FRENCH FIGHT BATTLE IN PANTHEON DISTRICT

Germans in Heavy Attacks Gain Footing in Advance Trenches, Only to Be Ejected—British Front Quiet.

Paris, May 25.—North of the Chemin des Dames, in the region of Bazancourt, the Germans in heavy attacks succeeded in entering French first line trenches, according to the French official communication issued this evening. The greater part of the captured ground later was retaken by the French in counter-attacks, says the statement, which follows: "Following a very heavy bombardment of our trenches to the northwest of Braye-en-Laonnois, the Germans threw forward three strong columns in an attack against a salient in our line to the north of Chemin des Dames, near Pantheon. Notwithstanding bloody losses the Germans, after several hours of fighting, succeeded in securing a foothold in some points of our advanced trenches. We immediately started counter-attacks, which enabled us to recapture most of the elements occupied by the enemy.

NATIONAL GOVERNMENT FOR CANADA IN SIGHT

Rogers, Roche, Crothers, Burrell and Blondin May Retire, and Graham, Pardee, McCraney and Two Other Liberals Enter Cabinet.

By a Staff Reporter. Ottawa, May 25.—All signs point to the early formation of a coalition government, and several ministers of the crown have expressed themselves openly in favor of an immediate cabinet reconstruction. They do not wish to be quoted, but they have no hesitancy in saying that conscription is too big a thing for a partisan government to handle.

This reduction, Mr. Jones said, exceeded the expectations of the food control department.

TORONTO GIVES FAMOUS GUEST FINE WELCOME

Thousands Line the Streets to Honor Britain's Foreign Secretary.

VISITOR IS PLEASED

Distinguished Statesman Creates Splendid Impression Upon Cheering Crowds.

An enthusiastic Canadian welcome greeted the Right Honorable Arthur James Balfour yesterday afternoon upon his arrival in Toronto. While the reception lacked the vociferousness of an English or American one, the people of Toronto greeted their distinguished visitor by lining the route of the parade in thousands forming a dense mass in front of the city hall and parliament buildings, and giving voice to their welcome by hearty applause and considerable cheering.

Balfour's Back to the Wall

BY DR. QUILL

Arthur James Balfour! Guest with a thousand welcomes! Lovingship bearer to Uncle Sam! War pilot of the empire! Man of mystery and citizen of the world! Balfour, with his back to the wall!

Plain Arthur! For titles are mostly for men whom they fit. Lord This and Duke That wear their superlatives without a wrinkle. They match exactly. But a choice society of immortals has put away such finery. Witness the manly name—Arthur James Balfour!

In this he has enjoyed his usual good luck, for it has been his destiny to arrive where needed at the opportune moment. When neither the house of commons nor lords had a man sufficient for fiction-famine-charged Ireland, Lord Salisbury found him ready, although known and untried. The strong hand with which he enforced the Crimes Act was that of this man of destiny. Parliament in those days was dominated by orators, and Gladstone was peer. But this rising young statesman had the audacity to taboo eloquence and defy its master with merciless logic, comprehensive knowledge and unassailable facts. The success was as exasperating to his opponents as it was surprising to his friends. Thus he came into the world. It was the world that he had a long story to follow him thru his successes. The years did not follow one another more richly than the versatility of his genius. He was never the square block in the round hole. All of which prepared for his visit today as the heaven-sent prophet of humanity.

It is a good wager that Arthur James Balfour had long ago no such dreams or visions. No doubt he had his own forecasts of treaty alliances with France, Russia, and other allies. He was a patriot as it was his friendship with the United States. Furthermore, he must have shared with others the fears of war with the great aggressor and diplomatic tangles with neutrals. But he could be pardoned for not anticipating any disturbance in the old order of the world. With the victory no doubt he was ready, as in other days, to give the glories to cars and kings and princes, and of the residue to divide it according to the just claims of those most deeply injured by the first world war. It would be a long story to follow him thru his successes. The years did not follow one another more richly than the versatility of his genius. He was never the square block in the round hole. All of which prepared for his visit today as the heaven-sent prophet of humanity.

He has the reputation of being a clever fence and an elusive contentant. But his best work has been done when his back was to the wall. That is what he did in Ireland. He saw that it was inevitable. Thus he gave people a shock in boldness and resource. It was not expected of a young dilettante who was a member of "the ghosts," a cynical group of young intellectuals. But he was not jostled away from this post of duty. He allowed no admittance for criminal license.

He has been seen with his back to the wall in Westminster. But with the passing of his great antagonists and home rulers he had practically retired, when the war conspired to put him back to the wall. He has never before. No longer as a past-master with lance and shield is he before us. Note the fact that he serves under Lloyd George. That he does so proves that it is Britain's back that is against the wall in a final struggle for life. Being so, there could be no other place for the Arthur James Balfours in historic Albion. Brave, blood of the Bruces, giving no entry to the wall of democracy he stands, surging with every penny's worth of manhood and womanhood. At 69 years of age he is as young as ever. And he has visited Uncle Sam. The loving cup could not be more tempting than in his artistic hands. So he appeared before the people in congress. As pilot thru many dark waters of contention, no one can surpass his wheelmanship. All is safe so far, thank heaven. But he has been both at Washington and Wall street, and has put it up to the nation. In doing so the fine co-operation and compact was not accomplished by side-stepping and shining armor. It was won with his back to the wall.

"THE GIFT OF THE GAB"

It's a wise man who knows how, when and where to use his talking machine to the best advantage.

Sometimes a Gabby salesman will land a customer when a more reticent one would lose him, but, as a rule, you'll find 9 cases out of ten where the less talkative salesman will win out over the Gabby one, provided he uses tact, and thereby hangs the Sale and the Profit. "Tact" is more powerful than Gab any day in the week.

We could be "real Gabby" over the splendid values of our men's new spring suits, top coats and furnishings if we let our pen run on, but as we said in the beginning, 'tis a wise man who knows when he has said enough. Values that talk right at you are sticking out all through our immense stock of smart clothes and hundreds of our well pleased customers can testify that our "tact" in buying suitable fabrics and correct models is far more powerful than any "Gabby" argument we could put up.

The Plowman Poet never wrote better stuff than when he said:—

*"Oh wad some power the giftie gie us
To see oursels as ithers see us"*

and most every man likes to be seen at his best in a Sovereign Brand Suit.

Just bring in your price, we'll give you a suit to fit it, with no "Gabby" salesmen to bother you.

TO DISCUSS NAMING OF FOOD CONTROLLER

Deputation From Winnipeg Grain Exchange on Way to Ottawa.

Winnipeg, Man., May 25.—To consult with Premier Borden and his cabinet, members of the Winnipeg Grain Exchange special "consensus" committee left Winnipeg Thursday evening for Ottawa. They were summoned to the capital, it is believed, for the purpose of discussing the appointment of a food controller for Canada. The members of the committee: J. G. Gage, president of the exchange; Dr. R. A. McGill, secretary; W. R. Bawlf, Campbell Tilt and James Stewart, purchasing agent for the allies.

A definite understanding has been reached to cover both American and Canadian wheat for sale to the allies' wheat executive, but the details will not be given out at once, because of the effect it would have on the market. Canada will co-operate fully with this country, probably thru the proposed food administration bureau, if that policy is adopted here. The wheat executive committee has supplied the figures of its needs, expressed confidence that they can be met, and shown how the results will be allotted among the various allies.

Hamilton's Fuel Problem Still Serious, Says Mayor

Hamilton, Saturday, May 25.—Mayor Booker stated yesterday that Hamilton's fuel problem was serious, and that he could see no relief in sight. He suggests that the citizens get their supply of coal in now, and that if the price went down later in the season the dealers should refund the difference to their customers. His words also stated that the gas situation would not likely be improved.

FARMER KILLED IN FIELD.

Special to The Toronto World. Cornwall, May 25.—A fatal accident occurred in the second concession, Roxborough, yesterday afternoon, resulting in the death of a highly esteemed and well-known resident of that section, James Stephenson. He was doing his spring seedling when his team became unmanageable, ran away and killed him instantly. He was badly bruised about the body and his neck was broken. He leaves his wife, one daughter, Mrs. Levey, of Mississauga, N.Y., and four sons, one of whom is now at the front.

MONTREAL MOB INJURES SOLDIER.

Montreal, May 25.—Only one serious casualty occurred to a soldier in connection with the 24th of May demonstrations against conscription in this city. Private H. Franklin, who was assaulted while the procession passed down Amherst street, is in Notre Dame Hospital suffering from fractured ribs, a black eye, and contusions over the left eye.

TO STOP RECRUITING.

Montreal, May 25.—Instructions were received today by Major-General Wilson, G.O.C., to discontinue recruiting for the Canadian Defence Force, and to submit no further recommendations of officers for that force. It was stated that this order did not interfere with the arrangements for the overseas men.

HALL CAINE'S NOVEL SEEN AS FILM DRAMA

A private view of the photo-dramatization of Hall Caine's "The Deemster," was given in the Strand Theatre last night before a select audience of lovers of the film drama. The pictures are wonderful in their photography, the action is uniformly strong and of a very high order. Derwent Hall Caine, the son of the author, plays the leading role in a very powerful manner, lending a strong personality to the various scenes, many of which call for emotional acting of the highest order. From his first appearance he wins the sympathy of the audience, and not only retains it, but gains with each succeeding scene. Marion Swayne depicts Mona, the Deemster's daughter, in a charming, deeply affectionate manner that wins warm approval. In several of the scenes she portrays histrionic ability of unusual restraint and power. Albert Frost plays the inevitable part of the Deemster, disappointed in his son, opposed by his daughter, and vindicated over the death of his son in an excellent manner. The other parts are capably filled by a clever cast, including Sidney Brang, Kenneth Clarendon and Alexander Hall. The scenes are laid in the Isle of Man, with its wonderful coastal scenery, ancient architecture and quaintly costumed people, all of which add to the appeal of this most unusual film drama.

ANTI-UNIONISTS IN THE WEST.

Traveling Secretary Returns After Making Tour in Interests of Opposing Association.

Rev. Dr. Andrew Robertson, who has made a tour of the west, under the auspices of the Presbyterian Church Association, which organization is opposed to church union, has returned to Toronto. A certain element, he reports, is in favor of union, but this sentiment is not universal. He was assured by leading business men of Winnipeg, Edmonton, Regina and Calgary that if the character of the vote in favor of union had been analyzed by eastern business men the question would have been dropped long ago. The members of the pioneer churches of the west were unwilling that the newcomers, who were not members of the church of the community, should vote for its extinction, he said.

PLAN CELEBRATION OF CONFEDERATION

Proposal Made That Services Be Held in Paris and London.

By a Staff Reporter.

Ottawa, May 25.—The confederation committee of which Sir George Foster is chairman, has about completed its plans for the celebration of the fiftieth anniversary of the union of the Canadian provinces. The committee will make a report to the house shortly and the plans as at present proposed include celebrations in Ottawa and all the provincial capitals. The committee felt that the day should be fittingly observed throughout all Canada, but that in view of the war there should be no elaborate or expensive demonstrations. It is proposed to issue a special set of stamps and post cards exhibiting the pictures of the fathers of confederation or some appropriate design, descriptive or indicative of the event. Dominion Day falls this year on Sunday and it is proposed that commemorative services be held in Paris and London in which Canadian troops can participate. The celebration in Ottawa will include the dedication on Monday, July 2, of a tablet to be erected in the house of commons. It is expected that the building will be far enough advanced at that date to put the tablet in its proper location. Special Sunday Services.

The provincial governments will be asked to hold celebrations in their various capitals, giving them an official status. A proclamation will likely be issued by the government with a view to enlisting all the churches, Sunday and day schools, colleges, universities, Canadian clubs, other associations and municipal authorities to take part in celebrations in such a manner as appeals to them. The idea is that on Sunday all the churches and Sunday schools will hold commemorative services and draw attention to the responsibility and duties of citizenship. In the case of day schools, the event will form a topic of closing exercises. Municipalities, clubs and associations will be asked to carry out such methods of celebration as will seem best to them. It is proposed that a pamphlet be published describing Canada as she was in 1867 and as she is today, in point of area, province, population, trade resources and other matters.

PLAN PERMANENT BODY IN INTEREST OF UNITY

"Win-the-War" Convention Decides to Enlarge Organization's Aims.

Montreal, Que., May 25.—The "Win the War" convention decided today, at its final session, to make the organization permanent, the new name to be "The Win-the-War and Canadian Unity League." The chief objects of the league are:

First, the successful prosecution of the war and peace, the promotion of Canadian unity.
Second, Mr. Horace Gagne, of Montreal, is president, and Frank Wise, Toronto, secretary. One vice-president from each province is to be appointed, to be chosen by provincial organizations yet to be formed. Resolutions passed by the convention are to be presented to Sir Robert Borden and Sir Wilfrid Laurier.

ENEMY TRIED TO SINK AMERICAN DESTROYERS

Germans, Warned by Spies, Planted Mines in Queenstown Harbor.

Washington, May 25.—Four days before the American destroyers *Stellia* arrived abroad, Berlin knew it was on the way and to what port it was going, and the day before the vessel steamed into Queenstown, German submarines had strewn mines about the harbor entrance.

This startling information, revealing that German spies not only still are at their work in this country, but that they have a swift and sure means of communicating America's war secrets to the fatherland, came to the navy department today in a cablegram from Rear Admiral Sims, at London. The admiral said his information was positive. Spying is likely to lead to the gallows instead of to detention quarters.

Manitoba's Attorney-General Is Expected to Resign Post

Winnipeg, May 25.—Hon. A. B. Hudson, attorney-general, is to resign from the provincial government shortly after Premier T. Norris returns to the city, according to rumors circulating at the parliament buildings today. The premier is not expected to return until about the middle of June.

Romance Not Dead in Newboro Where Youth Steals Sweetheart

Special to The Toronto World. Kingston, May 25.—As the father of the bride would not give his consent to their marriage, Freda Dier, a pretty 18-year-old girl, living at the Village of Newboro, eloped Tuesday night with newly-bought of the same village and got married in Gananoque in old-time style. The lover paid a visit to the home of his sweetheart in the middle of the night and placed a ladder to her upstairs bedroom window. The bride-elect got out, bag and baggage, and the couple made off in a carriage which they returned home Thursday. She was given, and received the congratulations of all their friends. The groom is 19 years old.

DROWNED IN FENELON RIVER.

Special to The Toronto World. Fenelon Falls, May 25.—John Welsh, aged 35 years, foreman of the G.T.R. painters, was drowned in the Fenelon River this morning. He and a companion were engaged in painting the railway bridge when the platform on which they were standing dropped at one end, and, presumably, owing to a defective knot in the rope by which it was suspended, and they were both thrown into the water. His companion swam to a pier, but Welsh, who could not swim, was drowned. The body was recovered by dragging at 1:30 p.m. He leaves a wife and three young children resting in Lindsay.

The Note Book
A Chat About Diamonds
An interesting story comes from South Africa that one of the first diamonds discovered at Kimberley was found in the hands of a group of dirty-faced youngsters who were playing marbles with it in front of a farmer's shanty. Although the stone proved to be worth many hundreds of dollars, it is not surprising that it had not been recognized before, for there is a world of difference between the diamond in the dull, rough, uncut condition and the beautiful gem when mounted in a ring. The sparkling brilliance and purity that you will be sure to notice in the diamonds of our solitaire and three-stone rings, whether priced at \$50 or \$500, is due chiefly to remarkable precision of cutting and freedom from flaws and blemishes.

LATE NEWS BULLETINS

ULSTER COUNCIL TO CONVENE. Belfast, May 25.—A committee of the Ulster Unionist Council, after a three-hour session today, unanimously decided to convene a meeting of the full council to consider the government's proposal for a convention to draw up a constitution for Ireland as soon as the promised information relating to the composition of the convention has been received.

ASQUITH DECLINES TO ACT. London, May 25.—Herbert H. Asquith, the former premier, has declined to accept an offer of the appointment as chairman of the proposed Irish convention, according to The Nation.

BURGMASTERS DEFEY GERMANS. Amsterdam, May 25, via London.—The Telegram states that the Burgomasters of Boxtel, Belgium, and Deputy Le Mourier of Brussels have been condemned to imprisonment in a fortress for nine and twelve months respectively, for refusal to deliver to the German authorities all supplies of iron wire available to them.

MORE EXTORTION IN BELGIUM. Amsterdam, via London, May 25.—German newspapers print a telegram from Brussels saying that the Belgian war contribution to the expenses of the army administration in the occupied region will be increased from 50,000,000 marks to 60,000,000 marks monthly. The increase, says the telegram, is due to the increased cost of provisioning in the occupied region.

MAY REFUSE PASSPORTS FOR PLEASURE JAUNTS. Forms, Giving "Pleasure" as Purpose of Trip to U. S., Held Pending Instructions. Toronto citizens whose business takes them across the border into the United States had their first experience yesterday of the restrictions and limitations imposed by war. And those who regarded Borden's conscription announcement as merely a nuisance because of a rush to the colors were convinced of the premier's intention by the latest action of Ottawa prohibiting the issue of passports for pleasure jaunts without a passport. It is the preliminary to compulsory service in Canada.

WAR SUMMARY THE DAY'S EVENTS REVIEWED

The Italian forces kept up their assaults on a ten-mile front south of Gorizia yesterday, and besides capturing important strategic positions, they increased the total of the prisoners taken in this phase of their offensive to 10,245. They thrust their lines forward in two sectors, the one stretching from the sea to Jamaino and the other stretching to the north of Jamaino. On the preceding day they had driven wedges into the Austrian lines, and thereby had created salients. They proceeded with the flattening out of these salients yesterday, straightening their lines. South of Jamaino they made their onset with three brigades and drove back the enemy to the line Foco Timavo, Floridari, and Hill 38. North of Jamaino they made their onset against stiff resistance and they extended their positions to the outlying houses of Versic. The attack carried the majority of the strongest fortified works. The official communication, given out at Rome yesterday, signals out for mention the work of the Tuscan, Arezzo, Mantua, Barietta and Second Bersaglieri brigades.

While the Italians were thus continuing their advance south of Gorizia they were beating off strong Austrian attempts to recapture their lost positions east and northeast of Gorizia. Their second army bore the brunt of this battle, and it won praise in the official communication for frustrating the enemy. A fleet of British monitors is assisting the Italian offensive by shelling the Austrian rear. This operation will greatly facilitate the army's progress towards Trieste, for the enemy, hit by flank fire from the sea, cannot offer an adequate defence. The order of the day calls evidently for a rapid advance, at least until the Italians get within easy artillery range of Trieste.

The audacity of British monitors in boldly attacking the fortified positions of the Austrians from the sea may compel the Austrian army to give battle in order to protect the Austrian sea bases. If it does not, the British monitors will batter down the obstacles on the coastal road, and the sea bases will fall before the steady Italian advance. If it does the French and Italian navy, aided by units of the British fleet, will sink it and throw open the whole Dalmatian coast to attack.

General Ruzsky expects the defeat of the German armies by the coming autumn if the Russian armies do their duty towards their country and the allies. He has just reached Petrograd from the northern lines of Russia and he speaks hopefully of the improvement at the front. No Russian troops fraternized with the enemy now; no deficiency existed in the shell supply. Owing to local conditions, he said, an offensive there on a large scale was impossible. By local conditions General Ruzsky probably means the present inferior ground, not yet solidified after the spring break-up.

The French had a heavy encounter with the Germans in the Pantheon region, north of the Chemin-des-Dames yesterday, and at first they lost some of their trenches. A prompt counter-attack dislodged the enemy from the bulk of his gains. The foe came on in three heavy waves against the French, who, at the point attacked, occupied an exposed salient at Braye-en-Laonnois. The enemy lost heavily. The French carried out an enterprise against the Chevreux Wood and took the position. The enemy retaliated by shelling this ground.

On the British front the lull in the battle continues. The British improved their positions slightly in the Loos sector by capturing more of a German front trench. The British repulsed with heavy losses a German attack on a post in the Hindenburg line southwest of Fontaine-lez-Croisilles and a German raiding party northeast of Arras. Throughout yesterday the artillery of both sides kept up a ceaseless activity at a number of points, and especially on the left bank of the Scarpe and in the neighborhood of Loos.

The declaration of Russian War Minister Kerensky concerning the danger to Russia's position in Armenia and the Caucasus, intended as it is to wake up the country, conveys the first information of the coming German-Turkish offensive. It must be formidable, else Kerensky would not say that Russia stood in danger of losing Armenia and part of the Caucasus. The Germans, in fact, set an extremely high military value on the keeping of the zone between the North Sea and the Euphrates River under their control. Before the attack on the British position at Bagdad the enemy must drive back the Russians in the north.

CONCERT PROCEEDS FORWARDED

The Queen Mary Needlework Guild of Ontario yesterday made a grateful acknowledgment to the Hamburg Conservatory of Music for the sum of \$215.55 realized from a concert given in Maesey Hall about a fortnight ago. The entire proceeds have been forwarded to the Queen's Birthday Shower Fund in England for work among Canadian soldiers.

Freckles and Blotches Are Easily Peeled Off

If you are bothered with any unsightly blemish it's a poor plan to use paint, powder or anything else to cover up. Too often this only emphasizes the defect. Besides, it's much easier to remove the blemish with ordinary mercurochrome wax. Applied nightly, the wax will gradually remove freckles, pimples, moths, patches, liver spots, wrinkles, red blotches or any unsightly eruption. The affected surface is absorbed a little each day, until the clear, soft skin appears. It's simple, harmless and most effective. Remove in morning with soap and water. Many treatment reports astonishing results. If troubled with wrinkles or tan lines, wash lotion made by dissolving an ounce of powdered arsenite in a half-pint of witch hazel, will prove wonderfully effective. There is nothing better for drawing out a blemish and improving the facial contour. It acts instantly, and will not irritate even the most sensitive skin.

HEALTHIEST ONE IN THE FAMILY

No Sign of Dropsy and Kidney Trouble Since Taking "Fruit-a-tives."

HATTIE WARREN. Port Robinson, Ont., July 28th, 1915. "We have used 'Fruit-a-tives' in our house for over three years and have always found them a good medicine. Our little girl, Hattie, was troubled with Kidney Disease. The doctor said she was threatened with dropsy. Her limbs and body were all swollen and we began to think she could not live. Finally we decided to try 'Fruit-a-tives' and she began to show improvement after we had given her a few tablets. In a short time the swelling had all gone down and her flesh began to look more natural. Now she is the healthiest one in the family and has no signs of the old ailment. We can not say too much for 'Fruit-a-tives' and would never be without them."

MODEL SCHOOL GAMES DREW LARGE CROWD

Splendid Display of Drill and Dancing by the Girls—W. R. Beasley Acclaimed Champion.

Before a large gathering, the annual games of the Normal Model School were held yesterday in the Normal School grounds, with over 350 pupils taking part.

W. R. Beasley won the championship prize, the girl of the Normal School students, for gaining the largest number of points in the athletic games. He secured 11 points, coming first in the high jump, second in 100 yards, first in 220 yards, and first in quarter mile.

The callisthenic exercises and dancing of the girls, under the leadership of Mrs. Somers, were an interesting feature of the entertainment. The performers numbered 225, and were all dressed in white.

BREAD-MAKING ART HAS BEEN REVIVED

Competition Has Given Opportunity for Exchange of Ideas.

LAST DAY OF CONTEST

Results May Be Announced in Late Edition of Sunday World.

The best yet. This is the record of yesterday in the breadmaking contest of The Toronto World. There were 220 entries, and the interest of the contestants kept pace with the entries. The competition was worth while on several accounts.

While quite a number were bread-makers of many years' standing, having made her own bread for 27 years—many others remarked that they had only recently begun. The men, too, were not above being interested, and bringing in a sample baked by the maid and others those by members of the family.

There is still time, if you have not entered, to do so. The prizes are worth while trying for—\$25, \$15 and \$10. If you have the opportunity, you carry off a nice reward for your attempt. If not, you have enjoyed the experience of a contest and have the knowledge that your loaf has gone to the benefit or pleasure of others, whom it is a joy to help. The military hospitals on College and Spadina and the Jewish nursing home, all receive from yesterday's contributions.

Black as Dirt About the Eyes

Liver Was All Upset and There Was Pain Under the Shoulder-blade—Two Interesting Letters.

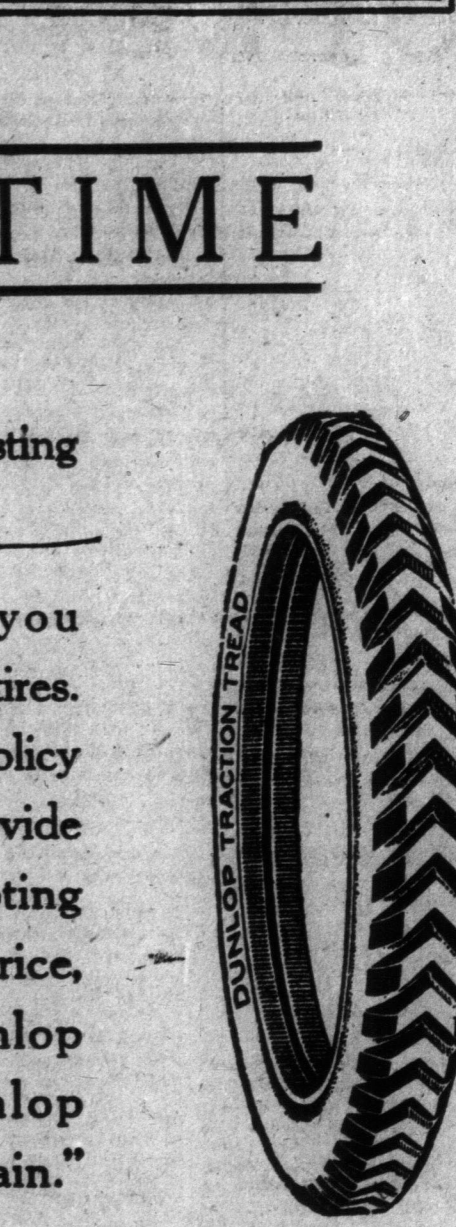

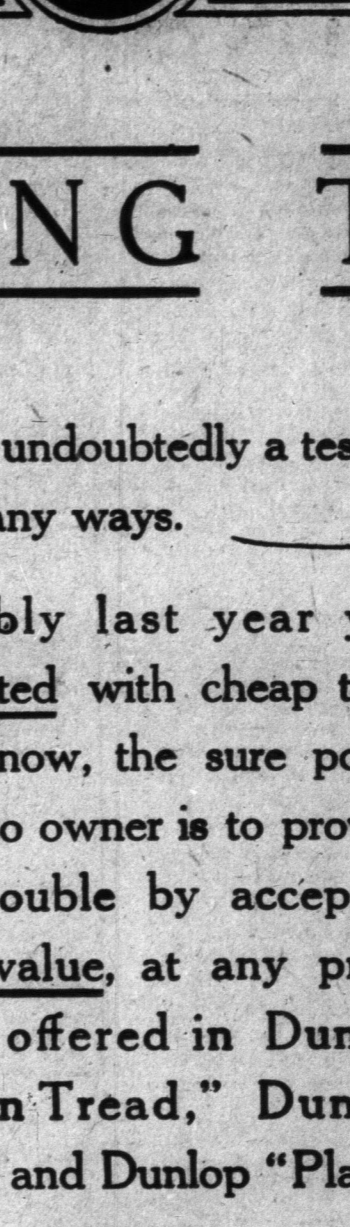

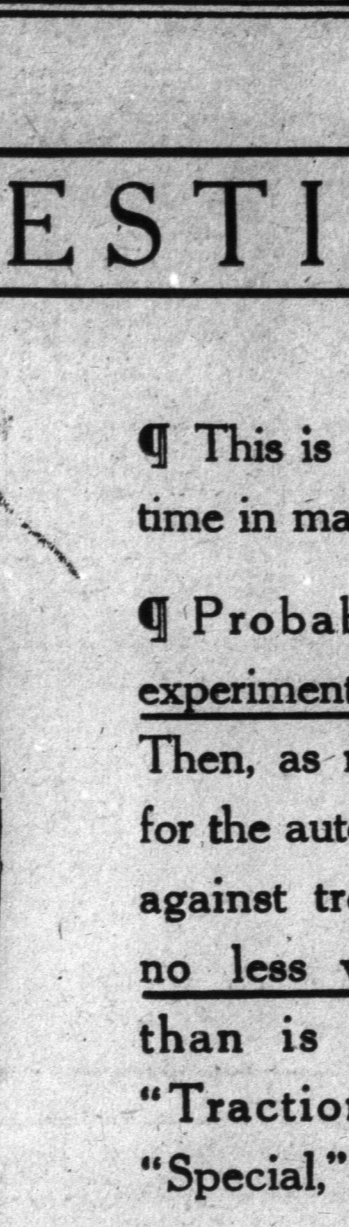

Toronto, Ont., May 25.—So many people suffer from derangements of the liver that we feel sure these two reports, just recently received, will prove interesting reading and valuable information to many readers of this paper.

Mrs. F. L. Harris, Keatley P. O., Sask., writes: "I was suffering from liver trouble—had a heavy pain under one shoulder blade all the time, and was nearly as black as dirt around the eyes, so I concluded to try some of Dr. Chase's Kidney-Liver Pills. I did so, and before I had taken one 25c box the pain had left me and I commenced to gain in flesh, and by the time I had taken two boxes I was completely cured and felt like a new person. My trouble was caused by heavy work out-of-doors, and, of course, heavy eating and constipation. I would advise anyone suffering from kidney or liver trouble to give Dr. Chase's Pills a trial."

Mrs. Charles Terry, Tweed, Ont., writes: "Before I was married I was troubled with enlargement of the liver. My liver became so enlarged that you could detect the swellings on either side, and it was only with difficulty that I could get my clothes on. A friend advised me to get Dr. Chase's Kidney-Liver Pills and take them. I commenced this treatment and used two boxes, which cured me at that time. Then, about two or three years afterward I was troubled again with a swelling, but only on my right side. I secured some more Kidney-Liver Pills, and took them, which finally cured me. I have not been troubled in this way since. I can cheerfully recommend Dr. Chase's Kidney-Liver Pills to anyone having kidney or liver trouble in this way. I have also found Dr. Chase's Linseed and Turpentine excellent for coughs and colds. In fact, any of Dr. Chase's medicines, which we have used, have been good."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25c a box, 5 for \$1.00, at all dealers or by mail from Dr. Chase & Co., Limited, Toronto. (Advertisement.)

CAMERA MEN TOOK MOVIES UNDER FIRE

Advanced With Infantry to Get the Latest Official War Film.

IEWS OF THE FLEET

All Acclaimed by British Press as Most Comprehensive Produced.

Bapaume in ruins and still burning will be shown on the screen here when the new official British film is exhibited next month, for the moving picture camera accompanied the advance of the infantry and were subjected to the same danger of shot and shell as the soldiers of the advancing line of battle.

These were the two strategic points of the fall of which forced the Germans almost back to the present positions they are now striving to hold on the Hindenburg line. The enemy hung on to them until he was in danger of being surrounded and cut off from communication with his supplies. How desperate was the struggle the despatches have told us something in the newspaper. Finally the day came when, with the Australians creeping up nearer and nearer on one side and the British on the other, orders to evacuate went forth from the German high command and to destroy the towns.

On March 17 the British and Australians were surprised to see smoke of fires arise in several points of Bapaume simultaneously. Scouts advanced during the next few hours and entered Bapaume almost on the heels of the retreating Germans. What they saw in those ruined streets beggars description. The camera records it, and the new official pictures will show you as plainly as the you were there when the troops entered and Huns departed.

The Telephone Cord.

Here the green covering of the "cord" that connects your telephone to the bell-box, has been pulled back.

Three separate "conductors" are disclosed, each with its own covering of silk, linen and cotton, and inside the tiny wires are plaited together that the whole may be flexible.

The little copper wires are as fine as hair and there are many of them.

Think what must happen when the cord is kinked and marled into a mass of twists and knots. The little wires rub against each other and, in the end, the transmission becomes "raspy" and "noisy"—the sound, in telephone parlance, of "trying bacon" on the line.

You can help to safeguard the quality of your telephone service by keeping the cord "kinkless" always.

The Bell Telephone Co. of Canada

Wanton, senseless, vindictive destruction, without cause, excuse or military advantage. As an additional contribution to the interest in the film as a whole, a reel is devoted to the showing of the fleet, this being the first official or unofficial moving picture of the fleet that has been permitted since the first few months of the war.

The annual meeting of the Ontario Society was held this week. Mr. Arthur Brown, the secretary-treasurer, reported the sending of a cheque for five hundred dollars to the war veterans' fund, being the net proceeds of the recent "Elijah" concert. Mr. Fred Thomas, the chorus secretary, handed in a large number of applications for membership next season. Dr. Edward Broome reviewed last season's work, and, calling for increased activity, outlined his plans for next year. "Messiah" will be given with the Russian Orchestra on December 13. A May festival of two or three nights with Caesar Franck's "Beatitudes," and miscellaneous programs, and probably an out-of-town appearance for the chorus with the Russian orchestra, details of which will be worked out later. Rehearsals will be resumed October 2.

The Toronto World

FOUNDED 1826. A morning newspaper published every day by the Toronto World Newspaper Company of Toronto, Limited. H. J. Mackenzie, Managing Director.

SATURDAY MORNING, MAY 26.

Jeopardizing Canada.

It appears to be difficult for the political partisans to keep their pet grievances out of their considerations of the conscription issue.

The country is not very particular about who does the necessary thing as long as it is done, it is only the rabid partisans that are full of reproaches.

Nor is the other side free of the political itch. The News is unable to accept the whole-hearted acquiescence of The Star without going back several years and digging up what The Star said before a world-war was dreamed of, except by the Germans and the military experts.

The disposition to blame somebody in Canada for conscription while the Germans are fighting in France is one feature of the too prevalent political or partisan weakness.

Two other factors besides the partisan view enter into the conscription situation. One of these is the riotous and agitated Quebec, which is evidently an entirely different Quebec from that which entertained the win-the-war delegation.

The real difficulty with Canada, not Quebec only, but all the provinces, is that the people are not fully alive to the overwhelming fact of the war itself.

Unfortunately, the public are not quick to discriminate between labor men who obstruct and those who would facilitate the recruiting of the necessary reinforcements.

Let it be granted that all that the labor extremists ask for should be granted. We go further, and say these things should have been granted long ago.

whether all the people agree or not, to raise an army of defence. Those who are objecting to conscription now, would be the first to hurl the government from power if our forces in France were wiped out and the Germans gained the upper hand of us.

It was found to be a fatal method in Great Britain, and after several attempts at cohesion such untitled comrades as Lloyd George and Balfour, Curzon and Henderson, have agreed to sink everything in deference to the one thing needful.

Let us Have Victory and Union. There have been many reproaches uttered in Canada in recent weeks against Russia. They are unwise words, and draw attention to our own condition.

It is not probable that the obstructors of military needs in Canada at present are aware that they are the rankest kind of traitors, and that in any other land with a strong government they would be taken and tried for treason.

We are glad to think that those who take this course are in a small minority. We cannot think that the rioters of Montreal and Quebec so fully represent the spirit of French Canada as the pledged assurance of men like Gagne that Quebec was solid behind the win-the-war sentiment.

The democratic state of affairs in Canada is far from worthy of the valor of her sons in Flanders and France. There, men of Canada from all provinces have written the name of their country in shining letters in history.

DELAYS STATEMENT ON IRISH QUESTION

Lloyd George Says, However, Negotiations Are Going Briskly Forward.

London, May 25.—On presentation of a motion today for adjournment of the house of commons for the Whit-suntide recess, Premier Lloyd George said he was not in a position to give a definite reply as to the composition of the convention which is to attempt a settlement of the Irish question, but that it might be assumed the house and the government had lost no time in getting into touch with the parties, with a view to procuring a basis of representation which would carry out the scheme outlined by the government.

"It is very important that the representations should be of a character which will command the confidence of the people of Ireland, he said. "It is not an easy matter to do. There are a good many considerations which have to be taken into account, and a good many interests to consider, and it is very desirable that the convention, when summoned, should be of a character which will make the people of Ireland feel that the government has made a sincere effort to secure real representation of all views and aspects of the question."

Prolonged Delay Fatal. The premier said he had hoped to make a statement today, but that it would be a great mistake if, in order to make an announcement, the government were to take unnecessary and by that means alienate important bodies of opinion in Ireland. For that reason the government had come to the conclusion that it would be better that no statement should be made as to negotiations which have not been completed.

Leafs Lose to Bisons in Twelve Innings, Then Win Second Game

GET AN EVEN SPLIT WITH BUFFALO HERD

Home Run Beat Leafs in Overtime in First—Won Second Handily.

The Leafs and the Bisons staged a double-header at the island yesterday, and Patry Donovan's Herd stopped the Leafs' winning streak. The Leafs had won seven straight when they stacked up against Buffalo in the first game. The Bisons got the verdict, 5 to 4, in twelve innings, after a thrilling game. The Leafs came from behind to tie it up in the ninth, only to have Kopp bang one into the bleachers for the circuit in the twelfth round.

Kopp collected four hits for his share of this contest. Our Jimmy Smith supplied a homer, a double and two singles for his little lot. Jimmy also fielded in brilliant style. Bunnys Hearn went the whole route, while Buffalo ranked Gaw after the Leafs got fresh with him in the ninth. McCabe finished well.

The second argument was easy for the Leafs. They won, 5 to 1, and Tipple kept the Bisons pretty well in hand all the way. LaJoie's boys made it sure by taking on three runs in the first inning. About two thousand fans were present. That first game was a tidy argument for a while. Buffalo won out in the twelfth, 5 to 4, but the early stages were full of ginger.

The first trouble came in the third. After Gaw had died, Kopp supplied his second single. He ambled on to third on Channell's single. Blackburne caught Channell when he overran the bag by a quick throw to Graham. Kopp came scampering in on Carstrom's hit. Larry's hopefuls died in the fourth. Altemberg poked safely into centre, but Whiteman rolled out to Hummel. Larry's two-base rap let Altemberg home. Graham lifted to Gill and Blackburne walked. Blackburne and LaJoie tried the double-play, but Larry was nipped at the plate. It looked all over when Buffalo piled on three runs in the sixth. Carstrom singled. McDonald laid down the bunt and Hearnse threw into centre field trying to head off Carstrom at second. The latter went to third and scored on Hummel's safe bunt down the first base line. Gill scored. The infield came in, and Jimmy Killies poked over LaJoie's head, scoring two.

The Leafs got one of these back in the seventh. Jimmy Smith's third hit of the game was a homer to right field. The ball hit the diamond ring sign, and Jimmy earned a fifty-dollar splinter. The ninth was a hum-dinger. The Leafs tied the game by putting over two runs. After LaJoie had rolled out, Graham and Blackburne hit safely. Jimmy Smith came up and the crowd hoisted for a hit. He replied with a double, that scored Graham and put Blackburne one step from home. Blackburne was sent up to hit for Lalonde, and Buffalo promptly yanked Gaw. McCabe, who was the pitching boss, and hit Blackburne with the ball. Hearnse raised a long fly. Timman, who had been in the game, hit it to the twelfth, and then Kopp dropped one into the bleachers for a home run and the game.

PLAYS, PICTURES AND MUSIC

THE ROBINS PLAYERS.

With the thought of pleasing the public and giving the best that can be secured in theatricals, the Robins Players will next week present Miss Florence Roberts, supported by the entire cast of the Robins Players, in the first of the new plays to be presented in Toronto this summer, "The Claim." There are no Mexican villains nor are there any gun idyls; the claim is not a mine, a ranch, but a baby that has been abandoned by its mother, who feels that her mode of life is not the proper element in which to rear a child.

"THE CRISIS" IN PICTURE.

When "The Crisis," the latest big motion picture drama, is presented at the Grand Opera House, Canadian, both civilians and soldiers can sit together for the first time in local stage history and see each side of the dispute between the north and south fairly, impartially and sympathetically presented, each in all its strength and weakness. Winston Churchill, in writing "The Crisis," took a large-minded view of the events leading up to and culminating in the bloody struggle of '61-'65, and wove his observations into a story of tremendous dramatic power.

ALL-STAR SHOW.

A big all-star show will be presented at Loew's next week with some of the finest and most popular acts in vaudeville. One of the head-liners will be Jessie Hayward and Company in a clean little chapter from life, entitled "Evelyn," Charles Nevins and Ada Gordon have a clever skit, a combination of fun, songs and dances. The Fraternity Four, one of the most singing quartets in vaudeville, present the latest song hits from New York. Other features of the bill will include Ray Lawrence, bits of musical comedy, Evelyn and Dolly, in feats of strength and agility; Dotson, wonderful colored dancer; Charles and Ada, Glick, Theda Bara, in her latest superb production, "The Darling of Paris."

STAR THEATRE.

Good singing and clever dancing by a chorus of twenty features the Merry Burlesquers' organization, which will hold the boards all next week at the Star Theatre. Caroline Warner, Bonnie Crandall and Bobe Palmer will provide the numerous song numbers, while first-class specialty turns will be given by the three Pecks. Lou White and James X. Francis are the chief funmakers. The costumes and scenic effects are the latest.

AT THE STRAND.

Large crowds may be expected to visit the Strand Theatre today to see the exclusive motion picture of Toronto's welcome to the Right Hon. A. J. Balfour, which the Strand with remarkable enterprise has secured. For the week of next week the feature at the Strand will be Hall Caine's "The Decemister." The production is an elaborate and massive nine-act photodrama. It is a worthy and convincing dramatic and pictorial version of one of fiction's greatest stories.

MRS. F. S. MEARNS
Hon. president, Housewives' League, and one of the judges in The Toronto World's bread-making contest.

Following "The Secret Kingdom" serial are reminded next week's episode is the final one, bringing to a complete and satisfying finish one of the most popular serials shown in this city.

AT THE HIPPODROME.

For next week the Hippodrome management headlines the bill at the popular Toronto street vaudeville house with "Miss Matched," a merry musical comedy in miniature, featuring nine clever boys and girls, in new songs, smart dances and wholesome comedy. Charles Ray will be featured in the new baseball release, "The Pinch Hitter," a new Triangle success. Wanda, the seal with a human brain; the De Luxe Trio, in new and classical dances; Celia Dunham, singing and dancing comedienne; R. J. Moore, "the Gabby Trickster"; Conroy and O'Donnell, in "The Parcel Post Man," and Keystone film comedies complete the bill.

THE SHOW AT SCARBORO.

Russ, Lavan and Sully, the comedy acrobats, who are featuring at Scarboro Beach this week, with Howard and Clayton, the expert roller skaters, will close their engagement after this evening's performance. There will be a band concert this afternoon and this evening and two concerts on Sunday. The bill is an admirable one, and only unfavorable weather has so far prevented the crowds to which it is entitled. All the popular amusement devices are in full swing, and visitors to the park will find many improvements.

Society—Conducted by Mrs. Edmund Phillips

The parliament building was very gay yesterday with its gaily decorated stand for the reception of the Right Hon. A. J. Balfour, in front of the park, which was crowded with people when the distinguished visitor arrived with his party and escort, the guns firing a salute as he drove up. Among the people in front of the stand in the enclosure were: Lady Hendrie, Lady Hearst, Miss Hendrie, the Misses Hearst, Mr. and Mrs. Frederick Gluckmeier, the Hon. and Mrs. Hoyles, Mrs. G. Howard Ferguson, the Hon. I. B. and Mrs. Lucas, the Hon. W. D. McPherson, Mrs. McPherson, Miss Church, the Hon. Thomas and Mrs. Crawford, Hon. Justice and Mrs. Hodgins, Mrs. W. W. Pope, Miss Campbell, Mr. Herbert MacBeth, Mr. Monroe Grier, K.C., Mr. and Mrs. Lonsdale Caprell, Miss Caprell, Mr. and Mrs. Alfred Wright, Mr. Jeffrey, Dr. and Mrs. Norman Allen, Mrs. Charles Grassie, Mr. Joseph Oliver, Sir John Willison, Capt. James D. Dixon, the Rabbi of Toronto and Mrs. Jacobs, Mr. and Mrs. Kelso, Mrs. Willoughby Cummings, Miss Helen Merrill, the president of the Mayor, will entertain James Mason, Mr. and Mrs. Jameson, Major Boehm, Mr. Edward Armour, Mr. and Mrs. N. W. Stowell, Ven. Archbishop Cody, Macquenn, Mr. Mackellar, Col. Bruce, Mr. James Somers, Mrs. Reed, Hon. Dr. Preston, Mrs. Wallace Jones, Mr. Hartley Dewar, M.L.A., Col. E. J. Macdonald, Mr. John Kent, Mr. Angus MacMurphy, Mrs. Cross, Miss Winnifred Cross, Miss Fraser, Judge Denton, Mr. Napier Robinson, Capt. Macpherson, Captain Eland, Mr. A. L. Russell, Mr. Tom Ford, Rev. Dyson Hague.

Major-Gen. O'Ryan, commanding the 6th division of the United States army, attended by Capt. E. W. Moore, chief A.D.C., and two other officers, will arrive at 8:45 o'clock this morning in the private car, and will be the guests of Mr. Frederick Robins at Stratford until Monday, when they will leave for Camp Borden, and from there they will go on to Niagara. Mr. Robins will entertain the party at luncheon at the Royal Canadian Yacht Club today and take them on to the O.C.C. races at the Woodbine.

The Canadian war pictures at the College Street Library yesterday afternoon were well patronized. The I.O.D.E. were in charge, and present were Mrs. R. S. Wilson, regent of the order, Capt. Macpherson, Mrs. E. B. Johnston, vice-president of the order, Major Boehm, who brought the pic-

RECRUITING RUSH STILL CONTINUES
One Hundred and Ninety-Five Men Examined at the Armories.

After a brief respite over the holiday, recruiting officials at the Toronto mobilization centre experienced another big rush yesterday, 195 men applying for medical examination. Of this number 73 were added to the strength of the C.E.F., about 25 were rejected and the remainder returned to return for attestation after they had settled domestic and business affairs.

Officers express great satisfaction at the way the men are volunteering and are confident that the great majority of those who appear for medical examination will return and join the colors at an early date, according to their promises. The larger proportion of those who have appeared since the rush started here from Toronto. Some are brought in on the mobile scheme and many come in from outside points of their own accord. Very few A. B. men were seen among the applicants yesterday.

Those accepted were distributed as follows: A.S.C., 2; 6th Battery, 2; 6th Battery, 2; 7th Battery, 1; 7th Battery, 1; No. 2 Forestry Draft, 4; No. 6 Forestry; 3; No. 7 Forestry; 3; A.M.C., 2; R.C.D., 2; 10th Royal Grenadiers, C.E.F.; 48th Highlanders, C.E.F., 1; Signallers, 5; Engineers, 2; Cyclists, 1; University Training Corps, 1; No. 2 Special Service, 4; 1st Battalion, Transport, No. 2 Railway Construction Draft, 2; No. 11 Railway Construction, 4; No. 14 Railway Construction, 2.

4th Highlanders, under Lieut. C. W. Darling, held its regular drill last night in the armories. The regiment was 491 strong, and parading with them were 125 men of the C.E.F. and C.D.P. companies and St. Andrew's Cadets. After drill in the armories route march was held around the downtown district.

LORD ABERDEEN EXPECTED.
Lord Aberdeen will arrive in Toronto this morning from New York to take part in the civic reception to the Right Hon. A. J. Balfour. While in Toronto he will be the guest of Sir Henry Pellett at Casa Loma.

CHARGED WITH THEFT.
Sarah Somerville and Edith Pountney, both of 28 Glasgow Avenue, were arrested last night by Detectives Young and Twigg on a charge of stealing two women's coats and a number of other articles of feminine apparel from the Robins Players.

TEAMSTERS SECURE ADVANCE FROM C.N.R.
Return to Work This Morning With Increase of Three-Fifty Per Week.

The striking C.N.R. teamsters, forming only a small section of the strikers, yesterday made a settlement with the company to return to work this morning at \$66.50 per month, an increase of \$8.50 over their previous wages. They were out 11 days, and agreed to settle with the sanction of the strike executive. With the C.N.R. men back, this still leaves the men of the C.P.R., G.T.R., Hendrie Forwarding Co., and the Shelden Forwarding Co. out.

PROTECTING BALFOUR.
Among the police protecting the Right Honorable A. J. Balfour during his tour of Canada are Detective Inspectors Brest and O'Donnell, of Scotland Yard, London, England, and Inspector of Dominion Police Parkinson. The three detectives visited detective headquarters last night and expressed their delight with everything they had seen since their arrival in the city.

WOMEN GET \$15,000.
The women's share of the Y.M.C.A. campaign totalled nearly \$15,000. This will be used for the Y.W.C.A. work for women war workers.

FOR THE EMPIRE

Capt. Wm. Peters, who was serving in the Devon, has been killed in action. His brother, Pte. Herbert Peters, whose widow and two children live at 44 Carson street, recently sustained wounds at the general hospital, Boulogne. Both men came from Devonshire and were in Canada about four years. He was 25 years of age and an adherent of St. Clement's Church.

Flight Commander William T. Hall, member of the Standard Mining Exchange, was killed in action May 19. Commander Hall was 24 years of age and a mining engineer by profession. He was a native of Toronto, a grandson of the late William Kerstanman. On May 27, 1915, Capt. Hall was given a commission as lieutenant in the Royal Flying Corps, and was promoted from lieutenant to the rank of flight commander. No details of how Commander Hall came by his death have as yet been received by his father, who resides at 35 West Heath street.

Lieut. Harold Edward Bridges, reported missing in recent lists, is now reported killed in action. He was an art school man of 1911-12, and after coming to Toronto, was employed in the Grand Central Hotel. Just a short time before he was killed he was notified that an aunt in the old country had died and left him a considerable sum of money. He had no relatives in Canada.

Pte. Randall Chandler, 56 Peterborough avenue, who went overseas as a stretcher-bearer with a Toronto unit, has been killed in action. Prior to enlisting for active service in October, 1915, Pte. Chandler was a member of the Toronto police force, and was attached to No. 7, Ossington avenue station. He was an Englishman by birth, 24 years of age and unmarried.

Pte. J. H. Walker, son of Mr. and Mrs. Thomas Walker, Clarence square, was reported missing, but now he is known to have been killed. Pte. Walker, 28 years old, helped to quell the Dublin riot. He was a member of St. Andrew's Presbyterian church, Simcoe and King streets.

Pte. J. R. Hill was killed in action May 2. He had only been in the trenches six months. Pte. Munro came from Scotland nine years ago, and worked for the W. Dalley Contracting Co. He was 29 years of age, unmarried, and his parents reside in Kinross-shire, Scotland.

Pte. Albert Kennedy, formerly reported missing, is now reported killed in action. He resided at 628 Gladstone avenue, where his wife and one child now live. Before enlisting he was a clerk in Station A. postoffice. Born in Ireland, he came to Canada six years ago.

Pte. D. T. McMillan, missing since the battle of Zillebeke, is now presumed to have been killed in action. He left Toronto with the C. O. unit of the second contingent.

Pte. Sam Lasoff, missing since last July, is now presumed to have fallen in action. He came to Toronto from Baltimore, and enlisted immediately upon the outbreak of war with the Q. O. R.

Pte. C. W. Macdonald, presumed to have died, enlisted in Toronto when the first Canadian contingent was being formed, and went overseas early in 1915. He was reported missing after the battle of Zillebeke, and since then nothing has been heard of him. Major G. C. Knighton, ten days ago was reported as having died from wounds received in action. He was formerly resident science master at St. Andrew's College and joined with the Oxford and Bucks Light Infantry. He has been mentioned in Field Marshal Haig's reports.

Lance-Corpl. John Herron, 365 Wilton avenue, aged 23, died May 9, last of wounds received in action, after Ottawa received no intimation that his son had been wounded. Lance-Corpl. Herron enlisted in January, 1915, and was in the employ of the C.P.R. for many years.

Gunner Charles McMullen died of wounds May 1. He was born in Canada and was with the Eaton Company before enlisting. His wife and baby, also one sister, Mrs. Buckley, of 268 George street, reside in Toronto. His mother, Mrs. White, came from England three years and was 27 years of age. He was formerly in the employ of the Mechanics' Golf Club.

Pte. S. P. Montgomery received severe gunshot wounds in the face on May 13 and died two days later in the Victoria hospital, France. Pte. Montgomery was a Toronto born boy, 30 years of age, and unmarried. He was out west for five years previous to enlisting and has been rejected twice before enlisting in Toronto.

Pte. Harold George Carter died from rifle wounds, received April 20. His mother received a letter from him, dated the 19th. Pte. Carter was 21 years of age.

Flight Lieut. Lindsay Drummond, No. 1 Deer Park crescent, is missing since May 18. Flight Lieut. Drummond graduated from the Royal Military College, Kingston, in 1914. He went overseas with the first contingent in the engineers' company. Last July he was transferred to the Royal Corps and went to England in December, 1915, to take up flying. Flight Lieut. Drummond is 24 years of age. He has two brothers in the service, Second Lieut. H. A. Drummond and Pte. K. M. Drummond.

Pte. W. H. Welsh is reported missing. He was born in England and was employed by the Robert Simpson Company while in Toronto. His wife followed him to England. They formerly lived at 72 St. David street. He has one child, who was just ten days old when the father enlisted.

Pte. W. H. Scrivner is reported among the missing. He lived at Armitage, Ont., before he came to Toronto about 18 months ago and enlisted. Ottawa reports the missing man's relatives in England.

Flight Lieut. O. J. Gagnier, reported wounded in an aerial combat, is a son of J. J. Gagnier of the Gendron Manufacturing Company. He would

have graduated with the 1917 class in applied science and engineering at McGill University, but decided to serve the empire instead. He took his preliminary aviation course at Long Branch last year, obtaining his pilot's certificate in August, 1916. From Long Branch he went overseas to join the Royal Naval Air Service. His parents live in West Mount Pleasant. Lieut. W. G. Howard may be a prisoner in Germany. The official militia gazette contains the name of no such officer, but as Lieut. W. D. Howard of Pickering was reported missing after the battle of Vimy Ridge it is believed that he is undoubtedly the man referred to in the record. List of Canadian prisoners. Follow-officers telling of Lieut. Howard's disappearance stated that it was their belief that he had been taken prisoner.

Lance-Corpl. Chas. F. McGregor, reported wounded and missing, is a son of Donald McGregor, of 1570 River street, where he lived before going overseas with the 1st Battalion, from which he was drafted. His address previously was given, in error, as 209 Margaretta street. He is well known in the east end of the city, having been prominent in athletics. By trade he is a bookbinder.

PICTURES AND CHEQUES WORRY CONTROLLER

Is Dissatisfied With Report Regarding Disposition of Pictures Acquired by Exhibition Gallery.

Controller Foster declares that the answers to his questions regarding the affairs of the Canadian National Exhibition are not satisfactory.

There was no explanation of the disposition of the pictures purchased by the art gallery of the exhibition during the past five years, in the answer of Mr. Orr, the controller, to a question put by the controller, and he finds fault with the fact that four cheques totaling \$306.50 made out to "Arthur Black" were endorsed by Dr. Orr and to Mrs. Annie Orr on different occasions.

Exhibition officials reply to the controller's criticism with the explanation that the Black exhibition was endorsed over to the Orrs because one of the cars used belonged to Major George Orr, son of Dr. Orr. Major Orr, who is overseas, left instructions with his chauffeur that the car was to be rented whenever an opportunity arose. They state that no pictures bought by them have ever been returned to them being at the city hall and the rest at the Exhibition.

Controller Foster will press for more details.

WOULD COMPEL FIRMS TO EMPLOY VETERANS

Ten Per Cent. Returned Soldiers at Least is Suggested of Engineers' Society.

The national service board has been entrusted by the government with the task of formulating and submitting plans for the demobilization of some of the Canadian overseas forces upon the declaration of peace. They have requested the Canadian executive of the Amalgamated Society of Engineers to furnish information regarding the periods of the year which have proven to be the most favorable for employment in the manufacturing industry. After due consideration the following reply has been forwarded:

"Referring to your communication, in which you wish to ascertain what periods of the calendar year in which in the past-proven to be the most favorable from an unemployment point of view in our occupation, in the engineering trade, we desire to state that as far as our experience teaches us there is a slight margin in favor of unemployment during the winter months. As you are no doubt aware, the period or periods of the greatest volume of unemployment in our trade can seldom be ascribed to the provincial causes, but rather their stimulus from sources which we can hardly hope to control.

"In order to partly alleviate the effects of unemployment in the industry, we would suggest that your government should undertake the task of enacting some kind of unemployment insurance. Such action on your part, we believe, would tend to mitigate much of the unemployment evils which your people seem to anticipate. With reference to the absorption into civil life of the skilled workers now serving with the overseas forces, we forward to you the suggestion that each industry, commercial undertaking, financial institution and civil service should be compelled by legal enactment to have in their employment not less than ten per cent. of returned soldiers of the aggregate number engaged in such undertaking at any given time.

"These two suggestions, in our opinion, would in some small way tend to keep the industrial equilibrium.

"Should you at any future time desire our co-operation on such important matters, we would be pleased to be at your service."

JEWISH BAKERS WOULD ARBITRATE

Realize Futility of Fighting Boycott and Would Make Terms.

Realizing the futility of fighting a general boycott, the Jewish bakers have climbed down yesterday and are now holding out the olive branch.

On leaving a newspaper office yesterday, where they had registered their side of the case, they met Harry Winberg, proprietor of The Hebrew Journal, and after considerable debate agreed to arbitrate as a means of ending the deadlock. To The World Mr. Winberg said that the bakers were anxious to lift the boycott and were willing to submit the matter to any competent commission. He added that he would get the two parties together on Monday in the hope of reaching a settlement. "No women," Mr. Winberg continued, "will sit at the meeting of the arbitration commission, but only three or four of the most competent men from each side."

HANLAN'S POINT.

For tonight, Sunday afternoon and evening, Manager Solman, acknowledging the popularity enjoyed by the previous band concerts which have been given at Hanlan's Point this season, has engaged another popular military band, which will play three concerts of the latest song successes, dance music and military marches. For tonight all the games and amusements will be in operation, and with the late boats running a good evening's enjoyment is guaranteed. Boats leave every few minutes.

SHE DARKENED HER GRAY HAIR

A Kansas City Lady Darkened Her Gray Hair and Made It Soft and Glossy by a Simple Home Process.

She Tells How She Did It.

A well-known resident of Kansas City, Mo., who darkened her gray hair by a simple home process, made the following statement: "Any lady or gentleman can darken their gray or faded hair, and make it soft and glossy with this simple recipe, which may be mixed at home. To half a pint of water add 1 oz. of bay rum, 1 small oz. of Orlex Compound and 1/4 oz. of glycerine. These ingredients can be purchased at any drug store at a very little cost. Apply to the hair every other day until the gray hair is darkened sufficiently. It is not sticky or greasy and does not rub off. It will make a gray haired person look 10 to 20 years younger."

FEAST OF PENTECOST.

The feast of Pentecost for Jews, in commemoration of the handing down of the ten commandments, to Moses on Mount Sinai, will begin to be celebrated tonight and will extend to Monday night.

In Biblical times the festival, known as "Shewoth," was agricultural in character. It always falls seven weeks after the Passover, and is now celebrated chiefly by feasts and special services in the synagogues. Special services will be presented in most of the synagogues of the city.

FRANCO-BRITISH CONTRIBUTIONS.

The Franco-British Aid Society announces that as a result of their performance on "Le Voyage de M. Perrignon" at the Royal Alexandra, May 11, \$682.50 was cleared. This sum will be forwarded to the Persagoliers Hospital in Nantes for blind soldiers in Brittany. The treasurer, Miss Florence Neelands, 344 East Bloor street, also gratefully acknowledges these donations to the cause: Owen Sound Girls' Patriotic Society, \$40; A. Beardmore, \$25; A. M. Stewart, \$10; E. G. M., \$15; Mrs. and Mrs. Hooper, \$5; Mrs. Fitzgerald, \$5; and the proceeds of the play, "La Farce de M. Pathelin," given March 31, in Margaret Eaton School, \$113.

TEMPER IMPROVES FOR LOCAL STOCKS

Persistent Advance on Wall Street Changes Sentiment on Domestic Stocks.

The temper of the Toronto Stock Market had a decided change yesterday, but insufficient to create any outside buying really worth mentioning. The steady and persistent advance on Wall Street has caused some amounting of bullish sentiment on the local market, and many invitations from pools would meet with at least some response.

MINING MARKET TURNED

The renewal of public buying yesterday in the mine stocks on a scale not seen in weeks would seem to indicate that confidence in these issues has been restored following the recent period of liquidation during which dramatic declines in the prices of practically all of the active issues occurred.

CONSIDERING MILL FOR KIRKLAND LAKE

Will Probably Have Capacity of One Hundred and Fifty Tons.

Confirmation of the rumor that the building of a mill at the Kirkland Lake Gold Mines property, was under consideration was forthcoming yesterday from Mr. F. C. Culver, president of the Beaver Company.

GREAT STRIDES MADE BY MCINTYRE MINE

Annual Statement Should Make Excellent Showing.

Hamilton B. Wills in his market letter says: It is safe to say that during the past year no gold mine in northern Ontario, nor in America, has increased its ore reserves more so than McIntyre, and apparently the zone of major enrichment begins around a depth of 1,000 feet.

DOMINION IRON FEATURED

Mr. Culver, in reply to enquiries, stated that tentative arrangements had been made in the matter of collecting data regarding the cost and etc. of a 150-ton mill. With reference to the development at the property, Mr. Culver said that the mine never looked better.

PUBLIC BUYING STIMULATED MINES

Decidedly Improved Tone With Strength Thruout Whole List.

Public buying on a more active scale than has been the case for weeks was responsible for a decidedly encouraging rally in the mining market yesterday, and sentiment, which has been anything but cheerful during the recent depression, became extremely optimistic.

The Responsibility of Executorship

In nearly every Estate there are interests and circumstances which require various kinds of technical knowledge and experience, such as no individual executor could possess.

Watch the Mines

The Toronto mining market took a definite turn for the better after the holiday. Whether stocks have hit bottom or not, numerous gold and silver issues with big assets behind them are down low and offer splendid speculative investment opportunities.
