EMPLOYMENT AGENTS
TAKE EXCEPTION
TO REMARKS

Disapprove of Statements of
Police Magistrate Sanders
Which They Alleged Are
Unfounded and Are Un-
true

MEETING HELD YESTERDAY
TO REGISTER PROTEST

Results in an Open Letter to
the Magistrate and Public
and Statement That They
Will Welcome an Investiga-
tion

Taking exception to the statements
of Police Magistrate Colonel Sanders
regarding employment agencies and
their method of operation, and con-
sidering that if the magistrate holds
such decided views against employ-
ment agencies in general it is not fair
to owners of these places of business
to have him sit in judgment on any
case brought against them, a number
of employment agencies in Calgary have
held a meeting and have decided to
bring their side of the matter to the
attention of the public.

Those present at the meeting held
yesterday were representatives of the
Hub Employment Agency, the Pioneer
Employment Agency, the Great West-
ern Employment Agency and Hanson's
Employment Agency. Although consid-
erable indignation was manifested
at the meeting, the meeting decided
that beyond sending an open letter to
Col. Sanders they could do nothing in
the matter at the present time, some
of the agents stating that they were
of the opinion that the magistrate never
had in mind to be inquisitorial, and
that any remarks he had made had been
exaggerated. However, as the police mag-
istrate himself did not deny the state-
ments attributed to him, the following
letter, signed by the representatives
of all the agencies mentioned,
was drafted and sent to The Alberta
Office for publication in the morning
edition of May 8. In regard to the
remarks which you quote from Col.
Sanders, we are inclined to believe
that there must be some mistake as we
are slow to believe that a gentleman in
Col. Sanders' position would make so
unwarranted an attack on any class
of citizens of Calgary. We are at least
inclined to believe that Col. Sanders
intended to have these remarks given
in the morning edition referred to.

"In the first place, Col. Sanders has
been connected with the administra-
tion of justice in the west, we believe
for upwards of twenty years and if
highway robbery was being carried on
in broad daylight in the principal
streets of the city, we believe he
would in some way have the authori-
ties bring the guilty parties to justice,
especially where the guilty parties are
well known and enjoy a license from
the city of Calgary to carry on what
is pleased to call 'daylight robbery'.
Of course, we do not know the answer
for all the employment agencies doing
business in the city, but in regard to
ourselves we have no reservation in
saying that if Col. Sanders intended
his remarks to apply to us, his state-
ments were untrue. Col. Sanders never
known when he uttered them that
they were untrue.

"We beg further to state that we
court the investigation suggested by
Col. Sanders and that we would be
pleased indeed to assist in any
way and have the robbers brought to
justice.

"Another aspect of this case which
convinces us that there must be some
misunderstanding in having it pub-
licly stated that Col. Sanders occupies
the extremely important position of
police magistrate for the city of Cal-
gary and if prosecution are instituted
as if they do doubt should be it will
be the duty of Col. Sanders to set an
example on any other employ-
ment agencies in a criminal court.

"We will see how any man gives
expression to such remarks would
be in a position to set fairly in judg-
ment of cases affecting these
agencies.

"It may be that either Col. Sanders'
statements were exaggerated or that
he did not intend to give expression
to them. In either case, in either case
we think that Col. Sanders owes it to
the undersigned to make a retraction
of his words or offer some explana-
tion of their having been used pub-
licly and being given such wide and
undiscriminating publication as they
have been in your paper.

"Thanking you for allowing us an
opportunity to bring this side of the
question to the attention of the read-
ers of Col. Sanders and your read-
ers."

**BORDEN WILL INTRODUCE
ANTI-CIGARETTE BILL**

Premier Has Consented to Act
as Sponsor for Important
Proposed Legislation

Montreal, May 9.—The introduc-
tion of an anti-cigarette bill as a
government measure, with no less
a sponsor than Right Hon. R. L.
Borden himself, was the surpris-
ing event freshened this after-
noon at the convention of the
Hochelaga county W. C. T. U.
held at the first Baptist Church.

The matter came quite incidentally
through the passing of a resolu-
tion thanking Hon. Mr. Borden
for his promise to introduce
this legislation, which has been
vigorously advocated and sought
after by the Dominion W. C. T. U.
for several years past.

Mr. Robert Bickerdike, M. P.,
who about five years ago fathered
an anti-cigarette bill which met
defeat in parliament, has promised
to second Mr. Borden's bill when
it is introduced.

The Y.M.C.A. Round Table club
meeting in the lobby of the association
building, Ninth Avenue and First St.
East, are arranging to observe
"Mothers' Day" and in place of the
observance of this day. The leader
of singing, J. E. Williams, has also ar-
ranged for special music, and in addi-
tion to the association orchestra, which
will play several selections, solos will
be sung by Mrs. M. T. Hietto, Miss
Lansey, E. C. Morgan and Mr. Wil-
liams. Men are cordially invited to
attend this session and will join
with them in the observance of Mothers'
Day. At 6:45 the regular strangers
and social supper will be served in the
lecture room. Newcomers to the city
are invited to be guests of the associa-
tion at this supper.

THE WESTERN PACKING COMPANY HAD NO TRANSACTIONS WITH CITY

On the front page of yesterday's
Morning Albertan, an article appeared
in which certain references were made to
the Western Packing company. The
Albertan regrets that this name was
associated with the matters referred
to in the article in question.

The Albertan finds, as a result of its
investigation, that the Western Pack-
ing company never had any negotia-
tions or transactions of any kind what-
soever with the city and is not now an-
nounced to have been financially involved or
embarrassed. On the contrary, this

**MATE AWAKENED BY SMOKE
GAVE ALARM TO COMRADES**

**Coal in Bunkers Caught Fire
and Ship Ophir Became Total
Loss—Catastrophe Came in
Early Morning While All
Were Asleep**

Vancouver, May 9.—Hemmed in by
flames which started from some un-
known cause, six members of the
crew of the steamer Ophir, which sail-
ed from Vancouver last night and later
tied up at the Brunswick cannery,
Canoe Pass, were burned to death in
a fire which is still burning and will
totally destroy the vessel. The "cata-
strophe" occurred at 2:30 this morning.
There were eleven men in the crew,
many of them only being signed on
in Vancouver last night for a trip to
the cannery with a cargo of tin. The
steamer arrived too late for un-
loading operations to be started.
The mate, who was retired after hav-
ing tied up the vessel to the
cannery wharf. First officer, the chief
engineer, the mate, the cook and one
deck hand, slept in the fore part of
the boat. All these were saved owing
to the fact that the mate, awakened
by the smoke, alerted his comrades
and escaped to the deck.

Grasping axes the men made their
way to where the other six members of
the crew were penned in by the flames
which had gained great headway.
Alarm was given to the cannery and
men from shore came to the rescue
also. But the combined heat and
smoke of the flames drove them back
despite heroic efforts and they had
to seek the safety of shore.

It was thought that not one of the
men imprisoned in the fore part of the
boat would be saved. The intense heat
of the flames was so great that it was
impossible to prevent the flames from
spreading to the cannery, the steam-
er, and the other six members of the
crew. The flames were cut off, she
floated down stream a fiery hulk,
and general pyre and then of the
cannery. The fire was extinguished at
the mouth of the Delta. She is still
ground there and is burning.

The Ophir was not a very large
steamer and was of wooden construc-
tion. She was owned by the most
Steamship company at the corner of
Pender and Richards street, of which
Captain Rogers is manager.

Of the six men who were suffocated
in their sleep, only two names are
available. W. Hendrick, the chief
cook, and J. E. Williams, the chief
engineer, were taken by Captain John-
son, but the papers were destroyed.
The Ophir was built here six years
ago by J. Purdy. She was 100 feet
long and 14 feet beam. She was in-
sured to the amount of two-thirds.
The Ophir was owned by the Lincoln
Steamship company, Vancouver.

FACTS ABOUT TRAFFIC ON CALGARY STREET RAILWAY TO BE PREPARED

Mr. Cowdrey, expert accountant of
Commissioner Graves' department at
the city hall, is preparing a traffic
chart of the street railway for the use
of Mr. Lawson the town planning ex-
pert. The chart will show the aver-
age of daily traffic and Sunday traffic
on each portion of the line and the
fluctuations at certain hours of the
day, and at certain hours of transfer,
and will be a very valuable record for
future use, when it has served its
purpose for the city planners.

An expert was engaged at a cost of
several hundred dollars to prepare a
similar chart of traffic for Winnipeg
and Vancouver; but Commissioner
Graves has arranged to have this work
done in his own office.

WIRELESS TESTS ACROSS OCEAN ARE SATISFACTORY

Copenhagen, May 9.—Experiments in
wireless telegraphy between Mr.
Poulsen's station at Lyngbe and his
British station at Cultercross have
been carried out in accordance with
the plan of the Marconi Technical
Committee. The tests were watched
by officials of the British legation
at Copenhagen. The committee
requested that 100 words a minute
should be sent, but Mr. Poulsen has
formerly sent 300 to 400 words during
the tests. The experiments were very
satisfactory.

It was stated that Mr. Poulsen's
wireless trans-Atlantic stations will
be ready for regular service. The
message will be sent from an Irish
station to a station in Canada, and
the message will be sent from an Irish
station to a station in New York, either
by cable or by wireless. The company
today has been arranged. It is an-
nounced that it will charge 8 to 8 cents a word from Eng-
land to America.

ALBERTAN'S CHANGED APPEARANCE

Readers of The Morning Al-
bertan will notice the difference in
the size of the paper this
morning. Owing to an ultimatum
delivered by The Calgary
Herald, which practically meant
a demand to censor both news
and editorial columns, The Al-
bertan was forced to conclude
its arrangement with that paper
yesterday. The Albertan is able
to appear this morning through
the courtesy of The News Tele-
gram. The Albertan expects to
be issued from its own press in
about two weeks.

CAN'T AFFORD TO CUT OFF UNSIGHTLY POLE SIN CITY

Cost of Complete Conduit Sys-
tem Throughout Municipality
Would Exceed Three and
Half Millions, According to
Report of Electrician

**GREATLY INCREASED COST
OF LIGHT AND POWER**

**Poles in the Business Section
of the City Are to Be Re-
moved and Area Will Be
Extended from Time to
Time**

According to a report prepared by
City Electrician Brown, for Commis-
sioner Graves and the City Planning
commission, the cost of placing all elec-
tric transmission wires underground in
Calgary at present prices would be
\$3,500,000. This information has convinced
Commissioner Graves that it is impossi-
ble to seriously consider any scheme to do
away with overhead wires all over
Calgary at present prices.

Information furnished by Mr.
Brown shows that the cost of under-
ground conduits for sections 15 and 16
would be \$1,500,000, and for that area
between 16th St. East and
Fourth St. West, and Six and Ninth
Avenues would be \$1,000,000.

This latter territory includes the
business section of the city, and
tracks, and Commissioner Graves will
recommend that an attempt be made to
save the overhead system in the busi-
ness section of the city, and that the city
gradually extend the conduit system to in-
clude the whole of the area within the
first class fire limits. The sum of
\$500,000 for cables for the lines along
the overhead system was included
in the electric light by-law passed last
January, and the by-law for conduit ex-
penditure is included in the present
proposal.

Any proposition to replace the un-
sightly pole lines in the residential dis-
tricts, with underground conduits, is
not considered advisable by the city
engineer or the commissioners.

Increase Cost of Light
"It would double and perhaps almost
treble the cost of electricity to the
consumer; and it would involve a
capital outlay which the city cannot
afford to make," said Commissioner
Graves. "The underground system
is almost a total loss to the city."
The overhead system to be installed
is much greater and highly skilled
labor is necessary for the work of
keeping up the underground system
and for making connections.

The report was brought up some
time ago the city planning commis-
sion and was referred to the commis-
sioners for a report. The planning com-
mission criticized the conditions "as
being dangerous to the health and
safety of the city, and in residential
sections as being unsightly."

Commissioner Graves hopes to over-
come both of these objections in course
of time.

Poles in the Lanes
"All future electric lines in the resi-
dential districts will be put in the lanes,
and the commissioners are taking steps
to have lanes opened wherever they are
not now in existence. During the past
eighteen months extensions have been
made in Crescent Heights, South Cal-
gary and Hillhurst and the pole lines
have been confined strictly to the lanes.
The report will be submitted to the
council and the city planning commis-
sion in a few days."

at \$100,000, was stolen by a thief who
stole the picture.

CLOSURE APPLIED ON NAVAL BILL WHICH WAS PUSHED THROUGH COMMITTEE BY MAJORITY FROM 31 TO 33

Exciting Incidents in Commons When Government
Applied Gag for First Time in the History of Canada—
Debate Continued Right up to Two O'Clock—The
Nationalists Vote For and Against the Government

Ottawa, May 10.—Sharp at 2 o'clock this morning, amidst oppo-
sition cries of "Now for the gag!" the voting
in committee on the various clauses of the naval bill commenced.
The debate was closed by E. M. MacDonald, of Pictou, and during
the last five minutes of his speech there was some disturbance. At
2:55 Chairman Blondin rose and said that he had spoken twenty
minutes. Mr. MacDonald denied this. He said that he rose at 1:40,
and was entitled to speak until two o'clock.

Amidst cries of "Time!" from the Conservatives, and "Take your
medicine!" from the Liberals, Mr. MacDonald spoke with great fer-
vor until the hands of the clock pointed at two o'clock. When he sat
down he was cheered by the Liberals, who commenced to call for
the application of the closure. So great was the disturbance that
when the chairman put the motion he was not heard, a fact to which
the attention of the house was called by Premier Borden in moderate
tones.

Chairman Blondin then put Mr. German's amendment to clause
two, calling for the supervision of the proposed expenditure by par-
liament. This was negatived on a vote of 96 to 63, a government
majority of 33. Melmore, Nationalist, voted with the Liberals.
Hugh Guthrie's amendment, calling for the spending of the
money in Canada, was then rejected on a vote of 96 to 64, a govern-
ment majority of 32.

Clause two was then adopted, on a division of 96 to 63, a govern-
ment majority of 33.
The voting then proceeded on the other clauses of the bill.
Clauses three, four and five, to each of which the German
amendment was attached, were disposed of as follows:
Clause three amendment was rejected 64-96; clause carried
95-64. Clause four amendment rejected, 64-96; clause carried
95-65; clause five amendment rejected 64-97; clause carried 95-64.

FRIEDMANN TESTS DO NOT WARRANT WIDE PUBLICITY

Report Issued by Officials of
American Medical Association
Deprecates the Great
Expectations Which Have
Been Roused by New Cure

**OLD AND PROVED CURES
SHOULD STILL BE TRUSTED**

**Examination of Cases Is Not
Yet Completed but It Is Said
There Is Nothing to Show in
a Specific Case That the
New Is Better Than the Old**

Washington, May 9.—The first au-
thentic and official conclusion from
the Friedman tests were announced
today by the National Association
of Tuberculosis by Dr. J. F. Anderson,
director of the government's hy-
gienic laboratory, and Dr. A. M. Stim-
son, another public health surgeon,
who were deputed to observe the pro-
cedure in the Friedman patients at
Mount Sinai hospital in New York.
They are:

"Without presenting in detail the
condition of the patients under obser-
vation, we are in a position to state
that the facts thus far observed do
not justify that confidence in the
remedy which has been inspired by
wildly popular publicity."
"Our opinion, however, may have
been based by this undue publicity in-
stead of the confidence of the
profession in well recognized
methods of treatment, or inter-
ference with their use, and we are con-
strained to advise against any lessening of
those well known measures which not
only had effected cures but which
have reduced the incidence of the dis-
ease."

"We are aware that Dr. Friedman
does not wish to be judged scientific-
ally on newspaper statements and he
would probably disclaim responsibility
for certain of those which have ap-
peared. Nevertheless it is on those
statements, and not on those which
are supported by convincing data."

No Specific Cure.
The report is careful to say that
Friedman's reliance has in no way
been allowed to interfere with the
judgment of the board of effects
which it has observed.
The government investigation is not
finished, as the tests being conducted
in the laboratory here and the obser-
vations of the persons inoculated will
be continued. Immediately after the
presentation of the public health sur-
geon report a resolution was unan-
imously adopted declaring it to be the
judgment of the association "that no
specific cure had yet been discovered,
and that the confidence of the pub-
lic or the medical profession."

The resolution recommended to all
that present methods of treatment be
continued.
Dr. Friedman was not mentioned
by name in the resolution.

Two: Prisoners, Leslie Ayers
and John Lamont, Sentenced
from This City, Break Away
from the Jail at Leth-

**BOTH MEN RECAPTURED
AT THE POINT OF GUNS**

After a sensational dash for liberty
Leslie Ayers and John Lamont, two
Calgary prisoners serving time at the
provincial jail at Lethbridge, have
been re-captured, according to word
received in this city yesterday.

Ayers is serving a nine months'
sentence for carrying a loaded wea-
pon. Lamont is serving a six months'
term for theft committed in Calgary.
The first named still had seven months
of his sentence to run when he broke
away, while Lamont, but for his break
for liberty, would have been released
from jail in about one month. Both
are young men, about 18 years of age,
and for their attempt to run away will
have additional terms added to their
sentences.

The men broke away at about 2
o'clock on Thursday afternoon when
they were employed as part of a gang
in the truck garden of the jail farm.
Only one warder was in charge of the
men, who were trusted prisoners, and
they took advantage of his being busy
at the far end of the garden to make
their attempt at flight. When he saw
the men running across the field the
warden in charge of the farm gave
the alarm and marched the rest of the
prisoners back to the cells. By this
time the two escapees had been seen
by a guard and they were recaptured.
Kewley, who arrested the men to the
exhibition park and found him hiding
behind several bales of hay in one of
the training stables owned by George
Heag of Calgary. Lamont had separated
from his companion and was
making a dash for freedom when he was
re-captured by several farmers and
finally ridden down by Deputy War-
den Rogers, who captured him several
miles northeast of the prison near the
farm of D. J. Whitney, and at the point
of a gun compelled him to surrender
and walk back to the cell.

CHURCH HAS GROWN RAPIDLY IN LAST TEN YEARS IN ALBERTA

Presbyterians Now Hold Services at 600 Different Points in the Province, Church Buildings Are Valued at \$2,000,000

SUPERINTENDENT SHEARER TELLS TALE OF PROGRESS

Expects That Churches of Alberta Will Soon Be Self-Supporting and no Longer a Drain on the General Revenue of the Church.

Last Wednesday evening the Women's Home Missionary Society of St. Paul's Presbyterian church, held its annual thank offering meeting. The program consisted of several musical numbers, a recitation and a flag salute by a class of children, and an address by Rev. Wm. Shearer, superintendent of missions for central Alberta. Referring to the size of the province and the marvelous rate at which its population was increasing, Dr. Shearer referred to the fact that Alberta was the pioneer province to adopt a system of co-operation between Methodist and Presbyterian churches for the purpose of economizing men and money for mission purposes. In 1902 there were only two Presbyterians in the whole province; today there are seven and seven are being taken to form two more. In 1902 there were only seven self-supporting churches; today there are over thirty. In 1902 there were only two augmented charges; today there are 22. In 1902 the total value of church property was \$58,000. Today it is worth nearly \$2,000,000.

Three Supervising Districts Today services are being conducted under the auspices of the board of Home Missions at about 600 different points.

The province is divided into three districts for supervising purposes. Mr. Shearer's district extends from a line running through Yorkton from east to west, and along the eastern boundary of the province from that line to the boundary of the United States. It contains about 60,000 square miles. This district comprises three presbyteries, viz: Calgary, Red Deer and Lacombe. It has 77 mission fields and 723 from the home mission funds, being a little less than what the same district contributes to all the schemes of the church. Mr. Shearer expressed the hope that before very long the synod of Alberta would support their own mission work, without aid from the churches.

Empire Day Program
The program for Empire Day celebration has now been completed by the committee who are in charge of the event. The children will assemble at their various schools and will march to Victoria Park and will take the places allotted to them by the show building. The program will include the singing of patriotic songs and speeches by Superintendent Scott and others. The pupils will then form a life Union Jack. It is expected that there will be 4,000 children present, while 600 adults will attend in dress uniforms. The singing will be under the direction of Miss Cohen, teacher of music in the city schools.

NEW CHURCH TO BE BUILT ON PLEASANT HILLS SITE

A new church is to be built by the Presbyterian congregation of Pleasant Hill, and work will be started next week. The building will not be of a pretentious nature, and will be an erection for present needs. The cost will be about \$4,000.

The other permits taken out yesterday were few and small, and the record of this year will, it is now stated, be far below that of last year, as the daily average is not up to the standard of 1912.

The following permits were taken out yesterday:—
H. M. Smith, Balmoral, addition, \$200.
Dixon Manufacturing Co., Fifth avenue west, store shed, \$500.

Norman Howard, Altadore, dwelling, \$1,500.
J. H. Garden, Fourth avenue west, stores, \$2,000.
Pleasant Hills Presbyterian church, church, \$4,000.
Lyle M. Cowie, Altadore, dwelling, \$1,000.

New Companies Incorporated
With a total capitalization of \$155,000, and all with their head offices located in this city, three companies were incorporated in Calgary during the past week.

They are the Retail Merchants' association, Limited, capitalized at \$60,000; Western Motors Limited, capitalized at \$50,000; and the Rex Realty company, Limited, capitalized at \$45,000.

Keep the Balance Up
It has been truthfully said that any disturbance of the even balance of health causes serious trouble. Nobody can be too careful to keep this balance up. When people begin to lose appetite, or to get tired easily, the least imprudence brings on sickness, weakness, or debility. The system needs a tonic, craves it, and should not be denied it; and the best tonic of which we have any knowledge is Hood's Sarsaparilla. What this medicine has done in keeping healthy people healthy, in keeping up the even balance of health, gives it the same distinction as a preventive that it enjoys as a cure. Its early use has illustrated the wisdom of the old saying that a stitch in time saves nine. Take Hood's for appetite, strength, and endurance.

CITY WILL HAVE A BETTER METHOD FOR COLLECTING LIGHT ACCOUNTS

May Insist Upon Deposit When Service Is Put in—Banks May Be Used to Help

Commissioner Graves, who has been investigating methods of collecting electric light and water accounts, will recommend to the council next Monday night that an arrangement be made, if possible, with branch banks in outlying parts of the city to collect these bills and issue receipts, or in the event of these arrangements not being possible, that the city open offices of its own. In addition to this, Commissioner Graves advises also a deposit system, where each user of light or water will deposit a specific sum—probably five dollars—to be retained by the city until the service is discontinued, when it will be returned on application, provided the customer has paid up all arrears.

The arrears in these two departments amount to about \$40,000, a considerable portion of which is uncollectable. **Statement of Commissioner**
"I have looked into the matter carefully," says Commissioner Graves, "and it is apparent that there is no method or system that will entirely abolish the present difficulty which we have to contend with. Under our present system it is possible for persons to run up five or six weeks' accounts, and then vacate their residence without paying for current consumption. This city has a large transient population, and I see no way to protect the interests of the department except by instituting a deposit system, which would greatly minimize the present losses, but which would not wholly eliminate them. I would like to see a system of collection inaugurated in the outlying parts of the city, whereby patrons can take their bills to the nearest bank and pay their accounts. If arrangements could not be made with the banks, then I would establish a small office in connection with the city sub-stations, in Crescent Heights, Ogden and possibly Bankview, where a collector would be in attendance on certain days of each week. This would be of immense value to people who have small accounts to pay and who have no time to come down to the city hall to pay them. In this connection, I might point out that complaints and adjustments would be dealt with at the head office in the city hall. By such an arrangement water rates could also be collected."

TO STRICTLY ENFORCE BREAD WRAPPING BYLAW

Decision of Supreme Court Causes Bakers to Accept Statute Prepared for City

The bread wrapping bylaw will now be strictly enforced in Calgary and the bakers of this city recognizing that this case has been settled by the recent appeal to the Supreme Court in the case of the appeal to the Supreme Court will observe the terms of the bylaw. Yesterday a batch of bakers who had been summoned some time ago for failing to comply with the statute pleaded guilty to the charge and were fined the nominal sum of \$100.

M. P. Peacock, who appeared for the bakers, intimated to Magistrate Sanders the plea in view of the decision of the Supreme Court and E. F. Whitlaw, Philip David, A. O. Laderer, Wing and Thompson, and John Mitchell were all fined the sum of \$100. There was also a charge against J. K. Darling but as he was not represented in court it was postponed. It is now understood that though the bylaw will be enforced no proceeding will be taken against those who are preparing to install a plant for the making of the papers for the wrapping of bread. From the tea bush in Ceylon to the sealed lead packets in which "Salada" is packed, such methods of pure cleanliness are used as scarcely any other food manufacturer can claim.

KEEP OUT THE BILLBOARDS.

The policy of the Industrial Bureau to erect billboards in different parts of this city is bad enough. The Bureau's blazoned invitation will in no way influence financiers or business men. Whatever virtue there may be in the billboard as an advertising medium, it certainly is not worth the price of the lumber to get men of the required stamp interested. We cannot imagine men with millions to invest, who are seeking business locations, being convinced by the information which they receive from big billboard announcements. If Mr. Miller or any person else has heard of such a sudden conversion, we should like the name of the man, with his address and a report on his mental condition.

This is the most retroactive measure ever suggested by any city organization with any public pride whatever. The city planning commission, which was organized by the Industrial Bureau, and which is a kindred association, is doing its utmost to remedy conditions, and the Industrial Bureau is doing its part to undo the good work that the wiser association is doing.

The city of Calgary is moving slowly, but surely, along the line of municipal beautification and general improvement. Then this Industrial Bureau comes along with a plan which tends to spoil it all.

But the campaign to invade Banff is worse of all. It is outrageous. Surely the most beautiful nature resort of the world can be kept free from this atrocious blight. Where will it end if it is once begun? Think of looking upon the beauties of Cascade mountain, with a deformity in red ink, "The Southern Sensation Goes Home," or some other equally uplifting and inspiring announcement! It is bad enough to have the few beauty spots in Calgary ruined in this manner, but let us preserve sacred from the rude iconoclast the natural beauties of Banff.

The Industrial Bureau should be ashamed of itself. The people of Calgary who have any love for the beautiful are ashamed of it.

AN IMPERIAL TRAGEDY.

The Imperial government has made no request to the Canadian government to withdraw the naval bill or to arrange for some compromise with the opposition, and will take no such strange action, for that is not the way of governments. But Great Britain is becoming alarmed at the storm that is being raised as a result of the introduction of the bill. It is doubtful if Britain would accept such a gift, which did not come from the people, which was not authorized by the people, forced through parliament at the point of the bayonet, under false pretences in order to gain a party advantage for one of the parties.

The London Star of April 13 says that the bill "has done infinite harm to imperial unity. It has split Canada into two factions." It points out that even The Times correspondent declares that a domestic comedy threatens to become an imperial tragedy.

"The central irony of this 'imperial tragedy' is that the need for the three dreadnoughts is steadily diminishing as Anglo-German relations improve. Our own searangers are turning their attention from the sea to the sky. They are clamoring for two gas bags to one instead of two keels to one. They are even casting doubt on the value of the very dreadnoughts for which Mr. Borden is tearing his country to pieces. The dreadnoughts of the air, we are told, will supersede the dreadnoughts of the sea. Upon the whole, we think the cause of imperial unity would be better served if Mr. Borden were to abandon his patriotic but indiscreet attempt to force one half of Canada to give us grudgingly something we can very well do without."

THE PUBLICITY CURE

"The publicity given by the press generally tends to lessen evil conditions and thus renders a useful service to the public."

This is the official statement to congress of the commissioners of the District of Columbia.

Frequently complaint is made of the publicity given by the press to various matters of considerable importance. The city authorities sometimes believe that the publication of some matters of municipal business may place the city at a disadvantage. Business associations are frequently wor-

ried about the publication of news which they believe "is a bad advertisement for the city." Some conscientious persons complain about the sensational news published occasionally by the papers.

It may be admitted that there are certain items of news which should never see the light of day. At the same time, for the most part, publicity given by the newspapers has a tendency for good rather than evil.

The value of publicity in public affairs cannot be overestimated. There was a time when the British house of commons prohibited the publication of extensive reports of the debates. One can hardly credit that now. Conditions have so changed that the public desires and practically insists upon full reports of any body in which the public directly or indirectly has any interest. Only city councils of the less progressive sort prevent full reports of any of their meetings.

But in addition to this, men of affairs have begun to recognize the value of publicity in other ways. The strongest feature in the Lemieux conciliation act was the publicity it made necessary for labor troubles. Through the press it expected to influence public opinion, which has most to do with the success or failure of strikes.

Publicity is of very great value and assists every good cause. In future the newspapers are likely to extend their influence.

FRUITS OF GOOD GOVERNMENT.

It is unfortunate that the public in general takes so little interest in the administration of the city. At election time there is some consideration shown at some of the meetings, which interest is kept up for the first few months of the year, but becomes dormant before the end of the season.

Good government pays. Bad government does not pay. The cost of it all comes from the people, from the man who pays the taxes, who rents houses and who helps to keep the machinery of government. How costly bad municipal government is may be fully appreciated when a comparison is made of the administration of a well governed city and a badly governed city.

Frank I. Cohen, formerly master of works of the corporation of Glasgow, came to New York to learn something new in the administration of cities. He soon found that he had nothing to learn and that New York was the worst governed city in the world. In a short story in one of the New York papers he makes some casual comparison between the result of the wise administration of Glasgow with the ill administration of New York.

He compares the two cities from a sanitary standpoint. In the tenement district in New York he noticed with alarm that the yards were cluttered with drying clothes hanging on the lines covered with dirt and microbes, so plentiful in that neighborhood. In Glasgow they have twenty-four wash houses where the wives of workmen can take advantage of the very latest appliances and do the entire day's wash for one penny. It takes one hour from the time the woman enters the wash house until she leaves, taking with her her laundry immaculately clean.

He points out that New York spends money on hospitals and the patients. "In Glasgow we spend our money on healthy, strong citizens to keep them healthy and strong." The Glasgow public baths are models for the entire world, where a man can get a Turkish bath for sixpence, or a shower bath for a penny.

He refers to the excellent postal system of the United States, but points out that the government is far behind Britain in not having control of its telegraph system.

He tells of the results which followed municipalization of the telephone system in Glasgow. In the old days of private ownership it cost three cents for a call and fifty dollars a year for a telephone.

The corporation had no sooner taken over the system than it reduced the call rate to one penny and the subscriber's annual rate to twenty-five dollars. This resulted in the installation of so many additional telephones that the price was later still further reduced. At the present time all city calls cost but a halfpenny, and a working man can have a telephone in his house for the astonishingly low price of \$7.50 a year.

"In spite of all these concessions Glasgow is able to realize a substantial profit. You can imagine from this what enormous profit the telephone company in this city must be making, since it charges five and ten cents for city calls."

The street railway charges are much cheaper in well governed Glasgow than in New York.

The regular charge now is a halfpenny for two miles, one penny for four miles and so on, the maximum being twopence halfpenny. Special reductions are made to workmen during morning and evening hours, and even during lunch time so that they may eat at home if they wish to. Special benefits are extended to women and children during holidays. Wages of employees have been raised. In spite of all these changes the Common Good Fund is enriched by large sums annually from the profits realized by this system.

"The trouble with New York," concludes this very careful observer, "is that it considers the 400 more than it does the 4,000,000. In Glasgow we consider not the few but the million, our present population."

Editorial Notes

If it is shown that Hon. C. R. Mitchell was elected in Medicine Hat fraudulently, certainly he should resign. It has not been shown convincingly yet that he was so elected. If all the reports are correct the Conservatives have more to fear of an investigation than the Liberals. It

would be well to make an example of that riding by instigating a thorough enquiry into the methods of both parties in that particular election.

The Toronto Star describes the eloquence of Dr. Clark of Red Deer, as a mixture of honey and iron. It charms and is strong.

The alderman who suggested that the residents of Banff should put a torch to any billboards placed in that beautiful resort had some proper ideas

of the kind of reception those things should have.

"Come to Calgary and spend your coin"; "See Olds first"; "See Edmonton and Die"; "Medicine Hat, the town that was born lucky with all Hell for a basement"; "Cochrane, doth make cowherds of us all"; "Bassano, the best in the best by a dam site" will be some of the uplifting slogans which will flash out upon the beauty spots in Banff, if the Calgary Industrial bureau has its way. There is nothing like up-

lift in the wonderful places of nature. This billboard business is a big thing.

There are some people who still believe that hogs should only be slaughtered at a certain time of the moon, and there are others who believe that it is bad luck to start out on a journey on Friday, and there are others who still believe that there is an emergency in the international relations between Germany and Britain, it is pleasing to know that the latter are pretty well extinct.

HUDSONS BAY COMPANY

Wonder Value in These Ladies' Suits on Sale at \$25.00

Regular Prices from \$29.00 to \$45.00

ONE of the most engaging features of this offering is that there is an assured number of suits involved in it. And such has not been the happy case in the majority of the attractive offerings of feminine apparel lately arranged by this popular section of "The Bay."

These suits are cleverly designed in the most popular styles of the season, by some of the foremost New York and eastern suit manufacturers. Many of these are shown in what are called the more conservative or "bread and butter" styles, while others are produced in modified Russian and novel styles that are attracting much attention at present in fashion centres. There is wonderful variety in materials. You will find corduroy velvets, with or without white broadcloth vests, in navy, gray full stripe zebelines with cream vest, in mode, gray; fancy mixed tweeds, with or without fancy silk vest diagonal worsteds and tweeds in brown, fawn, gray; whipcords in fawn, navy, gray; Bedford cords in brown, fawn, navy, gray, cadet blue; hair line stripe worsted serges in fawn, navy; fancy mixed tweeds in birdseye or heather mixtures; Ottoman cords in navy, Copenhagen blue; men's wear and French serges in navy blue; faille delaine or poplin in navy, gray, Copenhagen gray and black mixed Scotch tweeds.

Every one of these fashionable models is a rare bargain of exceptional price and worthy a morning call today. Women's and misses' sizes and a goodly number of Norfolk suits for girls' wear included. Regular values range from \$29.00 to \$45.00. Today

The executive of the western W. C. T. U. which met on Thursday in the home of Mrs. Chisholm, 818 Eighth avenue west, had as their guest for the afternoon Mr. W. T. D. Lathwell, barrister.

Mrs. H. G. Barrie to Speak on Christian Police Work.
There will be a meeting in the court room this afternoon when Mrs. H. G. Barrie will speak on Christian police work as done in other cities. Mrs. Barrie, who is a sister of Mr. (Rev.) D. A. McKilling, is a strong advocate of such work, and is backed by Chief Cuddy who as a former member of the Toronto force knows what wonderful things were accomplished by the Christian Police Association.

President Entertains Musical Club.
On Monday afternoon at 3 o'clock the Women's Musical club will be the guests of the president, Madame Anderson, who has arranged a splendid program including numbers by Messrs. William and Turner of New York, and Mrs. John Thomas Lane, dramatic reciter of this city.

Making a Living.
Elbert Hubbert lectures this evening in Paget hall on "Making a Living." Most of us merely make a pretence at it and will be glad of hints on the real thing.

Lancashire Dance.
The Lancashire club held their regular weekly dance in Moose hall last night. A goodly number were present to trip the light fantastic to the style of dancing adopted becoming more and more Canadian in preference to old country steps. The Unity orchestra provided its usual up-to-date music.

Patricia Club Dance.
Unity hall last night was the scene of one of the Patricia club's regular dances. The cold weather is favorable to dancing and there was a good turnout of members. Professor Mason was in charge of the floor, Mr. Leggett's 1000 orchestra providing the music.

Azo Club.
The Azo club will meet at Mrs. D. A. McLeod's, 322 Seventeenth avenue west, on Monday afternoon.

Professor Mack Eastman leaves today for Fort Stanley, Ontario.
Miss Harrison, 1417 Eleventh avenue east, has as her guest, Edith Connor, B.A. of Queen's University, Kingston.

Annual Ball.
The first annual ball of the Cinderella club will be held in the Moose hall on Monday evening, dancing from 9 till 2 a.m. The Unity orchestra of five pieces will provide the music and everything possible is being done to make the affair a successful one.

Cinderella Club.
The Cinderella club will hold its regular dance this evening in Moose hall, Beveridge block.

Annual Meeting of the Y. W. C. A.
The annual meeting of the Y. W. C. A. will be held on Monday night at 8 o'clock when the national secretary, Miss Saunders, will address those present. Miss Saunders has earned a reputation as one of the highest Canadian speakers and the 1,000 members and their friends are cordially invited to hear her account of work done by the Y. W. C. A. in various countries.

Miss Saunders, national secretary of the Y. W. C. A. is in the city, the guest of Mrs. L. P. Strong.

Collegiate Institute Exercises.
There was a unique display of exercises given at the Collegiate Institute last night, under the supervision of Mr. A. J. Baker. A fantastic ball game by the girls was much appreciated, also a wand drill, which was very pretty. A charming feature of the evening was a nature dance, in which the girls wore costumes representing the various characters, and altogether the evening was a most entertaining one.
The medal presented by the Duke of Connaught for the best departmental work was won by Miss Francis Shibley.
At the close of the exhibition the pupils presented Miss Baker with a handsome bouquet of beauty roses.

St. David's Social.
It was a very enthusiastic gathering of Welsh people which met last night in Nolan's hall. St. David's society is rapidly becoming one of the most important societies of Old Country people in the city, and the spring rush of immigrants has already had a marked effect on the society's membership.

Mr. Morris and Mr. C. Taylor, president and first vice-president, in short addresses given at last night's meeting emphasized the necessity of Welsh men and women attending the St. David's gatherings regularly, as this was the only way of knowing how the society could be of use industrially and socially.

Singing is always one of the chief attractions at Welsh gatherings, as singers among the best in the world. Last night the artists were: Mrs. Ellis Jones, Miss Lily Morris, Mr. Ivor Williams, Mr. J. E. Williams and Mr. Tom John, with Mr. Keat as accompanist.
During the evening refreshments were served by Mrs. Morris, Mrs. Lewis, Mrs. Evans, Miss Livingstone and Mrs. Parry.

THOSE WHO STAND FOR RELIGION CANNOT STAND AGAINST WOMEN'S MOVEMENT

"Know Your City" Classes Advocated by Miss Saunders, Y.W.C.A. Secretary
Motion to Include Foreign-born Members Into Women's Canadian Club

"No one who stands for religion dare stand against the women's movement," said Miss Saunders, national secretary of the Y. W. C. A., yesterday afternoon, in addressing the Women's Canadian Club.

Continuing, she pointed out how, though other movements for reform, had started, these one after another, had failed, but this equality movement for women which has been founded by the Christian religion had grown and spread in how it was sweeping over every country in the world.

Even with our Christian religion and education, Miss Saunders said we were taking a long, long time to give woman her place. She was made to listen to, and to accept truth, but might not even today find it or search for it herself.

Miss Saunders declared that education was one of the chief things needed by women, and education meant freedom from industrial oppression. This oppression, which was to be found in the great west as well as in the ignorant and superstitious east, was a reason why so many women with seemingly no individual need of a vote, persisted in demanding it with a view to helping others thus oppressed. Cases of oppression and small wages had been found in Canada, and though these had merely come up, it could be safely assumed that diligent search would bring other and worse cases to light.

This present age, Miss Saunders said, was chiefly devoted to producing personality, and this equality of women would, without doubt, increase personality. Men and women had all an equal chance of developing that individuality of thought and standard, and an equal chance of developing that individuality of personality.

Miss Saunders, who has travelled widely, and to a purpose, told of the lives of women in the East. Eighteen only of the female natives of India were educated at all, the general prevailing idea being that women, possessing no soul, were creatures of burden only, and were of no account on the last ten or fifteen years had brought a vast change in India—a change which, she said, had been made by the women who knew the superstitions which intrude the East—still, in dealing with the people, the benefits derived by a few thousands was but a drop in the ocean.

Passing from India, Miss Saunders spoke of Japan, and dealt especially with the awful conditions of the divorce laws, which meant that a wife could be cast off on any pretext or none, her husband not being bound to give her her marriage lines till it suited his convenience.

One thing that this women's movement was doing with success was the spreading of the Christian idea of love and peace. In the west "Mother's Day" is her special place in the home, and the home has a special meaning; but in the east there is no such place, even an equivalent word being unknown. As an illustration of how western ideas and ideals are spreading, Miss Saunders told of a visit to a Buddhist school in China where, after she had given an address on educational matters, the principal stated that Miss Saunders' ideas were here. Later the woman said that though she was neither Christian nor Buddhist, she stood for progress and truth. In these countries this women's movement was affecting the men as well as the women. Miss Saunders said, but women must remember that with rights came responsibilities. The movement must not develop into a war between the sexes, as men needed women's work and women needed men's work, and the world needed both.

Above all things, Miss Saunders cautioned women against allowing liberty to become license. There was less need for such a warning in the west than in the east. Miss Saunders admitted, but added that the east, but newly awakened to a sense of freedom, did not know where to stop, and followed the west in a vain attempt to be up to date. French novels translated into Japanese were putting vile ideas into the heads of women who had not yet learnt to discern between the good and the bad, and questionable picture shows were becoming the places of entertainment for Eastern girls who a few years ago never left their own homes. These shows they watched in the company of men, obviously not knowing whether to applaud, as they imagined the Western women would, or blush, as their own modesty dictated.

Chinese girl students, too, hearing of our mixed parties without chaperons, had arranged such a midnight feast.

SHERMAN GRAND
 First three nights, with Wednesday matinee, return visit of the Pollard Juvenile Opera company, presenting Monday night and Wednesday matinee, "The Toy-maker of Nuremberg," Tuesday and Wednesday nights, "The Mikado."

The last three nights with daily matinees, Orpheum Vaudeville, offering as a headline feature Zella Sears and company in a sketch by Edgar Allan Wood, "The Wardrobe Woman."

LYRIC
 Every night with usual Wednesday and Saturday matinees, the Toronto Stock company presenting Charles Major's famous romantic drama, "When Knighthood Was in Flower."

EMPIRE
 Every night, including two performances Saturday night. Matinee daily. Pantages Vaudeville. Change of bill Thursday.

Juvenile Artists
 Pre-eminently as a juvenile organization stands the Pollard Juvenile Opera company which has included this city in the itinerary of its fifth world tour. It is extremely doubtful if ever in the history of theatrical endeavor a company of artists has ever made the long distance records enjoyed by these clever Australian children, the youngest of whom is now fifteen and the eldest nineteen. Some of the members of the present company have been three times around the world and appeared in nearly every civilized land on the face of the globe. Not only do these young folks enjoy the long distance travelling record but they have each every one made his or her mark in the theatrical world as well. Each is a trained opera singer and dancer with a most eventful and happy life to look back upon and a secure future to assure a bounteous income and an old age of rest. This unique and praiseworthy company of tiny stars will delight the patrons of the Sherman Grand during an engagement of three nights and Wednesday matinee which opens Monday with a magnificent presentation of "The Toy-maker of Nuremberg," with "The Mikado" on Tuesday and Wednesday evenings.

Orpheum Notes
 "Madame Sans Gêne" has occupied an important place in the drama for many years. In America, the role of the Washwoman Duchess was created by Miss Katherine Kidder, who has many other notable dramatic achievements to her credit. Miss Kidder will return to the theme and characters of this Napoleonic play and written them into a one act sketch called "The Washwoman Duchess" in which she will be seen over the Orpheum circuit.
 Elsa Rueszer, the eminent 'celloist has sailed for Europe where she will spend her summer recreating at the watering places. She will return early in the spring and immediately begin a tour over the Orpheum circuit which has been arranged for her.
 Miss Orford's wonderful elephants defy description. It is safe to state that never before have elephants attained so high a degree of schooling. Miss Orford began her American tour at the Palace theatre in New York and will shortly be seen over the Orpheum circuit.

Fine Variety Bill
 Another bill of excellent merit is promised by Manager Baker of the Orpheum shows for the Sherman Grand on Thursday matinee. As the headline he has Miss Zella Sears in "The Wardrobe Lady." This sketch is one of those that deals with the wonderful-to the front—mysteries of all the vast untravelled void behind the scenes. Miss Sears appears as Sally Spruce, who is listed as the wardrobe lady, but whose real connection with the company is limited only by the

number of duties that they can call upon her to do at one time. One day she is substituting for the smiling sourette, the next she is playing the lead, which is usually taken by one of ample avoirdupois. Through the sketch runs a tender little love story that only serves to enhance its value as an entertainment vehicle.
 A pair of the finest singers on the Martin Beck circuit are also on the bill with a splendid repertoire of songs, some of which are being revived, such as "Silver Threads Among the Gold," and a host of new ones that Calgarians have never heard before. They are Frank Coombs and Ernest Aldwell.
 A capable duo are Percy Bronson and Winnie Baldwin, who entertain for a quarter-hour with a song and dance act that is the personification of ease and grace. They leave the stage only long enough to make some changes of costume.
 Comely musicians, who can juggle, play cornets as well as a number of other musical instruments are rare and the best of them all are Albertus the First and Miss Bessie Miller. They call their act "A Day at the Fairgrounds," an dthe unerring aim with which the male member of the team hits the

"ligger babies" is almost uncanny. Shadowgraphs if well presented are a fine entertainment and amusement, and Mr. and Mrs. Gordon Wilde have been engaged in this class of entertainment, so long that there is nothing they cannot do in this line.
 Gymnastic acts of merit will always find a place on any good vaudeville bill and admittedly there are no better in the profession than the Four Rotters. Johnny Johnson can sing and sing well, but he much prefers to appear in a travesty on the overture from "The Poet and Peasant," which is said to be exceedingly funny.
 "The Talkies" are to once more be a feature of the bill, with an entire change of program, which will be the same plan each week.

Mr. R. M. Irvine of the Thornton Smith Co., Toronto and London, Eng., interior decorators and designers, is in the city for a few days. Lovers of beautiful fabrics for curtains and upholstery productions of antique furniture and period electric fixtures are afforded a rare opportunity to see what is probably the finest collection ever shown in Canada by making an appointment with Mr. Irvine at the King George. 12-130

Boston Makes Four Straight
Boston, May 9.—In defeating Pittsburgh today 5 to 4, Boston made it four straight. The team has now won as many games from Pittsburgh as they took from that team all last season. It is many years since the local National league club won four straight games from any team. The contest was an exciting one in which Boston outplayed Pittsburgh, the latter, as usual, being led by Devlin, leading up to the eighth.

Philadelphia Wins
Philadelphia, May 9.—Philadelphia won today 7 to 5, Chicago, by a score of 7 to 5. Pierce lasted less than an inning for Chicago; Reulbach went to the seventh being taken out to make way for a pinch hit, and finished the game. Curtiss succeeded Stack for Brooklyn in the third. In the seventh he forced on two runs. Chicago lost a great chance in the eighth when two doubles and a single in succession produced only one run.

Chicago Wins
Chicago, May 9.—Chicago made it three straight from Washington today by bunching hits with errors and Gallia's wildness. Scott held the visitors to five hits, only two of which were bunched. Barton started to play first, but owing to a slight injury to his wrist, during practice he retired. Washington, May 9.—Washington won today 10 to 0. The Highlanders miked their hits with Detroit's misplays and errors. Warhop, whose greatest ambition is to beat Detroit, was taken out of the box in the third inning. Ford went to the rescue. Thereafter Detroit never threatened. Bush's fine fielding was the only bright spot in Detroit's defensive play.

St. Louis Wins
St. Louis, May 9.—St. Louis broke Philadelphia's winning streak today, beating the Athletics 7 to 3. St. Louis knocked Houck out of the box in the first inning and hit Wickoff hard. The unusual spectacle of seeing umpires reverse a decision three times came up in the seventh. With two out and a runner on first for Philadelphia, Oldring hit to Wallace, who threw to first. After fielding the ball, Bierfell, umpire Ferguson called Oldring out and then reversed his decision. St. Louis then appealed to O'Loughlin, who called the strike out. O'Loughlin, after consulting for a time he called the Browns back on the field and declared Oldring safe.

Philadelphia Wins
Philadelphia, May 9.—Philadelphia won today 10 to 0. The Highlanders miked their hits with Detroit's misplays and errors. Warhop, whose greatest ambition is to beat Detroit, was taken out of the box in the third inning. Ford went to the rescue. Thereafter Detroit never threatened. Bush's fine fielding was the only bright spot in Detroit's defensive play.

Luders' Timely Hitting.
Philadelphia, May 9.—Fred Luders, who had not made a hit since last Saturday, when his double in the ninth inning defeated New York, turned a possible shut out for Philadelphia into a victory for St. Louis by making a home run with two men out and Lobert on third base in the seventh inning, the final score being 3 to 1. Alexander held St. Louis to two hits but one of them, a single by Konetchy, was made in the first inning, with Magee on second base, and enabled the visitors to score.

St. Louis Wins
St. Louis, May 9.—St. Louis won today 10 to 0. The Highlanders miked their hits with Detroit's misplays and errors. Warhop, whose greatest ambition is to beat Detroit, was taken out of the box in the third inning. Ford went to the rescue. Thereafter Detroit never threatened. Bush's fine fielding was the only bright spot in Detroit's defensive play.

MOTHERS' DAY TO BE CELEBRATED WORLD OVER TOMORROW

Thousands of White Carnations Ordered by Florists Who Say Demand Will Be Big

ANYBODY CAN BECOME MEMBER OF MOVEMENT

MOTHER O' MINE If I were hanged on the highest hill, Mother o' mine; I know whose love would follow me still; Mother o' mine, O! mother o' mine, If I were drowned in the deepest sea, Mother o' mine; I know whose love would come down to me, Mother o' mine, O! mother o' mine, If I were damned—both body and soul, Mother o' mine; I know whose love would make me whole, 'Twould be thine, Mother O' Mine, 'Twould be thine. —Rudyard Kipling.

Preparing for Mothers' Day, Sunday, May 11, local florists have made arrangements for stocking thousands of white carnations today. Already advance orders for more than half of these have been received, and it is a safe prediction to make that everybody who can beg, borrow or buy a white carnation today will wear it tomorrow in memory of mother.

In every portion of the civilized globe Mothers' Day will be celebrated tomorrow. In the British garrisons at Hong Kong, China, and other portions of the empire; on the British man-of-war of the China squadron, volunteer fatigue parties are making white paper carnations for the occasion. Every British man-of-war in Australia, in China, in India waters, off the coast of Africa and everywhere else will be decorated with white carnations, real flowers where they can be obtained and artificial ones made by the sailors and soldiers where real flowers cannot be secured. On board American battleships and in American garrisons the same preparations are being made, for Mothers' Day is being celebrated originating only a few years ago with a prominent Philadelphia settlement worker. But so popular has the movement become that it is now celebrated all over the world and men and women of all the civilized nations will celebrate the big day tomorrow.

There are no restrictions as to age or sex of those who celebrate Mothers' Day. Gray haired men and women, youngsters still in their teens, men and women in every walk of life, from the highest to the lowest, can join in the celebration. All that one had to do to become a member of the great fraternity that does honor to mother and sets apart Sunday, May 11, as the day on which to honor the queen of hearth and home is to wear a white carnation. In all the churches of the city Mothers' Day sermons will be preached tomorrow. A special service will be held in the Sherman Grand theater in the afternoon at 3 o'clock in connection with the Knox Church Sunday school. All the other Sunday schools in the city will have special services, and all schoolrooms will be decorated with white carnations in honor of the occasion. And there is also another duty imposed on those who wish to be part and parcel of the world-wide movement. They must sit down and write a letter to mother if this is possible. Many of those who wear the white carnation on Sunday may not have written home for weeks, for months, or for years, but on Mothers' Day it is expected that the long-looked-for letter will be written. That was one reason why Mothers' Day was inaugurated. In her work among the settlements the founder of the idea discovered that many of those with whom she came in contact had neglected to keep in touch with their homes. Had at first written regularly, then irregularly, and finally dropped all correspondence altogether. In her work she received thousands of letters from mothers seeking information and news of some and daughters unheard of for years, and she started the Mothers' Day movement. From the first it was a success, until today the movement, starting only in Philadelphia, has grown world-wide in its scope.

LIONS AND LAMBS IN LOVE FEAST AT BANQUET AT THE CAPITAL

Methodist Members Discuss Matters of Interest in Methodist Church

Ottawa, May 9.—At a "love feast" attended by prominent Methodist members of parliament, Sir Robert Perkes, the well known contractor, the host suggested that more consideration be shown to Methodist immigrants from the old country on their arrival in Canada and urged that a closer federation in regard to this matter be recognized and brought about. He deplored the apathy of the laymen of the church in Canada toward the work of the church and stated that they were busy trying to get rich. Last year 10,000 Methodists had arrived in Canada from the old country. Sir MacKenzie Bowell and others endorsed what Sir Robert Perkes said.

DOMINIONS SHOULD UNITE TO POLICE PACIFIC, SAYS NEW ZEALANDER

New Zealand Would Send Army of 80,000 Men if Canada Were Threatened

Winnipeg, May 9.—The Canadian Club of Winnipeg tonight had as its guest Col. the Hon. James Allen, minister of defence for New Zealand. The Hon. Mr. Allen delivered an inspiring address on empire patriotism, in the course of which he outlined the policy of New Zealand and showed her progress in military and naval matters. He urged the necessity for co-operation of Canada, Australia and New Zealand in maintaining and increasing British control of the sea lanes of the Pacific, both from a commercial and imperialistic standpoint.

A GOOD MEDICINE FOR THE SPRING Do Not Use Harsh Purgatives—A Tonic is All You Need

Not exactly sick—but not feeling quite well. That is the way most people feel in the spring. Heavily tired, appetite fickle, sometimes headaches, and a feeling of depression. Pimples or eruptions may appear on the skin, or there may be twinges of rheumatism or neuritis. Any of these indicate that the blood is out of order—that the indoor life of winter has left its mark upon you and may easily develop into more serious trouble. Do not dose yourself with purgatives, as so many people do, in the hope that you can put your blood right. Purgatives gallop through the system and weaken instead of giving strength. Any doctor will tell you this is true. What you need in spring is a tonic that will make new blood and build up the nerves. Dr. Williams' Pink Pills is the only medicine that can do this speedily, safely and surely. Every dose of this medicine makes new blood which clears the skin, strengthens the appetite and makes tired, depressed women and children bright, active and strong. Mrs. Maude Bagg, Lemberg, Sask., says: "I can truly recommend Dr. Williams' Pink Pills as a blood builder and tonic. I was very much run down when I began using the Pills, and a few boxes fully restored my health." Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

TARIFF BILL PASSED BY CONGRESS IS NOW BEFORE SENATE

Democratic Majority Will Only Be Four, but Leaders Are Confident That Measure Will Pass Practically Unchanged and Become Law

HUGE MAJORITY IN HOUSE FOR REDUCTION OF TARIFF

Democrats Are Exultant Over First Proof of Their Intention to Carry Out Pre-Election Pledges to the People

Washington, May 8.—The Underwood tariff bill, proclaimed by the Democratic party as the answer to its platform pledge to reduce the tariff, was passed by the house late today. The vote was 281 to 137. Democrats voting against the bill and two Republicans voting for it. Four progressives supported the measure and opposed the tariff. The bill was introduced by Representative Underwood of Ohio. It provides for a 10 per cent reduction in the tariff on most goods, and a 20 per cent reduction on raw materials. The bill also provides for a 10 per cent reduction in the tariff on most goods, and a 20 per cent reduction on raw materials.

Bill Goes to Senate. With the bill after a month's consideration, on its way to the senate, there was a rush of representatives for their homes tonight. In the house, adjournment will be taken three days at a time, beginning next week until President Wilson's extra session of the finance committee will study the bill, while the house ways and means committee will organize committees preparatory to the transaction of further business next month.

Republicans and Progressives led by Representatives Mann and Murdock, protected to the last against the measure, the lowest tariff bill ever written and proclaimed, as the Democratic avowedly bowled them over, the virtues of differing tariff commission plans. In the final consideration of the measure, Murdock made a lengthy speech on a point of order by Mr. Underwood, to rule out provision for a tariff board on the part of Representative Payne, of New York, to recommit the bill.

Speaker sustained the point of order. Mr. Mann appealed from the decision of the chair, and a roll call was taken on Mr. Underwood's motion. The appeal, the Democrats winning, 281 to 137. Mr. Murdock also moved to recommit, with instructions to provide for a non-partisan tariff board, and then the Payne motion to recommit, minus the tariff board provision, lost, 123 to 246.

Wisconsin For the Change. Republicans who voted for the bill were Carey and Stafford, of Wisconsin. Democrats who opposed it were Housard, Dupre, Lazero and Morgan, of Louisiana. An account of the vote, reducing sugar 25 per cent and sending it to the free list in three years; and the rank of New York, of Pennsylvania, of California, formerly a Republican but now a Progressive, voted for the bill. Progressive Leader Murdock and thirteen of his followers voted with the minority. Representative Copley did not vote, answering "Present" to his name.

Only Four of a Kind. Tomorrow night a bill from the house, with its overwhelming Democratic majority, to the senate, where the party's slim majority, six already has been reduced, as far as this bill is concerned to four. It is predicted that the bill will not be reached there before August 1. The bill's passage through the senate is a matter of course, as it is a Republican organization. Leaders of the Democrats on the senate finance committee, which will handle the bill, expressed the belief tonight that it would go through in practically the same form as it passed the house, and that the small majority will stand firm.

The income tax and administration features are to stand. Democratic leaders acknowledge that the two senators from Louisiana will not accept the sugar schedule and that they might be willing to combine with others to defeat the bill. Republicans who are interested in dealing the bill admit there is little hope of success of defeating its passage in the senate. The time ever come when Canada was menaced by the larger dominion, New Zealand would be prepared to throw in an "expeditionary army" of 80,000 men to aid her in defence and hit her people. He admitted that the question of defence was more pressing in New Zealand because of her closer proximity to the far east, which brought into question of an oriental menace into the realm of possibility. A feature of the meeting was a resolution enthusiastically adopted tendering an honorary citizenship to the club to Sir Charles Tupper, as one of Britain's greatest-empire builders.

THE HEART DEPARTMENT

By Laura Jean Libbey.

Why Men Wait to Wed (By Laura Jean Libbey.) Some families, from the time their boys enter their teens, din it into their heads that early marriages are not to be thought of, that there is plenty of time after a man has seen the world of women, as it were, and had ample opportunity to consider the kind of a girl he would like for a wife. These same families would advise their daughters to wed early. They declare that each year their chances of getting a good husband are lessened. The girls accept this counsel as a matter of course. Many a young woman has accepted as a suitor a man whom she had only friendship for instead of love, lest no other chance of matrimony would come her way. She had the foolish idea that better any kind of a man than no man at all, so fearful are these girls of spinsterhood. The sons believe that they can have their own time in love, courtship, and matrimony. They pass by many a sweet and lovable girl who would make the best of a wife with the thought in their hearts that they are sure to meet a prettier, a more congenial girl. They are always looking for further conquests. There seems to be something wanting in each woman who crosses his path. This one is too proud, the other too cold, another too eager to be made love to, and so on down the list. He waits so long to wed that at last he scarcely knows the kind of a girl he really does want. He wakes up to a realization in after years that the truth is sadly stretched by his well-meaning parents when they declared that a man could marry at any time and be sure of happiness. They had not practiced what they preached. Their theory was sadly at fault. These men who had waited too long to wed found out that despite their efforts to coax youth to stay by them they were not companionable by any means to the girl in her teens.

Wilson's extra session of the finance committee will study the bill, while the house ways and means committee will organize committees preparatory to the transaction of further business next month. Republicans and Progressives led by Representatives Mann and Murdock, protected to the last against the measure, the lowest tariff bill ever written and proclaimed, as the Democratic avowedly bowled them over, the virtues of differing tariff commission plans. You poor little child! The very idea of your spending sleepless nights because you have not succeeded in winning some young man's love. Your parents must be very foolish, indeed, or they would want you a little girl as long as possible. You have plenty of time yet for beaux and heart affairs.

Has Told Her So. Dear Miss Libbey: I am 20 keep company with a gentleman of the same age. Now I love this gentleman and I know that my love is returned, for he has told me so. Some time ago he had to leave the city on some business. When he left he came up to say

god-by, and in leaving he kissed me. Now, as we are not engaged but love each other, is it wrong for me to allow him to kiss me on his return? As I am anxious not to lose his love I must ask you for some advice, as you always can help the others who are in trouble. If it is wrong how shall I object so as not to hurt his feelings? If you are anxious not to lose his love do not allow such familiarity. You will not hurt his feelings if you tell him simply that you do not approve of kissing between couples that are not engaged. If you show that you respect yourself he will only respect you more.
