lieve me although I tried several different melicines. I could not even find any thing which would relieve my cough, which at times would be very severe. Early last winter I read in the Expostor of Dr. Williams' Pink Pills, and as the symtoms mentioned were somewhat similar to mine I was thus induced to try them. I procured a supply from Messes. Me Gregor & Merrill, druggists of Brantford. Before I had used two becas of the Pink Pills I felt so much better and relieved from my distressing symptoms that I thought it would be best to continue taking them through the winter, and I accordingly got another supply and used them with the results that I have been totally relieved. I have not once since had the severe headaches which formerly made my life miserable and my cough has entirely disappeared. I strongly recommend Pink Pills to anyone who suffers similar to what I did, from dizziness, headaches, indigestion, etc., and I believe they will derive great benefit from their use.

Mrs. Avery's statement was corrobor ated by her husband, who was present during the interview, and who said that without a shadow of doubt Pink Pills had accomplished more for his wife than any other medicine which she had taken.

It performs this by the great nervine tonic qualities which it possesses, and by its great curative powers upon the digestive organs, the stomach, the liver and the bowels. No remedy compares with this wonderfully valuable Nervine Tonic as a builder and strengthener of the life forces of the human body, and as a great renewer of a proken-down constitution. It is also of more real permanent value in the treatment and cure of diseases of the lungs than any consumption cemedy ever used on this continent. It is a marvelous cure for nerv ousness of females of all ages. Ladies who are approaching the critical period known as change in life, should not fail to use this great Nervine Youic, almost constantly, for the space of two or three years. It will carry them safely over the danger. This great strengthener and curative is of inestimable value to the aged and infirm, because its great energizing properties will give them a new hold on life.
