

### DREADNOUGHTS IN LINE FOR REVIEW

#### Great British War Fleet to Assemble at Spithead June 24th.

London, June 14.—The great naval review by King George at Spithead, June 24, two days after the coronation, will be gathered together in full commission the largest number of vessels of the Dreadnought class ever assembled.

No less than ten battleships of the Dreadnought class will be brought into line on review day. These are the Colossus, Hercules, Neptune, St. Vincent, Collingwood, Vanguard, Belleroophon, Temeraire, Superb and Dreadnought. To these will be added four cruisers of the Invincible class, the Indefatigable, the Inflexible, the German, and the United States, the new Delaware. The other foreign naval powers are sending the pre-Dreadnought class, although in some instances they are of quite recent construction. France will be represented by the Danton, Japan by the Kurama, Austria by the Radezky, Italy by the San Marco, Russia by the Rosala, Spain by the Reina Regente, Argentina by the Buenos Ayres, Chile by the Chacabuco, Sweden by the Fylgia, Turkey by the Hamid and China by the Hai-Chi. Denmark, Holland and Norway are to be represented by small coast defence vessels.

All the vessels at the review, including the foreign warships and passenger ships, with spectators, will be moored in line, supplemented by shorter lines for the torpedo boats and submarines. The boundaries of the review will enclose an area of about 10 square miles. There will be 137 British war vessels of various types present. The King will pass through the line on board the royal yacht, Victoria and Albert, which will be accompanied by two other royal yachts, the Alexandra and the Alberta. As the royal yacht approaches each vessel in the line, a salute will be fired, and at the same time the shore batteries will join in the greeting.

### FIELD CROP REPORT.

Ottawa, June 14.—A bulletin of the census and statistics office issued today states that the season this year has been favorable. The yield of crops in all parts of Canada, and excellent reports have been received from all the provinces. The lowest percentage of condition is made for fall wheat at which suffered from the winter drought in the winter months, and also to some extent from spring frosts. The area of fall wheat is 10,592,400 acres, as compared with 10,592,400 acres in 1910, and 10,592,400 acres in 1909. The condition of fall wheat at the end of May was 95.2 per cent. compared with 95.2 per cent. in 1910, and 95.2 per cent. in 1909. The area of winter wheat is 10,592,400 acres, as compared with 10,592,400 acres in 1910, and 10,592,400 acres in 1909. ### SCOUTS AT LONDON.

Will Line Part of the Route From Buckingham Palace to Westminster Abbey.

London, June 13.—The boy scouts with their Canadian contingents, led by Lord Bessborough, will line a portion of the route from Buckingham Palace to Westminster Abbey. The troops, furnished by the overseas dominions will march at the head of the procession. There will be a "royal" procession through London the day after the coronation.

### LONG DISTANCE CHAMPIONSHIP.

The four mile race which will be run in Kentucky this fall is attracting the attention of horsemen all over the continent, and already two Canadian owners have the intention of being represented in this interesting event. Mr. Dymond, with Chief Keo and Mr. Davies, with Fair Annie, have an eye on the gold cup and the distinction that will accrue to the winner. The estimated cash value of the race is \$10,000, and a \$1,000 gold cup will be presented to the owner of the champion. The race is for three-year-olds and up, weight for age.

### "I Eboth Protest Too Much."

Winnipeg, June 14.—H. E. Burdige, store of the Hudson's Bay Company, emphatically denies today that his company has purchased or intends purchasing a site at Regina, Sask., for the erection of a departmental store, as was stated by an evening paper here yesterday. The denial is even more emphatic than that made by the company when it was rumored here that they had bought the block on Portage avenue on which they will shortly erect their new departmental store.

### ENSIGN HABKIRK IS TO GO TO WINNIPEG

Head of Salvation Army in Edmonton Transferred to Provincial Headquarters in Manitoba—Has Conducted Successful Campaign in This City—Reserve at Leaving.

Farewell services will be conducted in the Salvation Army canteen next Sunday. Ensign and Mrs. Habkirk, who have had charge of the local work for two years, are leaving for their new appointment in Winnipeg on the 23rd inst. Special services are being arranged for Sunday. In the morning at 11 o'clock a holiness meeting will be held. In the afternoon at 7 o'clock an enrollment of recruits will take place, and at 7 o'clock a special farewell service will be conducted. On Monday evening at 8 o'clock Ensign Habkirk will address the young people's service. Tuesday evening the band and soldiers will go to Stratford and on Thursday evening, Coronation day, a final farewell service will be held. The Canadian friends of the Army will be held. It is with deep regret that members and friends of the Army will have to say good-bye to Ensign and Mrs. Habkirk, for during their term here they have worked faithfully and the following are some of the advances made:

Ninety-five members have been added to the soldiers' roll, including several handmen and their families from the Old Country. The band has been doubled and a complete set of silver-plated instruments has been ordered and paid for. Thirteen of these instruments are now on the way from the Army's factory in London, England. When these arrive, the band will be one of the best equipped in Canada and will place them in a position where more permanent advances can be made.

The special \$2,000 campaign for local improvements and band, which was so successfully carried on a few weeks ago, is due to the ensign's efforts, it being the only effort of its kind conducted in Canada. The City and officers' quarters have also been renovated and refurnished. Ensign Habkirk started the work in Stratford, where permanent officers are now stationed.

Prison work has also been started. Meeting every month is held in the penitentiary, and authority given for Ottawa for the ensign to visit and meet every prisoner discharged from that institution. During the last two years every prisoner discharged has been met by the ensign and given any assistance necessary. Ensign and Mrs. Habkirk were well connected with the provincial headquarters at Winnipeg. In speaking of their stay in Edmonton, they both express regret at leaving, and wish to take this opportunity of thanking all for the practical support and kindliness during their term. They will remember Edmonton kindly, and believe that it has a wonderful future ahead of it in every way.

### A MUTINY IN PORTUGAL.

Is Reported From Chavas, But Is Unconfirmed.

Madrid, June 14.—Telegrams received today state that a monarchist revolution has broken out at Chavas, Portugal, and that the Portuguese garrison mutinied and killed the monarchist leader. The monarchists stormed and raided the offices of the Republican newspaper in Plaza Brava.

The great entrance to the cathedral was shattered by a bomb explosion. The monarchist leader, who is said to be at the head of the forces near Braga.

### CANNOT LURE CANADIANS.

Superintendent Scott Not Appreciative of Australia's Proposed Campaign.

Ottawa, June 14.—W. D. Scott, superintendent of immigration, does not regard with any sense of fear the announcement made in yesterday's cable despatch, the Australian intention to make an effort to lure immigrants from Canada.

"Australia will have about as much chance to get immigrants from Canada as Canada has to get immigrants from Australia," said Mr. Scott in an interview. "I do not think such an effort will meet with much success. As far as I am concerned I have no objection to offer."

### STARVED NERVES

The Cause of Neuralgia—It Must be Treated Through the Blood.

Neuralgia is a cry of the nerves for more and better blood. It literally means that the nerves are being starved, like every other part of the body the nerves receive their nourishment through the blood. There is therefore no doubt that Dr. Williams' Pink Pills will cure the worst cases of neuralgia. They actually make new, rich blood, carrying to the starved nerves the elements they need, thus driving away the sharp, torturing pains which nearly drive the sufferer wild. So many cases of neuralgia have yielded to treatment through Dr. Williams' Pink Pills that every sufferer from this dreaded trouble should lose no time in giving the Pills a fair trial. Mr. Sophia H. Johnson, Moran, Sask., says: "For upwards of ten years I was a periodical sufferer from neuralgia. It located in the side of my face and in the jaw, which would actually click every time I opened or closed my mouth. At times the pains would come in unendurable, and at times when my whole nervous system seemed to be affected. I was constantly doctoring, but I do not recall to seem to be able to give relief. I was half blind, and I decided to try Dr. Williams' Pink Pills. I got a half dozen boxes, and before they had gone I felt much better, and by the time I had used them all every symptom of neuralgia had gone, and I was enjoying a comfort I had not known for years. I have since remained in the best of my health, and can only say I owe the joy to living without pain to Dr. Williams' Pink Pills."

Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from Dr. Williams' Medicine Co., Brockville, Ont.

### HUDSON BAY TO BUILD STRING OF BIG STORES.

Winnipeg, June 14.—The Hudson's Bay Co. stores department, which recently has inaugurated an aggressive policy here and at Calgary and other points in Western Canada, has now decided to invade the capital of Saskatchewan and plans a well advertised campaign for the erection at Regina of a large modern departmental building together with wholesale facilities for covering what the stores commissioner regards as the most profitable retail sections in the west.

It is understood that the company has been quietly securing well advertised sites in the Queen city and that the company's architects are already engaged on plans. So far no official announcement has been made as it was advisable to secure the site before the intention to build was made known, but a statement from Mr. Burdige, the stores commissioner, may be looked for at an early date. How comprehensive is the determination of the company to pursue this policy of strengthening and extending its business in Western Canada is shown by the following list of strategic points which have been selected for development in the most modern principles: Victoria, Vancouver, Vernon, Kamloops, Calgary, Edmonton, Regina, and, of course, Winnipeg.

### JARDINE IS HANGED AT GODERICH TODAY.

Goderich, Ont., June 16.—Edward Jardine, aged 22, was hanged here at 8 o'clock this morning for the murder of a 15-year-old Lizzie Anderson, on Sept. 2, her dead body being stripped and concealed in a vacant house after he had assaulted her. He had to be given hypodermic injections of morphine. He then walked bravely to the gallows. As he stood on the fatal trap he said, "I bid you all good-bye." During the last few days Jardine had often asserted his innocence. He is a student but not a confessor.

### Mayor Says City Need not Expend the \$100,000

#### On the Hydro-Electric Power Development on the Athabasca Unless it is Decided After Investigation that Scheme is Feasible.

(From Friday's Daily.)

Mayor Armstrong has addressed the following letter to the press dealing with the power bylaw to be voted on Monday:

Permit me through your columns to make what I consider a desirable explanation regarding the by-law to be voted on next Monday so as to come within the specified time limit laid down by the government.

Should the bylaw carry it does not necessarily mean the expenditure of one dollar, but simply secures for the city the right to the privilege of further investigating the whole power proposition now before the city council and commissioners. If we find the Grand Rapids scheme not feasible we can simply drop it and that is the end of the matter. But if the bylaw is carried Monday next the city right then ceases to have any right or claim on the Grand Rapids scheme, and the next applicant to that for that water power. However, Mr. Fielding made his report and as a result the city council applied to the department of the interior at the beginning of this year for the water power rights at Grand Rapids. As a result of this the department of the interior has accepted the offer and terms of the department of the interior respecting this water power, and the city council on April 25th.

(2) That within 30 days after the date of the council passing the said resolution, the council would submit and have a money bylaw voted upon by the burgesses authorizing the necessary money expenditure (\$100,000 for the first year's work).

The negotiations as you will recall, occurred during the winter months just ended and at a time when it was impossible to get into the gate and report further in detail. The

### LYNCHING IS NARROWLY AVERTED IN WINNIPEG

Gang of Foreign Laborers Chase a Comrade Through City Streets—Winnipeg, June 15.—A mob of foreign laborers on a new apartment block here has led to an effort to lynch one of the principals, who was chased through the city streets by a mob of patriots. With cries of "He is a murderer," they influenced others to lynch the man, who was finally rescued by a police officer, who then held him until the arrival of the police.

### ALBERTA SCOUTS REACH MONTREAL

Red Deer Lads Who Assisted in Capture of Hold-up Desperado Attract Much Attention Upon Reaching the Eastern City.

Montreal, June 15.—Two very distinguished Boy Scouts are in Montreal today and smart but exceedingly unassuming lads they are. They arrived at the Windsor railway station at nine o'clock this morning with the Calgary contingent of twenty-four Boy Scouts in charge of Commissioner Northcott and Scoutmaster Ward of Banff.

They are: Patrol Leader Philip Galarrah, aged 14, of Red Deer (born at Guelph), and Patrol Leader Donald Chadsey, aged 12, of Red Deer (born at Wellington, Ont.). They have had some interesting experiences as they were being responsible for the capture of Arthur Kelly, the desperado, who a fortnight ago dangerously shot Chief of Police George Bell, of Red Deer. The Calgary contingent consists of 12 scouts from Calgary, four from Medicine Hat, four from Edmonton, three from Red Deer and one from Banff.

Germany Disclaims Responsibility.

Berlin, June 14.—The German government has today disclaimed responsibility for the steamer Consul Crocutt, who he reported as flying the German flag, and announces that blame and any complications that may result from the landing of Cipriano Castro, exiled president of Venezuela, on the coast near the Haytian government.

### CORRESPONDENCE.

SUNDAY BAND CONCERTS.

Editor Bulletin.

Sir—As my name has been mentioned so frequently during the last few days by certain would-be defenders of the rights and liberties of the people in connection with Sunday concerts, and having waited patiently some deliberance on the subject, I would like to take this opportunity of making a few statements to the people of the city, concerning my relation to the matter and the action thus far taken. It will be remembered that about June 1st, the members of the street railway advertised a hand concert in the park, giving full particulars as to the accommodation provided by the street railway for attending said concert, and otherwise emphasizing the service at this particular time, making no attempt whatsoever to conceal the fact that the coffers of the street railway were the matter of chief concern and the object sought by this unusual action on the part of a public official.

It is well to remember just here, that when the bylaw for Sunday cars was submitted to the people, the argument was very strongly urged that they were an actual necessity at this time, and for that purpose they would be used on the Sabbath day, and no very largely responsible for the carrying of the bylaw, and the cause of many people voting for it, who otherwise, had they known that it was going to be prostituted into a mere money-making machine on the Sabbath, would, most assuredly, have withheld their votes from the support of the bylaw.

Being a taxpayer of the city, and not being in favor of a public utility, of which I am a shareholder, augmenting its exchequer by special attractions, arranged by its superintendent at the end of the route on the Sabbath day, I sent a letter of protest to the commissioners, dealing with this phase of the subject, and in that communication, I pointed out to the city solicitor for a report, and I sent a letter of protest to the city solicitor, who is now bound to give a sound, reasonable and well-founded judgment, and this too in spite of the fact that the editor of one of the newspapers devoted a half-page editorial explaining why the solicitor ought to have brought in a report, in order that certain clauses, composed of one man, might be decided.

Now, what is all this howling and ranting about on the part of one of our gutter-snipe editors, and a number of gutter-snipe editors that thrust themselves upon the doorstep and into the hallways of decent people without their consent. I say, what is all about? It looks as if some one has some stolen article hidden and expected an assault. It reminds me of the old dandy who stole the turkey and loudly protested his innocence before anyone thought of accusing him.

These men have been trying to defend a cause upon which there was no attack, and which I take as an indication of the doubtful nature of the benefits to be derived therefrom.

One of the "representative citizens" who spoke at the park on Sunday, referred to the fact that many of the patrons assembled there hadn't much of a rush for water; I suspected as much when looking over the list, and I have come to the conclusion that all that is necessary in taking care of the question is to keep that which is stronger than water well away from its sounding horn. I can assure you the park will not be "drowned" very often, or very long at a time with some of those at least, who are making the most noise about hand concerts.

And what of the outcome. Many innocent people have attended these concerts in the afternoon of Sunday, and I sincerely trust that they will be able to swell the forces of leaders, who are doing their best to break down one of the most sacred and important bulwarks of our Christian civilization, and Sabbath day, and of turning the same into an open Sabbath and a day of reveling. I for one, sorry for anyone so innocent.

VANCOUVER'S MAYOR TAKES HAND IN FIGHT

Manager of Exhibition Association Closed the Gates of the Fair Grounds Against Mayor Taylor, Who Thereupon Ordered the Barricades Down—Incident of Strike.

Vancouver, B.C., June 13.—Claiming that he was forced to close the gates of the Fair Grounds at Hastings Park yesterday, in order to prevent possible interference with the non-union men at work on the grounds, Manager Johnston, of the Vancouver Exhibition Association, drew from Mayor Taylor the statement that unless the barricades were removed by this morning he would be compelled to order them removed by force of the city.

The gates were opened, but Johnston declares that he gave way only because of his desire to prevent any ill-feeling which the exhibition directors do not desire. He states that under the agreement between the Exhibition Association and the city the gates were to be closed for the stipulated two weeks each year.

The mayor, in an auto, went yesterday to the Fair Grounds, around which were congregated many strikers. The mayor was denied admittance by the strikers and returning to the city, wrote a letter to the Fair committee.

Geo. McDonald, who one night last week obstructed the police to such an extent that a detective had to draw his gun, was today sentenced to three months in jail. He was a carpenter and a union sympathizer and took part in the strike riot.

Fort Frances and Rainy River Contingent Delayed in Getting to Camp at Sewell, Manitoba, by Overriding Prohibitory Regulations of United States Government.

Winnipeg, June 14.—The Canadian troops from Fort Frances and Rainy River, for the camp at Sewell, Manitoba, were delayed in getting to the camp by the United States government regulations, prohibiting troops of a foreign nation passing through its territory under arms.

The contingent had overlooked the fact that the C.N.R. by which it expected to travel to Winnipeg, had route to Sewell, passed through the State of Minnesota. The troops took service at the Lake of the Woods to Kenora and train via C.P.R. thence to the camp.

CONSIDER MODEL GAS AGREEMENT

Council Committee Examine Draft Prepared by Commissioner Bouillon

(From Thursday's Daily.) The major portion of the model gas agreement drafted by Commissioner Bouillon was submitted to the committee appointed by the council to consider this subject at a meeting held yesterday afternoon. This committee is composed of the board of commissioners, Ald. Landry, Grindley, Mould and the city solicitor, all of whom were present save Ald. Grindley and Mould.

The agreement contemplates an enterprise, in which the city will exercise a large measure of control over the operations of the company. The terms of the agreement are as follows: The franchise will extend over twenty-five years, subject to the right of purchase by the city after a period of five years.

The right of purchase after seven years at a figure to be based upon the actual valuation of the plant and system and without allowance for franchise rights, was suggested by Commissioner Bouillon. Several members of the committee, however, were of the opinion that this period was too short, and in view of this fact this question was left to be determined when the agreement is submitted for the approval of the council.

The company must set aside annually from the gross earnings a sum sufficient to provide for the redemption in twenty years one-twentieth of the annual investment. What is known as the principal district, within which the company must extend its distribution system when ten or more contracts are offered for service averaging one service for every two hundred feet of main, is bounded on the north by Alberta avenue, on the west by Twenty-seventh street, on the south by the Saskatchewan river and on the east by government avenue and Henry street.

The company would also be required to extend its distribution system to a minimum consumption of 2000 cubic feet of gas per month. After the expiry of this contract the consumers would be required to make the same conditions as those dwelling within the principal district.

The company would be required to guarantee continuous operation and must be in operation and supplying gas over at least twenty-five per cent of the area of the principal district on or before December 31st, 1912.

All liability for injury or damage to persons or private property arising out of its service must be assumed by the company. The franchise would be non-exclusive.

If natural gas should be discovered in the city or vicinity the company would be obliged to supply the city, to make arrangements to supply such natural gas to its distribution system, subject to a revision by the corporation of the rates established by this agreement.

All accounts would be required to be kept in a manner satisfactory to the city corporation and would be available for inspection and subject to check by its officers at any time.

And difference arising between the officers of the corporation and the officers of the company would be referred to the city commissioners and the managing directors of the company and failing a settlement by these respective bodies the matter referred to a board of arbitration, to be appointed and constituted in accordance with the laws of the province of Alberta as in force at that time, the finding of such board to be binding on both sides to the agreement.

A surety bond, the amount of which would not be less than \$20,000, satisfactory to the city and conditioned upon the faithful discharge by the company of all the provisions of the agreement must be maintained by the company throughout the life of the agreement.

In the event of failure on the part of the company to render the service provided for during a continuous period of thirty days the mains, conduits, pipes, etc. of the company would be forfeited to the city, the value of such mains, etc., thus acquired being regarded as liquidated damages.

CLOSING SESSION OF THE ASSEMBLY

Action to Make Effective the Protest on Ne Temere Decree

Ottawa, June 15.—The Presbyterian General Assembly convention met this morning for the concluding sessions. Principal Gaudier reported for the committee of systematic giving. The estimated amount needed for church work this year is \$300,000. Next year it will be one million dollars. Ten cents per week from each communicant or from ten children per family would accomplish this end.

Lord's Day Observance. Toronto, June 13.—The Toronto synod of the Church of England opened here today. The report on the observance of the Lord's Day says: "We believe there is a growing appreciation of the measure and its importance. Since the last act was passed upwards of 300,000 toilers in Canada who previously worked seven days a week have been given the weekly day of rest. Employers of labor everywhere are beginning to recognize the right of their employees to a weekly day of rest."

SEAMEN'S STRIKE TO END SPEEDILY

Indications are that the Men Will Get Small Increases

London, June 15.—The important developments in the general shipping strike today was the concession of an advance of \$2.50 a month in wages to all employees involved by the White Star Co. and the Canadian Pacific railway, an example which was followed later by the Holt and another line at Liverpool. The present outlook is that the strike will come to a speedy end owing to the men's lack of organization or their indifference in addition to the plentiful supply of foreigners who are ready to take their places.

At several of the large ports no work is being done because the strike has been caused and nowhere has there been any real accession to the strike movement. It is believed that the Cunard company will concede an advance of \$2.50 a month in wages to all employees involved by the White Star and the Canadian Pacific next week and that this course is likely to be generally followed by shipowners.

U. S. Government After July 15 Will Sail the Seas to Carry Telegraph Apparatus and Daily Qualified Operators on Penalty of \$5,000. Washington, D.C., June 15.—After the first of next month, sea-going vessels carrying more than fifty passengers will be liable to a fine of \$5,000 unless they are equipped with wireless telegraph apparatus capable of transmitting messages to a distance of not less than 100 miles and manned by an operator carrying a certificate issued by a foreign government.

Regulations governing wireless telegraph apparatus are under an act of Congress passed June 24, 1910, to become effective July 1, 1911, and issued by the commissioner of navigation today. Three inspectors in charge of the Atlantic, middle Atlantic and Pacific divisions, and collectors of customs are authorized to enforce the law. Two secure certificates wireless operators must pass examinations at one of the government signal stations.

The regulations require that sufficient current for the operation of the apparatus shall be furnished at all times while a vessel is under way and give notice that after Jan. 1, 1912, ships must provide storage battery or other auxiliary power equipment in case of an accident to the vessel.

COUNCIL OF WOMEN. Convention at Port Arthur Discussed. Port Arthur, June 16.—The sessions of the National Council of Women, in convention at Port Arthur, are gliding along swiftly, business and social pleasure intermingling each day.

A feature of yesterday's session was a discussion on patriotism in the schools and the necessity of including respect for the flag, a compulsory subject in the curriculum of the schools, and an interesting resolution on the matter.

A local council in Strathcona was organized and the members of the National Council of Women of Canada were despatched to the Governor General.

Marie, Ont., June 15.—Word was received here today from the Canadian Minister of Justice that a reprieve for Mrs. Angeline Neapolitan, sentenced to be hanged August 5th for the murder of her husband, could not be considered so far in advance of the date of execution. Petitions urging a reprieve are being circulated by many Canadian and American cities.

Coronation Crowd Fills the Streets of London

Hundreds of Thousands of Visitors Gathered in British Capital—Fortunes Paid for Seats Along the Line of March

London, June 14.—Coronation revels are making London by storm. Progress along the sidewalks of the principal West End thoroughfares is reduced to a crawl by reason of the crowds, while the traffic in the streets along the line of the Royal route, where the first beginnings of the decorative schemes are to be seen, is almost at a standstill. The British capital today is certainly the most cosmopolitan city in the world.

In spite of the inconveniences that are already beginning to appear, visiting observers are particularly struck by the prevailing good humor. Curb-stone vendors are doing a roaring trade in cheap coronation souvenirs, pictures of the King and Queen in various sizes and styles are exhibited in retail stores, on cups and saucers and in the miniature medallions which patriotic citizens are wearing in their buttonholes.

Several hundred men are planning for the largest influx of visitors ever known to metropolitan police annals. Some idea of the crush of people to be expected with the opening of the coronation area has been issued. The coronation area has been issued.

INDIA'S WHEAT CROP 369,000,000 BUSHELS

This is Estimate of British India's "Banner" Crop Made by U. S. Department of Agriculture in the World's Review—Record Area is Said to Spring Wheat in Western Canada

Washington, June 16.—A bumper harvest of wheat in British India, estimated at 369,000,000 bushels, surpassing all previous yields, and a record area sown to spring wheat in Western Canada giving rise to seemingly extravagant estimates of probable yields, are features of a world's review of wheat and other cereals announced by the department of agriculture today. In other respects, foreign agriculture generally has made average seasonal progress.

In Argentina there have been great wheat and flax exports to the south. Servative wheat, and Andrew Broder, M.P., Dundas, left for Winnipeg at midnight to inaugurate his western campaign. Two secure certificates wireless operators must pass examinations at one of the government signal stations.

The regulations require that sufficient current for the operation of the apparatus shall be furnished at all times while a vessel is under way and give notice that after Jan. 1, 1912, ships must provide storage battery or other auxiliary power equipment in case of an accident to the vessel.

COUNCIL OF WOMEN. Convention at Port Arthur Discussed. Port Arthur, June 16.—The sessions of the National Council of Women, in convention at Port Arthur, are gliding along swiftly, business and social pleasure intermingling each day.

A feature of yesterday's session was a discussion on patriotism in the schools and the necessity of including respect for the flag, a compulsory subject in the curriculum of the schools, and an interesting resolution on the matter.

A local council in Strathcona was organized and the members of the National Council of Women of Canada were despatched to the Governor General.

Toronto Capitalists Coming. Port Arthur, Ont., June 15.—A party of 35 people, representing leading financial interests of Toronto, will arrive here on Friday morning on the Hamilton, on their way west, and will travel as far as Edmonton by special car on the C.N.R. They are known as the Neely party, and will comprise doctors, lawyers and financiers. The trip is being made for the purpose of finding suitable fields for investment by the first-hand knowledge which a trip through the country alone gives.

Sir Donald Mann's Father Dead. Action, Ont., June 15.—Hugh Mann, father of Sir Donald Mann, and Alga Mann, contractor of the Canadian Northern in the West, died here today, aged 84, from paralysis stroke. Mrs. John Hamilton, of Dauphin, Man., is a daughter, Hugh Mann was a prosperous pioneer farmer, coming here from Brandon 74 years ago.

Many Petitions for Reprieve. Sault Ste. Marie, Ont., June 15.—Word was received here today from the Canadian Minister of Justice that a reprieve for Mrs. Angeline Neapolitan, sentenced to be hanged August 5th for the murder of her husband, could not be considered so far in advance of the date of execution. Petitions urging a reprieve are being circulated by many Canadian and American cities.

U. S. Government After July 15 Will Sail the Seas to Carry Telegraph Apparatus and Daily Qualified Operators on Penalty of \$5,000. Washington, D.C., June 15.—After the first of next month, sea-going vessels carrying more than fifty passengers will be liable to a fine of \$5,000 unless they are equipped with wireless telegraph apparatus capable of transmitting messages to a distance of not less than 100 miles and manned by an operator carrying a certificate issued by a foreign government.

Regulations governing wireless telegraph apparatus are under an act of Congress passed June 24, 1910, to become effective July 1, 1911, and issued by the commissioner of navigation today. Three inspectors in charge of the Atlantic, middle Atlantic and Pacific divisions, and collectors of customs are authorized to enforce the law. Two secure certificates wireless operators must pass examinations at one of the government signal stations.

The regulations require that sufficient current for the operation of the apparatus shall be furnished at all times while a vessel is under way and give notice that after Jan. 1, 1912, ships must provide storage battery or other auxiliary power equipment in case of an accident to the vessel.

## MEXICO'S EX-FINANCE MINISTER IN CANADA

Senior Llamontour and Senior Y. Es-  
candon, Ex-governors are in Mont-  
real and will sail for Europe—  
Neither of them is Bitter Against  
Madero.

Montreal, June 14.—Senior Jos Ives  
Llamontour, ex-finance minister of  
Mexico, and Madame Llamontour, wife  
of the late minister, are in Montreal.  
Senior Guillermo de Landa Y. Es-  
candon, ex-governor of the Federal  
District of Mexico, is here with his  
daughter, Lita Montreal, where they  
have been stopping for some days,  
for Quebec this afternoon. They  
will sail for Europe by the Empress  
of Britain.

Neither Senior Llamontour nor  
Senior de Landa seemed to bear any  
animosity towards Madero and his  
adherents, and on the contrary  
spoke in the highest terms of his  
ability and honesty. They expect  
to see him elected president in Octo-  
ber.

## MASTER PLUMBERS IN SESSION.

In Fore William Decide to Change  
Name of Association.

Fort William, Ont., June 14.—At  
the afternoon session of the Master  
Plumbers' association the most im-  
portant step in the history of the or-  
ganization was taken. The name will  
be changed to the Canadian Society of  
Sanitary and Heating Engineers. A  
paid office staff will be organized,  
including a secretary, and an effort  
will be made to include a greater  
number than ever before belonged to  
the association. In its choice for the  
next convention Calgary will have to  
beat out Montreal to be returned a  
winner. Montreal entered the race  
today when a wireless telegram was  
received from the mayor of that city,  
who is on the ocean en route to Lon-  
don to participate in the coronation  
ceremonies. In the telegram the  
mayor stated that it would be a  
pleasure to the city to entertain the  
plumbers next year. The invitation is  
being heartily endorsed.

## WANT BORDEN TO OFFICIATE

He Will Be Asked to Declare Open  
New Calgary City Hall on His  
Visit to City.

Special to Bulletin.  
Calgary, June 14.—Fifty-four years  
of age the day he reaches Calgary,  
R. L. Borden, leader of the opposi-  
tion, will be asked to open the new  
Calgary city hall, which although it  
has been in use for several months  
has never been officially declared  
open.

## ONLY 11 APPEALS WERE ALLOWED

Court of Revision on Assess-  
ment Confirmed Over  
100 Appeals.

The hearing by the commissioners  
of appeals against the assessment  
was practically concluded yester-  
day. Of one hundred and thirteen  
appeals registered one hundred and  
two have been considered and re-  
ductions made in eleven cases only.  
One of these reductions was made at  
the suggestion of Assessor McMillan,  
who gave reluctant consent to several  
others and may possibly appeal that  
on the property owned by Edgar  
Richardson, on the corner of Pirat  
street and Churchill avenue.

The commissioners meet again  
in the afternoon for the purpose of dis-  
posing of the appeal of Mrs. Hetu,  
who owns the Queen's Hotel and  
side and Mr. Hagan, the owner of  
neighboring property. Both ap-  
peals have been made on the ground  
that the property has suffered serious  
injury from the sliding bank. The  
property was inspected by the com-  
missioners this morning, and it was  
discovered that on the most easterly  
portion of Mrs. Hetu's land the bank  
has fallen away to a point within a  
few feet of the back of the building.

When these two appeals have been  
disposed of, the only remaining ap-  
peal will be that of the C.N.R. Under  
an agreement made by the city  
with this company, the terminals  
are assessable "for municipal pur-  
poses" only at the value at which  
the property was purchased. For  
municipal taxes, therefore, Mr. Mc-  
Millan has placed their assessment  
at \$25,000, but for school purposes  
the property is assessed at \$639,120.  
O. M. Biggar, who appeared for the  
company, contends that school taxes  
are taxes for a municipal purpose.  
Consequently this appeal has been  
deferred for several days.

Assessor McMillan has emerged  
from the ordeal triumphant. An  
element of humor has been added to  
otherwise dull proceedings by the  
fellowship with which he has protect-  
ed his assessment from what he  
considered to be the danger of hasty  
or ill-considered change.

## THE FINANCIAL AND COMMERCIAL MARKETS

EDMONTON CITY MARKET  
Edmonton, June 14.—Local selling  
continues rather brisk and receipts  
are keeping well up. Hay shows a  
slight advance, timothy holding par-  
ticularly strong, as high as \$28 hav-  
ing been paid for top-notch loads.  
Cats are coming in in good quanti-  
ties.

In the produce market eggs are  
consistently weaker, a decline of  
two cents being reported by the Ed-  
monton Produce Co. Dairy butter is  
also quiet with increased receipts.  
Creamery is about stationary.

Green hides show for the first time  
in many weeks an advance of 1-2c  
per pound.

ions good from the 12th to June  
17th, weighted off cars at Edmonton:

Choice quality hogs, 150 to 200, 61-64.  
Hogs—  
Good fat steers 1200 and up, 53-4 to

Extra fat heifers, 1000 and up, 41-2  
to 50.  
Medium quality fat heifers, 900 to  
1050, 4 to 41-20.  
Extra fat cows 1100 and up, 41-3 to  
50 cents.  
Bulls and Stags, 3 to 41-20.

CALVES—  
Good calves, 125 to 200 lbs, 5 to 5 1/2c  
Good calves, 200 to 300 lbs, 4 1/2c  
to 4 3/4c.

Winnipeg Grain Markets.  
Winnipeg, Man., June 16.—Mar-  
kets were rather a nervous affair  
this morning, and there was a pretty  
wide range of fluctuations. Winnipeg  
July closing at 1/2c down, but Octo-  
ber was up 1/2c to 1/2c, and December  
1/2c, while oats shaded off 1/4c. There  
was a very moderate cash demand  
and a far export trade for Nos. 3  
and 4.

Chicago July advanced 1/2c to 3/4c  
after a range of 1/2c; September and  
December closed unchanged at 1-3/4c  
higher. Minneapolis July closed 1/4c  
up, September 1-3c and December un-  
changed. The most important news  
was John Inglis' special report, which  
has distinctly bearish, as to both  
quantity and quality of winter wheat.  
Canadian weather map was fair and  
warm.

Chicago Grain Markets.  
Chicago, June 16.—Stagnant bul-  
lish prices maintained in Europe,  
with sending the declines on this side  
of the water were responsible largely  
for an advance today in the wheat  
market there. Closing figures showed  
a gain of a shade to 1/4c and 1/2c  
over last night's.

Support by the principal loans in  
wheat was forthcoming on all de-  
pressions, despite the fact that rains  
were reported precisely where needed  
in the spring crop regions. Foreign  
strength appeared to have chiefly as  
a basis the fear aroused regarding  
growth conditions in central and  
southeastern Europe. Dispatches  
were at hand telling of excessive  
moisture in southern Russia and in  
Romania, sharp demand in Ger-  
many and a big falling off in ship-  
ments from the Argentine. Some  
traders professed also to see an ele-  
ment of at least temporary encour-  
agement for the bull side because  
many offers of new wheat were be-  
ing rejected here, most of the cash  
concerns having no additional storage  
room available. As the end of the  
day approached the volume of trad-  
ing seemed to diminish, but neverthe-  
less the close was steady.

Royalist Attack Threatened.  
Lisbon, June 13.—Captain Couceiro,  
the Royalist leader, is reported to be  
again preparing to cross the Portu-  
guese frontier. Col. Baretto, the min-  
ister of war, today ordered the Fifth  
and Sixth regiments to the Cascaes,  
the Fifteenth regiment with Maxim  
guns, to Braga, the Eighth cavalry  
and the Fourteenth infantry to Villa  
Real, all fully equipped. The north-  
ern and southern frontiers are lined  
with troops at strategic points. Gun-  
boats are moving in the rivers. Air-  
leaves from the Fifth, Second, Third  
and Fourth divisions of the army  
have been recalled. Minister Barreto  
declares that if the royalists enter  
the country they will be annihilated.

WILL INSPECT THE  
CANADIAN TROOPS.  
London, June 14.—Lord  
Roberts will inspect the Cana-  
dian troops in connection with  
tomorrow. Lord Kitchener  
will inspect them on Monday,

## Claim Three Millions of Alberta Government

Six Months Time Allowed For Filing of Damage Claims  
Again Province in Respect to the A & G W. Rail-  
way Expenses Tomorrow

Friday, June 16th, six months from  
the passing of the Act which an-  
nulled the Alberta and Great Water-  
ways Railway and expropriated the  
proceeds of the bond sale for the  
general funds of the province, was  
the date set by the Legislature as the  
last day for the filing of claims for  
damages against the government by  
parties suffering loss by reason of  
the cancellation of the railway com-  
pany's contract. With Friday as  
this last day, practically all the  
claims have been filed.

The aggregate in the neighbor-  
hood of three million dollars. The  
Canada West Construction Company  
and the Great Waterways Railway  
have entered a claim for \$2,500,000,  
prepared by J. H. Moss, K.C., of Tor-  
onto. The Royal Bank of Canada  
has entered a claim for \$400,000,  
money supposedly advanced towards  
the construction of the railway. Dr.

H. L. Melnes, of Edmonton, has  
entered a claim for a considerable  
sum. These are the principal  
claimants. There are other minor  
claims made.

Presented First to Legislature.  
Attorney-General Mitchell stated  
yesterday that the claims would not  
be made public before being present-  
ed to the Legislature at its session  
this fall.

The hearing of the action brought  
by the province against the Canada  
West Construction Company, the  
Alberta and Great Waterways Rail-  
way Company and the Royal Bank  
will not come on until the September  
sittings of the Supreme Court, the  
proceedings having entered an appeal  
to the court on June 12th. The  
decision of Mr. Justice Beak in chambers  
granting an adjournment until the  
autumn sittings.

## SEAMEN'S STRIKE IS INAUGURATED

Sailors and Firmen Quit  
Work This Morning—  
Boats Tied Up.

London, June 14.—The threatened  
international strike of seamen and  
fishermen was launched officially at  
Liverpool and some other ports of  
the British Isles and continued this  
morning. The first big steamers to  
be tied up were the trans-Atlantic  
liners. The crews of the Tonicic  
and Swift Canadian, which dated

## SEAMEN'S STRIKE IS FORMALLY DECLARED

Owners Maintain Attitude of Indiffer-  
ence and Little Enthusiasm Dis-  
played—6,000 Seamen Attend a  
Mass Meeting in East London.

London, June 14.—The seamen's  
strike was formally declared tonight  
at London, Glasgow, Liverpool, Car-  
diff, Bristol, Southampton and other  
British ports, and also at Belgium  
and Dutch ports, but the chances of  
any real international strike being  
called stem remote. So far as to-  
night's indications show the confi-  
dence of the shipping federation is  
well placed, for at hardly any of  
these ports was enthusiasm displayed  
for the strikers and the ship owners  
maintain an attitude of indifference,  
seemingly satisfied that they will  
have no trouble in filling the places  
of the strikers who thus far can-  
not be counted upon by hundreds.

Tom Mann, at Liverpool; Benj. Til-  
let, at London, and Havlock Wilson,  
at Southampton, are doing the ut-  
most to galvanize the movement,  
but with small success. They de-  
mand chiefly a minimum wage and  
employment of Amiaties by ship  
owners. There appears very small  
hope here that either Germany, Nor-  
way or Denmark will come into the  
movement.

At a mass meeting in East London  
tonight, attended by 6,000 sailors  
and firemen, the signal for the strike  
was given. This consisted in the  
firing of three rockets and the un-  
furling of a banner inscribed by  
are about \$414,000.

BOARD OF TRADE DEFERS ACTION

Will Not Ask for Removal of Cement Duty at Present

(From Thursday's Daily.) Because a representative of the Builders' Exchange was present at the meeting of the Board of Trade yesterday afternoon...

After a spirited discussion of the situation, a motion that a committee be appointed to secure the co-operation of other boards of trade in Western Canada...

Urges Immediate Action. Considerable difference of opinion as to the cause of the cement shortage was shown in the discussion.

Clark Comments. Mr. H. H. Clark thought that the board should not be precipitated in memorializing the government. Facts and figures to substantiate the grievance should first be gathered together.

Brick-Makers Get Best Results. To quote the report: "If by constant vigilance the manufacturer is kept inside the proper limits, the product will be a somewhat pale red color, by use of other processes than those employed in the past, it cannot hold out any hopes of any important improvement in these respects."

Possibilities of Development. In regard to the second point of the report, the results of his investigations indicate that there are possibilities of very important development.

Explanation of Builders. A. Brown, A. C. Fraser and President Morgan supported Mr. Clark in his motion that the Builders' Exchange be required to explain the situation more fully before the board take action.

To Form Re-Union Society. Mr. C. Fraser and Mr. H. H. Clark spoke in favor of the formation of a branch of the association in Edmonton and on motion of A. C. Fraser, seconded by A. W. Challinor, the members present voted unanimously that the president appoint a committee to undertake the organization of an Edmonton branch of the Imperial Home Re-Union Association.

It is worth noting that a committee to investigate the cement shortage was appointed by the board of trade yesterday afternoon.

LAWYERS TENDER BILLS TO THE CITY

Fees of Messrs. W. L. Walsh and C. C. McCaul are \$1,087

(From Friday's Daily.) Bills for the legal expenses incurred in staging the performance in which the council and commissioners have figured with varying success the last few months, were presented at the meeting of the council held last evening, and payment authorized, subject to protest by Aid. Hyndman against payment by the city of the amount presented by W. L. Walsh, K.C., and C. C. McCaul, Esq.

Mr. Walsh, K.C., was retained as counsel for the city in the case of Gallagher et al. versus Armstrong et al. and his fees amounted to \$577.55. Aid. Hyndman stated that the total amount of the bill for the legal expenses incurred in the case of Gallagher et al. versus Armstrong et al. and his fees amounted to \$577.55.

Aid. McNeill Acting Mayor. In view of the fact that in the next session the council will be reduced to five members, the council will be reduced to five members, the council will be reduced to five members.

MORE ASSESSMENT APPEALS HEARD

Appeal Court Will Resume Consideration of Cases

(From Friday's Daily.) Having made only seven reductions in the assessment after having considered nearly one hundred appeals, the commissioners adjourned yesterday afternoon to meet again this morning at ten o'clock, when the remainder of the appeals will be considered.

The greater part of yesterday afternoon was spent in hearing the objections of C. J. Newell, Esq., on behalf of the Hudson's Bay Co., to the assessment of their property in the city. Assessor McMillan took a prominent part in the defence of the assessment, which he had made, and finally his figures were confirmed without change.

The assessment of the unimproved portion of the city, as shown in the report of the assessor for the year 1911, shows an increase of \$1,485,000 over that of last year, the assessment for 1910 being \$1,799,850.

The appeal of the Queen's Hotel site on the ground that part of the lot had been depreciated in value by reason of the building back, received favorable consideration, several of the commissioners expressing the opinion that the value should be reduced for this circumstance.

The school management committee submitted a list of approved teachers from which appointments will be made for the coming year. Some discussion took place with regard to the wisdom of allowing the school board to appoint teachers at this time for the purpose of attending camp.

DAY SCHOOLS NOT RESPONSIBLE FOR SPREAD OF SCARLET FEVER

Medical Inspector, in Report Submitted to Board of Education, Declares That Only One Case of Infection From a Pupil in the Schools Has Occurred

(From Friday's Daily.) That only one of the many cases of scarlet fever which have developed in the city during the past few weeks started from infection from another pupil in attendance at the schools was the statement made by the medical inspector of schools in a report submitted to the School Board at a meeting held last evening in the offices of Superintendent McCall.

The medical inspector also submitted a report on the results of 494 medical examinations undertaken during the month in the high school, Queen's avenue school, Westmount and the Oliver school.

The addition to the property of the board of another full block site was reported by the assessor. It is being purchased for the sum of \$17,000. It is situated on Athabasca avenue in a direct line west from the Woodward school and is at the end of the third ravine running through the city.

The building inspector reported a number of repairs to McKay avenue school and recommended certain changes in the heating and ventilation system of the Alexander Taylor school.

WARM PRAISE FOR THE CITY ASSESSOR

Mayor Highly Commends Work of D. M. McMillan

(From Thursday's Daily.) Unqualified praise was accorded to City Assessor McMillan by Mayor Armstrong yesterday afternoon, when the board of commissioners practically completed their duties as a court of revision to hear appeals from the assessment. Commenting upon the amount involved in the aggregate amount of the appeals, the mayor said that he was highly pleased with the work of the assessor for the year 1911.

CONTRACT AWARDED FOR NEW FIRE HALL

Sixteenth Street Structure Will Be Erected by the Alberta Builders for \$12,295—Contract Also Awarded for New Fire Hall Equipment

(From Thursday's Daily.) The contract for the erection of the new No. 4 fire hall on Sixteenth street was awarded by the commissioners yesterday to the Alberta Builders for \$12,295, the building to be erected with base of tower only, as it has been decided that the tower complete will not be required for several years. The building inspector explained that he had previously recommended the acceptance of the tender of Nesbitt & Miller for \$14,375 with the understanding that the tower should be included in the contract in this figure, would be required, and choosing this tender instead of that of the Alberta Builders, which with the tower included, amounted to only \$15,000, because they knew the former firm to be reliable.

Upon the recommendation of Commissioner Boutton and Fire Chief Leander, the contract for the supply of hose wagon, chemical engine and chieftain motor was awarded to the Webb Co., whose figure was \$9,500. Contracts for the supply of car meters were referred to Commissioner Boutton and the superintendent of the street railway with power to act.

PYTHIANS WILL TAKE NEW START

The Grand Lodge Meeting Being Held in Charesholm—Statistical Reports Not Encouraging—The Order Will Put An Organizer in the Field, Soon

Charesholm, Alta., June 13.—The Grand Lodge Knights of Pythias opened here today in the fourth annual session. About thirty delegates are present from all parts of the province, and a considerable number are expected from Lethbridge tomorrow when the Dokes meet.

Today was largely devoted to organization. It is understood that the statistical report will show a falling off in membership both north and south. A project is under consideration to put a paid organizer in the field in an effort to boost the order next year.

C. W. McNeill, of Edmonton, retired from the office of head chancellor and commander, and Dr. Stapleton, of Saskatchewan, was elected for the unexpired term. Election of officers takes place tomorrow.

Calgary delegates present are: H. M. Vincent and F. L. Brackley. The proceedings today closed with a banquet at which the town council and members of the board of trade attended to greet the visitors. The town is nicely decorated and the visitors are enjoying themselves immensely.

Assessment of St. Boniface. Winnipeg, June 16.—The assessment for the city of St. Boniface for 1911 has just been announced as \$11,588,750.
