ROYALIST RISING BEING CRUSHED IN NORTH PORTUGAL

Concentration of Republican Troops is Effecting Defeat of the Monarchists.

FAILURE IN LISBON

Manuel Reported to Have Crossed Into Portugal, But Secretary Denies It.

Lisbon, Jan. 26.—The Royalist movement in the north, which was restricted to Oporto to Braga, is now being put down by the concentration of Republican troops. The movement has been completely stamped out in Lisbon, where some infantry, cavalry and artillery occupied the two forts of Monsanto Hill and Duque and hoisted the Royalist flag Wednesday. These forces surrendered last night. Troops from Lisbon are now proceeding to the north. A dispatch from Lisbon reports that Ayres Ornelas, former King Manuel's representative, was killed in the fighting on Mont Santo Hill.

The Portuguese cabinet has resigned. In an official note the government explains that although the Monarchist movement in Beira, Lisbon and other places has been overcome, in all other districts the military and civil elements are seeking to revive quarrels among the Republicans. Wherefore the ministers, not desiring to weaken the Republic, have decided to resign, but will continue their functions until a new government is formed.

Monarchists in Flight. Madrid, Jan. 25.—The Republican forces have captured Monsanto, 43 miles southeast of Guadalupe, a large number of Monarchist prisoners, according to dispatches from Lisbon. The remainder of the Monarchists are in flight, leaving their artillery behind. Among the prisoners was Ayres Ornelas, representative of former King Manuel. Count Monsaraz, chief of the "Integralist," was killed.

Republican forces at Coimbra have marched northward and defeated the Monarchists at Aveiro.

Manuel in Portugal? Vigo, Spain, Jan. 26.—Former King Manuel is reported to have entered Portugal at 6 o'clock this morning, having crossed the Minho River at Carvinha. Report is Denied.

Lisbon, Jan. 26.—The private secretary of King Manuel of Portugal is authority for the statement that Manuel still is in London and that he does not intend to go to Portugal.

On the other hand, close friends of the former King, who hitherto had denied rumors that he had left England, refused today to comment on the report that he had entered Portugal.

BRITAIN FACING MANY STRIKES

Railway Men Threaten to Go Out Unless Their Grievances Are Soon Remedied.

STRIKE ON THE CLYDE

Labor Communities Divided on Wisdom of Demanding a Forty-Hour Week.

London, Jan. 26.—Industrial unrest in England continues. Another conference of the railway union representing nearly the whole kingdom, was held in London today and a strong feeling was expressed regarding the government's continued neglect to deal adequately with the men's grievances and threatening to strike unless matters are settled by February 2.

FIGHTING IN SIBERIA OF GUERRILLA CHARACTER

Situation Throughout Whole Country is Baffling, as Bolshevik Idea Has Taken Deep Hold on Russian People.

By W. E. Playfair, Official Correspondent With the Canadian Forces in Siberia. Delayed in Mails. Vladivostok, Dec. 26.—The first and most natural question that occurs to the Canadian in arms when he lands in Siberia is: "Where is the war?"

It is also one of the hardest questions to answer. The actual fighting front at the present time is thousands of miles distant, along the Trans-Siberian railway, as far as the Ural Mountains and beyond. The Canadian is removing its headquarters from Vladivostok to Omsk as a result of the recent agreement for its operation of the system. General Elmsley, general officer commanding the Canadian allied committee for the control of Omsk shortly. He will administer the British forces there and will confer with other allied leaders.

ARMISTICE ENDED FOR EVER THE ARGUMENT OF FORCE

Those Who Ask For Justice Must Come Into Court With Clean Hands, Says London Times.

London, Jan. 26.—Commenting on the action of the supreme war council in issuing a warning to those who are using armed force in Europe and the east to enlarge their possessions, the Times says: "The decisions of the conference will rest on two sets of considerations and two only. The first set is the result of the second set, which is the armistice of November. The armistice ended one and for all the argument of force and for any of the parties to the great suit in international justice which is now opening in Paris to continue to appeal to force is contempt of court."

BRITISH ARMIES TO BE SMALL, BUT EFFECTIVE

London, Jan. 26.—Anticipating an announcement to be made Thursday by a conference of Sir Eric Geddes, former first lord of the admiralty; Field Marshal Haig and Major-General Henry H. Wilson, chief of the general staff of the British army, now meeting in Paris, a statement issued by the war office tonight says: "The proposal of the conference will make sure that we have in every theatre of the war sufficient forces during the present year to see that we are not robbed of our victories, and the Germans and their confederates will be made to execute faithfully and punctually the conditions not only of the armistice, but the treaty of peace, when that is signed, and they will not be asked to do more than their share and that the United States, France and Italy will act with her in maintaining the common interest and securing the advantages gained together."

MANY CASUALTIES IN BERLIN FIGHTING

London, Jan. 26.—There were numerous casualties in heavy fighting between Spartacists and government troops in Berlin Thursday night, says an Amsterdam despatch to the Exchange Telegraph Company. The fighting was mostly in the vicinity of the newspaper offices and at the Anhalt station.

BOLESHEVNIK WERSE TO MEETING OFFERED BY PEACE CONGRESS

Foreign Minister Expresses Opinion That Princes' Islands Are Too Far Away.

CLAIMS VICTORIES

Proposal Has Come, He Says, at a Time When They Are Winning Everywhere.

Paris, Jan. 26.—M. Tchitcherine, the Bolshevik foreign minister, has sent a wireless message to the Soviet representative in Sweden asking continuation of the action of the supreme council of the peace conference to send a mission to confer with representatives of the different factions in Russia on Princes' Islands.

He objects to the isolation of the islands as tending to surround the conference with secrecy, and also to leaving to the entente the choice of participants.

This proposal of the supreme council, the message says, is made at a time when the Bolsheviks are victorious over their opponents and the internal situation of Russia has been settled by the Soviet government upon receipt of the confirmation requested will carefully consider the proposal.

Attitude is Hostile. The general opinion expressed this evening was that the wireless message sent yesterday by M. Tchitcherine, minister of foreign affairs of the Soviet Government in Russia, is the only direct expression provoked thus far by the Bolsheviks regarding the invitation to the Russian factions, and that this fact must be taken as indicating that the final attitude of the Bolsheviks regarding the Soviet government under the conditions proposed.

It is regarded possible that a more formal reply will be received from the Bolsheviks, but the dissatisfaction expressed by the Soviet commissioner for foreign affairs is considered as an indication of the Russian invitation. It was indicated by Stephen Pichon, the French foreign minister, in an interview today, that it rests with the Bolsheviks to decide upon the course to be followed in case the Princes' Islands meeting is also proposed.

It is declared that the supreme council will not consent to hold the meeting anywhere where the Bolshevik will have an opportunity to indulge in speeches calculated to spread their doctrine.

Joint Expedition Unlikely. Among the peoples of the entente countries and the United States, such opinions as could be gathered today were regarding the probable course to be pursued were to the effect that the supreme council will adopt a waiting policy. It was considered certain that the Soviet government in the situation that the powers cannot be brought to undertake a joint military expedition in Russia, if at all. Each of the great powers has declined to send such a force of its own men, and the American position regarding the expedition is declared to be even more pronounced than that of any other nation, which will hold in the Middle East, as well as the part played by the royal navy, have been taken into consideration in computing what that sphere should be.

DRUG CLERK HELD ON SERIOUS CHARGE

Five Arrests Made in Connection With Sales of Morphine.

Five men were arrested Saturday night in connection with the trafficking of morphine in the downtown section of the city. Benjamin Cohen, 41 Claremont street, clerk in the Star Drugstore, at Dundas and Elizabeth streets, was arrested by Plainclothesmen Ward and Scott, and is held charged with selling morphine. Four other men, alleged to be victims of the drug, were also taken into custody.

Inspector Bond remarked that he intended stamping out the drug traffic before it breaks out again on a large scale such as was experienced in the division some time ago.

Cohen, the police allege, has been supplying morphine to a number of "slope" fiends, at the price of four grains for \$1. Roy Volker, no home, is charged with having morphine in his possession. John Smith, no home, is charged with vagrancy, as is Abraham Gross, 156 Baldwin street. Harvey Hill, 95 Edward street, is charged with having morphine in his possession. Hypodermics and other articles used in preparing the morphine for use were found on the last four mentioned prisoners.

Tells Compatriots Abroad That He Has Assumed Duties of That Office.

Paris, Jan. 26.—Ignace Paderewski, the Polish premier, has addressed the following communication to Poles resident abroad:

At the request of the state generalissimo Pilsudski, I have assumed the duties of premier and foreign minister. "I wish to express to you my thanks for the devotion you have shown in the exercise of your duties, and at the same time to ask you to continue them provisionally until further orders."

In the near future I shall take special measures for the organization of our representation abroad, of which you will receive suitable notice."

HOSPITALS SUFFER BED SHORTAGE

Civilian Patients Refused Admittance--Wards Held for Military Purposes.

Toronto hospitals are experiencing a "bed shortage" and, due to this, in two of the large hospitals patients are not being admitted. St. Michael's Hospital is taxed to bed capacity, and a number of applications for admittance to the hospital are on file for two weeks in advance.

It was rumored that the crowding was due to the large number of soldiers in these institutions. It was learned at St. Michael's that there is both a shortage of beds and wards to put them in. Ward 211, it was stated, was engaged for soldiers. Only four soldiers were brought to the institution, and in view of the demand for admittance, the ward was filled up with other patients.

At the General Hospital very few patients are being taken in on account of the shortage of beds. Wards B, E and H have been turned over to the military, and at present they are taxed to capacity with convalescent soldiers.

After knocking on the door and giving the password, the Chinaman stepped in and at the same time dropped the scantling. The doorman was unable to close the door, and the police popped in to find 12 Chinamen playing fan tan. Eight dollars was found on the tables. Wong Wing is charged with keeping a common gaming house, and the other 17 are charged with being found in.

A raid early Sunday morning on the premises at 12 Elizabeth street resulted in 12 Chinamen being arrested, charged with gambling on the Lord's Day.

PEACE CONFERENCE APPROPTS LEAGUE OF NATIONS PROJECT

Commission Named To Draft Chief Plan--Wilson Declares It Must Not Be a Casual Affair--Lloyd George For Saner Plan Than Organized Savagery--Committees Appointed.

Paris, Jan. 26.—The peace conference on Saturday weathered its first storm and, under the influence of the speech by President Wilson and the skilful guidance of Clemenceau, the chairman, unanimously adopted resolutions declaring for a league of nations. The conference also went on record in favor of incorporating the league as an integral part of the general treaty of peace, and admitting to the league "every civilized nation which can be relied upon to promote its objects."

Belgium, Serbia, Rumania, Portugal, Brazil, Siam, China and Czechoslovakia protested against the various committees being largely restricted to the great powers, and asked for proportionate representation privileges, particularly on bodies dealing with the league of nations, labor and reparations for war damages.

Although this was a cloud no bigger than a man's hand, it threatened at one time to grow into a general alignment of the small powers against the great powers. This, however, was averted by Clemenceau's goodtempered and skilful direction.

The session had the same impressive dignity as the opening session, with a picturesque setting of Arabs and Indians in their turbans and tunics, as well as a distinguished array of prime ministers and other world figures. President Wilson for the first time was accompanied by the entire American delegation, Colonel House having recovered sufficiently from his illness to be present.

Although it had been expected that Premier Lloyd George would open the discussion on the league of nations, President Wilson said:

CLEVER ARREST OF FAN-TAN PLAYERS

Chinese New Year Night Sees Two Raids by Police.

Sunday the Chinese population of Toronto commenced celebrating their "New Year's" in their club quarters on Elizabeth street. They started in at midnight Saturday to celebrate, and in two adjoining places their celebrations were marred by raids made upon them by Plainclothesmen Ward and Scott.

At 9 o'clock last night, a diminutive Chinaman was fitted by the police with a large piece of scantling sawed off to fit under his armpit and not to hang down any lower than the length of his overcoat. With the piece of two-by-four the Chinaman proceeded to a store at 10B Elizabeth street. Following closely behind him in the police motor car were Inspector Bond and Plainclothesmen Ward, Scott and Clarkson. When the Chinaman entered the doorway Ward and Scott ran up the stairs ahead of him and hid themselves from the "peep" on the door leading into the gambling room.

After knocking on the door and giving the password, the Chinaman stepped in and at the same time dropped the scantling. The doorman was unable to close the door, and the police popped in to find 12 Chinamen playing fan tan. Eight dollars was found on the tables. Wong Wing is charged with keeping a common gaming house, and the other 17 are charged with being found in.

PLAYS, PICTURES AND MUSIC.

"The Rainbow Girl." "The Rainbow Girl," Klav and Erlanger's big musical comedy, will be the attraction at the Princess this week with matinees Wednesday and Saturday.

"A Little Mother" at Grand. No more touching story growing out of the war has been told than that which is revealed in "A Little Mother," which will be the offering at the Grand this week with three matinees: Wednesday, Friday (special), and Saturday.

"Merry Musical Men." Claudia Hart, "The Unusual Comedienne," and Edwards, comedians, and feature film comedies and revues, complete the bill.

"Burlesque Wonder Show." At the Gaiety Theatre this week starting with matinee today will be given the "Burlesque Wonder Show" with funny Geo. P. Hot Dog Murphy and that cyclonic sobriety-primrose Seamon, presenting for the first time in this city a novelty in the way of up-to-date and a little ahead burlesque.

"The Star This Week." Aiming to present something a little different from what is offered by the usual run of burlesque shows, "The Pennant Winners" will today come to the Star and will present the laughable two-act musical piece, "The Lemon Department Store and Ima's Bed." The popularity of this production everywhere it has been seen has demonstrated the fact that the book is amusing, that the music is tuneful, that the girls are pretty and that the scenic and wardrobe appointments are on a lavish scale.

"Good Bill at Madison." A strong double-header bill will be presented at the Madison Theatre today, tomorrow and Wednesday. Ruth Clifford, in "The Cabaret Girl," will constitute one feature. The other will be Chaple Chaplin in the part of a caveman in the rollicking comedy, "The Hula Hula Dance."

"Seven Days' Leave" Returning. The best of all military plays is "Seven Days' Leave," which returns to the Grand week commencing Feb. 3, with the cast and production which were identified with the successful engagement here last season. The sale of seats is now open.

LEAGUE OF NATIONS

The establishment of a league of the five nations that won the war: France, Great Britain, Italy, Japan and the United States, as a safeguard for the maintenance of peace in the world, was announced by ex-President Taft...

could be settled by an international court on the principles of international law.

Five Allies. Mr. Taft favored a league of the five nations that won the war, for the carrying out of the purposes of the war.

He outlined the geographical division of states as provided for in the fourteen points in President Wilson's speech of the Jan. 8, 1918, when he allocated the various little nations of eastern Europe to one of ten states to be established at the peace conference.

Referring to the German colonies, he declared emphatically: "They should never be given back. The Germans have abused the backward peoples; they have not developed their responsibility in any way. They have felt an equitable claim of ownership."

A Misfit.

When the attorney-general fired J. J. Graham and left Mr. Boyd in charge of the unfortunate children who are brought before the court that Mr. Starr used to make the most notable social reform effort in the civic program he did a grievous wrong to the whole community.

No doubt Mr. Boyd is highly estimable in his personal character, and has the best intentions, but that is no reason why he should be permitted to handle children he is a misfit, a dead failure and totally incompetent.

Sir Adam Beck is ready to spend twelve to fifteen millions on the Hydro radial from Toronto to the Falls. This would give a lot of construction work and mechanical work in shops on the electrical outfit.

Oil, Nickel, Asbestos. The Ottawa government are still engaged on the proposal to turn over the Athabasca oilfields to the Shell Co. of London, Eng.

It is also supposed that negotiations are now under way between Canadian ministers now in England and the British Admiralty to join together in developing these oilfields for a supply for British naval and marine services.

Canada had better take over the oil business, the nickel business and the asbestos, all in the list of "key industries" of the first rank.

Sir Adam Beck at Hamilton. The meeting of the city council in Hamilton tonight, at which Sir Adam Beck is to speak on the subject of a Hydro radial service by the proposed road from Toronto to Niagara, is of importance to the whole district of Ontario through which the line passes.

It is upon the action of the ratepayers of Hamilton in passing the by-law, which was rejected about two years ago, assuming the liability for an amount under \$4,000,000 that the speedy prosecution of the plan depends.

It is sought by opponents of public ownership and operation to make it appear that the ratepayers would be burdened by a debt of this extent. The same method was adopted in Toronto with regard to the Hydro-Electric service, and we were told that the

Ottawa, Jan. 26.—"The loss of the name of the Bank of Ottawa to the city and Ottawa valley, through the circulation of bills over Canada, means a serious loss from an advertising standpoint," said A. E. Corrigan, head of the citizens' committee to prevent the Bank of Ottawa merger, today.

It is upon the action of the ratepayers of Hamilton in passing the by-law, which was rejected about two years ago, assuming the liability for an amount under \$4,000,000 that the speedy prosecution of the plan depends.

It is sought by opponents of public ownership and operation to make it appear that the ratepayers would be burdened by a debt of this extent. The same method was adopted in Toronto with regard to the Hydro-Electric service, and we were told that the

GOVERNMENT PLAN FOR RETURNED MEN

The plan the government intends to follow up in the soldiers' repatriation problem was outlined by Capt. P. W. Grant of Ottawa, president of the G. W. V. A. in an address in the Open Forum yesterday afternoon.

The military were looking after the return of the men, and it was the duty of the returned soldiers' civil re-establishment commission to return them to civilian life. In the first instance the military authorities had divided Canada into twenty-two dis-pensational areas.

P. McDonald, R. McDonald, H. McDonald, F. McElroy.

Seven hundred and two soldiers from the Empress of Britain, who arrived yesterday, were greeted by a large number of relatives present to meet the men, together with hundreds of Toronto citizens who all awaited on hand to welcome the soldiers when they arrived.

The usual arrangements for taking care of the men had been made by Major Goodwin Gibson, O.C. Demobilization Centre, to whom a much credit is due for his untiring efforts to make the men and their relatives comfortable. Volunteer motorists were on hand and the warriors after embracing their mothers, wives and friends were whisked to their homes by a real Sunday dinner, the first since they have really enjoyed since they left Canada's shores awaited them.

At 8:30 p.m. sharp the second train put in an appearance. On it were nine officers and 252 of other ranks, 223 of whom were for Toronto. The out-of-town men were taken care of at the Hotel Triangle Club, and those who could make connections left for their home towns last evening, but a considerable number stayed over until this morning. A word of commendation of the Y.M.C.A. or the Salvation Army is never heard from the lips of a man who has been on the platform also.

One man in conversation with the press wanted to know what was the matter with this country. "Where's all your snow?" he said. The Empress was a pretty fine boat, said another, and the treatment on board was the best I ever had. IDA INTERVIEWS A MOTHER

By IDA L. WEBSTER.

Today we are sending forth the second of our interviews with women whom we consider worth while. This is probably the most difficult of all those which we will publish, because it is of a woman who has never before been spoken to (officially) by a newspaper person, and who naturally feared the first one. Besides that she is always busy being a mother, and hardly gets time to remember that there is such a thing as a morning edition.

Hockey Newman Hall 6 Kitchener - 2 Baseball The Toronto's Reserve List Basketball Central O.B.A. Teams Break Even

NEWMAN HALL WON FROM KITCHENER

Winners Displayed Nice Brand of Hockey Saturday Night at Arena

Kitchener suffered their second defeat of the season when Newman Hall played them 6 to 2, in a finely played senior fixture at the arena on Saturday night. This was also the first win for the Brennan outfit and they had to show a nice brand of hockey to win. Kitchener showed plenty of back of condition after the first period, and the Newman had much the best of the play for the last two periods. The result of this game leaves St. Patrick's with a clear lead for the group honors. Newman Hall used the same team that gave such an argument to the Irish on Saturday night, with the exception of their subs, Quinn and Doyle, being used in place of Brady and McLean. It would be hard to pick the individual stars of the night outside of Laflamme, and "Jerry" played very well in front. Newman Hall played Ottawa on Saturday and he has ever shown in Toronto, and that means a lot. Kilpatrick was in better condition than in his last game and showed a lot of clever hockey, but rarely spotted his good work by frequent trips to the penalty box. Ingoalby and Woodcock were good, and Dopp showed one of his old-time games. Collett was himself and that is all that was necessary. For Kitchener the forward line were forced to go the first sixty minutes and their lack of practice were very tired after the half way and failed to check back, leaving Hainsworth and the defence all the work. At that Kitchener were unlucky on several occasions when in close, due apparently to their being unable to give the final kick to get the goal.

The teams played some very fast hockey the first period without being able to score and with Newman Hall forcing the pace. This was the best hockey of the night, and took all the heat out of the spectators. Newman Hall opened the scoring in the second period when he went down alone and kicking around the defence allowed the puck in past Hainsworth. Dopp tallied from the wing 8 minutes later and Woodcock made it 2-0 in one minute when he went down fast and bumped his way thru the defence for a clear shot. Laflamme grabbed the first goal in the final session when he was on hand to pick the puck out of a scramble and Woodcock and Ingoalby combined for an easy tally one minute later when the latter made a pass which was followed by a pretty combination play gave Kitchener their first goal. Parkes, Karpas and Trushinski going down together, the latter scoring. Laflamme gave Ingoalby an easy chance for the sixth goal for Newman, and Hillman and Parkes combined for the final goal leaving the score 6-2 in favor of the Newman.

Kitchener now have to defeat St. Patrick's in their game here on Wednesday night to remain in the running, and this looks like one of the best games of the year.

Weatherman Promises Good Ice for February

The curlers are not disappointed. They have still to play their District Cup and Tarragon primaries, and the local single rink competitors will be in next week, entries to close next Saturday night.

However, the weatherman has promised real cold weather for next month. Instead of the regulation February thaw, they don't overlap, but a month's frost should straighten things out. There was curling Saturday afternoon in the city rinks on very thin ice.

This Is Where McCarthy And Roach Play Hockey

Sporting Editor World: Kindly publish in Monday's paper the scale of prices for the Dental-Tiger hockey game in Toronto on Feb. 8. The arena management in Hamilton have raised the price for the game between these two teams in Hamilton on Jan. 31 to \$2, \$1.50 and \$1, which is an injustice to the real hockey fan—that is the fan who supports all games, good or bad.

The players are not supposed to receive salaries and the cost of operating the rink is no greater than for the last three games. Why the increase in the admission fee?

Ottawa, by One to Nil, Beat Les Canadiens

Montreal, Jan. 26.—Jack Darragh tallied the only goal of the match Saturday night and gave Ottawa the first victory of the second half of the National Hockey League schedule over the Canadiens in a fast and well-played game. The merits of the play, however, are not indicated by the score, the Senators always having the edge on their opponents. Poor shooting by both sides and great work in the net by Yezina kept the score down. The Canadiens' defence played a great game and gave their goaler good protection in the first two periods.

The actual game was over in the first ten minutes of play, the single goal being scored after six minutes had passed. From that on it was nip and tuck, with the Senators doing most of the attacking, interrupted now and then by a flash goal.

A second goal was claimed by Ottawa, but was disallowed by Referee Jack Marshall. In a rush, Ottawa worked the puck inside the local defence, and the Canadiens protested the decision, claiming that the puck had entered the net while the umpire said that it had gone thru the net. Marshall later overruled the goal umpire and replaced him with another man.

Not One Playing Manager Left In the Major Baseball Leagues

All Signed Up Except Cincinnati and St. Louis of the Nationals ---Training Camps Selected for the Different Clubs.

There is not one playing manager left in either of the major baseball leagues. Non-playing leaders direct all of the sixteen clubs. And yet, a few years ago, the playing boss was the rule; the managers all wanted them, and bench managers had a hard time to get a job! Take Cincinnati, for instance, at the close of 1912, when Hank O'Day had piloted the team to a first-position berth, the cry went up: "We must have a playing manager." Hank was let out, and Joe Tinker engaged. The Reds went to a meek and lowly spot in the following campaign, remained away down while Tinker and Herzog, both playing managers, were in charge—and rose high up into the first division when a bench director, Mathewson, took the helm.

In 1912, nine out of sixteen managers were active players—Chano, Clarke, Doolin, Eresnanhan, King, Stovall, Callahan, Stahl and Birmingham. The last for 1912 doesn't show even one of them remaining, not even as a bench manager, and runs as follows:

—National League—
Boston—George Stallings.
Brooklyn—Wilbert Robinson.
Chicago—Fred Mitchell.
Cincinnati—Christy Mathewson.
New York—John McGraw.
Philadelphia—Jack Coombs.
Pittsburgh—Hugo Bezdek.

—American League—
Cleveland at Mineral Wells, Texas.
Detroit at Macon, Ga.
St. Louis at home.
Boston at Tampa.
Washington—Clarks Griffith.
Philadelphia at Augusta, Ga.
Athletics at home.

Chicago at Pasadena, Cal.
Pittsburgh at West Baden, Ind.
Cincinnati probably at home.
St. Louis at home.
New York at St. Petersburg, Fla.
Boston at Columbus, Ga.
Brooklyn no selection.
Philadelphia at Charlotte, N.C.

The Material on Manager Mooney's Mailing List

When Manager Mooney comes to town this week to look over the list of the Toronto baseball club with the idea of mapping out the program for another championship year, he will find out that he has an even dozen men to write letters to. These will include himself and Red Fisher, catcher; Tommy Thompson, if Washington falls in its claim; Justin, Herche, Aichele and Hack, pitchers; Onslow, first base; Wagner, second base; Purcell, third base, and Riley, Anderson and Callahan, outfielders.

The addition of a couple of pitchers this outfit would repeat in the new International sure if you were say, Walter Johnson and Grover Cleveland Alexander.

However, Manager Mooney has some things to work on, and he is likely to show that even if a playing manager is a last act in the majors he may make good in the bushes.

Johnny Moran, who tried to sense what the pitchers could throw and batted two hundred-out, has been awarded to Waco, Texas. King Lear belongs to Chicago.

Albion Cricket Club Elect Officers And Look Forward to Successful Season

The Albion C.C. held their annual meeting on Saturday evening at the residence of their secretary-treasurer, Mr. A. Belgrave, 1015 Ossington avenue.

Mr. H. G. Hawkins, president of the club, was in the chair and under his leadership the business of the club was quickly disposed of. The club had a most enjoyable and satisfactory season, and from the large attendance at the meeting the club may look forward for good sport for the coming season's cricket.

The Albions played 19 games last season, won 15, lost 4 and scored 2420 runs to their opponents' 1465. There was also a cash balance left to start the season. Mr. Harry Roberts and Sam Yaxley are the pilots, and under their guidance and general dispositions the boys should give a good account of themselves.

The officers are:
Hon. president, Dr. G. B. Smith; president, Mr. H. G. Hawkins; vice-presidents, Messrs. H. Rutley, P. Matthews, J. Sedore, T. Pimblott, captain, H. T. Roberts; vice-captain, J. Yaxley; secretary-treasurer, A. Belgrave, 1015 Ossington avenue, Hillcrest 6264.

Executive committee—A. Blackman, T. Smith, J. Hall, A. Wakfield, M. Moyson, W. Adams, W. Womersley. Selection committee—H. Roberts, S. Yaxley, Sgt. C. H. Perks, A. Pare, J. Belgrave.

Delegates to C. & M. League meeting—H. Roberts, T. C. R. Smith.

Toronto Gun Club Heroes at Their Traps

The Toronto Gun Club held their weekly shoot at Lakeview Park on Saturday. The weather conditions were ideal for this fascinating outdoor sport. Two of the Toronto members have just returned from overseas and took part in the shooting. In the team shoot, Dr. Jordan's team won by 16 birds from E. Y. Hutchison's team. In the spoon shoot, at 25 birds, J. Dunbar was the winner, with 22 birds. Next Saturday there will be an open shoot for men over 50 years for three prizes donated by Dr. Jordan. JACK HENDRICKS QUILTS ST. LOUIS.

St. Louis, Jan. 25.—Jack Hendricks, manager of the St. Louis Nationals last season, has agreed to terminate his contract as manager at once, it was announced today after a meeting of directors of the club.

The contract had one more year to run. Branch Rickey, president of the club, has been offered the position of manager. Hendricks' agreement was for a cash consideration. The terms of the offer made to Rickey were not given out. A committee was named to confer with the holders of notes against the club, looking to an extension to avoid sale of the club under a second deed of trust. The extension of the notes, it was said, would protect 631 small stockholders.

BASKETBALL

Central juveniles dropped their first league game on Saturday night to Playgrounds by 23-15. Playgrounds are last year's champions, and their team played too much for the heavier Central boys. Gold, for Playgrounds, was the outstanding star of the game, scoring 13 of their points. While Mike Castle was the best man for the College street boys, Central (15)—Forwards, Young, Casy; centre, Lindsay; defence, White, Snyder and Lindsay.

The second game was an old-time struggle between Central intermediates and their rivals from West End. At first the purple and gold team were up, but in the second period Freddy Conant, Central's good left forward, ran wild, dropping in five baskets. But West End were not beaten and came with a rush, tying the score at 23-23. However, Central had just enough left to finish on top by 25-30. It was a desperate, hard-checking game, and Referee Watson had his full share in refereeing the contest. Winfield, Conant and Newell played a star game for Central, while Macdonald and Gray were best for West End. Percy Miller, Central's fast defence man, had the misfortune to break his knee-cap in the second period and will be out of the game for the season. Dick Smith finished out the game in his place.

Bethlehem Makes Semi-Final Round

New York, Jan. 26.—The champion Bethlehem Steel soccer team got into the semi-final round of the American Football Association competition today by defeating the Federal Shipbuilding & Engineering Co. 2-0, at Clark Field, Kearny, N.J., before 3000 people. McKeown opened the scoring fifteen minutes after the kick-off, while Fleming put on the second goal six minutes from time with a dazzling run. Shipbuilding soccer eleven defeated J. & P. Coats of Pawtucket, R.I., by 4 to 1, in the third round of the American football competition.

Candee Leads Ontario Shooters at Pinehurst

Pinehurst, Jan. 25.—William Wetleaf of Nichols, Iowa, won the midwinter championship at Pinehurst today on the shoot-off of a triple distance and leaf broke all 20 in the shoot-off, firing from the 50-yard line. Frank S. Wright of Buffalo won the 450 target contest with the remarkable total of 441, which means 24 over par.

The Ontario runs follow, the first figure showing the number broken in the 450 target race and the other figures showing the handicap, distances and scores in the midwinter handicap hundred:

C. N. Candee, Toronto, 431 (19 yds.) 89
Joe Jennings, Toronto, 420 (21) 85
W. H. Gooderham, Toronto, 418 (20) 88
F. E. Healy, Toronto, 414 (18) 88

Want Willard to Fight in Texas

Wichita Falls, Tex., Jan. 25.—Frank E. Force, with the backing of a syndicate of wealthy oil operators, today wired Tex Rickard, now in Chicago, an offer of a bonus of \$100,000 if he will stage the coming championship battle between Jess Willard and a contender, to be named later, in Wichita Falls.

On learning that Willard had agreed to fight, Force, former manager of Fred Fulton, conferred with the oil operators and later wired the \$100,000 offer to Rickard.

The centre of the mid-continent oil field here in North Texas is undoubtedly the place for this contest," said Force. "The Wichita Falls syndicate has arranged on sloping ground for 50,000 spectators, the stadium will be a crack field with 325 pounds in the saddle, winning with plenty to spare. This performance so impressed Handicapper W. S. Vought that in assigning the weights for the Adirondack Handicap he asked Billy Kelly to take up 140 pounds, the greatest burden ever inflicted upon a two-year-old in the history of American racing. The other weight-carrying feat was performed by Polymelian, which equaled the Saratoga track record of 1:10 2/5 for the six furlongs with 140 pounds on his back.

Noteworthy Performances In the Weight-Carrying Line

There were two noteworthy performances in the weight-carrying line on New York tracks today. In the Grand Bag Handicap at Saratoga there was a remarkable gelding, Billy Kelly, defeated a crack field with 325 pounds in the saddle, winning with plenty to spare.

This performance so impressed Handicapper W. S. Vought that in assigning the weights for the Adirondack Handicap he asked Billy Kelly to take up 140 pounds, the greatest burden ever inflicted upon a two-year-old in the history of American racing. The other weight-carrying feat was performed by Polymelian, which equaled the Saratoga track record of 1:10 2/5 for the six furlongs with 140 pounds on his back.

Brantford Will Play With Michigan of the Amateurs

Brantford, Jan. 26.—Mr. T. J. Nelson states that he is still the opinion that the reorganization of the Canadian League should include three Michigan cities. If it is possible, he said for a certainty that Brantford would not have professional status this year.

The league as proposed by Mr. Lee would not offer even a sporting chance to keep clear of financial rocks, and with Jack Hendricks, manager of the St. Louis Nationals, concerning the management of the local team, Hendricks has called Christy Mathewson for an immediate answer as to his attitude.

The big annual tenpin tournament of the Toronto City Bowling Association will start Tuesday at 7 o'clock on the Karrya drives with a record entry of forty-five five-man teams; seventy-one pairs of doubles and one hundred and twenty-two singles. The prize list, which is the largest ever hung up for the big handicap tournament, amounts to \$450, consisting of twelve prizes for the five-man teams, 20 for the doubles and fourteen singles. In addition there will be three special all events prizes of twenty, eight and five dollars, each donated by the association.

Sweden Has New Sprint Champion

Interested details have just been received in this country about Nils Engdahl, the Swedish sprint champion, who may be brought to America this year to compete with the Canadian and United States stars of the cinder path. Much has been heard about him, but the following information has been obtained from a hazy and fragmentary character.

Engdahl was born in 1888 and began appearing in track meets in 1917, but did not become conspicuous in his own country until 1918, when he was introduced into the first rank of Swedish sprinters by winning the 100 and 200 meters world records, and the 400, 500, 600, 800 and 1000 meters championships of Stockholm, Sweden. In the Swedish-Norway-Denmark games he won the 400 meters championship.

Experts have pronounced Engdahl as a runner of international championship class, as three of his marks are new world records, and he is improving with experience.

Sixty meters (66 yards), 6 8/10 seconds; 100 meters (109.3 yards), 18 1/10 seconds; 200 meters (218.7 yards), 44 1/10 seconds; 400 meters (437.4 yards), 1:30 1/10 seconds; quarter mile (444 yards), 50 1/10 seconds.

IN THE ENGLISH DERBY.

The most recent English Racing Calendar contains a list of the horses left in next season's Epsom Derby. The allocations most numerous represented are Bayardo, Polymelian and Sunstar, each with nine candidates. Cigand and Synchron come next, with six apiece, while Kancov, Lombard and Spanish time are each responsible for five, and Tetrach, Cicero, Prince Palatine, Bol Cheroke and Orby each for four. Stallions with three representatives are Charles O'Malley, White Magic and Royal Ruler. Traces of the sire of the favorite, The Panther, has two candidates, as also have Spearmin, Valene, Wiltony, Juggernaut, Simon Square, Chaucer, Greenback, Burder, Stedfast, Predicator and Santol, while twenty-seven other sires have only one representative.

Can You Afford To Neglect This Opportunity?

Would you consider a gold property, well located, fully equipped for mining, with an ore zone 2,000 feet long, 40 feet wide, of good grade commercial ore, a good speculation? This is briefly a description of WASAPIKA GOLD MINES, LIMITED.

The Story of the World's Greatest Gold Mine

As we have already indicated, the difference between a coarse and fine-grained rock, from the economic point of view, is strikingly illustrated at Cobalt. Here the veins are real fissures extending to great depths, but as a rule the silver is only found in the upper portions of the veins; in fact, only in that part which passes through the loosely compacted Cobalt series.

Dr. Miller, the provincial geologist, whose authority no one will question, explains this condition by showing that when the veins were formed and filled they contained only the arsenides of nickel and cobalt. At a later period there was a slight crustal movement sufficient to reopen the veins in the fragmental surface rock, but not in the underlying fine-grained lava.

The silver came in with the later movement, and of course could not penetrate the deeper portions of the veins which still remained closed. Therefore, 400,000,000 ounces of silver became available because of the coarse texture of the surface rock. This phenomenon is highly suggestive of the great value of the coarse-grained friable lava on the Sovereign Porcupine.

Fracture is the mother of ore, and the more susceptible to fracture the greater the likelihood of large and rich deposits of the precious metals. Hence the preference of mining men and scientists for the coarser lava so strongly developed on the Sovereign Porcupine Gold Mines. In support of our recommendation to buy SOVEREIGN PORCUPINE GOLD MINES shares we are not relying solely upon location, altho it is usually a reasonable guide.
