CLERGYMEN ARE TRYING TO SETTLE C. P. R. STRIKE

Contrary to Expectation the Strike was not Settled Yesterday but Important Action is Under way—Clergymen Take a Hand. Winnipeg, Man., October 1 (Special)—Hope that the Canadian Pacific Railway strike would be settled yesterday was not realized and nothing as to the progress in the negotiations was divulged by either side. The strike leaders maintained that no change in the situation had occurred but it was apparent from the general trend of everything that important action was under way. It is known that a delegation of city clergymen waited on Vice-President Whyte on Monday and obtained a statement of just what the company would concede. This basis of settlement was later laid before Mr. McVeity and other members of the strike committee and now receiving the committee's consideration.

HANLON EASY FOR THE ENGLISH BOXER

Owen Moran Clearly Out-fought His Heavier Rival in Last Night's Battle. San Francisco, Oct. 1.—Owen Moran, English featherweight, last night won the decision over Eddie Hanlon, a lightweight, after 20 rounds of fighting, despite the disparity of eight pounds in favor of the Californian. Moran had the better of the fight from start to finish and only in one round did Hanlon have the advantage. Moran started in to make his fight from the top of the initial gong and kept constantly after his opponent until the contest ended. In the very first round he laced Hanlon with a rapid fusillade of left punches to the face, which he varied with solid rights to the body. Hanlon was no match at all for the shifty Briton and soon realized that his only hope in victory lay in close range fighting. Moran, however, was not caught napping and kept up a merciless peppering of Hanlon's face. In the seventh round he had the blood flowing in streams from the Californian's nose. In the thirteenth round, the only one in which Hanlon had any advantage, the Englishman was caught in a neutral corner. Hanlon shot a wicked right to the stomach that sent Moran reeling into the middle of the ring. Hanlon followed this advantage with a couple of face smashes. That was as far as he got, the Briton covered up, and when the round terminated he went smilingly to his corner. Moran in the succeeding rounds, hit Hanlon almost at will, Hanlon's nose was badly cut, his lips split and both eyes were all but closed. Hanlon gave a remarkable exhibition of gameness and despite the heart-breaking punishment that was being meted out to him, he was always fighting back hard, and several times the Englishman was forced to stall.

HUBBY POSED AS GIRL

New His Bride, a Pittsburg Belle, Seeks a Divorce. Pittsburg, Sept. 30.—The divorce suit of Geo. N. Weis, son of a millionaire restaurant owner here, promises to excite every citizen. Weis claims that he was practically kidnapped by his first wife, Julia Kelly, who had a watchful eye on the family and had to be dressed on her part, welcomes the divorce proceedings. "My husband's habit of wearing girls' clothes and posing as a young lady, even in society functions, has made life intolerable for me," she says. She has her own dresses and attended parties, so fair and slender is he that even his lady companions never detect him. But my life has become unbearable.

MR. OLSEN IS GRATEFUL

Edwin Olsen, of Windlow street, West End, is a grateful man. Mr. Olsen has seen much trouble recently. On Sunday his child was buried, and his wife has been so ill that his whole time is taken up in caring for her. Consequently he was unable to work. His employers, Messrs. Clark & Adams, and some of his fellow employees, came to his aid in his predicament and presented him with \$25. He is grateful to them for their kindness and in this case the freely given assistance was most gratefully accepted.

NEWS AND VIEWS OF THE CAMPAIGN

The Liberals of West Hastings, Ontario, have nominated Mayor Funnell of Trenton as their candidate to contest the riding for the commons. After a three weeks' tour through the Maritime Provinces with Sir Frederick Borden, Hon. Mr. Fielding and Hon. Dr. Pugsley, Mr. Chas. Macell, ex-Deputy Speaker of House of Commons has returned to the Maritime Provinces will be main loyal to the Liberal party. Robert Miller, of Blouville, who nominated James Reid, at the Restigouche convention at Dalhousie on Tuesday, has had the honor of nominating the gentleman each time he has been a candidate. Each previous occasion Mr. Reid's majority has been increased, and this election will see all records broken. Referring to the contest in Gloucester county the Campbellton Graphic says: "The strongest political opponent of Mr. O. Turgeon our federal candidate, has absolutely no show of election in this county. Apart from the popularity of the Liberal government and consideration of the immense progress policy has brought to the Dominion in general the great efforts put forth by Mr. Turgeon to meet the growing needs of his large constituency have placed him beyond the possibility of defeat." W. S. Loggie, M.P., for Northumberland, is making a tour of the county and addressing meetings at the different places. Mr. Loggie says he is having larger audiences than ever before. Commenting on the election the Chatham Commercial says: "New Brunswick solid for Laurier would not surprise those close to the electorate in this province, nearly as much as the Nova Scotia landslide started our friends in the peninsula in 1904. The pitiable weakness of Dr. A. W. MacRae in St. John would carry his colleague to defeat, though Dr. Daniel could never hope to be elected against a candidate who has developed such strength and popularity as has Mr. Pender."

MR. FIELDING SHOWS THE ELECTIONS HOW CANADA HAS PROSPERED

Sir Wilfrid Laurier's Wise Rule has Meant Much to Canadian People. Trade Increase Under Liberal Government was \$34,000,000 White During Whole Period of Tory Misrule it was Only \$3,500,000. Galt, Ont., Oct. 1 (Special).—Hon. W. S. Fielding, finance minister, addressed a large crowd of people in the rink here last night and was well received. He declared that under Sir Wilfrid the country had prospered during years past as it never had before. No charge of corruption had been made against any member of the Liberal government, he declared. The expenditure was \$10,000,000, and to spend it required a large army of men, and here and there would be room for criticism of the conduct of these men. On the great trade question, Mr. Fielding pointed to a total increase of \$41,000,000. The increase under the Conservative government was \$5,000,000, while under Sir Wilfrid Laurier it had been \$34,000,000.

Two cars which arrived yesterday were found to have been entered and a number of packages stolen, while many cases were broken into and contents stolen. Car No. 241,094, which contained a miscellaneous lot of goods, had apparently been skinned and contents stolen. A case of barber's supplies for A. The other cars were No. 91722, and it contained shipment of wines for John O. Regan and seven cases of felt shoes were missing and one of the pair of shoes removed. In both cases the thieves obtained entry through the small doors in the end of the cars, as the seals were found to have been broken. The matter is being looked into now by the railway authorities, and one of the company's detectives will endeavor to trace the culprits.

THE TIMES NEW REPORTER

NOT THE FAMOUS LEAK. Engineer Murdoch desires to state that the leak discovered by Engineer Hunter is not the Leak of 1854, which is still doing business at the old stand, with a pressure so much greater than 70,000 gallons a day that the two are not to be mentioned in the same class. HIRAM IS ALARMED. When Mr. Hiram Hornbeak, who was in town last evening, came out of an opposition meeting at a late hour he requested a policeman to accompany him to a hotel. "I haint got much money on me," said Hiram, "but after listenin' to them fellers in there I won't take no chances. I don't 'pose the more'n three or four honest men in town—they're all lawyers. It beats all how we've degenerated since this fight begun. I'm gon' home on the fast train tomorra, to see how things is in the Settlement. It's awful."

ETHEL BARRYMORE SAYS THINGS ABOUT SOCIETY

Well Known Actress Declares American Society/Women are "Selfish and Piggish"—Brains are not Essential to Great Social Success. Chicago, Oct. 1.—A despatch to the Tribune from St. Louis, Mo., says:—"Ethel Barrymore, the actress, whose entrance into the best American and English society is unquestioned, made the astonishing declaration in an interview yesterday that the most useless, brainless and purposeless order of beings in the world, constitute the elite society of America. She expressed the opinion that the reason international marriages among society girls have proved a failure, is because the brides have not enough mental energy to interest foreign noblemen or to meet the requirements of the situation they find there. "There is no occasion for brains in our society at least not in New York which I have seen, and consequently girls do not prepare themselves or cultivate their capacities. "The women of wealth are merely selfish and piggish and are usually content with comfortable living quarters, a good dinner, a little polo or bridge or a rapid automobile or two. They are empty shells and perfectly meaningless and useless to the country."

Yesterday there will be only two games in the American League to-day, the three leading teams laying off. The National League teams scheduled for games to-day are New York and Philadelphia, a double-header at Philadelphia, and Boston at Brooklyn and Chicago at Cincinnati, in single games.

FIRE IN C.P.R. ROUND HOUSE AT MILE END

Montréal, Oct. 1 (Special).—Fire early this morning gutted the C. P. R. round house at Mile End and in consequence three engines are almost a complete wreck. There were ten engines in the structure when the fire broke out and seven of these were got out before the fire spread rapidly on account of the low pressure of the water. The damage is placed at \$20,000. The fire broke out at 1:30 a.m. and was extinguished by 2:30 a.m. The cause of the fire is not yet known. The round house was built in 1880 and was one of the best of its kind in the city. It was a double-deck structure and was used for the storage of engines and for the repair of engines. The fire was caused by a short circuit in the wiring of the engine house.

THOSE BOGUS QUARTERS

The counterfeit Canadian Twenty-five cent coins now in circulation in the city are believed to have been generally circulated during Exhibition week and by one noticeably different in some of the spurious mystery of it is inferred that two different parties are manufacturing and distributing the coins. In some of the coins the date is in the shape of a semi-circle and in others it is set perfectly straight. They are all of 1897 date and the lustre of the spurious pieces would arouse suspicion now that notice of the fraud has gone forth. The difference in the weight of the genuine and imitations is believed to be in the vicinity of 4 grains and while the majority of the coins possess no ring in many of them there is a ring that would deceive an expert. Hundreds of the counterfeit coins are in circulation here. Yesterday afternoon a young man received three in payment of a bill.

THE CHOLERA RECORD

St. Petersburg, Oct. 1.—For the twenty-four hours till noon today the municipal hospitals reported the admission of 225 new cases of cholera and 88 deaths. The corresponding statistics for yesterday were 229 new cases and 93 deaths. The crowd of taxpayers continued to flow into the chamberlain's office today in order to secure the 5 per cent. discount. The indications are that the receipts will be considerably in excess of last year. A meeting of the bills and by-laws committee will be held on Friday to take up the matter of revising the by-laws relating to vehicles. A number of changes will likely be made. Glass in a door of a billposting office on Brussels street was broken in some manner last night though it is not believed that a burglary was attempted. IMPROVEMENTS TO THE I.C.R. TERMINAL TO BE MADE SOON

J. F. Halliday, acting superintendent of the I. C. R. today and made a visit of inspection to the I. C. R. terminal in company with Terminal agent L. R. Ross, relative to what improvements were necessary for carrying on the work of the coming winter. The island yard, the Long Wharf facilities and the Ballast Wharf were inspected. It is understood that the minister of public works has arranged to put a dredge at work at the Ballast wharf and at the head of the harbor to dredge the move the sediment that has collected during the past year and to bring the depth down to the original 30 feet mark. Messrs Halliday and Ross, and Scale Inspector Avaré also decided on a location in the island yard for one of the latest up-to-date car scales of 150 tons capacity, (300,000 pounds). The installation of this scale will enable the railway to weigh cars of lumber, etc., as soon as they arrive on the train and before the cars are shunted. Hereafter the cars had to be taken out of the train and shunted up to the scales where the old roundhouse was formerly located and then shunted back to the island yard again, which caused a delay of about twenty-four hours. The new arrangement will be a great convenience for the local merchants.

I.C.R. EMPLOYEES ASSOCIATION WILL ASK FOR LARGER GRANT

The annual meeting of the I. C. R. Employees' Relief and Insurance Association was held in the freight shed here last evening. The question of an increased grant from the government for the employees was discussed and it was decided to ask for \$5,000 more than is allowed at present. When the association started in 1890, the government in consideration of the important relieving of it of all responsibility of payment for accidents, etc., granted the yearly sum of \$5,000. When the line was extended from Quebec to Montreal, the grant was increased to \$5,000. Since that time the Canada Eastern division was acquired and the number of employees increased 40 per cent, and the grant was not increased in proportion. The employees now ask that the annual grant be made \$13,000 and the matter will be brought to the attention of the government. The election of officers for the ensuing year resulted as follows: W. M. Kingston, chairman; Alexander Duncan and William McAdoo, executive committee and L. R. Ross, secretary.

SUNRISE NEVER FAILED.

Upon the sadness of the sea The sunset broods regretfully; From the far lonely spaces slow Withdraws the wistful afterglow.

So out of life the splendor dies; So darkens all the happy skies; So gathers twilight, cold and stern; But overhead the planets burn.

And up the east another day Shall chase the bitter dark away. What though our eyes with tears be wet The sunrise never failed us yet.

The blush of dawn may yet restore Our fading hope and joy once more; Sad soul, take comfort, nor forget That sunrise never failed us yet.

IN LIGHTER VEIN CAMPAIGN ITEM. “Let us lie together,” sings a poet in the Sunset Magazine. We stopped reading right there; this political poetry doesn't appeal to us.

SHE HAD LANDED HIM. “Has that chap any property?” “The maiden's eye demanded.” “Sure,” the coy maid replied. “At least I have him landed.”

ASKED AND ANSWERED. “What kind of a table do you set?” wrote the city chap to an old farmer who had advertised for summer boarders. “Quarter-oak extension,” came the reply by return mail.

BY HIS PEN. Wealthy Stranger—Yes, I made my money, every cent of it, by my pen. Youth—Ah, a novelist, or a dramatist, may be. Wealthy Stranger—Not me. I used to keep a sheep farm in New Zealand.

THE HORRID THING. Clarence—I told the minister he mustn't kiss you. Cordelia—And what did he say? Clarence—He thanked me, and said under the circumstances he would only charge me half the usual fee.

A DIFFERENT VIEW. Critique—“I visited DeAuber's studio yesterday.” Artless—“He's what they call an impressionist, isn't he?” Critique—“So I was led to believe; but after viewing his work I have come to the conclusion that he is a depressionist.”—Chicago News.

CURE FOR BLINDNESS. “The student that she was blinded by love and for a time thought he was her ideal of a man.” “What opened her eyes?” “A report from Stratford's that her very considerable big brother brought home.”—Nashville American.

THE EXCUSE. The teacher received the following note explaining the absence of her pupil the day before: “Please excuse Henry for absence yesterday. He had a chance of a ride to a funeral in a carriage, and I let him stay to home as he had no other carriage never went to a funeral, nor had many other pleasures. So please excuse.”

HIS NOTION. “I am, of course, in favor of compelling every motorist to display the number of his car, for the purpose of identification, and so on,” said the man who ruminates in certain cases it would serve to prevent misapprehension and every suspicion of the machine were decorated with a conspicuous placard bearing the legend, “I'M PAID FOR.”—Buffalo News.

YES, IT'S A GOOD WORD. A contemporary prints Orville Wright's picture with a caption: “The Man Who Revolutionized Aerial Flight.” Webster—“Revolutionary.” “But a course of motion, which brings every part of the surface of pebbles of a body quickly back to the place from which it started.” “Revolutionary” seems to be the word, all right.—Buffalo News.

THE CASE OF DR. MACRAE (From The Daily Telegraph).

Sometimes when a political party does not know how to dispose of a doubtful lieutenant an opportunity occurs to hand him a nomination in a hopeless election and let him take his medicine. This is what is happening to Dr. A. W. MacRae, the Conservative candidate for the city of St. John.

When it became known that the nomination was to go to either Dr. MacRae or Mr. W. F. Hatheway everybody in town, except possibly the gentlemen named, realized that the party's intention was, politically speaking, to entice one or the other of those money spirits to the edge of the wharf and push him over. Many Conservatives asserted that Mr. Hatheway was the man above all others ripe for the sacrifice.

But though Mr. Hatheway was a strong candidate for obliteration there was an even greater number who felt that they would like to see Dr. MacRae out in the open, for once away from the political underbrush, where the enthusiastic electors generally could get a chance at him.

Had the Conservatives believed there was any sort of a chance to defeat the Minister of Public Works Dr. MacRae would not have been nominated. His attitude during the provincial campaign of March last, while it was politically of just importance either way, rendered him more than ever obnoxious to the leading spirits of his party here. That is the principal reason why they threw the nomination to him a few weeks ago.

His stock-in-trade is abuse of his opponents. It is exactly the sort of thing that the public expects from him. Any higher conception on his part of the attitude of a candidate discussing public issues would seem unnatural. Dr. MacRae's case is a simple case. His loving Conservative friends have enticed him to the edge of the wharf. The electors of the city and county will do the rest.

SIR WILFRID TALKS (Sir Wilfrid Laurier at Stormont.)

“We have been twelve years in office. Twelve years is not a very long period in the history of Canada, but these twelve years will count in the life of this nation. As everybody knows, those twelve years have been years of unexampled prosperity in the history of Canada.

When we took office in 1896, Canada was a small colony, but today, after twelve years of office, Canada has become a new star to which is directed the gaze of the whole civilized world. That is what we have done.

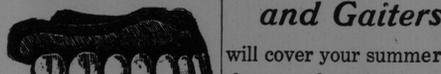

“Do you want to go back to the old days of 1896, to the reign of the lean kine, or do you want to remain in the reign of the fat kine?”

“Do you want to go back to Mr. Foster and his deficits, or do you want Mr. Fiddling and his surpluses? This is the question for you.

“We want to give you an honest government. We have given you an honest government and we intend to do so to the last.”

Schies, pastor of the Dutch Reformed Church on Sunday, after he had been asked if President Roosevelt's return to his parish would induce him to make some utterance pertinent to the chaotic political situation. The resident attended the morning service on Sunday. In recognition of his return the first hymn was the President's favorite, "How Firm a Foundation," and the President joined in the singing.

WEDDINGS

Creighton-Wetmore

A very pretty wedding was solemnized in All Saints Episcopal church at Clifton yesterday afternoon, when Miss Ella M. Wetmore, daughter of the late Marshall Wetmore, became the wife of Herbert E. Creighton, of Silver Falls. The ceremony, which was performed by Rev. H. Wainwright, was witnessed by a large number of the friends and relatives of the contracting parties.

The bride was becomingly gowned in a costume of white silk and carried a shower bouquet. She was given away by her brother, F. W. Wetmore, of Providence, R. I.

The church was very prettily decorated for the occasion with autumn leaves and greenery.

After the ceremony the happy couple drove to their new home in Silver Falls. Many handsome and costly wedding gifts were received, including a dozen sterling silver spoons from the principal and teachers of the parish school, where the bride was formerly on the teaching staff.

Among the outside guests were Mr. and Mrs. L. W. Wetmore, Mrs. L. C. Wetmore and daughter and Mr. and Mrs. J. W. Carleton, of St. John; F. W. Wetmore, of Providence, R. I.; and Miss Hattie Creighton and Clifford Creighton, of Silver Falls.

CITY COURT CASES

In the city court this morning, before Magistrate Ritchie, several actions for debt were contested.

The Canadian Rubber Co. sued a livery stable keeper for \$103, which it was claimed was due for a rubber tire placed on a wheel. A receipt of the wheel was offered in evidence, signed by an employe of the defendant in his livery stable. The defendant denies receiving the wheel or leaving the order.

C. S. Hamilton represented the plaintiff company and on his request adjournment was granted until next Thursday.

Only one witness was examined in much postponed suit for \$10, preferred by the N. B. Telephone Company against Dr. James Smith and J. E. Hurd individually for telephone service incurred by the Empire Medical Company, of which enterprise it is claimed by the plaintiffs both Smith and Hurd were promoters.

J. W. Price, who appeared for the plaintiff concern, called Mr. Hurd as a witness to testify in the suit against Dr. Smith, but he failed to comply with the summons. Tomorrow afternoon, the evidence of Dr. Smith, who is ill, will be taken by commission.

J. B. M. Baxter represented Dr. Smith and E. S. Ritchie appeared for Mr. Hurd. The offices of the medical company were at 49 Princess street. Dr. Smith defends the suit on the ground that he was not interested in the defunct company.

D. McLaughlin & Sons brought action against J. S. McGivern for \$34, alleged to be due for rent of coal shed. A set off amounting to slightly over \$8 paid into court by the defendant was not recognized by the plaintiffs.

E. L. Grevor for the plaintiffs and E. S. Ritchie for the defendant.

THEY WILL NOT WAKE SNAKES

Dr. Macrae and H. A. Powell Will Meet in the Opera House Tonight but There Will be No Names Called.

Dr. A. W. MacRae, K.C., the Liberal-Conservative candidate in the city and county of St. John and H. A. Powell, K.C., the man whom the Liberal-Conservatives of St. John city and county really wanted for their candidate will meet on the platform in the Opera House tonight.

At the meeting Dr. MacRae is expected to tell the people what great and glorious things he will do for St. John if he is given the opportunity.

And Mr. Powell is expected to tell the people what a really estimable man Dr. MacRae is and how deeply he would rejoice to see "his friend" Dr. MacRae occupy one of the seats of the mighty at Ottawa.

And tomorrow morning the Conservative campaign poster will tell the people of St. John that he will not go to the Opera House—that the Conservative party is solidly united in St. John and swinging on to victory.

Does any one for a minute suppose that Mr. Powell will tell his hearers what he really thinks about Dr. MacRae?

Not anyone who knows the facts! Mr. Powell let himself loose once and told Dr. MacRae just what he really thought of him.

On that occasion he called the present candidate A SERPENT.

And he meant it.

Anyone who heard him say it or who saw the fierce "I mean every word of it" expression that passed over Mr. Powell's facial countenance like a cloud over the summer sun could not but see that he was sincere when he placed MacRae in that category.

The date of Mr. Powell's interesting statement was August 31, 1908—just a month ago—and the place was the assembly rooms of Keith's Theatre.

Dr. MacRae had been nominated over W. Frank Hatheway, as the Liberal-Conservative candidate for city and county.

It was a surprise to a great many, but not a surprise to Dr. MacRae. Why should it be? He had "gone after" that nomination with an axe and like Abe Lincoln used to advertise a certain soap.

He felt more like calling names. Now as Dr. MacRae had just succeeded in leading the nomination, Mr. Powell might have called him a lemon squeezer—but he didn't. He fell back on the epithets "serpent" and "uglier" terms and called him a serpent.

An eye witness tells this story of the incident.

Dr. MacRae asked Mr. Powell to support him in the campaign.

Mr. Powell intimated that he would use his own judgment as to that and followed it up by saying "I may as well tell you now to your face, MacRae, that you're a serpent."

Friends of both men abruptly terminated the interview but Mr. Powell will probably speak in Dr. MacRae's support tonight many are wondering what he will call him this time.

The question is being freely asked today if Dr. MacRae was a serpent in the opinion of H. A. Powell on the evening of Aug. 31, 1908, what will be on the evening of Oct. 1, of the same year, and if he is something else and not a serpent, which of Mr. Powell's opinions should go on record.
