*Messrs. Hanington Bros. :*

Gentlemen—Three years ago I was going to write you how much benefit I received from taking Two Bottles of your **Quinine Wine and Iron**, being then very weak and low, with no appetite for any sort of food, after a severe attack of Erysipelas in my head. Again, after the fire, I was nearly quite gone, and was restored to strength and activity by taking two bottles more, and last May I had to have recourse to the **Quinine Wine and Iron** again, with the same beneficial results.

While I was taking it last, a person came in who had left her situation to get into the Hospital, being so weak she could not work. I said, I will send you to a place where you will get seven dollars a month, take two bottles of **Hanington's Quinine Wine and Iron** with you, and if you are not able to earn the seven dollars, I will pay you for the medicine. At the end of the month she was quite smart, and is still filling the situation. I send you these few lines for the benefit of society (if you trouble to publish it), as there are many sick at present. It would greatly benefit persons suffering from **Sickness of Diphtheria**, and would most certainly strengthen and build up the system.

Yours very truly, JANE A. LEE.

**Price 50 Cents per Bottle. Six Bottles for \$2.50.  
FOR SALE AT THE DRUG STORES.**

WE have much pleasure in handing you our *Second Almanac Edition*, containing our *Fourteenth Annual Catalogue*, comprising over

250 VARIETIES OF

Garden, Field and Flower Seeds

best adapted to this climate, imported from the most reliable Houses in London, Holland and the United States, which we believe to be unsurpassed in quality, and offer, WHOLESALE AND RETAIL, at lowest prices.

While we exercise the greatest care to have all Seeds pure and reliable, it is hereby mutually agreed between ourselves and the purchaser, that we do not warrant Seeds, and are not in any respect liable or responsible for loss or damage arising from any failure thereof.

**Postage Free.**—We send by mail to any part of the Dominion, any of the Bulbs, Bulbous Roots, Garden, Field and Flower Seeds—enumerated in our lists *free of Postage*, on receipt of the Catalogue price; thus giving parties benefit at a distance from the City the same advantages as if they selected them personally at our Establishment.

We give a liberal discount to Wholesale Buyers.

Orders must ALWAYS be accompanied by the CASH, to ensure attention.

Always remit by Money Order or Registered Letter, and write your address PLAINLY.

Do not plant too early. Wait until the ground is warm and in good condition, and do not plant too deeply. Whatever you do, don't blame your Seedsman for your own folly.

We issue a Catalogue of Hyacinths, Tulips, Crocus, Narcissus, Snowdrops, and other Bulbs, for Autumn planting, about the first of October each year; which we will be pleased to forward to any address on application.

**Card of Thanks.**—We take this opportunity of thanking our numerous patrons for the large and constantly increasing business which we have enjoyed in the past, and assure them that our importations of

DRUGS, MEDICINES, CHEMICALS,

Toilet Articles, Perfumery, &c.,

continue to be made from the best Houses in London and Paris; and will, in all respects, be found to be select and choice, and priced as low as is consistent with the employment of goods of first quality.

Yours very truly,

HANINGTON BROS.

ANOTHER young man has gone West. This is the reason: "Dear Jim, cum rite off, if you're cummin' at all. Ned Blake is insistin' that I shall hev him, and he hugs and kisses me so continually that I can't hold out much longer."

AFTER AN ATTACK of Fever, Measles, Diphtheria, or any wasting disease, Hanington's Quinine Wine and Iron is the best medicine to take. It gives lasting strength.

As with a woman, so with the horse, his back hair is his mane trouble.

'Tis sweet as the gentle murmurings of an Eolian harp to hear a bride of a fortnight's standing talk of the cares and trials incident to the managing of a family.

Hanington's Worm Lozenges kill the Worms, but will not harm the smallest child.

A good dinner will make home happy where twenty mottoes have no effect.

"What drives men to drink?" asks a temperance orator. House-cleaning, generally, in these parts.

To DESTROY BED-BUGS.—Paint the crevices frequented by these midnight pests well with Hanington's Bed-Bug Poison. It is sure death.

A Poser. Elderly lady (with foot like a dumpling).—"It's not so much a durable article that I require, Mr. Crispin. I want something dainty, you know—something coy, and at the same time just a wee bit saucy!"

"If Jones undertakes to pull my ears," said a loud-mouthed fellow on a street corner, "he will just have his hands full." The crowd looked at the man's ears and smiled.

A simple cure for Indigestion.—The worst cases of Indigestion can be permanently cured by taking Hanington's Sugar Coated Pills according to directions. They seldom fail.

Most people are like eggs—too full of themselves to hold anything else.

Our Flavoring Extracts are of full strength and undoubted purity.

There isn't much difference between a grass widow and a grass-hopper, after all. Either will jump at the first chance.

**CURE FOR TOOTHACHE.**— Saturate a small piece of cotton wool with Hanington's Tooth-ache Cure, and press into the cavity of the tooth.

An unhappy marriage is like an electric machine—it makes one dance, but you can't let go.

An old lady visiting the Antiquarian Museum in Edinburgh, the other day, on inspecting the old weapons very earnestly, and failing to find what she was apparently looking for, asked a visitor if he could tell her whereabouts they kept the Ax of the Apostles.

**TO PRESERVE THE TEETH.**— After having moistened the tooth-brush in clear cold water, drop on it a few drops of "Coraline." It is a splendid dentrifice.

What touches a red-headed girl's heart is to have somebody call her a sunset-tinted blonde.

 Farmers, Lumbermen and every one who keeps a horse should always have a bottle of Hanington's Penetrating Liniment at hand in case of accident. It is always reliable.

An Irish girl having been sent to the post office for the mail, came back to inquire whether it was Indian-mail or corn-mail that was wanted.

What is the difference between a hungry man and a glutton? One longs to eat, and the other eats too long.

 For sudden Chills, Cramps, Pains and Sore Throat, a tea spoonful of "Hot-Crop," in a little water gives relief at once.

The difference between a dog watch and a watch dog is this: The dogwatch is two hours and the watch dog is a howwow-er.

A tender young potato-bug  
 Sat swinging on a vine,  
 And sighed unto a maiden bug;  
 "I pray you will be mine."

Then softly spake the maiden bug:  
 "I love you fond and true;  
 But oh! my cruel-hearted par  
 Won't let me marry you."

With scorn upon his buggy brow,  
 With glances cold and keen.  
 That haughty lover answered her:  
 "I think your par is green."

Song of the mouse: "Hear me  
 gnaw, ma."

TESTIMONIAL FROM GEORGE M. BUSTIN, Esq.

PORTLAND, June 27th, 1878.

MESSERS. HANINGTON BROS.:

DEAR SIRS,—I have been afflicted for the past 30 years, suffering from Kidney, Liver, and Lung Complaints, and after trying a great many remedies, some giving temporary relief, others not, I got almost discouraged; but in looking over one of the daily papers, I noticed an advertisement "Shanty Bitters," and I thought to myself as it was a purely vegetable preparation, and contained no "mercury, aloes, or hurtful drugs," by the blessing of God it might do me good. I bought one bottle, but before I took it all I was so much better that I continued to take it until I had taken two bottles. By God's blessing I can now walk from Portland to the City, and all over, and before using the medicine I had to drive. I have not been able to sleep well for the past five years, but now enjoy good rest every night. It is the best medicine I ever took, and I would advise all who are afflicted to try "Shanty Bitters." I hope you will publish this statement for the benefit of the afflicted. Yours with respect.

MESSERS. HANINGTON BROS.:

DEAR SIRS,—Having suffered severely for the past eight or nine years from that excruciating and painful disease—Neuralgia, and having tried a various assortment of Medicines, but to no effect, until I had the good fortune—and no doubt it was a lucky omen—of obtaining possession of a package of your excellent remedy—SCIATICINE—and before it was half used I became a new creature, free from every description of Pain or Swelling/whatever, and made a perfect convalescent. I highly recommend it to any person or persons suffering from NEURALGIA or Swelling in the Face, as one of the most sure and speedy remedies that can possibly be obtained.

**OX-TAIL SOUP.**—Take two tails, wash, and put into a kettle with about one gallon of cold water and a little salt. Skim off the froth. When the meat is well cooked take out the bones and add a little onion, carrot and tomatoes. It is better made the day before using, so that the fat can be taken from the top. Add vegetables next day, and boil an hour and a half longer.

It is surprising how quickly HANINGTON'S QUININE WINE AND IRON, acting through the blood, removes all kinds of Pimples and Blotches and produces a clear, healthy skin.

**RICE PUDDING WITHOUT EGGS.**—One-half cup of rice, nearly one cup of sugar, one cup of raisins, and two quarts of milk. Stir frequently while baking, but do not let it get too stiff.

FOR SUDDEN CHILLS, Cramps, Pains and Sore Throat, a teaspoonful of "HOT-CROP," in a little water gives relief at once.

**MARY'S SPONGE CAKE.**—Ten eggs, yolks and whites beaten separately; two cups of sugar, two cups of flour, two teaspoonfuls of baking powder, grated rind and juice of one lemon; the flour sifted and stirred in as lightly as possible.

IF YOUR child shows symptoms of Worms do not feel anxious. One Box of Hanington's Worm Lozenges will soon remove them.

**GINGER-BREAD.**—One pint of molasses, one glass of sour milk or cream, one tablespoonful of soda, one-half pint of melted lard; put the soda into the milk and molasses and beat to a foam. Make the dough very soft.

A THOROUGH rubbing with Hanington's Penetrating Liment is certain relief in cases of Sore Throat, Sprains, Bruises, &c. If you are afflicted, try it.

**CUP CAKE.**—One cup of butter, one cup of sweet milk, two cups of sugar, three eggs, four cups of flour, one teaspoonful each of saleratus, nutmeg and cinnamon. You may add a cup of raisins and a cup of currants if you like; either is good.

TO PRESERVE THE TEETH.—After having moistened the Tooth-brush in clear, cold water, drop on it a few drops of "Coraline." It is a splendid dentifrice.

**FLAXSEED TEA.**—One-half pound of flaxseed, one-half pound of rock candy, and three lemons pared and sliced; pour over this two quarts of boiling water; let it stand until very cold; strain before drinking. This is good for a cough.

## IRON

Is pre-eminently tonic and peculiarly well fitted to improve the quality of the blood when impoverished from any cause.

The diseases in the treatment of which it is most useful, are ANÆMIA, or Deficiency of the Blood Corpuscle, HYSTERIA, indicated by Palpitation of the Heart, Dejection, Anxiety and Difficult Breathing.

SCROFULA or Swelling of the Glands, particularly of the Neck behind the Ears, and under the Chin, also called King's Evil.

RICKETS, or inflammation of the Spine, peculiar to Children; DYSPEPSIA and INDIGESTION, or NON-ASSIMILATION of the food; LEUCORRHEA, AMENORRHEA, PIMPLES, BLOTCHES, SALT RHEUM, and all troubles arising from impure and thin blood.

## QUININE

Produces upon the system the same beneficial effects as PERUVIAN BARK, without being so apt to nauseate and oppress the stomach, and is most beneficial in all MORBID CONDITIONS of the system, and in low and typhoid forms of disease. Hence its use in SCARLATINA, MEASLES and SMALL-POX, in CARBUNCLE and GANGRENOUS ERYSIPELAS, and in all cases in which the system is exhausted under purulent discharges, and the tendency is towards recovery.

As a Tonic it is most advantageously employed in CHRONIC DISEASES with DEBILITY, as SCROFULA, DROPSY, PASSIVE HÆMORRHAGES, DYSPEPSIA, CUTANEOUS AFFECTIONS, CHOREA (also called St. Vitus' Dance), AMENORRHEA, INDIGESTION, and HYSTERIA, and in the advance state of PROTRACTED FEVERS.

## HANINGTON'S

# Quinine Wine and Iron

Is a perfect combination of Iron and Quinine, with the Finest Sherry Wine, pleasantly flavored.

Hence its decidedly CURATIVE POWER in the treatment of the above-named diseases, besides countless other ills arising from IMPOVERISHED BLOOD, or a debilitated state of the system.

INTELLIGENCE OFFICE, 102 Princess Street,

Saint John, N. B., July 29th, 1878.

Messrs. HANINGTON BROTHERS: Gentlemen,—Three years ago I was going to write you how much benefit I received from taking Two Bottles of your Quinine Wine and Iron, being then very weak and low, with no appetite for any sort of food, after a severe attack of Erysipelas in my head. Again, after the fire, I was nearly quite gone, and was restored to strength and activity by taking two bottles more, and last May I had to have recourse to the Quinine Wine and Iron again with the same beneficial results. While I was taking it last, a person came in who had left her situation to get into the Hospital, being so weak she could not work. I said, I will send you to a place where you will get \$7 a month; take two bottles of Hanington's Quinine Wine and Iron with you, and if you are not able to earn the \$7 I will pay you for the medicine. At the end of the month she was quite smart, and is still filling the situation. I send you these few lines for the benefit of society (if you trouble to publish it), as there are so many sick at present. It would greatly benefit persons after Sickness or Diphtheria, and would most certainly prevent sickness by strengthening and building up the system.

Yours, very truly,

JANE A. LEE.

**FRIED OYSTERS.**—Take large oysters, wash and drain. Dip them into flour; put in a hot frying-pan with plenty of lard and butter; season with salt and pepper; fry brown on both sides. Fried in this way, are similar to broiled oysters.

After an attack of Fever, Measles, Diphtheria, or any wasting disease, HANINGTON'S QUININE WINE AND IRON is the best medicine to take. It gives lasting strength.

**BEEF TEA.**—Very nice beef tea is made by cutting up tender, juicy beef into pieces about one inch square; put into a strong bottle, cork it tightly and set in a kettle of cold water. Boil it about two hours; the fluid then obtained will be the pure nutriment of the meat, and the tonic effects are powerful.

No LADY who delights in flowers, and likes to see them do well and bloom abundantly, should be without Hanington's Food for Flowers. Ordinary packages; 30 cents; sufficient for twenty plants for one year.

**CHICKEN JELLY.**—Cut up a chicken and put into a quart of cold water; let it simmer until reduced to a little less than a pint; remove from the fire, and strain as for jelly; season with a little salt. Chop the breast meat into small pieces and mix with liquor, and then pour the whole into a mould and set away to cool.

DIARRHŒA in children is often attended with the most serious results. Hanington's Blackberry Cordial gives relief at once, and cannot harm the youngest infant; price, 25 cents.

**SCOTCH SHORT-CAKE.**—Take one-half a pound of slightly salted butter, and one pound of flour; then mix flour and butter with hands; then add four ounces of loaf sugar, and work all into a smooth ball; then roll out until it is an inch thick; prick over with a fork, and pinch round the edges, and bake for one-half an hour in oven with a moderate fire in a round or square pan, according to taste.

If you have to work early and late, and get little or no exercise, take HANINGTON'S QUININE WINE AND IRON to give you strength.

**CHEAP GINGER COOKIES.**—One cup molasses, one cup brown sugar, one cup warm water, one cup lard, two tablespoons ginger, one tablespoon soda (dissolved in water), one teaspoon powdered alum, put in last. Mix soft, bake quickly.

### HOUSEHOLD RECEIPTS.

**DRIED FLOUR FOR INFANTS.**—Take one teacupful of flour, tie it up tightly in a close muslin bag, and put it in a pot of cold water and boil three hours; then take it out and dry the outside. When used, grate it. One tablespoonful is enough for one teacupful of milk (which would be better with a little water); wet the flour with a little water and stir into the milk; add a very little salt and boil five minutes.

**Farmers, lumbermen, and every one who keeps a horse,** should always have a bottle of Hanington's Penetrating Liniment at hand in case of accidents.

**CHICKEN BROTH.**—Take part of a chicken, joint it, and cover with water; let it boil closely covered until the meat drops from the bones, then skim off the fat, strain, and season with a little salt, and, if liked, add a teaspoonful of rice, and let boil until the rice is cooked.

**THE quickest cure for Chapped Hands** is to rub them well with "Balsamic" Glycerine Lotion, One application usually cures.

**JUMBLES.**—One pound of white sugar, three-fourths of a pound of butter, five eggs, leaving out the yolks of two, and nearly two pounds of flour; spice, if you like. Roll thin, and sprinkle granulated sugar over them before baking.

**HANINGTON'S SILVER PLATING FLUID** gives a coating of pure silver to Plate, German Silver, etc., and renews worn silver, Warranted to contain no acid. Price, 25 cents.

**CRACKED WHEAT.**—To one quart of hot water take one small teacup of cracked wheat and a little salt; boil slowly for half an hour, stirring occasionally to prevent burning. Serve with sugar and cream or new milk.

**FOR BILIOUSNESS, COSTIVENESS, and all troubles arising from a disordered state of the Stomach or Liver,** Use "Shanty" Bitters.

**WASHINGTON PIES.**—For the crust use two cups sugar, one-half cup butter, three cups sifted flour, four eggs, one-half teaspoonful cream tartar. For the filling: one tablespoonful corn starch, boiled in one-half pint milk; beat the yolk of an egg very light, and stir into the milk, flavor with vanilla, and when cold add the other half of the milk and the whole of the egg beaten to a stiff froth and stirred in quickly; spread this between the cakes, and ice it with the white of one egg and eight tablespoonfuls of fine sifted sugar flavored with lemon.

"Penetrating" Liniment is the Best Liniment for Horses.

## **SYMPTOMS OF WORMS.**

Worms may be suspected to be present when a child looks pale, and grows emaciated, when his belly swells and becomes hard, a gnawing, pungent or twisting pain being felt in the stomach, or about the umbilicus. The appetite is usually precarious, at times voracious, the breath is fetid, and the bowels deranged, being alternately purged or costive, and much mucus passed in the stools. There is commonly *picking of the nose*, or irritation felt in the rectum; the sleep becomes *unquiet*; he is subject to *start or suddenly awake from slumber*; *grinding of the teeth* is a symptom often observed; the breathing may be hurried or difficult, and the cough, which so often attends, is in general *dry*, and of a *convulsive or suffocating kind*. Vomiting, hiccup, diarrhoea and bloody stools often accompany their presence.

When the above symptoms are noticeable the proof is conclusive that **WORMS** are the cause, and the sooner they are removed the better for the health of the child. Procure at once a Box of

**HANINGTON'S WORM LOZENGES,**  
and use them according to directions. They *speedily* destroy the Worms, and *expel* them from the body *without* the necessity of administering unpleasant doses of Senna or Castor Oil. They are purely Vegetable, contain nothing injurious, and will not harm the youngest child. Be sure that you get "HANINGTON'S."
