THE G.O.M. TAKES THE STUMP

MUCH TO BE DONE ONCE IRELAND'S DEMANDS COMPLIED WITH.

The Country Expects the Removal of Legislative Powers—London's Municipal Council Has Taken the Widest Extension—The 8-Hour Day a Large Scheme to Progress.

LONDON, June 1.—Mr. Gladstone, in addressing the London Liberal-Union League last night, said that the dissolution of Parliament was approaching with great strides. The whole country was awake and was expecting the removal of legislative powers by the Government. It was a gigantic task, but it might be accomplished, in a way, once the Irish problem was disposed of.

There was no group of questions the Liberal were more united upon than those affecting the London municipal powers. They believed that local control should have the widest extension.

Respecting the question Mr. Gladstone said that he had intended to the London Trades Council his readiness to receive a delegation in June, after the Whit Sunday holidays.

A uniform working day of eight hours, he said, was a large scheme to propose. The promoters of the scheme, however, should not be judged harshly, for in the early stages of all reforms.

He thought that voluntary action on the part of both employers and employees in the direction of shortening the hours of work, would be the best way to deal with the matter.

There might be cause for Parliamentary interference in cases where industries possessed legitimate privileges.

Referring to Lord Salisbury's justification of Parliament Mr. Gladstone said that that speech had become an extraordinary feature of English political history.

It was no longer an isolated expression of a single political incendiary. It was now adopted by his colleagues in Parliament.

It was an astounding intimation, which, under the veil of prophetic intimation, the law and authority of the land.

A Mystery in Church-street—A Lady Who Gave a False Name—Now at the Point of Death.

An affair of a suspicious nature, which will probably figure in the courts, has just been brought to light in this city.

The lady in question, who is now at the point of death, is a young woman, who is believed to be a respectable person, but who is believed to have been in a room which he had intended to the London Trades Council his readiness to receive a delegation in June, after the Whit Sunday holidays.

The afternoon session opened with a general discussion on the subject of "The Medical Profession in Ontario," which was presided over by Dr. R. A. Hevia.

The discussion was a very interesting one, and the speakers were all well known in the profession.

The meeting closed at 4 p.m. with a dinner given by the association in the public hall.

THE REDISTRIBUTION DEBATE

A DIVISION HAS NOT YET BEEN REACHED IN THE HOUSE.

Ministers Howell and Foster on Washington to Discuss Canadian Affairs with the British Ministers—Mr. DeLorge's Home Rule Motion May Come Up on Monday.

OTTAWA, June 1.—The whole of to-day's session up to 11.40 to-night has been practically taken up with the continuation of the redistribution debate, and the vote on Mr. Laurier's amendment was not reached to-night as had been expected.

The debate was opened by Mr. Choquette and continued by Messrs. Dupont, Binnet, Desjardins, Monod, LeDuc, O'Brien and Edwards.

Mr. DeLorge made the speech of the day, making at least two good points: (1) That the popular vote of the Province of Quebec had always been Conservative, even when the Mackenzie Government was in power; and (2) that no change had been made in the boundaries of the constituencies since 1851, although the population and commerce of the Province had greatly changed in that time.

It was ridiculous, he said, to say that the Montreal vote was entitled to no representation than the Montreal vote of 40 years ago.

Mr. Edwards made what was quite a speech for him, protesting against the redistribution of seats, and stating that it was done to put him out of public life and to carry out a threat made by his uncle, Sir John A. Macdonald, in 1850, that he (Edwards) would be put out of Parliament by Clarence Townshend being taken out of Russell and put into Prescott.

MURDER AT RAT PORTAGE

The Mutilated Body of a Woman Found on Tunnel Island—Evidently Killed by the Water.

RAT PORTAGE, Ont., June 1.—A man reported to the police that he had discovered the dead body of a woman lying on Tunnel Island, a short distance from the water. A constable in company with the man went over to the island and found that the body was that of a woman who had evidently met with foul play.

The deceased came here from Winnipeg last summer, and worked for some time in a restaurant. She was then a widow, calling herself Mrs. Mandy. Since coming here she was renamed to a man named Ostrander, who is at present working in a camp on the Rainy River. The woman reached here from that place a day or two ago, and is known to have had money in her possession just before the foul play and death. The body has been brought here and an inquest will be held.

WILL SHE COME BACK AGAIN? The Wife of Prince Michael Has Left Detroit for Canada.

DETROIT, June 1.—Mrs. Mills, Prince Michael's wife, having learned that the notorious Mrs. Mandy had gone to the home of her children, where she and Michael went to school together, and that she was in the city, she has left Detroit and is on her way to Canada.

Mrs. Mills' lawyer says Mrs. Mills will come back to Detroit and give evidence for herself, and that diverse proceedings will be pushed.

A MISSING BREWERY. He Leaves Creditors in the Lurch to the Tune of \$21,000.

SALEM, Ont., June 1.—Michael Doerbeck, brewer, has disappeared, leaving his creditors in the lurch to the tune of \$21,000.

Many of the residents of Salem and Elora are his victims. A favorite plan of his was to raise money by having been to get some of his friends to sign a note with him for three months. When it was due he represented the bank wanted a renewal, and he procured a second note which was discounted without lifting the old one. In this way many of his creditors have been lured into signing notes, which he has never intended to pay.

He was a prominent brewer, and was a member of several societies and was up to the time of his flight, highly respected in the community.

DID SHE KILL THE BABE?

A GAIT WOMAN ARREST IN TORONTO FOR INFANTICIDE.

A Sudden Death Followed by a Hasty Burial and the Flight of the Woman Leads to the Belief That a Murder Has Been Committed—An Inquest in Progress.

GAIT, Ont., June 1.—Some time since an infant was left with a Mrs. Palmer, residing in North Water-street, by its reputed mother, a Mrs. Thompson, then employed as a cook at the Queen's Hotel, but now a resident of the United States. Mrs. Palmer was paid a consideration to take charge of the infant.

The child died on Monday morning, was buried on Monday afternoon, and Mrs. Palmer left with her household effects for Toronto the same night.

Rumors as to the infant's condition prior to its death, and the fact that with which the burial was accomplished, and Mrs. Palmer's flight to Toronto without notifying her landlord, taking her own children and household furniture with her, led the public to believe that an investigation should be made.

Weighted Only Four Pounds. The body was disinterred yesterday and an inquest held by coroner Vardon, which was adjourned to permit of a post-mortem examination, after which the coroner issued a warrant for Mrs. Palmer's arrest.

Evidence as to the infant's weight, shown that it was not more than four pounds, and that it was a perfect skeleton, weighing only four pounds.

A Package of Arsenic. A package of arsenic was discovered in the house after Mrs. Palmer's departure, which was purchased by her as a druggist on April 18 for the ostensible purpose of poisoning milk.

Mrs. Palmer's husband called at the police station and had a short conversation with the police. The officer leaves with his prisoner for Gait this morning.

A TORONTO MAN'S HOPE. He Leaves a Note Saying that He Will Drive Himself.

LEWIS, N.Y.—There was great excitement at the Royal Hotel on Tuesday evening, when Mr. Johnston, machine engineer, picked up the following letter, which was left in a conspicuous place, evidently by some practical joker:

STURTELL, May 31, 6 o'clock p.m. The first person who sees this letter must come to my house and tell me that I have committed suicide.

My name is J. H. Johnston, and I live at No. 100 C.P.R. station, I am coming there now. Good-by. FRANK HENDERSON, 27 Richmond-st., Toronto, Ont.
