

WATERLOO NEWS RECORD

WALTER F. FISCHER
The Sanitary Butcher
Mr. Walter F. Fischer has just added to his equipment at The Peoples Meat Market Two Refrigerator Counters with glass tops enabling him to display meats to his customers without danger of goods being handled by anyone but the salesman in charge. The Board of Health has previously tried to safeguard the public against improper handling of food stuffs by having posters placed in all stores requesting the people not to handle goods before purchasing but Mr. Fischer now offers his customers absolute protection in this way.

Following his desire to give the best possible service to those who trust their trade to him, Mr. Fischer some time ago, established a first class Abattoir, which is conducted on the most approved sanitary principles and kept in a scrupulously clean condition. An up-to-date sausage plant in charge of a capable and experienced sausage maker is also a part of his equipment. The public are cordially invited to inspect these plants and to observe the extreme cleanliness in the killing of the animals and the preparation of all meats for sale. No left-over material or unfit scraps are used in the making of sausages but only the choicest meats and the product is the very best and purest sausages to be obtained anywhere.

Our hams and bacon are not excelled in any market and we challenge comparison. We supply boiled and sliced and properly wrapped without extra charge for the service. You may safely send your children to us with written orders and they will receive our most careful and courteous attention. It is the purpose of Mr. Fischer not only to continue to keep the most modern and up to date Abattoir, Sausage Plant and Retail Store conducted in the most approved methods, but also to endeavor to supply his customers with the very best goods obtainable at the most reasonable prices possible.

In his efforts to conduct his business on scientific principles the sanitary Butcher bespeaks the co-operation of the people of Waterloo and vicinity and in return therefore pledges himself to give them a service unequalled in his line of business. With sincere thanks to past patrons and a strong invitation to all to visit our premises.
Yours truly,
W.F. Fischer,
The Sanitary Butcher.

THANKFUL MOTHERS
Thousands of mothers throughout Canada—many of them your neighbors—speak with thankfulness concerning the use of Baby's Own Tablets. Once they have used the Tablets for their little ones they would use nothing else. The Tablets are an absolute safe medicine for even the youngest baby, being recommended by a government analyst to contain neither opiates nor narcotics or other harmful drugs. Concerning them Mrs. David McRobb, Divide, Sask., says:—“I have used Baby's Own Tablets and have found them so satisfactory I would not be without them.” The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

NOTICE
A meeting of St. Quintin Chapter L.O.D.E. will be held in Library Hall Waterloo Tuesday evening June 17th at 8 o'clock. This will be the last meeting before closing for the summer. Mrs. J.M. Snyder recent will give a report on her visit to the National Convention held at Montreal recently.
All members having finished articles kindly bring same.

THE WEEKLY MARKET
There was the usual large crowd of both buyers and sellers at the market this morning and although there was an abundance of kinds of produce, prices did not seem to take any material drop. Butter at 50 cents per lb remained firm but there is a tendency for a drop in eggs. This morning eggs in some instances sold at 42 cents per doz although in a majority of cases 45

Garden vegetables of all kinds were offered such as onions, lettuce, radish etc. prices of 5 cents per bunch being the rule.

WEEKLY CONCERT WELL ATTENDED

ANOTHER DELIGHTFUL CONCERT
In spite of the threatening weather earlier in the evening which had a tendency to keep many away, the attendance at the regular open Air Concert by the W.M.S. Band last night was large and those who were present heard a program of high merit. The program as rendered was a heavy one comprising as it did the ever popular overture Raymond and the Grand selection from the opera “The Barber of Seville.” In the former both numbers being well rendered and enthusiastically received. While the above two numbers stood out prominently the balance of the program were most pleasing and the hearty applause received showed they caught the fancy of the crowd. Particularly good are the encore number they being light and popular and Prof. Thiele and his band are always ready and willing to respond when called upon.

An excellent arrangement was introduced last night when the autos all lined up facing the stand. This arrangement meant more room and everyone kept their places until the concert concluded.

It was an ideal night and the large crowd that attended enjoyed the excellent concert to the fullest extent.

JUNE NUPTIALS
Seegmiller-Klammer
There were united in the holy bonds of matrimony at ten o'clock at Zion parsonage this morning, Mr. William Seegmiller, of Wilmet Township, and Miss Matilda Klammer, of this city. They were unattended; Rev. J. P. Hauch performed the ceremony. The bridal couple left on a honeymoon trip to Hamilton, Niagara Falls and Toronto. Afterwards they will reside near Petersburg where the groom has a farm.

Senate May Kill Prohibition Bill
UPPER HOUSE MIGHT INVOKE THE B.N.A. ACT
OTTAWA, June 13.—The prohibition bill may fall by the wayside in the Senate. It is to be dealt with by the upper House on the 18th inst. when an amendment will be moved ratifying the prohibition order-in-council for the period of the war; that is to say, till peace is officially proclaimed. What is proposed to be struck out is the clause which extends the act for a period of 12 months after peace.

The constitutional point is raised that the British North America Act prevents any ban on trade between provinces. The Doherty Act of two years ago gave power to any province to prohibit the import of liquor though, and some of the Senate regard this as sufficient. However, if the constitutional contention raised in regard to this bill be correct, it might also be held to restrict the operation of Mr. Doherty's bill.

TORONTO RAILWAY SHOPMEN GET ORDERS
TORONTO, June 14.—Fifteen hundred railroad shopmen and carmen in Toronto received official orders yesterday from the executive committee of their union in Montreal, to quit work at 10 o'clock on Wednesday morning, unless they received instructions to the contrary in the meantime. It is rumored that a big automobile factory will locate at Seneca.

Greatest Rule Of Health
And How It May be Carried Out With Dr. Chase's Kidney-Liver Pills.

You sometimes hear it said that the most important Rules of Health is “Daily movement of the bowels.” Constipation begins with the bowels but it does not end there. Headaches, backaches, aching limbs, indigestion, biliousness, kidney derangements, appendicitis, and the most serious diseases imaginable often have their beginning with constipation of the bowels.

There is one treatment which has a direct and combined action on the bowels the liver and the kidneys and gets these organs into good working order in remarkably quick time, and that is Dr. Chase's Kidney-Liver Pills.

They afford relief quickly, but they do more than that. They positively cure constipation, and insure lasting regularity of the bowels by setting the liver right.

Mr. M. Lock, 30 Home street, Brockville, Ont., writes: “For many years I have been troubled with constipation and have tried a number of remedies, but without obtaining much benefit. About a year ago I started using Dr. Chase's Kidney-Liver Pills, and have found them to be the best medicine for constipation that I have ever used. I would strongly advise anyone troubled with this complaint to try the same remedy.”

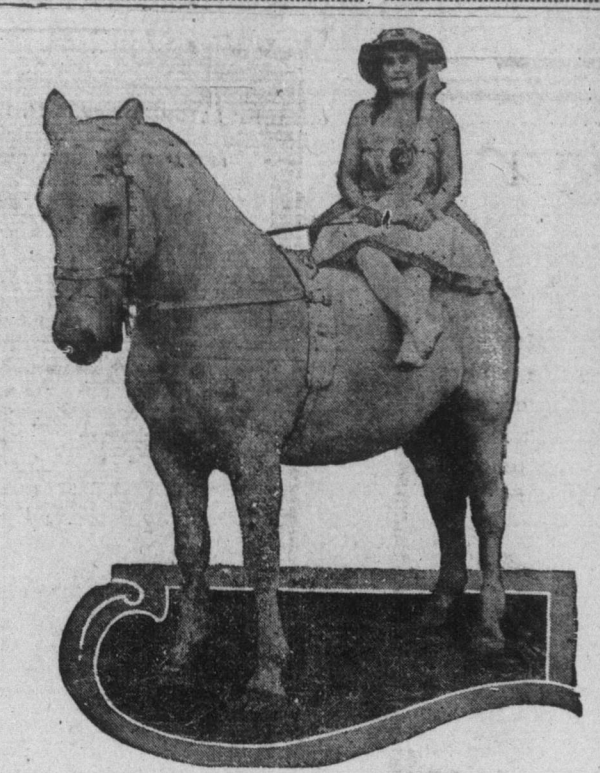

Mrs. R. Childs, Harrison, Ont., writes: “I have suffered from constipation and kidney trouble for some time. One day I bought some of Dr. Chase's Kidney-Liver Pills to see if they would help me, and to my delight, I received great benefit from them in a short time. They are a splendid medicine, and I always keep them on hand as a household remedy.”

Dr. Chase's Kidney-Liver Pills are so universally used as a treatment for constipation and liver and kidney troubles that you can obtain them at any store where medicines are on sale. One pill a dose; 25 cents a box. Edmondson, Bates & Co., Ltd., Toronto.

Man Creates Nuisance in South Ward
Residents of the South Ward are complaining this morning of a person who calls himself a man, parading up and down the G.T.R. tracks last night about 8 o'clock showing his person in an indecent manner. A number of women and little children were subject to this unbecoming conduct and unfortunately no men were at home or an example have been made of him. There will be something doing should the nuisance be continued.

AT THE MARKET
Hay Coming Down
There was the usual large attendance at the market this morning. There was the early rush of vendor and buyer and the products which generally are in big demand were soon disposed of. Owing to the presence of the midday on the market square there was some crowding over the grounds.

A feature noticeable to the attendant this morning was the large supply of hay. A number of loads were offered to-day as compared to one or two on Saturdays previous. The larger supply had a favorable effect for the buyer because the price came down. \$20 was the general price. For butter and eggs, 50 cents was the prevailing price. The supply of eggs was soon disposed of. Potatoes sold at \$2.00 a bag. Cheese (farmers') sold at 32 cents a pound.

FLORA BEDINA. ENGLISH EQUESTRIENNE
“American girls are afraid to risk their necks, that is why the circus is composed mostly of foreign performers.”
So Affirm Flora Bedina, English equestrienne with the Sparks circus which will read its tents here for performance next Wednesday June 18th. She bases her assertion on the proof that there are few American women in the equestrian ring today.

“Almost all circus riders are French Italian or English” according to Miss Bedina. “The women in America are too timid to risk their lives on the backs of swiftly moving horses, and so they seek positions in the choruses of theatrical companies, where they find it difficult to progress.”

“There is more chance of promotion and certainly greater distinction in being a performer in the circus ring than in the chorus of a musical show.”

“Of course, you know many of the foreign women are apprenticed in the circus work from youth, and bareback riding is handed down from generation to another. But then, there are plenty of women who start in on their own responsibility and become successful in the equestrian ring.”

“I admire the women who are not afraid, and I advise some of the chorus girls who are plodding along in musical comedy with small hope for a chance to get a principal part to abandon the stage and take up the circus life.”

“It pays more and there is plenty of room for novelties, brains and talent. If the American girl were as brave and athletic as she is thought to be, she wouldn't hesitate between musical comedy and the circus.”

ANNOUNCED THAT MATHEWS, 18-CENT ROASTS AS GOOD AS BLACKWELL, LIMITED IS THE CANADIAN FIRM INCLUDED.

New York June 12.—John A. Hawkinson, president of the Allied Packers' Inc., the new independent packing corporation, announced today that the Canadian concern which will enter the new combine is Mathews-Blackwell Limited with headquarters at Toronto and with five plants in all, located in various points in the Dominion.

Mr. Hawkinson stated that the concern was probably the largest packing enterprise in Canada.

The first announcement of the merger was made on Monday at Chicago when the names of the American firms involved were given out but that of the Canadian company withheld. The American firms are, Parker, Webb & Co., Detroit; C. Klinck, Packing Company, Buffalo; F. Sohenik Sons & Co., Whelling; W. V. Batheholder & Snyder, Boston; W. S. Forbes & Co. Richmond, Va., and the Macon Packing Company, Macon, Ga.

The announcement said that the merger company will have distributing agencies throughout England and Europe and will make a special feature of export business.

Mrs. Margo, Montreal, was drugged, beaten and robbed by an armed gang of masked robbers. Western Canada meat packers have imported several thousand carcasses of Australian mutton.

OTTAWA, June 12.—J.A. Leduc M.P. for Westmount—St. Henri, told the cost of living commission of the Commons this morning that by conducting a "cash and carry" business and owning his own abattoir he was able to sell beef at a reduction of from 30 to 35 per cent. On other provisions by the "cash and carry" system he was able to sell at from 20 to 25 per cent cheaper. He had to keep only three rigs instead of the 20 or more necessary to a delivery business.

For the best roasts of beef in small cuts he said, he had not yet charged more than 30 cents per pound. Rib roasts he sold for 25 cents; shoulders 15 cents to 18 cents; round roasts 25 cents, brisket 15 cents, shanks 10 to 12 cents.

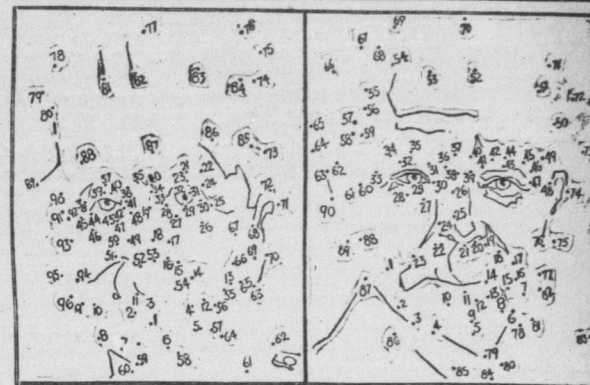

Telephone a Factor. One of the greatest causes of the high cost of living, he said, was the telephone. Most people seemed to think that the usual order over the telephone was for the highest price. They did not know that as good a roast could be got for 18c. as for 30c.

Mr. Leduc was satisfied with a profit of one cent to two cents per pound on butter.

"Not too much system is business gentlemen," said Mr. Leduc, when asked how to conduct a business economically. "Too much system takes the profits. There will be leaks. It takes more to take care of the leaks than the leaks lose."

EXEMPTING HOUSES TO ENCOURAGE BUILDING

In discussing the housing question, it has been suggested that building might be encouraged by new laws to be exempted from taxation for one, two or three years.

In this connection it may be pointed out that at the last session of the legislature an amendment to the Municipal Act was passed enabling municipalities to grant partial exemption to persons building houses.

The Assessment Act is amended by adding the following:

The Council of a city, town or village may, with the assent of the electors qualified to vote on money by-laws, pass a by-law providing that taxes and rates, except for school purposes, on dwelling houses assessed for not more than \$4,000 shall be levied and imposed on such percentage of the assessed value as may be thought proper but not on a less percentage than the following:

- On dwelling houses assessed at not more than \$2,000 on not less than 50 per cent. of the assessed value;
- On dwelling houses assessed at not more than \$2,500 on not less than 70 per cent. of the assessed value;
- On dwelling houses assessed at not more than \$3,000 on not less than 70 per cent. of the assessed value;
- On dwelling houses assessed at not more than \$3,500 on not less than 80 per cent. of the assessed value;
- On dwelling houses assessed at not more than \$4,000 on not less than 90 per cent. of the assessed value.

It will be noticed that partial exemption from taxation does not apply to any great extent excepting on houses costing \$2,000 or less.

On this class of homes, an assessment of 50 per cent. may, excepting for school purposes, be levied. This city now assesses all homes at 55 per cent., including school rates. It seems that under the Act, a \$2,000 house could be assessed at \$1,000 for general purposes but would require to be assessed at \$2,000 for school purposes.

Under the present tax rate of 29.4 mills, a house paying an assessment of fifty per cent. of its value, or \$1,000, could pay \$297.50 general tax and 9.35 mills school rates in another \$1,000, or \$93.35. Total \$391.10.

Following the common rule, the individual erecting a \$2,000 home would be assessed 55 per cent. of its value, or \$1,100. At 29.4 mills, he would require to pay \$327.24. Thus he would be better off than were he granted the partial exemption that the Act provides.

Since everyone enjoys the 55 per cent. rate, there can be no cry of favoritism raised. It will be seen that before the council could adopt the foregoing amendment, the matter must first be submitted to a vote of the property owners. Until they endorsed the proposal, it could not be put into force.

We are of the opinion that a majority of property owners would consider that they would be doing enough for the municipality to enable dependant citizens to borrow money under the Housing Act.

On the other hand, were this partial exemption amendment adopted, houses costing \$2,000 and upward would have to be assessed 70 per cent. and upward, according to their values. This would mean that such houses would pay a higher assessment than those already in use.

The thought to grant exemption, in whole or in part, as the issue of a good intention but under the assessment policy in vogue here, the citizen erecting a house would not apparently benefit from the new legislation.

A similar conclusion may be reached with regard to Waterloo's proposal to encourage the building of houses by exemption or partial exemption from taxation.

THE TRANSFER AT ST. JEROME'S

After approximately fifteen years of service as President of St. Jerome's College, Rev. A. L. Zinger, C.R., has resigned, in order to take charge of St. Mary's parish. Rev. Zinger has enjoyed an international reputation as a speaker. The record planted by Rev. Father Funcken, assisted by Rev. Dr. Spetz and tended by Rev. Mr. Zinger has become a large oak. It is one of the community's solid institutions.

Colleges do not grow: they are built. This implies leadership, possessing ability, aggressiveness and devotion. Rev. Father Zinger has the natural gifts which in commercial life would have placed him in the forefront as a manufacturer or business man. These were refined by a long period of scholastic training, fitting him for the leadership of this large college. The sum is a cultured scholar, energetic, patient and tactful to a degree.

His fellow citizens saw a fair-sized college become a university in fact if not in name. This attainment was achieved by substantial, thorough work in the classrooms. Many hundreds of young men have departed from its walls to take up their life's duties, carrying with them a deep respect for the institution and an affection for its resident and staff.

St. Jerome's may be the loser by this transfer but St. Mary's parish will be the gainer. Rev. Father Zinger will bring to his new duties a ripe scholarship, a winning personality and indefatigability.

His influence will be wider than his parish and can be depended upon to be thrown in the scale of achievement. Northward progress will be assured of his constant support.

That this city is to continue to be the field of his labors is a matter of interest and of general congratulation.

WORKMEN'S COMPENSATION REPORT

The Report for the fourth year's operation of The Workmen's Compensation Act, which is now printed, contains much interesting information concerning industry, workmen, and accidents in the Province.

During last year \$3,514,648.47 was awarded for compensation, or \$11,600 a day, and \$369,346.37 for medical aid, or \$1219 a day, the number of cheques issued per day being 248 for compensation and 139 for medical aid. Payment was made for 40,930 accidents, 382 of these being death cases, 2,549 causing some degree of permanent disability, 25,446 causing only temporary disability, and 12,553 involving only medical aid.

It is estimated that over 500,000 workmen are covered by the provisions of the Act.

As the disability in serious accidents often continues into and sometimes beyond the following year, complete statistics can only be given for the prior year.

These show that about 75 per cent. of the injured workmen were British subjects and 25 per cent. foreign, 64 per cent. being Austrians, 6 per cent. Italians, 51 per cent. Russians, and 21 per cent. citizens of the United States.

The average weekly wage of injured workmen was \$19.06, and the average age 34.07 years. The total time loss from accidents during the year was 565,526 days; the average length of temporary disability was 21 days.

Machinery caused about 32 per cent. of all the accidents; the handling or moving of objects, 28 per cent. and falls of the workmen, 10 per cent. The most prolific individual causes were saws which caused 892 accidents; lathes, 891; presses, 813; hoisting apparatus, 785; abrasive wheels, 781; belts, pulleys, chains and sprockets, 390, of which 7 were fatal; planers, jointers and edgers, 260; shapers, moulders and headers, 121; shafting, couplings and set screws, 75, of which 6 were fatal. Falls from vehicles caused 200; collapse of support, 276. Hot and inflammable substances caused 1,018 accidents; falling objects caused 1,256; and runaway animals, 98.

In the present industrial conditions the existence of a law which is just and satisfactory to labor and not unduly burdensome to industry is of the highest importance, and the success of the present Ontario Act must be a great satisfaction to those responsible for its enactment.

While the amendments at the last session have put the Ontario law in the first place in regard to benefits to workmen, the rates of assessment are low compared with those of other places. The explanation is in the fact that Ontario has a collective liability system in which the comparatively small cost of administration is mostly borne by the Province, and in the fact that the provisions and methods of administration of the Act are very simple, speedy, and inexpensive.

Statistics show that from 40 to 60 per cent. of what is paid by employers for private insurance elsewhere is consumed in expenses and profits, and less than 25 per cent. of what the employer paid under the old employers' liability system actually reached the workman or his dependants, the rest being absorbed in legal and other expenses.

Comparisons of rates of assessment are significant. The steel works rate, for instance, under the collective liability system is in Ontario \$1.70, Nova Scotia \$1.30, and Ohio \$1.75, as compared with a rate under the private or mixed system of \$3.74 in Michigan and \$5.02 in New York. For mason work the rates are Ontario \$1.50, Nova Scotia \$2, Ohio \$2.85, Michigan \$5.41, and New York \$8.74. In Michigan the benefits are little more than half what they are in Ontario.

SMILE OR TWO

Top O' the Morning

Smell of the woods in the morning:
The sun shines gold through the trees.
And the heavens are filled with music
From the lips of the wide-eyed breeze

And who's for a plunge in the water,
A swim in the laughing lake?
Be quick! There is breakfast to follow
And there still is the fire to make.

I'm in! What a splash! Are you ready?
Who, who would lie lazy asleep
When all of the wide world is calling
With the lure of the lake blue and deep?

So come, that's the stuff, all together,
Swim, swim with a stroke true and straight
To the boat and the first back, the winner—
Great ginger! But swimming is great!

The first back the first one to breakfast!
Then the trail once again and the fun—
The day lies alluring before us,
And the morning is only begun:

WAIT A MINUTE

OF INTEREST TO WOMEN

Twenty-one women sat in United States legislatures during the past winter. Miss M. Carey Thomas this year completes a quarter of a century of service as president of Bryn Mawr College.

Miss Alice L. Currie has the distinction of being the first woman to be appointed to the position of assistant high school principal in Detroit.

A new feature of the building movement in many American cities is the proposal to erect apartment houses for the exclusive use of business women.

In the opinion of competent judges the failure of women as public speakers is most often due to their restlessness of manner and their total lack of effective gestures.

The first woman's college in the United States, incorporated as such under the laws of the State, was Elmira College, chartered as Auburn Female University in 1852, and transferred to Elmira the following year.

In the death of Mrs. Frances E. Moulton, the State of Maine has lost its only woman bank president. Mrs. Moulton was president of a national bank and active head of several large industrial corporations in the city of Limerick.

Dr. Helen I. McGillivuddy of Boston, recently chosen for the post of "high altitude sentinel" of the Massachusetts Catholic Order of Foresters, is believed to be the first woman ever elected to an executive position in the order.

As a reward for baking pies and conducting religious services under fire while with the American troops overseas Ensign ("Ma") F. O. Burdick, a member of the Salvation Army from New York, had received the Croix de Guerre from the French Government.

New York society and club women are manifesting a lively interest in the approaching visit of Queen Marie of Roumania. Already plans are under way to give her Majesty a welcome befitting her reputation as one of the chief personages of the war.

What is called in San Francisco "the expert in illuminations" of a large electrical company is a woman. She specializes in the interior decorating apartment, and also is "illuminating engineer." She understands the placing of lights and fixtures in harmony with various interiors.

Mrs. "Jimmie" De Forest, wife of a New Jersey pugilist, is probably the only woman manager of a pugilistic club in America. She is directing the affairs of her husband's establishment at Long Branch while he is in Toledo helping to train one of the principals on the coming match for the world's championship.

A recent X-ray report issued in England stated that the experience of wartime had shown that in light, semi-skilled work the value of women is frequently equal to that of men, and where the operations call for fineness of touch, or deftness of handling, as distinct from the skill due to long training and experience, women are preferred to men.

Nothing Can Touch Catarrh-ozone in Curing Quickly

You may dislike taking medicine—but coughs are best cured without medicine. The modern treatment is "Catarrh-ozone"—it isn't a drug—it's a healing vapor full of pine essence and healing balsams. It spreads over the surfaces that are weak and sore from coughing. Every spot that is congested is healed—irritation is soothed away, phlegm and secretions are cleaned out, and all symptoms of cold and catarrh are cured. Nothing so quick nothing so sure, so pleasant as Catarrh-ozone. Beware of dangerous substitutes meant to deceive you for genuine Catarrh-ozone. Large size which lasts two months, price \$1.00 small size 50c; sample size 25c, at all dealers.

EVER SUSPECT RAY WAS SUPERSTITIOUS? OH-THAT HORSESHOE!

That Star Believes in Luck Is Proved During Filming of "Greased Lightning"

No one ever thought Charles Ray was superstitious. Even the Thomas H. Ince studios looked surprised when the popular young star asked to have a horse shoe soldered to the water tank cap on a racing automobile he was to drive in "Greased Lightning," his new Paramount photoplay that will be shown at the Allan Theatre for two days, commencing Monday.

"Greased Lightning" is the name of the racer which Mr. Ray, as the village inventor, has built and enters in a big race meet. The day was set for "shooting" the big race scene and Mr. Ray appeared at the studio. He refused to go to work until the horseshoe was placed as he designated.

He never would have believed Charlie was superstitious, said the property man, as he carried out the order given by Director Jerome Storm.

Mr. Ray said nothing as just after just was heard at his head. He didn't even take his "retractor" to his secret, but when the scene was shot he executed one of the cleverest pieces of business with the horseshoe that he has ever acted. He—but that would be spoiling the surprise. You must see the picture as a whole to appreciate it.

With Fingers! Corns Lift Off

Doesn't hurt a bit to lift any corn or callus right off. Try it!

For a few cents you can get a small bottle of the magic drug freezone recently discovered by a Cincinnati man.

Just ask at any drug store for a small bottle of freezone. Apply a few drops upon a tender, aching corn or callus and instantly all soreness disappears and shortly you will find the corn or callus so loose that you lift it off with the fingers. Just think! Not one bit of pain before applying freezone or afterwards. It doesn't even irritate the surrounding skin.

Hard corns, soft corns or corns between the toes, also hardened calluses on bottom of feet, shrivel up and fall off without hurting a particle. It is almost magical.

Ladies! Keep a tiny bottle on the dresser. You never lift a corn or callus twice.

Under-Currents By The Duchess

"Hesn't it occurred to you that I am very forbearing?" she says, with a curious smile. "These amiable interrogations of yours—so natural from a cousin to a cousin—does it not strike you as very remarkable that I do not on my part question you back again, that I do not ask you whom you are going to marry?"

He looks as if he were about to make her an angry rejoinder, but checks him.

"No—don't be afraid, I am not going to put the question," she says coldly, "and after all why should I?"

"Why, indeed?"

"You yourself see that?" she says, with a slow uplifting of her eyes. "It is true. I need not ask it because—"

"Well because—"

"Because I know."

"I don't understand you," says he, and indeed a little look of utter amazement has crept into his eyes; a look unseen by her, whose glance is turned towards where the tiny foam-flecked billows are lazily, like children, lolling and languidly hurrying to the shore. "Do you mean?" he goes on lengthily, "that you know of some one I want to marry, some one who—"

"Yes; that is it. Why go into it?" she says impatiently.

"No necessity, indeed," she says, the exact truth, doggedly. "It is time you should."

"With a laugh of sharp self-contempt, 'have told you about it often enough. My abject love for you must be a worn-out tale to you by this time.'"

"There he is at the end of this hateful hypocrisy," cries she, turning to him with a burst of passionate anger.

"You acted your part for Griselda, this morning most admirably—I admit that; so far as I could see there was no flaw. Surely, surely, there is no need for you to rehearse it again to me? Believe me, when I tell you that I know the ignoble lines by heart."

"Heart," repeats he bitterly: "you should leave out that word. You have no heart."

"I am content that you should think so," returns she indifferently. She moves past him towards the small stone staircase that will take her back to the house.

"Stay," says he suddenly. "There is something I would hear from you before you go. Just now you spoke as if you believed I was desirous of marrying some one, and in the same breath repudiated the idea that it could be you. Who was it then?"

"You give yourself and me unnecessary trouble," says she, her lip curling, "but, if you will hear it, it was Griselda."

"Mary Butler," repeats he, as if not believing her, and then a flush of colour overspreads his face. "Who instilled such madness in your brain?" he goes on, turning her deliberately so that beneath the moon's cool rays he may see the truth of her face. "Did you believe that? Did you not know that she is engaged to a man in India—that every thought of her heart is his? That she came to me her dearest friend simply because I can claim some distant kinship with him? Was that what you thought? Good Heaven, you blind, how determinedly blind you have been."

"Well," she says, convinced in spite of herself, and, as she makes it appear, most unwillingly, "it is little consequence one way or the other. Take away your hands, please. It is nothing to me whom you may or may not desire to marry. It is nothing to me. That at least is true. I—"

"I know, there is surely no need for you to repeat your cruel words over again," interrupts he, as if stung.

"I know, there is surely no need for you to repeat your cruel words over again," interrupts he, as if stung.

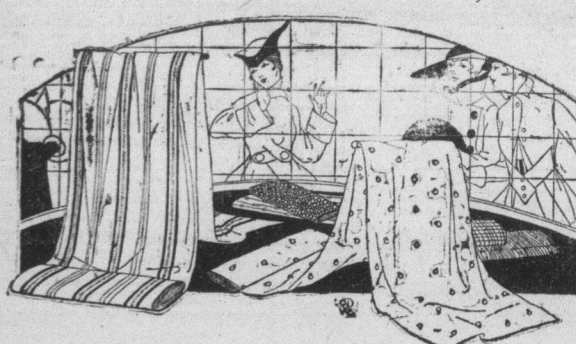

"I know all that you can possibly say. This morning I gave up hope. I have had," bitterly, "no reason since to make me once more try to seize her from you."

"You will marry to Shelton, I suppose," he says, lingering, miserable hesitation as if, though he had declared hope dead, he still clings to a mad fancy that she may deny this assertion of his, but no words fall from the small, firm, closely-shut lips, no sign of any emotion breaks the calm of the cold lovely face turned towards him. "Well, I have done"—there is a terrible weariness in his voice now—"it is all over, I shall never speak to you on this subject again, that," unsteadily, "you have grossly wronged me in your thoughts, time will teach you."

He pauses, and looks at her as if waiting, surely she will at least say something to him to soften the harshness of the part, here, in this last hour.

"Can I go now?" asks she, in a tone of polite inquiry, largely mingled with relief, once more moving across the shiny sands toward the steps that will take her away for ever.

Despair seizes upon him and a mad, unquenchable, she is going, she will soon be gone, and there will be afterwards only the long awful blank the horror of living, the day-after-day intolerable existence, with nothing in the present, and no hope for the morrow. Great Heaven how cruel a woman can be, and such a woman. In this one single last moment it seems to him that all her sweetness, all her tenderness, charms, her exquisite beauty, are shown to him in colours more radiant than even with all his fatal passion for her he has ever yet beheld. The soft white gown that holds the fissome figure, the slender perfect fingers, the little queenly head, so delicately poised upon the shapely neck, and the eyes, those eyes like stars of heaven, that

"THE TERMS OF PEACE"

in any home are the foods that insure health and strength for every member of the family. **Shredded Wheat Biscuit** is a Summer life-saver. The tasty crispness of the baked whole wheat blends naturally and wholesomely with berries and other fruits. A welcome relief from the heavy foods of Winter. Ready-cooked and ready-to-eat - no kitchen worry or work.

What is a double acting baking powder?

A double-acting baking powder is one that starts its action in the mixing bowl and finishes it in the oven.

Ordinary baking powders develop their full strength in the mixing bowl and you have to hurry your cakes into the oven. Then, you are always afraid that the oven is not just hot enough, or that a door will slam or something else happen to cause the cakes to fall.

You don't have to hurry or worry when Egg-O Baking Powder is used. Egg-O rises only partly in the bowl. You may let the dough stand 15 or 20 minutes or longer—doing so will give better results. When put into the oven, Egg-O continues its action—this second action being so steady and strong that a cake is not likely to fall even if it does get an unexpected jar.

CURRENT SOCIAL EVENTS

A JUNE EVENING.

The winds are out among the first With sound of goblin dulcimers, And every crooning pine-tree hough Harbors a dream of twilight now.

Beyond the poplars tall and still Hangeth a pale moon o'er the hill. And the sunset on a cloudland site Has built a city of delight.

The river painted by its gleam, Is like to an enchanted stream.

And in the southern meadows deep The white, sweet flowers have fallen on sleep.

White are those far flowers—red and near, Are roses in a garden dear.

Red roses with their hearts atune To all the songs ever sung in June;

And in that garden I would be, For there Love waits to walk with me.

Mr. and Mrs. John H. Schmidt and Mr. and Mrs. A. Z. Garner motored to Buffalo where they spent a few days.

Mrs. Geo. W. Stewart and family and Mrs. Thos. Forsyth have left for their summer cottage at Oliphant for the summer.

Miss Hope Bowman was a guest in the city for a few days, she was also a guest at the Mallon-Hearn nuptials.

St. Mary's Roman Catholic Church was the scene of a lovely wedding Tuesday morning, when Marie, daughter of Judge E. J. Hearn and Mrs. Hearn of Roy street, formerly of Toronto, became the bride of M. P. Mallon of Toronto. Rev. Robert Dehler, C.R., assistant priest, officiating, and Rev. Father O'Connor of Toronto, being in the sanctuary. The church was beautifully decorated with palms and floral wreaths, and Mr. Callory Hearn and Mr. Harold Hearn, brothers of the bride, acted as ushers.

The bride, who was given away by her father, wore a gown of white satin and crepe embroidered in pearls, and a tulle veil with wreath of orange-blossoms. She carried also a shower-bouquet of Ophelia roses and sweet peas. Miss Lillian Hearn was bridesmaid, and wore a gown of mauve crepe with tulle scarf and leghorn hat. She carried a bouquet of marguerites. Mr. Timothy Mullin of Toronto was groomsmen. Mr. James Mallon played the wedding music, and Mrs. Fred Woods sang.

Among the guests present were the following:

Lon. Mr. and Mrs. James Mallon, Miss Greta Mallon, Miss Mary Mallon, and Mrs. John Mallon, Mr. and Mrs. Ed. Mallon, Mr. T. McNamara, Misses Kelly, Miss Alice McCallum, Miss Edna Murphy, Miss Irene Finn, Miss Violet Evans, Miss Hope Bowman, Miss Marie Ball, Miss Katherine Hawkins, Mr. Charles Berthoin, Mrs. James Copeland, Mr. Copeland, Mrs. Ingelaby, Capt. Keyes, Mrs. Woods, Dr. Charlton Mack, Dr. Buck, Mr. T. Mullen all of Toronto, Miss Nellie O'Brien, Renfrew.

Mr. and Mrs. August Lang, Mr. and Mrs. Hartman Krug, Mr. and Mrs. J. J. McCallum, Mr. W. D. McCallum, Mr. Louis Schwartz and Miss Schwartz, of Kitchener.

Mr. and Mrs. Hartman Krug and Mr. Henry Krug motored to Toronto Thursday.

Mrs. C. H. Mills has returned home after attending the L.O.B.E. annual meeting in Montreal. Mrs. Mills spent a week in Quebec City, and visited Ottawa and Kingston on her way home.

Invitations are out for the marriage of Miss Olivia Lang, to Mr. John Callahan, to take place on Wednesday, June 19, at 2 o'clock, at the Church of the Seven Dolores, of this city, and afterwards at 24 Water street.

Mrs. M. C. Hall and Mrs. Bowley were visitors in Brantford on Thursday.

A very pretty June wedding took place at the home of Prof. A. H. Heller, 73 Queen street north at one o'clock last Saturday. The bride, daughter, Miss Florence May Oberholzer, was united in the bonds of holy matrimony to Dr. Reginald T. Paul, of Sunderland, Ont., in the presence of the immediate friends and relatives of the contracting parties, Rev. S. R. Knechtel, of Bridgeport, officiating.

The impressive ceremony was performed in the spacious drawing-room, beautifully decorated with ferns, roses and bridal wreaths. The bride, who looked charming in a wedding gown of white crepe and tulle, with overdress of silk net embroidered in sea pearls and wearing an embroidered bridal veil, entered the drawing room leaning on the arm of her step-father, Prof. Heller to the march, played by Mrs. Harry Germann, of Waterloo. The bride carried a shower bouquet of white roses. She was assisted by her sister, Albina, beautifully gowned in pale silk crepe and Georgette, carrying a bouquet of pink roses.

The groom has been serving in Greece for over two years, holding the rank of Captain, wore the British uniform and was supported by his brother, George of Sunderland.

Following the ceremony and after receiving of the congratulations of the assembled guests, a wedding dinner was served after which Mr. and Mrs. Paul left on a honeymoon trip to points north. On their return they will reside in Sunderland.

The bride's going away suit was of navy blue with hat to match. The groom's gift to the bride was a platinum pin set in diamonds and to the bridesmaid a pearl pin.

Mr. and Mrs. Paul have the best wishes of a large circle of friends for a long and happy married life.

Among the guests present from a distance were Mr. and Mrs. Heinel, Clifford, Mrs. Weber, Sebringville, Mr. R. J. Paul, Toronto, and Dr. and Mrs. Paul and son, George, of Sunderland.

Mr. and Mrs. Young and daughter of Niagara, and Mr. and Mrs. Banks and three children of Windsor, are enjoying a happy holiday at the home of Mr. and Mrs. Fred W. Thomas, John street, Waterloo.

Captain and Mrs. Thomas W. Seagram, and Mr. and Mrs. Laysa Goodenham, of Toronto, are enjoying a delightful holiday by motor in the Berkshire Hills, the mountains of Berkshire County, Mass., so noted for a charming summer resort.

Miss Ruby Engel, Miss Ella Mothral and Miss Loraine Mitchell were the hostesses of a delightful social evening for the Orliva Bible Class of St. Paul's Presbyterian church last evening in the school room of the church, when a very kind invitation was extended to all returned men of the congregation and several of their companions who were right loyally entertained with games and also with vocal and instrumental numbers, displaying the greatest ingenuity and originality, concluding with a sumptuous banquet which was greatly appreciated by the large number in attendance. Much praise is due the young ladies for their patriotic effort to celebrate fittingly the homecoming of our heroes.

The pavilion in the Waterloo Park was the scene of a most delightful function last evening the occasion being a social dance given by members of the Laf. Lot Klub. Invitations were sent out to many of the elite of the twin city, as well as to Galt and Prescott and the guests present enjoyed themselves to the full. Howard's orchestra of Galt supplied the music in their usually highly accomplished manner. Light refreshments were served and special cars were run at 1 o'clock for the benefit of the Kitchener guests.

Mrs. Archibald Kerr gave a "Patriotic Bridge" last Saturday afternoon at her home on Frederick street. Four tables were in requisition. The games were most interesting and Mrs. Hayward was the fortunate winner of the prize. A number of ladies came in at the tea hour. Refreshments were in the sun room, and a thoroughly pleasant time was spent.

Mrs. Harry M. Lackner spent the week end with her parents in Kincardine.

Mrs. E. Frowde Seagram of Waterloo entertained members of the Queen Anne Chapter, Daughters of the Empire, at the Country Club, Galt, on Saturday last. The ladies greatly enjoyed a few hours at this beautiful rendezvous with their charming hostess.

Miss Lillian Tyson has gone to Kincardine for a fortnight's vacation.

St. John's (Anglican) choir will hold its annual picnic to-day, if the weather is fine. A special feature in connection with it this year, is the welcoming of members who have recently returned from doing their bit in France.

The Country Club was the scene of a very merry party last week, when Mrs. Hartman Krug and Mrs. George Diebel, were the hostesses at the bridge party yesterday. There were a large number of ladies present and a very enjoyable afternoon was spent.

The Major-General McRae Chapter of the I. O. O. E. Glencoe closed the deal last week for the property belonging to Miss Riggs, opposite the post office, where they intend erecting a memorial hall in memory of all the Glencoe soldiers who have served in the war. The purchase price is \$1,000. It is understood the Daughters will own one half the property and build their hall on the corner site.

MASTERS-HUTTON NUPTIALS

A quiet wedding took place Friday afternoon at the home of Mr. and Mrs. John Hutton, George St., Waterloo, when their daughter, Sedie, was married to Mr. Oliver Master, late of the 38th Ottawa Battalion, son of Mr. and Mrs. Irvin Master, Kitchener. The bride, sweet and beautiful in a simple gown of white embroidered silk with hat to match, was given away by her father. Rev. S. L. W. Harton performed the ceremony during which Miss Vera Sherk sang "O Perfect Love." Miss Anna R. Bean played the wedding music. The happy couple left on the 5:20 train en route to Ottawa, where they will reside.

The many friends of the contracting parties extend to them their best wishes for a long and happy married life.

Mr. and Mrs. Phillip Gies have been in Buffalo this week where Mr. Gies attended the meeting of the American Waterworks Association.

Mr. August Lang has returned from Walsh Hall Notre Dame University Notre Dame, Indiana, to spend his summer vacation with his parents, Mr. and Mrs. John F. Lang, North Water Street.

Miss Marjory Jones, of Jervin, is the guest of her cousin, Mrs. E. Frowde Seagram, Waterloo.

The home of Mrs. A. Z. Garner was the scene of a happy gathering on Tuesday afternoon when Miss Lillian Kirby was made the recipient of a miscellaneous shower. About twenty-five of her friends were present and all spent a very enjoyable afternoon.

Mr. and Mrs. George C. H. Long, accompanied by Miss Mary and Mrs. Jerome Lang are in Toronto this week; Mr. Long is attending the Canadian Manufacturers Convention.

Mr. James E. Day, of Toronto, was the guest of Mr. Wm. Motz this week.

Miss Margaret Lang will be home from school on Saturday and will have as her guest Miss Maud McMenus, of New York City.

Mr. and Mrs. J. C. Breithaupt were in Buffalo this week while Mr. Breithaupt attended a meeting of the American Waterworks Association.

HELD RECEPTION

A number of the members of the Women's Missionary Society and the Mission Band of Trinity Methodist Church were present at the reception tendered to the President, Mrs. E. P. Clement, who recently returned from

California. A fitting program was provided, during which reports of the Conference convention recently held in St. Catharines were given by Mrs. J. H. McEain and Mrs. Yost. An enjoyable hour was spent and delicate refreshments were served.

Recommended Changes in Plans

The City Planning Commission Thursday afternoon held the regular monthly session. Among the matters considered were two plans. One of these was that presented by Mr. A.C. Quickfall showing the opening of a thirty foot street northeast of the Schneider avenue, across the creek by a special bridge then northwesterly over the creek to David street. It also provides for the extension of Mitchell avenue across South Queen to meet the new street over the creek. The commission did not come to a decision on the plan. They decided to have Mr. Quickfall submit a plan showing the division of the lots of the Schneider property and a wider street.

A plan presented by Mr. Knipfel showing the opening of a new street of Strangely was dealt with in the same way. The owner will be requested to make the street 60 feet instead of 40 feet wide. The proposed street runs southwesterly off Strangely several hundred feet south of the Grand Trunk railway.

Mr. Hartung and Mrs. Breithaupt were delegated to frame a reply to the Ontario Municipal and Railway Board regarding possible changes in the new city plan.

Those present were Messrs. W.H. Schmalz W.H. Breithaupt, W. Hartung and M. Huenergard. The Session was a short one.

HEART FLUTTERING EASILY CORRECTED

Good Advice for Those Bothered With Palpitation, Weakness, Etc.

If you heart flutters, be careful. An attack is liable to come one at any time. Excitement, over-exertion or emotion may cause it.

If blood rushes to the head, if palpitation and short breath are noticeable, there's cause for alarm.

If you want a good honest remedy try Ferrozone. We recommend Ferrozone because we know it's just right for heart troubles. It's made by A.P. Beattie who lives at Allen Hotel, Bay City, Mich. See if your symptoms resemble these:

Some Symptoms of Weak Heart Nervousness, Palpitation, Trembling, Dizziness, Sinking Feeling, Heart Pain, Short Breath, Weakness.

Mr. Beattie says: "I was weak and miserable. "I was subject to heart palpitation and dizziness."

"As I grew worse I began to have trembling and sinking sensations. "Ferrozone strengthened my heart, gave vigor to my nerves, soon made me well. It's a great builder."

By strengthening the muscles of the heart, giving proper circulation and causing a general rebuilding of the whole system, Ferrozone is bound to do grand work in heart trouble; try it 50c per box or six for \$2.50, at all dealers, or direct by mail from The Catechizone Co., Kingston, Ont.

Simple Home Remedy for Wrinkled Faces

Thousands of the fair sex are spending fortunes in frantic efforts to remove the signs of premature age from their faces. Such women will not realize that any amount of money for worthless wrinkle removers, of which there are many. If they only knew it the most effective remedy imaginable is a simple, harmless face wash which can be made up at home in less than a minute. They have only to get an ounce of powdered sorrelite and half a pint of witch hazel at the drug store and mix the two. Apply this daily for a while as a refreshing lotion. The effect is almost magical. Even after the first treatment, marked improvement is noticed and the face has a snug, firm feeling that is most pleasing.

There are five simple ways to tell good tea.

First, by the bright copper color of the tea when steeped.

Second, by the exquisite aroma.

Third, by the delightful, refreshing flavor.

Fourth, by the satisfying richness.

Fifth, by the economical strength.

Make a brewing and you will find all these qualities combined in Red Rose.

EMPLOYERS THE PROFESSIONAL AND BUSINESS SECTION OF THE EMPLOYMENT SERVICE OF CANADA

The PROFESSIONAL and BUSINESS SECTION has been established to assist professional, business and technical men and women.

Many officers, soldiers, sailors and war workers, who sacrificed their positions during the war, now desire to secure employment in the occupations for which they have been specially trained.

Employers should not wait until increasing business forces them to employ anybody they can obtain, but should look ahead and avail themselves of this unusual opportunity to enlist the services of highly trained workers, ordinarily secured only with difficulty. On application there can be referred to you, for example:—

ENGINEERS	LAW CLERKS
ARCHITECTS	COMMERCIAL ARTISTS
BUSINESS EXECUTIVES	SALES MANAGERS
ACCOUNTANTS	TRAVELLING SALESMEN
SECRETARIES	CHEMISTS
TEACHERS	YOUNG COLLEGE GRADUATES

These workers are returning to civil occupations with increased initiative, a broader view of life, and a greater capacity for work.

A HOT SPOT Chalmers gets the might out of gas

And puts it into action

—on an "impossible" hill

—on the boulevard where a ten yard spurt puts you ahead of a less responsive car

—on a country turnpike when supper is waiting.

On countless other occasions when "a little extra" is asked and "a little extra" is given the great Hot Spot engine supplies what you ask.

Hot Spot "cracks" the prevailing low grade gas into a very fine vapor and Ram's-horn then completes a task not a whit less important.

Ram's-horn gently and quickly "feeds" each cylinder of the six by the short 14-inch route to each and gives the same fresh, "powdered" gas to every cylinder alike.

Unless you're driving the new Chalmers some of your cylinders are often getting a rich gas and some a lean gas. That makes your engine run choppy on occasions.

A Hot Spot Chalmers runs like silk feels, and you experience a pride in your new Chalmers that is difficult to describe.

One ride generally convinces the hard-headed individual; and once a man is won to Chalmers ownership he'll swear he has one of the few great cars of the world.

It is possible that bars will be given also for the battles of Festubert, Givenchy and Hooge.

CONFERENCE AT GUELPH FAVORS TAKING IN SMALLER ASSOCIATIONS

Guelph, June 12.—The presentation of several important resolutions and the appointment of a permanent committee for the purpose of forming an organization to be known as the Poultry Association of Ontario were the chief items in the concluding session this morning of the poultry conference at the Ontario Agricultural College. The purpose of the new association will be to take in all the smaller associations and to be organized for the benefit of all, in short, "one big association," to be thoroughly representative. The committee is composed of R.W. Wade, Dr. Barnes, Prof. W.R. Graham, Geo. Robertson, S.K. Burdett, S. Foster, R.W. Essex and Geo. Henderson.

A long resolution was passed respecting the carrying on of extension work among the poultrymen. It was pointed out that the various poultry associations stand for more than mere shows, but for every phase of the poultry business, and the great necessity of extension work was emphasized.

Record of Performance

It was decided to endorse the action taken at the meeting of the National Poultry Council at Ottawa, whereby the Dominion Government will be asked to establish a record of performance. This is considered of the utmost importance to the poultrymen and will be urged very strongly.

Another resolution was passed endorsing the National Poultry Council in their request to establish a Dominion laying competition at Ottawa. A similar request will be made to the Ontario Government with regard to a laying competition at the O.A.C. There will be two big shows, a Dominion show at Ottawa, and a provincial show at Guelph.

The permanent committee in connection with the laying competition is composed of S.K. Burdett, R.W. Wade, R.W. Essex, Mr. Stock and George Robertson.

A resolution was passed suggesting that poultrymen of Ontario assist in the raising of a fund for the erection of the memorial hall at the O.A.C. and a special committee composed of George Robertson, of Ottawa; James Northey, of Toronto; and J.H. Saunders, of London, was appointed to take this matter up.

Dr. Barnes of Ottawa, chairman of the National Poultry Council, was appointed as the representative again to that council.

C.M.A. URGES SCIENTIFIC STUDYING OF QUESTION.

TORONTO, June 12.—The appointment of a permanent tariff board was definitely urged on the Government to-day by the Canadian Manufacturers' Association. The Association would have the board act in an advisory capacity and would have it make a scientific study of the Canadian customs tariff and the tariff of other countries and endeavor to name a tariff that would serve the best interests of Canada.

The removal of the tariff on certain farm tractors evoked a warm, if brief discussion, culminating in the unanimous adoption of a motion urging the Government to enact legislation "which will restore to Canada the tractor business transferred to the United States through the removal of the tariff and permit the development of an industry suited to the economic needs of the country."

The adoption throughout the empire to the preference now provided in the customs tariff of Canada was also urged upon the Government.

In view of the fact that the fire loss per capital is much greater in Canada than in any other country the association advocated the appointment of a commission to investigate the causes contributing to national fire loss.

Fine New Hotel Planned for Windsor.

Although no details are given out, it is understood that plans for the erection of a fine new hotel for Windsor are going forward and that the necessary capital will be raised without difficulty. A committee has been named to select a Board of Directors and will report back to the Chamber of Commerce within a few days.

The Heel of Achilles in Tires

The weak spot in a tire is where tread stops and sidewall begins.

On any road but smooth, flat pavement, the spears of the road—stones and broken rock—are constantly jabbing at this Heel of Achilles. And the sides of wagon tracks, when you ride ruts, grind wickedly at vulnerable flanks.

Your eyesight tells you that. Now look at the SAFETY TREAD of Goodrich Tires. See how it spreads the Goodrich interlocking safety bars beyond the ball of the tire, and lays extra tread rubber along the sidewall.

Notice further, how the extra wide tread carries on up the sides of the tire, extending beneath the sidestrips.

Thus an extra thickness of tough tread rubber fortifies Goodrich Tires at the Heel of Achilles.

Remember, that is one of the many reasons why Goodrich Tires lead in mileage over all roads, rough or smooth.

Save Baking Hours --and-- Grow a Garden

That is a sensible job; it means health and economy. Baking is a waste of both, and a waste of time as well. Put half an hour a day in a garden, or some other outdoor occupation. See if you don't feel better and look younger. See if you are not happier and more efficient. See if you don't do other things with more vim and effect. Instead of baking in a hot kitchen, buy

Dietrich's Butternut Loaf

and save ample time for garden work, hours that otherwise would be spent in indoor drudgery. You will have bought a better loaf for less than you could make it.

Scientifically made, perfectly baked, dainty, crisp and appetizing. Every loaf sealed in dust-proof wrapper.

An increase in salary— But are you better off?

"The more I make the more I spend," has been a young man's cry for generations.

When many a man's salary is \$15 a week he lives up to every cent of it, putting off the time to start a savings account until his wages are increased to \$20.

But when the \$5 a week increase comes, does it go into the bank? Not very often.

Make that salary increase do something for you if it is to be of any benefit. Deposit it in The Bank of Toronto each week.

With the interest it earns, you will find at the end of the year that you have a lump sum with which you can do material things.

Maxwell

—a car having every luxury
except one

THAT luxury is brutish bigness, which means weight, which means a large gasoline tank and filled often, and large tires, and several sets a year.

Maxwell is neither a big car nor a small car. The biggest car made is less than 4 feet longer, and costs around \$15,000 to buy and \$7,000 a year to run.

Most cars are just a foot or a few inches longer.

And others are some smaller—shorter, lighter, less roomy, and hence lack the luxury of a Maxwell.

Nor do they cost, on the average, less to run.

Gas mileage is very nearly the same. Tire mileage is very nearly the same.

But where Maxwell earned its crowning reputation has been its ability to run and run and never quit.

That means repair bills are amazingly low.

You therefore never get mad at a Maxwell—it's the best friend your pocketbook has. And when you stop to think of all those little points of luxury in a Maxwell you're almost sure to whip out your check book and write a check for one.

The 300,000-all-alike idea behind the Maxwell thus, you see, is sound.

Maxwell-Chalmers in Canada Now Headed by Geo. W. Parks

The announcement that George W. Parks has been elected President and General Manager of both the Maxwell Motor Company of Canada, Ltd., and the Chalmers Motor Company of Canada, Limited, reveals what is perhaps the most significant development that has taken place this year in Canadian automobile circles. The great expansion of the business which will come under Mr. Parks' direction will be along the lines of the past—formed policy of the company to be a dominant Canadian factor in Canadian business. Hundreds of thousands of dollars have been invested in Canadian plants. An increasingly large percentage of both the Maxwell and Chalmers cars has been manufactured in Canada. With the election of Mr. Parks as President of the Canadian companies, the policy in making the Maxwell-Chalmers organization in an-

ada a separate identity will be further emphasized. At the same time the Canadian Company will continue to enjoy all the advantages and facilities afforded by the large factories operated by the parent company in the United States. Mr. Parks has had a broad and extensive business experience. In his younger days he gained valuable training in the sales department of a New England manufacturing concern. Later on he was junior partner and subsequently owner of a manufacturing business in Rhode Island. Withdrawing from this business, he organized the George W. Parks Company—a manufacturing concern which enjoyed splendid business until the outbreak of the world war. The "non-essential" character of this business prompted him to close down this factory and since that time he has been devoting his whole time to war work. Thus the career of Mr. Parks has included manufacturing, salesmanship, organization and management and should qualify him admirably for guiding the development of the Canadian institution with which he has become identified.

"I have faith in Canada—in its wonderful future," said Mr. Parks in the first interview he gave as head of the Maxwell-Chalmers Canadian institution. "I feel that there are great possibilities for any business in Canada, especially in the automobile field. That is the big reason I have for linking up my destiny with those of the Maxwell and Chalmers cars in Canada. I hope to see this business grow to one of the outstanding industries in the Dominion, buying its supplies in Canada, financing its operations and doing its banking in Canada, marketing its vast output in Canada."

Canada Is Best Foreign Market For U. S. Autos

Automobiles exported from the United States since the beginning of the industry in that country have exceeded \$700,000,000 in value. A compilation by the National City Bank of New York, shows that the total value of passenger automobiles exported from 1902, the first year in which the exports were recorded by the government, down to the present time is \$293,000,000; commercial machines, \$190,000,000; parts of automobiles, \$132,000,000; tires, \$70,000,000 and engines, \$18,000,000. Even these figures do not include the shipments to Hawaii and Porto Rico, since those islands are classed as customs districts of the United States, and as the shipments to these islands aggregate between \$2,000,000 and \$3,000,000 per year it might be said that the value of automobiles and parts thereof passing out of continental United States since the beginning of the industry has aggregated \$750,000,000.

Prior to the war the bulk of the automobiles exported were passenger cars, and in fact, the value of commercial cars was so small that the government did not state them separately prior to the fiscal year 1913, in which year the total value of commercial cars exported was \$81,737,000 against \$24,276,000 for passenger cars. In the fiscal year 1916 however, the demands of the war brought the total of commercial machines to a figure higher than that of passenger machines, the total value of commercial machines exported in 1916 having been \$39,141,000, and of passenger machinery \$21,114,000. In 1916 commercial machines were again in the lead, \$56,306,000, against \$40,680,000 for passenger machines. In 1917 and 1918, however, the value of commercial machines exported was slightly less than that of passenger machines.

The total number of machines exported since the beginning of the government record in 1902 is: passenger 316,629; commercial machines, 71,615. A very large proportion of the commercial machines exported went, of course, to Europe and largely for war purposes. Of the 21,265 commercial machines exported in 1916, the record year of the exportation of machines of this type, 8500 went to the United Kingdom, 5531 to France, 3909 to Russia in Europe, 1170 to Russia in Asia and only 2000 to all other countries of the world. In 1918, of the 12,199 commercial machines exported, 5252 went to Great Britain, 2754 to France and 409 to Russia, while the number to other countries was 3785, indicating a growth in the movement to the countries other than those engaged in war.

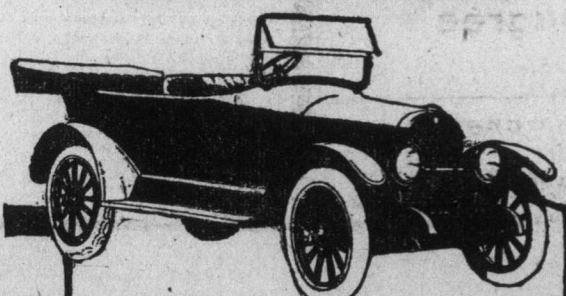

Of the 52,308 passenger machines exported in 1918, 12,981 went to Canada, 4307 to Australia, 3525 to Argentina, 3399 to Chile, 2961 to Cuba, 2142 to British South Africa, 1818 to New Zealand and 1714 to the Philippine Islands.

About 66 per cent of the 12,200 commercial machines exported in 1918 went to Europe, while of the 62,300 passenger machines exported in that year only 5 per cent went to Europe.

"DELICIOUS LITTLE DEVIL"

IS EASY COMEDY DRAMA

Mae Murray's Newest Picture is a
Story of Life Under the
White Lights

At the Roma Mon.-Tues.

Wednesday.
Mae Murray is a girl of the ene-
ments who just can't make her feet
behave. She got the habit when as a
child she followed the hurdy-gurdies,
and she was still a victim of it—in a
double sense of the word—when the
manager of one of Broadway's hotels
fired her out of her hat-check job be-
cause she insisted on pirouetting in-
stead of mere waiting.

With a father chronically disinclined
to work, Mary decided she had to do
something—quick. In the west end
she found her opportunity. The man-
ager of a fast toothache was seeking
a dancer "with a pest," promising her
a brilliant future. Mary needed the
future, so she invented the pest.

She pretended to be the immature
of a certain nobelman in Paris, whose
affairs had become a matter of inter-
national scandal-mongering. So she
was received with open arms.

But the trouble started when every-
one began setting on the assumption
that Mary's present was just like her
past. A girl of the tenements is not
to be caught in pitfalls, however, and
Mary kept out of danger until the
last big climax, and then the right
man turned up to keep her out of
danger forever.

This is "The Delicious Little Devil,"
Mae Murray's latest (and best) Uni-
versal picture, which opened last
night at the Roma Theatre.

It is based on a story by Harvey
Thew and John B. Clymer and was
directed by Robert Z. Leonard. In
last, played by Rudolph De Valen-
tine, William V. Mong, Harry Ratten-
bury, Richard Cummings, Ivor Mc-
Fadden, Bertram Grassby and Edward
Jobson.

DOROTHY DALTON HAS FINE
ROLE IN "THE HOME-
BREAKER"

Famous Star Seen as Traveling
Saleswoman in Her New
Picture

Dorothy Dalton has a decidedly
new characterization in the Thomas
H. Ince production "The Home-
breaker," which comes as a pre-
sent offering to the Allen The-
atre for two days commencing Friday next.
She appears as a traveling sales-
woman and the part offers her
opportunity for some clever comedy
work. Miss Dalton made her first
big hit in pictures in a dramatic role
in "The Flame of the Yukon," and
has established reputation as an em-
otional actress. That she is de-
lightful in comedy drama was also
proven in "Hard Boiled," in which
she appeared as a theatrical trouper.
Among her other recent successes
are "The Lady of Red Butte,"

"Extraneous" and "Quicksand"

In "The Homebreaker," Miss
Dalton is supported by Douglas
Maclean, leading man, Edwin
Stevens, a famous musical comedy
star years ago, Frank Leigh, Beverly
Travis, Nora Johnson and Mollie
McConnell. It is a charming
picture in every respect.

"WHEN DOCTORS DISAGREE"

A MABEL NORMAND "RIOT"

Goldwyn Comedienne Surpasses
All Her Previous Characterizations
in New Vehicle Mirth, Coming
to Roma Theatre Thurs. Fri.
and Sat.

Mabel Normand in "When Doct-
ors Disagree" follows the success of
her "Six Topkings" and "The Pest"
in a decidedly different way. The
new Goldwyn Picture embodies all
the elements that go to make a
typical Mabel Normand production
and at the same time it surpasses
them all. There are undeniable
reasons for this.

"When Doctors Disagree" is a
real farce. Its basis is one of the
most laughable situations ever con-
ceived; its interpretation and pic-
torial aspects are flawless.

Imagine the comedienne being
raced to a sanitarium for an opera-
tion prescribed by a bogus physician
and made apparently necessary be-
cause Millie Martin has swallowed a
toothache remedy. It happened to
be a case of chewing tobacco. Only
Mabel Normand could do justice to
this whimsical conceit. Yet it is
only one of a score of laughable
episodes in the new play.

Besides the comic story many other
outstanding merits recommend it to
exhibitors. Directed by Victor J.
Scherzinger, it has that human qual-
ity found in all his productions.
Millie Martin is made a real charac-
ter at all times. Exquisite photo-
graphy and lighting effects add to
its beauty and accomplished com-
edians fall not far behind Mabel
Normand in evoking laughter.

cellent medium for her talents in her
latest production "Josselyn's Wife,"

the book by Kathleen Norris, whose
fiction has made her one of the most
popular and widely read novelists of

RICH. RED BLOOD MEANS HEALTH

WEAK, PALE PEOPLE REQUIRE
A BLOOD-MAKING MEDICINE.

It took centuries for medical sci-
ence to discover that the blood is the
life. Now, it is known that if the
blood were always abundant, rich and
pure, very few people would be sick.
It was not until the end of the
19th century that an instrument was
invented for measuring the red part
of the blood. Then doctors could
just how anemic a patient had be-
come, and with medicine to make new
blood the patient soon got well.

All the blood in the body is re-
newed and kept rich and red by the
food taken daily, but when, for any
reason, a person is run down and
cannot make sufficient blood from the
food to keep the body in health, then
a blood-making medicine is required.
The simplest and very best of blood-
makers suitable for home use by any-
one, is Dr. Williams' Pink Pills. When
a course of these pills is taken their
good effect is soon shown in an im-
proved appetite, stronger nerves, a
sound digestion and an ability to
master your work and enjoy leisure
hours. For women there is a prompt
relief of, or prevention of, ailments
which make life a burden. Mrs. Thos.
Kaake, Trenton, Ont., tells how she
obtained new health through the use
of Dr. Williams' Pink Pills. She
says: "The weakness came on me so
gradually that at first it was hardly
noticeable. But after a time it got
so that I could not go upstairs with-
out stopping to rest. Every particle
of color left my hands and face, and
the least exertion would tire me and
leave my heart palpitating violently.
I consulted a doctor who told me the
trouble was anemia and prescribed a
tonic. I took this medicine for some
time, but it did not seem to help me a
bit. Then I read of a cure in a similar
case through Dr. Williams' Pink Pills
and decided to try them. The result
was these pills made me feel like a
new woman. I have gained all my for-
mer health and strength, and feel that
I owe my present condition entirely
to Dr. Williams' Pink Pills.

You can get these pills through any
dealer in medicine, or by mail at 50
cents a box, or six boxes for 2.50 from

"GIVE MY PAY TO BLIND
SOLDIER" SAID BOY ACTOR

Interesting Incident During the
Making of Ferguson Film

"Eyes of the Soul,"
While Elsie Ferguson was in
Miami, Fla., whether the producing
company journeyed to take some
beautiful scenes for her latest Art-
craft production, "Eyes of the Soul,"
she discovered a clever little boy
in the park. He was dressed in
her costume and immediately
replied his little cap from his curly
head when she approached him.
He really just the type that
Em Chautard had been seeking
and had despaired of finding.

Miss Ferguson asked the boy
how he would like to work in the
picture. He was delighted at the
prospect and after receiving per-
mission from his parents he appeared
at the location, ready for work.
Wyn- Standing, who plays the
blind soldier in the picture
inter- l the boy keenly, who be-
lieved that Mr. Standing was really
blind.

After the day's work was over,
Mr. Chautard said to him, "Well,
now, my little man, what do we owe
you for your day's work?" And
the boy replied, standing at salute,
"It has been a pleasure to help a
blind soldier, please sir, give my
pay to him."

Mr. Chautard did not wish to dis-

illusion the lad about the actor be-
ing blind, so he thanked him and
told him he was a very patriotic
little American. Before the com-
pany left Miami, however, a beau-
tiful gift was sent to the little sol-
dier boy.

Miss Ferguson has a delightful
role, that of a cabaret dancer in
"Eyes of the Soul," which will be
shown at the Allen Theatre Wed-
nesday and Thursday. The story
is vibrant with heart interest and ex-
cellent players portray the various
parts.

PAYS MILLION FOR "THE
LAST BOTTLE."

New Paramount Flag Comedy
Satire on Prohibition

Would you pay a million dollars
for the last bottle of champagne in
the world? Well, a man does this
very thing in James Montgomery
Flag's new Paramount comedy,
"The Last Bottle," which will be
displayed at the Allen Theatre
Wednesday and Thursday.

What happened when Cadwallader
Van Horn gave his wife the last
bottle of champagne in the world,
provides material for one of the
most enjoyable comedies of the
season. Everybody tries to steal
the valuable liquor, including the
deacon of the church, the constable,
the village sport, drunkard and all
the rest. But Cadwallader gets the
better of all by selling at auction
for a million dollars.

The satire is delicious all the way
through. The principal players in-
clude Harold Foshay and Dorothy
Fitch.

A clean, sharp blade for every shave

If there's any pleasure to shaving, you get it in an Auto-Stop Razor. First, because there's always a sharp blade ready for use—a few turns on the stop brings it back to its professional keenness. Secondly, because there's no fussing with parts after shaving. And thirdly, because a simple adjustment makes it possible for you to shave as closely or as lightly as you wish.

From first to last, sharpening, shaving and cleaning, you never need to remove the blade from the razor. Is it any wonder, then, that thousands of men consider the Auto-Stop Razor the last word in shaving comfort and convenience?

The Auto-Stop is the only safety razor sold with an unconditional guarantee. Everywhere—complete with razor, stop and 12 blades for \$5.00.

WANTED INVENTIONS

AN interesting and encouraging thing about these fortune producing inventions is that most of them are of ordinary or minor value in themselves. If you have a notion that you must invent a big thing to make money, get rid of it at once. Many of the Patents that have made their inventors millionaires are those which contained very few entirely new ideas. The simplest ideas have earned fortunes for their patentees. The safety razor, the sanitary drinking cup, the hump hairpin, the de-mountain tire rim—any of these could have been invented by a man of average ability. In your every day life, at home, at your office, in your shop you handle any number of articles that are subject to improvement. If you can think of a way of improving some article or process already in use, or if you can invent a new useful device or process or article of manufacture, you are on the road to fortune. Dunbrook made a fortune from a single shipping-tag. Prepare now to meet the demands of industry in all fields for new ideas and new inventions. Before sending your invention to any attorney or manufacturer or disclosing your invention, write for our free blank form PROOF OF CONCEPTION in order to protect your invention and secure your rights.

WE ADVERTISE our Clients' Inventions Free in INDUSTRIAL CANADA, which is the Official Magazine of the Canadian Manufacturers Association. It pays to have Shipman's Service. Ask for our new Booklet "Patent Protection".

Send Model, Sketch and description of any new invention you have for Free Opinion as to Patentability. This Certificate of Patentability together with our blank form "Proof of Conception" will protect the inventor and serve as proof of the invention until the case can be filed in the Patent Office.

Transferred to Guelph

Mr. S. Reiber, who has been with the local branch of the Metropolitan Life Insurance Company for the last three years, has been transferred to Guelph and has commenced his new duties. His many friends will be pleased to learn that he has been promoted to the position of Assistant District Deputy Superintendent in that district. He will remove his family to Guelph in a few weeks.

Prominent Lutheran Layman Here

There is in the city over the week-end a prominent officer of the United Lutheran Church of North America. He is Mr. H. B. Garhardt, field secretary of the Brotherhood of the organization. Mr. Garhardt will address several church meetings to-morrow. In the morning he will address the congregation of the First English Lutheran Church. He will address the men in St. Matthew's at two-thirty o'clock in the afternoon and will also speak in that church at the evening service.

Shepherd-Calvert

On June 9th, a pretty wedding took place at the home of Mr. and Mrs. H. G. Calvert, Pickering, Ont., when their younger daughter, Mabel A., became the bride of Mr. Irvin O. Shepherd, of the Rosedale Creamery. Owing to a recent bereavement in the groom's family, the ceremony was performed in the presence of the immediate relatives only, the Rev. J. W. Down officiating. Following the signing of the register a dainty luncheon was served after which the happy couple left on a motor trip for Belleville and Eastern points. On their return, they will reside at 19 Courtland Avenue.

Frank-Doering Nuptials

A quiet wedding was celebrated at Philipsburg this week when Miss Freda Doering was united in the bonds of holy matrimony to Mr. John Frank of Petersburg, Rev. Ziegler of Philipsburg officiating.

The bride was assisted by her sister Eugenia while Mr. J. Doelle, of Stratford, supported the groom.

The bride was assisted by her sister M. The groom's gift to the bride was a handsome cheque. To the bridesmaid, rings and to the groomsmen, a tie pin. The bride was the recipient of many costly, ornamental and useful presents, showing her high esteem in which she is held by her many friends.

Mr. and Mrs. Frank will reside in Kitchener.

Death of Mr. John S. Hohner. There was called from this life yesterday afternoon Mr. John S. Hohner who passed away at his residence, 54 Samuel street after a lingering illness.

Mr. Hohner was in his fifty seventh year. He had resided here during the past twenty six years. For many years his home was in Zurich. He was a carpenter contractor by occupation.

Surviving him are his wife, Mrs. Katherine Hohner one daughter, Miss Ida M. and the following brothers and sisters: Edward of Detroit, Mrs. C. Lachman and Mrs. J. Weseloh of Waterloo; and Mrs. J. Fitzpatrick of Buffalo.

The deceased was well known and had many acquaintances and friends who today testify in his high worth. The funeral will be held at two thirty o'clock on Monday afternoon from the residence to Mount Hope Cemetery for interment.

Surprised on His Birthday

Mr. Frank Gooding of 64 Weber St. west, was pleasantly surprised at his home on Thursday evening by his children and a number of friends and presented with an address accompanied by tokens of love and affection and best wishes for many happy returns of the day. The evening was spent in games and music after which dainty refreshments were served. The address was as follows:

Dear Father:—On this your 44th birthday we your children desire to express to you our best wishes for a continuance of your health so that many happy returns of this your natal day may be celebrated.

In proof of our love and esteem we wish to present these small tokens, hoping that you will prize them not for their intrinsic value so much as for the spirit which has moved the giving.

May your life be one long round of satisfaction in work well done and may you long be spared to us.
Yours lovingly,
The Children and Friends.

Pavement being repaired.

The King street pavement between Water and Broadhume street is being repaired the work being started this morning.

There are a few bad spots especially at the railway intersections and the repairing of which will be a great improvement.

Visiting in Home Town

There is visiting in his home town, Mr. Oliver Shelley, of Alma, Mich. He is accompanied by Mrs. Shelley. Mr. Shelley is with the well known Republic Motor Truck Company, the largest exclusive truck manufacturers in the world. He states that business in the motor truck line is brisk, the Republic Company alone turning out 20,000 machines a year. The plant has between 3000 and 4000 hands. Regarding the location of the Company's Canadian plant this has not yet been decided the negotiations with London city having not gone through at least not yet.

A Woman's Sympathy

Are you discouraged? Is your Doctor's bill a heavy financial load? Is your pain a heavy physical burden? I know what these mean to delicate women. I have been discouraged too; But I learned how to cure myself. I want to relieve your burdens. Why not end the pain and stop the doctor's bill? I can do this for you and will, if you will assist me.

All you need is to write for a free box of the remedy (Orange Lily) which has been placed in my hands to be given away. Perhaps this one will cure you—just as it has for others. If so, I shall be happy and you will be cured for 3 cents (the cost of the postage stamp). Your letter held confidentially. Write to-day for my free treatment. Mrs. Lydia W. Ladd.

FRECKLE-FACE

Sun and Wind Bring Out Ugly Spots. How to Remove Easily

Here's a chance, Miss Freckle-face, to try a remedy for freckles with the guarantee of a reliable concern that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling.

Simply get an ounce of Othine—double strength—from any druggist and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength Othine as this strength is sold under guarantee of money back if it fails to remove freckles.

FOUR Shingles In One Brantford Asphalt Slab Slate

THE newest idea in roofing. Just think of the time and cost of labor saved in laying the roof of a big barn, freight shed or other large building with this new Brantford Asphalt Slab Slate which is four shingles in one. Fewer nails are also required.

Brantford Asphalt Slab Slaters are so cleverly designed that a roof laid with them has the appearance of being covered with individual size shingles.

One slab only 32 inch x 12 inch, with cut outs five inches. They are laid five inches to the weather. Red or green.

Brantford Asphalt Slab Slaters are made of the same materials as the best of shingles. They have given such satisfaction that they are now being used in the most important buildings in the world.

The name Brantford is a registered trademark of Brantford Roofing Co. Ltd.

Particulars of these roofing materials on request.

Another Hard Game Dropped

Beavers Lead up to Sixth Inning

The Beavers dropped their second game of the series to the Tigers yesterday by the close margin of one run. The score was 4-3. Benny Gilbert worked for the Beavers and was going great guns until the sixth when the Hamilton heavy artillery got the range and pounded out four hits which netted them three runs.

It was a hard game to lose as the Kitchener had just fought to the lead in the fifth inning after Seanlon had smashed out the first homer on the Hamilton park this year. Hefler and Wade occupied the bags at the time.

Manager Beatty shifted the lineup slightly for yesterday's battle dropping Hefler from the sixth to sixth place. Nicholson moving up.

The despatch from Hamilton gives the following account of the game. Hamilton June 13--Heavy hitting featured the game between Kitchener and Hamilton here to-day. The Tigers won by a score of four to three after the visitors gained a lead in the fifth which looked for a time to be a winning one. The first home run of the season on the Hamilton grounds was made by Seanlon, who hit the ball to the left field fence with two men on bases and gave the visitors three runs. Hamilton scored one in the first and went to the front again in the sixth when Lowery Carlin Behan and O'Rourke netted three runs. Score:

ON THE SIDE

Hamilton Tigers are now in second place being tied for the position with Bay City who dropped yesterday's

game to Saginaw. The Hams under Shaughnessy are now traveling in midseason form and have won their last twelve stars.

The helpless Tecumseh received their twenty-sixth lacing yesterday. After piling up a four run lead in the third inning, they finally went under when their pitchers blew up in the sixth and seventh. Seven pitchers were used in the game. London working four and the Red Sox three. Brantford finally won 8-6.

Bay City opened a four game series in Saginaw yesterday, dropping their opener to the Aces 5-1. Shriver pitched great ball and was given gilt-edged support while Ferrell last but two innings, being replaced by Whaley.

Flint and Battle Creek battled for eleven innings before a decision was reached to the Sanitarium town yesterday. The Custers kept up their slugging pace driving out twelve hits. They lost however, 6-4.

Hagen Captured the Golf Title

Gained Three Strokes on Way in But Was One Down--Lambton and Rosedale.

Playing off a tie with M.J. Brady, of Oakley, Hagen, of Detroit, led his rival by one stroke in 18 holes for the open golf title, played for at Newton, Miss. The cards were:

Out--Brady, 4648, 554, 553-41. Hagen, 544, 652, 444-38.
In--Brady, 633, 444, 544-37-78. Brady started the match madly. Facing a four-stroke disadvantage on the in-journey, the Oakley professional began a streak of phenomenal putting, which brought him within one stroke of Hagen at the 15th. He could not get closer, however, and lost by one.

Penalty Question. A question over penalties developed when United States Golf Association officials decided at the 11th hole that Hagen was subject to a two stroke penalty for moving a ball. Hagen maintained that Brady had moved a stone which was to his ball going to the ninth. The officials stopped the match to measure Brady's lift, and then decided not to penalize either player.

Civilians Buy Army Raincoats

From Government Contractors at Cost

THE PEERLESS CO., Dept. 1058, 80 Brantford Place, Newark, N.J., will ship, postpaid, insured, to you direct on receipt of \$8.00.

The one type of Raincoat both waterproof and sanitary. Made strictly to government specifications of government inspected cloth, guaranteed durable and fast color. No wet can get through--hermetically cemented, storm-proof collar with storm-proof tab, interfitting fly front, adjustable fastenings around wrists, side pockets with additional slit to reach inside clothing without opening coat. Back is sanitariously ventilated, concealed by duplex yoke, giving cape effect. Because the war ended unexpectedly and military requirements ceased, civilians may buy these government approved raincoats at factory cost, \$8.00.

Peerless Raincoats are the genuine government model. OFFICERS' DOUBLE-BREADED MODELS with inverted pleat down back; belt all around with buckle; convertible collar; outside patch pockets with flaps; buckled wrist fastenings. Retailed during war for \$25 to \$30. Delivered free to your door on receipt of \$12.00.

Extra Years of Easy Riding

IMAGINE an engineer daring to design a bridge with only enough strength to bear the strain of traffic! Instead of that, he provides for a liberal surplus. This "factor of safety" means long life to the structure in spite of hardest usage. This principle is applied in

C.C.M. Bicycles

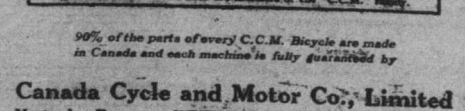

C.C.M. frames are practically wreck-proof. Not only are the frames made of the highest grade of steel tubing obtainable, but our "fishmouth" reinforcement provides more than enough "factor of safety." Extra plates fortifying the inside of the joints against strain make the frame practically unbreakable.

All bright parts are coated first with copper--and copper can't rust--then they are heavily nickel-plated. C.C.M. bicycles look like aristocrats long after rust has made ordinary wheels fit for the scrap heap.

Such typical C.C.M. endurance advantages mean extra years of service and prevent the accurate C.C.M. running parts getting "out of true." Thus your C.C.M. bicycle can be depended upon to run smoothly year in and year out.

All C.C.M.'s have the famous Hercules Coaster Brake--the brake without the side arm. It is sensitive, dependable and effective always.

C.C.M.'s share by comparison in any company on earth. There is a C.C.M. dealer near by. See him.

Penalty Question. A question over penalties developed when United States Golf Association officials decided at the 11th hole that Hagen was subject to a two stroke penalty for moving a ball. Hagen maintained that Brady had moved a stone which was to his ball going to the ninth. The officials stopped the match to measure Brady's lift, and then decided not to penalize either player.

AN ASSURED SUCCESS

The coming campaign to raise money to provide a permanent home for our returned boys will be a real success provided only that every worker and contributor does his or her full part and that promptly.

The manufacturers and other employees will receive full instructions from the printed matter and from the visiting committees as to what is expected of them. Will they see that each employee fills in a Pledge Card and then make sure to return all the completed cards on or before next Thursday the 19th inst?

Will the two Councils, the Municipal Commissions, the societies and all other organizations in both Kitchener and Waterloo make sure to return cards filled in for liberal amounts?

Will every individual subscriber decide without undue delay as to the amount of his or her debt to the boys who did our fighting and promptly hand back the completed card?

Will all active workers in connection with the campaign perform their respective parts gladly and in good time?

An affirmative answer to each of the above questions will spell one grand success for this la. Patriotic Drive.

Prove to our own local boys that we are not unmindful of their sacrifices and that we are truly thankful that many of them did return.
