

NEWSPAPER MEN IN RACE

Schemes to Get to Boston With Pictures of Schooner Race.

Newspaper competition and the workings of "live-wire" reporters were demonstrated on Saturday night. A party of newspaper men who had been in Halifax to witness the race between the Bluebonnet and the Elsie Street back to Boston with their stories and special feature pictures. How to get there first and get a "scoop" was the problem. When the party reached Moncton on the Ocean Limited they learned that they were too late to catch the train to St. John and the majority kept right on to Montreal, intending to get from there to the Hub.

A reporter named Murphy, of the Boston Post, decided to play a lone hand and telephoned to Fredericton to take him to Boston. He hired a special train for this city, arriving here at 1:35 Sunday morning. When the train arrived an auto was waiting and he was rushed off to Bangor, where he was to catch a train for Boston on Sunday morning. He had pictures of the race, including motion pictures of the start, finish, etc. There is hope to have developed in time to be shown in the theatres in Boston and New York today.

AFTER GAME; THEY CAME UPON STILL

The famous "moonshine stories" of the early days in Australia are being rivaled by one told by two hunters who recently arrived home after a trip to the woods in Queens county in search of big game. One day while moving cautiously through the woods with eyes and ears alert, they detected a strange sound some distance ahead. They separated and approached the spots from different directions. When they stepped on the ground they were startled by the sound of a gun. They looked back and saw a man in a dark coat and hat, who they recognized as a hunter. They were both startled and fled in different directions. The hunter followed them and shot at them. They were both wounded and fled in different directions. The hunter followed them and shot at them. They were both wounded and fled in different directions.

PERSONALS

Mrs. Wm. H. Murray (nee McKee) will be at home for the first time since her marriage on Tuesday, Oct. 25, from four to six at her residence, 276 Douglas avenue.
Mrs. C. Leslie Peters will be at home Tuesday and Wednesday, the 25th and 26th of October, at her residence, 81 Aurora street.
George A. Henderson, clerk of the police court, has returned to his duties after an enjoyable holiday.
Miss Bernice Borden, accompanied by her aunt, Miss Dorey, left on Saturday evening for Philadelphia, where she will continue her studies in music.
A. C. Barker, superintendent of the C. N. R. this district, arrived in the city this morning on an inspection trip and left this afternoon for London.
Mrs. W. G. Roberts arrived home this afternoon after spending the week end in Fredericton.

FUR PRODUCTION IN CANADA

More than three and a half million pelts, worth \$2,287,000, were produced in Canada in 1920, according to an article in the October number of Commerce Monthly, issued by the National Bank of Commerce in New York. Muskrat and beaver pelts valued at \$6,000,000 and \$5,000,000 respectively comprised about half the total, with marten, mink, silver fox and fisher following in the order named. The article continues:
"A very small proportion of these pelts was produced by the fur farming industry, which confines itself almost entirely to silver fox. The fox has proved most suited to domestication and has been successfully raised for the past forty years. In 1919 there were 424 fox farms, three mink farms and two raccoon farms in operation with a total production of 2,440 pelts worth \$208,446. On the farm at the end of the year there were 8,310 foxes, mostly of the silver variety, valued at approximately \$3,000,000."
"The largest part of the Canadian fur production is exported, principally to the United States. In the fiscal year 1921, imports from Canada totaled 2,684,000 pelts, worth \$99,000,000."

NOTICES OF BIRTHS, MARRIAGES AND DEATHS, 50 cents.

BIRTHS
CLAYTON—To Mr. and Mrs. Roy E. P. Clayton, Oct. 21, 1921, a daughter, Audrey Vivian.
MARRIAGES
RYAN-SLINEY—At the Cathedral of the Immaculate Conception, by the Rev. Fr. Duke, on Oct. 20, 1921, James P. Ryan to Mary U. Sliney, both of this city.
DEATHS
PIDGEON—Suddenly, on October 23, at Brookline, Mass., Edna V., wife of Walter D. Pidgeon.
PURDY—Suddenly, in this city, Oct. 20, 1921, Mrs. Mary Ann Purdy, widow of the late Dr. Purdy, of Amherst, N. S.

IN MEMORIAM
MEIK—In loving memory of my dear mother, who died Oct. 23rd, 1920. Gone but not forgotten.
HERI DAUGHER, MRS. MASON
TAYLOR—In loving memory of Gertrude Louise Taylor, who departed this life, Oct. 24th, 1918. In the prime of her life God took her to the strength of her girlhood days. None knew her but to love her, some mention His name but with praise.

THE CANCER QUACK AND HIS METHODS

Striking Article by Dr. Wood of Columbia University on This Subject.

Dr. Francis Carter Wood, director of the Institute of Cancer Research, Columbia University, and one of the eminent scientists heading the "National Cancer Week" movement, undertaken by the American Society for the Control of Cancer, has in aid of the work, prepared an unusual article on "The Cancer Quack and His Methods." This has been made public by the society as a part of its campaign of education by which it hopes to reduce mortality from the dread disease.

The dictionary defines quack as "a pretender to medical skill; an ignorant practitioner or empiric; one who pretends to any skill or knowledge he does not possess; a charlatan." By the medical profession which he impersonates the quack is considered anathema; by those under his influence he is thought to be a savior.

The American Society for the Control of Cancer has bitterly attacked the cancer quack. Why is he so much more than any other quack, and how may he be recognized? One reason why he is regarded as particularly evil is that cancer, together with a few other diseases, is considered incurable unless it is treated early and by the best methods. Certainly, salves and fine thoughts have never cured a broken leg. Why should they cure a cancer? No one needs criticism of quack who beautifies the complexions of those who are desirous of such adornment, or treats "asthmatic" and many other minor ailments which are not fatal. It is, therefore, only when he tampers with a person afflicted with cancer or other serious disease that the medical profession rises up in arms.

For quacks of many varieties, beginning with the more or less harmless crank and shading to those who, when they treat cancer, really become virulent destroyers of human life. Among the thousands of letters which I have in my possession from people of this class are many that are most amusing and which hardly anyone would take seriously. One of the most interesting "cures" is proposed by a well-educated electrical engineer. It is made by taking a piece of wire, one inch long and boiling them together until thoroughly done, then straining off the liquid and drinking it. The engineer, who omits to tell how one is to know when the mixture is done. This is such a fascinating idea that one can only blame the particular crank for having a large following. There are in this class, also, a Concord, New Hampshire, who writes that cancer can be cured by a clear urine, and another who suggests that Sie is no doubt a good New England spouter and would harm no one. "We all believe in your method," writes another excellent in their way, but I imagine that Miss Eucy's prescription would, unfortunately, be fatal to the cancer, and affects other in the least.

Then there comes a group of what they call "gold-diggers" that is, seekers after coin of the realm. Some of these write me delightful letters. One Frenchman said he had a cure that came down to him from his great-grandfather and which had never failed to produce excellent results. He had a letter from Chicago that the railroad laborer was hopeful of averting the strike, rail strengtheners that he had visited one desired to visit that great country America, he would accept 20,000 francs for traveling expenses and would make up the balance in cash. From Siberia and from Kansas, the latter state being particularly affected by cancer quacks, come passionate appeals for advances of sums from \$100 to \$100,000 in exchange for the formula of some herb stew which has come down through seven generations. Unfortunately, no known medicine, whether made by a person, who can neither read nor write or evolved in the most elaborate chemical glassworks by a laboratory expert, will cure cancer.

Some approach the question without any delicacy at all. "Put down \$100,000 and I will make a demonstration," says a gentleman from Ohio. Most of these people are ignorant and do but little damage because the number of patients they treat is very small and if they fall the news of the unhappy results is quickly circulated by the gossiping neighbors of the community, and the popularity of the cancer cure is but short-lived.

Another and more dangerous type is the unscrupulous person who uses medicines or salves and advertises heavily in the less reputable journals that cancer can be cured without the doctor. So it can be at times, but many unfortunate are attracted by the flashy advertisements which these people put forth and find that not only is their cancer not cured, but their savings bank accounts are seriously diseased—if not dead before the patient. Caustics have been tried on the human being since Pharaoh reigned on the river Nile, but they are now replaced by radium and X-rays which are far better for the type of cancer to which caustics were applied in the past. Of course all the deep, internal cancers are beyond the reach of caustics.

From the scheming quack who is often shrewd in his knowledge of human nature and effective in his business methods, but without professional education, we step across the border to another still more dangerous group which is composed of those bearing the high honors of the medical profession, and who yet treat cancer by methods which everyone should know are of no avail. The serious part of this is, as has been said, that improperly treated cancer is always fatal.

GOOD THINGS COMING TO THE THEATRES OF ST. JOHN

GRIPPING DRAMA AT THE UNIQUE

"What's a Wife Worth?" is the title of William Christy Cabanne's newest Robson-Cole super-special, which will be shown at the Unique Theatre tonight. The title of the production asks the question and the action of the play answers it with a smashing force that will make men and women in every walk of life think deeply.

TWO KNOCKED OUT AT QUEBEC MEETING

Quebec Oct. 24.—A rough and tumble fight in which participants were rendered unconscious followed a Quebec county political meeting at Lovellville yesterday. The fight was a result of a meeting called by electors who are opposed to the candidature of H. E. Lavigne, National leader, and Frank Byrne, mayor of Charlebourg, were put up to meet the candidates and to discuss the considerable difficulty on account of tumultuous proceedings, made speeches by the chairman and he was unable to decide who was the successful nominee of the supporters of each man had lined up on opposite sides of the hall. Lavigne said that there was no doubt he had been selected by the majority and would run an independent campaign. He had been announced that the meeting was a Liberal convention, but this was denied by La Boite, who said that the candidature of H. E. Lavigne was not at issue.

Fredericton, Oct. 24.—Premier Meighen arrived in Toronto yesterday morning and will remain until four o'clock this afternoon when he will leave for Brantford. The premier is accompanied by Mr. Crockett, Mr. O'Hara, Mr. St. John, Mr. North Bay, Toronto, Milton and Wellington. On October 31 he will speak in Hamilton.

IN WALL STREET.—New York, Oct. 24, 1921.—Traders evidently were disposed to favor a more moderate view of developments in the railroad situation, judging from the trend of prices at the opening of today's session. The market was characterized by a general advance, notably in the case of General Electric, also were substantially higher. The market was characterized by a general advance, notably in the case of General Electric, also were substantially higher. The market was characterized by a general advance, notably in the case of General Electric, also were substantially higher.

LEADS HIND HUSBAND HOME FROM MASS. FALLS IN PAINT AND EXPLORES.—Ottawa, Oct. 24.—Falling in a faint while leading his blind husband home from attending Mass. Falls, a few days later. Death was due to heart failure.

RIGHT GLASSES Increase Your Capacity for Work
Thousands of men and women depend upon their ability to see their eyes do close work to make a living. If you are having trouble with your eyes do not neglect them to give you full seeing power. The price of our glasses is small compared to the good they will do you. SAVE YOUR EYES.

RESIGNATION OF GERMAN CABINET

Berlin, Oct. 24.—In a letter informing President Ebert of the resignation of the cabinet on Saturday, Chancellor Wirth said the ministry had assumed responsibility for carrying out the ultimatum of the Allies at a grave moment and that for five months it had continued to political affairs, animated by a desire to regulate the situation between the German Empire and the Allies, and to restore Europe by a fulfillment of the treaty obligations.

The cabinet, the letter said, had met the heavy demands made upon the German people, particularly as regards the payment of the 1,000,000,000 gold marks on October 21. The cabinet had received acknowledgment of the fulfillment of its obligations in the matter of disarmament, which was effected in the face of great difficulties.

MRS. HENRY FORD TO FOUND SHELTER FOR ERRING GIRLS
Detroit, Oct. 24.—Mrs. Henry Ford has presented \$100,000 to the National Council to establish a shelter home for delinquent girls here.

A DISTINGUISHED VISITOR
Sir Edward Bartlett, passing through this city on Saturday, remarked that he never saw a city with so many well dressed people. Every one he met, he says, is just full of style. Little did he know that those stylish top coats they were wearing were purchased for about the amount it would cost to make the button-holes. These coats are the entire stock of the Dominion Rubber system and are being sacrificed for spacious Oldsmobile showroom, situated at 46 Princess street.

THE FASTEST TIME ACROSS CANADA
"Continental Limited" on Canadian National Railway, the Finest Medium Transcontinental Travel.

Across Canada—from ocean to ocean, the finest medium of travel is via the through trains of the Canadian National Railway.

From the Atlantic to the Pacific the fastest time is made, and the most luxurious of train service furnished. From all maritime province points the finest of connections are afforded at Montreal via the "Ocean Limited" and the "Maritime Express," with the famous "Continental Limited," leaving Bonaventure station at 8:00 p.m. daily for Ottawa, North Bay, Cochrane, Winnipeg, Saskatoon, Edmonton and Vancouver. Leaving Montreal, for instance, on a Sunday evening, the traveler arrives in Vancouver early the following Friday morning, after five nights and four days of travel on one of the best equipped and most modern trains on the continent.

The "Continental Limited" is a solid steel train of standard sleepers, compartment observation car, tourist sleeper, colonist car and first-class coaches. The finest dining cars are attached, and the passage is the acme of travel comfort, with the important factor of making the fastest and most direct transcontinental journey.

The route taken by the "Continental Limited" affords the traveler the finest variety of scenic views and the most interesting sections of Canada are traversed. The road-bed is regarded by the experienced travelers as the best and smoothest, while the modern coaches are easy riding. The rigors of old-time travel are eliminated and train weariness unknown. There is no train on the continent that affords such luxurious and convenient service.

Particulars regarding this through Transcontinental service, and all information tickets out on sale are urged to make agents or by writing the general passenger department at Moncton, N. B. 11-3

ORPHANAGE FAIR APPEAL.
The executive of the fair committee, acting on the advice of their workers and friends, have decided to continue the fair all week, closing on the 29th instead of the 27th as originally planned. In order to do this we are forced to make a further appeal to the public for contributions of all kinds. Owing to generous support already given we feel ours more than others. The case of our homeless and fatherless children is a responsibility in which we could share as a part. We as a committee are spending our own time, money and means in the cause and a credit to the people who should be back of it to the last dollar. Had the Protestant public in the past done their full duty towards this cause it would not have been necessary for us to press it upon them as urgently as we are now being done. We therefore feel justified in asking for further assistance. Donations of any kind, large or small, anything out of which we can make a dime for the benefit of the "kiddies." Kindly forward goods direct to rink, any hour or advise us. Watch the daily press reports when unable to attend.

IMPORTANT—All those having season tickets out on sale are urged to make returns before the 29th, on which date it is intended the drawing will take place. Wm. M. Campbell, chairman; Jas. E. Arthurs, secretary. P. O. Box 12, City.

MORNING NEWS OVER THE WILES
On Saturday afternoon, at Woodstock Richard Britton and Oliver Davenport were sentenced to two years each in the penitentiary for shooting and doing bodily harm to Wendall Slipp on the night of September 27. The three Hartleys were found guilty of common assault and were fined.

Percy Williams of Catra Lake, N. S., was shot by Roland Williams, his cousin, who mistook him for a partridge. Not guilty was the verdict of the jury.

Your Grocer Is A Borden Milkman

In the murder case against Rev. E. R. Stephenson, charged with shooting and killing Rev. Father James E. Coyne on August 11.

The man who committed suicide at Miami on Thursday night was identified last night as Warren C. Spurgin, missing president of the Michigan Avenue Trust Company of Chicago. The bank was closed on July 20, when it was discovered to be insolvent to the extent of \$750,000. About \$100,000 worth of liquor was also found in Spurgin's private office.

Mr. B. Hanson was named as the Conservative candidate for York county at the nominating convention at Fredericton on Saturday. Hon. J. B. Baxter was the speaker of the day.

At the Canadian Methodist Mission Board convention in Toronto an appropriation of \$22,945 was granted to New Brunswick and Prince Edward Island conference. In addition \$750 was granted to Grenada towards the building of a parsonage, and \$1,000 to Westfield towards the rebuilding of the church there.

LIBERALS WILL NOMINATE TONIGHT
The convention of the Liberal party in the federal constituency of St. John's, which includes the city and county of St. John and the county of Albert, will be held on Monday at 8:15 o'clock in the Moose Hall, Furling building, Charlotte street, for the purpose of nominating the party's candidates for the general elections. The St. John delegates were selected at primaries held a fortnight ago and their position will be represented by a complete quota of delegates, who will arrive in the city this afternoon.

BRITAIN WINS BACK EXPORT COAL TRADE
London, Oct. 5.—(Associated Press by mail)—Britain's export coal trade, transferred to the United States a few months ago, owing to the long strike of British miners, is rapidly slipping out of the hands of American traders, according to Board of Trade figures.

"The rapidity with which the international coal trade is reverting to Britain is evidenced in the fact that three months ago the United States was actually exporting coal, not only to the Scandinavian countries, but to England, with distinct leadership in the Mediterranean and undisturbed primacy in South American markets," said Alfred P. Dennis, commercial attache of the American embassy.

"We, today, are practically out of the European trade and are rapidly losing our position in the Mediterranean markets, where we had secured practically half the business with our position as a coal exporter in South America, where we occupied logically a favored competitive position."

"The amazing recovery of the British coal industry is shown in trade figures for August which show an export business of more than 3,000,000 tons as compared with 600,000 tons in the preceding month, and 1,847,000 tons in August, 1920."

"This striking reversal in the entire situation is due to the immense quickening of coal production in the United Kingdom, accompanied by falling wages. The export coal trade is one of the fundamentals in Britain's economic position in world trade and every sacrifice is being made to win back coal exports. Production costs have come down with a run and coal is offered for export at figures approximating production costs. On the other hand, production costs in the United States have still a wide margin for decline."

"Fine quality Cardiff coal can now be put on shipboard at thirty shillings, equivalent, at present exchange rates, to about \$8.50 a ton. At normal exchange the price would be \$7.30."

"It remains for us to endeavor to maintain our competitive position by bringing down our f.o.b. steamer costs, while at the same time including the hope that the future appreciation of sterling may tend to equalize our position, not only in South America but in the major continental markets."

AT ST. PETER'S
The tridium in honor of St. Joseph was begun at St. Peter's church yesterday morning with solemn high mass. Rev. James Woods, C.S.S.R., was celebrant with Rev. D. Coll, C.S.S.R., deacon, and Rev. G. A. Coffin, C.S.S.R., sub-deacon. The sermon was preached by Rev. James McCandlish, C.S.S.R., of Toronto. Father McCandlish preached again at last evening's services and he will preach this evening and tomorrow evening when the tridium will be concluded. The three-day services mark the observance of the fiftieth anniversary of the proclamation of St. Joseph as the patron of the Universal church.

Sydney, N. S., Oct. 23.—James Hickey, of Malpeque, (P. E. I.) is dead here after, it is alleged, drinking two quarts of wood alcohol in two days. Hickey is said to have prided himself on his ability to drink wood alcohol.

VISITED HYDRO WORKS.
About twenty-five members of the Byng Bays Club were the guests of the New Brunswick Construction Company on Saturday afternoon at Musquash.

The visitors were shown over the hydro-electric development work being done there and the various features of the project were explained to them by officials of the company. Afterwards a supper was served, at which E. J. Cronin, assistant superintendent of the company, presided and G. A. Foster occupied the vice-chair. After the toast to the king had been drunk speeches were made by J. R. Gule, J. L. McAvity and Dr. D. C. Malcolm. A vote of thanks to the company for the entertainment provided the members of the club was moved by J. B. Dever and seconded by Dr. C. M. Pratt.

CRERAR CHARGES PRESENT TARIFF BUILDS MERGERS

Says Common People Being Exploited—Suspicion Same Interests Behind Government in This Election.

Challenged by Premier Meighen to give a single instance of big interests behind the government, Hon. T. R. Crerar, Progressive leader, at Seaford, Ont., last week, gave what he claimed were three, and some financial history of the three mergers whose affairs he reviewed. He developed the most striking tariff argument as yet advanced in the election campaign.

Protected behind the sheltering walls of high tariff, these three mergers, the Ames-Holden-McCreedy Co., boot and shoe manufacturers; the Dominion Glass Co., and the Sherwin-Williams Paint Co., had been permitted to extort millions from Canadian consumers, claimed Mr. Crerar. The Progressive leader alleged immense issues of worthless stock had been converted into assets of prodigious value.

(Toronto Globe Report.)

"During the past twenty years probably more mergers and combines have been created in Canada than in any other country under the sun. Get the facts, and you can come to no other conclusion than that the protective tariff has been one of the most fruitful causes and means whereby this thing was achieved."

The Shoe Merger.
There was in 1913, he said, the Ames-Holden-McCreedy boot and shoe merger. Two companies, he said, went in—the Ames-Holden Co. and the James McCreedy Co., the former with a capital, including bonds, of \$2,500,000, and the latter with \$1,000,000—total assets of \$3,500,000. In return, he said, they got a return of the whole of the original \$3,500,000 in bonds and preferred stock.

"But they got something in addition," he said. "It was water, as pure and unadulterated water as ever flowed down a mountain stream in Canada—\$3,500,000 of common stock that represented no value whatever."

"These companies," he proceeded,

NOTICE! Westfield Ball, Thursday

amidst evidence of intense interest, "claimed they could not prosper without tariff, and a tariff of 30 per cent. has been maintained against shoes in Canada. It has even gone up as high as 37 1/2 per cent. This common stock that was worthless sold in 1913 at about \$14 a share. In 1920 it sold at \$137.50 per share, eight years after the merger was formed."

Says Common People Paid.
"It was the profits the concern earned that gave the value. How did they get it? Would that company did not enjoy a tariff as high as 37 1/2 per cent? Who furnished the millions of dollars that

went into that common stock? It was the common people of Canada, and the rich people of Canada who bought shares from the Atlantic to the Pacific.

"Big business has been brought into reproach in Canada by operations of that kind, and you find distrust of business, suspicion of business, that should not exist, and it is due to these things that distrust and suspicion have arisen."

Glass Co. Illustration.
The Dominion Glass Co., Ltd., served as his next illustration. Three firms, he said, went into this merger in 1913, as follows: The Diamond Glass Co., with \$1,000,000 of assets; Sydenham Glass Co., with \$300,000 of assets; and the Canadian Glass Co., with \$100,000 of assets, total assets of \$1,400,000, but the Dominion Glass Co. merger when organized, Mr. Crerar said, issued bonds and preferred and common stock to the extent of \$8,850,000. In 1920 the stock which originally constitute water only sold for \$69 per share.

"Why, even the preferred stock," he said, "was all water." "They did it," he proceeded, "because they had a protection of 32 1/2 per cent. that kept foreign glass out of competition with them, and they then proceeded to raise the price of their articles in Canada, and every person in Canada, humble and noble, has paid his tribute to the glass combine in Canada, sheltered under the wings of the protective tariff. Why doesn't Mr. Meighen start on the glass company if he doesn't want industry sheltered behind the wings of the tariff?"

Paint and the Tariff.
Canada, he said, also had a paint merger formed in 1911, in which the following three companies entered: Sherwin-Williams Paint Co., with \$1,000,000 assets; Louis Berger & Co., with \$750,000 assets; Canada Paint Co., with \$750,000 assets, or \$2,500,000 of actual assets, but the merger into which three companies had put assets of only \$2,250,000 value, issued \$9,450,000 in securities, and the common stock sold as high in 1920 as \$119 a share and as low as \$75. Again even the preferred stock was watered.

"In other words," Hon. Mr. Crerar said, "several millions went into the pockets of the paint promoters, and all the time there was a tariff of 30 per cent. on paint coming into Canada. "If I ask you, and I direct my question to the business men, is that a legitimate thing? Is that sound business or is it simply using the protective tariff to exploit the Canadian people? Is that necessary to build up industry in Canada? Or is it simply creating a combine

RECENT WEDDINGS

Kirkpatrick-Cummings.
A quiet wedding took place at the home of Mr. and Mrs. W. L. Ingraham, George street, Little River, on Friday evening last, when Miss Olive Victoria Cummings became the bride of Leonard Allan Kirkpatrick. Miss Greta Ingraham attended the bride and George E. King supported the groom. Rev. W. Lawson officiated at the ceremony. After the wedding the company enjoyed a sumptuous repast. Both Mr. and Mrs. Kirkpatrick are residents of the city, the groom being a popular bus driver.

MOTHERS RIVAL DAUGHTERS
You cannot tell the mothers from the daughters, after being fitted with the snappy garments that are being slaughtered at the largest sale of high-class clothing ever held in Canada. As one lady was heard to remark, "We are getting this coat for the price of the buttons." Don't forget the address. You pass and laugh at the high price stores and come to 45 Princess street.

BOBBED HAIR AND KNICKERS IN SIAM

RECENT DEATHS
Mrs. I. A. McConnell
The death of Mrs. I. A. McConnell occurred at her home in L'Etang, Charlotte county, on Saturday evening. Mrs. McConnell, who was eighty-three years of age, had been ill for the last four or five months. She leaves her husband, three sons, Theodore H., of Black's Harbour; B. Everett, of L'Etang, and Merrett E., of Boston, and two daughters, Mrs. J. M. Smith, of Albert (N. B.), and Miss Odessa at home.

Mrs. Mary S. Purdy
Mrs. Mary S. Purdy died yesterday morning at the residence of F. A. Watson, 189 Charlotte street, after a brief illness. She was the widow of Dr. Thomas Purdy of Albert, and is survived by one daughter, Mrs. E. H. S. Flood of Barbados, who was visiting her mother at the time death occurred.

Mrs. Walter D. Pidgeon
Relatives in St. John were greatly shocked to receive word yesterday of the sudden death of Mrs. Walter Pidgeon on Oct. 23 at Brookline (Mass.). No particulars were known yesterday. Mrs. Pidgeon was formerly Miss Edna V. Pickles, of Annapolis (N. S.), and had been married only a short time. Her husband was formerly resident in St. John and went to live in Brookline a few years ago. Mrs. Pidgeon is survived by her father and mother and one sister, in Annapolis, and two brothers, in the United States. The funeral arrangements were not known yesterday.

Such raw materials as rice straw and native grasses, is more characteristic of Siam's civilization than the white elephants or little boys smoking big cigars popularly associated with that Asiatic kingdom, says a bulletin from the Washington, D. C., headquarters of the National Geographic Society.
"Quaint and curious customs do prevail in Siam, wild men still may be found on the Burmese half of the Malay peninsula, and in the northern forests of Siam roam the tiger, leopard, rhinoceros and tapir," continues the bulletin.

A Woman's Rheumatic Lameness
Relieved by Hood's Sarsaparilla. I have taken Hood's Sarsaparilla and it has done me so much good in relieving my lameness I am very thankful to you for it. I can walk well now and go almost everywhere. Before taking this medicine I was confined to the house for a year and a half. It strengthened my limbs. I advise my friends that are lame from rheumatism to take it. My husband and son have also taken Hood's Sarsaparilla, and it has given all of us a good appetite. Mrs. Mary A. Wall, 21 Florence Street, Rockland, Me.
If you need a laxative or cathartic take Hood's Pills.

LOCAL NEWS

A West St. John street car ran off the track near the C. P. R. crossing at the bridge at the reversing falls at about 11:15 o'clock yesterday afternoon and tied up the service to the city for nearly an hour. It was finally placed on the rails again and service was resumed.

The primaries of the National Liberal and Conservative party for the district of Lorneville were held on Saturday night. James McAfee acted as chairman, and short addresses were given by members. The delegates chosen were: R. W. Dean and James McAfee, and W. J. McAllister, alternate.

A successful rummage sale was held in Glad Tidings hall, Prince Edward street, on Saturday afternoon in aid of the Animal Rescue League. A satisfactory sum was realized for the humane work of the league. Mrs. H. B. Peck was the convener and the members of the committee were grateful for the splendid assistance given by the Boy Scouts.

The second annual mother and daughter banquet was given by the C. G. I. T. of the church in the Germain street Baptist Institute on Friday night with about 125 present including several special guests. The room was decorated with the colors of the C. G. I. T., blue and white. Toasts were proposed and responded to by Miss Poole, Miss Rita Dykeman, Mrs. W. Lewis, Miss Florence Brown, Mrs. J. D. Hunter, Miss Hazel Fairweather, Rev. S. S. Poole, Miss Hazel Fisher, L. W. Simms, Miss Margaret Brown, Mrs. Charles Wasson, and Miss Marion Belding. Talks were given by Miss Allison and Rev. Mr. Machum, and the evening programme included a solo by Miss Bessie Tyner, a recitation by Miss Marion Belding, and a reading by

hospital since Friday. He will leave for his home in Hythe, England, on Wednesday on the Munkidosa. Mr. Fox has been in St. John for nineteen years and has held the position of organist in Stone church all that time.

The executive of the Independent Labor Party met yesterday afternoon to discuss plans for the coming election. A nominating committee was appointed, and they were given names as prospective candidates. The secretary said that no definite word had been received as to what the farmers' organization will do, or as to what part Albert county will play.

The fire department was called out yesterday afternoon at 1:10 by an alarm from box 14 for a small chimney fire in a house in Prince Edward street, near the corner of Clarence street. The blaze was extinguished before any material damage was done. The department was given another run last evening about 10 o'clock by a still alarm for a slight fire back of the Opera House. This fire did not amount to much and was put out by the chemical engine.

The residents of Kennedy street were cut off from their water supply for a while on Sunday morning and on investigation the cause was found to be four cots lodged in the pipe. The pipe at the foot of Broadview avenue was also opened and three more cots found. It was learned that the driver of a car had broken off a hydrant in Kennedy street while his automobile was out of control. He rang up the commissioner and offered to pay for the damage.

The Beneficent Society of St. Andrews church realized \$200 at it Halloween tea and sale on Saturday afternoon. The school room was tastefully decorated in black and orange with Halloween favors scattered about on the walls and lights. An excellent musical programme was rendered by the Sunday school orchestra. The convener, Mrs. Robert Watson, was assisted by Mrs. Hamilton, Miss Cushing, Miss Knox, Mrs. C. Christie and Mrs. D. D. Walker.

A jitney containing four women passengers bound for Fairville was struck by a street car on Douglas avenue on Saturday afternoon. Both street car and automobile were going side by side, when a horse and driver showed up in front of the motor, and the driver attempted to cross in front of the car. The motorist tried to stop, but crashed into the automobile, causing it to turn completely around and nearly burning it over. The ladies were badly frightened, and one had to be escorted home.

TWO ARE FROM NEW BRUNSWICK

Results of Examinations for Registration Under Canadian Medical Act.

Ottawa, Oct. 24.—(Canadian Press)—Results of the October examinations held at Montreal for registration under the Canadian Medical Act, were announced here yesterday by Dr. R. W. Powell, registrar. Palmer, Gagetown. Prince Edward Island—P. M. McIntyre, Montague; O. C. Trainor, Charlottetown. British Columbia—W. J. Cochran, Victoria; A. W. Young, Revelstoke. Alberta—M. A. Young, Edmonton. Saskatchewan—F. A. McCucker, Regina. The other successful candidates were: V. P. Norman, England; H. B. Smith, Gloversville, N. Y.; J. W. Fowden, Detroit, Mich.

Studebaker

"Built-in-Canada"

This is a Studebaker Year

We have been asked the question how we account for the tide of Studebaker popularity which has swept the country.

Among others, two fundamental causes explain it:

- 1. The outstanding cause is the value of Studebaker Cars, in quality, style, performance, durability and price, demonstrated by the complete satisfaction and enthusiasm of nearly one-half million owners who know values. 2. The universal respect for and confidence in the integrity of the name STUDEBAKER which for seventy years has been the symbol of quality and fair dealing.

Crowning proof of the dependability of Studebaker cars is reflected in our diminishing business in service parts.

With approximately 116,000 more Studebaker cars in operation on September 1st, 1921, our parts business the first eight months of this year was 3% less than in the same period two years ago.*

While our car manufacturing plants operated this year 41% ahead of last year, our service parts manufacturing plant has operated at from one-half to two-thirds of last year.

Studebaker Cars are standing up in service and staying out of repair shops, to a degree unexcelled, we believe, by any cars of whatever price.

The Studebaker Corporation of Canada, Ltd. A. R. ERSKINE, President

RAILSTON SALES CO., 45 Princess Street

IN CITY CHURCHES.

Dr. J. Fraser Campbell, a Canadian missionary who has spent forty-six years in India, was the special preacher at the evening service in the First Baptist church, west end, and delivered an intensely interesting address about his field of labor before a large congregation. He said that India was a land of great opportunity and told of the ways in which the church is taking advantage of the opportunity.

Rev. Dr. Campbell preached in St. Andrew's church in the morning. Rev. J. C. Mortimer, formerly of St. George, conducted the services in St. David's church yesterday and will have charge during the absence of the minister, Rev. J. A. MacKellgan, who is attending the meeting of the committee on church union in Toronto.

Rev. Dr. Heertz, of Amherst, preached yesterday in the Carmarthen street and Queen square Methodist churches. He was in St. John on his way home after attending the meeting of the general board of missions of the Methodist church and the union church committee in Toronto.

In the Charlotte street Baptist church, which is at present without a pastor, Rev. H. H. Powell, of Gardner (Mass.), occupied the pulpit. Mr. Powell will conduct the mid-week services this week and will be the preacher again next Sunday. In the morning he spoke of assurance of immortality and in the evening of making the most of life's handicap.

Rev. Gideon Swin conducted the services in the Waterloo street church which is awaiting the arrival of its new pastor, Walter Brindle was the preacher at the evening service in Edith avenue hall, East St. John. Rev. Jacob Heaney, of the Carlton Methodist church and Rev. H. E. Thomas, of the Esplanade street church, exchanged pulpits for the morning service.

Special services were held in the Carlton Methodist church yesterday in observance of the eightieth anniversary of the dedication of the church. The records show that the church was dedicated at the close of the year 1841 and that for the thirty years previous to that date Methodist services had been conducted in West St. John. For the latter portion of those thirty years the services were held in the old meeting house which still stands at the head of King

street, w. e. The present building has been renovated on various occasions and many changes have been made. The services yesterday were largely attended. Rev. H. E. Thomas, who was pastor of the church for four years, commencing in 1911, preached at the morning service and took for the subject "Church Attendance." The pastor, Rev. J. Heaney, was the preacher in the evening and his sermon dealt with the "Church's Mission."

7th Anniversary. Celebrating at the same time the seventieth anniversary of the consecration of the church and the annual harvest festival, the services in St. James' church yesterday were filled with thanksgiving. The church was profusely decorated with autumn leaves, fruit and vegetables, and the congregations which taxed the seating capacity entered heartily into the services. The music was particularly fine and H. E. Collins, as soloist gave stirring interpretations of inspiring numbers. Rev. H. A. Cody, the rector of the church, in two eloquent addresses spoke in the morning of the spirit which would guide the congregation and in the evening related some of the outstanding facts in the history of the church.

In the afternoon there was a special service for the Sunday school and Mr. Cody addressed the children. Prizes were presented to the teachers and scholars who had made perfect attendance. The prizes were: Hazel Lewis, Nan Porteous, Emily Fyfield, Edith Gregory, Ethel Murray, Florence Murray, Margaret Goodwin, Hazel Roberts, Winona Akerley, Rosina Carter, Cecil Scott, Lorne Lamb, Bruce Scott, Frank Chalmers, George Murray, Arthur Roberts, William Brewer and Kenneth Cody. The teachers who made perfect attendance were the Misses Marjorie Murray, Violet Gregory, Lydia Warren, Florrie Allen, Ethel Boyes and Isabelle Bruce. The scholars in Miss Gregory's class of girls and Miss E. Boys class of boys have still to receive prizes.

In the evening Mr. Cody, in the course of the service, repeated the prayers used at the dedication of the church seventy years previously and for his text he took the words: "Remember the days of old." He followed his plan of the morning and took the letters of St. James to form the keynotes of the different thoughts of his address.

CHURCH MUST FACE WORLD AMUSEMENTS

So Says Rev. R. B. Whyte at Exhibition of Motion Pictures.

(Ottawa Journal.) Whether the "movies" at their best will be accepted as part of the work of the churches in Ottawa was the uppermost thought in the minds of those who were present at Knox Presbyterian church last night to witness an innovation fraught with great possibilities. Whatever the answer, the fact remains that the audience thoroughly appreciated the silent sermon preached by the domestic tragedy of the "Vicar of Wakefield" and his erring daughter. Guita's immortal story was beautifully screened, and Sir John Ware enforced the virtue of love and charity as probably few other men could have done.

The "Good Samaritan," a Bible story applied to modern times, and "Mourning Memories," a Canadian picture shown by the courtesy of the Department of Trade and Commerce, completed a programme that was in every respect suited to its surroundings, and was materially helped by the appropriate

and restrained selections given on the organ by Mr. Palmer. At the conclusion of the pictures Rev. R. B. Whyte expressed himself as more than satisfied with the result of the church's experiment. "The time has come," he said, "when the church has to face the condition of the world's amusements and not to theorize on them. The church cannot escape the atmosphere of the age and must take into account the moving pictures, the people's easiest and most common form of recreation. The movies may be a power for good or evil, and it is their duty that they be used for good. The church must combat doubtful amusements by providing good ones, and the place to provide them is in the church."

Nyal CREOPHOS TONIC AND BUILDER RELIEVES BRONCHITIS COLDS AND PERSISTENT COUGHS

ORPHANS' FAIR. The attendance of 2,500 at the Orphanage Fair on Friday evening was repeated on Saturday evening. The committee expects an even better attendance this week. The total attendance last week has never been equaled at the fair held in the city. The fair will be continued all this week instead of closing on Thursday as was at first intended. Large contributions are coming in from outside points. The orphans in the city were entertained at the fair on Saturday afternoon. The prize winners at the fair on Saturday were as follows: ring toss, Harold Pitt; ladies' bean bag, Mrs. J. Donner; gentlemen's bean bag, George Oldford; ten pins, J. Daley; excelsior, J. Anderson; devil among the tailors, J. R. McClary; bagatelle, F. Nice; air gun, Walter Stone. The door prize on Saturday night, a ton of coal, was won by ticket 5121, but the prize was unclaimed last night.

SAVES BOY FROM HARBOR WATERS. While going ashore from the steamer Callabass on Saturday afternoon, Jeffrey Ford, little son of the first mate, tripped on the edge of the wharf and fell into the water between the wharf and the ship. R. R. Ford, his father, had handed him over the gangway and thought he was safe on the wharf. George B. Cross, 43 Queen street, was standing nearby and he promptly jumped into the water and caught the little fellow as he was sinking for the third time. The sailors lowered a rope and pulled him to safety. Mr. Cross is a veteran of the Sudan and South African wars, and also of the world war. He holds two medals for saving life in the past.

TO BE HANGED ON JANUARY 24. Edmonton, Oct. 24.—Sam Kaczynski, convicted of the murder of John Kadonowski, an aged farmer of Chipman, Alta., last March, was sentenced on Saturday evening to be hanged at Fort Saskatchewan on January 24.

Dr. Chase's Ointment. BEAUTY OF THE SKIN. MOTHER! CLEAN CHILD'S BOWELS WITH "CALIFORNIA FIG SYRUP"

ROUND THE WORLD IN SEVENTEEN DAYS

Paris, Oct. 4.—(Associated Press by mail)—At the great airway congress now being organized in Paris in conjunction with the autumn Aero Show, an effort is to be made to join up missing links in the world air-chain. Should this be accomplished a rush round the world by air in 48 hours and at a cost of about \$800 will be one of the possibilities of the future. Airway experts are now ready to specify the machines and map out the route. Leaving London at 8 a. m. on Monday, they say Constantinople could be reached at 4 a. m. on Tuesday, and Cairo the same day. Then with a berth booked on an air

leviathan, Sydney, Australia, would be reached at 10 a. m. the following Tuesday.

After this, taking the Pacific in another great air voyage, they figure that the passenger would arrive at San Francisco at 4 p. m. on Saturday. The next stage would be the Trans-American route to New York, which would be reached at 10 p. m. on Monday, to take another air liner to London, where it would arrive at 9 a. m. on Thursday. The distance covered would be 27,000 miles in the space of seventeen days. This would put Jules Verne's eighty-days trip sadly in the shade. But this is as yet a dream of the future.

Mrs. Anita Diaz Now In America

Former Mexican Praises Simple American Intestinal Antiseptic

"I have used Adlerika (intestinal antiseptic) and find it wonderful for the stomach. It once stopped me from undergoing an operation for appendicitis—I was out West at the time. I do not want to be without Adlerika." (Signed) Mrs. Anita Diaz.

Intestinal Antiseptic. There is now offered to the public a preparation having the DOUBLE action of an intestinal antiseptic and a COMPLETE system cleanser. This preparation, known as Adlerika, acts as follows: It tends to eliminate or destroy harmful germs and colon bacilli in the intestinal canal, thus guarding against appendicitis and other diseases having their start here.

It is the most complete system cleanser ever offered to the public, acting on BOTH upper and lower bowel, and removing foul matter which poisoned the system for months and which nothing else can dislodge. It brings out all gases, thus immediately relieving pressure on the heart. It is astonishing the great amount of poisonous matter Adlerika draws from the alimentary canal—matter you never thought was in your system. Try it right after a natural movement and notice how much more foul matter it brings out which

was poisoning you. In slight disorders, such as occasional constipation, sour stomach, gas on the stomach and sick headache, one spoonful Adlerika ALWAYS brings relief. A longer treatment, however, is necessary in cases of obstinate constipation and long standing stomach trouble, preferably under direction of your physician.

Reports from Physicians. "I congratulate you on the good effect I had from Adlerika since I prescribed it." (Signed) Dr. L. Langlois. "I have found nothing in my 50 years practice to excel Adlerika." (Signed) Dr. James Waver. "After taking Adlerika I feel better than for 20 years. Haven't language to express the AWFUL IMPURITIES eliminated from my system." (Signed) J. E. Puckett. Adlerika is a constant surprise to people who have used only ordinary bowel and stomach medicines, on account of its rapid, pleasant and COMPLETE action. It is sold by leading druggists everywhere.

Sold in St. John by J. Benson Monney, 2 and 4 Dock St., and other leading druggists.

Even a sick child loves the "fruity" taste of "California Fig Syrup." If the little tongue is coated, or if your child is listless, cross, feverish, full of colic or has colic, give a teaspoonful to cleanse the liver and bowels. In a few hours you can see for yourself how thoroughly it works all the constipation poison, sour bile and waste out of the bowels, and you have a well, playful child again.

You must say BAYER Aspirin. Nothing Else is Aspirin—say "Bayer". Warning! Unless you see name "Bayer" on tablets, you are not getting Aspirin at all. Why take chances? Accept only an unbroken "Bayer" package which contains directions worked out by physicians during 21 years and proved safe by millions for Colds, Headache, Earache, Toothache, Neuralgia, Rheumatism, Neuritis, Lumbago and Pain. Made in Ontario. All druggists sell Bayer Tablets of Aspirin in handy tin boxes of 12 tablets, and in bottles of 24 and 100. Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monacocelcidate of Salicylic acid. While it is well known that Aspirin means Bayer manufacturer, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

EPILEPTIC PUPILS SHOW IMPROVEMENT

Satisfactory Results are Obtained by Montreal Industrial Institute—Extending Activities.

(Montreal Gazette.)

The number of pupils attending the various epileptic clinics in the city is more than treble the total registered a year ago. Hitherto, in the city, little attention has been devoted to them outside the ordinary medical treatment given at the clinics, and the increase in the attendance is accounted for, it is thought, by the efforts made on their behalf by the Montreal Industrial Institute for Epileptics, who select their pupils from the clinics. Medical treatment alone is not sufficient, it is stated, as it has been discovered that occupation adapted to individual needs, under skilled supervision, is essential. An epileptic child cannot attend school, nor can an epileptic youth or adult obtain employment, and in most cases they deteriorate mentally and morally, a condition aggravated by the lack of occupation. Suitable employment improves their mental condition and lessens the number of fits, and every epileptic saved from a mental and moral decline, and who is trained to a useful pursuit, is an asset to the community instead of a liability.

The Montreal Industrial Institute for Epileptics was founded about a year ago, by Dr. A. G. Morphy, the president, to improve the epileptics who are under treatment at the various hospitals, and to reach the much larger number who have given up hope of recovery, and have reverted to a life of idleness and mental and moral decay.

A general meeting of the members and those interested in the work was held yesterday at the Institute at 12 Park avenue, when reports were read and the future policy discussed. Commenting on the financial position, Dr. A. G. Morphy stated that the amount of subscriptions received last year amounted to \$2,727, while expenses, including the cost of material, amounted to \$1,145, leaving a balance of \$1,582 in hand for the ensuing year. In connection with the work, he said that the improvement noted in the pupils attending the institute during the year had more than justified its existence, and that the committee had undertaken the task of making a special psychological study of the pupils, and of teaching them occupations whereby they may earn a living.

Results Obtained.

Giving an example of the work achieved, Dr. Morphy said that one pupil who was paralyzed in both hands had been so trained that he was now able to make wicker baskets and lamp shades, while others who had never been able to do work of any kind were

BRINGS NINE BEAR SKINS.

R. H. Rockwell of Brooklyn Bagged Big Game in Alaska.

(N. Y. Times.)

With one of the finest collections of bear skins ever brought from Alaska, Robert H. Rockwell, chief taxidermist of the Brooklyn Museum, has returned from the northernmost of Uncle Sam's possessions after a hunting trip covering six months. Besides the bear skins, Mr. Rockwell brought the skins and horns of moose and white mountain sheep. All of the skins will be mounted and placed on exhibition later at the Brooklyn Museum.

The trip of Mr. Rockwell was undertaken to provide material for three large habitats for the museum. He left Brooklyn on April 15 of this year and went by rail to Seattle, Wash. There he met Edward Crab, chief taxidermist of the Oklahoma State Museum, Charles Nob, and C. E. Sykes, an Oklahoman hunter of big game.

The party arrived at Cordova, Alaska, on April 30, and chartered a sixty-five foot power boat. Accompanied by native guides, the party proceeded 600 miles along the coast to the Pavlov Bay section of the Alaska Peninsula. For twenty-eight days they hunted at the base of the twin volcanoes on the shores of the bay, bagging seventeen big bears, mostly brown ones. Mr. Rockwell counted for eight brown bears and one grizzly. One of the brown bears killed by him is said to be one of the largest ever shot in Alaska. Standing erect on its hind legs it would have been nearly nine feet in height. Its skull measured 19 1/2 inches across.

\$459,436 OF AUTOS STOLEN IN A MONTH

Insurance Value of 298 Cars Taken in New York \$234,961 More in September Than a Year Ago.

(New York Times.)

Two hundred and ninety-eight automobiles of an insured value of almost half a million dollars were stolen in New York last month, according to statistics obtained yesterday by a reporter for The New York Times in a canvass of automobile insurance companies.

Officials of several of the companies explained that although the figures indicated that approximately \$2,000,000 worth of cars were stolen in the five boroughs in the year ending with September last month, according to statistics obtained yesterday by a reporter for The New York Times in a canvass of automobile insurance companies, the figures did not account for thefts of uninsured machines, roughly estimated to total one-sixth of all the cars reported stolen to the police.

The statistic also revealed that compared with the same month in 1920 almost double the number of cars were stolen in the city last September, and that automobile thieves were becoming more select in their thefts, as the value of the cars stolen last month exceeded that of September in the preceding year by \$224,961.

Persons operating automobiles in Manhattan were the heaviest sufferers. Reports received by the insurance companies for September showed that 201 insured cars had been stolen from the streets and garages during the period against 113 in September, 1920.

Brooklyn was next in the number of reported stolen cars, with an increase of thirty-one over those reported stolen in September, 1920.

Insured cars were reported stolen to the extent of one hundred and thirty-nine in the Bronx during the same period, an increase of sixteen over the total for September of the preceding year. In Queens three machines were reported stolen last month, the same number as last September. In Staten Island four cars were reported stolen, against an absence of such thefts for September, 1920.

The statistics for the five boroughs follow:

	1921.	1920.
Manhattan	201	113
Brooklyn	69	38
Queens	3	3
Richmond	4	3
Staten Island	4	0
Total	288	195
Insured value	\$459,436	\$224,475

None of the insurance officials could be induced to discuss the increase in automobile thefts. One of them admitted that sufficient attention was not being devoted by the police to automobile thefts, and that the demand for cars in which detectives could efficiently compete with automobile thieves was increasing.

Insured cars were reported stolen to the extent of one hundred and thirty-nine in the Bronx during the same period, an increase of sixteen over the total for September of the preceding year. In Queens three machines were reported stolen last month, the same number as last September. In Staten Island four cars were reported stolen, against an absence of such thefts for September, 1920.

The statistics for the five boroughs follow:

	1921.	1920.
Manhattan	201	113
Brooklyn	69	38
Queens	3	3
Richmond	4	3
Staten Island	4	0
Total	288	195
Insured value	\$459,436	\$224,475

THE DRY GOODS TRADE

(Toronto Globe)

Business at wholesale dry goods houses continues to show a satisfactory degree of activity, and merchants are now ready to admit that the corner seems to have been definitely turned. The improvement which has been in progress for several weeks now has been well maintained, with the volume of sales steadily growing. In fact, at least one large wholesaler states that for the current week sales so far have shown the first increase in the past twelve months over last year. Demand for many lines is such that Canadian mills have difficulty in filling their orders, and among these may be mentioned flannel blankets of certain classes.

One section, however, which is still adversely affected by conditions in other lines of industry is heavy grey wool blankets, and this is due apparently to the reduced operations in the lumber woods. As has been previously stated, reports from the lumber companies are to the effect that smaller numbers of men are being sent into the woods this year, and this is naturally affecting the buying of blankets. In ordinary years, orders for these goods at this time have been coming in a lot of the buying now coming forward at the present time sales are slow. It is not expected that there will be much improvement in this respect. White blankets, on the other hand, are said to be moving fairly well.

A lot of the buying now coming forward is for what are known as package goods, such as hosiery, underwear, etc., and the same condition as mentioned above, the same condition as mentioned above, the same condition as mentioned above.

SAYS POTATOES ARE SHORT CROP

(Toronto Globe.)

While the late summer and autumn rains have helped the late potato crop, the supply of this valuable food product is still a long way below what it was last year. The October Fruit and Vegetable Crop Report, issued by the Dominion Department of Agriculture, places the Ontario yield in potatoes at 10,788,000 bushels, as compared with 23,960,000 bushels and the average for all five years was nearly 15,000,000 bushels.

The Ontario crop for the present season, is therefore, far short of normal. Nor is the general situation improving when a wider survey is taken. The Nova Scotia crop is only half that of last year, New Brunswick is some 5,000,000 bushels short of 1920, Prince Edward Island is 2,000,000 short, and Quebec 25 per cent. down, while Manitoba's increase is

PUBLIC IS URGED TO HEED NATURE'S WARNING

Thousands of People Suffer Permanent Loss of Health Because of Neglect—Nature Has Set the Danger Signals for Us and We Cannot Afford to Pass Unnoticed the Warning That She Gives Us.

Good digestion means good health; bad digestion means bad health.

A sound stomach is worth a hundred times its weight in gold. Probably eighty per cent of all diseases originate in the digestive organs. Dyspepsia, or what is more commonly known as indigestion, is not only one of the most prevalent, but it is one of the most difficult to treat of all present day diseases, and has for years baffled the skill of leading specialists everywhere.

Stomach trouble is almost always followed by a complication of diseases. One of the first being an overworked liver, with all the symptoms of biliousness, followed in turn with headaches, coated tongue, nausea, dizzy spells, in the back, palpitation of the heart and other distressing symptoms. Sooner or later the kidneys will become involved and that is just why these danger signals should be heeded in time. A wise man puts out the fire before there is too much destruction. The same theory should apply to stomach trouble.

Gas in the stomach means fermentation instead of digestion; decay, instead of nutrition, for fermentation produces poisons, which are absorbed by the blood, and which frequently bring on the condition known as auto-intoxication or self-poisoning. This is also why the development of acidosis, which brings on so many complications such as rheumatism, hardening of the arteries, high blood pressure and other conditions, which may mean permanent loss of health. Acidosis is one of the main forerunners of Bright's disease and diabetes, hence it is evident that if we have stomach trouble, however slight, we are foolish indeed if we do not take prompt steps to correct it.

If we are not fit as a fiddle in the morning, if we feel better than when we went to bed; if our breath is offensive; and we have that bad taste in the mouth, which has set the danger signals for us and we cannot afford to neglect the warning that she gives us. That is just why the demand for Tanlac, the great Stomachic, Systemic and Reconstructive tonic, has broken all

World's records. The Canadian people have learned that it probably provides the surest, safest, and quickest remedy for all such troubles, and millions upon millions have taken it with the most astonishing and gratifying results.

Tens of thousands of men and women of all ages and in all walks of life afflicted with stomach, liver and kidney disorders, some of them of long standing, as well as thousands of weak, thin, nervous men and women apparently on the verge of collapse, have testified publicly that they have been fully restored to their normal health, strength and weight by its use. Still others who seemed fairly well, yet who suffered with indigestion, headaches, shortness of breath, dizzy spells, sour, gassy stomach, coated tongue, foulness of breath, constipation, bad complexion, loss of appetite, sleeplessness at night and terribly dejected, depressed feelings state that they have been entirely relieved of these distressing symptoms and restored to health and happiness by Tanlac.

NOTE: Tanlac Vegetable Pills are an essential and vitally important part of the Tanlac Treatment wherever constipation is present.

You cannot hope to get satisfactory results from the Tanlac Treatment without first establishing a free and regular movement of the bowels. It stands to reason that no treatment can do the greatest amount of good when you are suffering from constipation or biliousness, or when your system is clogged up with waste products and poisons.

Tanlac is sold in St. John by The Ross Drug Co., Ltd., and F. W. Mann, and by leading druggists everywhere.

FUNERALS

The funeral of Miss Jane Pattison was held yesterday afternoon at two o'clock from the residence of her sister, Mrs. Elizabeth L. Arrowsmith, 314 Princess street, Rev. R. G. Fulton conducting the service. Interment was made in Fernhill cemetery.

The funeral of William Jackson was held yesterday afternoon at 2:30 from the residence of his brother-in-law, Joseph O'Brien, Gilbert's Lane, to the Methodist burying ground. Service was conducted by Rev. Canon Armstrong.

RUGGED AND MANLY HOUSE PETERS AND BEAUTIFUL JANE NOVAK

In James Oliver Curwood's Thrilling Romance
of a Northwest Mounted Police Officer

"ISOBEL"

THIS PRODUCTION, ADAPTED FROM CURWOOD'S GREATEST NOVEL, "Isobel," and starring House Peters and Jane Novak, has been heralded in all sections of the country as one of the most compelling love stories ever related on the screen. It has to do with the love of one Sergeant William McVeigh for the beautiful and faithful wife of one man McVeigh has been assigned to take dead or alive—McVeigh being of the Royal Northwest Mounted Police. In spite of this apparent fatal angle, the two men and the woman are fast friends, and their thrilling adventures in the frozen wastes "north of sixty" compose one of the most masterful chronicles of adventure and love ever presented to the public.

THE WHEEL.
Walker Breaks Record.
George Walker of Charlottetown established a new record for the forty-five mile bicycle race from Halifax to Windsor Saturday, finishing in two hours and forty-three minutes. Sydney Cossidy of Halifax finished second.

TENNIS.
Indoor Championship.
Montreal, Oct. 24.—Championship honors in the singles of the eastern Canada indoor tennis tournament were won by E. H. Laurambotte, a local tennis star, on Saturday. He defeated W. Crocker of Boston, former McGill University player, in the final, 1-5, 2-6, 5-4, 6-3. J. W. Brown and E. T. Gaunt won the honors in the doubles final, defeating A. S. Cassils and A. H. Grier, three sets of five, 6-4, 4-5, 10-8, 7-5.

CAMBRIDGESHIRE BETTING.
London, Oct. 24.—(Canadian Press)—Following is the latest London betting on the Cambridgeshire stakes, Oct. 26. Abbott's Trace, 9 to 2 against; Foundation, 9 to 1 against; Frankie, twenty to one.

BOWLING.
Wellington League.
In the Wellington League fixture bowled on the G. W. V. A. alleys Saturday evening the St. George's A. C. and the Blue Goose split even each taking two points. The former team totalled 1202 and the latter 1209.

Message Boys Play.
A team from the C. P. R. messengers department defeated a team from the Western Union on the Y. M. C. I. alleys Saturday by a total of 1103 to 1069.

**Comments on
SATURDAY'S GAME**

U. N. B. Hampered by Loss of Two Men—Good Forward Line — Thursday's Game at Wolfville.

Fredericton, N. B., Oct. 24.—"U. N. B.'s football victory over Moncton here on Saturday was not a very illuminating event in the way of giving a line on what may be expected from the Red and Black in the maritime intercollegiate rugby league, which opens this week," declares a sporting writer in the Gleaner, today.

"The fact that U. N. B. played without the services of Captain H. H. Trimble, who is regarded as one of the best back division players at U. N. B., in recent years, as well as Leo Cain, another of the regular back field performers, must have upset the working of the machine coach Jack Asten has been perfecting.

"This may have accounted for the lack of punch in U. N. B.'s attack, the many errors in judgment in the back division and the altogether too frequent fumbling which characterized the play.

Meet Acadia Thursday.
"The U. N. B. team will leave here tomorrow for Wolfville, N. S., for the opening game of the western section of the intercollegiate league with Acadia on Thursday.

"U. N. B.'s strategists seemed to be convinced before Saturday's game that their forward division had much prowess, and with Jewett and Akertey playing a great game as the loose members of the

**Our Kind
OF
Milk: Why?**

We are giving each night, reasons why you should use our Clarified and Pasteurized MILK.

No. 92.—The infant mortality in Canada stands very high. Dr. Hastings says that if the truth were known, 16,000 of the 90,000 children who die annually in Canada might justly have the epitaph, "Poisoned by Impure Milk," placed on their graves. Pasteurized milk would have reduced the number of deaths.

LOCAL NEWS

TRAFFIC MATTER. Howard Peck, motorman on car 124, was charged with allowing his car to stand across the sidewalk in front of the sheds. He was allowed to go on explaining the reason.

FOOTBALL. A game of soccer football will be played on the Allison playground on Wednesday afternoon between a city team and the team from the R. M. S. P. Chateau, which is expected in port tonight. The kick-off will be at 3.15 o'clock.

AN HONEST LAD. Mrs. Carter of Main street lost her pocketbook on Saturday night. It was found by a boy named Leonard of Indian town who returned it to her this morning. Great appreciation of the lad's honesty is expressed.

BOARD OF TRADE. The secretary of the board of trade is in receipt of a request from the deputy minister of trade and commerce, for all the bulletins issued by the local board. A similar request has been made to all Canadian boards of trade. The publications will be sent to the League of Nations at Geneva, Switzerland.

IN HONOR OF SOLDIER BROTHER. The minister of militia and defence at Ottawa has forwarded to Mrs. Enery R. Gulliver of St. Martin's two war medals. The medals are the award of her deceased soldier brother, Pte. C. L. McCullough, who met the supreme sacrifice on November 6, 1917, "somewhere in France." Both these medals, one of gold and one of silver, have the soldier's name, regiment and regimental number engraved thereon.

THE NAVY. C. B. Allan, secretary of the local division of the Navy League of Canada, received a telegram from Toronto this morning, stating that there were eight vacancies in the Canadian naval service. Boys will be enrolled as cadets and if they are the right kind of boys, with a tendency toward faithfulness to duty, they may work up to an officer's berth. Any New Brunswick boys who wish to become applicants for these positions may do so through Mr. Allan.

TENDERED A SHOWER. A party of about seventy-five motored from the city to Marton on Friday evening and tendered to Mrs. R. Nason a shower in honor of her birthday. The party took place the middle of next week. Mr. and Mrs. D. MacRobert, impersonating Mr. and Mrs. Jiggs, presented the gifts, after which a pleasant evening was spent in games and music. Refreshments were served and the party returned to the city after midnight.

METHODIST MINISTERS. The weekly meeting of the Methodist ministers of the city was held this morning in Centenary Sunday school. Those present were Rev. H. E. Thomas, Rev. E. E. Stiles, Rev. J. K. King, Rev. William Lawton, Rev. R. G. Fulton, Rev. H. B. Clarke and Rev. J. Rice. The secretary submitted a plan for service at the Home for incurables on the first Sunday in each month and it was adopted. A programme for Thanksgiving day service in Centenary church was also adopted.

ST. JOHN MAN ON LIST. Officers of the Canadian Bookellers' and Stationers' Association in organization session were chosen in Toronto last week. A. T. Chapman of Montreal being president. The vice-presidents are: A. H. Jarvis, Ottawa; F. E. Osborne, Calgary and J. E. Secord, St. John. N. P. I. Weaver Toronto, secretary-treasurer, and the provincial representatives on the executive include: J. K. Allan, Vancouver; B. C. S. Echee, Edmonton, Alta.; Robert Martin, Regina, Sask.; Liggar Lang, Winnipeg; Man; C. L. Nelles, Guelph, Ont.; C. Foster Brown, Montreal, Que.; A. C. Colpitts, Moncton, N. B.; E. J. Vickers, Yarmouth, N. S. and A. Carter, Charlottetown, P. E. I.

NEW PERMANENT. Eleven post office clerks, five letter carriers and one porter now feel secure against the hand of winter which some predict is in store. Postmaster Flagler received notice on Saturday that these men have been granted permanent appointments. The clerks are: W. A. Garfield, H. J. Allingham, R. H. Morris, F. H. Haas, E. Douglas, P. McCherry, C. W. Scott, W. O. Cody, W. F. McDonald, C. P. Bisset, R. M. Rowan and O. F. Beckwith. The carriers are: G. B. McIntyre, J. C. Bartsch, M. J. Finnigan, W. H. McKinney and B. N. Winchester. C. Withers is the porter. Some of these men have held temporary appointments on the staff for three years and all have been taken on previously to April 1, so that they are in line for a salary increase on April 1 next. All the men concerned are in the service of the Postmaster Flagler said this morning that they are all as faithful to duty as could be wished.

POLICE COURT

O'Brien-Spellman Case Continued - Family Trouble Gone Into.

The preliminary hearing of the case against Edward P. O'Brien and James T. Spellman, charged with acting together and committing robbery with violence, was resumed this morning. The case was postponed until next Monday at two o'clock. John Lyons, charged with non-support of his wife, pleaded not guilty. Mrs. Lyons testified. They were married by Rev. P. H. Bone one year ago. Mrs. Lyons said that she had belonged to the Salvation Army for more than ten years but that her husband belonged to no church. He confirmed this statement. During the cross examination a lively interchange was carried on in the court. Miss Cassie Small testified. The case was postponed until Tuesday at two o'clock. Three men charged with being drunk pleaded guilty and were remanded.

RAILWAY AND STEAMSHIP VISITORS HERE

Preparing for the Winter Port Season.

Mr. Hays of C. N. R., Mr. Wood and R. B. Teakle of the C. G. M. M.—Lunched With Mayor and Commissioners.

C. A. Hays of Toronto, vice-president of the C. N. R., arrived in the city this morning. He was accompanied by D. O. Wood, foreign freight agent of the C. N. R., with headquarters in Montreal; R. B. Teakle, general manager of the Canadian Government Merchant Marine, with headquarters in Montreal; M. F. Tompkins, general freight agent of the C. N. R., St. John district. The party were guests of Mayor Schofield and the commissioners at luncheon at the Union Club.

This morning Mr. Hays took up with Commissioner Jones the question of the average system under the property in Mill street, which is to be occupied by proposed new stations. It is understood that Mr. Hays is also looking into the facilities on the C. N. R. property for the shipment of cattle during the winter season.

Mr. Teakle is on his fall inspection trip of the C. G. M. M. offices and port facilities, preparatory to the opening of the winter season. Speaking to a Times reporter this morning, he said that the merchant marine would put all their ships into service this winter, and it was up to the shippers to come forward with their freight. He said that there would be ample service to St. John. Although Great Britain had not purchased any of the new grain crop and the lumber market was unsettled, he was hopeful that the line would do a good business throughout the winter.

In reference to a shipment of 600 tanks to the Russian government, the steamer was loading at Montreal today. The steamer would sail tomorrow, and the Miller and Challenger would load their cargo in November. The steamer would be taken to the port of Novosibirsk on the Black Sea. He said that the best season had been most successful. The party will leave on the late train tonight for Halifax, and will then go to Prince Edward Island.

HERE TOMORROW

Lieut. General Sir H. E. Bustall is in Fredericton Today.

Brig-Gen. A. H. Macdonell, C. M. G., D. S. O., and Lt.-Col. H. H. Sparling, S. O., left this morning to attend the inspection of troops by Lt.-Gen. Sir H. E. Bustall, K. C. B., C. M. G., D. C. Inspector-General of Canada. The general's programme of inspection is as follows: 4 p.m.—Fredericton Cadet Corps, 446 p.m.—University of New Brunswick contingents of the Canadian Officers' Training Corps. 8.15 p.m.—No. 3 Company, 7th Canadian Machine Gun Brigade. General Bustall arrived in Fredericton this afternoon at one o'clock and will come to St. John to review the units here on Tuesday.

FUNERALS

The funeral of Mrs. Martha Isaacs, wife of Camille Isaacs, took place this morning to the Cathedral, where high mass of requiem was celebrated by Rev. S. Oram. Rev. A. P. Allen was deacon and Rev. R. McDonald sub-deacon. Final commendation was given by His Lordship Bishop LeBlanc. Rev. W. M. Duke and Rev. Raymond McCarthy also were present. The funeral was held from Mrs. Isaacs' late home, 16 Brunswick street. Relatives were pall-bearers. There were many in attendance at the obsequies, and floral tributes and floral bouquets showed the depth of the sympathy for Mr. Isaacs and his five young children, who are so sadly bereaved by the death of this young wife and mother.

Some of the church members, its Sunday school scholars and wide circle of attendants, as well as representative body of the general public, paid last sad respects to the memory of Mrs. John R. Hopkins yesterday afternoon when Rev. Herbert E. Thomas conducted funeral service at 3.30, after the Sunday school had been dismissed. Rev. Mr. Thomas referred with deep appreciation to the activities of Mrs. Hopkins in various branches of church endeavor and of her excellent motherly instincts and influences as shown towards the youth of the church and Sunday school, and also in her home.

Mrs. Hopkins was one of the Ladies' Aid workers, a life member of the Women's Missionary Society, and during the war gave invaluable assistance to the Exmouth street unit of workers as secretary of the home-made supplies organization. Being brought in touch with the boys' activities of the church through her own home and elsewhere and endeavored herself to the help. Previous to the church service there were prayers and burial ritual at the home. In Perhill the grave was literally covered with the floral tributes of friends and acquaintances. Arthur Hopkins, of the telephone division of the C. N. R., Montreal, came to attend his mother's funeral, as did also Mrs. Hopkins' sister from Boston. The sons and near relatives were pall-bearers.

TO ANNAPOLIS FOR BURIAL. Walter D. Deacon, of Brookline, Mass., arrived in the city on Monday on the way to Annapolis, with the body of his wife, who died at her home in Brookline yesterday, leaving a week-old baby. Mrs. F. W. Pickles, mother of Mrs. Deacon, accompanied Mr. Deacon. The funeral will be held from the home of Mr. and Mrs. Pickles at Annapolis on Wednesday afternoon.

COLORS OF THE 6TH C. M. R. Amherst, N. S., Oct. 24.—The colors of the 6th Canadian Mounted Rifles were deposited in Christ church, Anglican, here, yesterday, by Col. Charles E. Bent, C. M. G., D. S. O., and a party of thirty men.
