## JACQUET RIVER MAN KILLED IN THE WEST

Mr. James Doyle, of Jacquet River, N. B., received a telegram last week informing him that his brother, Mr. Miles A. Doyle, had been killed near Baker, Oregon. No particulars of the sad affair have yet been received. The telegram was received from the secretary of the Society of Eagles, of which Miles Doyle was apparently a member. The deceased was a son of the late James Doyle, lumberman at Jacquet River, and is survived by two daughters, his wife, who was a Miss Ulician, having predeceased him.

## FIRE PROTECTION

It seems sometimes as if the terrible lesson we had last July has been absolutely forgotten by many of the people in town. The GRAPHIC endeavoured to sound a warning note some time ago which so far has not taken effect, but as constant dripping wears away the stone, we will still continue on our self-imposed mission, that of endeavouring to enlighten the people as to their real danger.

We have a book of By-Laws relative to House-building specially constructed to mitigate the danger from fire, and we are sorry to say they are more honored in the breach than the observance. We have By-Laws, Fines and Penalties galore regarding this, that and the other thing, but the man in the street goes serenely on his way and does just as he likes ignorant of any infraction of By-Law or Legal Enactment.

What is the penalty for burning rubbish or brush without the sanction of the Council? Answer \$40. How many persons have been charged with this offence since the By-Law came into force? Answer None. What is the good of the By-Law if it is not enforced? Answer Not a bit of good. How many persons have built houses and sheds without permits? How many houses have been burned as not being up to the standard as set by the By-Laws and what has been done to those persons? These are questions which we leave our readers to answer.

This is now assuming the dimensions of a scandal and the Council must act and act quickly if we are to have a town of any importance in the province.

Let us have the By-Laws tested and if they are no good get rid of them quickly and let us have something definite and sensible to work on, as at present we are supposed to be protected by By-Laws which are not enforced and we might as well have none. As it is at present, what with illegal building and burning rubbish and brush and a puff of wind, especially in Ward III which has no fire fighting appliances and few hydrants.

On Wednesday of this week had that brush got fifteen minutes more burning Campbellton was once more doomed—and this is coming. As we stand at present the temporary shacks around us are veritable fire traps and if we could not fight the fire of last July we are worse off now. We are spending thousands of dollars on improvements and large buildings and not one penny more for protection, leaving ourselves to the tender mercies of one horse wagon and steamer and these in the place where least needed. Wake up! This is no time for idle dreaming. We have been asleep too long, the time is now short and to the watchman stands before the city gates crying "Prepare ye" Who will listen to the trumpet call and make some effort for the protection of our homes?

## HIS MAJESTY'S MAIL ON A FREIGHT TRAIN

The English mail, which arrived at Rimouski at 6:25 o'clock on Saturday morning last, left that port at 15:12 by local train, and was taken through to Campbellton. At Campbellton the mail was transferred to a freight train, and came to Moncton that way, arriving on Sunday morning at 6:17. The citizens of Moncton received their mail on Monday on arrival of the Maritime Express, or over fifty hours after the landing of the steamer at Rimouski.

## MOTHER'S DAY

Next Sunday being "Mother's Day" white flowers will be worn in the buttonhole, and all the church services will relate especial-

## TOWN COUNCIL HOLDS MEETING

Much Important Business Transacted  
Licenses, Etc.

A meeting of the Town Council was held on Monday evening. His Worship Mayor MacDonald presiding. Councillors Alexander, Miller, Mowat, McKenzie, Lunam and Pinault being present.

The minutes of the previous meeting were by courtesy of the Council held over till next meeting.

A communication was read from the Relief Committee enclosing a resolution from that body notifying the town to return the \$4000 loaned them by the Relief Committee. This was referred to the Finance Committee.

A communication from the McLennan Foundry and Machine Works Co. Ltd., was read asking exemption from taxation for five years and a flat rate of \$100 per year for the next fifteen years. This letter was laid on the table.

Petitions from Jos. Boucher and James N. Thomson for trucking licenses were referred to Police and License Committee.

The petitions of Edward Alexander for a Livery License and of Stephen Dorman for a Restaurant at the corner of Prince William and Water streets, were referred to Police and License Committee as was also the petition of J. E. McHugh, Andrew Coutts and John Aylward to conduct a Restaurant and shoe shining parlor on Water street.

Petition from the residents on Athol street praying for water and sewer connections was referred to the water and sewerage committee.

Councillor Lunam submitted the report of the Police and License Committee recommending that licenses for trucking be granted as follows:—For one horse, W. T. Gray, A. J. Arsenau, Wm. S. Young, Ed. Young, Adam LeBlanc, Farnell McKenney, and for two horses, Geo. Dunn, Jos. P. Lacasse and J. A. O'Keefe. Also that a license to conduct a Restaurant be granted Eugene Tremblay on payment of \$10 and that the petition of Norman Gray for a dance hall be not granted. Report was received and adopted.

Councillor Lunam presented a verbal report from the Electric Light committee, and stated as requested by the Council he had seen Mr. W. F. Napier of Shivers Lumber Co., regarding payments on the property now acquired by the town, and that the arrangement made with the sellers was for the payment of \$2000 per year for the first two years, then \$1000 per year with interest. The clerk was instructed to write Messrs. Shivers informing them that the terms were satisfactory and to proceed with the preparation of the deed of sale. In speaking to this report Councillor Mowat thanked Councillor Lunam and the Electric Light committee for this work done in his absence and endorsed what had been done wholeheartedly.

Councillor White at this time entered the meeting.

Communication from C. Lutz, secretary of the Baseball Club, asking the assistance of the Council in the formation of the club. It was proposed by the club to rent a piece of ground and the most valuable assistance at present would be the use of the road apparatus for two or three days with men to work it. This matter was referred to Public Property and streets committee with power to act.

Councillor Miller submitted a verbal report from the Finance Committee recommending the renewal of the Employer's Liability Policy which expired on May 10th 1911. This was agreed to.

Councillor Alexander submitted report from the Water and Sewerage committee recommending that the petitions of the residents on Wellington and Stanley streets (east) for water and sewer connections be granted. This work will entail a fairly large expenditure and means putting down 613 feet of water main, and about 550 feet of sewer. This report was received and adopted.

Regarding Athol street the committee recommended that nothing be done in the meantime as in the opinion of the Engineer the work would be too costly. Mr. Donald McLean who was present at the meeting was heard in support of the petition and in his remarks said that there was very little rock on his street and he did not think it would be so expensive to do as was thought by the engineer.

After discussion this part of the report was referred back to the committee for further consideration.

Councillor Alexander was given permission to ask tenders for the following supplies for water and sewerage department, 3 Hydrants, 9 Valves, 74 Stop Cocks, 1000 ft. Lead Pipe, 72 Coupling Caps, 54 Connections, 2500 Terra Cotta Pipes, 25 T. C. Ys, 12 Manhole Covers.

Councillor Pinault in a verbal report from the Public Property and streets committee recommended that the grade of Andrew street be changed in accordance with plans prepared by the town engineer. Report received and adopted. In reply to a question Councillor Pinault said that the new plank side-walks would be laid with 4 space between the planks for draining the boards.

The question of the laundry came up once more. Mr. Sanson in reply to questions stated that he would use electric power and put his workers on night work until the day service was given from the new plant. Councillor Mowat did not see how this was to be done as the electric plant at present was over-loaded. After much discussion on the drainage question it was resolved to hold over the matter until the matter of closing the sewer had been looked into with the Intercolonial Railway.

A report of a special committee regarding matters of improvement with regard to I. C. R. was received asking the Council to approve of plans prepared by D. T. Black showing a new opening to the river in lieu of Sugarloaf St. and also asking the Council to pay half the expenses of a delegation to go to Ottawa to further the scheme.

The first part of the report was received and adopted, but in the matter of the expenses, a hot and wordy war ensued. The questions were asked—was it legal to spend the ratepayers' money on such a project? Did not the ratepayers at a public meeting in the Opera House, vote down this same question? "Why should the Council pay half the expense and not have a member on the delegation?" After much fruitless discussion it was resolved that the Mayor be appointed a member of that delegation and the Council pay the expenses to Ottawa.

The request of the McLennan Foundry Company was then taken up. The letter was sympathetically received by the Council and after discussion it was referred to the Finance Committee to make arrangements with the petitioners for presentation to the Council and to report at next meeting.

Continued on page 8

## BRUSH FIRE IN UPPER WARD

People Around Vinegar Hill Were Excited by Brush Blaze.

On Wednesday afternoon the residents around Vinegar Hill were thrown into a state of excitement by an outbreak of fire in the brush which is lying thickly on the hill at Christopher's.

The work of clearing this part of Mr. Christopher's property has been going on for some time, and contrary to instructions—one of the workmen started to burn the brush before it was properly isolated. Willing hands were soon working at the blaze which was quickly extinguished. We understand that the lumber will now be removed and the brush all gathered into heaps and burned under the direction of the fire department.

## HEAVY DRINKER CURED

Samaria Cured Him and He Helps Others.

A man who has been released from the awful cravings of drink, and whose first thought is to help others, shows the spirit of true brotherhood and philanthropy. Read his letter:—

"The Samaria Remedy Co., Toronto, Ont.  
"Will you please send me book on drink, also circulars relating to your valued remedy for the drink habit. I wish to hand these to a friend who is going to ruin through drink. You will remember that I have taken your remedy, and I find it all you claim it to be. I never think of taking or using strong drink in any way, as all desire for it has left me. I cannot speak too highly of your wonderful remedy. You may use my name in any way you wish in public.  
"H. Lilywhite, Bridgen, Ontario."

Samaria Prescription is tasteless and odorless, and dissolves instantly in tea or coffee, or can be mixed with food. It can be given with or without the patient's knowledge. It removes the craving for drink, builds up the system and restores the nerves. Drink becomes distasteful and even nauseous.

Drink is a disease, not a crime. One drink of whiskey always invites another. The inflamed nerves and stomach create a craving that must either be satisfied by more whiskey or removed by scientific treatment like Samaria Prescription. Samaria Prescription has been in regular and successful use by Physicians and Hospitals for over ten years.

If you know of any family needing Samaria Prescription, tell them about it. If you have a husband, father or friend that is drifting into drink, help him save himself. Write to-day, A FREE TRIAL PACKAGE of Samaria Prescription, with booklet, giving full particulars, testimonials, prices, etc., will be sent absolutely free and prepaid in plain sealed package to anyone asking for it and mentioning this paper. Correspondence sacredly confidential. Write to-day, The Samaria Remedy Co., Dept. 77, 49 Colborne St. Also for sale by Thomas Wran, Druggist Campbellton.

## AFTER 7 YEARS SUFFERING

### I Was Cured by Lydia E. Pinkham's Vegetable Compound

Waurika, Okla.—"I had female troubles for seven years, was all run down, and so nervous I could not do anything. The doctors treated me for different things but did me no good. I got so bad that I could not sleep one night. With this condition I read of Lydia E. Pinkham's Vegetable Compound, and began its use and in a short time I had gained my average weight and am now strong and well."

Another Grateful Woman  
London, Ont.—"I feel as if I could not tell others enough about the good Lydia E. Pinkham's Vegetable Compound has done for me. I was so weak and tired that I could not rest nights. A friend recommended your Compound and I soon gained health and strength and could not wish to sleep better. I know other women who have taken it for the same purpose and they join me in praising it."

Lydia E. Pinkham's Vegetable Compound has surely cured many cases of female ills, such as inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, and nervous prostration.

## THE TWO NEWCASTLES EXCHANGE GREETINGS

### Newcastle-on-Tyne Sends Banner to Pupils of Harkins Academy.

A handsome banner donated to the Harkins Academy here by the Girls' High School of old Newcastle-on-Tyne, England, will be presented to the Harkins trustees at special exercises in the Academy on the 19th inst. Governor Tweedie will make the presentation.

The banner is sent that it may be a means of establishing a bond of common sympathy between the two Newcastle. The design (by Muriel Wilson) under the superintendence of Mr. Halton of the Armstrong college is of rose, shamrock and thistle, with the maple for Canada, rowanberry and oak for Wales and parts of the Newcastle-on-Tyne arms.

## A GREAT MEDICINE

From a long article in "The Des Moines (Iowa) Capital" of April 24th ult., the following is gleaned: Medicines and products of the Chamberlain Medicine Company of Des Moines are sold and used throughout the entire world. The foreign trade of this company today includes Canada, Cape Colony, Dutch Guiana, Straits Settlements, Philippine Islands, New Zealand, Ceylon, India, China, Natal, Panama, Australia, East Africa, Cape Colony, Rhodesia and Jamaica.

Loaded to capacity with a 5,000-barrel cargo of naval stores, the river steamer, Belle, from Vernon, Fla., to Pensacola, sank in a severe fifty-mile gale in the Choctaw river, and four lives were lost.

## REPIARIAN ASSOCIATION LEGISLATION

An act to incorporate the Restigouche Riparian Association has been passed by the Senate with amendments. According to a telegram received from speaker Marcell the Bill was passed by the Commons on April 24th as amended by Senate Committee satisfactory to all parties. It may be mentioned that a protest signed by 340 names was presented against the passage of the bill from the electors of Restigouche and Bonaventure counties.

The preamble of the bill as presented to the senate was as follows:

(a) Whereas an unincorporated association consisting of corporations, private associations and individuals in the provinces of Quebec and New Brunswick, owning, leasing or interested in riparian rights and fishing privileges upon and appertaining to the Restigouche and Matapedia rivers and their tributaries in the provinces of Quebec and New Brunswick, has been in existence for some time for purposes similar to those hereinafter set forth; and whereas the said association desires to become incorporated with power to exercise in the provinces of New Brunswick and Quebec the perpetuation of the Restigouche and Matapedia rivers and their tributaries as salmon streams; and to encourage and promote the propagation, both natural and artificial, of the Atlantic salmon; and upon their invitation to support the public authorities of the Dominion and Provincial Governments in the proper development of salmon fishing as an industry; and to secure in the provinces of New Brunswick and Quebec a strict and impartial enforcement of the fish and game laws; and to provide a medium of mutual cooperation throughout the Dominion of Canada between owners and lessees of riparian rights and fishing privileges, and any others interested therein, whereby such action or proceedings may be taken as may be necessary to protect fish and game and otherwise to induce or to secure obedience to and respect for such laws and their enforcement; and for such other objects and purposes within the jurisdiction of the parliament of Canada as may be necessary and useful for any of the above purposes; and whereas the following persons, who are individual members of the said association or represent private associations and corporations who are members thereof, namely: Harry Stikeman, banker; William Molson Macpherson, banker; Sir Hugh Montagu Allan, C. V. O., steamship owner; Charles Meredith, broker; Isaac Henry Stearns, treasurer of the Chamberlain Shoals Fish and Game Club; Henry Vincent Meredith, banker; Richard Bladworth Angus, gentleman; James Ross, gentleman; all of the city of Montreal in the province of Quebec, Canada; and George G. de Witt, secretary of the Restigouche Salmon Club; John Howard Wainwright, secretary of the Matapedia Salmon Club; Dean Sage, lawyer; William P. Clyde, steamship owner; Frank S. Hall, lawyer; Charles G. Peters, retired banker; Samuel Bettle, engineer; Howard Willets, merchant; Jules S. Ehrlich, merchant; all of New York in the state of New York, one of the United States of America; have by their petition prayed that it may be enacted as hereinafter set forth; and whereas it is expedient to grant the prayer of the said petition; therefore His Majesty, by and with the advice and consent of the Senate and House of Commons of Canada, enacts as follows:

The persons mentioned by name in the preamble to this Act, and all persons, other than corporations, who are at the date of the passing of this Act members of the unincorporated Association referred to in the preamble to this Act, and all such persons as thereafter, under the provisions of this Act, become members of the corporation hereby constituted, are hereby constituted a corporation under the name of "The Restigouche Riparian Association", hereinafter called "the Association". The purposes of the Association shall be to promote and assist— (a) the perpetuation of the Restigouche and Matapedia Rivers salmon streams; (b) the propagation by both natural and artificial means, of

## \$3,600 in Cash Prizes for Farmers

ARE you one of the thousands of Canadian farmers who have used or intend using Canada Cement for the construction of some farm utility? If you contemplate building anything whatsoever of concrete, make up your mind right now to build it with a view to winning one of the prizes we are offering. Read the rest of this announcement and you will learn how you may try for a share in the \$3,600 we are giving away, to encourage the use of cement upon the farm. Throughout Canada the farmers have taken such a keen interest in our campaign that it has inspired us to go further along these educational lines. We have decided, therefore, to offer a series of four \$100.00 prizes to each of the nine Provinces, to be awarded as follows:

PRIZE "A"—\$100.00 to be given to the farmer in each Province who will use during 1911 the greatest number of bags of "CANADA" Cement for actual work done on his farm.

PRIZE "B"—\$100.00 to be given to the farmer in each Province who uses "CANADA" Cement on his farm in 1911 for the greatest number of purposes.

PRIZE "C"—\$100.00 to be given to the farmer in each Province who furnishes us with a photograph showing best of any particular kind of work done on his farm during 1911 with "CANADA" Cement.

PRIZE "D"—\$100.00 to be given to the farmer in each Province who furnishes the best and most complete description of how any particular piece of work shown by photograph sent in, was done.

In this contest no farmer should refrain from competing, because of any

feeling that he may have little chance against his neighbor who he thinks might use more cement than he does.

For it will be noted that Prizes "C" and "D" have no bearing whatever on quantity of cement used. The man who sends us the best photograph of so small a thing as a watering trough or a hitching post, has as much chance for Prize "C" as a man who sends a photograph of a house built of cement—and the same with Prize "D" as to best description.

Canada Cement is handled by dealers in almost every town in Canada. Should there not happen to be a dealer in your locality, let us know and we will try to appoint one.

Contest will close on November 15th, 1911, and all photos and descriptions must be in our office, by that date. Awards will be made as soon as possible thereafter. The jury of award will consist of: Prof. Peter Gillespie, Lecturer in Theory of Construction, University of Toronto; W. H. Day, Professor of Physics, Ontario Agricultural College, Guelph; and Ivan S. Macdonald, Editor of "Construction."

Now, you cannot hope to do concrete work to the best advantage unless you have a copy of our free book, entitled, "What the Farmer Can Do With Concrete." This book tells how to construct well-nigh anything on the farm, from hitching post to silo. Whether you enter the contest or not, you'll find this book most helpful. A post-card asking for the book will bring it to you promptly. Send for your copy tonight. From your cement dealer or from us you can obtain a folder containing full particulars of contest. If you send to us for it, use the coupon provided in this announcement.

Please send me full particulars of Prize Contest. Also a copy of "What the Farmer Can Do With Concrete."

Name.....

# JEALOUSY CAUSES MURDER

## A Woodstock Man Shoots Another Who Visited His Wife in His Absence

At Woodstock Wednesday evening Wm. Bragdon, returning home sooner than expected, shot Woodman McCuskey who had just left Bragdon's house where he had visited Mrs. Bragdon. Bragdon gave himself up. He alleges that McCuskey had alienated his wife's affections. McCuskey has since died.

At the inquest Friday evening the jury brought in a verdict that he came to his death from the effects of a bullet wound received on the night of May 3rd at the hands of William Bragdon.

Mrs. Ina Bragdon, wife of the man who will now be charged with murder, was among the witnesses examined. She said: "I am the wife of William Bragdon. I live in Woodstock; I knew the late Woodman McCuskey. I saw him on the evening of May 3rd. I know that he was shot that night. I was there when the shooting took place; it took place in the yard. I know who fired the

bullet; it was William Bragdon; he fired three times. Just one shot was aimed at McCuskey. I was in the house when the row started in the yard. Wm. Bragdon is my second husband.

To the jury-men. I saw my husband when he fired the shot; McCuskey had hold of him before the shot was fired. McCuskey was in the house about fifteen minutes when Bragdon returned home; he fired one shot at me and the other shot into the air. He used bad language to me after McCuskey went away.

Others who gave evidence were Dr. Rankin and Onwood McIntyre; who heard the shots fired and Miles Diamond, who swore that after the shooting the man kicked and drove the woman into the house.

Sheriff Tomkins testified that McCuskey in his ante-mortem statement said Bragdon shot him in his Bragdon's dooryard.

No one disputes the splendid quality of Red Rose Tea. Here in the East as well as in the West it is used every day in thousands of homes where its unvarying fine quality has been proven by years of continuous use.

Prices: 30c., 35c., 40c., 50c. and 60c.

Men who always went to the custom tailors are now wearing Fit-Reform

The reason is simple and logical.

Fit-Reform Suits show the same careful tailoring—the same graceful lines—the same perfect fitting qualities—as the finest of the custom work, because they are the highest class of hand tailoring.

With these advantages—

The suit is ready, the day you select it—and the cost is anywhere from 25% to 50% less.

This may sound unreasonable to the man who does not know that the greatest designers and the most skilled tailors in Canada, are employed by Fit-Reform.

It is equally true that Fit-Reform commands the choicest fabrics that come from the looms.

All of which you can learn, to your complete satisfaction, when you come to look over our showing of Fit-Reform Suits.

# Fit-Reform

Contractor Campbellton, N. B.

### FOR THE WINTER

I have in stock a fine range of Fur Goods, which I am selling at a very close margin. Also Sleighs of all kinds, Robes, Harness. A general stock of goods, consisting of Dry Goods, Groceries, Boots and Shoes, Hardware, etc. also carried.

Thos. Ellswort  
Merrard Street.

HAVE YOU TRIED OUR JOB PRINTING?

## Safes and Typewriters.

I have opened up my office on Water Street and am prepared for business as before the fire.

Besides Pianos and Organs, I will be able to fill promptly all orders for Goldie & McCully Safes, Smith Premier Typewriters and Office Labor Saving Equipments.

SAMUEL LAUGHLAN,  
CAMPBELLTON, N. B.

### OBITUARY.

ANNIE R. CALL  
(Union Advocate)

The death of Annie R. Call, (nee Niven) widow of the late Lieutenant-Colonel Robert R. Call, who organized Newcastle Field Battery in 1885 and died here in December 1903, took place on Sunday evening at the residence of her son, Byron N. Call. Deceased died of paralysis, the third and last stroke of which came last Friday morning, death coming at 11:25 Sunday night. Mrs. Call had been a great sufferer. The first intimation of paralysis was in Dec. 1905 and the first stroke in Feb. 1907. From December 1908 till June 1910, Mrs. Call lived in Denver with her daughter, Mrs. Edwin T. Jones, and returned to her old home here, at the latter date, where she had since resided. Deceased was a very amiable lady, widely known and much respected. She was an earnest and valuable member of the Presbyterian church. She was born near Stanstead, Scotland, seventy-five years ago, and was married here in 1862, spending most of her life in Newcastle. She leaves two children, B. N. Call and Mrs. Edwin T. Jones. Collin Niven of Dalhousie is a brother and Mr. Duncan Davidson of Seattle, Wash., a sister. Much sympathy is felt for the bereaved relatives. The funeral takes place at 2:30 today.

An invitation to the Grand Trunk Railway to build its line to Boston, was extended by the lower branch of the Massachusetts Legislature yesterday, in the adoption of an order to that effect, which was introduced yesterday. A similar order was placed on the Senate agenda for action later in the day.

The military profession the world over has the greatest percentage of suicides.

## Mistakes May Happen

to you, as they do to everyone. If you eat too fast, do not masticate properly, or take food that does not agree with you, digestive derangements are almost sure to come, and indigestion generally leads to very serious physical troubles.

## BEECHAM'S PILLS

relieve and cure indigestion. They have a quick and tonic action on the stomach and the nerves, and so they give direct aid to digestion. They carry away also the indigestible matter. With their use dyspepsia, hiccoughs, bad taste, unpleasant breath and flatulence disappear. You should be careful and remember Beecham's Pills.

## Will Right The Wrong

Sold everywhere in convenient boxes 25c.

### 13 WEEKS IN HOSPITAL

Game Away No Better and then Two Boxes of Zam-Buk Worked Complete Cure.

Mr. Fred Maron the well-known upholsterer and mattress manufacturer of St. Andrews, N. B., says: "I had eczema on my knee, which caused me terrible pain and inconvenience. The sore parts would itch and burn and tingle, and then when rubbed or scratched, would come very painful. I tried various remedies but got no better, so I decided to go to Montreal and take special treatment. I received treatment at the Montreal General Hospital for thirteen weeks, but at the end of that time I was not cured, and almost gave in. A friend advised me to give Zam-Buk a trial and although I had little hope of it doing me good, took the advice. Almost as soon as I applied Zam-Buk stopped the itching and the irritation. I persevered with the balm, and it was soon evident that it would do me good. Each day the pain was reduced, the spots began to heal, and by the time I had used a few boxes of Zam-Buk I was cured."

For eczema, blood-poisoning, pimples, ulcers, sores, abscesses, varicose ulcers, bad leg sore feet, blisters, insect stings, poisoned wounds, cuts, burns, bruises and all skin injuries and diseases, Zam-Buk is without equal. Zam-Buk soap should also be used for washing all wounds, eczema patches and sores. All druggists and stores sell Zam-Buk at 50c. a box and Zam-Buk Soap at 25c. per tablet, or from Zam-Buk Co., Toronto.

### BLACK CAPE

(Crowned out of last Issue.) Black Cape, May 1—Mr. Ralston McLom left last week for Bathurst where he has accepted a position as engineer on one of the Caspasia Lumber Co. tugs.

Mr. Hastie Henderson has purchased a handsome boat from Dr. Enright of Port Daniel. The boat is 22 feet in length and is a very fast sailer.

Dr. Sprual, Hugh Johnston and Ernest arrived from Port Daniel on Saturday evening with Mr. Henderson's boat and report a fine trip.

Mr. William Burton and his son George, Colin Campbell and William Steele left last week for Ontario where they will be engaged in railway works.

Mr. J. D. Morrison has left for Grand Pabos where he has accepted a position with the Pabos Lumber Co.

Mr. Weston Howatson paid Hope Town a flying trip last week.

Mr. and Mrs. Ernest Blanger are receiving the congratulations of their many friends on the arrival of a daughter in their home on Friday morning.

Mr. Whitehead of the Massey Ba Co., was in our midst last week on business for the Company.

The foundation of the bank of England has weakened; but this is architectural, not financial.

### IN THE PROBATE COURT OF REGTIGOUCHE COUNTY

To the Sheriff in the County of Restigouche, or any constable within the said county, Greeting:

WHEREAS Alexander Cook Administrator of the estate and effects of John Cook, late of the Parish of Dalhousie, in the said county, deceased, hath filed in this Court an account of his administration of the said deceased's estate, and has prayed that the same may be passed and allowed in due form of law.

You are therefore required to cite the heirs, next of kin of the deceased, and all of the creditors and other persons interested in his said estate, to appear before me at a Court of Probate to be held in and for the County of Restigouche, at my office, in the Town of Campbellton, in said County, on Monday, the tenth day of July next, at 11 o'clock in the forenoon, then and there to attend the passing and allowing of the said account.

Given under my hand and the seal of the said Probate Court, this twenty-eighth day of March, A. D. 1911.

(Signed) William Murray, Judge of Probate for the County of Restigouche.

Signed John Barbare, Registrar of Probates for the County of Restigouche, Trueman & McKenzie, Dalhousie, N. B., Proctor, Mar. 28 July 8.

The Original and Only Genuine. Beware of Imitations. Sold on the Merits of Varnum's Liniment.

Local and Provincial

The street gang is now busy giving the thoroughfares a much needed spring cleaning. Pity we could not have had a spring cleaning last fall.

Mr. Harry M. Aronson is opening a jewelry and watch repairing establishment, opposite the McDonald Bldg., on Water Street, where he will be glad to welcome the qualified rate-payers and suffragettes.

It doesn't do to cut things too fine. A Frenchman up at Richard's found it so on Tuesday when he attempted to board a moving train on the I. N. R. He got thrown underneath the car and how he escaped with his life is a wonder. Yes, we are a tough race.

Reports from the lumber drives are most encouraging and the operators think most of the large drives will be gotten in safely. The cut is reported to be very large.

One of our esteemed contemporaries writes:—Three men are to be sent from every regiment in Canada to the Coronation. The 73rd Regiment will be represented by Sergeant Budd, MacKenzie of Chatham, Serg. Benj. Harris of Upper Blackville, and a man from the Campbellton company. Who is the man from Campbellton?

Mr. R. S. Miles, manager of the Prescott Lumber Co., with headquarters at New Mills, reports the stream driving very poor this spring and men are very hard to find. The contractors in Campbellton complain also of the shortage of men and the "longage" of wages, hence the ascendancy of building prices.

Mr. E. H. Anderson, manager of the International Railway, went over the line on Wednesday, accompanied by Police Judge Matheson, for the purpose of swearing in the new men for police duty along the line. The Editor thanks Mr. Anderson for his kind invitation to be present and regrets he was unable to accept.

Says Mr. Angle: "I have driven the car over 6000 miles over all sorts and conditions of roads and have never had the slightest difficulty. It is an actual fact that I have spent only 75c for repairs during the season. The gasoline consumption is remarkably low." "You'll sell eight or nine E. M. F. '30's in our town in line" remarked Mr. Angle as he left the office. He returns to the West in a few days and like all Westerners, he is enthusiastic for that country.

The steam ferry is running her usual trips under the genial command of Captain McDonald. Long may the cheery hail be heard "All aboard."

J. M. Howell, a popular druggist of Greensburg, Ky., says, "We use Chamberlain's Cough Remedy in our own household and know it is excellent." For sale by all dealers.

There is a nice job waiting for some one with a gasoline launch. The chief will tell you where the dead horse is, but please tow it down the river don't bring it over to Tigh Head.

In the supplementary estimates brought down in the house at Ottawa this week the following may be of interest to citizens of Campbellton:—"Widow of John Morton, engine driver killed on Intercolonial, \$1,000."

At the last meeting of the Provincial Board of Education, Mr. John Flanagan of Chatham was placed on the teacher's pension list. Mr. Flanagan has been teaching for about thirty-five years. There are now sixteen teachers on the pension list.

Mr. William Cook is starting a nice hardware store on Roseberry Street. Willie is of the Canby Scot type, he waits till he has everything ready and then he makes a move. Williams got the goods all right. Go up and see him.

Friday afternoon in Hutchison's mill, Douglastown, Hugh Kirkpatrick, a filer, who at the time was sawing, ran his right hand against a moving saw, losing his middle finger and half of the fore finger. He is doing nicely.

An interesting race was started last Saturday at Jacquet River. There were four starters. Three gave up 100 yards from the starting post but the fourth (Dempsey) did not stop running till Tuesday when he was reeasted away back in the woods. He won't get much of a start the next time.

How are you, Samara? A Happy New Year to the "first foot" of Campbellton's shipping season. S. S. Samara arrived here last Friday and will load out lumber from Shive's Lumber Co., for the river Platte. The steamer's capacity will be about 2 1/2 million feet board measurement.

At the beginning of the week Nibho's shack at Jardine Brook was burned out. The camp outfit suffered severely. Perhaps some of the blankets would need a little burning.

Now is the time to get rid of your rheumatism. You will find Chamberlain's Liniment wonderfully effective. One application will convince you of its merits. Try it. For sale by all dealers.

Mr. Oswald Larzen, commercial traveller, is confined to his home at 160 Enterprise street, Moncton, and underwent an operation upon his leg. He is progressing towards recovery and hopes to be about in a couple of weeks.

A part of the modern henery established recently in this parish by A. Fortin, was destroyed by fire on Saturday evening. In addition to the building and a lot of tools 716 chickens were burned. The loss is more than \$1,000 and no insurance.

MINARD'S LINIMENT CO., LIMITED. Dear Sirs.—Your MINARD'S LINIMENT is our remedy for sore throat, colds and all ordinary ailments. It never fails to relieve and cure promptly.

CHARLES WHOOTEN, Port Mulgrave.

A news despatch from Paris quotes a Constantinople paper as saying that three shots were fired a day or two ago at the Imperial German yacht Hohenzollern, at Corfu. No one was injured. Dispatches direct from Corfu make no mention of any such incident.

ECZEMA CURE A BEAUTY WASH

Although D. D. D. Prescription has been recognized for years as the one remedy for Eczema, Psoriasis, and all other forms of skin diseases, it is now known that there is no other wash, even those used by the beauty specialists, that can compare with this mild liquid for cleansing the skin of pimples, blackheads, rash, and all similar skin affections.

For this reason alone, a bottle of D. D. D. should be kept on hand in every household. A free trial bottle will show you the merits of this great remedy as a complexion wash.

D. D. D. seems to remove the cause, whatever the trouble may be, cleansing the skin, and leaving it as soft, as smooth and clear as that of a healthy child.

Write the D. D. D. Laboratories, Dept. C. D., 49 Colborne St., Toronto, and prove its wonderful effectiveness. For sale by A. McG. McDonald.

PERSONAL

Dr. Cates was in town this week. Miss Isa Cameron is visiting in N. S. Dr. and Mrs. McNichol are in town. Dr. W. W. Doherty has returned to town.

Mr. and Mrs. Richard Sowerby spent Tuesday in town.

Miss Geo. Myles is expected back from Moncton this week.

Miss Opal Keays, who has spent the winter in St. John, has returned to town.

Mr. Currie, Supt. for R. M. S. Canada, has taken up his residence in town.

Mrs. D. Harker has returned from Toronto and will remain here for the summer.

Mrs. W. A. Mott and little daughter, Miss Elizabeth, of Dalhousie are visiting in town.

Mrs. Keays, who has been spending some time with friends in Nouvelle, has returned to town.

Mrs. T. P. Drumm entertained a number of young people at the Mansie on Monday evening. Who said Canada?

Mrs. A. E. G. McKenzie has returned to Campbellton after spending the winter in Newcastle.

Arthur McKendry and Mr. Powers of Bathurst spent Sunday at Mr. McKendry's home in Douglastown.

Mr. Harold O'Brien's many friends are glad to see "Timmy" back again with his machine. They are to any way.

A party of fishing gentlemen wandered back from McLeod's, accompanied by one trout. Hard lines on the trout.

Mr. and Mrs. Stewart Wilkinson passed through Campbellton, Thursday, on their way to their new home, Burin, Nfld.

Leslie R. Fair, Architect of Aylesford, N. S., is at the Windsor. Mr. Fair is architect for a number of the new blocks here, including the school.

Mr. R. J. S. Sly, town engineer, accompanied by Messrs. Chas. Alexander, S. H. Lingley and W. Jackson, made an inspection of the water works at Smith's Lake on Thursday.

Spring Carpet News

Do you realize how much Carpets and Rugs have to do with the attractiveness of the home. It is not the cost that counts there are plenty of gloomy palaces. It is the taste, the harmony, the fitness of things. The ideal home is first of all comfortable with an air of restfulness about. A shabby carpet or one not in harmony with the other furnishings will jar on the nerves. Your floor covering is even more important than other furnishings. We're showing carpets in new color treatments that would give individuality to any home and not be too expensive. We take a strong personal interest in properly supplying your needs and ask you to inspect our fine showing, no matter whether you buy or not.

**GREAT ADVANCE FOR BRITISH WORKMEN**

15,000,000 Insured Against Sickness and 2,500,000 Against Unemployment.

On the fourth instant Chancellor David Lloyd George introduced in British Parliament a bill by the provisions of which every worker whose annual earnings fall below the income tax level of 160 pounds sterling (\$778.66) will be compulsorily insured against illness, so as to assure him the receipt of five shillings per week during his incapacity. Towards this the workers would contribute about one half, the same being deducted from his wages, while the balance would be paid jointly by his employers and the state.

Mr. Lloyd George estimated that his plan would affect 14,700,000 people. Women will receive thirty shillings in maternity cases on condition that they do not work for six months following child birth; and there will be free medical attendance for every contributor.

The state would also, in the crusade against consumption, provide \$7,500,000 to aid local authorities in building sanitariums, and \$5,000,000 toward their maintenance.

Although in cases of permanent disability the sick allowance would be five shillings weekly, ten shillings in the case of men and seven shillings six pence in the case of women. Those who can be shown to have invited incapacity would receive no insurance, though any necessary medical treatment would be provided.

The unemployed insurance will at first apply only to the engineering, shipbuilding and house building trades, involving 2,500,000 workers. Both the workers and the employers would pay five cents weekly each, the state contributing \$3,750,000 a year, or about one fourth of the total cost. The contributors when unemployed would receive a maximum of fifteen shillings and a minimum of seven shillings weekly. No payments would be made in the case of strikes or lockouts.

The first reading of the bill was unopposed.

**THE BEST CROP**

Clover, Alfalfa, Peas, Beans, Vetches, Etc., Feed the Soil.

There are crops that take from the soil the strength and vitality, and crops that put fertility back into depleted acres says Rex Crosswell, writing on Money-Made in Farming in Canada Monthly (formerly Canada-West) for April. Legumes are the answer, legumes that put back into the soil the nitrogen that wheat sucks from the soil.

"Let's get back to the legumes," advises Mr. Crosswell. "The methods of Egypt are not practicable here. We're in the promised land now. Why legumes? Because nitrogen must go back to the soil. It is of no use looking to artificial fertilizers to make up the loss; you have already learned that there will be no commercial nitrogen in a very few years. Nature has provided an illimitable store of nitrogen in the air—its nature has also provided a ridiculously simple process by which the free atmospheric nitrogen may be fixed in the soil and made available for the sustenance of growing grain crops. Wheat is the most glutinous consumer of nitrogen; hence, wheat must be fed nitrogen in the largest possible rations. It was the Romans, two thousand years ago, who discovered that a leguminous crop—clovers, alfalfa, field peas and such like—would put back into the soil the substance which wheat demanded for its fullest growth. They did not ask the reason why; they just rotated clovers with wheat. It was left for that eminent soil scientist, Helriegel, to discover the underlying cause which produced the magical effect. In 1886 he convinced the scientific world that the little root nodules which are

discernible on leguminous plants are caused by families of many millions of a peculiar bacteria. His experiments proved that the action of these bacteria enabled the plants of legumes to draw the nitrogen from the air and fix a very generous surplus in the soil. The scientific gentlemen got busy immediately. By scientific computation, based on the results of experiments in the field extending over several years, they have established this fact—one crop of legumes, such as red clover and alfalfa, vetches and field peas, will collect from the air and fix in the soil sufficient nitrogen to give three bumper yields of wheat the three following years. Not a stony twelve-bushel-to-the-acre yield, but a great big purse-busting bumper crop three times hand turning. And the fertility of the soil continues to multiply.

State of OHIO, CITY OF TOLEDO, Lucas County, ss.

**HELP FOR OLD BACKS THAT ACHE**

GIN PILLS Cure Them

Age is no barrier to the wonderful, soothing, healing properties of GIN PILLS, the great Canadian Kidney Cure. We have on record many letters from men and women of 60, 65, 70, 75, 80 and over, testifying to the great relief they received from taking GIN PILLS.

Mr. Samuel Martin of Stratford, Ont., suffered for twenty years with misery in his back. Some months ago, he tried GIN PILLS and after taking only three boxes, was entirely cured. Mr. Martin is now 82 years of age and enjoys the robust health of a vigorous man of sixty, thanks to GIN PILLS.

All elderly people are troubled, more or less, with Lumbago and Rheumatic Trouble, and pain and weakness in the back. GIN PILLS are a guaranteed cure for all these misadventures. Money promptly refunded if they fail to give complete satisfaction.

Get a box—6 for \$2.50. Sample box free if you write us, mentioning this paper. National Drug and Chemical Co., Dept. N.B., Toronto.

The original GIN PILLS made by National Drug and Chemical Co. of Canada Limited, Toronto, are sold only in this box.

An immense mass meeting was held in Guildhall, London, last week. It gave unqualified approval of arbitration agreement between Britain and States. A resolution to this effect and pledging support to principles of arbitration was moved by the Premier and seconded by Mr. Balfour.

It is reported that Earl Spencer, lord chamberlain, has decreed that women attired in hobble skirts will not be allowed at any one of the court functions at the coronation of King George. Fashionable dressmakers have been notified to tell their customers of the prohibition.

The trustees of Queens University by a vote of 17 to 4 resolved to ask the General Assembly of the Presbyterian Church to take action to separate the University from the Church.

It is King George's wish that only the effective ships be paraded at the Navy Review at Spithead on June 24th.

**The Amberola**

the newest Edison Phonograph

The Amberola has the sweetness, clearness and faithful reproducing powers that characterize all Edison instruments and, in addition, a case that is a masterpiece of the cabinet-maker's art. It plays both Edison Standard and Edison Amberol Records. It comes in either Mahogany or Oak. Has drawers for holding 100 Records. The price is \$240.

Other types of Edison Phonographs, \$125 to \$225. Edison Amberol Records, \$10 per dozen. Edison Standard Records, \$12 per dozen.

There are Edison dealers everywhere. Go to the nearest and hear the Edison Phonograph play both Edison Standard and Amberol Records. Get complete catalog from your dealer or from us.

National Phonograph Co., 100 Lakeside Ave., Orange, N.J., U.S.A.

**EDISON PHONOGRAPHS AND RECORDS SOLD BY Moores Bros.**

**MOTHERS DAY CANADIAN LUMBERMEN**

A movement which has proved a popular one is that of observing the second Sunday in May as Mothers' Day by wearing a white carnation. Although only started last year already it has spread widely. To Canada the sponsor for the movement is W. G. Rook of Toronto, President of Canadian Home Journal. He is receiving cordial assistance from the press and the pulpit. In the May issue of Canadian Home Journal there is a strong appeal for the observance:

"The small boy with his cut finger, the tiny girl with her torn frock, make an immediate chase for Mother from a wish that will repair the injury even if some wholesome advice be thrown in about 'Not doing it again.' Then come the impatient half-grown years when the exclamation 'Mother is so old-fashioned' and 'Mother does not understand that thing are different now, are constantly heard. But the years, those unhalting years, march steadily by, and we hear the man and the woman, with their own stern problems to solve, admitting regretfully—I believe Mother was right, and I wish I had done as Mother advised me.

So, on the breath of a white carnation, on the second Sunday of May, will come back the old time memories with their childish joy and pain. It may bring the keenest sorrow in remembering happier things or it may be but a badge in honor of the living mother.

A very touching little episode occurred last May in a well known and prominent Toronto family. On the Tuesday morning after Mothers' Day the postman brought a letter from a member of the family who had seen a wanderer and rather a black heap for many years, addressed to his mother of the group. As that dear old person had been with the angels for some time, the letter was opened by a daughter, who read as follows: Dear old Mother—The nurse in the hospital where I am has been telling me about Mother's Sunday and I have made up my mind to write to you. I am not long for this life, being far gone in illness, but if you are still alive, I want you to know I am thinking of you on Mothers Day. I enclose the white flower nurse pinned on me this morning. Good bye dear old mother.

There is an interesting account of Mothering Day as observance of 70 years ago, when it was customary to visit parents, especially mothers, on the mid Sunday in Lent, taking some small gift. Herrick writes:

I'll to thee a simnel bring  
Gaius thou go a mothering;  
So that, when she blesses thee,  
Half that blessing thou'll give me.

**DENIES REPORT**

Charles Vye brother of Miss Catherine E. Vye denies the report that his sister will enter a breach of promise suit against Mr. English of Nelson and he says the persons who made such a statement were not rightly informed. Miss Vye he says, does not live at Nelson, nor was she keeping company with the gentleman named. Gasette.

For every foot of timber that has been cut in Canada by lumbermen at least seven feet have been destroyed by fire.

This startling statement made in a bulletin of the Forestry Branch of the Department of the Interior, lately issued (Bulletin No. 9, Forest Fires of 1909).

The author, Mr. H. R. MacMillan, one of the assistant inspectors of Forest Reserves, is a technically trained forester, who has given much attention to this subject. His figures have been based on the latest obtainable data, including careful estimate of the amount of timber originally standing in the forests of Canada and that still remaining the difference between these two less the amount estimated to have been cut by lumbermen, represents the amount destroyed by fire.

Even this estimate of the ratio of timber burned to timber cut is not as large as some given elsewhere. Senator W. C. Edwards, the present president of the Canadian Forestry Association, and one of the best-known and most successful lumbermen of the Ottawa valley, is on record as saying that in that valley ten times as much has been destroyed by fire as has been cut by the lumbermen.

The past summer has brought very prominently to public notice the forest fire problem, especially in regard to the fires in the states of Montana and Idaho, and more recently, in northern Minnesota, where so many towns were destroyed.

The Canadian Forestry Association has for years been endeavoring to arouse public attention in regard to these fires, and of late the work of the Commission of Conservation has been largely directed in the same direction.

In the bulletin above mentioned, there are also discussed at some length the topics of the destruction of Canadian forests by fire, the effects of these fires (in the destruction of timber and of soil, the effect on subsequent tree growth and on the conserving of the water supply) the chief causes of forest fires and the means of preventing such fires.

The bulletin concludes with a summary of Canadian forest fires during the year 1909 in which, however, figures for Quebec are not included. The losses were not a bad year for forest fires, the value of the timber and improvements destroyed being \$210,400 (timber being valued at \$1 per thousand). The cost of fire fighting (government and private) amounted to \$411,000. The loss for this fire protection loss would undoubtedly have been much greater.

POOR COPY

Dalhousie has an excellent harbour for vessels up to 25 feet draught. Large quantities of lumber and pulpwood are shipped from this port. River open for navigation late in the fall. Splendid site for NEW industries requiring shipping facilities.

**DALHOUSIE, N. B.**

We have the boots for the school boys. Price right. J. P. Jardine.

**JACQUET RIVER NOTES**  
Clarence P. Brown died here last Sunday evening at 6:30 o'clock. The late Mr. Brown had been I. C. R. station agent for the last 30 years. He leaves besides his widow, one son, at present manager for O'Leary and Montgomery at Loggieville, and four daughters, Mrs. O. L. Fidderson, Mrs. Dr. Ellis-Murphy and Lou; also two sisters and two brothers, Mrs. O. A. Barberie, of Campbellton and Mrs. D. H. Wood, of Seattle; C. C. Brown, of Revelstoke, B. C. and Frank Brown, of Seattle. Mr. Brown was a man who was respected by all who knew him. He was a good citizen and a good neighbor, and will be very much missed.

**BLACK CAPE NOTES**  
Black Cape, May 18.—Mr. James Robertson, proprietor of the Cascaedia House, passed away very suddenly at his home on Wednesday morning. Deceased was about 85 years of age and was highly respected and esteemed by all and was well-known all along the coast. The funeral took place on Friday afternoon at 2 o'clock and was one of the largest ever held in that community. Rev. George P. Taitrie conducted the services. Much sympathy is felt for the family in their sad bereavement.  
Mr. and Mrs. Archibald McColm are being heartily congratulated by their

many friends on the arrival of a little son.  
Black Cape has one case of Small-pox. Mr. Napoleon Cyr is down with the disease and several houses are quarantined. The Catholic School and No. 1 school are closed. Dr. Cyr is doing all in his power to stop the spread of the disease.  
Montgomery & Sons of New Richmond have their mill running again. The Cascaedia Lumber Co's mill will start sawing this week.  
Mr. Felix Carey, our enterprising butcher, is doing a rushing business. Miss Lulu McKenzie is in New Mills, the guest of Mrs. Frank McKenzie.  
Several gentlemen of New Carlisle attended the funeral of the late James Robertson of Little Cascaedia.

It is whispered around town that J. P. Jardine keeps good fresh groceries at right prices.

**GLENCOE**  
Glencoe, May 8.—John Boris and Clifford Galtie, who have been operating respectively in the East and West branches of Christopher Brook, have been engaged during the past week in bringing out their drives. Owing to the low water considerable difficulty has been experienced in getting the logs down, but as the lumber is now in the main brook, its passage to the boom is assured.  
Miss Edna Boudreau spent Saturday in town.  
Wm. Andrew and Miss A. Armstrong spent Sunday at the home of Mrs. Wm. Firth.  
Abbe LaFursey of Tide Head is visiting his sister, Mrs. J. S. Cooling.  
Mr. and Mrs. David Walker and family have recently moved to their farm here.  
Rufus Hunter expects to move into his new house this week.  
Photography and housecleaning are the order of the day.

**SHIGAWAKE NOTES**  
A very pretty wedding took place on Monday the 24th at St. Paul's Church, Shigawake, when Miss Winifred M. Robinson second daughter of Mrs. Geo. Robinson was united in marriage to Mr. Asa Dow of Port Daniel. The bride looked very pretty dressed in navy blue tulle with hat to match and carried a bouquet of beautiful flowers. She looked charming and was given away by her brother, James P. Dow.  
Miss M. A. Dow sister of the groom was bridesmaid and was attired in white silk with hat to match. Mr. Leslie Bisson was groomsmen. The bride's sister, Miss Florence E. played the wedding march and two hymns, How Welcome Was The Call and Oh Father All Creating. Rev. Mr. J. W. C. Prout performed the ceremony. After the marriage was over the happy couple and invited guests drove to the bride's home where lunch was served, and from thence to their home in Port Daniel where the young couple intends to reside. A large number of beautiful presents were received showing the esteem in which the young people were held. The groom's present to the bride was a ten dollar gold piece.  
We can give you good hams and bacon at the lowest prices. J. P. Jardine.  
So strong an impression did "Human Hearts" make upon a prominent clergyman in New York, that he wrote to the gentleman impersonating "Tom Logan," vigorously endorsing the play and informing him of his intention of trotting all the orphans of a local asylum out to see it at his own expense. And he did it. "You cannot conceive" said Manager Reno "of the appreciation of those youngsters at the chance of the sermon thus afforded them unless you had listened to the gallery the day they attended. With the 'gods' present," he continued, "as often as I have myself enjoyed sitting through it, it was as enjoyable as a box of monkeys sprinkled over with tears. 'Quite often since, five city schools whose principals were aware of the good merit in the play, been given half a holiday, that the youngsters might enjoy a matinee. And what our spoken critics the tots have been, a padded eulogy far love of money from a juvenile. You must give him the goods or he denounces you broad cast, and I am really grateful to the tots of America for their appreciation of what all now agree to be one of the best American plays.' 'Human Hearts' comes to the Opera House one night only Monday, May 22nd.

**TOWN COUNCIL.**  
Continued from page 1  
The clerk was asked how the matter of the closing of Victoria street and opening of subway stood, and Mr. Reid replied that according to the last communication he received the plans were in the hands of the I. C. R. Engineer and would be ready shortly. In a discussion on the building by-laws it was stated that there were a number of chimneys built in the town contrary to the By-Laws, and it was felt that it was high time we knew how we stood. If the By-Laws are no good take them to the dumping ground, and if they are worthy enforce them. Much dissatisfaction was expressed at the way things are now going and some drastic changes must be made.  
A petition from Messrs. J. & D. A. Harquail was received praying for another hydrant which had been promised some time ago. This was referred to the Water and Sewerage Committee which brought up an old misunderstanding which had better be cleared up. When Messrs. Harquail were granted exemption from taxation it was understood by them they were free from all taxes. It now transpires that the council have no power to exempt the school taxes and the question now stands who will have to pay Messrs. Harquail's school taxes and who is to collect them.  
It was reported that a serious menace to the town existed in upper ward, a large quantity of dry brush lying on Mr. J. B. Christopher's property which a spark would ignite and cause a serious conflagration. Councillor White stated that representations had been made to Mr. Christopher as to the danger, and the Council asked Mr. White to see Mr. Christopher personally and arrange for its removal.  
(Since this report was written the brush actually did take fire and a serious calamity was narrowly averted.)  
On motion of Councillor Lunan seconded by Councillor Alexander it was resolved that from this date, no shacks or temporary buildings would be allowed to be built, erected or reconstructed in Fire District No. 1. Carried.  
On Motion of Councillor Lunan seconded by Councillor McKenzie it was resolved that a telephone be installed in Fire Chief Christie's house. Carried.  
In a discussion on Fire Protection it was felt that the Fire Station was in a most unhandy place and would be much better nearer the centre of the town or up by the proposed new subway. Nothing

was done in the matter but it is likely that suitable lots will be looked at somewhere round Roseberry Street for the purpose of future building.  
With regard to Fire Alarms it was stated that Messrs. Shives' Lumber Co., were installing a strong horn for fire purposes only which would be ready whenever the mill would be opened.

**PUBLIC NOTICE.**  
Public notice is hereby given that at a meeting of the Town Council held on the 8th instant the following resolution was unanimously adopted, "That from and after this date no shack or temporary building of any kind be allowed to be built, erected, reconstructed, re-modelled or placed within the limits of Fire District Number One."  
Any violation of this regulation will be dealt with according to law.  
JOHN T. REID,  
Town Clerk.  
Campbellton, May 9th, 1911.  
May 12-4 In.

Opening of New Store.  
I beg to inform the public that I have opened a General Hardware Store in my new building on Roseberry St. opposite the Arlington Hotel.
