

HUERTA'S REFUSAL TO DIVULGE FATE OF MISSING U. S. SOLDIER HAS INSPIRED FORMAL PROTEST

Private Parkes, Who Fell Into Federal's Hands at Vera Cruz, Reported to Have Been Executed—Delay in Mediation Conference to Give Huerta Delegates Rest After Travel.

Canadian Press Despatch. WASHINGTON, May 15.—Post-ponement of the Niagara Falls Mexican mediation conference from next Monday to the following Wednesday at the request of the Huerta delegates changed the plans of the South American mediators and the American commissioners for departure today or tomorrow, and produced at the same time much speculation as to possible significance in the delay.

Later the Spanish ambassador here, who is caring for the interests of Mexico in the United States, authorized the statement that the 2-day delay meant merely that the Huerta delegates wanted a brief respite from their long journey and had no political importance. The Spanish ambassador will give the Mexicans a dinner here Saturday night, after which they will proceed to Niagara Falls, Ont. The three South American diplomats and American commissioners will leave on Saturday or Monday and all will assemble on Wednesday.

One Sinister Aspect.

There were many developments in the day clearing the horizon for mediation, but one sinister aspect developed in the sending of a strong note of protest by the United States government to Gen. Huerta thru the Brazilian minister in Mexico City declaring the reported execution of Private Parkes, an American infantryman, a hostile act in view of the suspension of hostilities at Vera Cruz. The refusal to divulge information about Parkes in answer to repeated requests also was resented by the American government, and while there is no intimation as to what the course of the United States would be, it is practically certain that when the final reckoning is made for offenses alleged to have been committed by the Huerta administration, the Parkes incident will have a prominent part.

Body Was Burned.

Parkes, who, according to Gen. Funston, was apparently insane, voluntarily rode into the Mexican lines. As he came in uniform, the United States contends he should have been treated as a prisoner of war and not executed as a spy. The burning of his body, which is indicated in reports from Gen. Funston, as well as by stories reaching the Brazilian legation in Mexico City, is held by the United States to be contrary to the rules of civilized warfare.

The three mediators thru the state department today announced that the Lobos Island incident had been cleared up. They did not say directly what word they had received from Gen. Huerta.

(Continued on Page 7, Column 1.)

Silliman on Way to Capital

Canadian Press Despatch. WASHINGTON, May 15.—John R. Silliman, American vice-consul at Saltillo, who was arrested by Mexican federal officials and over whose safety there have been grave fears left Saltillo yesterday for Mexico City, according to a telegram tonight to Ambassador Spring Rice from Sir Lionel Carden, the British minister in Mexico City.

MAY SHIP ARMS THRU TAMPICO

United States Gave No Order Prohibiting Importation of Weapons Into Mexico Thru Seaports.

Canadian Press Despatch. WASHINGTON, May 15.—The capture of Tampico by the constitutionalists brought out the fact that at present there is no prohibition against the shipment of arms into that port from the United States or any other country. Secretary of War Garrison today revealed for the first time the nature of his recent orders shutting off shipments of arms across the international border. He said it was a departmental order and did not affect shipments thru seaport towns. The president did not at that time issue any proclamation restoring the general embargo on arms, but it was believed then the prohibition would be carried out by the navy as well as the army. Unless the president issues a new proclamation, or the navy department takes action similar to that of the war department, the constitutionalists can get all the munitions of war they wish from the United States thru Tampico.

Earlier in the day Secretary of the Navy Daniels had expressed the belief that the American Government would not interfere with the shipments of arms into any Mexican port from countries other than the United States.

TAMPICO NO LONGER CUT OFF FROM WORLD

Public Offices Again Restored and Business Can Be Transacted By Wire.

Canadian Press Despatch. WASHINGTON, May 15.—Means of communication for public use have been opened by constitutionalists at Tampico and business can now be transacted by telegraph between that port and points in the United States, according to despatches to the navy department from that city.

BENNETT SCORED AS A SEEKER OF OFFICE

"Bucking Broncho From Alberta" J. J. Carrick's Description of Insurgent Leader—Government Applauds Graham's Mild Criticism—Test Vote on C. N. R. Issue Tuesday.

OTTAWA, May 15.—A slim house and vacant galleries indicated waning interest today in the C.N.R. debate. The first line-up will come on Tuesday, when the house will divide upon E. M. MacDonald's motion to postpone the further consideration of the government proposals until that day six months hence. The vote will not doubt be upon party lines, so far as the Liberals are concerned, but is by no means certain that in future they will act in harmony. Many of the rank and file want to put up some real opposition, and it was significant that when Hon. George P. Graham spoke today he received applause from the government benches.

Edmond Bristol (Centre Toronto) made a good speech in support of the government, and discussed in moderation Mr. Bennett's attack, but Mr. Carrick of Rainy River denounced the bill as a "bucking broncho from Alberta."

Mr. Nesbitt (North Oxford) and A. A. Maclean (Queen's, P.E.I.) also contributed speeches to the debate, which will be resumed on Monday next.

Bristol Answers Bennett.

Mr. Bristol in resuming the debate dealt manfully with the arguments advanced by Mr. Bennett, which he characterized as unfair and unfounded in fact. The Calgary member had spoken of the road as almost worthless, yet he must have known that the Canadian Northern carried one-third of the western wheat last season and had proved to be a real competitor to the C.P.R.

EMBARGO ON ARMS LARGELY IMAGINARY

Secretary Garrison Says Prohibition Has Not Been Really in Effect.

WASHINGTON, May 15.—According to Secretary Garrison's explanation of the arms question there has never been a complete restoration of embargo on arms since the president lifted it on all factions in Mexico last March. When Carranza's note following the seizure of Vera Cruz arrived here and was interpreted as threatening, the war department was permitted at that time to prevent shipments from going across the international line, but no further step was taken.

"All Mexican ports are still open," said Counselor Robert Lansing of the state department, who was acting secretary today in the absence of Mr. Bryan, when asked about the matter.

FARM HAND CRUSHED TO DEATH BY ROLLER

Body Dragged Some Distance and Badly Mangled as Horses Ran Away.

Canadian Press Despatch. GLENCOE, Ont., May 15.—An Englishman, 35, working for James Lethbridge, was killed this morning in a runaway. He fell from the roller which he was using and broke his neck; his body was dragged under the roller for some distance and was badly mangled. He was unmarried. No relatives reside in Canada.

BIG AMUSEMENT PARK THREATENED BY FIRE

Ontario Beach, Seven Miles From Rochester, Narrowly Escaped Destruction.

Canadian Press Despatch. ROCHESTER, N.Y., May 15.—Fire late tonight threatened the destruction of Ontario Beach Park, an amusement resort on the shore of Lake Ontario, about seven miles north of this city. A device called the Virginia Reel and a bath house were destroyed, entailing a loss of approximately \$10,000. An off-shore wind saved the rest of the buildings, worth about \$200,000.

SUCCESS OPERATOR.

ST. JOHN'S Nfld., May 15.—The wireless operator named Peake at Heath Point station was accidentally shot in the face on Wednesday by his fellow-operator and one eye was destroyed. The Allan liner Victorian, eastward bound on being informed of the accident, ran to the relief of the wounded man and took him on board yesterday morning. Peake is not expected to survive.

TWO MEN WERE SHOT DEAD DURING A GENERAL SCUFFLE AT DANCE IN NEW ONTARIO

John Chapman of L'Orignal and Lee Fortin of Womar River Engaged in Revolver Duel—Free Fight Was Sequel to Drinking of Liquor and Double Tragedy Resulted.

Canadian Press Despatch. NORTH BAY, Ont., May 15.—Womar River, a small hamlet on the C.P.R. main line, 200 miles west of North Bay, was the scene of a tragic shooting affray last night, which resulted in two men being shot to death.

A public dance was being held, and it is said that considerable liquor was consumed by the male dancers, with the result that a free fight occurred. John Chapman of L'Orignal and Lee Fortin of Womar River drew revolvers and began shooting at each other. Both men were shot dead.

WOMAN KILLED, FIVE OTHERS HURT WHEN MOTOR WENT INTO DITCH

Mrs. Robert Jaynes Was Fatally Injured, Three Children and Two Adults Had Narrow Escape When They Were Jolted From Car Near Bond Lake.

Mrs. Robert Jaynes, Calgary, was fatally injured and five other people, including three small children, seriously hurt when a large touring car, owned and driven by John Vanwart of Richmond Hill, turned turtle on Yonge street, at Bond Lake, at 10 o'clock yesterday morning. Those injured are the dead woman's husband, Robert Jaynes, and Mrs. Vanwart and her three children, of Richmond Hill. Mrs. Jaynes was first taken to her home by Miller's ambulance, but shortly after was taken to the General Hospital, where she died at 3.30 yesterday afternoon.

Mr. Vanwart was driving north when the accident occurred. According to eye-witnesses the big motor struck a pile of sand and swerved off the roadway into a ditch. It leaped this, and when the front wheels struck the Metropolitan car tracks, turned half over, throwing its occupants out, then righted itself. Vanwart was the only occupant to remain in his seat in the machine. When the car leaped the ditch he clung tightly to the steering gear, and this in all probability saved his life. The shock threw him against the steering gear with such force as to fracture his right leg just below the knee.

Failed to Save Life.

Robert Jaynes was thrown heavily against a telegraph post, and may have internal injuries. Mrs. Vanwart and the three children escaped serious injury, while Mrs. Jaynes, the dead woman, was pinned beneath the body of the car. She was seriously hurt internally, and although the ambulance made a record run to Toronto, her life could not be saved.

Vanwart, who has only lived in the neighborhood about a year, received the car from Regina yesterday. The trip on which the accident occurred was the first time he had tried it out.

Four doctors and two private ambulances, Miles' and Bates & Dods', responded promptly to the call for assistance. Dr. Lockhart travelled to Toronto in an effort to save her life.

Very meagre details concerning the dead woman's injuries were forthcoming from the General Hospital authorities. Although Mrs. Jaynes died in the institution, they told the press in the evening that no patient from the accident had been admitted.

PORTER COLLAPSED AT NATIONAL CLUB

Frederick Bryant Rushed to St. Michael's in Serious Condition This Morning.

Frederick Bryant, a night porter at the National Club, Bay street, collapsed about 12.30 o'clock this morning and is not expected to recover. He was rushed in the police ambulance to St. Michael's Hospital, where five doctors used artificial respiration and a pulmotor on him in an endeavor to bring him to consciousness. At an early hour this morning results of their work were not perceptible. He is 68 years of age and lives at 148 Bond street.

HOUSE-PAINTER ARRESTED.

While employed to paint a house at 197 Spadina avenue, Fred Scarratt, no home, is said by the police to have seized the opportunity of entering yesterday afternoon and making off with a gold watch and chain, a locket and other articles, besides taking all the loose change he could lay his hands on. The residence is occupied by John Sweeney. Sergt. Hinds was called in to investigate, and placed Scarratt under arrest on a charge of theft.

MUNITIONS CAN BE IMPORTED AT TAMPICO

Announcement That U. S. Embargo Does Not Apply to Recently Captured Seaport Causes Jubilation to Mexican Rebels, Who Regard Success as Assured.

Canadian Press Despatch. EL PASO, Tex., May 15.—The attitude of the American administration with regard to the embargo on arms caused immediate activity along this section of the border today. The shortage of ammunition has been recognized by those in close touch with constitutionalist affairs to be the greatest problem the government of Northern Mexico had to face.

Gen. Villa has made two urgent appeals to the U.S. government thru the press correspondents to have the embargo on arms lifted, declaring freely that the constitutionalists needed more ammunition than they had to carry their plans to completion and asserting that the lifting of the embargo would prove the quickest and most humane way of ending the unrest in Mexico.

Rush to Secure Arms.

When the announcement came over the wires tonight that there was no prohibition against shipping arms and ammunition into Tampico from the U. S. or elsewhere, there was an immediate exodus eastward of constitutionalist purchasing agents and arms and ammunition salesmen who hurried away to reach the point where they could come into closest touch with arms shipments.

The constitutionalist agents, according to well informed men along the border, were uncertain as to whether American arms companies would sell their products to them. At Tampico it was said that the most logical way to secure ammunition for Villa from foreign ports was to trans-ship the product of American manufacturers.

It has been freely stated by the arms agents that a silent and tacit prohibition from the state department would prevent the sale of a single cartridge from the big makers and it would present a more effective embargo than guards along the border.

With the announcement tonight the problem of the constitutionalists is solved, according to Robert V. Pesquera, personal representative of Gen. Carranza.

DEPOSITORS OF DALE'S BANK GET 75 CENTS ON THE DOLLAR

Met in Madoc and Accepted the Offer—J. C. Dale and Co. Pay Twenty-Five Cents and Bank of Commerce Fifty Cents.

By Staff Reporter. MADOC, Ont., May 15.—The depositors in the ill-fated Dale's Bank will have to be satisfied with 75c on the dollar, according to the offer placed before them at a meeting held here today at the Masonic Hall.

Very little business is being done here, and the population are discussing their losses at every street corner. A very large number of depositors were present at the meeting, when William Cross, who was elected chairman, gave, in detail, the events which led up to the closing of the doors of the bank. He explained that everything possible had been done to see that the depositors would not lose more than absolutely necessary, and announced that arrangements had been made, whereby they would receive 75 per cent. of their deposits.

Mr. Dale was not present at the meeting. The Canadian Bank of Commerce has guaranteed 50c on the dollar, 25c of which would be paid on July 1, 1914, and 25c on Jan. 1, 1915. The remaining 25c would be paid by the partner of J. C. Dale & Company, who are the entire shareholders of the banking company, out of their own personal property, and the western real estate, also no specified date for the payment of this latter sum was made.

After considerable discussion, the depositors decided to accept this offer. There were over 1400 depositors in the bank, with a total deposit of \$475,000.

MURDER CHARGE AGAINST TWO BROTHERS

Peter and Andrew Moreau Before. Charge of Magistrate on Charge of Killing Robert Hayde at Honey Harbor—Inspector Miller's Long Chase Ended in Two Men's Arrest.

By a Staff Reporter. BRACEBRIDGE, Ont., May 14.—Arrested yesterday at Honey Harbor on suspicion of complicity in the murder and robbery of Robert Hayde, the Tomahawk Point grocer, on March 27, Peter and Andrew Moreau were brought here tonight from Midland by Provincial Inspector John Miller. Magistrate Spencer remanded the prisoners until next Thursday.

Owing to the distance from the scene of the murder and the difficulty in securing witnesses it has not been definitely decided whether the preliminary trial will be held here or at some nearer point.

Circumstances surrounding Hayde's disappearance were a mystery until his body was found on April 6 in a manure pile near his store located on a small island in Honey Harbor with the wadding from a shot gun discharged together with the shot embedded in the murdered man's brain. Hayde was comparatively wealthy and was given to displaying large amounts of money. On the day of his murder he was said to have at least \$500 in his clothing, but when his body was found his pockets had been rifled.

The Moreau brothers are French-Canadians. Peter, who is about 24 years of age, is married and has a 4-weeks-old baby. Andrew is about 18 years old. They were a devoted-looking pair, poorly clad, sullen and untalkative. During the trip from Midland scarcely a word passed between the two brothers.

Spent Money Freely.

Suspicion to the Moreau brothers was first attracted by the manner in which they are alleged to have spent money shortly after Hayde was murdered, while previous to that time they were like the majority of settlers near Tomahawk Point, living in a hard-to-mouth fashion, depending on farming in a small way and fishing for their sustenance.

Provincial Inspector Miller was re-acted about the case. From what information could be gleaned from him the evidence that will be produced by the crown will be almost entirely circumstantial, although he stated that he felt sure he had secured the murderers in the Moreau brothers.

After the inquest into Hayde's death, which resulted in the jury finding a verdict of murder committed by party or parties unknown, the detective was sent up from Toronto to investigate. For some time suspicion was attached to a family in Tomahawk Point with which Hayde was intimate. But investigation along this line failed to reveal any reasonable clue. Owing to a general fear among the settlers it was a difficult matter to secure reliable information.

Searched for Two Weeks.

When Miller arrived the ice which connected the islands was unsafe, which hampered his investigation. When he became satisfied that the Moreau brothers knew something of the crown he started to search for them, but it took two weeks to locate them. They submitted to arrest without any fight.

The prisoners so far have denied any connection with the murder.

The Very, Very, Very Best.

The combination of William H. Crane, Douglas Fairbanks, Amelia Bingham and Patricia Collins in "The New Henrietta" at the Princess Theatre is the very, very best that has been seen here this season. There will be a matinee today, and the last performance of the engagement will be tonight.

This Will Be a Busy Day for Men's Hats.

Dineen's are famous for Men's Hats, having been established since 1864. The firm has secured the exclusive agency in the city for many of the most reputable makers abroad—in England, Germany, Italy and the United States. That is why Dineen's has such a clientele. The range of style, the superior quality and the exclusiveness of the stock do not affect the price simply. You get a better hat from Dineen's for the money. Come in and have this argument proved by a practical demonstration. All the new colors in soft hats at \$2.50 to \$4; Henry Healy's stiff hats \$4; Henry Healy's silk hats \$3; Henry Healy's English stiff hats, \$2.50 and \$3. Plenty of salesmen. No waiting. Dineen's store is open till 10 tonight.

DUST NUISANCE IN WARD SEVEN

Temporary Closing of Some Streets Has Aggravated Situation.

DEATH OF J. C. NORRIS

Musical Festival at St. Cecilia's Church—Other Local News.

Once again ward seven is suffering from the dust nuisance, and it is comparatively short time since some of the streets were closed. There is on many of these streets, however, dust several inches in depth, and the reason is apparent. The temporary closing of several of the parallel residential streets for the laying of sewers has transferred all the traffic which would otherwise have been spread over them to the few streets left open, and as a result these are daily being cut deeper by the greatly increased number of vehicles forced to use them, and the residents on these streets claim that another scraping and filling is now necessary.

N. TORONTO RATEPAYERS MEET THIS EVENING

Debate on Transportation Will Be Resumed and Deputation Arranged.

The transportation question will again engage the attention of the North Toronto Ratepayers' Association at a meeting tonight in the old town hall, Eglinton. While a resolution was passed last Saturday night asking the city council to take some action towards providing a better service, arrangements to be made tonight for a deputation to the city hall.

FUNERAL SERVICE AT ST. ALBAN'S YESTERDAY

Remains of Late Rev. J. A. Routhwaite Lay in State—Many Present.

The funeral of the late Rev. John P. Routhwaite, curate of St. John's Anglican Church, Norway, took place yesterday morning at 11.30 from his late residence, 69 Howland avenue. A funeral service was held in St. Alban's Cathedral, where the body lay in state until noon, and a large number of the late curate's parishioners and friends paid a last tribute of respect to the dead.

ST. MONICA'S CHURCH ACQUIRES NEW SITE

New Building Will Cost Ninety Thousand—Frontage on Gerrard St.

A new church, to cost about \$90,000, is to be built by the congregation of St. Monica's Anglican Church, who are now worshipping in a temporary building at the corner of Adelaide avenue and Gerrard street. The new site, which has frontage of 100 feet on both Hilda and Adelaide avenues, and is about 100 yards south of Gerrard street. It is the intention of the parishioners to build a rectory and a parish hall on the property, as well as a church, there being a depth from one street to the other of 225 feet. The sale price of the land was \$2000, which works out at about \$46 a foot on each street.

PREMIER DEPLORES DEATH OF HON. MR. MONK

Tributes to Late Minister Paid by Ministers and Ex-Ministers.

OTTAWA, May 15.—The death of Hon. P. D. Monk drew tributes to his worth from Premier Borden, Hon. L. P. Pelletier, Hon. C. J. Doherty, and Hon. Rodolphe Lemieux in the commons today. The premier said that he and Mr. Monk were first elected members of the house at the same time, and ever since they had been closely associated in public affairs. There were sometimes marked differences between him and Mr. Monk on public policies, yet those differences never interfered with their personal friendship. He was a man of distinguished qualities, a great parliamentarian, of great ability and industry and of commanding presence in the parliamentary and public affairs of Canada.

LARGE ATTENDANCE AT ST. CECILIA CONCERT

A grand "non-stop" concert was held last evening at St. Cecilia's Hall, corner of Annette and Eglinton avenues. The following clever artists contributed to the success of the program: Miss Annie O'Hara, Susan Ryan, Vivian Koster, Robert H. Brannan, Eugene Lockhart and the "Florodora Quartet."

CONDITION IS THE SAME.

Joseph A. Richardson, 72 Henry street, who received severe injuries to his head when he fell from his verandah on Thursday, was removed to the General Hospital yesterday. It was reported last night that there was no marked change in his condition. Mrs. Richardson, who was present Thursday night as a result of the accident, has recovered.

IRON WORKERS CONCERT.

Ornamental Iron Workers held a card party and concert in the Labor Temple to celebrate the passing of the 200-member mark. Organizer T. P. Wilson addressed the gathering.

FLEW TO HAMILTON.

Aviator McAuley in the hydroplane "Sunfish" made a speedy trip to Hamilton yesterday. Leaving from the foot of Bathurst street at 8.27 a.m., 8.59.57 a.m. making the flight of about thirty miles in a little over 22 minutes.

AQUITANIA'S TRIAL.

The New York office of the Cunard Line received the following cable from their Liverpool office yesterday: "The 'Aquitania' anchored in Mersey 6 a.m. today after successful trial trips. Company's highest expectations more than realized. Remarkable absence of vibration."

WHAT THE THREE TOWNSHIPS CAN DO.

What can the three Townships of York, Scarborough, Etobicoke do in the way of town planning until a metropolitan county is created? The three townships, thru their representatives, are waiting for the city to lead. In the meantime, what? Let The World make a suggestion: that the three townships get together and appropriate \$2000 each for, say, two years at least, and engage the best engineer they can get for \$5000 a year, and give him the task of laying out a joint plan for the development of the three townships on the fact of their being adjacent to a great metropolitan city like Toronto. And let him have full charge of roads and most of all, of the subdivision of properties. Let him provide for additional diagonal roads on the city's plan and refuse to pass any plans of subdivisions that do not provide for such roads or other roads and streets that the present and the future require. Then let him take up water supply and drainage.

The World can suggest a water supply for Scarborough and York that would be worthy of the consideration of such an engineer. But councils that meet once a month can't deal with these things. Etobicoke and Scarborough should meet every fortnight, and perhaps in Toronto at that. The three townships should have their headquarters in one building in the city.

WOMEN'S INSTITUTE OPENED YESTERDAY

Address by Mrs. J. J. Eaton on Women's Work Past and Present.

NEWS OF EARLSCOURT

B. I. A. Considers Formation of Rifle Club for the District.

Mrs. J. J. Eaton speaking at the opening of the Women's Institute, Central Methodist Church yesterday, congratulated the members on the work accomplished and urged them to continue, referring to the trials and worries which the women of the past generation had to endure as compared with the present time when science was always at work to make the burden easier.

PRIZE WINNERS.

An elocution contest was held, the following being the prize winners: 1. Phyllis Miller; 2. Eva Houston; 3. Ethel Atkins.

WORK COMPETITION.

The winners in the children's fancy work competition were: 1. Percy Whitehead; 2. Maida Carter; Crochet work: 1. Mrs. Bailey; 2. Mrs. Fisher; Young ladies' cakes: 1. Miss Sied; 2. Miss Bailey. Ladies' cakes: 1. Mrs. Joyce; 2. Mrs. Park. Fruit cakes: 1. Mrs. Oram; 2. Mrs. Wright. Sma'm cakes (crumblings, etc.): 1. Mrs. Twigg; Young ladies: 1. Miss Clara Boucher.

BOUCHER.

The evening program consisted of demonstrations in nursing by the Women's Nursing Club, and physical culture drills by the girls of the church.

PRIZE WINNERS.

The prize winners in the singing competition were: 1. Gerty Wilson; 2. Sarah Jones; Piano playing: 1. Muriel Nicholson; 2. Mabel Powell; 3. Gladys Gould; 4. Connie Adams.

RISE CLUB.

The Central Branch B. I. A., Earls Court, have under consideration the formation of a rifle club. Military Secretary Charles T. Winter has sent to the B. I. A. a copy of a pamphlet with regard to the organization, and the matter is receiving the attention of a subcommittee.

WALTER GEORGE MOON.

Walter George Moon, the infant son of John and Violetta Moon, 20 St. Clair gardens, died of cholera infantum on Tuesday. The funeral took place at Prospect Cemetery yesterday afternoon at 2 o'clock, the Rev. George Doherty, Rev. P. Bryce conducting the funeral service.

THOMAS LINES.

Thomas Lines has started excavating for three pairs of solid brick modern houses on the McDonald property, Dufferin street. This is the four-acre "block" adjoining the Miller property, which, taken together, would comprise the 12-acre best suited for a park for the Earls Court district, which was the cause of much discussion at the recent meeting in Earls Court.

B.I.A. MEETING.

A meeting of the Caledonia branch B.I.A. will be held on Tuesday in the Members' Hall, Caledonia, at 7.30 p.m. Horticultural committees were unable to transact business at last meeting on account of the illness of George Hutt, Earls Court avenue, the inventor of a trap for flies and mosquitoes. The insects are attracted by the trap with a fan. Park Committee members has asked Mr. Hutt to demonstrate his appliance to the park committee.

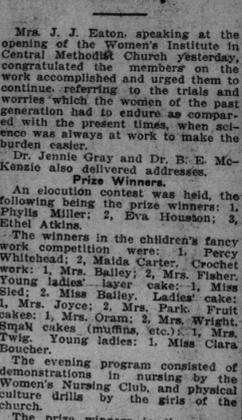

ROYAL TEMPLARS.

Royal Templars, Temperance Lodge No. 14, Earls Court, will hold a silver medal contest, when five young ladies members will compete this evening in Little's Hall, Earls Court. P. Bryce will occupy the chair. The educational work of the order will be the subject of a business meeting to be held after the contest.

A HOME AND A GARDEN ON EASY PAYMENTS, MR. ARTISAN

The PLACE for YOUR HOME

PRATT ESTATE

A SMALL DEPOSIT WE WILL BUILD YOUR HOME - MOVE IN -

Sold in half-acre lots, land is rich and fertile. You can make it pay for itself. Terms are within the reach of all, and YOU CAN OWN YOUR OWN HOME. You have

NO INSURANCE to Pay for 3 Years
NO TAXES to Pay for 2 Years

It's your opportunity, and to take advantage of it will save you money.

BE INDEPENDENT---DON'T BE "A RENTER" ALL YOUR LIFE.

Take advantage of the opportunity to live under the conditions and surroundings that you should but have not been able to up to this time on account of the inflated prices at which others are holding property.

Come into our Office, or mail the Coupon, and we will furnish you with all information.

Your property increases in value while you are paying for it.

TWO ARMY AVIATORS KILLED BY AEROPLANES

Accident Happened While Men Were Trying to Land in Dense Fog.

NORTH ALLERTON, Eng., May 15.

Two more British army aviators were killed today near here during a combined flight by a squadron of military aeroplanes from Scotland to Salisbury Plains.

THE VICTIMS WERE LIEUT. J. EMPSON

of the Royal Fusiliers and Sergeant Dudmore, who was acting as mechanic. The accident occurred while the aviators were trying to land in a dense fog. The machine struck the ground sharply and overturned, the two occupants being killed by the motor falling on them.

ALL NEW SCHOOLS ARE TO BE PROVIDED

with air washers, and as far as possible, all old buildings are to be equipped with them. A committee to report on the best method of providing them was appointed, consisting of Trustees Ellis, Vokes, McTaggart and Superintendent Bishop.

GUNMAN'S WIDOW ACCUSED BECKER

Said She Heard Rose Refer to Him as Author of Plot.

ADMITTED PERJURY

Tried to Save "Lefty Louie" by Giving False Evidence.

Canadian Press Despatch.

NEW YORK, May 15.—Mrs. Lillian Rosenberg, the young widow of Lefty Louie, one of the gunmen electrocuted last month for his part in the murder of Herman Rosenthal, today was a witness for the state at the trial of Charles Becker, charged with being the instigator of the plot her husband helped to carry out. In swearing she heard Jack Rose urge her husband and his three companions to kill Rosenthal, because Becker wanted them to, and that she saw the quartet dividing the money they received in payment for the crime, the pretty widow of the dead gunman directly contradicted the testimony she gave at his trial, and furnished what District Attorney Whitman declared to be "proof beyond all doubt" that the witnesses for the state have told the truth.

On cross-examination the widow of Lefty Louie was asked why she had not testified at the trial of the gunman as she did today. With tears in her eyes she answered: "I lied then because I wanted to save the man I loved from the electric chair."

Mrs. Rosenberg appeared to be on the verge of collapse, but she grasped the arms of the witness chair and quickly regained control of her emotions.

Offsets Gunman's Confession.

Mrs. Rosenberg's statement discounts the confession alleged to have been made by Dago Frank Crofick, just before the gunman was electrocuted. In the confession he was quoted as saying he never heard the name of Becker mentioned in connection with the murder plot.

During the same session of court, a witness, formerly a chauffeur for Becker, declared an assistant district attorney had threatened to have him indicted if he failed to give untrue testimony that would have been damaging to Becker's case. Counsel for Becker expressed themselves as being highly elated over the admission. More testimony was taken today than at any previous session of the court, and the state said it expected to complete its case on Monday, to which day the trial was adjourned.

Martin J. Manton, Becker's counsel, said after adjournment that if the prosecution concluded its case Monday, that of the defence would be completed within three days, or by Thursday night.

If Becker desired to take the stand, Manton said, he would be called as the first witness in his own behalf, and Mrs. Becker, too, would be called if willing to testify.

WILL OFFICIATE AT CONFIRMATION

Bishop of Toronto Left City Yesterday for Oshawa.

The Bishop of Toronto left the city yesterday for confirmations at St. George's, Oshawa, and Bishop Bethune College. His Lordship will confirm at Christ Church, Mimico, on Sunday morning, and in the evening at St. Augustine's, Toronto.

On Monday, the bishop will preach at the annual service of the Sunday School Association of the Rural Diocese of Toronto, in St. Alban's Cathedral, at 8 p.m.

Monday, Tuesday and Wednesday being rogation days, special daily services will be held in the cathedral at 8 a.m. and 5 p.m. and on Wednesday the annual rogation services will take place in St. Alban's Cathedral at 8 o'clock, the preacher being Rev. C. Patterson Smyth.

Planked Eggs.
Finely chop cold cooked corned beef or corned tongue; there should be two thirds cup. Add an equal quantity with cream and season with salt and pepper. Spread the mixture on planks and make nests and border of duchess potatoes, using rose tubers. Put a buttered and poached egg in each nest and put in the oven to brown potato. Garnish with tomatoes cut in halves and broiled and parsley. Eggs may be sprinkled with buttered cracker crumbs just before sending to oven if desired.

Cream Sponge Cake.
Two eggs, one cup sugar, one-half cup sweet cream, 1-2 cups flour, one teaspoon soda, two teaspoons cream of tartar. Flavor and add a little salt.

Hundreds of Thousands Bathe Internally

The marvellous growth of Internal Bathing since the advent of the "J. B. L. Cascade" is accounted for not only by the enthusiastic praise of its users, but also by physicians insisting more and more that the Lower Intestines must be kept free from waste to insure perfect health and efficiency.

Dr. Chas. A. Maclean, of Conger Lumber Co., Parry Sound, Ont., writes:—
"Dear Doctor:—I have used the 'J. B. L. Cascade' since I received it 21 days ago, with wonderful results. Before I started this treatment, I could not pass one day without taking medicine, and feel so much better in every way. I have been troubled with Constipation for the past 25 or 30 years, and of course, as my age cannot expect a speedy cure, as I am now in my 78th year, but the relief it has already given me is a promise of the good it will do for me.

I think a good many orders will come from Parry Sound as the treatment is known. I cannot speak too highly of the 'Cascade' treatment, and will surely talk much about it. Yours gratefully,
The 'J. B. L. Cascade' is being sold in Toronto by the Owl Drug Store, 257 Bloor St. West, and by the following agents:—
St. Catharines, 232 College St.; Hamilton, 232 Bloor and Spadina; 1831 Dundas St. E., corner Parliament and Carlton; 728 Queen East, corner Bazaar and Queen; and Gen. W. Bingham, 100 Yonge St.

POLICE ARE AFTER PAPER THIEVES

Boys Who Pilfer Morning Dailies Are Given Warning.

SEVERAL UP IN COURT

Application of Birch Advised as Corrective Measure for Wayward Lads.

As a result of complaints from householders and newsdealers all over the city regarding the practice of small boys stealing morning papers the police are making strenuous efforts to put an end to the annoyance. Last Monday two lads about 10 years of age were arraigned before the commissioner in the juvenile court for stealing Sunday Worlds from delivery wagons. The commissioner emphasized the serious nature of the offence and the youthful delinquents to six months in the Victoria Industrial School. Sentence, however, was suspended on their promise to mend their ways.

KILTIES LOOKED WELL ON PARADE

Marched Thru Streets to Music of Bands—Route for Tomorrow's Service.

Highlanders of the 48th Regiment and the 4th and 5th Canadian Trench Companies will follow up the fine display of strength shown on parade last night by taking part in the garrison church parade to the arena next Sunday. The bands of the regiment will furnish music and the Rev. T. Crawford Brown will conduct the service. The troops of the local garrison will assemble at 2:45 and march along Albert and Shuter streets, returning by way of Jarvis, Wellesley and St. Alban's streets to parliament buildings and down university avenue to the armories.

More than 850 men turned out last night for the march, headed by the bands, and thousands of spectators gathered along the line of route to watch the parade. After completing the tour the rank and file were drilled on the armories square, while the bands supplied a fine concert for the entertainment of hundreds of interested citizens who gathered in the drill hall. A young piper, 10 years old, who is the son of one of the regimental pipers and pupil of Bandmaster Fraser, received the plaudits of the assembly by giving a fine performance.

NEGROES OBJECT TO DISPOSSESSION

Expropriation of Property in German Colony in Africa Raises Storm.

BERLIN, May 6.—The secretary for the colonies has decided to send out a special commission to investigate conditions at Duala, the sea port of the German colony of Kamerun, in Africa. A storm of protest has arisen in Germany against the alleged high-handed proceedings of the colonial authorities of Kamerun, who wish to dispossess the entire negro population of Duala in order to establish there a purely European quarter, with sanitation and other modern improvements. It is claimed that this cannot be done so long as the natives, with their wretched huts and other primitive modes of life, occupy a considerable part of the ground needed for the settlement.

The minister, which has been asked to appropriate \$500,000 to compensate the natives, does not object in principle to the dispossession of the negroes, but members of the budget committee protest strongly against the manner in which dispossession heretofore has been carried out. The negroes have declared that the colonial authorities gave them but a pittance of what their lots are worth, and that the new site on which they were compelled to settle was a plague spot compared to their old homes.

To Hear Both Sides.
In deference to the public demand for equitable and humane treatment of the natives, the secretary of the colonies finally decided to have an exhaustive report made to him upon the whole matter. The commission which he appointed will proceed soon to Kamerun to hear the negro side of the controversy, as well as that of the local authorities. The friends of the natives are also pleased with the report that Baron von Rechenberg, formerly Governor of German East Africa, has been nominated for the post, as a district where he is sure to be elected by the administration in East Africa was marked by zealous efforts to protect the natives from all high-handed methods on the part of the German planters. General von Liebert, also a former Governor of East Africa, and a leading exponent of the "strong hand" policy, having been ousted because of irregularities.

Dunning's Hotel, 27 West King Street. While all dishes are special, our aim is to give you the latest arrivals.
Scallops with Bacon, Soft Shell Crabs, Chickens (a southern style) and Calves' Sweetbreads to order. Music every evening.

GERMANY TO SAVE WHOLE WHITE RACE

Two Centuries Hence She is to Awaken From Torpor of Pacifism.

NATION PROUD IN ARMS

Prosperity of World Bound Up in Future of Germanic Stock.

Imaginative pictures of Germany's future—almost always a very martial future—are very common in these days. It is not a book, however, which represents a school of thought, but one which throws fresh light upon the hidden germs of national development.

Such a one is a new drama called "Der Abgrund," which shows "pictures of Germany's twilight in the year 2106." It is by "Count Tels," which is a nom de plume.

The hero is King Frederick VI, a Hohenzollern prince, who embodies German "idealism," and is engaged through in a "struggle" with the materialism of the "true Germans," which had migrated to German Southwest Africa, have already rushed to the defence of Germanism and "pacifism," and her response to a challenge from the Slavs.

Somewhat provocatively the curtain falls before the result of the war is decided, but the English, the Scandinavians and the "true Germans," which had migrated to German Southwest Africa, have already rushed to the defence of Germanism and "pacifism," and her response to a challenge from the Slavs.

It will be seen that the premises of the writer are very much those of the "Prussian" Conservatives. Organized industry means the ruin of the few, and the state's prosperity is bound up with the class of the true German peasant class. The "Prussian" Conservatives, organized industry means the ruin of the few, and the state's prosperity is bound up with the class of the true German peasant class.

The ideas of the book are many of what one can glean from cooperation with a Prussian Junker, and are applicable to the Conservative press.

By 2106 A.D. the continent has changed surprisingly. Austria-Hungary has disappeared, and the Slavonic ruler, Vladimir, rules from the Baltic to the Adriatic. France has ceased to count, and the "Latin" empire, England, the country is in the hands of the Prussian vassal of the sea.

Sweden is of course, the chief bulwark of the West, and is a spiritual center of danger from England, Norway, Denmark, Holland, and the United States. The "Prussian" Junker, however, has become almost entirely an industrial state, she has flooded the world with her goods, and her shipping and her commerce are in the hands of a Jewish trust, and the real ruler of the state is the Jewish trust.

In Germany, the "Prussian" Junker, however, has become almost entirely an industrial state, she has flooded the world with her goods, and her shipping and her commerce are in the hands of a Jewish trust, and the real ruler of the state is the Jewish trust.

WOMAN'S HAIR REACHES TO KNEES

A Year Ago Was Threatened With Baldness. Tells How She Made Her Hair Grow.

Mrs. Esther Emery, now visiting friends in the city, in the fortunate circumstance, when loosened from its coils, falls to her knees, which is a soft, silky and fluffy texture and in color a glorious glossy gold. Yet just one year ago she was threatened with baldness. Urged to tell how she had obtained this wonderful growth in so short a time, she said: "Had anyone told me such marvelous results could be accomplished so quickly, I positively would not have believed it. Twelve months ago my hair, which then reached barely to my shoulders, was falling out at an alarming rate and growing very thin, actually exposing the bald scalp in several spots. It was dull and lifeless in color, turning gray in patches, and very dry and brittle. My head was covered with dandruff and itched like mad all the time. I tried fully a dozen different hair tonics, but they were all the same and never did me a bit of good. One day I chanced to read in my home paper of a simple home prescription to make the hair grow that was recommended by a well known physician. I said that by taking ordinary Lavona de Composee and mixing with Bay Rum and Menthol Crystals and applying to the scalp each night with the finger tips that new hair would grow. I bought a tin of Menthol Crystals, and started to use it. My hair quickly my hair did grow. First the hair stopped falling, then it began to grow and the dandruff disappeared. Then tiny little hairs appeared all over my scalp. These grew, and presently they began to grow and the dandruff disappeared. They are growing yet, and while, of course, I have used the treatment steadily and expect to continue it, at least until my hair reaches the floor. I might have stopped and been perfectly satisfied at the end of three months. I think that any woman can get long, thick, beautiful hair by using this prescription as I have recommended it to several friends, and all are delighted with the result. The prescription is very inexpensive and any druggist can fill it.

LABOR MEN'S SIDE.
Controller Simpson's efforts to secure a minimum wage of 25 cents per hour for men working on civic contracts will receive an impetus next Monday when a special committee of labor men will draw up a rebuttal of the arguments against the motion, submitted by contractors and manufacturers.

PETE LAKE SHAREHOLDER.
P.S. Since writing the above, the Peterson Lake directors have declared a dividend of 7 per cent. per annum on the cash in treasury, amounting to 20 tons of high-grade last week, and 40 tons of high-grade today. Possibly the above-mentioned director may be more optimistic now?

YORKSHIRE SOCIETY.
The Yorkshire Society held a progressive euchre party in the Sons of England Hall last night as an experiment. In the past they have always held whist drives, and judging from the number present last night it is evident that whist drives are preferred. They had only fourteen tables in operation and in the drives they usually have about thirty. After the game a dance was held.

Enjoy a Plentiful Supply of Hot Water in Your Home

The Vulcan Gas Water Heater will supply better, quicker and cheaper hot water. Its long Copper Coil is what does the work. All over the house—every hot water faucet supplied—plenty for the toilet and bath—ample quantities for the kitchen and laundry, and all with very little attention and at a low cost for fuel. You simply connect.

A Vulcan Tank Water Heater

to your range boiler, light a match and turn on the gas; in a few minutes you have hot water at every faucet. The quick results are made possible by the long copper coil which exposes a large heating surface to the high-power burner. Come in and see these heaters in operation. Easy terms—20 per cent. cash down, balance in four equal monthly payments. Free inspection. Connection free if less than six feet of gas piping is required.

NEWS OF SPECIAL INTEREST TO WOMEN

WOMEN'S MISSION SOCIETIES UNITE

Amalgamation of Three Presbyterian Organizations Ratified at Knox Church.

WILL BENEFIT WORK

Executive Board of New Body Now Consists of Forty-Five Members.

Unity of the missionary forces among the Presbyterian Church of Canada was brought about yesterday when the three women's missionary societies of the Presbyterian Church of Canada amalgamated...

The officers who were elected at the afternoon session were: President, Mrs. J. J. Steele; recording secretary, Mrs. D. McDonald; corresponding secretary, Mrs. B. C. Sumner...

SOCIAL MEETING OF WOMEN TORIES

Ladies' Branch of Centre and South Toronto Conservatives Entertained.

The members of the ladies' branch of the Centre and South Conservative Club and a large number of friends were entertained at a social meeting...

A charming musical program was given by Miss Violet Walsh, pianist; Miss Genevieve Kelly, soprano; Miss Teresa McKenna, readings; Mrs. Lowell Howard, vocal solo; Miss Wallis...

GAVE BIRTH TO FIVE.

PALERMO, Italy, May 15.—Rosa Silemi, aged 40, who already is the mother of a large family, gave birth to two boys and three girls yesterday.

No Need Being Old or Wrinkled Before 75

Lillian Russell says any woman who has wrinkles before she is 75 is responsible for them. Sunshine and fresh air she considers more valuable as complexion preservers than rest and cosmetics.

The chief objection to cosmetics is that at best they only temporarily cover up defects. There are certain true cures to Nature, which may be applied directly opposite effect.

SIXTY YEARS MARRIED

Mr. and Mrs. James Verner, Who Live at the Northwest Corner of Bathurst and St. Clair, Celebrated the 60th Anniversary of Their Wedding Yesterday.

Presbyterian Women Love-Fasting By Dr. Quill

Knox Church, Spadina avenue, is still a Presbyterian temple in its appointments. It is a stately grand old edifice and a fitting home for the Presbyterian women's love-fasting...

But these ladies today have no special vows to take, no oratory, not even a sign or symbol. We had expected at least that there would be hands-all-round. It is on the contrary the general assembly's commission of learned divines who fill the offices of this love feast.

Principal Gandler presides. On his right sits the moderator of the general assembly, Dr. Murdoch Mackenzie, and Dr. R. P. Mackay, secretary of foreign missions. Dr. Somerville, clerk of general assembly, sits on the left along with Dr. A. S. Grant, superintendent of home missions.

They sing a psalm—"O Greatly Blessed the People Are, the Joyful Sound that Knows," and hear the Holy Scriptures declaring: "Ye shall be witnesses unto Me both in Jerusalem and in Judea and unto the uttermost parts of the earth."

EFFICIENT HOUSEKEEPING BY HENRIETTA D. GRAUEL DOMESTIC SCIENCE LECTURER

Five Recipes for Early String Beans

THE sturdiest and strongest people in the world are those who include beans in their diet. The Romans had a table that beans were the first vegetable eaten by man and they used the whole tribe of beans in their menu daily.

What the Romans might have been had they known New England's staple luxury, we can only conjecture, so far as we know beans baked with pork are essentially Bostonian.

Select tender beans. Break the blossom ends and fry them lightly in hot butter in a sauce pan till they stop steaming. Season with salt, pepper, and minced parsley. Pour the butter remaining in the pan over them.

String Beans, French Style—Tip, tall and wash a small measure of string beans and cut in inch lengths. Boil them in salted water. Also boil pint of Lima beans and mix the two together and fry them lightly in hot butter in a sauce pan till they stop steaming.

String Beans, English Way—Cook the white wax beans as directed in recipe above, but do not add any Lima beans. When done, drain them well and cover with Brittany sauce. This is made with a cup of chicken or veal broth thickened with a tablespoon of flour blended with a tablespoon of butter.

Creamed Butter Beans—Pick out the very small beans for vegetable course and save the big fat ones for puree. Boil the tender ones until done, then cover with cream and season with thyme, bay-leaf and parsley, minced fine. Thicken a very little with butter and flour and place in a covered dish.

String Beans, Creamed—In Colonial days Indians who ate people their best and most popular dish; they called it "Su-lich-quash." We have changed the spelling, but the dish is as fine as ever. Tip and tail the string beans and cut them in short lengths, add a third more sweet corn (cut from cob, or from can) than you have beans.

When the mixture is done pour off almost all the water and season with a cup of cream, a great tablespoon of butter, a little salt if needed, and a liberal dash of pepper. Let this boil up once and serve in a deep vegetable dish.

Secrets of Health and Happiness
How Nature Punishes You
If You Break Her Laws

By DR. LEONARD KEENE HIRSHBERG

A. B. M. A., M. D. (Johns Hopkins).

WHIP For the horse, a bridle for the ass and a rod for the back of fools, sang Solomon. It is heavy and dull, perhaps, to agree with an ancient, but it is equally clever and bright to say that he who spareth the rod hateth his son.

For each particular physical and health crime a strict account will be quickly exacted by nature—indeed, much more so than from any infringement of the codes of man. Every man will inevitably suffer in himself the measure of his own felonies, be they what they might.

Health, like right, lives by nature's law, which is hallowed by power. Disarm the shepherd, and wolves the flock devour. Once you plan to build, then you map your plot. The model next is drawn, and soon the miniature house. The cost of construction then you estimate.

Find you, then, that the whole outweighs your ability, you begin again a whole plan to surmount with fewer chambers. Perchance prudence comes forthwith and you desist and do not build at all.

He who in proper season makes hygienic his while the Apollo of Health shines, who lays his plans for a future life a large modicum of these strength.

Min, however, an infinitesimal billionth of a unit as far as balance and equilibrium are concerned, and your bones of cards will be demolished at the first foul breath of microbial air.

The expert, no less than other weaklings of mortal, has never been so bogged either literally or metaphorically by fate is storing up a whirlwind at one's too distant day.

The genius, wit, health and spirit of any individual is usually in direct proportion to the breadth, length, quantity and variety of the pummettes, binaux, corrections and punishments received.

Punishment, like correct medicine, brings a beneficent reward; much the same as a school of delicious fish, which is a school of delicious fish.

There is much brightness in the sky or those who brightly think or bravely live. He is not always best paid who is least easily satisfied.

Dear Annie Laurie, I have a great problem which I wish you would solve for me. I have been keeping company with a young man about six years of age. I myself am only 18. I love him dearly, and he has asked me to marry him.

I have been keeping house for my father and two brothers, and don't know what to do with them, of course, and yet I love my young man.

Why you foolish little girl, you—what in the world is your father thinking about to let you even rear of marrying when you're only 18 years old?

What you are nothing but a dear little thing yet, you ought to have your dress up to your shoes tops and your hair up in a braid—whisper, don't you like to play with dolls once in a while yet?

What sort of a man can this be who wants to trap you into marriage, and besides, all the law allow you to marry under 18? It won't in my part of the country.

What do you want to do, tie a weight on to your neck, draw wrinkles in your face, throw away at least six years of perfectly good girlhood?

Some one ought to take that father of yours and give him a little of the same treatment you are giving to your young man. Stay young as long as you can, little girl; you'll have care enough and trouble enough soon enough, don't you worry about that.

Dear Annie Laurie, I have a great problem which I wish you would solve for me. I have been keeping company with a young man about six years of age. I myself am only 18. I love him dearly, and he has asked me to marry him.

Peter's Adventures in Matrimony

By Leona Dalrymple

Author of the New Novel, "Diane of the Green Van," Awarded a Prize of \$10,000 by Ida M. Tarbell and S. S. McClure as Judges.

The truth about "the girl in the case" distinguishes this new series by Miss Dalrymple. Her character studies will not appear unfamiliar to the majority of readers, and will follow the fortunes of "Peter" with interest.

Insistent Sympathy. Billy Ruggs could thrust anything in the street and I gloried in it. "Well, is your foot any worse?"

"No, I shouldn't say it was any worse." "Is it any better?"

"No, I shouldn't say it was any better, either." "Well, how is it, then?"

"Confound it, Mary, it's scarcely five minutes ago that you put me through exactly this sort of invalid catchism. My foot doesn't change every minute."

"For heaven's sake, Mary, don't ask me again!" "I wasn't going to. I was merely going to ask you if you'd taken your medicine."

"Yes." "Exactly on the hour. Don't see why I have to take it anyway. My health's fine. Mary nearly drove me mad. Something like this happened nearly every hour."

"Can you think of anything you'd like to do for your dinner?" "No, I don't feel much like thinking. It's your foot any worse?"

"No, I shouldn't say it was any worse." "Is it any better?" "No, I shouldn't say it was any better, either."

"Well, how is it, then?" "Confound it, Mary, it's scarcely five minutes ago that you put me through exactly this sort of invalid catchism. My foot doesn't change every minute."

How to Round the Arms

By MAGGIE TEYTE

The Noted Prima Donna

softening handful of oatmeal or almond meal. Then massage with good skin food. Friction of the arms will make the arms red, in which case use less energy.

There is no better skin food for the hand than the cream of the milk of a cow. It is made by mixing a cent's worth of each of spermaceti and white wax and adding enough pure olive oil to make it the right consistency for a massage cream.

When you rub this into the arms do so with a rotary motion, beginning at the wrist and working upward. If there is great roughness at the elbow or the side of the upper arm I advocate toilet pomice used with gentle friction.

At the elbow the proper procedure is to bend the arm and place the thumb of the opposite hand inside the elbow joint, massage with the fingers the point of the elbow round and round and round with considerable pressure and plenty of cream.

While you have the arm in this position exercise the forearm by clasping and unclasping the fist and by stretching the fingers and flexing the entire hand. Another exercise which teaches grace belongs to the Delaunoy system. It consists of letting the hands become perfectly limp and then shaking them over the head with energy, letting them roll into a cupful of sour milk.

It will make you feel "dizzy," that is, they will feel as if they had been asleep and had just waked up. It is exactly what has happened. The blood and skin has been awakened and the "dizziness" is a good sign.

Light dumb-bells will help in arm exercise. The hands need to be firmly closed with some little resistance to make the exercise telling.

Some great beauty when asked what made her arms and hands so beautifully white, said "Four Indian meal mixtures with milk." It is one of the best whitening agents. Mix the meal with milk, and let it sour, and use generously. Lemon juice will help to remove freckles. Another splendid freckle remedy, as good for the face as for the hands and arms, is made by scraping a teaspoonful of fresh horseradish root into a cupful of sour milk. Let it stand for six hours before using.

If there is anything more annoying than freckles it is hair. The simplest and safest depilatory of which I have knowledge consists of equal parts of sulphate of barium and sorbic acid mixed with water to make a paste. Allow it to dry on the arm and scrape off, and will bring the hair with it. If the skin is tender I would mix the same quantity of oxalic acid with the ingredients.

There are numerous exercises for the arms which you probably know, for gymnastics form so large a part of school curriculum. The kind Venus of Milo probably had—be just right in round development.

For a delicious confection to serve with tea Marguerites hold first place and are simply made. The only warning is to keep them in a dry place.

Cream cheese mixed with chopped walnuts or cream cheese mixed with pimento seasoned with paprika and salt and moistened with a bit of cream or butter are always desirable.

For a novelty there are the flower sandwiches, such as the nasturtium sandwich which have thin bread spread with mayonnaise and filled with the petals of say nasturtium blossoms.

Chocolate coconut cookies have made one woman famous. She makes them for all her friends and charges such a generous price that she realizes a good profit.

Useful Hints for the Housewife

By Ann Marie Lloyd

New Delicious Sandwiches. Anchovies, boned and rubbed to a paste with the yolks of hard boiled eggs seasoned with Parmesan cheese, a dash of paprika and enough cream to make moist is a delicious filling for brown bread.

Don't get indignant. Your arms may be perfectly sleek and smooth and yet a little white in your armpits. If your armpits are always been kept scrupulously clean, as clean as your face, there would be no disturbing roughness, no more than there will be blackheads in a clean face.

The first thing to do in making beautiful arms is to scrub them till the skin is freed from all dirt and dead skin and glowing with the brilliancy of awakened flesh.

Fancies of Fashion

Crownless Hat at Chic Angle

Newest Vogue

By Madge Marvel

THE crownless hat is meeting with approval for semi-dress occasions, or for evening wear, when some manner of head covering is needed to complete the costume.

It has charm, if it remains worn only by the few. The minute it becomes popular it will become absurd.

Naturally it surrounds a high and elaborate collar. But those two accessories belong to the fashionable mode of head-dressing.

For evening wear tresses are piled high on top of the head in a soft knot or coil which has the pyramidal form. The side hair is waved but not puffed out and a modern version of the French twist goes up the middle back of the head. The forehead and ears are both allowed to show. Sometimes the "kiss-curl" adorns the cheek, but if one is much up to date, the curl is multiplied and left to cling carelessly to the nape of the neck.

One hopes the foolish fashion of bangs at this portion of the head will not be revived.

Season's Hat Motto. With the brim of the crownless hat placed at the right angle and the collar properly dressed, the effect is desirable.

"Things are seldom what they seem," is the hat motto of the season, according to Oracine, who makes hat fashions in America that survive a trip to Europe.

What seems an ogre is nothing in the world but an ostrich feather with long fuses, thinned out and curled and twisted to represent an ogre. And it is technically known as an "ogreette."

When you see a hat with what seems like a splendid egret at the side, or a lot of abbreviated egrettes sticking out bristle fashion about the brim, don't get excited because the laws of the land and humanity are being outraged.

The tall, crumpled "ogreette" may be made of shagreened backbone of worn-out ostrich feathers, or cleverly manipulated horsehair, with the bristles "ogreettes" and probably nothing more rare than goat's hair. For goat's hair is worn by some of the most fashionable dressers. And the merry wags thereby gets the chance to say something about women having the "ogreette" on their heads.

Then there is a new material which resembles a cross between straw and chenille. It comes in all colors and is light in weight and lovely to look upon. It appears as the crown or the facing of the sombrero of the new midseason and will be more used for autumn hats for it is a material which has no distinct season, in which respect it resembles velvet.

Follow Me? Trimming. A new way of fastening single brim hats blossoms on a hat has come forth with the summer-time. You pull them off the stem and thread them on a long needle and draw them through the straw hat which they trim. A charming yellow straw pleated hat had a band of them on one side sliding in a mousing on the band deau under the tip-tipped side.

"Well," chuckled the keeper to his annual visitor, "what luck? Got many weddings booked for June? I noticed that you didn't get me as many sales last year as usual. Did you lose your arrows, or couldn't shoot straight, or what?"

Cupid smiled serenely as seating himself on a crossbow on a perch, he replied: "What did you expect in 1913? I wasn't taking many chances; watch me this year. By the way, the KPQ check K, BxK2 is better."

Answers to Health Questions

D. L. G. Beverly, Mass.—Kindly tell what you think of the rattlesnake venom treatment for epilepsy.

This has proved to be dangerous in one or two instances. In other instances some apparent benefit seemed to be present.

A. R. P.—What will help a bad taste in the mouth in the morning? (2) What is a good blood mixture?

(1), a teaspoonful or two of milk of magnesia before retiring and also before breakfast. (2), fresh vegetables, tender meats, fruits and all sorts of plain, fresh food. Ride a bicycle and take a good walk.

H. J. T.—Have pimples on my face, and when they clear away from one place they appear in different places. I have lost my color.

Try sulphur one-half ounce, camphor powder 10 grains, resorcin 10 grains, kaolin one ounce. Rub hard with a Turkish towel.

Dr. Hirschberg will answer questions for readers of this paper on medical, hygiene and sanitation subjects that are of general interest. He will not undertake to prescribe or offer advice for individual cases. Where the subject is one of general interest, a stamped and addressed envelope to enclosed. Address all inquiries to Dr. L. K. Hirschberg, care of this office.

Advice to Girls

Dear Annie Laurie, I have a great problem which I wish you would solve for me. I have been keeping company with a young man about six years of age. I myself am only 18. I love him dearly, and he has asked me to marry him.

I have been keeping house for my father and two brothers, and don't know what to do with them, of course, and yet I love my young man.

Why you foolish little girl, you—what in the world is your father thinking about to let you even rear of marrying when you're only 18 years old?

What you are nothing but a dear little thing yet, you ought to have your dress up to your shoes tops and your hair up in a braid—whisper, don't you like to play with dolls once in a while yet?

What sort of a man can this be who wants to trap you into marriage, and besides, all the law allow you to marry under 18? It won't in my part of the country.

What do you want to do, tie a weight on to your neck, draw wrinkles in your face, throw away at least six years of perfectly good girlhood?

Some one ought to take that father of yours and give him a little of the same treatment you are giving to your young man. Stay young as long as you can, little girl; you'll have care enough and trouble enough soon enough, don't you worry about that.

Chess

Con

The Toronto World

FOUNDED 1880. A morning newspaper published every day in the year by The World Newspaper Company of Toronto, Limited; H. J. Maclean, Managing Director.

WORLD BUILDING, TORONTO, NO. 40 WEST RICHMOND STREET. Telephone Calls Main 5308. Private Exchange connecting all departments. Branch Office—15 Main Street East, Hamilton.

will pay for The Sunday World for one year, delivered in the City of Toronto, or by mail to any address in Canada, Great Britain or the United States.

Special to The Toronto World. NIAGARA FALLS, May 15.—The decision reached in Washington today to postpone the opening of the A B C mediation conference on the Canadian side has upset all the plans for the reception of the mediators and representatives of the United States and Mexico.

While the Americans will make their headquarters on the American side, Mr. Rose also engaged a reception room for them at the Clifton House on the Canadian side, where the conference will be held. It was upon the invitation of Mayor LaSalle that Secretary Bryan decided that American party should be quartered on the New York side of the river. Private wires to keep the headquarters of the American representatives in constant touch with President Wilson in Washington.

At any rate the opposition to the purchase proposals has left Toronto without control of her own streets, and involved, and necessarily and justifiably involved, the city in expensive litigation in an attempt to assert or resume that control. The city lawyers have resolved to carry their appeal to the foot of the throne. The pilgrimage to that august landmark has not always yielded happy results, but we must hope for the best. The citizens have now an extra eight months to think over the merits of the mayor's purchase proposals, in contrast with the consequences of the opposition of policy. Costly legal proceedings, expensive make-shifts in transportation, double and triple fares, loss of control of the streets, such are the advantages offered Toronto by opponents of Mayor Hocken.

OPEN-AIR SCHOOLS. An excellent policy is being pursued in the establishment of "forest," or open-air schools, in the city. One opened in the east end last year has been so successful that there could be no question about following up the benefit for the west end, and in a retired spot in Howard Park, near Bloor and Leslie streets, among the pine trees, the second to be opened as soon as arrangements can be completed. Just how much healthier it is for the children one must listen to the health authorities to appreciate, but the benefit of open-air life is so obvious to all who can get a chance at it, that there is no doubt of the advantage for the children. The educational advantages are equally great. The children are brighter, more apt and get more out of their school hours in the open air than they do under ceilings. It will not be many years before every district of the city is provided with this sensible and economical innovation.

CHURCH VOTES FOR WOMEN. The Canadian Churchman feels that the question of giving a vote to women at vestry meetings cannot longer be ignored. It states its adhesion to the view that women should be accorded a voice in local affairs, but is not prepared to accord the right to become lay delegates and participation in diocesan, provincial or general synods. Probably the women would be satisfied for the present with a vestry vote with a debating interest on the right to become churchwardens. As The Churchman states: "The church untiringly proclaims her appreciation of the interest and activity of her daughters." But the practical way to do it is to confer the vestry vote.

HELPING THE FARMER. If farmers are not able to make a living it is not the fault of the department specially devoted to the advancement of agriculture. For many years the dairy and cold storage commissioner has furnished plans and specifications for cheese factories and creamery buildings. As a natural consequence many factories built in accordance with these specifications are now in successful operation. Guidance in this direction is all the more necessary now that the demand for food products is increasing, while the available supply is diminishing. There is a great future for the farmer who combines training and experience with his own initiative and who has learned that unless he can measure

RECEPTION PLANS ARE TURNED AWRY

Postponement of Mediation Conference at Niagara Falls Disappointing Locally.

Well, I'm Glad There's a "Safford" at Home to Keep the Folks Warm

The man whose wife and children are protected by a Safford Hot Water Heating System has his mind at rest when he's away from home in bad weather.

He knows, too, that the Safford boiler is built to hold the fire, without coaling up, much longer than an ordinary boiler. The Safford will retain the fire for 24 hours. No danger of it going out if the folks oversleep.

Women find it easy to attend to the Safford, too. It is easy to shake, because you stand erect. It is easy to put coal in the roomy door. The ashes are readily removed.

The Safford System is built by specialists with 30 years' experience in steam and hot water heating. It costs no more than others. Send us your name and address on a post card and we'll mail you promptly our "Home Heating" booklet. A mighty interesting booklet to those interested in learning about the most advanced ideas in home heating.

THE DOMINION RADIATOR COMPANY Toronto, Canada Branches at Montreal, Winnipeg, Calgary, Vancouver, St. John, Hamilton

GOES FROM ONE JAIL TO ANOTHER

Joseph Kelly, Freed This Morning, Must Do Time at Owen Sound.

When Joseph Kelly steps out from Toronto jail this morning at the expiration of a three months' sentence he will be immediately received by Toronto Inspector Beckett, who has taken Toronto wanted notice of what his power was costing, and to provide this information fifteen men have been put to work calculating this cost at a unit basis.

When the motor bus service is instituted west Toronto, the fare will probably be five cents, which means just another "double fare" for persons not directly served by the Toronto Street Railway. In New York the bus fare is 10 cents, but half that is proposed as the charge in Toronto, although at that price is not expected to pay its way.

Over forty local improvements are being carried out on Toronto streets this week according to the weekly report of the works commissioner.

HAILEYBURY, May 15.—The Harris Abattoir building was destroyed by fire at 9 o'clock this morning, with a loss of \$1200.

AND HE DID OH-SIR WILL YOU HOLD MY CHILD-WHILE I GO IN THIS STORE?

THE NEAL TREATMENT for the liquor habit will set you free and make you a man once more—your appearance will be improved—your brain clear and best of all you will not have THE SLIGHTEST DESIRE OR CRAVING FOR ALCOHOLIC STIMULANTS OF ANY KIND.

THINK OF IT No more need of a morning brace. No more need of a drink before meals. No more "shake" to be steamed. No more worry about your own condition. No more whiskey bills to settle.

THE NEAL TREATMENT is given under a guarantee—the conditions of which are such that the patient is the sole judge. The treatment is given in from 3 to 6 days amid most congenial surroundings—under physician's direction by trained graduate nurses. No physical demerits are used—and bad after-effects are never experienced. Absolute privacy at all times.

THE NEAL INSTITUTE. Phone North 2037. 52 College St. TORONTO.

AT OSGOODE HALL

ANNOUNCEMENTS During the week commencing Monday, May 18, weekly court and Judges chambers will be held from 10 a.m. to 11 a.m.

Peremptory list for first divisional court for Monday, May 18, at 11 a.m.: 1. Chadwick v. Tudhope. 2. Tew v. Joseph. 3. Langley v. Simpson. 4. Mancell v. M.C.R.R. Co. 5. Massie v. Campbellford.

Master's Chambers. Before J. A. C. Cameron, Master. Anglo-Canadian Leather Co. v. Goldie. R. J. McEwen, for sheriff of Toronto, moved for interpleader order. R. G. Agnew for plaintiff. A. Cohen for defendant and claimant. O. H. King for an execution creditor. Order made directing issue between claimant and execution creditor. Costs of motion as between execution creditor and claimants reserved to judge who tries issue.

Kelly v. National Gas Co.—Collier (Ross & H.), for defendant, moved to set aside writ of summons on ground that it is not properly special assize docketed. T. H. Barton for plaintiff. Order made. Defendants are allowed to appear without filing affidavit. Plaintiff to be at liberty to deliver claim. Costs in cause.

Euclid and Western Farming & Colonization Co.—W. W. Denison for plaintiff, obtained order for issue of writ for service outside jurisdiction at Hardy Bay, B.C. Time for appearance limited to 30 days. Costs in cause. Dowling v. Blain—W. H. McPadden, for plaintiff, moved for order setting aside writ of summons and order of service of same, and the order of the judge allowing issue of writ. F. Aylesworth, for defendant, motion dismissed. Costs in cause.

O'Flynn v. City of Toronto—J. G. Smith, for plaintiff, moved for order setting aside statement of claim for irregularity. W. A. Foster for plaintiff. Enlarged until 18th inst.

Wolsley Motor Car Co. v. Jackson—R. C. H. Cassels, for Turnbull Brothers, moved to set aside third party notice and order authorizing service. J. J. Maclean for defendant. Motion dismissed. Costs to defendant in cause against third parties.

James v. Toronto & York Radiating Co. (Laird Aylesworth & Co.), for defendant, moved for order postponing trial on ground of absence of material witnesses. T. N. Phelan for plaintiff. Enlarged to 18th inst.

McKey v. Conway—R. H. Green, for plaintiff, obtained order amending endorsement on writ of summons and allowing plaintiff to sign judgment. Shaver v. Deacon—H. Ellis, for defendant, obtained order on consent dismissing action and counter claim without costs.

Jonston v. Mines Leasing & Development Co.—T. White, for defendant, moved for order setting aside notice of trial as irregular. C. Swaby for plaintiff. Enlarged to 18th inst.

McGee v. Gordon—G. Koogh, for plaintiff, obtained order on consent dismissing action without costs. Haughton v. Vine—Keeler (Clark, McP. & Co.) for plaintiff, obtained leave to issue execution against defendant for amount of judgment debt, interest and costs.

McGee v. Federal Life Assurance Co.—J. Y. Murdoch, for defendant, obtained order on consent dismissing action without costs. Gorman v. Gorman—G. Koogh, for plaintiff, obtained order on consent dismissing action without costs.

Judges' Chambers. Before Kelly, J. M. Solomon & Co. v. Albert J. Brenton & Co. Agnew, for plaintiffs, moved for order striking out jury notice. M. Grant for defendants. Motion referred to trial judge.

Harris Abattoir Co. v. Maybee—R. J. McCullough, K.C., for plaintiffs, J. McCullough (Stouffville) for defendants. Appeal by plaintiffs from judgment of county court of York, of March 27, 1914. Action by a painter to recover \$64.18, claimed to be balance due for work done for defendants. Defendants counter-claimed for \$500 damages on account of plaintiff's failure to complete and carry out contract. At trial judgment was given for plaintiff for \$188.87 and \$75 costs, and counter-claim was dismissed without costs. Appeal allowed. Action dismissed. Judgment on counter-claim to stand as dismissed. No costs thrust to either party.

third party to whom he had sublet the work. At trial \$5 damage was awarded plaintiff against defendant with division court costs and leave to defendant to set off high court costs and ordering third party to pay defendant enough to make up full high court costs. Appeal of plaintiff allowed and leave given defendant to appeal against that part of the judgment giving him relief over against third party. Judgment reserved.

CITY DETECTIVE AGENCY GETS FEDERAL CHARTER

OTTAWA, May 15.—New companies incorporated this week included: Employers' Detective Agency, Toronto, \$100,000; Montreal New City Extension Company, \$450,000; St. Cloud Land Company, Montreal, \$100,000; Associated Merchants of Canada, Quebec, \$20,000.

CHARGED WITH MANSLAUGHTER

William Goodenough, a motorman, and William Thompson, motorcyclist, faced a charge of manslaughter when they appeared before the magistrate yesterday, in connection with the death of Emma Beiz, who was killed while riding behind Thompson on his motorcycle. Goodenough was remanded until the 19th, and Thompson was set to the jury.

Lacrosse Draw Up N.L.U. Schedule Today Trials Best of the Year By Runners and Trotters

SIX STRONG TEAMS F. THOMPSON SAYS

First Practice of Rosedale Lacrosse Team Called for Today — Notes.

F. W. Thompson, who is back of the Rosedale club of the N.L.U., has called a practice for 3 o'clock today at Rosedale, and any one who there will see most of the following men who have signed out, viz. Braden, Powers, Barnett, Harshaw, Kalls, T. Fitzgerald, W. Fitzgerald, Yeamans, S. Green, J. Green, Holmes and Gordon. Sport Murray is at Montreal today, where the N.L.U. schedule will be drawn up. Regarding the strength of the clubs, Mr. Thompson says that all will be up to the standard. Montreal and Shamrocks will divide the Irish Canadian league. The Nationals have the men, and they will be led in the N.L.U. Cornwall has a big field to draw from and Ottawa could always put a lacrosse team in the field. Regarding a job-sided league, Mr. Thompson said he could name a club in the Big Four that will have difficulty to place any kind of a team in the field.

At a meeting of lacrosse magnates held in Ottawa yesterday, Ottawa agreed to the admission of the Toronto team to the N.L.U., thus making a six-club league, with three teams in Montreal (Shamrocks, Montreal and Nationals) and one in Cornwall, Ottawa and Toronto.

At a meeting of the Beaches Lacrosse Club R. Clegg was elected manager and L. Foy captain of the junior city team for the coming season.

Riverdale lacrosse team will practice this afternoon on the Don flats, when every player is requested to be on hand, especially the following: Staines, Wilkison, C. Pherrill, McBride, O'Rourke, G. Sullivan, Plante, Wilson, Morris, Corliss, Earm, Allister, Scott, Chandler, B. Sullivan, Somers, Elliott, A. Pherrill, Stuart, Fecto, Mitchell and Smith, play players desiring to play for a fast junior team will be made welcome.

The Beaches Lacrosse Club's intermediate, junior and juvenile teams will practice in Kew Gardens, just south of the ball field, this afternoon at 2.45, when all members and any others desiring to join are earnestly requested to turn out.

Maitland intermediates leave for Brampton at 12.30 where they play the Main Cup aspirants an exhibition game this afternoon.

Dave Gibbons, the premier goal tender in the lacrosse world, arrived in town yesterday and did not turn out with the Toronto last night.

Chas. Querrie's Indians will practice at the Island this afternoon after the ball game.

Yankee Golfers Were Outclassed

SANDWICH, England, May 15.—American golfers today were outclassed by Scotch and English players over the Sandwich links in the final round for the St. George's Champion Grand Challenge Cup.

With an aggregate of 148 strokes—nine better than his nearest American competitor, Jerome D. Travers, the American amateur champion—John Graham, Jr., Scotland, today, for the second time, won the coveted trophy. In doing so Graham also lowered by two strokes the play for the cup.

Travers for the 36 holes turned in a card of 155. Francis Quinn, the American open champion, required 158 strokes to cover the course; Charles W. Evans of Chicago, 159; Fraser Hale, Chicago, 166; Harold Weber, Toledo, 167; and C. N. Innes, Oneida Community Club, New York, 168.

In the general competition, Quimett finished in thirteenth place, while Evans was tied with fourteen other players for fourteenth place.

D. Ransom, Crowborough, England, who led the first round Thursday, with a 72, finished with ten more strokes, which brought his aggregate score up to 154. Harold H. Hilton, the British amateur champion, finished up the round with 158.

ished in thirteenth place, while Evans was tied with fourteen other players for fourteenth place.

D. Ransom, Crowborough, England, who led the first round Thursday, with a 72, finished with ten more strokes, which brought his aggregate score up to 154. Harold H. Hilton, the British amateur champion, finished up the round with 158.

The Overcoat Shop

You Ask For the London-Tailored Overcoats

Because everywhere today the fashion trend is towards the London styles.

If a man cannot have the genuine London-made garment from his tailor, he demands the London style, the London workmanship, and the London fashions in weave and color.

In selecting an Overcoat for Spring wear from "Fairweathers'" stock, he is guaranteed the finest English, Irish and Scotch woolsens, chevots, homespuns and other loom products that have all the quality that any man could demand, all London fashioned and London made by Conduit and Bond Street tailors.

This is a guarantee that he could have nothing superior in an outer garment, no matter where he looks or buys.

\$20, \$25, \$30, \$35

Men's Hats

A galaxy of the world's most noted fashioners contribute to the excellent stock of new Spring and Summer styles in Men's Hats—English, American, French and Italian—in silks, operas, derbies and soft hats—fashionable blocks, correct dimensions:

SPENDS THOUSANDS ON MODERN FARM

Eight Hundred Acres Near Winnipeg Equipped With Fine Buildings.

One of the most modern and up-to-date farms in the Province of Manitoba is to be found within fourteen miles of Winnipeg. The farm is situated where between \$25,000 and \$30,000 is being expended on farm buildings and modern equipment. The farm is owned by the West End Realty and Building Company, and its manager, Mr. Herchenon, is devoting much time to the problem of successful scientific agriculture. Mr. Herchenon believes that a farm within easy reach of Winnipeg, properly managed, should be a paying institution and is testing out his theories.

The farm consists of over 800 acres and while a considerable quantity of grain will be grown, preparations are being made for dairying on an extensive scale. Nothing but pure-bred stock will eventually be kept on the farm and the equipment for handling them will be of the most modern kind. The buildings now in course of erection consist of a cow barn, 38 by 250 feet with accommodation for from 100 to 120 head of cattle; a stable 28 by 100 feet to hold 50 head of horses; an up-to-date piggery in which more than a hundred pigs can be handled; a sheep barn and a large chicken house. The cow barn is being furnished with steel stalls, adequate sewers, concrete floors, and running water will be available in every part of the building. An electric milking apparatus will be used and the building will also be electrically lighted.

In the incubator house an incubator with a capacity for 500 eggs will be installed, while the chicken house itself will provide accommodation for 2,000 chickens.

Water for the house and buildings will be supplied from three artesian wells, while the protection will be afforded by a high pressure pump. In addition to a residence for the farm superintendent, Mr. Herchenon has himself a country residence on the farm, which is a large nine-roomed two and one-half storey house, modern in all its furnishings and equipments. The entire farm of 200 acres is being fenced and the farmyard itself will be lighted with arc lamps. The cows used for dairy purposes will be tuberculin tested. The land improvements and stock will represent an investment of more than \$100,000, but Mr. Herchenon is convinced that Winnipeg will provide a market which will pay a good interest on the money invested in the model farm.

In addition to other buildings half a dozen granaries have been erected and the grain used for seedling has all been carefully selected: the wheat seed costing \$1.40 a bushel, barley 82 cents and oats 65 cents.

MOVING ALONG AT WOODBINE PARK

Southern Maid Covers Fastest Three-Quarters of Season — The New Arrivals.

The track at Woodbine was in splendid shape yesterday morning and many fast trials were the result. The weather still keeps cool, and more particularly so in the early morning.

The Davies string, in charge of Henry McDaniel, did some very fast work, and makes the stable look very strong. It must be very gratifying to both the owner and trainer to have the horses show so well in the early season.

Southern Maid, the phenomenally fast filly, was let down and did a three-quarter mile that surprised the onlookers and clockers. The fractional time was 1.3 in 1.1 2-5, 1-4 in 23 2-5, 3-8 in 36 2-5, 1-2 in 48 2-5, 5-8 in 1.01 4-5, and finished the 3-4 very strong in 1.15 1-5. This was an exceptionally fast performance, and looks like she is ready for the barrier to spring.

Fountain Fay a mile—1-4 in 24 3-5, 3-8 in 36 4-5, 1-2 in 49 2-5, 3-4 in 1.18 3-5, finishing the mile full of run in 1.42 flat. Moving Pictures worked 3-4 handily in 1.17 2-5; Liberty Hall 1-4 in 1.17 1-5 under wraps; Calgary 1-4 in 22 4-5 and pulled up the 3-4 in 36 4-5; Queen Sain 3-8 in 38 2-5.

William Walker's Banjo Jim went a splendid mile under restraint all the time in 1.44 4-5.

The Giddings stable's handsome two-year-old and the probable plate candidate for 1915 broke from the barrier with Ondramida and breezed 3-8 in 38 2-5, first 1-4 in 24 1-5; Sarolta and Venus Urania 3-4 in 41 2-5, with the former much the best.

Martian from the stable of Thomas Bird worked 2-4 in most impressive fashion, 1-2 in 49 2-5, pulled up the 3-4 in 1.16 3-5.

Dr. R. L. Swarringer, from the Scott string, worked 1-2 in 52; Capt. Ben 5-8 in 1.04 1-5; Gen. Ben Ledl 5-8 in 1.04 4-5; Martingale 3-4 in 1.18 2-5; handy; J. H. Houghton, an old favorite, 3-4 in 1.16 3-5.

From the Fuller stable Toy Boy 3-4 in 1.22 under restraint all the way.

Other works were: Letourne mile in 1.46 3-5, Amphion 3-8 in 37 4-5, Ragman 1-2 in 52. Sigot breezed 1-4 in 30; Marion Gaiety 1-4 in 25; Bundle of Rags 2-4 in 1.13 3-5; Astrologer 3-4 in 1.18 1-5; Jack Morgan and Kelton 3-8 in 38 4-5; Double Back and Bend 3-4 in 1.17 3-5; Fair Fox 1-2 in 53; Booser 1-2 in 52 4-5.

The platers will all be worked Saturday morning. There should be some fast work, as the track will be in ideal shape.

The arrivals yesterday were: J. B. Morland, with four—Just Red, Lady Riley, Miss Cottonwood and Temple Duncan. R. J. Austin had three in his string; P. C. C. with five—Brawney, Love Day, Garneau, Mockery and Ravenal.

Canada and U. S. Form Athletic Alliance

NEW YORK, May 15.—Articles of alliance have been adopted by the Amateur Athletic Union of the United States and Canada. It was announced here tonight by James E. Sullivan, secretary-treasurer of the American body, and under them the two organizations will work in harmony under the following conditions:

All open and closed games shall be governed by the rules and sanctions of the A.A.U. of the country where they are held. Athletes recognized as amateurs in one country shall be recognized as such in the other, but in all cases they must present permits from their parent bodies. Upon request, either party to the alliance shall present lists of sanctioned meets to the other, and each shall regulate and enforce all penalties of suspension and disqualification imposed by the other. The articles of alliance may be terminated by either A.A.U. upon thirty days' notice to the other.

A uniform permit has been approved, which athletes must use who intend to compete outside their own country.

STREET CAR HIT WAGON.

Furniture and broken glass strewn the corner of King and Niagara streets at 6 o'clock yesterday afternoon, when a Kink car 1180, driven by James Coutts, 46 Nassau street, struck one of the Coulter Transfer Company's moving vans. The driver of the wagon was driving west along one car track, and in turning out to let another car pass, was struck by an east-bound car. The shock broke the back of the wagon in several places, and badly damaged the front vestibule of the trolley.

Imported and Registered Hackney and Clydesdale Stallions and Mares

Also of YOUNG PEDIGREED STOCK

THE PROPERTY OF ARTHUR C. HARDY, ESQ., BROCKVILLE, ONT.

Catalogues of the sale may be had from us. The horses include: Imported Hackney Stallion, rising 4 years, a son of GARTONIUM, by GARTON DUKE OF CONNAUGHT, dam a POLLIANUS mare. He won second in a grand class at London, England, Hackney Show, 1913. The male yearling bred by HIS MAJESTY, with foal at foot; also MANDER, owned by Mr. J. Jones, Wreckham, Eng. A Pair of Registered Mares, full sisters, 3 and 4 years, by DALTON KING. A Beautiful Mare, imported 7 years, by COPPER KING, and another 7 years old, rising 8 years, son of the grand champion horse, BARON DUCHESNE, well set up, the correct size, extra good feet and quality all over; also a number of particularly well-bred Colts and Fillies are on the list, and none of them should be overlooked, being all of grand stock. This Special Sale should not escape the notice of any horse breeder or others seeking to buy a first-class horse, and every one on the catalogue is sent here to be sold.

Pony Carriages Horse Carriages

On sale in our Carriage and Harness Department

Some beauties in the way of Pony and Horse Vehicles are to be seen at our place just now. There is nothing so smart and nothing so enjoyable as the handling of a first-rate Horse or Pony Outfit. They are inexpensive, too. We recognize that fine style is an essential requirement, and real workmanship as well. These we give you absolutely. We can sell you the best of Harness and other equipment also.

Weather clear, track fast.

HOUNDS MEET TODAY.

The hounds will meet at the old Newmarket race course today at 3 o'clock.

IT TAKES SIX WEEKS TO BUILD A REO THE STEEL IS ANALYSED TWICE — THE GEARS ARE TESTED FOR 75,000 POUNDS A TOOTH — THE SPRINGS FOR 100,000 VIBRATIONS — ALL DRIVING PARTS ARE BUILT ONE HALF STRONGER THAN NECESSARY — 190 STEEL DROP FORGINGS USED — A CAR FOR USE

THE Reo is not thrown together — assembled to sell at a price.

Because it receives the patient, studied construction of a fine time-piece it takes six weeks to build it.

A whole building is devoted to tests and analyses. In every part hair-fine exactness is secured by accurate machining and careful workmanship. We make every part to endure the roughest kind of service. We make all driving parts in the 35 h.p. car

meet the usual tests required for a 50 h.p. engine — far more than you are likely ever to require. We use 15 roller bearings and 190 steel drop forgings.

This results in the Reo's giving good service when other cars are ready for the discard. Your Reo doesn't grow noisy, it doesn't show wear and it doesn't give trouble. After years of use, with proper care the car will run and look like new.

Satisfy yourself as to the merits of the Reo by a thorough demonstration of its parts and performance. There is probably no car on which you can save so much in cost and at the same time get so much for your money. A visit to our showrooms will prove this to your satisfaction.

The Reo is the only car in which all the gear shifting is done with the simple one-rod control

Streamline Model \$1,575 equipped

REO SALES COMPANY, ST. CATHARINES General Agents for the Reo Motor Car Co. Limited, St. Catharines

FROM LONDON ENGLAND

SUIT 4.50

DELIVERED FREE

\$1,000 IF UNTRUE WE SEND A GENTS SUIT DUTY & CARRIAGE PAID FOR \$4.50.

The marvelous but perfectly honest offer of a Gents 4 piece suit, delivered free (excluding more to pay) for \$4.50 (checked up by gentlemen from the British Police) has reached every village in Great Britain. They cost you nothing. We send also higher price samples.)

ADDRESS FOR SAMPLES: H. THOMAS & CO. (Dept. 11), Dominion Bank Chambers, Cor. Spadina Avenue and College Street, Toronto. **ORDERS & PAYMENTS ONLY TO: H. THOMAS & CO., LONDON, W.C. ENGLAND.**

SAMUEL MAY & CO
MANUFACTURERS OF BILLIARD & POOL TABLES, ALSO REGULATION BOWLING ALLEYS, 102 & 104 ADELAIDE ST. W. TORONTO. ESTABLISHED 50 YEARS.

"TIFCO" BOWLING BALL

This ball is the best on the market, because it never slips, never loses its shape, always rolls true, hooks and curves easily, does not become greasy, is absolutely guaranteed, is cheaper than any other reputable patent ball, and complies with the rules and regulations of the A. B. All first-class alleys are putting these balls on. Try one on the alley where you roll and you will never roll any other ball.

Harness Horses Make Spring Trial Records

The season's harness horse trial records for colts, trotters and pacers were made yesterday afternoon at Dufferin Park. Nat Ray's Little Alfred (2-13 1-4) and Tredell (new pacer) did the mile together in 2:21 1-4. W. A. Collins' trotter, Ned Wilkes (2:17 1-4) negotiated the mile in company with C. A. Burns' pacer, Major Hunter (2:11 1-4) in 2:22.

FISHING SEASON NETS HALF A MILLION.

(Special Correspondence.) HAIFAX, N.S., May 15.—With the arrival of the steamer Diana from the northern ice-does with 2,000 young and 3,500 old seals, the seal fishery for 1914 is ended. The total catch consisted of 240,000 pelts, about one-third of a full cargo, valued at about half a million dollars.

P.E.I. LOBSTER SEASON OPEN.

CHARLOTTETOWN, P.E.I., May 15.—The lobster season opened this week.

Leafs Win First of Series From the Newark Champions, 6 to 2

DETROIT TIGERS STOP CALDWELL

Jennings Fast-Going Squad Breaks Highlander Star's Winning Streak.

NEW YORK, May 15.—Detroit broke Caldwell's winning streak here today, the Tigers making a clean sweep of their series with New York by taking the last game by a score of 4 to 2. Cobb injured his knee in the first inning, sliding to second, but his hitting and base running featured the Detroit's victory. He made two doubles, walked and stole a base. Druas pitched a splendid game for Detroit. Score: R.H.E. B.

Toronto	4	10	0	1	1	0
New York	2	10	0	0	2	0

Two base hits—Friedland, Cobb 3. Vanagah, Williams. Home runs—Burns. Sacrifice hits—Peckinpah, Crawford. High, Stolen bases—Friedland. Struck out—By Caldwell 5. By Druas 2. Hit by pitcher—Druas. Left on bases—Detroit 5, New York 6. Umpires—Chill and Sheridan.

Joe Wood Makes His Season Debut

BOSTON, May 15.—The St. Louis players found Bédent's delivery easy of solution today and they batted out a 9 to 3 victory over Boston. The feature of the day, to the minds of Red Sox supporters, was the return to the game of Joe Wood. The crack pitcher made his first appearance since he was operated on for appendicitis last February. He had all his old-time speed, and much of his former cunning during the one inning in which he figured. A home run by Walker of St. Louis over the left field fence was one of the longest hits ever made on the local grounds. Score:

St. Louis	9	12	0	0	0	0
Boston	3	12	0	0	0	0

Two Washington Catchers Injured

WASHINGTON, May 15.—Gandhi's triple, two bases on balls and an error, together with a double-steal by Schaeffer and Moeller, on which the former scored, netted Washington four runs in the second inning of today's game with Chicago. This was enough to win, making the series three to one in favor of the home team. Catchers Ainsmith and Henry are both out of the game with injured hands. Score:

Washington	4	0	0	0	0	0
Chicago	0	0	0	0	0	0

Superbas Batted Three Cub Heavers

CHICAGO, May 15.—Brooklyn batted all three of Chicago's pitchers opportune today, ran cleverly on the bases, took advantage of each local mistake and won 12 to 5. Score:

Brooklyn	12	19	0	0	0	0
Chicago	5	19	0	0	0	0

Jacobs Was Wild Phillies Victors

ST. LOUIS, May 15.—St. Louis defeated Philadelphia, 6 to 3, this afternoon, thru the wildness of Jacobs and by punching hits and taking advantage of the visitors' errors. In the seventh, Jennings Byrne hurt his finger and was replaced by Irwin, who, after making an error, gave way to Reed, another youngster. Score:

St. Louis	6	0	0	0	0	0
Philadelphia	3	0	0	0	0	0

Third Straight For Cincinnati

CINCINNATI, May 15.—Cincinnati out-batted and outfielded Boston today, winning the third straight game of the series, 4 to 2. Maranville had an off-day in the field, making four errors, three in the seventh inning. Score: R.H.E. B.

Boston	2	10	0	0	0	0
Cincinnati	4	10	0	0	0	0

Leafs Larrup Lucky Lee

NEWARK, May 15.—The Newark champions won their first game of the series from the Toronto Leaflets today, 6 to 2. The victory was due to the hitting of Larrup and the pitching of Lee. Score:

Newark	6	10	0	0	0	0
Toronto	2	10	0	0	0	0

HURRAH AND THEN SOME LEAFS LARRUP LUCKY LEE

Kelleyites Klout Offerings of Leftlander for Extra Base Hits and Four Runs, Driving Him to Cover in Two Innings—Jordan's First Home Run.

The loyal followers of the band of Kelley had the distinct moral served up to them yesterday that it has been their good fortune to swallow. For three long years the regulars have waited for such a day as this, and they gloried in it after the long wait. Wyatt Lee, jinx extraordinary, pitching his first league game in two years, was well belted and chased to the barn in two innings. Can you imagine 17? Wyatt Lee chased and hammered in unmerciful style. The sum total of this joyful occasion was a 6 to 2 victory for our own Leafs. The jinx was broken, the Indians over the champion Toronto Leafs.

While we are talking of things to rejoice over, the next best thing to a Wyatt Lee lambasting the fans was Jordan's home run by Mighty Jim Jordan. The Bronx clouter filled the fans' cup of joy to the overflowing with a large wallop into the right field bleachers in the fifth, with O'Hara on the paths. We ask for nothing more.

Rogge was on the mound for the locals, and his work was all at Lloyd's. Rogge held the league champions to three scattered hits in seven innings, but weakened a trifle in the eighth, allowing three safeties in a row, and these coupled with a boot gave the Indians their second run.

Just one more thing to be thankful for, the rapping of one Wm. O'Hara, a native son, who contributed a triple, a double and a single in three times up. Bob Fisher was in a peck of trouble all afternoon, and a look over the day's record will show that he was credited with four safeties, a wonderfully poor performance if you have seen the same Fisher work on other days.

Our respective brand of hot grid of Fitz in the opening inning, got O'Hara hit the first ball pitched to him for a single and the run was on. While we are talking of things to be thankful for, let us take his turn. He was a regular in the spring trip and has been unable to take his turn in the box until yesterday. Maybe he will be sick for a few weeks more. To get back to the play, the Indians had a good start, but they were pulled down. Kelley batted to left and O'Hara was in. From him, and Wilson made a break for home. Zimmerman relayed the throw to the plate, and the run was nipped off at the plate on a very close decision.

This second was a real carnival for the homeaters, and the fans enjoyed Lee's discomfiture. Fisher waited for a free trip, and then pulled the switch on the home team. Zimmerman, man playing in close, the ball dropped between third and short and all hands were safe. Kroy nipped it down. Kelley batted to left and O'Hara was in. From him, and Wilson made a break for home. Zimmerman relayed the throw to the plate, and the run was nipped off at the plate on a very close decision.

From him, and Wilson made a break for home. Zimmerman relayed the throw to the plate, and the run was nipped off at the plate on a very close decision.

ROYALS HAND THE FIRST TO OROLES

Hit McQuillan Hard in Early Rounds and Down the Pirates.

PITTSBURGH, May 15.—New York hit McQuillan hard in the first five innings today and took the second game of the series, 5 to 3. Harmon relieved McQuillan in the sixth, and finished the game for Pittsburgh in god style. Mathewson kept nine hits scattered and held the Pirates to infield taps with men on bases. Larry Doyle is situ out of the game with tonsillitis and Marquand was reported a victim of the same ailment today.

Pittsburgh	5	10	0	0	0	0
New York	3	10	0	0	0	0

SAINTS FALL AT ERIE IN OVERTIME

ERIE, Pa., May 15.—Erie won another hard game from St. Thomas today, ten innings being necessary before a final decision was reached. Both teams played a rather slovenly brand of ball, errors counting in the scoring on both sides. Erie won the game on an error to complete a double play in an attempt to take the lead in the first base plate, and the two scores that counted were enough to win. Score:

Erie	10	10	0	0	0	0
St. Thomas	0	10	0	0	0	0

OVERTIME BATTLE GOES TO GRAYS

ROCHESTER, May 15.—The Hustlers and Providence battled thirteen innings today, the Grays winning out 3 to 2. Anthony Comstock, the \$10,000 beauty of the "Hustlers," worked up to the tenth inning, but was pulled down by the "Providence" pitcher, who was relieved by "Duchess" in the tenth to make way for a pinch hitter.

Rochester	3	10	0	0	0	0
Providence	2	10	0	0	0	0

Mixed Hits and Errors on Naps

PHILADELPHIA, May 15.—Philadelphia defeated Cleveland today, 6 to 5, by mixing their hits with bases on balls and errors by the visitors. Bush took Shawkey's place in the fifth inning, and in the last five innings Cleveland could not get a man to first base. Score: R.H.E. B.

Philadelphia	6	10	0	0	0	0
Cleveland	5	10	0	0	0	0

ONE RUN VICTORY FOR PETERBORO

PETERBORO, May 15.—The Pates came back to earth today and took the second game of the series with London by a 2 to 1 score. Both Hammond and Tracey were in good form, with the local heater having the better of the argument. Score:

Peterboro	2	10	0	0	0	0
London	1	10	0	0	0	0

NEWARK AGAIN TODAY.

SHERRARD SMITH, the big left-hander whom Manager Smith declares to be better than Aitchison, now with Brooklyn, will probably pitch for Newark this afternoon in the second game with the Leafs. Ritter or Gilbert, with the chances favoring the latter, will be Manager Kelley's choice. The game will be called at three o'clock. Monday is ladies' day.

AND THE WORST IS YET TO COME

PHILADELPHIA, May 15.—Philadelphia defeated Cleveland today, 6 to 5, by mixing their hits with bases on balls and errors by the visitors. Bush took Shawkey's place in the fifth inning, and in the last five innings Cleveland could not get a man to first base. Score: R.H.E. B.

Philadelphia	6	10	0	0	0	0
Cleveland	5	10	0	0	0	0

OTTAWA, May 15.—(Special)—

Beavers were only able to connect safely with Shocker for runs in the second, a walk to Smith and singles by Burrill and Loud bringing in two runs, the Senators finally winning 3 to 2. Schaeffer twisted well for three innings, but weakened. Ladd's single scored two runs, and a single by Bullock and Shaughnessy's three-bagger scored the winning run in the fifth. Loud replaced Schaeffer in one hit. Rogers, Ottawa's left fielder, had a run in with Upton's walk and was put out of the game. Score:

Ottawa	3	0	0	0	0	0
Senators	2	0	0	0	0	0

HAMILTON ATHLETICS GET A TRUNCING

HAMILTON, May 15.—(Special)—The Athletics had an off-day this afternoon, and were beaten by Blue Demas's team of Brantford by an 8-2 score. The game became featureless after two innings, Brantford securing five of their runs in the first inning off Dougherty. With two out, Manager Yates yanked Dougherty, replaced him with Brantford's pitcher, and too late, as the damage had been done. With the big lefty Brantford took all kinds of chances, and got away with them. Hamilton lacked the grasp which was as prominent in yesterday's game. Score:

Hamilton	2	0	0	0	0	0
Brantford	8	0	0	0	0	0

SHOCKED BY LIVE WIRE.

While adjusting some coils in the Toronto power plant, at the corner of Huron and Davenport road yesterday afternoon, Alfred Blinck received a severe charge of electricity thru his body. The accident is thought to have occurred when he inadvertently touched his arm against some metal, making a circuit. He was conveyed to the hospital in the police ambulance, and is seriously injured.

OTTAWA, May 15.—(Special)—

Beavers were only able to connect safely with Shocker for runs in the second, a walk to Smith and singles by Burrill and Loud bringing in two runs, the Senators finally winning 3 to 2. Schaeffer twisted well for three innings, but weakened. Ladd's single scored two runs, and a single by Bullock and Shaughnessy's three-bagger scored the winning run in the fifth. Loud replaced Schaeffer in one hit. Rogers, Ottawa's left fielder, had a run in with Upton's walk and was put out of the game. Score:

Ottawa	3	0	0	0	0	0
Senators	2	0	0	0	0	0

Hamilton Athletics Get a Trouncing

HAMILTON, May 15.—(Special)—The Athletics had an off-day this afternoon, and were beaten by Blue Demas's team of Brantford by an 8-2 score. The game became featureless after two innings, Brantford securing five of their runs in the first inning off Dougherty. With two out, Manager Yates yanked Dougherty, replaced him with Brantford's pitcher, and too late, as the damage had been done. With the big lefty Brantford took all kinds of chances, and got away with them. Hamilton lacked the grasp which was as prominent in yesterday's game. Score:

Hamilton	2	0	0	0	0	0

**"It Means
This to You"**

The merchant, before buying his first car, consulted a motor-wise friend. Naturally, they discussed the **RUSSELL KNIGHT** and its famous test.

"I've owned cars ever since the 'one-lunger' days," remarked his friend, "so I know just what this test should mean to every motorist."

"Do YOU realize, for instance, that 13 days' and nights' continuous running means a whole year's service without a stop?"

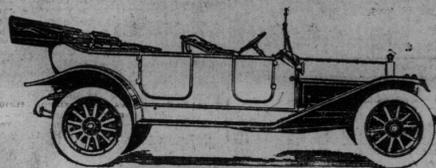

"Do YOU realize that a 28-horsepower motor capable of developing double that power, means all the speed, power and efficiency of a '56" motor, with the size, weight and economy of but a '28?"

"Do YOU realize that the new fuel and oil records mean a saving of many dollars every year?"

Before YOU buy your new car, you owe it to yourself to realize the full meaning of these **RUSSELL** facts—the tremendous superiority of the **RUSSELL-KNIGHT**. Let us give you all the details of the \$20,000 Challenge Test, and show you the

MAKE YOUR OWN WILL

Make it on a Form That Has Stood the Test of Time and the Courts.

If you don't make a will your estate may fall into dire confusion after you are gone. Your loved ones may not get what you intended them to have without your will. No one knows what you intended to do. Family differences, unhappiness, waste, costly law expenses often eat up half the estate.

Make your own will; make it today in the privacy of your own home. Use a Bax Legal Will Form copyrighted at Ottawa, and thousands in use. The Bax is the only will form that has stood the searching tests of the law courts for years. Complete instructions go with every Bax Will Form, also a sample filled out, so you can make no mistake. No lawyer's fees to pay, no registration necessary. Be certain you get the genuine Bax. There are imitations, but only one genuine original Bax Will Form, with exclusive copyrighted features. At stations, or clip this out, write your name and address plainly in the margin and mail to us, with 35 cents, for one Bax Legal Will Form, post free, and full instructions. Three for \$1. Write today to Bax Will Form Co., Room 84, 280 College street, Toronto.

NEW YORK, May 15.—Sir William Willcocks, K.C.M.G., celebrated English engineer, constructor of the famous Assuan dam on the Nile, was the guest of honor at a luncheon tendered him today by the Pilgrims of the United States at the Whitehall Club.

FUNERAL OF MR. WAINWRIGHT.

MONTREAL, May 15.—The funeral of William Wainwright, 1st vice-president of the Grand Trunk Railway, who died last night in Atlantic City, will be held in Montreal on Monday afternoon. Interment will be made in Mount Royal Cemetery.

**DOUBLE HANGING
FOR ONE MURDER**

On Scaffold Before Dying, Davis Blamed Companion Clark for Crime.

Canadian Press Despatch.
VANCOUVER, May 15.—"As God is my judge, Clark did the killing." These were the only words ever approximating a confession made by Frank Davis this morning just before he and Herman Clark were executed by Hangman Ellis at New Westminster jail for the murder of Police Constable Archibald of Vancouver on May 28, 1913.

Each man had blamed the other for the crime ever since both were arrested within a few hours after the murder. The two men were pronounced dead 13 minutes after the trap was sprung. Clark turned and sneered at Davis as the two walked to the scaffold. Davis did not touch any food all day yesterday nor this morning. Clark, when the guard brought in his breakfast of ham and eggs and coffee, declared with an oath that it was the same old thing and declined to eat. Davis will be buried here. His parents are said to be respectable people of Toronto. Clark had escaped from

**LINER BOLDWELL
IS LONG OVERDUE**

Freighter Left Antwerp to Inaugurate New Service to Montreal Month Ago.

Canadian Press Despatch.
MONTREAL, May 15.—Somewhere on the broad Atlantic, or perhaps in the grip of dangerous ice fields and bergs near the Newfoundland coast, is the Boldwell, a staunch little freighter bound for Montreal. Her whereabouts is unknown, and anxiety concerning her is assuming definite form.

On a trip that should not take more than fifteen days, the Boldwell left Antwerp on April 27, to inaugurate the service of the North Line between Antwerp and Canada. Since then nothing has been heard of her, and today is the 25th day since she left Holland. The Boldwell is 315 tons register, and bringing a full cargo to Montreal. Her crew would number 35 men, probably Germans or Dutch.

STRIKE OIL IN ALBERTA.

CALGARY, Alta., May 15.—Oil is reported struck in the Dinsman well in enormous quantities. A telegraphic message from the well at 2 o'clock this morning stated that there was 1000 feet of high-grade oil in the well and rising rapidly with prospects of overflowing before morning.

EQUAL FRANCHISE LEAGUE ELECTION

Mrs. L. A. Hamilton Elected President at Annual Meeting Held Yesterday.

As a result of the Equal Franchise League elections the following ladies were voted to office: President, Mrs. L. A. Hamilton; 1st vice-president, Miss Constance Boulton; 2nd vice-president, Mrs. Lloyd; treasurer, Miss Elizabeth Boulton; recording secretary, Mrs. J. C. Brown; corresponding secretary, Mrs. Erickson Brown; Committee—Mesdames Leathers, Lang, J. L. Hughes, Maciver and H. Leys. In the absence of Mrs. L. A. Hamilton, Miss Constance Boulton presided and in place of a president's address spoke for a few moments on the aims and work of the league, and the great need of political education as an aid to success.

Mrs. Long interested the members in the idea of encouraging "Woman Suffrage Friends," and a motion was passed that the league would take up the movement. It is the aim of the members to arouse interest in the country and small towns where suffrage is little understood, and to encourage all in favor of woman having the franchise to sign a card to this effect. The movement is not limited to anyone to any association, but is hoped to arouse interest in this vital question and secure definite opinions. J. W. Bennett drew some humorous sketches.

THEATRES

Bonstelle Players. The trials and tribulations of a simple country girl in London are the ground-work of the comedy, "Merely Mary Ann," which the Bonstelle Players will present at the Alexandra Theatre next week with matinees on Wednesday, Friday and Saturday. The scene of the play is laid in a cheap lodging house in the English Metropolis, where many strange and quaint characters are introduced. The author, Israel Zangwill, wrote the play for Eleanor Robson, who in it scored her greatest success when she produced it in New York. Its subsequent success is now a matter of stage history. The role of Mary Ann will give Miss Proctor a splendid opportunity for the display of her talents, as the little country girl is a most likeable character. The role of her lover, the honorable young composer, is one suited to the most known actor. Seats are now on sale.

Fiske O'Hara in "The Rose of Kildare." The romantic Irish play, "The Rose of Kildare," with the famous Fiske O'Hara in the principal role, will be the attraction at the Grand Opera house all of next week. This is a play of which the clever young tenor is very much called upon to play, and in which he has made his greatest success in other parts. There is a better impression of the dare-devil young Irishman on the stage today than Fiske O'Hara. The play is a mixture of comedy, drama and melodrama of a romantic type. The plot is full of intrigue, mystery and gripping waterfalls, ruined castles and ancient castles with the most interesting incidents to get up and listen with attentive interest. "The Rose of Kildare" has four interesting acts, and is the best play of the 18th century, and dressed in the picturesque costumes of the period. The play is filled with lofty sentiments and pervaded with the sweetness and cheerfulness of the life of the people of the Emerald Isle.

Annie Russell Next Week. Direct from her ten weeks' triumphant run at the Little Theatre in Philadelphia, where she is to have a theatre of her own next season, Annie Russell is to present at the Princess Theatre next week, her most brilliant and successful of all play hits of her Quaker City engagement. This is a sparkling, up-to-date comedy by Paul Keeler, the famous young American playwright who has made a name for himself in a delightful part in "Sweet Nell of Old Drury" and Julia Marlowe one of the most potent acts of the theatre. "When Knighthood Was in Flower," he has equally charmingly played. Annie Russell part in the character of Emily Divesford comes from his pen, entitled "The Lady in the Dressing Room," which is a most happy marriage which she has been making in her career. The play is a comedy of its kind, and to pass through the hands of a specially picked company, which made her previous season so prosperous. It comprises such foxy favorites as "The Merry Widow," "The Merry Men of Canada." Previous to the address a dinner was held, presided over by Mr. H. Snow, president of the club.

Mr. and Mrs. Vernon Castle. Those wonderful dancers, Mr. and Mrs. Vernon Castle, at the head of their own company, will be seen here of their own company and evening of Tuesday, May 19, at Massey Music Hall.

For the past two years the Castles have occupied one of the most unique positions in the history of public entertainers. The brilliancy of their work, the originality of their methods, the grace and harmony of their movements, the exquisite beauty of Mrs. Castle and the splendid refinement and keen intelligence of her partner-husband, have united in making the Castles notable figures among contemporary celebrities. On their present ambitious tour they will show the heights to which dancing has attained. Besides giving their own finished exhibitions of this modern vitalized form of entertainment, they will offer evidence the results of their tuition, a lovely corps of student dancers from Castle House, New York. The Castle party are traveling in their own special train, carrying with them the dance sensation of the year, "Europe," and his famous slide in his own right, original and elusive in its nature. Mr. Castle will be the why and wherefore of the present dance craze. An unusual feature of the performances will be the dancing tournament for the Castle Trophy cup, which will be awarded to the winning couple, will be presented by Mr. and Mrs. Castle.

Digs Cook at Winter Garden. One of the most popular and successful piano, recently discovered by Maurice Loew, booking officials, will be the first headliner featuring the Winter Garden at the Winter Garden next week. Miss Cook will make her debut in New York and proved such a sensation that she has been compared to Lillian Russell when she first started her career. Another feature will be Tim McEaton and his clever partner Edith Chappelle in a brand new sketch "Why Rabby Learns to Dance." This will be the first time in Toronto for this well-known act. "Winter Garden" is the special extra feature in the repertoire of Robert O'Connor and Company in "The Stick-up Man," a police play. Mackey Bennett will present dialect comedy in monologue, Roland West's famous playlet, "The Taming of the Shrew," with strong cast. Bounding Gordons, Montrose & Sardell, Murphy & Foley, Bruce Morgan & Betty and others including the performance

IF YOU PAY RENT — Read This

\$10 Will Start You Along The Same Road

We have helped hundreds of families to get out of the rent-paying class and into homes of their own. The rent you pay out every month would in a few years amount to enough to buy a little home that will be getting more valuable every year. Hundreds of men are building little homes on the land we sold them on very easy terms. Come out now and secure a location in St. Clair Park, which is the heart of a rapidly building community of cozy little homes. You can have a garden and a poultry run, which will lessen the cost of keeping your families.

We Will Give You Free Building Plans and Estimates

Come into our office and look over the many plans of comfortable little homes which can be built at small cost. We will show you the amount of material required for the different styles of houses and tell you just what it will cost.

ST. CLAIR PARK

\$5 a Foot Less than Surrounding Land

situated at St. Clair Avenue and Dawes Road in the fast-growing East End. A large number of houses are already built in this section, and dozens will be erected this spring right in the Park. The property is but a hundred yards or so from the great suburban car line—the Toronto and Eastern—the construction of which will be rapidly pushed to completion. When this line is running the value of lots in St. Clair Park will have doubled. Secure this profit by investing now. The civic cars on Danforth Avenue serve the property right now.

\$10 Down \$5 a Month

Take advantage of these easy terms while they can be secured. Remember, as soon as you have made your first payment you can start building at once. In a short time your house and land will prove a very profitable investment.

Party Repudiates Nickle's Attitude

Kingston Standard Says Conservatives of Riding Disagree With Stand on C.N.R.

Special to The Toronto World.

KINGSTON, May 15.—The Daily Standard (Conservative) published an editorial today repudiating on behalf of the Conservatives of Kingston the attitude of W. F. Nickle, M.P., on the C.N.R. bond guarantee legislation. The article says: "It is only fair to the Conservatives of the City of Kingston, and it is only fair to Premier Borden and the members of his government to say at this juncture that W. F. Nickle, the member for the city, is speaking not for the great Conservative body of electors in Kingston, when he opposes the C.N.R. guarantee, but is voicing only his own individual opinion. "Mr. Nickle claims that when he accepted the Conservative nomination three years ago he reserved the right to think and speak for himself. It is so, and we are not disputing it, then we can only frankly say in reply that the Conservatives who put him in the house of commons likewise reserved to themselves the right to their own thinking and speaking—and qualifiedly and unqualifiedly opposed to his position. Not only that, but they wish it distinctly understood that they disagree absolutely with him and desire to assure Premier Borden and his colleagues that they are heartily in accord with the government on this C.N.R. guarantee."

SANOL CURES GALL STONES

Sanol will positively cure Gall Stones, Kidney Stones, Gravel and all diseases of uric acid origin.

One former sufferer writes: "I had kidney trouble for the past seven years. The doctors failed to cure me. I began taking Sanol. I have just finished eight bottles. I am perfectly cured and no trace of kidney trouble whatever."

Another writes: "I have been almost an invalid with Gall Stones. Had been in the hospital for two months. Nothing seemed to do me any good until I tried Sanol. Now I am as well as ever, and feel years younger."

We receive dozens of letters weekly telling of the marvelous results obtained from the use of Sanol.

Sanol is a harmless vegetable remedy, which dissolves all foreign deposits in the kidneys, heals and rebuilds the diseased tissues.

Many of the leading physicians have given Sanol a thorough trial, and are now prescribing Sanol in all cases of kidney trouble.

Write for our free medical booklet. Sanol is for sale by all druggists.

PLAN TO BREED ARMY REMOUNTS

Dominion Government Leases Big Tract of Land in Alberta to Private Company.

By a Staff Reporter.

OTTAWA, May 15.—A new arrangement has been entered into between the minister of militia and the National Live Stock Exchange whereby the latter will lease for ten years 65,120 acres of crown lands in Alberta, south of the Red Deer River, for the purpose of breeding horses. These horses will be half-bred army remounts and the Dominion Government and the war office will have pre-emption rights.

The yearly rental will be 2 cents per acre and the price to be paid for the animals will not exceed \$250. The National Live Stock Exchange is a Montreal company represented by M. J. O'Brien as president and F. W. Rous as secretary.

NORTH TORONTO TORIERS.

The regular monthly meeting of the North Toronto Liberal-Conservative Association will be held in Cumberland Hall on Monday, May 18, at 7 p.m. sharp. This will be members' night, and much important business is to be transacted.

SIR JOHN WILLISON SPEAKS.

BELLEVILLE, May 15.—Sir John Willison of Toronto this evening addressed the Canadian Club on "Reminiscences of Public Men in Canada." Previous to the address a dinner was held, presided over by Mr. H. Snow, president of the club.

ELECTRICITY, THE RELIABLE REMEDY FOR Back Pains, Sciatica, Lumbago, Kidney Pains, Nervousness, Indigestion

My Electric Belt cures these troubles. It has cured thousands of cases in the past few years. It is curing scores every day. My mail is full of letters of gratitude from cured patients. Have you Rheumatism or any pain? If so, lay aside those drugs and plaster, which long experience tells you will never cure, and enjoy the warm, glowing from my

DR. McLAUGHLIN'S ELECTRIC BELT

It will not fail; it cannot fail; for it pours life into the blood, loosens up the stiff joints, and limbers the muscles. Pain cannot exist where my Belt is worn. If you are in pain it will relieve you in a few weeks.

HAS THROWN HIS CRUTCHES AWAY.

Dr. McLaughlin: Box 325, Owen Sound, Ont.

Dear Sir—I am pleased to tell you that I am able to follow the team all day. The money I paid you for your Belt was the best investment that I ever made. When I got your Belt I had to use crutches to get around, and now I am able to do all kinds of farm work. I remain, yours truly, GEO. McKay.

MR. JAMES ANDERSON, Lot 9, Con. 2, London, Ont., says: "I am glad to say that the Belt I bought from you on the last day of July, 1906, cured me of Sciatica. I wore it about four months, and have not been troubled since."

Dr. McLaughlin: Chapleau, Ont.

Dear Sir—Your Belt has entirely cured me of my troubles. The rheumatism left my knee and back after only a month's use, and I believe your Belt, with proper care, will do all you claim for it. You can publish my testimony as strongly as you wish, as I will certainly do all I can in recommending your Belt to any who are in need of treatment. Wishing you every success, I am, Yours truly, JOHN W. HALLIDAY.

Let me treat your case in my own way. Let me apply a steady current of Galvanic Electricity to your system with my Dr. McLaughlin's Electric Belt. Wear this appliance night after night, for a few weeks, and it will drive out all those pains and aches; it will restore equilibrium to your nervous system; it will cure you.

DR. M. D. McLAUGHLIN, 237 YONGE ST., TORONTO, CAN.

Dear Sir—Please forward me one of your Books, as advertised. 1-24-14

Random Notes on the Mining Stocks.

In acquiring control of the stock of the Porcupine Syndicate, the chief asset of which is the mineral property Consolidated on Cart Lake, Toronto General Assets, Limited, will go on to develop the mine.

Hamilton B. White states in his current Market Despatch: "The past history has brought to light important facts in connection with the future of at least four mining companies."

Editor World: "I am pleased to note the action you are taking in regard to the Chambers-Perland deal. My belief in this morning's World (May 14) leaves no doubt that you are supporting the minority shareholders against one of the rawest deals that have been tried to be pulled off."

The mining market was easy yesterday, favorites not going as strong as the last few days.

The official results of the Dome Mines, Porcupine, during the month of April, were: 14,770 tons milled, \$97,454.69

Value of total monthly production, \$97,454.69

It will thus be seen that the preceding months of the year as follows: January, 13,900 tons milled, \$97,454.69

February, 12,010 tons milled, \$97,454.69

March, 14,970 tons milled, \$97,454.69

April, 14,770 tons milled, \$97,454.69

It is thus seen that the preceding months of the year as follows: January, 13,900 tons milled, \$97,454.69

February, 12,010 tons milled, \$97,454.69

ARGENTINE CORN SURPLUS IS SMALL

Sharp Reduction in Estimates Gave Prices Uplift at Chicago.

CHICAGO, May 15.—Estimates that the Argentine exportable surplus of corn has been cut down from 125,000,000 bushels owing to incessant damage by storms made the corn market here jump today into chief interest. There was a decided uplift in prices, but heavy sales too realized profits left the close merely steady at a gain of 1-4c to 5-8c net. Wheat would not shade to 8-4c above last night, oats unchanged to a rise of 1-8c.

Although it was not expected that the corn producers in the United States but the relief in estimates, however, the competition this season, belief in some general that the unforeseen developments south of the Equator meant the restoring of prices here to much more of a domestic basis than would otherwise have been the case. The increasing of prices of corn in Chicago and the scantiness of receipts here and in the west attracted particular attention. Optimists, however, were predicting an enlargement of receipts next week, it being said the country today sold freely to arrive.

Wheat strengthened with corn, and as a result of better verified reports of serious damage from Hessian fly in Missouri and Illinois. Rain in the first named state tended to induce a reaction of prices during the last hour of trading. Export business at Kansas City and milling demand northwest were aid in upholding the market.

Oats had some independent work to climb, as crop prospects in Oklahoma and Illinois were not so alluring as of late. However, the disposition to grab profits took the edge off the market.

Provisions averaged higher, helped by the grain bulge. Firmness ruled at the yards when packers bought freely later.

ST. LAWRENCE MARKET.

Receipts of farm produce were only 15 loads of hay on street market. Hay—Sixteen loads sold at \$18 to \$20 per ton for No. 1 hay, and \$16 to \$17 for No. 2 mixed.

BULLS FOR THE WEST
 Dominion Government Has Collected 40 at Union Yards.
 About forty pure bred bulls have been collected at the Union Stock Yards by Col. R. McEwen for the Dominion Government. These bulls are being bought for distribution among societies in the west. Members of the various associations can get the service of the bulls for a nominal fee, which will be used for the keep of the animal. The tuberculosis test was applied yesterday, and the animals will be sent west at once.

C.S.P.C.A. OFFICE OPENED.
 The Canadian Society for the Prevention of Cruelty to Animals, Toronto, to announce that they have opened an office at room 5, 26 Adelaide street west. All complaints of cruelty should be directed to this office, either in writing or by telephone. Main 2124. For further accommodation, additional telephone connection may be obtained at president's house, Hillcrest 1895, or Animal Shelter, Hillcrest 2252. J. C. Richardson, secretary.

Call or write the Manager for full information in regard to Banking by Mail.

TORONTO BRANCH: W. K. PEACOCK, Manager. I. A. WATSON, Assistant Manager.

TRADE REPORTS SHOW IMPROVEMENT

Centres Depending Upon Recent Trade Depression Will Farm Trade Stronger in Tone.

Toronto reports to Bradstreet's say that wholesale houses, in the whole, find business to have improved slightly since the last report. Orders continue small and buyers are actuated largely by the spirit of caution, but for all that, the volume of business done is a little larger. Those centres depending on the farm trade especially show a stronger tone. Trade in the manufacturing centres is the least satisfactory. The dry goods trade has been adversely affected by the colder weather of the last two or three days. Leather dealers have been more active the past week than they have been recently. Larger orders are coming in from the boot and shoe factories, and better trade is being done with the hardware men say that while trade is still not what it should be there is a noticeable improvement in conditions. Hogs declined 2 1/2c in a weak market. The outside demand for horses was good. The grocery trade is at present rather duller than it has been. Remittances are only fair. The price of wool declined one cent. The new clip which is now coming in is rather cleaner than that of previous years.

Montreal reports that while some discouraging views are expressed, the wholesale trade generally continues to improve. Remittances are while slow and not up to what they were for the time of year are nevertheless on the upward tack. Cattle declined 20c to 25c per cwt. offerings being large. Hogs likewise declined 10 to 25c. Foreign trade in wheat and flour, which was good at the beginning of the week, has dropped off somewhat. The backward spring has retarded business more or less, particularly in the case of wool. Bank rates remain unchanged. The local trade in butter is active and prices are steady. Cheese is firm with small business pending. Winnipeg reports say that conditions through the west continue to improve, also slowly.

Vancouver reports say that the wholesale and retail trades have had a rather quiet period lately. General business is improving, but the outlook is more promising for the summer as the big industries of the coast province are expecting a fairly active year. The volume of exports is expected to be fairly active. Industrial conditions are improving and the output of manufactures is increasing and more employment is available. Trade is rather quiet at present. Buenos Ayres closed, wheat strong, wholesale houses quiet. London reports say that crop conditions in Western Ontario are a little disappointing. Commercial conditions, however, are fairly good and orders at wholesalers being little under normal.

BROOMHALL CABLES
 Offers of Good Wheat are Scarce Everywhere, Causing Apprehension.

Logan & Bryan report the following: Liverpool wheat, steady. American cables yesterday stimulated shorts to cover at the opening, and later prominent support became evidenced, and with light offers prices further advanced under the undertone very firm. Fewer and desire. Manitoba firm. Strength of corn assisted in the advance. Buenos Ayres closed, wheat strong, covering of shorts. Later the market advanced with the undertone strong. Strength in America, and firmness in Buenos Ayres, strength in plate spot here. Argentine shipments made at expense of stocks, damage reports made to the advance.

Argentine Rain continues with much of the territory flooded, and a large proportion of the crop is sprouting. A conservative estimate of damage will allow a reduction of 20 per cent. of the exportable surplus. Buenos Ayres closed, wheat steady, with offers light, corn strong with shorts in June excited on continued unfavorable weather.

India, official wheat crop of the Punjab is placed at 128 va, 112 million bushels, 254,000 bushels. There is a deficiency in wheat otherwise.

CHICAGO LIVE STOCK.
 CHICAGO, May 15.—Cattle—Receipts, 1000; market steady. Steers, \$7.40 to \$8.35; Texas steers, \$7.10 to \$7.50; stockers and feeders, \$8.25 to \$8.50; cows and heifers, \$5.75 to \$6.70; calves, \$7.50 to \$10.75.
 Hogs—Receipts, 12,000; market steady. Light, \$8.20 to \$8.45; mixed, \$8.20 to \$8.45; heavy, \$8 to \$8.45; rough, \$8 to \$8.10; pigs, \$7.50 to \$8.40; bulk of sales, \$8.15 to \$8.40.
 Sheep and lambs—Receipts, 12,000; market steady. Native, \$5.25 to \$6.30; foreign, \$5.25 to \$7.25. Lambs, native, \$6.25 to \$8.45.

SCARBORO BEACH.
 Scarboro Beach Park opens for the season this afternoon, and visitors will find it better equipped than ever before to amuse and refresh them. Two new attractions have been put in along the board walk, and the old attractions have been renovated and improved. The feature attractions for opening day and throughout next week will be the fire diving of Marie Therese, who claims to be the world's champion at this stunt, and the Rolando brothers, who are noted equilibrist. They will give two performances daily. D'Urban's Royal Italian Concert Band is another notable attraction. The band was extremely popular in Toronto last season, and ought to be even more so this season, since it now consists of thirty-five pieces, including ten soloists. Gill's animal circus has been installed, and those who visit the park today will find as many forms of amusement as at any time in the season, and more, probably, than ever before.

CONSERVATORY ADDITION.
 The Toronto Conservatory of Music is adding another large wing to their already very extensive premises, for which plans have been prepared by the well-known firm of John M. Lytle and Company, architects. This will fill a long-felt want for more accommodation, having reached very close to the 2500 mark. A large recital hall is provided for, which will also be used by the Mendelssohn Choir, National Chorus and other similar organizations. The wing will face University avenue, and a separate entrance for the recital hall. Work was commenced Monday last, and the building will be ready for the opening of the new season, September 1.

ARREST NOW LEFT TO CITY POLICE

Provincial Officer Declares Department Has Nothing to Do With Moyes Case.

After his return from the north country yesterday, where he went partly to ascertain if John W. Moyes had been in the vicinity, and partly on other provincial police business, Inspector Greer stated definitely that his department would now have nothing to do with the case, and it would be handled from the Toronto detective office.

The inspector points out that the warrant was issued by Crown Attorney Corley in Toronto, and John W. Moyes is the quarry of the Toronto police. He intimated, however, that any assistance provincial men could lend would be readily given.

According to Inspector Greer, Moyes was never near Algonquin Park, and in his opinion the local police had little expectations of landing him there.

EXCELSIOR DIVISION S. O. T.
 Excelsior Division, Sons of Temperance, which meet every Thursday evening, corner Euclid avenue and College street, had a very interesting and enjoyable meeting on May 14, when an interesting program, consisting of solos, recitations and readings, in which Miss McFadden ably assisted, refreshments, provided by Miss Boyce and Miss Glover, were served.

With Green Leaves--The Summer Hat

"When green leaves come again," lilt the old song, and here they are at last! Such a delight to see delicate colors where all was brown and grey, and such a delight to the feminine eye to saunter down the sunny street into the big store and find an array of sunny, flowery, summery hats!

A flower season with a vengeance! Tucked in masses under the slanting picturesque brims of leghorns, perched precariously at the very edge of a demure sailor, flaunting their wealth of beauty on a sweeping brim of lace, the flowers are everywhere.

Our Millinery Salons are a treat to the eye just now. The Summer Opening is on, and the display is complete.

Hats from Kurzman of New York feature such oddities as the enchanting lacquered effects in foliage, chiffon, ribbon. There is the plain satin sailor with its large daisies, of an unheard-of richness. There is the hat of lace or lace straw.

Gorgeous sweeps and piles of ostrich are the diversity from flowers. Shapes include Watteaus, pokes, chignons, and shepherdesses. Always the high bandeau and the tilt reappear. Beautiful on the underbrims are the arrangements of pleated tulle in delicate or brilliant tones, a fit accompaniment to masses of flowers, fruit, or foliage.

In Outing Hats the Panama and the pure white hat reign supreme. There is a splendid selection in these, both with and without drapes and bands. Altogether, the Summer hat proves something of a surprise after the demure shapes of Spring, and till you have seen it in all its glory in our Millinery Salons, you have still something to see.

A SPECIAL ITEM--200 Fine Panamas, bleached white, in six different styles, of extra fine weave. Monday, special \$4.50 (Second Floor).

Prettiest of Parasols

Just a little while since they were unpacked from their careful casings, not a few overseas models, such as will be flaunted in all their summer brilliance at Longchamps and the English Henley in the next month or so.

They are almost indescribable. Of those exquisite deep pinks; some are like great rosy poppies, shedding a glow on the face beneath both flattering and protective. Others are in the many new and popular greens, from softest reeds to defiant Paddy. Others feature novelty stripes, and the smartest and oddest French art patterns.

And the shapes! Surely the designers used flower-models to achieve the delicate curves and pointed, graduated tips of these new parasols! The morning glory bell is reproduced in some, the bell shape generally being most fashionable. Others have a curled "seavestry" edge--this is unique and fascinating. Others are in the Jag shape.

Monday will see the opening of parasols from Paris and other specialties. If you wish to secure one of the models, it is worth while to make your inspection early. There will be a big display and a wide selection.

Sample Parasols, in bell, tub, and plain shapes, in a wide range of plain shades and fancy stripes; and directoire in smart summer shades; natural wood handles. Special 2.00 Pure Silk Bell-Shaped Parasols, in this season's shades, mounted in brass frames; long, stylish handles to match. Price 3.00 Dainty Parasols, of all silk, in this season's smartest combination of stripes and fancy Dresden's mounted on gilt frames in plain shades; natural wood and fancy handles. Price 3.00 High-Grade Imported Sample Parasols, no two alike, in this season's latest shades and designs. Special 5.00 (Main Floor)
