A MURKY OUTLOOK FOR ARTHUR STURGIS.

SEVENTEENTH YEAR

The School Question Believed to Have Been Settled.

NO OFFICIAL STATEMENT

But the Premier Said, "Peace, Harmony and Everything Pleasant."

The Goodwin case comes up in the Exchequer Court on the 27th instant.

Mr. Goodwin has been notified by the department that if he does not proped with his work on the Soulanges Canal

Funcial Green St. West. Tel. 5355.

The

PERSONAL AND GENERAL.

Among them was Father Corbell, an intimate of L'Abbe Proulx. Neither the Ministers nor provincial delegates to-night will speak of the result of the day's negotiations, and it is possible no official announcement will be forthcoming until the Manitobans have returned to Winnipeg. Judging from the Premier's remark, however, everything is looking lovely.

A leading Liberal said to-night he understood that the sum and substance of the proposed settlement is the allowance of half an hour each day for the teaching of religious doctrines by a minister of any denomination, and in school districts where the Catholics predominate the preference is to be given to Catholic teachers.

The Methods in Vogue There and at the Central Prison in Toronto.

Messrs. Meredith and Nexon at Ottawa Getting Their Instructions Nothing Done Net in Regard to the Command of the Queen's Own—The Status of Nelson, B.C., to Be Investigated From a Customs Standpoint — Militia Regulations—Out Trade With Trindfad.

Ottawa, Oct.16.—(Special.)—Messrs. Meredith and Noxon, the two Commissioners appointed to enquire into the affairs of the Kingston Penitentiary, are here receiving their instructions. They are enjoined more particularly to report upon more economical management of the institution, if the contract of the particularly to report upon more economical management of the institution, if the contract of the proper to the institution, if the contract of the contract of the institution, if the contract of the contract of

lines.
Call at Dineens', corner King and
Yonge streets, to-day if you want a
hat, for there you can get what you nomical management of the institution, if that be possible. The basis upon which they will proceed is the Central Prison.

Horse Burned to Death.

Enquiry at the Militia Department to-day elicited the statement that nothing had been done in the matter or the command of the Queen's Own Rifles, the position being the same as during the session of Parilament. The Minister, however, will take up the case shortly. THE KOOTENAY DISTRICT. According to returns received at the Customs Department, the total mineral exports from the port of Nelson for the month of September were valued at \$204,315. In view of the rapid development of that section of country, the Controller of Customs has instructed inspector Clute to proceed to the Kootenay country and specially report on its needs from a customs stand-point.

MILITIA REGULATIONS. MILITIA REGULATIONS.

A militia general orden was issued day. It includes the regulations for the examination of candidates of the Roy Military College, Kingston, which will comence at the district staff office at the headquarters of the several military directs in which candidates reside on the 15th of June, 1897. It also makes so striking changes in the staff uniforms. Finstance, staff officers of infantry whereafter, in place of a blue patrol jack wear a blue serge jacket of similar ptern to the scarlet jacket. Saddle clohave been discontinued as part of a stofficer's horse furniture, and, except the case of the Governor-General's Figurads, the bearskin flounce will also discontinued. Garments and articles abt to become obsolete by to-day's order in be worn until Dec. 31, 1898.

FASTER BOATS WANTED.

FASTER BOATS WANTED. FASTER BOATS WANTED.

Commercial Agent Tripp, at Trinidad, writes to the Department of Trade and Commerce that the subsidized lines from St. John and Halifax are regurarly on time, but that if Canada must get the full benefit of the West Indian trade, faster boats must be put on. Eighteen days from St. John or Halifax is too slow, and one-third of a recent cargo of potaroes was found to be rotted on arrival at Trinidad. The time from New York is only eight days.

Talk of Appealing to Mr. Laurier to Go Up and Settle the Hash-Wheat is Away the People of Canada May Take it for Winnipeg, Oct. 16.—(Special.)—The Saskatchewan Liberals have been try-ing ever since Premier Laurier re-

Escape of Sir William's Special.

Winnipeg. Oct. 16.—The special train carrying Sir W. C. Van Horne and party across the continent had a narrow escape from being derailed near Sewell. A number of cows had broken through the fence gnarding the railway and were quietly grazing on the line as the train approach ed. Suddenly, when the train was within a few yards of them, three of the animal rushed in front of the engine and were caught by the cowcatcher and sent spin ring a good distance. The shock was sudden and fierce that the cowcatcher was badly sma hed and the cattle were seriously injured that they would all have to be killed. None of the party were an worse for 20 experience.

signed the seat for that district to agree on a candidate. Now they are wider apart than ever and the dissension between the warring factions has

London, Ont., Oct. 16.—Incendiaries set fire to a stable at the corner of Piccadilly and William-streets, owned by D. Ashwell, early this morning, and but for its discovery a couple of lives might have been lost by suffocation by the smoke which entered an adjoining building. The inmates were gotten out in a stupefied condition. The stable was destroyed and a horse burned to death. Loss \$600. This was the second attempt to fire the building.

Drayton, Oct. 16.—One of Drayton's most prominent citizens, Martin Schneider, died to-day after a lingering illness. Deceased was well known throughout this country as an extensive grain and cattle dealer, and was universially respected. He was a Conservative in politics, and postmaster of Drayton. Funeral takes place at Drayton Monday.

The Camera Club Will Take Snap Shots of

Quite a number of interested citizens visited the Humber Valley this week to see become so bitter that an appeal has been made to Mr. Laurier to aid in restoring harmony. Under the circumstances it looks as if a Conservative candidate would be a certain win-Bay Aqueduct & Power Company's dam-Preparations have been made for a regular bombardment, which will commence at 4.15 o'clock this afternoon, when another large attendance is expected. The Toronto Camera Club have made arrangements to attend in a body with their cameras, and the members expect to get a number of fine snap shots of the explosions. The most convenient route by which to reach the scene of operations is by Queen and Dundas-street cars to the terminus, thence by Junction car to Lambton Mills. From this point there is a short walk south along the east bank of the Humber. No. 1 hard wheat in Manitoba to-day sold for 58 cents. This is six cents higher than the world's wheat markets justify, and is caused by competition among local millers. Premier Greenway, in the course of an interview to-day, said: "I have not the slightest doubt that the conference now on at Ottawa will result in the settlement of the school question. When the Manitoba Ministers depart from Ottawa for home, the people of Canada may take it for granted that the school question has been settled."

Racing Freighters.

Chicago, Oct. 16.—The big lake freighters Owego and Oglesby, bound from Erie and Buffalo respectively for Chicago, and which, on meeting in Lake Huron, engaged in a race to Chicago, arrived here yesterday, the Oglesby winning by a little over 36 miles.

London, Oct. 16.—A despatch from Rio de Janeiro says the Chamber of Deputies have made a request of the President that he expel the Rio de Janeiro correspondent of The London Times from Brazil.

The Porte's Request Refused. Constantinople, Oct. 16.—The embassies of the powers have sent an identical note to the Porte, refusing its demand to be accorded the right of searching foreign vessels in Turkish waters for Armenians.

Mr. Jaffray is in It. A little bird whispered to The World's Young Man last night that Mr. Robert Jaffray, the genial president of The Globe Company, would soon be gazetted as a member of the honorable Senate and occurs a position as a right-hand heavy.

A COMPLETE EXONERATION

stant Who Was Dr the High Level Pumping 8
-Pointer for Mr. Keating.

special court of reference, composed airman Bell, Ald. Boustead and Hubbard, to which was referred the motion offered by the last-named gentleman in the terday and drew up the formal judgm

which is to be submitted to the Works Committee for approval.

The document is a lengthy one. It fully exonerates Mr. Bain from any charges of ncompetency or carelessness, and is a weeping condemnation of the high-handed methods which appear to have crept into the administration of some departments of the civic service in recent years. It is vidently the opinion of the committee that the time has come when a check nust be placed upon the nepotistic influences which have brought the service into disrepute and the principle must be recognized that the representatives of the people who pay the salaries are and must be the court of final appeal against the action of heads of departments in such cases as that which recently brought the high level umping station into prominence.

MR. BAIN IS EXONERATED,

MR. BAIN IS EXONERATED,
The judgment sets forth that the charge that Engineer Heal dismissed Mr. Bain in order to make room for his son, Fred Heal, is not proven; that so far as Bain's character and ability is concerned there is nothing whatever against him; that the apparent cause of the trouble, which arose after two years of intimate friendship between Mr. Heal and himself, was that he was requested to go over to the Island pumping station and his expressed fear that he would not be allowed to return to the high level station at the expiration of the season; with reference to the sugseted suspicions that Bain had tampered or interfered with the engines or apparatus at the station, the committee could not find any ground for them, and also find that the evidence did not prove that Bain had been watching the pumping station or Mr. Heal's house at night.

AN UNJUSTIFIABLE ACTION. MR. BAIN IS EXONERATED

AN UNJUSTIFIABLE ACTION.

The court further finds that Heal was not justified in dismissing Bain in the menner in which he did, but that he should have given him notice before he went on his holidays that he intended to discharge him when he returned, and when he did return he should have given him a week's notice or a week's pay. In accordance with the above finding, it is recommended that Mr. Bain be paid two weeks' salary, and the question of compensating him for the expense to which he has been put for necessary legal assistance to enable him to obtain exoneration from any aspersions upon his character, owing to the manner of his dismissal, is left to the committee for consideration.

THE ROYAL GRENADIERS.

Rev. J. C. Speer of the Broadway Methodist Tabernacle delivered a lecture in the Don Mills Methodist Church under the auspices of the Y. P. S. C. E. of the church last evenling. Rev. Mr. Lasker, the pastor, occupied the chair. The lecture was entitled "Crawlers, Crutchers and Climbers," and under these three heads the reverend gentleman proceeded to describe respectively the mean, contemptible people; secondly, the class that depend upon others to help them along, and lastly, by the "climbers" he referred to the class who start low and by sheer self-reliance and ambition rise to the top. The attendance was large.

One of the greatest blessings to parents is Mother Graves' Worm Exterminator. It effectually expels worms and gives health in a marvelous manner to the little one.

WHAT IS OUR PAINLESS METHOD

It is what you may perhaps have often wished for. Other dentists would have given much to have been able to discover it. It is a harmless local anaesthetic, now well known by our many customers, because of its power over pain. By simply applying it to the gums the nerves are put to sleep—you don't lose consciousness, however, We never apply cocaine, gas, ether, chloroform or other dangerous drugs. Its use enables us to extract and fill teeth and perform all dental operations without pain Atmongh our work is of the highest character, our prices are extremely moderate. For instance:

A Full Set of Teeth. Warranted for 5 years: We make a specialty of perfect sets at this low price—\$5. FREE EXTRACTION

While Doing Their Perilous Work the Floor Collapsed.

NINE OTHERS WERE INJURED

t All Happened in the Section of Montreal Yesterday.

Montreal, Oct. 16 .- (Special.)-The Montreal Fire Department suffered nouse, and a third expired soon after Peter-street, the entire brigade was soon on the spot, and 16 men were fighting the fire on the third storey. Suddenly the flooring gave way, pre-cipitating the brave firemen and all the lower floors to the basement below. Men hurried to the rescue, when it was found that two firemen, King of No. 1 station, and Charpentier of No. 7, were buried beneath the ruins, and up to the time of writing their bodies have not been recovered, while the third fireman, Paporte, was likewise killed by the fall. Nine other men were taken to the Hospital, more or less injured, but all but one, named Bennett, have since been taken to their homes. The remainder escaped unhurt. Messrs. Kearney Bros., tea, anl Goldstein, cigar makers, next door, had a great deal of stuff damaged by water. The total loss may be \$40,000.

The bodies of King and Charpentier were recovered at 11 p.m. and taken away in the ambulance.

POINTER FOR MR. GRIFFITH. It would be well if the seenery used in Richard III. Is adapted to the time of the play. In the second act the view of Ludgate Way is a scene of the period, but the St. Paul's which is shown is Wren's Cathedral, which was not built until two centuries later. The St. Paul's of the 15th century was a totally dissimilar structure.

Open

Rugby Team Now

In past years the Osgoode Legal and Literary Society elections have proven as interesting as a university hazing or an Irish village fair. It has been the custom for the Osgoode football team to take possession of the entrance to the polling booth and seek to prevent all such as were not known to favor their candidates from casting their votes.

To-day, however, the contest promises to be conducted in a quieter fashion, for the legalites no longer own a Rugby team distinctively their own. Richmond Hall has been selected as the place of polling and the voting will go on all day. Should he contest be concluded early enough The Sunday World will announce the results. Election to an office in the gift of O. H. L. and L. S. is considered a great honor, for among former presidents of the society are to be counted present leaders of the Canadian bar, and even some occupants of the judiciary bench.

Following are the tickets which will contest to-day's election:

MACDONELL TICKET. Claude Macdonell, president; C. A. Moss, 1st vice-president; C. S. MacInnes, 2nd vice-president; John T. C. Thompson, secretary; D. S. Bowiby, treasurer; Evan H. McLean, secretary of committees; Charles W. Cross, E. Glyn Osler, John D. Falconbridge, committee.

Nell McCrimmon, president; W. B. Laid-law, 1st vice-president; J. D. McMurrich, 2nd vice-president; H. B. Robertson, secre-tary; W. H. Moore, treasurer; D. Stuart Storey, secretary of committees; A. E. MacEvoy, J. C. McIntosh, J. G. Merrick, committee

President Loudon and Principal Caven leave to-day to attend the anniversary celebration at Princeton. They will probably be away for a week.

The new professors, Drs. Robinson and Ballantyne, in Knox College, have already won the esteem of the student body. They are popular lecturers and their grasp of ober of the time-honored event.

No wonder the seniors bewall the degeneracy of their college.

MASSEY MUSIC HALL.

There is not a city the size of Toronto on the continent that could provide from the resources of its local talent such an entertainment as that announced for Thursday evening next, when Miss Jessie Alexander and Mr. J. W. Beagongh appear together at Massey Hall. In this case it is not talent but something greater. These names reach the highest mark of Canadian platform ability and, as shown by the sale of seats so far, Canadians are not slow to acknowledge it.

One of Miss Alexander's numbers will be 'Bargain Day.' an original and timely be and the size of \$2.50.

Rev. John MacLaren.

Rev. John Watson, D. D., who will appear in the Massey Music Hall on Monday evening, is pastor of Sefton Park Church, Liverpool. England, one of the Inrgest and most linfluential congregations in all England, and as a preacher among English preachers holds a foremost place. He is said to be a speaker of extraordinary force and clearness and a man of great eloquence and originality of thought. As a lecturer and reader from his writings, he is as successful as with his pen. The lecture on Monday night will be "Certain Traits of Scottish Character."

Those who have not yet secured their seats and intend hearing Ian Maclaren should secure them without delay, as Massey Music Hall will be, beyond question, crowded to the doors.

SEIDL'S ORCHESTRA.

The plan for subscribers to the Seidl's Orchestra concerts, which are to be given in Massey Music Hall on Tuesday and Wednesday evenings next, opens this morning at the box office of the hall.

The lest time that Seidl's Orchestra appeared in Toronto, some years ago in the Payllon, that building was crowded to the utmost, the prices being from \$2.50 down to 75c. Now the prices have been arranged for the Massey Music Hall at 50c, 75c. \$1 and \$1.50. The programs arranged for the Massey Music Hall at 50c, 75c. \$1 and \$1.50. The programs arranged for the Massey Music Hall at 50c, 75c. \$1 and \$1.50. The programs arranged for the Massey fusic Hall at 50c, 75c. \$1 and \$1.50. The programs arranged for the Massey fusic Hall at 50c, 75c. \$1 and \$1.50. The programs arranged for the Massey fusic Hall at 50c, 75c. \$1 and \$1.50. The combined band concert to be held in the Armouries under the auspices of the sergeants of the three regiments on the 26th inst. promises to be a big success. The committee in charge report that the companies are entering with great viminto the competition for the prizes to be awarded for the most uniquely decorated armouries, all of which will be thrown open to the public for the occasion. The program will consist of two selections by each band, three by the massed bands and vocal selections by Miss Frances World, who will make her debut on this occasion. Miss World, who is possessed of a soprano voice of exquisite quality, is a pupil of Prof. Schuch. The combined selection played under the baton of Mr. Bayley will be the "Fest March," Wagner; that under the leadership of Mr. Wadron, "The Marvelous Work." Haydn, while Mr. Slatter will lead the bands in Wagner's "Invocation to Battle."

ROBINSON'S THEATRE.

Manager Robinson has secured Mann & Donna's Own Company for the coming week, and it is said to be one of the best wadeville companies on the road. The company carries Danny Mann and Donna, high-class character comedians; Nelson and Milledge, in their original creation, entitled "Glass Put In"; Mulaney and Lincoln, singing, dancing and tumbiling; Mile. Garetta, troupe of educated cockatoos; Carrie Scott, the Princess Tough, her imitations of the Bowery tough being very clever; Kane and Conley, dancers and comedians, introducing back and wing dancing and parody singing; Manie Fulton, singing the latest song hits; Andrew Jackson, a royal entertainer, and the only man of his race giving a realistic impersonation of the heathen Chinee, and is considered to be the greatest colored performer on any stage; Dorenda, considered to be the King of Clubs; Edith Hail, a little, sweet-voiced singer, always making a decided hit wherever she appears; James Smith, in plantation melodies and negro dancing, will also be among the entertainers. This is the largest and best show given at this house this season, and will, no doubt, draw crowded houses at every performance. ROBINSON'S THEATRE.

by all dealers at 50 cents a box or six boxes for \$2.50.

TORONTO'S HIGHLANDERS.

The parade state of the 48th Hughlanders last night was 381, and a good class of recruits. The regiment practiced company drill in preparation for the coming inspection and had a short route march, being played into the Armeries by the pipers. The men turned out in their "trews," the kilts having been wrapped around moth balls and put away until the robins nest again. Robins Nest Again.

The C. P. R. despatchers and operators who went back to work after the recent sirike are feeling anxious over their jobs. The official car of the Canada Atlantic Railway came into the Union Station from Ottawa yesterday morning, with General Manager Chamberiain, Chief Engineer Mountain and J. R. Booth, all of the Ottawa, Arnprior and Parry Sound Railway, on board. The party left at noon for Parry Sound to locate the new depot, roundhouse and other buildings in connection with the terminus of the road.

Allen of McDonald & Allen, Kingston, Ont., who was fitted with truss by Mr. B. Lindman, the expert, 85 York-street (Rossin House Block), Toronto, and who writes on Sept. 16th as follows: 1 Bermuda Easter Llly. 2 choice Dutch Hyacinths, 8 Extra fine Tulips,

6 Mammoth Crocuses, 1 Mammoth Chinese Sacred ronto, and who writes on Sept. Follows:

I have been badly ruptured for the past nine years, and during that time have been fitted with many different kinds of trusses, manufactured not only in Canada, but in the United States, without obtaining relief.
On April 19, 1896, I purchased from you a Wilkinson Truss, being advised by a physician to do so, and I feel confident that I am now perfectly cured. I can assure you that I feel thankful for the results, and if you wish you can refer to me for reference.

Complete Housefurnishers.

The emphasis of trade just now is the furnishing of homes for the long winter months. We're doing more business, because you get more for your money and have more to choose from where things are new, coming and going every day. , We know of no other such gathering place for housefurnishings or such welcome to look and learn, whether you want to buy or

It's worth your while to come if only to see the drift of Bureau of Mines has just been received new styles. There's fashion in such things, more than fashion
—there's constant advance—designs are better, styles are
newer and things keep up with the highest standard. We've
no old stock to galvanize into life and no old styles to parade
as new—everything here is clean, fresh and thoroughly up-to
The girl Sarah Mal and the sold without one distribution. There is an unusual dedistribution. There is an unusual dedistrib newer and things keep up with the highest standard no old styles to parade no old stock to galvanize into life and no old styles to parade port is an admirable one and its wide circulation will materially advance the interests of mining in this province. We notice the report is dated March 31 of this year. It is now more than six months since the report was transsix months and thoroughly up-to-port is an admirable one and its wide program was carried out with encouraging regin of 30 years.

The girl Sarah McLeod is in about the same condition as when she was taken to the hospital. Her brother arrived from Milliant in French and Charles and Louis IX. use. Previous to that time it had been nothing but a curiosity in the scientific world. The Canadian product is of a very fine quality. Asbestos has become a necessity of our daily life, and its uses are innumerable. It sheathes our houses, covers our furnace pipes, appears in the form of rugs and blowers before our fire-places, takes the place of paper for covering our walls, and finds its way into our kitchens in the form of stove mats, baking paper, and iron holders. Every theatre is required to be provided with a curtain of asbestos. But its most important uses are in mechanical and electrical lines—here we find it as a packing in steam engines, a covering for steam pipes and boilers, firings—in fact, asbestos plays a very important part in railroad equipment.

Underwood on His Way From Woodstock to Texas to Stand His Trial

For Murder.

St. Louls, Oct. 16.—George E. Underwood, the slayer of A. A. Raybuck, a Houston, Tex., merchant, occupied a cell in the calaboose at the Four Courts yesterday. He sarrived with Deputy Sheriff Walsh of Houston in the morning and left again in the evening. He was captured in Woodstock, Ont., and brought back to the United States on requisition papers issued by President Cleveland last week. The murder of Raybuck resulted from the burglary of the merchant's shoe store on the night of Jan. Il last by Underwood and two pals, whose identity he refuses to divulge. Underwood was prying open the cash drawer, when Raybuck entered the front door of the store. Underwood snot Raybuck, and he and his pals ran out. A policeman captured Underwood, but white taking him to the police station the officer let him escape. The fugitive was tocated by the interception of letters he had written to a lady friend in Houston.

MEART DISEASE BANISHED IN 24 HOURS

**Wears of Suffering Removed by the Use of Dr. Agnew's Cure For the Heart.*

Here is the case of Mrs. W. T. Rundle, wife of a large cattle dealer of Dundaik, who suffered excruciating agony from pain in the region of the heart. No remedy that had been applied seemed even to cause temporary relief, and she simply had to endure the pain, not knowing the moment it would prove fatal. She was asked to try Dr. Agnew's Cure for the Heart, and her words are "that the result was wonderful. The pain immediately left me after the first day, and I have had no trouble since." Truth is, that he power of this medicine is little short of the miraculous. Use it for paint the power of this medicine is little short of the miraculous. Use it for paint the power of this medicine is little short of the miraculous. Use it for paint the power of this medicine is little short of the miraculous. Use it for paint the power of this medicine is little short of the miraculous. Use it for paint the power of this medicine is little short of the miraculous. Use it for paint the power of this medicine is little short of the miraculous. Use it for paint in the side.

Dr. Agnew's Ointment relieves in one day, cures Tetter, Salt Rheum, Piles, Scald Head, Eczema, Barber's Itch. Ulcers, Elotches and all eruptions of the skin. It is soothing and quieting, and acts like magic in the cure of all baby humors. 35 cents.

The Niagara Falls Park and River Railway Company Wants to Lease Power. way Company Wants to Lease Power.

Last week the Niagara Falls Park & River Railway Company asked the Niagara Falls Government Park Commissioners to intercede with the Ontario Government, so that they might be permitted to dispose of 1000 surplus horse-power from their electric plant. The commissioners communicated with Premier Hardy, recommending that the request be granted, but no response has yet been had from the Government.

A young woman will return to our stage next week and sing tra la! and dance tra la! and set everybody into good humor, except such of us as remember that two of her admirers are now in the lunatic asylum. Albert Weber is at present where many of his rivals have gone, and where of the green room is bad for young women, but it is still worse for young fellows. There are plenty of good women on the stage, but, unfortunately, they are seldom of the sort that attracts youthful adorers. A young fellow may be reformed from drinking, opium, gambling and horse racing, but once thoroughly infected with the mlasma of soubrettes there is little hope of his rescue. The story of the stage never has been told, never can be told. Ten years ago Albert Weber had much to live for. It was a short life, even if a merry one. It was a heavy price to pay for the privilege of sitting staring at vacancy with Sanford. Scanlan, Russell and Kernell.—Hállary Bell, in New York Press.

Messrs. J. C. Palmer of the Palmer House and Richard Harper of the Aetna Life Insurance Co. paid a visit of inspection yesterday to the dam in course of construction at the Humber, near Baby's Point. They saw the first blasting of the rock, which took place yesterday. Both gentlemen were much taken up with the idea of the company and Mr. Palmer rays that it will enhance the value of farm property in the district in a remarkable

The annual home gathering of the Ladies' Aid of Broadway Methodist Tabernacle met with gratifying success last evening. Mr. F. Denton took the chair and scngs and recitations by members of the choir and Sunday school composed a program which was carried through without a hitch. Mr. James Teer of Parkdale also contributed a most interesting address.

Girls Charged With Theft.

Mand Somerville. 73 Muir-avenue, and Strah Haistead, 52 St. Clarens-avenue, were arrested last night by Detective Verney on a charge of stealing a pocketbook, the property of Mrs. Parker, 178 Concord-avenue. It is said the girls sneaked into the house and took the purse, which was lying on a table.

DR. GOODBOUT AND DR. AGNEW.

A Famous Quebec Physician Who Tells of the Good Qualities of Dr. Agnew's Catarrhal Powder.

When we find a medical man speaking frankly of good qualities of a propietary medicine, one may feel certain there is merit in the medicine. The case in point is that of Dr. Goodbout of Beauce, Que, who speaks in the highest terms of the good qualities of Dr. Agnew's Catarrhal Powder. This Quebec physician has the knowledge be the following the property of the medicines of the case in guint in the medicine of the case in point is that of Dr. Goodbout of Beauce, Que, who speaks in the highest terms of the good qualities of the case in point is that of Dr. Goodbout of Beauce, Que, who speaks in the highest terms of the good qualities of the case in point is that of Dr. Goodbout of Beauce, Que, who speaks in the highest terms of the good qualities of the case in the highest terms of the good qualities of the case in the highest terms of the good qualities of the case in the highest terms of the good qualities of the case in point is that of Dr. Goodbout of Beauce, Que, who speaks in the highest terms of the good qualities of the case in the light of the case in the highest terms of the good qualities of the case in the light of the

"Is Fay Templeton, who has eloped several times," asks Hillary Bell, "a better artist than Georgia-Cayvan, who has never been married, and is Maxine Elliott/ about whom there is so much Goodwin gossip at present, thereby entitled to snub Viola Allen, about whom there has never been any scandal whatever? Should Lottie Gilson, who has lost \$15,000 worth of diamonds, be held above Isabelle Irving, who has no diamonds to lose? Is Cheridah Simpson, who overthrew 15 black men in buckram, a better prima donna than Theresa Vaughn, who supports a sick husband?"

Victor Herbert and Harry B. Smith's charming comic opera, "The Wizard of the Nile," has captured Vienna, according to cable advices from the Austrian capital. It was produced there Saturday, Sept. 26th, and scored an immediate success. Inasmuch as this is the first instance on record of an American comic opera being produced in the German-speaking countries, the honor is no small one. When it is further remembered that Vienna is the recognized home of comic opera and the scene of the Strauss and Milloecker triumphs the success of "The Wizard of the Nile" is a tribute to the opera's merits.

Ugo is the son of the Minister of Finance in Florence, Italy. The actor held a position under the Italian Government up to three years ago, when he went on the stage, giving an entertainment similar to that of Fregoli. Buring his tour of this country, he was presented with a gold medal by the Italian residents of San Francisco. He is 25 years old.

The Salvation Army corps in Washington is working on dramatic lines. The other night members of the detachment appeared as actors in a comedletta, "The Drunkard's Home," which pictured first the poverty-stricken domicile of a drunkard, then introduced the Salvation missionaries, and finally showed a regular Salvation. Army meeting at which the drunkard and his wife professed religion. The play effectively illustrated the work of the Army, and suggested the lessons of the theatre that regular actors are steadily emphasizing.

Those who happen to be in the vicinity of the City Hall, New York, next Monday about noon can see Ugo Blondi, the transformation artist, make the greatest change of his life. With the assistance of Mayor Strong and Gertrade Blal, Blondi will change from a single to a married man in full view of the audience, and without the aid of any mechanical apparatus. Blondi, came from Florence, Italy, last Jure, to play an engagement at Koster & Blal's Music Hall. He met Gertrude Blat, the pretty niece of the music hall proprietor, and fell in love with her. The affection was reciprocated, and the young couple became engaged. The wedding was to have taken place a few weeks later, but was put off until the change artist should have finished his American tour.

Following are the current attractions in New York: Daly's, "The Geisha," Empire, John Drew; Fourteenth-street, "The Cherry Pickers;" Garden, "Evangeline;" Garnick, "Secret Service;" Grand Opera House, Maggie Cline; Hammerstein's Olympia, vaudeville; Hoyt's, "A Florida Enchantment;" Herald Square, "A Parlor Match;" Keith's Union Square, "Andeville; Koster and Bals's, vaudeville; Knickerbocker Theatre, "Half a King;" Lyceum, E. BRIDLE PATH WILL STAY.

Policy of Removal is Abandoned by the Property Committee.

a philanthropic turn of mind will revide better accommodation for the aged indigent population, while the busy merchant and harassed business man will watch closely the trend of property, values as indicated by the proceedings of the Court of Revision.

the money already spent upon it thrown away and the balance of the appropriation spent in replacing the sod which had been ploughed under. The chairman had arranged everything to his own satisfaction and the project had progressed so far that the Park Commissioner had, under instructions from the committee, prepared plans for the construction of a new path on the west side of University-street. Before the meeting closed, however, the chairman found himself placed on the defensive. He unloaded the responsibility of justifying the action of the committee upon a colleague, and when he found that the weight of argument was against him he graciously saccepted a compromise and agreed to allow the path to remain where it is merely stipulating that a strip of sobe laid to improve the appearance. Among those who formed the deputation of horsemen were Christopher Robinson, Q.C., T. C. Patteson, John Macdonald, R. Score, Hume Blake, W. H. Smith, G. A. Stimson, George Beardmore, H. S. Mara, H. Piper, Stewart Houston, E. S. Cox, Major Mead, E. H. Bickford, George H. Gooderham, W. E. Wellington, William Laidlaw, Q.C., J. Kilgour, Captain Miles, Geo. W. Torrance, R. Bond.

Q.C., J. Kilgour, Captain M W. Torrance, R. Bond. UGLY BUT USEFUL.

Mr. T. C. Patteson, being called up on by the chairman, contended that it was premature to interfere with the bridle path before it had a fair trial. He thought it an unheard of proposal for a deliberative body to attempt to rescind its action deliberately arrived at only a few months before. Objection had been taken to the ugly appearance caused by the mud path adjoining the macadam road. "There are a good many ugly things which have their many ugly things which have thei uses, Mr. Hallam. You and I for in stance," said Mr. Patteson, and Chair man Hallam smiled broadly and appeared to feel flattered at the remark Commenting upon the alleged unsightly appearance resulting from the sod
being ploughed up, this could be easily
rectified by putting a strip of sod
about three feet wide at the edge, next
the roadway. The horsemen had the roadway. The horsemen had arranged to allow a portion of the appropriation to be utilized in constructing a bicycle path, on the east side of

the bridle path, on the east side of

THE BRIDLE PATH.

Parks and Cardens Committee Agree Net to Block It.

Chairman Hallam called his committee to gether yesterday to meet a deputation of those gentlemen interested in the construction of bridle paths who were to be put upon the defensive to show reasons why the partially constructed path should not be abolished, the money already spent upon it thrown away and the balance of the appropriation spent in replacing the sod which had been ploughed under. The chairman had arranged everything to his own satisfaction and the project had progressed so far that the Brakk Committee to said and infirm.

Ald. Jolliffe's special committee on charities yesterday afternoon held a conference with the representatives of the various charitable and benevolent to conference with the representatives of the various charitable and benevolent to show the destination of relieving the destitute poor. Among those present were: Prof. Goldwin Smith, S. G. Wood, J. E. Pell, J. J. Alworth, D. T. Symons, George Stanway, J. J. Kingsmill, Wm. Wilson, Robert Swan, ex-Ald. Steiner, Rev. John Gillespie, Rev. Wm. Frizzell. The discussion turned upon the best means of suitably providing for the project had progressed to the aged and infirm poor, and Mr. J. E. Pell moved that the guiding principle in making any additional increase in the existing accommodation for this will be aged and infirm poor, and Mr. J. E. Pell moved that the guiding principle in making any additional increase in the existing accommodation for this will be appropriation spent in replacing the solution of establishing a permanent home somewhere outside the city. Mr. Kingsmill offered the suggestion that, if the city would furnish the site for such a house, the House of Industry Board should be asked to erect their proposed building upon it.

The Committee Agree Net to serve the providence of the provide

Judge Kingsmill, seconded by Prof.
Goldwin Smith, moved that the House of Industry Board be urged to erect a home for the aged and infirm poor of the city, and that the city be requested to furnish the site.

After some discussion, at the suggestion of Prof. Goldwin Smith, Judge Kingsmill withdrew his resolution and substituted the following, which was unanimously carried:

"That the Charities Committee be requested to urge on the City Council

quested to urge on the City Council the propriety of acting with as little delay as possible on the suggestions contained in the last resolution."

cutting grass or gardening before commencing work for the city.

The Park Commissioner explained that he did not get down to the Queen's Park at 4 o'clock in the morning, so had not been aware of the practice until the chairman had informed him. He pointed out that he had several men in his employ who only got two or three days' work each week and it would be a hardship to prevent them getting work anywhere else.

The committee agreed with the chairman that city employes who obtain steady work shall not be allowed to work for private parties.

The hearing of the remainder of the appeals in this division, some 50 in number, was postponed until Thursday, 22nd inst., at 10 a.m.

WOMEN NOT AGAINST MEN.

Gotha, Oct. 16 .- At to-day's sitting the Socialist Congress at Sieblichen Frau Zettkin, the woman's rights deleagainst the men, but were heart and soul with them in opposing the aris-

ing that the Board of the is chairman, Industry, of which he is chairman, was opposed to the adoption of any methods which approached the Poor House system of Great Britain.

Mr. Alworth advocated the establishment by the city of such a home as that proposed by Mr. Pell as an independent institution. The House of Industry could continue its work as at present. There were now 60 aged and infirm people confined in the jail who could be better cared for in the Home. Ald. Small, in reply to the last states ment, asserted that when he visited the jail, as he frequently did, a few days ago, there were only six or eight old people there.

Mr. Pell had a letter from Governor Green, stating that there were 18 or 19

Piscipline in the Police Force.

All the Police Commissioners were present at the meeting yesterday.

P.C. Hyland, for entering a hotel

days ago, there were only six or eight old people there.

Mr. Pell had a letter from Governor Green, stating that there were 18 or 19 of them in the jall.

The motion offerea by Mr. Pell was then unanimously carried.

CITY ASKED TO TAKE ACTION.

Judge Kingsmill, seconded by Prof. Goldwin Smith, moved that the House of Industry Board be urged to erect a home for the aged and infirm poor of the city, and that the city be requested to furnish the site.

After some discussion, at the suggestion of Prof. Goldwin Smith, Judge Kingsmill withdrew his resolution and substituted the following, which was superhously carried.

A WOMAN TIRED OF LIVING. Mary Carruthers, a well-known character in police circles, tried to commit suicide by hanging herself in one of the cells in No. 3 Police Station last night, but was discovered by some of the officers. She tore her garments into shreds for a rope and, tyling one end around her neck, tied the other to the bars of the cells.

DIDN'T KNOW IT WAS LOADED.

Some seven weeks ago Mr. Whiteley, shoemaker, had a number of his teeth extracted. On Thursday last he was suffering great pain from what he supposed to be the roots of some of the extracted fiteth, and he went to the dentist for a remedy for the pain, but, as the dentist was out of town, he waited until the next day. When the dentist arrived at his shop and made a search for the supposed decuyed teeth, to his great surprise he extracted two shoe nails, about half an inch in length, from Mr. Whiteley's gums. The patient says the pulling of the nails was as painful as the pulling of the teeth. As shoemakers are in the habit of putting shoe pegs and shoe nails in the mouth, it is supposed that the two nails had worked into the gums, which was the cause of the pain.

Four Men Killed.

Buren, Ark, Oct. 16.—Four men killed and several seriously hurt a explosion of dynamite at Kender of such classes.

Seampon on the Kansas City, sburg and Guif Railroad this mornic. Contractor Kennedy was seriously injured. The accident occurred hile workmen were blasting.

Savings Institute Suspends Paymeni.

Willimantic, Conn. Oct. 16.—The gunboat Contra Massitz, in response to a request for assistance by the Spanish troops on accipunt of the recent engagement with the rebels at Rio Hondon the Surings of the bank are among the wealthy and solid citizens, and it is believed payment will soon be restored and the bank found, as the officers declared, in a solid condition.

EXTENSIVE AREA OF PARK.

With respect to the reservation of land for park purposes on the Island about four hundred acres of land, marsh and water now constitute what is technically known as Island Park. This area, which comprises all the bay front from the R. C. Y. Club property west to Blockhouse Bay, including the long pond; a large area on the lake front east and south of the lighthouse; and the entire western sand bar, running north to the Queen's wharf channel, appears to be sufficient for the requirements of the people. It will probably be found judicious in laying out the property for lease to provide for small squares at various points in order to enhance its value for residential purposes.

SYSTEMATIC SCHEME NECESSARY

Pool Room for Rossland-The Lily May

of British Columbia, and a great deal more vill flow that way as soon as the pending Presidential contest is over. Mr. F. K. C. Loring, the mining engineer and expert

"RICHER THAN ROSSLAND,"

"Richer than Rossland." These are the words used by Mr. R. I. Kirkwood of New Denver, B.C., to describe the New Slocan camp. Mr. Kirkwood, who is staying at the Walker, brought out with him when he struck town yesterday, a cabinet of gold and sliver ores from the camp, which he believes in so firmly. This camp is to be distinguished from the old Slocan camp. It lies on the east shore of Slocan Lake, a few miles south of New Denyer. It was discovered in 1894, and Mr. Kirkwood says it includes a stretch of granite 15 miles long by 20 wide, full of rich veins of gold and sliver. The ore has assayed from 100 to 3000 ounces per ton in silver and from \$10 to \$400 in gold. Many properties have been staked out, and some have been bonded, but new claims are being continually taken up. Mr. Kirkwood expects towns to spring up along the shore of Slocan Lake at the mouths of all the camp creeks, and he says the country will beat out the Rossland camp before long. He will interview some of our leading moneyed men while in town with a view to interesting them.

The Lity May.

According to The Rossland Minar Wr.

According to The Rossland Miner, Wm. J. Harris, manager of the Lily May, has given a contract for sinking 50 feet in the shaft started some time ago in what is known as the Zilor vein. This vein runs across the Lily May several hundred feet south of the vein upon which most of the work has been done. There are two shafts on this Zilor vein. The first is down about 40 feet and is in ore; the second is a little further westward and is down only 15 feet. It is upon this last shaft that work is now to be done. A large body of ore was opened by this work, and Manager Harris believes this shaft will be productive of excellent results. The ore found here is not only in a large body, but it runs pretty well in both gold and silver. Assays have been had running all the way up to \$80 in gold and silver. The average may be expected to be from \$15 to \$20. The Lily May.

Crown Point.

Crown Point of Rossland has struck it richer and bigger than ever. The outlook is most encouraging. A new dividend-payer will likely soon be added to the list. The Crown Point is destined to be second to none in British Columbia. So, at least, some think.

Electric Light for the Empress. The president and treasurer of the Empress Mine, before leaving for home yesterday, ordered an electric lighting plant to be forwarded to the mine at Jackfish Bay at once, where it will be immediately set up, so that the new development work can be pushed night and day. These gentlemen expressed themselves as confident the Empress would be the first mine now on the market to pay a dividend.

Hawk Bay Gold Mine.

There will arrive at the head office of the company shortly some fine specimens of ore from the Hawk—Bay gold mine. Work on this property is being vigorously pushed and sinking on the shaft is going on. The information received from there to date is to the effect that the vela and shaft are looking excedingly well and fully up to expectations. These evidences simply go to show the value of securing an expert fully qualified to report on gold bearing veins. The conditions under which this mine is being operated are precisely the same as the Sawbill, and the evidences up to date are fully as encouraging. There is one important fact that points to the success of this company, viz.: That the mine is, in the opinion of all Government geologists and metallurgists, in the centre of an exceedingly rich gold country. The Seine River District is the most promising gold region in Canada. Valuable bodies of rich gold-bearing quartz are found in the Huronian formations in this district. Recent samples of ore taken from Hawk Bay locations have assayed from \$29\$ to \$150\$ per ton, and assays much higher than this could have been secured if the ore were carefully selected with that object in view.

An American expert made assays of five lots of ore from the Hawk Bay locations.

TORONTO MINING AGENCY CORNER TORONTO AND ADELAIDE STREETS, TORONTO, Tel. 2010. 9,000 shares Northern Belle, 111c. Open evenings, 8 to 9,

THE GREAT **BIRTON MINES**

who is here after a visit to New York, informs The World that he was surprised to find the brokers and financial men of the great metropolis keeping closely in touch with affairs at Rossland and other British Columbia mining centres. The brokers know from day to day the situation of the Western gold mine markets, and in a tour of Wall-street one can find hardly a man who can't tell how things are going in the baby city of the West.

At this moment, however, the New Yorker who has invested in Rossland properties is an exception to the rule. In New York the election has brought business to a standstill, and financiers are so busy watching the contest, the result of which will break or make many of them, that they are not going into new ventures.

The remarkable interest Wall-street men are taking in Rossland and the care they are showing to keep posted on the new mining lands, would lead one to believe that after the battle of Nov. 3 capital from New York and the Eastern States will simply pour into British Columbia.

It is understood that, while in New York, Mr. Loring arranged the preliminaries of some big deals in Trail Creek properties. In Montreal he secured estimates for a seven-drill compressor and other machinery for the St. Elmo.

How Boe's the Miner Knew?

The Rossland Miner has put to flight all

some big deals in Trail Creek properties.

In Montreal he secured estimates for a seven-drill compressor and other machinery for the St. Elmo.

How Bors the Miner Know?

The Rossland Miner has put to flight all doubts about the construction of the Crow's Nest Railway. That journal says:

"From information which we have recently obtained, and which we know to be authentic, we are enabled to state that it is the intention of the C.P.R. to build the Crow's Nest Railway next year. The road will be built and in operation before the first day of December, 1897."

We are pleased to learn that the E. P. Allis Co. of Milwaukee, Wis., and Butte. Montana, which has supplied a great deal of the mining machinery required in methods. It is made arrangements with the William Hamilton Co. of Peterboro' combination will open up an agency in Rossland, and thus will Eastern Canadian begin to reap direct advantage from the development of British ob company's Canadian contracts. This Milwaukee-retaboo' combination will open up an agency in Rossland, and thus will Eastern Canada begin to reap direct advantage from the development of British to be hoped that this is only a foretaste of great things to follow.

Pool Room for Eossland.

It is stated that a Toronto syndicate of sporting gentry has been organized, with a capital of \$10,000, to open a pool room at Rossland. With a growing population of men of a gambling turn of mind, it is thought that the venture ought to pay. John Kirkup may object to the establishment of a pool room, but if the syndicate succeeds in getting into the town, special wires will bring in news of horse races as they are run off on the chief American tracks.

"RICHER THAN ROSSLAND." heretofore established standards show error in them and not in the calculations of his scientists.

By the measurements made on the line and which have been aggregated in the office here, the arc, at sea level for the entire distance, that is following the curvature of the earth's surface, is 2625.8 miles in length.

Establishment of the radius of the 39th parallel from these measurements is a matter for further calculation. The work was inaugurated by the survey nearly half a century ago, and has cost the Government about one million doltars. Russia and China are the only other countries on the globe wherein a base line of anything like equal magnitude is possible, and in neither one is it likely to be surveyed for many years.

science

Science is "knowing how. The only secret about Scott's Emulsion is years of science. When made in large quantities and by improving methods, an emulsion must be more perfect than when made in the oldtime way with mortar and pestle a few ounces at a but they must be cleaned out. time. This is why Scott's Emulsion of cod-liver oil never separates, keeps sweet for years, and why Greenland every spoonful is equal to every other spoonful. An

even product throughout. In other emulsions you are liable to get an uneven benefit—either an over or under dose. Get Scott's. Genuine has a salmon-colored wranger.

THE GOLD RING CONSOLIDATED MINING Company

CAPITAL 81,000,000. Shares \$1 each, fully paid and non-assessable. 1,000 foet of under ground development. Controlled by Toronto shareholders.

BOARD OF DIRECTORS

P. BASCHE, Hardware Merchant, Baker City, Oregon. J.TH. PARKER, President First National Bank, Baker Oregon.
WALLACE NESBITT, Esq., of Beatty, Blackstock, Nesbitt, Chad E. WALLACE, Esq., Mining Engineer, Daker City, Oregon.

J. S. WALLACE, Esq., Supt. of Mine, Baker City, Oregon.

TRUSTEE—THE TRUSTS CORPORATION OF ONTARIO.

This company has been formed to take over and work on a larger scale the property of The Gold Ring Mining Company, a close corporation, which never issued a prospectus or offered stock to the public, and which has for some time past been owned by Canadian shareholders, who have, without exception, taken stock in the new company for the whole of their interests. The company proposes to erect a large mill capable of treating forty to fifty tons of ore daily. Milling forty tons daily of average ore, the output would be \$16,632 per month, which, at a cost of \$5,600, giving a net monthly yield of \$11,032, would enable the rectors to declare dividends of one cent a share per month.

Six months after this money has been paid in the company fully expect to be on a dividend paying basis. Within one year after the erection of a twenty-stamp mill the company should be able to supply a much larger mill (at least forty stamps), thereby more than doubling the dividend earning capacity. The company have not asked the public to invest until the value of the mine has been demonstrated, as will readily appear whe

it is pointed out that \$200,000 worth of ore is actually blocked out in the developed mine. They want large machinery to extract the gold economically, and wish to erect this machinery on the ground before the cold weather sets in in January. With a twenty-stamp mill on the mine the ore can be mined and milled at a cost not to exceed \$5 per ton. The original owner of this property have been advised by mining engineers, and by practical mining men, to work on a large scale. The companion opose to furnish and erect a steam hoisting plant, and a twenty-stamp mill complete, and to actively prosecute further development

The company will at an early date make spplication to the Toronto Stock Exchange to have its The original owners hold stock for their interests. No money whatever is to go to them. No salary will be paid to any Director or Officer of this company except the Secretary, until the Company pays regular dividends.

The title to the property is perfect. The property of The Gold Ring Consolidated Mining Company is located in Oregon, six miles east of Bake City, where all necessary supplies can be purchased at reasonable rates. Baker City is on the line of the Union Pacific Railway. The property owned by this company consists of five full mining claims, each 1,500 feet in length by 600 feet in width, and one fractional claim; known as the Rachel, Rachel Extension, Norma, Hurry Up, North Star and Sunshine, making a total of one hundred and

There are eight different parallel veins within the boundaries of this property, all of which have been developed more or less erous pit-holes have been sunk in various places on these veins, which opened up ore that carries good values.

The principal development has been done on the Rachel Mine. A tunnel has been driven in on this vein 500 feet showing ore

that varies from one foot to four feet in width, and will average about two and one-half feet.

There is in sight in the mine at least \$200,000 worth of ore, which is more than ample to justify the erection of a twenty-stam

We offer 200,000 shares of the Treasury Stock of the above Company at twenty cents

We have used due precaution to satisfy ourselves that we are offering stock in a corporation presenting a reasonable proposition to the public. We have on file in our office legal opinions from Messrs. McCarthy, Osler, Hoskin & Creelman, and Messrs. Beatty, Blackstock, Nesbitt, Chadwick & Riddell, and from John T. RAND, Attorney-at-Law, of Baker City, Oregon, that stock in the Gold Ring Consolidated Mining Company sold at less than par value as paid up and non-assessable, is valid and non-assessable by directors or creditors, and we are satisfied that the Gold Ring Consolidated Mining Company is operated in a manner calculated to safeguard the interests of purchasers of its stock. We do not wish any of our friends or clients to invest who are not prepared to accept the risks involved in any mining enterprise, however promising.

Prospectuses giving fuller information may be had on application.

Stock Sale books will be opened at our office on' MONDAY, the 19th Inst, at 12 o'clock noon, the shares to be allotted according to priority of application. A. E. AMES & CO., Bankers and Brokers, 10 King Street West, Toronto.

Independent Foresters. The Supreme Chief Ranger's tour in California, from results reported here at the home office, might well be termed one of triumph for Independent Forestry. As stated before, his public meetings have been crowded, but what will delight the order generally more than anything else is the great success the Doctor has met with in adding to the membership. During last week alone 137 were envolved as members, as a result of the meetings for that week. The Doctor is an enthusiastic worker and, judging from his work in Petaluma, he loses no time, for he received no less than 23 applications for membership in one day in that place. The Supreme Chief Ranger's tour in

Chief Justice Meredith presided at the Assize Court yesterday, in plice of Mr. Justice MacMahon. The only case tried was Starnes against Lodge. The plaintiffs are trustees for the Liverpool, London & Globe Insurance Company, and they sued J. N. G. Lodge, formerly an agent for the company at Port Hope, to recover a balance of \$459.68, which it was alleged he had collected on the company's account. The other defendant was Andrew King, a farmer of Hamilton Township, in Northumberland, who was sued as a surety on the bond. King disputed his alleged signature, and also asserted that if his signature was genuine he had signed the bond without knowing its effect. Judgment was given for the insurance company.

The two remaining Kelly-Archabold-Barton suits had been fixed for trial on Monday, but, as there were no other cases ready, the Chief Justice declined to keep the jurymen in attendance, and the cases were postponed till January. The Civil Assizes closed before midday.

A special meeting of the York County Commissioners will be held next Friday to carry to a conclusion the abolition of the toll gates. Two months' notice to the toll-gate keepers must be given, and the city will have to give the market lessee one month's notice. It is very unlikely the toll gates and market fees will go before the close of the year.

East York Plowmen.

The East York Plowmen's Association will hold their annual plowing match on Friday, Nov. 6, on the farm of Mr. James Robinson, lot 13, in con. 7, Markham Township, just east of Markham Village.

Turkeys for England. A big business is growing up in the neighborhood of Uxbridge in the direction of the export of turkeys for the English market. One dealer is marketing 2000.

Some people think that fleas are black, But I don't think 'tis so : For Mary had a little lamb, It's fleece was white as snow.

. CARDINAL SATOLLI

Man Who Went to Defend Mer—

Hacked His Siek Brother.

Piedmont, N.Y., Oct. 16.—John Imboden, aged 23, of Reynolds County, killed his sister, brother and an old man who made his home with the Imbodens, on Wednesday afternoon.

Imboden brained his 15-year-old sister with an ax, and when Jacob Wilhem interfered, he was brained with the same weapon. He then entered the house, and finding his 20-year-old brother sick in bed, struck him on the head with the ax and hacked his body to pieces.

Imboden then attacked two young sisters, but they escaped and ran to their father who was at work in a cornfield. The father spread the news among the neighbors, and the constable and a posse of farmers found Imboden in the yard. He defied arrest, but was finally caught.

Last May Imboden's wife and two young daughters died suddenly. It is now believed they were poisoned by the bloodthristy fiend.

DOG HELPS THE POLICE.

Fellow Pats in an Appearance After Michael and Routs on the Tramps

New York Journal.

A "tramp" dog has assisted the Central Park policemen in their night patrol duty for over a month. They have given the dog the name of "Yellow," on account of its color. Yellow never appears till after nightfall, and then refollows some policeman at the office and of the park, between goes away from that immediate district and follows all policemen alike, joining whichever one happens to be on possible that yellow, by some instinct, knows when midnight ones. Till that hour he merely visits in a friendly, loitering way, but at 12 o'clock he assumes a business air and begins his work.

"The dog never fails to ferret out any tramp who may be sleeping on a bench or in a clump of bushes," said Sergeant McGlynn, "and after he has found him he chases him savagely out of the park. A curious thing is that he never mistakes a respectable citizen for a tramp."

The police have many stories of Yellow and fils ways. He never attacks a woman, and was sorely puzzled one night when a tramp couple came too close to his post. He growled at both of them, and then, disregarding the tramp woman, drove her companion away, leaving her to follow as she chose.

"Years ago," said Captain Colling, "Tears ago," said Captain to ding the policemen on their beats. It is possible that Yellow is a descendant of one of these dogs, with an inherited sliking for policemen."

We made an offer to one of the largest manufacturers of ladies' underwear in Canada for their entire stock of overmakes and stock lots in

ADIES' WOOL VESTS.

The offer was accepted; we have received the goods and are now showing them at less than the manufacturers' regular prices.

Filling Letter Orders a specialty.

ionn Macdonald & Co.,

gton and Front Streets East, Toronto.

AT OSGOODE HALL.

in Which a Wife of 33 Did Not Get Along With a Hus-band of 73.

A sad but interesting case was that of he appeal of the plaintin in Penhale v. Penhale, from the order of the local Judge t St. Thomas, refusing interim alimony ad cost of the motion for it, but allowing ig the plaintin her disbursements. The aintin is 33 years old, and the defendant, are husband is 78, and affiliated with neriff is 33 years old, and the defendant, usband, is 73, and arlicted with parameter. The husband decrares he has only a year, and that his wife has \$250, he gave her a store on their marworth \$2500, and that she only marhim for money. The wife says she he store, but, owing to the decelt of efendant and a friend of his in drawhe deed, there is no front entrance, the store, therefore, can't be rented, s now vacant. The rocal Judge found e merits in favor of the husband, but led contended that on applications for malimony the court won't prejudge ase on affidavits, and therefore the Judge was wrong. Mr. Justice Rose ved judgment.

THE DIVISIONAL COURT. the time of going to press a peremp list for a Divisionar Court next weel not been posted, and such an augus y may, therefore, not sit. A DEAF AND DUMB PLAINTIFF. Mr. Henry Gilbert of Toronto, who is deaf d dumb, has issued a writ against the ronto Rallway Company, claiming \$1000 mages because he was forcibly ejected om a belt, line car one evening last

SIX CHILDREN BURNED.

and Mother Went Away Leaving the Little Ones at Home and the House Took Fire.

New Whatcom, Wash., Oct. 16.—Durg the absence of J. S. Miller and ife of Linden, yesterday, their house as destroyed by fire and their six lidren were burned to death. Anher child and a man named Frank bise were seriously burned.

billizations of the Treller.

The utilization of electric cars for spell purposes other than the mere transtration of passengers presents one of the st interesting features connected with e operation of electric railways. The allability of these cars for picnic and eatre parties was soon discerned, and meet the popular demand for such facilies specially built cars were provided many railway companies. The theatre of the past is a popular demand for such facilies specially built cars were provided many railway companies. The theatre of the past is a popular demand for such facilies are models of luxury the facility of these cars for special purposes \$2.95 to \$3.40.

Cattle receipts at Chicago to-day 3500, including 600 each of Texans and Westerns.

Exports at New York to-day: Flour 10,-Exports at New York to-day: Flour lities specially balt cars were provided by many railway companies. The theatre cars on some lines are models of luxury and art in car construction, and many gay and festive private parties avail themselves of these select means of enjoyment. It is not long since that we gave an account of a trolley party on one of the prominent Brooklyn lines. The special uses of trolley cars are, however, not confined to the pursuit of plensure alone. Thus we find in some cities trolley funeral cars, built expressly for mournful service, and appropriately furnished and finished. Among other uses of specially built cars the carrying of mail matter and express packages, and yet the list is not complete. The latest idea in this direction comes from the Brooklyn grand jury, recommending trolley prison vans to carry prisoners from the Brooklyn grand jury, recommending trolley restaurant and cafe, trolley beer saloons, cigar stores, barber, shops, and various other trades on wheels. The 20th century business man will demand household facilities on wheels. He will receive tis shave and breakfast while going to business in the morning, dine and be amused while returning home in the evening. Truly there are great possibilities in the trolley.—Electrical World.

Editor World: Could not something be done to compel teamsters to keep off the devil strip? I have noticed on several occasions in a crowded street bicyclists have had to turn off and narrowly escape accidents by teamsters occupying too much of the road, for when they occupy part of the strip it does not leave room for a bicyclist to pass on either side, and the consequence is he has either to take the wrong side of the road and run his chances of collision, or else run down on the rought blocks. It would be well Teamsters on the Devil Strip. chances of collision, or else run down on the rought blocks. It would be well for the proper authorities to see to this matter now, and not wait for the recommendation of an inquest jury.

Bicyclist.

HE KEITH & FITZSIMONS CO., LTD. III King-st. West.

McIntyre & Wardwell (John J. Dixon) send the following despatch to their branch office in Toronto:

Wheat again scored another record price to-day, closing pretty nearly at top for the day. Cause of the advance was marvelous strength in cables and heavy export demand. We know of over 75 loads being taken, and chances are there were over 100 loads worked in all positions. There was the usual news from Liverpool of another California cargo taken at a shilling advance. There was also wheat worked from this port to Australia and time only serves to make the shortage in the world's crop more apparent as we go along. The interior demand from winter wheat mills continues heavy, while spring wheat markets, which were asking lower prices relatively for their C. I. F. wheat yesterday on account of extreme stringency in money market, were to-day backto their old prices, which are considerably above a basis at which we could lay wheat down for delivery on New York contracts. Wheat has had a big rise, but It is hard to see how it can have much reaction so long as this heavy foreign buying continues.

The above Brewery, rebuilt in 1893, is pronounced by competent judges to be the most complete in Canada, and unsurpassed in America.

The refrigerating piant referred to in a former notice is now fully completed, together with the water tower, gradework, attemperators, refrigerators, etc., etc., all operated by the De La Vergue Systems which is working admirably. The public are cordially invited to call and inspect the various works, and we promise that they shall be well repaid as the above system is the most perfect in existence, and the only one, so far, erected in Canada.
