Break in Prices In New York Indicated

Lower Broadway Clothing Men Make Cuts

Overalls and Profiteer Prosecutions Assigned Reasons—Big Department Store Reduces Prices—Montreal and Toronto Prices Lower.

New York, May 4—Following the announcement of a twenty per cent reduction in the price of practically its entire stock by one of the largest department stores in the city, New York is hoping for a general lowering of prices by local merchants. Although there have been no further announcements of such sweeping reductions as was made by the big department store, a general downward tendency was noticeable. This applies particularly to clothing. "Special sales" at greatly reduced prices are being advertised by many establishments and the price tickets in the windows of clothing stores indicate that a break in values has come. A few weeks ago the prevailing price for ready-made suits in the lower Broadway shops was from \$45 to \$60. Suits are displayed in the windows of many of these shops today at from \$35 to \$50. The overall campaign, although it never progressed further than the talking stage in New York, is believed to have been largely responsible for these reductions. The prosecution of several profiteers in Brooklyn by the United States government's "flying squad" of cost of living experts is also thought to have had the effect of making dealers in several other lines readjust their ideas of profit to a more reasonable level.

SLUMP, TOO, IN MONTREAL

Montreal, May 4—Due to the overall campaign, the price of clothes has taken a tumble here. The ready-to-wear clothes are using up much space in the newspapers advertising substantial reductions in all lines of garments.

TORONTO, ALSO SHOWS DROP

Toronto, May 4—A decided lowering of the cost of clothing and staple goods is indicated in advertisements appearing in Toronto, while practically all lines of foodstuffs show no change.

IN WALL STREET

New York, May 4—Advances of one to three points were made by leading shares at the opening of today's market, although overnight advices bearing upon industrial conditions were not calculated to inspire bullish confidence. The same issues that featured yesterday's late rally were again conspicuous, notably Republic and Vanadium Steels, General Leather, Utah Copper, Industrial Alcohol, Reading and the sugars.

Foreign Exchange was Firm in the Preliminary Quotations.

There were numerous additions to opening gains, but trading was quiet with few signs of public interest. Independent steels, especially those recently mentioned in connection with the merger plans, continued to dominate the market.

Equipments, motors, shipments and gear also were materially higher. After brief setback, rails also strengthened, investment division gaining one to two points and minor issues one to one.

Oil's almost alone remained unresponsive to the better tone of the market. Call money opened at 8 per cent, against yesterday's 9 per cent rate.

BONDS SELLING WELL

By noon today \$106,000 worth of the John city debentures totalling \$318,000 had been disposed of by the city chamberlain. This is considered an excellent showing as the bonds were placed on sale only on Monday morning. Mayor chofield said this morning that the purchase of these bonds was an excellent feat for the citizens to demonstrate their faith in the city and at the same time make a profitable return on their money.

MILLIONS FOR AIR SUPPLIES

Handley Page, who organized the syndicate that bought the enormous surplus air supplies from the British government. They consist of 11,000 aeroplanes and 35,000 engines. The government is to receive \$5,000,000 and 5 per cent of the profits the syndicate make.

HOLD HOSPITAL CONFERENCE HERE

Matter of Increased Charges Under Workmen's Compensation Act—The Fredericton Institution.

(Special to The Times.)

Fredericton, N. B., May 4—A conference of representatives of the Fredericton City Council, Board of Trade, York Commercial Club and trustee board of Victoria Public Hospital, is to be held soon to consider the matter of endowment of that hospital, which is one of the most important institutions of this section of the province. This was decided upon at a meeting of the hospital board yesterday. It has been brought to the front by the fact that Donald and Archibald Fraser have decided to proceed this year with the erection of the Fraser memorial wing of the hospital, which was a bequest of the late Donald Fraser, their father. The George T. Fuller Company of Montreal has been awarded the contract and work will start at an early date. The estimated cost is between \$150,000 and \$200,000.

The Victoria Hospital will be represented next week at a conference of representatives of hospitals throughout the province which will be held in St. John, for the purpose of considering the matter of increased hospital charges under the Workmen's Compensation act. On account of the heavy increase in expenditure the fees for beds in the hospital has been increased, beginning yesterday.

AN AUTO CASE IN POLICE COURT

Car Reported Taken From Garage Some Months Ago.

A case against Herbert N. Dean, charged with stealing an automobile valued at \$650, from the storage garage of F. E. Williams, Sydney street, last fall, was taken up in the police court this morning. Percy Bliss Ferris, 98 Lansdowne avenue, said he stored his car in Mr. Williams' garage last November, but on Dec. 27 it was gone. He said he next saw the car on Jan. 11, 1920, at the corner of Main street and Paradise road, driven by the accused, and he stopped it. The accused, he said, told him that he purchased the car in Moncton and paid for it, but the witness said he endeavored to hold him until the police could be notified, when his back was turned the accused left the car and went away. He notified the police. There were several tools found in the car that did not belong to him, the witness said. The case was postponed until Thursday when other witnesses will be heard to give evidence for the prosecution. K. J. MacRae appeared for the defence.

George Denier was charged with assaulting his sister, Jennie. Charles Marjorie and Jennie Denier gave evidence that the accused caught hold of the complainant by the throat and put her on the floor. They said he was drunk. The case was postponed and the accused remanded.

Theodore Saunders, charged with having liquor in his possession other than his private dwelling, pleaded guilty and was remanded. He was told that he was liable to a fine of \$200 or six months in jail.

A case against Ernest Sergeant, charged with having liquor in his possession other than his private dwelling, was resumed. The proprietor of a cafe at 11 King square, a Chinese, said that the accused and another man were on Sunday afternoon under the influence of liquor, but he did not see any evidence of liquor in his possession. The case was postponed and the accused remanded. They were also warned that they were liable to a fine of \$200 or six months. S. B. Bustin appeared for the defence.

A case against Steve Prekovich, charged with supplying liquor to Albert Handrahan, was resumed. Handrahan told of buying liquor from the accused and said he paid \$3.50 for it. The case was postponed until tomorrow afternoon at 2.30. Handrahan was remanded as he is held on another charge. The accused was allowed out on a deposit for his appearance. E. S. Ritchie appeared for the defence.

A case against a lad charged with stealing a sum of money from the N. B. Telephone Company was resumed and Allan Lingard gave evidence. Six men charged with drunkenness pleaded guilty and were remanded to jail.

BACK TO WORK

Rochester Street Railway Men Faced Loss of Charter.

Rochester, N. Y., May 4—Rochester street cars are running today after three days of idleness because of the strike of the employees. The men were persuaded to go back to work at midnight by International President Mahon, who informed them that the Amalgamated Association of Street and Electric Railway Employees of America would take away their local charter unless they abided by their contract with the company for arbitration of their wage demands.

WOOD WINS IN THE MARYLAND MAJORS

Baltimore, May 4—Major-General Leonard Wood defeated Senator Hiram W. Johnson of California in an unusually light vote yesterday in the primaries for Maryland's preference to the Republican nomination for president by a majority of 7,841, according to practically complete returns today.

Grand Trunk Earnings

Montreal, May 4—Grand Trunk Railway earnings from April 15 to 30 were: 1920, \$1,622,219; 1919, \$1,571,191; increase, \$51,028.

Harding in Brooklyn Eagle.

Cost More To Travel To States?

Ottawa, May 4—Increased passenger fares from Canada to the United States to take care of the cost of exchange will be considered before the board of railway commissioners today. The case will be argued by counsel for the railways, and the board will make its decision in the matter of the suspended tariffs which the railways sought to make effective on March 23, last, but which were not approved by the board pending this hearing in the interest of the travelling public.

ENCAENIA OF KING'S COLLEGE

Memory of Famous Graduate and Writer Honored at Annual Meeting of Haliburton Club.

(Special to The Times.)

Windsor, N. S., May 4—The encaenia proceedings of the University of King's College commenced here yesterday. In the afternoon the various student societies met and elected their officers for the coming year. In the evening the annual Haliburton Club dinner was held in the temporary dining room in Convocation Hall. In other years the meetings had been held in the room in which the famous Judge Haliburton resided when at the college, but the loss of this room through its fire necessitated the change.

In spite of this, the meeting was very enjoyable. The president, behind the chair, and several guests were present. After a substantial repast the following toast list was proceeded with: The King; Our Guests, responded to by A. B. Rider; The Learned Professors, Mr. Justice Longley; Sister Unit, Rev. A. E. Andrew; The Students, C. J. Markham; The Old Graduates, Rev. H. A. Harley; Town of Windsor, Dr. Q. B. Keddy; The Haliburton Society; T. B. Wintle.

The meeting was enlivened by college yells and songs and closed with a banquet at the Hotel Windsor. The loss occasioned by the fire on Feb. 5 and many expressed hopes that a new building soon would be erected. Dr. Boyle in his speech said that considerable misunderstanding had been occasioned concerning the proposed federation of Dalhousie and King's and he wished it to be understood that neither side had made nor declined offers, but that, after considering all sides of the question, the project was found impracticable.

ENGLISH TEAM TO SAIL FOR HOME SATURDAY

New York, May 4—The team of Oxford-Cambridge athletes which smashed the two-mile world relay record at the games of the University of Pennsylvania last Saturday, will sail for home next Saturday on the steamer Lapland.

Two of the party of seven who came to this country to remain behind, Lieutenant-Colonel A. N. S. Jackson will go on a sight-seeing tour of a month before he goes back to England, while it is reported that Alfred Shrubbs, the trainer, may remain here and accept a position with one of the American colleges and may be asked to coach the United States Olympic team.

WOOD WINS IN THE MARYLAND MAJORS

Baltimore, May 4—Major-General Leonard Wood defeated Senator Hiram W. Johnson of California in an unusually light vote yesterday in the primaries for Maryland's preference to the Republican nomination for president by a majority of 7,841, according to practically complete returns today.

Grand Trunk Earnings

Montreal, May 4—Grand Trunk Railway earnings from April 15 to 30 were: 1920, \$1,622,219; 1919, \$1,571,191; increase, \$51,028.

ODD FELLOWS VISIT WOODSTOCK

Carleton Lodge Visited—Some 300 Members of Fraternity in Procession.

(Special to The Times.)

Woodstock, N. B., May 4—One hundred and five members of Watt Lodge, No. 95, I. O. O. F., McAdam, came in by special train last night to visit Carleton Lodge, No. 41. The train was gaily decorated with flags and bunting, and stopped at Queen street where a procession was formed led by the McAdam Cornet Band and a venerable goat in charge of Mr. Lawson, as a special feature. There were 300 members of the order in line—from St. Stephen, Fredericton and Woodstock. The visiting members were received by Charles Comben, of Carleton Lodge, who extended a cordial welcome.

Speeches were made by J. S. Lord, St. Stephen; W. Thurlow, N. G. McAdam; Ed. Merrill, V. G. McAdam; E. T. Langille, Fredericton, and others. The initiatory degree was worked on several candidates by a Watt Lodge team, and the work made a most favorable impression. A banquet at Les's restaurant was one of the pleasing features.

E. Bowie, master mechanic, who had charge of the train arrangements, carried out his arduous duties in a most thorough manner. It was three o'clock when the visiting brethren left on the return trip.

BAKERS' STRIKE

All But One Firm in Halifax Have Refused Demand.

Halifax, N. S., May 4—Ninety bread bakers joined the ranks of the local strikers last night. The bakers ask a general wage increase of 25 per cent, and their demands have been refused by all but one firm. Yesterday union pickets were on duty in the vicinity of Moir's, Ltd., but the police are reported to have ordered them away. After the strike had been called, ten employees of one bakery were ordered by the union to bake a certain quantity of flour which would otherwise have been spoiled. At the bakeries this morning it was reported that bread was being made in about the usual quantity despite the strike.

TURKS SEEK DELAY

Constantinople, May 4—Entente powers have been asked by Danda Perid, grand vizier, to postpone occupation of Thrace until after the Turkish delegation can be heard by the peace conference in Paris. Four Greek divisions are at Saloniki awaiting orders to advance into Thrace.

MOVING DAY SEVERE ON ANIMALS IN MONTREAL

Montreal, May 4—The May first moving period very materially increased the work of the local branch of the S. P. C. A. Heavy mortality among dogs and cats was reported. In one hour on Saturday night the association ambulances had five calls to attend to dogs run over and a dozen injured were also looked after. There were many cases of horses also reported.

As Hiram Sees It

"Hiram," said the Times reporter to Mr. Hiram Hornbeam, "we have a new city council—at least there are two new men and they are all off to a good start. 'I see you hev,' said Hiram. 'An' how long'll it be afore you begin to get letters from people that don't sign their names tellin' what a poor bunch you got a Hall?'"

"Well," said the reporter, "this is Tuesday. You may have noticed a batch would be due about Saturday. Three days' grace you know."

"Of course," said the reporter, "any of us could do better than they—in our minds. And it is our blood-bought privilege as inheritors of the freedom bequeathed to us by our fathers to speak our minds. You may have noticed a fact, 'An' if half the tongues that wag could hev a slice cut off of 'em you'd see a lot more work done. Not that I don't do a lot of jawin' myself, but when I do an outrage to suggest that I ain't a-gonna yank no saw-log across the road—no, sir."

"But did you notice," said the reporter, "that the new mayor said the people would have to pay more taxes if they wanted more improvements?"

"I shall protest against it," said the reporter. "They must find some way of getting work done without paying it. It's an outrage to suggest that I can't make somebody else pay my taxes."

"I guess a lot of folks thinks that," said Hiram. "An' as long as they think it this town won't be in it with Moncton—or any other live town—By Hen! An' you kin tell 'em I said so, too."

NEW COKE OVENS AT SYDNEY PLANT

Battery It Is Said Will Cost Three Million Dollars.

Sydney, N. S., May 4—That an additional sixty oven coking plant is to be constructed for the Dominion Steel Corporation is the semi-official statement made today. The new battery of coke ovens will cost \$3,000,000 and will supplement the 120 oven battery completed last year at a cost of \$5,000,000. This news is in line with the declared intention of the British Empire Steel Corporation to make Sydney a steel production second to none.

MONTREAL MARKET.

Montreal, May 4—The local market displayed considerable lethargy during the first hour of trading this morning. The volume of trading was concerned. The tone, however, was strong and some early advances were recorded. Promptness was again a favorite, with Breweries, Dominion Steel and Laurentide. The popularity of the banks was again evident in the lead. Bromption opened at 92 1/2, which was a half point above last night's close, and after one sale advanced to 93 1/2. Steamshiping advanced to 93 1/2. Dominion Steel was firm at 71. Laurentide was steady at 93. Other issues were quiet.

Phelix and Ferdinand WEATHER REPORT

Issued by authority of the Department of Marine and Fisheries, R. F. Stupart, director of meteorology.

Synopsis—The area of high pressure now centered in Lake Superior dominates the weather over nearly the whole dominion. Showers occurred locally yesterday in the St. Lawrence Valley, and quite generally in Saskatchewan, elsewhere the weather has been fine with a general tendency towards higher temperature.

Fair and Cool.

Maritime—Moderate northerly winds, a few scattered showers, but mostly fair and cool today and Wednesday. Ottawa Valley and Upper St. Lawrence—Moderate winds, fair and cool today and on Wednesday. New England—Partly cloudy and continued cool tonight and Wednesday; frost tonight; interior; moderate winds, mostly northwest.

Toronto, May 4—Temperatures:—

Table with 3 columns: Stations, 8 a.m., Highest Yesterday night. Rows include Victoria, Prince Rupert, Kamloops, Calgary, Edmonton, White River, Sault Ste Marie, Toronto, Kingston, Ottawa, Montreal, Quebec, St. John, Halifax, St. Johns, Nfld., Detroit, New York.

A Canadian Navy, The Gift of Great Britain?

REVOLUTIONISTS OF SONORA HAVE SCORED A GAIN

Now Claim Control of State of Chihuahua

Now on to Torreon and Then a Campaign Against Mexico City—Washington Relieved Over News of Bloodless Juarez Victory.

Juarez, Mexico, May 4—Through the bloodless revolt of Juarez and capitulation of General Francisco Urbalejo and his Yaqui Indians at Casas Grandes, the Sonora revolutionists today claimed control of the state of Chihuahua and that the way was paved for an unobstructed advance against Torreon from where a campaign is to be launched against Mexico City.

General Urbalejo, commanding the largest body of Carranza troops in the state, joined the revolt and plans were made for an immediate advance through Chihuahua upon the interior stronghold of Carranza government still hold. Comparatively small bodies of troops remained loyal to Carranza at other border towns east of here. The Ojinaga garrison opposite Presidio, Texas, was expected by Mexican officials here to join the revolutionists.

At Chihuahua City, state capital, order is being preserved, political prisoners have been freed and protection has been assured Americans and other foreigners. Despatches last night said they were continuing at work as usual. Similar guarantees were made by authorities here in a formal statement to American representatives.

Tentative plans of the revolutionists according to Arturo M. Elias, brother of General P. Elias, call for the entrance into Chihuahua via Putipio Pass of 6,000 Sonoran troops, who will try to proceed to Torreon and then to Mexico City, where they would co-operate with forces sent through Sinaloa.

Washington, May 4—Relief was shown both in government circles and by revolutionary agents here today when it became known that Juarez, Mexico, where revolutionary fighting always had been a potential international danger, had been taken by the rebels without a fight. Until now the rebels have succeeded in taking from Carranza almost half his territory without a battle, but military men here who have watched the developments of the revolution assume that a few stubborn contests are inevitable unless further defections in the federal forces. Mexican agents here persist in their assertions that further acts of government troops declining battle will hasten the end of their struggle.

MAY BU FLEET OF OUR TRAWLERS

British Syndicate Said to Have Been Formed

Would Use Ships in the North Sea—Talk of Purchase of 40 and Clean Up Fleet Quartered in Halifax.

Halifax, N. S., May 4—Negotiations involving a big money turnover and which may result in the disposal of the entire fleet of Canadian naval trawlers, are now in progress with a British syndicate. The syndicate has been formed, it is understood, for this purpose, and if the purchase goes through the ships will be used for trawling in the North Sea.

This information was given out by L. W. Parson, representative of the Anderson Company of Montreal, now in the city in connection with the sale of some of the boats to other interests. The number named in the negotiations with the British syndicate is forty, and these, in addition to the number which have already been sold, will practically clean up the fleet of ships of this type which have been quartered in this harbor since the close of the war, and which rendered efficient coast service in its closing years.

WAY OF CROSS IN COLOSSEUM RESUMED AFTER HALF CENTURY.

Rome, May 4—After fifty years the Coliseum has been the scene of the moving and picturesque ceremony of the way of cross. Pope Benedict XIV., who reigned as Pope from 1740 to 1758, instituted the ceremony by placing a cross in the centre of the arena, where martyrs had given their lives for the faith, and erecting fourteen stations of the cross about the historic pile. Each Friday the ancient amphitheatre witnessed the solemn rite.

Celebrants have once more visited the Coliseum, and arrayed in their strange gray garments, which include a cow which covered the head and face, have revived the ceremony of old time. Princess Barberini, carrying a processional cross, led a column of women, while among the men taking part in the rite were many from the patrician families of the city. Crowds gathered along the streets traversed by the procession to witness a spectacle which Rome has not seen since the old papal days.

That Is Story Halifax Has Heard

Statement Attributed to Minister of Marine, Who Is Declared to Have Grown Tired or Delay and Is Taking Matter Into His Own Hands.

Halifax, May 4—The Daily Echo says today: "Things are in an unsettled state at the Halifax dockyard and there seems to be an element of uncertainty among the employes as to the future. Some have left to take other situations in view of the orders to close the yard. It was reported that a former official of the yard, a well known Halifax man, was to return here in connection with the situation, but later advice is that he is to remain at Ottawa. Several officials of the yard have been at Ottawa, but there is no announcement there of any change in the situation.

A story that has leaked out from Ottawa, however, puts a new face on the whole naval policy matter. According to this story Jellicoe's overseas naval programme is to be carried out by the Canadian government and Canada is to have a modern navy comprising battle cruisers, destroyers, etc. to be the gift of the British admiralty. This is said to have been a statement made privately by the minister of marine.

"It is said that the recent order of the government that the naval stations and dockyards go out of commission and the officers and employes be discharged appears now a camouflaged method to allow of the introduction of a new naval programme with a clean slate. The minister is reported as saying that he is tired of the phylandering and criss-crossing going on in connection with the Jellicoe programme and is taking the matter wholly in his own hands. Great Britain will be asked for a gift of battle cruisers, destroyers and other craft as a nucleus for a new Canadian navy, the dockyards will be re-established and the navy manned by young officers trained in the late war.

Canada did not reject Jellicoe's plan entirely, as stated in the British House of Commons. The plan will be adapted to Canada's needs and the offering of the dockyards at Halifax and Esquimaux, as well as of the ships will be new. Captain Hogg, late superintendent of the Halifax dockyard, has been in Esquimaux in connection with the new programme not yet officially announced and soon will call for the attention of the minister in connection with the concrete methods of carrying out the new Canadian naval plan, and will return as commander of Canadian naval dockyards and stations. Word has been sent by relatives on the 'inside' to young Canadian officers serving in the imperial navy of the new programme with the advice that they seek discharge therefrom or transfer to the Canadian navy, wherein chances of promotion will be much better."

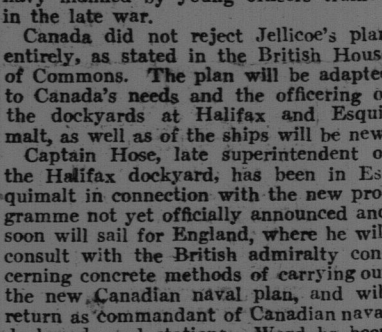

NO HEADWAY BY STRIKE IN FRANCE IS ANNOUNCEMENT

Paris, May 4—Information late last night showed the strike was making virtually no headway. While most of the dock workers at Bordeaux, Marseilles, Havre, Brest and Dunkirk went out yesterday, many of the railroad men are returning to their work. As for the miners, who constitute the third section of the triple alliance, the men in the important fields have brought about a partial strike, but those in the principal fields to the north have not yet decided to join the movement. There is a general opinion among them that as they have not been called upon to support the railroads, the movement, so far as they are concerned, is non-existent.

The general federation of labor in another long manifesto last night, announced it has made arrangements to keep the food supply of the country from being interrupted. It protests against the arrest of labor leaders and reiterates that the movement "is a struggle for reorganization of economic life, which will benefit all classes except capitalists and profiteers."

TETRATEN THE DERBY FAVORITE

London, May 4—Betting on the Derby follows: Tetraten, 7 to 2; Alency, 100 to 15; Prince Galahad, 9 to 1; Kerassou, 25 to 1.

Sir Richard Winfrey, M. P. for Norfolk, England, the parliamentary secretary for the department of agriculture in Lloyd George's cabinet 1915-1919, who arrived in Toronto this week. He is known as the Food King of England.

ASTRONOMER CLAIMS EXISTENCE OF UNIVERSE BEYOND OUR OWN

Mount Wilson Observer Attacks Long-Accepted Theory and Fixes Limit of Single Cosmos Beyond Which is Endless Space.

(N. Y. Evening Post) . . . Is our universe, with its illimitable space, its 3,000,000,000 stars and countless solar systems, without a counterpart? Do astronomers, searching out into space with telescopic eyes at faint, far-distant stars, see the utmost edges of a single cosmos beyond which is only endless space? Since the beginning of astronomical research scientists have answered these questions with a sturdy affirmative.

But now this long defended postulate is being questioned. During yesterday's session of the National Academy of Sciences at Washington, Dr. Harlow Shapley of the Mount Wilson Solar Observatory advanced the theory that beyond the vast limits of this universe are innumerable others, each with its thousands of solar systems.

Furthermore, Dr. Shapley declared that these are visible through the telescope as dim star clusters or nebulous whirls. The visibility of these clusters or nebulae is nothing newly discovered, but the theory that they are vast galaxies, some of them outstripping our Milky Way, is entirely new. Other astronomers, clinging to the old theory of a single universe, have regarded these dim clusters as being merely nebulous whirls—star dust—within our universal space.

But the old theory that the Milky Way contains virtually all the stars, nebulae and star clusters has its zealous defenders. Dr. Heber D. Curtis of Lick Observatory, California, speaking with Dr. Shapley before the Academy of Sciences, not only asserted his belief in a single universe but in addition defined its probable limits.

People have speculated for years on the limits of this universe, but the speculations usually had no scientific foundation. Dr. Curtis believes the universe to be 30,000 light-years in diameter. When it is explained that a light-year is the distance that light, which has a velocity of 186,000 miles a second, will traverse in a year's time, this diameter seems staggering to our comprehension. In one hour a beam of light would travel 689,600,000 miles; a light-year is equivalent to 5,865,696,000,000 miles; and multiplying this by 30,000 the probable diameter of this galaxy of stars is obtained, 175,970,880,000,000 miles. It becomes readily apparent why the unit "light-year" is used by astronomers; otherwise their computations would become involved with absurdly large numbers of miles.

Dr. Shapley contended, however, that this figure was much too small and estimated the diameter of this universe to be ten times Dr. Curtis's estimate, or 300,000 light-years. Far beyond this distance are the spiral nebulae, those dim, pearly clusters which he contends are really other vast universes. According to this conception, if our entire universe, the Milky Way, and its three billion suns were suddenly blotted out of existence it would be hundreds of thousands of years before the denizens of a world in one of these far-off clusters would observe the change, and then only by the sudden flickering out of a faintly luminous spot through a telescope.

OWNERS IN CHARGE. The original owners of The King Square Sales Company are again in charge of the big store, for years known as the House of Bargains. No more commissions will be paid to so-called sales-promoters. We'll do our own buying and selling, and let the public take advantage of the subsequent lower prices. Come now, and you're sure to buy. King Square Sales Company.

Mina's Liniment used by Physicians.

LORD SHAUGHNESSY NOW AN ENGINEER.

Several events occurred at the final meeting for the season of the Montreal branch of the Engineering Institute of Canada the other night that made it an occasion unique in the annals of the institute. Lord Shaughnessy, chairman of the C. P. R., and Sir John Kennedy, dean of the engineering profession in Canada, both received gold badges as honorary members of the institute, the badges being exact replicas of that struck for the Prince of Wales when, during his visit here last year, he consented to become an honorary member of the institute. The presentations were made by Controller R. A. Ross, as president of the Canadian Engineering Institute, and were carried out with full ceremonial, both recipients making brief speeches of appreciation.

FINGER PRINTS NEVER FAIL, SAYS POLICE EXPERT

Fear of Duplication Without Basis, Declares Kuhne

Ex-Detective in New York Plans Use of Method in Large Industrial Plants — He Goes Into Details.

Detective Frederick Kuhne, for nearly twenty years attached to the bureau of identification at police headquarters, who was retired on a pension the other day, says that he now begins to realize the nature of the burden he has been carrying while serving the city as an identification expert. It was a burden, he says, of vague fear, the fear that sometime, somewhere a case might turn up of a man or woman having the same sort of finger prints as another person.

"What would happen in that event?" was asked, says L. P. in the New York Evening Post. "It would mean," he said, "that the whole science of identification by finger prints—the one sure and certain and infallible method—would have to go into the discard. It would mean that they might as well throw away those three hundred odd thousand finger prints they have on record at police headquarters." He added, however, that there was no chance of duplication. He was confident of this, so confident that, having discovered the nature of the impalpable dust which had annoyed him while he was serving in the bureau, he was absolutely disgusted with himself. Mr. Kuhne has made a science of the identification of criminals. He is a graduate of the

BIG REDUCTIONS

"The Store of Correct Millinery"

All Pattern and Trimmed Hats to Be Reduced One-Third of Original Price.

Untrimmed Hats All Reduced.

Have to Make Room for New Mid-Summer Stock.

SALE COMMENCES WEDNESDAY MORNING

Mrs. M. A. Quinlan 89 Germain Street

The Daylo Says "O. K."

WHEN you think some prowler is on mischief bent, reach for your Eveready Daylo and send its investigating beam of light out on patrol. It reports instantly. It may save valuable minutes if things are not O. K.

Avail yourself of Eveready Daylo protection and convenience. It's the light that says, "There it is!"

Eveready Daylos are made in sizes suitable for over 150 different home uses. There's a model and size exactly suited for the purpose you have in mind.

Coming soon: Another great Eveready Contest. \$10,000 in Cash Prizes. Ask Daylo dealers for details.

CANADIAN NATIONAL CARBON CO. Limited Toronto, Canada

For ignition on tractors, Ford's gas engine; for ringing door-bells and buzzers; for operating door openers—for every purpose where dry cells are needed, you get a longer lasting, more powerful and economical, more compact package of electric power if you use Columbia "Hot Shot" Dry Batteries.

College of the City of New York and has written a book on the subject of finger prints that has everywhere been accepted as standard.

"It has been estimated," he said "that the chances of two persons turning up with the same finger tip markings is about equal to taking a million pins and scattering them over a floor, then gathering up these pins, scattering them again, and having every pin lie in precisely the same spot it occupied at the first scattering. You may estimate, then, what the chances of duplication are."

Mr. Kuhne said that it was nature's one means of showing absolute originality. The only analogy is the leaves of a tree, no two of which in their markings are ever alike. There are individuals, he pointed out, who look absolutely alike as to feature, who have the same manner of speech, who are similar in many ways, but in finger prints nature insists upon variation.

This suggested to Mr. Kuhne a story. "One day," he said, "we brought the Terry Twins—vaudeville performers—to headquarters. We had one of them talk to a police inspector, then took occasion to distract his attention. At that time we withdrew the twin to whom he had been talking and switched the other twin on him. The inspector returned to the conversation, having not the slightest idea that he was not confronting the same person with whom he had originally been speaking. These twins were the same in every respect. Their Bertillon measurements tallied to a dot. Their voices had the same sound, their speech had the same manner. Yet when we took their finger prints the difference was so marked that only half a glance revealed that difference."

All Prints Are Different. Kuhne was not sure that human-kind at present upon the earth do not offer a reissue, so to speak, of finger prints in vogue say in the time of Ptolemy. It might be so. It would be interesting to know, he thought. But of course this cannot be known. All that he is certain of is that no two persons living in the world today can show similar finger prints. Jurists accept this fact. They

wish to know only that the person or persons making an identification are qualified to do so.

Kuhne has the honor of making the only identification of finger prints which has led to a conviction of murder in the first degree in the history of the police department of this city.

"The case," he said, "was that of a colored man named Roberts, who was employed in a novelty house on Broadway. The safe was robbed. The bureau of identification examined the safe and found a finger mark, a right index finger, as it turned out. This one mark he photographed and took to headquarters. It looked like an inside job and so the employees of the firm were all finger printed. Roberts' right index finger corresponded exactly. But the firm would not prosecute him; merely fired him.

Some time later a jewelry salesman named Vogel was found murdered in a store on Canal street. The body was down in the cellar, where evidently preparations had been made to burn it. Upstairs was found a gold cigarette case which was identified as having belonged to the murdered man. On the case was a finger print. We powdered the print and photographed it. While we were examining it a detective walked into the bureau.

"You know," he said, "that that colored fellow Roberts who was turned up in the Broadway safe robbery worked on the place where Vogel was killed." "Well," I said to him, "go out and bring him in; for we've just compared Roberts' finger print with the print on the cigarette case and both are alike."

So Roberts was arrested, was indicted, tried and convicted of murder. Kuhne

says that often mysteries are cleared up in this way. Finger prints taken off a window in a hotel room where robbery or some other crime has been committed have led to the identification of the perpetrators.

No Character Indices. "Have finger prints anything to do with character?" was asked. "That is, can you arrange finger prints into a sort of criminal classification?"

"No," he replied. "Finger prints have nothing to do with character, nothing whatever. A man's finger prints are the same at birth and at death. An unformed boy of twelve may be perfectly honest. At thirty he may be a confirmed crook. But at both ages there will be no difference in finger markings, unless he be a mason, a plasterer, a dishwasher or something of the sort. We can make a general guess about such persons because the corrugated ridges of the skin on the finger tips have been worn down. You see, the whole scheme of finger printing is possible because the skin on the finger tips is corrugated, because, I suppose, corrugated skin stand wear. Then, on the tops of those ridges are pores through which moisture exudes. It is this moisture, of course, which makes the finger print."

Kuhne pointed out the significance of the pore holes. He said that they played as important a part in identification as the ridge marks themselves. For example, a finger print might show two or three or four or five holes (two distant loops) and accidental (markings that fall in no definite category; these are extremely rare).

While, as Kuhne said, finger prints do not define character, or profession or occupation—with the exceptions above noted—a male from a female finger print can usually be told because of the finger ridges on the woman's finger.

Prints are taken of every person arrested for a major crime who has previously been arrested and of persons convicted of major crimes. If a person charged for crime is declared not guilty he has, under the law, a right to demand the return to him of his finger prints, assuming such prints have been taken. There is a finger print system in vogue in the magistrates' courts. And at the morgue a representative of the Police Bureau of Missing Persons takes finger prints of unknown dead brought there. This process has resulted in the identification of some seventy-five dead persons. The only trouble is that an unknown dead man has to have been a criminal and have finger prints taken in order to escape a nameless grave.

Kuhne and several men who were associated with him in the police department are going to form a company to further the cause of finger prints for all persons, in particular for employees of great industrial and financial concerns and other where the value of identification of the sort will be apparent.

Death of Playwright. New York, May 4.—William Thompson Price, playwright and author, died yesterday in a hospital here of an affection of the heart. He was seventy-five years old.

TROUBLE GROWS OUT OF VISIT OF MARSHAL JOFFRE

Barcelona, May 4.—The visit of Marshal Joffre to Barcelona developed into a great Catalanist political demonstration which led to a serious incident. This was a collision between the regional authorities and the Catalanist municipal guards. Two of the guards were wounded.

ANIMALS STARVED IN BUDAPEST ZOO

Budapest, May 4.—Six hundred animals are all that remain of the thirteen hundred specimens which the Budapest Zoo boasted before the war. There was a constant lack of food for the animals, and as a result they perished. Those surviving are in an emaciated condition, owing to the depreciated value money, the municipal council is unable to buy new specimens.

LOCAL NEWS

A case of gin, addressed to John Carroll, was seized in a local express office yesterday, there being no such name in the city directory.

Captain D. P. Palin, of London (Eng.), arrived in the city yesterday. He intends to take up market gardening on a large scale in this province, if he can find a suitable farm.

Application has been made to the Canadian Railway Board by all the steam railroads of Canada for authority to increase sleeping and parlor car tolls after May 15.

C. W. deForest received word yesterday that his brother, Harry deForest, who was formerly well known as a merchant in this city, is now seriously ill in Chicago. Mr. deForest left last night to go to his brother.

H. R. McLellan, secretary of the Commercial Club, returned yesterday from Boston, where he had gone on business connected with the new hotel project. He reports that matters are progressing favorably.

Harry Breaux of St. John, and G. S. Lawson of Fairville have been appointed fishery officers by the dominion government with the power of justices of the peace and to inspect canned and shell fish.

A memorial is to be erected in St. Mary's church, Waterloo street, in memory of the members of Marlborough Lodge, Sons of England, who fell in the war. The congregation at a meeting last night decided to increase the stipend of the rector, R. Taylor McKim, by \$200.

Harold E. Kane, who has for some years been traveling freight tariff inspector of the C. P. R., has resigned to accept the appointment of chief clerk in the office of the Canadian Government Merchant Marine here.

The new city council met yesterday afternoon in the office of Mayor Schofield and discussed informally the plans and problems of the various departments. It was more of a "get-acquainted" session than anything else, and was not open to the public. The first public meeting of the new council will be held this afternoon.

The following residents of New Brunswick have been granted naturalization papers and rights of citizenship: David Miller Bruce, organ pipe manufacturer, native of the United States, St. Stephen; Joseph Rabinowitch, teacher, native of Russia, Campbellton; Vincenzo di Giacinto, billiard and pool parlor owner, native of Italy, St. Stephen; Rev. Ole N. Flugstad, minister of the Gospel, native of Norway, Fredericton.

The following commissioners for New Brunswick have been appointed to investigate into and report upon the question of the advantage of uniformity in the laws relating to the welfare of those engaged in industrial work on behalf of the government, Hon. C. W. Robinson, Moncton; on behalf of the employers, Angus McLean, Bathurst; on behalf of the employees, George R. Melvin, St. John.

At a meeting of the Brunswick Chapter of the I. O. D. E., held yesterday afternoon at the home of Mrs. Harold Mayes, much interest was taken in a list of children of fallen and disabled soldiers and it was decided to adopt and educate one of these children as part of their Empire Day recognition. An I. O. D. E. library will be presented to one of the schools on that day also. Mrs. J. B. Travers, the regent, president, and Mrs. Fitzandolph reported satisfactory results from the bridge held last month.

The stockholders of the New Brunswick Railroad Company will meet in a few weeks to dispose of the remaining property of the company. This company is still in existence although it operates no trains. It is indicated that the Fraser Paper Company will be the purchaser of the property. About twenty-five years ago the C. P. R. acquired the railway property of this company, but the company still maintains an office in this city. The property now owned by this company consists of lumber lands along the St. John river.

The annual meeting of the International Longshoremen's Union was held last evening in the Seamen's Institute and was very largely attended. The president, John H. Sherwood, was in the chair and after the minutes of the last meeting were read and adopted, and routine business transacted, the election of officers took place. All the officers of the union were re-elected as follows: President, John H. Sherwood; senior vice-president, Thomas Sullivan; junior vice-president, J. J. Donovan; secretary-treasurer, C. G. Langlois; business agent, John McKinnon; marshal, Peter LeClair.

The Evening Times and Star

ST. JOHN, N. B., MAY 4, 1920.

The St. John Evening Times is printed at 27 and 29 Canterbury Street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

A FORWARD PROGRAMME

Mayor Schofield has outlined the more important matters with which the city council should deal, and has declared himself in favor of a progressive policy. He regards the streets as of first importance, and favors an extensive and continuous paving programme.

and which will be more valuable from year to year, to check up the claim made in conserving human life. There is great force in Dr. Roberts' contention that we can increase our population in no other way so satisfactorily as by saving the infant lives, of which so many are lost before the little ones have attained the age of one year.

All this is good doctrine. The citizens will welcome a general forward movement. Intelligent leadership will bring a cheerful response. Confidence begets confidence, and the mayor and commissioners will do well to be both optimistic and progressive.

It is clearly the duty of every citizen to cooperate in the conservation of human life. The moment it is clear that progress is the watchword of the great deal can be accomplished in two years of a city's life.

MARITIME UNION

The premier of the province, the acting leader of the opposition, the mayor of St. John and a number of active members of the board of trade put themselves on record last evening as supporters of the principle of maritime union.

Retiring Mayor Hayes, in his address to the council yesterday, was able to review a period of four years of activity and to present financial comparisons which show how the increased cost of living has advanced the cost of the various services.

The remarks made by Hon. Mr. Baxter and Premier Foster in support of the principle of maritime union were not less emphatic. Indeed there was no dissenting voice at last night's meeting.

When skies are blue and days are bright A kitchen garden's my delight, Set round with rows of decent box, And blowy girls of hollyhock.

THE PUBLIC HEALTH

The brief address by Hon. Dr. Roberts to the Rotary Club yesterday presented the case very forcibly for public health laws and regulations, a thoroughly equipped and active health department, and the co-operation of the people in a continuous health programme.

As his host was about to pay for it, Sandy stopped him. "No," he said, "I'll not allow it. You've been keeping me in everything at yer house for a month, and ye've treated me to the theatres, and cab fares, and paid for all the drinks. I tell ye, I'll have na' more of it; we'll toss for this an' that."

"My tailor wants me to pay up." "And mine wants me to pay down." "What's the difference?" "In one instance he has delivered the goods; in the other he hasn't and won't."

Had His Doubts. "Figures won't lie!" declared the statistician. "Maybe you're right," answered the mild-mannered citizen. "And yet, somehow, I can't put implicit faith in the numbers that go up on a taxi-cab register."

Rippling Rhymes by Walt Mason

(Copyright by George Matthew Adams.)

CHANGING STYLES

Last year I bought a limousine, the latest thing in boats, and it was painted black and green, and cost me many goals. "It is the very latest word in cars," the agent cried; "all other cars will look absurd, this noble bus beside."

CANADA—EAST AND WEST

Domestic Happenings of Other Days

THE CAPTURE OF WINBURG.

On the fifth of May, 1900, Canadian troops, in conjunction with the imperials, entered the strategic town of Winburg, South Africa as victors. They had been chasing the Boers in the fight to maintain the South Africa for the Empire.

SEEKING IMMIGRANTS

"We only need to spread the truth about western Canada to attract settlers," said Dr. A. O. MacIntosh of Calgary recently. "We do not need to resort to professional boosting methods. Experience has long since taught us that the truth will tell all that is required."

A KITCHEN GARDEN'S MY DELIGHT

When skies are blue and days are bright A kitchen garden's my delight, Set round with rows of decent box, And blowy girls of hollyhock.

LIGHTER VEIN

Sandy had been staying with some friends for about a month, and while he and his host were out for a walk one day they called at a wayside inn for a drink.

TRADES UP AND DOWNS

"My tailor wants me to pay up." "And mine wants me to pay down." "What's the difference?" "In one instance he has delivered the goods; in the other he hasn't and won't."

A REAL SURPRISE

"Where are you going, ma?" asked the youngest of five children. "I'm going to a surprise party, my dear," answered the mother. "Are we all going, too?"

A PRACTICAL GIRL

"They say that stolen kisses are the sweetest," he said, as they sat on the piazza looking at the moon. "Indeed," she said. "Yes. What do you think about it?"

PROHIBITION PAYS

RECENT WEDDINGS

The marriage of Miss Daisy Marie Branscombe to Heber Camp McQuinn took place at Penobscot on Thursday evening, April 29. The ceremony was performed by Rev. Abram Perry.

At Pasadena, Cal., on April 27, the marriage took place of Miss Cleo Jeffrey and James Cameron Baker. Rev. Patrick Kirk officiated. The bride is a daughter of Mrs. May Jeffrey of this city.

RECENT DEATHS

Mrs. Elizabeth Sears, aged seventy-six years, passed away on May - at the home of her daughter, Mrs. John Gray, Chatham, N. B.

The death of Mrs. Edward D. Vallis occurred on April 29, at her home in New Jerusalem. Mrs. Harris H. Reid and John D. Dunn of this city are daughter and brother respectively.

Omaha, May 8.—Thomas Morris, aged 126, and probably the oldest man in the world, died near Ainslie (Neb.) yesterday.

LOCAL NEWS

The St. John Policemen's Protective Association met yesterday afternoon and evening. Only routine business was transacted.

Rev. David and Mrs. Hutchinson left last evening for Toronto to attend a meeting of the Baptist Foreign Mission Board. They will visit Brantford before returning to St. John.

In St. Luke's church, Main street, last evening, Bishop Richardson, assisted by Rev. E. P. Wright, administered confirmation to twenty-seven candidates. A full choir rendered excellent music.

The Epworth League of Exmouth street church last night heard an excellent lecture on John Bunyan and his immortal allegory "Pilgrim's Progress." The lecture was delivered by the pastor, Rev. G. F. Dawson, and was much enjoyed.

At the regular monthly meeting of the G. W. Y. A. held in their rooms last evening a strong resolution was adopted in favor of economy to reduce cost of living and bringing down prices by wearing old clothes and refusing to purchase clothing while the prices still remain high.

After having seen five years of service, Sergeant-Major Carl Blackadar passed through the city yesterday en route to Halifax where he will secure his well-earned discharge. He is a former resident of St. John. Mr. Blackadar was in business in Vancouver, but since his return from overseas he has been engaged in repatriating Chinese coolies.

About thirty-five members of the Loyalist Chapter of the I. O. D. E. were entertained at luncheon at the home of Mrs. F. S. Crosby, Rothney, yesterday by the Rothney members. The regent, Mrs. Heber Vroom, presided for the business session. Plans were made for the chapter's annual sale. Miss Ford, Mrs. Crosby, Miss Clara Schofield, Mrs. Lockhart and Mrs. N. R. DesBrisay were appointed to have charge of the different tables at the sale.

During the last few weeks several acceptable additions have been added to the list of collections at the Natural History Museum. An old leather bound Bible dated 1776, was presented by Mrs. C. W. McKee, and Dr. L. A. Langstroth presented eleven valuable pieces from his collection of rare Canadian coins. An old pair of copper scales and a bouquet of flowers was presented by Miss Mary Reynolds, while Miss Hazel Diblee presented an East Indian water cooler.

The closing meeting of St. Monica's Society for the winter season was held in the K. of C. rooms last evening with the president, Mrs. D. P. Chisholm, in the chair. An address and beautiful bouquet of flowers was presented to Mrs. H. C. Grout by Mrs. D. C. Dearden. Mrs. Richard O'Brien was appointed convener of the committee from the society that will have charge of the luncheon for one day to the delegates to the annual meeting of the National Council of Women.

GET READY.
Mr. Brown says something is likely to happen when the public market is full of Bargains. We agree. King Square Sales Company.

MORNING NEWS OVER THE WIRES

The price of stove coal will now be \$16 a ton according to an announcement made by Montreal coal dealers yesterday. This increase is caused by the recent increase in wages granted to miners.

Thomas W. Simkin of New York, who shot and killed Dr. James White Markee, a distinguished surgeon, was committed to the state asylum for the criminally insane at Manhattan yesterday.

E. B. Dwyer of Bangor has purchased the timber lands, last year's cut and equipment of McKay & McLean at Parrsboro. Operations will be carried on as under the old management.

About 100 bakers at Halifax and Dartmouth went on strike last evening demanding an increase in wages of fifteen per cent. On April 1 the men notified their employers that they wanted an increase in pay.

At the monthly meeting of the city council at Fredericton last night it was decided to increase the salary of the police magistrate, Walter Limerick, from \$800 to \$1,000. In addition to this he receives \$1,000 as judge of the city court.

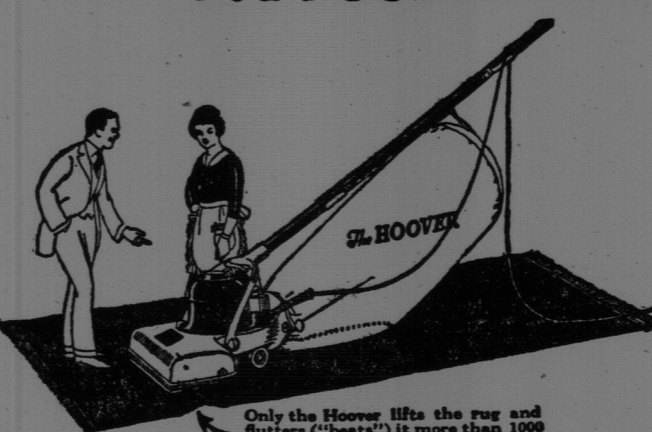

The performance "One Night in Rome" which was broken up last Thursday night when presented in London, was received with good will last night at the Garrick Theatre, London. Miss Lettice Taylor, the star, was given an ovation.

The contract for the construction of the proposed Fraser Memorial Hospital at Fredericton has been awarded to the George A. Fuller Co. of Montreal. The contract calls for completion by March 1, 1921. The estimated cost is between \$150,000 and \$200,000.

Announcing The Hoover Electric Suction Sweeper

The costliness of Rugs today makes advisable their careful preservation. Frequent and thorough cleansing prolongs their years of usefulness and beauty. A thorough cleaning consists of three essentials:—
BEATING — to dislodge destructive grit; **SWEEPING** to straighten crushed nap and detach stubborn, clinging matter; **SUCTION-CLEANING** to remove surface dirt.
The **HOOVER** is the only machine on the market that combines all three, is the latest selling electric cleaner in the world, and very easily managed.
We will make a home demonstration without obligation and advise you to look into this matter right away.

We are sole agents in this city for the Hoover and are now showing the very latest 1920 models.
Come in or Phone For Demonstration

The Pa-Nit Needle

is being demonstrated at our Hosiery Counter. This is very interesting to fancy work lovers. By means of this needle all materials from Sheer Georgette to heavy materials for door mats may be easily and effectively embroidered in handsome patterns and colorings.

Embroidery may be done in silk, wool or baby ribbon and is very attractive on smocks, hat bands, hand bags, cushions, frocks and other things.

Have a Talk to the Demonstrator!

New Wool Skirts of Plaids or Stripes

It would be hard to imagine anything smarter than the latest arrivals to our stock.

Stripes and plaids of various light and dark colors are made with accordion, box or side pleats with fancy belts and button trimmings. Some have stripes running around skirt, others up and down, and every one is a style revelation.

Navy Serge Skirts are stitched with fancy colors in patterns to form blocks or in bordered effects.

Wool Serge and Two-colored Striped Silk Skirts are also showing here.

N. B. M. P.'S IN DISCUSSION IN THE COMMONS

Franchise Bill and Matter of Freight Payments in United States Money.

(Canadian Press.)
Ottawa, May 4.—Yesterday in the house of commons an act to amend the opium and narcotic drug act was given third reading. A bill to repeal certain sections of the inspection and sale act, relating to the dimensions of fruit packages, was introduced. Third reading was given to an amendment to the petroleum and naphtha inspection act. Second reading was given to a bill to amend the industrial disputes act. Further consideration was given the franchise bill in committee.

The senate did not sit.
R. W. Wigmore of St. John read a telegram received from St. John protesting low prices being quoted for all rates on goods coming from the United States to Canada must be paid in American funds.
Sir George E. Foster said that the question had already been brought to the attention of the government and was receiving careful consideration.
On the franchise bill Hon. Hugh Guthrie, solicitor-general, agreed to an amendment which would open city polls at 6 o'clock and rural polls at 8 o'clock, in each case the hour of closing would be 6 p. m.
Among the rural members who spoke against opening the polls at 6 o'clock was T. W. Caldwell of Carleton-Victoria.
A. T. Leger of Kent, N. B., said that his experience as a returning officer was that the first hour of the day brought very few voters.
A. B. Copp of Westmorland said that while twelve hours of voting might be necessary in the cities, it was an unnecessary hardship in the country districts.
Mr. Guthrie introduced an amendment providing that railway men who were unable to vote at an advanced poll should be permitted to vote at the poll where they were registered on election day. The amendment was carried.

Noted Sculptor Dead.

New York, May 4.—The death of Francois Michel Louis Tonetti, a widely known sculptor, is announced here. He was born in Paris in 1858. He did work on the foundation at the Chicago world's fair, the Brooklyn arch, New York customs house, the New York public library, and collaborated with St. Gaudens in work at the congressional library at Washington. His most recent work is a figure symbolizing the battle of the Marne.

Minard's Liniment Co., Limited.
I was very sick with Quinsy and thought I would strangle. I used MINARD'S LINIMENT and it relieved me at once. I am never without it now.
Yours gratefully,
MRS. C. D. PRINCE.
Nauwigewauk, Oct. 21st.

WOMEN! DYE IT AND SEE!

The Direction Book in package tells plainly how to diamond-dye over any color. You can not make a mistake. To match material, have druggist show you "Diamond Dye" Color Card. Accept no substitute!

HOW THE GERMAN FLEET IS DIVIDED

London, May 4.—Six former German warships, the Baden, Helgoland, Posen, Rhineland, West Falen, and Nurnberg, and 124 submarines have been allocated to Great Britain, according to an announcement in the House yesterday. The United States will get the Oatfriestand and Frankfurt.
France has been awarded the Thuringen and Zenden and thirty-eight submarines; Japan will get the Oldenburg, Nassau and Augsburg, and Italy will receive seven submarines. The ships scuttled at Scapa Flow, says the announcement, are to go to Great Britain.
Allocation of the remains of twelve light cruisers, fifty-nine destroyers and fifty torpedo boats, the commoners were informed, depends on the selections made by France and Italy from the ships to be surrendered under the Austrian treaty.

PLACE OF HONOR FOR FRENCH MISSION AT THE CANONIZATION.

Rome, May 4.—Pope Benedict has notified by the French government that Gabriele Hanotaux, who is to head the French mission to Rome for the canonization of Joan of Arc, will reach Rome on May 6, and bring with him special credentials.
The Pontiff is particularly gratified over the choice of Mr. Hanotaux, who is the author of a biography of Joan of Arc. He will receive Mr. Hanotaux in private audience May 10, and has ordered that the French mission be given a place of honor at the canonization.

SOLDIER ACQUITTED OF MURDER OF SERGEANT.

New York, May 4.—Private George W. Barry, charged with the murder of Sergeant F. H. King, at Fort Totten, Long Island, on March 29, 1919, last night was acquitted by a jury in Brooklyn.

THE LIFE OF THE LIVER

Whether life is worth living or not depends upon the liver. Cut out meats and other foods that clog the liver, drink lots of pure water, eat Shredded Wheat and fresh, green vegetables. Shredded Wheat contains all the vitamins and all the tissue-building elements in the whole wheat prepared in a digestible form. Two of these crisp little loaves of baked whole wheat with hot milk or cream make a nourishing, satisfying meal at a cost of a few cents.

Chorea—St. Vitus' Dance

When children's nerves become starved and exhausted their trouble usually takes the form of Chorea, St. Vitus' Dance or Convulsions. Rapid growth—physiological changes—urgent school work and examinations mean a tremendous strain on the nervous system of the child who is naturally of a nervous temperament.

St. Vitus Dance Twitching Nerves St. Vitus' Dance Convulsions Mrs. Wm. Matt, Cordova, Man., writes: "My little girl, ten years old, was not very bright and I noticed some rather odd ways about her. She used to act very strangely at times. I asked the doctor what could be the matter, and he said she had St. Vitus' Dance, to keep her quiet and out of school. He said treatments weren't of any use for her. She was affected in this way for a year. I thought something ought to be done, so in looking over Dr. Chase's Nerve Food, I read several testimonials from people who had used Dr. Chase's Nerve Food. I sent for six boxes, and started the use for her. Before she had finished the first box I could see a great change in her, and by the time she had taken the six boxes, she was completely cured. She is real well now, and going to school every day."

LOCAL NEWS

DID NOT LIKE HOLD-UP.

Considerable inconvenience was caused citizens this morning by a freight train which blocked Mill street crossing for upwards of ten minutes. Street cars, teams and automobiles were held up. The occupants registered varying degrees of heat and told the world what they thought of such a state-of-affairs.

RIVER STEAMERS

The steamer Majestic left Indiantown this morning on her first trip of the season up the Washadmoak for Cole's Island. She had twice as much freight as she could carry and will be assured of a full cargo on her return. She had been running on the main river route to Fredericton, but was replaced yesterday by the D. J. Purdy. The steamer Premier arrived down river this afternoon from Upper Jemseg with a fairly large cargo. She will leave tomorrow morning on her first trip up Grand Lake.

STOPPED IN TIME.

A head-on collision was averted at the Union station at noon today. A freight train consisting of thirty-four cars and an engine was coming down the grade from Camden street and started across Mill into the station when a shunting engine came steaming out of the station. The engines were only a short distance apart when the emergency brakes on the freight brought it to a stop. The freight was stalled for some time and as a result traffic along Mill street was tied up for a time. Although an accident was averted the mix-up caused some little excitement and quite a number of people gathered around.

FAIRVILLE WEDDING.

A very quiet but pretty wedding was solemnized at the home of the bride's parents, Mr. and Mrs. James L. Lawson, Fairville, on May 3, when their daughter, Kathleen, was united in marriage by Rev. A. S. Bishop to George H. Chambers, also of Fairville. The bride was given in marriage by her brother, Harry Lawson, in the absence of her father. They were married under an arch of ferns and flowers. Miss Priscilla Harris, cousin of the groom, acted as bridesmaid, while Grover Lawson, cousin of the bride, supported the groom. Miss Lillian Heine played the wedding march. The bride was dressed in brown silk and carried a bouquet of cut flowers. Her traveling costume was of sand colored serge, with hat to match. After a dainty wedding supper they left on a short wedding trip. On their return they will reside in Fairville. They have many friends who wish them much future happiness. Many beautiful presents were received, including cut glass and silver.

The Vellavia in Trouble.

Boston, May 4.—The British steamer Vellavia reported her shaft gone and asked that tugs be sent immediately, in a wireless message intercepted here today. Her position was given as about 200 miles east of New York. She left Liverpool on April 22 for New York.

DEGREE FOR

F. R. TAYLOR, K. C.

King's College to Confer D. C. L. Upon Him—Eight From St. John for B. C. L.

The annual meeting of the faculty of King's College Law School at St. John was held yesterday afternoon in the office of J. Roy Campbell, D. C. L., Princess street, with the dean, Hon. Chief Justice H. A. McKeown, in the chair. Matters of routine were transacted in connection with the closing of the law school and the recommendations of those who will receive the degree of bachelor of civil law at King's University, Windsor, this week. Some time ago Frederick R. Taylor, K. C., was recommended for the degree of doctor of civil laws and at the meeting yesterday this recommendation was approved by the faculty and the degree will be conferred at Windsor this week.

Mr. Taylor is prominent in the legal profession in this province and has been in practice here about twenty years. He is a graduate in law from Harvard University and has been a member of the faculty of King's College Law School for about seventeen years, lecturing on the difficult subjects of equity and admiralty. Many friends and associates throughout the province will be pleased to hear that he is to receive this honorary degree.

The examinations in the law school were concluded on Saturday and eight students will go to Windsor to receive the degree of bachelor of civil laws. This is one of the largest classes ever sent from this branch of the university and during the last year the school had the largest enrollment in its history, thirty-two students taking the course. The following is a list of the graduates and those who will receive degrees this year: Louis R. Gale of Young's Cove, Queens county, is a returned soldier who enlisted in the 64th Battalion as a lieutenant and was transferred to the 25th Nova Scotia Battalion, serving at the front until wounded and invalided home. He was promoted to the rank of captain and occupied a position at local military headquarters. He is a graduate from the Provincial Normal School at Fredericton and was principal of schools in British Columbia and Alberta before going overseas. He studied law in the office of Hon. J. B. M. Baxter, D. C. L., of this city.

Louis McE. Ritchie of this city is also a returned soldier who served in France with the 26th Battalion and later joined the flying corps as observer but was severely wounded when he was shot down by the Huns while scouting over their lines. He and his pilot miraculously escaped. After convalescing he was invalided home and finished his course in law this year. He is a graduate of the St. John High School and has a host of friends in this city who wish him much success in his future work.

W. Grant Smith of this city is a graduate of Mount Allison University in arts in 1918. During the war he enlisted with the forestry battalion but was transferred to the C. A. S. C. and served overseas with that unit. He finished his course in law this year and will receive his degree.

B. Bloomfield Jordan of Silver Falls, is well known in this city and has many friends who will be pleased to hear that he has successfully completed his course in law and is receiving his degree. Mr. Jordan is popular among the students and it is regretted that he will not be attending next year but the good wishes of all are extended to him for success.

Everett J. Chambers, formerly of Sussex and a graduate of the Sussex High School, is one of the number upon whom will be conferred the bachelor of civil law degree. He was principal of the Havels school for three years, having previously taken a course in the Provincial Normal School at Fredericton and passed the superior teacher's license examination. Mr. Chambers expects to take a post graduate course in law at Harvard, after which he will go to the Canadian west, where he will practice his profession. He is to leave this month for Boston. Many friends wish him much success.

J. Frank Frauley, who has been in the city for the last three years studying law, has many friends who congratulate him on graduating from the law school this year. He is the son of Frank Frauley of Point Lepreau and a popular young man.

S. Edward Hicks of Jolicure graduated from the Sackville High School and enlisted for overseas service, going over with the divisional signal company. On his return to Canada he was attached to the pay staff at Ottawa. The best wishes of his many friends are extended to him.

Frank W. W. Bartlett is also among those to receive his degree of bachelor of civil law this year. For some time he has been an energetic news writer on the Evening Times staff.

It is expected that the first full meeting of the new city council will take place this afternoon. Among the matters which will likely be taken up is that of the appointment of a committee of the council to inquire into the alleged cutting of timber from the city lands at Loch Lomond and other places. The matter had been laid over until the formation of the new council.

Dr. James H. Frink has been sworn in as commissioner of public works to administer the department left vacant by the death at the polls of Commissioner Fisher. He will take his seat in the council at this afternoon's meeting.

Mayor Schofield said this morning that Dr. Frink had explained that his resignation as government veterinarian had already gone to Ottawa and he was accordingly administered the oath of office. It is possible that he may have to go to Ottawa later in connection with the matter of his old position.

RENFORTH PLACE BOUGHT. Hartley S. Wanamaker has purchased from Josephine R. Robertson a summer house and land at Renforth.

Moving Day Means Less Than in Pre-vacuum Days!

Moving Day was the big dread of married life years ago. Seemed an endless job to get things clean and dust free in the new home. Now, with modern science at the right hand, properly equipped homes have vacuum cleaners to do the dusting, sweeping and other similar "heavy work."

How about your home? Still adhering to the old broom method of trying to clean up? Better date your happiness from today by getting a Vacuum Cleaner here where you'll find a quantity to choose from at easily graded prices.

O'Cedar Mops, Carpet Sweepers, O'Cedar Polish, etc., in abundance also.

SISTER OF BLISS
CARMAN DEAD

Was Wife of Professor
Ganong — Mrs. C. H. Giles
Dies Suddenly.

(Special to Times.)
Fredericton, N. B., May 4.—Mrs. W. F. Ganong wife of Prof. Ganong of Smith College, Northampton, Mass., is dead. Parker Glasier of Lincoln is a cousin and Bliss Carman, Canadian poet is a brother. The body will be brought here. Mrs. Charles H. Giles of Brooklands, Springfield, died this morning. She was found unconscious. She was a daughter of the late B. C. Friel of St. Marys. She is survived by her husband and two sons.

DISMISSED FROM THE
METHODIST MINISTRY

Court of Appeal, of Which
Chief Justice McKeown is
a Member, Confirms Action
Taken.

(Toronto Telegram.)
The Court of Appeal of the Methodist Church dismissed the appeal on behalf of Rev. William Ivens, B. A., B. D., and upheld the action of the Manitoba Methodist Conference this morning at a meeting in the Wesley Buildings, Queen street, west. The Rev. Mr. Ivens was literally dismissed forthwith from the Methodist ministry last May, following his action in connection with the Winnipeg One Big Union strike for which he is now serving a year in prison. The appeal was dismissed because in the opinion of the court the discipline permits "location" of a minister. The conference has satisfied itself that a minister has ceased to be willing to devote himself to the work of his ministry. The court was composed of Rev. S. D. Cowan, D. D., LL. D., general superintendent of the Methodist Church in Canada; Rev. T. Albert Moore, D. D., Rose, M. A., D. D.; Rev. Andrew Stewart, B. A., D. D.; Rev. J. W. Graham, D. D., LL. D.; Rev. C. J. Shroyer, D. D., Chief Justice McKeown, LL. D.; Judge S. A. Chesley, D. C. L.; A. W. Briggs, K. C.; Hon. Justice MacLaren, D. C. L.; L. D.; Irwin Hilliard, K. C. and Alex Mills.

A WAR ROMANCE.
Cobalt, Ont., May 4.—A war romance in which Alexander Fraser, a Nova Scotian who formerly lived here, figures prominently, is revealed in information received today that he is to return to Cobalt on next Monday. Fraser, then a blacksmith at the Nipissing mine, enlisted with the 25th battalion three years ago. Later he was transferred to the forestry with which he served in the south of France. While there he was taught French by a young lady of the district, and on taking his discharge in London last fall, he returned and married in the building of St. Quentin, but now word comes that with his bride, he will sail for Canada on Wednesday of his week.

NOTICES OF BIRTHS, MARRIAGES
AND DEATHS, 50 cents.

BIRTHS

PATMEN—On April 29, 1920, to Mr. & Mrs. E. A. Pattmen, 92 Durham street, a son—James Frederick Parrith.

MARRIAGES

WAR INDEMNITY
BILL HAS HARD
TIME IN HOUSE

Gets Second Reading in
British Commons Only
Through Concessions
Made.

(Canadian Associated Press.)
London, May 4.—The government war indemnity bill which was brought on in the House of Commons, met with much opposition and though it was given second reading by 210 to 28, it was saved only by concessions. L. Scott moved its rejection. Sir E. Carson denounced the proposal to abolish legal rights and remedies as unfair and unjust. Another member declared that deeds done under the defense of the realm act made in comparison the acts of a highway robber appear as those of a gentleman.

GOMORRAH IS
INDIGNANT

Denies He Is Terrier and His
Dad a Spaniel When Both
Are Setters—Is Glad As It
Might Have Been Worse.

It was a very indignant little rolly puppy that waddled into the Times office this morning, with tiny puppy tears streaming from his puppy eyes. After receiving the attentions of the writing staff long enough to calm his puppy emotions he made it plain that he wanted to enter protest against a slanderous statement which had appeared in one of the morning papers regarding his appearance as Gomorrah in last night's production of Pollyanna. With his stubby legs, an English setter prize winner of Dr. Gordon Saxon, and of Britain's pride, a prize winning English setter belonging to James Lattimer and that therefore he nothing whatever to do with either the son or terrier races. He further stated that it was his noble father which appeared as the grown up dog in the last act with Pollyanna. His ears cocked with pardonable pride as he remarked that his dad is only one point removed from being a champion in his class and his mother took seven out of ten points towards a championship in the last show in which she appeared.

PERSONAL

W. R. Devenish, district superintendent of the C. N. R., with headquarters in Moncton, was in the city today.
Mr. and Mrs. Charles Galloway of Woodstock, wish to announce the engagement of their daughter, Mary Eileen, to F. Frauley of St. John, N. B., the wedding to take place in June.
M. G. Teed left for Halifax last night. J. F. H. Teed is to leave today for Windsor, N. S., to be present at the opening of King's University.

Tastes

Some men prefer, perhaps with right, the girl with dreamy eyes. While others choose the maiden who is always a surprise. Some like girls strong, some like them frail, some like them big, some small. While others seem contented with most any girl at all.

It's fortunate tastes vary so, with varied kinds of men. That some prefer the peacock guy and some prefer the peacok. For there would be a heap of grief and anguish, woe and fuss. If all we men liked just one girl and she did not like us.

Attorney-General A. Mitchell Palmer, Washington, who has given an undertaking that if the Meinonite community of Manitoba and Saskatchewan settled in the United States it would be granted total immunity from military service now and in the future.

LUNCHEON TO WELCOME LORD ATHOLSTAN FROM CANADA TO ENGLAND

Lord Atholstan, proprietor of the Montreal Star and chairman of the Imperial Press Conference, was entertained at a luncheon at the Savoy hotel, presided over by Lord Burnham. Photo shows, left to right: Lord Milner, Lord Atholstan, Lord Burnham and the Duke of Devonshire at the luncheon.

OAK HALL'S
BACK HOME SALE
STARTS TODAY

Corner of King and Germain
Streets Once More Houses
Oak Hall.

Oak Hall starts today their great Back Home Sale to commemorate their return after four years absence, to the old stand at the corner of King and Germain streets.
It was that this firm, thirty-one years ago, began their career. From a very small beginning they have expanded year by year until they outgrew their quarters in 1916; erected and occupied their present magnificent building, and finally have outgrown this, so that now they are preparing for further expansion, by utilizing in conjunction with their present building, a large portion of their old stand on the corner.
When they decided on this move some six months ago, they immediately made preparations for this great Back Home Celebration.

They gathered together large quantities of men's and boy's clothing and furnishings, much of it considerably below the market quotations.
Prices, of course, have advanced considerably since then, but Oak Hall, anticipating a very large volume of business during this Back Home Celebration, have figured a very minimum of profit on costs of many months ago, so that today most of their prices are less than even the makers are quoting. This affords a real opportunity for everybody to participate with Oak Hall in this joyful return to their old home and to the corner of King and Germain streets.

PAUL DUFAULT

Canadian Tenor Makes a Hit
in Charlottetown.

The following is telegram received by Grand Knight W. M. Ryan of the Knights of Columbus here:
"Paul Dufault sang tonight under auspices of Knights of Columbus. Was a great success artistically and financially. House was sold completely and standing room at a premium. Exceeded the expectation of the Charlottetown people. You can advertise him as a wonderful singer."
"F. J. CASEY."

Taylor & Sweeney
Have Moved to the
Globe Atlantic Bldg.

We beg to announce that we have today moved our offices to 151 Prince William street, ground floor, formerly occupied by the Canadian Patriotic Fund, the Globe Atlantic building, directly opposite the post office.
Moving with us is perpetual; that is why we continue to sell property. Moving our business quarters, however, is the only kind of moving we cannot account ourselves to. We disposed of a North End property while making the shift. We don't stop for anything when it comes to selling. The performance will start at 8 o'clock and although there will be no special features outside the regular programme, those participating will undoubtedly introduce some new innovations in order to help out the good cause.

CONDENSED NEWS

The miners of Almeria, Spain, went on strike yesterday.
Gendarmerie are patrolling the streets of Valencia, Spain, following disorders with agitators.
Agricultural laborers in the province of Constantina and Aralan, Spain, have struck for increased wages.
Inations that a volcanic eruption is taking place on the Island of Old Providence, in the Caribbean Sea, are reported.
An order by the Canadian Railway Board on the matter of freight prepayment is expected soon at Ottawa.
W. U. Cable Broken.
Sydney, N. S., May 4.—When the Liverpool schooner J. A. Kuskaik drove ashore on Cranberry Head on Sunday night she caught one of the Western Union trans-Atlantic cables and broke it. The break is in shallow water and will be easily repaired.

Strike at Three Rivers Has
Been Settled

Quebec, May 4.—One thousand workmen in the employ of the Three Rivers shipyard, who had walked out a few days ago, resumed work this morning. A one year contract has been signed. Quebec, May 4.—Two strikes were in progress here today. One was at J. B. Renaud Company's, and the second among the municipal laborers. One hundred drivers have walked out of Renaud's. The difficulty was brought about when fifteen leaders of the Catholic Union were cashiered. The men allege that the employers have continually persecuted the members of the union. The laborers in the employ of the aquatic department have also stopped work. They demand forty-five cents an hour, while the city offers a raise of twenty-five cents daily.

HER BIRTHDAY

Young friends gathered at the home of Florence G. Henneberry, 186 King street, West End, last evening, the occasion being her thirteenth birthday. Songs, recitations and games were enjoyed and refreshments served. She received many beautiful remembrances in honor of the occasion. The little ones enjoyed themselves immensely and concluded the evening with the singing of national airs.

FRENCH VIEW
ON ENFORCEMENT
OF THE TREATY

Paris, May 4.—Relative to the Allied premier cause re the treaty of Versailles, the French viewpoint is that they will not discuss the principle of any clause of the treaty and will take up with the Germans only the manner of applying the terms. Prominent among the points to be taken up in London will be the interpretation of the reparations clauses and the form in which the German delegates at Spa will be told what the Allies insist upon.

INDICTMENT AGAINST
CHARLES W. MORSE

New York, May 4.—An indictment charging Charles W. Morse with violating the shipping board act, which prohibits the sale of American registered vessels to foreigners, was returned by the federal grand jury here yesterday.

LATE SHIPPING
PORT OF ST JOHN

Arrived May 4.
Coastwise—S. S. Grand Manan, 12 tons, from Wilson's Beach, Capt. W. H. W. S. S. Ruby L., 51 tons, from Margareville, Capt. C. D. Baker; gas sch Snow Maiden, 46 tons, from Grand Harbor, N. B., Capt. J. W. Foster; S. S. Stadium, 49 tons, from Alma, Capt. Charles Pike; sloop Jason B., 12 tons, from Grand Harbor, Capt. Frank Lakeman.
Sailed May 4.
S. S. Mississippi, 4236, for Havre, Capt. Gabriel Simon.

MARINE NOTES

S. S. Mississippi of the Canada Steamship Lines, sailed at 1 p. m. for Havre. Nagle & Wigmore are the local agents.

LABOR MATTERS
IN THE DOMINION

Quebec Has Two Strikes —
Company Raises Pay at
Sherbrooke and City Has
Trouble Getting Men at
Old Rate.

Quebec, May 4.—One thousand workmen in the employ of the Three Rivers shipyard, who had walked out a few days ago, resumed work this morning. A one year contract has been signed. Quebec, May 4.—Two strikes were in progress here today. One was at J. B. Renaud Company's, and the second among the municipal laborers. One hundred drivers have walked out of Renaud's. The difficulty was brought about when fifteen leaders of the Catholic Union were cashiered. The men allege that the employers have continually persecuted the members of the union. The laborers in the employ of the aquatic department have also stopped work. They demand forty-five cents an hour, while the city offers a raise of twenty-five cents daily.

DOMINION BRIDGE PLAN

Montreal, May 4.—Shareholders of the Dominion Bridge Co. yesterday approved unanimously a plan to form the Dominion Engineering Works, Limited, to take over the present bridge subsidiary, the Dominion Engineering & Machinery Company, Limited, which has been incorporated with a capital of \$5,000,000 eight per cent. cumulative preferred stock and a like amount of common, making \$10,000,000 in all; \$4,000,000 par value of each of the securities will be issued at once.
New and important interests will become associated with the bridge officials in the undertaking.

BRITISH TURF

London, May 4.—Canadian Associated Press.—The Chester Vase was today won by Buchanan, 6 to 4; Great Seal, 6 to 4, was second, and Woodrow, 9 to 1, third. Five horses ran.

LOCAL NEWS

BEER LICENSING

Chief Liquor Inspector Wilson's office reports four beer licenses issued in the city this morning.

STARTING EARLY

There are some people who evidently believe in leaving nothing to chance. Although the time for the renewal of dog licenses does not expire for some time, ten persons have already secured permission to own dogs in the city.

AUTO TIRE STOLEN

It was reported today that a new automobile tire, valued at about \$80, was stolen on last Saturday night from the Army garage. It was taken off one of the cars there.

SEVERAL APPLICANTS

Commissioner Bullock said today that he had received several applications for the position of foreman of the dock railway crew in the department of harbors, left vacant by the death of Thomas Thompson. Applications started to come in when Mr. Thompson was taken ill some four weeks ago.

THE RENFORTH TRAGEDY

No further action has yet been taken in the Renforth case, but the four young men now in custody were before the court yesterday afternoon and again remanded. There is no time set for their trial on charge of stealing the car. Dean and Currie, who were seriously injured, are much improved today, and the little girl who was struck by the car is also improving.

EPWORTH LEAGUE

The Epworth League of Zion Methodist church held its annual meeting last evening with Rev. M. E. Conroy, the pastor, in the chair. The following officers were elected: President, Miss Helen Hannah; first vice-president, Miss Gladys Carr; second vice-president, Geo. Purdy; third vice-president, Arnold Johnson; fourth vice-president, Miss Alice Daley; recording secretary, Miss Ella Irwin; treasurer, Miss A. Galt; corresponding secretary, Miss E. Tilley; organist, Miss M. Purdy.

LOCAL PILOTAGE

J. C. Chesley, local agent of the marine and fisheries department, arrived home this morning from Ottawa where he had been in connection with the taking over by the government of the pilot system. He said they will take over the system immediately and that the pilots have been instructed to procure a satisfactory boat in place of the Howard D. Troop, which was sunk in the bay recently.

BURIED TODAY

The funeral of George Pittfield Trites took place this morning from his late residence in Robtsey, to St. Paul's church, where service was conducted by Rev. Canon A. W. Daniel. Interment was made in Fernhill.
The funeral of Adam T. McColgan took place this afternoon from the residence of his brother-in-law, Peter Campbell, 45 Hazen street. Service was conducted by Rev. R. M. Legate, assisted by Rev. E. W. McKay, and interment was made in Fernhill.

ON ENFORCEMENT
OF THE TREATY

Paris, May 4.—Relative to the Allied premier cause re the treaty of Versailles, the French viewpoint is that they will not discuss the principle of any clause of the treaty and will take up with the Germans only the manner of applying the terms. Prominent among the points to be taken up in London will be the interpretation of the reparations clauses and the form in which the German delegates at Spa will be told what the Allies insist upon.

IMPROVING THE
FIRE DEPARTMENT

Commissioner Thornton
Speaks of Plans for the Im-
mediate Future — The Mat-
ter of a Permanent Depart-
ment.

In conversation with a Times reporter this morning, Commissioner Thornton said his plans for the city fire department covering the next few years would include several pieces of modern apparatus. He has already received authority to negotiate for the purchase of a new motor aerial truck which will be housed where the extension ladder truck is stationed, in No. H. & L. station. He also has in mind another combination chemical, hose and pumping engine for the city which will be placed in No. 1 Engine house. These two items will mean an expenditure of about \$35,000. Other plans include a new ladder truck for the west side and the engine from No. 1 will also be placed on the west side as soon as replaced by the motor vehicle.
The question of a motor chemical for Sand Point is awaiting a reply from the C. P. R. regarding the installation of a sprinkler system in the sheds there. Asked regarding a permanent fire department, the commissioner said that it was practically out of the question for the immediate present as the accommodations are sufficient only for the permanent members now on the force. He feels however that as soon as increased accommodation is available, a permanent department located for the most part at central point, will be the only system. Other plans of improvement will be developed as the finances of the city will warrant.

FIERCE BATTLE
FOR KIEV IS ON

Warsaw, May 3.—The Bolsheviks are entrenching in the hills on the west bank of the Dnieper in a great semi-circle with their backs against Kiev, the Ukrainian capital, according to information today from the front.
The Westmen's Gazette reports that the struggle for possession of Kiev is at its height, raging day and night.
Moscow, May 4.—Retirement of Russian Bolshevik forces from the vicinity of Fastova, about thirty-five miles southwest of Kiev, is announced in an official statement issued by the war ministry today. It says that after fighting near that village the Soviet troops are retiring to new positions. Fierce fighting continues southeast of Zherinka.

LONDON PAPERS

ON BIG MERGER

London, May 4.—The press gives ample details of the great industrial merger that Grant Morden has organized but there is little editorial comment offered.
The Times financial writer says it marks a new stage in the era of industrial combinations and it will probably prove the forerunner for others in the British Empire. It is to reap the benefits from the association of self-governing nations in development. The British steel makers are taking steps to safeguard their future supplies of raw material and providing Canada with the opportunity of working her mineral resources on a big scale. The writer urges the promoters to eschew temptation to create excessive capital.

PENILESS LAD IN
MONCTON SAYS HE IS
IN SEARCH OF SISTER

Moncton, May 4.—Saying that he is searching for his sister, a Dartmouth, N. S., lad, Dan Munro, aged eleven, has arrived here. He says he started with three cents and paid two on the harbor ferry and spent his last for candy on the train. He thinks his sister, Lena, is in Moncton or in the vicinity of Furo. He says his father is a commercial traveler. The lad being held by the authorities here for instructions from his people.

CASKS OF THE BEST
OF JAMAICA RUM

Port Arthur, Ont., May 4.—Upwards of 7,000 gallons of No. 1 Jamaica rum was unloaded yesterday from the steamer Hamonic. The spirits, shipped in huge oak casks and said to be the finest of its kind ever sent to land from Kingston, Jamaica, to Winnipeg and Vancouver.

St. Louis Jette Very Ill

Quebec, May 4.—Sir Louis Jette, former lieutenant-governor of Quebec and former chief justice of the court of appeals is very dangerously ill. On account of his advanced age there is but slight hope of recovery.

Sentence Tomorrow

Quebec, May 4.—The sessions of the criminal court for the district of Quebec are put off until next June. Telephons Gagnon and Romeo Renillard, found guilty of manslaughter, will be sentenced tomorrow morning.

WOULD GIVE UP CONTROL
OF BASKETBALL GAME

Chicago, May 4.—Basketball would be dropped from the list of controlled sports under a resolution certified to the national body by the Central Amateur Athletic Union. At a session here last night it was decided it was impossible to prevent players from competing professionally under assumed names.

The Family Smoke

"OLD CHUM" is a family friend. Grandfathers, Fathers and Sons have been smoking it for years and years.

During this half century, "OLD CHUM" has grown steadily in popularity and favour.

Every pipe smoker appreciates "OLD CHUM" quality—the choice Virginia Flake Cut tobacco—chosen by experts—stored away until the perfect tobacco taste and mellow flavour are fully developed.

It is this dependable, constant quality, maintained for years, which has made "OLD CHUM" the chum of all pipe smokers in Canada.

OLD CHUM

Canada's Favorite Pipe Tobacco.

LYNCHINGS SHOW SLIGHT DECREASE

Mobs Killed 3,224 in 30 Years —2,522 Negroes

84 Lynched in 1919—78 Were Negroes, of Whom Ten Were Ex-Soldiers.

(N. Y. Post.)

In an appeal to civic authorities and public opinion against lynching the National Association for the Advancement of Colored People cites statistics showing that in the last thirty years lynching mobs have killed 3,224 persons in the United States, of whom 2,522 were negroes and 702 white. Of the negro victims fifty were women.

That the decrease in the annual toll of mob victims has been but slight throughout this period is evidenced by the statement that during 1919, eighty-four persons were lynched, of whom seventy-eight were negroes and eleven were publicly burned alive.

The evil of this phase of mob excesses is most marked in the citation of ten instances where the negroes who served in the world war were lynched during 1919. These are given as follows:

March 14, at Pace, Fla., Bud Johnson was taken from officers and burned to death by mob. Said to have confessed to attack on white woman.

April 9, at Pickens, Miss., unknown soldier, said to have admitted he had hired a woman to write an insulting note to a white woman, was lynched.

May 21, at Eldorado, Ark., Frank Livingston, charged with killing his employer and the latter's wife, burned to death by mob of 150.

July 15, at Louise, Miss., Robert Truett, said to have insulted a white August 10, in Fayette County, Vir-

SLEEPLESS NIGHTS OVERCOME BY SAFE METHOD

Suggestions Given Whereby Insomnia Can Be Safely and Quickly Cured.

Worry, overwork, overstudy and indigestion cause insomnia.

Healthy, natural sleep can't be produced by drugs.

First, the blood circulation must be improved.

Congestion of blood in the head must be removed.

Irritation in the brain must be relieved.

It's because Ferrozone equalizes circulation, because it soothes the irritation, because it removes congestion that it does cure insomnia.

For building blood and nerve, for instilling force and life into over-worked organs, for establishing strength and vitality, where can you find anything so efficient as Ferrozone?

Remember, sleep is just as important as food.

You must sleep, or break down, but if you'll use Ferrozone and thereby remove the conditions which now keep you from sleep, you'll get well quickly.

Ferrozone is not a narcotic, not a dope; it is a health-giving tonic that any child or delicate woman can use.

Take it for a month, take it for a year—no harm, but immeasurable good will result.

To sleep well, look well, feel well, to be free from depression, nervousness or blues—use Ferrozone. It's a food tonic, a healer to the weak and wretched, a boon to the sleepless—sold in 50c. boxes, six for \$2.50, at all dealers, or direct from The Galarrubio Co., Kingston, Ont.

ton Briggs, accused of having insulted a white woman, was shot.

September 10, at Clarksdale, Miss., L. B. Reed, accused of association with white woman, was killed.

December 21, at Smithville, Ga., Charles West, accused of murder of white man, was shot.

PICKFORD DIVORCE CASE

Los Angeles, May 4—A subpoena from the district court of Douglas county, Nevada, was delivered to Mary Pickford by a United States mail carrier commanding her to appear in court at Minden, Nevada, at 10 a. m. on May 17 to answer to a suit to annul her divorce from Owen Moore.

Whether Miss Pickford's former husband will be sought by the Nevada authorities on a charge of perjury for the part he took in the now famous divorce suit will be determined, it was announced, but the case of one Floyd William Weaver, under arrest here on a charge of perjury, is declared an exactly similar case.

Captain J. W. Carter of the Nevada state police, arrived here with an executive warrant for the removal of Weaver to Reno, Nevada, where he is under indictment for swearing that he intended to make Nevada his residence, and then taking the next train from Nevada after a divorce decree had been granted.

Owen Moore testified that he did not go to Nevada to permit his wife's summons to be served on him.

"There is no ground for the criminal prosecution of Mary Pickford," said Captain Carter, "but the case of Owen Moore is different."

The validity of the Weaver warrant is to be tested in the local courts.

St. Paul's £4,000,000 Bridge.

(London Daily Mail.)

It is understood that the city corporation may apply to parliament for an extension of time for the construction of St. Paul's bridge across the Thames from Cannon street to Southward street, giving an uninterrupted view of St. Paul's from the south side of the river.

In June, 1914, the design of Washington Browne of Edinburgh was accepted in open competition, the bridge to cost £1,646,000. The bridge house estates

Muscles Mean Nothing when the nerves fall down. The nerves control the muscles. The stomach feeds both.

HAWKER'S NERVE & STOMACH TONIC

has no equal as a nerve food, blood maker and invigorator. It is an excellent remedy for depression and despondency.

Read what Rev. Wm. Lawson, formerly of Carmarthen Street Church, St. John, has to say.

"On several occasions I have suffered from severe nervous exhaustion and general debility. I was advised to use Hawker's justly celebrated Nerve and Stomach Tonic and have great pleasure in testifying to its restoring, toning, invigorating, and building up properties."

Sold by all druggists and general stores at 50c. The same price everywhere. None genuine without Company's name.

HAWKER'S TONIC AND CHERRY BALSAM IS A SAFE AND SPEEDY REMEDY FOR ALL COUGHS AND COLDS.

HAWKER'S LITTLE LIVER PILLS CORRECT ALL STOMACH ILLS.

THE CANADIAN DRUG CO., Limited, ST. JOHN, N. B.

committee entered into negotiation for buying property for the purpose of clearing the bridge head sites, but during the war actual buildings operations were suspended.

GROSS DEBT OF TORONTO

Totals \$102,000,000 — A Decrease of \$2,296,000 Over Last Year.

Finance Commissioner Bradshaw's annual report on the city of Toronto's funded debt and sinking fund has been submitted to Mayor Church.

It is made out for the year 1919, and ever since 1902, when the debt stood at \$21,000,000, there has been a yearly increase ranging from one-third of a million to \$17,000,000, until at the close of

1918 it had reached \$104,000,000.

During the year 1919, however, a reduction of \$2,296,000, or 2.21 per cent, was made, which left the debt at \$101,704,000 at the close of the year. This is the first reduction recorded in seventeen years.

Revenue-producing.

Specially rated and revenue-producing debts such as waterworks, Toronto Hydro-Electric system, car lines, etc., together with the sinking fund, leaves the net general debt at \$42,238,048.79.

A table submitted shows that the gross debt per capita has increased from \$111.02 in 1910 to \$212.62 in 1918 and \$273.98 in 1919, and the net debt from \$83.33 per capita in 1910 to \$188.95 per capita in 1918, and \$148.92 in 1919.

Apart from the existing funded debt of \$102,000,000, Toronto is to guarantee

\$3,013,103 of debentures for Hydro

reals, and \$11,075,000 for Toronto Housing Commission, Industrial Schools Association and Toronto Harbor Commission.

The accumulated sinking fund reserve is \$27,465,891.06.

The twenty-first annual meeting of the Fortnightly Club was held last evening in Bond's Restaurant, when an excellent menu was enjoyed and a very pleasant evening spent. After the king had been honored addresses were delivered by members of the club, among whom were: Dr. H. L. Spangler, A. Dodds, W. F. Hatheway, H. B. Miles, W. J. S. Myles, H. S. Culvar, W. Woods, A. H. Wetmore, William McIntosh, G. A. Henderson, William Brodie, D. King Hazen, Dr. C. M. Pratt, E. C. Weyman, H. F. Blake, E. N. Stockford and S. B. Stokes.

A Gift

A 10-Day Tube of Pepsodent is sent to all who ask. See coupon.

See How It Pays To beautify the teeth

All statements approved by high dental authorities

Millions of people now employ a new teeth cleaning method. Millions of white teeth show the results of it. This is to urge a ten-day test, to show what it means to you.

They fight the film

This new way combats film—that viscous film you feel. That is what clouds teeth and what wrecks them. Most tooth troubles are now traced to film.

Film clings to teeth, enters crevices and stays. If not removed it hardens. Then month after month, between your dental cleanings, it may do a ceaseless damage.

It is the film-coat that discolors—not the teeth. Film is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea.

The ordinary tooth paste does not dissolve film, so the tooth brush leaves much of it intact. Thus very few people escape tooth troubles, despite the daily brushing.

Now dental science has evolved a film combatant. Five years of tests have amply proved

its efficiency. Leading dentists now everywhere advise it. And it is embodied for your daily use in a dentifrice called Pepsodent—an ideal modern tooth paste.

Sent on request

A ten-day test of this new method is supplied to all who ask. Thus millions have seen the results of it.

Pepsodent is based on pepsin, the digestant of albumin. The film is albuminous matter. The object of Pepsodent is to dissolve it, then to day by day combat it.

Pepsin must be activated, and the usual agent is an acid harmful to the teeth. So this method long seemed barred. But science has discovered a harmless activating method, so active pepsin can be every day applied.

Send the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-coat disappears.

See the results and let our book explain them. Then judge for yourself what is best for you and yours. Cut out the coupon so you won't forget.

BAITING ROWELL AND BALLANTYNE

Toronto Telegram Reporter Sees the Funny Side of a House Session

Nova Scotia Sea Lawyers Take a Hand — Yearning for Knowledge Concerning Many Things — A Mail From Dr. McGibbon.

(Toronto Telegram.) Ottawa, April 29—(Staff Special)—Reconciled to the constantly increasing length of the session by the dawn of hope that increased indemnities may be the reward of patience, members of the house are in a rather a mischievous mood yesterday afternoon they baited Rowell on his opinion and drug bill. The evening, or most of it, was given over to baiting Ballantyne. The climax was reached when, on the house being moved into committee, the head page removed the name from the table. Hon. Jacques Bureau sprang to a point of order. He could see the constitution rucked and torn by this breach of parliamentary procedure and could hardly be pacified by the deputy speaker's assurance that there was no rucking in the rules that had been violated. However, with the further assurance that the sergeant-at-arms would be requested to do his own work in future, Hon. Jacques subsided and the country's business was allowed to wiggle along again.

Balks at Salary. However, there's no hurry. Hon. Jas. Calder, the Liberal boss of the Tory party, has written the opposition that a preponderance of other business will delay the budget till the middle of May. The franchise act also appears to have been caught in the jam. Nor is it the alien question that now holds up the long expected argument. No, indeed, if reports can be believed, it is a far more important matter that has intervened. These reports are to the effect that the government official who has been selected as the chief election officer under the new act has balked at the salary provided. The act fixes the stipend at \$2,800 plus his normal salary. The official says firmly \$3,000 or nothing. Unless a conciliation board is appointed, heaven only knows when the matter will be adjusted and the bill allowed to get under way once more.

Points to Rowell. Another question agitating all and sundry is "What about our first ambassador to Washington and who?" The first flower on the bush of nationhood is considered well worth plucking, even if it is as yet in doubt whether the diplomat is to be a full fledged minister or a liveried flunkey. Anyway, the finger of fate points to Mr. Rowell. He has made and remade a nation out of this broad dominion so often that he appears to have created a job that he alone could fill.

In the "baiting bees," with which the members amuse themselves for lack of something better to do, Mr. Rowell is a pronounced favorite. When he is in the spotlight, both sides of the House get busy.

With Mr. Ballantyne it is different. He is the First Lord of the Admiralty. But even a coat of cabinet paint does not make a good sailorman out of an ordinary land lubber. So a small coterie of Nova Scotia fishermen and sea lawyers, headed by Duff, of Lunenburg, poke fun at him. Mr. Ballantyne gets peeved, and though the discussions are carried on with great earnestness, it is evident that the Nova Scotians could not be happier if they had all just been appointed to jobs as brakemen on the Intercolonial.

They Applauded Him. Last night Mr. Ballantyne had a little bill fixing inspection fees on ships and the plans thereof. It should have gone through in about ten minutes, but the fishermen carried him out to sea and kept him between wind and water for about two hours. When he finally got his feet back on solid land and his bill reported, they applauded and laughed.

A Salt Without Comparison Windsor Table Salt THE CANADIAN SALT CO. LIMITED

is made in England, in the world's largest Malt Vinegar Brewery It has a new and delicious flavour, different—quite different—from any other sauce or relish you have ever had before.

as if something amused them. Mr. Ballantyne looked, and probably felt, quite otherwise, thank you. He had been looking so trivial in the speech from the Throne, was the theme. It has grown wonderfully. Stewart, of Lanark, a rather able young member, with thoughts and a gift for expressing them, suggested that the bill was rather hard to follow.

"The amendments," quoth he, "drown the original bill so far as words are concerned, and in importance completely overshadow it." And, truth to tell, the uplifter has been busy framing a law that will keep narcotics out of the hands of fiends and smugglers and still allow young Canada to get its fair share of paragon. There are so many twists and turns to the new bill that Dr. McGibbon, of Muskoka, chafed under the restrictions.

Officers Elected. The annual meeting of the Young Women's Branch of the Women's Missionary Society of St. David's church was held in the schoolroom of the church last night. Reports showed the last year to have been a very successful one. The treasurer's report showed a balance of \$154.65 which was allocated to foreign and home missions. The report of the secretary stated that \$50 had been paid to Miss Sinclair, Presbyterian, deaconess, for poor and needy in St. John. The election of officers resulted as follows: Honorary president, Mrs. Robert Reid; president, Mrs. J. A. MacKeigan; vice-president, Miss Helen McMurray; secretary, Miss Florence Rayworth; assistant secretary, Miss Helen Hannah; treasurer, Miss Alberta Nelson; assistant treasurer, Miss Pauline Dixon; social committee, Mrs. T. C. Ledingham and Miss Margaret Henderson; programme committee, Miss Jean Sommerville; membership committee, Mrs. R. Reid; selling committee, Miss Jennie Grossett and Mrs. D. W. H. Magee.

Plants That Injure Animals. (Publications Branch, Department of Agriculture, Ottawa.) The old saying that "One man's meat is another man's poison," appears to be true in the case of different kinds of live stock. It is a fact that some plants which poison horses are not injurious to cattle or sheep, and some which cause loss among cattle and sheep are not eaten by swine and horses. In Bulletin No. 38, Second Series of the Experimental Farms, "Principal Poisonous Plants of Canada," by Miss Faith Pyles, B. A., obtainable free upon application to the Publications Branch, Department of Agriculture, Ottawa, a list of plants which do injury to the various classes of animals is given. The bulletin, which is prepared for live stock owners, gives information regarding poisonous plants and enables the farmer to distinguish the most harmful species in his neighborhood so that he may be able to avoid pasturing animals on infested areas until the danger is past. The yearly loss due to plant poisoning is known to be on the increase, but the amount of the loss is not ascertainable because many fatalities are attributed to other causes through lack of knowledge of poisonous plants.

FOCH ON DEFEAT AND THE VICTORY

The Noted General Declares Germany's Great Organization Was Express Train Entrusted to a 'Bus Driver.'

(By Marshal Foch, translated by Audre de Maricourt.) (In those days when the attention of the world is again drawn to France and Germany and the situation makes renewed military activities not impossible, there is a renewal of interest in France's greatest soldier. This article, describing his military theory, appeared in L'Echo de Paris. The translation used is from the Living Age, Boston.) I have dreamed of la revanche since I saw the Germans at Metz when I was seventeen years old. Now, you can understand that when a man of ordinary capacity concentrates all his thoughts and all his study upon a single object and labors unceasingly to accomplish it, he stands a chance of success. Certain conditions are, of course, essential. In order to be a force in the world a man must be 'objective,' never 'subjective.' I mean by that a man of action must never waste time in dreams. Only facts count. We must stick to facts. How did I really win this war? Smoking my pipe? I mean that I did not get excited. I plodded along in an ordinary way, avoiding useless emotions and reserving all my energies for the practical business before me. Was this a difficult task? Quite possibly. You see, our war was a very curious one; it was a battle between governments. Speaking of our own people, French democracy, and above all, French patriotism found themselves confronted by the Kaiser, who was possibly an intelligent man, but not remarkably intelligent. He was an actor, wrapped up in himself, and, therefore, not a competent judge of his own actions.

Germany, to be sure, had a magnificent army and professional soldiers of the first rank, but Moltke's genius would never have been imprudent enough to start a war without the assurance of Russia's neutrality, or, if a war had been forced upon him against his will, I promise you that he would have fought it along very different lines. Yes, the Kaiser was directing a formidable organization, managed by excellent directors. But just the same, it was an express train entrusted to a 'bus driver.' We were bound to win. Do you appreciate what defeat would mean? The sacrifices we had made were bloody and cruel. The more cruel they were the more they made it our duty to win. Such sacrifices must not be in vain. I used to say to myself: 'If we do not win, that is the end of everything. We cannot permit ourselves to be defeated.' Now, the idea of victory. We must have it at any price. 'I will it.' Yes, I will it. That is easy to say. But to win a victory you must comprehend that human warfare never varies in its essential factors, though it may change its methods and machinery. We must remember that the greatest master of the military art, Napoleon, before he was victor at Aroca had said to himself: 'I must get out of Verona,' and that he had been defeated several times. At the Marne I never let myself forget that lesson. I had been beaten, and I said to myself: 'I shall be beaten four days or five days, if necessary; but I shall survive it.'

Above all things one must keep a firm will based upon confidence. But, if you want my honest conviction, these things are nothing but words, and that will is useless if it does not show how to employ facts. Now—hear in mind I am not speaking of myself personally—it is that faculty of sticking to facts that measures the intellectual abilities of our leader. No war has not changed since the human race existed. But do you realize that it really does demand a great deal of skill? It is the same kind of a combat that it always has been in the past. Two antagonistic wills face each other, but in our instance two wills that have obstinately maintained their determination for four years. It is thrust, parry, thrust, parry. You see, there is no use epithets and phrases about it are worth anything. The only reality is the actual

BEWARE OF DECEPTION Statistics show that when egg albumen is used as a constituent of baking powder, the amount so used is too small (usually 15/100 of 1%) to affect the quality or effectiveness of the baking powder containing it, and when so used, is plainly for the purpose of fraud. Intelligent buyers will not permit themselves to be deceived by the water glass test. MAGIC BAKING POWDER contains no alum or egg albumen and is guaranteed to be composed of the ingredients printed on the label—and none other. Made in Canada By Canadians For Canadians

fact, because only positive action is worth anything, as I have told you. What incident gives me the most satisfaction? The interview with the German armistice commissioners at Rethondes. That was something positive. That was a real action, directed towards breaking up the German empire. And I was present to see Erzberger seize his pen with a gesture of anger and sign the armistice agreement. Then I tasted full satisfaction for having willed our victory and employed the means to win it. For the job was done. And now, just one more word. I do not call it a miracle when at a historical crisis a man is granted a clear vision and discovers later that this clear vision has determined actions of enormous consequences in a frightful war. But I do believe in this clear vision. I think that I received it at the Marne. I believe it comes from a providential source in the hands of which we are but instruments, and that the decision of victory is determined from on high, by a will superior and divine.

The "CAMBRIDGE" No. 1964 In Twin Pair Made of Simmons' new Square Steel Tubing—seamless, smooth and beautifully finished. Exquisitely enameled in the accepted Decorative Colors. Has the Simmons patented pressed steel Noiseless Corner Locks. Easy rolling casters. Your choice of Twin Pair and Double Width. Specially pleasing in Twin Pair. Those Graceful, Decorative Designs in Metal Beds by Simmons Limited In harmony with the finest effects of interior decoration to-day IT will come as a pleasing surprise to most women that Metal Beds can now be had of really charming design—with lines that make an instant appeal to the eye. Not until Simmons Limited perfected their new seamless tubing was anything but the most primitive designing possible. The old-style tubing, with an ugly seam running its full length, could only be worked into shapes both unattractive and limited in variety. For years, Simmons Limited has been studying the problem of bettering metal bed design. In order to produce such splendid models as the "Cambridge" Twin Pair, illustrated above, it was first necessary to invent a truly seamless tubing—one that allowed the designer full scope for his art. All of the new Simmons designs are formed from Simmons Seamless Steel Tubing—a new invention that has revolutionized the making of fine beds. Simmons Seamless Tubing is square and trim—free from joint, seam or roughness. Beautifully smooth, so that the enamel is even and uniform all over—cannot scratch, check or break. Sleep is a big subject! Write us for the booklet "What Leading Medical Journals and Health Magazines Say About Separate Beds and Sound Sleep." Free of charge. COUNTY LOCAL HOUSING BOARD

We are prepared to receive applications for loans on houses now in course of erection or contemplated by private parties in the County of St. John. Application forms may be had by applying to P. O. Box 668, or to Thomas K. Sweeney, Secretary-Treasurer, 109 Prince William Street, City.

ALEX. WILSON, Chairman

THE GREAT WHITE ELEPHANT

(Manchester Guardian.) It is obviously desirable that the Kaiser should, if possible, be removed to a safe distance. This course the Allies clearly intimate they would be willing to accept if the Dutch government should feel able to act upon it and they would regard it as a friendly recognition of a real difficulty. But there is, we are glad to see, on threat nor suggestion of pressure. That is as it should be. We do not want the Kaiser.

INSURANCE VERY OLD.

Insurance is very, very old; how old
is not known, for its early history is
shrouded in the veil of unrecorded an-
tiquity. Marine is the earliest form of
insurance of which we today have any
positive record; Demosthenes tells of the
Grecian money lenders who made loans
on cargoes, the money to be repaid if
the voyage were successful. The rates of
interest were made high enough to
cover the hazard of loss at sea.
The first insurance office was opened
in London, England, in 1680. The pre-
mium charged varied from 2-2 per cent
of the yearly rent on brick buildings to
5 per cent for frame buildings.
Life insurance, as such, was first writ-
ten in 1833. Burglary insurance is evi-
dently older than either life or fire cov-
er. The town of Ripon in Yorkshire
had a mutual burglary insurance a hun-
dred years before America was discov-
ered.

EATON'S PROGRESS SALES

A Series of Sales Containing Values That Are The Foundation of Our Success.

PROGRESS is indicated by the success of an institution founded upon the confidence of the public. Success is attained only by constant attention to details and this has ever been our policy. TIME AND OUR PROGRESS HAVE JUSTIFIED THIS OPINION.

EATON'S PROGRESS PRINCIPLES

Consisting of Cutting to a Minimum the Three Costs Determining the Price of Merchandise!

A—THE PRODUCTION

Our buyers purchase in immense quantities. Quantity production means a lower price per unit. You share this advantage.

THIS IS PROGRESSIVE BUYING

B—COST OF HANDLING

Our system of handling merchandise does away with waste. Thrift governs your purchase. There is no lost energy, no lost time, and no unnecessary labor. You do not pay the extra amount usually added to take care of wastage.

THRIFT ANOTHER STEP IN THE PATH OF SUCCESS INDICATING PROGRESS

C—THE COST OF SELLING TO YOU

Our method of selling also reduces the price of merchandise. The profit on each sale is extremely small. Progress is possible only through a maximum amount of sales made possible by offering the greatest values for the least money.

THIS IS PROGRESSIVE MERCHANDISING

The Values Below Are Only Possible Because Our Progress Principles Have Made Them So!

<p>BLACK KID OXFORDS High and Low Heels Progressive Price \$3.95</p> 	<p>The New Liberty TIES AND PUMPS In Black Kid Progressive Price \$4.95</p> 	<p>GREY KID OXFORDS High and Low Heels Progressive Price \$3.95</p> 	<p>Black Calf or Kid Pumps As Illustrated Progressive Price \$4.95</p> 	<p>Black Patent Leather Oxfords As Illustrated Progressive Price \$3.95</p>

VOICE OVER WIRELESS
RECORDED BY PHONOGRAPH
Words Spoken Forty Miles Away Engraved as Ordinary Disk is Manufactured.
London, May 3—Experiments which have been carried out here have resulted in the making of a talking machine record on wax of a voice transmitted by wireless telephone forty miles away. While the voice was speaking at Chelmsford in the County of Essex,

where there is a high power instrument capable of transmitting the voice many hundred miles, the equipment at the receiving plant in the Strand, London, was attached to a recorder, which engraved the message in soft wax in the same way as an ordinary talking machine disk is manufactured. The record when produced was perfectly audible, though a trifle "patchy." With larger amplifiers the result, it is said, would have been louder though rather hoarse in its effect.

OVERALLS IN THE DIGNIFIED COMMONS.
But M. P. in England Also Will Wear Spats to Break Shock.
London, May 4—Overalls are about to invade parliament, but will be combined with spats to relieve the historic place of some of the shock. Major John R. P. Newman, M. P. for the Finchley division of Middlesex, will introduce them to Westminster. He has admitted

his intention to wear overalls to the House and says he has become a convert to this means of smashing clothing prices. He clings, however, to spats, and has told an interviewer he will wear them in connection with his parliamentary garb.

SAYS CANADIANS NOT INCLUDED IN REQUEST RE MEXICANS
Toronto, May 4—Denial of a statement attributed recently to Frank Morrison, secretary of the A. F. of L., at Washington to the effect that Canadians were included in a request made upon the United States government to bar cheap Mexican labor from the states, was made here last night by John Flett, general organizer of the A. F. of L. for eastern Canada. He said he was making the denial at the request of President Gompers of the A. F. of L. on behalf of Secretary Morrison. According to these officials Mr. Morrison did not refer to Canadians when he was pleading to get rid of the Mexicans who have been flooding the border states with cheap labor.

MAIL TO WINNIPEG BY THE AIR ROUTE
Winnipeg, May 4—The first aerial mail for western Canada was brought here last night by Lieutenant A. F. Bingham of the Manitoba Aero Club, who flew with it from Grand Forks, N. D.

MARRIED FIVE YEARS AGO, JUST TELL IT NOW
New York, May 4—Fanny Hurst, a thorn, yesterday announced her secret marriage five years ago to Jacques Da Jelson, a pianist, under a pre-nuptial agreement with her husband she said they have lived apart since their wedding so as not to interfere with her other's career. She said they made the marriage a purely formal matter, "meeting a per inclination and not duty." She said they intend to continue that plan.

MUTT AND JEFF—THE LITTLE FELLOW HANDS MUTT QUITE A JOLT

SPORT NEWS OF A DAY; HOME AND ABROAD

BOWLING.

Two Men League. In the two-men league game on the Y. M. C. I. alleys last evening Wall and Smith took four points from Power and McCurdy. Following are the individual scores: Total Ave. Wall 85 88 95 269 89.2-3 Smith 98 92 95 285 95 183 180 191 554 Total Ave. Power 88 90 88 266 88.2-3 McCurdy 85 86 88 259 86.1-3 178 176 176 525

Junior Wolves Win.

The Junior Wolves defeated Black's juniors last evening on Black's alleys, 1,170 to 1,080. These teams have met several times and honors are pretty evenly divided.

THE RING.

Joey Still Has Kick. Montreal, May 3—Joey Fox, former bantamweight champion of England, knocked out Willie Meade of Albany tonight here in the first round of a scheduled ten-round bout.

Victory for Tendler. St. Paul, May 4—Lew Tendler of Philadelphia outpointed Johnny Tillman of Minneapolis in a ten-round no-decision boxing contest here last night.

Jersey City Bouts. Jersey City, May 3—The first twelve-round boxing permit under the amended state boxing law increasing the limit from eight rounds were fought here last night in the open air. Willie Bercher of New York outpointed Young Andy Chaney of Baltimore, earning the honors in eight of the rounds, with one even. Both are featherweights. In another twelve-round contest Pal Moore, a lightweight of New Orleans, outpointed Johnny Drumme of Jersey City.

trail of the Braves. Twenty-six innings on Saturday and nineteen yesterday is unparalleled in the history of the game. It is hard on the pitchers so early in the season, but the fans are certainly getting their money's worth. Alexander is evidently at top form despite the cold weather. His great pitching is responsible for the good start the Cubs are making in the pennant race. At last the Detroit Tigers have broken the spell and it took the unlucky third game to squish the jinx. Dutch Leonard came across yesterday and held Cleveland to four hits, winning the first game in fourteen starts. It is the first time in history that the Detroit team (Cleveland) has won the first game in fourteen starts. It is the first time in history that the Detroit team (Cleveland) has won the first game in fourteen starts.

BIG MONKEY ACT AT OPERA HOUSE

"Richard the Great," the Monkey That Made a Man of Himself, Will Give Unusual Performance.

He expects to see Resolute lead in the trials and cup races this year. With a pole mast and an aluminum guff weighing only 400 pounds, weight is slashed out above the deck line to extreme limits. The reduction of weight aloft is to bring the yacht to a new line of flotation, lower and shorter water line, and opportunity to draw more time allowance from competitors.

Tonight an important baseball meeting will be held in the Y. M. C. I. when the City Baseball League will be formed. From present indications it will be composed of St. Peter's, champions of the West St. John League and city, the East End League team, which won the championship of the East End League last season, the Y. M. C. A., composed largely of players who were with Carleton last season, and the Sugar Refinery. The last mentioned team will be the dark horse and fans will interest themselves in degree of interest their first appearance.

Although handicapped by inclement weather, work is progressing steadily on St. Peter's new ball park and the contractors hope to have the grounds ready for play in another week. Bleachers are still to be erected and a lot of other work is pending, but those in charge are confident that everything will be ready for the league opening.

Joe Irvine of Grand Falls, who is well known in this city as a boxer and wrestler, has received a challenge from Larabie of Halifax to wrestle for the championship of the maritime provinces. Joe replied by telegram that he will meet Larabie at any time or place if a suitable purse is offered.

Halifax is away out in front as a boxing centre and the next big bout on the calendar is between Mike McGuire and Kasper, which is to take place on Thursday evening. If McGuire wins it is expected he will be entitled to a chance to show Mike O'Dowd his wares. Judging from the interest manifested in the sculling exhibit in a window of Manchester, Robertson Allison Ltd., "Saxton" who said his real name was Anthony Bertha, was arrested and held in bonds of \$1,000 on a charge of manslaughter.

For Standard Ball. New York, April 30—Delegates representing golf associations throughout the country met today to confer with the United States Golf Association rules committee concerning changes in the rules of golf. The committee will sail for England late in May to take up the matter with the Royal and Ancient Club of St. Andrews, and the meeting today was to get the consensus of opinion regarding the standardizing of the ball, the stymie, and the lost ball rule.

At the end of the meeting a summary showed that the general sentiment was in favor of standardizing the ball, or limiting the rubber core. The delegates were virtually unanimous concerning the lost ball rule, urging the same penalty as for out of bounds—the loss of distance on both sides of the hole. A more clearly defined out-of-bounds rule was also suggested.

Regarding the stymie, the consensus of opinion was toward a modified rule, although there were a few in favor of its abolition. According to Wilbur H. Brooks, president of the Western Golf Association, the rule now in vogue in this section, calling for the man nearest the hole to put first, works out well.

Throngs at Meet. Berlin, May 4—Brilliant weather attended the horse racing at Grunewald on Sunday and enormous crowds turned out to witness it. Betting was carried on freely, the betting machines showing that the turnover at the meet reached 6,000,000 marks. Betting in the town is declared to have totalled an additional 3,000,000 marks.

Fleming's String. Galt, Ont., May 4—"Vic" Fleming, Canadian driver, who last year gave Louie Grattan her mark of 2:02 1/4 on the Grand Circuit, will this week send his stable of twelve horses to Mount Clemens, Mich., after wintering here. Besides Louie Grattan, other well known performers are Lou Tod, pacing patch, 2:08, and Princess Mary, 2:10 1/4. The rest are now in good condition for the season's grind across the border.

CRICKET. Starting in England. London, May 4—(Canadian Press)—Cricket is not yet in full swing but a start has already been made in a county championship series with Surrey against Northamptonshire. The latter suffered a heavy defeat in two days' play. Surrey made 26 and 27 for three wickets while 140 and 103 were the full totals of Northamptonshire. Hobbs for Surrey made the first century of the season, Sandham scored 55 and 85, and Abel 82. This year the return has been made to three-day matches and many contests will start on Saturdays.

AQUATIC. To Change Resolute's Rigging. Bristol, R. I., May 2—The Resolute, of the America's Cup defender class, has been put through important changes from her old form of 1914. The changes were carried out by Nat Herreshoff on the basis of reducing weight above the deck line, and in that respect he has succeeded in lightening to the extent of 500 pounds.

While the Shamrock IV, and the Yandell will have remodelled keels, Herreshoff would have none of this on Reso-

TORONTO HOUSING

Labor Scarcity Affects Matter—New Type of Cottage

City Architect Submits Plans—Action Is Deferred—Board of Control Does Not Share Pessimism of Mayor Church.

(Toronto Mail and Empire.)
The pessimism of Mayor Church regarding the housing situation in Toronto is not shared by his colleagues on the board of control, as may be noted from the fact that Controller Maguire and Cameron did not think it necessary to attend a special meeting called by the mayor yesterday. His worship was not too well pleased at the publicity given his remarks of the previous day regarding the number of families alleged to have been evicted from houses by rapacious landlords. He declared that he had been misunderstood, and that he never intended that homeless people should be housed in the police stations and fire halls. What he really intended was that the police stations and fire halls should be utilized as information bureaus, where people might go for advice in case they received notice to quit their homes. This explanation was accepted by Controllers Ramsden and Gibbons, but they were not at all disposed to endorse the mayor's scheme for a campaign of wholesale house building. They were quite willing to give fair consideration to his suggestions and to support any reasonable and properly thought-out scheme for providing homes for the workers and others who find difficulty in securing accommodation, but they could see no reason for haste, and were convinced no hardship would be caused by letting matters stand until this afternoon, so that all the members might attend.

City Architect Price submitted a number of plans for a variety of four, five and six-roomed dwellings that might be erected on short notice if thought desirable and suitable sites could be obtained. He suggested a type of house, built in pairs, with brick foundations to the first floors, with stucco or shingles above. He estimated these would cost \$2,240 per pair for four rooms each, exclusive of the cost of land. In reply to Comptroller Ramsden, Mr. Price said it would be possible to erect four-roomed houses in rows at a cost of about \$2,300 each, exclusive of the land, but it would be necessary to amend the building by-laws if brick party walls were to be eliminated. He was requested to prepare an estimate of the cost of building rows of eight or ten houses.

Mayor Church suggested that a number of large buildings now vacant, like the old Arlington hotel, the demobilization buildings at the exhibition grounds, and similar structures, might be secured, renovated and altered into apartments to house the people. The city architect said it would be far cheaper and more advantageous to give the people real homes than to attempt to alter old buildings. In fact, small houses of the type suggested, could be erected in less time than would be required to change old buildings, some of which had been condemned as unsafe and unsanitary.

W. Swain, secretary and manager of the housing commission which erected a number of houses last year, said there was about 1,000 feet of land available for sites on Coxwell avenue, but the real difficulty to overcome was that of labor. It was impossible to secure men to do the necessary work, particularly unskilled labor.

The whole question is to be discussed this afternoon and it is possible that something will be done towards relieving what is fast becoming an intolerable situation.

"DANDERINE"

Stops Hair Coming Out; Doubles Its Beauty.

A few cents buys "Danderine." After an application of "Danderine" you can not find a fallen hair or any dandruff, besides every hair shows new life, vigor, brightness, more color and thickness.

MOTHER!

"California Syrup of Figs" Child's Best Laxative

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless physic for the little stomach, liver and bowels. Children love its fruity taste. Full directions on each bottle. You must say "California."

Two Dangers.

The friend of an English clergyman, who was spending a few days in the latter's parish, says the Guardian, went up to a neighboring country one day and found an old woman just turning away from the door. "Locked and bolted," she said. She then told him that she lived in a neighboring village and that she came every now and then to the church in which she had been christened and confirmed and married, but it was always the same; she could never get in. "But what reason can the vicar have for keeping the church shut up?" asked the friend. "I don't know, sir, I'm sure," she said. "I should think either he must be afraid of some one getting in and praying, or else he's afraid of God's getting out and seeing what a state his parish is in."

B.—B.—B

Most people know that this stands for economy. When we talk about Bigger, Better Bargains we talk chiefly because we have something to say. We're still talking. King Square Sales Company, Opposite Market.

STARTS TODAY--THE GREAT OAK HALL "BACK-HOME" SALE
At the Old Home Stand, Cor. King and Germain Streets
After four years away from this corner we are coming back with
The Greatest Money-Saving Opportunities Ever Offered to the People of St. John in Men's and Boys' Clothing and Furnishings

We are celebrating our return with the greatest sale we have ever attempted. Our buyers were started out immediately to secure merchandise. They purchased large quantities, much of it even below the then prevailing prices. We had the merchandise shipped and stored here to guard against the heavy price advances which we knew would come. We are now ready.

Participate In This Great "Back-Home" Celebration. It Is Economically Sound For You To Do So.
