Canada Must Improve Her Live Stock Production.
What is to be done in order to build up the meat industry of Canada? There will be little use for abattoirs if the farmers do not raise animals for slaughter thereon, and the question is now not so much how can we export our surplus meat, but rather how can we import enough meat to feed ourselves.

Canada, like other growing countries, is already facing a shortage in meat supply. The population is rapidly increasing, whereas the supply of cattle, sheep and hogs is decreasing rapidly. In several provinces the actual number of cattle, sheep and hogs is less than five years ago. The meat shortage in the ranch and range country in the west into small farms has made serious inroads into the supply of beef and mutton from that territory, and has practically cut off the supply of this young cattle which formerly were shipped to Ontario to be finished over.

Grain farmers of the western provinces are being urged by experimental farm workers, farmers' institutes, livestock and farm papers to diversify their farming not only for safety as to returns, but as an insurance against the time when fertility will be so depleted that yields of grain will be no longer profitable.

Live stock is a safeguard, not only for the farmer, but would be a big factor in helping solve the meat shortage problem which is so acute every fall. Grain farmers all want to market their grain at the same time and get the money. Sheep and steers can be marketed every day in the year, provide a safe revenue, and distribute the traffic for the transportation companies. There is at present a market in Canada for all live stock produce and for all kinds of smoked meats, lard, ham and bacon, so that the market is here with good prices. As the population increases this market will grow.

One of the greatest drawbacks against more live stock in the west is the fact that Canadian banks are not allowed to accept live stock as collateral for loans, whereas in the United States an enormous and profitable cattle loan business is done by large cattle loaning companies who get behind the beginner in the live stock business and carry him until the returns come in from his investment.

It is generally supposed that the extremely low temperatures which prevail during the winter in the west are absolutely prohibitive of the successful and economical handling of live stock. As a matter of fact, much of the best beef sold in Calgary, Edmonton and Winnipeg this spring was fed out in the open air during winter with no shelter except a few buildings, and here and there some haystacks or very cheap sheds. Northwest winters are no harder on live stock than the winters of Ontario.

Altho the Province of Alberta is unusually well equipped for producing large quantities of frozen sheep and lambs and each winter brought in from Australia and New Zealand, in addition to the large number of live sheep and lambs driven across the border from Montana and Wyoming.

One thing our farmers and stock raisers should learn is that the home market is the best. The cattle embargo has combined with other causes to make shipping cattle to Liverpool unprofitable. Indeed, several firms, formerly large exporters of cattle, have practically ceased their shipment to England.

Again, the Canadian market is better than the American market for the Canadian farmer and rancher will almost uniformly get a better price for his live stock in the Canadian market than he will in Chicago. No more delusive argument was put forward by the advocates of reciprocity than the argument that the Canadian cattle raiser would be benefited by freer access to the American market.

Some Western Canadian stockmen have been led by Chicago market reports and rumors of an acute shortage of finished cattle in the United States to ship their finished cattle to the Chicago market. In the case of the first large shipment of cattle made from Alberta to Chicago this fall the market was unusually favorable and, generally speaking, cattle for that week touched the highest prices ever known in Chicago stock yards, so that the Alberta cattle being carried along with the current, sold for a few cents a hundred more than they would have brought on the same date at Winnipeg. The success of this shipment led numerous other ranchmen in the west to take a chance on the Chicago market, with the result that in every case, so far as known, the net prices received at Chicago were less than the prices the stock would have netted at Calgary, Edmonton or Winnipeg. Western Canadian prices for beef, mutton and pork are regulated by supply and demand. With the west each year importing larger quantities of meats from Eastern Canada, the United States, Australia and New Zealand, it is obvious that prices for finished products in the west must be at least on a parity with prices for those products in

VICE-PRESIDENT SHERMAN RUNNING MATE TO TAFT PASSED AWAY AT UTICA

Altho His Name Appears on Ballots in Some States, Mr. Sherman's Death Will Not Cause Irregularity in Election—Member of Old Guard Republicans, He Was Highly Regarded.

UTICA, N.Y., Oct. 30.—(Can. Press.)—After a long illness Vice-President James Schoolcraft Sherman died at his home in this city at 9:42 o'clock tonight of uraemic poison, caused by Bright's disease, complicated by heart disease and arterio-sclerosis.

He had been sinking since early morning and it was realized that death was a question of only a few hours. There was slight relief shortly after 7 o'clock, caused by an apparent improvement in the condition of the kidneys, but it did not prove real or lasting, and at best gave only temporary hope. At 9 o'clock the temperature rose to 106. From that time the condition rapidly passed from bad to worse until the end came and he had been so for several hours. The members of the immediate family were witnesses of the final scene. In addition to Mrs. Sherman there were their three sons, Sherrill, Richard and Thomas, and their respective wives; R. W. and Sanford Sherman, brothers of Mr. Sherman, and Mrs. L. B. Moore and Mrs. H. J. Cookinham, sisters of Mr. Sherman.

Smile Disguised Suffering. Alarming symptoms in the condition of the vice-president gave great concern to himself and the members of his family more than six months ago. Only the closest personal and political friends were aware of the real situation. Mr. Sherman's happy disposition and his famous smile were misleading, and those who saw him as the presiding officer of the senate never dreamed that he suffered from pain and worry.

Altho Mr. Sherman was unable to take so for several hours, he made speeches throughout the country as he did four years ago, he took a great interest in the political activities of his friends. He read many speeches of Governors Marshall and Johnson, but in his only contribution to the campaign, prepared address.

WILL NOT AFFECT BALLOTS. NEW YORK, Oct. 30.—(Can. Press.)—Mr. Sherman's death having occurred prior to the election, it will not be necessary to make any change in the ballots already printed and in process of distribution to the polling places, for to vote is cast directly for the victor.

other countries from which they are exported. This general subject will be found discussed at great length in the last annual report issued by Dr. J. G. Rutherford, as veterinary general of the Dominion Government, which was extensively quoted from and commented upon at the time by The World. The general subject of the languishing industry of Canada was the subject of a lengthy debate in the house of commons about a year ago, and it is a fair surmise that the present government intends in some way to encourage the industry. Unfortunately, the cold climate of Western Canada and the natural desire of the new settlers to get a quick return from his land and to pay for his farm as quickly as possible militates against the industry. In the end, however, the farmer who raises some live stock and who feeds his frosted grain will come out ahead, and unquestionably the country as a whole will be greatly benefited by more mixed farming in Eastern and Western Canada alike.

Indeed, the situation is becoming so grave as to demand the earnest and early attention of the Dominion and provincial governments. Nothing, perhaps, will accomplish so much as a campaign of publicity and education, which will convince the western farmer that he will benefit himself and his land by raising live stock. And in this connection it is to be hoped that the government, when revising the Bank Act, will permit loans to be made to the farmer upon the products of his farm, including both grain and live stock.

The lesson cannot be too strongly impressed upon the farmers of the northwest that the growth and prosperity of the live stock and meat business of the country depends upon an ample and steady supply of live stock being furnished to the packers and butchers scattered over the country. Without ample supplies and raw materials these people cannot operate economically, so that it is greatly to the benefit and profit of the farmers to keep a steady supply moving forward in order that the home market may be maintained and developed and the best prices established for the live stock grown within the province.

INQUEST OPENED INTO WRECK OF TRAIN

Body of J. A. Bannatyne Was Identified by His Brother and Comrades in the Highlanders, and First Evidence of the Wreck Will Be Taken Tonight.

Chief Coroner Arthur Jukes Johnson opened an inquest at the morgue at 4 o'clock yesterday afternoon into the death of John A. Bannatyne, one of the victims of the Thundersaving Day train wreck at Strathgiving. William Thomson, K.C., appeared for the crown, being specially appointed by the attorney-general, who ordered this inquest in addition to that being conducted at Strathgiving by Coroner W. H. Smith, and the investigation being carried on by the railway company, and to be opened by the Dominion Railway Board.

In opening the inquest, the chief coroner declared that while he intended to prosecute the enquiry to the utmost, he would not burden the minds of the jurymen with unnecessary evidence. He proposed, he said, to sit as constantly as the dates arranged at the morgue. Moved the Body. The first witness called was Alexander Bannatyne, 119 Adams avenue, a brother of the dead man, who was the one first to establish the identity of the crushed and disfigured remains as they lay in the morgue of F. W. Matthews & Sons, on the night of the wreck. He again identified the body as that of his brother, and said that he had last seen him alive on a street car a few days before the accident. As he left the stand, the chief coroner told him that he might have his brother's body, which was immediately removed, as the undertaker's men were in waiting. This caused a halt of some 20

BEAT A WOMAN 71 YEARS OLD

W. J. Sutton Under Arrest Charged With Doing Bodily Injury to His Mother-in-Law.

When he learned that the police knew of his whereabouts, W. J. Sutton, 20 Buchanan street, gave himself up to Detectives Wallace and Newton last night. The charge against Sutton is of doing bodily injury to his mother-in-law, E. Fitzgerald.

The woman is 71 years of age. About 1 o'clock last Saturday she appeared at the detective department with a broken nose, two teeth knocked out, and her face bruised and battered. She alleged that Sutton, who is a painter, came home from work at noon, and after a few words knocked her down and beat her. The police sent Mrs. Fitzgerald to St. Michael's Hospital, but for a physician attended her. She is now doing nicely.

SENATOR BELL PASSES AWAY

Member From Pictou, N.S., Succumbed Unexpectedly in Montreal Hospital, Following Operation.

MONTRÉAL, Oct. 30.—(Can. Press.)—Senator Adam Carr Bell of Pictou, N.S., passed away unexpectedly at the Royal Victoria Hospital at shortly before 9 o'clock tonight, after being in indifferent health since July. Dr. John Bell of New Glasgow was the only member of his family with him when he died.

Early in October, accompanied by his son, Adam Bell, he went to Mount Clemens Sanatorium, Mich., and the change seemed to benefit him considerably. On his way home he visited friends in Montreal, and while here he decided to go to the Royal Victoria Hospital for treatment.

VICTORY IN BIG BATTLE CLAIMED BY BOTH SIDES DESPATCHES ARE MEAGRE

Bulgarians Have Apparently Pierced Turkish Second Line of Defence, But Ottomans Insist That Tide Is in Their Favor—Churchill Discusses Situation.

LONDON, Oct. 30.—(Can. Press.)—The silence of Sofia concerning the great battle of Thrace has at last been broken by a brief despatch announcing a Bulgarian victory and the capture of the Town of Lule Burgas. This despatch and equally laconic despatches from the Turkish commander contain the only news yet available, and still leave the situation rather obscure.

The message from Sofia apparently refers to earlier events, while the despatches of Nazim Pasha, the Turkish minister of war, describe two battles, one a sortie from Adrianople, in the direction of Marra, and the other in the direction of Viza, from which it must be inferred that the engagements are extending over a long front.

A Sofia despatch sent before the capture of Lule Burgas was known through a new light on the disposition of the Turkish forces. It is evident that earlier reports of the taking of this town were premature. It appears that the Turkish first line of defence extended along the Erkeke River, with a second line from Demotica to Lule Burgas.

Turks' Defence Broken. Both sides claim victory, but there is no reason to doubt that the Turkish second line of defence has been broken.

ROOSEVELT IS CHEERED BY TENS OF THOUSANDS STREETS ARE CROWDED

Progressive Leader's Return to Public Speaking Inspires Remarkable Demonstration in New York—Colonel Given Vocal Reception Lasting 42 Minutes, Declares Cause of Social Justice Must Triumph.

NEW YORK, Oct. 30.—(Can. Press.)—Showing no physical evidence of the shock of his attempted assassination in Milwaukee, Oct. 14, Col. Theodore Roosevelt tonight faced for an hour and 20 minutes a Progressive political rally which gave many thousands of his fellow New Yorkers a chance to accord him an uproarious welcome.

For forty-two minutes after his entrance into crowded Madison Square Gardens, Col. Roosevelt stood at the edge of the high perched speaker platform, unable to make himself heard above the din of cheers, songs and band music. His gestures to the crowd for silence only served to intensify the noises, and when after 20 minutes of cheering Col. Roosevelt made a determined effort to begin his speech, and the immense audience was swung off into another period of cheering by the beginning of the chant "We Want Teddy, We Want Teddy."

Called for Order. Col. Roosevelt refused to sit down, or to leave the rail that edged the flimsy platform. Senator Dixon and Gov. Johnson urged him to be seated, but he maintained his standing position throughout the entire demonstration; and when opportunity finally came for him to begin his speech, he began with a request to the police to maintain order.

The attention and silence that greeted the address by Col. Roosevelt was as marked as the demonstration that preceded it.

The immense garden, covering a city block, was crowded to its doors, and thousands of persons were turned away.

Col. Roosevelt adhered to the text of his prepared speech, scarcely changing a word through it. His voice was full and strong, penetrating to the extreme corners of the amphitheatre.

Col. Roosevelt, when he arrived, was strongly guarded, and although the flashlight men got a picture or two, it was from a distance, for no one was allowed to approach when the colonel left his automobile. He was escorted into the building by way of a fire escape on the 27th street side, to the first balcony. From the landing there he stepped inside to the rear of the speakers' platform. The same route was followed when he left the building, and the streets were closely guarded as he was driven away.

Crowded Three Blocks. A crowd of 50,000 people swarmed from door to door and overflowed through three blocks of surrounding streets greeted the leaders of the Progressive party tonight at the mass meeting marking the first public appearance of Colonel Roosevelt since the attack made upon him in Milwaukee on October 14.

Governor Hiram W. Johnson, candidate for vice-president and Gov. E. Strauss, candidate for governor of New York, speaking to the immense crowd before Colonel Roosevelt, said that the hall paved the way for a great demonstration for the former president.

A stirred bull moose at one end of the garden, upon which a spotlight was turned through the evening, was a prominent part of the decorations of the big hall.

Bandannas and Yells. A sea of bandannas and a chorus of yells greeted the candidate as they appeared upon the platform and at

ROOSEVELT WAS WELL GUARDED

Detectives and Policemen Escorted Ex-President to Madison Square Garden—Arrival Unostentatious.

NEW YORK, Oct. 30.—(Can. Press.)—So as to have ample time to rest after his trip from Oyster Bay before his speechmaking task of the night, Col. Roosevelt left Sagamore Hill by mid-afternoon and reached New York at 5:40 o'clock. From the train he went at once to the home of Dr. Alexander Lambert in East 31st street, near Madison Square Garden.

The car was cut off from the regular train at Jamaica and brought as a special to the Pennsylvania terminal, where the colonel might avoid the crowd in the station. His arrival was unknown to anyone except half a hundred station employees, who cheered him as he walked from his car to the automobile.

The police and the private detectives retained to protect Col. Roosevelt took every precaution for his safety. Policemen were scattered along the way from the station to Dr. Lambert's house and there were a dozen men on guard while the colonel was within.

Col. Roosevelt went to Madison Square Garden with Dr. Lambert, Geo. Roosevelt, his cousin, and William J. Burns the detective. An automobile filled with Burns' men preceded him. Mrs. Roosevelt left a few minutes ahead of her husband and went to the box which had been reserved for the colonel's family.

SPOILS OF WAR MUST GO TO VICTORS

European Powers Have No Right to Seek to Limit Advantages Gained by Allies, Says Semi-Official Organ at Sofia—"Bloody Sacrifices" Must Bring Returns.

SOPIA, Oct. 30.—(Can. Press.)—The Mir, a semi-official newspaper, declares that if European diplomacy is honestly desirous to establish a lasting peace after the war its duty is to forget the status quo formula.

"After the bloody sacrifices and glorious victories," says the paper, "this formula deals a blow at the brave allied armies and unworthy of diplomacy which was responsible for unending the war when everything could have been gained by the execution of the treaties elaborated by that very diplomacy."

EUROPE FEARS OUTRAGES

PARIS, Oct. 30.—(Can. The French Government has been urgently requested to station warships along the coasts in readiness to take off refugees.

MURDER CHARGE AGAINST ITALIAN

Guelph Police Hold Pototelli for the Death of Fazzara, Who Was Shot on the Street.

GUELPH, Oct. 30.—(Special.)—Giuseppe Pototelli, alias Rocco, a young Italian, who gives Sudbury as his home, and who has been detained by the police in connection with the shooting of Michele Fazzara, on Saturday night last, was today formally charged with murder before the magistrate in the police court, and remanded to jail for a week, the crown not being ready to proceed with the case. Mr. J. E. Drew, on behalf of Pototelli, pleaded not guilty to the charge.

In making the charge against Pototelli, the authorities claim to be strong in their belief that they have secured the right man, altho the accused, in his evidence last night at the coroner's inquest, stated he was in bed when the shooting took place.

When charged with murder by the magistrate this morning Pototelli smiled as he stood up in the box. He was removed to Berlin Jail this afternoon.

The star witness for the crown is Michele Fazzara, uncle of the murdered man. It is understood he was a witness of the whole affair, and has given the facts to the crown authorities. Since it has become known that he did this, he has been afraid to return to his home on Alice street, and the authorities, so it is said, are taking care of him at a local hotel.

E. T. Scammell, Secretary of Naval and Military Emigration League, Explained His Proposal to the Board of Trade, Which Passed a Resolution Favoring Scheme

E. T. Scammell, secretary of the Naval and Military Emigration League, addressed a meeting in the council chambers of the board of trade yesterday on "Emigration of ex-Ser-Vice Men from England." Lieutenant-Governor Gibson occupied the chair. The objects of the league are: (1) To give advice on emigration to ex-service men. (2) To find openings for such men in the overseas dominions. (3) To advance, when necessary, the money required to enable the men to emigrate, and (4) To look after them when they arrive at their destinations.

URGENT APPEAL

"These facts," said Scammell, "should constitute an urgent appeal to the government and people of Canada, as some of these men have given the best part of their lives to the defence of the empire."

ROOSEVELT IS CHEERED BY TENS OF THOUSANDS

Continued from Page 1. 8:30 o'clock before Senator Jos. M. Dixon, chairman of the national committee, could secure order to present Mr. Strauss as the first speaker.

War Against Evil

"Our movement is one of resolute insistence upon the rights, and full acknowledgment of the duties of every man and every woman within this great land of ours. We are against the forces of evil and the weapons we use are the weapons of right. We do not seek greed against greed, or hatred against hatred, or our creed is one that bids us be just to all, to feel sympathy for all and to strive for an understanding of the needs of all. Our purpose is to bring about a new era toward those who have done the wrong we feel only the kindest charity that is compatible with causing the wrong to cease. We profess to no man, and the spirit in which we work is as far removed from vindictiveness as we are from weakness.

Fight for Social Justice

"We are now in the third stage of our development—the struggle for social justice and the leader of this third period of our national life is Theodore Roosevelt. Through his administration he gave himself with the devotion of a saint to the cause of the oppressed and the opportunities of the plain people of the land."

Cheered for Forty-two Minutes

Colonel Roosevelt, who had been in the garden as soon as the doors were opened at 8 o'clock, was entertained for nearly two hours with moving pictures of the Roosevelt western tour.

For Labor Men

Colonel Roosevelt in his speech did not attempt to deal with the platform of the progressive party, plank by plank. He dealt especially upon the policy of the party in respect to wages, hours of labor and industrial insurance.

VICE-PRESIDENT SHERMAN PASSED AWAY AT UTICA

Continued from Page 1. "Our people work hard and faithfully. They do not wish to shirk their work. They must be given the work for their work's sake. But there must be a time for play when they grow old there must be the certainty of rest under conditions free from the anxiety of a life of labor and effort and the joy that comes with rest for the laborer's rest is really happiness."

Her tulle veil was caught up with orange blossoms and she carried a shower of roses and lilies of the valley, her only ornament being the groom's gift, a pendant of pearls and aquamarines set in platinum.

Mr. Almon Fletcher, the groom's brother, was best man. After the ceremony, Mrs. Strathy, mother of the bride, had a reception at her home in Bedford road, which was decorated with pink and golden chrysanthemums.

St. Simons' Church, Howard street, was the scene of a wedding yesterday afternoon, when the marriage was solemnized of Alice Muriel, daughter of Mr. and Mrs. James F. Smith, to Mr. Frederick Russell Bartlett, son of Mr. and Mrs. G. R. Bartlett. The ceremony was performed by the bride's brother-in-law, the Rev. E. C. Heathcote of Winnipeg, assisted by the rector, Rural Dean Cayley. Mr. J. W. F. Harrison presided at the organ and during the signing of the register Mr. Harold Harriott sang "Because." The bride,

OF DOUBLE-FACED MATERIAL.
The three-quarter length outaway, closed with large buttons, is a favorite style for the fall season. A typical model is shown in this sketch. It is made of double-faced blanket material, showing decided knots of red in the gray and black stripes. The reverse side is light gray, and all edges are bound with gray silk braid.

The sleeves are cut with the long armhole, and ball-like extensions on the upper and lower sleeve are buttoned to the sleeve in such a manner as to stimulate a wide cuff.

The hat is a favorite shape for the season and is faced with a satin puff. The only trimming is a fancy bunch of feathers, showing brilliant red mixed with gray.

who was given away by her father, looked lovely in her beautiful wedding gown of soft white satin charmesuse draped with bebe Irish lace, which was caught up with a spray of orange blossoms. Her veil of tulle was arranged in cap effect, with wreath of orange blossoms and she carried a shower of roses and lilies of the valley. There were three attendants, Miss Muriel Massey as maid of honor, Miss Grace Massey and Miss June Allen, bridesmaids. Mr. John W. Bartlett, the groom's brother, was best man, and the ushers were Mr. Harold Harriott, Mr. Harold Frank, Mr. Carl Allen and Mr. Hugh Smith. After the ceremony the bride and groom and guests drove to the home of the bride's parents in May place, Rosedale, where Mrs. Smith held a reception. She was wearing a handsome gown of heliotrope charmesuse and hat to match trimmed with molekin and pink roses and carrying a bouquet of lilies of the valley and violets.

The marriage of Miss Barbara Gerard of Hepworth, Ont., to Mr. Ernest Durie of Toronto was quietly solemnized Saturday afternoon by Rev. J. W. Stephens. The bride, who was attended, wore a smart tailor-made of navy blue and black picture hat, and carried a shower bouquet of roses and lilies of the valley. After the ceremony Mr. and Mrs. Durie left for a short trip to visit points in western Ontario. On their return the happy couple will reside in Hepworth, Ont.

A quiet wedding was solemnized in St. John's Church, Norway, on Saturday evening, when Mrs. Esther Beatrice Cheesman was married to Mr. Horace Charles Mills. The bride, who was given away by Mr. Fred Cheesman, was wearing a gray tailor-made with black beaver hat and pink wings, and was attended by her sister, Miss Catherine Nichol, who wore black serge, black beaver hat and white wings, and the groom's gift, a pearl necklace. The groom was attended by his brother, Mr. Clem Mills, who also wore the groom's gift, a gold locket. The couple

OCTOBER 31

IF THIS IS YOUR BIRTHDAY
A quiet, busy year is indicated with progress in an uneventful way. Unusual undertakings are favorable. Those born today will have positive natures of the self-assertive kind and will succeed if under wise influences early in life. The faults to be controlled are brusqueness and a tendency to run to extremes.

The Nursery

Why Babies Cry.
The little baby cries because it is tired of lying on one side, and is not strong enough to turn over.

It cries because it is not sufficiently warm.

The baby cries when the clothing is too tight or crowded under it in bunches. Pins are many times the cause of the baby's crying. A safety pin is not always comfortable. The baby can lie on a safety pin in such a manner that it will be painfully crowding into the tender flesh. Look for pins when the baby cries.

Give the baby a drink of water when he cries. If that does not stop the crying look for other causes.

Overfeeding is a large indigestion that makes the baby cry.

The baby cries because he is tired and sleepy. He needs to lie in a quiet place and be left alone. Nature will do the rest.

The hungry baby will cry, but the baby that feeds regularly will not get hungry enough to cry.

Look for the cause when baby cries; remove it and make the child comfortable, and the crying will cease. The healthy baby does very little crying without legitimate cause for it.

Crying may become a habit if the mother is not careful. If you desire to keep a two-year-old baby on a routine you adopted when he was six months old he will cry constantly with discontent. When he is older he will cry at the slightest provocation. Such children require tactful treatment. Not too much sympathy, but bright cheerfulness. If you are quite sure he hasn't indigestion, get him interested in his toys and games, and use these to divert his attention when something causes a crying spell.

At St. Joseph Church, on Monday, Oct. 28, the wedding of Miss Mary Clarke to Mr. John Lynn was solemnized by Rev. Father Rohleder. The bride wore a dress and carried a bouquet of roses. She was attended by Miss Flossie Rogers, who formerly attended the bride, Mr. Alfred Clarke, brother of the bride, acted as best man. During the mass, Miss Genevieve Lynn sang "Ave Maria," with accompaniment by an orchestra, and Mr. Gerard Kelly sang several hymns, running notes from held afterwards at the home of the bride, 7 Woodbine Beach, where Mrs. Richard Clarke received the guests.

Nordica on Monday

The sale for Nordica yesterday at Massey Hall exceeded all expectations. The record may perhaps be found in the scale of prices arranged for the event, 50c to \$1.50, which has evidently caught the fancy of the public. Nordica is in magnificent voice, as is evidenced by the following taken from The Banquet Daily Commercial of Oct. 11, in reviewing the great Maine festival:

"A superb orchestra and orchestra means much, but with all this there was Mme. Nordica, herself a veritable queen of song, and right royally did her audience pay her tribute, calling her back again and again until it was impossible to keep count of the times she bowed her acknowledgments or responded to encores so continuously demanded. Madame Nordica sang gloriously, carrying all before her in her big numbers and making an irresistible appeal in her lovely, tender songs she sang with such consummate art. Broad and opulent are her tones and yet so nervously controlled that they are capable of the most haunting cadences of softest tone and are thrillingly sweet and glowing in her trills and other vocal embellishes."

The concert takes place on Monday night.

Day Nursery Opened in the Northeast End

A nursery has been opened at 26 Arundel avenue by the ladies of the East End Day Nursery, to take care of the large amount of work in the northeast part of the city. The nursery provides a home during the day for children whose mothers are obliged to go out to work, and also assists in securing work for women needing it. That there was a real need for such a place is proved by the fact that already there is an average attendance of ten children per day. The ladies of the East End Nursery, after fitting this one up and having it well started, turned its management over to a board of ladies living in the district. Any donation, either money or otherwise, will be very acceptable.

The first regular meeting of the managing board will be held on Tuesday, Nov. 5, at 2 o'clock, in the nursery, 26 Arundel avenue (third street east of Broadview avenue, running north from Danforth). Any ladies interested are cordially invited to be present.

BUBBLING UP FROM THE ROCK

It is claimed by geologists that our far-famed Laurentian Mountains are the oldest rock formation in the world. These sturdy old settlers are rich in minerals and mineral springs. The most famous of all Canadian Table Waters comes from the Laurentians. This is RADNOR, the Empress of Table Waters. RADNOR is bottled at the springs. Besides being an exceptionally choice table water, RADNOR mixes with anything.

Will have its first Canadian presentation at the Garden Theatre, College street, just west of Spadina avenue, this afternoon, continuing for the balance of the week. Matinees each afternoon commencing at 2.15. Evenings open 7 to 10.30.

Owing to the fact that Miss Rose Coghlan was selected to pose as Rosalind, and as Manager Brick feels that much interest in those in the theatrical profession will attach to her appearance on the screen, he has decided to give a professional matinee on Friday afternoon, at which the courtesy of the house is extended to all members of the profession.

The Lasting Qualities of the Gourlay Piano

False economy in the selection of a piano invariably leads to constant expense and dissatisfaction, and puts a restriction on the highest musical ambitions.

The Gourlay Piano co-operates. It is not built to sell at a low price, but is constructed throughout with the one idea of pre-eminence. Materially and artistically the Gourlay is the piano for your home.

Because you don't buy many pianos in a life-time it is best to make sure that your piano is going to be economical in up-keep. Not only does the Gourlay Piano stand in tune but as the years pass it will prove but little less valuable materially and musically, and the source of a flood of pleasant memories and recollections.

The Electric Milk Warmer

First call for breakfast

Time, 2.15 a.m. It starts with a gentle whingeing, gradually rising to a shrill crescendo. That's a signal that his babyship is ready for his early morning repast.

Equally useful for big showers. Heats any liquid for any purpose—shaving water, hot drinks, etc. Uses very little current, and is always ready.

Fortunate for you if, instead of having to grope your sleepy way through the drafty hallway to the kitchen, you have an Electric Milk Warmer handy. It is but the work of a moment to attach the cord to the lamp socket and turn the button, and in a minute or two baby's meal is ready.

Call in and have the demonstrator show you how convenient and simple it is. Finished in polished nickel, strictly hygienic, and as easily cleaned as a cup. In two sizes: Pints, \$6.50; Quarts, \$7.50.

Mining Markets Fasier---Front-taking Comes Into Play

ENORMOUS INCREASE IN WORLD'S WHEAT STOCKS

Bearish Statistics Regarding Available Supplies Send Prices Crashing Downward---Chicago Fit Weak---Corn and Oats Go Lower.

CHICAGO, Oct. 30.—More courage developed today on the selling side of wheat than had been witnessed in some time. An understanding between Russia and Austria relative to the Turkish war gave the bears an advantage that was increased by a big gain in the world's available supply. Accordingly, the market the steady at the close, finished 1/2 to 1/4 under last night. Latest trading left corn 1/4 to 1/2 down, oats off a shade to 1/4, and provisions varying from 25c decline to a like advance.

Right from the start there was decided pressure to sell wheat. Improved crop prospects in Argentina, large receipts at Minneapolis and well stocked conditions at Western European centers aided bear sentiment.

Corn for October delivery sold at the lowest price of the season, and at nearly the lowest for other options. Increasing new receipts furnished the main reason.

Oats took color from other grain and ranged a little lower. Export call divided.

Investment buying put provisions on the upgrade, a helping hand came also from the packers. Except for a setback in October pork the market in the end stood 7/8c to 20c above last night.

LIVERPOOL GRAIN—EXCHANGE.
LIVERPOOL, Oct. 30.—Weakness in American cables regarding together with pressure of Canadian offers, caused real-estate. Following the opening, and prices were further profit taking and an additional decline occurred. The weather in the United Kingdom was fine, spot markets easy. Paris opened lower and cargo markets held to decline. Very favorable reports continue to be received from Argentina and this led to outside selling with the demand for forward shipment light. There were larger tenders on October contracts than expected.

Winnipeg Grain Market.
WINNIPEG, Oct. 30.—Options opened 1/4 to 3/4 down and declined further, and trading was fairly active, full advantage being taken of the easier prices. The adverse news of the political situation in Europe, receipts here, and poor export demand, together with bright reports on Argentine wheat crop, were the main influencing factors. Cash demand was slow. Prices were all weaker, the drop being 1/4 to 3/4.
