## OLD LANDMARK CHANGES HANDS

R. E. Harris & Sons Purchase Old Corn Mill—History of Building

The building generally known as "the old corn mill" has recently changed hands, having been acquired by the firm of R. E. Harris & Sons. The price paid to The Wolfville Milling Co. is reported to have been \$3500 and the new owners will use it as a coal shed. Changes are now being made which will materially affect the appearance of the building which has long been a familiar object. Mr. Harry Gates is in charge of the work which will include the removal of the roof and one story and other changes calculated to better adapt it for the purpose for which the building is to be in future used.

This building was erected in 1891 by the Skoda Discovery Co. on the site now occupied by the Acadia Creamery, for use as a laboratory for the production of the remedies, seven in number, prepared by that organization. Messrs. Rhodes, Curry & Co. were the contractors. After being used a few years for the purpose for which it was constructed the Skoda Discovery Co. went out of business here and for a time the building remained idle.

In the year 1897 it was purchased by Mr. Arthur L. Calhoun, of St. John, for the purpose of converting it into a flour and corn mill. Mr. Calhoun was a graduate of Acadia in the class of '82. He had subsequently had some experience in the milling business and looked on Wolfville as a most likely location for conducting a profitable industry.

The new owner secured a lot on the bank of the creek where a shipyard had at one time existed, and made preparations to remove the building from the railway lands to the new site. He negotiated with the late Sidney Borden, of Fort Williams, an experienced and most successful mover of buildings, and finding Mr. Borden's price for the portmanteau of the work unsatisfactory, bought a man from St. John, who was supposed to be an expert, to superintend the job. After spending a sum equal to that for which Mr. Borden had agreed to move the building and failing to make any material progress the St. John man was discharged and Mr. Borden was given the contract, at his former figure and soon had the building at its destination without mishap.

Much time and money were expended by Mr. Calhoun in the remodeling of the building and equipping it with necessary and up-to-date machinery, and it was not until the next autumn that he was ready for business. He experienced considerable difficulty in procuring corn but finally during January, 1899, a vessel arrived with a cargo and while superintending its unloading on a very cold winter morning Mr. Calhoun fell from the elevated track to the wharf below and was instantly killed.

His brother-in-law, Mr. George Ellis, son of the late Senator Ellis, of St. John, carried on the business of the corn mill for some time, when it passed into the hands of the Wolfville Milling Co., of which Mr. T. L. Harvey was manager, and for some years the business was carried on intermittently, but was finally discontinued.

## LADIES DEFEAT PROFESSIONAL MEN

A good many of the citizens of Wolfville, who wanted a good laugh, turned out to see the Wolfville Ladies defeat the Professional Men 4-3 in a game of hockey last Friday evening. The Professional men, becomingly attired in skirts, wigs, etc. were easily outclassed by their opponents.

In the first period both sides battled hard, and the only score was made by the ladies, Miss Wickwire netting the disc. However, in the second period, Dr. deWitt staged a comeback by too in rapid succession, while Miss Gertrude evened the score. Another was added by the ladies before the bell rang. In the third session Dr. deWitt was spending up the ice when he caused considerable merriment by losing his "bobbed hair" in one of the many pools of water on the ice. In this period the "Docs" evened the score but at the last minute the ladies shot a winning goal past Dr. Elliott, making the final score 4-3.

The teams:  
Wolfville Ladies.—Miss Taylor, goal; Misses Holmes and Johnson, defence; Miss Patriquin, centre; Misses Gertrude and Wickwire, forwards; Misses Hemmon and Duncan, subs.  
Professional Men.—Dr. Elliott, goal; Drs. E. Eaton and deWitt, defence; Dr. Roach, centre; Dr. L. Eaton and Mr. Withrow, forwards; Dr. Primrose, sub.

## INTERCOLLEGIATE DEBATE

Acadia and Dalhousie Students Participate in Interesting Discussion

The intercollegiate debate between Dalhousie and Acadia, which was held at the Wolfville Baptist Church on Tuesday evening, attracted a large audience and the auditorium was well filled at the appointed hour. Acadia was represented by Messrs. V. L. Pearson, F. W. Doyle and H. B. Camp, while the Dalhousie debaters were Messrs. L. W. Fraser, D. D. McNair and W. S. Gilchrist. The subject debated was "Resolved that the right of appeal from the Canadian Courts to the Judicial Committee of the Privy Council should be abolished."

Acadia supported the affirmative while the negative was taken by the visitors. President Patterson presided and the judges were Dr. Phillips, of Sackville, N. B.; Prof. W. M. Tweedie, of M. A. University; and Rev. P. A. Walker, of Amherst. All the addresses showed careful preparation and were well delivered, and the debate was a most interesting one and was much enjoyed by those present. While the decision was in favor of Dalhousie it was evidently by a narrow margin.

After the debate the two teams were entertained by the Acadia Athenaeum Society at a banquet at the Devonshire Tea Room. After ample justice had been done to the good things provided, P. L. Judge, president of the society, proposed a toast to the King, which was responded to by the singing of the National Anthem. A toast to the Dalhousie Debating Team was proposed by V. L. Pearson and responded to by L. W. Fraser. M. C. McDonald proposed a toast to the Judges, to which Prof. Tweedie responded. A toast to the Dalhousie and Acadia Societies was proposed by G. C. Newton and was responded to by Dr. Dawson for Dalhousie, and Dr. Patterson for Acadia.

## GREENWICH NEWS

Mrs. Emma Harvey and son Alonzo went to Windsor last Wednesday afternoon for a visit of an indefinite time.  
John Andrew, of the steamer "Mariner", Captain J. Faulkner, of Port Williams, in command, who visited a few days last week at the home of his aunt Mrs. A. S. Smith, left on Thursday afternoon to rejoin the ship in Halifax, when they left there for St. John to load for foreign parts. John's friends welcomed him and glad to see him looking so "fit".

Mr. and Mrs. Carl Gammon, of Medford, spent the day last Friday at the home of the former's sister, Mrs. Harry Neary.  
Mrs. Brenton L. Merry, of Bear River, and baby Eugene, arrived last Friday afternoon for a visit at the home of her parents, Mr. and Mrs. J. Andrew Pearson. She returned to her home on Monday.

Last Friday evening proved to be an ideal one in weather conditions for the trip to Wolfville of about twenty of our young people who formed "Mrs. Jarley's Wax Works" which was shown in the Vestry of the Methodist Church there. Also a good number of our residents, married and single, went down in big teams to again enjoy the "Show". The social time at the close was thoroughly enjoyed too.

Miss Elsie Piper spent the week end a guest of friends in Kentville.  
Miss Gladys Kenny, of Wolfville, was a guest on Sunday of her friend Mrs. Lee Bishop.

Miss Christie and Miss Eye, of Wolfville, visited on Sunday at the home of Mr. and Mrs. T. A. Pearson.  
A few of our young people walked to Wolfville Sunday evening and enjoyed the splendid Easter Cantata at the Baptist Church, feeling well repaid for the walk, we were told.

The debate between Acadia and Dalhousie held in Wolfville on Tuesday evening was enjoyed by a few of our residents. All regret Acadia was the losers in this.

At the Community League, on Friday evening this week, the President, Rev. D. B. Hemmon will lecture, the subject being as announced, "The Philosophy of Mother Goose", which should be very interesting and we hope for a crowded hall of old and young to enjoy this last lecture of the League season.

We hear of several properties in this community being for sale this Spring, all nice ones and houses well worth living in on each of the five places.

The people of the British Isles are great consumers of tea—but not as great as the people of Pictou County and Cape Breton—the latter use about 8 pound per head per annum—and here is an interesting fact, they drink tea of the best quality, they drink MORSE'S, have been drinking it for over 50 years.

## "WHY SEEK YE THE LIVING AMONG THE DEAD?"

There was a great earthquake, the Angel of the Lord descended from Heaven and came and rolled back the stone from the door and sat upon it. And the Angel said unto the women, "He is not here; for He is risen. Come, see the place where the Lord lay."

## VALLEY BASEBALL ASSOCIATION

Holds Annual Meeting at Kentville League Will Operate in Three Sections as Last Year

The annual meeting of the Valley Baseball Association was held at Kentville on Monday evening. The gates present were A. L. Davidson, G. L. Andrews, Middleton; J. H. Cunningham, Bear River; G. O. Thies, Bridgetown; R. T. Caldwell, Kentville. The President, A. L. Davidson, was in the chair. James Saunders, of Yarmouth, who was present representing the A. A., was heard in reference to the A. A. championship and there followed a great session of entries, nominations and then the final heats. Miss Jean Pratt, who was one of the spectators, very kindly donated prizes to Grades I and II, the winners mentioned below. This was certainly the grand feature. To see the little tots from Grade II gliding along with all surety and then, suddenly encountering a bit of something, then up again, then down again, and finally both crossing the line at the same time, was certainly both amusing and satisfying. The shortest distance skated over was 3.60 feet. The longest one third mile. Treats were distributed during the afternoon and the children radiant with laughter kept up an unceasing whirl until six p. m. when they wended their way home to father and mother in order to make a siege on the family food supply.

The winners of the races:  
Grades xi, x, ix, viii, girls, Nita Trethewey.  
Grade xi, x, ix, boys, John Johnson  
Grades vii, vi, girls, Ethel Ingham  
Grades viii, vii, vi, boys, Freeman Walsh  
Grade v, girls, Ruth Ingham  
Grade iv, boys, Billie Oliver.  
Grade iii, boys, Freeman Rand.  
Grade ii, girls, Marion McLeod and Betty Forbes, tied.

Grade i (b), boys, Leon, Shaw.  
As will be noticed no entries were made in some grades due to the wholly imprudent nature of the affair.

The meeting adjourned until April 13.

## GIANT SKATING PARTY

A surprise was tendered the Wolfville Public School children on Wednesday afternoon when they received notice from the School Board that the college rink was for their use, free of charge from four to six o'clock. Work! You never saw anything like it. Speed! The modern up-to-date cast are not in it! Scramble! No picnic could ever equal it. Fully three hundred children partook of the treat and ventured once more on a bit of steel. For some it was an experience, but for others a bit of something that never seems to wear off. About four-thirty Principal Silverstein announced and there followed a great session of entries, nominations and then the final heats. Miss Jean Pratt, who was one of the spectators, very kindly donated prizes to Grades I and II, the winners mentioned below. This was certainly the grand feature. To see the little tots from Grade II gliding along with all surety and then, suddenly encountering a bit of something, then up again, then down again, and finally both crossing the line at the same time, was certainly both amusing and satisfying. ## ACADEMY DRAMATIC CLUB

Give Splendid Entertainment at the Opera House

There was a good attendance at the Opera House on Wednesday evening when the Academy Dramatic Club gave their annual entertainment, and all thoroughly enjoyed the program presented. Two one-act plays by Booth Tarkington were presented under the direction of Miss Pearl Griffith, who is to be congratulated on the splendid work done. The boys took their parts very well indeed. Some of them made fine looking girls until their voice gave them away.

The cast of the first play, entitled "The Ghost Story", was as follows:  
Anna ..... Wilfred Howard  
George ..... Henry Hill  
Mary ..... Harold Chipman  
Grace ..... Harold Nickerson  
Lennie ..... Jack Zwicker  
Tom ..... Leigh Zwicker  
Floyd ..... Malcolm Outhouse  
Lynn ..... Arthur Sleep  
Fred ..... Stanley Steeves

The second play was "The Trysting Place" and the characters were:  
Mrs. Curtis ..... Percy Mackay  
Lancelot Briggs ..... Randolph McKinnon  
Jessie Briggs ..... George Bryden  
Mrs. Briggs ..... Ralph Jenkins  
Rupert Smith ..... James Neilson  
Mr. Ingolsley ..... Hermon Spinney  
A Mysterious Voice ..... ?

Splendid music was furnished by the Acadia Conservatory Orchestra under the direction of Prof. Farnsworth. Also between the plays the audience had the pleasure of listening to selections by the Academy Quartette, violin solos by Miss Joyce Clark, vocal solos by Harry Mullins, and readings by Miss Catheryn McLean.

## INCORPORATION OF WOLFFVILLE

Occurred Thirty Years Ago—Other Interesting Happenings of That Time

Looking over the files of THE ACADIAN of thirty years ago we find that Erster in that year fell on April 2nd. Spring that year was evidently earlier in coming than now. Bicycles had already been on the streets and the first maple sugar of the season had been received by THE ACADIAN.

The chief topic then before the people of Wolfville was not assessment but the suggested renaming of the town. It was proposed to abandon the name of Wolfville—which originated as most of our readers know, from the DeWolfs, the early settlers of the district—and adopt the name Acadiaville instead. Incorporation was adopted in that year and it was deemed advisable to settle the question of a suitable name for the town. A public meeting was held at which it was decided to retain the name of Wolfville.

It was during the last week in March that the first meeting of the first Council was held. Dr. E. R. Bowles, who was the first mayor, had previously been sworn into office by Justices J. B. Davidson and J. W. Caldwell "as required by law". The salary of the town clerk and treasurer was placed at \$300 per annum and that officer "was required to furnish a bond from a reliable guarantee company for the sum of \$5000".

At that time a drive was being made for additional membership by the N. S. F. C. A. "in order to make the establishment of a horticultural school here feasible". The school was afterwards established and for some time profitably maintained, when it was removed to Truro and made a department of the Agricultural College.

## DEATH OF FORMER WOLFFVILLE RESIDENT

The death of a former Wolfville resident, Mr. Aubrey Butterfield Coldwell, took place at his home at Lunenburg on Friday last. Mr. Coldwell was a native of Gaspereau, a son of the late Sherman Coldwell, and was 78 years of age. He was educated at Acadia Academy and for a short time studied in his father's store. On account of ill health a sea voyage was recommended and on Oct. 3, 1863, he embarked on a foreign voyage during which he visited Australia and New Zealand remaining for six months in the latter interesting country. He subsequently made several voyages to South America and the antipodes and returned from Bombay to London and thence home, after an absence of some years.

After following mercantile life for a time he engaged in school teaching and was for a time principal of the Wolfville School. In 1873 he went to Lunenburg and took charge of the preparatory department of the county academy, which position he resigned to enter the office of C. E. Kaulbach, M. P., in the real estate business, and remained for eleven years in that capacity. In 1890 he was appointed Collector of Customs for the port of Lunenburg, which position he held until he was superannuated on December 31, 1919. He leaves a widow formerly Emily Margaret King, of Lunenburg, and three daughters.

Mr. Coldwell was a prominent Free Mason and a very intelligent and well-read gentleman, and enjoyed the friendship and esteem of the citizens of his adopted home. He ever took a lively interest in the affairs of his native county and was a constant reader of THE ACADIAN since it was first published.

The funeral took place with Masonic honors on Saturday afternoon and was one of the largest which Lunenburg has seen for a number of years.

Tom Moore, with his inextinguishable, jolly smile, is giving to the Opera House Wednesday and Thursday, April 4 and 5, in a delightful Rupert Hughes comedy, "From the Ground Up", that was produced by Goldwyn. In this photoplay, Mr. Moore begins life as a ditch-digger in an excavation for a business building. As a man with no cares and a happy nature that keeps him either singing or playing his harmonica, the lowly hero arouses the envy of the rich and care-worn builder. His daughter, too, on a visit to the site of the new building, is attracted to the happy spirit in the ditch. He gives her "his harmonica as a sure cure for all the ills of the world. She puts a bill into his hand and drives off. Thereafter his pride gives him an ambition—to return that money.

## EDITORIAL BREVITIES

Public attention during recent days has been fully occupied with the consideration of assessment and taxation. The Appeal Board has certainly made "a hit" and is receiving a great deal of attention in their efforts to "turn the world upside-down".

A fitting field for activity on the part of the Board of Trade would be in the direction of securing a change in the present awkward entrance to the post office. The heavy and cumbersome doors that now do service are not only inconvenient but dangerous as well and should be replaced. A request to the proper authorities should secure an improvement long overdue.

The persistence with which "winter lingers in the lap of spring" this year need not necessarily be taken as indisputable evidence that the Gulf Stream has moved away or that our climate has definitely changed. It may rather be explained as indicating that the pendulum has for the time being swung back to the old fashioned winter when we are told they had "six weeks sledding in March". However the good old summer time cannot be so very far off now.

The care of public records is a matter of great importance that should receive full attention. Some years ago plans of various services, such as streets, water, sewerage, etc., were made at considerable costs. These in some particulars would be very difficult to duplicate now and their loss would seriously interfere with a proper carrying on of municipal operations and involve a heavy expense. Now that the town has at considerable cost secured plenty of fire-proof accommodation all this information should be procured and put in proper form for safekeeping, and duplicates provided for the use of employees.

Perhaps the most difficult problem in connection with civic operations is that relating to the assessment of property for taxation. Granted that the greatest care is exercised the valuation of property in the final analysis is merely a matter of judgement and it is rare that two persons can be found to agree. Given ever so much consideration there are always those found who disagree with the opinions of the assessors and it must be admitted that there is an equal chance of their being right. In addition to this the difficulty of the work is increased by the fact that in every community there are those who do not desire an equitable assessment. While most people are willing to pay their just proportion of town expenses these are peeved unless they secure an advantage over their fellow citizens.

## NO CANADIANS IN CANADA

Discussion continues on the failure of the Canadian census to recognize Canadian-born citizens. Every other country in the world is recognized except Canada. When you fill out the form you are not asked to say whether you are a Canadian or not, so today in Canada we do not know how many Canadian-born citizens are residents of the country. We can tell how many are of British, Scotch, Irish, German, etc., descent, and nothing more.

Naturally and rightly there is a strong feeling of protest that Canada permits such a system to exist.—Lethbridge Herald.

## PEOPLE WHO NEVER MAKE ANY MISTAKES

The editor does not want anyone to send him any more copies of the paper in which they find mistakes. If however they find a perfect copy he will pay a big price for it. If the fool critic who hunts for mistakes in the newspapers would find them all, he would be kept busy. We will be pleased to buy copies of any paper which can be proven entirely free from errors, either typographical or in statements of fact. We will be pleased to find a merchant who has never made a mistake in putting up an order; a lawyer who has never lost a case through his own errors; a doctor who never wrongly diagnosed a case; a druggist who never made a mistake; a post office official who never put the mail in the wrong box; a woman who never forgot to put in the salt while cooking or to put tea in the teapot before putting in the water.

Bring in some of your mistakeless paragons who find it so easy to criticize the newspaper, and we will give them a chance of their lives to find out whether they are really human.

## HOW THEY DO IT

After a good deal of study and work we have at last figured out why so many editors get rich. Here is the secret of success: A child is born in the neighbor-

hood; the attending physician gets \$25, the editor gives the jowl-lunged youngster and the happy parents a send-off and gets \$00. It is christened; the minister gets \$10 and the editor gets \$00. It grows up and marries; the editor publishes another long-winded, flowery article and tells a dozen lies about the beautiful bride; the minister gets \$10 and a piece of cake; the editor gets \$00. In the course of time it dies and the doctor gets \$25 to \$100, the minister gets another \$15, the undertaker gets from \$50 to \$100; the editor publishes a notice of the death and an obituary two columns long, lodge and society resolutions, a lot of poetry and receives \$00. No wonder so many editors get rich.

## TAXATION IN NOVA SCOTIA

The Halifax Chronicle and the Provincial Government are boasting that Nova Scotia has a surplus of \$23,535.91 during the last year. Many people will ask why the surplus and what right the Government had to grind this much money more than was necessary from the people by taxation. It is shown that the total revenue of the government was \$4,791,307.94. This for a population of a scant half million people represents more than nine dollars per head for every man, woman and child, besides the Dominion, municipal and local taxes. Not only this, but the Provincial debt was increased during the year by nearly three million dollars. In the early days of Provincial government the object was not to ask or demand from the people more than was absolutely necessary for the governmental expenses. Under the present regime the idea seems to be to tax the people to the limit by every possible device and to boast of how much can be wrung out of them. How long will Nova Scotians stand for it?—Annapolis Royal Spectator.

## A CASE OF DISHONESTY

Dick had been working in the office nearly a month when his employer told him he was too dishonest to work there longer.

Dick was stunned. "Do you mean that you think I am a thief?" "Dishonest always means theft of some kind. In the four weeks that you have been here you have been late in getting to work half a dozen mornings, and several times at noon you have taken much more time than we allow for luncheon. That is taking something that does not belong to you—something that I have bought and paid for.

"And not only have you stolen time that belonged to me, but you have stolen the time of others and the attention that they should have given to their own work. For example, the superintendent told me that you came to him three times yesterday about finding the firm to which you were sent to deliver a small parcel.

It is true that the firm has changed its place of business, but you could easily have traced it by means of the directory or the telephone book. You were using the time and the thought of a busy fellow worker in doing what you are expected to do yourself, and are perfectly able todo and are paid to do.

"Once I left you here to file some papers and close the office at night. The next morning I found the door of the vault wide open. That was more than carelessness, more than the neglect to obey orders. It was an offer to help any thief who might have come along that night. It was the misuse of valuable things that did not belong to you.

"I might mention other instances, but these will show what I mean when I say that you have not been honest since you have been working here—honest with yourself or honest with me. But I am going to give you a trial for another month. See if you can not live up to those recommendations of honesty that you brought when I hired you."

His tone was gentle as he laid his hand upon Dick's shoulder; and the boy thanked him. "I think I understand, and I'll try to be honest in the biggest and broadest sense of the term."

It puts up the cost of selling when a Salesman hits a town there's where nothing doing.

For, as a rule, trains don't admit of an immediate jump to another town, and the motor cars can't use the roads just now.

That's a reason why so many sales managers are, these days, resorting more and more to their Telephones to effect out-of-town sales.

If they draw blank in one town, it means simply a few words to the operator, and soon they are talking to a Customer in a different town, it may be many miles off, where the luck may be better.

This "mobility" of the Telephone has an important effect in boosting the day's sales.

**DR. COUE AND PROHIBITION**

Dr. Coue has made a contribution to prohibition. In his American trip he noticed the absence of wine and liquors at the tables of homes, hotels and restaurants. He says, "See the faces of suggestion. Jugs of iced water have taken the place of the once indispensable bottle of iced champagne on the table at the most famous haunts of luxury. And what is even more astonishing is that the effect seems to be almost the same. Diners sip their crystal glasses of water with evident pleasure, and their merriment and vivacity of conversation as the dinner goes on could hardly be greater were their glasses filled with the sparkling wine of Rheims or Epervay."

He adds: "That people are accustomed to be merry and talkative over the glasses, and that the sub-conscious mind doesn't really care what they contain." He says: "Quite seriously I am inclined to see in the American glass of iced water the symbols of a new era. It has the rhythm of a sacred rite, with a real charm thrown in." He believes that as time goes on the force of public conviction must increase, and the protesting clamors of anti-prohibitionists will end by being literally drowned in the ubiquitous glass of iced water."

He noted in the popular dancing places in America that they were crowded and animated and full of laughter and merry talk, but the difference between them and similar establishments at Montmartre is that the music and buzz of gayety is not punctuated by the popping of corks, and glasses of water and ginger ale replace the familiar bottles of champagne emerging from their glistening nests of ice.

The interesting Frenchman strikes a blow at the anti-prohibition claim that the drinking of alcoholic liquor is an essential part of the brilliancy and merriment of social gatherings.

It has long been realized that much of the boisterous jollity where wine and liquors are used is because the brains are dulled, and the feeblest forms of wit are welcomed.

"When wine is in wit is our."—National Advocate.

**A JUNGLE OF TAXATION**

In order to bring some order out of chaos the Citizens' Research Institute of Canada is establishing what is to be known as the Canadian Tax Conference whereby co-operation and continuous conferences between the provinces and the Dominion, and between the provinces themselves, may be held, in order in the end to bring about an enlightened public opinion in regard to taxes in general and some progressive reform.

Canada is declared to be more or less of a jungle of taxation in support of which statement the following is submitted:

There are actually over 5,500 taxing authorities in the Dominion. They start with the Dominion Parliament. Then nine Provincial Governments. Then 58 cities and municipalities between 2,000 and 10,000 population. And at least 4,500 rural municipalities, districts and school municipalities with independent taxing powers.

No one person or governmental authority knows how much these 5,000 authorities raise annually in taxes.

No one, taking the country as a whole, knows from what sources these taxes are raised, and in what relative amounts.

Nor does anyone know what new forms of taxation are introduced each year and where or what old forms of taxation have been scrapped.

It looks very much as if there were need of reform, and the Research Institute is undertaking a very valuable work for Canada. The taxpayer can appreciate the situation, if no one else can.

**YOUR FAVORITE HYMN—WHAT IS IT?**

Most of our readers, doubtless, have one or more favorite hymns which they would be glad to see in print. In order to gratify this desire THE ACADIAN has decided to devote a portion of its space during the next few weeks to this purpose. Readers of the paper are invited to hand in for publication one or more of their favorites and at the same time briefly indicate the reasons for their preference. The name of the contributor need not necessarily be appended but we would prefer that it should be. We believe that this new department will prove an interesting as well as a popular one, and our desire is that as many of our subscribers as possible accept of our invitation and send along their contribution.

**OUR BEST CUSTOMER**

Great Britain was Canada's best customer last year. Figures issued by the Dominion Bureau of Statistics show that the value of Canadian exports to the United Kingdom during 1927 was over \$34,000,000 higher than the export of goods to the United States. Canada sold to the United Kingdom goods to the value of \$374,751,894, and to the United States \$340,751,247.

**NO FLIES IN ALASKA**

Everybody knows that mosquitoes are a frightful pest in Alaska; but it is new to learn that houseflies do not exist there.

This interesting fact was definitely ascertained by Dr. J. M. Aldrich of the United States National Museum, in the course of a recent expedition which he made for the purpose of studying Alaskan insects.

He found two entirely new species of mosquitoes. Horse flies were abundant everywhere. But there were no houseflies. In vain did he explore grocery stores, restaurants, canneries, garbage dumps and other likely places for them.

The fact is that the housefly is by origin a tropical insect. It cannot endure cold weather. In temperate latitudes a few houseflies manage to live over the winter in heated houses—enough of them, that is to say, to start a fresh crop in the following spring.—Philadelphia Ledger.

**IN THE SPOTLIGHT**

Have you noticed how everything else just fades away into obscurity when the spotlight is focussed on the leading lady or leading man on the stage? And how vividly every detail shown by the spotlight remains in your memory?

A new issue of the Telephone Directory for the Valley District is in course of preparation.

That Directory serves our Patrons in what is popularly known as "The Valley" including Windsor, Hantsport, Brooklyn and Clarksville in Hants County and the Eastern part of Digby County and the Town of Digby.

Forms will close on April 14th, and persons wishing to become Subscribers at this time, and Subscribers who want changes made in their present Listings should send in their orders to their Exchange Managers at once, if possible, and in any case not later than April 14th. We cannot undertake to give effect in the new issue to Orders received after that date.

The Directory enters practically all the places of business and best homes in the District, and affords to business men an unsurpassed opportunity of telling of their wares or their services to a most desirable class of Patrons. Exchange Managers will receive offers for advertising space, the rates for which will be found very moderate.

**THE AGE OF ADVERTISING**

This is the age of advertising. He that bloweth not his own horn, the same shall not be blown. It pays, too.

You have often wondered what some of the big ads. cost in the magazines. Here's a secret. It costs exactly \$15,000 for a full-page ad. in colors on the back page of the Ladies' Home Journal.

No, not for a year—for one issue.

You think it madness to pay that amount of money. People used to think so. Fifty years ago there wasn't a hard headed business man who wouldn't have fallen off his chair if he had been asked to pay \$15,000 for one advertisement. Yet men compete now to secure in advance the right for positions at these high prices.

Business men have learned that it pays to spend money in advertising because that, in the long run, is the most effective and least expensive way to sell goods.—Vancouver World.

**Your Estate**

There is but one certain way of having an Estate, and that is through life insurance.

Canadian Government figures recently compiled show that out of 107,109 persons who died in one year, 100,031 left estates of less than \$10,000. The vast majority left nothing.

This fact, that 93% of persons at death leave practically nothing, makes clear the necessity for Life Insurance.

**Creating Your Estate**

THE CANADA LIFE will guarantee to provide at your death an Estate which is twenty or thirty times greater than the amount of your annual deposit with the Company. And if you live—

Every dollar of regular annual deposit will be returned at the end of twenty years, and substantial dividends will be paid at intervals.

**Our "Capital Return" Policy**

- 2nd. Your life is insured from the day you make the first deposit—for \$5,000, or whatever amount you decide.
- 3rd. Dividends are paid at stated intervals in addition to the return of all deposits at the end of 20 years.
- 4th. These dividends may be used to increase the amount of your insurance, or be allowed to accumulate at interest for 20 years.
- 5th. The cash value of Policy and Dividends represents a valuable asset, useful in business, and your "estate" is protected by the insurance.
- 6th. At the end of Twenty Years you can draw out all you have paid in, along with the accrued dividends—

you can draw a Special Cash Guarantee, together with the Accumulated Dividends, making a substantial sum, and leave the \$5,000 Policy fully paid for and continuing to earn Dividends as long as you live—

this Special Cash Guarantee may be applied to increase a \$5,000 policy to more than \$7,500.

HANTSPOUR NEWS

Fred B. Fraser
The demise took place on Friday evening, March 23, at the home of his sister, Mrs. S. Barkhouse, Hantsport, of Fred B. Fraser, at the age of 51 years. The deceased had been in failing health for some time and his death was not unexpected. Mr. Fraser had been a citizen of Hantsport for a number of years and was highly respected in the community. Being an invalid he was debarred from taking any active part in civic affairs. He is survived by one sister Agnes, Mrs. Barkhouse of Hantsport, and four brothers, George, William and Lewis, all living in the United States, and Charles of Falmouth. The funeral services were held from the home of his sister Mrs. Barkhouse, with whom he made his home, on Sunday afternoon, conducted by the Rev. Mr. Mellick. Interment was in River Bank Cemetery.

A very interesting and instructive lecture was given by the Rev. Mr. Mellick on Wednesday evening in the Baptist Church, the theme of his address being "Mission work among the Canadian Indians." Mr. Mellick laboured for seventeen years as a missionary in the Canadian West.

Helping Hand Rebekah Lodge, I. O. O. F. entertained a large number of guests very pleasantly in their rooms on Monday evening. During the evening, a splendid programme, consisting of Choruses, Dialogues, Monologues, Tableaux and readings, was rendered, after which a most bountiful repast was dispensed by the members of the Order. This most pleasant evening came to a close by the large assembly singing, "Auld Lang Syne".

The Rev. Dr. Dickie received a letter last week, from an old friend now in his 85th year, who resides in Halifax, whom he has not seen for half a century. The octogenarian and almost blind he lives a happy life. Of the old time friends with whom he was closely associated in Halifax Dr. Dickie and himself are the only ones left. Mr. Fraser is one of five members of a family all living and natives of Pictou, whose aggregate ages number 440 years.

E. Gaboury, French Consul, Halifax, was a recent visitor to Hantsport.

The Rev. A. B. Higgins left on Tuesday for Boston where he will spend the Easter Season.

The Rev. J. M. McConnell, President of the Nova Scotia Conference, will have charge of the service in the Methodist church on Sunday evening.

Mrs. (Capt.) A. McDonald, who has been a patient at the P. M. Hospital, Windsor, returned home on Saturday and speaks in glowing terms of the treatment received.

Mr. W. C. McIntosh, of Pictou, was a recent guest of Mr. and Mrs. D. W. Murray.

Mrs. M. A. Young left on Saturday, for Halifax where she will visit her daughter Mrs. F. R. Heisler.

Word was received from Mrs. J. W. Churchill that she and her party were leaving Los Angeles the 18th for Nova Scotia, via New York, where they will spend several weeks.

Mr. and Mrs. Welton Barron have removed from Hants Border to the apartment over Mr. L. B. Harvie's store.

Mrs. D. C. Clark, of Port Williams, was in town on Wednesday and Thursday in the interests of Millinery.

Mr. Gordon Churchill lost a valuable horse last week. Mr. Jackson, Veterinary surgeon of Kentville, was in attendance but found the disease incurable.

Mrs. W. Walker, of Bridgetown, is spending a week at the home of her aunt Mrs. A. McDonald.

Miss Campbell, Public Health Nurse for Hants County, visited the schools here on Wednesday.

Mr. Stuart Barnes, of Windsor, was the week end guest of Mr. and Mrs. C. H. Durbar.

Misses Reba and Beulah Coyle spent several days in Halifax recently. While there Reba underwent another operation on her eyes, which her many friends

Personal and Social

Mr. Donald F. Stuart left last week for his former home in St. Louis, Mo., where he expects to locate.

Mr. Will A. Wittchell, representing Wm. Galbraith & Sons, of Montreal, was in town this week in the interests of Poppy Blend Tea, an English brand which his firm is introducing in this country.

Mrs. R. R. Duffy, of Hillsboro, N. B. spent part of last week at Wolfville, visiting her father, Mr. C. M. Vaughn, who has been seriously ill but is now improving in condition. She returned home on Monday.

Mrs. C. M. Vaughn, who has been spending the winter with her daughter, Mrs. Morgan, at Newton Centre, Mass., returned home on Thursday evening of last week, being summoned on account of the serious illness of Mr. Vaughn.

Mr. and Mrs. J. D. Sherwood left on Monday for Boston and New York for a few weeks' trip. Mr. Sherwood is one of Wolfville's most progressive citizens—a very busy man who is certainly fully entitled to a holiday, which THE ACADIAN trusts may be an enjoyable one.

Miss Ada M. Johnson, of the Hispanic Society of America, New York City, has been granted three months leave of absence for special study in the British Isles, France and Spain. She sails on the S. S. Cameronia the 31st of this month. Miss Johnson is a daughter of Mr. E. C. Johnson of this town.

LADY WEATHERBE

Owing to an unfortunate oversight we omitted to make any mention of Lady Weatherbe's recent departure in our last issue. The deceased had been for many years a very prominent figure in the social life of this neighborhood and of the province generally. She was born eighty-five years ago in the present home of Mrs. Gue, one of the old DeWolfe residences erected in the latter part of the 18th century, which her father Dr. Lewis Johnson purchased after his retirement from active practice. Dr. Johnson was a brother of Judge Johnson, the well known jurist and statesman. Lady Weatherbe was consequently closely related to many residents of this town and district. She was sister-in-law to the late President Crawley, and aunt to Mr. E. S. Crawley, Mrs. (Dr.) Bars and the late Mrs. Sawyer; to Mrs. Rufus Starr, John Donaldson and Rev. L. Donaldson, rector of Trinity Church, Halifax; to Mrs. Savary, widow of the late Judge Savary, Mrs. (Dr.) Chute and Judge Hunt, of Halifax.

For many years she and Sir Robert Weatherbe, ex-Chief Justice, resided at their beautiful residence, 45 Grand Pre, where Sir Robert engaged in orcharding in his spare time. She leaves six sons, two having predeceased her, Darcy, a mining engineer at present in China; Paul, a retired colonel of the Canadian permanent force; Philip, the well known surgeon in Halifax; "Jack", a major in the Imperial services at present in India; Carl, holding an important position as civil engineer in the C. P. R. at Toronto; and another son who is practising medicine in England. Lady Weatherbe had been for many years a valued member of St. Johns church in this town. She was a woman

of fine character and much more than average intellectual force, and was of a literary turn having published a small book of verse which was very favorably received. She retained all her faculties to the very last, and passed away peacefully and painlessly and in perfect resignation. So passes from our midst a remarkable figure and a fine type of

a "lady of the old school", one who will long be remembered. Her children shall rise up and call her blessed. The choir of the Baptist church rendered its programme of Easter music on Sunday. This was due to the fact that so many members of the choir and congregation will be away for Easter. In

the evening, Emma's "Daughter of Jairus" was given in splendid style. The solos were taken by Miss Evelyn Duncanson, Mr. Jones and Mr. Mollins. Prof. William Arthur Jones, of the Acadia Conservatory has been in charge of the choir for several months and has given a new impetus to church music.

Dr. MacDonald occupied the pulpit on Sunday and received a cordial welcome from his people after an extended holiday to the United States.

Other speakers were Major Phinney, organizer of the band, Mr. Flannigan, bandmaster, Mr. Haycock, Councillors Young, Peck and Eaton, Rev. G. W. Miller and Dr. Macdonald.

The death of Mrs. Harriet E. Starr, widow of the late Joseph Starr, of Starr's Point, took place suddenly at her home here early on Tuesday morning. Mrs. Starr who had been a resident of Wolfville during the past twelve years, was eighty-four years of age and was a most estimable lady who had many friends. She was formerly a Miss Belyea, of St. John, and was twice married, her first husband being the late Joseph Lockwood, of Port Williams. Two sisters, Mrs. Lyons, of St. John, and Mrs. Smith, who resided with her, survive. The funeral, which was to have been held yesterday, was postponed on account of the inclemency of the weather until to-day.

THE ASSESSMENT ROLL

As it is at Present Compared with the Valuations of the Assessors

THE ACADIAN has been requested by a number of Wolfville citizens to print a full statement of the 1923 assessment as valued by the Assessors and changed by the Appeal Court. Since this would require considerably more space than at our disposal we have decided to publish instead a number of cases in which the Appeal Court had departed from the assessed policy, that of increasing the assessment of the real estate three times and the personal property one and a half times. This policy was followed in most cases but there are a number of notable instances in which, we feel, many of our readers will be interested. A few explanations will assist ratepayers in a better understanding of the work of the Board. In addition to the above general rule a reference to the Assessment Roll shows that where persons were assessed for twenty-five dollars on personal property the assessment is cut out entirely, assessments of one hundred dollars are left unchanged and those over one hundred dollars are advanced fifty per cent. Below we give a list of cases in which these rules are disregarded, and would suggest that readers study these cases carefully and make such comparisons as appear to them as reasonable.

HANTSPOUR ITEMS

The following extracts from a letter from Mr. J. Forsyth Smith, Canadian Fruit Commissioner in England, shows that the Hantsport Fruit Co. is not satisfied with an inferior or average position on the English Market...

Dear Sirs, I have just returned from a visit to... where I saw some of your apples with their very attractive label, and had an opportunity of discussing, particularly with the trade, what they thought of this label and also of your pack.

BROADWAY PATTERN

"Dreamed last night I was eating shredded wheat." "Yeh?" "Woke up this morning—half the mattress gone."

When a merchant talks about "affording" advertising he is getting ready for the live merchant to take his trade away from him. People do not "afford" advertising any more than a man who needs a suit of clothes "affords" them.

DANGER IN ELECTRIC CURRENT

No electric appliances should ever be placed where a person in a bathtub can reach them. Such is the assertion of Dr. A. Zimmern in commenting on the death of a colleague.

Electrocution has taken place with a current of only 110 volts under such circumstances.

The reason is the water on the hands and body provides exceptionally favorable conditions for conduction of the current. It is not safe to touch even an electric light, heater or bell when in the bath.

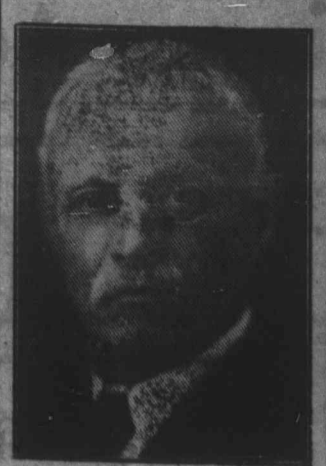

A woman killed by holding an electric light in one wet hand while turning a water faucet with the other; a woman killed by wiping with a wet cloth the current distributing apparatus for an electric heater; a man receiving a severe shock by taking hold of a chandelier while holding an electric light suspended by a wire.

It is very dangerous to change an electric bulb when the hands are wet or the floor is wet; a slight defect in the insulation may cause a severe shock or even death.

A Botanist, travelling leisurely through Scotland, had with him a very fine and powerful glass through which he was studying the flora of the country. One day he was examining a blossom of the heather around him when a shadow fell over the glass.

The business man who sends abroad for any product which can be obtained from or through his fellow business man is doing his own business and the whole town an injury.

FIFTY YEARS A WEATHERMAN

Sir Frederick Stupart, who is also called "Old Probs", is the director of the Canadian meteorological service at Ottawa, the service which he entered more than fifty years ago.

We used to hear a line of talk something like this: "Oh, if we only had a steady winter no matter how cold it was or how much snow; if we only had a steady winter like they have in some countries, we would be so much better off."

CROUP? Bind the neck with flannel, saturated with hot Minard's Liniment. It penetrates, it soothes, it relaxes the muscles, clears the passages, brings back easy breathing. MINARD'S LINIMENT The Family Medicine Chest.

ALWAYS THE SAME

Six men, sole survivors of a wreck, were cast upon a desert island where they abode for some months, till a man-of-war took them off. In his log the captain of the warship noted the radical characteristics of the six thus: The two Irishmen had fought every day for the whole time of the sojourn. The two Englishmen had not spoken to each other because they had not been properly introduced. The two Scots had started a Caledonian society.

**WHILE WAITING FOR THE SPRING**

Then let us smile when skies are gray,  
And laugh at stormy weather,  
And sing life's lonesome times away:  
So worry and the dreariest day  
Will find an end together.

## PORT WILLIAMS HAPPENINGS

Misses Coleman and Wade, our school teachers, have gone to their homes for the Easter holidays.

Mrs. G. A. Chase is visiting her parents, Mr. and Mrs. Chas. Cogswell, of Winchester, Mass.

Mr. Ralph Regan had the misfortune to have his foot badly crushed last week at Mr. G. A. Gates' planing mill.

Mrs. Norman Regan, who has been very ill for several weeks at Westwood Hospital, Wolfville, was able to be moved last week to the home of her parents, Mr. and Mrs. Parker Illsley, Coldbrook.

Dr. and Mrs. Zwicker, of Belcher Street, left last Tuesday for New York and other cities, expecting to be absent about ten days.

Miss Gwendolyn Lear, of Halifax, is the guest of Miss Edith Zwicker during the absence of her parents.

Jack Zwicker, student at Acadia, is spending the Easter holiday at Halifax.

Lloyd Jess, Roy Faulkner, Harold Chipman, Cassie Faulkner and Lucy Cogswell are home from Acadia for the holidays.

Donald Ellis, student at the Agricultural College, Truro, is spending the holidays at his home here.

Gordon Kinsman, of J. W. Harvey's plumbing establishment, is home from a three weeks visit at Truro.

Miss Laura Hanson has gone to Yarmouth to spend Easter.

Mrs. Holmes Marsters, of Berwick, has been the guest of her sister, Mrs. G. H. Illsley.

Mr. Aubrey Reid, of Moncton, a former resident of Church Street, spent Sunday with Mr. Vernon Griffin.

Mr. R. F. Newcombe reopened his ice cream parlor on Wednesday.

Next Sunday evening the Sunday school will give an Easter concert. Come and hear the Easter story in scripture, verse and song as told by the different classes of the school.

On Thursday evening of last week the *Loyal Workers* class held a cafeteria lunch and apron sale in Temperance Hall. As with all their undertakings it was a great success. The booths were very artistically arranged and reflected great credit on those in charge. The proceeds amounted to \$69, making in all \$89 this enterprising class has raised since pledging \$50 to the piano fund.

The members of the "Lily of the Valley" Division are giving a public entertainment on Friday, April 6. The program will be varied, and the most interesting number will probably be a mock trial given by the members of the Division, which promises to give great amusement.

Mrs. D. C. Clarke has opened a millinery establishment at Hantsport which she will carry on in addition to the one here.

The services at St. John's Church, Church Street, on Easter day, will be as follows: 11 a. m., morning prayer, holy communion and sermon. Duet "Christ Victorious", Miss Muriel Starr and Mr. Ibsen. Anthem, "Awake thou that Sleepest", by Simper. Soloists Mrs. D. D. Sutton and Mr. John Sutton. Boys will make their first appearance in the choir which will be vested for the first time in the history of the church. 3 p. m., children's Easter exercises.

The present week has been an unprecedentedly cold one or the end of March in Nova Scotia. On Monday night the temperature reached zero or below and on Wednesday night it was reported at ten degrees below. Zero weather - Nova Scotia during March is very unusual but this winter has been uncommon. The winter of 1922-23 has been a record breaker in point of severity and will not soon be forgotten.

A laugh in time saves nine doctors' bills. There is a laugh in every flash, a scream in every scene of GRANDMA'S BOY.

**CANARD NOTES**

The Women's Missionary Aid Society for this month met at Mrs. J. E. McGowan's. A very interesting program was given and a letter was read from our missionary, Miss Evelyn Eaton.

Mr. Hirtle, of Wolfville, has filled the pulpit of the Upper Canard Baptist church for the past two Sundays. The Rev. George D. Hudson, of the Victoria Street United Baptist church of St. John, who has resigned the work there to assume the pastoral oversight of the First Cornwallis Baptist church, Kings County, N. S., will be entering upon his new duties after the second Sunday in May. Rev. Mr. Hudson has been with the Victoria Street Church for the period of four years, during which time the entire family have endeared themselves to the hearts of the people and have filled a large place in the Christian work and life of the city. Rev. Hudson's people insist that he remain with them, also the Baptist Ministers and churches in the city. But he feels this new opening is God's call, not only to a large and influential work, but for the opportunity it affords for his family to be near the Baptist educational centre at Wolfville and enjoy its advantages.

Mrs. Hudson and the older members of the family are very active in the church and Sunday School work, one of the young women having charge of the primary department, another of the teen age girls, and both of whom with the mother sing in the church choir. The whole family are musically inclined and display considerable talent. Mrs. Hudson is a great helper in the work being specially interested in Missions and is a member of the Board of the Women's Missionary Union of the Maritime provinces. Both Mr. and Mrs. Hudson were born in Nova Scotia and have spent most of their life in the Province. Mr. Hudson took his educational work in Arts and Theology at Acadia University, graduating in 1906. It is thought as they return to their native Province and take up their work in the Annapolis Valley, as successors to the Rev. A. J. Prosser the people here are to be congratulated on securing a man of Mr. Hudson's type and proficiency to lead them in their Christian work. The congregation of the Cornwallis Baptist Church are very anxious for their new pastor and family to arrive.

The Canard Institute met at Mrs. Walter E. Eatons, Upper Canard, on Friday, March 23rd. Rev. G. A. Logan gave a very pleasing address on Sir Walter Scott's poems. The institute will meet next month at Mrs. Leander Eatons, Canard.

Mr. Percy McDonald, of Halifax, spent a few days in Canard last week.

A number of people in Canard have been very ill with the Grippe recently but are now improving.

Miss Wood, of Lower Canard, spent the week-end at her home in Woodville.

Mrs. E. D. Eaton, of Canard, has been visiting Mrs. Percy McDonald, Halifax.

The death took place at Upper Canard on Tuesday last of Alma, wife of Mr. George R. Pincow. Her death, though expected, was deeply mourned by a large circle of friends. She leaves to mourn their loss a husband and four sons. The funeral services were held on Wednesday morning conducted by Rev. G. A. Logan, and the remains were taken to Kentville and thence to Round Hill where a further burial service was held. Mrs. Pincow was a daughter of the late Charles Spurr, of Round Hill, was a member of the Presbyterian Church and most highly esteemed.

The marriage took place on Thursday, March 8th, at the residence of Mr. J. C. Crowe, North Berwick, by Rev. Arthur Hockin, of Arthur Burgess Hall, of Hillaton, Kings County, and Lois May Stark, of Maristown, Kings County, N. S.

Miss Ruth Foster, of Kingsport, spent the week-end with her mother, Mrs. Florence E. Eaton.
