call up any more "B" men. All that are needed for the present have been secured. If and when more are required by the military authorities additional calls will be made. It is a question of policy to be governed by military exigencies. It is not anticipated, however, that any more "B" men will be called at least for a considerable time.

TWILIGHT BASEBALL

The first twilight baseball of the city league season will be played to-morrow evening at Agricultural Park, when Verity's and the Corbridge will play off a postponed game.

BARN BURNED

Fire last night totally destroyed a valuable barn on Cocksbutt Lane owned by G. N. Willits and R. Shalard. There was a quantity of charcoal stored in the building and this is supposed was responsible for the blaze. When discovered the barn which is in a very congested district was in flames and it was with difficulty that a horse which was in the barn was got out. The firemen were sent down from the East End and Central departments but were unable to check the fire and the contents were all lost. Three lines of hoses were laid and the roofs of the surrounding houses sprayed as debris was falling and other buildings were threatened. Fortunately the fire was confined to the one barn. The loss will likely total \$600 or more.

THREE DESERTERS

Three deserters are lodged at the local police station awaiting the arrival of a military escort from Niagara Camp. Privates Arthur Atkinson of Dunville and Hill of the Six Nations Reserve, were arrested yesterday for desertion from the 2nd Depot Battalion, 2nd C.O.R. at Niagara-on-the-Lake. Hill was found on the Reserve and Atkinson near Dunville. Frank Piper was also arrested at Wellandport where he has been hiding in the bush attempting to evade military service. The authorities at Niagara have been notified and an escort is expected to-day.

TWILIGHT MEETS

A meeting is called for to-night at Massey-Harris to organize for the coming twilight meets.

FACTORY TOURNAMENT

The factorymen's tournament was played off at Agricultural Park last night, Pratt and Letchworth winning the shield with a total of 13 points against eleven scored by the Massey-Harris. Ten bread tickets, which were awarded with the shield, were donated by the winners to the Widows' Home.

9000 REGISTERED

The expectation at the offices of the Ontario Registrar yesterday was that by last evening about 9,000 men of 19 years of age would have registered. Although Saturday, June 1, was the last day on which these men could register, their report, if mailed on that day, was perfectly valid. The registration was carried out in a most satisfactory manner, most of the men affected losing no time after the proclamation was issued.

MILITIAMEN LIABLE

All qualified militia officers who have not yet seen service in the Canadian Expeditionary Force, and who are in Class One, are now liable to an immediate call to service in the ranks of the Canadian army, according to the order, any officer of the active or reserve militia who comes in Class One under the Military Service Act, and who has not been employed in the C. E. F., or whose service, if any, has not been in all respects satisfactory, he may be required to serve in the ranks. All officers who are qualified, and who have been granted leave of absence without pay will be immediately ordered to report for duty.

FOOTBALLERS ACTIVE

The Brantford United Soccer Club is now in a class with the Toronto Scottish R.F.C., Wychwood, Davenport, Hamilton and Toronto G.W.V.A. arrangements for their affiliating with the Ontario Football League having been completed at the general meeting of the league in Toronto last night. The members of the local team will attend a meeting of the Y.M.C.A. when the report of the delegate to the league meeting will be received and players will register. It is necessary for all players to sign the amateur league forms. A good schedule has been arranged and on Saturday afternoon at Agricultural Park a match will be played with the Toronto Scottish. This item has a strong claim to the league championship and a good game is looked for.

DRASTIC

Continued from page one
near's department," declared the Mayor pointedly. "We have evidence of bungling in the city's sewers. He believed past boards of works to blame for this, rather than the engineers, but the department must be put on an efficient basis. He gave Mr. Unger high credit for his work in declaring his wish to try to do the work of the department more efficiently beyond his capacity. His speech expressed appreciation of the long and faithful services of T. Harry Jones as city engineer, but felt that a younger man was needed for that post. Mr. Jones should be retained at a reasonable salary, in an advisory position, where he would still be of valuable service. Mr. Unger, declared Mayor MacBride, had threatened to resign in any case, if the city time-keeper were not retained in office. He recommended the following motion: That a committee composed of A. L. Symons, Montgomery, Hain, Harp and English take into their consideration the reorganization of the city engineer's department, to secure a new method of delivery in position of city engineer, Mr. Jones to be retained in the department at a suitable salary. On Ald. English's amendment, Ald. Hurley, Montgomery, Bragg, Kelly, Hill, Simpson, Burrows and Chalcraft voted nay, and the report of the board of works carried. "You have to have the ordinance to clean up the board of works," declared the Mayor. Ald. Burrows and Bragg protested that they did not expect the Mayor to introduce his proposals. This the Mayor agreed to do. Ald. Hurley, seconded by Ald. Harp, proposed that the report of the committee named by the Mayor should be authorized to receive the resignation of Mr. Unger, and go into the suggestions of the Mayor, reporting back to the council in a month's time.

A Couple of Clashes

Ald. Kelly objected to the introduction of Mr. Unger's name. "It looks to me," he declared, "like a trick from the chair." "I will not submit to such a statement," declared the Mayor heatedly. "I practice no tricks while I occupy the chair, and no one should know it better than you, Ald. Kelly. Will you retract that statement?" "I want to know why I should retract it," insisted Ald. Kelly. "That is how it appears to me." "There is no trick in the matter," declared the Mayor. Ald. Kelly agreed to withdraw the word "trick." Ald. Hurley suggested that the matter be referred to a committee. "Are you presiding officer of this council?" demanded the Mayor heatedly. "I have a right to make such a motion," reiterated Ald. Hurley. "You have been guilty of impertinence which no other presiding officer would tolerate," the Mayor pointed out. Ald. Hurley apologized when informed that the Mayor's suggestion provided for the appointment of a committee to consider the matter. The motion carried, with the clause referring to Mr. Unger struck out.

Buildings and Grounds

The buildings and grounds committee reported as follows: "The committee has reported that a considerable amount of building is now under way, and a greater building program arranged for the immediate future, owing to the present demands for homes. We feel that in the interest of the city and the citizens a building inspector should be appointed. The inspector of plumbing should also be inspector of heating requirements for domestic heating with a view to better technical result as well as elimination of fire risk. That the board of health be requested to investigate the condition of the tail race running parallel with Eagle Avenue, Back Place, as it is in the opinion of this council that the condition of this race is a menace to the city." (Continued on page six)

INLAND REVENUE

Tobacco revenue collections for May totalled \$10,688.82. This includes revenue from the government's most recent cigarette cases. The collections were as follows: Automobiles \$1,500.01; Mail \$300.00; Films \$25,547.75; Tea \$7,501.00; Jewelry \$2,144.75; Phonographs \$2,144.75; War Tax \$2413.82; Tobacco \$24,220.00; Cigars \$730.50; Vinegar \$133.60; Methylated Spirits \$624.44; other collections \$9.00.

BAZAAR OPENS TO-NIGHT

The long-looked for Bazaar in aid of the Palestine Restoration Fund will open this evening at the old Y.M.C.A. building, opposite the Market Square. The committee in charge have worked hard the last six weeks to make this affair one of big success and the event of the season. Spectacular attractions have been arranged for each evening and there are bargains galore. Mayor MacBride will preside for this evening's entertainment.

NO NEW WORK ALLOWED

The attention of the Minister of Finance has been directed to the fact that in some cases municipalities are proceeding with new work other than those to which they were committed prior to or shortly after the outbreak of the war. The minister announces that it is necessary in order that our financial resources may be conserved for the Dominion's war financing that no fresh municipal undertakings should be entered into until the consent of the Finance Department has been obtained under the existing order-in-council relating to the issue of securities. All new commitments will be most closely scrutinized and permission withheld unless it is clearly established that the works in question are of a nature necessary in the public interest and cannot be postponed.

OLD TEXT-BOOKS REMAIN

There will be no changes in the books authorized by the Department of Education for use in the public schools in the province during the school year 1918-19. Only one new book—the High School Grammar—in connection with the work of the secondary schools. The present grammar has been revised. The price, however, will be the same as in past years. Hon. Dr. Cody, Minister of Education, who announces the change, states that the regulations governing the use of the books will not be altered in any way. Arrangements have been completed, he says, for securing a supply of notebooks for use in the high schools. They will be of the loose-leaf pattern, and will cost less than those used at present.

GRANT OF \$500.00 MADE LAST NIGHT AT REQUEST OF W. H. A.

The city council made a contribution of \$500 last night to the W. H. A. fund for the extension of the Nurses' Home. The matter dealt with included the construction of switches from the G. T. R. tracks to the civic hall yards, the licensing of public dance halls and a brief discussion of the civic committee. The council again sat until after midnight.

Wedding Bells

MACDONALD VAUGHAN
The home of Miss Vaughan's wedding was held at the home of Mrs. Lorne Crescent, 157 Oxford street, Brantford, when her daughter, Miss Jean Vaughan, became the bride of Capt. Angus Grant MacDonal, R.A.F., of this city. The bride was beautiful and groomed in crepe de chene, with blue and shower bouquet of pink roses, and was unattended. Only the relatives and a few immediate friends of the young couple were present. The ceremony was performed by the Rev. G. A. Woodside, and Capt. the Rev. A. E. Lovell. The bride couple left for Muskoka, the bride travelling in a gray suit and blue hat.

PERSONAL

Miss Nellie Mason of Hamilton has returned to her home, after spending the last week with her cousins, Mr. and Mrs. F. R. Mitchell.
Mr. and Mrs. James Heath announce the engagement of their second daughter, Miriam Ruthen, to Capt. William Bernard MacDermott, C.A.M.C., son of W. F. MacDermott, Comber, Ont., the marriage to take place quietly this month.

GREAT LAKES STEAMSHIP SERVICE

Canadian Pacific Steamship "Manitoba" now leaves Owen Sound 10-30 p.m. each Thursday for Fort Ste. Marie, Port Arthur and Sault Ste. Marie. Steamships "Keewatin" and "Assiniboia" will sail from Port McNicoll Wednesdays and Saturdays.

COUCH MADE COMPARISON TO HORSES HOME

The city council made a contribution of \$500 last night to the W. H. A. fund for the extension of the Nurses' Home. The matter dealt with included the construction of switches from the G. T. R. tracks to the civic hall yards, the licensing of public dance halls and a brief discussion of the civic committee. The council again sat until after midnight.

Which is Switch?

The railway committee recommended the construction of two switches, one to the fuel yards in West Brantford, and one to the warehouse. The Mayor declared himself in opposition to the latter. Ald. Clement declared the installation of the switch leading to the warehouse would result in a saving of time and labor.

Ald. Kelly agreed with the Mayor that one switch should be sufficient. Ald. Hill declared the switch necessary in the public interest and cannot be postponed.

Ald. Chalcraft demanded to know why further progress had not been made by the railway committee. "They must have been asleep at the switch," observed Ald. Burrows. The Mayor's amendment carried.

Mrs. F. D. Reville, Mrs. Wade and Mrs. George Watt waited upon the council in the interests of the W. H. A.
Mrs. Reville outlined the growth of the W. H. A. from its inception fifteen years ago, the present membership in city and county being over 1,000. During the war the W. H. A. had confined its public appeals to once a year, and this year a special effort was being put forth to build an absolutely complete third story to the Nurses' Home. The response of the citizens at large had been very generous, and the council was now asked to contribute \$500. The extra story, she stated in reply to a query from Ald. Bragg, would house at least 24 nurses, and should suffice for a number of years to come.

Mrs. Watt pointed out that the council had made a grant of \$700 in 1917, the highest, proposed to this year, \$2,700 has been offered. It would cost possibly \$20,000 to erect the additional story. Ald. Chalcraft favored a fairly liberal donation to the W. H. A. He moved that a grant of \$500 be made.

Ald. Hill suggested that another proposal be considered. Mrs. Reville replied that the W. H. A. had pledged themselves to make an appeal annually only. Ald. Symons, in reply to the splendid services being rendered by the W. H. A. to the hospital.

Ald. Chalcraft's motion carried. Fuel and Food Committee
The committee on food and fuel reported:

EYE COMFORT!
How It Affects Your Success
Few persons realize how much vital energy, their eyes use up in a day's passage.
Each day and night you store up through eating and sleeping—just a few minutes of nerve force. Each function of your body is apportioned a certain part of these units.
If your eyes are laboring under an undue strain, they are consuming far more than their waste this nerve force when a share. You cannot afford to pair Harvey's Glasses will stop the leak.

CANADIAN WATER POWERS

By H. P. TIMMERMAN, Industrial Commissioner, Canadian Pacific Railway.
The following estimate is given by the Dominion Water Power Branch of the water power available in each province, showing to what extent this already has been developed.

Provinces	Power Available	Electricity Energy	Paper and Pulp	Other Industries	Total
Ontario	5,800,000	622,082	83,875	74,008	789,465
Quebec	6,950,000	370,000	100,000	50,000	820,000
Nova Scotia	100,000	12,500	5,700	1,200	19,400
New Brunswick	300,000	5,800	3,050	4,500	13,200
Prince Edward Island	3,000	50	50	50	150
Manitoba	76,200	76,200	100	100	152,400
Saskatchewan	3,500,000	32,800	100	100	35,000
Alberta	3,000,000	216,345	49,000	4,275	319,620
British Columbia	3,000,000	216,345	49,000	4,275	319,620
Yukon	100,000	12,500	5,700	1,200	19,400
Total	18,602,000	1,348,490	248,075	139,003	1,735,568

It will be seen from the above that of some eighteen million horse-power available, and which further exploration will enlarge, less than ten per cent has so far been developed. Nevertheless, with but few exceptions all our principal cities, and by far the greater number of our towns and villages are supplied with hydro-electric energy, and the surplus production permits of the exportation of considerable power from New Brunswick to the State of Maine, from Quebec to New York, from Ontario to New York and Minnesota, and from British Columbia to Washington. The bearing which this exportation of power has upon the provinces of coal, especially into the provinces of Ontario and Quebec, the source of two-thirds of the available current, will be surmised. Since the war is entered in a scarcity of vessels for transportation of Nova Scotia coal up the St. Lawrence River by the industries of Montreal, there have been converted to the use of electrical energy in that vicinity no less than one hundred and fifty private steam plants, with a demand load of about one million horse-power; while many others are considering a like transformation.

Having mentioned Montreal, it may further be said that with a population approximating three-quarters of a million, that city and vicinity are supplied with electric power by several power companies, was supplied by a single plant with slightly under a million horse-power, the equivalent of the amount available to the city of New York, with a population of five million, and to have got all it up on one-fifth or less, providing also for traction purposes, indicates that the manufacturing enterprises of that city must have gone somewhat shy on power, excepting such as may have been produced from coals that would otherwise have been available for heating.

A similar comparison doubtless might be made between Toronto and Chicago, or any other Canadian and American city of relative position; and it is not forestalled nor inconceivable by the enormous expansion of the pulp and paper industry, which finds its regulate timberlands themselves to be the means of the conservation of immense supplies of water, affording adequate storage as well as such mechanical force as is necessary to their development as other favorable conditions arise.

The same current of water having turned the wheels of one industry in many cases passes along to drive still another, and on its further course to the sea bears the burden of one restless energy has helped to produce. No natural resource useful to the future or to any other purpose is sacrificed and no accretion of human toil destroyed.

Canada is gifted by providence in almost every form of the basic elements of manufacture and the natural powers by which these may be developed, having at the same time the lands suited to diversified agriculture, by which a greatly increased demand for products already abundant in Canada, where also raw materials are plentiful, and whence the same are

ROUNDED UP TEUTONS
New York, June 4.—A wholesale
raid on German resorts was made by
federal officers in this city last night
when sixty alien enemies who were
exulting over the U-boat exploits
were taken into custody.

Over 58 million cigars have been
sent to the States from the Philip-
pines this year.
Use of German language in the
churches, papers and public schools
of Nebraska is banned.

UNITED STATES GOVERNMENT
THRIFT CARD

Take good care of your Thrift Card. If your Thrift Card is lost the money paid for stamps cannot be recovered.

After only 25-cent U.S. Government Thrift Stamps are placed on your Thrift Card, you may have it cashed at any post office, bank, trust company, and other authorized agencies.

1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16
The first principle of money-making is money saving.	Don't put off till tomorrow.	A penny saved is a penny gained.	All fortunes have their foundations laid in thrift.	May a little make a mite.	Save and have.	Small gains make big gains.									

Important.—When you have affixed the sixteen 25-cent U.S. Government Thrift Stamps representing \$4, take this card to a post office, bank, or other authorized agent, pay the number of cents indicated below the month in which the exchange is made and you will receive a War Savings Certificate Stamp for which you will be paid \$5 on January 1, 1925. Such payment and exchange must be made during the year 1918.

MONTH	JAN.	FEB.	MAR.	APR.	MAY	JUNE	JULY	AUG.	SEPT.	OCT.	NOV.	DEC.
Cash	12	13	14	15	16	17	18	19	20	21	22	23

SAVING MADE EASY.
The Canadian Bankers' Association is urging the Government to adopt a Thrift scheme similar to the one which is used in the U.S. The card is filled up with sixteen 25-cent stamps which are changed for a \$5.00 war saving by the Government in 1923 for

CONTRIBUTION
health and a detriment to that section of the city. Final action should be taken in regard to same, with a view to permanent improvement.

That action be taken by the proper authorities re trees on our city streets. Some should be thinned out and trimmed. This would be a great improvement to the conditions and give lawn foliage a chance to survive the gloom.

Report Repeated.
Ald. Burrows inquired why no action had been taken on the demand of the cemetery workers for an increase in salary.

Ald. Bragg repudiated the report of the committee, declaring that he had not been present at the meeting and that an attempt had been made to "get" him. He pointed out that only two members of the committee had signed the report.

Ald. Clement stated he had favored the report to be submitted as an individual report, but that the Mayor had advised him to make it a committee report.

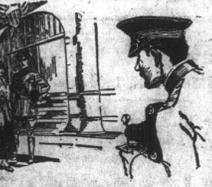

Ald. Hill voiced his objection for improved cemetery conditions.

Ald. Kelly doubted whether the Council could afford to trim all the trees of the city.

Ald. Clement believed that the majority of property owners would be willing to pay for the expense of the tree trimming.

Music and Drama

THE REX.
 Valeska Suratt, who both bears and enjoys the reputation of being the most elaborately gowned star before the screen, is seen at the Rex Theatre this week in "A Rich Man's Plaything," a powerful storm when presented upon the stage, and which rises none of its interest in translation to the silent drama. The picture is a Fox production of the usual Fox standard. West and Edwards, blackface comedians, have a clever and entertaining line of attraction. The twelfth episode of "The Lost Express," featuring Helen Holmes, takes a step nearer the solution of the mystery, while lighter diversion is afforded by a snappy Keystone comedy, scintillating with the peculiar Keystone brand of fun. For the first of next week Manager Moutle has engaged an unusual feature attraction, "Over the Top," featuring Sergeant Guy Empey, author of the book of the same name.

THE BRANT.
 Tom McKay's Scottish Revue, composed of seven Highlanders, heads a pleasing program at the Brant for the first of the week. The offering is easily the most elaborate of its kind ever seen here, and features the only jazz bagpipe and drum band in America. The revue is one which will delight all music lovers, while holding a special charm for those who claim for their homeland the land of the thistle. Billie Burke is featured in "Let's Get a Divorce," a light farce comedy from the French of the eminent satirist Sardou, a vehicle which presents the whimsical and winsome star at her best, supported by a powerful cast. "The Kaiser's Death Messenger" is the latest episode of the serial "The Eagle's Eye," and deals with the frustration of another German plot against America. A laughable Big V comedy completes an entertaining program.

MYSTERIOUS DEATH.
 By Courier Leased Wire. Hamilton, Ont., June 3.—Mrs. Lillian Dept, aged 25, wife of a soldier who has been overseas for two years was found unconscious in her boarding house at Grimshy Beach on Saturday night with a partly filled bottle of carbolic acid by her side. Doctors tried in vain to save her life. With another woman she came to Beausville from Ottawa about six weeks ago and later went to Grimshy Beach. In Beausville she gave the name of Miss Mackie. An inquest has been ordered. She is said to have a sister residing in Ottawa and her mother lives in London.

GIVES TO NAVY LEAGUE.
 Halifax, June 3.—Lord Furness, owner of the Furness-Wilby Steamship Lines, has contributed \$25,000 to the Halifax branch of the Royal Navy League Fund.

GRAY HAIR BECOMES DARK AND BEAUTIFUL

Look Years Younger! Try Grand-ma's Recipe of Sage and Sulphur and Nobody Will Know.

Almost everyone knows that Sage Tea and Sulphur, properly compounded bring back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is so messy and troublesome. Nowadays you simply ask at any drug store for Wyeth's Sage and Sulphur Compound. You will get a large bottle of this old time recipe improved by the addition of other ingredients, at very little cost. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time, and after another application of two, your hair becomes beautifully dark, thick and glossy and you look years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

STRIKE IN MILLS
 By Courier Leased Wire. New Bedford, Mass., June 3.—The textile mills of this city, employing 35,000 operatives, were shut down today in consequence of a general strike called by the textile council last night. One-third of the operatives have been engaged on government contracts.

An incendiary fire destroyed vast stores of U.S. army cloth at Alexandria, La.

GREAT LAKES STEAMSHIP SERVICE.
 Canadian Pacific Steamship "Manitoba" now leaves Owen Sound 10:30 p.m. each Monday for Sault Ste. Marie, Port Arthur and Port William. Steamships "Keewatin" and "Ashcroft" will sail from Port McNicoll Wednesdays and Saturdays commencing June 1st. Connecting train running through to Port McNicoll will leave Toronto 2 p.m. Saturday, June 1st and each Wednesdays and Saturdays thereafter.

Rippling Rhymes
 By WALT MASON.
THE INNOCENT.
 "Oh, what," cries Prussia's chief, "have I not done to save the world from all this grief?" We wear the Kaiser's rear; the old red Kaiser weeps the tears of crocodiles, his victims strewn in heaps, in windrows, stacks and piles. The countless dead men lie on Europe's bloody plain, beneath the blue spring sky, by Wilhelm's orders slain. The Kaiser's long range gun fired from its secret perch, has cruel murder done among the babies in chert. "There is no crime so base that Bill would at it balk, no abyss of disgrace in which he will not walk: The victims find their feasts wherever Wilhelm goes; old men and girls, and priests he butchers, as his foes." He leans against a gun, and we can hear him roar, "Chee, what have I not done, to sidestep all this gore?" "The Kaiser's victims sleep, uncounted, everywhere; they're buried in the earth, they're slaughtered in the air; they're dragged from hut and hill; and from the church, to die; they're backed against a wall, and shot, and know not why. Now cries the royal man a gag as that! "He Oh," what have I not done to stop this jaundice?" "Come off your perch, old boss! Cease talking through your hat! You cannot get across with that! In leagues of Flemish mud and mire; your hands are dripping blood, it's dripping from your clothes!"
