SERIOUS CHARGE OF GRAFT AGAINST MANITOBA POLITICIAN

E. M. Ferguson Does Not Deny That He Made a Lot of Money Out of Public Lands—A Hard Blow at the Roblin Government

CRANDALL, Man., Mar. 1.—The opening meeting of the campaign in this constituency will not only have a serious effect on the election in this section, but will also prejudice the already falling fortunes of the Roblin Government throughout the province. Specific charges were made against E. M. Ferguson. It was charged that in 1892 at the time when he was representing this constituency in the local legislature he made thousands of dollars out of lands belonging to the province and in which he had not a dollar of personal financial interest.

It was further charged that this was done with the knowledge and connivance of the chief officials of the provincial land's department. It was further charged that public records had been falsified and manipulated in order to conceal these transactions and to shield and protect Ferguson. The accusations were backed up by documentary evidence.

Ferguson had been notified early in the morning by Mr. B. Jackson, Liberal candidate and others, that they were informed that charges of a most serious character, reflecting on his public life, would be preferred against him at the election at this meeting, and he had been requested to attend. He had been promised ample opportunity to enter a defence or make denial or explanation, but he positively declined to attend.

Ferguson had no public engagements for the evening. The charges and letters in the transaction are in the hands of Liberals.

PATHETIC SCENE IN THE STROTHERS' MURDER TRIAL

One of the Brothers Who Promised to Defend His Sister's Honor Tells of the Tragedy

CULPEPPER, Va., Feb. 28.—To avenge the wrong done his sister, Phillip Strother, one of the defendants on trial for the murder of his brother-in-law, William Bywaters, today admitted on the witness stand that while he had not anticipated trouble, he "shot to kill" when Bywaters attempted to desert his "bride of an hour." The knowledge of his sister's betrayal, Jas. A. Strother, the other defendant declared, caused him to feel like a crazy man, and when Bywaters attempted to leave the house he determined to bring her betrayer "to a reckoning." Four witnesses, two brothers, a sister and an uncle of Mrs. Bywaters, testified at today's session.

In his cross-examination the prosecution was unable to shake Mrs. Gaine's testimony for the defense. There was a pathetic scene in the court room when James A. Strother told of the promise he made his mother on her deathbed, "to protect and defend the honor of his sister, Viola, the witness breaking down and sobbing. The effect on the jury was apparent.

There is some anxiety over the possibility of the trial coming to a halt on account of the illness of the mother of one of the jurors, C. O. Keller, of Woodstock. It was stated here this afternoon that Mrs. Keller is at the point of death, and that her son is anxious to return immediately to his home.

EQUITY COURT

In equity court this morning the case of Albert Sharp vs. Helen J. and Isaac Sharp was heard. The plaintiff claimed that in 1906 he came to an agreement with the defendant, Helen J. Sharp, to purchase certain mill properties, and had entered and was in possession since that time and under that agreement. In December last Helen Sharp conveyed to Isaac Sharp the property by deed, the deed being duly registered. The plaintiff notified that Isaac Sharp bought with notice of this agreement, and therefore brought a suit to set aside the transfer to Isaac Sharp. The application was dismissed, for although the deed was duly registered there was not actual but only constructive notice of this transfer. Hon. A. S. White for the plaintiff, and W. B. Jomah for the defendant.

The argument in the case of Winslow vs. Richards will be heard this afternoon. The evidence of R. W. McLeish was concluded yesterday afternoon.

MINISTER'S FAMILY KILLED BY DYNAMITE EXPLOSION

CARMI, Ill., Feb. 28.—By an explosion of dynamite today Rev. J. B. Tittle, his father, and two children of the family were fatally injured. Mr. Tittle, who was a Baptist minister, had the dynamite in his house, expecting to use the explosive in blowing out stumps. The residence was totally destroyed.

PHILLIP BODEN FELL DEAD AT HIS HOME THIS MORNING

Death came with great suddenness to Phillip Boden of 138 Rockland road this morning. He arose at an early hour in his usual good health and went to his barn to feed his horse. He then went back to his house, put on his overcoat and prepared to leave for his day's work at hauling snow from the streets. He harnessed his horse and the animal left the barn and walked out into the yard. Mr. Boden's daughter noticed that her father did not accompany the horse, so she grew anxious and went to the barn. She found her parent dead on the floor of the stable. The shock was a terrible one, but she at once sent for Dr. Roberts, who arrived soon after. He found that death had been instantaneous and had been caused by heart failure.

THE THAW TRIAL.

NEW YORK, March 1.—What effect will the statement issued by Harry K. Thaw yesterday have upon his trial? This question is calling forth much speculation. It is said his lawyers did their best to convince him it was bad policy to issue the statement and they consented when he insisted that he be allowed to do so. Thaw in his statement accused District Attorney Jerome of having made an unprofessional remark in court, asserting that his wife's testimony was absolute truth and in conclusion declared that Mrs. Thaw's natural and real goodness was above the comprehension of the prosecuting officer.

It is rumored that Mr. Jerome will endeavor to put this statement in evidence in an attempt to show that Thaw is still insane. Indications are, however, that Jerome will overlook no chance to influence the jury to send Thaw to an asylum for the criminal insane.

NEW YORK, March 1.—Dr. Britton D. Evans was recalled. Mr. Jerome continued his cross-examination. Mr. Jerome handed the witness a copy of the letter Thaw wrote to Anthony Constock complaining of the "dens of vice" maintained by Stanford White and "other rich scoundrels" for the ruin of young girls.

"It shows," said Dr. Evans, after examining the letter, "that his mind seemed to be running upon young women and their supposed wrongs. It indicates a delusive state in the writer's mind."

MORE LIQUOR DEALERS FINED AT SHEDIAC

Several Other Cases to Come up Tomorrow—Lad Arrested for Stealing Wood.

MONCTON, N. B., March 1.—At Shediac on Tuesday, James Ayer of Petticoat, Magistrate, fined fifty dollars and costs before Magistrates Esdore Bourque and E. R. McDonald for violation of the Canada Temperance Act. Two Moncton dealers, Edmund J. Bourque and Dominic LeBlanc, were also found guilty and fined fifty dollars each and costs. Yesterday Constable Belyea of Shediac served papers on Bourque in two cases, the papers being issued at Shediac, where the cases come up tomorrow.

A lad named Wylie was arrested by the I. C. R. police yesterday for stealing wood from the C. C. yard here and allowed to go on suspended sentence. There has been a good deal of fuel stolen at various times from the railway yard and the authorities are endeavoring to put a stop to it.

Arrangements have once more been completed to have the Sackville team of N. B. A. H. C. appear in a game with the Victorias. Last evening arrangements were completed to have the Sackville team play here Saturday evening.

MONTREAL EXPRESS WRECKED TWO MEN WERE KILLED

C. P. R. Train From Toronto Crashed Into a Freight—Express Messengers Lost Lives, One Passenger Hurt.

MONTREAL, March 1.—The Toronto to Montreal express crashed into a freight train standing on the main track this morning and two Dominion express messengers were killed. They are Hutchins, of Cobourg, Ont., and J. Nichols, of Montreal. The passengers all escaped unhurt except one, who had his head cut but not seriously. This is all the C. P. R. here knows today. J. J. Nicholson is a married man with two children.

LATER. Further particulars of the wreck give the following complete list casualties: William Hutchins, Cobourg, express messenger, dead. A. Lesperance, Montreal, brakeman, skull fractured. Engineer Hartney of passenger train, Montreal, arm cut off.

The only passenger injured was E. McQueen of Owen Sound, but his injuries are yet unknown. It was a head on collision and no explanation is yet advanced as to why the freight train was on the passenger train's right of way. The passenger train is expected here shortly.

TO PREVENT JAPANESE FROM OWNING PROPERTY

California Legislature Piling Up More Trouble—Japs are Larga Purchasers

SACRAMENTO, Cal., Feb. 28.—The lower house of the State Legislature today passed a measure known as the "anti alien property holding bill." It is aimed at the Japanese and Chinese property owners in this state, and it is intended to prevent them from acquiring and owning property for a longer period than five years.

In urging the passage of the bill, Assemblyman Drew stated that since January 1, one third of the property transfer in Fresno had been to Japanese.

The bill provides that any alien who does not become a citizen of the United States shall not hold title to lands in this state for more than five years. If within that time the alien does not become a citizen, the district attorney shall compel the sale of his lands or shares. Japanese and Chinese are not specifically named, but as they cannot become citizens the bill precludes them from owning property for more than five years.

NEW YORK, Mar. 1.—At the suggestion of the District Attorney the hearing of Mrs. Lillie Wallau, charged with the murder of her mother, Mrs. Ida Jings, which was to have taken place yesterday, was postponed until Tuesday in order that the case may be first submitted to the grand jury.

BEGGARS WOKE UP THE WRONG MEN.

Two Tramps, Who Sought Alms in Policemen's Houses, Were Greatly Surprised When Arrested—One of Them, an Old Offender, Got Three Months

Magistrate R. J. Ritchie has no use for beggars who travel from door to door asking alms and who are without certificates from clergymen. This morning after a drunk was fined \$4, paid and departed, and Bobby Dixon went to jail for two months in default of paying an eight dollar fine for drunkenness, the cases of two men charged with begging and in fact demanding food were taken up.

The first case was that of John Kane, aged about 33 years, who said he had been in the city for some time, but was not getting on well. He had been about trying to sell paper and pencils. Kane has a disabled hand, but was not guilty of begging but simply went from door to door asking for alms. The magistrate pierced him he almost wilted when asked if he had not been in the St. John court before. He braced up and said: "Yes, once for drunkenness." "That is not the case," said the magistrate. "If my memory serves me right you bothered the people on Elliott Row and going to one house with a basket of vegetables you assaulted a lady because she would not cook them for you."

Policeman James Greer, who made the arrest, gave evidence that he resided on Main street and while he was lying down on a bed about 8 o'clock Kane entered the house without knocking at the door and confronted Mrs. Greer. He said he wanted help and in an almost commanding way ordered that she cook him some turnips and potatoes along with some ham or beef. Mrs. Greer refused the tramp's request and it was while this conversation was getting on that Policeman Greer got off the bed and slipping on his shoes was soon confronting the supposed hungry vagrant who was surprised at the sudden appearance of the man of the house. In answer to the policeman's questions Kane said he had never been in St. John before, and he was given a surprise when he learned that he had walked right into the arms of the law. He was placed under arrest.

The magistrate informed the prisoner that St. John had no use for his class and sentenced him to three months in jail with hard labor and without a fine.

The next case was that of Charles Humphrey who acted like one half-demented. He is about twenty-four years of age. When asked what he had to say to the charge of begging from door to door the young man jumped to his feet and quickly exclaimed, "You're quite right. Sure I was begging, I only went and asked for something to eat."

He said his people lived in Fairville and that he was born in Fredericton. Policeman James Semple who made

There was a slight fire in St. Luke's church yesterday afternoon. The damage was not very extensive and has not yet been adjusted. It will probably be between \$100 and \$200. The manner in which the fire started is a matter of conjecture, but it is thought it was caused by the men throwing out the water pipes. The fire was confined to the front of the church, and only the ground floor was damaged. The floor was torn up and the wainscoting removed. The building is insured.

CANADA'S ATTITUDE AT COMING CONFERENCE

Britain Awaits Some Declaration From This Colony

A Feeling That the Suggestions of 1902 for Preferential Trade Should be Re-Affirmed—The Times Comment

LONDON, Feb. 25.—The publication of the official agenda for the colonial conference gives special importance to the proposal in Montreal last Monday at the banquet of the insurance institute that the time had come for Canada to make some offer to the British Empire. The official agenda shows how decisive the attitude in all other self-governing colonies. In the Australian commonwealth the government which has just returned to power after the general election, re-affirms the resolutions of the 1902 conference in favor of preferential trade. "It is desirable that the United Kingdom grant preferential treatment to the products and manufactures of colonies."

The Cape Colony government while re-affirming the resolutions of 1902 and adhering to the principle of preference for British manufactures "desires to impress upon His Majesty's government the opinion that a continuance of such preferential treatment as is afforded producers and manufacturers of Britain is largely dependent upon the granting of some reciprocal privileges to the British colonies."

The government of New Zealand while also endorsing the preference for British goods considers it essential that British manufactures "desires to impress upon His Majesty's government the opinion that a continuance of such preferential treatment as is afforded producers and manufacturers of Britain is largely dependent upon the granting of some reciprocal privileges to the British colonies."

Canada alone makes no suggestions though, as the Times says in an editorial today, "Whoever forms the ideas of that great colony, which is foremost among the states of the Empire, would be received with interest and attention second to none."

It is felt that Canada's position at the conference would be greatly strengthened if she came into line with these other colonial utterances by re-affirming by resolution of the Dominion Parliament her desire as was formally expressed by Canadian ministers at the 1902 conference, that in the interests of Canada and the whole Empire "The Imperial Government should accept the principle of preferential trade generally and grant to the food products of Canada exemption from the duties now levied or heretofore imposed."

Other colonial governments feel it necessary without in any way interfering with British politics and speaking solely in the interests of their own colonies and empire at large to reaffirm their attitude of 1902. Re-affirmation by Canada on similar lines would formally bring before the conference the attitude of the Dominion Government as explained by Mr. Fielding's budget speech last November.

WOMEN DON'T WANT VOTES.
Thousands of all Classes Busy in Anti-Suffragette Movement.

LONDON, Feb. 25.—The women's anti-suffrage movement, an account of which was carried by The Sun a few days ago, is growing in strength. The secretary of the London branch says it is having extraordinary results. An enormous number of women are giving their adhesion to it.

Thousands of letters have been received expressing the view that when women obtain the right to vote they will lose their status and influence. The first petition to the Prime Minister men will have 30,000 signatures, among them being some of the best known names in the country alongside those of factory girls, who are enthusiastic anti-voters.

The promoters of the movement cite the letter of an educated New Zealand woman, deploring the effect of enfranchising women there and begging the motherland to pause before embracing the error.

WRANGLE OVER STAMPS.
Fifteen Thousand Dollars Spent in Suit Between Man and Wife.

PARIS, Feb. 25.—Lebon and his wife have spent \$15,000 in law in Paris in a wrangle over the possession of a collection of postage stamps.

The two decided to procure a divorce, and everything was arranged amicably as regards the division of their money and household effects. But both were ardent philatelists, and when the stamp collection was mentioned M. Lebon claimed it, because he had started the collection when a boy at school.

The courts decided today that an expert should be engaged to divide the collection equitably.

INDIANA OFFICIAL IMPRISONED IN SAFE

Had Entered Vault to Get Some Papers and Door Swung To.

FORT WYNE, Ind., Feb. 25.—Ed. G. Wilson, president of the Board of Trustees of the Indiana School for Feeble Minded Youth, had a harrowing experience today as a result of unwittingly locking himself in the vault in his office. Mr. Wilson had entered the vault to get some papers, and while thus engaged the door swung to and he heard the lock click behind him before he realized that he was a prisoner.

The imprisoned man resorted to every kind of outcry that he could invent, but no one was attracted by it. He was conscious that the sound of his voice hardly reached the office through the thick walls of the vault, but he continued his efforts to attract attention for more than an hour. After being imprisoned for what seemed an age, he heard some one enter the office. He renewed his cries for help, and as soon as the sound of his voice could be definitely located the door was unlocked and the imprisoned man was set at liberty.

EVERLYN THAW'S ANCESTRY

English Newspapers Discover Various Facts About Her Father.

LONDON, Feb. 25.—The newspapers print stories from Glasgow and Edinburgh to the effect that the discovery has just been made that Evelyn Nesbit, the wife of Harry Thaw, now on trial in New York for the killing of Stanford White, was born in a toll-house on the Queensferry road near Edinburgh.

The stories say that her father, who is a railway plate layer, still lives in Midlothian. Her mother was an American ten years ago, taking Evelyn with her. Before this Evelyn attended Davidson Main's village school, whose teacher remembers her as a bonnie, fair haired child, with beautiful features. The villagers remember her also.

Another version is that Evelyn's mother left fifteen years ago, and that her father is now working in an oil producing village in the Scottish Midlands.

GHOST TO SPEND MONEY HE LEAVES CHURCH

KOKOMO, Ind., Feb. 25.—Accompanying a bequest of \$50,000 to the Swedish Church of this city by George W. Deffenbaugh, a wealthy, but eccentric citizen, is the condition that his spirit shall be elected a member of the board of trustees of the organization, and shall be allowed to meet with it and take part in proceedings incident to carrying out the bequest.

Details for the dissemination of the "heavenly doctrine," as he terms it, are given in the will. He names the board of trustees, two of whom are his sons. In addition to providing thus liberally for the church of his faith, Mr. Deffenbaugh leaves goodly sums to his wife and children. They are not satisfied with his bequest to the church, and take the ground, in a contest recently filed, that he was not of sound mind.

Mr. Deffenbaugh was not a spiritualist. His decree that his spirit should participate in proceedings of the board and be counted one of the directors of affairs of the church has caused much surprise. He was a shrewd business man and had accumulated a large fortune.

MORMON EMIGRANTS BARRED

Swiss Police Department Restricts Exodus to Salt Lake City.

GENEVA, Feb. 25.—The police departments of the cantons of Bern and Thurgovie have issued warnings advising the people not to emigrate to Salt Lake City.

Mormon missionaries have obtained many converts, almost exclusively young girls, in these two cantons, and letters which have been received from some of them are now published by the police.

From these it appears that the girls were recruited away by the most glowing accounts of life in Utah, but that when they arrived and had spent what money they possessed they were turned out on the streets.

An interpellation on the subject is shortly to be made in the Swiss Parliament.

RECTOR AS A STEEPLEJACK

CARDIFF, Feb. 25.—The rector of St. Michael's church, Bath, who is an enthusiastic mountaineer, climbed the steeples of his church with a scaling ladder recently to satisfy himself concerning its safety.

RELIC OF THE ROMANS FOUND.

LONDON, Feb. 25.—A beautiful tessellated Roman pavement was discovered at Colchester yesterday during the leveling of a new green for the Colchester Bowling Club.

COUPLE EATEN BY WOLVES.

VIENNA, Feb. 25.—A Hungarian postman named Josef Peto and his wife were devoured yesterday by wolves, which the great cold of the last week has driven from the mountains. Peto was returning from the post town, Putnok, to his own village of Ketelemer along the high road, when he was attacked and torn to pieces. The wife, becoming anxious at her husband's absence, set out to meet him, and met the same fate.

BUTLER FOR CHANNELED TUNNEL.

ELECTIONS ARE COMING.

"The time has come, the walrus said, 'To talk of many things; 'Of ships and shoes and sealing wax 'And cabbages and kings."

In other words the season has arrived when citizens of St. John should begin to devote a share of attention to civic politics, to turn over in their minds the records of those who now sit at the council board; to decide carefully as to which members are deserving of continued support, which should no longer take part in the deliberations.

It is notorious, and greatly to be regretted that St. John's business is controlled by four or five men out of a board of fifteen aldermen; that the few give a large share of attention to the work, and that their opinions every case prevail.

THE MORMONS OF CANADA. The legislature of Alberta has passed a unanimous resolution vindicating the Mormons of Alberta of the charges made against them by several clergymen and others.

As a matter of fact there are no better settlers in Canada, and none deserving of more generous treatment. These people crossed to Alberta and settled in what was practically a desert.

BOSTON IS PLANNING
AN OLD HOME WEEK

THE WORLD RENOWNED
REGAL SHOE TO HAVE AN AGENCY IN ST. JOHN

Elaborate Programme Which is Expected to Draw Many Thousands to the Hub

BOSTON, Feb. 28.—A home-coming reunion and celebration is to be held in Boston during the regular Massachusetts Old Home week, July 28 to August 1, which is expected to eclipse in magnitude and interest anything of the kind ever before planned by an American city. This decision was reached at a meeting of prominent business men of the city, held today and presided over by Mayor John F. Fitzgerald. The belief that such a home-coming reunion can be made a success is based on the fact that there are something like 20,000 Massachusetts born people with their families living in different parts of the United States, outside of New England, and it is believed that the elaborate programme to be prepared will attract many thousands of these absent sons and daughters to their old home.

There will be all sorts of festivities scattered throughout the week, including a civic and trades' procession, electrical and automobile parades, river and sea shore carnivals, literary exercises, firemen's musters, yacht races, all-time sports, exhibit of manufactures, historical pilgrimages, band concerts, trolley trips, illuminations, inspections of local industries, receptions and other features.

MADRID, Feb. 28.—A bomb exploded in the Cathedral here today while a service was being held. There was at once a great panic among the congregation and ten persons sustained serious injuries in the crush to get out of the building.

Society

The first of May this year will see a good many changes among the families of this city. Among some of the changes are:—

W. E. Raymond has bought the house on Germain street owned and lately occupied by Dr. Price, who moved away to Kansas City. P. A. Jones will still live in the upper flat, the lower flat will be occupied by Dr. Sprague as a residence and office.

Miss Elsie Taylor of Wright street, entertained about fifteen of her friends at a snowshoe tramp on Wednesday evening.

Dr. and Mrs. W. W. White are in New York this week.

Mrs. Edwin K. McKay will entertain the Whist Club this evening.

Miss Edith Gibson, of Marysville, who has been the guest of Mrs. Robt. Ewing, Duke street, returned to her home on Wednesday.

Mrs. John H. Thomson and Miss Carmichael, of Truro, accompanied by two ladies from Toronto, left Boston on Saturday on the White Star liner Canopic for an extended cruise in the Mediterranean. The party will spend about three months in Europe.

Dr. Stanley B. Smith returned today from Ottawa where he had been attending the annual meeting of the National Artillery Company.

The Misses M. J. who have been the guests of Mrs. David Magee for some weeks, returned on Wednesday to their home in Moncton.

The Misses Estey, of Horsfield street, entertained at a skating party on Wednesday evening.

Mr. Robert S. Ritchie entertained on Tuesday evening at the residence of his sister, Mrs. Fred. Fowler, St. James street. Twelve tables of bridge were arranged and afterwards a short time was spent in dancing. The winners in the viatic were Mrs. Alex. Campbell, Miss Grace Estey, Mr. W. Robson and Mr. Alex. Patterson.

Mr. Percy Thompson gave a small dinner at the Union Club on Tuesday evening in honor of Mr. Norman H. Burrows, of the Union Bank, who is shortly to leave St. John.

Major and Mrs. King-Church left on Friday evening on a trip to the west, going direct to Vancouver. They will return to St. John for a few days in May before sailing for their home in England.

Dr. J. W. Daniel, M. P., returned to Ottawa on Tuesday after spending a few days in St. John.

Miss May Goodwin, little daughter of E. A. Goodwin, was hostess at a large party of her girl and boy friends on Saturday. The guests enjoyed a drive to Torriburn, and later were entertained at Mrs. Goodwin's home.

James M. Queen is spending a few days in Toronto.

Miss Florence Clark, of St. Stephen, is the guest of Mrs. Robert Holder, Main street.

Mr. William McIntosh lectured on insect life before a large audience in the natural history rooms yesterday.

Japanese Want a Railroad Agreement—Chinese Bandits Cause Some Apprehension

ST. PETERSBURG, Mar. 1.—The following details of the murder Wednesday at Karsnoyarsk, Siberia, of Commander Koslovsky, the commandant of that town have been received here.

The general was walking on the street at five o'clock in the afternoon with some friends and he referred jokingly to a threatening letter he had received that day, saying he would be killed at 5 o'clock that afternoon. Drawing his watch from his pocket the general remarked laughingly to his friends: "You see I am still alive." At about 6 o'clock when General Koslovsky was returning home alone a man suddenly called upon him to halt and then fired three revolver shots at him. The general dropped dead.

ST. PETERSBURG, Mar. 1.—A Japanese delegation composed of three staff officers of the engineers, headed by Lieut. Col. Fukudada, have arrived here for the purpose of negotiating a workable agreement for the junction of the Russian-Japanese and Chinese railroads in Manchuria. The present lack of connection between these lines is a serious obstacle to traffic and particularly hinders the development of Japanese commercial plans.

ST. PETERSBURG, Mar. 1.—The fighting between Chinese bandits and Russian troops at a point twenty miles north of Harbin, which resulted in the sending of Russian reinforcements to the scene, has occasioned increasing apprehension. The Russian troops on the scene have been reduced to numbers bare necessity and would not be able to cope with a large outbreak.

ST. PETERSBURG, Feb. 28.—The Novoe Vremya this morning publishes a sensational account of the foiling of another plot upon the life of Grand Duke Nicholas Nicolaievitch, president of the Council of National Defence and second cousin of Emperor Nicholas.

This plot is said to have been discovered shortly before eight o'clock last night, the time scheduled for his arrival here of the imperial train, bringing the Grand Duke from Tarskoo-Selo. A guard patrolling the track near the station at the St. Petersburg end of the line caught a man dressed as a workman in the act of placing a wooden box in the middle of the track at a point two hundred yards from the imperial pavilion.

Aided by the darkness the plotters, vaulting the fences that barred his way, he thus escaped to the cab of an accomplice, who was lying in wait near by and drove away.

The box on the track was found to contain an infernal machine of enormous power. The mechanism was designed to cause explosion on the vicinity of the train as it passed. The guard who made the discovery at once communicated it to the railroad officials, who signalled the train and succeeded in stopping it before it reached the machine.

The entire neighborhood of the railway station was at once surrounded by police. A statement that the officers for the Grand Duke's journey into St. Petersburg were contemplated was denied.

The American consul at Odessa, Mr. Heenan, has notified the embassy here that he and the other consuls at Odessa have received letters threatening their lives and assailing them with opprobrious and indecent epithets on account of their protests against the reactionary outrages. General Kaulbars, the governor of Odessa, when notified of the threats against the consuls, took immediate measures for their protection. Mr. Heenan added that he felt no apprehension for his safety.

A despatch received here in the afternoon announced that serious disorders have broken out in the Biskid district of the Province of Tomsk, Siberia. Troops with five field guns have been sent to the scene from Barnaul.

MIDWINTER EXCURSION
WAS MOST ENJOYABLE

Suburbanites Had Lots of Fun—Plans for the Summer Discussed

So enjoyable was the mid-winter excursion to Westfield yesterday that the members of the Westfield Outing Association and others who arranged it have decided to make this an annual affair. A resolution was passed to that effect yesterday. Even the highest expectations were surpassed by the amusement provided during the afternoon and evening. Between 150 and 200 people from the city went up, taking with them almost a car load of toboggans. The younger folks found a slide about a quarter of a mile long on E. R. Macaulay's property, and it was so much fun that they continued the sport until train time. Some of the older members of the party, among them the executive of the Outing Association, surveyed the site for the proposed new tennis courts on the land which Mr. Macaulay has generously offered and which is situated right opposite his house. It was found that four good courts could be arranged, and these will likely be built in the early summer. After this the elders of the party had a little while at coasting, some enjoyed a snow shoe tramp, and as all the houses were thrown open, the evening was very pleasantly spent.

Getting together, the suburbanites took the opportunity of talking over sailing matters and the opinion was expressed that some of the boats which participated in the races last summer were just as good as any that could be built, and a number of these will be entered in the coming races for the Dunn-Rothwell cup.

It was learned, too, that the residents of the Westfield parish are getting up a syndicate, some of those interested being Messrs. Fallantyne, Crawford, Stevenson and Finlay, for the purpose of building a boat to compete in the races.

On the way back to town, the younger members of the party made a demand for another excursion, along similar lines next week but it is hardly probable that this will be arranged. The suburbanites may, however, hold another outing during the latter part of April or the first of May.

JEWS DEDICATE
NEW TEMPLE

Powerful Sermon by Rabbi
Rabinowitz

The Hazen Avenue Synagogue Has Been
Remodelled and Presents a Very
Attractive Appearance.

The services at the dedication of the
Hazen Avenue Temple, the new Jew-
ish Synagogue were most impressive
and were attended by a large number
of friends of the congregation. Among
those present were a number of clergy-
men from city churches.

The synagogue itself has been
thoroughly renovated since the Jewish
congregation obtained possession. The
gallery has been enlarged and the edifice
walls have been artistically decorated,
and a number of suitable inscriptions
in Hebrew and English stand forth in
bold lettering.

The translation of the Hebrew in-
scription is: "From the rising of the
sun to the setting thereof, the name of
the Lord is praised." This verse is
directly over the ark.

On the shield in front of the ark, for
the guidance of the rabbi, is the He-
brew inscription, "Know before whom
thou standest."

The ark is built of marbled wood,
inside it is lined with silk velvet, while
the scrolls of the law, including the ten
commandments. Outside, it is covered
with crimson velvet, embroidered
handsomely with a jeweled crown. On
each side of the roof of the ark is a
carved figure of a lion.

SERVICE BEGINS.

Shortly after four o'clock the ser-
vice of dedication was commenced.
Rabbi Isaac, the young son of Ar-
thur Isaac, pronounced the opening
words, "Let there be light." Rabbi
Rabinowitz then proceeded with the
service, chanting several Hebrew
prayers and verses from the Psalms.
The scrolls were then carried around
the synagogue, after which they were
placed in their repository in the ark
by Rabbi Rabinowitz, Max Ross, vice-
president, and Louis Green, a member
of the board of directors.

Little Hazel Hoffman, after a short
address, delivered the key of the
synagogue to Rabbi Isaac, president
of the synagogue.

THE RABBI'S SERMON.

Rabbi Rabinowitz then delivered a
powerful sermon dealing with the He-
brew religion. He took as his text
Exek. 42: "This is the law of the
house: Upon the top of the mountain
the whole limit thereof round about
shall be fenced in." He said this is
the law of the house.

Dr. Rabinowitz spoke of the use of a
synagogue, saying that it is the cen-
ter of the Jewish community, and
that the prayers of ten people assem-
bled in a room were as quickly heard
by the Most High as those of those
gathered in the coldest temple.

He spoke of the hardships which the
faithful followers of Judaism had un-
dergone in the days of old and was
grateful that it was from the Anglo-
Saxon nation that they were freed
from terms of equality. The Jews were
thankful to the Anglo-Saxon people
for their toleration and broad mind-
edness and because of this they were
able to express their gratitude
every occasion. He said that it was
not because it was absent, but
because it was present, that the
great temple had been destroyed, and
it was thought that Judaism was bur-
ied in the ruins. But the Jews, and
for years the faithful were oppressed,
and their only safety was in obscurity,
and now they were accorded all the
rights granted to the followers of other
religions.

After his eloquent oration Rev. Dr.
Rabinowitz stepped up to the ark and
switched on the light to be burned
constantly in front of the Ark. He ex-
plained the meaning of the light which
is always kept burning from the de-
dication of the temple, saying that it
was typical of the Hebrew religion.

After the completion of the service,
Dr. Rabinowitz held an informal re-
ception, the visitors to the synagogue
congratulating him and the members
of his church upon the beautiful temple
they now possessed.

MAYOR SEARS.

Mayor Sears made a few remarks at
the close telling how in the early six-
ties there were only three Jewish fam-
ilies in the city, the Lewis, the Har-
ts and the Greens. Now there are 500 Jews
in the city and His Worship com-
plimented them upon their admirable
qualities which made them model citi-
zens.

"Do I understand the position your
honour has taken to mean," began
Mr. Jerome, but he was cut short by
another rap of the gavel.

"You understand nothing except as
I rule," said Justice Fitzgerald with
some show of feeling. "I sustain the
objection."

"Now, doctor," said Mr. Jerome,
"making these letters as a whole and
excluding all else, can you say whether
the writer was sane or insane at the
time of the writing?"

report but that it was a private re-
port and that he had never been
forced to produce such reports.

Mr. Jerome directed that a subpoena
be served on him, directing him to pro-
duce the report tomorrow.

The letter which Thaw wrote from
Paris after Evelyn Nesbit had told
him her story was produced and Dr.
Evans was asked if it showed evidence
of insanity. Taken by itself, the doc-
tor said, it would not enable him to
say positively whether the writer was
insane or not.

Dr. Evans started to read part of the
Paris letter saying: "Mrs. Astor was
here last week but she did not think
there are a lot of beauts—"
Mr. Jerome interrupted.

"I did not ask you to read the letter,"
he said sharply.

Mr. Hartridge, of Thaw's counsel,
said later that while the name sound-
ed like "Astor" he did not think the
name was mentioned.

Dr. Evans was given typewritten
copy of Mr. Delmas' hypothetical ques-
tion which he promised to read before
tomorrow morning when Mr. Jerome
will examine him on it.

At 4:50 the court adjourned until to-
morrow morning.

PHYSICAL INSTRUCTOR
HAS A BAD RECORD

Believed He Tried to Rob Moncton
Establishment—Mixed Up in
Shady Transactions

MONCTON, Feb. 28.—Despite the
fact that Physical Instructor March,
has left the city after confessing to
the theft of a considerable sum of
money, the Y. M. C. A. here intends to
continue the programme of physical
work mapped out earlier in the year.

An effort is being made to obtain a
competent instructor from the Y. M. C.
C. A. Training School at Springfield,
Mass. Since the departure of March,
the Y. M. C. A. has had a number of un-
favorable stories about him have come
to light. It has been learned that be-
fore coming to Moncton he had been
in a shady transaction in New
York, spending a night in jail. A local
business establishment believes that
March attempted to rob them, as he
entered the store one day, and while in
the room he was necessary for the clerk
to absent himself for a few minutes.

As he was making his way to the
cash drawer was equipped, and re-
turned quickly with March leaving.
The young man moved in excellent
society here and was an usher in one
of the city churches.

REV. J. A. RICHARDSON GIVES
INTERVIEW IN BOSTON ON
CHURCH OF ENGLAND AFFAIRS

BOSTON, Feb. 28.—Rev. J. A. Rich-
ardson, Anglican Bishop coadjutor of
Fredericton, who is giving a series of
Lenten addresses in St. Paul's church,
in an interview today, expressed the
opinion that the vote in the Imperial
House of Commons to disestablish the
Church of England was a partisan
move on account of the failure of the
Education Bill "I doubt," he said, "if
the present House fairly represents
the country on the status of the
Church of England. English public
opinion is very much in favor of leav-
ing the Church as it is." Before the
disestablishment could have their
way, the Government would have
to refer the question to the country.

VIGOROUSLY CONDEMNED
CRITICISM OF MORMONS

EDMONTON, Alberta, Feb. 28.—In
a discussion led by McKenzie of de-
Leod, the legislature vigorously con-
demned the criticism of the Mormons
in Alberta by Rev. Mr. Kilpatrick, Rev.
Mr. Somerville and Rev. Mr. MacLaren.

"It is unfair and distasteful," said Mc-
Kenzie, "for opponents of the Education
Bill to so shamefully traduce these
people whom they do not even
know." The Mormons, he said, were
public-spirited, and take a live inter-
est in the public welfare and questions.
No stress is brought to bear by the
church on the election of the leader
of the opposition indicated with what
McKenzie said.

BIG SCHEME TO SETTLE
THE PRESENT DISPUTE

MONTEAL, Feb. 28.—It is said to-
day that the holding of a company
proposition as formulated by the lead-
ing coal and steel interests in Toronto
will be discussed at the annual meeting
of the Dominion Coal Co., March 7.
There will be a show of hands, and it
is believed that the interests in favor
of this scheme to settle the present dis-
pute will represent over 65,000 shares.

In brief the idea is for the holding
company to retire the stock of the coal
company in exchange for 5 per cent.
bond and bonus twenty per cent. pre-
ferred stock. Anything over six per
cent. earned will be divided equally
between two concerns.

OLDEST SALVATIONIST DEAD.

LONDON, Eng., Feb. 26.—"Granny"

December, and who was said to be the
oldest member of the Salvation Army
in the world, died yesterday at Sher-
ingham, Norfolk. She had never rid-
den in a railway train.

TOOK PRIEST BY FORCE.
Rev. Father Polaska Captured by Winnipeg
Congregation, but Finally Allowed to
Visit the Archbishop.

WINNEPEG, Feb. 28.—The Polish
Catholic congregation here, who have
been long anxious to secure a priest of
their own tongue, and have repeatedly
petitioned Archbishop Langsein to that
effect, took the law into their own
hands last week. Hearing that a Polish
priest, Father Polaska, was coming
west, they awaited his arrival, and
when he stopped from the C. P. R. ex-
press he was surrounded by upwards
of a hundred Polish people and forc-
ibly taken to the presbytery of the
parish of the Holy Ghost and installed
there. He appealed to the Archbishop
and was allowed personal freedom to
visit the parish, but the parishioners
retained his luggage to ensure return.
This has but further strained the
relations between the people and the
authorities of the parish, and the for-
mer have now decided to take advan-
tage of the canonical law and buy the
parish property and run it as they de-
sire. The Polish people claim that
encyclic letters from Rome urge and
order the Archbishops in charge of the
parish property and run it as they de-
sire. The Polish people claim that

THREE FIRES CAUSE
CONSIDERABLE DAMAGE

PEABODY, Mass., Feb. 28.—The
brass and iron foundry of the Turner
Tanning Machinery Co., was partly
burned tonight, the loss being estimated
by Supt. E. E. Chain, at \$30,000. The
building was a single story wooden
structure and contained a large amount
of valuable machinery, the greater por-
tion of which was rendered worthless.
Other buildings of the plant were
saved by the fire department. A
smouldering spark from the furnace is
supposed to have caused the blaze.

Wm. F. Fitzgerald, of Boston, is
president of the company which is
capitalized at \$500,000.

UTICA, N. Y., Feb. 28.—A fire which
broke out in the Moshier block in
Bleeker street this afternoon, called
out the entire department. Four busi-
ness firms suffered heavy loss. They
are the Standard Brass Works, the B.
& C. Electrical Works, the A. H. Wil-
liams Drug Co. and the J. E. Hodges
wall paper and paint house. The loss
will not be less than \$100,000.

REGENT DEATHS.
WILLIAM WELCH.

BOSTON, Feb. 28.—William Welch,
the oldest mason in the United States,
died today at the home of his son in
East Lampeter, New Hampshire. Mr.
Welch would have been 97 years old
March 29. He was born in St. Andrews,
N. B. and was engaged extensively in
the lumber business at St. Stephen and
Calais for many years.

In 1832 he joined Sussex Lodge A.
F. & M. He figured in the Aroostook
"War" and introduced Gen. Scott to
Governor Harvey, of New Brunswick
during the troubles.

JAMES BEEK.
FREDERICTON, Feb. 28.—James S.
Beek, for nearly forty years auditor
general of the province of New Brun-
swick, died at his home in Fredericton
hospital here tonight. He was 83 years
of age and death was due to old age.
The end came as he lay in bed, as he
has been gradually growing weaker
for the last four or five months, hav-
ing entered the hospital early last au-
tumn.

He leaves one daughter, Miss Kate
Beek, who was with her father when
death came. Mr. Beek was born in
1814 and came to this country when he
was ten years of age, locating near
Fredericton. He was formerly an alder-
man of Fredericton and was mayor at
the time of King Edward's visit to
the capital. He was made auditor gen-
eral in 1867 and only retired when
compelled to by old age last year, be-
ing succeeded by W. A. London, brother-
in-law of Premier Tweedie. He was
decorated with the Imperial order
of the Star of the South Sea Islands
in 1894. He was a representative of
Christ church to the diocesan synod. He
was three times married, his first
wife being Miss Barker of Fredericton.
His last wife, Miss Partlow, daughter
of George Partlow and sister of Mrs.
Tabor of the city, died about eight
years ago. Mr. Beek's two daughters
by his first wife are dead. They were
Mrs. Snow and Mrs. Latta, both of
Bangor. The funeral arrangements
have not yet been made.

ALEX. MACINTOSH. D
ANTIGONISH, N. S., Feb. 28.—Anti-
gonish today mourns the loss of one
of its most esteemed citizens, the late
Alex. Macintosh, who passed away last
evening after an illness of several
weeks. Dr. Macintosh, who was in the
city about a year ago, was born at
South River, Antigonish Co., in 1831. He
graduated from the University of Physi-
cians and Surgeons of Pennsylvania
in 1858. Returning to Antigonish he
began the practice of medicine and in
a very short time established a large
and lucrative business, which he con-
tinued for thirty-four years.

About fifteen years ago he retired
from active practice. In 1894 he was
elected by the Liberals of the party
as their standard bearer to contest the
county against the late Sir John S. D.
Thompson, when the latter was ap-
pointed to the cabinet position in the
government of the late Sir John A.
Macdonald, and in a very keenly con-
tested election was defeated by only a
small majority.

About thirty-five years ago he was
appointed to the position of judge of
the county of Antigonish, which office
he held up to the time of his death
with much ability and impar-
tiality.

The doctor's wife, an estimable lady,
died several years ago, and three sons
and five daughters survive him.

MRS. E. C. DAVES.
Mrs. E. C. Daves of Port Perry,
Ont., died at the home of her daughter,
Lanette Heights, yesterday after-
noon. She was fifty-eight years of age.
Death was due to pneumonia, which
she had contracted in Toronto, and
she leaves five children, three sons and two
daughters. They are Frank of Toronto,
Mrs. J. McFarlane, Hildonville, and
George of St. John; Mrs. W. I. Fenton
and Mrs. A. R. Daves, both of St.
John.

Mrs. Daves had been sick only a
short time and her death came as a
great shock to the family, for yester-
day noon she seemed to be improv-
ing. The doctors here called, but their
recovery would be rapid. Shortly
after, however, she began to sink and
she was taken to the hospital, where
she died at five o'clock. Mrs. Daves'
husband died about twenty years ago,
and he is believed to have been a
farmer. The funeral will be private,
and will be held here.

MICHAEL J. MCCULLOUGH.
The death of Michael J. McCullough,
which took place yesterday, was com-
paratively recent illness, which he
earned with regret by his many
friends. Born in the north of Ire-
land, he came to St. John when he
was a young man, and spent the
greater part of his life in the Mc-
Cullough dry goods establishment, on
Chapman Hill. Later, he conducted
business on his own account on Main
street, but for some years had been
employed in the C. C. H. service. His
was seventy-one years of age. Mr.
McCullough was one of the oldest
members of the Irish Literary and So-
ciety, by the members of which
he was particularly esteemed.

CHARLES F. ROBINSON.
News has been received here of the
death at Regina on the 17th of Janu-
ary of Charles F. Robinson, formerly
accountant here with the Massey-Har-
ris Company, and formerly assistant
manager in the company's office at Re-
gina. Mr. Robinson was a native of
Milltown, N. B., and about 38 years
of age. He came here in 1889 as an
employee of Tippet, Burditt & Co., and
entered the Massey-Harris employ
when they opened here in 1892, remain-
ing until 1894, when he was transferred
to the West. Mr. Robinson was a
well known and popular young man,
and many St. John people will re-
member him with regret. His wife and
three children survive.

MRS. ANN CLARK.
Mrs. Ann Clark, who died on Friday
last at Pleasant Point, was over a
hundred years old at the time of her
death. Her age was at first given out
as ninety years, but it was only an
attempt to reach an approximate esti-
mate of her age, as she was known to
be very old. After her death, however,
her son, Thomas Clark, who now re-
sides in Lawrence, Mass., came home
to attend the funeral. He himself is
a man of between sixty and seventy
years of age, and says that he knows
positively that his mother was over a
hundred and four years old. She was
born in Ireland in 1803 and had thus
been a subject of four British suc-
cessive reigns.

BENJAMIN TRUEMAN.
SACKVILLE, Feb. 28.—The death of
Benjamin Trueman, one of the old
land marks of Point de Bute, occurred
yesterday after a short illness. Deceased
had reached the ripe old age of
eighty-four. He was a man of sterling
character and was much respected
and loved. He was a consistent and
faithful member of the Methodist
church. Mr. Trueman was a son of the
late Wm. Trueman and was one of a
family of eleven children, of which
Isaac Trueman of Sackville is the only
surviving member. The wife of de-
ceased was Elizabeth Weldon of Dorches-
ter, who passed away about eight years
ago. Funeral will be held tomorrow.

MRS. ROBERT SLIPP.
The death of Ellen Gertrude, wife of
Robert Slipp, occurred on Tuesday at
Denver, Colorado, where she had been
vainly seeking health for the past two
years. A telegram announcing the sad
event was received yesterday by E. W.
Slipp, from his son, the bereaved hus-
band, who left here about two weeks
ago on the receipt of news that his
wife's condition was very serious. The
deceased lady was a step-daughter of
Ald. Holder, her father being the late
Rev. John Root. The remains, ac-
companied by Mr. Slipp, are expected
to arrive in St. John about next Wed-
nesday for interment here.

MRS. JOHN POTTER.
REXTON, N. B., Feb. 28.—Mrs. Pot-
ter, relict of the late John Potter,
passed away at her home in Kouchi-
bouguac on Thursday after a few days
illness, at the age of 73 years. Deceased
was formerly Miss Matilda Sutherland,
daughter of the late James Sutherland
of Richibucto. She was a sister of
Mrs. R. A. De Ollou, of this town. She
leaves a family of three sons and
four daughters. The sons are Joseph
of Greenville, (Me.); William, of Van-
cover, B. C., and David, of Sunny
Brook, near Moncton. The daughters
are Mrs. Wm. Tweedie, Mrs. John
Tweedie, Mrs. James O'Leary and Mrs.
Wm. Beattie, of Kouchibouguac.

a severe illness of stomach trouble. He
leaves one son, Wm. Connaughton,
of Maine. His wife died some years ago.
He is also survived by three sisters,
Margaret and Katherine Connaughton
of Richibucto. He was a son of the
late Patrick Connaughton, of Richi-
bucto, and was about 68 years of age.

MISS JESSIE WESTON.
Miss Jessie Weston, fifth daughter of
Captain and Mrs. Francis Weston, of
Jardineville, passed away at her home
at an early hour Tuesday morning at
the age of 47 years of age, after a lin-
gering illness of consumption. Besides
her parents she is survived by five
brothers and five sisters.

HUGH MCGOVERN.
MONCTON, Feb. 28.—A very sudden
death took place at Shediac Cape on
Monday night, when Hugh McGovern,
who had been residing with his son
David, for the past three years, passed
away. He had been ill only 4 days or
so. Deceased was a very aged man,
being born back in the twenties, and
Northumberland county. He pre-
ferred the quiet life of a farmer, and
had very vivid recollections of the
Miramichi fire, and remembered his
mother taking him in a basket to the
river during the great conflagration.
He was married three times, and his
last wife survives him. Deceased
leaves a family of six, Charles, of
I. C. R. at Moncton; David, at home;

Aged Woman Resists Efforts of Firemen
Until She Secures \$2,900 in
a Tin Bank.

PROVIDENCE, R. I., Feb. 28.—Re-
sisting efforts of firemen to save her
while a tin bank of \$2,900 was in peril
from fire in her home, Mrs. Elizabeth
Bullock, aged ninety-seven, was forc-
ibly rescued at Bristol today, painfully
but not fatally burned.

A neighbor discovered the fire, Char-
les Hamill and other firemen broke
into the house and found Mrs. Bullock,
who was almost exhausted, attempt-
ing to extinguish the flames, which
started in her bed from a handkerchief
on her head, set afire by the stove.

A tin bank containing her savings
of many years and valuable securities
was hidden in the bed and she was not
dragged from the room until she had
secured it. The house was gutted.

Mrs. Bullock had lived in the house
more than sixty years, and is the last
of her family. Her father died at the
age of 106 years.

WOMAN CAPTIVE FOR
HOURS IN FOLDING BED

Badly Squeezed and Nearly Smothered
Before Cries Were Heard.

WASHINGTON, Pa., Feb. 28.—Caught
in a folding bed as she was about to
take her afternoon nap, Miss Sophia
Bell, an aged spinster, of West Alex-
ander, remained a prisoner several
hours, and was rescued by one of her
neighbors retained barely enough
breath to tell of her terrible experience.
Miss Bell lived alone, and when
caught in the bed called lustily for
assistance. When the bed collapsed
she remained free, or so she would
have thought, but she was badly smothered
and nearly smothered before she
was rescued. Mrs. Hayney, happened
to come in, and soon succeeded in re-
scuing her from her perilous position.

a perfect gem, and the digger refused

PROVISION MADE FOR MORE BATTLESHIPS

Dependent on Results of Hague Conferenc, Plans Out-lined for Three Large Armored Vessels of the Dreadnought Type - Striking Improvement in the Gunnery of the Fleet.

LONDON, Feb. 28.—A statement of the naval estimates for 1907-8 presented to parliament tonight, introduces quite a novel feature, inasmuch as it makes the construction of battleships during the coming year dependent in a meas-

ure upon the decisions reached at the next peace conference at The Hague. Thus the new construction, estimated at \$46,500,000, against \$46,175,000 for 1906-7, will, says Lord Tweedmouth, first lord of the admiralty, include two, or unless an understanding between the naval powers is reached at The Hague conference, three large armored vessels of the Dreadnought type.

and the improvement was general throughout the fleet and not confined to a picked selection of crack ships. He mentions also the highly satisfactory performance of the battleship Dreadnought and the greater efficiency that has resulted from the system of nucleus crews.

HAVE REFUSED TO TAKE OATH

Doukhobors Say Christ Forbids Them Swearing

Petition Government to Revise Terms and Legalize Claims to Holdings Without Obligations

OTTAWA, Ont., Feb. 28.—The Doukhobors have refused to take the oath of allegiance as British subjects, on the ground that Christ forbids them swearing. This and the refusal of the Doukhobors to perform on land some distance from their communal villages the homestead duties in the way of cultivation required by law has produced a complicated and difficult situation.

hobors have cultivated land amounting to about five acres a head, therefore, under the new regulation, unless the Doukhobors decide to fulfill the requirements of the law, they will only get about fifteen acres of land each.

IT'S THE SPIDER THAT DEVOURS THE FLY

Wm. McIntosh yesterday afternoon gave the eighth of the free course of lectures that are being provided by the Ladies' Association of the Natural History Society, and it proved one of the most delightful of the series. The subject was An Hour With Invertebrates. He was not referring to members of the Common Council, but to species of pests, such as spiders and flies. He said there were over a million distinct species of invertebrates in the world, of which four thousand would be found in this region.

Spring Overgarments for Men

IN FOUR STRICTLY CORRECT STYLES. CHOICE CLOTHS AND COLORS IN EACH STYLE

NEW TOPPER COATS, \$9.00 to \$17.00--A model that never goes out of favor, especially among youths and younger men. Short, smart and matty, affording an excellent walking garment. This season swell tailors call for a trifle more length, and the materials in vogue are Coverts, Whipcoats, Worsteds and Cheviots, in fawns, browns, greys and blacks.

FLARE SKIRT BANNERMAN \$13.50 to \$17.00. The flares the thing; it has reigned for two seasons and will be even more popular the third. In our excellent Bannerman style of Overcoat we deliver not only the newest notions in smart tailoring cut, but the most reliable materials procurable for ready-to-wear approval.

SMART CHESTERFIELDS, \$10.00 to \$19.00.-- This is not a new pattern by any means, but one that continues in eminent popularity, simply because it suits the conservative dresser, the man of quiet and subdued tastes. In length it covers any long-tailed undercoat, and yet is short enough to make it particularly serviceable for walking purposes.

IN RAINCOAT STYLES, \$7.50 to \$20.00--Here, gentlemen, you have a protection when raining, and a swagger overgarment for sunny spring days--the biggest value procurable in all-round coat. In reality a raincoat--overcoat is almost an indispensable. This year we are showing smarter and prettier patterns than ever before.

CARTWRIGHT FRAMES PLAN FOR OLD AGE ANNUITIES

Says It Can Be Accomplished at Slight Expense to the State--Aglesworth Denies that He Gave Shepley Any Instructions--Vote of Censure of Government for Delay in Appointing N. S. Judge Defeated.

OTTAWA, Ont., Feb. 28.—Today Senator McMullen asked if the government have had the matter of old age pensions under consideration, and whether legislation on it will be introduced.

The field for the operation of such a scheme was large. The government and post office savings banks had on deposit \$61,000,000 and there were 200,000 depositors. He thought a large proportion of these could profitably invest in annuities.

In reply Sir Richard Cartwright said old age pensions might have to be adopted in some older countries where the possibilities of a wage earner laying up a competence were limited, in Canada there was little chance that an frugal and industrious man could not acquire a competence for his old age if given a fair opportunity.

In moving the second reading for his bill to make the Dominion and not the municipality responsible for the cost of calling out the militia, Senator David said he had given the matter a good deal of consideration and was convinced that the militia act should be amended.

Mr. Power thought the strike provisions of the militia act were satisfactory. Hon. R. W. Scott said he could not endorse the proposed change.

IN THE COMMONS. Mr. MacLean (Queens) asked if the attention of the government had been called to the speech of the lieutenant governor of P. E. I. at the opening of the legislature in which he stated "Negotiations are still in progress between my government and the federal government with regard to our fisheries, which question I trust will soon be amicably arranged to the advantage of the province," and nature of negotiations referred to.

The prime minister in reply stated that negotiations were still pending and the government were not prepared to make any disclosures until they were complete.

Mr. Patterson informed Mr. Armstrong that exports shipped from Canadian seaports during the year ended June, 1906, were valued at \$145,455,854 and from other ports \$111,300,766.

Mr. Letourney (P. E. I.) drew attention to the delay in the P. E. I. and mainland mail service during the last eleven days owing to the steamer being fast in the ice. The Prime Minister promised to inquire into the matter.

The Minister of Finance informed Mr. Foster that the government intended proceeding with the tariff schedules on Friday or Tuesday. The house went into committee to consider the bill to amend the petroleum bounty act providing that in

cases in which the rental of oil lands was paid in full the owners of land should receive their share of the bounty.

Progress was reported and the committee asked leave to sit again. On motion to go into supply Mr. Lemieux complained that verbal instructions had been given by the Minister of Justice to Mr. Shepley, counsel for the insurance commission, should have been given in writing and should have been laid before the house.

Mr. Roche of Halifax and Mr. MacDonald of Pictou said the delay had caused no inconvenience to public business. Mr. Witford said the vacancy would be filled before the court again met. The amendment was defeated by 83 to 10.

The house went into supply on public works votes. On an item of \$400,000 for new public buildings, Hon. Mr. Fisher said two departmental buildings would be erected; one would cost about \$200,000 and the other about \$175,000. The land had been bought east of the present parliament buildings and across the Rideau canal, at a cost of about \$200,000.

The Maritime Province estimates for public buildings were all put through and the house adjourned at 1 a. m.

PATROLMEN GET 25 CENTS RAISE

A meeting of the salaries committee was called for yesterday afternoon by Mayor Sears, but his worship was not able to be present and the deputy mayor presided. The request of the policemen for increased pay was considered and the recommendation of the committee of the Safety Board discussed. This committee recommended that the men should get 25 cents a day extra and the deputy chief 50 cents a day. The salaries committee decided to recommend to council the adoption of this scale of wages, but as the number present at the meeting was so small, they do not consider their action final in the matter. The wages will therefore be in the future \$2 instead of \$1.75 for patrolmen; \$2.25 instead of \$2 for sergeants, and \$2.75 instead of \$2.25 for the deputy chief. The increase in the expenditures due to the higher scale will be slightly over \$4,000.

The other matter that came before the meeting was the request of Shinklin Thompson for increased wages. Mr. Thompson complained that the duties of the position were very much greater than he anticipated in taking office. His present salary is \$400.

JAMES ALLEN AN INHUMAN FATHER

James Allen charged with aggravated assault, was taken back to Montreal by Chief Detective Carpenter. Allen's crime was a particularly brutal one. His four year old daughter was the victim, and her injuries amounted to a broken arm and loss of sight. Allen says that he has never before been charged with crime. He is a native of Lancashire, of good physique, and over medium height.

Since his arrest the seriousness of his position has become apparent to him and the fact that his child did not die from her injuries has caused him considerable relief. When placed on the train Allen wore a light colored cap, white sweater and dark suit and overcoat. It is expected that he will be examined today in Montreal.

CITY'S WHARFAGE REVENUE SHOWS BIG INCREASE

At the treasury board last night the chamberlain reported an increase in the city's top and side wharfage revenue this season of over \$500. It was decided to appoint one or two new assessors, and the names of applicants will be received in ones. An offer was received from J. M. Robinson & Sons, offering to exchange Newcastle bonds with the city for the city's own issue at an advantageous rate. The matter was laid on the table till the next meeting, when the chamberlain will report. Grants were made for the coming year as follows: Riverview Park, \$500; Victorian Order of Nurses, \$1,000; Hospital Commissioners, \$4,000; St. C. A., \$300, and the Tourist Association, \$750.

Chamberlain Sandall submitted some figures to show the progress made in the collection of back taxes. In 62 cases when final notices were sent out during the last month fourteen had been paid in full, six on account, nine were promised to pay in March, nine cases went to the appeals committee and four gave no response. Ten properties have been advertised for sale, two of them were sold, three cases were settled and four advertisements are still running.

The chamberlain was instructed to report on the seal and ability of the city marshals in tax collection with the view of weeding out from among them. The returns for top and side wharfage thus far in the season show an increase of \$547.53, with the promise of larger increases in the future. The figures are: 1905, \$11,377.54 and 1906, \$11,685.43.

Ald. Bullock said that the question of increasing the rates would soon arise. J. M. Robinson & Sons offered the city \$35,000 Newcastle 4 per cent. due in 40 years, \$50 each, in exchange for \$30,000 City of St. John school bonds 3 1/2 per cent. due 1941, \$50 each. The exchange would be advantageous to the city and would mean a gain for it of \$10,877.56 altogether. The chamberlain said that he was averse to the suggestion. The difference he thought would be made up in loss of taxes.

WEST INDIA LINER

MET HEAVY WEATHER

The Orinoco Docked Today After a Rather Rough Passage—Has a Good Cargo

The Pickford and Black liner Orinoco, Captain Bale, arrived off Partridge Island at nine o'clock last night from the West Indies, and docked about nine thirty this morning.

The steamer left Bermuda last Sunday and that night she ran into a heavy gale accompanied by high seas.

The ship was tossed about considerably but no damage was done.

The storm continued until Tuesday, but from that day until port was reached the weather was fine and cold.

The first cabin passengers were E. H. Smith, Mrs. Betts and Miss Hancock, from Bermuda, for St. John; Dr. Stewart, Miss Stewart, Miss E. H. Smith, Mrs. Harper, Harry C. Leane, Mr. F. B. Locker, Mrs. Locker, Miss Muriel Locker, from Bermuda for St. John.

Second cabin:—Ellen Millard, St. Kitts, to Walkerville, Ont.; H. A. A. Bridgewater, St. Kitts to Gannaque; G. H. Bradhurst and Mrs. Bradhurst and five children from Bermuda to England. The ship has 500 puncheons of molasses for St. John and 300 for Halifax.

SEMI-ANNUAL MEETING OF I.C.R. RELIEF ASSOCIATION

Held at Moncton—A Lot of Routine Business Put Through

The forty-first regular semi-annual meeting of the General Executive Committee of the Intercolonial Relief Association, was held at Moncton on the 27th February, the chairman being Mr. J. J. Wallace, the Vice-President of the Association.

The members of the committee present were as follows:—George Currie, W. P. P. Druhan, V. J. Coleman, Halifax.

R. Cullen, T. W. Hennessy, Truro; J. T. McQueen, C. Stewart, New Glasgow.

J. B. McLaren, M. Wilson, A. P. Tait, J. A. Bayne, A. Wellington, Moncton.

L. R. Ross, E. Aldingham, J. Barclay, St. John.

H. H. Bray, Campbellton; J. Bouchard, River du Loup.

The business transacted at the meeting was wholly of a routine nature.

Total disability claims of the following named members were approved, and the amounts of the same were ordered to be assessed and paid, namely:—

R. Roux, River du Loup.

R. A. Lalonde, Levis.

J. B. Couture, Levis.

R. Walsh, Halifax.

A. Henderson, Campbellton.

T. E. Brewster, Moncton.

M. Doelling, Campbellton.

The claim of Mrs. B. E. Frip, Halifax, for total disability allowance, was placed in the hands of the standing committee to deal with, and the information in regard to the same had been received.

The action of the Sydney executive and standing committee in appointing Mr. E. R. McPherson, district secretary pro tem, in the place of R. Dunlap, who had been granted a year's leave of absence by the railway department, was approved.

It was asked in two or three cases that the cost of special treatment be paid by the Association, and it was decided to place these cases in the hands of the president and vice president.

It was decided to form sub medical districts as follows:—

Evans to Springhill Jct. Cheimford to Lunenburg.

Matapedia to Amqui. St. Anael to Little Metis.

A number of members whose membership had lapsed owing to the non-observance of the rules, and who requested to be reinstated, were on motion allowed to retain their membership, on payment of all arrears due.

The report of the pension committee was read, it being stated therein that the president fund bill for the employees of the Intercolonial and Prince Edward Island Railways had been passed by the House of Commons, and that in the opinion of the pension committee the provisions of the same were most satisfactory to the employees.

A unanimous resolution was adopted by the meeting, instructing the pension committee at the proper time to prepare a resolution thanking the Hon. the Minister of Railways and Canals in the name of the general executive committee, which represents all the employees on the Intercolonial Railway, for the great interest taken by him in the promotion of the Provident Fund Bill.

LONDON, Mar. 1.—Kosena Brandram, who was principal contralto of the Savoy Theatre here, is dead.

MORE COLD DAYS BUT WARMER ON AVERAGE

This Winter Not Quite as Bad as That of 1903-04.

But the Mercury Has Been Below Zero Offener, and the Weather Has Been More Severe

Mr. D. L. Hutchison has prepared the following comparative statement of the weather for the winters of 1903-04, and 1906-07 to date, the former being an exceptionally severe season:

Table with columns for Average Temp., Maximum, Minimum, Snowfall for NOVEMBER and DECEMBER.

THE CHILLY DAYS.

Table with columns for Dec. 18th, 27th, 28th, 29th, 30th, 31st, 1st, 2nd, 3rd, 4th, 5th, 6th, 7th, 8th, 9th, 10th, 11th, 12th, 13th, 14th, 15th, 16th, 17th, 18th, 19th, 20th, 21st, 22nd, 23rd, 24th, 25th, 26th, 27th, 28th, 29th, 30th, 31st.

JANUARY.

Table with columns for Average Temp., Maximum, Minimum, Snowfall for JANUARY.

THE COLDEST DAYS.

Table with columns for Jan. 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31.

FEBRUARY.

Table with columns for Average Temp., Maximum, Minimum, Snowfall for FEBRUARY.

THE COLDEST DAYS.

Table with columns for Feb. 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29.

It will be seen by this that the weather this winter has not on the average been as cold as in 1903-04 though zero temperatures have been more frequent.

For the months of December to February 1903-04 there were nineteen days upon which the mercury got below the zero mark, while during the corresponding period of the present winter it dropped below on no less than twenty-four days.

In the winter of 1903-04 the extreme cold recorded was 14.7 below, it has been down to 16.9 below this year. On the other hand, the general temperature this winter has been slightly higher than in 1903-04, bringing up the average.

SHOP WAS FLOODED BY A BROKEN WATER PIPE

This morning when Louis Phillips and clerk Woodley opened the tobacco store of Phillips and Co., in the Market building, Charlotte street, they were surprised to find the office and the rear of the shop and the cellar filled with water, and a regular deluge pouring from the ceiling over the pictures, office furniture and a quantity of stock that had been exposed. It was found that a water pipe in the second floor of the Market building had burst during the night and flooded the building. The damage to Phillips and Company will reach in the vicinity of about \$100, and had the break not been discovered when it was the damage would have amounted to a great deal more.

ISLAND STEAMERS ARE STILL FAST IN THICEE

Advices from Picton today are to the effect that the steamer Minto is still fast in the ice half way between Cape Bear and Picton Island. The Stanley has been endeavoring since Monday to cross from Picton to Georgetown, but has only got as far as Picton Island. There she is stuck in heavy ice. There is no chance for either boat to do anything until the weather moderates and until we have some southwesterly winds.

The many friends of Dr. D. E. Berryman will learn with regret that he is confined to his home through illness. He expects, however, to be about again in a few days.

TOO LATE FOR CLASSIFICATION.

How to Get These Coats—Up-to-Date Designs from a Leading American Pattern House

In connection with the special features of this enterprising household journal, a pattern department is conducted with much success. Every once in a while the bounds of Canada are overstepped, and a communication arrives from some distant place, yesterday the pattern clerk was surprised to receive a request for two patterns from Mrs. William Armstrong, of no less distant a place than Butte, Montana.

Only a few days previous a lady in Pennsylvania wanted a pattern sent to her, and from all sections of Lower Canada the idea of securing an up-to-date dress, waist, neckwear, or skirt chart has "caught on" wonderfully well. Every mail brings numerous requests.

For the benefit of those who have not yet taken advantage of our pattern offer we re-publish directions:—

Every day or so a smart pattern picture is published in the Star. In order to secure the model in regular form, the sender must enclose ten cents, as per the coupon. The Star thereupon sends a large American pattern house, from which establishment the pattern is sent direct to the enquirer.
