Republicans Claim 19 Congressional Seats to 14 For the Democrats—News From the Eastern States Favors Republicans, While the South is Democratic as of Yore—The Far West Not Heard From to Any Extent.

About 10 o'clock last evening these bulletins arrived from New York: The Evening Journal (Democratic) issues an extra conceding Roosevelt's election. The Daily News (Democrat) practically concedes the election of Roosevelt. The Evening World (Democrat) is out with an extra declaring that Roosevelt is elected. Perhaps no former electoral contest in the United States excited so much interest in Toronto as that of yesterday. The World telephones were kept ringing constantly from about 5.30 till 11 p.m., everyone asking for returns. The election of Roosevelt was a surprise to many, but many others expected it and said, "I told you so!" While it may be conceded that national politics—principally the money question—had a good deal to do in the contest, the Chicago Inter-Ocean gave it out yesterday with no uncertain sound that the matter of sound money was the principal issue in Illinois, and it is safe to say that New York Republicans fought on the same line. Yesterday's result, too, was important because the composition of the Senate of the United States was involved to a great extent, as shown below. One circumstance that doubtless had considerable weight in the New York contest was that The Sun newspaper, hitherto Democratic, fought side by side with the conservative old Tribune for Republican principles.

### WHAT THEY VOTED FOR.

The voters of all except three of the forty-five states—Maine, Vermont and Oregon—went to the polls. The forty-two states elected Congressmen. In Alabama, Arkansas, Georgia, North Carolina, Rhode Island, Virginia, Kentucky, Louisiana, Maryland, Mississippi and West Virginia only Congressmen were chosen. Twenty-three states elected Legislatures, which will name United States Senators. These are California, Connecticut, Delaware, Florida, Indiana, Massachusetts, Michigan, Minnesota, Missouri, Montana, Nebraska, Nevada, New Jersey, North Dakota, Pennsylvania, Tennessee, Texas, Utah, Washington, Wyoming, Wisconsin and West Virginia. The following states selected Governors and state officers: California, Colorado, Connecticut, Idaho, Indiana, Kansas, Michigan, Minnesota, Nebraska, New Jersey, New York, Nevada, New Hampshire, Massachusetts, North Dakota, Pennsylvania, South Carolina, South Dakota, Tennessee, Texas, Wisconsin and Wyoming. The others—Illinois, Iowa, Florida, Delaware, Missouri, Montana, Ohio, Utah and Washington—voted for treasurers, auditors or other minor state officials.

### IT WAS A CLOSE THING.

The Battle in New York State Was One of the Hottest of Many Hot Political Battles. New York, Nov. 8.—At 11 o'clock the indications were that Theodore Roosevelt, the Republican nominee, has carried the state by a plurality over Augustus Van Wyck of about 20,000. The total Republican vote when compared with that for Governor Black in 1893, of about 14 per cent. In the municipality of New York the old-time Democratic majority was approximated, Van Wyck's vote being about 80,000 greater than that of the Republican candidate. This latter result was

state are incomplete and in some cases are missing altogether. The indications, being computations upon the figures at hand, point to a Republican plurality in the counties above the Harlem of about 100,000, to offset which the Democrats can produce only the 80,000 plurality of Greater New York. The soldier vote will not be counted until Dec. 1, but it is not likely that the ballots from the camps will materially alter the result. There would seem to be the greater probability that the majority for Roosevelt will be increased. The figures on congressmen are not accessible at this hour, but there are indications that the Democrats have made some gains in New York city districts. Little is known as to the votes for the

THE VICTOR.

THE VANQUISHED.

Theodore Roosevelt is known as a man who walks around with a chip on his shoulder. Once in a fight, he fights to win, he is in politics or war. As commander of the Rough Riders in the Spanish war he showed bravery and has been idolized as "Tough Rider Teddy." He is a millionaire and a cowboy. He was Assistant Secretary of the Navy and has been often in print. He is a fire-brand, a versatile genius, a live, high-pressure man.

Augustus Van Wyck was a judge in the State Supreme Court and resigned to go into the political fight. He is a brother of Robert A. Van Wyck, Mayor of New York, who hob-nobbed with Croker and the Tammany party. He is a student of politics, rather than a politician. He was in the Navy and has been often in print. He is the Kipling of the book, but "Teddy" was the Kipling of the bayonet, and won

helped in some measure by the result in the borough of Brooklyn (Kings County), which in 1896 gave Black, Republican, a plurality of 23,882, but to-day gave a Democratic plurality of about 16,830. Brooklyn is the home of Judge Van Wyck, but this fact does not wholly explain the general reversal of pluralities, which is possible is attributable to the lukewarmness of the friends of Jacob Worth, who was deposed from the chairmanship of the County Committee as a consequence of his opposition to the plans of Senator Platt in the majority contest last year. The returns from many counties up the

lodging houses are located. The number of arrests made was below rather than beyond the record of a general election and in many cases the occasion was found to be in the carelessness of registration clerks. Fights at the polls were few and easily quelled. There was no friction between deputies and police, one lending assistance to the other in the preservation of order. On the streets down town there were the usual election night noises and scenes. Returns were displayed in front of the newspaper offices and in numerous public places. Democrats' good naturedly accepted the fact of the defeat of their state ticket, which was apparent from the returns displayed early in the evening, and found what compensation they could in the result in the city.

### AFTER THE POLLS CLOSED.

Newspaper Offices Besieged by Crowds, Who Watched the Bulletins With Eager Interest. New York, Nov. 8.—Shortly after the polls closed the crowd began to assemble in front of the newspaper offices on Park Row to watch the bulletins announcing the returns. They were flashed at intervals of ten or fifteen seconds. In less than an hour the thoroughfares from the Brooklyn Bridge entrance to the postoffice was thronged with thousands of men and women. The street cars and mail wagons were blocked with the unusually large assemblage, and the police had plenty of work to keep the sightseers from being injured when the vehicles made their way slowly through the cheering mass of humanity. The earliest returns from the city districts favored Roosevelt, and the warrens of the "Rough Riders" button sent the air with yells of victory. A little later, when the bulletins announced the pluralities in the city proper for Van Wyck and the gain in the adjoining boroughs, the Tammany cohorts took an inning. Hoarse shouts, cheers and din of fish horns greeted the tidings, which were flashed from a dozen stereopticons. "Van Wyck will win sure," were the en-

The Aged and Popular Officer Succumbed After a Long Illness.

Disease of the Liver, Brought on by Exposure While Doing Military Duty in India—Was With Walseley in the Red River Expedition of 1870—Also Went to the Northwest in 1885.

Kingston, Ont., Nov. 8.—Lieut.-Col. Straubenzie, formerly D.O.C. of Military District No. 4, died this evening from an attack of pneumonia. He saw service in India, and was an imperial officer for years. His family reside here, and two sons are military officers—one being an attached officer of the Royal Military College, and the other connected with the Imperial forces. Both sons are graduates of the same institution. Col. Straubenzie was in the Red River expedition of 1870, and later, in 1885, went to the Northwest. For a number of years back he has been a retired, but a most popular, officer. Lieut.-Col. Straubenzie was a liver affection, contracted while engaged in military duties in India and China.

Indemnities Returned Against Many Canadian Insurance Companies.

Ohionati, O., Nov. 8.—The Grand Jury of Keaton County, Ky., sitting in Covington, Ky., to-day returned indictments against 33 of the leading fire insurance companies of the United States, Canada and England. The indictments charge that the companies have formed an unlawful pool to prevent free competition among all insurance companies, and their agents doing business in Covington, and thus extort a greater premium rate than otherwise would have to be paid.

The Truce of the Eagle. I'm writing this here in the old drill hall, which was built by the people to shade our brave volunteers, who were called out to fight—the time of the Fenian Raid. I've been reading the truce of the Bear, and I fancy it's perfectly legal.

For me to express with considerable stress, that I doubt the truce of the Eagle! Do I do that bird an injustice? Was I in the country of the emeralds? When I saw him charging the Lion, and the most blood-curdling screams? How he shrieked for Mr. Monroe! But now he's looking quite pleasant.

I tell you, young fellow, you'd better watch out, for the eagle that looks like a pheasant!

When the Bear was very pugnacious, and the French and Germans looked wise, that bird was bothering the Lion, and trying to pick out his eyes.

But now he is learning to cackle, and he looks quite friendly—'and when—' You'd better watch out, young fellow, for the eagle that looks like a hen!

His voice is mellow as music; it hath a most unctuous "quack." I hope it's all in good earnest, but I won't take anything back.

I'm joking you, Mr. Caneack, I hope you will listen, my buck— Keep your nose to the wind, and keep your eye skinned, for the eagle that talks like a duck!

## CABLE NEWS IS SCANTY

Rumor Again Revived That Britain Intends to Take Charge of Egypt—London Times on the Doings of the Peace Commission—Emperor William in the Holy Land—Other Items.

Again this morning cable news is somewhat scanty. Again the suggestion is revived that Great Britain is getting ready to take hold of Egypt, and it is said none of the powers except France would raise objection. A majority of the British Cabinet is said to favor such a proceeding.

The London Times makes comments on the attitude of the United States in regard to the Philippines, and says that Uncle Sam has gone so far that he cannot now recede. Then The Thunderer criticizes the American policy regarding Porto Rico.

The Emperor of Germany continues making himself agreeable to people in the Holy Land.

THE PEACE COMMISSION. Their Sitting Yesterday Will in No Way Modify the Spanish-American Situation.

Paris, Nov. 8.—The Gaulois this morning, referring to today's sitting of the Peace Commission, says it will in no way modify the Spanish-American situation, "as the American commissioners have orders to await further instructions from Washington."

The Gaulois then says those instructions will depend upon the results of the elections, which the paper mentioned thinks will be favorable to the Republicans, adding: "The American Government will eventually recognize that peculiar compensation is due to Spain for the evacuation of the Philippine Islands and the negotiations will continue and be brought to satisfactory conclusion in a friendly spirit."

CANNOT RETREAT NOW. The United States Has Gone So Far on the Philippine Question That No Back Step is Possible.

London, Nov. 9.—The Times says this morning: "Whatever with the United States, the Administration has gone too far to retreat on the Philippine question. The American reply may perhaps modify the original proposal, but there is no doubt the main demand will be pressed to a successful conclusion."

"It is impossible not to feel sympathy with Spain, and we trust that, on the financial side, the Americans will show themselves generous towards a fallen enemy."

After expressing satisfaction that "fraternal misunderstanding will be avoided by the immediate adoption of a solution, which was ultimately inevitable," The Times says:

"We trust that America has learned to appreciate the fact that commercial restriction and imperial expansion do not thrive together. But it must be confessed that our sympathy with the Americans in their new course suffers a great strain by the regulation of trade at Porto Rico, which reads as if borrowed from the British Navigation Acts, which the Americans found so oppressive."

The editorial concludes by expressing the opinion that the new policy and the promising economic situation will prevent any recurrence of any acute currency crisis."

EMPEROR WILLIAM DISPLEASED Over Several Incidents in His Trip to the Holy Land.

Beirut, Syria, Nov. 8.—Emperor William is much displeased over several jarring incidents of his trip to Jerusalem.

The reply of the Vatican to his notification of rights acquired at Mount Zion is considered extremely curt; while on all important occasions the French Consul General attended in "jortie" as asserted France's guardianship of holy places.

Moreover, it appears that the Sultan practically took forcible possession of the land he presented to Emperor William, the owner objecting to sell ecclesiastical property.

The authorities here tried to clear the harbor of all shipping yesterday in view of the arrival of their German Majesties, but the steamers of the Messageries Maritimes, the French Steamship Company, refused to leave.

Reviewed the Turkish Garrison. Damascus, Nov. 8.—The visit of Emperor William and the Empress Augusta Victoria to Damascus has proved most successful and interesting. Their Majesties have visited the principal sights. This afternoon Emperor William reviewed 6000 men of the Turkish garrison, the review ending with a picturesque fantasia by Bedouin mount- ed on horses and camels.

This evening a grand banquet was given in the Emperor's honor. The city was brilliantly illuminated, and the streets and squares were filled with enthusiastic crowds.

Emperor William has telegraphed to the Sultan an expression of his great gratification at the cordiality of the welcome.

STEAD ON THE CZAR. A Wide Grasp of an Immense Range of Facts and a Remarkable Memory.

London, Nov. 8.—W. T. Stead, writing to The Daily News from Sebastopol, after having had an interview with the Czar at Livadia, reiterates his conviction of the earnestness and sincerity of the Czar's purpose in proposing disarmament.

Mr. Stead says it is impossible to repeat the conversation, but he adds: "But my opinion is summed up in a remark which I made to a princess of the court, who, meeting me, as I was leaving, asked me: 'Well, what is your opinion?' I replied simply: 'I thank God for him. If he is spared to Russia, that young man will go far.'"

Mr. Stead adds that he found the Czar possessed of exceptional rapidity of perception, united with a remarkable memory and a very wide grasp of an immense range of facts.

IT WAS MANSLAUGHTER. A Domestic and a Christian Scientist Killed Harold Frederic. London, Nov. 8.—The coroner's jury which has been investigating the death on Oct. 19 last of Harold Frederic, the correspondent of The New York Times, rendered a verdict to-day of manslaughter against Kate Lyon, a member of the late Mr. Frederic's household, and Mrs. Mills, a Christian scientist.

MARCHAND IS VERY SORRY He Started to Carry the French Hand-Grip Across Africa and Now the Whole Game is Up. Cairo, Nov. 8.—Major Marchand, in a speech delivered at the French Club last night, expressed great sorrow over the abandonment of Fashoda. His expedition, he said, had started to carry the French hand grip across Africa to the French of Egypt, who, if few today, would be numerous to-morrow, forgetting nothing and abandoning nothing.

ADDED TO HIS CRIMES. Unknown Burglar Includes on His List of Misdoings an Attempted Murder. Vancouver, B.C., Nov. 8.—An attempted murder is another crime which an unknown burglar has added to his list of other misdoings. The residence of Major Louis H. Johnson, master mechanic of the Canadian Pacific Railway, was entered last night. Young Ernest Johnson happened to go into a dark passage, when a shot was heard. The boy cried, "I am shot" and the next instant a revolver was crushed into his face. Fortunately this was the only injury, the boy received, as the shot passed through his coat. The burglar got away.

A Run With the Hounds. There was a good turnout of the Hunt Club yesterday, the meet being at Rosedale. About 55 in the saddle were given a lively chase to the north, crossing the Don several times, finishing up at Davisville. Mr. Osborne was shaken up with a spill, but not seriously injured.

THE ROUGH RIDER HAS WON THE RACE

Continued From Page 1.

Encouraging words which were passed along the line.

The more conservative Democrats watch the tall-tale figures as they appeared on the several sheets of canvas, and that the city vote was a bit behind expectations.

A prominent Whelan leader said:

"Van Wyck is beaten, and New York City has defeated him. The vote of the State for Roosevelt will smother out local advantage, and I think the Colonel will win by 20,000 at least."

That this man had scrutinized the returns carefully was soon clearly demonstrated, when one of the leading Tammany newspapermen conceded the victory of Roosevelt by 40,000 plurality. This concession was hailed with delight by the followers of Col. Roosevelt.

At 9 o'clock the Democrats began to give up all hopes of success, and began to figure how far ahead their opponent's ticket would go. Rough estimates were made that Roosevelt would win by from 25,000 to 30,000, but some of the more sanguine Democrat organs kept flashing the cheering news that Van Wyck's majority in Greater New York would mean that Roosevelt's lead in the rest of the State.

Those claims only softened the sting of defeat, and very soon the bulletins showed the Roosevelt lead won. The utmost good feeling existed during the night among the thousands of spectators, and when the assembling melted away, the political officials said with one voice in Washington, where Col. Roosevelt has spent half a dozen years as Civil Service Commissioner and Assistant Secretary of the Navy, and where he is well known. But the chief interest, of course, centered in the completion of the next House.

Elaborate preparations for receiving the election returns from the five boroughs were made at police headquarters in the big marble building, 37 special telephones were placed, each being connected with one or more stations in the various boroughs. A force of clerks was stationed at their instruments. The results of the election were received by the wires they were transmitted to paper and sealed in envelopes, were passed up two flights of stairs by an endless chain of policemen. The figures were there given to another force of forty clerks, who consolidated them into assembly districts or wards. Messages were carried most of the election figures to the office of the commissioners.

A special wire from the office of the Western Union Telegraph Company was connected with an instrument in the board room, and over this was received the news of the results in the various districts throughout the State.

ROOSEVELT NOTIFIED.

Newspaper Men Went Down to Tell Him of His Success—Would Give No Outline.

Oyster Bay, L.I., Nov. 8.—Col. Roosevelt was notified tonight of his victory by a telegram from Chairman Odell of the Republican State Committee, saying he had been elected governor by 20,000 to 40,000 plurality.

Col. Roosevelt was at his house in Cove Neck, surrounded by his family and some friends. After arriving home during the afternoon from the city, he spent the evening quietly waiting for the news to come in. News reached the telephone office in Oyster Bay before the dispatches from New York were sent to Col. Roosevelt's house.

A party of newspaper men, as soon as the first information came that he had been elected, drove to his home to be the first to congratulate him on his success as Governor of New York State. Mr. Roosevelt was asked to make a statement, outlining his future plans, but he laughingly replied that he wanted to be first sure that he had been elected, and did not care to say much until he received the official news from the State Committee. He was elected. Col. Roosevelt was congratulated by those present and during the night and up to the time the telegraph office closed, and the receipt of congratulatory telegrams for the successful candidate.

THE MIDNIGHT REPORT.

Majority for Rough Rider Roosevelt is Anywhere From Eighteen to Twenty Thousand.

New York, Nov. 8.—(Midnight).—Theodore Roosevelt, late colonel of the First United States Volunteer Cavalry, has been elected Governor of this state by a plurality anywhere from 18,000 to 20,000. All Col. Roosevelt's associates on the Republican state ticket are probably elected with him. The returns both from Greater New York and from the country districts of the multiplicity, are incomplete, but enough have been received to indicate a heavy falling off in the vote up the state, while that in the city was maintained. The consequence is a falling off in the Republican plurality in the state from 222,000 to the approximated figures given above. There appears to be a loss of four Republican congressmen in the Republican districts, the 2nd, 4th, 5th and 6th. Congressman Quigg, who had a majority of about 900 in the election last year, has been defeated by William Astor Chanler.

What the Senate Will Be.

New York, Nov. 8.—At 10:50 o'clock the State Senate will probably stand 37 Republicans and 23 Democrats. The last senate contained 35 Republicans, 14 Democrats and one Independent.

The delegation to Congress from this state stands: Republican 19, Democrat 14, and one district missing. In the last election it stood: Republican 23, Democrat 8.

Returns Up to Past Midnight Show 85 Republicans and 149 Democrats Elected.

New York, Nov. 8.—Returns received in the Associated Press office in this city from all over the country up to 1:30 this (Wednesday) morning, indicate that 85 Republicans and 149 Democrats have certainly been elected to seats in the National House of Representatives. The same number of years ago returned to the Lower House of Congress 105 Republicans and 39 Democrats. Based solely on the estimates, the gain is 80 and a Democratic gain of 21 is indicated. These estimates concede to the Democrats all of the congressional districts in Greater New York, except one, the 15th.

Nothing to Be Said.

New York, Nov. 8.—At 10:50 o'clock tonight, Justice Van Wyck sent a message to the crowd of newspaper reporters who had been waiting outside his house for several hours. The message was simply: "There is nothing to be said."

Platt Is Happy.

New York, Nov. 6.—At the Republican headquarters Senator Platt was asked what he thought was the reason for the general increase in the Democratic vote in the cities of the state and of the Republican vote in the country districts.

"I think it was due to the Baines law," he replied.

"It was unpopular in the cities I think, and was liked by the country people."

"Col. Roosevelt," he continued, "is the only Republican who could have carried the state. His splendid canvass won him the election. His canvass was wonderful. It is the most wonderful thing in the history of politics. No other man would have had the endurance to get through the work he has gone through."

AT WASHINGTON.

The President and Many Others Went Home to Vote, But There Great Interest Was Shown.

Washington, D.C., Nov. 8.—Intense interest was manifested in the election returns here tonight. The reports of the various State and Congressional district campaigns, to which so much attaches in Washington, attracted thousands to the bulletin boards in front of the newspaper offices. The theaters and clubs received bulletins, the two Congressional headquarters had special wires a long distance telephone, there were those who were figuring up the result of the battle for the control of the next House of Representatives.

Many of the cabinet officers and higher officials of the Government had gone home to vote, and owing to the absence of the President, who was not the brilliant gathering of political notables at the White House which assembled there frequently on similar occasions in the past. But the returns were received at the White House, and closely tabulated.

Perhaps in no city in the country outside of the Empire State was the result of the gubernatorial contest watched with such interest as in Washington, where Col. Roosevelt has spent half a dozen years as Civil Service Commissioner and Assistant Secretary of the Navy, and where he is well known. But the chief interest, of course, centered in the completion of the next House.

Carolina All Democratic.

New York, Nov. 8.—Returns from South Carolina show that the Democrats have carried the seven congressional districts of the state.

Texas Is Unchanged.

New York, Nov. 8.—Returns from Texas indicate that the Democrats have carried all of the 13 congressional districts of the state, except the tenth, where R. B. Hawley, Republican, is probably elected. This leaves the Texas delegation politically unchanged.

Connecticut Remains the Same.

New York, Nov. 8.—Returns from Connecticut show that the Republicans have carried all of the four congressional districts in that state. This leaves the Connecticut delegation unchanged politically.

Iowa Is Republican.

Des Moines, Iowa, Nov. 8.—The chairman of the Republican State Committee says the state has gone Republican by 50,000.

Ohio Delegation Unchanged.

Columbus, Ohio, Nov. 8.—Returns indicate a Republican plurality of over 60,000. The Congressional delegation will likely remain unchanged: Republicans, 15; Democrats, 10.

Buffalo City Democratic.

Buffalo, N. Y., Nov. 8.—This city gives Van Wyck about 2500 majority.

Democrats gain one Congressman in the city, R. B. Mahany (Republican) being defeated by 700.

Florida Heard From.

Jacksonville, Fla., Nov. 8.—The vote today, judging from returns now in, is from 10 to 20 per cent. lighter for both parties than in 1896. The whole Democratic ticket is elected.

Democrats Gained Two.

Baltimore, Md., Nov. 8.—The Democrats here gained two Congressmen in Maryland.

Alabama Democrats Gain.

New York, Nov. 8.—Returns from Alabama show that the Democrats have carried all of the nine Congressional districts in that State. This is a Democratic gain of one.

Result in Brooklyn.

New York, Nov. 8.—Brooklyn, complete, gives Van Wyck 99,081, Roosevelt 62,255.

New Hampshire Republican.

Concord, N.H., Nov. 8.—Rollins (Republican) will have 9000 majority as Governor.

Wolcott in Massachusetts.

Boston, Mass., Nov. 8.—Wolcott (Republican), for Governor, has from 55,000 to 60,000 plurality. Republicans claim ten of the thirteen Congressmen.

Connecticut Goes the Whole Ticket.

New Haven, Conn., Nov. 8.—The entire Republican ticket was elected in this State by from 15,000 to 20,000.

Louisiana Solidly Democratic.

New York, Nov. 8.—Returns from the six Congressional districts of Louisiana show the election of Democratic Congressmen. The Louisiana delegation is therefore solidly Democratic as before.

Georgia Same as Before.

Atlanta, Ga., Nov. 8.—Congress: All the Democratic candidates are elected in Georgia.

Election Notes.

Hornellville gives Van Wyck 83 majority. Two years ago it gave Black (Republican), 200 majority.

Rochester gives Roosevelt (Republican) 420 majority. Two years ago Black (Republican) had a majority of 4300.

No Change in Ohio.

Columbus, Ohio, Nov. 8.—At midnight Chairman Blacker of the Democratic State Committee conceded the state to the Republicans by over 40,000 plurality, and Chairman Daugherty of the Republican State Committee claimed the state by 60,000. The Ohio Congressional delegation remains the same as at present, 15 to 6, each party carrying precisely the same districts as at the Presidential election two years ago.

How It is in Illinois.

Chicago, Nov. 8.—At 10 o'clock the indications were that the Republicans had elected their entire state ticket, but the figures were coming in slowly from outside Chicago, and nothing could be estimated with accuracy. The Democrats in many counties have gained the vote of 1896, and they have apparently secured several Congressmen in Cook County, and some outside of it.

Result in Massachusetts.

Boston, Mass., Nov. 8.—After a canvass confined almost entirely to Congressional districts and without state issues, the Republicans have again carried Massachusetts and elected Roger Wolcott Governor for the fourth time, as well as their entire state ticket, by a safe majority.

Governor Wolcott's plurality over A. B. Bruce, Democratic opponent, will be about 10,000, or 15,000 less than his lead last year.

Nearly all the interest in the campaign was confined to the 17th, Seventh, Ninth and Tenth Congressional Districts, and both parties fought hard on national issues, but the Republicans lost two if not three of their districts.

The Legislature will be but little changed.

of its present list, namely, 181 Republicans, 69 Democrats.

Result in Maryland.

Baltimore, Md., Nov. 8.—Full and semi-official returns from the city of Baltimore and partial returns from the balance of the state make it reasonably certain that Maryland has returned four Republican and one Democrat Congressmen after an extraordinarily close but entirely listless election. This is a Democratic gain of two.

Republicans Carry New Jersey.

Trenton, N. J., Nov. 8.—New Jersey has been carried by the Republicans and Foster Voorhees, the Republican candidate, is elected Governor by about 12,000 plurality. Essex County, which was concededly the fighting ground of both parties, has gone Republican by about 800, and both Houses of the Legislature will be Republican. This will ensure the election of a Republican to succeed James Smith, Jr., Democrat, in the United States Senate.

Hark, hark, the dogs do bark!

The lambs are coming to town, Some in rags and some in tags!

—Wall-Street Edition of Mother Goose.

If you had listened intently, you might have heard the members of the New York Stock Exchange singing that pretty ditty yesterday. For Secretary Ely of the Exchange officially quoted the price of membership in it at \$27,500 bid, and no seat was sold for more money than the original price offered for a seat in fourteen years.

There is no doubt that in one sense business on the Stock Exchange quickest reflects the general business of the country. When men and women, for that matter, have plenty of money, their very voracious human nature compels them to make it. So they hurry to Wall-street, and most of them are carefully shrewd.

Before Russell Sage's "Excess" Exchange cost nothing. That was a few years before Your Uncle Russell Sage went into the street, and the members of the original twenty-four members of the Exchange met, in clear weather, under a cottonwood tree in front of what is now No. 60 Wall-street. Without a pretence of a "Black Friday" and "Blue Monday" since then, it may be said that the days of the '80's, when George B. French paid \$40,000 for a seat in Wall-street; the lambs trudged thither in droves; you couldn't drive them home. The "Excess" was a sportsman, a well-to-do man, a sportsman, a well-to-do man, a sportsman. Then "easy come, easy go," marvelous words the tale of the "Excess" is told by the cashiers, clerks and boys in the various offices made by the brokers and their customers.

Dead Season of Low Prices.

But the times grew harder, the number of shares of stocks daily fell in and fell, and naturally, the price of a seat in Wall-street fell. Since 1893 business on the Exchange has been exceedingly dull. Since then, with a few exceptions during temporary booms, the members of the Exchange have been less than 100,000. It was calculated that, at this rate, not enough money would be coming in to support a stock to afford to the shareholders a gross income of \$15 a day. And that if every share of the 100,000 or so was subject to a dividend of \$100, the total dividend of \$10,000,000 would be paid out for stockholders.

Lambs Flooding in Again.

According to the report of the New York Stock Exchange for 1896, only 51,000,000 shares were dealt in for the year. The price of a seat was \$15,000, in good stead. Another year, however, there have been double that. There being no lambs, the brokers had to play against each other; there was what they call an "inside market," a market where the skill of the gambler comes into play, and where the biggest brokers, with a few, but the richest, customers bet to them, can do about as they please.

But now, on the eve of the blessed year 1898, the price of a seat in Wall-street has risen to \$27,500, the highest paid in 14 years. Surely the frisky, eager lambs are gambolling toward "the Street," the "Excess" is being carried through the streets that cluster near the Exchange.

"Your swish luncheon, sir, roast beef, potatoes, another glass of wine, now, now; no foot that you are. A tenderloin with mushrooms and a small bottle, cold. And water, just ask the cashier what I owe him."

Boone's Uncertain Speed.

Boone's, whose uncertain racing helped to disfigure the Washington Park track, was a starter at Lakeside Monday in the second race, and on Saturday he picked up 110 pounds and simply ran rings round "Tommy" and "Monterey" and others. According to the report, he was made a 1-to-2 favorite over a field that included Dr. Sheppard, Topmast and others. He carried through the race, and on Saturday, while Topmast bore the same name, Dr. Sheppard carried through rounds more than the McGulgan cast-off, and most of the big bets were on Boone's even at the poor price of \$100 to \$1000.

Short Cycling Skirts O. K.

An argument in favor of short cycling skirts that was particularly opportune and forcible was presented yesterday at a meeting of the "Short Skirt Club" at the Hotel New York. The women present were wearing circular skirts that fell to their ankles when they stood up. The wind whistled through the folds of the skirts, and the women were very uncomfortable. One of the women said: "I think that short skirts are terrible. I don't think it looks well to see the long ones blowing all over. Sometimes someone will tell them what a show they are making of themselves, and they will see all skin like mine, and I expect finally to see all women wear them, because they are modest and make a good working rig."

Committee Won't Make Their Admission to Exhibition Association

A Condition of Lease Renewal—A Few Little Irregularities, Such as Business Without a Quorum, at Certain Meetings Yesterday—How Much Did Aberdeen Excite the City?—His Excellency is Gratified, Anyway—Yesterday at City Hall.

The assumption of aldermanic dignity with the gubernatorial party had its inevitable reactionary effect and there was a disposition to jolly and even a little irregularly present at the new meetings held yesterday afternoon.

The skirmish of the day was over the application of the Federated Building Trades and the membership in the Exhibition Association.

In accordance with a report of a sub-committee of the Parks and Exhibition Committee, a recommendation had gone on making it a condition of the renewal of the lease of the grounds, etc., to the association that one member of the Board should be a member of the Exhibition Association.

The Board of Control rejected the matter back on the ground that the recommendation was illegal, the Solicitor having declared that the membership in the Exhibition Association yesterday afternoon, by special favor of a quorum, the chairman was enabled to re-introduce the subject to the Board.

The latter, upon enquiry from Solicitor Caswell, who was present, had found out that the latter was only a "dubious" member of the Exhibition Association.

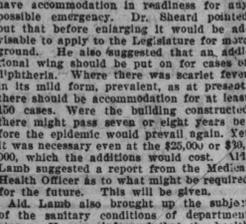

The committee saw no particular objection at first to the representation, but it was pointed out that the membership was regulated by statute, which enabled certain institutions to be represented.

"We are making new terms," said Ald. H. Graham, "and I see no reason why we should not make this one of them."

Ald. Davies felt that members of Council should be all entitled to membership in preference to the other institutions.

THE CRIMINAL COURT.

Caruso Freed—Robinson Lectured—Dr. Geer Honorably Acquitted—Mrs. Beasley's Case not Finished.

Before Chancellor Boyd, in the Criminal Assizes yesterday, the jury in the case of Frank Caruso, the Italian fruit peddler, charged with manslaughter in running over Tommy Jenkins, returned a verdict of not guilty, and Caruso was discharged.

George Robinson was then tried on a charge of manslaughter in running over Mrs. McGee, his sister, wife of Edward McGee. On Saturday night, Oct. 8, the McGees were disturbed by Robinson visiting their home at 27 Bulwer-street in an intoxicated condition.

The next case was that of James De Geer of Uxbridge, who was charged with perjury. He was a voter at the last Provincial election on March 1. He took oath that he was 21 years of age and had lived in Uxbridge for a certain length of time.

Mrs. De Geer entered the box, and swore that the prisoner was born on March 23, 1876, and also exhibited at the trial a family Bible to corroborate her statements.

His Lordship ordered a verdict of not guilty, and De Geer left the court room, as the judge told him, without a stain on his character.

In the afternoon the trial of Mrs. Mary Beasley of 143 Adelaide-street west, charged with manslaughter, commenced, but was not finished when the court rose.
