So heavy was the downfall that MINARD'S LINIMENT CO., Ltd., the Solent was blotted from view, and the look-out did not observe the appectorants for relief of pul-proach of another vessel until too late to avoid a collision. The great liner crashed into the vessel, which proved to be H. M. S. "Gladiator." When the "St. Paul" backed away, it was seen that a great hole had been made in the cruiser's side, which had smashed her boats, while her boilers had burst, killing the stokers and enveloping that part of the ship in scalding clouds of steam. Tons of water poured into Dr. F. Stafford & Son, the interior of the "Gladiator," giving her immediately a tremendous list to starboard. Unpopular Votes.

The three genial gentlemen who be congratulated on the success of their joint requisition to the Government for an increase in the judicial stipend: their sole claim being that Supreme Court judges in Canada were ermine. And of course, following the precedent set by our big sister across the Gulf, and with a desire to satisfy the demands of the higher court, the Hon. Minister of Finance was graciously pleased to announce, in introtheir request and following the Canadian precedent, had included a vote for a \$2,000 per annum preme Court bench. By this vote the sive, that he must perforce only con- ed by Mr. R. Dowden and supported Chief Justice's stipend (we would not style it salary) is increased from \$5,000 to \$7,000 and the assistant judges from \$4,000 to \$6,000.

Just consider it people of Newfoundland. Two thousand dollars, at one cold crack, given each of these the same scale with those of the Supreme Court Bench of Canada.

The population of Newfoundland today is not 260,000 people, a mere city full compared with other countries, and consequently the duties of the Supreme Court Judges are not a tithe of those who occupy a similar position in the Canadian judicature. The whole thing is wrong in priniple. Any one man in the dominion

Dear Mr. Maxon:-On this the your home for the vacation and rest you have so well earned, we take this opportunity of expressing our thoughts of you during our business

Since you came to St. John's two years ago to conduct the affairs of this Company, too much cannot be said of your achievement for it is directly due to your able management that this branch holds the enviable place it does amongst Singer Agencies You have also been more than fair as a manager and certainly a good friend, the memory of which shall always remain with us.

It is our sincere wish that every noment of your stay with your family will be enjoyed and that you will reholiday you have so richly earned.

we would ask you to accept this small remembrance not for its intrinsic value, but as a souvenir of the trip. With the wish that the vacation will give a teaspoonful of "California be all that is desired we wish you

An airplane express service has been started between Toronto and Hamilton by F. G. Ericson, the first trip having been made by Pilot A. E. Parsons. The first load of merchandise was a motion picture film, which will be regularly delivered in this manner to the Ambitious City. The return flight occupied 25 minutes. The start was made from Leaside and the landing effected at the Scott property, Hamilton, where an automobile met the airplane and took over the film for delivery in the city. [The above is taken from a Toronto exchange, and the pilot referred to is a son of Mr. E. Parsons, M. H. The Majestic.

Nothing ut a guilty conscience or bad case of indigestion will prevent anyone from enjoying the trip "Up the Road with Sallie." This five-part select picture was adapted by Julia Crawford Ivers from the novels by Francis Sterrett, and was directed by William D. Taylor. It belongs to the list of never-did-happen stories, but that doesn't detract from its amusing qualities. It is all breezy, good fun, thanks to the vivacity and youthful charm of the star and the clever way in which the story has been put together. Constance Talmadge is seen at her best as Sallie Waters, and there is an air of wholesomeness about the entire picture that gives it a most agreeable atmosphere.

"Up the Road with Sallie" opens with a short deathbed scene, but gets a flying start on its true mission of creating laughter and not tears when in the same house. The women mis-take them for burglars, and they ar-

At the City Hall.

The Municipal Council held its resular weekly session last evening. The Mayor presided and all the Councillors attended. After reading of minutes, etc., the following business was disposed of:

In connection with the taking over of the Cowan Mission Convalescent Home as a maternity hospital, there was lengthy debate. Coun. Talt spoke strongly in opposition to the movement. He did not think the Council should connect itself or burden any incoming Council with what he called "a white elephant." A maternity home or hospital should be built according to specification, with due regard to hygienic requirements. To take over a building constructed for other purposes was mere folly. The city at present was unable to find money enough to keep its streets clean or make any improvements, and the idea of taking on additional expense did not appeal to common sense. He opposed the taking over of the building on these grounds, and was supported by Councillor Mullaly.

A motion to confirm the Council's action in accepting the offer of the ladies of the Cowan Mission was supported by Councillors Morris, Brownrigg, Ayre and Vinnicombe; Councillors Tait and Mullaly dissenting. Coun, Mullaly gave notice of recon-

sideration at next meeting. Colonial Secretary wrote he would bring Council's communication re housing proposition and the passing of the Charter, to the attention of the

Deputy Minister of Finance acknowle . d receipt of Council's cheque for interest for the half year July-Decem-

ber, 1918. Regarding suggested repairs to the steam roller, it was ordered to leave matters in the hands of the City Engineer for attention.

J. Clark, 231 Water Street West, wrote re fence around his house which was broken down by a pile of stones from the Council's rock crusher. This will be attended to.

Roland C. Morris wrote offering land on Pleasant Street for the purpose of making a road through to Pennywell Road. The Engineer will report as to the exact situation of this property.

Superior Mount Cashel asked Council for loan of the rock crusher to help building operations there. The Engineer is to report on this matter. James Murdock's plans of bungalow on Sudbury Street and house on

Topsail Road, were approved. Plan of garage for W. E. Beams Gower Street, was deferred for further examination and repoort.

Knight and Taylor applied for pernission to make alterations to house. New Gower Street, owned by A. G. Andrews. He is is to send plan of proposed additions.

Jas. F. Kenny complained of the condition of a gulley, corner New Gower and Springdale Streets. Referred to the Engineer for enquiry. Wm. Payne was given permission age on Gower Street.

Regarding change of street line on Pennywell Road, it was ordered the City Engineer enquire as to the area of land to be taken.

The Plumbing Inspector reported 8 houses on Spencer Street connected with the sewer since the extension. and a further number of house owners notified to connect.

The Health Officer reported two new cases of diphtheria in the City for the past week.

After disposing of some routine business and passing the pay rolls and bills, the meeting adjourned.

SERIUOSLY ILL. - The many friends of Mrs. Tucker, wife of Mr. Geo. Tucker, of the R. N. Co.'s Electrical Dept., will regret to learn of her serious illness. Yesterday afternoon she underwent an operation at the General Hospital, a successful termination of which is confidently looked forward to.
