## CHANGE IN THE PROGRAM

### THE WAR IN CHINA

This Morning at the Convention of Laymen

#### SOME SPEAKERS DELAYED

#### Rev. Mr. Gunn Heard on the Missionary Leadership of the Pastor—Too Much Dependence in Past on Women of Church, Says Mr. Rose

The equipment for the task, was the subject of the morning session of the Laymen's Missionary convention, which was continued in Centenary church today. But owing to the fact that several of the speakers had not arrived, three of those who were to speak this afternoon were also heard this morning.

W. M. Jarvis, of this city, presided and the session was opened at a quarter to ten o'clock with devotional exercises, conducted by Rev. J. H. Mc Donald, D. D., of Fredericton. The speakers were: Wm. T. Gunn, D. M. Rose, Rev. H. C. Priest, Rev. M. E. Fletcher, and W. C. Senior.

#### Rev. J. H. Arnupp, secretary of the Methodist Laymen's Association, Rev. E. Armstrong, M. A., of Toronto, and L. A. Hamilton of Toronto, who were on the programme for this morning are expected to arrive in time to address the convention this afternoon.

#### Rev. Mr. Gunn

The first speaker this morning was Rev. William T. Gunn, M. A., B. D., general secretary of the Canadian Congregational Union, whose subject was "The Missionary Leadership of the Pastors." He said that since the inception of the laymen's movement there had never been the slightest question of the place of the pastor as leader in the church, and this did not need emphasis. It should be recognized, however, that it was the duty of the pastor to lead and not to drive his congregation, and that it would be great folly for a clergyman to go home from this convention and try to rush his church into missionary work that they are not prepared for. They must be educated up to the work.

The pastor must start with himself and study the subject until he realizes that the pastor is not a dictator, but a leader, so great that it dwells all others.

Speaking of missionary problems in Canada, Mr. Gunn said that he wished to take every delegate to the ports of the Atlantic and then to the Pacific coast to see the horde of immigrants of different races and colors who are pouring into Canada and who all must be reached by the hand of God.

The pastor must realize the needs of the heathen. "If you were landed in a Mohammedan Heaven," he said, "you would not be any better off than in a Christian Hell. Their best is infinitely low."

When he has prepared himself for the task the pastor should put forth his greatest effort to lay the responsibility for the conversion of the heathen on the men of his church. The speaker closed with a tribute to the importance of the clergyman at home, although giving full recognition to the need for more men abroad.

#### D. M. Rose

The question "Is a Men's Missionary Committee Essential?" was taken up by D. M. Rose, general secretary of the Laymen's Movement in the Anglican church. The first argument against more organization was the statement that the churches were already burdened with too much inefficient organization, but, in answer to

## FIRE ON THE LUSITANIA AT SEA; PASSENGERS DRIVEN TO DECK

THE CANADIAN TUBER-DRIVER COLUMBIAN STEAMER "LUSITANIA"

Queenstown, Nov. 21—An outbreak of fire occurred on the Cunard liner Lusitania, which left Liverpool on Saturday bound for New York via Queenstown. The fire was caused by a short circuit in the second cabin soon after the steamship left the Mersey. It was located in one of the staterooms and almost immediately all the second cabin lights went out. A thick, pungent smoke drove the passengers quickly extinguishing the flames.

## "DIVINE SARAH" TO WED YOUNG ACTOR?

Paris, Nov. 21—(Canadian Press)—It is announced that Sarah Bernhardt, the famous actress, is soon to be married to Lou Tellegen, a Flemish actor, who is but twenty-six years old, and who played subordinate parts in Bernhardt's company during her last American tour.

## ALL LOST WITH SCHOONER

### The Heroine, of Newfoundland, Wrecked on Voyage From Sydney—Captain and Three Men Drowned.

Halifax, N. S., Nov. 21—News of the total loss of the schooner Heroine, of Burgeo, Newfoundland, reached here today, when Robert Moulton of this city, received a telegram advising him of the loss of the schooner with all on board.

The wreck took place yesterday during a heavy storm. The Heroine was bound from Sydney to Burgeo with coal for Mr. Moulton. She met her fate at Fox Roost, a point of land a mile east of Port Aux Pasques.

Those on board were: Captain John Rose, who was also owner of the schooner, and three others, all belonging to Burgeo. The Captain and one or two members of the crew leave large families.

## ENGINEERS OF GRAND TRUNK FACE PROBLEM

### Abutment of New Main Line Bridge Across the Humber is Sinking

Toronto, Ont., Nov. 21—In the unexpected sinking of one of the abutments of the new main line bridge across the Humber river, the Grand Trunk finds itself faced with a serious problem in engineering likely to tax the ingenuity of experts to correct.

It is the eastern abutment, supporting one half the weight of 200 tons comprised in the two main girders of the bridge, which has been found to be settling and the extent of the movement has already reached nearly four inches.

The southeast corner of the pier was used by the engineers to be down three inches several days ago, and the rapid rate at which the settling occurs is shown by the fact that surveyors yesterday found that another three quarters of an inch had been added.

## ONTARIO HAS CHINESE LAD IN SCOUT TROOP

Ottawa, Ont., Nov. 21—The only Chinese scout in Ontario and probably in Canada belongs to Fred Taylor's troop of scouts in the city. The boy's name is Chin Wang, a son of the Chinese consul. He joined the troop in October, putting aside his native clothes and adopting the scout togs, in which he looks as well as any Canadian lad.

## WILL BE CONFIRMED AT HOME INSTEAD OF CHURCH

His Lordship Bishop Richardson will pay a visit to Kenabecasis Island on Friday for the confirmation of Mr. and Mrs. James Keith and possibly one or two other candidates. The ceremony will be somewhat unusual, in that it will be performed in Mr. Keith's home, instead of in a church, as is usually required, but in this case the exception is made because of the illness of Mr. Keith.

## PROF. MacPHAIL MAY BE THE AGRICULTURAL COMMISSIONER

Kingston, Ont., Nov. 21—Professor Alexander MacPhail has returned from P. E. Island, where he was elected last week as a member of the legislature. He does not contemplate resigning his position in Queen's School of Mining, here, as it will not be necessary at present.

## ITALIAN WAR IN BRITISH HOUSE

### RICHEST WOMAN AGED 76 TODAY

### Hetty Green Spends Birthday in Her Office Making a Dollar—To Work Ten Years More

(Canadian Press)

New York, Nov. 21—Today is Mrs. Hetty Green's birthday. She declared herself too busy to celebrate, and said that a birthday was as good as any other day for hard work, at her desk in her Broadway office.

"Yes, I am seventy-six and proud of it," she remarked briskly; "still young and still happy." Talking with friends, she said that she intended to continue in active business for at least another decade.

Mrs. Green has stopped riding in the street cars. Her son, Col. Edward H. Green has a sixty-horse power automobile in which Mrs. Green rides down to her office at nine o'clock every morning, and the chauffeur calls for her at three o'clock in the afternoon. She still does her marketing, however, and bright and early every morning, she takes her market basket and goes to strike a bargain with the butcher.

## GERMANS ARE AROUSED

### Recent English Speeches and Reports on the War Scare Stir up Anti-British Feeling and Bring Attacks on German Government

(Canadian Press)

London, Nov. 21—D. M. Mason, Liberal member for Coventry, has given notice that he will move a resolution in the House of Commons on Nov. 27, protesting against what he denounces as Italy's unwarrantable seizure of Tripoli and expressing horror and disapproval over the recent massacre of Arabs.

The motion will urge the British government, in accordance with the principles of the Hague tribunal, to protest against the outrage to humanity.

## STRIKING NEW YORK DRIVERS ON TRIAL

### Possibly Some Will Be Reinstated By Commissioner Edwards

New York, Nov. 21—Seven hundred former drivers of the street cleaning department appeared at the office of Commissioner Edwards for trial yesterday on charges of deserting their work.

At the conclusion of the trials it was said semi-officially that Commissioner Edwards would look more carefully into the cases of many of the men with a view to reinstating them. It is known that he has summarily dismissed only a few men, and that those he held over for later decisions were mainly men who had asserted that they quit work because they were afraid to disobey the strike order.

## RESCUE AFTER TWO DAYS

### Captain and Crew of the Steamer Turret Cape Are Saved

Owen Sound, Ont., Nov. 21—Captain Wharry and the crew of the abandoned steamer Turret Cape were brought into port here by the tug Harrison. The Turret Cape stranded on Friday night on the Middlebank Cove shoals, south of Owen Sound, in a vicinity so dangerous that it had earned the name "Graveyard of the Lakes." The crew was taken off only after two days effort.

## ROCKEFELLER GETS BLOOD-HOUNDS AS A PROPERTY GUARD

Greenwich, Conn., Nov. 21—Burglars will have little chance of escaping with the contents of a civil engineer's office within a few weeks if present interest in the McNamee murder trial continues. Instead of beginning the trial by taking up the state's contention that a crime was committed, opposing counsel are planning first to establish the fact that the Los Angeles Times building existed. To this end elevation sketches, floor maps and street diagrams and complete models have been prepared by experts and it is possible that days will be spent after the jury is secured, in introducing, identifying and labeling these exhibits.

The models are cut away so as to show the interior of the building with tiny linotypes, printing presses, office furniture, elevators and electroplying machinery all made to scale and all in place.

## AMHERST FIREMEN'S PROMPTNESS SAVES VALUABLE RESIDENCE

Amherst, N. S., Nov. 21—(Special)—A barn belonging to William White, of Douglas Bros., containing hay, coal and several stoves, was destroyed by fire at midnight, resulting in a loss of more than \$500, partially insured. The firemen were enroute to the blaze two minutes after the alarm was sounded, and their prompt action no doubt saved a valuable residence near the burning building.

## SAYS HE CURES CANCER; HE APPLIES FOR MEDAL

Cologne, Germany, Nov. 21—Doctor Schmidt, cancer expert, of this city, has applied for the Italian Maraini prize of \$20,000 offered to the discoverer of a cancer serum who can prove that he has been successful in healing five cases by means of his remedy. Dr. Schmidt asserts that he is able to prove that he has made forty cures.

## ELEVEN MINERS ARE CRUSHED TO DEATH

Nordhausen, Prussian Saxony, Nov. 21—Eleven miners were killed and another badly injured today by the fall of a rock in a potash mine in this district, belonging to the Prussian government.

## ATTELL IN OLD FORM

(Canadian Press)

London, Nov. 21—The Arrostook bog out this winter will show a decrease of about seventy per cent, according to lumbermen. The decrease is due to the low water level in the St. John and other Arrostook county rivers because of the low pitch of water; and the repeal of the Pike law, which went into effect at Augusta and which puts a duty of \$1.25 a thousand feet on American lumber manufactured in New Brunswick.

## HARRY GOES TO JAIL

### Posed as Wealthy Miner and Married a Toronto Girl

Toronto, Ont., Nov. 21—Albert Harry, who posed as a wealthy Porcupine miner and induced a young woman living in Richmond street west to marry him, after he had lured her to Toronto, was yesterday sentenced to five months for stealing an overcoat from a roomer in the house of his bride's mother. Harry's actions are attributed to use of cocaine.

## DANCE TOO TAME FOR MONTREAL SPECTATORS

Montreal, Que., Nov. 21—"To H-I with O'Keefe! Don't be afraid! Hit her up!" shouted a big crowd in the Theatre Royal last night, as they watched the lady-like movements of Florence McCloud, billed as a timid social dancer. O'Keefe is Montreal's morality inspector, and was rumored he had his eye on the show. The result was a perfectly proper little pink box dance from McCloud and such a howl of protest from those who had paid to witness her performance, that the management were forced to ring down the curtain to prevent a riot.

## MADERO GETS READY IN CASE OF TROUBLE

Mexico City, Nov. 21—Orders to mobilize 25,000 men in a zone paralleling the northern boundary line have been issued by the war department. The government is yet skeptical concerning the inauguration of the Reyes-Vasquez revolution, but should it be begun, President Madero and his cabinet believe the army would be sufficient to check it.

## ARROSTOOK CUT IS SEVENTY PER CENT. BELOW THE USUAL

(Canadian Press)

London, Nov. 21—The Arrostook bog out this winter will show a decrease of about seventy per cent, according to lumbermen. The decrease is due to the low water level in the St. John and other Arrostook county rivers because of the low pitch of water; and the repeal of the Pike law, which went into effect at Augusta and which puts a duty of \$1.25 a thousand feet on American lumber manufactured in New Brunswick.

THE NAVY MUST WAIT

Under the searching criticism of Sir Wilfrid Laurier, Mr. Borden was compelled yesterday to admit the utter helplessness of the tory pretensions of anxiety for the welfare of the Empire.

BRITAIN IN INDIA

The two extremes in India, in the realm of politics, with which England has to deal, were presented in thrilling contrast by Sir Andrew Fraser at the Canadian Club last evening when he described the incident of the attempt upon his own life.

There were the two extremes, the native who was willing to sacrifice his own life in order to kill the man who represented British authority, and the other, the native nobleman who was willing to give his life to save the English governor.

The so-called unrest in India does not disturb those who, like Sir Andrew Fraser, have studied the problem. There must be an awakening, and the only concern of the rulers of India is to guide it in the right way, and prevent a condition of anarchy.

The domesticated reindeer is somewhat smaller than the New Brunswick woodland variety of Caribou. It is of the same species, but approximates in size more nearly to the barren-ground Caribou.

Lamp chimneys will not break if placed in water, which must very slowly be brought to the boil.

The reindeer is the only member of the deer family in which antlers are found in both sexes. The antlers of the female are smaller and generally smaller than those of the male. The ears of the reindeer are short, the throat maned, the muzzle hairy. The coat is remarkable for its density and compactness; the general color of the head and upper parts being clove-brown, with more or less white or whitish grey on the upper parts and inner surface of the limbs, while there is also some white about the muzzle and above the hoofs.

The death of Mr. O. H. Warwick removes a good citizen and successful merchant. A man of quiet tastes and aversion to taking an active part in public affairs, he set a fine example of personal industry and honorable conduct as a business man.

The eminently practical turn which Bishop Richardson gave to the discussion at the Laymen's Missionary Conference yesterday will be widely appreciated. There is a work at home as well as abroad, and a religious awakening should have practical results in every realm of activity.

Have you ever noticed how unreasonably the man at the bottom of the ladder envies the man at the top? Not until success has been actually attained does the man appear at the top, and the consequence is that he gets scant credit for the step at a time climbing which has brought him there.

This, at any rate, is the experience of the Midland Vinegar Company of England, the manufacturers of H. P. Vinegar. They are now at the head of the parade, and it is interesting to note how they taste it like it and recommend it to their friends to make trial of it.

A new financial policy of great importance was announced yesterday after a meeting of directors of the Dominion Steel Corporation in Montreal. The announcement was as follows:

The chief subject considered by the board of the Steel Corporation today was the recommendation of the president, that the Steel Company should not continue to provide for the expenditure on its new plant by the sale of the bonds, which were authorized in 1909, of which about \$8,000,000 is still held in the treasury, but that capital should be obtained by the issue of preferred stock of the corporation.

NOT QUITE SATISFIED. Cadging Charlie had done well; much cast-off clothing had come his way. Yet he was not quite satisfied. "Humph," he grumbled, "here I am, wearing 't' shoes of a banker, the pants of a judge, the coat and vest of a vicar, and a magistrate's hat; yet in spite of all, I look like a tramp."

Among the nations of Europe Turkey is the only one which flies no Red Cross in time of war. Though a party to the Geneva convention, Turkey has steadily refused to use the emblem of that convention, the Greek Cross, to protect its sick and wounded in time of war.

BY AND BY (Author Unknown.)

There's a little mischief maker, That is stealing half our bliss, Sketching pictures on a dream land, Which are never seen in this: Dashing from our lips the pleasure Of the present, while we sigh: We may know this mischief maker, For his name is "By and By."

He is sitting by our heartstrings, With his sly bewitching glance, Whispering of the coming morrow, As the social hours advance: Loitering 'mid our calm reflections, Hiding forms of beauty nigh: He's a smooth deceitful fellow, This enchanter, "By and By."

You may know him by his mincing, By his careless sportive air, By his sly, obtrusive presence, That is straying everywhere: By the trophies which he gathers, Where his cheated victims lie; For a bold, determined fellow, Is the conqueror, "By and By."

When the calls of duty haunt us, And the present seems to be All of time that ever mortals snatch from all eternity, Then a fairy hand seems pointing Pictures on the distant sky, For the cunning little artist, Is the fairy, "By and By."

"By and By," the wind is singing "By and By," the heart replies; But the phantom, just before us, Eye we grasp it ever flies: Let not to the idle charmer: Learn the ever precious lie; Only in the fancy lives This deceiver, "By and By."

HIS ANNOUNCEMENT. The pastor of a small town was discouraged by his faithful fight against the saloon element, and the lack of support he was receiving among his members and made up his mind to resign. He made the following announcement: "I am going to do something the devil has never done. I am going to leave this town."

HIS REPLY. A visitor at a hotel in the Scotch Highlands was asking a gillie as to the prospect of securing game. "Are there ever any deer about here?" he inquired. "Weel," replied the gillie, thoughtfully, "there was yin, but the gentlemen were aye shooting and shootin' at it, and I'm thinking it left the dearest."

CANADIAN SOME DAY LONDON'S LADY MAYORESS

That is Meaning of Appointment of C. A. Hanson as Sheriff TIMES' LONDON LETTER

Canada and the Empire at Inauguration of Memorial to King Edward—Reciprocity Between English and Canadian Pharmacists is Arranged

(Times Special Correspondence.) London, Nov. 13.—Anglo-Canadian in London are greatly pleased at the election of Charles Augustin Hanson as one of the sheriffs of the City of London.

Reciprocity between English and Canadian chemists is made possible by the decision of the Pharmaceutical Society to admit Canadian pharmacists to the British register without examination.

Mr. Hanson usually makes an annual visit to Canada to look into his many interests there and to become conversant with the numerous opportunities for the employment of British capital.

Canada and the Empire One of the most pleasing functions performed by an overseas visitor during his coronation year was that discharged by W. Perkins Ball, K. C., of Toronto, who came up to London from the west of England to dedicate at the ceremony in connection with the Wandsworth National Memorial, which is the first statue of King Edward VII to be erected since his death.

Canada and the Empire (Continued) It was a more intimate link with the crown than had yet been forged and the compliment was doubly valued because it was the first instance where a member of the royal house of England had left these shores to preside over the destinies of a self-governing dominion.

Mr. Scott—"You used to point Tom out to us as a model husband, and now you say he's lazy." Mrs. Scott—"Well, he's a model all right; only he isn't a working model."

Great Values In Men's Fur-Lined Overcoats

There is one thing about it, you can always depend upon the quality of an M. R. A. Fur Overcoat and that's a most important thing to know before investing the amount of money required to own one of these indispensable garments for comfort in coldest weather.

PLANS TO SOLVE HOUSING PROBLEM

Mr. Mawson Discusses Schemes Tried in England and Germany

Slums Not Economical — Striking Comparison of Death Rates in Birmingham and Bournemouth

(Toronto Mail and Empire)

A lecture on garden suburbs and the housing of the industrial classes was delivered by Thomas H. Mawson, at Convention Hall on Saturday night. This was the last of a series of instruction lectures on town planning and kindred subjects. Hon. Clifford Sifton presided, and, in introducing the lecturer, dwelt on the necessity of maintaining a high moral level, by means of providing good homes amid pleasant surroundings, if the nation was to retain its lead in modern civilization.

Mr. Mawson gave an interesting account of what was being done in other countries to provide healthy accommodation for wage earners. Beginning with the experiment at Letchworth, in England, the lecturer explained how Mr. Ebenezer Howard had tried to find, not a palliative for the evils of dirt, dirt and disease, but a permanent cure. The Garden City at Letchworth was designed to give good homes with large garden spaces. Round the city there was to be a belt of small houses, so that the residents could have a supply of fresh air and sunlight at their doors. All the land was municipally owned. In this way it was hoped that when the city was fully developed the tenants, in paying their rent, would also be paying for all public services. There had not been time to discover whether this system would prove satisfactory or not.

Co-partnership Principle Most of the garden suburbs in England were being conducted on the co-partnership principle. This system was particularly suitable to England, when an average workmanman would be unable to purchase his house on account of the probability of him having to follow his trade to another neighborhood in the course of time. Then the tenant invested what he could in the co-partnership suburb. He drew interest on his investment, paid rent for his home, and had a definite interest in the welfare of the whole suburb; the character of those who were allowed to become tenants, in the careful preservation of the houses, in the letting of all houses. This plan was adopted to the need of another system. Acting on the advice of the Kaiser, the municipality of Ulm had purchased considerable areas of land outside the town limits. Model dwellings had been erected, and these were let to artisans and other wage earners at a rental of 5 per cent of the capital outlay. Three and one-half per cent. was taken as rent and the balance was credited to the tenant so that ultimately he would own his home. Mr. Mawson showed pictures of model tenements in Berlin which had been designed to give the maximum of sun and air to each tenement.

One Church for All Returning to the housing work which is being carried on in England, the lecturer explained the plans of which Bournemouth and Port Sunlight had been constructed. In Port Sunlight one church had been made to serve the whole community by adopting a service drawn up by the Bishop of Chester and a number of non-conformist ministers. The houses were built mostly around squares with the backs inwards. This plan got over the capital difficulty. There were some men who did not care to be troubled with a garden in addition to their daily work. If garden plots were placed in the fronts of the houses, one ill-kept garden spoiled the

QUEBEC'S TRIBUTE TO FORMER PREMIER

Monument being erected by the Province of Quebec, in front of the parliament buildings in Quebec city, to the memory of the late Premier Mercier, who, by way, was father-in-law of the present premier, Sir Louis Meighen.

whole effect of a street. By placing the gardens at the back it was possible to return large open spaces, the cultivation of a garden remained optional.

Mr. Mawson quoted figures to prove that it was more economical and more profitable to lay out an estate on spacious, healthy lines, than to allow the development of slums. The effect in health was strikingly shown by the following comparison of the vital statistics for Bournemouth and Birmingham. The death rate for the model village of Bournemouth in one year was 7.5. For the same year the death rate in Birmingham was 17.9. Infantile mortality in Bournemouth was 7.5 per thousand, and in Birmingham 170 per thousand.

A vote of thanks to the lecturer was accorded on the motion of President Fairmer, seconded by R. E. Courlay.

SHOWS EDUCATION GROWTH IN DECADE

United States Made Greater Progress in 1900-10 Than Any Previous Period

Washington, Nov. 21—Greater progress has been made in education in the United States during the last ten years than in any previous decade in the country's history. A study of this development just completed by the federal bureau of education shows that during the years 1900 to 1910 the annual income of the public schools has nearly doubled, having increased from \$29,000,000 to \$42,000,000, while annual appropriations to normal schools for the training of teachers had grown from \$2,7

## What is a perfect food?

IT'S the food that develops both *tissue* and *energy* in the right proportions. And science says the right proportions are 5 1/2 to 1.

Why do babies thrive on milk?

Because milk is the perfect food. It furnishes 5 1/2 parts energy to 1 part tissue.

Why do both youngsters and grown-ups thrive on porridge?

Because it also furnishes almost exactly 5 1/2 parts energy to 1 part tissue. And it is about the only food besides milk that is practically perfect.

But use the right kind of Oats for your porridge.

Tillson's Rolled Oats make porridge that is porridge.

Not a flake broken. That means porridge that is not a sticky, jellied mass, but inviting and delicious.

Every flake rolled so that Tillson's cooks perfectly in 15 minutes—no more.

Try Tillson's tomorrow.

### MORNING NEWS OVER THE WIRE

The Moncton city council has invited citizens of Sunny Brae, Lewistown and Humphreys Mills to a conference to discuss a proposal to include these places in the city. This would add about 2,000 to the population of Moncton.

Donald B. Winslow, retiring secretary of the provincial public works department, received a handsome travelling bag, and Miss Mary Thompson, who is leaving the education office after thirty years of service, was given a canoe brooch in Fredericton yesterday. The presentations were made by Hon. John Morrissey and Dr. W. S. Carter on behalf of the staffs. Mr. Winslow is going to Regina and Miss Thompson to Ottawa.

Phil DeClancy, also known as "Duke De Nevers" was yesterday sentenced to between six and ten years imprisonment in state prison by Judge Sanderson of Boston, for swindling and cashing a bogus check. He had been unwittingly entertained by Mayor Fitzgerald and other well known men about the city.

According to Chinese papers received at San Francisco, Princess Lai, mother of the baby emperor of China, and wife of the prince regent, has eloped with an actor, Yung Shu Lei.

That the Liberal government was defeated by Ontario is shown by the official figures, complete except for the Yukon. Ontario gave the Conservatives a majority of 66,000, while the rest of the Dominion gave the Liberals a majority of 23,600. The Liberals carried New Brunswick, Nova Scotia, Quebec, Alberta and Saskatchewan. The figures in New Brunswick were Liberals, 40,184; Conservatives, 38,068.

Premier Borden may have to hold an investigation into the cement merger which Sir Max Aitken and others were declared interested. It is said that Sir Sanford Fleming, a lifelong Conservative, is pressing the matter, and has submitted a statement to a former member of the government.

### GOOD RUN TO BARBADOS.

The schooner Annie M. Parker, owned by R. C. Ekin, arrived at Barbados yesterday after an unusually good run of eighteen days from this port.

### NEW VIENNA AUTO OR OUTING CAP

This might be a medieval helmet and armor of some crusading prince, from all appearance, but it is not. It is a new combination headgear for ladies and expected to be very popular in Canada this winter. It is one-piece, woolen knit, and draws on over the head, and keeps the hair tidy and the ears warm. While it was invented as an auto cap, it will be most acceptable for snow-shoeing, tobogganing, and other outdoor sports. It is said that the Princess Patricia has already worn it while automobiling in England, and as she is due to arrive in Ottawa about Christmas, and will doubtless have something to do with setting the pace of fashions for the youth of Canada, the new cap may be said to have already secured its entry.—(Copyright by Underwood.)

### MORNING LOCALS

Rev. Alfred Hall, senior chaplain of the British and Foreign Sailors' Society yesterday visited Kerr's Business College and presented to the school one of the Nelson shields. It is a striking piece of artistic work.

Friends of Wm. E. Skillen yesterday presented to him a gold-headed cane. He is going to Boston, possibly to make his home there.

Wilfred McKenzie, a carpenter, fell from a staging in Rockland road yesterday afternoon, and besides being internally injured, suffered a dislocated shoulder blade. He was taken to the hospital.

The members of the St. John Conservative Club held a smoker in their new rooms in the market building last night. Ald. R. E. Wigmore presided. Speeches were made by Dr. J. W. Daniel ex-M.P., W. F. Hethcote, M. P., Hon. Robert Maxwell, Recorder, Dexter, M. P., Agor, J. C. Chesley, James Bryant, L. P., D. Tilley and others. A musical and literary programme was enjoyed and refreshments were served.

The impost into the death of Thomas Evans, who died as the result of an accident on the S. S. Shenandoah, was returned last evening and adjourned until this evening as the steamer did not arrive in port in time to allow the officers to be present to give evidence.

In the house of John Sealarty, at No. 9 Duke street last evening a lamp exploded and an alarm was rung in from Boston. Only a little damage was done.

### FREQUENT WASHING NOT GOOD FOR THE HAIR

(Marion Harlow in Woman's Sphere)  
"The best method of promoting a healthy scalp, and a growth of long, glossy hair, is to use a good dry shampoo once a week. Women find that washing of the head hardens the scalp and makes the hair brittle, scaly and thin. A dry shampoo cleanses the scalp and invigorates the hair roots. It does not irritate the scalp, and it does not dry out the hair roots. It is the best dry shampoo under is made by mixing 4 ounces of olive root with 4 ounces of ether. A tablespoon sprinkled on the head, then thoroughly brushed through the hair, makes the head feel good and gives the hair a rich, glossy appearance."

### OPENING OF CONGRESS OF MEN WORKERS

Laymen's Mission Convention in St. John Given Good Start  
HOME TALK BY BISHOP

Conditions in New Brunswick and the Lure of Glowing Pictures, Half True, Half False, of the West—Canon Gould and Sir Andrew Fraser

The Laymen's Missionary Congress for New Brunswick opened yesterday with a large attendance, which is expected to increase today more than 1,000. Sessions were held in the afternoon and evening in Centenary church.

The formally registered commissioners occupied the body of the church last evening, but the galleries were nearly empty and the committee wish to have it known that all men are welcome to attend from the city or province, whether or not they have paid any fee.

A choir was organized last evening from the delegates and will sing at the evening meetings during the convention. C. A. Munro assisted last evening with a solo. When the convention opened in the afternoon the body of the church was well filled, a remarkably good showing for the opening session. T. H. Bullock presided and those on the platform included Rev. Canon Gould, the speaker of the afternoon, Rev. C. R. Flinders, D. D., chairman of the executive committee, H. K. Cooley and Rev. J. T. Tucker.

After the devotional exercises, the chairman introduced the speaker, in a brief address. Such a convention, he said, could not have been held three or four years ago and was only made possible by the work of the laymen's missionary movement. An awakened heathen world was the challenge to the christian world.

Rev. Canon Gould, general secretary of the M. S. C. C., proved an eloquent and convincing speaker. His thoughts were clothed in beautiful language and he had a very striking delivery. In flowery periods he described visits to famous churches of Europe where soldiers of the cross had made their last stand, and then he passed on to a word picture of the scene at Calvary which made a deep impression on his hearers.

Rev. Dr. Flinders dismissed the meeting with a benediction. Nearly every seat was taken in the auditorium of the church in the evening, and about fifty men were in the gallery. Lord Governor Tweedie is obliged to keep to his room owing to an indisposition and Premier Fleming being unable to get away, the chairmanship last evening fell upon Mr. Justice McKeown. Rev. David Laug led the devotional exercises.

In speaking of the Christian faith, the delegates to St. John and welcomed the delegates to the present convention, he felt, was assured by the character of the men who had arranged it and who were taking part. He considered it a privilege to hear such men as Sir Andrew Fraser and the others, and to have them visit the city.

On behalf of the visitors, Rev. F. W. Anderson, M. A., secretary of the "Protestant Canadian committee, responded to Mayor Fink, thanking him for the kind welcome and outlining the great purpose of the convention.

Bishop Richardson, when introduced, said directly that the one difficulty in connection with the laymen's missionary movement was that in thinking so much of the machinery the spiritual power might be lost sight of. Talking up his subject, he said that in thinking so much of the machinery the spiritual power might be lost sight of. Talking up his subject, he said that in thinking so much of the machinery the spiritual power might be lost sight of.

"One thing I do know," he said, with an emphasis, "that in order to give the proper aid to the missionary movement we must proceed with our own material development. After 100 years, our population is poor and sparse, our lands deserted, our villages mean and meagre, our natural resources undeveloped, our water power unharvested and running to waste. "With such a condition of things," he said, "our church work is not effective. Our expenses being large enough to administer the affairs of a church seven or eight lines as great. Our ministers receive starvation salaries and for this very cause there is growing up a degraded conception of the Christian industry due to the fact that the people do not recognize the principle that the laborer is worthy of his hire."

"It is not a question of soil that our farms are being worked instead of being taken up, for the soil in this land cannot be cultivated, and it is not a matter of climate. "It is because," declared the bishop, "of the want of according the judgments of God."

### LANDS FOR THE INDIANS

Spokane, Wash., Nov. 21.—Poor Lot coming into his own. He and his fellow and their squares and offspring will be rich in their own name instead of living off the bounty of Uncle Sam. Clair Hunt, United States aiding agent, now in Spokane, reports that of the 300,000 acres of desirable agricultural and grazing lands to be allotted on the Colville Indian reservation, north of here, practically every homestead worth the while will go to the Indians, leaving little or nothing for prospective white settlers.

The reservation contains about 1,400,000 acres of land, and of this 1,000,000 acres are mountainous mineral and timber lands and grazing lands too rough and stony for practical purposes. The Indians receiving allotments are those who are living on the reservation and the children of the red men who received allotments on the north half of the reserve in 1909. Many of the Wenatchee Indians, who have established trial rights, also received choice lands (twenty-five hundred allotments will be made, the average allotment being 12 acres.

### CAUGHT A BAD COLD.

DEVELOPED BRONCHITIS. SHE COULD HARDLY SPEAK.  
Bronchitis begins with a tightness across the chest, difficulty of breathing, hoarseness, and there is a dry, harsh, croupy cough.

After a few days it begins to be raised. This is the time when the patient is greenish or yellow, and is occasionally slightly streaked with blood.

Cure the first symptoms of bronchitis by the use of Dr. Wood's Norway Pine Syrup and thus prevent it becoming chronic and lingering, turning to consumption.

Mrs. Edwin Travers, Campbellton, N.B., writes: "I thought it my duty to write and let you know what your wonderful medicine has done for me. I caught a very bad cold which developed into bronchitis. I was so choked up I could hardly breathe. I tried many medicines but they did me no good, and I had almost given up in despair. A friend advised me to try Dr. Wood's Norway Pine Syrup, so I got a bottle and felt much better, and by the time I had taken four I was completely cured, and I can assure you I cannot say too much in its praise, as it is all you claim for it, and more."

Dr. Wood's Norway Pine Syrup is put up in a yellow wrapper, three pins press the true mark, price 25 cents. Manufactured only by The T. M. Burn Co., Limited, Toronto, Ont.

LOCAL NEWS C. P. R. STEAMERS. The Montrose arrived at Quebec at ten minutes to three o'clock yesterday afternoon. The Empress of Japan arrived at Hong Kong on Nov. 16. ALL MEN WELCOME. There is an impression that the sessions of the Laymen's Missionary Congress are for the registered delegates only. This is incorrect. The meetings are open to all men.

NOT TILL TONIGHT. The Donaldson liner Athena is expected to reach port some time during the afternoon, but on account of the tide she will not dock until late tonight. The Shenandoah arrived in port last night at eight o'clock.

IN POLICE COURT ROOM. The inquest into the death of Thomas Evans will be concluded tonight by Coroner Beryman and his jury. This session, beginning at half past seven o'clock, will be held in the police court room instead of the court house.

THE CLARKE CASE. The preliminary hearing in the case of Harry B. Clarke will be begun tomorrow in the police court. George Fowler, K.C., counsel for Clarke will arrive in the city at noon tomorrow, and the case will come up at half past two o'clock. It is understood that Clarke is at present in Sussex.

THE HOSPITAL. John Chalmer, who was injured in a runaway accident in Union street on Saturday afternoon was resting comfortably in the hospital this morning. Wilfred McKenzie, who was injured by falling off a staging in Rockland Road yesterday afternoon, was reported as being fairly comfortable today.

"AT HOME," THIS EVENING. The Ladies' Auxiliary of the Temple of Honor will this evening be "at home" to the members of the council and their friends at a reception to be held in their rooms in the Temple Building, Main street. A pleasant time is anticipated as an interesting programme of musical and literary numbers has been prepared.

EXHIBITION ASSOCIATION OFFICERS. At a meeting of the directors of the Exhibition Association yesterday afternoon the election of officers for the next year took place and resulted as follows:—A. O. Skinner, president; Richard O'Brien, first vice-president; C. B. Allan, 2nd vice-president; H. A. Porter, secretary-treasurer; W. F. Burditt, H. B. Emerson, T. H. Beatabrooks, Alexander Macanlay, R. WEDDING ANNIVERSARY. A party of friends called at the home of Mr. and Mrs. C. J. Kane in Waterloo street last night to help them celebrate the twentieth anniversary of their wedding. During the evening Leonard A. Conlon, on behalf of those present, presented to Mr. and Mrs. Kane a handsome set of Limoges china. Both responded briefly. Songs and recitations were presented and a beautiful supper was served.

HERE FOR PRESBYTERY. Session of Church Court in St. Andrew's This Afternoon.

A special meeting of the Presbytery of St. John has been called for this afternoon in St. Andrew's church to consider the call extended to Rev. L. B. Gibson of St. Stephen to become pastor of St. Matthew's Presbyterian church in Montreal. There is a possibility also that the matter of the call extended to Rev. David Lang by the Bloor street Presbyterian church in Toronto will be dealt with, as well as the matter of the vacancy in St. David's.

Several members of the presbytery came to the city today to attend the session. Among the number were Rev. Messrs. J. H. Manuel of Florenceville, Edwin Smith of Chipman, John Lennox of Norton, George Ferguson of Hammondsville, W. McPherson of Harvey Station, and Dr. W. H. Smith of Fredericton. Rev. Frank Vaughan of Woodstock is also here. Principal McFarlane and Judge Richardson of St. Stephen came in today, while Principal W. A. Kiesel and David Thompson also arrived to represent St. Matthew's church, Montreal. Rev. Dr. Gibson is at the Royal.

RAILWAY MEN ARRIVE. Baggage and Passenger Officials in Today For Winter Business.

Among the passengers to the city this morning were three railroad officials who have come here for the purpose of arranging the preliminary details in connection with their departmental affairs having to do with the opening of the winter port season of 1911-12. J. O. Apps, general baggage agent of the C. P. R., came to the city from Montreal to attend to certain matters and make an inspection of the facilities here before the arrival of the first steamer. D. M. Condon, traveling passenger agent for the I. C. R., and J. M. Corcoran, traveling passenger agent for the Grand Trunk, also arrived in the city today. They will remain here until the passengers from the S. S. Athena are in port. A very heavy season both in passenger and freight traffic is being looked forward to. Soundings are being taken by the I. C. R. at Long Wharf in preparation for the winter port opening in order to learn how much, if any, of the earth used in filling in the vicinity has fallen into the water to the possible hindrance of steamer work. It is not thought that the quantity will be very large, but the soundings will be taken for safety.

NEW BASEBALL PLAN WORKING

Scheme for League Next Year to Include St. John, Portland, Bangor and Lewiston

Although it is just a little while too early to begin to talk baseball for the season of 1912, Joe Page, who was in the city yesterday, is working out a scheme whereby it is possible that St. John will be a live factor in baseball circles next year. The plan runs like this: Hugh Duffy and Fred Lake, two big league managers, are just at the present time busying their brains trying to form what will be known as the Eastern Baseball League which will be inaugurated next season. The league would be composed of teams from Portland, Bangor and Lewiston and the ever alert Joe Page is working the wires to have St. John included in the list. He has figured the thing out rather minutely and is of the opinion that a league composed of these four teams would be a money maker. He has been in communication with both managers this week and expects to have word from them about the latter part of the week. Such a league would certainly promise much of interest and, judging from the way the fans turned out last season to see the N. B. and Maine League games they would patronize the new league games more. It is to be hoped that he will be successful in his efforts to place St. John on this part of the baseball map. Many of the players who were seen on the local diamond this season are anxious to come this way again next year. Nelson, Fryer, Callahan and several others have written to Mr. Page asking what are the chances for next year's team and stating that they are willing to sign with a St. John team next season. Callahan who played with both the St. John's and Marshalls had an offer to go with one of the big league teams at a salary of \$1400 but he turned it down.

DOKEYS MADE IT A GREAT OCCASION

Khorassan Knights Introduced More Than Thirty Into the Mysteries, Including Pythian Leader

The second ceremonial of Adila Temple No. 157, Dramatic Order Knights of Khorassan, held in the Nickel suite last evening, was a most successful function more than thirty tyros were added to the membership after a strenuous session of several hours. The attendance of the members—those who joined on the first ceremonial occasion—was large and the suite of large rooms were all occupied with busy Arabs, apprehensive initiates and expectant spectators. The ceremonial was under the direction of the following officers:—Grand Vicer—Robt. S. Ritchie. Grand Embroider—Edwin Bonnell. Scribe—J. Cecil Mitchell. Mahedia—Kenneth Bonnell. Joe—Sydney G. Young. Mokanna—E. G. McCollough. Natrap—Gordon M. Johnston. Sahib—Jasper C. Warwick. Treasurer—W. S. Claven. Secretary—Clarence P. Nixon. Master of Ceremonies—Stanley E. Elkin. Imperial Nawab—Hugh H. McLellan. Chief of Mokanna's Band—Fred W. Munro. Electorians—A. B. Curtis and A. F. deForest. Escorts—Robt. Strain, A. H. C. Tapley. Inspector of Rites and Caravans—Wm. H. Holder. The affair was most elaborate in costume and the "at home" of the tyros were wonderfully surprised at the revelations. Among the tyros was the head of the Pythian order in the maritime provincial domain, Grand Chancellor Ritchie of Halifax, who expressed himself as delighted with the work and the spirit it exemplified—that of charity and lifting the fallen brother. The local Dokeys (D. O. K. K's) purpose holding four ceremonials a year, their temple being recruited from the lodges of Pythians in the maritime provinces. Fredericton, Moncton, St. Stephen and Halifax have made request for pilgrimages to their respective cities so that bodies of outside K. P.'s may identify themselves with this representative branch of the order here. It is quite probable Adila Templars will make some of these journeys before long.

CHOSE STREET AS PLACE TO DECLARE HIS LOVE

Walter Hem is Under Arrest on Charge of Accosting a Woman

In the police court this morning Joseph Lafardria was fined \$8 or two months in jail for being drunk in the Union Depot last night. James Dufus was remanded on the charge of drunkenness. Walter Herb, arrested on charge of accosting women in the street, pleaded not guilty to the charge. Sergeant Campbell told of making the arrest. He said that a woman had informed him that Herb had followed her from Union street to Broad street and that he had stepped up to her in the latter street and said, "I love you and want you to be my wife." The case was adjourned until this afternoon at half past two o'clock in order to have the woman present in court.
