ORILLIA NOW HAS A MARKET

Prominent Business Men Get Together
and Bring the Farmers With
Their Trade to Town.

SUCCESSFUL OPENING YESTERDAY.

What the Prices Were Like - The
Principal Buyers-A Cattle
Market, Too.

Orillia, Dec. 14.—(Special.)—Although Orillia is one of the oldest and most enterprising of our northern towns, it has never had a regularly established market; and as long as the country to the north was undeveloped by the railways the people used to come to Orillia to do their trading, and as a natural result the town prospered. But since the railways have opened up this country, trade has been diverted to other places.

Two Market Days.
The business men, recognizing this fact, determined to establish two markets days per week, viz., Wednesdays and Saturdays. There is no market town nearer than Barrie, which is 25 miles distant; and, as Orillia is the nearest and natural outlet for the Townships of Oro, North Orillia, McEwen, Mara, Rama, all of which are tributary to it, there is little doubt but in a short time the new market will grow to large proportions.

First Market Held.
The first of such markets was held today, and, considering the inclemency of the weather, and the bad state of the roads, many of which are impassable, it was a grand success. In live stock there were about 50 cattle, several sheep and hogs. There was also a large number of dressed hogs, turkeys, geese, ducks and chickens, as well as butter and eggs, all of which found a ready market. Good butchers' cattle sold at \$2.50 per cwt.; medium, \$3 and common \$2.50; stock steers sold at \$3, and hogs \$2.50 per cwt. Dressed hogs sold at \$4.80 to \$4.90 per cwt.; light hogs, \$4.50 per cwt., but are not wanted at any price. Turkey turkeys, 7 to 8 per lb.; geese, 25 to 30 per lb.; ducks, 40 to 50c, and chickens, 25 to 40c per pair.

Who Buyers Were.
Messrs. A. Kerr, A. McCrimmon and R. H. Hume, who are the principal buyers of the part of the country, bought all the live stock, paying prices that satisfied the farmers. Mr. Hatley, who does a large business in dressed hogs for packing purposes, purchased large quantities of poultry and hogs. Mr. E. Ogilvie, who has been doing a cash business in hides and wool for years in Orillia, was busy buying and looking after the interests of his department. A. Stacey, who does a large business in spring lambs of very fine quality, weighing 55 lbs., each. Messrs. Johnson, Kerr, Passmore, Oppenheimer and Warren, all prominent local butchers, were on the market.

The Market Building.
The town has erected a large building, with stalls for butchers, and sheds on either side, similar to those of the St. Lawrence Market, Toronto, only on a much smaller scale, the building being 100 feet long by 50 wide. This building is in close proximity to the Orillia Hall, in the heart of the town, and is a large space for selling poultry, butter and eggs. Weigh scales and cattle yards have also been provided for the convenience of the public. Orillia is the first country town that is known to have erected market buildings and provided a cattle market. Much credit is due to R. H. Hume, president, R. H. Slaven, vice-president, E. A. Doellittle and Secretary C. H. Hale of the Board of Trade, for the success achieved. These gentlemen were assisted by the Agricultural Committee, composed of Joseph Dunn, H. Clark, James Hays, S. H. Black, and others. The next market will be held on Friday, when it is expected there will be a large market of Xmas cattle and poultry.

Snow Still Obstacles.
All incoming trains were affected by the snow again yesterday, which caused them all to be delayed. The Grand Trunk North Bay train not arriving until nearly 5 o'clock, being three hours late. The Owen Sound branch is not yet free of snow, and the snow on the tracks is a great hindrance to the trains. Business was brisk at the depot and people continue to travel, notwithstanding the fact that the excursion tickets will not be issued for a week yet. All the trains left on time and were well filled with people. Freight is also moving faster, although extra locomotives have to be attached to the majority of them, and large shipments are being made daily to all points.

Nature makes the cures after all.

Now and then she gets into a tight place and needs helping out.

Things get started in the wrong direction.

Something is needed to check disease and start the system in the right direction toward health.

Scott's Emulsion of Cod-liver Oil with hypophosphites can do just this.

It strengthens the nerves, feeds famished tissues, and makes rich blood.

50c and \$1.00; all druggists.

SUIT AGAINST A. R. MACDONALD.

Temiscouata Railway Company
Ask the Big Contractor to
Hand Over \$300,000.

Montreal, Dec. 14.—(Special.)—The Temiscouata Railway has entered an action in the Superior Court against Mr. A. R. MacDonald for \$300,000. The litigation results from certain agreements the defendant, while president of the company, made with a construction company and certain contractors. The company alleges that these agreements were illegal, corrupt and detrimental to the interests of the railway company, and that inasmuch as Mr. MacDonald received those benefits while acting in the fiduciary capacity of president and director of the railway company, he is obliged to account for and deliver to the company any profits so derived by him, estimated at \$300,000.

Other Montreal Items.
It is understood that W. H. Patton of this city is to receive the appointment of signal engineer for the Grand Trunk at Toronto, the position rendered vacant by the resignation of P. F. Hodgson, who is going to England. Mr. Patton has been in the employ of the Canada Switch and Spring Co., but was in Toronto for a while in Mr. Hodgson's department.

The Ogilvie estate will expend \$100,000 on the new block, St. Catharines street, most of the renovated block to be occupied by W. H. Scroggie as a departmental store.

St. Andrew's Officers.

At the regular communication of St. Andrew's Lodge, No. 18, G.R.C., the following officers were installed as well as the following committee appointed for the ensuing year: Henry T. Smith, W.M.; P. M. Bell, Smith, I.P.M.; Rev. Dr. Heyner, S.W.; Frederick Hume, Treasurer; J. T. Slater, secretary; W. F. Chapman, J. D. O. W. I. Woodland, I.G.; G. Kingston, S.S.; Dr. W. H. Alexander, J.S.; W. E. Halford, organist; John Pearson, D. of C.; J. H. Ditchard, Tyler; auditors, George Clay and W. Shaw; Committee of General Purposes, John Ross Robertson, W. F. McMaster, Daniel Rose, J. T. Slater, R. W. Doolittle, L. C. H. Davis, W. B. McMurich, Rev. Dr. Heyner, Rev. Joseph Ostry, Rev. E. S. Lowe, F. Dane, Dr. L. E. Fleming, Dr. D. H. King, Smith, W. Rogers, A. H. Stinson, John Shaw, F. H. Woods, F. S. Spence, A. N. Candee, A. Macdonald, J. T. Vincent, W. Millican, W. S. Sutton, D. W. Clark; representatives of all trusts, C. E. Edmonds and J. S. Lovell; representative, Benevolent Board, William Anderson, Sick Committee, A. Goyell, R. H. Smith, W. F. Bligh and E. W. Shaw; Reception Committee, J. E. Hanford, George Tall, Thomas Bell, A. R. MacDonald, T. B. Cole, L. H. Laker, choral, Bro. John Keech, leader. W. D. Butler, R. J. Blaney, F. M. Bell, Smith, S. H. Jeffrey and Jno Simpson. The W. M. Henry T. Smith, at the conclusion of the installation ceremony, in a few chosen remarks, presented the retiring master, P. M. Bell-Smith, with a P.M. jewel. The installing master were composed of W. O. Wilkinson, William Ross, James Garville, A. S. Arndt, C. E. Edmonds, J. E. Hanford and John Pearson.

Addison is Still Laid Up.

London, Dec. 14.—Walter Richards, Jr., was before Police Magistrate Parke this morning, charged with having a hand in the assault of Mr. McKillop. Mr. McKillop, who was laid up for some time, was still in a serious condition, and would be able to be around for some time. He asked for an adjournment of the case for two weeks, which was granted by the magistrate. The case will be renewed for the time mentioned.

Don't Monkey With the Trolley.

Another trolley fatality was narrowly averted at the corner of Queen and Lisgar streets, when the 10-year-old car of St. Lawrence street, which was carrying a large number of passengers, was struck by the fender of a Queen-street car and overturned. The car was carried for some distance before he rolled off outside the tracks. He received injuries about the legs and head, and his side hurt and a severe scalp wound.

Yacht Club Ball.

All details in connection with the Yacht Club ball are now complete. The music and floor committee have prepared a novel and elaborate program for opening the ball. The official quadrille set will form the centre of several dances. Mr. McKillop will act as flag lieutenant during the evening.

More Armenian Outrages.

Constantinople, Dec. 14.—According to reports received here, the outrages by Moslems on the Christians in Armenia are increasing. In addition, there is great distress among the Armenians, who in many places are starving. Unless aid is brought them, the situation is becoming desperate. The massacre will be wiped out.

S. Ackerman, commercial traveler.

Belleville, writes: Some years ago I used Dr. Thomas' Electric Oil for inflammatory rheumatism, and three bottles effected a complete cure. I was the whole of one summer unable to move without crutches, and every movement caused excruciating pains. I am now out on the road and exposed to all kinds of weather, but have never been troubled with rheumatism since. I, however, keep a bottle of Dr. Thomas' Oil on hand, and I always recommend it to others as it did so much for me.

Yacht Club Ball.

The special night car service will be as follows: Twelve Line cars in opposite directions on the St. Lawrence street, leaving Spadina, leaving at 12:15 a.m., 2 a.m. and 3 a.m.; one car on Carlton, going west; one car on Queen, going west. Carriages will approach the Pavilion by the eastern entrance on Gerrard-street and leave by the western gate.

New Members on 'Change.

The Council of the Board of Trade met and were addressed by Mr. Lockhart Gordon on the proposed extension of the railway to the north. Mr. Charles T. Harvie expressed himself as in favor of extending the railway to the north, and a motion was carried that the Board should take steps to secure the extension of the railway to the north.

To Be Tried for Murder.

St. John's, Que., Dec. 14.—The preliminary investigation in the St. Brigid murder trial was concluded this evening, when Sheriff Arpin committed the prisoner, McCall, for trial at the criminal term on March 22.

JOHN KAY, SON & CO., FINE CURTAINS.

SURPRISING VALUES in CURTAINS..

The emphasis can be put on two points touching the Curtain stocks of this store:

(a) We carry at all times the largest stock of Curtains shown by any house in Canada. This is a statement that we can make without fear of contradiction.

(b) At our regular prices these curtains are unequalled value, for we know the Curtain markets of the world as few do and buy direct from the manufacturers in every case.

It is from stocks of this character, bought in this manner, that the following remarkable bargains are now selected. The lots are special, but by no means represent anything like our entire stock. The prices are such as to induce, we believe, quick buying at this time of the year. A handsome pair of curtains is all right for a Xmas present:

255 pairs White and Ivory Lace Curtains, taped edges, regularly sold at \$1.10. Sale price.....85

215 pairs White and Ivory Lace Curtains, taped edges, regularly sold at \$1.25 and \$1.35. Sale price, 250 pairs White and Ivory Lace Curtains, taped edges, regularly sold at \$1.60 and \$1.85. Sale price 1.25

280 pairs White and Ivory Lace Curtains, taped edges, regularly sold at \$2.25. Sale price.....1.75

740 pairs in all White Tambores and Ivory Irish Point Curtains. Lines regularly sold at \$3.00 for \$2.50; \$4.00 for \$3.50; \$4.75 for \$3.75; \$5.50 for \$4.50; \$6.50 for \$5.25.

This is an opportunity for those out of town as well as in Toronto to secure high-grade Lace Curtains at decidedly money-saving prices. Mail orders have careful attention. We ship goods to all parts of the Dominion.

THE CEMETERY DEAL.

Why is it that the Board of Control is trying to railroad through this St. James' Cemetery deal? They can give no satisfactory reason for their action, and have not yet attempted to do so publicly. On the other hand, there are a score of reasons why the Council should let the Cemetery Trust to find someone else than the city to which to unload their useless property. The Assessment Commission claims that the city must move quickly or not at all, for if it doesn't close the deal at once it will lose the chance to get a park. The trust, we are told, will bury on the sides of the hill if the deal does not go through. The trust and Commissioner both claim, or rather admit, that they can afford to do so, even at the expense of the cost of carrying out the deal. Then, why should the city, even out of consideration for the trust, establish a vicious precedent by permitting burial in its limits in spite of a unanimous resolution, and what is equally important, a protest from 50 medical practitioners, whose numbers include the deans of both faculties, and the secretary of the Provincial Board of Health? Besides, tramping on the rights of a prospering and pretty suburban annex, and disregarding the living of these sanitary experts, who say that this cemetery enlargement "is fraught with danger to the public health," the Board of Control is prepared to see the city lose \$800 annually, which will be the loss in taxes if the property is acquired by the trust. It is \$800 now, but this sum is the minimum. The present levy is on an assessment of \$46,840, but looking at the outlook for December, it would mean \$60,000 in a few years. Then, the city agrees to spend \$4000 more to construct a roadway for the cemetery and to put up a fence. For all this the city gets a mere ravine. It is not a park fit for playgrounds or for picknicking. It is merely a pretty prospect. Besides, the property is in a locality where the city does not need a park. This does force suddenly upon a dying Council must not be swallowed.

ALL CANADA UNITED.

The International Commission is going to turn out most advantageously for Canada. Already the commission has made a preliminary expense that its holding will in fact be a net gain to the country as it never was unified before. There is but one sentiment throughout the Dominion to-day and that is that Canada must henceforth prepare to work out her own destiny on her own terms, without the co-operation of the south of the United States. The Conservative party has all along understood that the United States was hostile to this country, and opposed as a matter of policy to its development. And now the Commission has arrived at the same conclusion. The members of the Government who are at Washington do not only admit that a satisfactory treaty cannot be arrived at, nor have they foreseen a policy of retaliation in the event of the non-acceptance of the treaty. They are expressing themselves with regard to Washington, that retaliation and non-compliance is now the order of the day. The Commission has acquired during the past few days a new character. Every one is full of it. Instead of regretting the failure of the Canadian representatives to secure reciprocity the popular verdict is that this failure is the best thing that has happened to Canada. The theory that Canada can make headway by leaning on the United States has been dispelled. This idea of our dependence upon the good will of the United States has too long been Canada's bane. The sympathy that the Americans have all along displayed towards Canada, and especially at the present time, when reciprocity is the order of the day, has been the dominant idea in the Anglo-Saxon world, has awakened the country as if from a nightmare. The scare is over. Every one realizes that it only was a scare, a mere illusion. The disappearance of the apparition has reassured the country. Now the real attitude of the United States is manifest to everyone, including even those who have entertained hopes of securing reciprocity with our neighbors, the Americans. Canada cannot so far in their policy of exclusion. The higher they climb, the more the better pleased will most Canadians be, and the Americans may make up their mind that hereafter Canada will take a hand in the fence building. Where the fence is not sufficient, high fences, Canada will see to it that it is elevated. The policy that

No. 25 YONGE STREET, TORONTO.

THE CEMETERY DEAL.

Why is it that the Board of Control is trying to railroad through this St. James' Cemetery deal? They can give no satisfactory reason for their action, and have not yet attempted to do so publicly. On the other hand, there are a score of reasons why the Council should let the Cemetery Trust to find someone else than the city to which to unload their useless property. The Assessment Commission claims that the city must move quickly or not at all, for if it doesn't close the deal at once it will lose the chance to get a park. The trust, we are told, will bury on the sides of the hill if the deal does not go through. The trust and Commissioner both claim, or rather admit, that they can afford to do so, even at the expense of the cost of carrying out the deal. Then, why should the city, even out of consideration for the trust, establish a vicious precedent by permitting burial in its limits in spite of a unanimous resolution, and what is equally important, a protest from 50 medical practitioners, whose numbers include the deans of both faculties, and the secretary of the Provincial Board of Health? Besides, tramping on the rights of a prospering and pretty suburban annex, and disregarding the living of these sanitary experts, who say that this cemetery enlargement "is fraught with danger to the public health," the Board of Control is prepared to see the city lose \$800 annually, which will be the loss in taxes if the property is acquired by the trust. It is \$800 now, but this sum is the minimum. The present levy is on an assessment of \$46,840, but looking at the outlook for December, it would mean \$60,000 in a few years. Then, the city agrees to spend \$4000 more to construct a roadway for the cemetery and to put up a fence. For all this the city gets a mere ravine. It is not a park fit for playgrounds or for picknicking. It is merely a pretty prospect. Besides, the property is in a locality where the city does not need a park. This does force suddenly upon a dying Council must not be swallowed.

ALL CANADA UNITED.

The International Commission is going to turn out most advantageously for Canada. Already the commission has made a preliminary expense that its holding will in fact be a net gain to the country as it never was unified before. There is but one sentiment throughout the Dominion to-day and that is that Canada must henceforth prepare to work out her own destiny on her own terms, without the co-operation of the south of the United States. The Conservative party has all along understood that the United States was hostile to this country, and opposed as a matter of policy to its development. And now the Commission has arrived at the same conclusion. The members of the Government who are at Washington do not only admit that a satisfactory treaty cannot be arrived at, nor have they foreseen a policy of retaliation in the event of the non-acceptance of the treaty. They are expressing themselves with regard to Washington, that retaliation and non-compliance is now the order of the day. The Commission has acquired during the past few days a new character. Every one is full of it. Instead of regretting the failure of the Canadian representatives to secure reciprocity the popular verdict is that this failure is the best thing that has happened to Canada. The theory that Canada can make headway by leaning on the United States has been dispelled. This idea of our dependence upon the good will of the United States has too long been Canada's bane. The sympathy that the Americans have all along displayed towards Canada, and especially at the present time, when reciprocity is the order of the day, has been the dominant idea in the Anglo-Saxon world, has awakened the country as if from a nightmare. The scare is over. Every one realizes that it only was a scare, a mere illusion. The disappearance of the apparition has reassured the country. Now the real attitude of the United States is manifest to everyone, including even those who have entertained hopes of securing reciprocity with our neighbors, the Americans. Canada cannot so far in their policy of exclusion. The higher they climb, the more the better pleased will most Canadians be, and the Americans may make up their mind that hereafter Canada will take a hand in the fence building. Where the fence is not sufficient, high fences, Canada will see to it that it is elevated. The policy that

AN OFFICER WAS HIT

By Larry McCann and Larry Will Be Punished—A True Bill Against Traveler Macdonald.

Larry McCann of North Toronto was found guilty in the Sessions yesterday of assaulting Constable Tomkinson. The trouble took place last summer, when Larry and a companion were having a high time on a North Toronto common. Constables Lawrence and Tomkinson went to arrest the two men, when Larry attacked Tomkinson.

The next case taken was the charge of non-support against William Ventrala of York-street by his wife. The evidence showed that the accused had paid his wife \$2 per week, all that he was able to pay. The judge therefore withdrew the case from the jury and discharged the prisoner.

The grand jury returned a true bill against

WILLIAM DUNCAN OF OSHAWA
Was the Man Who Drowned Himself at Port Newcasle—He Had Been Despondent.

Oshawa, Ont., Dec. 14.—The unknown man who was drowned at Port Newcasle yesterday has been identified as Mr. Wm. Duncan of this town. It seems that Duncan had been despondent for some days past. He would not eat breakfast yesterday morning before being coaxed considerably. He left his boarding house and was next seen on the Kingston-road between Oshawa and Bowmanville by Mr. Millman of Oshawa, who drove him as far as Bowmanville, where he left him in an hotel and called for him when he was about to return home, but was notified that Duncan had gone out and no one knew where. The next hour of him was drowned in a creek near Port Newcasle. The authorities here were notified, and went down to-day and identified the man as William Duncan of Oshawa.

ON AND OFF THE STAGE

A Mammoth Uncle Tom Show.

Sixty people, including a picket band of 12, girls, a tall boy band of six, and the well-known minstrel star, Mr. Barlow (late of Barlow, Wilson, Primrose & West), as Uncle Tom, are all travelling this season with his big spectacular production of "Uncle Tom's Cabin." This organization, which is said to be the largest of its kind in the world, is presenting this famous old play, which has been a success in every city where it has been shown. During their engagement at the Toronto Opera House next week a bargain matinee at 15 and 25 cents will be given every day. The sale of seats is now in progress.

At the Princess.

Manager Robert Cummings announces four new people for his stock company at the Princess Theatre, who will make their first appearance here with the company next week in the latest and best comedy, "Too Much Johnson." Mr. Wright Huntington is the new leading man, and it is said that he is by far the best man in this country to-day. Mr. Huntington's particular forte is comedy, and this will surely be met with much satisfaction by the patrons of the Princess, who have seen the comedy in its original form. Although Mr. Cummings has tried faithfully he has not been able until now to secure a leading man possessing lightness of touch necessary for comedy work. Miss Lansing Rowan, the new leading lady, is well known as one of the most prominent leading women of the stage. She has held a number of high-grade engagements with the best companies on the road. She will be the prettiest woman yet seen at this theatre, and she is the possessor of an excellent wardrobe. With Miss Florida Kingsley, the new ingenue, and Mr. George Buchanan, together with the old favorites, Mr. Cummings declares that Toronto will have the best stock company in this country. "Too Much Johnson" should create more interest here than anything seen in Toronto this season. It was the play chosen to open the Empire Theatre, New York, this year.

The New Bijou Theatre.

No person who admires high-class comedy and vaudeville should miss attending Manager Bowman's Bijou Theatre. The programme is the very best ever witnessed in this city. The daily Lillian Birchard is the star feature, and her presentation of "A Passing Fancy" is a decidedly pleasing sketch, produced in a charming manner. The Kieemy family, a musical organization, which has been a success in every city where it has been shown, is presenting this famous old play, which has been a success in every city where it has been shown. During their engagement at the Toronto Opera House next week a bargain matinee at 15 and 25 cents will be given every day. The sale of seats is now in progress.

George Vick, an old and highly-respected citizen of Orillia, died on Monday last, and was buried yesterday.

AS A RESULT OF THE COLD SNAP

George Smith Takes an Overcoat and Spends the Night in the Cells—Other Devoted Doings.

The cold weather last night prompted George Smith of London to steal an overcoat that was hanging in front of J. Drim's second-hand store at 125 Queen-street west. Smith was arrested later and locked up at No. 2 Police Station.

The proprietor of the United Service Company reported the loss of a garment from their store.

Detective Burrows returned from Stratford last night with Thomas Smith, arrested there on a charge of theft. It is said that Smith stole two musical instruments from the Salvation Army Barracks, Broadview-avenue, on March 19 last. The instruments were afterwards found in a pawn shop by Detective Burrows. Frank Donovan of 3 Garnet-avenue was placed under arrest yesterday on a charge of doing malicious injury to property. The complainant is the owner of the Golden City Hotel at Adelaide and Bay-streets, and it is alleged that Donovan smashed a large pane of glass on Saturday last.

The police want an owner for a railway ticket from Toronto to Stratford, found yesterday in the R. Simpson Co. store.

If you want a safe, remunerative investment, we can recommend DUNDEE. Mr. J. L. Parker, M.I.M.E., the engineer, in a communication sent us the other day, says: "The third carload of Dundee ore shipped to the smelter, simply as a test, went \$40 gold to the ton, and he further says he expects to have the concentrator running before the end of the month."
Our London, Eng., representatives also cable to say that all of the Dundee shares have been withdrawn from off their market, holders not wishing to sell, as they expect the stock to touch the 3 shillings, on the strength of the mine becoming a steady shipper.
Having sold over \$50,000 shares of Dundee stock, we are in a position to quote a very easy figure to intending buyers. We can also furnish close figures on following:

DUNDEE MINE
The consistent display of energy on the part of the DUNDEE G.M. CO. has been further exemplified by the present erection of a 50-TON CONCENTRATOR. This magnificent addition to the company's plant will soon be busily occupied in reducing some 20,000 tons of ore. I counsel all holders of Dundee stock to CLING to their share certificates. To any intending investor, I strongly urge the PURCHASE of a block of these shares at the present favorable opportunity. Having personally examined the mine itself, I am in an excellent position to speak as to the sterling merits of this valuable property. Another taking purchase is FAIRMONT stock (Dundee Extension).
