S. Clay Adams Makes Purchase Big New York Department Store

The L. Wertheimer department store business of the Bronx; New York was taken over last week by S. Clay Adams formerly of Newcastle and Richard W. Lawrence his associate in the Adams-Senior Co. Inc. The purchase involves the stock, fixtures, goodwill and leasehold, the latter extending over a period of approximately nineteen years. Possession was taken by the new owners on Friday morning, February 1st in the acquisition of which will not in any way affect the business as now conducted by the Adams-Senior Co. Inc.; on 125th St. Mr. S. Clay Adams becomes president and general manager of both enterprises, as it is intended to operate both stores as entirely separate units, each catering to the demands of the respective neighborhoods in which the two stores are located.

The Bronx Wertheimer stores are considered the most successful of their kind in the United States and during their many years of business activity, they have established for themselves a prominent place in retail merchandising. It has a floor space of 89,000 square ft. with 250 feet of window display space, probably one of the largest in New York City. Clay's many Newcastle friends will be pleased to hear of his great achievement, and since leaving here; some 25 years ago he has been most successful in the dry goods business. He began his career as a clerk with the Adams-Flannigan Co.; and during his connection with this firm; he was closely associated with Mr. John Flannigan in the management of the business. In 1916 Mr. Adams associated himself with the late Chas. F. Minor then vice-president of the Columbia Trust Co. and together with Richard W. Lawrence; took over the old established business of

J.R. Senior Co.; which shortly after its re-organization; became known as the Adams. Senior Co. Inc. Clay is well known in New York local affairs and has established the reputation among retail dry goods men in New York as being one of the keenest operators in his particular field of endeavor.

It has long been Mr. Adam's ambition to own and operate a department store in the Bronx, and during the past few years he has been seeking a likely site for a store in the Bronx borough, but not until now has he been successful in negotiating a successful deal. The Wertheimer site is ideally situated on broad boulevards and is at the automobile gateway to the New England States and convenient to all the suburban towns. It is predicted that within a few years; this section of the Bronx is destined to be the center of practically all the automobile business in Greater New York. Mr. Adams intends enlarging and strengthening the many departments in his new store and his aim is to make it a store such as the people of Fordham and all of the Bronx require.

Years before the present Wertheimer establishment was built, Clay enjoyed himself in many a baseball game, played on the lot where the building now stands little thinking that the time was coming when he would acquire and operate a department store built on the diamond he was then playing on. In real estate and business circles it is considered by many to be the largest deal of its kind ever recorded in this section of Upper New York. To Clay, as he is better known here, his many friends in Newcastle, extend their heartiest congratulations and wish him every success in his new venture.

EX-PRESIDENT WILSON DIED SUNDAY

Washington, Feb. 3—Woodrow Wilson passed away at 11.15 a.m. after hovering for two days between life and death. The end came peacefully. Mrs. Wilson, Miss Margaret Wilson and Dr. Grayson were at the bedside.

Fatigued and worn by the battle with death which began before he left the White House in 1921, the war President of two terms—eight of the most momentous years in the history of the world—closed his eyes and slipped peacefully away. The end came when vitality no longer could retard the steady dissolution which set in, with the stroke of paralysis that laid Mr. Wilson low on his return from the Western speaking trip in 1919 in which he declared he was glad to give his life to the League of Nations if he thought that would make it a success.

The cause of death as officially announced was general arterio sclerosis and haemiplegia. The passing of the former President was announced in the following statement issued by his physician and friend Rear Admiral Cary T. Grayson:

"Mr. Wilson died at 11:15 this morning. His heart's action became feebler and feebler, and the heart muscles were so fatigued that it refused to act longer. The end came peacefully.

"The remote cause of death was due to his ill-health which began more than four years ago, namely arterio-sclerosis and haemiplegia. The immediate cause of death was exhaustion following a digestive disturbance which began in the early part of last week but did not reach an acute stage until the early morning hours of Feb. 1."

Dr. Grayson restraining tears with obvious difficulty gave the formal announcement to waiting newspapermen. Worn with the strain his voice was barely audible when he said that the former President's last moments had been peaceful.

During all Friday; yesterday and last night and early today Mr. Wilson had lingered on the verge of eternity. He slept fitfully and toward the last refused nourishment but until extreme weakness overtook him he talked with those about him and told Dr. Grayson he was "ready to go." Step by step he lost ground and his physician knew it was a question of a short time.

As the news of his death spread throughout the city and was flashed around the world, messages of sympathy poured in a great flood tide to the widow who so long kept him in her tender care.

It is difficult to get the facts as to Philadelphia. "The most pressing need of Philadelphia at present," runs a letter to the Public Ledger, "is water."

IT TOOK CHATHAM. 20 MIN. OVERTIME TO BEAT MONCTON

Chatham defeated Moncton Friday night after twenty minutes of overtime play after a bitterly fought contest. The game ended with the count tied two all. After two ten minute periods had been played, however, Chatham notched up three tallies while Moncton scored twice. The game was fast and the 1500 fans were treated to a fine exhibition of hockey. Fred McLean of Fredericton handled the game in a fair and impartial manner.

Carroll scored three of Moncton's four tallies and Gould one. Keoughan scored three of Chatham's counters while McMahon and Kerr each sagged the twice twice. The game was marred in the overtime period by considerable wrangling over the final three goals.

P. E. I. POTATOES TO VIRGINIA

Up to the present time 250,000 bushels of certified seed potatoes have been shipped from Prince Edward Island to Virginia and Long Island. Many times this quantity would have been marketed to the same agencies at \$1.10 a bushel net. From a recent survey it is estimated that the acreage planted to seed potatoes in 1924 will be from one-third to one-half in excess of that of 1923.

Lydia E. Pinkham's Vegetable Compound Brought Relief When Other Medicines Failed

Port Mann, B. C.—"I took Lydia E. Pinkham's Vegetable Compound because I was tired and run-down. I had headaches and no appetite and was troubled for two years with sleeplessness. I tried many medicines, but nothing did me any real good. While I was living in Washington I was recommended by a stranger to take Lydia E. Pinkham's Vegetable Compound. I am stronger and feel fine since then and am able to do my housework. I am willing for you to use these facts as a testimonial."—Mrs. J. C. GRAVES, Port Mann, B. C.

C. N. R. PRESIDENT ANALYZES EARNINGS

The following official statement has been issued by Sir Henry W. Thornton, Chairman and president of the Canadian National Railways:

"Dispatches emanating from Ottawa have stated that the results from operation on the Canadian National Railways for the months of November and December 1923 must have been of an unusual character and that the large savings must have been effected during those months; to justify the declaration of the president of the company placing the net revenues for the year at \$20,127,447.

"This view is entirely correct. There was a reduction in expenses in the month of November and December 1923 of \$1,924,000 as compared with the corresponding month of 1922; and at the same time an increase in gross revenues of \$690,000; making an increase in the net revenue for that month of \$2,632,000.

"In the month of December, 1923 expenses decreased by \$5,083,000 as compared with December 1922; and the sum of \$1,732,000 representing

gross earnings were increased by an improvement for the month, of \$6,815,000. It should be mentioned that in December 1922; the Canadian National Railways had an operating deficit of \$3,291,000.

The improvement shown in the financial position of the railway during November and December, 1923 was due primarily to a reduction in operating expenses. The administration inaugurated in 1923 a plan of spending money on maintenance in the earlier months of the year when labor is abundant and consequently less expensive, at the same time bringing the transportation machine to its highest state of efficiency to handle the large traffic movement which occurs during the last four months of the year.

"Much was likewise due to constantly improving transportation efficiency; coupled with the conscientious and enthusiastic effort put forth by the officers and employees. Also in the month of December 1922 a number of charges of various kinds had to be taken care of in operating expenses which had not been charged out currently over the other months of that year. The policy of the present administration has been to make each month of 1923 carry its share of the expense of moving traffic and maintaining the property.

"The accounting methods followed on the Canadian National Railways closely adhere to the standard practices in force on the important railway systems on the North American continent; these having been involved through experience and strict governmental regulation. In addition; the accounts of the Canadian National Railways are made the subject of a continuous audit by an independent firm of chartered accountants; George A. Touche and Company of Montreal; Toronto and Winnipeg; on the order of the Canadian Government.

The most convincing proof of the true worth of "Fruit-a-lives" as a medicine for women is found in the letters written by them to "Fruit-a-lives". For instance:

ave stated that the proceeds of the \$50,000,000 Canadian National Railways bond issue are to be devoted to the payment of fixed charges. The fact is that at least 70 per cent of the proceeds of this issue are to be devoted to the liquidation of capital obligations and to expenditures for capital account. This issue calls for an annual interest payment of two and one-half million dollars being at the rate of 5 per cent. It is the policy of the administration to make only such capital expenditures as will be productive of increased revenue or will result in decreased expenses in an amount that will considerably exceed the rate of interest called for.

CABINET CHANGES CONFINED TO QUEBEC

Ottawa, Jan. 30—Two Cabinet changes are announced to-night, namely Hon. Ernest Lapointe, Minister of Marine and Fisheries to become Minister of Justice; P. J. A. Cardin, member for Richlieu, appointed Minister of Marine and Fisheries in succession to Mr. Lapointe.

The appointment of Mr. Lapointe fills the vacancy caused by the resignation of Sir Lomer Gouin. Since Sir Lomer Gouin resigned Mr. Lapointe has been Acting Minister of Justice. As Mr. Lapointe already holds a salaried Cabinet position his new appointment will not entail a by-election.

Mr. Cardin's appointment will necessitate a by-election. In the last general election Mr. Cardin carried Richlieu by a majority of 2,662 and in every contest since 1896 the constituency has returned a Liberal to the Federal House.

Hon. Mr. Cardin has represented Richlieu county in parliament since 1911. He was born in 1879 in Sorel, Que. where he now resides. He studied law at Laval University and was admitted to the bar in 1908. He has been counsel for the city of Sorel for ten years as well as counsel for all the municipal councils in Richlieu county. He had been a member of the council of the Bar of Montreal as representative of lawyers practising outside that city. He has argued many cases in the Supreme Court of Canada, the Quebec appeal court; the railway commission and the public utilities commission.

Mr. Lapointe and Mr. Cardin were sworn in before the Governor General at Rideau Hall.

The present appointments it is understood; conclude present plans for Cabinet readjustment. There have been rumors from time to time of the likelihood that a Maritime man would be appointed to the Department of Marine with a shuffling round of other portfolios; but this idea apparently has not been adopted.

THE OUT-OF-DATE MAN

"The man who does not keep up with modern business; who does not make use of modern advertising resources, is like a man using an old covered wagon to go to San Francisco in preference to a railroad express. Good advertising will bring new business, which should more than pay for its cost. The cost is not necessarily paid in selling the article. It pays to advertise for to-morrow.

"The increased turnover resulting from advertising" he continued, "more than pays for the apparent increase in cost. The consumer pays no more, because the producer can accept a smaller margin of profit because of his greater sales."

—Lord Leverhulme.

ADOPT TURNOVER TAX REMOVE SALES TAX

As a substitute for the sales tax which is being generally knocked at the present, it is proposed to establish a turnover tax. The chances are that the majority of those who are advocating the turnover tax are not clear as to what it means or implies and all its ramifications. The Citizen's Research Bureau, which is doing valuable service in investigating taxation in Canada, has issued a bulletin explaining the turnover tax. It defines the turnover tax as follows:

"The turnover tax, applied to its theoretical limit, is a tax upon the gross sales of commodities and services of all business, whether manufacturing, wholesaling, jobbing, or retailing, and whether mercantile financial or professional. It is applied not only at the initial stage not only at the final stage, but at all stages between the raw material and the customer. To this form of gross sales tax the term turnover tax has been aptly applied."

The difference between the sales tax and the turnover tax as proposed for adoption in Canada is explained as follows by this bulletin:

"1. The percentage to be applied under the turnover tax is usually placed at 1% at each stage, instead of 6% at the most highly finished stage only, or varying percentages at one or more stages.

"2. The turnover tax would apply to the sales of all commodities at all stages and not simply at one stage.

"3. The sales tax is applied to every individual sale at the time of sale and involves a tremendous amount of calculation and adjustment. The turnover tax would be applied on the amount of gross sales of commodities or services at the end of each month or three months, and would involve simply the determination of 1% of the gross sales for the period specified. Anyone keeping even single entry books or even a cash register could easily fill out necessary form and calculate the size of the Government's check.

"4. The number of businesses subject to the turnover tax would naturally be much greater than that now subject to the sales tax. This would increase the work of the tax department insofar as it would compel it to deal with more people, but would tend to decrease the work on account of the great simplicity of the turnover tax, and the greater ease of auditing statements and making investigations where these are proved necessary. It would increase the number of those who would have to make reports, but would reduce, for the average taxpayer, the difficulty of making out reports.

"5. The general turnover tax would differ from the present sales tax in that it would be applied to the sale of services as well as of commodities."

TO EXTEND CALL TO NORTH SHORE MAN

The Rev. W. McN. Matthews of Millerton; Northumberland county is to receive the call to First Presbyterian Church, West St. John, as agreed upon at the session in the church, Wednesday evening. Rev. W.M. Townshend; M.A. of St. Columbia Presbyterian church; Fairville, presided. The call was signed by 42 communicants and eight adherents. The guarantee financially for the pastor is \$2,000 annually; a free manse or rented house and four weeks' holidays during the year.

There was a feeling of unanimity that Rev. W. McN. Matthews would fulfill the requirements of First Church with benefit to all. He is one of six clergymen who preached before the congregation since Rev. J.A. Morison; D.D. resigned.

Become A Soldier Of The Common Good

Every man should recognize himself as a factor in his home town and become a soldier of the common good. Why not? We are mutually dependent; every one of us; from the sunrise to the sunset of life; for no man lives to or for himself alone.

The utterly selfish man is a misfit in the scheme of human existence; is a libel upon a beneficent providence.

As we recognize these facts the town grows prosperous. A town that believes in itself and appreciates this fact of dependence upon each other will go forward with rapid strides; because its people work together for the common good.

We have in mind two towns. In one the population increased nearly 100 per cent. during the past ten years; while another town similarly situated only twenty miles away has increased about one per cent. in thirty years. Why the difference? The other town is cut up into cliques and factions. Some sets won't trade or neighbor with other sets. The result is that thousands of dollars every month are sent out of that town for mail order purchases; whereas in the town first mentioned where the people pull together; it has been estimated that the home merchants get about 98 per cent. of the trade—Exchange.

To the Editor of the Advocate, Newcastle, N.B.

Sir,
A copy of your paper has just reached me, and I begin to feel a special interest in Newcastle. It is fine old Kirk, seen often from the train, always suggested to me the dignity of Scottish religion in Canada long before I visited its Presbyterians or came into correspondence with its present Minister. I am sorry that he should resent any compliments as a Parish Minister. I had believed he merited them personally and as the successor of outstanding men. But perhaps he is right in demurring to them, as I have never read anything less dignified than his letter of the 22nd inst. It pains me to think of any Christian man or woman nursing such ill-tempered thoughts through weeks obviously devoted to the concoction of such an epistle. My visit has evidently had a great effect on Mr. MacLean, and I am sorry if his temperature is rising. He has not been able to deny one of the statements I made. Anger is no substitute for argument. And abuse I always smile at. If he would really prefer me to use the small dotted "i" instead of the capital for the first person pronoun, will you kindly print it so whenever I refer to myself? Should I have spoken of him as Mr. MacLean of New Brunswick instead of Newcastle? Have I made a mistake in speaking of Mrs. MacLean as a lady of Newcastle in a public correspondence where delicacy suggested I should refrain from personal names? Is it possible that as the lady of the Manse she still adheres to the Anglican Communion? Is it true that in her letter to Mrs. Eves, Halifax, she stated that "she had always been an Anglican until the year when the Presbyterian Church pledged itself to this Union" or was "that the year of her marriage"? Did she then expect the larger unity embracing the Anglicans, which the advocates of the present union have halted and rendered impracticable at present? Is the following a correct report of Mrs. MacLean's

words in reference to the Newcastle meeting—"Quite a few who were anti-union were converted to Union by my expose, and they only had a handful remain, the majority of whom did not come to church—about a dozen in all?" Mrs. MacLean will understand the need of caution in denying this quotation. One begins to understand the source of newspaper reports which did not give my reply as to the theory of the Episcopate and of the Apostolic Succession to be accepted by Anglican clergy, according to Mrs. MacLean's assertion. Is it true that when Mrs. MacLean "read the extract; he (Dr. Duncan) was confounded"? The sentence which was soft-pedaled by the reader on that occasion contained the whole crux of the situation—"it being clearly understood that herein there is no repudiation of or reflection on the past ministry "of the memorialists.

Mr. MacLean has failed to explain that vital clause away. Nor has he explained away the fact of the Assembly's approval; with its emphasis on that clause as to the recognition of "past ordained ministry." As to his theory of the infallibility of headlines in the General Assembly's Reports; and his belief in majorities, grant that the word "re-ordination" occurs once, the phrase "mutual acceptance of ordination occurs three times! And which is the correct one? Surely the one found in the memorial itself, the one found also in the official approval of the Assembly,—where no mention is made of re-ordination. The Assembly's Special Committee should know, and the Assembly appointed me its Convener. May I mention a suggestive incident. When Dr. Clark, Moderator at the time, referred to the matter with a smile as "re-ordination," there was an outcry of protest. But no doubt the word caught on as shortest for the Minutes of the day, though it misrepresented the situation and has since been used by others than Mr. MacLean to misrepresent it. When the Committees of the Congregational, Methodist and Presbyterian Churches met later to consider negotiations, there was no question of re-ordination before us; it was stated that the Anglicans regarded the results of the Montreal conference as the basis on which negotiations should begin, the first question to be settled being that of Faith. Mr. MacLean does not understand what was clearly stated in the Montreal official conference that there was to be no question of validity of Orders,—a misleading phrase in the past.

The trouble with Mr. MacLean is that he confuses the "theory" of ordination with the "act". If he had a sense of humor, I might expect him to enjoy the story of my famous predecessor, Dr. James MacGregor of St. Cuthbert's Edinburgh. Dr. MacGregor when visiting the Cathedral of Moscow was interested in a tall clergyman sprinkling his flock with holy water. As the celebrant came near, MacGregor thought he recognized at least words that were familiar, though evidently meant to be "high Greek," for at every wave of the aspersions-brush, the priest said: "tak' this: tak' that: if it'll dae ye nae guid, it'll dae ye nae harm". To one with a "low church" view of ordination this story might appeal. Even to one with a "high church" view, of ordination as conferring special grace, re-ordination would merely mean going on "from grace to grace".

Mr. MacLean is welcome to any theory of ordination which he may prefer. But he cannot deny that any act of initiation to a wider exercise of one's present, non-repudiated, ordained Ministry, rendering that Ministry acceptable in a sister communion of the Christian Church, would be a practical step toward the interests

Vicks Relieves His Catarrh

"The Best Remedy Yet," Says New Brunswick Sufferer

Melt a little Vicks Vapo Rub in a spoon. Inhale the vapors. Then insert some in nostrils, snuffing it well back. You will be delighted to see how it clears the head.

Catarrh sufferers seem to think they have to endure it forever because they live in a "catarrh climate." The disease is hard to get rid of, but Vicks brings welcome relief and in many cases persistent use has wrought permanent benefit.

Vicks is a quick-acting treatment for all cold troubles—absorbed like a liniment and at the same time inhaled as a vapor.

Mr. John T. Payne, of South Tilley, New Brunswick, says: "I have used Vicks VapoRub for catarrh of head and throat and found it the best remedy yet. When rubbed well into the forehead and chest and snuffed up the nostrils it relieves the congestion and makes breathing full and free."

CARLETON WINS McLELLAN CUP FROM CHATHAM

The Chatham curlers lost the McLellan cup to Carleton by the narrow margin of three points. The three point margin by which the Chatham Club won the cup from Bathurst on the 16th inst., proved a hoodoo for the local curlers. Winning the cup by three points, Chatham held it against Dalhousie by three points and lost it by the same margin to Carleton. Another peculiar coincidence in connection with the migration of the silverware, emblematic of the Maritime curling championship was the fact that the skip (R. A. Snowball) who was mainly responsible for winning the cup from Bathurst and also for holding it against Dalhousie lost it to Carleton.

The score by skips was as follows:

| | |
|-------------|-------------|
| Chatham | Carleton |
| Snowball 13 | Irons 19 |
| Jardine 17 | Mitchell 14 |
| Totals 30 | 33 |

of the Christian Unity. I am honestly glad to be guilty of a practical desire for a larger spiritual unity than those who are risking the unity of our own Church for the sake of an impracticable parliamentary Bill.

As to the attitude of the promoters of this Bill to this larger unity, what does Mr. MacLean think of this? The Assembly of 1921 passed a resolution instructing its Union Committee to enter into direct negotiations with the Anglican Church on the basis of the Lambeth Appeal. When this clear remit was brought to the attention of the Union Committee at a meeting, Thursday, Oct. 20th, 1921; it was agreed to meet in terms of the resolution on the Saturday morning following Oct. 22nd; but imagine your amazement when on Friday evening, the 21st.; we were informed that the sittings of the Committee were at an end! Illuminating? At the next meeting of the Union Committee at which this subject was discussed, it was obvious that the matter had been intentionally side-tracked!

As Mr. MacLean has been unable to disprove one of my statements; I leave him to drop his "red herring"; and consider some "final issues of the proposed church union", which I hope you may kindly publish in your valued columns, so that the matter has entered the calm judicial atmosphere of the Law Courts.
Yours truly

IF DREAMS WOULD ONLY COME TRUE

Chatham, Feb. 4.—Northumberland Liberals are making strenuous efforts to take a hand for themselves in the impending political shuffle in New Brunswick which is foreseen as a result of the death of Mr. Justice Chandler.

W.B. Snowball of Chatham who was mentioned as likely to be nominated as an Independent Liberal in the last election but who withdrew rather than create a rift in the party is now in Upper Canada, and political gossip has it that his mission is in connection with the possibility of his succeeding Hon. A.B. Copp as New Brunswick's representative in the Cabinet; the present Secretary of State going to the vacancy on the Supreme Court Bench.

If this proposition—it may be only a political dream—should work out it would involve giving Hon. John Morrissy, M.P. for Northumberland and former Minister of Public Works of New Brunswick, the vacant senatorship. This would be very much to the liking of Mr. Morrissy and his friends who have been waging a relentless battle for his appointment to the New Brunswick vacancy in the Ked Chamber.

The prevailing opinion amongst Northumberland politicians seems to be that an appointment to the Supreme Court vacancy will not be made until after Parliament's session gets under way; especially if Mr. Copp is to be appointed; because of the adverse feeling against the administration in Westmorland county. Meanwhile it is reported here that the French Acadians are showing increasing activities; and Pius Michal M.P. for Madawaska-Restigouche, is said to be in great favor.

At Mr. Snowball's home recently it was said he was away and would be absent for several days. It was said he was in Toronto, which is not far from Ottawa.

HEALTHY CHILDREN ALWAYS SLEEP WELL

The healthy child sleeps well and during its waking hours is never cross but always happy and laughing. It is only the sickly child that is cross and peevish. Mothers, if your children do not sleep well; if they are cross and cry a great deal, give them Baby's Own Tablets and they will soon be well and happy again. The Tablets are a mild but thorough laxative which regulate the bowels, sweeten the stomach, banish constipation, colic and indigestion and promote healthful sleep. They are absolutely guaranteed free from opiates and may be given to the new-born babe with perfect safety. The new sale tax will not increase the price of Baby's Own Tablets, as the company pays the tax. You can still obtain the Tablets through any medicine dealer at 25 cents a box, or by mail, post paid, from the Dr. Williams' Medicine Co., Brockville, Ont.

GREAT DEMAND FOR HARDWOOD LOGS JUST NOW

The demand for hardwood logs in New Brunswick during the present winter is the greatest on record and greatly exceeds the supply. This is taken as an indication that lumbering of hardwood in this province is about to take its proper place as an industry.

The fact of the demand being greater than the supply is said to be due to the attention of lumbermen in the past being chiefly devoted to the softwoods, hardwood being neglected except in a few sections where last blocks were made or small quantities of hardwood deal manufactured.

Considerable change in the means of handling logs must be adopted as hardwood is much heavier than softwood and cannot be driven and rafted in streams and rivers as the other varieties are. Other means of transportation must be adopted and it is probable that the railways will be extensively used.

The N. B. Vacancy In The Senate

It is understood, if the promise has not been actually made, that New Brunswick's vacant seat in the Senate will be filled before Parliament meets. Hon. Dr. Wm. Pugsley; Hon. Dr. Walter E. Foster; and Col. Alexander McMillan, D.S.O. all of St. John or thereabout, are figuring as the men from among whom the choice will be made. If St. John is to be granted a monopoly, all three of the aspirants have their friends who will hope for success and wish good luck. The Liberal party of Sunbury, York, Carleton, Victoria, Madawaska; Kes-tigouche, Northumberland, all with reasonably representative men available, and some with outstanding men—ignored in the recent past—are to be privileged to be onlookers, it must be consoling to the active members of a political party representing some of the best in the agricultural and the industrial life of this province to realize that, after all their good service and their ability are not ignored by the Premier and his colleagues when they are required in fighting an election campaign.

Possibly some citizens prefer playing golf Sundays instead of going to Church, because the rules at that are agreed upon.

Here and There

Fifty cars of fish were shipped this season from Lesser Slave Lake to various points in Canada and the United States, the majority going to cities in the Eastern States. These shipments were practically all whitefish, the coarser varieties being disposed of in the local markets.

Showing a record increase over the figures of last year, grain loadings in the Western Provinces since the commencement of the crop year, September 1st, aggregate 32,219 cars, representing 136,988,448 bushels, as against 89,828 cars loaded, or 130,287,194 bushels, from September 1st to October 14th, 1922.

That the future prosperity of the Maritime Provinces, as well as the whole of Canada, depended on the routing of Canadian trade over Canadian railways and through Canadian ports, was the view expressed by Dr. Murray McLaren, M.P. for St. John, speaking recently in his constituency.

Tens of thousands of caribou are trekking southwards through Yukon Territory for the winter. Bands of them have passed through the outskirts of Dawson City. For a hundred miles down, bands of caribou can be seen swimming the Yukon river and sometimes surrounding canoes and steamboats as they pass.

Part of the 15,000 feet of moving pictures taken for the Dominion archives by the Arctic expedition in charge of Captain Bernier, which has just returned from the northern regions, are to be shown in Quebec City shortly. They contain interesting incidents of the life of the Eskimo and typical scenes of the Northern land.

Up to the end of June, 1923, according to E. W. Beatty, President of the Canadian Pacific Railway, the Company had disposed of 18,194,737 acres of agricultural lands, for which an average price of \$7.87 per acre was received. During this period the Company had, by direct effort of its own, secured the settlement of over 100,000 farmers in Western Canada.

A splendid hunting year with a late open fall is reported from British Columbia. A world's record Osborn caribou was killed by D. W. Bell, of Williamsport, Pennsylvania. The length of the head was 65 1/4 inches, spread 55 inches and thirty-eight points. A party of three, of whom Bell was one, bagged nearly 100 pieces.

A total of 40 round voyages to the port of St. John, New Brunswick, constituting an increase of six over last winter's figures, is announced by the Canadian Pacific in a newly issued schedule of operations for the winter port. The S.S. Montclare will be the first liner to leave St. John after the close of St. Lawrence navigation, sailing for Liverpool on December 7th.

Captain S. Robinson, R.N.R., the hero of the Japanese disaster, who commanded the Empress of Australia when that ship was in Yokohama harbor at the time of the earthquake, has been fittingly honored by the Canadian Pacific Railway. He is to command the company's steamship, the Empress of Canada, when the ship leaves New York, January 30th, on a world cruise.

The most spectacular nugget brought to town in many years arrived in Cobalt, Ont., recently, and the camp's oldtimers gathered round, admiring the huge mass. The nugget weighs approximately 3,500 pounds, is estimated to run fully 75 per cent silver and is worth over \$20,000, according to the estimate of the owner, Angel Clemens, a New Liskeard carpenter.

The Royal Canadian Naval Reserve, of 500 officers and men, is now being organized, and it is expected that selection of officers will be completed early in November. Headquarters will be established at Charlottetown, Halifax, Lunenburg, St. John, Quebec, Vancouver, Prince Rupert and Victoria. Naval training at the naval bases of Esquimaut or Halifax will be given to R.C.N.V. ratings during the winter months.

Anti-Unionists Win First Round in Great Legal Church Battle

(Montreal Standard)
Feb. 2.—The petition presented by Unionists to the Private Bills Committee of Manitoba Assembly for a bill to incorporate the Union Church of Canada is the beginning of one of the biggest legal church battles of our time" said a prominent Presbyterian minister to The Standard this morning.

This is evident from the following telegram received by Principal Fraser of the Presbyterian College from Mr. Justice Robson of Winnipeg:

"Yesterday Clerk of Legislature reported Unionists' petition defective because only signed by Chandler, Clerk says Moderator has no authority to represent the whole church and its group of corporations."

According to local authorities legal action is being taken at Winnipeg through the most eminent legal counsel in Canada, including prominent lawyers in Montreal, Toronto and Ottawa.

SITUATION AT OTTAWA
Ottawa, Jan. 30.—Protagonists of Church Union have been here to

grease the ways for the projected legislation this session. The ultimate decision will be determined by the committee and the degree of unanimity that is evidenced. If it is shown that the vast majority of Presbyterian faith want to merge with Methodists and Congregationalists the disposition of parliament will be to ratify it. If, on the other hand, there is substantial opposition to a proposal that affects alike material and spiritual affairs, the tendency will be to make an approving mandate of the whole body of affected adherents a condition precedent to the engulfing process that union contemplates.

SMOTHERING THE FIRE

We may put a fire out by overloading it with that same coal with which it should be kept going. A good many fires are put out that way. Worshipers in the church service or at prayer-meeting, go away cold because the very sermons and talks, and prayers and maybe music, that began to warm them were piled on until the fires smothered out.

OBITUARY

MRS. RACHAEL FISH
The community of Newcastle was grieved on Saturday morning, when word was received announcing the death in Hamilton, Ont. of Mrs. Rachael Fish, widow of the late James O. Fish of this town. Mrs. Fish was a well known and highly respected lady of Newcastle, and a short time ago went to Hamilton, Ont. to visit her niece, Mrs. Brown While in that city, Mrs. Fish became ill with acute indigestion and entered the hospital there, passing away on Friday, Feb. 1st. Deceased was born in Douglstown 78 years ago and was a sister of the late Edward Sinclair. Her husband predeceased her twelve years ago. Mr. Wm. M. Sinclair and Mr. E. Hubert Sinclair of this town are nephews of the deceased lady. The remains were forwarded to Newcastle, arriving here on Monday morning's Maritime Express. The funeral was held this afternoon at 3 o'clock from the residence of Mrs. D. Morrison, sister in law of the deceased. Services at the home and grave being conducted by Rev. L. M. MacLean, minister of St. James Presbyterian Church of which Mrs. Fish was a devout and faithful member.

Interment in St. James Cemetery. The floral tributes were many and beautiful, declaring the high esteem in which the deceased lady was held. The pallbearers were: Robt. H. Armstrong, J.D. Creaghan, Clarence Wright, John Russell, H. B. McDonald and F.M. Tweed.

W. JOHN RUSSELL

Residents of Newcastle were shocked at the news of the death of Mr. W. John Russell which occurred here suddenly on Wednesday afternoon while at his work at the D. & J. Ritchie Co.'s mill. Deceased was engaged in assisting to load lumber on a sled, when he suddenly fell backwards and expired immediately, death being due to heart failure. Mr. Russell was a highly esteemed citizen and his death will be mourned by a large circle of friends. Deceased has been employed with the D. & J. Ritchie & Co. for the past twenty years and was a faithful employee. Previously he was engaged in the carriage building trade having learned the business with Wm. Robinson. He was 66 years of age and leaves to mourn the loss of a kind and loving husband and father, a bereaved wife; four daughters (Olive) Mrs. Elmer Woods and (Annie) Mrs. Fred Gray of Douglstown; Florence Mrs. Kenneth Lovejoy of New York and Edith of Douglstown; and one son William at home, to whom the sympathy of the community is extended. Also surviving are three brothers, Samuel in the United States, James and Allan of Newcastle and two sisters, Mrs. Wm. Shaddick and Mrs. Joseph Hosford of Trout Brook. The funeral was held Saturday afternoon and was largely attended. Interment in St. James' Cemetery. The pallbearers were Wm. Touchie; Thos. Davies; Frank Hare; Wm. McMaster; Wm. Condon and Charles Rae.

Following are the floral contributions:

- Wreath—Family
- Wreath—Mr. and Mrs. Elmer Wood & Mr. and Mrs. Fred Gray.

Buying By Mail

How would you like to journey to the nearest city for a pound of sugar or a yard of muslin, or a spool of thread? And how would you like to make the trip when you need a prescription filled in a hurry, with death running you a race?

You would make some noise if forced to such an extremity—and then more noise.

You would say—and justly so—that a town in which you cannot buy a pound of sugar or a yard of muslin or a spool of thread, or even get a prescription filled is a mighty poor excuse for a town and not worth living in.

Yet our merchants can only afford to keep these things for your convenience so long as you buy other things from them.

It is not doing the town any good to buy the little things here and then chase off to a city or send to a catalogue house when you want something on which the merchant has a chance to make a dollar.

Neither is it doing you any good for the prosperity of each citizen is depending to a large extent on the prosperity of the community at large.

We are not telling you something you do not know

We are simply refreshing your memory in hopes the time may come when our people will conclude that a town that is worth living in is worth trading in.

That's all.

LUMBERING CONDITIONS EXCELLENT

Reports from the lumbering sections of the province indicate that there has been a general improvement in conditions recently and operations are proceeding in a generally satisfactory manner. Scarcity of snow was reported in some sections particularly in the central part of the province but that has been remedied by recent falls which have greatly improved the hauling. Cold weather which was wanted urgently in sections where tank-sleds were used to ice the roads for heavy hauling, has come and made things much better.

Forecasts of the cut on Crown Lands already have shown a total in excess of three hundred million feet and a privately owned lands there also is to be a heavy cut in practically all parts of the province. This will do much toward causing a general improvement in business conditions.

Extra efforts to get out timber which was damaged by fire last summer, particularly in Eastgouche; Northumberland and Victoria Counties, have resulted in a heavy cut. Eighty to one hundred million feet are expected to come off the burnt areas. The total stand of merchantable softwood timber damaged by the fires is estimated in excess of three hundred million feet but even at that the cut is a considerable proportion. This fire damaged timber as it remains will deteriorate but under certain conditions is capable of logging for several years after burning. All trees damaged by fire are not attacked by the borer and logging will be continued on the burnt areas in succeeding seasons. Some hardwood also was damaged and is being put to use also.

A Strange Phenomenon

On the C.P.K. Liner Minnedosa which sailed from St. John on Dec. 29, were two Moncton ladies who write to friends in that city that they noticed in the Daily Wireless News Bulletin issued on the ship a despatch from Sweden saying that red snowflakes had fallen there. Examination showed that the coloring was due to myriads of thin worms whereof specimen has been taken for scientific purposes. This strange phenomenon has no doubt created widespread interest.

Here and There

A grant of \$25,700 to the Salvation Army to aid Canadian emigration work in Great Britain has been authorized by a Canadian Order in Council.

According to information received by the Canadian Pacific Railway at Winnipeg, sixty-three bushels of wheat to the acre has been harvested on the farm of T. M. Ballantyne, three miles north of Lacombe, Alberta. The wheat graded No. 1 and weighed 64 pounds to the bushel.

Weighing 3,170 pounds, a steer, said to be the largest ever received in Winnipeg, arrived at the union stockyards from Wainwright, Alberta. It was sold for \$250, the highest selling price of any steer in Winnipeg since the war.

The Canadian Pacific S.S. "Brunton," which arrived in Liverpool on September 5th, put up what is considered to be a record in the speedy discharge of cargo when she sailed the following day, Sept. 6th, at 7 p.m., having discharged over 2,000 tons of cargo.

It is announced that the Canadian Pacific Railway will increase the size of its irrigation headgates at Kimball, in southern Alberta, by 50 per cent in anticipation of an increase in area of 40,000 acres in the Lethbridge district. Water will be turned into the ditches of the Lethbridge Northern project, it is expected, some time this fall.

Buffalo steak will be abundant in Canada this fall. A herd of 2,000 surplus Buffalo wandering on the range in the National Park at Wainwright will be slaughtered by an Order-in-Council, and the meat and skins sold. For several years the Government has paid special attention to the preservation of the buffalo and the work has been so successful that the National Parks are now overstocked.

At a dinner given in his honor by the Vancouver Board of Trade, E. W. Beatty, President of the Canadian Pacific Railway, announced that the Company proposed immediately to add two large modern steamers to its coast fleet in order to take care of its increasing tourist traffic over the Company's Pacific Coastal lines. He also announced the early completion of a new pier at Vancouver at a cost of several millions.

There have been large increases in the number of pure bred animals in Canada during the decade between the last two censuses. The increase in the number of pure bred horses between 1911 and 1921 was 44 per cent; of cattle, 139 per cent; of sheep, 75 per cent, and of swine, nearly 44 per cent. The number of pure bred horses in the Dominion in 1921 was 47,782; cattle, 296,656; sheep, 93,643, and of swine, 81,143.

A conservative estimate of the amount of money spent in Quebec by tourists reaches \$2,358,750. From the beginning of May until the first of September, 15,000 motor tourists had called for information at the offices of the Quebec Auto Club. Taking an average of four people to each car, this meant that at least 60,000 people had come to the city by automobiles. Of this number there were approximately 3,000 camping parties, or 12,000 people.

At the Chateau Frontenac, Quebec, recently, Colonel J. S. Dennis, Chief Commissioner of Colonization of the Canadian Pacific Railway, outlined in a detailed speech existing conditions in Canada and prospects for the future. He emphatically stated that there was no cause for discouragement, but, on the contrary, every prospect of a renewal of rapid development, including an increase in our population and the development of our latent natural resources in such a way as to insure, in the comparatively near future, that we should be out of the woods, and progressing rapidly to a large population and favorable business and financial conditions.

Grip Sweeps London 2,000 Ill At Aldershot

The greater part of London is now suffering from the severest influenza epidemic since the war. Accelerated by the wet and cold weather of the last two weeks, the disease has spread so rapidly that it is hard to combat, especially among the poorer classes which depend for medical attention on the panel system of doctors. At best, the physicians are able to cope only with the ordinary run of sickness.

So far the epidemic has been only of a mild type but it is sufficiently widespread to fill all of London's nursing homes and to commandeer all trained nurses.

One newspaper intimates that there are 3,000 cases in London. It has been officially announced that there are 2,000 at Aldershot one of the largest army camps in England with the result that many barracks have been converted into hospitals and quarantine regulations are in force.

Medical science is alarmed at the regular recurrence of influenza in England. They fear that the disease will soon weaken the constitutions of Englishmen making them each year less able to withstand the new attacks or causing them to be susceptible to lung diseases. This would be a calamity for Englishmen, since they are habitually faced with weather conducive to this type of disease.

Physicians are now using the recently discovered vaccine, which, however, has not so far shown exceptional results.

BANK DEPOSITS

Bank deposits in the three Maritime Provinces approximated \$150,000,000 according to D. Macgillivray of the Canadian Bank of Commerce speaking before the Halifax Board of Trade on Tuesday. He said it was a notorious fact that the Maritime Provinces in their history had organized more banks than any other portion of relative population in Canada. Nova Scotia had at present shareholders in Canadian banks, representing a par value of \$13,484,400 and the other Maritime Provinces had shareholders representing \$2,543,900. The total for the three provinces was about one-eighth of the paid up capital of all the Canadian banks.

Wicked Ottawa!

Thousand Bridge Gambling Clubs.

OTTAWA, Jan. 28—"Ottawa is cursed by the gambling craze," Rev. J. Calvin Reid stated last night at Western Methodist Church. "Large sums change hands daily and damage to religion, to morals and to property yensue. It has grown here so greatly, during the past six years, that from being a place where before there were roads to hell toward which gambling leads, it has now become the hell itself. Men addicts get together day after day and lose large sums. Women deplore it and yet in this the women are by far the biggest sinners."

There were at least a thousand bridge clubs in Ottawa, Mr. Reid said, consisting of eight, ten or twelve women who met daily at each other's houses and gamble.

DOHERTY ACCEPTS U. F. LEADERSHIP

Hon. Manning W. Doherty Minister of Agriculture in the Drury Government, has informed the Canadian Press that he had accepted the position of leader of the United Farmers of Ontario in the Legislature for the coming year, which will open on Feb. 6.

Hon. Manning W. Doherty was for some time a resident of St. John. He was born in Toronto in 1875. He was educated at the Upper Canadian College and at Cornell University. He is a practical farmer and lives on Clontarf Farm in Halton, Ont. His wife was Miss Dolores Cassidy, daughter of J. J. Cassidy, of Toronto. He was first elected to the Ont. Legislature in the general election of 1916.

Skull Fractured By Capital Train

Milton Maroney, of Barnaby River, lies at the Miramichi Hospital here in a serious condition as a result of an accident Tuesday morning. Maroney was driving along the road when the Fredericton train was approaching. His horse became frightened and dashed in front of the train, which crashed into the team, killing the horse and injuring Maroney. He was rushed to the Hospital in Newcastle, where it was found he had suffered a fracture of the top of his skull, a dislocated shoulder and other injuries. He is resting easily and may recover.

Campbellton To Investigate

At a meeting of the Town Council of the Town of Campbellton it was decided to go on with the investigation into the conduct of Fred O'Leary, who, until recently, was the town collector of electric light and water bills.

The council decided to advertise in the local newspapers asking all persons who had electric light bills in their possession and who have any doubts as to the correctness of these accounts to turn their bills in to the town offices not later than Feb. 5th; the bills will then be checked up with the lists turned in by O'Leary. An auditor will be appointed to go over all town accounts in connection with these collections, and the auditor's report will determine what form the investigation will take and whether or not a criminal, civil or any action at all will be brought. In the meantime, O'Leary remains under suspension. The rest of the meeting was taken up in appointing standing committee for the ensuing year.

GERMANS WANT COLONIES BACK

Unconditional restoration of German colonies and pre-war rights is the price demanded by the German Colonial Society for a new remedy for the prevention of sleeping sickness. The society expresses the belief that Germany in the remedy has a powerful political weapon in hand which places her in a position to force revocation of the colonial mandates executed under the Versailles treaty.

"Germany holds the key to Central Africa in the remedy," says Dr. Zache, well known as a colonial expert. He expresses the belief that the remedy for sleeping sickness tsetse & fever is destined to convert Central Africa into a prosperous, fertile country inhabited by an industrious people.

"no colonies, no remedy," is the deft hurled by Edouard Achelis, chairman of the Bremen Section of the German Colonial society.

TOTAL DEFICIT IS
\$524,611 ON YEARS
OPERATIONS IN N. B.

Without taking into account
a deficit on the St. John and
Quebec Railway (the Valley road
operated by the C. N. R.) and
emergency expenses, the New
Brunswick Government had a sur-
plus of about \$70,000 in the fiscal
year ended Oct. 31 last, according
to the annual financial statement
which appeared in the Royal Ga-
zette last week. The total receipts
of the province for the year were
\$445,878,48, an increase over the
estimates of \$242,052,72.
Funds For Flood Damage.

Of the expenditures, about \$363,
000 was paid out of the ordin-
ary funds for flood damage to
roads and bridges. The extraordi-
nary expenditure on account of
spring freshets was over \$300,000,
which had to be funded, and in-
cluding the deficit on current re-
venue account of the Valley Rail-
way amounting to \$561,518,83
there is a total deficit on current
revenue for the fiscal year of \$524,
611,55.

The total estimated expendi-
ture for all branches of the Public
Works Department was \$554,113
and the actual expenditure, not
taking the flood damage into ac-
count, was \$656,543, or an over-
expenditure of \$101,629, of which
\$82,651 was for roads and bridges.
The Department of Lands and
Mines expended about \$52,000
more than was estimated, due
mainly to forest fires.

The enforcement of the prohib-
ition law cost \$67,397, while re-
venue from fines and licences am-
ounted to \$52,506.

"We got our Exercise
at the Wood Pile"

IN the good old days when we were
boys in the country there was no lack
of exercise.

When other jobs ran out there was
always wood to be cut and there is no
denying that pushing the buck saw and
swinging the axe are real exercise.

Rosy cheeks and sparkling eyes told of
pure blood and an active liver. There
was no lack of appetite those times and
no complaints of indigestion.

But wood piles are not so plentiful now
as they used to be and the tendency to
avoid exercise is continually on the increase.

For this reason it becomes absolutely
necessary to resort to other means of
keeping the liver active and the bowels
regular.

Particularly in the cold season when we
live so much indoors with too little pure
air to breathe and too much artificial
food to eat do we require the use of
medicine to regulate the vital organs.

In the great majority of homes Dr.
Chase's Kidney-Liver Pills are constantly
kept on hand for this purpose because they
have proven to be the most dependable
regulator and suitable for all the family.

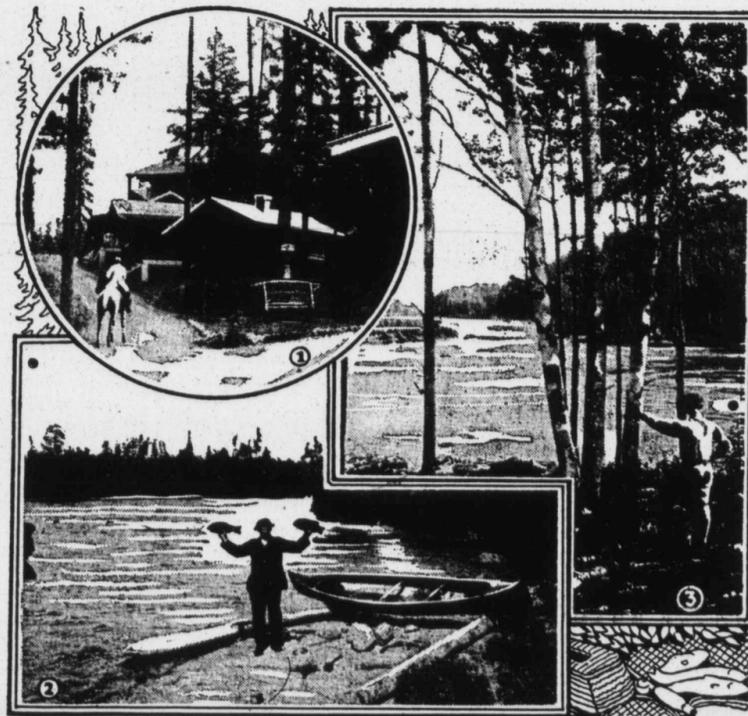

Neglect to keep the liver, kidneys and
bowels in healthful activity is only courting
trouble from such ailments as appen-
dicitis, Bright's disease of the kidneys,
diabetes, high blood pressure or other
dreaded diseases.

By the use of one pill a dose at bed-
time once or twice a week you can be
sure of the healthful action of these
eliminating organs and the prevention
of such ills as naturally develop in a
poisoned system.

Please note that while the price of
Dr. Chase's Kidney-Liver Pills is increased
to 35 cts. a box the number of pills in a
box is increased in the same proportion.

Tourists Help Develop Ontario

1. A Typical Bungalow Camp at Emerald Lake. 2. This from the Nipigon. 3. A Vista of the French River.

MOST of the newer parts of
Canada have received their first
impetus toward development through
the tourists. In many cases it has
been the tourists that have first gone
in to spy out the land. They have
found it good, and, by the trade
which they brought in, have encour-
aged settlers to set up their homes
with the result that the district has
been well started on its way to
becoming an organized and produc-
tive community.

With the idea of inducing traffic,
and by so doing, helping to popularize
and settle those vast, beautiful and
productive lands along the right-of-
way in Central and Western Ontario,
the Canadian Pacific Railway has
decided to establish a number of
Bungalow Camps, modeled on those
which have proved so successful in
the Canadian Pacific Rockies during

the past three years, and it is ex-
pected that in a very short time this
part of the country will be as famed
for its scenic and sporting possibilities
as any other part of the Dominion.
The French River, Nipigon Bay and
Lake of the Woods districts are, and
have been for many years, well and
most favourably known to anglers
and hunters, particularly those from
the United States and the Western
provinces; but owing to lack of
adequate housing facilities the traffic
has been confined chiefly to the more
adventurous spirits who are satisfied
to live in tents. It is in these districts
that the first three of the Bungalow
Camps will be located, and it is ex-
pected that they will be ready for
occupation by July first.

The Camps will consist of a central
community house where meals will
be served, and which will also serve as a

recreation hall, surrounded by small
rustic bungalows suitable for two or
four persons. The privacy, simplicity
and rusticity of these bungalows
appeals to those who like outdoor life,
and the moderate cost of construction
and maintenance makes it possible to
charge much lower rates than an
elaborate hotel where operating ex-
penses are necessarily high.

The Hon. Mr. Bowman, Minister
of Lands and Forests in the Ontario
Government, has expressed himself as
entirely sympathetic to the extension
of the Bungalow Camp idea in On-
tario, and any sites that may be
selected on Crown Lands will be
available at agreed rates with the
usual consideration of this govern-
ment, so that the Company will be
able to establish camps in some of the
most scenic spots of this beautiful and
inspiring country.

HOCKEY GAME

Campbellton Hockey Team defeated Chatham last night in Campbellton by a 5 to 4 score. The game was fast and exciting in all periods and a large attendance was present. A number of Newcastle enthusiasts went to Campbellton to see the game. Chatham's defeat last night by Campbellton gives Moncton the lead in the series and incidentally the winners of the North Shore Hockey League.

SUNDAY FIRE

The Fire Department was called out Sunday morning at 10 o'clock for a fire on the roof of Mr. C. Asoyuf's store and residence, Castle Street. The blaze originated from a spark which fell on the roof from the chimney and there being no snow on the roof the fire soon spread. The Fire Department soon extinguished the blaze but considerable damage was done to the furniture by water. There was insurance on the building and furniture.

SALES TAX

The New Brunswick government is protesting to Ottawa against the operation of the new sales taxes as applicable to the purchase and distribution of school text books by the provincial government. The basis on which the protest is being made, Premier Veniot said, is that the distribution of textbooks throughout the province through the provincial bureau is a non-profit making arrangement for the benefit of the people.

BRIDGE READY SOON

The crew working on the bridge at the Mouth of the Nashwaak are rushing things along in good shape, if weather conditions are favorable pedestrians will be crossing in about two weeks. It is expected that the structure will be ready for crossing on or about March 1st. The new pier will be finished in a few days, then it will be only a matter of a short time to put in place the stringers which are all ready to connect. The bridge when completed will be four feet higher than the old bridge. As soon as possible after traffic begins the bridge will be wired for electric lights. Several residents of the locality are to install the lights and many have their houses already wired.

HIGHLAND CUP GAMES

The Annual Highland Cup games between Newcastle and Chatham are expected to take place next Wednesday. Eight rinks compete, four playing in the local rink and four in Chatham.

BATHURST WON

Newcastle and Bathurst crossed sticks last Wednesday evening in the local rink and a large gathering of hockey fans were treated to one of the best hockey games ever staged here. The locals put up a good game but notwithstanding, they were defeated by a 5-4 score. Riordon Cripps refereed the game to the satisfaction of both players and enthusiastic fans.

CANDLEMAS DAY

Saturday was Candlemas Day, and with it a prophecy of severe weather during February and March, for the day was "bright and clear", and if the old rhyme has any merit there should be "two winters in the year". The exact time at which the ground-hog rolled out is not known, but at almost any hour after sunrise he could see his shadow.

"That was a good cup of tea," she said, as they came out of the tea room. "I think I'll ask the cashier what brand it is." "Oh, you needn't bother," remarked her companion, "for I made the enquiry some time ago and they told me it was MORSE'S SELECTED ORANGE PEKOE, and that they had not used any other kind for several years."

CURLING

The Carleton Curlers who captured the McLellan Cup from Chatham on Wednesday night arrived home from Chatham on the Maritime Express Thursday afternoon. They were entertained at a banquet in their rink. The victorious rinks and their skips were as follows:

H.C. Schofield Roy Campbell
Chas. E. Driscoll E.S. Rosborough
Geo. W. Scott J.M. Pendrigh
Jas. Mitchell, skip; Sam Irons skip.

The next game for the cup should be with Oxford but they having defaulted Amherst has been notified to play on Wednesday Feb. 6. Four rinks from Amherst and four from Carleton will play. The Carleton rinks were chosen at a meeting of the club on Saturday night.

C. N. R. BRANCH LINES

It is intimated that another bill for the construction of C.N.R. branch lines, will be introduced the coming session of parliament. The electors of Northumberland County will await the construction programme with interest, to see if the Newcastle-Tracadie branch line will be included.

RETURNS TO AMERICA

Many residents of Newcastle will remember Mr. L.G. Read, who with his wife, some ten or eleven years ago lived on the Miramichi. Since that time they have made their home in London, but have recently returned and are now residing in Bridport, Conn. Some of their friends on the Miramichi have received Christmas reminders from them.

STEWART GODWIN IS COMMITTED TO STAND TRIAL

The preliminary hearing in the case of Stewart Godwin the 16 year old, mentally deficient youth, charged with the murder of Mrs. Clara Whiteside, in her home East St. John, was concluded in the police court Thursday afternoon. The prisoner was committed for trial at this session of the circuit court which resumed on Monday. In reply to a question from the Magistrate as to whether he had anything to say, Godwin answered "No Sir."

Sergeant Detective Power, detectives Saunders and Kilpatrick and Mrs. C. Christie of East St. John testified. Very little new evidence was brought out other than that Godwin called at the home of Mrs. Christie with a Christmas tree on the afternoon of December 17. Detective Saunders told of finding a watch in the Whiteside house a few days following the discovery of the body. During the hearing, Godwin appeared in the same humor as on previous occasions.

Almost Helpless After Influenza

Left Weak, Nervous and Broken Down—Health Regained

"A few years ago," says Miss Frances Hanka, of Plenty, Sask. "My mother, Mrs. Walter Hanka, was stricken with influenza which was then epidemic, and for a time was in a critical condition. She appeared to get over the prominent symptoms of the trouble but did not regain her strength. Some weeks later her weakness developed into sinking spells in which she would almost smother. Notwithstanding medical aid these spells continued and she was constantly growing weaker, until she was practically reduced to skin and bone. Her lips and gums were colorless, she was nervous, and suffered from indigestion and palpitation of the heart. At this stage a friend of mother's, who lived at a distance, came to see her and strongly advised her to try Dr. Williams' Pink Pills which, she said, had greatly helped her in a critical illness. We got these pills and mother began taking them. The improvement was slow at first, but we could see that the sinking spells were growing less frequent, and that strength was returning. The treatment with Dr. Williams' Pink Pills was continued, and day by day health and strength returned, until she was again able to go about, and help with the work of the house. The improvement in this medicine made in her case was simply remarkable.

"I may also say," adds Miss Hanka, "that in my own case these pills were of the greatest benefit. Last winter I was in a badly run-down condition, and very nervous. My appetite failed and I had no color. Knowing what Dr. Williams' Pink Pills had done for mother, I began taking them with the result that they soon made me as strong and full of vigor as the other girls of my age. I may just add that I think we owe mother's life and my good health to the pills and I hope our experience will be of benefit to some sufferer."

If your dealer does not keep these pills you can get them by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

PREACHED IN ROME

The Rome correspondent of the London Tablet says, under date of Jan. 4, that Bishop O'Leary of Edmonton, Alberta (formerly of Charlottetown, P.E.I.) who had been in the Eternal City, some weeks, preached the Christmas morning service at the Church of Sta Susana and will give Benediction one evening during the celebration of the octave of the Epiphany at Sant' Andrea della Valle. He will be in England shortly for a passing stay on his way to Canada.

N. B. WOMAN NOW SINGING IN TEXAS

In recent papers from Texas appear flattering references to Mrs. Leon Benoit from both musical and social standpoint. A late issue of the Waco Times-Herald of Waco, Texas contains the following: "Miss Mary Napier and Miss Lilian Halbert gave a charming musicale on Friday evening at the Napier home on North Fifth street, honoring their friend, Mrs. Leon Benoit of Fort Worth who has been the recipient of much praise while here, on account of her wonderful voice and delightful personality and accorded also many social courtesies." The Mrs. Benoit referred to was formerly Miss Mae Atkinson, daughter of Mr. and Mrs. C.P. Atkinson of Moncton and Newcastle.

Her husband is a former resident of Vancouver and a musician of note, a composer and a violinist. He is now engaged in oil mining and is a partner of one of the largest companies operating in the Fort Worth fields.
