

FROM ALL OVER THE MARITIME PROVINCES

FREDERICTON

Fredericton, March 24—Arthur Ogden and Miss Mabel Hanson were united in marriage at the Salvation Army chapel tonight. Major Taylor, assisted by Staff Captain Cousins, performed the ceremony.

MURRAY D. PATTERSON

Murray D. Patterson, William K. Fletcher, Emory C. Morgan and George Bagley, to be justices of the peace.

NORTON

Norton, N. B., March 24—W. H. Hoins and Mrs. Heine, returning to Moncton yesterday, having been called there on account of the death of Mr. Heine's brother, Philip.

SALISBURY

Salisbury, March 24—Among the Salisbury teachers who are spending the Easter holidays at their homes here are Miss Alice Patterson, daughter of John W. Patterson; Miss Isabelle and Miss Foster; daughters of J. E. Foster; Miss Mabel Carter, daughter of Herbert Parker; Miss Arthur Price, formerly of Moncton, but now residing in Calais (Me.); Miss H. A. Jones, the hostess; Mrs. J. W. Carter, Mrs. H. C. Barnes and Miss Milton.

ST. MARTINS

St. Martins, N. B., Mr. and Mrs. E. C. Bogart and family, who have spent the winter here, left Wednesday for St. John.

NEWCASTLE

Newcastle, March 24—In the Methodist church yesterday morning, the preacher, Rev. Dr. Harrison, preached an anniversary sermon on David Livingstone.

HOPEWELL HILL

Hopewell Hill, March 24—W. F. Carnwath's steam mill at New Ireland had a breakdown a few days ago and working on it has been going on ever since.

REXTON

Repton, N. B., March 24—The death of Mrs. Francis, better known as the "Little Jane Indian," was never married and had spent a good part of his time about Moncton, St. John and St. John's.

Parents, Mr. and Mrs. Alex. Fraser, Jr., Mrs. A. Wood, of Moncton, spent Easter with friends here.

PRACTICALLY GIVEN UP TO DIE

"Fruit-a-tives" Cured Kidneys and Bladder

Williamstown, Ont., July 27th, 1910. "I have much pleasure in testifying to the almost marvelous benefit I have derived from taking 'Fruit-a-tives'."

RICHIBUCTO

Richibucto, March 24—Easter was observed in each of the churches here and in Rexford yesterday with special music and appropriate sermons.

HARCOURT

Harcourt, March 24—Misses Dorothy Dunn, Berenice Prida and Bessie Dunn are at home from the Provincial Normal School to spend their Easter holidays.

CONSUMPTION

Consumption—Its Diagnosis, Treatment and Cure FREE

NEW TREATISE ON TUBERCULOSIS

This valuable medical book tells in plain, simple language how consumption can be cured.

TOBACCO HABIT

Dr. McLaughlin's tobacco remedy to remove all desire for the weed in a few days.

LIQUOR HABIT

Marvellous results from taking his remedy for the liquor habit.

REGULARITY

NORTH SHORE DREDGING TRANSACTION EXPOSED

Dr. Pugsley Shows How Present Contractors Forfeited \$3,500 on Old Contract and Were Given a New One by Government at \$50,000 More—Ex-Minister of Public Works Asks Why St. John and Transcontinental Contractors Are Not Paid.

Ottawa, March 28.—The ruling of Speaker Sproles on Saturday, March 15, was questioned by Hon. H. H. Emmerson on motion to take up supply. He stated there was no authority for the speaker to be in committee or to have ruled that the debate should close. In this he was supported by Hugh Guthrie and Hon. Dr. Pugsley.

Finance Minister White defended Speaker Sproles' action and argued that he had not attempted to limit British liberty of trade.

Dr. Pugsley, who followed, frankly stated that the speaker had passed beyond the rules and had sought, without the authority, to curtail speech in parliament. After this the house went into supply.

St. John Contractors Unpaid.

When the house went into supply at midnight, Hon. Dr. Pugsley called the attention of the minister of finance and the minister of public works to the fact that there were large outstanding amounts due to dredging contractors on the St. John works, and also on the Transcontinental Railway and he asked why some provision had not been made in the supplementary estimate for the payment of these outstanding debts.

While the St. John contractors were opposed to him in the political views, Dr. Pugsley wished to make it clear that the opposition had no desire to hold up the payment of work already done. The minister of an investigation that was being made by some of the contractors had appealed to him, as though the opposition were to blame.

Both Hon. Mr. White and Hon. Mr. Rogers replied that they had heard of no such complaints, and they stated that it was strange that a member of the opposition should have appealed to him in preference to the proper minister.

WAIT SEPARATE COURT OF APPEAL

Nova Scotia Barristers' Society Advocate Change in System

TOO MANY SINECURES

Statements Made That Court Justices Have Little to Do and Probate Courts Unnecessary—Will Ask for Royal Commission to Investigate Administration of Justice in Province.

Halifax, N. S., March 28.—An important general meeting of the Nova Scotia Barristers' Society was held this afternoon. It was decided to change the constitution of the society by providing for the election of the council on lines similar to election of benches in Ontario and the western provinces.

The most interesting feature of the meeting was the introduction of a resolution to investigate by means of a royal commission the condition of the administration of justice in Nova Scotia. Several speeches were made in support of the resolution. It was pointed out that the courts in this province were practically sinecure for want of work and the probate courts were antiquated and unnecessary. Moreover, the magistrates (city), stipendiary magistrates (city) and magistrates have in certain cases the same jurisdiction as county and supreme courts.

It was recommended that a court of appeal similar to that about to be created in New Brunswick, would tend to improve the system. It was urged that it was not in the public interest that the same group of judges should sit on each other's appeal. One barrister declared that the judges, after hearing arguments, retired to the reading room to pull each other's about, and this would be obviated by having a separate court of appeal.

The society will wait on the government to urge the appointment of a commission.

DRYDEN MUST SUPPORT WIFE AND PAY FUNERAL EXPENSES OF CHILDREN

Moncton, N. B., March 28.—(Special)—Howard Dryden, who was brought back from St. John to face a charge of non-support of his wife and children, who have been residing in this city, was arraigned before Magistrate Steeves today and the case adjourned until Saturday. Dryden was allowed his liberty on \$200 bail of the understanding if he returns to his wife and supports her and reimburses the city for the expense of burying his children, the case against him will be dropped. Dryden's two children died a week or two ago, and Mrs. Dryden having been deserted and having no means of support, the city had to bear the funeral expenses.

The action of Brunswick Steeves against the Moncton & Buctouche railway for the loss of a mare and colt, killed on the railway last August, was begun today before Judge Jordan, in the county court. W. B. Chandler for the plaintiff, M. G. Toed, K. C., and R. A. Irving for the defendant. The case will be resumed tomorrow.

55-YEAR-OLD MACCAN WOMAN CUTTING HER BACK TEETH

Amherst, N. S., March 28.—(Special)—Mrs. Michael Fortune, aged eighty-five years, who resides in Macca, is undergoing rather a peculiar experience at the present time. Three or four new back teeth have lately appeared in her mouth and she has been cutting them out. It is in hopes that the full set will in a few months be complete.

At Indianapolis 1,500 families had been driven from their homes and four deaths were said to have resulted from drowning during the day. The pumping plant was forced to suspend operations as it was without fire protection. As Peru property damage of a half million was done by the flood. It was reported Loganport also was under water.

Gov. Ralston this afternoon received

WALTHAM DORCHESTER MAN AT DEATH'S DOOR

Dorchester, N. B., March 28.—(Special)—Clarence H. Chapman, a wealthy and much respected citizen of this town, had a paralytic stroke today and is very low. Drs. McDonald and McQueen are in attendance.

HALF OF DAYTON UNDER TERRIFIC FIGHTING

Other Large Cities Inundated and Streets Are Raging Torrents—Many Rivers Burst Their Embankments and Dams of Great Reservoirs Burst With Terrific Results—Details Meagre, as Communications Are Cut—Darkness and Fires Add to the Misery of the Stricken People.

FIVE THOUSAND DEAD IN DAYTON FLOOD

Springfield, Ohio, Mar. 28.—The Mayor of Dayton in an appeal made to the mayor of this city reported at 8 o'clock tonight that the water is thirteen feet deep in the Union Station in Dayton and that according to unconfirmed reports, 5,000 lives have been lost and fully 30,000 are homeless.

The Hydraulic dam at Pique has gone out and reports, unconfirmed, say that 540 lives have been lost.

The Mayor of Dayton in his appeal asks for food for the stricken people of his city.

Xenia has already sent three carloads of food to that city. The Springfield officials are now in session and plan to take action for the relief of the flood sufferers.

There is considerable suffering in this city, there being fully 1500 families driven out of their homes. Rumors have been received of loss of life in the villages but these lack confirmation.

200 REPORTED DROWNED AT PERU, INDIANA

Indianapolis, March 28.—Two hundred or more are reported to have been drowned at Peru, Ind., according to a message received by Governor Ralston from that place tonight. The governor's informant named Baker asked that 200 coffins and food and clothing be sent to Peru at once.

"This probably will be the last message you will get from Peru," said the governor.

Two hundred or more drowned and the remainder of the residents are grouped on a hill waiting for daylight.

Governor Ralston immediately communicated with State Senator Fleming at Fort Wayne and asked him to forward these coffins and other supplies as requested. While the governor was talking the wire to Peru failed.

OMAHA TORNADO SNUFFED OUT 200 LIVES

Nearly 500 Others Injured—Cold Wave Adds to the Misery of the Stricken People.

Omaha, Neb., March 28.—For the first time since the disastrous tornado of Easter Sunday, the people of Omaha today began to count the cost in lives and dollars.

When a rumour was made it was apparent to more appalling than those who had understood the result were willing to admit.

Not less than 200 lives were snuffed out within the vicinity of the city proper, not less than fifty persons in the surrounding towns lost their lives.

Nearly 500 were injured and eight of these died in local hospitals during the day.

The devastation was augmented today when nearly three inches of snow fell, making uninhabitable the homes of many who had prepared to remain temporary campers in partially destroyed structures. So far as money might relieve, conditions were perfect. Tens of sums aggregating \$1,000,000 were in the hands of the city commissioners when the day ended.

These offers came from nearly every section of the country, and were made irrationally.

HALF OF DAYTON UNDER FORTY FEET OF WATER

Indianapolis, Ind., March 28.—A Western Union Telegraph operator at Brookville, Ohio, tonight established communication with the Associated Press office here. He said:

"About half of Dayton is under water from thirty to forty feet. At the lowest estimate 200 lives have been lost. The city is without electric light, street car service or water service. It is impossible to estimate the damage. There is much suffering and the people are in need of food and clothing. All bridges have been swept away. There is no communication with the outside world. Many persons were caught in their homes with all avenues of escape cut off. The water is still rising and a heavy rain falling."

Halifax Lineman Electrocuted.

Halifax, N. S., March 28.—A lineman employed in the engineering department of the Maritime Telephone and Telegraph Company at Lunenburg, came into contact with a live wire while at work on the pole of a pole tower, falling to the ground and breaking his neck. He was about thirty years of age and single.

TERRIFIC FIGHTING RENEWED IN BALKANS

Bulgars and Turks Both Claim Victories Along Tchatalla Lines—Allies Carry the First Defences of Adrianople—Montenegro Bows to Austria's Demands Regarding Scutari.

London, March 28.—Just as the powers had come to an agreement which would enable them to bring their combined efforts to bear to end the Balkan war, the Bulgarians and Serbians resumed serious fighting at Adrianople and Tchatalla. Only the Bulgarians and the Turks claim victory.

At Adrianople, however, according to the reports of the allies, they have gained their first important advantage against the Bulgarians. The Bulgarians claim to have captured all the forts and positions in front of the eastern line, or outer defences, and to have driven the Turks from their advanced position on the western and southern front.

The Serbians are not mentioned in the Bulgarian reports of the attack, but a dispatch from Belgrade says that the Trenchin Serbians Regiment penetrated to the walls of Adrianople, taking a large number of prisoners, while the Serbian Danube division inflicted great damage on the town and fortifications.

The bombardment began Sunday night, and the advance early Tuesday morning.

200 REPORTED DROWNED AT PERU, INDIANA

Indianapolis, March 28.—Two hundred or more are reported to have been drowned at Peru, Ind., according to a message received by Governor Ralston from that place tonight. The governor's informant named Baker asked that 200 coffins and food and clothing be sent to Peru at once.

"This probably will be the last message you will get from Peru," said the governor.

Two hundred or more drowned and the remainder of the residents are grouped on a hill waiting for daylight.

Governor Ralston immediately communicated with State Senator Fleming at Fort Wayne and asked him to forward these coffins and other supplies as requested. While the governor was talking the wire to Peru failed.

WOODSTOCK SCHOOL PRINCIPAL'S TRIP COST HIM HIS JOB

Woodstock, N. B., March 28.—(Special)—At a meeting of the school board today Isaac Draper was heard in reference to leaving his school without notice. The board, after consideration, decided that the services of Mr. Draper be ceased by his own action and the vacancy had now been filled by the appointment of Miss King, who was now in charge. It is understood that Mr. Draper will go west in a short time to engage in real estate business.

ST. PAUL'S AND ST. MARY'S, CHATHAM

Chatham, N. B., March 28.—(Special)—The annual meeting of the vestry of St. Paul's and St. Mary's churches took place this morning in the school room of St. Paul's church with Ven. Archdeacon Forsyth in the chair. Owing to the fact that Easter Monday came this year before the close of the church year, March 31, it was possible to have a complete statement of the year's receipts and expenditures. An approximate estimate showed that owing to some heavy and extraordinary expenditure during the past year there will be an adverse balance of about \$270. The total revenue for the year amounted to nearly \$2,000. At the subsequent meeting of parishioners the following were elected for the year:

Church warden—Hon. J. P. Burchill and F. E. Danville.

Vestrymen—William Dick, H. M. Eddy, M. Mose, F. E. Neale, W. A. Danville, F. E. Jordan, J. McLaughlin, W. H. Baldwin, W. J. Baldwin, G. Stead, H. P. Raymond, Substitutes—J. T. A. Dibbles, C. H. L. Perkins, C. I. H. Raymond.

Vestry clerk—F. E. Neale.

Auditors—G. P. Burchill, S. J. Frost.

Delegates to synod—Hon. J. P. Burchill and F. E. Neale; substitutes, W. H. Baldwin and G. Stead.

CHRIST CHURCH, WOODSTOCK

Woodstock, N. B., March 28.—(Special)—At the Easter Monday meeting of the parishioners of Christ Church the following officers were elected:

Church warden—F. B. Bull, J. T. A. Dibbles.

Lay delegates to synod—T. C. E. Ketchum, Hon. W. P. Jones, A. J. B. Raymond, Substitutes—J. T. A. Dibbles, C. H. L. Perkins, C. I. H. Raymond.

Vestrymen—Hon. W. P. Jones, A. J. B. Raymond, C. F. K. Dibbles, T. C. E. Ketchum, C. A. Smith, George Hanson, C. H. L. Perkins, A. H. Prescott, A. J. B. Raymond, C. M. Aughterson, H. W. Bourne, G. S. Peabody.

A common large screw serves very well as a pie crimper if pressed firmly along the edge of the crust before baking.

SALISBURY MAN CAPTURES A LYNX

Salisbury, N. B., March 28.—W. W. Wilson, of Harwood (N. B.), who for several years has carried the mail over the Salisbury-Chatham route made a valuable capture a few days ago. It seems that Mr. Wilson and his boys spent a part of their spare time in trapping and one day recently they found in one of the traps a beautiful gray female leopard for Canadian lynx. The animal was alive and practically unharmed and full of fight. It required some clever engineering to capture the vicious animal. Mr. Wilson now has the lynx in captivity and has already secured some good offers for it from parties who have reached.

Regularity

of the bowels is an absolute necessity for good health. Unless the waste matter from the food which collects there is got rid of at least once a day, it decays and poisons the whole body, causing biliousness, indigestion and sick headaches. Sulfate and other harsh mineral purgatives irritate the delicate lining of the bowels. Dr. Morse's Indian Root Pills—entirely vegetable—regulate the bowels effectively without weakening, sickening or griping. Use Dr. Morse's Indian Root Pills

Dr. Morse's Indian Root Pills

friend, Miss Greta Athie. Miss Athie married to the Ladies' College, Sackville, a morning.

Charlie Thompson, who has been enjoying his Easter holidays with his friend, Mr. Grant, returned to resume his duties at Mount Allison.

Miss Maud Eley, of Reston, spent her holidays with her friend, Miss Helen Langhlin, in Milltown.

Miss Elva Nicholson returned to Sackville this morning to resume her studies at the Ladies' College.

Miss Winifred Smith, instructor of the music and training department at Woodstock, spent her Easter holidays with her friends here.

GAGETOWN

Gagetown, March 28.—On Wednesday morning the body of Mrs. Phebe Kineaid was brought here from Fredericton for burial. Lately Mrs. Kineaid had been living with her married son, Henry, in Fredericton.

The friends of Mr. and Mrs. Winifred Smith will be sorry to learn of the death of their infant daughter and only child, who died suddenly on Wednesday in convulsions. The funeral took place yesterday afternoon, and burial made in the Episcopal ground.

Mr. Shields died at 8 o'clock, Mrs. Shields was a sufferer from heart disease and rheumatism for years, which she bore with heroic patience.

Ernest and Kingley Shields, of St. John, had here today visit Welford, coming to attend the funeral of their mother, Mrs. Shields.

The ice is all broken up in the creek and is partly run out.

Wing to the bad state of the roads the mail from Westfield did not get through.

No graft! No deals! The Public, Shamrock, Rose and the Maple Leaf forever.

Semi-Weekly Telegraph and The News

ST. JOHN, N. B., MARCH 29, 1913.

THE GROWTH OF LAWLESSNESS

In 1911 London had twenty-three murders and there were seven convictions; in New York for its 146 murders during that year there were only thirteen convictions.

A BID FOR PEACE AND SANITY

Lord Rosebery used the phrase once that nations are "relapsing into barbarism." France is taking an additional year for the training of her soldiers; Germany is imposing new taxation under the fear that the future may hold a conflict of interest between the German and Slav peoples.

and physical sanitation before crime can be diminished. It is very possible that the general spirit of lawlessness which finds expression in crimes of violence in the United States is largely due to the crimes of corporations in their open disregard of law.

THE ULTIMATE PROBLEM

Mr. William Reid, an English economist, writing on the Foundations of Freedom, says: "Until we solve the land problem it is next to useless to solve any other problem. Man is a land animal—the land question is the bottom question, and so long as it exists we must look for the persistence of poverty."

HOUSING CONDITIONS

Speaking at the Sanitary Inspector's Association at Sheffield, Sir James Crichton Brown said: "After all, housing is at the root of the tuberculosis question. Infinitely more remains to be done in every department, but more particularly in that concerned with housing."

HOUSEKEEPING IN 1400

A correspondent writes to the New York Post on the trials of housekeepers in and about the year 1400. He gives a summary of part of a poem by a certain John Gower on the conditions that then existed. This poem proves to us that there

are but few notes in the annals of grief. The trouble and perplexities encountered by the honest householders of that day, and the complaints they had to offer over the excursions of "the butcher and baker and candlestick maker," are similar to those that resound throughout the land today.

CRUCIAL TESTS

One man was asked regarding the scholarship of a scholar and the reply was: "He is a good scholar but a small man." He did not ring true on the crucial tests which determine the man—and these tests always determine him, rather than professional ability and skill.

THE NEXT STEP?

What will be the next step after women secure the franchise? At present the question of the suffrage is causing considerable more anxiety to politicians than the attitude of Ulster or the intentions of the Germans.

A VANISHING "EMERGENCY"

The First Lord of the Admiralty, in presenting the naval estimates to the British House of Commons, proposed a suspension of naval shipbuilding by all nations for one year, an offer of tremendous significance to the world.

Dominion has undertaken its full responsibility as a member of the great British family. The Liberal policy fully meets these requirements.

NOTE AND COMMENT

We shall soon know whether Premier Borden has made up his mind to enforce closure in the House of Commons.

ST. PAUL'S, HAMPTON

Hampton, March 25.—The annual Easter meeting of the corporation of St. Paul's in the parish of Hampton was held at the Church of the Messiah, Hampton Station, on Monday afternoon.

ST. GEORGE'S, BATHURST

Bathurst, N. B., March 24.—The annual meeting of St. George's congregation was held in the church hall at 10 o'clock this morning.

Science at Yale, says that the change from mother family to father family is the greatest and most revolutionary in the history of civilization. Since that, all the ways—kin, industry, war, political organization, property rights—conformed to the change.

ST. MARY'S CHURCH, RICHBUCKTO

Richbuckto, March 24.—The annual meeting of the parishioners of St. Mary's Church, Richbuckto, was held this evening in the Chapel of Ease, the rectory.

ABE MARTIN

It seems like 't's less a feller makes the more his wife wants 't was white in when they used 't present a feller with a gold headed cane on 't's slightest provocation.

THE MA

British Capital

Way-The

Cream of L

ors Plan To

In connection with the ment in the Maritime Provinces, says editorially: "Whatever the cause, some of a political assigned—there seems no do serious attention is about the opportunity for the labor in the Maritime withdrawal of British troops, as well as the completion continental railway, doubtly considerable part of the diversion of the British tourist fruit grower from the most most westerly province of Halifax, so long as the British troops, and was the mer station of a considerable squadron, was a means of province of Nova Scotia touched with a considerable ash society, its resources in and other minerals, its fish catches in apple orchards, so the sportsman, all the amount of good advertising, by the province, like that of which, has been overshadowed systematic campaign in the Western Canada by railway booking agents, and even of the dominion government.

The growth of the Maritimes is serving as the text for many of the Canadian periodicals published in London, Canada, London contains the following: "The report of Mr. Arthur, secretary of industrialization for the province of dealing with the work of the increase of population in the Nova Scotia and New Brunswick last ten years amounted to 50,000. This increase has led to the increase of the maritime immigration.

Table with columns: Year, Via Ocean Ports, 1901-1902, 1902-1903, 1903-1904, 1904-1905, 1905-1906, 1906-1907 (9 mos.), 1907, 1908, 1909, 1910, 1911. Total, 88,360.

"That the number of people from the Maritime Provinces has held its own in the last decade, the most desirable, remarkable, is evident from an analysis showing the number of immigrants made by the Maritime in the past nine years. Out of number of 4,687 deported for various causes in that period, less than 100 were sent back to their own homes from Nova Scotia, New Brunswick and Prince Edward Island.

The Monetary Times has a headline "The Maritime Provinces" and says with other things: "Fredericton, the capital of the Maritime, is a city of conspicuous and progress. It has a light system and operates a power plant. It has many in twin towns of St. Mary's, connected with Fredericton by steel bridges and the town of three miles distant, connected by a thriving suburb, containing other factories. At situated one of the largest of Canada.

"Within easy reach of Fredericton, the St. John and Nashville, the stable hard and soft wood most extensive, the extensive spruce, pine, hemlock, maple. Fredericton is also fertile in the centre of valuable agricultural growing lands. In several districts where excellent results secured. This is particularly true of the St. John valley, now being the new railway. The length of 280 miles and an average of 100 miles.

ABE MARTIN

THE MARITIME PROVINCES

British Capital and Labor Coming This Way--The West No Longer to Get the Cream of Immigration--German Investors Plan Tour--Mr. Barnstead's Report.

In connection with the rapid development in the Maritime Provinces, Canada, London, says editorially: "Whatever the cause--and various reasons...

THE GROWTH OF THE MARITIME PROVINCES

is serving as the text for many articles in the Canadian periodicals published in the Old Country, Canada, London, of March 19, contains the following:

The report of Mr. Arthur S. Barnstead, secretary of industries and immigration for the province of Nova Scotia, dealing with the work of the department during the year 1911, stated that the total increase of population in the province of Nova Scotia and Prince Edward Island in the last ten years amounted to 33,833.

The following table shows the stated immigration into the Maritime Provinces during the past ten years, and includes in the figures many who came from the United States, may properly be classed as tourists:

Table with columns: Year, Via Ocean Ports From U.S.A., 1901-1902, 1902-1903, 1903-1904, 1904-1905, 1905-1906, 1906-1907, 1907-1908, 1908-1909, 1909-1910, 1910-1911, Total, 88,960.

"That the number of people that the Lower Provinces have held as permanent residents in the past decade are among the most desirable, remarked Mr. Barnstead, is evident from an examination of the tables showing the number of immigrants from the various countries in the past nine years. Out of the total number of 4,667 reported from Canada for the year 1911, only 200 have been sent back to their own country...

"Within easy reach of Fredericton, on the St. John and Nashville rivers, are the valuable hard and soft wood areas of almost incalculable extent, including spruce, pine, fir, and hemlock. "Fredericton is also fortunate in being in the centre of valuable agricultural and growing lands. In every direction are rich fields where crops have been secured. This is particularly true of the St. John valley, now being opened up by the new railways. The valley has a length of 200 miles and an average breadth of 10 miles.

"As Grand Falls there is a possible development of 80,000 potential horse power, while below the falls some of the largest industries of the St. John have their influence with that river. These include the Salmon, Arrostook, Tobique, Madamisque and Sheganoon, and although these are not great falls on the river below Grand Falls, the descent of the river would admit of three dams being constructed with a height varying from 15 to 20 feet on each of which would have a potential horse power of from 20,000 to 30,000. In all there would be about 150,000 horse power, capable of being developed at and below the Grand Falls. This amount of being tinuous. With proper locks in the dams, entailing a comparatively small cost in their construction, the navigation of the St. John river for steamboats has been secured throughout the whole open season.

The largest of these powers, likely to be developed once, is that at Grand Falls. For some years past the pulp and paper companies have prevented its development. But lately the old companies have come together and a new company--The Grand Falls Pulp and Paper Co., Ltd.--has been formed. This company has absorbed the old companies and plans are now being prepared for one of the largest pulp and paper plants in Canada. The amount of being developed, however, will greatly exceed the requirements of the pulp and paper mill. The surplus power will be available for the stimulation of industries at Fredericton and points along the river. The pulp company would have a large quantity of logs, which could more profitably be cut into saw lumber, it is understood.

J. Pinkerton, of St. John, is spending the Easter holidays in Moncton, the guest of Mrs. S. S. McLaughlin, Moncton Times.

SOME SCHOOLBOY HOWLERS.

"Keen frost last night, Portley." "Frost! I believe you, my boy. Why, this very morning I took out some water for my fowls. Three minutes afterwards I heard a lot of clucking and chucking. Looked out of the window, and there they were, young bachelors, sliding on."

SEVERE FROST.

"Keen frost last night, Portley." "Frost! I believe you, my boy. Why, this very morning I took out some water for my fowls. Three minutes afterwards I heard a lot of clucking and chucking. Looked out of the window, and there they were, young bachelors, sliding on."

THE REGULAR EXAMS MAY 13.

The preliminary and qualifying examinations for the civil service will take place throughout Canada on May 13. Applications will be received up to April 7 from persons qualified to be considered for the positions in the inside division of the civil service of Canada.

YOUTHFUL DEFINITIONS.

In order to give his scholars a firm grip of original composition, a schoolmaster believes in the value of that he called "an exercise in framing definitions." Illustrating what was wanted, he set the little boys to write one-sentence definitions of "boy" and "girl." "A boy is a fellow with a lot of bones with flesh put round them." "A girl is nearly the same, but we do not cut her hair." "A boy is born, a baby." "A girl is out of a man's body, it's God's sheep." "A boy is an ordinary creature made out of dust, and so is a girl."

TOO LATE FOR ANSWER.

Henry Waterson, the well-known American journalist, told this story at a recent dinner party: "One day when I was the city editor of a small newspaper, a fine turkey was left at the office. We all hunkered after it. But the editor finally claimed it, took it home, and had it cooked for dinner. The next day a letter was handed in to him, which he opened and read: 'Dear Mr. Editor: I sent you a turkey yesterday which had been the cause of much dispute among us. To settle a bet, will you please state in tomorrow's issue what the turkey did off with?' 'A boy did it,' said the editor. 'The ship was perfect,' replied the inventor, 'it flew.' 'The air was at fault.'"
