VEGETINE,

MR. H. R. STEVENS:—

Bear Sir,—Since several years I have got a sore and very painful foot. I had some physiciana, but they couldn't cure me. Now I have heard of your Verstins from a lady who was sick for a long time, and became all well from your Verstins; and I went and bought me one bottle of Verstins; and after I had used one bottle, the pains left me, and it began to heal, and then I bought one other bottle, and so I take it yet. I thank God for this remedy and yourself; and wishing every suffers may pay attention to it. It is a blessing for health.

Mrs. C. KRABE, 638 West Baltimore Street.

VEGETINE

SAFE AND SURE. MR. H. R. STEVENS :-In 1872 Your Vegering was recommended to me, and yielding to the persuasion of a friend, I consented to try it. At the time I was suffering from general debility and nervous prostration, superinduced by over work sack-irregular habits. Its wonderful strengtheming and curative properties seemed to affect my debilitated system Aron-the first dose; and under its persistent use I rapidly recovered, gaining more than usual health and good feeling. Since then I have not hesitated to give Vegering in more unqualified indorsement, as being a safe, sure, and powerful agent in promoting health and restoring the wasted system to new life and energy. Vegering is the only medicine I use; and as long as I live I never expect to find a better. Yours truly, W. H. CLARK,

VEGETINE THE BEST SPRING MEDICINE.

Dear Sir, -This is to certify that I have used your "Blood Preparation" in my family for several years, and think that for Scrofula or Cankerous Humors or Rheumatic affections it cannot be excelled; and as a blood purifier and spring medicine it is the best thing I have sever used, and I have used almost everything. I can cheerfully recommend it to any one in need of such a medicine.

Yours respectfully,

Mrs. A. A. DINSMAPP.

VEGETINE.

Boston, Feb. 13, 1871 H. R. STEVENS, ESQ.

Dear Sir.—About one year since I found myself in a feeble condition from general debility. Verenties was strongly recommended to me by a friend who had been much benefited by its use. I procured the article, and after using several bottles, was restored to health, and discontinued its use. I feel quite confident that there is no medicine superior to it for those complaints for which it especially prepared, and would cheerfully recommend it to those who feel that they need something to restore them to perfect health.

Respectfully acquest III. PETTENALLI.

fully yours, U. L. PETTENGILL, Firm of S. M. Pettengill & Co., No. 10 State St., Boston. VEGETINE. ALL HAVE OBTAINED RELIEF.

Dear Sir,—I have had dyspepsia in its worst form for the last ten years, and have taken hundreds of dollars, worth of medicines without obtaining any relief. In September last I commenced taking the Vegetins, since which time my health has steadily improved. My food digrests well, and I have gained fifteen pounds of feeb. There are several others in this place taking Vegetine, and all have obtained relief. Yours truly, THOMAS E. MOORE, Overseer of Card Room, Pertsmouth Co.'s Mills.

Miramichi Advance Mr. Dutcher.

"The temperance cause has met with a sad blow in the backsliding of George M. Dutcher, a well-known temperance advocate, who has abandoned his wife and family, and is now said to be on a prolonged drunken carouse in Hartford, Consectiont in the company of the last of th advocate, who has abandoned his wife and family, and is now said to be on a prolong-ed drunken carouse in Hartford, Connecticut, in company with a woman of, at least, doubtful reputation. He located himself at Wilmington, Deleware, two years ago during the height of the Murphy excitement, and the people of that city were so favourably impressed by his labors, in the course of which he made thousands of converts, that they presented a comfortable home which was deeded to his wife. His fame as a lecturer extended throughout the peninsula and last fall he was invited to Philadelphia, where he became a great favorits, making proselytes by the hundred. When Dutcher closed his labours in Philadelphia he was followed to Wilmington by a Mrs. Judge watson, who professed to have been converted by the apostle of temperance. She announced herself as a lecturer, and the relations between the two became a matter of gossip and remonstrance by his friends, who urged him to discontinue any intercourse with her. He stubbornly refused, and finally left the city with her, without the knowledge of many of his triends and against the remonstrance of others. He claimed that his relations with Mrs. Watson were of the purest character, and that they were going to New England on a tour in the interest of religion and temperance, lecturing jointly. After they had gone, many friends of Mrs. Dutcher wrote to her husband, begging him to return to his wife and children, but instead of doing so he wrote to Mrs. Dutcher, asking her to mortgage the house which the people of Wilmington had given them, and send him a thousand dollars for travelling expenses. The unhappy with mrs. Watson. They were to have lectured there, but the expose made by the deserted wife in appealing to him to return to his family broke up that part of their plans and Dutcher has since become a complete sot. Mrs. Dutchey has returned from her trip heart-broken. The good which such men as Dutcher do as temperance advocates and evangelists is often more than outweighed by th

We understand that Mr. Dutche has written to friends here stating that he is the victim of the persecutions of a wealthy man who was spurned by Mrs. Judge Watson, that he is reduced to poverty in consequence of said perse-cutions, that he has been exonerated by the society at home which bears his name, and he calls upon the Chatham Dutchers to aid him. He does not ad mit that he has been indulging in drink nor does he squarely deny the other PARK HOTEL. charge made against him. Under all the circumstances it is probable that the Chatham Society will deal very cautiously with Mr. Dutcher. It has both honoured and paid him in return for any services he may have rendered to it, and it should allow no false senti-

ment to lead it into a compromise of its self-respect or to mar the effect of the undoubtedly good work it has done.

"The Farmers' Friend." Messrs. McFarlane, Thompson and Anderson the enterprising Agricultural Machine Manufacturers of Fredericton have sent us a copy of a publication issue by them under the above name. In ad dressing the Farmers they say :-

For the last five years we have been engaged in the manufacture of agricultural implements; and to-day we can boast of having nearly one thousand Mowers to be found, giving entire satisfaction, on the homes of the farmers throughout the Maritime Provinces. In almost every section of New Brunswick and Nova Scotia have our machines been introduced; and so marked has been their universal success, that we can with confidence refer to every farmer who happily possesses our Mower, for a testimonial of their entire reliability and durability for all the requirements of

marked has been their universal success, that we can with confidence refer to every farmer who happily possesses our Mower, for a testimonial of their entire reliability and durability for all the requirements of the field. We manufacture the celebrated Walter A. My acquaintance with Stubb Crate dates from a juvenile difficulty with an unknown ruffica of tender years, in which I occupied a position on the ground, and the unknown one grade above me. Latankly confess that I was tetting the worst of it. I was at that stage of the difficulty when one is puzzled to know whether to cry for a quarter of die a martyr's death. I grasped the second unknown's hand, in consideration of his exceedingly diminutive altitude and massive circumsterance, called him Stubb, and thanked him.

"Why, how did you know that?" I hastened down to the gate. The bay filly and the grays were in sight, scarcely a quarter of a mile away—the filly and the grays were in sight, scarcely a quarter of a mile away—the filly fit it had not been broad daylight, poor Stubb crate, or I'm a goslin! I was so relieved to see Lottie safe, that I scarcely thought of Stubb. Of course I saw the grays coming on at a tearing pace, but scarcely gave them a thought, until Lottie drew up at the grays, or the bay filly?"

Could I mistake that voice? No; there never was but one like it, and that was Stubb Crate's. Heavens, how it startled me! Ever since that time I have been quite lenient toward persons whose blind passions have prompted them to take life; for I do believe that if it had not been broad daylight, poor Stubb would have been buried the next day. Yet, with all these terrible thoughts passing through my mind with lightning speed, I replied, calmly enough: "The bay filly, Stubb."

COMPOUND EDGER AND SIN-GLE EDGER, AND MY RE-SAWING MACHINES are got up expressly for the lumber business

My Edgers have now been running in St John, and Miramichi for twelve months and have given every satisfaction desired and I feel pleased to be able to refer to any of the Mill owners who have them, including: Messrs. Randolph and Baker, Long & Barnhill, Clark Bros.—Firms of such standings as are well able to advise intending purchasers as to what is best for their interests and in regard to the practical superiority of my machine over all others. My COMPOUND OR DOUBLE MACHINE will edge 10,000 feet per hour, if re juired. My Sin Ole Edder, which I am getting up expressly fo Steam Mills of limited power, with a view to do th most work with the fewest hands, will be abou half the weight of the Compound, and about hal the price, will have only two saws and will run 40,000 feet per day of 10 hours. My RR-sawing Machine is got up expressly for recutting deals and scantling from four inches down to \(\frac{1}{2} \) in. thick or deals into boards any thickness. Plans, specifications and estimates furnished.

N. B. An experience of 40 years in all the branches in the above lines enables me to guarance all work that may be entrusted to my care.

JAMES NEILSON.
Chatham, Miramichi. TO THE FARMERS OF MIRAMICHI

We have been Manufacturing IRON FRAME MOWERS For the last four years, and are now offering to the farming community this, the

1 am now prepared to supply the Public with Superior Quality of

combining greater excellence of mechanical simplicity together with greater durability and entire reliability for all the requirements of the field, than any other Mower extant. —In construction they are similar to the celebrated Walter A. Weod's Iron Frame Mower, and the Richardson Buckeye, both American Machines. Of the former there are over 200,000 in use, and the extraordinary number of 20,000 were than undertured and soid last season, by the Wood Company of United States. We have over 500 of our manufacture now in use, every one of which (no exceptions) stands as a monument of the grant and underture now in use, every one of which (no exceptions) stands as a monument of the grant and underture and our enterprise. A list of our Agents in this section of the Province will be found appended, and farmers are requested to ask information of them relative to our Mowers in use in their respective localities, which will establish beyond doubt their unquestisnable supernority over any other mower to be had in our market.

The facility of procuring all parts or pieces within a nominal length of time must show beyond the shadow of a doubt the claims such an enterprise has upon the farmers of the Maritime Provinces.

For the coming harvest of 1877 we will manufacture LARGLY in excess of our numbers of last season, and trust that our growing enterprise may find such inducements held out to it as will be commensurate with its merits.

Let it be remembered we have no hesitation at all times, in entering into a friendly competition in the field with any other machine in our market.

MEGUARANTEÉ OUR MOWERS TO BE INFERIOR TO NONE. Farmers would do well to enquire prices and terms before purchasing elsewhere.
