FIVE ACCIDENTS FATAL GIRL KILLED BY TRAIN; DERRICK FALLS CONDUCTOR'S SAWFUL DEATH

Chas. Ellingworth Struck by Passing Car and Dragged by One He Was On - Had Been Fixing Window Blind.

COLLAPSE OF A SCOFFOLD KILLS ONE, INJURES ANOTHER

THE DEAD. CHAS. ELLINGWORTH, aged 30, conductor, struck by a car. JAMES RIGBY, aged 26, carpenter, killed by collapse of scaffold.

LEE JOHNSTON, aged 35, killed by fall of derrick. ANNIE WADDINGTON, aged 5, run over by train. JOHN BARCLAY, aged 17, died after fall from horse.

Five deaths due to accident in and about the city occurred yesterday.

Charles Ellingworth, 1243 College-street, a street railway conductor, was struck and instantly killed while on a Bloor and McCaul car on Bloor-street, near Robert, at 7 o'clock last night. He was sitting on the iron gate on the rear platform, reaching forward to fix the canvas curtain for the seat in front. An eastbound car struck him, and as he fell his foot caught in the gate and he was dragged along for almost 100 yards. The top of his head was torn almost completely off. The blood from the injured man splashed over the passengers, of whom there were a number on the rear of the car. The body was removed to A. W. Miles' undertaking rooms, where an inquest will be held this morning.

Ellingworth was about 30 years of age. He had been on the railway for four years. He leaves a widow, having been married three years ago.

Girl Run Over. Five-year-old Annie Waddington of Swansea was on G. E. R. tracks near her home. She attempted to cross before an incoming train, which struck her, severing both legs above the knee. The accident occurred at 2:15 o'clock. The child was removed to Grace Hospital, where she died at 8 o'clock. She was the daughter of William Waddington of Swansea, a laborer.

A railwayman who was at the foot-board of the engine was struck by the train, which struck him, but the wheels passed over the legs above the knees.

A special engine and coach carried her to the head of Bathurst and an ambulance conveyed the child to the hospital.

Lee Johnston, aged 35, in Toronto only four days, was killed by the fall of a derrick at the Jenkins machine shops on Strachan-avenue at 8:30 a.m. yesterday. He was unharmed. An inquest will be held to-night.

Scaffolding Wrecked. James Rigby, 27 Radenhurst-street, was instantly killed by a fall from the top of a dormer bow-window at a house in the New Adelaide district at 1 o'clock yesterday. He, with Robert Dawson of the same address, and the man of the work, stepped out upon the structure, which was being supported by a light scaffolding. It collapsed and the two workmen fell. Rigby was instantly killed and Dawson was removed to his home at Radenhurst-street suffering internal injuries.

After the accident one of the men on the work explained that the scaffolding had been insecurely nailed. Both are young unmarried men, recently here from England. An inquest will be held.

While exercising a horse on the Don speedway Sunday morning, John Barclay, aged 17, living at 555 Church-street, was thrown on his head, sustaining a fracture of the skull, from which he died early yesterday morning.

The injured. There were several persons hurt yesterday, also. Edward Canavan, 2138 East Gerrard-street, fell 8 feet from a scaffolding at Hyson Bros' garage, Victoria and Shuter-streets, yesterday afternoon. He sustained a severe scalp wound, and after being removed to St. Michael's Hospital.

Annie O'Brien, a maid at 6 Mackenzie-avenue, Rosedale, fell from a doorway where the steps were being replaced. She was found unconscious and removed to the General Hospital, where she is in a serious condition.

Robert Veitch, 32 Elmira-avenue, was knocked down by a bicycle on Queen-street near George-street. He received a bad scalp wound. Veitch, with his son, who accompanied his father to St. Michael's Hospital in the police ambulance. A boy came along on a bicycle, and, dodging between father and son, he struck the older man between the legs. Veitch is an ex-policeman.

BEFORE CABINET TO-DAY.

Power Matter and Soo Loan to Be Considered.

"All that so far has been announced in the press with reference to the hydro-electric power commission," remarked Hon. Mr. Whitney yesterday, "is pure conjecture. But we are moving ahead steadily, getting everything into shape." The power commission are to meet this morning at the parliament buildings with a cabinet meeting directly afterwards. Among the matters to be considered are the power question and the Soo loan guarantee. Hon. Mr. Matheson, in respect to the Soo loan guarantee, yesterday said that negotiations were in progress, and that if the guarantee were renewed there was no chance whatever of the amount in question—\$1,000,000—being reduced for some time to come.

COMMISSION TO GO STRAIGHT TO WAKADO

Spirit of Japanese Emigration Agreement and Honesty of Passport to Be Considered.

WOULD ALLOW SUNDAY CARS

Rational League Endorses Resolution Asking Repeal of Anti-Acts.

OTTAWA, Sept. 30.—(Special.)—A complete statement of Canada's argument against a continuation of the present large influx of Japanese immigrants into this country is being prepared by the government for presentation to the government of Japan. No doubt a commission or commissioner will present the argument to the Japanese government at Tokyo. It will be pointed out in this statement that when the treaty with Japan was signed by Canada there was an express understanding that the Japanese law restricting the issue of passports to intending emigrants to a limited number each year would continue to be enforced. In the Japanese emigration laws it is expressly stated that any emigrant obtaining a passport under false representation is liable to a heavy fine in addition to the cancellation of the passport. The enforcement of this clause by Japan would have a large influence in stopping the influx of Japanese to British Columbia by way of the Hawaiian Islands. Other points that will be emphasized are that public opinion in this country, as shown by the utterances of public men in the press, and by the resolutions of the labor minister, is unanimously opposed to any large or sudden influx of oriental immigration, and that the present rate of immigration, if continued, will result in unnecessary racial friction in British Columbia, and will militate against the development of trade between Canada and Japan as desired by both governments.

HEAD ALMOST TORN FROM BODY IN ELEVATOR SHAFT

George Fry, Formerly of Wallaceburg, Lost Life in Blonde's Mill at Chatham.

CHATHAM, Sept. 30.—(Special.)—George Fry, a young married man, lost his life under tragic circumstances here this afternoon at 2 o'clock.

He was going up in the elevator from the first to the second floor in Blonde's mill. It is supposed the elevator failed to stop, and in fright the victim attempted to escape from the car, when he was caught between the car floor and the roof of the second floor. He was nearly decapitated.

Deceased was a member of Sydenham Valley Lodge, Wallaceburg, from which place he and his wife came. He carried \$1000 insurance. There are no children.

SHIPPING LOTS OF IRON FROM ATIKOKAN MINES

Inspector McCorkill Finds Mining Booming Along North Shore.

E. T. Corkill, inspector of mines, who has just returned from a trip of inspection of the mines in the Atikokan, Manitowish, and Sturgeon Lake districts, on the northern shore of Lake Superior, reports that iron ore is being shipped from the Atikokan mines to the blast furnaces at Port Arthur, which are handling daily 150 tons of it. The Atikokan Iron Mining Co. has made what is practically the first shipment of iron ore from that section of country. The ore is of excellent quality and is magnetized. These mines have been continuously in operation since June last.

He also visited the Laurentian gold mines in the Manitowish district, and the Northern Pyrites mine in the Sturgeon Lake district, and 75 miles north of Dinosaur. This mine is situated some three miles from the Thunder Bay branch of the G. T. P. A large body of pyrites has been opened up and shipment will begin so soon as the railway to Fort William is completed.

A considerable number of prospectors for gold have been busy in the Sturgeon Lake district, but little development can be expected prior to the opening of traffic of the Thunder Bay branch.

The Laurentian Gold Mining Co. have discovered valuable pockets of gold ore on the 100 and 200 foot levels, and they are now endeavoring to locate the same vein on the 300 foot level.

TEMPORARY CAPITAL.

EDMONTON, Sept. 30.—The government of Alberta took out a permit Saturday for a new temporary legislative assembly hall and offices. It will be 70 feet in frontage, 40 feet deep, 31 feet high in the two storeys. It will be of brick and concrete construction, with galvanized roof. It will be completed before the end of the year. The cost will be \$10,000.

JUDGE LARUE RESIGNS.

QUEBEC, Sept. 30.—Hon. Jules E. Larue, Judge of the superior court, has forwarded his resignation to Ottawa. The reason for the Judge retiring is due to ill-health.

PAYING COURT TO THE NEW HEIRESS.

Mr. Borden: How aggravating? Maclean already here, and, if my eyes do not deceive me, Laurier riding in this direction too.

FARE OF TWO CENTS A MILE.

Brooklyn (N. Y.) Eagle: A note new in the agitation for fares of two cents a mile on the railroads has been sounded in a despatch from Nebraska to The New York Herald. Six months' trial has been given to the law in that state, and the results are somewhat astonishing.

The contention of the railroads was that, under the enforcement of the law, which would reduce the receipts from the passenger traffic 33 1/3 per cent., the cost of operating passenger trains would not be reached. It now appears that, under the reduced rate, the inter-state railroads are handling more passengers than ever before in their history; new trains have been added to assist in caring for the increased traffic; thru Pacific Coast trains, while in Nebraska, are turned into locals to accommodate the short-riding passengers pending the time when additional equipment can be acquired, and the work of pushing extensions and branches, and double-tracking of sections, suspended in anticipation of the disastrous effect of the passage of the law, has been taken up again, and is being pressed vigorously. In operation with this law is the no-pass law, to the influence of which on the receipts consideration must be given. It is the minor or within-state roads that are injured, not the interstate lines, and the singular result is foreshadowed that such lines will be absorbed as feeders by the interstate roads.

The railroad men are represented as being astonished at the showing. They may well be, for none but the unduly prejudiced believe that the railroad men were insincere in their assertions that disaster must follow the imposition of a two-cent rate. They earnestly believed it would be so, and hence their opposition. Yet there were among them those who were not so certain of resulting disaster. These were the men on whom certain facts in railroad operation had made a profound impression. The facts are these: Each increase of facilities in railroad passenger traffic and each decrease in fares has been followed by the development of a new and additional class of travelers. The ability to travel easily and quickly, and especially at reduced rates, has induced more people to travel. Indeed, a new class of travelers seems to have been developed, even in instances where it appeared as if the last passenger that would naturally travel had been carried.

A notable instance is the Empire State Express, which was put on simply to relieve the pressure on the Chicago Limited. On its first day, running at the highest speed, with the ordinary rates, it developed its own business, and has since proved to be most profitable, without affecting injuriously the traffic of other trains. It was not a diversion, but a development, of passenger traffic. Another notable instance was that of the Manhattan Elevated. For years it fought the attempt to make it by law reduce its fares from 10 to 5 cents. As a concession to the public demand, four hours were established in which the rate charged was 5 cents. These hours were called "commission" hours. As a result of the showing in those hours, the company voluntarily made a universal rate of 5 cents. Result: The traffic leaped in volume; the receipts were nearly doubled; expenses of operation were increased, to be sure, but not in proportion, and the net result was increased profits. These results were strange indeed to railroad operatives. They are to-day, and are not accepted as established principles. Apparently, an occult law governs the manifestation. Now we have the Nebraska result as a confirmatory manifestation. It is a matter for serious consideration by the railroad philosophers.

FEWER CATTLE SHIPPED.

WINNIPEG, Sept. 30.—The late opening of spring and early fall weather caused a very material diminution in the cattle shipments from the west this year. The difference in round numbers will be between 40,000 and 45,000 head.

GERMANY UNEASY.

LONDON, Sept. 30.—Great uneasiness prevails in German commercial circles at the prospect of a preference being placed on the trips to the Children's Hospital this afternoon.

\$9000.00 Bedford Rd., detached, nine large rooms, new plumbing and heating, electric light, mahogany and oak finish, lot 60x140. F. J. SMITH & CO. 61 Victoria Street.

STRAIGHT PARTY CONTEST AT BROCKVILLE

New Opposition Leader Will Deliver Three Speeches in Riding --It's Lewis v. Donovan.

BROCKVILLE, Sept. 30.—(Special.)—The provincial by-election nomination proceedings passed off quietly this afternoon. As expected, W. A. Lewis, Liberal, and A. E. Donovan, Conservative, were placed in nomination, and each addressed about 300 of the electors, assembled in Victoria Hall.

Mr. Lewis confined his speech to a criticism of the Whitney administration, paying particular attention to its educational, prison labor and liquor license policies. He claimed that the pre-election promises had not been fulfilled, particularly in failing to take the liquor license question out of the realm of politics. He urged his election to strengthen the hands of the little band of members to the left of the Speaker.

Mr. Donovan was strong in his defence of the Whitney government and enumerated with telling effect the many progressive and popular measures put in the statute books since its accession to power. He dwelt chiefly on the efforts of Hon. Mr. Whitney to give the people an honest government.

New Leader Will Deliver Three Speeches. Polling takes place on Oct. 7. The government supporter looks like a winner, though the riding has not returned a Conservative member for over thirty years.

Hon. A. G. Mackay, the new Liberal leader, is announced to deliver three addresses throughout the riding this week, concluding with one in Brockville on Saturday evening, Oct. 5.

RAILROAD SUCCEEDED WHERE PUBLIC FAILED

Outcry in Ottawa Publication Against Encroachment of Hotel on Hill Park Property.

OTTAWA, Sept. 30.—(Special.)—The Calendar, published by St. Patrick's parish, has an article in the October issue commenting on and opposing the building of the proposed new Grand Trunk Hotel on Major's Hill Park property.

The article is entitled "A Deed Without a Name," and the name of the writer is not given. Some extracts from the article follow:

"The proposal to build in Major's Hill Park the existing printing bureau was received with horror, and when, several years ago, it was mentioned as a fit and proper site for the new departmental building, the idea was scouted as a desecration of Ottawa's choicest beauty spot.

"Now, mark what has happened. The privilege which the government would not allow itself against the wishes of the people of Ottawa it has conceded to the audacious request of a dominating railroad company, which has a right to build an hotel on what has, at all events, come to be regarded as the people's public property. Better far, and more consistent with public decency and economy, would it have been to have devoted the whole park to the new departmental and justice buildings.

"But it will be urged, it is only a little slice of the lower end of the park that is required for the hotel. That may be; but the park is doomed nevertheless. The hotel is but the thin edge of the wedge. A few more government buildings will drive the whole wedge in."

GRAMPIAN BROKE RECORD.

Arrived at Montreal in Charge of Canadian Captain.

MONTREAL, Sept. 30.—(Special.)—Having broken the record from Glasgow to Quebec and Montreal, the new Allan Line's Gramplan arrived to-night in charge of Capt. Outram, the only Canadian in charge of an Allan steamship.

The Gramplan is an exact counterpart of the Corsican, which has made three trips to the St. Lawrence. She left Glasgow a week ago Saturday at 6 p.m. and reached Quebec Sunday afternoon at 2:30, making the voyage under eight days.

The new vessel has accommodation for 135 first-class, 232 second and 1423 steerage passengers. There with a crew of 230 would make 2966 souls on board. Her cargo carrying capacity is 7000 tons.

On her maiden voyage the Gramplan had 40 saloons, 322 second cabin and 204 steerage passengers.

DOUBTS ARE ALL ASTRAY. There is no doubt about it, the Dunlaps at Dineen's now are the most excellent of the autumn hat offerings for men. The Dunlop is sold by Dineen's at the same price which obtains in the United States, notwithstanding the fact that there is a 35 per cent. duty payable to bring it here. The prices are \$5 for felt and \$8 for silks. Dineen's Special hats are in all the latest blocks at from \$2.50 up. The very newest blocks are labelled "Dineen's Special" at the popular store, Yonge and Temperance streets.

COUNCIL MEETS AGAIN ON R.W. & G. RY. MATTER

Aldermen to Be Kept Within Bounds - Happenings of the Day.

HAMILTON, Sept. 30. (Special.)-The city council, even after suspending the rules so that it could sit until 11 o'clock, had to make arrangements to meet again Wednesday night. This was only important matter left over from the Hamilton, Waterloo and Guelph Railway by-law.

Harry McDonald was taking a street car ride, which was interrupted by Constable McLean. He was arrested for interfering with the police last Friday.

The stork paid a visit to the home of Mr. and Mrs. F. W. Jarvis, 73 Bold-st. Oct. 2nd, and presented to her a first-born son.

The police were notified to-day that a burglar had broken into Ald. Kennedy's house Saturday night. The intruder knocked something off a dresser, causing enough noise to awaken the sleeping family.

Among those mentioned as likely to be appointed to the board of municipal commissioners are John Milne, T. W. Lester, J. W. Lamoreaux, Byron Richardson and F. C. Bruce, ex-M.P.

The Ontario Railway and Municipal Board. The first rehearsal of the oratorio, "Creation," was held this evening in the Conservatory of Music lecture hall.

NO STATED CASE

COIN AT 4 TO 4 WINS THE PRODUCE STAKES
Keene Colt Makes Fast Time Over Bad Track at Brighton—Main Chance Also Ran.

BRIGHTON BEACH, Sept. 30.—James R. Keene's Colin, at the prohibitive price of 1 to 4, easily won the colts' half of the Brighton Produce Stakes of \$900 at 6 furlongs at Brighton Beach today. The victory of Colin and third money with Meg's Hill in the filly half makes Mr. Keene's total winnings for the year \$22,284, which is \$14,000 behind the world's record made by the Duke of Portland in 1868. Colin won by five lengths in 1:25.5, which is remarkably good considering the bad condition of the track. Stamina, belonging to H. P. Whitney, won the filly's half of the Produce Stakes. Lily was a good third that went wrong in the last race. Summary: First race, all ages, handicap, 6 furlongs.—Don Enrique, 107 (Walsh), 5 to 1 and 3 to 1; Chief Hayes, 104 (Sumner), 5 to 2 place; Jack Aikin, 122 (Miller), 10 to 1; 1:25.5. Second race, 4-year-olds and up, selling, 1 1/2 miles.—Stamina, 117 (Nottingham), 3 to 1 and 2 to 1; Meg's Hill (Brussels), 1 to 2 place; Meg's Hill (118) (Miller), 3 to 1 show; 3 Time 1:14. Race—Black Mary, Miss Norfolk and Julia Powell also ran. Coupled.

TO DAY'S SELECTIONS
—Brighton Beach— FIRST RACE—Oregana, Proclivity, Lotus Brandt.

Second race, 4-year-olds and up, selling, 1 1/2 miles.—Stamina, 117 (Nottingham), 3 to 1 and 2 to 1; Meg's Hill (Brussels), 1 to 2 place; Meg's Hill (118) (Miller), 3 to 1 show; 3 Time 1:14. Race—Black Mary, Miss Norfolk and Julia Powell also ran. Coupled.

Fourth race, Brighton Produce, for 4-year-olds, second half, colts and geldings, 6 furlongs.—Colin, 125 (Miller), 1 to 4 and out; 1 Fairplay, 134 (Nicoll), 7 to 10 place; 2 Royal Tourist, 119 (Cameron), 10 to 1; 3 Time 1:12.5. King's Plate also ran. Royal Tourist and King's Plate coupled.

Fifth race, for 2-year-olds and up, 1 1/2 miles.—Armo, 110 (C. Burns), 8 to 1 and 5 to 1; Martin, 121 (Walsh), 5 to 2 place; 2 Ampedo, 108 (McCarthy), 5 to 1 show; 3 Main Chance, 106 (Henderson), 10 to 1. Right Royal and Beatonlight also ran.

Sixth race, selling, 1-1/4 miles.—Brancas, 103 (McDaniel), 1 to 1 and 3 to 1; Lane Alton, 106 (Notter), 2 to 1 to show; 3 Time 2:06.5. Lally, Tipping, King, Donohue, Ostrich and Killcrahan also ran.

At a meeting of the stewards of the National Steeplechase and Hunt Association today, the Misses of Harry Stone, steeplechase jockey, was suspended for the remainder of the year of 1907. No reason was given for the ruling.

LATONIA SUMMARY. CINCINNATI, Sept. 30.—First race, mile.—Belle View, 104 (Held), 5 to 5; 1 Dapple Gold, 104 (D. Boland), 10 to 1; 2 The Pet, 107 (Brandt), 30 to 1; 3 Time 1:41.2-5. Lacache, Raines.

Total net circulation, 37 days... 1,428,740.

Net Average Four Sundays 40,417

The foregoing figures include only papers actually sold and do not include damaged papers, samples or returned copies.

And I make the solemn declaration, conscientiously believing it to be true and knowing that it is of the same force and effect as if made under oath and by virtue of "The Canada Evidence Act, 1881."

Declared before me at the City of Toronto, the County of York, this 27th day of August, A. D. 1907.

(SIGNED) JAMES BAIRD, A Commissioner, etc.

The World's circulation books, paper accounts, press room reports and press counters are open at any time to the inspection of any subscriber, any advertiser or any other newspaper.

MR. WHITNEY AT THE CRISIS.

Mr. Whitney is up against the decisive step of his political life. The electric ring is in a bad way; after antagonizing the Beck power scheme, after trying to knock the credit of the province in London, after spending money lavishly to defeat public ownership, they have themselves been forced to go to the Ontario Government as supplicants, and they are now there with Mr. George Blackstock as their spokesman. They are willing now to sell power to the province at a reasonable price. But Mr. Whitney will hardly be able to shape up an agreement for the people of the province that the ring will respect if they get a chance of breaking away from it. They are the same people who broke faith with the City of Toronto in regard to the light and power franchises, and have ignored their contract in regard to the street railway. They are the people who kept the Conservatives out of office in Ontario for eight years by their improper alliances with the Ross administration.

They cannot be trusted. Only one thing should be done: Take over their power development proposition, and their transmission proposition, at the money actually put into them, plus the interest to date. But put them thru the wringer first.

Mr. Blackstock, if we can judge by what we hear of his argument and his pleadings, hopes to burst public ownership, but does not care to avow it. He simply wants that his clients should share in the public business. The most dangerous men up in the parliament buildings to-day are the Conservatives who are importuning Mr. Whitney "to do something for our friends in the power business."

Take over the whole thing, Mr. Whitney, at a price, and the people will back you up. You can't trust these men. They will try to run you behind a contract made with your government. The electric ring, if allowed to continue in the business, will be an everlasting menace to public ownership.

Trust the people, James, heed the advice that is being pumped into you by night and day, by professed friends, but, at bottom, agents of the ring. Give them back the money that they put in the plants, but do not resuscitate them merely to freshen their attack on public ownership in regard to light, power and traction. They are public enemies now and ever will be, and the nearer they get to you the more menacing they will be. Walk still further with the people. They never betray a good man.

OCTOBER.

Every month has, in fancy, a certain character, but many of them, in real life, do not live up to it. That is not so much the fault of the months themselves; it is largely due to our own lack of originality.

Our year opens in January, when the earth is in the death-like trance of winter. There is nothing in January to portend a new birth, and, after the first day we quit pretending there is. It would be far more appropriate to begin the new year with the first of May, the unwritten new year's day of organized labor throughout the world.

Then, again, our foolish calendar makes us pretend that March is the beginning of spring, whereas we know, by long experience, that it is not even the end of winter. Inheriting all our poetry from the motherland, we insist upon the month of June living up to the English character, and we are apt to find some cold, raw rainy days that disappoint us. Indeed, there is scarcely a month that can be so relied upon, and which gives us more quiet enjoyment, than the staid, good old month of October.

Here, at last, our favorite analogy between the passing year and human life holds good. There is no finer sight than a hale, old man who has borne his part in the heat and burden of the day, but still with years of life ahead of him, resting from his labors and seeking innocent pleasure while still strong and well enough to enjoy it. He has passed the impatience of youth, he has not yet arrived at the querulousness of age. He is still eager to learn, and he imparts useful knowledge, garnered from his own experience, to younger men. He is young enough to be a companion for his sons, and old enough to find delight in his grandchildren.

Thus October dwells amongst us kindly and mellow. He does not scorch us like July, oppress us like August, depress us like November, or freeze us up like December. The end of the year is approaching, but the end is a long way off. The crops are harvested, and there is still plenty of time for fall plowing. Winter is coming, but we can get along without coal for awhile. As from an eminence, we look back and say to Miss Summer, "Good-by; we're feeling better now," to old white-headed Winter, "Hello, you're coming back. Don't hurry!"

When October is king we neither sigh for the past nor long for the future. Good old October.

CORPORATION AND PARTY FUNDS

At 12 o'clock midnight to-day an important act passed at the last session of the legislature will take effect in the State of Massachusetts. It prohibits railroad, street railway, electric light, gas and all other public service corporations, as well as banks and trust companies, from paying or contributing in aid of the election of any person to public office, or in order to influence the vote on any question submitted to the electors, and no such payment or contribution may be solicited or received from any such corporations or from any trustee or trustees, owning or holding the majority of its stock. Violation of the law is punished by a fine not exceeding \$10,000, and any officer, director or agent who authorizes or aids or abets it, is made liable to a fine not more than \$1000, or to imprisonment for a term of one year or under. The act was the outcome of a struggle lasting for three years and was carried by the sheer pressure of public opinion. Unable to prevent its becoming law, the members of the legislature postponed the date of its coming into operation on October 1, in order that the usual contributions to the campaign funds might be obtained for this year at least. This was the furthest anti-antagonism carried them, and there will now be better hope that in future voting in the state will result in a clear expression of the will of the electors, unaffected by prodigal expenditure. The statute is a thorough salutary one and the example of Massachusetts should be followed by the legislature of Ontario. No state that has its real welfare at heart can afford to permit the funds of any public service corporation to be used either to promote proposals adverse to the public interest, or to defeat measures advancing the common good.

DAMAGE SUIT DISMISSED.

The suit of Mrs. Annie Lee of Henderson-avenue against the Toronto Railway Company for damages of \$3000 for the alleged injuries from falling from the defendant's cars at Manning-avenue on April 6, was dismissed by Justice Britton in the assizes yesterday. The jury gave a verdict in favor of the company on a vote of 12 to 1.

Mrs. Minnie Riley of Dovercourt said that she saw Mrs. Lee step off the car while it was in motion.

DARING THIEF SENTENCED.

CHATHAM, Sept. 30.—(Special).—Frank Rawson of Orange, N. Y., calling himself F. E. Brown, was found guilty on two charges of theft here this morning and sentenced to one year for each, the sentences to run concurrently.

He is suspected of being the man who caused consternation in Stratford, London and other places by cheeky and daringly executed thefts.

DEDICATED NEW COLLEGE.

OTTAWA, Sept. 30.—The new Agricultural College at Ironides, a few miles out of Ottawa, was dedicated yesterday by Archbishop Duhamel. The institution, which is under the control of the priests of the Order of the Holy Ghost, cost about \$55,000.

EXPORTING APPLES.

MONTREAL, Sept. 30.—For the first time in years there is a big export trade in apples to the American states. The output goes chiefly to Chicago and the west. The American demand is due to the failure of the apple crop in the south.

Mr. Evans Secretary.

W. Sanford Evans of Winnipeg, now visiting in Toronto, has received word of his appointment as secretary of Manitoba's university commission.

Judge to Resign.

QUEBEC, Sept. 30.—Hon. Judge Larue, who has granted the Quebec Judiciary during the past twenty-one years, will shortly resign owing to ill-health.

Political Intelligence

The Montreal Herald (Lib.) publishes a long review of the political situation in New Brunswick, which confirms the general impression that the Robinson government is shivering on the brink of the provincial elections are imminent. The Herald correspondent admits that "Mr. Robinson is facing a good many difficulties and has many handicaps to overcome." It is significant that the government is unable to fill the office of attorney-general, grade vacant some months ago by the resignation of Dr. Pugsley, and that several members of the legislature, supporters of the government, have positively declined to stand for re-election.

The present government dates back to 1883 and has retained its long lease of power by a skilful and judicious party politics. The Blair-Tweedie combination, involving as it did the addition of the present lieutenant-governor and the completely surrendered by the late Hon. A. G. Blair of the issue (increased stumpage dues) upon which had gone to the country, and the gradual conversion of the present minister of public works, who was a Conservative candidate in Kings in 1896, and later an independent Conservative in St. John, are cases in point. Mr. Emerson sat in for a time and was prime minister, succeeding Mr. Blair provincial, as he did in Dominion, politics.

The extent of the change that a few years can bring about, even though the present government is shown by the fact that in the present legislature the government had 37 members out of 46.

At present there are three vacant seats, two of them occasioned by the resignation of Messrs. Tweedie and Pugsley. In order to appoint an attorney-general, another vacancy will have to be created and still two others are anticipated, because of some prospective federal appointments, so The Herald correspondent informs. In this connection he adds:

"Thus at least four or five, or possibly six, elections must be held if the present determination on a session, and this is counted as another reason why a general appeal may be made."

The first week of the campaign in the Brockville provincial by-election finds both parties working industriously, at work in the interests of the Grit and Tory candidates, W. A. Lewis and A. G. Donovan respectively. The fight so far has been a very hot one, the still-hunt variety, particularly so on the part of the Liberals, who have not held a single public meeting. Mr. Donovan has shown a very bold and public and on each occasion has been accorded a fine reception. His platform efforts have shown him as a very bold public speaker in the province, and, if elected, the debating strength of the government will be greatly increased. He shows a very bold and public and on each occasion has been accorded a fine reception. His platform efforts have shown him as a very bold public speaker in the province, and, if elected, the debating strength of the government will be greatly increased. He shows a very bold and public and on each occasion has been accorded a fine reception. Mausoleum Dedicated. CANTON, Ohio, Sept. 30.—The McKinley Mausoleum, the tribute and gift of a nation to the memory of the martyred president, William McKinley, was dedicated this afternoon in the presence of 50,000 persons.

A Reminder. Telephone orders received at Muller's Cigar Store up to 5 o'clock will be delivered same day. The store closes at 7 p.m. daily.

THE WEATHER

TORONTO, Sept. 30.—(8 p.m.)—A depression is developing to-night in the Lower St. Lawrence Valley and another is centered in Alberta, whilst the pressure is decidedly high over the lake region. The weather has been showery in the Ottawa and St. Lawrence valleys and in the Maritime Provinces. Elsewhere fine with a change to much warmer conditions in the western provinces.

Probabilities. Lower Lakes and Georgian Bay—Winds becoming variable; fine and cool.

FIRE NOTICE

The Carter-Crume Co., Limited beg to inform their customers that the fire which occurred in their premises on 28th September, will not prevent their filling orders as usual. The machinery was but slightly damaged and will be fully repaired by end of this week.

At the Star.

Belle Blanche gives some wonderfully clever imitations. "Handkerchief No. 15" is a new version of an old sketch improved into a scream of laughter, and Frederic Bond, an old favorite, has the leading role with a clever support, and the sketch was well received.

Clayton, Kennedy and Mattie Rooney in their original eccentric comedy diversion entitled "The Happy Medium." Geiger and Walters in the latest musical novelty, "In the Streets of Italy." Fred Bond, Freeman Benton & Co. present the big laughing act, entitled "Handkerchief No. 15."

Pimples & Face Sores

are a common trouble. Impurities which should be thrown off from the body have a tendency to remain in the system, thus clogging the pores and giving rise to all sorts of disagreeable skin troubles. Zam-Buk applied to the skin has a most wholesome effect. It stimulates and helps the skin to throw off any impurity and restores the skin to a healthy state.

"Zam-Buk is the best household balm ever brought into a home." Such is the opinion of Mrs. Sarah McDonald, of Birr, (Ont.) She says:—"My little girl had a severe and obstinate rash on her skin. I applied Zam-Buk a few times and the skin trouble which had defied all other remedies, went away like magic."

Zam-Buk cures Eruptions, Ulcers, Scrofula, Pimples, Wounds, Festering Sores and all Skin Diseases. Rubbed well in it Zam-Buk is the finest embrocation for Rheumatism, Sciatica, etc. It is sold by all druggists at 50 cents, or from Zam-Buk Co., Toronto, for price, 2 boxes for \$1.25. (C. E. P. & Co. Sole Agents.)

CHAUFFEUR UP AGAINST IT.

Finds Bridge Washed Away and is Arrested for Speeding.

ST. CATHARINES, Sept. 30.—Arthur Geyer, a chauffeur employed by Harry Vars of Buffalo, was fined \$5 by the magistrate this morning for fast going in Beamsville.

He left Toronto for Buffalo. At Burlington he found a bridge washed away and took his car thru the creek, where it struck a rock and the services of a team of horses were secured, for which the owner demanded \$10. Going thru Beamsville Geyer exceeded the speed limit. Constable Tufford telephoned the police here and Geyer was arrested. He deposited his money as security.

Six miles from here Geyer's gasolene began to run short, and as they demanded \$3 for six gallons at the little store, about double the price, he decided to come back to St. Catharines and wait until morning.

This morning Magistrate Comfort imposed the usual fine of \$5.

DRUG AMBASSADORS' TOUR.

His Reputation Vindicated—W. H. Brick Starts New Venture.

The Dominion Pharmaceutical Co., Limited, whose head office and laboratories are on the northwest corner of Lombard and Jarvis streets, are making a bold bid to capture a big share of the drug trade in the Dominion.

On Saturday they sent off twelve travelers to introduce their goods, especially Brick's Tasteless Cod Liver Oil.

These ambassadors of commerce will visit every town and city between the two coasts and are expected to produce good results for the company.

This concern has been organized by W. H. Brick, formerly Canadian manager of the Wampole Co., of Perth and Philadelphia, who came out of the unpleasing position in which he was placed by the defections and suicide of Henry K. Wampole, with his reputation unimpaired, the judge at the trial of Mr. Brick saying he was honorably acquitted, he having accounted for every dollar that passed thru his hands, and the Wampole Co. were forced to withdraw all charges against him.

Every drug man throughout the Dominion knows that any charge against article sent out bearing the guarantee of Mr. Brick stamps it as being of absolutely the finest quality procurable.

Another feature that should make for the success of the new company is the fact that Mr. Brick is surrounded by the staff of assistants he had with him at Perth, who voluntarily left the Wampole Company to serve under their old chief immediately they heard he was about to start in business for himself.

Daniel Lamb is president of the new company. W. H. Brick is general manager. W. W. Smith of Niagara Falls vice-president. J. F. Kellock secretary-treasurer.

WOUNDS SELF-INFLICTED.

Seaforth Woman Invents Story to Win Sympathy.

HENSALL, Sept. 30.—Maggie Brown of Seaforth claimed she was assaulted by an Indian on Sept. 20, and Detective Reburn of the attorney-general's department was sent to investigate. After working on the case some days he came to the conclusion that the story of the assault was invented to win sympathy from the parties with whom she was stopping, and two doctors were called in, both of whom confirmed the detective's theory. It was found that the wounds on her body were self-inflicted.

CRUSHED BY DERRICK.

Fatal Accident to Workman at the Inglis Company.

Lee Johnston, a resident of Toronto for only four days, was fatally hurt by a fall of 50 feet from a derrick at the Inglis Company, Strachan-avenue, Monday morning. He was on the roof of a new building which was well advanced when the derrick slipped in lifting a heavy piece of iron the man fell and was crushed beneath the weight and load. Johnston was boarding at 157 Niagara-street. He came from Montreal.

MISSIONS IN CHINA.

Centenary Will Be Celebrated in Toronto October 31.

The centenary of missions in China will be celebrated by the holding of simultaneous meetings in London, England, Glasgow, Belfast, New York, Toronto and other centres of population. All sections of the church will unite in the meetings.

The meetings are to be held on Oct. 31. The one in Toronto will be held in the Toronto Bible Training School, 110 College-street. It is expected that His Honor Sir William Meredith, Clerk, Lieutenant-governor; His Lordship Right Rev. Archbishop and other leaders in the church, educational, political and business life will be present at this meeting.

The chair will be occupied by N. W. Hoyle, K.C., LL.D., president of the Upper Canada Bible Society. The devotional exercises will be in charge of Rev. Dr. Harris and the address will be given by Rev. A. Gandier, B.D., of "Robert Morrison," the Rev. Canon Cody, "A Century of Chinese Missions," and the Rev. Dr. Sutherland, "Strategic Opportunities in China To-day."

Bobby Walthour Hurt.

BERLIN, Sept. 30.—One man was killed and three others, including Bobby Walthour, the American rider, were seriously injured in a series of accidents yesterday on the Spadina bicycle track. During a 100-kilometre race, a pacemaker's tire burst, throwing the rider.

Yachtsmen Not Satisfied.

The conditions contained in the lease giving the Argonaut Rowing Club possession of a portion of Mugg's Landing for club purposes, as drawn up by the city solicitor, are not acceptable to the club, and at the meeting of the island committee next Monday another deputation will appear to urge modification of the terms.

Two Killed in Wreck.

ST. LOUIS, Mo., Sept. 30.—The fast train on the Frisco road known as the Meteor, due in St. Louis at 11.30 a.m., this morning, and wrecked near Dixon, Mo., one seriously injured, and the passengers were badly hurt.

Kipling Goes West.

MONTREAL, Sept. 30.—Mr. and Mrs. Rudyard Kipling left this morning for Winnipeg en route to Vancouver and Victoria. They will return east in three weeks.

Will Be Tried by Judge.

Nicholas Noble, accused of assaulting Dr. Eadie, has elected to be tried before Judge Winchester without a jury.

CHARGES AGAINST POLICE CAUSE LIVELY SESSION

Judge Carman Says Something Will Come to Light if Enquiry Takes Place.

ST. CATHARINES, Sept. 30.—(Special.)—A meeting of the police commissioners was held this afternoon, when Mayor Riddell and Police Magistrate Comfort took sides against Judge Carman in the discussion of incidents which occurred at the last meeting of the commissioners.

After an extra lively session of two hours, the board finally decided to meet Monday to consider charges against the police. Talk of an investigation was quite lively, the mayor and magistrate at one time threatening to have the conduct of the judge enquired into and the judge informing the magistrate that an investigation against him might bring something to light.

Several resolutions to the effect that it is desirable that the total abstainers be engaged on the police force of cities and towns, St. Catharines being especially mentioned, were adopted on motion of the judge, but the mayor and magistrate refused to adopt a resolution to compel men now on the local force to become total abstainers.

LAWYERS REBUKED.

Justice Teetzel Annoyed at Tendency Towards Delay.

The lawyers in the case set for the non-jury assizes yesterday were not ready to go on, and one and all received a stern rebuke from Justice Teetzel on the tendency to delay.

On the request of Mr. Eyre, who appeared for Cobboon, in the plumbers' combine case, McGuire v. Cobboon, an adjournment was made until Nov. 5 to give the lawyer a chance to get the Plumbers' Association books, totalling Mr. Eyre said that he had been to Chief Justice Mulock's office, but could not get the books.

His lordship thought that the defendants should pay the costs of the plaintiff's lawyer and fixed the amount at \$20 for attendance at court.

SOME VARSITY MEN WHO SERVE THE PEOPLE.

Editor World: I endorse a good deal of what you say about the university and its graduates serving the people who educate them. There is only one way of settling the question and that is by taking stock, as you say, of the university as against the designs of the great corporations; when he went out to practice law it was as counsel of the City of Toronto and again against the corporations in a recent case.

His office he'd have been worth \$25,000 a year to the city; and now, as a judge, he is still with the university. If Mr. Whitney has done splendidly for the university, a great deal, too, I think, to Sir William's good example and influence with his successor, Mr. Whitney and Dr. Gordon are the three men who in recent years have done great deal for the people by getting the university in such good shape. Sir William Mulock left in his day, and Sir William Mulock left parliament—so many of us believe—because he could not have his name in regard to public ownership.

FATAL FIRE AT PARKHILL.

PARKHILL, Sept. 30.—A house was destroyed by fire this morning, and a child of Mrs. Harris from Niagara Falls, who was visiting at Mr. Laverty's, was badly burned. His mother was badly burned. His mother was badly burned.

In the Sessions.

Harvey Morgan Meyer, broker, of Toronto Junction, pleaded guilty before Judge Winchester in the sessions yesterday afternoon to converting to his own use certain moneys given him by Christopher McFarlane, a retired farmer, to invest in wheat options. He will be sentenced Saturday.

Captain Killed on His Ship.

ESCANABA, Mich., Sept. 30.—Capt. John Nicholson, aged 62, of Buffalo, fell thru an open hatch in the neighborhood of his boat, the Caledonia of the Corriegan, McKinney fleet, yesterday and was instantly killed. His neck was broken.

RAIDED SUPPOSED GRAP GAME AT ST. CATHARINES

Three Men Jumped From Window Thirty Feet Above Ground—Did Not Appear in Court.

ST. CATHARINES, Sept. 30.—(Special.)—Sunday evening Chief Parrall and Sgt. McCarthy made a raid on Cassidy's blacksmith shop on Mart-street, where fourteen young men, whose names the chief withholds for the time being, were caught surrounding a table, the supposition of the police being that they were engaged in a crap game.

Three of the men jumped from a window to the ground, a distance of 30 feet, but the police got their names. Neither money nor "bones" were found, but the men were told to appear at the police court to-night to answer the charge. The men said they would be on hand at the appointed hour.

The courtroom was crowded to the doors, but not one of the accused put in an appearance. Police-Magistrate Comfort ordered that the men be summoned and adjourned the court till tomorrow.

Terse Tales of the Town.

Appeals against Sixth Ward assessment will be received until Oct. 8. Inspector Johnston severed his connection with the police department yesterday, after 33 years' service.

The city relief officer has had reported to him the case of a feeble woman of 64 whose husband has gone to the hospital, and whose sole support is a son, formerly a dentist, who lost several fingers from a live wire accident in a Niagara Falls factory.

President Falconer will to-day address the students at the university, in formally opening the fall term. Retail milk dealers will today discuss the demands of the producers.

The two days' storm washed away a great deal of beach along the island. In ten years 200 feet of beach along the south shore has disappeared.

The Soo company will likely receive a six months' extension of the government loan.

Justice Mulock reserved judgment in motion to quash the local option bylaw, at Midland. The applicant say there was no time allowed for scrutiny.

Plans for a new western gap have been sent to Ottawa, and drawings have been made for an alternative entrance to the eastern division, to accommodate the largest lake vessels.

Robert Velich, ex-policeman, was knocked off a bicycle by a car and received a bad scalp wound.

H. E. Whittenberger, formerly G. T. R. assistant superintendent at London, may replace Superintendent Blacklock on the eastern division.

The new Carnegie Public Library at Wallaceburg will be formally opened on or about September 15.

F. H. Fier & Co. will build a \$55,000 chewing gum factory on Sterling-road.

John Barclay died at 3:15 Monday morning, from a fracture of skull.

A meeting of the board of license commissioners for the City of Toronto will be held at their office, room 607, Temple building, on Thursday at 2:30 p.m.

LITTLE GIRL SAYS AUNT SENT HER OUT TO STEAL.

Bertha Wilson, aged 10, in police court yesterday, declared that her aunt, Mrs. Elizabeth Maloney, had sent her out to steal when she (the aunt) wanted money.

Asked why she had run away from Sunnyside Orphanage, she replied: "I'm Protestant and I'm going to stick to my religion."

The woman was committed for trial after the magistrate had commented somewhat unfavorably on the girl's evidence.

What is Catarrh?

It is an inflammation of the mucous lining of the throat, bronchial tubes and nasal passages excited by germs that can only be destroyed by Fragrant healing Catarrhose, which is breathed direct to the seat of the disease, and has never yet failed to cure. Pleasant to use, certain satisfaction.

"I suffered from nasal catarrh so badly that I couldn't breathe thru my nostrils," writes G. K. Wilmet of Meriden. "I used Catarrhose for a few minutes and was relieved. It cured in a short time." No other remedy just like Catarrhose. Price per bottle, 25c. Two months' treatment \$1.00; trial size 25c.

Conservatory School.

The Conservatory School of Expression re-opens to-day in all departments for the fall term. As previously announced, complete courses are offered in public reading, public speaking, dramatic art, literature and vocal and physical culture. The special calendar of the Conservatory School of Expression will be sent to any address upon application.

His Head Blown Off.

HAMILTON, Sept. 30.—A fatal accident occurred yesterday at Bronte. John Armstrong, employed as a farm hand by James Peacock, accidentally killed himself by shooting. He found a shotgun in the driving shed, and started to examine it. The gun went off, and Armstrong's head was blown to pieces.

WOODSTOCK MAY GO DRY.

WOODSTOCK, Sept. 30.—(Special.)—A meeting of the executive of the North Oxford Prohibition Association was held here Saturday afternoon.

After considerable discussion of the situation in the riding it was decided to have local option bylaws submitted in East Zorra, Blandford and Woodstock, at the date of the next municipal election.

Tube Tunnel Sunk.

WINDSOR, Sept. 30.—The first section of the Michigan Central tunnel was dropped to the bottom of the Detroit River this morning and successfully placed in position.

School Art Exhibition.

The Central League of School Art are holding their annual exhibition this week in the Granite Ring. Yesterday was the first day, and the exhibition will continue until Oct. 5. The work is water colors and black and white done by scholars of the various schools throughout the city. The admission is 10c.

Good Missionaries.

LONDON, Sept. 30.—(C.A.P.)—The Canadian Associated Press understands the Society for the Propagation of the Gospel is getting very good news of the catechists whom it has been sending out to Canada. The bishops and clergy under whose direction they work express satisfaction that the right kind of men had been selected by the society.

Methodist Ministerial Ass'n.

The Methodist Ministerial Association yesterday appointed Rev. E. C. Laker as secretary, and presented Rev. S. L. Wharton with a gounpin pen in appreciation of his three years' services as secretary.

BOYS IN PENITENTIARY.

No Other Place Where They Can Be Imprisoned.

"It was hoped when the Penitentiary Reformatory was closed that the Industrial School would be able to take the boys formerly committed there by more rapidly placing out the younger boys in foster homes and situations," remarked J. J. Keelo, superintendent of neglected and dependent children Monday, "but it has been found by experience that there is a class of boys from fifteen to eighteen years of age who cannot be held in the Industrial School. Two lads of seventeen were committed to the penitentiary last week, no other suitable institution being available. The inspectors of penitentiaries in their last report reported the presence of quite a number of boys in Kingston."

"We greatly need the indeterminate sentence in both the Central Prison and the Reformatory for Women. The facility of the short sentence has been demonstrated over and over again, and reformation would be more certain if release depended upon good conduct."

Trustee Investments

All investments made by this Corporation are examined quarterly by two independent auditors, and also by the Inspection Committee of the Directors.

Investment statements are rendered to beneficiaries half-yearly.

DIED IN FATHER'S ARMS.

West Zorra Child Killed by Kick of Horse.

INGERSOLL, Sept. 30.—(Special.)—In West Zorra on Saturday the little son of Mr. and Mrs. Alonzo Johnston was almost instantly killed by the kick of a horse.

When found by the father the child was still breathing, but he passed away as he raised him in his arms.

WOODSTOCK MAY GO DRY.

WOODSTOCK, Sept. 30.—(Special.)—A meeting of the executive of the North Oxford Prohibition Association was held here Saturday afternoon.

After considerable discussion of the situation in the riding it was decided to have local option bylaws submitted in East Zorra, Blandford and Woodstock, at the date of the next municipal election.

CUSTOMS RECEIPTS.

The customs duties collected at the port of Toronto during September totaled \$923,235.28, an increase over September of last year of \$3,904.15.

School Art Exhibition.

The Central League of School Art are holding their annual exhibition this week in the Granite Ring. Yesterday was the first day, and the exhibition will continue until Oct. 5. The work is water colors and black and white done by scholars of the various schools throughout the city. The admission is 10c.

Methodist Ministerial Ass'n.

The Methodist Ministerial Association yesterday appointed Rev. E. C. Laker as secretary, and presented Rev. S. L. Wharton with a gounpin pen in appreciation of his three years' services as secretary.

You risk your health if you drink city water

BOLLING Toronto city water will do nothing more than destroy the living disease germs that are rife in it. No amount of boiling will remove the sewage which pollutes the city water—and you don't call sewage soup fit to drink, surely?

CAREFUL study of the water problem by such experts as Professor Shuttleworth, City Analyst; Doctor Amyot, the Ontario Bacteriologist; Doctor Sheard, Medical Health Officer, and others, makes it plain that Toronto will never have a really safe water supply until a filtration plant is built. That will take a long while—and, in the meantime, the city water will be a menace to the health of the city. What is the obvious alternative for you and your household?

SIMPLY to quit the use of city water as a beverage, boiled or unboiled, and to drink freely of the wholesome, limpid, refreshing YORK SPRINGS WATER, which is certified as to purity by eminent men of science.

Ask Your Dealer, or Phone Main 6374

York Springs Water, delivered regularly anywhere within Toronto city limits and guaranteed for purity at these prices:

A Five-Gallon (12 1/2 qt) container, 80c

A Two-Gallon (5 qt) container, 35c

Smaller containers at a slight advance on these prices.

York Sanitary Coolers provided at a nominal monthly rental of 25 cents are clean, convenient and light. The use of York Cooler does away with the handling of the larger containers.

Ideally pure York Springs Water is the basis of these beverages: York Sparkle (York Springs Water charged with purified carbon gas), York Ginger Ale, York Sarsaparilla, York Soda, York Potash Water, York Apepianita (the perfect laxative), York Ginger Beer, York Lemoade.

THE MINERAL SPRINGS LIMITED OF TORONTO

YORK SPRINGS WATER flows from deep underground, in a natural park which is completely safeguarded against the smallest chance of contamination. It is crystal clear, very lightly mineralized, positively beneficial and most gratifying as an everyday beverage.

THERE is no doubt about the purity of York Springs Water as it flows from the spring; and extraordinary precautions are taken to assure that that purity is maintained right up to the moment York Springs Water reaches your home or your office.

ECONOMY, no less than health, is practicable with the drinker of York Springs Water; for the price at which this ideally pure natural water is supplied to Toronto residents are reasonable, indeed, as a glance at the appended price list will show.

York Springs Water is a Health Insurance

ELECTRO-CHEMICAL

Rheumatic Rings

Are Guaranteed to Cure Rheumatism and Neuralgia, also Female Disorders arising from Uric Acid. The Electro-Chemical Ring is not an ignorant claim or faith cure, but a scientific medium for the elimination of uric acid from the blood. The action of the ring is made by means of the electric current, which is caused by gases of uric acid, the Electro-Chemical Ring will effect your cure. Looks just like any other ring, can be worn day and night. A guarantee does not mean to do all we claim, or will refund the money. Send six ring when ordered. Post paid. Mailed to you on receipt of \$1.00.

THE AGRICULTURAL OUTLOOK

The Operation of the Farm in Ontario This Fall, Requires Keen Insight and a Correct Reading of the Signs of the Market.

The farm produce market situation in Ontario this year is most perplexing even to the shrewdest. A year of unusual vagaries in meteorological conditions has produced an irregular succession of events in the producing world.

er does not figure this fall, the reverse will be the case. Blessed may be the man who sees no cattle eating hay at \$20, and grains at a price that is a half per pound. However, some cattle will be fed in Ontario, but the season is too early to tell how the cat will jump.

With the outlook for a poor crop of hay many farmers are planning to feed their stock on rough feeding. In many places in Eastern Ontario where they especially needed the corn, this precaution was not observed and the delinquent farmer now feels the pinch of his lack of forage.

Barley prices are reminders of the rainy days when the Yankees carried off our corn for 80 cents per bushel before the McKinley tariff gave the barley farmer a black eye. But it was a good thing for the farmer near Dunbarton as 2,500 bushels of barley is selling at 70c. Others are holding off for higher prices.

Whether cattle will pay in the feeding or whether hogs are going to be a fair price remains unopened to the farmer. Indications are that there will be a great deal of short-feeders in the market for Xmas. Others will run their animals thru rough feeding next spring, as they have a deal of rough corn and straw to feed out.

Whether the market is in a speculative condition yet. The grain is in the hands yet. Some districts report a good yield of seed, but on the whole it is expected that there will be a light crop in Canada. Prices may open about \$8 to \$8.50, says Mr. J. Goodall.

The Sheep Outlook. The movement of Canadian sheep to the States has already commenced. There seems to be a good demand for strong young rams weighing about 100 pounds. Cotswold, Oxford, Leicester and Shropshire are good sale.

The Hay Outlook. J. A. Peer of Toronto, who has returned from a trip over the province, reports that the hay crop in Ontario will be about a two-thirds crop as to yields in tons. But the quality he finds much better than ordinarily. The crop was saved in much better shape, while the slowness of maturing made the nutritive value of the hay much greater.

The Hog Outlook. The usual supply of hogs for this time of the year is coming in, reports Park Blackwell Co., of Toronto. The fall run will not begin for a fortnight yet, when it is expected there will be a big run. Drovers say that there is a fair supply of hogs in the country, \$8.90 being paid at country points as quoted by this firm, and also by Gunns, Limited, and the William Davies Co. or rather this is their report to us.

The Cattle Trade. It is hard for the cattle feeder to forego his usual winter's feed lot. Cattle has so moulded him that empty stalls in his basement looks like blue sky. A big pen full of feeders has the air of prosperity, and if the farm-

The Farmstead. 72 CARS AT JUNCTION BUTCHERS' CATTLE MARKET

The corn-crowder feels good. Twenty dollars was paid as usual for hay in Toronto yesterday. The farmers are not selling much straw. Generous rains of Saturday and Sunday favored plowing operations. Save your farm feed this year, for it spells gold.

There is a good deal of talk on the market as to the working of the new inspection law, but as a rule the packers are mum, notwithstanding their heavy losses in some instances. Cables Easier—Hogs Show Firmness in U. S. Markets. NEW YORK, Sept. 30.—Beeves—Receipts, 477; total to choice steers steady to firm; medium and common slow to firm.

RAILWAY COMMISSION. Will Meet in Toronto at an Early Date.

OTTAWA, Sept. 30.—(Special.)—Hon. A. C. Killam, chief commissioner of the railway commission, has returned from his western trip and was at the board's office this morning. A meeting will probably be held tomorrow, when a date will be assigned for various sittings of the board. It is understood the commission will sit in Toronto at an early date, to deal with several Toronto matters.

A FARMER'S CREED.

The following farmer's creed, formulated nearly three-quarters of a century ago by Henry Ward Beecher, the famous patriotic and pulpit orator, and one of the first editors of The Indiana Farmer, holds good to-day as well as then: "We believe in small farms and thorough cultivation."

"We believe that soil loves to eat, as well as its owner, and ought, therefore, to be liberally fed. "We believe in large crops which leave the land better, and in all farmers making the farmer and the farm both glad at once."

"We believe in going to the bottom of things, and, therefore, in deep plowing and enough of it. All this better with a subsoil plow."

"We believe in a clean ditched, a neat wife in it, a clean cupboard, a clean dairy, and a clean conscience. "We believe in good fences, good barns, good farmhouses, good stock, good orchards, and children enough to gather the fruit."

"We believe in a clean ditched, a neat wife in it, a clean cupboard, a clean dairy, and a clean conscience. "We believe in good fences, good barns, good farmhouses, good stock, good orchards, and children enough to gather the fruit."

"We believe in a clean ditched, a neat wife in it, a clean cupboard, a clean dairy, and a clean conscience. "We believe in good fences, good barns, good farmhouses, good stock, good orchards, and children enough to gather the fruit."

ON WALL STREET

Charles Head & Co. wired R. R. Bondard at close. Feverish and irregular price movements characterized the trading in the stock market today.

We recognize the possibility of a period of more active demand for money, growing out of the harvest, domestic movement and export of the crops, but in some degree advanced by the more moderate demand for money for general trade purposes in America.

The market today has ruled irregular, rallying sharply on short covering, reacting to secondary low points and advancing again towards the close.

The market has been very irregular and feverish. The situation is somewhat peculiar, but the railroad stocks seem to be readily absorbed.
