CANADIANS GO OUT DARING RAIDS

British Putting Down Heavy Bombardment With High Explosives on All German Points of Concentration—French Minister of Marine Says Great Britain and U.S. Are Building Shipping Faster Than it is Sunk—British Submarine Sinks German U-Boat.

BRITISH GUNS WARDING OFF THE OFFENSIVE

Another Day Indicated By Prisoners for Great Attack Has Passed. GERMAN HATE FIRE Virtually All Flemish Towns Within Range Subjected to Bombardment.

With the British Army in France, May 26.—This was another of the days indicated by German prisoners as the date they understood had been set for the renewal of the German offensive. The full still continues, however, and apart from a general increase in the fire of the hostile artillery, especially in the north, there is no change in the situation. The allies have persisted in the assumption that any moment might bring an attack and have been carrying out counter-operations religiously. Day and night their artillery has periodically deluged German concentration points with high explosives of all calibre, and the statements of prisoners indicate that this intense gunning is causing much anguish in the enemy ranks.

The correspondent spent last night in the trenches and saw an exhibition of British and French methods. From ten o'clock onward the allied gunners were pounding the Germans all night long. The attack was just before daybreak today—two hours an attack might be expected to develop—they put down a tremendous barrage, which was maintained for some time before it gradually ceased off to ordnance gunfire.

A Dive of Hates. The German artillery has kept up its shelling of the back areas. Virtually all the Flemish towns within range are being subjected to a fire of hate. The Germans have devoted special attention to Mont Des Chateaux where there is a Trappist monastery, which everybody who has visited this part of France will remember. The monks were forced to flee several weeks ago and the magnificent buildings have been reduced to ruins. The French troops in Flanders have undertaken their new and arduous duties with great spirit. The correspondent was talking today with a British officer engaged in liaison work with a French division in the line. "I like the French," he said. "They are carrying on," he said. "They declare they are going to finish with the Boche and beat him if it takes the last French soldier to do it. The French officers and men are convinced that the allies will come out on top. Their morale is magnificent."

Wonderful Morale. The same might be said of the British troops, not only here but all along the front. There has not been the slightest moderation in the wonderful spirit which enabled them to win through such bitter days in the past. In fact there is a growing feeling on this front that before long the Germans will be done for. Desperate fighting in the near future is expected, but the general impression is that the enemy then will have shot his bolt. The Germans are still pursuing the policy of dropping peace propaganda over the allied line here from airplanes. The other day they distributed among the French in Flanders newspapers ostensibly printed by French civilians in the occupied portions of France. The probability of another German attack has made no difference in the plans of the French and Flemish farmers in the battle zone. The sturdy peasants have every inch of ground seeded, and already the crops are well advanced at many points.

CRUISER U-BOAT SUNK BY BRITISH SUBMARINE

Escort Craft Encounters and Destroys Off Cape S. Vincent First of New Type of German Submersible. London, May 26.—A German submarine of the cruiser type was sunk on May 11 in the latitude of Cape S. Vincent, off the southern coast of Portugal, by a British Atlantic escort submarine. The admiralty made this official announcement tonight. The statement says: "One of our Atlantic escort submarines, returning to its base, reports that on May 11 in the latitude of Cape S. Vincent, while proceeding to meet a convoy, she sighted and sank a German submarine of the scout cruiser type. A heavy sea was running at the time. There were no survivors. Shortly afterwards another enemy submarine was sighted, but by swift diving she escaped the fate of her consort. This being the first cruiser submarine destroyed, it has been decided to depart from the usual rule of not announcing the destruction of individual enemy submarines."

PETITION AGAINST TEACHING GERMAN

Rev. Dr. Millar Makes Suggestion to Congregation in Bond Street Church. ALL PRESENT SUPPORT Special Appeal Likely to Be Made to New Minister of Education.

Taking "Fighting the Hun" as his subject, Dr. W. G. Millar, minister at Bond Street Congregational Church, last night started a movement to abolish the German language from all the universities, high and public schools of the Province of Ontario. He asked his congregation, which completely filled the church, if it would stand by him if he made a special appeal to Hon. Dr. Cody, the new minister of education, to do away with the teaching of the German language. The entire congregation rose to give a standing vote of approval.

Dr. Millar stated that when the Dominion Union of Congregational Churches met at Bond Street Church next week, he would endeavor to get the union's endorsement of the movement and also to sanction the obtaining of a petition signed by fifty thousand Toronto people calling upon the Ontario Government to abolish the German language.

In his sermon, Dr. Millar said that the whole Teutonic philosophy of life had to be abolished, and also the whole Teutonic philosophy of religion and the whole Teutonic philosophy of the social order. The German philosophy of life was militarism. There was positively no Christ in German philosophy, and being no Christ how could there be any Christianity? The whole German conception of God was a German deity, excluding the German nationality. The whole German language for the last 30 years was a history and glorification of the barbarism of the Hun warfare. Should Canadian children be educated in that language? It was Canadians' duty, it is patriotic, to make English the universal language and rule of the world. During his sermon Dr. Millar drew attention to the many acts of cruelty of the German armies, and the fact that Germany had caused over ten millions of men to go down to untimely graves.

KNOW COLLEGE MAY BE USED TEMPORARILY

St. Andrew's Governors May Use It Pending Erection of New Buildings. The World learns that the new Knox College on St. George street will be occupied by St. Andrew's College as temporary premises until the new buildings of the latter have been erected on upper Yonge street, near York Mills. Consideration is being given, it is said, by the Presbyterian Church in Canada to the proposal to amalgamate all the Presbyterian theological colleges until the conclusion of the war, and using the buildings and staffs of one.

STUBBORN RESISTANCE MET BUT CANADIANS WON OUT

Alberta Troops Carry Out Daring Raid, Storm Machine Gun Posts and Shoot or Bayonet Garrison—Nova Scotia Troops Make Second Raid. By W. A. Willison. Canadian Army Headquarters in the Field, May 24.—Fourteen prisoners and a machine gun were captured, numerous enemy posts destroyed, and many dugouts bombed in Canadian raids this morning. The enemy was on the alert and showed better morale than the troops encountered during the night. In many places he offered a vigorous resistance, otherwise our captures would have been larger. The major raid of the morning was carried out by troops from Alberta. Further in the village the enemy were discovered hiding in the bottom of the trench and refused to surrender when challenged. All were shot or bayoneted. Two were taken prisoner and two posts were destroyed. Through the fighting on the road not one Boche surrendered, but emerging from dugouts, fought until shot or bayoneted. HINDENBURG ILL OF TYPHOID FEVER

In Hospital at Straasburg and Condition Said to Be Critical. Geneva, Switzerland, May 26.—Field Marshal von Hindenburg, chief of the German general staff, is in a hospital at Straasburg suffering from typhoid fever, according to reports from that city. These reports state that the report of von Hindenburg's death is incorrect, but that his condition is critical. Typhoid fever is said to be spreading rapidly in the German army.

WAR TO THE DEATH ON THE SINN FEIN

Dillon Declares You Cannot Break Off Alliance Which Never Existed. Battleborough, Ireland, May 26.—John Dillon, chairman of the Irish Nationalists, speaking here today, declared war to the death on the Sinn Fein. The occasion for his speech was a meeting of delegates from East Cavan to decide whether the Nationalist party ought to withdraw its candidate and permit the Sinn Fein, Arthur Griffith, to be elected unopposed. Mr. Dillon's speech bristled with references to America and appeals to Irishmen not to neglect American public opinion. He emphasized his denunciation of the Sinn Fein by quoting several phrases from his statement, recently made to the Associated Press, and added: "Some English newspapers have quoted the interview I gave to the Associated Press as evidence that I have 'broken off' my alliance with the Sinn Fein. You cannot break off what has never existed."

ARE RAPIDLY OVERCOMING THE SUBMARINE MENACE

Great Britain and U.S. in April Built Forty Thousand Tons More Than Was Sunk by Enemy. Paris, May 26.—As proof that the allies are rapidly overcoming the submarine menace, George Leygues, the minister of marine, informed the army and navy war committees of the senate yesterday that Great Britain and the United States alone had constructed in April 40,000 tons more shipping than was sunk by the enemy. The minister declared also that the means employed to rid the seas of the submarine had become increasingly effective since January and had given decisive results. The minister pointed out the tremendous strides recently made by the allies in repairing ships damaged by torpedoes or mines, and declared that co-ordination between the allied navies had become so smooth during the past four months that the tonnage restored to the sea exceeded 500,000 tons weekly. Great Britain, he said, had repaired 355,000 tons in one week recently, while France had effected repairs upon 269,000 tons in one month. The increased building and more efficient and speedier repair work was constantly bringing better results in the transport of troops and supplies. As to the increasing destruction of submarines, which was constant, said the minister, the figures for April were excellent, showing an increase over the preceding months, but were far surpassed by the results known to have been attained thus far in May. Jacques Duval, under-secretary of aeronautics, announced to the com-

WOMAN SECRETARY HELD IN TIPPERARY

London, May 26.—A sensation was caused in Tipperary yesterday, according to the Exchange Telegraph, by the arrest of Miss Bruns, an Austrian subject who has been serving as secretary to Major Edwards, who owns a stock farm at Baneha in County Tipperary. She was taken into custody at the Edwards home and removed to Dublin. The charge against her was not announced. Edwards, a widely known sportsman, was at home preparing to go to the Limerick Junction races, in which he had a horse entered, when the arrest was made. Two motor cars with police and military officers drove to the house and the authorities spent several hours searching Miss Bruns' papers and correspondence before releasing her. She had served as Major Edwards' secretary for the past four or five years.

ROYALTY STONED BY BULGARIANS

Train Bearing Emperor and Empress of Austria Meets Hostile Demonstration. Geneva, Switzerland, May 26.—The train bearing the emperor and empress of Austria from Constantinople, where they had been on a brief visit, reached Vienna yesterday in a dilapidated condition. Advice from the Swiss frontier town of Buchs gave additional details to the report previously received here of the attacks on the Austrian royals. The train came by way of Sofia and was stoned by Bulgarian troops. Even some rifle shots were fired and several members of the royal entourage were injured by glass from broken windows. Not a cheer was heard when the Austrian royal couple passed thru Bulgarian stations there being only comparatively small military demonstrations.

PEASANTS WIN VICTORY

Moscow, May 26.—Peasant uprisings against the new government in Ukraine are reported in the evening papers. In the Tchorrigor government peasants drove out the new officials and defeated German-Ukrainian troops sent to suppress the movement.

WINDSOR MEN USED IT AS A STIMULANT IN TWO PER CENT BEER

Windsor, May 26.—Denatured alcohol placed in "near beer" as a "kick," is believed to be responsible for the death of five men and a woman, says Raymond Quinlan, 23 years old, son of a hotel proprietor, is being held at police headquarters upon orders from Coroner Labelle, who believes he may know something of interest in connection with the wholesale poisoning. The dead are Charles McArthur, aged 44, former assistant city clerk; Dennis Foley, aged 59, returned soldier; Wm. Ryan, aged 58, night clerk at Herendean hotel; Augustus Phillips, aged 36, porter at Eureka Hotel, and Jos. Ryan, 35, returned soldier. McArthur's body was found in a room at the Eureka Hotel early on Saturday morning. Foley and Campbell were taken violently ill Saturday afternoon and died in great agony within a short time. Ryan, who had only returned from overseas a few days ago, had recently been discharged from a military hospital at London. He died at the Hotel Dieu, as did also Foley, Campbell and Phillips. According to the police, from five men had been drinking together on Friday night and the police investigation has developed the fact that after purchasing a quantity of "near beer" they had poured the deadly wood alcohol into it to give it the necessary stimulus. William Ryan is said to have made an anti-mortem statement last night in which he said he had obtained the alcohol. The spirits were smuggled across the river from Detroit, says this statement, and were afterwards disposed of to two of the victims at an exorbitant figure. Coroner Labelle has ordered a strict investigation of the whole affair and will hold an inquest tomorrow.

June, the Month of Weddings, Will Soon Be Here

So Here Are Suggestions for Gifts That Should Please the Most Practical of War-time Brides—Lovely Furniture, a Trio of Artistic Lamps, Electric Appliances of the Very Utilitarian Order, and Cushions, Lamp Shades, Such Things as Add Charm to a New Home.

Pretty New Silk Dresses for Women, Specially Priced Tuesday at \$12.75

Dainty summer styles they are, too, with softly draped lines, which make the silk dresses so desirable for warm weather wear. They are made of paillette silk, some with plain gathered skirts, others with deep pleated, and some with clusters of self-covered buttons. Bodices have satin collars, and some self-collars; others white vestees—tucked, hemstitched and adorned with tiny buttons. Some of these dresses also have belts at waist, with fancy buckles. Colors include black, navy, Copen, brown, green and grey. Size 34 to 42. It's an interesting collection, and the price warrants an early purchase. Tuesday, each, \$12.75.

Women's Imported Silk Dresses, also specially priced for Tuesday, are in the season's popular fashions, taffetas, crepe de chine and silk and georgette combinations. Colors—black, navy, Copen, rose, tan and grey. Tuesday, each, \$19.50.

Women's Plain Percal Wash Dresses form another interesting attraction for Tuesday. These are in straight line effects, pleated from yoke, and are in coat style, fastening down front to hem. They are in cadet, tan or pink, with white pique collar. Sizes 34 to 42. Tuesday, reduced price, \$2.35.

A. Any young woman about to set up housekeeping would surely rejoice in the possession of a high-backed Suffolk chair like this. And undoubtedly it is the sort of gift that would please the bridegroom, too, for it is comfortable to sit in and artistic to view. Of chrome-plated-finished oak in a mellow brown shade, it can be washed with soap and water. It has the fretwork panel and spindle-filing characteristic of Suffolk chairs, with graceful cabriole legs. Price, \$29.00.

B. A set of tables! 'Twill surely have a most appealing sound to any bride, for think of the countless uses to which the tables can be put! These, too, are somewhat out of the ordinary, for the top one is oval, but the other two fitted beneath it have straight ends and rounded sides—oval cut off, in fact—giving a decidedly quaint effect. The legs are very gracefully turned, the proportions good and the wood is brown mahogany. Price, \$26.00.

C. Here is something new in tea wagons—a three-tier one, in oval shape, on smoothly-running, rubber-tired wheels, and having a glass-bottomed tray at the top. It is made of dark brown walnut, in westerproof finish—a great advantage when it is required for veranda or garden use. Price, \$21.00.

D. Isn't this the dearest little chair, the well-known rocker of brown mahogany? The shape is sufficiently attractive, but when you see the coloring you can scarcely fail to be delighted. The top bar at the back and the front runs are decorated with beautifully painted sprays of roses. And one other merit—it is most comfortably shaped. Price, \$15.00.

E. If you're an admirer of hand-painted furniture, then you'll be delighted with this immensely decorative, square-topped pedestal of dark, antique-finished mahogany. Pretty sprays are painted along each of its four sides, and it will be extraordinarily effective as a plant stand in some uninteresting corner. By no means expensive, either, for its price is but \$15.00.

G. For the home about to be started—for the home of many years' standing, a really cozy chair such as this is one of the primary necessities to comfort. It is splendidly upholstered with loose cushion on its spring seat, is covered with a very artistic brown and gold-striped fabric, and the mahogany frame, with its quaint claw feet, has a certain class, and a certain base, decorated with hand-painted flowers in the approved mode—a truly handsome piece of furniture. Price, \$66.00.

A Three Day Special Selling of Summer Millinery Starts Today

They are offered at far less than is usual for coats of such quality, and as the quantity is limited it would be well to come early. They are Summer coats—just the kind to slip over the light frock, and are made of tweeds, poplins and covert cloth. In newest styles, they are prettily belted with fancy pleats, and button trimmings in various modes. Colors navy, black, Copen, khaki and sand. Sizes 14 to 20 years. Remember, 50 coats only. Extra special, Tuesday, \$13.75.

J. A modern table lamp, with shade-like mushroom-like shade, will add its quota of charm to any room which shows the artistic modern bent towards wicker and airy, flowery chair covers. This one is elegantly covered and well-proportioned and finished in a mellow brown line, the chaise being showing big roses, from between which peer clear birds, in a medley of very shades. Its price is \$18.75.

K. The tall and graceful floor lamp is always essential in the large well-furnished drawing or living-room, and here is a particularly graceful one, with ruffled pedestal on a well-proportioned base in mahogany finish. It is quite modernly priced, too, at \$16.00. The large umbrella-shaped shade which surmounts it is obtainable in rose or amber color, edged with silk fringe and lined with figured chintz. Price \$20.00.

N. A gay little lamp—such a decorative one for living-room, drawing-room, boudoir or cozy little sitting-room! The vase base is of pottery, showing the characteristic rose, blue and green decoration, and the pretty silk shade repeats the design and the color. Gold painted outlines the panels, and the edge is finished with rose-colored fringe. Price, \$15.50. Other designs in vase lamps may be obtained at \$9.00 and \$14.50.

Misses' Wash Skirts, Tuesday \$5.00

Misses' Gingham and Printed Voile Dresses, Tuesday, \$8.25

Made from fancy check gingham and voiles in a variety of large or small checks, finished with white collar and cuffs of organdy. Made in a pretty high-waisted effect, some showing tab effect on side, forming pockets. Sizes 14 to 20. Price, \$8.25.

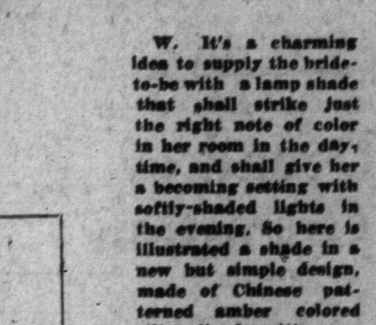

—Third Floor, Yonge St.

L. Perhaps your fancy in wedding presents turns towards something that is really and truly useful. So what of the humble but indispensable iron? Here is a very serviceable iron, 6 lbs. in weight, with 500-watt capacity. It is priced at \$5.00, or, with detachable and reversible stand, which enables you to use the iron as a hot plate, for boiling kettles, etc. Price, \$6.50.

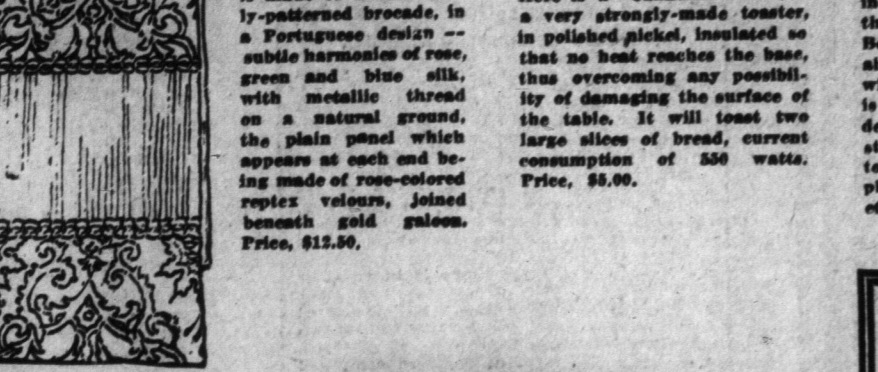

M. The bride who sees this electric coffee percolator may let her fancy dwell upon breakfast in which the coffee—quickly made—is always at its very best and freshest. Made of polished nickel, with black wood handle, and perfectly insulated, it is very easy to use. The capacity is 3 pints, the current consumption 450 watts. Price, \$11.00.

W. It's a charming idea to supply the bride-to-be with a lamp shade that shall strike just the right note of color in her room in the day-time, and shall give her a becoming setting with softly-shaded lights in the evening. So here is illustrated a shade in a new but simple design, made of Chinese patterned amber colored silk, lined with rose (such an effective and a most becoming combination), the fringe being amber and the trimming amber chenille. Price, \$15.50.

—Bazaar.

F. One of these very conspicuous-looking table covers is here shown, folded in the middle. It is made of a beautiful, gold-colored brocade, in a Portuguese design—subtle harmonies of rose, green and blue silk, with metallic thread on a natural ground, the plain panel which appears at each end being made of rose-colored velvet, joined beneath gold galoon. Price, \$12.50.

K. A boon in any household is an electric toaster, which will provide nice, crisp, hot toast in a very short time. Here is a "Canadian Beauty" in polished nickel, insulated, that no heat reaches the base, thus overcoming any possibility of damaging the surface of the table. It will toast two large slices of bread, current consumption of 550 watts. Price, \$5.00.

Have You Thought of Making a Lamp Shade? Free instruction in the art is given in the Drapery Department. And this might well interest brides-to-be, as well as their friends intent upon useful gifts, for to make it oneself materially lessens the cost of one's lamp shade. Moreover, it is most interesting work. Phone for further information to the Drapery Department, Fourth Floor.

U. Quality-guaranteed brown and blue trees, brilliantly-plumaged birds in terracotta green, gold and blue, darning hither and thither on a biscuit-colored ground, make a most interesting silk for lamp shades, for cushions or for the thousand and one decorative purposes in which a bride-to-be can use such silks. The price is \$1.50 a yard. Other charming designs and colors, may be identified, are available in the Drapery Department at \$2.25 and \$3.00 a yard.

R. A big, fat, round, "comfy" cushion, the sort that fits up in most satisfactory manner all the crevices between one's back and a big arm chair or Chesterfield; and one that looks very decorative when not in use. It is covered with shirred sets, obtainable in brown, green or blue, the price being \$5.25.

T. Rollers are once more in vogue, as in the days of high-backed sofas. And here is an splendidly made example—a large down-filled one, covered with printed satin—yellowish-brown chrysanthemum on a purple ground, the ends "purled" between cords and finished with yellow and brown silk tassels and gold galoon. Price, \$6.25.

ation, as has been already pointed out, is not conclusive as to the value of the stock of the company. The prospective power is perhaps more important than any other element in ascertaining such value, and in arriving at a conclusion we have given careful consideration to the past history of the company, its earnings and expenditures, the present financial position of the company, the construction of the other railroads already existing in competition, the rate of interest on the funded and other debts of the company, the population and business of the country, and all other factors which seem to us to have any bearing upon the question.

Room for Differences. It is apparent that there was great room for difference of opinion in a matter involving so many elements of uncertainty and speculation, but after taking into consideration all the circumstances which appeared to us to be entitled to weight in determining the value of the stock, we are of the conclusion we have mentioned.

LET US GET DOWN TO PUBLIC OWNERSHIP OF RAILWAYS IN EARNEST

The people of Canada now own the Canadian Northern Railway with a mileage of over 10,000 miles. They also own the Intercolonial Railway with 1500 miles, including recent purchases put thru. They also own the Transcontinental from Moncton to Winnipeg, which represents 1800 miles or more...

What does the government propose to do, and what do the people of Canada expect them to do in view of this great possession and still greater responsibility? Canada now owns more lines than either the Grand Trunk or the Canadian Pacific.

There is one management, under the government at Ottawa, for the Transcontinental, also another for the Intercolonial; and we will have to run the Canadian Northern under the present organization for the administration of that road. But in some way all these roads must be linked up together; they must be unified; they must be co-ordinated; unnecessary duplications must be wiped out, and all unnecessary overhead expenses eliminated, and all money expended on them must be for improvement of the lines and co-ordination.

We can't wait any longer before we embark upon the great work that we have in hand. It has been suggested that we delay a while and wait until we get the Grand Trunk. The World takes issue on all these points and says that the only way to run a national railway is to run it, and to run it right away; and if the organization of the Canadian Northern is to be the basis of the consolidation of the different lines, then let the Canadian Northern be re-constructed at once and a new board of directors appointed, and let these directors undertake the work ahead of them forthwith.

We all know that the management of the Canadian Northern from its terminals in Vancouver right across the continent and down into Nova Scotia is administered from Toronto. Let the people of Ontario, and the citizens of Toronto, who have been the main supporters of public ownership, see that the headquarters remain in Toronto, and that they are not moved to Montreal, as certain interests are already saying should be done.

Very full details are given by Dr. MacDonald, and the volume constitutes a valuable guide to the whole subject. It is of interest to know that Toronto is not behind in this forward movement, which has the advantage of being economical as well as beneficent. The experience gained points to a wider adoption of the system.

BAD WEATHER PREVENTS ACTIVE OPERATIONS

Berlin, via London, May 26.—Bad weather along the western front has prevented active operations, according to the official statement issued by the war office last night. The statement reads: "Owing to the storm and rain, fighting activity of the two armies remained throughout the day within moderate limits. It increased intermittently to great intensity in connection with local attacks delivered by the enemy during the night north-west of Kemmel and north and west of Albert. These attacks broke down everywhere with heavy losses."

MURDER SUSPECTED.

Northern Ontario Man Found Dead in His House Alone.

Englehart, May 25.—According to information reaching here this morning a man named Taylor, living at Tomstown, about four miles east of Englehart, was found dead in his house last night. So far as can be learned Taylor was alone in his house at the time, his two daughters having been with him. It appears that he was attacked from behind and struck on the head with an instrument believed to have been a hammer, the blow smashing the skull. Taylor's wife has been arrested on suspicion. Dr. Lowery, coroner, Crown Attorney Smiley of Hulsebury and Provincial Police Inspector Rowell of Cobalt left for the scene of the tragedy this morning to make investigation.

A Talk With George.

CHAPTER XCI. I determined to have a heart to heart talk with George. He had brought me to these places where I knew no one, ostensibly to have a good time. Was he going to leave me alone, as he did at home? It was hard enough there, but here it would be unbearable. I had retired when George came in from his yachting trip, but I was not asleep. "Did you have a nice day?" I asked. "Corking! I should have been in a little earlier, but we stopped for supper."

PHILLIES PULL A TRIPLE PLAY

Preventing Cincinnati From Tying in the Eighth on Sunday.

At Cincinnati (National on Sunday)—A batting rally of Schneider gave Philadelphia victory in the eighth inning. A triple play prevented Cincinnati from tying or winning out in the last half of the eighth. Watson relieved Hogr and was hit for a three-bagger by Wingo, and singles by Bressler and Groh. With men on first and second L. Magee lined to Bancroft, who stepped on second, retiring Bressler, and threw to first in time to retire Groh. The score: R.H.E. Philadelphia . . . 0 0 0 0 0 4 6—4 5 0 Cincinnati . . . 0 0 0 0 2 0 1—2 8 2

At Chicago—Jim Vaughn, backed with perfect support, pitched almost invincible ball on Sunday, holding New York to four hits, only two of which were bunched in the opening inning, while Chicago hit Soltes freely, and won 5 to 1. A near riot was prevented by a government agent who came to the rescue of a fan who refused to stand or take off his hat when "The Star Spangled Banner" was played. When several sailors and soldiers leaped at the offending fan the agent took him in custody and led him away. Score: R.H.E. Chicago . . . 1 0 0 0 0 0 0—1 4 0 New York . . . 0 1 0 0 0 0 0—3 8 3

At St. Louis—Ames won his own game in the sixth inning, his single giving St. Louis a 2 to 1 victory over Brooklyn. Caranagh singled, holding New York to one hit, and scored on Ames' hit. Score: R.H.E. Brooklyn . . . 0 0 1 0 0 0 0—1 10 0 St. Louis . . . 0 1 0 0 0 1 0—2 8 3

With two exceptions the soccer games played on Saturday were of a close nature, and despite the heavy grounds the play was exceptionally fast. After a ding-dong battle at the Varsity Stadium Old Country conquered the 3rd Wing of the R.F.P. by the close score of 2 goals to 1. The Flyers Stores Depot shared the points with Baracca, which is a creditable performance, as although the latter have not as yet shown prominently in the league they have yet a good record. The 3rd Wing improved their goal average at the expense of Sons of England, scoring 10 goals to the latter's 1. Appended is a full list of games played and results:

BETHLEHEM WON FINAL AMERICAN SOCCER CUP

At Pawtucket, R.I.—The famous Bethlehem Steel soccer team beat the Babcock and Wilcox team of Bayonne, N.J., by 1 to 0 in the final tie for the American Football Association cup competition. Bethlehem, before 3000 people, and won the trophy for the third year in succession. The Babe, had most of the fun, and his strong opponents to an even game to within one minute of time, when the steel workers obtained a corner and Campbell headed the only goal.

IDA PICKS LEAFS TO WIN PENNANT

Howley's Cards as Good as Those Held By Lajoie Last Season.

By Ida L. Webster. At this time of the season it is always the correct thing for scribes and gear-scribes to start an argument as to the ability of the present ball club compared with that of last season, or ten seasons ago. In fact, it does not really matter just what you compare them with, but it is absolutely essential that you compare them with something. Of course if we desired to do so, we might be able to make some wonderful comparisons, but why put all the cards on the table and anyway it is much nicer to leave something to your imagination. You know that you enjoy comparing the cards of the present sort of things, and it would be quite out of place for us to crab your act in any way; so go right ahead and give yourself a good time with the Toronto ball players, and in the meantime we will make an effort to size them up with the bunch who won the pennant last season.

Ulster United Win at Nobel

The Ulster United P.C. journeyed to Parry Sound to play Nobel on the holiday and after a most enjoyable game ran out winners by goals to 1. The homeaters played a better game than the score indicates, and with a little more practice will be a hard team to beat. Hobson for Jackson and Dawson played beautiful ball for them, while Holloway, Carroll, Long, and Cunningham starred for Ulster.

VIVA AMERICA WON THE KENTUCKY OAKS

By One Length From Fern Handley on Closing Day at Churchill Downs.

Churchill Downs, Ky., May 26.—The closing of the Churchill Downs spring meeting was featured Saturday by the forty-fourth running of the Kentucky Oaks.

The Oaks was at one mile and a sixteenth for three-year-old fillies and was worth \$1000 in added money. The field included six of the best fillies now racing in the west.

C. T. Worthington's Viva America, which went to the post a heavy favorite, took the lead at the start, and held her opponents safe for the entire route, winning by one length. J. J. Troxler's Fern Handley was second and H. Neustater & Co.'s Mistrea Polly third.

The Oaks was first run in 1875, the same year the Derby was instituted, and like that famous fixture has been run continuously ever since. A. K. McComber's super-bonus won the Oaks last year, while George J. Long's Kathleen scored in 1916.

The racing scene shifts to Douglas Park next week, opening on Monday with seven races.

FIRST RACE—Two-year-olds, \$800, five furlongs: 1. Ballistic, 112 (Garnier), \$4.10, \$2.50, \$1.50; 2. Onger, 112 (McCabe), \$4.70, \$2.20, \$1.50; 3. Cambro, 109 (Lapaille), \$4.60.

WEST TORONTO BY ONE DEFEAT ST. CYPRIANS

Yorkshire Wins From St. Edmunds by Large Margin—Saturday Cricket.

Owing to the threatening weather several of the Cyprians team failed to show up for their C. & M. League game with West Toronto at Willowdale Park on Saturday and were obliged to use substitutes.

Still West Toronto, with full strength, only won by one run, 54 to 55. Of St. Cyprians score MacMahon had 15, Headley 3, Allshire 8 and Forrestal 7.

It looked like Forrestal and Headley would get West Toronto out under the net till Collinge and A. Wilson became partners and they went up to 43. Collinge made 19, Gains 10 and A. Wilson 16.

There were no extras and the total just went to 56 before the last wicket fell. Forrestal bowled 4 wickets for 30 runs and Headley 5 for 19.

Owing to the soft ground at Oakwood the Albions and Dovercourt C. & M. Cricket League game was postponed.

St. Edmunds visited Yorkshire, the home team winning by a very large margin. Yorkshire collected 114 runs, while St. Edmunds were all out for less than 40.

Broadview II visited St. Andrew's College on Saturday and defeated the St. Andrews II, by 54 to 28.

Harry Dean's Eleven Beat Ridley College

Mr. H. Dean took a strong eleven to Ridley for the 24th, his team consisting largely of members of O.C.C. The day was fine and there was a good turn out of spectators.

Ridley batted first and were all out for 77 runs. McKinnon had 4 wickets for 12 runs and Wooley 6 for 28.

The young college batsmen showed excellent defence. Dean's eleven had no trouble whenever they hit out against the very good bowling, which was supported by good fielding.

With a score of 90, a figure which was hard to reach owing to the fine bowling and the unusually clever fielding of the students.

Ridley College—16. MacMahon, b. Wooley, b. Wooley, 5. 14. Sommerville, b. McKinnon, 7. 9. Harrison, b. McKinnon, 7. 9. Walton, b. McKinnon, 7. 9. Gartshore, b. McKinnon, 7. 9. Williams, b. RIDLEY MADE STRONG FINISH AGAINST O. C. C.

The game at Ridley on Saturday between the college and O.C.C. was an exceedingly keen contest, the students coming very near to reversing the result of the day before.

O.C.C. made a score of 104, the chief feature of which was a fabulous 55 by McKinnon. The college bowling and fielding were again excellent, and they came close to their opponents total with 91.

For the last wicket Glass, m. a., and Williams put on 17, causing keen excitement as their slucky effort wore down the margin against their side and coming within 13 runs of victory. McKinnon was in form, setting 7 wickets for 42. Scores:—O.C.C.—MacGregor, st. Barr, b. MacMahon, 55. J. F. Lowen, b. b. Woodruff, 55. W. C. Green, run out, 55. J. J. McKinnon, c. Barr, b. Walton, 55. WHO CARES?

Minneapolis, May 26.—A message received here says Fred Fulton, heavy-weight, has been signed to fight Jack Dempsey twenty rounds at Danbury, Conn., July 4. The message said Fulton will fight Willie Mehah at San Francisco, Alex. Graham, "Frosty" Nicholls, Tommy Hillcrest of the Western City League will practice Monday night in Remond Park.

The 6th Battery defeated the Base Hospital in an exhibition game on Saturday by 15 to 6.

DUNLOP TYRES SEAL OF QUALITY BICYCLE

Main Essential: Dunlop Tyres!

People who cannot afford an automobile—but who rebel at servitude to street-car riding with its cold-catching and germ-spreading tendencies—find the bicycle an economical way of getting to business and getting out into the great open.

If you are going to buy a bicycle, you will want to ride it under the best conditions. Your first rule, then, is to insist on Dunlop Tyres—"Traction" or "Special" made by Doughty Process—the first and only method of insuring uniformity in bicycle tires.

24 YEARS' LEADERSHIP

AMATEUR BASEBALL

Rain cut in on the proceedings on Varsity campus on Saturday, with the result that a bunch of arguments between the boys of No. 2 section remains unsettled. Judging by the pitching of Hansing against the C.O.T.C. Base Hospital were confident of breaking into the win column, against the Securus Depot.

R.A.P. The Flyers, however, have two nice pitchers in Black and Corbett, and have built a fine infield around Bill Kirkwood. The Dentals have gathered together some exceptionally fine talent in Alex. Graham, "Frosty" Nicholls, Tommy Hillcrest of the Western City League will practice Monday night in Remond Park.

SOCIETY

CONDUCTED BY MRS. EDMUND PHILLIPS

Lady Hendrie has issued invitations to an at home on Friday evening from 9 to 11:30 o'clock, at Government House, to meet the out-of-town delegates to the Imperial Order Daughters of the Empire annual meeting, which takes place this week.

Major William Eaton gave a garden party at Oakville on Saturday afternoon, when the headquarters staff, United States officers and the officers from Exhibition Camp were among those invited.

Sir John Eaton and Lady Eaton and their children spent the week-end today at their country house in Muskoka. Sir John will return to town this week, but Lady Eaton will remain in Muskoka.

A very lovely little osterie gathered at the Woodbine on Saturday afternoon for the last of the horse show, and made excursions between the showers to visit the horses. There were pretty girls selling the most beautiful roses and sweet peas for the welfare of the British Columbia, the Toronto Humane Society, to whom the freedom of the city had been given for the day by the mayor. The lunch and tea-rooms were very busy with flowers and chatter, and altogether the day was by no means a hopelessly rainy one, all the events passing off exceedingly well.

Among those giving dinners on Friday night at the Hunt Club were Mrs. Bristol, Mrs. Duncan, Mrs. Ganong, and on Saturday Mr. George Beaudre gave one of eighteen covers.

The Laurentian Chapter, L.O.E.E., Ottawa, will be represented at the annual meeting by Lady Kingsmill, Mrs. Arthur Staden, Lady Egan, Lady Pope, Mrs. W. H. Rowley, Mrs. James F. Smellie, Mrs. P. D. Ross, Mrs. Charles E. Read, Mrs. E. S. Houston, Miss Nanno Hughes.

Mrs. Hassel, provincial secretary of the L.O.E.E. for British Columbia, is the guest for the L.O.E.E. meetings of Mrs. Angus MacMurchy; Mrs. David Miller, Victoria, B.C., is at the Isabella.

Mrs. C. DeWolfe Macdonald and her daughter spent the week-end in Kitchener with Mr. and Mrs. Whitney, who have lately gone there from Toronto to live.

Mrs. A. B. Barker, who had arranged for Mr. Work, the great exponent of bridge, to hold a tournament at the King Edward for the Red Cross, has been requested to postpone the event until the autumn.

Mr. W. W. Pope and Mr. McCauley Pope spent the week-end in Belleville and were present at the dinner given for Gen. Lyons Biggar by the 15th Argyll infantry.

Sir Frederick Stuart returned from Ottawa at the end of the week. Mr. Hugh Sinclair, M.C., has been spending a short time in Ottawa.

Captain J. W. Smith has arrived at the King Edward from Vancouver and has joined the R.A.F.

Mr. and Mrs. Thomas Fussell, 45 Oakmount road, announce the engagement of their daughter, Mary Alice, to Capt. C. Noble Moore Black, C.A.M.C., eldest son of Mr. and Mrs. James Forbes Black, Calgary, Alta. The marriage will take place on Saturday, June 22, at the Church of the Epiphany, Parkdale.

The annual meeting of the I.O.D.E. commences today at Jenkins Galleries, Grenville street. This evening at 8 o'clock there will be a united service of interest in Convocation Hall. Anyone interested will be admitted.

Mrs. F. Kirkpatrick went to Niagara Falls, N.Y., last week for the marriage of her sister, Mrs. Rogers.

The Scarborough Golf and Country Club opened its season on Friday with club competitions all day, followed by a dinner dance in the evening. On Saturday there were given special competitions, for which special prizes

were donated by the members. The prizes were presented on Saturday evening at the dinner. The following were at the club for the week-end: Mr. and Mrs. T. G. McConkey, Col. and Mrs. J. E. Miller, and their daughter, Mr. and Mrs. William Fraser and their son, Mr. and Mrs. E. C. Coleman and their daughter, Mr. and Mrs. Cecil White, Mr. and Mrs. E. J. Northwood, Dr. and Mrs. F. C. Hubbard, Mr. and Mrs. Amy. Mr. and Mrs. N. W. Tovell. Mr. and Mrs. Frank Mutton.

Miss Mabel Gilmour left on Monday for her cottage at Port Sydney, Lake of Ebury.

Mrs. Obie Bourne (formerly Miss Sally Rust), Winnipeg, is in town. Mrs. Bourne is with the R.C.A. at Petawawa Camp.

Mr. H. Hocken returned from Ottawa last week and will be at Centre Island for the summer.

Mr. and Mrs. Grant Pepler have returned to town from Quebec.

The marriage of Mr. Arthur Eibheit to Royal Navy to Margaret, daughter of his honor the lieutenant-governor of Nova Scotia, will take place on June 12 in Edinburgh, Scotland.

Mrs. Philip Gilbert is giving a young people's luncheon today in honor of her guest, Miss Marion Cooke, Montreal.

Mr. and Mrs. Morton Kirkpatrick have taken an apartment in Oriole Gardens.

Mr. and Mrs. Arthur Pepler have taken Prof. and Mrs. McLennan's house in Prince Arthur a venue, having sold their own.

Mrs. Chisholm, Montreal, is in town. Mr. and Mrs. Reginald Northcott have returned from England.

Mrs. George McMurrich is in Ottawa.

Mr. and Mrs. F. Blackburn and the Misses Blackburn spent the week-end at Niagara-on-the-Lake, the guest of Mrs. Buckland.

Mr. and Mrs. H. C. Houston spent the week-end at the Caledon Club.

Mrs. Alexander McKinnon spent the week-end in town from Cobourg.

A wounded subaltern who went home to England from China to join at the beginning of the war made an unusual request at the hospital. "Could I have a Chinese nurse?" When told that there were none available he was a little disconsolate. "There ought to be a few imported," he said, "for people who have lived a long time in the Orient. There are a number of them in Chinese cities. They have been trained by English and American missionaries, and as soon as they begin to learn how to nurse they beat their instructors in gentleness and patience. He was surprised that those who had known their ministrations abroad did not ask for them here.

Miss Alice Wallace spent the week-end with the Miss Rogers, Cobourg.

Dr. Walter F. Chappell, New York, spent the week-end with his mother, Mrs. Chappell, Sherbourne street.

Red Cross workers who sew and knit regularly for the necessities of the wounded and sick in the hospitals and clearing stations overseas will be interested and encouraged by an item from the last Canadian Red Cross Bulletin. A cable from the commission on March 15 last says: "On Sunday morning one of our stationary hospitals, situated near the battle area, rang up Boulogne depot, saying that they were in need of supplies for station work; that they had 1600 patients with only 600 beds, and that they needed immediately: 2000 pairs pyjamas, 1000 sheets, 500 pillows, 200 hot water bottles, 800 utility bags, sterilized surgical dressings, roller bandages, many-tailed bandages, one thousand G. Hagerman's 1000 day shirts, 2000 pairs socks, 1000 bed socks, besides many miscellaneous articles, such as biscuits, soup, condensed milk, lamps, cigarettes, soap, feeding cups. Inside an hour five lorries loaded with these supplies had left Boulogne for the front, and everything was delivered to hospital within eight hours of receipt for help, despite congested state of roads. In addition, the society's lorries were delivering supplies to every Canadian hospital in France. On Tuesday afternoon, March 16, there was not a single unfilled request on the society.

A later cable, on April 5, from the commissioner in France, said: "Everything possible being done for sick and wounded. Demand very heavy, but supplies so far adequate. At the moment there is not an unfilled request on the society from front line to base." This gratifying record should stimulate every woman to keep up or excel her output, in order that the supplies may always be ready to meet every need, both at the front clearing stations and in the hospitals.

Engagements. The engagement of M. O'Neill of Port Hope to Miss Garvey of Washington, D.C., announced the wedding to take place in Toronto in June.

PRACTICAL DAILY GUIDE FOR VACANT LOT AND BACKYARD GARDENERS ENLISTED IN THE PRODUCTION CAMPAIGN

Issued by the Canada Food Board in Collaboration With Experts on the Staff of the Dominion Experimental Farm.

SUCCESSIONAL CROPS. Many amateur gardeners are puzzled to know just how to handle a succession of crops. To get the most out of a small area, it is necessary to plant seeds from week to week, and in some cases to sow two crops in one row at one time. For instance, lettuce and radish may be sown in the same row, parsnips and lettuce, corn and pumpkins, corn and spinach, lettuce and early cabbage, etc.

Some examples of successional plantings may serve to explain what is meant by following one crop with another.

Early beans followed with celery. Lettuce or onion sets followed with tomatoes.

Radishes followed with tomatoes. Spinach, lettuce and radishes followed with cabbage.

Early crops may be taken off and consumed and immediately another crop of the same place may be taken by some other crop. The soil should be dug over and the manure added, if possible. This should be followed by a careful raking down before the plants are set out or the seeds planted.

DOROTHY DIX'S TALKS A SCHOOL FOR HUSBANDS

By DOROTHY DIX The World's Highest Paid Woman Writer.

It is announced that one of our leading educational institutions proposes to open a department that will teach girls not only the arts of housewifery, but the whole psychology of either bankruptcy or success.

It is a move in the right direction. Ignorance is the bane of life. It is sadly true that all experience comes at the wrong end of things, and by the time we acquire working capital of them it is too late to use it.

It is especially the case in matrimonial experience. Before a girl has learned to keep house, or manage a husband, she has generally killed him with dyspepsia, or lost his affection, and therefore derives no benefit from her hard-earned knowledge. So the advantage to a man of marrying a woman who knows her business and is a trained professional, so to speak, instead of a bungling half-baked amateur bride is too obvious to need insisting upon.

It is to the fortunate man who gets her all of the advantages of espousing a widow, without the drawback of being No. 2, and always the part just as many men marry women as women wed men, and there is just as wide a field for missionary effort among prospective brides.

Certainly a school to prepare women for matrimony is a long felt want, but why should such a good thing remain a feminine monopoly? After all, marriage is not solette. It is a two-handed game in which both sexes take part. Just as many men marry women as women wed men, and there is just as wide a field for missionary effort among prospective brides.

There should also be a commercial department in which men contemplating matrimony should be familiarized with the fact that while a courtship can be conducted on hot air, it takes cash to run a family. In this department the pupils should be taught to chant a morning hymn in which they would repeat "Butcher's bills and grocery bills, ice bills and milk bills, stationer's bills and doctor bills, and all the other bills and bills to which a married man is subject. Then, at least, a fellow would know what he was going up against in matrimony, and wouldn't be so amazed when he finds out that it takes ten times as much for two to live on as it does one.

When you come to the range of accomplishments that should be taught in a school for husbands, the field is unlimited. The most important is to develop a talent for collecting gossip, a faculty in which men are naturally sadly deficient. Then when a man comes home at night and his weary wife, who has been shut in the house all day with the children, asks him what he has heard, he won't grow out of "nothing," and spend the evening doing a life-like imitation of a store dummy. Instead he will be a walking encyclopedia of spicy news, and domestic life will take on a new charm.

tramples all over the flower bed in his wife's heart it is because he doesn't know any better, and is so dull he can't read the "Keep Off the Grass" signs that women erect all over their little feelings and sensibilities.

To begin with, then, the School of Husbands should commence with a kindergarten class in which the object of letting a girl down gently and gradually from the soft snip of being a sweetheart to the strenuous job of being a wife should be taught. Most men do this trick by simply kicking the props out from under courtship, without a word of warning, and letting the bride drop with a dull, cold thud on the actualities of life, with nothing to break the fall, or soften the jolt.

No sane person can go thru the world with a hectic flush and a hundred and four temperature asking another creature daily, "Oosey daddie is oo?" but it is worth while to teach men that affection is as necessary to a woman as sunshine to a plant, and that if a husband wants to make existence worth while to his wife, and save himself money, and being salted down in brine, he should hand out daily a few compliments and love speeches that sound as if he meant them.

Also husbands should be taught that when they cease to make love to their wives it is a cue for other men to begin to do so. Especially when friend wife is young and easy on the eyes.

Another thing which the would-be bridegroom should learn is the valuable information that matrimony works no miracles in character. You can't hand out daily a few compliments and love speeches that sound as if he meant them.

There should also be a commercial department in which men contemplating matrimony should be familiarized with the fact that while a courtship can be conducted on hot air, it takes cash to run a family. In this department the pupils should be taught to chant a morning hymn in which they would repeat "Butcher's bills and grocery bills, ice bills and milk bills, stationer's bills and doctor bills, and all the other bills and bills to which a married man is subject. Then, at least, a fellow would know what he was going up against in matrimony, and wouldn't be so amazed when he finds out that it takes ten times as much for two to live on as it does one.

When you come to the range of accomplishments that should be taught in a school for husbands, the field is unlimited. WILD FLOWERS

BY Rachael R. Todd, M.D.

GOLDTHREAD. Cepha Trifolia. "The gold thread has woven in velvety gold. A maze of delight for the wildflower's light dance."

I am quite sure that every mother in this land has at some time heard of the value of goldthread, especially when the baby was worried with a sore little mouth. Because the plant is as commonly used as well—as catnip—for baby's various needs.

Goldthread is one of our most dainty wildflowers. Coming along at about the same time as spring beauty, hepatica, the violet, trout lily, the Canadian wildflower, and the rest of all that jolly troop, nevertheless the tiny wild thing is by no means easy for a beginner to discover.

One must needs have a nice eye for the fine points of the various leaves, in order to spy the little modest, shrinking green things. And in order, too, to be sure that what you have found is really goldthread, and not one of the several wild plants whose leaves are a bit like this plant, one must down on one's knees and probe along the soft earth to find if the plant has truly "woven a maze of delight," as our quotation runs.

The first leaves are very tiny, very green, and very retiring. Each leaf is made up of three leaflets joined together exactly like the leaflets of the oxalis. The leaflets of the goldthread, however, are not heart-shaped as are those of oxalis, but broadly wedge-shaped, with a bit lobed, and toothed, and quite veiny. The whole plant reaches a height of about six to eight inches, while the blossoms run a little taller.

Amidst the cluster of living green leaves, the snow white blossoms show up as wonderful things of dainty beauty. Each star-like flower is borne up on a long solitary flower stem, and the stems are slightly tinged with faint touches of yellow and brilliant red. There may be six or ten blossoms spring up from each clustered plant.

But the plant derives its name from its strange root. This root is like nothing so much as a thick golden thread that stretches and stretches along in the soft rich mold, each long thread weaving in and out so that it makes a wondrous pattern of itself in the black. Like gold thread each root is, and so goldthread it is called.

There are one or two other wildflowers that have this peculiarity of weaving along the earth with yellow roots, but do not make any of them for the goldthread proper. Remember the tri-lobed leaves, and the deep almost bronze gold of the root.

The plant continues to blossom well into midsummer, especially if the small colonies happen to be situated in shaded spots. In moist meadows, along sheltered hill slopes, and buried deep under leaves and moss, the little plant preserves its health no matter how stormy the wintry blasts. It is indeed one of our hardiest wild things.

The crushed roots yield a yellow dye that was known by the old Indian tribes, and used for staining moccasins, and birch bark, grasses and the like.

Long years ago our grandmothers, and their mothers before them, made use of the roots and other parts of the plant to brew a bitter tea, or wash, which was used for the baby's tender little tongue and mouth and inside the cheeks. A few applications of this wash used to effect a cure, and today modern mothers are well aware of the efficacy of the wildflower for these trying afflictions common among the little ones.

undoubtedly, a conversational husband will be a startling novelty, but one that will appeal strongly to women.

As for the husband who has been instructed in the arts of a lady's maid, and who could hook up a dress without profanity or tearing the lace, and who could talk intelligently about clothes—but why sigh for perfection in this imperfect world? Such a husband would be too good for any mere mortal woman to even hope to be blessed with.

And yet a school for husbands might turn out these paragons. Why not organize one?

HONOR FOR U. S. PRESIDENT

Cardinal Mercier to be Also Elected to French Academy of Political Science.

Paris, May 26.—President Wilson and Cardinal Mercier, the primate of Belgium, will probably be elected foreign members of the Academy of Moral and Political Science next month, according to The Echo de Paris. The election occurs on June 15. The newspaper says it is expected both candidates will accept election.

FARMERS' EXEMPTIONS

Chatham, May 26.—Of the twelve appeals for exemption which were made by men in "B" category to Tribunal No. 138, in this city, today, seven were refused, and the remainder were granted temporary exemption until the 1st of November. With one exception the exemptions allowed were to farmers who were able to show that they worked sufficient and to warrant the allowance.

RAPID MOVEMENT OF U. S. SOLDIERS DEAD AT MONTREAL

Over Two Hundred Thousand Former Commander of 116th Battalion Was Thought to Be Recovering.

Washington, May 26.—More than 200,000 Americans will be sent abroad during May, and that number probably will be much exceeded during the month, members of the senate military committee were told today at their weekly conference with Secretary Baker and his assistants. Great satisfaction with the speed with which troops are going abroad were expressed by the senators. They said that, taking the production situation as a whole and excluding aircraft materials, they were showing considerable improvement. The production situation shows no appreciable betterment.

Col. Sam Sharpe, M.P. whose death is reported from Montreal, was a native of Ontario County, he having been born at Zephyr, Township of Scott, in the County of Ontario, and was a member of parliament from 1904 to the time of his death. He was a graduate of Toronto University and a member of the Ontario bar. He had been in the House of Commons since 1904, and was a member of the opposition until 1911, when he was elected to the Liberal Government. He was a member of the cabinet from 1911 to 1914, and was a member of the cabinet from 1914 to 1917. Silver Grey and Black Stripe Mohair, \$1.50. Rick silk sheen, in pearl and silver grey grounds, with smart black stripe, for dresses and waists; 40 in. wide. Today, per yard \$1.50.

Summer Silks in Almost Endless Variety---See These

We advocate the use of Shantung summer silks for their great wearing qualities and rich dressy appearance. They launder easily and can be ironed when damp or dry. We offer 1,000 yards of \$1.25 quality for 95c; 1,000 yards of \$1.50 quality for 95c.

To combine with the plain Shantung we have daintily printed Pongees and Shantungs, all last colors, on fine natural grounds, at yard, \$1.25.

For summer suits and coats we offer special value in ivory and natural Ningsha. Silk at \$2.50 per yard. The width is 36 inches, and if sold in the regular way would be \$2.50 per yard.

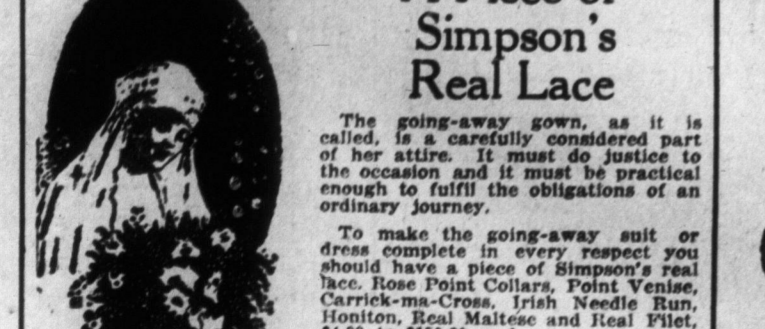

Quite a new weave from the east is called "Nashige." It is a soft shimmering crepe weave, in natural shade, unlike anything we have previously shown. It can be used for waists and dresses and is quoted at a special introductory price, \$1.49.

Wash Satins have had tremendous sale. A big range of all the best summer shades with ivory, in 36-inch, is locally priced at per yard, \$2.00.

Black Taffetas, for bathing suits, of extra firm texture, and specially made for this purpose; 36 inches wide. On sale, yard, \$1.49.

Ivory Silk Habutales---Notwithstanding recent advances in these silks we are still able to offer our old qualities in 36-inch at 95c, 79c and 95c per yard. All worth from 15 to 20 per cent. more now.
