SCHOOL FAIR HELD LOWER GRANVILLE

Excellent Exhibits--Addresses By Dr. J. B. Hall And Others--Prize Winners

A school fair was held in the hall at Lower Granville in the afternoon and evening of Oct. 3rd under the auspices of the Women's Institute. Three schools participated, viz: Karsdale, Island and Stoney Beach. A large number of people, including parents, were present.

Afternoon Session.

The exercises of the afternoon began with a school parade, comprising the school children of the three sections. Each school was accompanied by their teachers, and the foremost two of each group carried a banner with the name of the school inscribed. They sang "When Borne by the red, white and blue," marched into the hall and took the front seats.

Precisely at 2 p.m. Miss D. E. P. Elliott, president of the local branch of the Women's Institute, called the meeting to order, and after a few introductory remarks called on Dr. Hall to open the exhibition.

Dr. Hall made no introduction for he was a former teacher of the Island and an old acquaintance of many. Dr. Hall claimed this was a red letter day for Granville. A day of pleasant reminiscences of by-gone days for him. Now as he looked back over fifty years he saw the dawn of a new era for this community. He said he knew something of its natural wealth, industries and possibilities. But no speech could compare with children. He spoke of the defects of the rural community and concluded his remarks by stating that the problem of the boy or girl was the greatest problem of the present age.

Prof. DeWolf, Rev. Hiseier, Archdeacon Watson and Rev. Thomas then being present were invited to the platform.

A short intermission was given for the judging of the fancy work, vegetables, drawing, essays, writing, cooking and flower display, also for the outside sports for the boys and girls under the direction of Rev. Mr. Hiseier and Mrs. Lloyd Shaffer.

The meeting being called to order, Rev. Mr. Thomas, of Granville Ferry, gave a very inspiring and pleasing address on education and expressed his great pleasure on being present on this occasion.

Then came the "Spelling Bee," one of the most interesting features of the afternoon. Karsdale school on one side (it being the largest school), Island and Stoney Beach on the other. John Covert acted as captain for Karsdale and Vera Heisler for Karsdale and Stoney Beach, Karsdale winning.

This in turn was followed by a reading contest in Grades IV, V and VI, and a recitation by Marjorie Johnson.

Prof. DeWolf was next introduced and was listened to with a great deal of interest, as he told of his work in connection with the Normal College. He complimented the children on their work exhibited. Meeting adjourned to meet at 7.30 p.m.

Evening Session

Meeting opened 7.30 p.m. by song, "Land of Our Birth," by schools. Archdeacon Watson was introduced and extended congratulations on "Spelling Bee" and stated that education should not be suppressed. Trustees should be interested and spoke of the difficulties that teachers have. Parents ought to help not to criticize their teachers before

ANOTHER THEFT COMES TO LIGHT

As yet no clues have developed in connection with the theft of \$60 from the house of Mr. Freeman Fitch, County Clerk, but it now develops that an unreported theft took place at the home of Mr. Samuel Pratt, East Granville Street. Some time previous when a party of parties unknown entered the house during his absence and took from the pockets of a pair of trousers, thirty dollars in cash. Two thefts of this kind within a few weeks of each other have aroused some comment, as occurrences of this kind are a practically unknown thing in Bridgetown.

RECEIVED I. O. D. E. SCHOLARSHIP

Mr. Borden Tupper, son of the late Major J. T. Tupper, this term commenced a four year course at Dalhousie. Mr. Tupper, for excellent standing and other requisite requirements was the winner of the I. O. D. E. scholarship, the only one given this year in the Province. This has a value of \$1100 covering the four year period and it is a matter of gratulation that our clever young townsman who was a student at Bridgetown High School last year secured this valuable prize.

their children, and schools should be well equipped. In the public speaking contest there were three contestants, viz: Albertine Angers, Sylvia Hiseier and Vera Hiseier.

Dr. J. B. Hall spoke again in the evening on costs of creating "Memorials" these days. They were good but he would lift up the monuments for the boys and girls while they were living and thus fill their lives with good things. He spoke of high ideals and continuous striving to go on on and never give up.

Essays on "Resources of Lower Granville" were read by the winners obtaining the 1st and 2nd prizes, viz: Kenneth McKenzie and Martha Bokaker.

Rev. Mackintosh of Annapolis Royal spoke of the interest taken in education. He made some humorous remarks and complimented the girls on their good cooking.

An exercise was then given by five boys of the Island school. "Song I Wish" was sung by the Karsdale school and a recitation given by R. Thorne.

Rev. Hiseier in his address expressed appreciation of the Women's Institute. He did not think new things were always met with difficulties. They should lift us out of the old rut and stimulate us to greater effort along new lines. The boys and girls should have the best we can give them.

Reading of the essays on "The Child as a Citizen" was read by the winners, Vera Hiseier and Kenneth McKenzie.

Prof. DeWolf reviewed points taken up by the earlier speakers of the evening and said that the education of children should be made practical. He would teach Geography, History, etc., not from the text books but by the actual doing of things.

A reading was beautifully rendered by Mrs. Hazy Read of Granville Ferry.

Recitation by Wilfred Crook. Tableau of Elzavitha was given. Albertine Angers recited the selections. E. H. Porter, Karsdale, was called upon to speak. He said he heartily endorsed all that had been said. The hour being late, he asked to be excused from making any lengthy remarks.

(Continued on Page Eight.)

THREE COUNTIES EXHIBITION AT ANNAPOLIS A SUCCESS

Various Classes Were Filled--Fruit Exhibit the Best Ever Held In the Three Counties--Reference To General Features

The Three Counties Exhibition held on Wednesday, Thursday and Friday of last week at Annapolis Royal was, we believe, an entire success in all respects, but of course most especially in the exhibit of those products which have made the Annapolis Valley famous all over the world, its fruits. The resume given in this week's MONITOR is necessarily briefer than we would like and is only a jotting of a few features which attracted our notice during a visit of a comparatively brief nature, coupled with a few notes which we were able to glean from other than visual sources.

To begin at the beginning the big annual show for Annapolis, Kings and Hants Counties was duly opened at 1 p.m. on Wednesday by Mayor King, of the old historic town, who welcomed the visitors cordially in a neat speech and introduced the leading speakers, Mr. George E. Graham, General Manager of the D.A.R., and Dr. M. Cumming, Secretary of Agriculture for Nova Scotia.

Mr. Graham spoke briefly, but most appropriately, referring to Annapolis as the cradle of Agriculture on the North American Continent and the fact that the first wheat mill in the country was erected on the Allen River at Leguille. He spoke generally in a pleasing way of the progress which has been made and is being made in the Valley and congratulated the promoters of the Exhibition upon the success which attended their efforts.

Dr. Cumming spoke also in a most happy vein and complimented the exhibitors on the splendid showing of fruit which he considered the best yet shown in a "Three County" Exhibition. He always dwelt on the importance of most careful picking of apples and the great care and attention necessary at all stages to ensure the growers the best and most complete financial results.

Selections by the Annapolis Band enlivened proceedings the first day. On the second Yarmouth Band furnished the musical program and on the final day the Windsor Band.

Facing the entrance to the Exhibition building was a very fine exhibit from the Experimental Farm at Kentville. This was in charge of Mr. M. P. Pike, Assistant Superintendent. There were 75 varieties out of the 227 different kinds of apples grown on the farm. It might be mentioned in passing that a large proportion of these different varieties are being tried out experimentally so that those which prove well adapted to Nova Scotia can be confidently recommended to growers whom it would not pay to try out with in many cases barren and profitless results. Some varieties notably Winter Banana, Opalescent and a few others promise well.

Onions were here shown 18 inches in circumference and 2-1/4 pounds in weight each. Look 4 feet in height, celery about 3 feet. Fruits beautiful in coloring and vegetables of all kinds distinguished

by size and fine appearance. It was the best fruit and vegetable exhibit ever made by the Experimental Farm. The same might be said of the exhibits of fruit and vegetables generally. Special reference could scarcely be made as exhibits went mostly by number. However, we were informed that Church and Hiseley, of Falmouth, had a very fine fruit exhibit. Fine exhibits were made by Howard Bent, of Upperville, in apples, pears and plums, apples in barrels, boxed plates, etc. Wm. Spurr, of Midway Square, had excellent showings. Both were large prize winners. Miss Susie Chase of Port Williams, the first lady B. S. A., of Canada, had fine fruit exhibits and secured many prizes. The prizes as a whole went very evenly to exhibitors in the three counties, each county, we understand, receiving approximately like amounts.

The poultry exhibit was excellent and some very fine pens of birds were shown. The live stock exhibit was not at all representative of the three counties and there were some other features not up to the mark, but it is only fair to say that what was really seriously attempted was done splendidly by exhibitors and the management associated with the indefatigable Secretary, Mr. Tom Fortier, deserve every credit in this, the first exhibition held in Annapolis Royal for eighteen years. The citizens have not forgotten how to do these things and do them well. The exhibit of Annapolis with splendid business blocks and residences after its baptism of fire was a subject of much congratulatory comment from visitors.

Allan and McCaw showed a fine artistic bungalow lighted by a Fairbanks-Morse 32 h. p. lighting plant, which also illuminated the millinery booth of R. L. Hardwick and the motor cars and accessories of A. Cole, under whose management the lighting outfit was operated.

M. V. Graves & Co., of Bridgetown, had a fine booth, well stocked with Evangeline products, cider, etc. Nearby was a showing of French embroidery.

The monthly meetings of the above Society were resumed on Monday evening, October 9th, when Rev. C. W. Robbins delivered a most excellent paper on the Theology of Canadian Poets. Mr. Robbins dealt with this subject exhaustively during the time at his disposal, and it was generally regretted that such an interesting subject had to be limited to one evening.

Twenty members were present, despite the inclemency of the weather. The next meeting of the Society will be held in the Board of Trade rooms on Monday, November 13th, when Dr. N. R. Warey will give a paper on "History of Dental Science".

Rev. Findlay McIntosh spent a few successful days in town this week in the interests of the Pictou Academy Foundation Fund.

Mrs. Harry Abbott is spending a month visiting friends in Boston.

Mrs. Ernest Bent, of Bridgetown, spent the past week with relatives in this place.

Mrs. L. A. Allen is home after spending a few weeks with her sister at Kingsport.

Mr. and Mrs. J. B. Bartheau spent a few days at Yarmouth last week.

Quite a number of our sportsmen flew for the woods for moose.

Mr. and Mrs. Arthur Jefferson went to Annapolis by car Tuesday.

ST. JAMES' CHURCH NOTES

The Organized Bible Class will hold its annual meeting this (Wednesday) evening in the school room commencing at 7.30. A cordial invitation to be present is extended not only to the members but to all interested in Bible study.

The Confirmation preparation class will be held in the school room on Friday evening 7.30 to 8.30 and again a welcome is extended to all interested whether candidates or not. Next Sunday being the 3rd in October, the 11 a.m. service will be under the auspices of the Sunday School. For many years now this Sunday has been observed by the Anglican Commission throughout Canada as "Children's Day". Parents are urged to make an effort to be present at this service. The sermon at the evening service will bear on the Home, the Sunday School, and the Church.

ERECTOR OF RINK SOON TO COMMENCE

At a meeting of the Bridgetown Rink Company held in the Board of Trade rooms on Wednesday night it was decided to proceed with the building of the rink. Original plans have been modified as regards curling space but the ice space for skating and for hockey will be as planned previously 60x160. There will be one curling space instead of two as originally projected. However even at that Bridgetown will have the only curling rink between Windsor and Yarmouth, and that is that much. The rink will cost in the vicinity of \$8,000 and work of construction will be taken in hand very shortly by J. H. Hicks & Sons, and rushed to completion.

A. M. King & Son had a fine exhibit of clothing arranged on a pyramidal structure flanked by immense pumpkins for which they gave a special prize.

Princess Margaret, the smallest woman, made an interesting feature. Outside there were the usual devices and amusements which follow exhibitions. Here W. H. Scraggs exhibited a two year old sow weighing 700 pounds. This was in good company adjacent to fairs row.

To sum up, the exhibition was a distinct credit to the three counties. Splendid weather prevailed during the first two days of the show and the time occupied by visitors attending was spent very pleasantly indeed.

DEATH OF W. B. MCKAY

Sussex, N. B.--William B. McKay, head of W. B. McKay & Company here, died, in his 70th year. He was born in Bridgetown, N. S., and had been in business here fifty years, and was the first Mayor of Sussex.

Mrs. Harry Abbott is spending a month visiting friends in Boston.

UNLUCKY DAY FOR BEARS

Louis and Donald Brooks Land Among Four Bears And Shoot Three

There were worries, consternation and casualties last week among the bears in the South Mountain and those unlucky enough to be around North Lake suffered severely when the Brooks boys, James, Donald, Louis and Milton, were out on a moose hunting trip.

The credit of the kills, however, goes to Louis and Donald, who were about a mile or more distant from the other two brothers.

While proceeding quietly on their way they saw five black bears come down a path in single file, a cub leading, followed by the old bear, while three more young bears brought up the rear. The Brooks boys opened fire without delay and some hunters in the vicinity say that for the moment they thought a machine gun had opened up on their right. When the tumult ceased it was found that three bears had received their passports duly viced by the Brooks brothers to the happy hunting grounds, while the two other bewildered braves had blundered their way to safety. Had Louis and Donald not been so busily engaged with the old bear the rear guard following would no doubt have also fallen victims.

Careers for women

Women who wish to increase their income at home, or to equip themselves for money making careers in the world of business, will profit by the study of one of the Correspondence Courses issued by the Nova Scotia Technical College.

In your spare time, in your own home, and at trifling cost, you can master the most modern Courses on Millinery, Dress-making, Cookery, Interior and Exterior Decoration, Bookkeeping, Stenography, etc.

More than 50 Correspondence Courses in all, priced \$2 to \$25 and no books to buy. Write at once for information.

NOVA SCOTIA TECHNICAL COLLEGE, HALIFAX-CANADA

SHORTAGE IN WATER DUES

Council Will Proceed Against Delinquents After October 31st--Other Matters Discussed

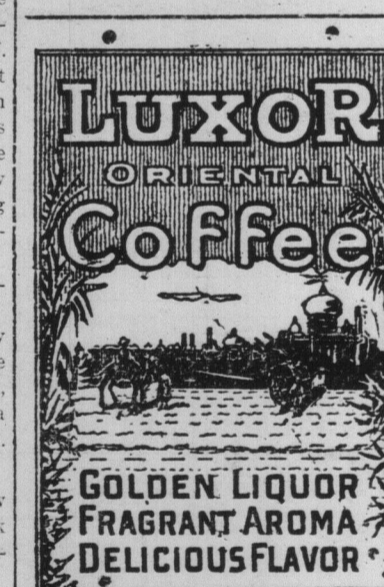

The Town Fathers met in regular session on Friday evening. The docket of public business was not a large one. A number of routine bills o.k'd were ordered paid. A coupon belonging to Geo. W. Kendall, of Barrington Passage, has been reported lost. The coupon was due Oct. 1st, 1920, and was for \$11.25. The clerk was instructed to investigate whether the said coupon has ever been paid. If it is found that it has not been paid the clerk was authorized to pay it.

Some discussion on water rates took place. At present there is an unusually large amount due on these, so much so that the Council has decided to deal with the matter in such a way as to eliminate the difficulty. Attention is called to the notice in another column of the MONITOR. All persons whose water rates are not paid by Oct. 31st will lose their water supply by the cut off method.

After the discussion of a few other minor matters the Council adjourned.

TORBROOK

Mrs. Ernest Bent, of Bridgetown, spent the past week with relatives in this place. Mrs. L. A. Allen is home after spending a few weeks with her sister at Kingsport. Mr. and Mrs. J. B. Bartheau spent a few days at Yarmouth last week. Quite a number of our sportsmen flew for the woods for moose. Mr. and Mrs. Arthur Jefferson went to Annapolis by car Tuesday.

VICTORY

Mr. Cleveland Jefferson and Miss Ruby Waterman were the Sunday guests of Mrs. Stannage Currell.

Mrs. Maynard Reserants and two daughters have arrived here where they will reside for the present.

Miss Ida Berry, who has been visiting her sister, Mrs. Bernard Alcorn, has returned home.

Mr. and Mrs. F. C. Simpson spent Sunday with Mr. and Mrs. Joshua Simpson.

Mrs. Obediah Pulley, of Greenland, N. S., has been visiting Mrs. William O'Neil.

Mrs. Delbert Wagner, of Boston, has returned from her visit at Aylesford.

Miss Dorothy Simpson has been visiting Mrs. Charles Kaulbach.

Miss Daisy Wagner is visiting her sister, Mrs. Willard Rosencrans.

Mr. Kenneth Mubery came home Tuesday night.

Speaking of the Canadian dollar returning to par, the New York Herald, after specifying various reasons for this accumulation, thus concludes: "Canada is prosperous because her finances and her business conditions and methods are sound. This naturally greatly enhances whatever value there may be in contiguity to a well-to-do and friendly neighbor."

A MOTHER'S DUTY TO HER DAUGHTER

Health Must be Guarded as She Comes to Womanhood.

Every mother who calls to mind her own girlhood knows how urgently her daughter is likely to need health and strength during the years between early school days and womanhood. It is then that growing girls droop and become bloodless and nervous. Nature is calling for more nourishment than the blood can supply, and signs of distress are plainly evident in dull eyes, pallid cheeks, weak and aching backs, and a dislike for proper food. These signs mean that the blood is weak and watery. The watchful mother takes prompt steps to give her girl the new, rich blood her system calls for by giving her Dr. Williams' Pink Pills. No other medicine has ever succeeded like them and thousands of mothers have proved their worth. Mrs. W. H. McIntyre, Gananoque, Ont., tells what these pills have done for both herself and her daughter. She says: "I have used Dr. Williams' Pink Pills for many years, especially in times of weakness and general debility, and have found them a most satisfactory medicine. After a severe attack of influenza I found myself in a nervous condition and resorted to my old tonic—Pink Pills—and they did not fail me. I also gave them to my eldest daughter, who was in a serious condition due to ailments of girls of her age. She complained of headaches and backaches, and would often grow hysterical. She began taking the pills and was soon on the road to health again. She never complains now of headaches or backaches, and I give the credit to Dr. Williams' Pink Pills. When ever I see any of my children ailing or in need of a blood tonic, I give them these pills and always with the best results."

You can get these pills through any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

The Mental Hygiene Committee, and as a result the Legislature has authorized the Government to establish and equip an industrial farm for the care of the feeble-minded, and another for the care of prisoners.

There is no more crying need in the way of social reform in Canada than in this matter of the discovery, training and care of the victims of mental defect. When we recall that half of all crime, two-thirds of all venereal disease is said to be due to our neglect in this matter we shall recognize that this is false economy in highest measure.

THE CARE OF THE FEEBLE-MINDED IN CANADA

What is Done or What is Under Way in Each Province.

(Dr. J. G. Shearer, Social Service Council of Canada.)

Canada is far behind many of the American States such as Minnesota, New York, Pennsylvania, and Massachusetts in the providing of a modern system and adequate equipment for the care of the Mental Defectives which unfortunately are all too numerous in all our Provinces as in other States and countries.

To all Canadians it is of interest to know what is done for these victims of heredity and of society. The care of such, under the Canadian Constitution, falls to the Provinces. It is necessary therefore, to state the conditions in each Province as to the care of the feeble-minded.

The Canadian National Committee for Mental Hygiene has made a standing offer to all Provincial Governments to make free a survey of the numbers, conditions and needs of the mentally abnormal and subnormal in

their respective Provinces and to outline a programme or plan for their adequate care and the prevention of the birth of more of their kind. In a single generation it is possible to almost entirely eliminate the feeble-minded. The Committee has made surveys of the four Western Provinces, of Nova Scotia and New Brunswick. In Ontario Judge Hodgins made an investigation and recommended a policy. Quebec and P. E. I. conditions have not been investigated.

Manitoba has led all the Provinces in this matter as in their new Child Welfare Act. Some three years ago the Government adopted the plans recommended by the Mental Hygiene Committee, enacted the necessary enabling legislation, and proceeded to put it into effect. It includes the establishment of an industrial farm institution, of a Psychopathic wing or ward in the General Hospital of Winnipeg for study and treatment and under the new Child Welfare law provision is made for the appointment of a medical officer trained in Psychiatry to examine and report on the mental condition of all children who are the

wards of the Province e.g. neglected, dependent, delinquent defective, immigrant or those born out of wedlock, and for the appointment of a Board of Selection to determine what shall be done with all mentally defective children. The necessary specialized care and training are to be provided as required. In the larger centres special classes are provided and taught by specially trained teachers. All persons accused of any offense before the courts are subject to mental examination and if found defective become wards of the Child Welfare Department.

Parents of mentally deficient children can place them for training in the institutions of the Province.

Thus fairly adequate machinery is provided for the discovery, sifting out, special training and, when necessary, custodial care of Manitoba's mental defectives.

Saskatchewan has established a large institution at Weyburn for the care of these defectives. As yet however there is no adequate legal authority and administrative machinery for discovering and sifting out of those requiring care.

This is true also of Alberta, whose Government is building at Edmonton, its first home for the care of defective children.

British Columbia has two Homes, one for boys and one for girls. But as yet no complete system has been adopted providing for the care and training of all classes of the mentally deficient. Such however, is in contemplation.

Ontario has for many years made certain provision for the care of idiots and imbeciles at the Orillia Hospital, where also a number of feeble-minded above the imbecile grade are cared for. Here however inadequate provision is made for classification, for specialized training, and for industrial occupations.

Ontario moreover has no machinery as yet for the discovery, sifting out, and examination of the large numbers of feeble-minded of both sexes and all ages.

In the larger cities of Ontario and the Western Provinces considerable provision is made for specialized education of children of school age in special classes under trained teachers.

In this, Vancouver has led all Canadian cities, and has some two dozen classes and a special supervisor of this department of the work of the schools.

Quebec, New Brunswick and P. E. I. have as yet made no provision for the care of their feeble-minded, excepting that some of the worst of them are in the Hospitals for the insane where of course they cannot be given the training or industrial employment that they ought to have.

In Nova Scotia what little care has in the past been bestowed has been given in the various county poorhouses, where harmless insane, mental defectives, aged poor, and even some children have all been housed in the same institution without training, without proper occupation, without adequate medical treatment, and without classification.

This deplorable condition has become public through the survey of

Advertise in The Monitor

branches give the impression of a primeval forest, but the trees are in most cases set in line, but there are other evidences to show that this forest was planted within the lifetime of this old town and it gives ample evidence of the value and importance of reforestation. Judge Halliburton was somewhat exclusive in his tastes and company and lived a very retired life, spending the later years of his life in England where he was elected a member of the British House of Commons.

A delightfully situated and excellently conducted Masonic Home is also the pride of Windsor, a place where old people are spending their declining years as guests and not as inmates.

The Apple Region

Immediately you leave Windsor you run into apple orchards, row upon row of trees laden with an abundance of fruit not so gaudy or attractive in color as you find in some other fruit countries, but with a favor that vies with the best, and it would almost seem as if in her apples New Scotland was following the lead of the land from which she took her name and was depending more upon quality than upon show. This year the abundant rains have brought the crop of apples on in a wonderful way and all the orchardists are agreed that this will not only be a large crop, but that it also will be a crop of the largest apples ever grown in the Province by the sea.

You run along the banks of the Avon until you come in sight of Minas Basin, then a short way along you come to Grand Pre, made famous in history and poetry. We passed there only a few days after a great gathering of Acadians had assembled to dedicate the newly erected chapel, built by contributions of Acadians, upon the site of the ancient edifice in which their forefathers were assembled in 1755 made prisoners of war by the British forces and expelled from their home land. The old church yard has been fenced off for some years, a cross of rough stone masonry marking the location of the ancient cemetery. Up near the church is "Evangeline's Well" and a beautiful bronze statue of Evangeline meets you at the gateway of this small public park. The new chapel is as nearly as possible a reproduction of the one destroyed at the time of the expulsion and it adds much to the romantic history of the place, romantic perhaps today, but this driving of a pioneer people from their homes in a new and strange land is one of the cruelties of Canadian History.

There is a sort of charm about Grand Pre, the land of Evangeline. The prairie of it is mostly diked marsh land, much of which was reclaimed from the tides of Minas Basin by these ancient French settlers and to which the farmers of later years have added. These marsh lands are very rich hay meadows which made this in former years a cattle raising country. In many instances oxen are still used for working the land.

Throngs of Visitors

It is only natural that this part should be thronged with visitors, especially tourists who are seeing the beauties of Nova Scotia. By the way, Grand Pre is the home of Sir Robert Borden, and Canada's former Prime Minister is spending some weeks at Grand Pre at the present time. Only two or three miles away is Wolfville, one of the most attractive of Nova Scotia's towns. Here tourist traffic is catered to and their stay in town made pleasant. Trees, and lawns, and shrubs and flowers gladden the eye as you pass through this town and here again you find another University, this time Acadia College. The thirst for knowledge seems as strong in New Scotland as it was in the old land.

Apple orchards again line the way to Kentville, and not only is one struck with the abundance of trees and the progress made by fruit growers, but one is also impressed by the opportunity offered for further development, and the number of acres that have not yet been planted out that would yield an abundance if only taken in charge by some husbandman.

Kentville is the location of a Dominion Experimental farm established about ten years ago under the direction of Superintendent Blair. The situation of the farm lends itself to the making of a most attractive place, and Mr. Blair has taken full advantage of its possibilities. Fruit farms quite a part of the work here. Potatoes are given a good deal of attention, but they will be another story, perhaps. The work with tender corn and sunflowers is as important as any, and an excellent herd of dairy Short-horn cattle gives an added interest to the place. It is not the intention here to write of the Experimental farm, as its work would be a long story in itself but just to mention in passing its location, and some of the problems that are being carefully worked out in this agricultural laboratory.

Weeds as Cover Crops

From Kentville to Berwick the orchards seem to grow undisturbed on either side of the highway is a veritable forest of weeds, and here the crop is bending the branches to the very ground. Talk about groaning under

its voice would be one long wail. There is every evidence that these orchards are well cared for. The owners are anxious to know the last word in growing apples, and to apply the knowledge in every detail. All these orchards are cultivated and fertilized and in many cases the cover crop is wild mustard and pig weed. I was not aware before that mustard could be put to so useful a purpose. Some years ago vetches were largely used as a cover crop, the idea being to get green manure and nitrogen from this legume, but the price of seed kept going up until the apple growers say they can get better results by applying nitrate of soda and get their humus from a green crop of weeds.

In some of these orchards the branches of the trees bending over under their load until the lower branches lay on the ground formed a veritable wall of apples from one end of the field to the other. This was particularly the case in orchards where the trees were thirteen or fourteen years old and were not yet thinned out. Later every second tree is cut down to give the spreading branches more room, leaving the trees the same distance apart as the rows.

You are not long in Berwick making enquiries about apples until you are asked, "Did you see Sam Chute?" Sam is admitted by all and sundry to be the apple king of the Valley. I expected to find him wearing a crown of apple blossoms, but if he was wearing a crown at all it would be more likely to be one of apples, and a good hardy variety at that. Mr. Chute expects to harvest twenty-five thousand barrels of apples from his own trees this year. He takes pride in the fact that with his own hands he converted a good deal of woodland into apple orchards that in very truth now blossom as the rose, if they do not quite onto it.

By the way, Berwick is one of the old camp meeting places of Nova Scotia. For over half a century every Summer, including the one just passing, has seen a real live camp meeting in the grove at the village boundaries. Like everything else this is modernized to some extent and very convenient equipment is provided in this wooded park for carrying on the services and for accommodating the people. But this is a town of apple trees, there are trees along the road. In fact it is a common habit to plant a row of trees right up against the road fence so that half the apple crop hangs over the King's Highway. There are apple trees on the lawns about town houses and sometimes spacious lawns find a place for several trees. In whole blossom time the whole countryside must be one great floral decoration, but now the luscious apples are just rounding into their ripeness of form and giving the place an air of a land rolling in apples.

Money Thrown Away!

Specialist charged \$134 a week. \$1 worth of Zam-Buk Saved Her Leg.

"I had only one week of the special course of bad leg treatment supplied in my own city, and it cost me \$134 in course treatments. It was simply money thrown away," writes Mrs. James Elsworth, 902, Selkirk Ave., Winnipeg.

"The ulcers first appeared on my left ankle, and they spread from the top of my foot up to the knee. Laid up in bed helpless with pain. I was treated by five different doctors. I persevered with their lotions and ointments until I felt positive there could be no cure.

"Then one day I was brought a sample of Zam-Buk. Even this small quantity was decidedly soothing, and it encouraged me to get a supply from the druggist. Perseverance with Zam-Buk proved wonderfully and thoroughly effective. The irritation and the pain were speedily subdued; the ulcers were thoroughly cleansed of poisonous matter and the leg permeated with the balm. Zam-Buk, the magic herbal balm, is equally good for eczema, ringworm, poisoned wounds, pimples, boils, abscesses, piles, cuts, burns, scalds and all skin injuries. 50c. all dealers.

WEDNESDAY, OCTOBER 11th 1922

Personal Mention

Mr. Elias Ramey made a business trip to Halifax this week.

Miss Marion Fowler is leaving for Halifax to take a course in designing.

Mrs. S. C. Turner was on a visit to friends in Halifax this week.

Miss Ruth Fowler and her brother, Mr. Alex. Fowler, leave on Saturday for a visit with relatives and friends in New York.

Mr. Carl Tibert, teller at the Bank of Nova Scotia, returned last week from a vacation spent at his former home in Freeport.

Mrs. Burpee Chute arrived home last week after a pleasant visit of some weeks with her daughter, Mrs. P. C. Dargie, Malden, Mass.

Mr. and Mrs. John McDonald are visiting in New Glasgow, the guests of their son, Mr. Allister McDonald, and are expected home on Friday.

Mr. Geo. H. Peters, of Digby, was a visitor in town this week. A friend in Digby informs us that Mr. Peters secured a fine moose about a week ago.

Mr. and Mrs. Allister McDonald, of New Glasgow, who have been visiting the former's parents, Mr. and Mrs. John McDonald, Granville St. East, have returned home.

Mrs. A. R. Kenwood, of Vancouver, who has been visiting relatives and friends in Annapolis County, left on Tuesday for St. John, where she will visit en route to the Pacific Coast.

Mr. and Mrs. J. S. Morse spent the week-end in Kings and Hants Counties, returning to Windsor and returning to Gaspereaux, where they were guests of Mr. and Mrs. Frank L. Gerbridge.

Wares, of Bridgetown, were delighted to see him in Yarmouth this week. Mr. Wares motored down for the day with a party of friends.—(Yarmouth Herald.)

Mr. Arthur G. Whitman, of Calgary, Alberta, who has been spending his vacation with his father, Mr. C. S. Whitman, Paradise, left on Saturday to visit his sister, Mrs. Horace W. Bishop, Medford, Mass.

Miss Mary Walker, one of the popular and obliging operators at Central, is enjoying a vacation, part of which will be spent with friends in Halifax. She is being relieved by Miss C. M. Campbell, of Digby.

COMING BACK

(Manitoba Free Press)

The estimated Russian wheat surplus of 500,000 poods (about 300,000 bushels), will not make much of an impression upon the world's wheat markets. But as the first sign that Russia is beginning to come back, it is important.

Mr. and Mrs. William Hill returns to Roxbury, Mass., Wednesday next, after spending two weeks with Mrs. Hill's father, Mr. J. P. Titus.

One of the best known guides in Nova Scotia gives this testimonial of MINARD'S LINIMENT:

"I have used MINARD'S LINIMENT in my home, hunting and lumber camps for years and consider it the best white liniment on the market. I find that it gives quick relief to many ailments, such as Sprains, Bruises and all kinds of wounds. Also it is a great remedy for cough, colds, etc., which are liable to catch when we are driving and cruising during the Winter and Spring months. I would not be without MINARD'S LINIMENT and cannot recommend it too highly.

(Signed) Ellison Gray, East Kentville, N. S.

CLEMENTSPORT

“THE QUEEN OF THE BASIN”

“Like gallant courtiers, the forest trees flaunt in their crimson robes with brodered gold;

And, like a king in royal purple's fold,

The oak flings largess to the beggar breeze.

Forever burning, ever unconsumed,

Like the strange portent of the prophets bush,

The Autumn flames amid a sacred hush;

The forest glory never brighter bloom-

ed.

Upon the lulled and drowsy atmosphere

Fall faint and low the far off muffled stroke

Of woodman's axe, the school-boy's ringing cheer,

The watch-dog's bay, and, crash of falling oak;

And gleam the apples through the orchard trees,

Like golden fruit of the Heperides.”

William Henry Whitrow.

The whole community was shocked on Wednesday night, Oct. 5th, to learn the sudden death of Mrs. Albert Reop.

While Mrs. Reop had not been in the best of health for the past few years, still she was always busy and bright and cheerful.

Her popular summer inn “The Rest” had been filled all summer and she was just about closing for the season when the call came. She died sitting in her chair. Only a few minutes before she had been talking to those present. Then she said she was smothering and quietly breathed her last.

Word was sent to her family and relatives. On Friday her daughter and two sons arrived, John of Charlottetown, P.E.I., and Walter of Boston, the third son William, of Boston, was unable to come.

The funeral took place on Sunday, Oct. 8th, and was conducted by Rev. M. McIntosh. A prayer was said at the house, then the casket was taken to the Methodist church where the regular service was held and a funeral sermon preached. In spite of the rainy weather a large number were present.

The floral tributes were many and beautiful. The pall bearers were Messrs. Elias Rawding, Chas. Stronach, H. Hicks and Robert W. Caffrey. She was laid to rest beside her husband in the Methodist cemetery. In the passing of Mrs. Reop the community loses a citizen who did everything possible for the uplift and improvement of the village. Her summer inn was well known and many came year after year. A tribute from one of the guests will be found in another column.

While Arthur Ferner of Upper Clements was riding on his wheel across the Annapolis bridge on Saturday noon, October 1st, his wheel was struck by Dr. Smith's auto and demolished. Young Fern was thrown down and an auto following ran over him. How he escaped being killed is a miracle. He was picked up and Dr. Smith brought him to his parents home in Upper Clements and is looking after him. On examination he was found to have sustained a broken leg and a general shaking up. He is progressing nicely.

On Wednesday evening, Oct. 5th, about 7:30, while going from Clementsport to Deep Brook for service, the rector, accompanied by the Curphy boys, was driving his auto down the Long Hill. The lights were on and the horn blowing, but on the up grade by Dan Loags was Mr. Crocupp on his meat cart going up the hill. He failed to get out of the way and one of his back wheels was struck and smashed. He was thrown from his cart but not hurt. He explained that the moonlight was so bright he did not see the lights until they were almost on him, and that his wheels on the gravel made so much noise he could not hear the horn. Mr. Dan Loag lodged him a wheel to proceed long loaded. All vehicles should have lights and auto horns should pass a standard test, and people who frequent the highways should be awake at all times.

Mr. Roy Merritt and Mr. Sam Boudreau went hunting partridge on the Dunars Hill, unknown to each other. Mr. Boudreau was chasing a bird and coming in range fixed at it on the crest of a hill. What was his surprise and dismay to hear Mr. Merritt call out, and to find some of his shot had struck him in the neck. Fortunately no serious injury was done, narrowly missed hitting him in the eye. One cannot be too careful in using the arms. It this could happen with careful people, what can happen with careless?

Mr. John Shaw returned Friday, October 6th, night, from his moose hunting trip, being called home by the sudden death of his aunt, Mrs. A. Reop. Mr. Owen Balcom, another of the party, returned Saturday. Mr. L. V. Shaw remained in camp. They were not fortunate enough to get a

The results of the campaign for the blind are to hand, and the total receipts are \$48.05. There are many who do not yet realize their responsibility to those who are blind and also many who would have given more had their financial condition been better. We thank the name of the blind, the collectors who are always going willing to do their part and those who so readily responded.

Upper Clements: Misses Vera Mailman and Vera Hardwick, \$6.00.

Clements: Miss Anna Robertson, \$2.25; Miss Flo Potter, \$24.25; Miss Elliot, \$16.55.

Total—\$48.05.

The state of the planking on the eastern end of Victoria bridge has been dangerous to the public for many weeks past. This planking was left loose, and cars in going over often tore up one or more of these leaving open spaces. On one occasion a truck tore up four planks. The next auto driver who crossed had to replace them before proceeding. Thus the Highway Board flirts with death, the public being endangered.

Mrs. Jas. Williams, of Upper Clements, has presented the Old Church Museum with a Caven Candle mould once the property of the old Polyphemus family. This is of great interest and value, and the committee wish to take this opportunity of thanking Mrs. Williams and of asking others who have old relics, etc., to give or loan them to the Old Church Museum.

Mr. Amos Boudreau, from Woodland, Maine, came through on his motor cycle to St. John, thence by S. S. Granite to Annapolis Royal and motored to Clementsport, which he had not visited for 23 years. He is spending his time seeing his brothers, S. Boudreau and Leslie Boudreau and friends.

Confirmation addresses are being given by the rector in St. Clements Parish each week as follows:

Monday, 7:30 p. m.—Acadia Hall, Upper Clements.

Tuesday, 7:30 p. m.—St. John's church, Deep Brook.

Friday, 7:30 p. m.—St. Edwards, Clementsport.

All are cordially invited.

Competent workmanship guaranteed. W. C. PARKER, Lawrencetown, N. S.

Mr. G. O. Tines was among the successful local moose hunters this season.

Personal Mention

Captain W. Goode, of Halifax, spent some days in town last week, the guest of Mr. G. H. Warey and Dr. Warey.

Mrs. Harold Gould, who has been visiting her father, Mr. Joseph Gillis, Dalhousie, returned to Halifax Thursday.

Miss Hazel Gillis has returned to Halifax after spending the past few weeks in town, visiting her parents, Mr. and Mrs. Avarid Gillis.

Miss M. C. Irvine, after a pleasant visit of several weeks at the home of her sister, Mrs. R. R. Leslie, Upper Granville, has returned to her home in St. John.

Mrs. Augusta Spicer spent part of last week with her mother, Mr. Smith at Phinney Cove. While there she met with an uncle, Howard Kathrens, whom she had not seen for forty years.

A cow moose became entangled in a wire fence on the premises of Mr. John Todd, Dalhousie, this morning, but after being noticed managed to release itself and return to the big woods.

Mrs. A. R. Kierstead, of Vancouver, B. C., has been visiting her father, Mr. Henry Banks, North Williamton, also friends in Middleton. She was accompanied from Vancouver by her nephew, Mr. Griffin, and by Mrs. Critchley.

Messrs. Fred Stead and H. G. Hoyt, of North Sydney, left for home on Tuesday after a visit of several days in the Valley here and at Middleton. While here they were guests of Mr. Hoyt's brother, W. J. Hoyt, and of her sister, Mrs. D. Patterson. While at Middleton, of another brother and sister, Mr. C. M. Hoyt and of Mrs. J. H. McDaniel.

Miss Reta E. Marshall, accompanied by her friend, Miss Florence Bell, of Malden, Mass., is spending a two weeks vacation with her parents, Mr. and Mrs. Hubert Marshall, Church St. Mrs. Marshall has a good position as book-keeper at the Bakesley Dry Goods Store in Malden.

Mother Says It Saved Her Life

"My mother is firmly convinced that Tanlac saved my life and I don't doubt myself but what that is true." This statement was given out for publication a few days ago, by Miss May Anderson, a popular young lady residing at 100 1/2 Argyle St., Halifax, Nova Scotia.

TENDERS

TENDERS will be accepted by the undersigned up to October 17th, 1922, for the office of Janitor and Jailor for the Court House at Annapolis Royal. The duties of such officer shall be to attend to the proper care of the grounds, heating and general care of the building, also the jail, which is under the supervision of the Sheriff.

The Municipality furnishes for such officer living apartments and fuel. Also pays \$4.00 per week for the board of prisoners.

The Committee do not bind themselves to accept the lowest or any Tender.

F. W. BISHOP, Committee; C. L. PIGGOTT, A. P. BOULBY.

FISH STORIES FROM EAST AND WEST

Saskatoon, Sask.—This is a fish story with a Scotch accent. It comes from the north country and although its truth is not contested it is not corroborated. Here it is:—

Sturgeon were actually driven to market this year and at the same time furnished the motive power for the fishermen who drove them.

At the sturgeon fishing grounds, the mouth of the Torch River, which empties into the Saskatchewan, the practice of the fishers, after catching a sturgeon, is to hook it through the gills with short lines attached to a longer line and put it back in the water until a small steamer visits the grounds. The fish are then taken from the water, killed, dressed and fed, and taken by the steamer to Cumberland House where a larger steamer takes them to The Pas.

An accident to the boat this season found the fishers with large strings of fish on hand. They commenced to die, and quick action was necessary. Douglas MacKenzie, who had about twenty-six sturgeon weighing from fifty to ninety pounds each, conceived the idea of hitching the fish to the bow of his canoe and having them pull him to Cumberland House.

At first it appeared that the power of the fish would overturn the boat. With the exercise of considerable patience the fish were headed in a down stream direction, the way sturgeon travel at this season of the year.

MacKenzie had his fish so well trained that they hauled him to Cumberland House in record time without his having to paddle at all.

Here they were killed and the fisherman saved the loss of fish others suffered.

"Hoot, mon, canna' beat it!"

Sale Can Beat It.

Halifax, N. S.—Local fish dealers were not particularly impressed when shown this morning the Saskatoon story telling of the exploits of certain sturgeon of the Saskatchewan River, which apparently are so important as to permit of their being moored with ordinary fish lines for days at a time. They pointed out

SO EASY TO BE WELL AND STRONG

Take "Fruit-a-lives" The Wonderful Fruit Medicine

805 CARTIER ST., MONTREAL
"I suffered terribly from Constipation and Dyspepsia for many years. I felt pains after eating and had gas, constant headaches and was unable to sleep at night. I was getting so thin that I was frightened."

At last, a friend advised me to take "Fruit-a-lives" and in a short time the Constipation was banished, I felt no more pain, headaches or dyspepsia, and now I am vigorous, strong and well."

Madam ARTHUR BEAUCHER.
50c a box, 6 for \$2.50, trial size 25c.
At dealers or sent postpaid by Fruit-a-lives Limited, Ottawa.

that it is the common practice of fishermen of the Nova Scotia coast to use swordfish as motive power.

Swordfish are harpooned from the bows of schooners especially constructed for the purpose and when one is hooked the hawser attached to the harpoon is made fast to the bits of the schooner and the homeward trip begins with the swordfish, which invariably swims towards shore at this time of the season, doing anywhere from ten to twelve knots. A mildly remarkable feature of the practice is that the swordfish instinctively knows the home port of the particular fisherman he has at the other end of his line can be counted on to navigate the tow safely through the intricate ledges which invest the Atlantic coast of Canada.

There is one swordfish, however, that local fish dealers are agreed is deserving of special mention. He is the property of Simon Cohen, living at Little Tagook Island, who has trained him to lie in wait for his brother swordfish as they come charging in from sea and to prepare them

for market. This he does with great gusto, slitting them up the middle and lopping off their heads. Cohen's swordfish are invariably the first to reach Halifax.

LAWRENCETOWN RESIDENT CLAIMS OLDEST HORSE

R. E. Feltus, one of the Province's foremost equestrians, having bred, raised, trained, driven and sold many of the best draught and race horses in these parts, informs The Herald that he now possesses what he believes to be the oldest horse existing in the Province at the present time. Quite often do we see horses of 20 years of age, less often do we see horses ranging towards thirty, and seldom, if ever, do we see or even hear tell of a horse that is thirty-four years of age and still active. Seemingly unusual as it appears, nevertheless in the stables of Mr. Feltus at Lawrencetown, the casual visitor may at any time have the opportunity of looking at "Mona Brinton", a horse that was thirty-four years of age on 4th May, 1922, an instance which is hard to equal and almost impossible to excel.

"Mona Brinton" is the dam of the well known racer Brenton King by Kingsborn. Brenton King is now owned by a Hants County horseman, and Mr. Feltus being loud in his praise of this horse, states that he considers it to be the best horse he ever pulled a rein over, and that's saying volumes for Brenton King as almost any lover of horse flesh can tell you. The sire of this famous horse was also owned by the same gentleman.

The veteran of veterans, "Mona Brinton" is today apparently as active as she was ten years ago and is doing farm work daily working double or single with absolutely no hitches. She is at home in the plough, harrow, hay-cart, and on the road. Mr. Feltus places so much confidence in his old standby that he informs the Herald he is willing to wager that "Mona Brinton" matched against any horse of her age from any part of the Dominion of Canada will be victorious

on any track. Almost daily during the hay season this veteran is traveling the roads of Lawrencetown from farm to barn, a distance of one mile, hauling a wagon laden with some of the choicest hay available.—Halifax Herald.

NORTH WILLIAMSTON

Miss Phyllis Sharp who was united in marriage to Mr. C. S. Bothamley on the 23rd at Bridgetown has many friends here who join in wishing them many years of happy wedded life.

A few days ago Mrs. Walter Delancey had the misfortune to sprain her ankle quite badly. Her mother, Mrs. Geo. Durling, of Lawrencetown, is caring for her.

Mr. A. P. Stevenson who had the misfortune to break his leg on the 15th was removed to his own home on the 28th. We wish for him a speedy recovery.

Messrs. Fred Charlton, Sam Bent, H. D. Bezanson and son Harold motored to Bridgewater on the 28th to attend the Exhibition.

There will not be any service here on Wednesday evening, October 4th, owing to the absence of our pastor, Rev. Mr. Allen.

Miss Ida Freeman, of Berwick, has been the guest of her friend, Mrs. W. E. Hilsley, during the past two weeks.

Mr. and Mrs. Harry Beals and two children, of Middleton, were guests of Mr. and Mrs. H. D. Bezanson, on the 24th.

Mr. John Garber is visiting relatives in Bridgewater. He was accompanied by J. C. Whitman.

Those on the sick list are Mrs. H. S. Charlton and W. E. Hilsley. We wish for them a speedy recovery.

Miss Vera Banks, of Brickton, is spending a few weeks with Mrs. D. M. Charlton.

Mrs. Wm. Shaw spent the past week with friends at Kingston.

Mr. and Mrs. W. A. Bent welcomed a son on the 23rd.

An Old Sign but a New Gasoline

- Unusually Quick Starting
- Full of Power and Mileage
- Costs you Less

The new Imperial Premier Gasoline, now on sale everywhere in the Maritime Provinces, possesses all the qualities which you would try to incorporate in gasoline if you were making it yourself.

QUICK STARTING:

The new Imperial Premier vaporizes easily and completely in any type of motor insuring easy, speedy starting in any weather. In this respect it even excels our Queen Gasoline—a special fuel for lighting plants—which some engine owners have been using although it was never altogether suited for power purposes.

POWERFUL:

The new Imperial Premier Gasoline burns clean to the last drop and furnishes sustained power throughout the full length of the piston stroke, thus enabling your motor to deliver its full rated horse power at all times.

ECONOMICAL:

The new Imperial Premier Gasoline will carry your car or drive your motor boat at the least possible cost per mile. Every gallon of this new

gasoline goes farther because there are no wasted "heavy ends" which cannot be utilized by your motor.

COSTS LESS:

The new Imperial Premier Gasoline costs from 3 to 5 cents per gallon less than other gasolines which have commanded higher prices chiefly on the basis of their quick-starting quality though they have lacked many other essentials of a perfect motor fuel.

Owing to the fact we can now offer you this better motor fuel for less money we will no longer make or sell any other brand of gasoline for power purposes.

MAKE THIS TEST:

If you will have your carburetor adjusted to the new Imperial Premier Gasoline and insist on getting it every time you can run your car on a lean economical mixture with perfect satisfaction and further reduce fuel costs.

Remember—This new gasoline is made in the Maritime Provinces by local workmen. Available wherever you see the Red Ball Sign.

Mrs. James Primrose is visiting in Bridgetown.

Mrs. W. H. Williams spent Friday in Moschelle.

BAD FOR BURGLARS

(London Daily Chronicle)
The latest German invention is an ingenious instrument for compelling a burglar to ring an alarm bell that shall betray his presence. It is based on the curious property of selenium to become a conductor of electricity as soon as light falls on it. A small, but very sensitive selenium cell enclosed in a box about 6 in. square comprises the essential part of the apparatus. It is connected with the alarm bell by a relay, and no current passes through it while it is in the dark. But as soon as the burglar switches on his electric torch, and the rays strike the selenium, the current flows and the bells ring. And it will be useless to cut the conducting wires, presuming they were suspected, for that very act will start the alarm. The apparatus may be put anywhere, several in a room, so that it would be almost impossible for any light to be used without operating this ingenious burglar detector.

Mrs. Atherton Marshall is enjoying a vacation with Rev. and Mrs. A. R. Reynolds at Berwick.

Why Is Royal Yeast Better Than Any Other Yeast?

Possibly you have asked yourself this very question, and may, or may not, have answered it to your own satisfaction.

Bread made with ordinary yeast may approximate bread made with Royal Yeast in general appearance, but in reality the actual food content and the assimilating qualities of bread made with Royal Yeast are much greater, irrespective of whether the flour is made from hard or soft wheat.

Royal Yeast Cakes are manufactured in accordance with a fixed scientific principle, and in such a way as to preclude any possible variation, as is frequently the case in ordinary yeast. Each cake is wrapped separately by machinery in wax paper, and sealed, making them practically air-tight. This means they will keep fresh much longer, and prevents the possibility of dirt or dust coming in contact with them even after the package has been opened. Royal Yeast Cakes have been the standard Yeast of Canada for over 50 years, which fact in itself is a guarantee of their superior quality and reliability.

Refuse substitutes.

"Rally Day" was observed in the Baptist Sunday school on Sunday, October 1st.

Mr. and Mrs. Samuel Bishop welcomed a son on October 2nd. Congratulations.

Mr. and Mrs. R. Ritchie were week end guests of Mrs. Quigley at Kentville.

Mrs. Jefferson, of Middleton, is a guest of Mrs. Primrose.

All the new houses in construction are about completed.

THE SCHOONER.

(Thomas J. Murray in New York Herald.)

Offshore you beat upon your coastal swing.

From Maine's cold harbors to the washing keys;

Scorning the smoking tug whose barges string

The stretching seaboard and its river lens.

Under the grinding chutes your hatches wide

The grimy cool ports know the carbon stream;

Cargoed to drop upon the moving tide and stand to eastward in the sunrise gleam.

For you the friendly coast lights lift and burn,

Flinging their blaze across the tossing floors;

Abscon, where the northern tideways earn;

Sand Key and Jupiter on southern shores.

Not yours to swing to outposts on dim seas,

The China trade routes or the Baltic lanes;

You have familiar coasts and offshore breeze,

And home lights gleaming through the harbor rains.

A GOOD MEDICINE FOR THE BABY

Nothing can equal Baby's Own Tablets as a medicine for little ones. They are a laxative, mild but thorough in action, and never fail to relieve constipation, colic, colds and simple fevers. Once a mother has used them she will use nothing else. Concerning them Mrs. Saluste Pelletier St. Damas des Aulaines, Que., writes:—"I always keep a box of Baby's Own Tablets in the house. They are the best medicine I know of for little ones and I would not be without them." The tablets are sold by medicine dealers or by mail at 25c a box from The Dr. Williams' Medicine Co., Brockville, Ont.

LAKE MURRO

Mr. S. F. Purdy, of Deep Brook, is visiting Mr. and Mrs. Austin Nass.

Mrs. S. Wambolt and little granddaughter Reta, spent a couple of days in West Springhill.

Mr. Rufus Wentzel and Mrs. Sarah Mollman spent Sunday in Millford the guest of Mr. and Mrs. Allison Wentzel.

Mr. Donald Nass and Mrs. Chas. Sullivan spent Sunday in Victoria.

Miss Hilda Hubley and her sister Hazel were the Sunday guests of Mr. and Mrs. Isiah Fancy.

IN YOUR OVEN

That's where you make the final test of ANY Flour. Try REGAL for your next baking

It's Wonderful for Bread

TO HIM WHO PLANTS A TREE.

Perhaps Our God has somewhere made a thing

More beautiful to see

Than a majestic tree;

But if He has I think it grows

In Heaven, by the stream that flows

Where whiter souls than ours do sing.

Who plants a tree, he is akin to God,

In this impatient age

Where quick returns engage

The fevered service of the crowd,

In reverent wisdom he bowed

And hides his purpose in the cloud.

The blessed man that plants a long-lived tree

That shall grow nobly on

When he is dead and gone

He seems to me to love his kind

With true sincerity of mind

He seems to love his fellow yet to be.

Above his grave the sun shall flush and fade,

The Seasons come and go

And storms shall drive and blow;

But sun and rain that from his tomb

Efface his name, renew the bloom

And glory of the monument he made.

We have been blessed with beautiful weather and most welcome after rather a cold fitful September.

22-6

QUARTER MILLION WENT UP IN FLAMES.

Ottawa—Over three thousand lives lost and insurable property in excess of \$250,000,000 destroyed in Canada's fire loss for the past ten years.

This is the announcement contained in the governor-general's proclamation designating October 2nd to 9th as fire prevention week.

For the year 1921 alone the loss amounts to 350 lives and property to the extent of \$45,000,000.

The proclamation states this to be unparalleled and draws attention to the enormous and inevitable increase from year to year.

This week a campaign is being carried on to try and get the public better informed as to these facts and to teach proper methods of prevention.

To this end all schools, factories and theatres have been circulated with pamphlets, enumerating the above facts, common causes of fire and precautions that should be taken to prevent them.

UPPER GRANVILLE.

Mr. Ralph Berry has sold his property to Mr. Borden again, bringing new neighbors, making the fifth change in less than a dozen years.

Mr. and Mrs. Berry's short sojourn has been much appreciated and many regrets are expressed at their departure.

We bespeak for them "Good luck" wherever fate directs their steps and they may still prove themselves loyal citizens of the land of their birth.

Mr. and Mrs. Herman Gillis, of Yarmouth, made a brief tarry with relatives here recently. Miss Violet Gillis returned with them for a short vacation.

Mr. and Mrs. Jack of Sydney, C.B., and Mr. J. Corbett, Port Lorne, were late guests of Mr. and Mrs. A. Clarke.

Safe, Clean Cooking

SAFE, because the oil tank is away from the heat, and because the height of flame cannot vary. Clean, because there are no wicks to smoke or need trimming.

Burners can be regulated to give degree of heat desired, and when not in operation are left completely up out of oil contact. The asbestos lining and dead air space, and glass door of "Success" oven ensure heat retention and visible baking.

An economical cooker and baker, beautiful in appearance.

Local Happenings

We understand that Mrs. H. E. Piggott will rent two furnished flats of her house on Church Street.

Mr. and Mrs. C. S. Bothamley were rendered a shower last week at the home of Mr. and Mrs. Frank Fowler which was attended by a goodly number of the friends of this popular couple. The evening was very pleasantly spent in a social way.

The fire department was called out about seven o'clock on Monday morning by an incipient fire in the residence of Mr. T. B. Chipman, South St. The fire started under the grate in the sitting room and made considerable smoke. It was located accurately by Mr. Chipman who applied water while awaiting the firemen. The damage done was not great.

The Editor and family enjoyed toothsome roasts and juicy steaks of moose meat last week from antlers commandeered of the woods which got within range of the unerring rifles of Messrs. Arvid Beeler and Vinton Lloyd. Thanks, brothers, you are both good sports and your thoughtfulness and kindness were appreciated to the full.

On Wednesday Hollis Lytle, wife and two children, of Mastock, Hants County, motored to town to visit their friend, Mrs. Elias Piggott, Thursday, accompanied by Mr. and Mrs. Piggott. They went to Annapolis to take in the exhibition. Mr. Lytle was very much pleased to look over the grounds and examine old relics of the Fort. He said it was worth the trip to see them alone.

The Baptist W.M.A.S. held a Crusade Day meeting last Tuesday afternoon which was well attended. An interesting address on India was given by Miss Cora Elliott of Clarence, a prominent returned missionary. There were also musical numbers including a duet by Mrs. Abner Williams and Mrs. Eugene Saunders. Solo by Miss Ethel Harding. The meeting was followed by a very enjoyable tea.

SUCH PAINS AS THIS WOMAN HAD

Two Months Could Not Turn in Bed. Lydia E. Pinkham's Vegetable Compound Finally Restored Health.

Seattle, Washington.—"I had dragging pains and could not stand on my feet, then I had chills and fever and such pains in my right side and I heard my name. I could not turn myself in bed and could not sleep. I was this way for over two months, trying everything, but I was told me, until my doctor brought me a bottle of Lydia E. Pinkham's Vegetable Compound. I took it regularly until all the bad pains had left me and I was able to be up and to do my work again. The hard lump left my side and I feel splendid in all ways. I know of many women it has helped."—Mrs. G. RICHARDSON, 4640 Orcus St., Seattle, Washington.

This is another case where Lydia E. Pinkham's Vegetable Compound brought results after "trying everything any one told me" had failed.

If you are suffering from pain, nervousness and are always tired; if you are low spirited and good for nothing, take Lydia E. Pinkham's Vegetable Compound. You may not only relieve the present distress, but prevent the development of more serious trouble.

THREE MASTER GROUND DURING HEAVY FOG

The three master schooner Minns King, Capt. Randall, bound from Windsor to New York with a cargo of plaster, went aground at Young's Cove last week during a dense fog.

At the time of grounding the tide was two hours on the ebb and a very light southerly wind prevailed. The vessel was lightened slightly and got off with the next tide proceeding to Parysboro for a survey and repairs of damage done which was considered slight.

With a sudden change of wind to the North such as often comes in Autumn months, the vessel would not have been so fortunate, but would, no doubt, have pounded to pieces on the rocks.

POPULAR CAPTAIN OFF TO SEA AGAIN

Capt. William Willett, of Round Hill, who has spent several months at his home there has once more heard the insistent call of the deep sea water, a call which the mariner who has sailed the "seven seas" finds hard to disregard, and leaves this week for New York, where he will receive command of a large ocean-going steamer. Everyone is sorry to lose the genial captain for another period, but join in wishing him a repetition of his invariable success as a deep sea navigator and a safe return to the old home port at Round Hill.

MONTHLY CONCERTS FOR THE WINTER

These Are Suggested Again For Hospital And County Home Inmates--We e Much Appreciated

It will be recalled that last year commencing with Christmas, the Churches of Bridgetown gave monthly entertainment. It is much to be hoped that this may be repeated this year. We feel sure it would be those giving the entertainments could begin to know how much their kindness and efforts are appreciated by those for whom they are promoted, viz., the Hospital patients and the Home Inmates. The writer of this item has been asked again and again within the past six months by the inmates—"Are we going to have our entertainments again in the Hall like we did last year?" or, "They were fine concerts we had last year; can we have them again?" or, "I suppose you will soon begin to come up to the Hall to give us some music." These are but simple questions which go to show that a little such brightness means to what these lives.

But such efforts need not be confined to the Churches as such, or Bridgetown.

There are many groups of people—young people especially in town and country, who might well organize themselves and devote the necessary time to give just such an evening would delight the subjects of the article.

Either Superintendent Hiltz or Myers would gladly give any help by way of suggestion or otherwise. The heartily think all those who in the past have helped in the way suggested above and express the hope that they may do so again but they all appeal to many others who might well augment these efforts. They are fully aware that there are difficulties—so many other things demanding attention, and that they all take time and trouble, but this is one of those unselfish things that is really worth while.

FALKLAND RIDGE

Miss Cora Elliott, returned missionary, spoke to the W.M.A. Society, the Baptist Church here on Tuesday evening and also the Mission Band. She also gave an exhibit of Indian costumes and jewels, curious of kinds, which were very interesting both young and old.

Leander Rafuse left on Friday night for Bridgetown on his return to home at Weston, Mass. He was accompanied as far as Bridgewater his niece, Theresa Rafuse.

Andrey Marshall and Margaret Stoddart, spent the week-end at Aylesford, guests of Mrs. Wesley Angers. They were accompanied as far as Middleton by Miss A. Cochrane.

Mr. and Mrs. Henry Allan Cochrane, daughter, Myrtle, spent the week-end at Albany at the home of Mrs. Allan mother, Mrs. M. Sheridan.

Mr. and Mrs. Milledge Charlton, Lake Pleasant, spent Thursday, of Mr. and Mrs. Robert Swallow.

Willard Swallow, who has spent the Summer at Midland, Ont., is arrive home on Saturday 14th.

Roland Marshall spent Sunday evening at his home here, returning Middleton Monday morning.

Jacob Stoddart, who has been, week, with relatives, at Torbrook, turned home on Thursday.

Mrs. Louisa Mason, of North Sprucefield, spent the day, guest of Mrs. P. Charlton on Thursday.

Samuel Sproule, of Hanover, Mass. is visiting his brother's here, and newing old friendships.

Horace Brennan, of Aylesford, spent a few days at the home of Mr. Hart Marshall.

CANON TROOP SAYS CLASH MUST GO

At both morning and evening services on Sunday last, Canon G. Troop spoke to large audiences. His Giles Church, Montreal. In the morning attention was drawn to his prophecy and the present world conditions and after quoting Scripture from several portions of the Bible stated that a conflict between Moslem world and the Anglo-Saxons was bound to come sooner or later.
