AN ISLAND HERO

P. E. Island Man Gave up Life in Fight for Others in Ontario Fires.

Montreal, July 17—(Canadian Press)—That William J. McLean, of Montreal, a native of Charlottetown, P. E. I., met a hero's death in the fire at Porcupine, is evidenced from the latest reports. His body was found lying by a length of charred hose, to which, as master mechanic of one of the Heinze mines; it was his duty to attend. He was thirty years of age, and was born in Charlottetown, the son of the late T. A. McLean.

The above young man was a step son of the late Mrs. T. A. McLean, formerly Miss Annie Nicholson of Newcastle.

HOW'S THIS?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. CHENEY & CO., Toledo, O. We the undersigned have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by him.

Synopsis of Canadian Northwest Land Regulations.

Any person who is the sole head of a family, or any male over 18 years old, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader. Duties: Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his mesa on a farm of at least 80 acres, or by his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter section alongside his homestead. Price \$3 per acre. Duties: Must reside upon the homestead or pre-emption six months in each of six years from date of homestead entry (including the time required to earn homestead patent), and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may enter for a purchased homestead in certain districts. Price \$3 per acre. Duties: Must reside six months in each of three years, cultivate fifty acres and erect a house worth \$300.

W. W. LORY,

Deputy of the Minister of the Interior, N. B.—Unauthorized publication of this advertisement will not be paid for.

TRIBUTE TO CANADA

PAID BY PAPER IN WESTERN STATES

The Change That Has Been Wrought in Recent Years Calls For Admiration of Neighbors to the South.

Spokane, Wash., July 17—Under the heading, "Canada Has Thrown Aside Her Swaddling Clothes," the Spokesman Review publishes a lengthy editorial, saying in part:—

The Transformation of Canada from a colony to a nation is one of the most interesting and significant facts of modern political history. A decade or two ago Canada's position was anything but pleasant. Her climate had frightened Europeans away. Our Lady of the Snows, as Kipling called her, was regarded as a land dominated by barren winter.

Today this impression no longer misleads the average man, and the hundreds of thousands of emigrants from England and Europe that have settled in Canada during the last ten years have enabled the Canadians to develop the country to such an extent that her products and resources have become famous the world over.

Changed and better conditions in Canada have brought about a marked difference in the Canadian attitude toward the rest of the world. A decade ago Canada moved with the hesitating steps of an infant among the nations of the world. Today she has thrown aside her swaddling clothes and taken her place among the nations of the earth.

Although a color under the British crown, she enjoys a complete autonomy and is free to enter into treaties with other nations in regard to her material welfare. Consequent upon this greater freedom and enlarged horizon the Canadian has become imbued with a spirit of absolute confidence and determined optimism with regard to the country's future.

BLACK CAPE

Black Cape, July 17. A very heavy electric storm passed over here on Saturday night about nine o'clock, the lightning was very bright and the rain came down in torrents but as far as we can learn no damage was done.

The past week has been exceptionally good for the tillers of the soil, the crops without exception are looking fine and the farmers are beginning to realize that their occupation is the noblest on earth.

Mr. Harry Scott of New Carlisle spent Sunday in Black Cape.

Mr. and Mrs. Arthur McNair of Heron Island, are spending a few days here.

Miss Cora Sellars of Sellarville is visiting relatives in Black Cape.

Miss Lily Campbell left on Monday for Montreal after spending a short vacation at her home.

Miss Lulu McKenzie has returned home from New Mills where she has been for some time.

Mr. Westor Campbell arrived from Lincoln, Mass. on Saturday.

Mrs. Hamilton who has been visiting her sister, Mrs. Archibald McRae has returned to New Brunswick.

Never leave home on a journey without a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost certain to be needed and cannot be obtained when on board the cars or steamships. For sale by all dealers.

GLENCOE.

As the correspondent from Glencoe has been neglecting his or her duty of late, will try to give you some idea of what is going on in our little settlement.

Mrs. Magnus Firth and daughter Mary have returned from their visit to Oak Point.

Miss Aggie Andrew and S. D. Harriman paid a flying visit to Glencoe on Friday.

Mrs. Wm. Firth is visiting her daughter, Mrs. Peter Gerrard in Campbellton.

Miss Mina Harper of Oak Point, accompanied by her niece, Miss Gertrude Young of Pt. a la Garde is visiting her sister, Mrs. Magnus Firth.

Miss Mary A. Firth left Tuesday morning for Fredericton where she expects to attend the Summer School of Science.

Miss Jessie Andrew of Campbellton spent a few days with us.

OBSERVER.

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of Dr. J. C. Fletcher, and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Fast-as-good" are for Experiments that will endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Peppermint Drops and Soothing Syrup. It is pleasant, it contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic, all Teething Troubles and Diarrhoea. It regulates the Stomach and Bowels, assimilates the Food, gives healthy and natural sleep. The Children's Panacea—The Mother's Friend.

NEWCASTLE, N. B., JULY 26, 1911

LET THE COUNTRY DIG THE COAL.

The United States Government is seeking to divest the coal railroads of their control of the mines. It will be of little consequence to the mines so long as they are privately controlled. Nothing short of Governmental control of the source of supply can relieve consumers of a levy based on their endurance.

The above editorial from the Toronto Globe, the leading Liberal newspaper of Canada, shows that the principle of not only public ownership but public control and operation of such publicly-used materials as coal is steadily and rapidly gaining ground even in Canada which has hitherto been one of the most conservative of countries.

The duty of the government which owns the coal lands of the West where a great strike is now on imperiling the supply of fuel for next winter is to take actual possession of the mines, expropriate the private owners and hereafter run the mines as a part of the public service, the employees being paid by the government and coal sold at the cost of its production. This is being done in the Australian State of Victoria, and why not in Canada?

MRS. JOSEPH HODGINS

Mrs. Joseph Hodgins of Belledune, Gloucester Co., aged 73 years, passed away July 4th, 1911, and leaves to mourn her loss a sorrowing husband and seven children, Mrs. Edgar S. Gott and Mrs. Charles H. Andrews of Pigeon Cove, Mass.; Mrs. George Anderson of Petit Rocher, John in Chippewa, Wisconsin, Robert of Oregon, James of Edmonton, Alberta and Allan at home. She was a woman who always tried to follow the "Golden Rule" respected and loved by every one who knew her.

The following brothers and sisters survive, Robert Vaughan of New York, Daniel George and Allan of Massachusetts, Mrs. James Troy, Newcastle; Mrs. Charles Ferguson, Moncton and Mrs. H. H. Pallen, North Sydney, N. S.

OLIVER THIBIDEAU

The funeral of the late Oliver Thibideau of Nelson, who died on Thursday, was held in Nelson R. C. Church, Rev. Father Power conducting the services on Saturday. The pallbearers were Messrs. Michael and Peter Muzzerali, Patrick Gorman, Thos. McKenzie, James Savoy and Joseph Arsenault. Deceased was 91 years old and leaves following children to mourn their loss—Edward and Alexander, Oldtown, Me.; Henry Thibideau and Mrs. Wm. Casey, Newcastle and Mrs. Frank Currie, Nelson.

CURTIS—SOBEY

A very interesting and pretty wedding took place at the Baptist Parsonage, Newcastle, on Saturday evening, July 22nd, 1911, when the nuptial knot was tied between Edward Curtis of Whitneyville and Miss Margaret G. Sobeys of Protectionville. The happy couple were unattended. The marriage ceremony was performed by the Rev. Dr. Cousins, after which Mr. and Mrs. Curtis returned to Whitneyville where they will reside. We wish them long life and much happiness.

AN EX-LIEUTENANT

GOVERNOR

Played Prominent Part in New Brunswick until Active in Horse or Lords.

(St. John Globe.)

The House of Lords on Thursday passed on their third reading what is called the Veto Bill, and that measure, as amended by them, will go to the House of Commons on Monday next. The Commons will reject the amendments made by the Lords—will re-assert their own bill and send it back to the Lords. The appearance at this moment is that the peers will finally accept the measure, as it passed the House of Commons. Their Lordships did not formally divide the House on the measure, so that there is no record of the name of the members either voting for or against the bill. Baron Stanmore demanded a division, but he was not supported by the number necessary to that end, and his demand was unheeded. In Baron Stanmore we recognize an old and particular acquaintance. New Brunswick. His Lordship, the first with the title, was Lieutenant Governor of New Brunswick in the years 1861-65, and as Arthur Hamilton Gordon was known far and wide in Canada. He was a son—the fourth son of the fourth Earl of Aberdeen. He held several important positions in England before he came to New Brunswick, and after he left was Governor of Trinidad, of New Zealand, of Ceylon; he wrote some interesting books and sketches—among them a "Wilderness Journey in New Brunswick," and in 1878 was made a peer. He was an earnest Churchman, being a member of the House of Laymen of the Province of Canterbury, and he is also a life member of the Diocesan Church Society in New Brunswick. His particular interest in New Brunswick is in the fact that when the scheme of the confederation of the province was brought up, he felt that in some respects it would be a disadvantage to his province, and he threw the weight of his influence against it. This dissatisfied the Confederate party here, and they made such representations to the Colonial office that Mr. Gordon was called to England—at least this was the current belief of forty odd years ago—and was determined to tell that if he did not assist the home government in carrying out its policy as regards Confederation he must not expect promotion in the English civil service. At any rate when he returned to Canada he played the game for the Confederates, practically dismissed Sir Albert Smith's administration—and called upon Hon. Peter Mitchell to form a new administration with the result that Confederation was carried. It was with no regret whatever that the anti-Confederates saw Mr. Gordon sent to Trinidad. Probably the feelings against him were somewhat unjust, as it was made clear to him that his duty was to uphold the Imperial policy. Earl Stanmore was born in 1829.

MARITIME BOARD OF TRADE

The Maritime Board of Trade meets in Moncton on August 16th and two following days. If the business men of the Lower Provinces have any of the snap and energy displayed by the Grain-Growers of the West this gathering of the Boards of Trade of the three provinces should be large and its discussions interesting. Just now public interest is focussed on Moncton in connection with the oil and natural gas developments near there, and we understand that one item on the program is an auto trip for the delegates to the wells.

Mr. John Deboo, of Newcastle, was in Moncton and returned home on the Maritime Express.

HON. DONALD MORRISON Conservative Candidate for Northumberland County

R. W. M. AITKEN MAKES MAJESTIC SPEECH

London, July 20—Sir W. M. Aitken made a successful maiden speech in the House of Commons this afternoon. The debate revolved upon Sir Gilbert Parker's resolution to reduce the Colonial Secretary's salary because of his action in excluding the consideration of desirable changes in the British fiscal system from the purview of the Imperial Royal Commission on the trade relations of the Empire. Sir William Aitken charged the Rt. Hon. Lewis Harcourt with turning the Imperial Conference to British party uses. Mr. Harcourt he said, knew that all the overseas Dominions and more than half of the English people favored the Imperial Preference and then he hamstrung the Royal Commission by ruling out this vital question. Sir William pointed to the enormous success of reciprocal preference between the United States and her West Indian colonies. He also criticized the action of Mr. Harcourt and the Ministry in excluding the West Indies and the Crown Colonies generally from the consideration of the Commission and warned the House of the dangerous consequences of British inaction. President Taft, declared Sir William had begun with his campaign against the British Empire by reciprocity with Canada. He would next hit British trade by reciprocity with Newfoundland and lastly sweep the West Indies into the American net.

HON. DONALD MORRISON AGAIN CANDIDATE

Nominated yesterday by the Northumberland County Conservatives.

At the Northumberland Conservative Convention in Chatham yesterday afternoon, Hon. D. Morrison, Mayor Byrne of Chatham and T. W. Butler were put in nomination. Mr. Butler withdrew, saying that he had not the time to accept the candidacy. The vote stood: Morrison, 50; Byrne, 33.

DOUGLASTOWN NOTES

Douglstown Sons of Temperance have elected following officers:—Caledonia Division, No 126—W. P. Herd, Stobart; W. A. Harry McCosh; F. S. R. H. Jessamin, Treas.; Miss Maud Wood Chap; David Bass; R. S. A Few Of The Many Reasons That LITTLE'S PURE WOOL YARN IS BETTER THAN ANY OTHER YARN ON THE MARKET It is Made From Pure Wool

It is perfectly smooth and even, no lumps or fine places in it. We use nothing but the most modern and up-to-date machinery, which is guaranteed not to cut or break the wool fibre in going through the different processes of manufacturing. All the Dyes, Soaps, Oils, etc., that we use are the very best we can buy, and are something that we know will not injure the wool in any way. In fact we are doing the very best we can, in every way we can, to put up an article that will satisfy our customers in every respect. We never forget that a satisfied customer will come again. All the different kinds of yarn we manufacture always in stock. WASHED WOOL taken in exchange for yarn at 25c. per lb. UNWASHED WOOL taken in exchange for yarn at 17c. per lb.

OR YOU CAN HAVE YOUR OWN WOOL MADE INTO YARN in any of the different sizes and colours we manufacture, by paying the following charges: Carding and Spinning, 15c. per lb. Carding, Spinning and Twisting, 17c. per lb. Coloring Light Grey, 1c. per lb. Coloring Medium Grey, 2c. per lb. Coloring Dark Grey, 3c. per lb. Coloring Black, 4c. per lb. We prepay freight on returns for wool when wool is shipped in lots of 100 lbs. or over. That is, if your shipment of wool weighs 100 lbs. or over, we will prepay freight on the yarn when we ship it to you. Small orders will be given the same careful attention as large ones. Samples and all necessary information will be furnished on application to...

RAGING HEADACHE STOPPED AT ONCE

When He Took "Fruit-a-lives"

SHANLY, ONT., Sept. 23rd, 1910.
"You certainly have the Greatest discovered Headache Cure in the world. Before 'Fruit-a-lives' came before the public, I suffered tortures from Headaches caused by Stomach Disorders."
"One of your travellers called on me when I had one of my raging headaches and had my head almost raw from external applications."
"I hated to see any person coming into the store (much less a commercial traveller) and I told him very curtly that I had a headache but he insisted on my trying 'Fruit-a-lives'."

"I did so, with what I would call amazing results. They completely cured me and since then (merely six years ago) it is only necessary for me to take one occasionally to preserve me in my present good health. I was 65 years old yesterday and have been a general store keeper at the above address for twenty-five years."

W.M. PITT
As Mr. Pitt says: "Fruit-a-lives" is the greatest headache cure in the world. Dealers everywhere have "Fruit-a-lives" at 50c. a box, 6 for \$2.50 or trial size, 25c. or sent on receipt of price by Fruit-a-lives Limited, Ottawa.

NEW ROUNDHOUSE A FINE BUILDING

I. C. R. Has Fine Equipment at Campbellton.

The Railway and Engineering Review recently published a description of the new roundhouse at Campbellton, recently completed. The building is laid out for twenty-eight engine stalls, although the actual capacity is reduced to twenty-five engines, one space being allotted to an entrance and the space equivalent to two stalls at the end of the building being devoted to the foreman's office, locker rooms and a machine and forge shop. The radius of the inner circle is 89 ft. 2 1/2 ins., to the centre of the inside wall columns, and the distance between the inside and the outside walls is 85 ft. 6 ins. The machine shop in one corner of the building is 42 by 18 ft. in size and is equipped with such forge and machine shop tools as are necessary. The space adjacent to the machine shop is divided into a locker room, the foreman's office, and a larger room well adapted for use as a stock and tool room. On the second floor, above these quarters, are stored heavy repair parts, handled by a hand operated elevator. An industrial track runs around the building inside the outer wall, facilitating the handling of materials and parts between the pits and shop and store room.

The power house is a 10 by 51 ft. structure connected to the round house proper by an enclosed passage way under the same roof with the general lavatory. The boiler room occupies a space 24 by 27 ft. The engine room is 38 by 22 ft. in size. The power house equipment consists of three one hundred h. p. Robb Munford boilers, one 10 by 16 by 9 by 12 in. compound duplex steam pump for the main water supply and fire protection, one 12 by 7 by 12 in. duplex end packed plunger pump for the boiler washout system, one 8 by 4 by 6 in. duplex end packed boiler feed pump, one air compressor unit supplemented by a small emergency compressor and one 60 k.w. 250 volt Crocker Wheeler a. c. generator directly driven by a Robb Engineering Co.'s engine, for general lighting purposes.

Lighting is by means of incandescent tungsten and arc lamps. A hot air heating system is provided.

A boiler washout system has been installed involving the use of a 12 by 7 by 12 duplex steam pump controlled by a pressure regulator, a piping system with outlets between each pair of pits, and a blowoff pipe system with similar outlets. The pump and blowoff pipe are connected to a hot well located at the rear of the building, to which all exhausts and other drips are taken from all parts of the plant. When a boiler is washed out the water it contains is blown into the hot well through the blowoff tank pipe, the pump is started, and being controlled by the aforementioned regulator, is stopped when the pressure in the system reaches 90 lbs., and immediately starts up as the pressure decreases, due to opening any of the outlets throughout the building. In this way a boiler can be washed out and refilled with warm water.

Right in your busiest season when you have the least time to spare you are most likely to take diarrhoea and use several days' time, unless you have Chamberlain's Colic, Cholera and Diarrhoea Remedy at hand and take a dose on the first appearance of the disease. For sale by all dealers.

P. E. I. AUTHORESS WEDS A MINISTER

Miss Lucy Montgomery, writer of "Anne of Avonlea," "Kilmeny of the Orchard," "The Story Girl," and hundreds of short stories and poems which have appeared in the leading magazines of the day, was married on July 5th, at Park Corner, to Rev. Ewen McDonald, pastor of the Presbyterian church at Leaskdale, Ontario Co., Ont., who is a native of Valleyfield, P. E. I.

HAPPIEST GIRL IN LINCOLN

A Lincoln, Neb., girl writes, "I had been ailing for some time with chronic constipation and stomach trouble. I began taking Chamberlain's Stomach and Liver Tablets and in three days I was able to be up and got better right along. I am the proudest girl in Lincoln to find such a good medicine." For sale by all dealers.

May be the dough had forgotten to rise.
Or had risen quickly overnight and fallen again—
To rise nevermore.
Twas weak flour, of course.
Meaning weak in gluten.
But FIVE ROSES is strong, unusually strong.
With that glutinous strength which compels it to rise to your surprised delight.
Stays risen too.
Being coherent, elastic.
And the dough feels springy under your hand.
Squeaks and cracks as you work it.
Feel the feel of a FIVE ROSES dough.
Note the wonderful smooth texture—soft—velvety.
Great is the bread born of such dough—
Your dough!
Try this good flour.

\$3,600 in Cash Prizes for Farmers

Tell Us How You Did It

You may win a prize by doing so

Canada Cement Company, Limited, Montreal

Send for this free book

Suppose your friend Bob Wilson, on the next concession, "pulled up" at your front gate on the way back from market and asked about that silo or barn foundation you built, you would be glad to tell him, wouldn't you? And it wouldn't take you long, either, would it? And, as a matter of fact, you'd find as much pleasure telling him as he would in listening—isn't that right?

First you would take him over to view the silo or barn foundation. Then you would start to describe it—its dimensions—the kind of aggregate used—the proportions of cement used—number of men employed—number of hours' working time required—method of mixing—kind of forms used—method of reinforcing, if any—and finally, what the job cost. So that by the time you finished, neighbor Wilson would have a pretty accurate idea of how to go about building the particular piece of work which you described.

Now couldn't you do the same for us, with this difference—that you stand a good chance of getting well paid for your time?

In Prize "D" of our contest, open to the farmers of Canada, we offer \$100.00 to the farmer in each Province who will furnish us with the best and most complete description of how any particular piece of concrete work shown by photograph sent in was done. The size of the work described makes no difference. The only important thing to remember is that the work must be done in 1911 and "CANADA" Cement used.

In writing your description, don't be too particular about grammar or spelling or punctuation. Leave that to Henry folk. Tell it to us as you would tell it to your neighbor. What we want are the facts, plainly and clearly told.

Sounds simple, doesn't it? And it is simple. And surely it is well worth your while when you think of the reward in view.

Now sit right down, take your pen or pencil—fill out the attached coupon—or a post-card if it's handy—and write for the circular which fully describes the conditions of this, the first contest of the kind ever held in Canada.

Every dealer who handles "CANADA" Cement will also be given a supply of these circulars—and you can get one from the dealer in your town, if that seems more convenient than writing for it.

Contest will close on November 15th, 1911—all photos and descriptions must be sent in by that date, to be eligible for one of these prizes. Awards will be made as soon as possible thereafter. The decisions will be made by a disinterested committee, the following gentlemen having consented to act for us, as the jury of award: Prof. Peter Gillespie, Lecturer in Theory of Construction, University of Toronto; Prof. W. H. Day, Professor of Physics, Ontario Agricultural College, Guelph; and Ivan S. Macdonald, Editor of "Construction."

Having decided to compete for one of the prizes, your first step should be to get all the information you can on the subject of Concrete Construction on the Farm. Fortunately, most of the pointers that anyone can possibly need, are contained in our wonderfully complete book, entitled "What the Farmer Can Do With Concrete." A large number of Canadian farmers have already sent for and obtained copies of this free book. Have you got your copy yet? If not, you'd better send for one to-day. Whether you are a contestant for one of our prizes or not, you really ought to have this book in your library. For it contains a vast amount of information, and hints that are invaluable to the farmer.

Please send full particulars and book.

Amatite Roofing
Needs No Painting.

AMATITE roofing is wanted. It doesn't need to be watched over and fussed with and cared for. It takes care of itself from the start. As soon as it is laid on your roof, you can go away and forget about it. You don't have to paint Amatite every two years as you do the "rubber" kinds. Amatite has a mineral surface which needs no painting. The mineral surface is better and more durable than many coats of paint. Back of the mineral surface is a layer of pitch, the greatest waterproofing compound known. Back of the pitch is a layer of felt (a white ready roofing in itself), and behind this is another layer of pitch and another layer of felt. The result is a strong, durable roof which, can take care of itself in any climate without painting. We will be glad to send you free samples of Amatite Roofing so that you can see for yourself just what it looks like. Address our nearest office.

Everet Elastic Paint
Low in price. Great in durability. Invaluable for prolonging the life of roofs, gutters, fences, iron work, etc.

Creosoid Live Destroyer and Coat Saver. It will keep flies away from the comb, it will keep lice and mites away from the poultry, make everything sanitary and increase their output.

St. John, N. B. Halifax, N. S.

GO TO CANADA IS WANAMAKER'S ADVICE

Dominate the Country of the Future in View of Famous Merchant and He Points Way Here to Youth Across Border.

(New York American)
John Wanamaker returned home yesterday aboard the steamship Oceanic after a three months' tour in Europe. He attended the coronation ceremonies as the guest of T. Vezev Strong, mayor of London, and presented him to King George V. The king then presented Mr. Wanamaker to Queen Mary.

Both their majesties are delightful personages, Mr. Wanamaker said yesterday. He was struck with the king's virility, strength and splendid common sense.

Queen Mary, added Mr. Wanamaker, is a superior woman, who impresses you with her womanhood and her splendid poise and capacity to act a helpmeet to the King.

Mr. Wanamaker said he was much gratified at President Taft's attitude in the peace movement and the sincerity of his intention to continue the advocacy of universal peace until it is considered by other nations.

The Lord Mayor engineered the great Guildhall meeting, at which Premier Asquith, Lord Balfour, the Archbishop of Canterbury and others took such a decided stand in favor of arbitration.

Regarding reciprocity, Mr. Wanamaker said the English people seemed to favor the idea in the abstract, but that they had many differences of opinion as to the articles of agreement. Mr. Wanamaker held a pamphlet on Canada in his hand, and pointing to it, said:

Canada is a great country. It is a fine field for Americans. There is no longer any need for our young men to go west. They should go north and settle in the country of the future.

KIDNEY EXPERIMENT.—There's no time for experimenting when you've discovered that you are a victim of some one form or other of kidney disease. Lay hold of the treatment that thousands have pinned their faith to and has cured quickly and permanently. South American Kidney Cure stands pre-eminent in the world of medicine as the kidney sufferer's truest friend. Sold by A. E. SHAW'S Pharmacy.—61

JOHN McNEISH

Dalhousie, July 15.—John McNeish of Point LaNim, Restigouche county, died at the Campbellton hospital on Thursday at the age of 84. He was one of the pioneers of the parish of Dalhousie, which he represented for several years at the county council. Besides his wife and two children, Mrs. James C. Miller, of Summerside, Restigouche county, and Angus at home, he is survived by one sister, Mrs. John Caldwell, residing in the United States; two brothers, William and Alexander of Point LaNim, and leaves a large circle of relatives and friends. His funeral took place today and interment was in St. John's Presbyterian cemetery. The services were conducted by Rev. J. H. Thirk, assisted by Rev. R. J. Coleman. The pallbearers were Daniel McDonald, John Nowlan, Wm. Miller, Alex. McDonald, George Miller and Alex. Cook.

WHERE DOCTORS DO AGREE: Physicians no longer consider it catering to "quackery" in recommending in practice so meritorious a remedy for indigestion, dyspepsia and Nervousness as South American Nerveine. They realize that it is a step in advance in medical science and a sure and permanent cure for diseases of the stomach. It will cure you. Sold by A. E. SHAW'S Pharmacy.—61

PURCHASED A BOAT

Campbellton Graphic
Capt. F. J. Allard has returned from Miarichi, where he purchased the fine steamer "R. R. Call," which he has placed on the Dalhousie, Miramichi, St. Onet and Carleton route. This steamer is a great improvement on former craft employed on this route.

Prayers for rain were offered in Newport, R. I. churches.

DALHOUSIE

Dalhousie, N. B. July 19th—Miss Nellie Rogers of Fredericton, is visiting the Misses Mitchell here.

Mr. Charles Lea, of Toronto arrived here this week to be the guest of Dr. and Mrs. A. G. Ferguson.

Mrs. John Montgomery and little daughter Agnes of St. John are the guests of Mrs. William Montgomery here for the summer months.

Mr. Geo. Ball of Claremont N. H. arrived in town on Monday to spend a few weeks with Mr. and Mrs. T. G. Scott.

Miss Margaret Jessop of New Port P. Q. is now visiting her sister, Mrs. H. Nolan.

Mrs. S. Peters and son Herbert also Miss Sue Scott, spent two days in Campbellton last week guests of Mrs. Edward Alexander.

Mr. Wm. Power Ex. M. P. of Quebec West, wife and two daughters arrived here on Saturday to spend a few weeks.

Mr. and Mrs. Geo. Keith and family of Toronto are now visiting Mr. and Mrs. Geo. Haddew, at Bonnie Brae.

Mr. J. P. Byrne M. P. P. of Bathurst was in town yesterday.

Mr. Arthur Wilbur of Chatham spent Sunday last in Dalhousie.

Mr. Ray Young of Campbellton was in town on Sunday.

Mrs. Andrew Barberie, who had gone to Turgeon, N. B., with her children to spend a few days, was called home this week on account of the illness of her husband. He is somewhat improved.

The funeral of the late Esau Giroux was held yesterday at Upper Charlo. He had made his studies at Caraquet College, and was for some time employee of The Royal Bank of Canada at Dalhousie and Newcastle. He was twenty years of age.

Mr. John Kelly, Lighthouse Inspector of St. John was in town today to inspect the damage done by lightning to one of the lighthouses on Saturday evening.

Miss Emily Green of Maguasha P. Q. spent Monday in town visiting friends.

Mr. Earnest Allard of Robitaille was in Dalhousie on Saturday.

Mr. Joseph Pichette of Campbellton spent a day in town this week.

Mr. Numa Bernatchez of Campbellton was in town yesterday.

CAMPBELLTON

We regret to note that Mrs. Malcolm Paterson is not making very great progress in recovery from her illness.

There was one song at the evening cruise which was sung with great feeling "We're afraid to go home in the dark."

It might interest the ratepayers to know that the new Bond issue has been disposed of at par to the Montreal Investment and Trust Co. Y. This makes a good start anyway.

The Baseball boys very kindly postponed their Monday game for the benefit of the excursionists. They were to play on Tuesday evening, but the fans could not make any progress on O'Leary Street to get to the field, so the game was off.

The Presbyterian Church contract for the changed building has now been let and work will be proceeded with at once. We have certainly waited a long time now for progress on this building and we will be glad to see it go on.

Mrs. Wm. McKeenzie and children arrived last Tuesday from Vancouver, B. C., to spend the summer with her mother, Mrs. L. Wheelhouse. She was accompanied by her sisters, Mrs. W. F. Ferguson and Mrs. Munro, who had gone to Montreal to meet her.

The fishing at Pritchard's Lake has been unusually good for the past few weeks and many nice strings have been caught. Messrs. Murray and H. B. Anslow spent Thursday and caught a beautiful string of fish. If you want to be sure of a good catch go to Pritchard's.

A kick of large proportions is about to be administered to whoever is in charge of the Express Company's office. Goods are received from the morning express and delivered to the consignees at 8 p. m. on the same day. (Special quick delivery) which is just a little too much. We have stood a great deal from the Express company but we are done with it now.

Appropos of the above par, someone spoke of sending a petition to establish a Dominion express office at the I. N. R. station. We trust this will now be taken up in earnest as we could not get a worse service from them than we have at present.

HERE IS YOUR CHANCE!

FREDERICTON
The Business COLLEGE

Would You Provide for the Care of Canada's Needy Consumptives?

MUSKOKA FREE HOSPITAL FOR CONSUMPTIVES

MUSKOKA FREE HOSPITAL FOR CONSUMPTIVES, MAIN BUILDING FOR PATIENTS.

A national institution that accepts patients from all parts of Canada. Here is one of hundreds of letters being received daily:—

John D. McNaughton, New Liskeard, Ont.: A young man not belonging here, and suffering from, it is believed, consumption, is being kept by one of the hotels here. He has no means and has been refused admission to our hospital. The conditions where he is offer him no chance. Could he be admitted to your Free Hospital for Consumptives? If not, could you inform me where he can be sent, and what steps are necessary to secure prompt admittance? NOT A SINGLE PATIENT HAS EVER BEEN REFUSED ADMISSION TO THE MUSKOKA FREE HOSPITAL BECAUSE OF HIS INABILITY TO PAY.

Since the hospital was opened in April, 1902, one thousand five hundred and twenty-four patients have been treated in this one institution, representing people from every province in the Dominion. For the week ending November 20th, 1909, one hundred and twenty-five patients were in residence. Ninety-six of these are not paying a copper for their maintenance—absolutely free. The other twenty-nine paid from \$2.00 to \$4.00 a week. No one pays more than \$4.00.

Suitable cases are admitted promptly on completion of application papers.

A GRATEFUL PATIENT

Norah P. Canham: Enclosed you will find receipt for my ticket from Gravenhurst, hoping that you will be able to oblige me with the fare. I was at your Sanatorium ten months, and I was sent away from there as an apparent cure. I am now working in the city, and I am feeling fine. I was most thankful for the care I got from the doctors and staff, and I must say that I spent the time of my life while I was there.

TAKING THE CURE IN ONE OF THE MUSKOKA FREE HOSPITAL FOR CONSUMPTIVES.

The Muskoka Free Hospital for Consumptives is a gift to the good-will and generosity of the Canadian public. Money is sorely needed at the present time to make it possible to care for the large and increasing number of patients that are entering the institution.

Will you help?

Where greater urgency?

Truly, Canada's greatest charity.

Send your contribution to the Muskoka Free Hospital for Consumptives, 100 King St. W., Toronto, Canada.

This Oven Bakes Perfectly

because it is evenly heated—because it is thoroughly heated, always. The heat-flues, broad and deep, encircle the entire oven so that it bakes as well at the top as at the bottom, and in the corners as well as the centre. The bottom is doubly stiffened so it can't warp and tilt pies. The inner body of the Koolenay is thoroughly protected with asbestos—the oven walls can't burn through. Besides, the Koolenay oven is thoroughly ventilated. No food can be tainted by fumes or steam. You get perfect baking results. Ask the nearest McClary agent to show you the many other advantages found exclusively in a

Write to the nearest McClary branch for booklet and detailed information. It will show you why your range money will be best invested in a Koolenay.

McClary's

London, Toronto, Montreal, Winnipeg, Vancouver, St. John, N.B., Halifax, Calgary.

MR. SIMPSON AND THE TEMERE DECREE

(From Page Two)

Why the country was discovered by Catholic preachers before that Saint of God, Martin Luther was privileged to wear pants. Is Mr. Simpson aware that one half our population is Catholic? That every northern county, including Northumberland, has a majority of Catholics, and that some of them are overwhelmingly so, and yet we are unashamedly told that this is a Protestant country?

To read his references to this "great and good Reformer" we must conclude that Mr. Simpson's pabulum is still Fox's book of Martyrs, or as Cobbet used to put it—Fox's lying book of lying Martyrs. I would remind Mr. Simpson that history is now being written, that history is no longer hearsay, that it has, for the most part, ceased to be what that great French writer, DeMaistre called it "A CONSPIRACY AGAINST THE TRUTH" that the archives of London, Berlin, Paris, Rome and other great capital cities are being searched, and that the result of that search is a condemnation of what Mr. Simpson and the Orange men of Tabusintae so much admire and glory in. When reading Mr. Simpson as he dilates on, or refers to, Luther, Henry VIII, the Landgrave of Hesse and other famous gentry, we must be pardoned in asking from which of the English villages did he come.

But to revert to the "Ne Temere" Decree which aroused the wrath of our Douglastown friend. Why has he been so sycophantly crouching at the feet of the omnipotent state? Does he recognize on this point no authority save that of the state? Has he forgotten the command of Christ when pharisaically asked if tribute must be paid to Caesar? "Render," he said, "to Caesar the things that are Caesar's and to God the things that are God's." Has he never paused in admiration over the heroic answer given by Peter and John to the Princes and ancients and scribes gathered at Jerusalem who forbidding the Apostles "to speak at all or teach in the name of Jesus," received as their answer—"If it be just in the sight of God, to hear you rather than God, judge ye; for we cannot but speak the things which we have seen and heard."

Why, may I again ask, is it that, of all others, Presbyterians and what is known as the Non-conformist body, are so very anxious that the state ALONE should make laws with reference to matrimony? Has Mr. Simpson forgotten history? Does he know, or did he ever know, that the Presbyterian body suffered much from the marriage laws of the land? Those laws in Ireland denied the validity of marriages not performed either by an Episcopal Rector or a Catholic priest and Presbyterian elders were prosecuted in the Bishops' courts for living in fornication with their own wives? What did Irish Protestants do in that case? Many of them rose and fled across the Atlantic, and brought with them a deep detestation of British rule and prelatic courts which bore fruit in the revolution. Others of them stood their ground were married by their own ministers according to Presbyterian usage and defied the law. Had the Rev. Mr. Simpson's father or grandfather lived in Ireland under such laws, Mr. Simpson would have been legally declared a bastard. Only in the reign of Queen Victoria did the whigs pass a retrospective law to legalize these irregular Presbyterian unions. This law is known as the Marriage Act of 1836. But at present the "law of the land" is so degenerate that some degenerates that will recognize nothing else. After to 1836 scoundrels who were married by Presbyterian ministers repudiated their wives, were legally married to other women by the Rector of the parish, and the latter had more decency than the law and refused. Now the "law of the land" must be considered. Mr. Simpson recognizes no author-

ity but that of Lieutenant Governor Tweedie. He must get his authority from him (of course Mr. Tweedie is expected to appreciate the compliment and send a donation.) Yet the Lieutenant-Governor is the last man that should have been referred to in this connection, for he suffered in his domestic circle from the madness and recklessness of the Protestant minister, very probably, of a Presbyterian. Mr. Simpson's immediate ancestors would have turned away in angry contempt had they been obliged to listen to such Erastian language. Did John Knox place "the law of the land" above every thing else when he rose against the established law of Scotland, and set on the wheel to burn down churches and convents? Did Andrew Melville place "the law of the land" above everything else when he told King James that he was nothing more than a vassal in the kingdom of Christ, meaning the Kirk? Did the Covenanters think "the law of the land" was above everything else when they fled to the moors and the mountain to worship God in a fashion of their own? If the law must be supreme in the contracting of matrimony, what will prevent a parliament of infidels or atheists from so legislating that the most fundamental rules or principles governing society will be completely done away with or ignored? What will become of the Levitical impediments? Suppose a parliament ordered or permitted a man to marry his grandmother or some still nearer relative? Of course, Mr. Simpson and his admirers would judge it all right, for it would be the law of the land." I may say that the Catholic church welcomes the action of the State in settling matters of inheritance, the rights and responsibilities of husband, wife and children in such matters, the duty of publishing Banns or procuring license so that everything may be done in an orderly manner and for the benefit of society at large. The Catholic priest is not, in accordance with the usage of his church, permitted to marry anyone and everyone who may present himself. He must confine himself to the members of his own flock, and within the limits of his jurisdiction. Who ever heard of a priest marrying two Protestants? Should Protestant clerical gentlemen confine themselves to their own flock, the "Ne Temere" or other Decrees of the Catholic church would worry them very little. If our friends would only bear in mind that this now famous Decree has been issued to secure a proper publicity and regularity in the performance of the marriage contract, that it expressly excludes all interference with the marriage of Protestants, declaring that they are nowhere bound to observe the Catholic form of espousals or marriage, they would not, in the words of a leading Protestant lawyer at one of those meetings, "be making a laughing-stock of themselves to the Catholics of Canada." It would be well were some of our 12th of July orators to try to understand that long before the issuance of the "Ne Temere," other cases were decided. The Hebert case, to which so much prominence has been given, was not decided by the "Ne Temere." It was settled canonically by the Tridentine Decree "Tametsi" and judicially by the law of the land. The Hebert case is not the only one decided on the civil law of Quebec. There is Larame vs. Evans, Globensky vs. Wilson, Durocher vs. Dugre and many others. Mr. Simpson's reference to the Catholic church's action re the Hebert case is misleading and reckless. The Archbishop of Montreal decided a case on its merits as did the civil courts. They did not encourage "a self-confessed seducer and adulterer to abandon the woman he had deceived and her child. They, on the contrary would have done everything possible to reunite them. Mrs.

Hebert was not deceived. She well knew in the beginning of the full nature of her actions and their probable results. All this fuss on the part of certain clerical gentlemen is silly and shows, if anything, the depths to which the ordinary Protestant minister has been descending. He has gradually lost faith in the divinity of Christ and the truths of Christianity, as the Rev. Dr. Workman, former Professor of theology in the Methodist college of Montreal, testifies. The members of the congregation are for the most part, it is to be hoped, still Christian; but their so-called spiritual guides are no longer Christian, with a few honorable exceptions. This is a sad fact which cannot be denied and hence all the silly prattle about "the law of the land." Is it not time to put the ministers the question put by Christ to His Apostles? Whom do you say that I am?

Mr. Editor, I wish to thank you for the space allowed me in your valuable journal and at the same time wish to say that as controversy is not conducive of good feeling among neighbors, nor does it bring about conversions, I have finished, and shall take no notice of any additional writings which may appear in this connection.
P. W. DIXON.
Newcastle, July 24, 1911.

MAY BE DELAY IN SIGNING TREATY

Desire to Have Three Nations Join at the Same Time.

Washington, July 21—Events are shaping so that it would not be surprising if the delays arising in the closing days of the negotiations in the general arbitration treaty would make it impossible to conclude them before President Taft leaves for his summer home in Beverly Massachusetts. Although the British government has already practically given its assent to the treaty, it is the wish of the President and Secretary of State Knox that this important agreement be given a truly international character, which can be had only by the adherence of more than two of the great powers. This desire has been made known to the French government, and Amosander Jusserand, who is in Paris, is laboring to induce his foreign office to give assent to the adherence of France. If this is assured in the immediate future it is entirely possible that the ceremony of signing the treaty will be deferred long enough to permit M. Jusserand to hasten to America to place his name upon it.

WHEN SUMMER COMES GUARD YOUR BABY

The summer months are the most dangerous of the year for the little one. The complaints of this season come so quickly that often a precious little life is beyond aid before the mother realizes baby is ill. Colic, diarrhoea and cholera infantum are all life at this time. The mother must guard her baby's health every minute. She must be careful of his food and careful that his stomach is kept sweet and his bowels move regularly and freely. To do this nothing can equal Baby's Own Tablets—they are mother's best friend at all times of the year, but more especially in the summer, when, if given occasionally, they act as a preventive of those dreaded summer troubles, or if they do not come on suddenly the Tablets will just as quickly remove the cause and baby will soon be well again. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

TOO ONE SIDED

Having labor to buy and goods to sell, says the Toronto Globe, the Canadian Manufacturers' Association naturally wants the obstruction on the importation of labor relaxed while objecting to the pending relaxation of the obstructions on the importation of goods. The men with labor to sell and goods to buy were at one time deluded into taking a similar attitude, but are growing wiser.

JUST RECEIVED One Carload Building Paper

We have just unloaded a carload of Building Paper consisting of Heavy Straw Sheathing, Tarred Felt, and Three-ply Roofing, and are now in a position to quote low prices, either wholesale or retail. We also buy Nails and have very fine prices either by single keg or in large quantities. Lime.

CANADA'S ARMY AND NAVY

Organization Scheme of General French Now in Force—Navy to be Built at Halifax.

Ottawa, July 21—The plan of military organization recommended by General French has been adopted and is now in full operation throughout Canada, divisions having been substituted for the old system of districts. As part of the reorganization, and to give it full effect, eight British officers have been obtained to perform staff duties for some time. Their duties will be chiefly educational, as they will supervise and carry on the scheme of training. Each division will have one of these officers assigned to it. The officers who have been secured for work are Major L. N. Phillips, King's Royal Rifles; Capt. L. J. Lipsett, Royal Irish Regiment; Capt. J. C. Gordon Hall, Yorkshire Light Infantry; Capt. R. J. F. Hayter, Cheshire Regiment; Lieut. Colonel C. E. English, R. E.; Lieut. Col. T. B. Wood, R. E.; Major W. J. Robertson, R. E.; Lieut. Col. C. Wilkins. The last name will be attached to the headquarters staff as first grade staff officer in charge of mobilization. Each of the others will be assigned to a division for the performance of second grade staff duties. Most of them have arrived and all will have reached Canada before the end of next week.

Halifax, N. S., July 21—A despatch from Sydney states that it is reported there that Swan & Hunter have been awarded the contract for the construction of the Canadian navy, and that the shipbuilding plant is to be located at Halifax. Correspondents are unable to secure confirmation of the report. Those who ought to know would not be surprised if such an announcement is made when the contract is finally awarded, but do not look for an announcement for some time to come.

NEW LAWS FOR NEBRASKA

LINCOLN, Neb., July 7.—Many of the laws passed at the recent session of the Nebraska Legislature went into effect to-day. One prohibits any person under the age of 18 years using tobacco in any form. Another prohibits all public exhibitions of hypnotism or mesmerism. Another provides heavy penalties for persons concerned in the "white slave" traffic and makes it competent for a wife to testify against her husband in such cases.

BED-RIDDEN 15 YEARS.—"If anybody wants a written guarantee from me personally, as to my wonderful cure from rheumatism by South American Rheumatic Cure I will be the gladdest woman in the world to give it," says Mrs. John Beaumont, of Elora. "I had despaired of recovery up to the time of taking this wonderful remedy. It cured completely." Sold by A. E. SHAW'S Pharmacy—

RETURNED TO CHATHAM JUNCTION

G. W. Ward, Station agent at Jct., for 23 years and who recently supplied a few days at Fredericton, has returned to the junction.

TOWN COUNCIL

[from page 1]

into each fireman's home for \$3.00, the megneto in police station would cost \$5.00, and wiring, etc would not cost over \$50.00 \$100.00 would cover whole expenses. The Telephone co would operate alarm free, but would assume no risks. The Mayor and Aid Kethro complained of disc harrows, etc being hauled over roads cutting them up.

Ald Stuart gave notice of intention to move at next regular meeting an amendment to Bye-Law 21 to cover said abuse.

The Mayor complained about the Street workmen piling on the streets the material they shoveled out of the gutters instead of having it hauled away.

Ald Kethro said it was being hauled away, but there was no place to get stone. Money was lacking—only \$400 left of Highway appropriations.

Ald Stables said that mud was being simply taken out of ditch and put on road. It was no good.

Ald Butler complained of systematic waste of time on all public works. The spirit of the age seems to be for workmen to beat their employers. It was an organized system of stealing.

Ald Kethro said it was difficult to get men to work on the streets.

Ald Butler suggested that Finance Committee report on the state of the funds.

Ald Stuart brought up the matter of the C T Act again and finally moved.

That the Scott Act Inspectors be instructed to make monthly reports to this council, of work done by them in regard to the enforcement of the Canada Temperance Act.

This was seconded by Ald Stables, and opposed by Ald Butler and Kethro.

Ald Butler argued that such instructions would add too greatly to the work of the Inspectors. The town was orderly and quiet, the Inspectors were doing their duty, and there was no need of such a motion.

Ald Stuart argued that the condition of affairs in town did warrant such a motion.

The vote stood: Yea—Ald Stuart, Stables and Russell. Nays—Ald Butler, Kethro and Dickson.

Mrs. B. C. Mullins of Bathurst, spent Thursday in Douglastown.

Miss Pinkie and Master Aitken Ingram spent Thursday in Chatham.

Miss Daisy McKerdy is spending her vacation at her home in Douglastown.

Mr. and Mrs. Jack Fallon are receiving congratulations on the arrival of a son.

Frank D. Swin and Samuel Freeze of Doaktown spent Tuesday night here, the latter a guest of His Worship, Mayor Pedolin.

Mrs. S. J. Macarthur and family left on Thursday for a months visit to her parents Mr. and Mrs. James Carruthers of Bedeque, P. E. I. Rev. Mr. Macarthur joins them there this week.

John Sweet, of Vancouver, B. C. was in town last week for a few days, after an absence of some years. His father, Rev. Mr. Sweet was rector of St. Andrew's church here for many years.

T. James Scott, formerly of the Royal Bank, here, but now of Liverpool, N. S., spent Saturday here on
