THREE CENTS

OPPOSITION LEADER SMASHES HOPES OF WEST; CLEMENCEAU SEVERELY CASTIGATES GERMANS; COSTA RICA REVOLUTION BOTHERS WASHINGTON

MR. MACKENZIE SMASHES HOPES OF WESTERNERS

Endeavored to Explain His Recent Speech When He Said He Believed in Protection, But Only Worse Confounded Himself.

DOESN'T QUITE KNOW WHERE HE IS AT

His Speech Created Consternation in the Ranks of Western Low Tariff Unionists Who Have Been Flirting With the Opposition.

Special to The Standard.

Ottawa, June 16.—Mr. D. D. MacKenzie, opposition leader, endeavored to explain to the House today his recent speech in which he said he believed in protection. The explanation, however, only worse confounded him and is not an explanation that will satisfy the West or the country. In making his explanation he made the extraordinary declaration, "You must trim your sails according to the different winds." He was explaining that it was impossible for a leader to make specific promises as to particular tariff reductions. He then drew a comparison between a political leader and the captain of a vessel. A captain could not sail alone with full sails. He had to trim his sails according to different winds.

"If you go full sail in a gale neither you nor your ship will live very long," declared Mr. MacKenzie. "Well, the same thing holds in regard to men who undertake to run governments in any country. They must deal with matters in accordance with the facts and circumstances before them from time to time, always having in view the best interests of the people and the things that are most conducive to those interests."

Mr. MacKenzie explained that in his previous speech, when he referred to his protection views, he was dealing with the steel industry, and he made a slip of the tongue in using the word protection. He should have used the word tariff.

Mr. MacKenzie said he was not wedded to the idea of government ownership, but he was prepared to advocate public ownership of transportation, grain elevators and cold storage plants. The government should exercise jurisdiction over these branches of industry. He accused the government of doing nothing to reduce the cost of living. He blamed the government of failure to settle the Winnipeg strike, and expressed the opinion that the ministers who had gone West had taken sides, the laboring man as a result had no confidence in the government.

Mr. MacKenzie's speech created consternation in the ranks of the Western low tariff unionists who, since the introduction of the budget, have been carrying on a violent flirtation with the opposition.

THE TRANSPORTATION WORKERS OF PARIS RETURN TO DUTIES

Paris, June 16.—The transportation workers of Paris, who have been on strike for more than a week, returned to their places, today, and service on the subways, tramways and buses was normal.

40,000 RAILWAY SHOPMEN EXPECTED TO STOP WORK ON WEDNESDAY

A Strike Order was issued by the Executive of Division No. 4 Which Claims it Has Been Unable to Negotiate Increase in Wages and Shorter Working Hours, After a Month's Effort With the Canadian Railway Board.

Montreal, Que., June 16.—A strike order was issued this afternoon by the executive committee of Division No. 4 of the Railway Shopmen of America, and unless eleven-hour concessions are made by the Canadian Railway Board, 40,000 men will stop work on Wednesday morning.

SUMMARY OF FINAL TEXT OF PEACE TREATY

Germans Are Allowed Seven Days to Accept or Refuse the Treaty as it Stands According to Information Received at Ottawa.

ORIGINAL CONDITIONS VIGOROUSLY UPHELD

The Changes Include a Plebiscite for Upper Silesia With Guarantees of Coal Therefrom and Temporary Increases of German Army.

Ottawa, June 16.—(Canadian Press)

The following text of the final reply of the Allied and Associated Powers to the conditions of peace was received by the government and handed to the Canadian Press, Limited: Paris, June 16.—The final reply of the Allied and Associated Powers to the conditions of peace handed to the Germans at Versailles, May seventh, was delivered to the German delegation today and made public shortly after.

The Germans are allowed seven days to accept or refuse the treaty as it stands. If they accept peace will be signed at once; if not, the armistice will terminate on Saturday and the powers will take such steps as may be necessary to enforce their terms.

The principle of the original conditions have been vigorously upheld as establishing a peace of justice, but certain modifications in detail, and many objections of the effect of section, are made. The reply is in two parts, a general covering letter of about 4,500 words, and a series of articles of the general counter-proposals.

Changes Granted. The changes include a plebiscite for Upper Silesia, with guarantees of coal therefrom, and temporary frontier rectifications in West Prussia.

Omission of the third zone of the Schleswig plebiscite. Temporary increase of the German army from 100,000 to 200,000.

Declaration of intention to submit, with a specified period, a list of those accused of violations of the laws and customs of war.

Offer to co-operate with the German commission of reparations and to receive suggestions for discharging the obligation.

Certain detailed modifications in the finance, economic, ports and waterways clauses, including abolition of the proposed Kiel Canal commission.

The assurance of membership in the League of Nations in the future, if Germany fulfills her obligations.

HALIFAX AWARDS CONTRACTS FOR ROAD WORK

Will Build Four Miles from Halifax to Bedford on an Average Cost of \$18,000 a Mile.

Halifax, N. S., June 16.—The Nova Scotia highway board has awarded a contract to the Barré Company, Limited, to build four miles of road from Halifax towards Bedford, this summer. The cost of the first mile will be \$22,000 and the average will be \$18,000 a mile. Next season two miles more will be built, thus connecting Halifax and Bedford with a suitable MacAdam road sixteen feet wide.

LORD BEAVERBROOK VISITING AT THE OLD HOME TOWN

Was Given a Hearty Welcome by the Mayor and Citizens of Newcastle.

Newcastle, N. B., June 16.—Lord Beaverbrook, who arrived in Canada on the Olympic last Friday, arrived here yesterday to spend some time with his mother in his old home. He was met at the station by Mayor Doyle and Council and a large number of citizens, and given a hearty welcome. Lord Beaverbrook, who is as energetic as ever, is spending his time renewing old acquaintances among the host of friends he left as Max Atkinson.

GERMANS NOW IN POSSESSION OF ALLIED GOV'TS REPLY TO THEIR COUNTER PROPOSALS

Vienna Communists in Serious Uprisings Cause Grave Alarm

Vienna, Sunday, June 15.—(By The Associated Press)—An uprising by Communists here today apparently was put down by the police with the loss of several lives and the wounding of a number of persons. The disturbance today was, perhaps, the most serious from a political point of view in Vienna since last November. The street fighting was primarily for the purpose of obtaining the release of a hundred or so Communist leaders who were arrested Saturday night.

Today was the first time that the local Communists had risen against the government. Their leader is said to be Herr Tolmann.

THE ORIGINAL CONTENTIONS OF THE ALLIED GOVERNMENTS HAVE VIRTUALLY BEEN MAINTAINED INTACT IN SECOND TREATY.

CLEMENCEAU SENDS STINGING NOTE

Expresses Surprise at the Audacity of the Germans for Protesting the Treaty—Tells Them They Are Not Civilized.

Verailles, June 16.—(By The A. P.)—The reply of the Allied and Associated Governments to Germany's counter-proposals to the peace treaty and a revised copy of the peace treaty tonight are in the hands of Count Brockdorff-Rantzau, who is on his way to Weimar, there to present to the German National Assembly the final word of the victors in the war.

Few changes have been made in the revised peace treaty. The original contentions of the Allied and Associated Powers have virtually been maintained intact. Five days were the allotted period originally fixed for the Germans to answer yes or no to the demands of the Allies, but two days additional have been granted because of the insistence of the German delegation that a sufficient time had been allowed for proper consideration of the revised terms. This will extend the time limitation to Monday, June 23.

If Germany's reply is acquiescence the treaty will be immediately signed; if Germany declines to accede to the demands of the Allies, the armistice will be automatically terminated and the Allied forces will take whatever steps they deem requisite to the occasion.

Mr. Clemenceau says Germany fails to understand the position she occupies, today, in the estimation of the world for being responsible for a war which was "the greatest crime against humanity and the freedom of the people that any nation, calling itself civilized, has ever conscientiously committed."

Without ostentation Paul Dutasta, general secretary of the Peace Conference, at 6:49 o'clock this evening placed the revised treaty in the hands of the German legation, Secretaries Simon and Baron von Loosener, with whom M. Dutasta had a conversation lasting for several minutes, explaining the nature of the instrument and the length of time allotted for the Germans to reply. Herr Simon protested against the short time allotted Germany to make known her intentions.

Mr. Dutasta arrived in Versailles by automobile from Paris, carrying the momentous documents in two parcels wrapped in prosaic brown paper. He was received by Colonel Henry, master of ceremonies at Versailles, and officers of the Allied commissions, and conducted to the reading room of the Hotel Reservoir.

Here the party was grouped along one side of the room. In front of M. Dutasta was a marble-topped table, upon which the documents were placed in two piles. There was a considerable wait before Legation Secretaries Simon and Baron von Loosener arrived, escorted by two French officers. The Germans took their place at the other side of the table.

At 6:49 o'clock Herr Simon informally reached across the table and took the documents and handed them to Baron von Loosener, this actually constituting the formal receipt of the treaty and the ultimatum. A receipt from the Germans for the document was required by M. Dutasta.

After the brief conversation between M. Dutasta and Herr Simon, the Germans returned to their apartments in the hotel, von Loosener carrying the documents under his arm in a green portfolio. Later Count von Brockdorff-Rantzau boarded a train for Weimar, taking the documents with him.

The intercourse between the two groups was rather cordial. No provision for an interpreter had been made. Secretary Dutasta spoke in French and Herr Simon replied in German. Later Count von Brockdorff-Rantzau was aware of just what the other said. So it seemed fortunate that the details as to the period allowed, and the nature of the principal points were indicated clearly in the covering letter.

The Germans plainly intimated their intention to demand an extension of time.

On receiving the treaty Herr Simon said: "I must observe, on behalf of my government, that the time allowed in which to answer is rather short."

Secretary Dutasta replied that he would transmit the observation to the Allied governments.

Paris, June 16.—(By The Associated Press)—The Germans have been granted an additional forty-eight hours in which to make their reply regarding the signing of the peace treaty.

The German Generals Cause of Catastrophe To Central Empires

Paris, June 16.—(Havas)—It was the refusal of the German Generals, especially General Von Falkenhayn, to accept the Austrian plan for offensive operations that was the underlying cause of the catastrophe to the Central Empires, according to declarations made by Field Marshal Conrad Von Hotendorff, the former Austria-Hungary chief of staff, to the press, says the Zurich despatch to Petit Parisien. The Austrian plan consisted of pushing the war to the limit against Italy, which the German Generals declined to follow.

Few Spoil Good Name of Canada

Riotous Acts at Canadian Military Camp in London Call Forth a Reprimand from General Sir Richard Turner.

London, June 16.—(Canadian Associated Press)—A strenuous denial is given to the statement that the rioters at the Canadian military camp on Saturday night deliberately set the town in a blaze. It is certainly true that when the seriousness of the fire was appreciated that practically the whole camp turned out in an attempt to extinguish the flames. The long draught and the inflammable buildings made the efforts futile. The long line of huts, today, present the spectacle of a mere heap of blackened rubbish.

General Sir Richard Turner, addressing the rioters, told them it was merely a few of them who were spoiling the good name of Canada by impatience after the whole body had shown splendid endurance and forbearance which had given them the name of being the equal of any troops.

The whole trouble again arises at the exasperating delay in leaving the camp for port. It will be remembered that several ships have lately left England after as many as six postponements due to labor troubles in Liverpool.

MEDIATION COMM. FAILED TO UNITE WARRING FACTIONS

No Progress Made in Efforts Put Forth to Conciliate Metal Trades Employers and Employees.

Winnipeg, Man., June 16.—When spoken to tonight R. B. Russell one of the inner circle of the strike committee and a member of the Metal Trades Council, refused to comment on the statement of policy as regards collective bargaining issued by the Metal Trades' Employers this morning. H. E. Baker, chairman of the Railroad Brotherhoods' Mediation Committee, who endeavored to settle dispute between the Metal Trades' employers and employees this afternoon received an informal visit from R. B. Russell. No information was given out as to the nature of interview.

Mr. Barker stated tonight that the Mediation Committee had gone out of existence, and its members had no intention of acting further in the matter, but that the committee tomorrow morning would issue its report on the mediation proceedings.

Mr. Barker stated that the intention to demand an extension of time.

On receiving the treaty Herr Simon said: "I must observe, on behalf of my government, that the time allowed in which to answer is rather short."

Secretary Dutasta replied that he would transmit the observation to the Allied governments.

Paris, June 16.—(By The Associated Press)—The Germans have been granted an additional forty-eight hours in which to make their reply regarding the signing of the peace treaty.

Berlin, June 15.—(By The Associated Press)—Former Emperor William "belongs in the pathological ward" and is not wanted in Germany, declared Herman Mueller, Majority Socialist leader and whip in the National Assembly, in a speech delivered before the Majority Socialist convention here today.

Herr Mueller, who is one of the most conservative of the socialists, referring to the rumor that an attempt was to be made to bring about the return of the ex-emperor, warned the Prussians said to be interested in such a move that a majority of the German people would not permit his return. The speaker declared the former ruler was dangerous to the country, and binned his verbosity for Germany's misfortunes.

Herr Mueller's speech was received with cheers.

WINNIPEG STORM LOSS PLACED AT HALF MILLION

Many Buildings Were Unroofed and Otherwise Damaged and Hundreds of Plate Glass Windows Demolished.

ELECTRIC WIRES IN TANGLED MESS

The Winnipeg Electric Company Sustained the Most Serious Damage, the Company Being Deprived of Its Power Source.

Winnipeg, Man., June 16.—It was this afternoon estimated that the loss resulting from the terrific wind and electric storms which swept the Winnipeg district Saturday, at some times reaching a velocity of 84 miles an hour, will total more than half a million dollars. No person was killed, but several were injured, none, it is believed seriously.

According to official figures, it was the severest storm in the history of the city. It came suddenly, after a sultry day. Many buildings were unroofed and otherwise damaged, chimneys blown down, and hundreds of plate glass windows demolished.

Poles and wires of the Winnipeg Electric Company and the Manitoba Government Telephones in the western part of the city were reduced to a tangled mass. On the Winnipeg-St. James railway line it is reported that eight miles of telephone poles are down.

Because of the strike situation voters have been called for to repair, as far as possible, the damage, and it is said that a large number are offering their services.

The chief damage to buildings was done in the northern portion of the city. St. John College and Technical School roofs were damaged, a portion of each being carried away. The German Lutheran Evangelical Church also suffered. A cupola, surrounded by a crucifix, was whipped off its position and smashed. The western portion of the children's hospital was lifted up and hurled back over the building.

Of the various public utilities adversely affected by the storm the Winnipeg Electric Railway Company undoubtedly sustained the most serious damage. The opening blasts of the storm downed the company of 12 power source from Pinawa by wrecking four transmission towers at a point 21 miles from Winnipeg. This damage has been partially repaired.

40 LIBERAL SEATS BY ACCLAMATION IN QUEBEC PROV.

With Only One Conservative Seat the Result Gives An Indication of a Sweeping Gov't Victory on Monday Next.

Montreal, June 16.—Forty Liberal seats for acclamation against one Conservative seat are an indication of the sweeping government victory in the Province of Quebec, at the coming provincial elections next Monday.

This list is not complete but it is as it was received up to a late hour tonight. Ministers elected by acclamation are Sir Lomer Gouin, Hon. H. Mercier, Hon. Walter Mitchell, Hon. J. A. Tassier, Hon. A. Gullpondit, Hon. L. A. Taschereau and Hon. J. E. Caron. The one Conservative is Brig. General C. A. Smart, in Westmount.

SOCIALIST CONGRESS REJECT THE SOVIET CONSTITUTION

Weimar, June 16.—The Socialist Congress has rejected a proposal for a Soviet constitution for Germany. The proposal received only one vote. The Congress adopted a resolution declining to give pensions to members of former royal families.

FORMER EMPEROR BELONGS IN HOSPITAL WARD, SAYS MUELLER

Warns the Prussians, Interested in a Move to Return William to Germany, That the People Would Rise up in Anger Against Such a Move in Event.—Declares Former Ruler Dangerous.

Berlin, June 15.—(By The Associated Press)—Former Emperor William "belongs in the pathological ward" and is not wanted in Germany, declared Herman Mueller, Majority Socialist leader and whip in the National Assembly, in a speech delivered before the Majority Socialist convention here today.

Herr Mueller, who is one of the most conservative of the socialists, referring to the rumor that an attempt was to be made to bring about the return of the ex-emperor, warned the Prussians said to be interested in such a move that a majority of the German people would not permit his return. The speaker declared the former ruler was dangerous to the country, and binned his verbosity for Germany's misfortunes.

Herr Mueller's speech was received with cheers.

RY. OFFICIALS OPTIMISTIC OVER STRIKE

The Men of the Running Trades Who Have Gone Out in Winnipeg Are Mostly Switchmen and Firemen, According to Report.

EXACT NUMBER OUT NOT OBTAINABLE

In Fort Rouge Yards of the Canadian National Railway Virtually All Firemen and Switchmen Are Out.

Winnipeg, Man., June 16.—"The men who have gone out are chiefly brausen and switchmen," was the statement by a Railway Brotherhood official last night, when speaking of the effect of the strike by the outlying members of the running trades organizations.

This was corroborated by the statements of railway officials and both the leaders of the workers' organizations and the officials of the company, who are optimistic in regard to the continuation of service satisfactory to the public. The evidence yesterday at all the railways was that the company had successfully countered the action of the radical employees.

It was stated that the places of all the men who had gone out had been filled, so far as the passenger trains were concerned. All the trains, with the exception of the Canadian Northern train Prince Albert, left Winnipeg on scheduled time, and it was only twenty minutes late.

So far the exact number of men who have gone on strike has not been obtained. Last night the Canadian Pacific Railway issued an official notice that all the passenger trains had been despatched. There would be no reduction of freight service, it was stated, and it was added all necessary switching in the yards would be performed.

Vacancies on the staff of the Winnipeg post office are gradually being filled, and up to Saturday evening there had been 415 men engaged out of a total of five hundred before the strike.

More Go Out. Railway officials stated this afternoon that an additional number of firemen and switchmen struck this morning and considerable difficulty was created in railway freight yards. It was stated, and it was added all necessary switching in the yards would be performed.

It has been recently reported in strike committee circles that the police force, recently discharged by the Police Commission, would be taken back into the service without the necessity of signing the agreement to participate in sympathetic strikes. The following statement was issued by the Police Commission: "The Police Commission wishes it to be clearly understood that no members of the old police force will be taken back until they have signed the agreement as required and all men so signing will be protected in their positions."

Socialist Congress. Weimar, June 16.—The Socialist Congress has rejected a proposal for a Soviet constitution for Germany. The proposal received only one vote. The Congress adopted a resolution declining to give pensions to members of former royal families.

FORMER EMPEROR BELONGS IN HOSPITAL WARD, SAYS MUELLER

Warns the Prussians, Interested in a Move to Return William to Germany, That the People Would Rise up in Anger Against Such a Move in Event.—Declares Former Ruler Dangerous.

Berlin, June 15.—(By The Associated Press)—Former Emperor William "belongs in the pathological ward" and is not wanted in Germany, declared Herman Mueller, Majority Socialist leader and whip in the National Assembly, in a speech delivered before the Majority Socialist convention here today.

Herr Mueller, who is one of the most conservative of the socialists, referring to the rumor that an attempt was to be made to bring about the return of the ex-emperor, warned the Prussians said to be interested in such a move that a majority of the German people would not permit his return. The speaker declared the former ruler was dangerous to the country, and binned his verbosity for Germany's misfortunes.

Herr Mueller's speech was received with cheers.

MR. WIGMORE URGES GOV'T TO HAVE RETURNED TO SYDNEY ST. LAWRENCE ROUTE COAL CARRIERS

Gov't is Taking up With High Commissioner in London the Urgent Need of the Return of These Carriers—Canada to Ask for Standing Army of 10,000 Men—Sugar Refineries of Maritime Provinces Discriminated Against in Freight Rates.

Ottawa, June 16.—Major General Newburn, in the House this afternoon introduced the bill to amend the Militia Act as to provide for a permanent force in Canada of not exceeding 10,000 instead of 6,000 as at present. The bill was read a first time.

Mr. Barnham asked if it was a fact that returned soldiers, who have been given their old positions at the Front Canal at Peterboro, were paid less than those in similar positions alongside them. The answer of the government was in the negative.

Mr. Wigmore asked what representations, if any, had been made to the British government by the Canadian government respecting the return to the Sydney-St. Lawrence route of the coal ships Rose Castle, Lord Strachan, Daghill, Wabana and Kamouraska.

Mr. Bailantyne: "The high commissioner for Canada in London was requested by cable to urge upon the Ministry of Shipping in the strongest possible manner the necessity for the release from requisition of the steamers mentioned.

"Additional representations were made through the secretary for the colonies asking for the return of the Kamouraska. It is understood that notice of the vessels has been returned."

Mr. Wigmore—"Is the government aware that the Montreal market is now depressed, and has been for the period of the war, of Nova Scotia coal, due to the requisitioning of these ships by the British government, and its inability of shipping to control the company to replace them, at rates which will allow carriage of coal with profit from Sydney to Montreal?"

"The government is aware," Mr. Bailantyne replied, "during the present season difficulties are being experienced in the delivery of Nova Scotia coal in Montreal owing to lack of tonnage facilities."

All the vessels alluded to were registered in the United Kingdom and consequently subject to control by the Imperial government. The Kamouraska was undergoing repairs at a United Kingdom port. There was no information respecting the present whereabouts of the other vessels.

J. H. Sinclair, of Guysboro, said he had been informed that the freight rate on sugar from Cuba to Montreal was 38 1/2 cents per 100 pounds, while to Halifax and St. John the charge was 58 1/2 cents. He said this was a discrimination against the sugar refiners of the Maritime Provinces, and he asked if the government is taking any steps to stop the discrimination.

Mr. J. D. Reid said he was making inquiries into the matter.

Hon. Mr. Mowbray stated in reply to Mr. Lemieux that the bill in the House is going on rapidly. In May 55,700 men had been demobilized in Canada and they hoped to exceed that number this month. The bill was expected to have all the men home early in August, unless more strikes occur in England. Four or five ships had been delayed on this account recently.

Sir Robert Borden told Mr. Cahill that a preliminary report by the Industrial Relations Commission is expected today or tomorrow and would be brought down as soon as received.

Hon. Mr. Martin Burrell informed Mr. Reid, of MacKenzie, that he would give all information regarding the question of briquetting of Saskatchewan lignite when his estimates were under discussion.

D. D. MacKenzie said the reports regarding the strikes at Winnipeg were conflicting and he asked if the government could give any definite information.

The premier replied that at the moment he could not say any more than that he had received a telegram from Senator Robertson this morning indicating the steps that had been taken by him. Apparently matters were progressing in a satisfactory way.

William Duff, of Lunenburg, inquired if any steps had been taken to release the seven sailors who were being kept in jail at Halifax. The speaker interpreted to say that this was purely a local matter and not a question of the orders of the day.

Hon. Charles Murphy was informed by the premier that he had asked Sir James Loughheed, who is minister in charge of soldiers' civil re-establishment, for a statement as to the requisitions of Col. McKelvey-Bell and Captain J. Grant Cunningham. The statement would be laid on the table of the House.

The premier said, in answer to Gen.

Pile Sufferers

Don't Wait Another Minute Before Seeking For a Free Trial of My New Home Treatment That Anyone Can Use Without Misadventure or Loss of Time. Now and Hereafter From Anything You Have Ever Tried.

Let Me Prove That It Will Quickly Rid You of Pile Suffering.

TRIAL FREE. No matter whether your case is of long standing or recent development—whether it is occasional or permanent—you should seek for this trial treatment.

No matter where you live—no matter what your age or occupation—if you are troubled with piles, my treatment is just what you need.

I especially want to send it to those who are suffering from hemorrhoids, piles, or other local applications have failed.

I want you to realize that my method of treating piles is the one only, best treatment.

Write now. Send no money. I will send you a complete trial of my new home treatment. Simply send your name and address to Dr. J. C. Paine, 755 a Bloor Street, Toronto, Ont., Canada. Write TODAY.

AMHERST STRIKE VIRTUALLY ENDS

All But One of the Industries Connected With the Strike Are Now Operating.

Special to The Standard. Amherst, N. S., June 16.—The whistles were again sounding this morning, and while the prolonged blasts have been absent from our hearing for nearly a month, the sound gave the town a more cheerful and industrial aspect.

On Friday a large percentage of the men employed in the Amherst Foundry, the Amherst Boot and Shoe, Bennett Bros. & Co., the Vested Wood Works, returned to work. On Saturday committees of the Federation met with the management of Rhodes Foundry Co., the Canadian Car and Foundry Co., and the Amherst Woolen Mills.

An agreement was arrived at with the first two mentioned, and the employees returned to work this morning. In addition to this, the strike at the Barker McLean Motor Co. was called off, and only at the Amherst Woolen Mills do the conditions of strike still prevail.

In regard to the Canadian Car and Foundry Co. the men are going back on a nine-hour day, and Mr. Barker, with a representative committee of the Federation, is leaving for Montreal this evening, where they will meet with Mr. Parks and discuss the labor difficulties.

"CHICK" EVANS LEADS OFF STARS WHO WILL BE SEEN HERE IN MATCHES FOR THE CANADIAN RED CROSS

Great Galaxies of Golfers from the United States, Including Champion Evans, John G. Anderson, "New" Sawyer, Oswald Kirby and Grant Rice.

(By Earle Hooker Eaton.) Five and possibly seven of the noted amateur golfers of the United States, will play a series of matches for the benefit of the Canadian Red Cross, beginning at Hamilton on June 23, Toronto, June 24, Ottawa, June 25, Montreal, June 26, and St. Andrews-by-the-Sea, June 27 and 28.

Leading the party of nobles is Charles (Chick) Evans, Jr., of Chicago who is held over amateur champion of the United States, and who until a few days ago, was also holder of the open championship of the United States. He won both in 1916, and this is a distinction unique in American golf.

Jerome D. Travers and Francis Oulmet have both been open and amateur champions, but Evans captured both titles the same year. Evans, who has done splendid work for the benefit of the Red Cross in years past, was also the winner of four Western Amateur Championships and on four different occasions a member of the W. G. A. foursome that won the Olympian tournament.

Oswald Kirby, Evans is a real champion, but he has been runner-up in his prize of Canadian golf course and is anxious to see and play more of them.

John G. Anderson, of Stoney Golf Club, near New York, is a soldier of real merit. In the national amateur championship he was runner-up to Jerome D. Travers in 1912, and in 1913 he won the New Jersey state championship in 1912, 1914 and 1916. On June 7th he won the Metropolitan for the fourth time, retiring the championship trophy from competition.

Grantland Rice, famous as a sportswriter and poet, is also a golfer of real merit. He has figured prominently in various matches in the United States.

Jerome D. Travers and Francis Oulmet, who accepted invitations to participate in the tour, have been forced to cancel, but there is still possibility that one or both of them may participate in some of the matches.

U. S. ARMY A GREAT EDUCATIONAL MEDIUM

This Possibility Demonstrated by the A. E. F. University at Beaune, France—Points Way to Universal Education in United States.

Beaune, France, May 15.—(Correspondence of The Associated Press.)—The possibility of making the United States Army a great educational medium for all America has been demonstrated by the American Expeditionary Forces University here, in the opinion of leading educators in that institution. Their experience in two months of its sessions has convinced these instructors that the great experiment conducted a way to universal education in the United States.

The university soon must close for its students are going home to America to be demobilized. The closing exercises were held May 30. The what it has done and still is doing at this writing will perhaps serve as a guide to the development of an army education in the United States.

More than 8,600 American soldiers have since March 15 been obtaining a light education in this university as a gift from Uncle Sam. The institution was composed of 103 colleges with 384 instructors and offered 303 courses of instruction. The soldiers might select to pursue. It was unique in respect to the fact that its entire student body was called in khaki, that the students slept in army coats, 60 to 60 in a hut with their rifles slung beneath them. They rose for the day's studies at the call of the bugle.

Outside the schoolroom army discipline prevailed but in them the army was forgotten and a private was as good as a captain.

The directors of these 103 colleges were distinguished educators in America and the grade of instruction at Beaune was regarded as equivalent to university work in America. Entrance examinations were not required. The word of the applicant was taken as his school record. The only condition was that the student was willing if he had had his equivalent.

General Ira L. Reeves, a regular army officer well known for his work as president of Norwich University, Vermont, was the directing head of the university. He had been in the army since 1911. He had been in the army since 1911. He had been in the army since 1911.

SEEDS OF WAR EXIST ON EVERY SIDE, SAYS HAIG

Dream of Universal Peace Rests for Realization on Vigilant Preparedness, Asserts Field Marshal.

In consequence of his speech on his installation as rector of St. Andrew's University, to which position he was elected last year, Field Marshal Sir Douglas Haig has been hailed by a considerable part of the British press as that rare creature, a great soldier and a great statesman.

The London Times reports the Field Marshal's address as follows:

Sir Douglas Haig, in his rectorial address, said we had all been appalled by the magnitude of the world war now drawing to a close and would gladly believe that, even if we had elected to live in a state of universal peace, at least mankind would never again become involved in a cataclysm so general and so terrible. If, however, we are to avoid a repetition of such catastrophes, we must be prepared actively to prevent them and must know what course to pursue. Though for every shade of Christian opinion, there are men who believe in the passions from which war springs were not yet dead in the hearts of men. The seeds of future conflicts were to be found in every quarter of the globe, only awaiting the right conditions, moral, political and economical, to burst once more into activity and cover the fields with harvests of armed men.

He would mention a few of the more obvious of the existing possibilities of war. The first was the "Yellow Peril," a problem which was, in fact, a matter of the almost desperate, desiring all the thought and cooperation of the world. He spoke of the work of the Chinese who had been brought to France and said the Chinese must eventually demand a place in the European labor market, competing with our highly paid labor and our infinitely higher standards of living. He had seen it stated that in parts of China such a policy as that advocated by the ex-Kaiser could only result in almost unending strife between the West and the East. The solution (Sir Douglas) would offer for this and other problems was very different from that propounded by the ex-Kaiser. It was different because the ex-Kaiser was different and for this reason because he believed that the solution of the problem was part of the great mission of the British Empire in the world. This tremendous problem was only capable of solution by giving to all races, however insignificant, what we proudly regarded as British freedom and justice, and thereby in the course of many years bringing them up to our own standard of life.

It was, he imagined, with something of this idea that an economical and industrial side had been woven into the fabric of the league of nations. If so, he welcomed it as a step in the right direction, but the league of nations could never abolish us from

BOLSHEVIK SHOW THE WHITE FLAG

The Fall of Kronstadt, the Naval Base at Petrograd, is Imminent.

Helsingfors, Finland, June 16.—The fall of Kronstadt, the naval base of Petrograd, is imminent, according to reports received by naval circles here from Reval, the capital of Estonia. The report says that a white flag has been hoisted over the fortress several times by its Bolshevik defenders.

CANADIANS PRAISED BY GENERAL IRONSIDES FOR WORK PERFORMED

London, June 16.—(Canadian Associated Press.)—The Times correspondent at Archangel wires that General Ironsides reviewed the Canadian Army and thanked the Canadians for their magnificent services which had saved the British forces more than once.

The college of this institution, the first of its kind in history, were: Agriculture, arts business citizenship, correspondence education, engineering, journalism, law, letters, medicine, music and science. There were 532 classes and the average enrollment in each class was 34 men.

The day's work began at 6 a. m. The list for attendance. The business college was second with 1,329 students, engineering third with 846 and then followed letters with 770, science 676, arts 287, education 78, journalism 121, law 146, medicine 134, and music 129.

Many of the soldiers studied French and made excellent progress partly because of the splendid opportunity to practice the language with their French friends. For the most part the classes of the university were conducted in the barrack schoolhouse but a large aerodrome was converted into a combination lecture room and theatre.

The day's work began at 6 a. m. The list for attendance. The business college was second with 1,329 students, engineering third with 846 and then followed letters with 770, science 676, arts 287, education 78, journalism 121, law 146, medicine 134, and music 129.

The regular officer as a class had made good in the war. He had shown that he was master of his trade and was no mere society idler. He could lead men and was a judge of them. He hoped that one of the good results of the war would be a higher regard for the army among all classes of the community. In the development of modern social ideas there had been an increasing tendency to look to the state as a universal provider, from whom everything was to be expected, and to which as little as possible was to be given. Such a tendency was subversive of discipline, both in private and public life. It opened the way to political corruption and to all the social evils which had led to the decay of former Europe.

We could not afford to neglect military precautions, for to do so would be to invite war. If the responsibility for this war rested in any degree upon Great Britain it was because the state of her military preparations made it seem to the foreign observer improbable, if not impossible, that she would venture to take up the challenge which her enemies cast at her feet. All available resources must be prepared and organized in time of peace with the view to their being used if and when occasion required.

"We have won," concluded Sir Douglas, "and if my reading of past history and current events is correct, we have won because our national character remains unchanged. We shall always win in all we undertake. It is the sword and buckler of our empire."

One lone drunk was gathered into the police station last night for a free lodging and will salute the judge this morning.

Acadians Won From Y. M. C. A.

Lively Game of Basketball Played Last Night—The Y. M. C. A. War Veterans Lost by a Score of 25 to 22.

Specially strong in their defensive line-up, the Acadia University quietude scored a victory over the Y. M. C. A. war veterans' basketball team last night, at the "Y" gym, carrying off the honors with a score of 26-22.

Cross and Bishop, of the Acadians, played an exceptionally good game, the former being responsible for ten of the points gained and the latter for eight.

In the first half the score stood 23-10 in favor of the Acadians, but this lead was reduced by five goals in the second half, the veterans coming back with great aggressiveness.

The line-up was as follows: Acadia. Forwards. Veterans. Bishop Christie Dobson McAndrews

Langley Nixon Bates Norton, 2nd half Referee, Samuel McAndrews, of the University of New Brunswick.

over Toronto here today, the scores being 9 to 4 and 4 to 1. Scores: Toronto, .. .01201123—9 14 1

Y. M. C. I. Team Won From Carleton

Leaders Were Fined a Bad Defeat by East Siders Last Evening—Final Score in Six Innings Was 11 to 6.

In the St. John league series last evening the Y. M. C. I. team defeated the Carletons by a score of 11 to 6.

The winning team played good steady ball and the West Enders' loss is attributed to their loose fielding, having totaled up no less than nine errors in the six innings.

One of the spectacular stunts was the feat of Riley, center fielder for the Y. M. C. I., who stole home in the first inning.

Following is the official score and summary of the game: Y. M. C. I. AB. R. H. PO. A. E. Costello, I. 3 1 0 1 0 0

Carleton AB. R. H. PO. A. E. Joyce, 1stb. 3 2 1 2 0 0

Score by innings: Carleton, 350001—6

Contractor Gets Best of Deal With State

Correspondent in Manchester Guardian Reflects on Specifications and Rogues.

"It is a melancholy reflection on the efficiency of the machine of government," muses a correspondent in "The Manchester Guardian," "that one of the meritable disclosures of the months following a war is of the apparent ease with which the contractor gets the best of his bargain with the state.

"Oh," was the answer, "specifications are made to catch rogues; you won't suffer if you do sound work." Roguery

SPORTING GOSSIP

New Brunswick and Maine League

Opened in Calais on Saturday Afternoon When St. Stephen Trimmed Milltown, Maine, by a Score of 10 to 2.

Saturday afternoon marked the official opening of the Maine and New Brunswick Baseball League, which comprises at present teams representing Calais, Milltown, Me., St. Stephen, N. B., Milltown, N. B., Woodland and Eastport.

Mayor Percy L. Lord threw the first ball over the plate and then the first game between St. Stephen and Milltown, Me., started, with Leeman pitching and Perkins catching for Milltown, and Kirke pitching and Middlemiss catching for St. Stephen.

The game despite the large score was replete with some features that were pleasing, particularly the holding and hitting of Don Chisholm, the hitting of J. Lowe, Vanstone, Leeman and Middlemiss for St. Stephen. Kirke twirled a remarkably hardy and steady game for his team-mates. Barnard, Rafferty and Perkins starred in the hitting line for Milltown. The score, St. Stephen 10, Milltown, 2.

Following is the box score. Harry Goode officiated as umpire and gave good satisfaction: St. Stephen. AB. R. H. PO. A. E. J. Lowe, 2b. 6 1 3 2 0 0

Milltown, Maine. AB. R. H. PO. A. E. Chambers, ss. 4 0 2 2 0 0

Lowden, I. 6 0 0 1 0 0

Film Ball Players. It is understood that a deep and mysterious plot was hatched in a certain uptown restaurant last evening.

The plotters being none other than certain film exchange men who gathered together over the evening repast and there and then decided to clean up all the local baseball diamonds.

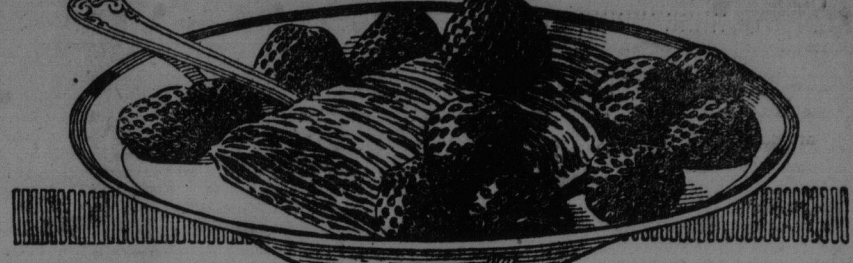

The team picked after capturing laurels and rotten eggs hope to be in trim for next season's league matches.

It is an inconvenient word nowadays, so let us be discreet and assume that it no longer applies.

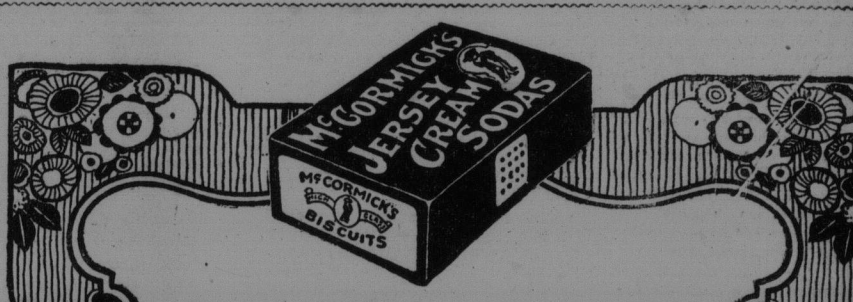

"But it does certainly seem that, however specifications may be drawn, the contractor is generally just a little more astute than the other side, and that the taxpayer suffers accordingly. So it has always been; so, if it were to continue, it always will be. We have never fought a great war in which we have not suffered heavily as a community in order that the contractors should make handsome profits.

And after each serious disclosure we have held up our hands and sworn that it should not be so again. It was the same after the Napoleonic wars, after the Crimean War, after the South African War, after this war. And it is by no means confined to this country. It is said that the Grand Duke Nicholas vowed to hang every greedy contractor, but the contractors won—and so with other countries."

The St. John Standard

Published by The Standard Limited, 52 Prince William Street, St. John, N. B., Canada. H. V. MACKINNON, Manager and Editor.

ST. JOHN, N. B., TUESDAY, JUNE 17, 1919.

NOTHING TO BRAG ABOUT.

The statement is made that the per capita funded debt of the City of St. John is the lowest of any city in Canada, amounting to only ninety-one dollars as against ninety-two dollars for the bush village of Windsor, Ontario.

No one wishes to see St. John as burdened with but little of its revenue remains for any purpose other than the payment of its interest charges, as is the case with certain ambitious western towns, but on the other hand our policy of conservatism has been carried to such an extent that it has now become a disease and an actual discredit to the community, and has brought about a condition which places this city in the unenviable position of being regarded as one of the most backward towns of Canada in the matter of municipal improvements.

Deducting from our present debt of less than five millions, the two and a quarter millions which we have expended and are now to have returned on our harbor account, our funded debt is shown to be a little more than two and a half millions, equal to about forty per cent of the funded debt of Halifax, which has not spent anything on its own harbor, one-third of that of London which has only a few thousands more of a population than has St. John, about one-seventh of that of Calgary which is equal to St. John in size, and one-tenth of that of Edmonton which is also equal to St. John in population.

THE ATLANTIC FLIGHT.

Emerging from the welter of blood and mud the British spirit has celebrated the victory over the monstrous powers of reaction, by daring and achieving the great adventure of soaring across the Atlantic, a feat which by its demands upon human courage, skill, science and mechanical ingenuity has long intrigued the imagination of mankind.

equally with these casual conquerors of the trans-Atlantic series route, and that is the chief stuff of which the British make their heroes. The different manners in which the British and Americans set about the high enterprise of over-flying the Atlantic illustrates in striking fashion a curious difference in the spirits of the two peoples. To the Britisher the enterprise was primarily an adventure, a sport; to the Americans—no less daring and adventurous perhaps—the enterprise was a task, to be gone about in a business-like way, and with the avowed purpose of making the experiment profitable for aeronautics.

NATIONAL HEALTH.

It is intimated that Hon. N. W. Rowell will become Canada's first Minister of Public Health, having charge of the new department which is understood to be shortly to be organized under legislation recently enacted. The statement has also been made that the Deputy Minister will be Doctor Peter Bryce, of Ottawa, a man now well advanced in middle age, but at the same time well qualified for this position.

THE CHAPLAIN SERVICES.

The report of the Overseas Minister of Militia deals rather extensively with the Chaplain Service from the time this branch first assumed duties at Valcartier in August, 1914, to the conclusion of hostilities. In this period, it is said, no Canadian soldiers have been deprived of the ministrations of a Canadian Chaplain. With the First Contingent thirty-three chaplains crossed to England, but not until a year later was the Chaplain Service organized on lines similar to those of other branches. Early in 1917 the establishment of the Chaplain Service provided for a total representation of two hundred and eighty, of which the Church of England numbered 102, Presbyterians 58, Roman Catholics 53, Methodists 23, Baptists 14, and other denominations smaller numbers. Later ten additional chaplains were authorized. During the period of the war four hundred and twenty-six chaplains served overseas, of which number two were killed in action, one died of wounds, one was drowned on a hospital ship, and two died of illness. Twenty-one were wounded while serving at the front. Five of those who went over have been honored with the C. M. G., one with the C. O. B. E., nine with the D. S. O., three with the O. B. E., thirty-four were given the M. C., two winning bars, one the D. C. M., and three the M. M. Thirty-two were mentioned in dispatches, and thirteen others were given the notice of the Secretary of State for valuable services.

total of one hundred and three awards and mentions. At the close of hostilities there were one hundred and eighteen chaplains serving in England and one hundred and seventy-five in France, of which latter number eighty were at the front and the remainder on the lines of communication.

LANCASTER DEVELOPMENT.

The development of a building site in Lancaster under proper supervision is one of the best schemes the city has selected for this purpose. The land undertaken in a long time. The land is admirably adapted to construction purposes—well situated and with a ready reach of water supply and sewerage. The prices placed by the Council on these lots, according to size and location, do not appear to be excessive, nor are the restrictions imposed with respect to the class of houses such as will deter those who are desirous of having homes of their own from investing in these properties. It should be possible to transform this vacant land into an ideal residential district, attractively laid out and dotted with bright and comfortable homes. In view of the extremely congested condition of the city proper it is imperative that our people find homes on the outskirts, and on the success or otherwise of the present venture will depend to some extent the possibility of future extensions into the suburbs.

CANADIAN FISH.

Interesting information on the relative food values of fish is being distributed by the Canadian Trade Commission, which organization, as the result of careful analysis, finds that certain varieties of fish taken on the Canadian coast are superior in food value to those secured in foreign waters. Accepting the calorie as the measure of nutrition in food, it has been found that our Bay of Fundy sardines, divided into four classes, are much superior to the widely advertised Norwegian brands. The figures indicate that the latter show 1,314, 1,649, 1,663, and 1,174 calories respectively, as compared with 1,332, 1,720, 1,469 and 1,795 calories for the corresponding Canadian varieties. With regard to the larger herring similar information has been secured, the Canadian brands standing out ahead of the best known British packs in food value. The finest British product, packed in tomato sauce, contains only 776 calories, as compared with the four best Canadian varieties of 890, 1,061, 1,031 and 1,024 calories respectively.

OVERSEAS ORDERS.

"The Canadian Official Record" states that in May 31st orders were placed through the Canadian Trade Commission with producers and manufacturers in Canada for exports to European countries to the value of \$15,760,756.05. Of this very large amount New Brunswick has received orders for only \$74,290.75, this whole amount representing woollen goods. The list of articles covered by this Canadian order is rather extensive, but apparently New Brunswick manufacturers and producers have not interested themselves in the work of the Canadian Trade Commission with a view to securing a fair share. It is, of course, true that business is being placed privately, particularly in lumber, but the amount so placed is not known. Ontario heads the list with almost three million out of the total of orders received.

WHAT THEY SAY

Same Everywhere. Toledo Blade—One can buy ten cents' worth of almost anything now for thirty cents.

No Assistance Needed. Brooklyn Eagle—Don't waste sympathy on the Germans. They have enough for it for themselves.

Can't Get Worse Off. Greenville Piedmont—The Russian doesn't care what happens now. He knows it will be an improvement.

Approximate Justice. Cleveland Press—The German Chancellor says that the peace terms will turn his country into an enormous jail. If that is true, literal and exact justice will be done for the first time in human history.

Victorious French Girls. Washington Star—More than 6,000 French women were wooed and won by American soldiers in France within one year. The majority of the French girls who have become Americans through marrying men and officers of the American Expeditionary Force are stenographers, sales girls or teachers with a sprinkling of peasant girls and those of the middle class or bourgeoisie.

A Vital Wrong. Montreal Star—The arguments in favor of the solidarity of labor are from the labor standpoint appealing, as the desire for world-power was appealing to the French in 1914, but in one case as in the other, plans based upon the denial of things fundamental to democracy are bound to fail in a democratic world. A sympathetic strike which involves the participation of employees who, for their own interests, had previously pledged themselves to certain agreements with their employers, instinctively antagonizes the British sense of business honor and fair-play inherent in the average citizen. And the assumption by Winnipeg's labor leadership of dictatorial powers for the benefit of one class interests at the expense of another violated the very principles upon which British democracy was founded and is developing. Its failure was doomed from the beginning.

Little Benny's Note Book

BY LEE PAPE.

Me and pop and ma was up in the setting room last nite, me doing my homework slow and ma looking at the book part of the paper with an expression as if she was looking at some other part, and pop was smoking and uncrossing his legs and crossing them the other way, and after a while he sed, Contound it, theres no 2 ways about it, theres sumthing rong with me, I dont feel well.

My, Willyum, nousents, sed ma. Meny thanks for your sympathy, sed pop, and I sed. Maybe you got sun struck, pop, it was pritty hot today and there was smthing in the paper on the first page about peeps getting sun struck—one man had his picture in on account of tyng from it.

Sun struck, holey smokes, I wonder if there can be anything to that, I was out in the sun a good while today, sed pop.

Willyum Potts, you are no more sun struck than I am, I suppose if the boy told you you were frost bittin you would start to worry over that, sed ma.

My deer, your anxiety for my welfare simply overwhelms me, sed pop, and I sed. Maybe you ate sumthing and it poisoned you, pop, Sid Hunts father had potoman poison last week from eating smthing in a resteraunt.

By George, I knew that meet I had for lunch tasted funny, sed pop.

Well I never, and only a minnit ago you were sun struck, you sertenay are having a terrible time with Bennys kind assistants, sed ma.

I suppose if I died heer in this chair under your very eyes you mite be convinced, sed pop, and I sed. Wats applepey, pop, it cant be that, can it?

Hang it, you get out of heer, you've killed me awffin enuff for one nite, sed pop mad.

Hee hee, applepey, sed ma, and I sed. Do you want me to look up the doctors number for you in the fone book, pop?

Did you heer wat I sed? sed pop. Meaning about getting out, and I sed. Yes, sir.

Wich I did, going up and finishing my lessins in my room, and this morning at breakfast pop looked all rite, proving meny peeps are all rite without knowing it.

A BIT OF VERSE

Little Edith—"Mother, are you the dearest relative I've got?" Mother (who has just been refused a new hat)—"Yes, dear, and your father's the dearest relative you've got."

Maudie—"Eileen is keeping her engagement a secret." Martha—"How do you know?" Maudie—"Why, she told me so."

Mrs. Startup—"Ah, professor, and how is my daughter getting along with her singing? Do you think she will ever become a great singer?" Professor—"Madam, it is very hard to say."

Mrs. S.—"But, surely, she possesses some of the qualifications?" Professor—"Yes, madam, she has a mouth."

In a provincial touring company there was an actor whose name was Fortune, but who was in fact a particularly unlucky individual. One day his wife presented him with twins, both being girls. On the following morning there was written up in very bold letters on the wall in the happy father's dressing room this portentous announcement: "Mrs Fortune never came singly."

An English visitor to Scotland was walking along one Sunday morning when a policeman addressed him. "You had better take care, sir, what you are doing," said the policeman. "What am I doing?" said the visitor. "I'm not even whistling."

"No," said the policeman, in reproving tones, "but you are looking almost as happy as if it were a week day."

Kissing's No Sin. Some say that kissing's a sin. But I think it's name sava. For kissing has wound'd in this world Since ever there was twa.

O, if it wassa lawth; Lewy wassa wassa allow it; If it wassa holy; Ministers wadna do it.

If it wassa modest; Maidens wadna tak' it; If it wassa plenty; Pair folk wadna get it. —Unknown.

No Summer Vacation

This year as some of our students can not afford to lose time. Have been considerably crowded but vacancies now occurring give a chance for new students who can enter at any time. Tuition rates mailed to any address.

Mrs. Smith Goes Down Town First Time in Months

Had Rheumatism So Bad She Could Hardly Move—Is Entirely Rid of Trouble Since Taking Tanlac.

"I don't know any better way to help people suffering like I did, than by getting them to take Tanlac," said Mrs. C. M. Smith, proprietor of the Picton Rooms, at 410 1st street east, Calgary, while talking to a Tanlac representative a few days ago.

"About five months ago," continued Mrs. Smith, "I commenced to suffer with inflammatory rheumatism, and just can't begin to tell you all the suffering I have gone through since that time. This trouble, first started in my right leg, and almost before I knew it, had spread all over my body, and I just had to take to my bed and stay there. I was simply helpless, and had to be waited on just like a baby. I laid there for weeks and suffered agonies, and it was out of the question for me to get a night's sleep. I had the very best of attention, but I just seemed to get worse all the time.

"One day a gentleman who roomed at my house, sent me word to take Tanlac, and said that he felt sure that it would give me some relief, so I got my daughter to go out and get a bottle. Well, when I had finished my first bottle of Tanlac, I could see that my condition was better, and that I was getting a little more sleep than I had been getting. This encouraged me very much, and when I had finished my fourth bottle I was able to go down town for the first time in four months. Why, I am almost entirely free from that rheumatism now, and I can get around here and do my part of the work without the least bit of trouble, and that is certainly a big contrast to the condition I was in a month ago. I lost a lot of weight during the months I was laid up, but I have about gotten it all back. Tanlac has built my entire system up, and I am getting stronger every day, and I tell you, I know what it means to suffer from rheumatism, and that is why I say that the very best advice I can give others who suffer as I did is to tell them to take Tanlac."

Tanlac is sold in St. John by Ross Drug Co. and F. W. Moore under the personal direction of a special Tanlac representative.—Adv't.

BAD MAN CUTS UP AT DEVON

Smashes Plate Glass Windows for a Pastime—Now in Cold Storage to Await Law's Say.

Special to The Standard.
Fredericton, N. B., June 16.—Harry Brown was arrested at Devon on Saturday afternoon, by Officer Leo Hayes, for breaking the plate glass windows in the stores of A. W. Coombes and P. S. Watson. He was taken before Magistrate Jaffery, who remanded him until Wednesday, and he was brought to the city and placed in the county jail.

Shortly after noon on Saturday, Brown, who had been discharged from the Douglas boom for refusing to work and interfering with the men, went to the drug store of A. W. Coombes and threw a rock through the plate glass window, smashing it. He then went in the store, and Mr. Coombes had some trouble in putting him out. He then went up the street further and put another rock through the plate glass window of P. S. Watson's store.

By this time the police had been summoned, and Brown was arrested and brought to this city.

This is not the first time the public has been annoyed by this same man, as he was arrested a few years ago for creating trouble at South Devon.

OBITUARY

Mrs. Flora Stewart.

Newcastle, June 16.—The death of Mrs. Flora Stewart, of Douglas town, widow of late William Stewart, who predeceased her by twelve years, occurred yesterday Saturday afternoon. Deceased had been about her work as usual when she lay down for a while, requesting her sister to call her when Mrs. Wales's funeral should be passing. She complained of feeling a little unwell. When her sister called her a short time afterwards, Mrs. Stewart was dead. She was 68 years of age, and was a native of the Parish of Newcastle. She leaves two sisters—Miss Anna Harvey, with whom she lived, and Mrs. Andrew Gray, in the West.

The funeral was held this afternoon at two o'clock, services at the house and grave by Rev. Alex. Pirih. Interment was in St. James' cemetery, Newcastle. Deceased will be much missed among a large circle of friends.

Duncan Cox.

Fredericton, June 16.—Duncan Cox, of King Arth. died suddenly yesterday afternoon at the home of his daughter Mrs. Frank McCarty, Springfield. The deceased had been staying with his daughter all winter and was in apparently good health. He ate a hearty dinner yesterday and died soon afterwards. He was aged about 70 years. His wife predeceased him about six years.

William C. Arthurs.

The death of William—Christie Arthurs took place last evening at his home, 160 Main street, after a lingering illness. He is survived by his wife, one son, Glendon, and one daughter, Elva; his parents, Mr. and Mrs. William Arthurs; three brothers, Joseph, of South Bay; Walter, of A.

NO MORE KIDNEY TROUBLE

Since He Commenced to Take "Fruit-a-tives"

73 Lees Avenue, Ottawa, Ont.
"Three years ago I began to feel run-down and tired, and suffered very much from Liver and Kidney Trouble. Having read of 'Fruit-a-tives' I thought I would try them. The result was surprising.

"I have not had an hour's sickness since I commenced using 'Fruit-a-tives' and I know now what I have not known for a good many years—that is, the blessing of a healthy body and clear thinking brain."

WALTER J. MARRIOTT.
50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid on receipt of price by Fruit-a-tives Limited.

water, and Ernest, of Land's End, and three sisters, Mrs. Fred McCuskey and Mrs. John Buckley, of Land's End, and Mrs. Alex. Long, of this city.

The funeral arrangements will be announced later.

Constance Veronica Acker.

Mr. and Mrs. Fred Acker have the sympathy of friends in the death of their little daughter, Constance Veronica, which occurred yesterday in the General Public Hospital.

Harriet Otty Steen.

Friends of Mr. and Mrs. James Steen, 60 Elgin street, will regret to hear of the death of their youngest daughter, Harriet Otty Steen, who died yesterday morning at 8.30 after an illness of two weeks. Besides her parents, she is survived by one sister, Irene, at home.

Mrs. Avery Sweeney.

The death of Mrs. Ada Sweeney, wife of Avery Sweeney, of Portland, Me., occurred in Portland on June 13. She was aged twenty-six years and was a daughter of Mr. and Mrs. John E. Parloe, of 283 Brussels street. Besides her parents, she is survived by her husband, a son five days old, six brothers and three sisters. The body will be brought to St. John on Tuesday and the funeral and interment will take place at Head of Millstream on Wednesday morning at 11 o'clock, daylight time.

Mrs. E. G. V. Sprague.

The death took place at Portland, Me., on Sunday, of Mrs. Eleanor Gerow Vanwart Sprague, widow of Edward Mayes Sprague, who it will be remembered in the North End, kept a grocery store on Adelaide street for many years. Mrs. Sprague had been living with her only child, Mrs. Fred. A. Secord, at Portland, and was in her 75th year. The remains will arrive in St. John by the Bonita train on Tuesday for interment.

Margaret Murphy.

Friends were shocked to learn of the death last night of Mrs. Margaret Murphy, after a very short illness.

The deceased lady, who leaves behind her a sterling record of Christian worth, is survived by three sons, Joseph J. Arthur P., both of this city, and William M., in the United States.

NEWCASTLE NAMES OFFICIALS FOR THE ENSUING YEAR

Newcastle, June 14.—Newcastle town council's water and light committees have been authorized to build following:

THE CANADIAN CLUB.

Rev. (Capt.) F. M. Lockary, who was a chaplain overseas for several years, is to address the men's Canadian Club on Canadians on the Western Front.

The daughters are Mrs. J. P. McLean, Montreal, and Miss Margaret, at home. There are also left to mourn three sisters and one brother, Mrs. Margaret Murphy, Mrs. Catherine Driscoll, Mrs. C. O'Leary, and Captain J. J. Donagan, all of this city.

The funeral will be held from her late residence, 3 Carleton street, West End, Wednesday morning at 8.30, old time, to the R. C. Cathedral for high mass of requiem. Friends are invited to attend.

AUTOMOBILE KILLS HALIFAX LAD

Run Down by a Physician's Car and Was Instantly Killed.

Halifax, N. S., June 15.—A young lad named Lanigan was almost instantly killed on Barrington street, yesterday afternoon, by Dr. D. Mathers' automobile, which struck him as the child was crossing the street. It was impossible for the chauffeur who was driving Dr. Mathers' car to see the boy as he started to cross the street, because he was hidden by a Packard car and, as he emerged, he was struck. The wheels passed over the boy's chest and killed him. The car was going about ten miles an hour.

CONGRESS RESOLVES TO HONOR INTREPID BRITISH AIRMEN

Pass Resolution Authorizing the President to Confer Congressional Medal of Honor Upon Capt. Alcock and Lt. Brown.

Washington, June 16.—A resolution authorizing the president to confer the Congressional Medal of Honor upon Captain Alcock and Lieutenant Brown, and expressing the admiration of Congress at their feat in the making of a non-stop flight across the Atlantic was introduced by representative La Guardia, republican, of New York.

Old and new milk should never be mixed, if one wishes the new milk to keep well.

MILITARY NOTES.

C. F. E.
Artillery—To be major: Major Charles Maurice Parkin Fisher, District Depot, No. 7, 15th January, 1919.
To be lieutenant: Carroll Moore Monier Cudlip, District Depot, No. 7, 7th March, 1919.
No. 7 District Depot—The undermentioned officers are struck off the strength of the C. F. E. on general demobilization:
Major William Vassie, 17th March, 1919.
Lieutenant Herbert Crockett, 12th April, 1919.

HONESTY THROUGHOUT IS THE DISTINGUISHING CHARACTERISTIC OF THE REMINGTON TYPEWRITER. A. Milne Fraser, Jas. A. Little, Mgr., 57 Dock street, St. John, N. B.

—then, in the mist of the evening, it came! If YOUR BOY Was There!!

"THE Canadians never budge." So said Lieutenant Gen. E. A. H. Alderson in February, 1915. And two months later the Canadians brilliantly proved to the world that he was right.

For on April 22nd came the most perilous hour of the whole war. A warm and sunny day. In trenches that blocked the open, flat country to Calais were the Canadians under Alderson. Nothing but the usual "hate" till five o'clock. Then, in the mist of the evening it came—a sinuous, deadly, treacherous cloud of GAS!

Panic broke on their left among the Zouaves and Turcos. With anguished, distorted faces the horror-struck Africans fled past. Gaps—open roads to victory—were made everywhere. In parts, the Germans were through! Machine guns were pouring death from behind!

Then at 3.30 a.m. came a second wave of gas. Doubly dosed with this deadly poison, the most valorous troops in the world might fail! But no, instinct told them to use wet handkerchiefs. With gun and rifle they still "pumped lead" into the oncoming hosts. Homeric indeed was the heroism Canada's manhood showed in that crisis. There were retreats and advances, movements of troops—no one knew where the battle-line stood.

Surely, you'll want to read the magnificent description of the greatest battle in history which J. Castell Hopkins has provided in

"CANADA at WAR" A Record of Heroism and Achievement 1914 - 1918

In this 400-page volume is a complete record of all the battles in which our boys fought. Thrillingly and truthfully told.

As you open it you will say "Here at last is the book I've been waiting for." As you close it, you will respectfully agree with General Alderson who said after this battle, "My lads, if ever men have a right to be proud in this world you have!"

It is the only truly Canadian story of the war. About Canada only—in France and at home.

And two Canadians have written it.

Premier Borden himself says that no writer could have been selected better fitted to compile this permanent story of Canada's part in the war than J. Castell Hopkins.

And the second part of the book—an epic of the last hundred days of victorious fighting, called "The Story of Five Cities"—was written by Capt. R. J. Renison, on the battlefield. He was Chaplain with the 4th Canadian Infantry Brigade. And his narrative is the most human, appealing story of the war yet published.

To you this book is an everyday necessity. To your children it will be the most fascinating book in the home. Sixty-four full page pictures printed on plate paper, give it an added historical interest.

But the time to secure it is now!

As a service to our readers we have obtained a supply of copies from the first edition. By filling in the coupon below you can get a copy—handsomely bound in durable, red buckram with marbled end papers—for \$3.00. The book will not be procurable from the stores. At an early date the price will be raised to \$4.00. Don't wait till this supply is sold—the second and third editions may be delayed. You've a pen or pencil handy. Act now. To-day's mail. You'll get your copy, boxed for mailing, by return. 20c. extra for postage.

TO THE STANDARD.
Please mail to me a copy of "Canada at War." Enclosed is \$3.20 in payment.
(If called for the price with this coupon is \$2.00.)

MARKET CONTINUES ITS REACTIONARY COURSE TODAY

All Caused by Adverse Monetary Conditions and Other Unfavorable Developments

New York, June 16.—The stock market continued its reactionary course today, chiefly as a result of adverse monetary conditions and other unfavorable developments which precipitated further liquidation of speculative holdings.

Call money again rose to 12 per cent. for mixed collateral and as much as 15 per cent. was paid for loans on all industrial security. Time funds were distinctly firmer. The rate for commercial paper also hardened and heavy discounting was reported by the local federal reserve bank.

The significant incidents were reinforced by cables which suggested a demonstration by the Allied forces, the mere critical situation in Mexico and disapproval by the shareholders of the plan to dispose of the Mercantile Marine tonnage and assets to British interests.

Trading was again very large and varied, but most of the activity occurred during the intermediate and later stages of the session when prices were at lowest levels and pressure most general.

Among the popular oils extreme reactions ranged from four to almost ten points, motors reacted 3 to 7, shipings 2 to almost 8, steels and tin driers, tobaccos 2 to 7, and leathers, textiles, ironwares and food shares 2 to 8 points.

Rails held better than any other branch of the list the setback in that quarter save among a few of the secondary or minor issues, running from one to two points. Sales amounted to 1,475,000 shares.

Further exports of gold to South America and Japan were in process of negotiation, these being neutralized by prospects of additional imports of the metal from Canada.

Bonds as a whole, including liberty and foreign issues, eased slightly on a relatively light turnover.

Total sales, par value, aggregated \$11,600,000.

Old United States bonds were unchanged on call.

MONTREAL OPENED LOWER AND CLOSED PRACTICALLY AT THE BOTTOM.

Montreal, Que., June 16.—The markets were under pressure the whole day. The opening was lower, and closed practically at the bottom. The Canadian market was bound to suffer with the big market showing the declines it did. There is nothing very special to comment on in our market today. Nova Scotia steel probably showed the biggest decline, but it follows the price of the stock in Wall Street. The American market was very high, and the money market will likely ease some time this week. Five and six point reactions were common throughout the list, and the market closed feverish. There will undoubtedly be margin calls tonight, and the market will have to stand this tomorrow. How far they will let this reaction go it is impossible to say, but it has had a very big decline, and about as rapid as the advance was. Most authorities have been looking for this decline, but do not think the bull market is over for this year.

McDOUGALL & COWANS.

PARIS BOURSE

Paris, June 16.—Prices were firm on the Bourse today. Three per cent. rentes, 61 francs, 65 centimes ex-coupon. Exchange on London, 29 francs, 25 centimes. The dollar ranged from 6 francs, 30 centimes to 6 francs 35 1/2 centimes.

McDOUGALL & COWANS.

CHICAGO PRICES

Chicago, June 16.—Corn, No. 2 yellow, \$1.77; No. 4 yellow, \$1.77 1/2; No. 5 yellow, nominal. Oats—No. 3 white 70 1/2 to 72; standard, 71 1/2 to 72. Rye—No. 2, \$1.50 to \$1.50 1/2. Barley—\$1.12 to \$1.21. Timothy—\$9 to \$12. Clover—Nominal. Pork—Nominal. Lard—\$36.50. Ribs—\$28.50 to \$28.50.

NO—GIVE ME AN IRON HAT FOR SAFETY!

Mr. C. F. Batchelder, vice-president and chief executive of the United Financial Corporation, Ltd., who recently arrived in Montreal to take up his new duties. The United Financial Corporation market was bound to suffer over the business of C. Meredith and Co., Ltd., and has succeeded to all the firm's connections.

STOCKHOLDERS OF I. M. M. CO. REJECT PROPOSED SALE

Disapprove of the Proposition of Selling the Company's British Subsidiaries.

Jersey City, N. J., June 16.—Stockholders of the International Mercantile Marine Company at a meeting here today disapproved of the proposition of selling the company's British subsidiaries by a vote of 539,072 to 78,531 shares.

John W. Platten, representing the proxy committee, which defeated the proposed sale, declared that the vote in no way reflected on the management of the company, in which the company had great confidence, but was the result merely of an honest difference of opinion as to whether the company should sell its subsidiary properties.

TORONTO TRADE QUOTATIONS

Toronto, June 16.—The Board of Trade quotations today:

Manitoba wheat, in store Port William No. 1 northern, \$2.24 1/2; No. 2, \$2.21 1/2; No. 3, \$2.17 1/2; No. 4 wheat, \$2.14.

Manitoba oats, in store, Port William, No. 2 C. W., 79; No. 3 C. W., 77; extra No. 1 feed, 77; No. 1 feed, 75 1/2; No. 2 feed, 70 1/2.

Manitoba barley, in store Port William, No. 3 C. W., \$1.00 1/2; No. 4, \$1.28 1/2; reject, \$1.21 1/2; feed, \$1.21 1/2.

Barley, according to freights outside, malting, \$1.28 to \$1.32.

Blackwheat, according to freights outside, No. 2, nominal.

Rye, No. 2, nominal.

Manitoba flax, \$1.00.

Ontario flour, in job bags, Montreal government standard prompt shipment, \$10.75 to \$11; Toronto, ditto, \$10.75 to \$11.

Hay, track, Toronto, per ton, No. 1, \$32 to \$33; No. 2, \$24 to \$24 1/2.

Straw, car lots, per ton, \$10 to \$11.

C. P. R. DIRECTORS ELECT SUCCESSOR TO HON. JAS. DUNSMUIR

Montreal, June 16.—At the meeting of the board of directors of the Canadian Pacific Railway Company held today the Hon. William J. Shaughnessy was elected a director to fill the vacancy caused by the resignation of Hon. James Dunsmuir of Victoria, B. C., who has been for some time desirous of relief from business cares and responsibilities.

It is understood that the place on the board made vacant by the death of the late Mr. Wilmot D. Mathers will be filled at a little later date.

GERMANS MAY ASK TIME EXTENSION

Request Will be Based on the Fact That More Time Will be Required to Translate Text Into German for the Assembly.

Paris, June 16.—It is anticipated generally that the Germans will ask for an extension of time in which to reply to the final peace conditions. The request, it is believed, will be based on the fact that Germans were given only one revised copy of the treaty. The copy to be received by the Germans will be in French and English and must be translated and printed before it is placed before the German National Assembly at Weimar. It is expected that the translation and printing will take at least 24 hours.

NEW YORK WEAK IN TRADING AND CLOSED LOW

New York, June 16.—The market went through the morning low in the early afternoon and the volume of trading increased. The downward movement was punctuated with rallies which did not hold, and some issues which had held relatively well during the forenoon sold off with the rest of the market. The market was weak in the late trading and closed lowest of the day. Sent went off nearly three points, and showed no strength in the rallies during the day. Some of the largest losses were ten points in American iron, three in A. I. C. and five in Continental U. S. Rubber, which was strong in the morning, broke three or four points and closed near the bottom. The rails sold off with the industrials. The fact that call money on all industrial collateral was quoted at 15 per cent. in the afternoon and that renewals were made at 10 per cent. in many cases fully accounted for it. Character of the afternoon market.

Sales, 1,519,000.

E. & C. RANDOLPH.

GUSHING OIL WELL STRUCK ABOUT EIGHT MILES FROM MONCTON

Lowest Oil Sands Ever Reached in the Stony Creek District Are Most Prolific—Oil Gushed Over Seventy Feet.

An oil gusher has been struck at Stony Creek. This is the first oil gusher ever found in the Albert County field. It developed in sands as deep as 2,622 ft. from the surface. Indications of opening up and developing a most prolific field.

There are very few details. In brief the fact is that the New Brunswick Gas and Oil Fields, Ltd., in the course of their drilling operations in the Stony Creek field a mile and a half back from the main road from Moncton to Hillsboro, and about 8 1/2 miles distant in an air line from Moncton, developed this gusher when deepening well No. 18. The well struck the deepest oil sands yet encountered in this field at a depth of 2,622 feet.

While no estimate can yet be formed of the flow of the well, yet it is gratifying to learn that when the oil came in, it gushed or flowed intermitently for a short while to the top of the derrick at a height of over 70 ft. There are other extensive horizons being conducted in the whole territory about which little is being said at the present time. The primary object of the course is to develop the oil field, but it is hoped gas will also be found for local consumption.

Doctor J. A. L. Henderson who arrived this week from England said in conversation to a Transcript representative this afternoon "I was naturally pleased on visiting the oil fields yesterday afternoon to discover there had come in a most promising oil well. We have been spending considerable money for sometime in trying to teach the lower sands, and in deepening well No. 18 we have struck the lower oil sands at 2,622 ft. As the outset it intermittingly gushed, but it will be a pumping well. It is too early yet to speak of the extent of the field, but it certainly looks most promising. This is the first well in this field which has gushed. The depth of the sands is about 40 feet and apparently are rich. Information at the present moment naturally is very limited, therefore, I prefer to say that the well is most promising and that naturally we are encouraged."

ADDITIONAL HONORS FOR CANADIANS

London, June 16. (C. A. P.)—At the King's investiture the Distinguished Order and bar to the Military Cross was awarded to Major George Vanier, of the Canadian Infantry; the Distinguished Service Order to Colonel Alexander Cameron of the Canadian Cavalry, and the Military Cross and bar to Major Henry Davis, of the Canadian Medical Force.

Auto-Strop Safety Razor

Do you shave with a saw?

Foolish question No. 1199! Well, maybe it sounds like that. But compare for a moment the illustrations above. They show pretty well what we're driving at; that is, unless a blade is stropped regularly it develops an edge very like a saw and causes that "pulling" and after-smarting of which you complain.

Not so with the Auto-Strop Razor. For the self-stropping feature, you see, reforms the saw-like edge that results from shaving; it keeps the blade free from rust, and it provides you with a sharp blade free for every shave. The beauty of it is you don't have to remove the blade from the razor to sharpen it, nor do you have to take the Auto-Strop Razor apart to clean it. From first to last—stropping, shaving and cleaning—the blade remains in the razor.

Consider then the greater comfort, convenience, economy of the Auto-Strop Razor. How small the price of \$5.00 for razor, strop and 12 blades, looks in comparison!

THE YACHT CLUB.
The R. K. Y. C. have been notified
that the flying of the blue ensign, for-
bidden during the war, may be re-
sumed. The organization is prepar-
ing for "members' day" July 1, and
expects to have a big time. The annual
cruise will be held in August. Reports
received from the distributors of
"Jack's Treat," a fund for providing
for the lads of the navy, show
that the R. K. Y. C. donated over \$1,300
for the fund.

LATE SHIPPING INTELLIGENCE

PORT OF ST. JOHN.
June 17, 1919.
Arr'd Monday.
Coastwise—Srs Empress, 612, Mc-
Donald, Digby; Harbinger, 46, Mc-
Murtry, Beaver Harbor; schr Venita
24, Clayton, Annapolis Royal; Pesa-
quid, 118, Denmore, Meteghan.

S.S. Everilda, lumber laden, Liver-
pool.
Cargoes of Lumber.
Two cargoes of lumber, one by the
S. S. War Country, which sailed Sat-
urday, and the other by the S. S.
War Ottawa, which was expected to
get away last night, will amount to
over four million feet, at a value of
well over one hundred thousand dol-
lars. This lumber, which is consen-
sated, is the property of the British
supplies, will be used for reconstruc-
tion in the British Isles and Belgium.

War Niagara Due.
The S.S. War Niagara, which sail-
ed from Sydney, N. S., Sunday morn-
ing, is expected here today. She will
load deals for an overseas outfit port.
Sailed Yesterday.
With a full cargo of lumber, the
ad from Sydney, N. S., Sunday morn-
ing for a British port.

The Manchester Port.
The S.S. Manchester Port was ex-
pected in port last night, but over-
due from the home port of Manches-
ter. She comes in ballast and after
loading part of her cargo here will
complete loading at an American port.
Arrived at Rotterdam.
The auxiliary schooner Randolph,
capt. H. J. Wilson, of this port, sailing at
the local yards of the Marine Construc-
tion Company, has arrived safely at
Rotterdam, after a stormy voyage,
according to a letter received in the
city from a member of the vessel's
crew.

CAPTAIN WANTED
Captain with deep sea certificate
for new schooner about 400 tons.
Must be strictly temperate and with
good recommendations. Good salary
paid to the right man.
"SCHOONER."
Care of The Standard.

WEDDINGS
Long-Wilson.
A wedding of unusual interest took
place at the home of Mr. and Mrs.
R. H. Wilson, Bloomfield, N. B., at
8.30 p.m., Wednesday, June 12th,
when their eldest daughter, Adah Ber-
tha, was united in marriage to George
Leonard Long, Long Settlement.
The ceremony, which was performed
by Rev. J. B. Champion, assisted by
Rev. W. J. Wilson, took place on the
lawn, which was attractively decora-
ted with Japanese lanterns, in the
presence of a large gathering of rela-
tives and friends. The wedding party
standing under an arch of evergreen
and lilacs with a bell of honey suckle.
The wedding march was played by
Miss Hilda Wilson. The bride was
beautifully gowned in white duchesse
satin with veil caught with lilies of
the valley, and carried a bouquet of
orchids and white carnations.
The bridesmaid was Miss Bernice
Mallory, who was dressed in black
georgette with black velvet hat, car-
rying pink carnations. The groom
was supported by his brother, Mr.
Cecil Long.
The ring bearers who were ushered
by the little nephew of the bride,
Harold Wilson, were Miss Jean Gil-
lis, Lakelvie, and Miss Kathleen
Burt, Port Fairfield and looked very
pretty in their white christening
gowns carrying pink sweet peas. After
the ceremony the guests were served
with refreshments, the table being
in charge of the bride's sisters, Mrs.
Cliff and the Misses Florence and Nan
Wilson and Mrs. J. E. Hopkins.
The ushers were the Misses Carter,
Green, Rogers, Hillman, and Mrs.
McDonald, Pratique Isle and Mrs.
Henry Williams and Miss Williams.
The bride is a graduate of Chipman
Memorial Hospital, St. Stephen, but
the last few years has been con-
nected with the Pratique Isle General
Hospital. The groom has lately returned
from overseas, having seen three
years' service.
The happy couple left by automo-
bile for a short honeymoon, after
which they will reside at Long Set-
tlement.

McLeod-Fleming.
A quiet and pretty wedding took
place on Wednesday, 5 p.m., June
12th, at the home of Mr. John Flem-
ing, Port Ellen, when his daughter,
Bernetta Catherine, was united in
marriage to Kenneth R. McLeod, Pen-
obscote, N. B. Rev. Hugh Miller per-
formed the ceremony in the presence
of immediate relatives and friends.
The bride was prettily attired in white
duchesse satin with bridal veil, and
carried a bouquet of white carnations.
She entered the drawing room on the
arm of her father to the strains of the
wedding march, which was played
tenderly by Miss Ansbury, cousin of
the bride. Many presents were re-
ceived including gift of silver, money,
linen, furniture and glass. The
groom's present to the bride was a
leather travelling bag. The happy
couple left by auto for a motor trip
through the province.
Stephenson-Lamb.
A wedding of interest took place at
noon yesterday when Harry M. Ste-
phenson, a prominent member of the Im-
perial Theatre orchestra, and Miss
Sarah A. Lamb, daughter of Charles
L. Lamb of this city, were united in
marriage. The ceremony took place in
St. Luke's church in the presence of
relatives and friends. The bride was
given away by her brother, C. Murray
Lamb. She was unattended. Follow-
ing the ceremony, which was per-
formed by Rev. R. P. McKim, Mr. and
Mrs. Stephenson left on a honeymoon

FUNERALS.
The funeral of Harry Blacklock took
place yesterday afternoon from the
residence of his father-in-law, Louis
Eckbrecht, East St. John. Service
was conducted by Rev. R. T. McKim,
and interment was made in Fernhill.
The funeral of Alfred Rowley took
place yesterday afternoon from his
late residence, 184 Princess street.
Service was conducted by Rev. H. A.
Goodwin, and interment was made in
Fernhill.

THE ROTARY CLUB.
At the Rotary Club, yesterday, Dr.
A. H. Merrill gave a very interesting
talk on Dentistry. George Hennessey,
Capt. of the Provincial Employment Bureau,
made an appeal on behalf of returned
soldiers who enlisted when young and
are now finding it difficult to obtain
suitable employment. President Fer-
rison, on behalf of the Club, promised
support in placing these men.

WILD STRAWBERRIES.
Capt. Flewelling, of the Ocoos,
brought down a box of wild strawber-
ries yesterday morning. All the boys
made an appeal on behalf of returned
soldiers who enlisted when young and
are now finding it difficult to obtain
suitable employment. President Fer-
rison, on behalf of the Club, promised
support in placing these men.

**TELLS DYSPEPTICS
WHAT TO EAT**
Avoid indigestion, Sour Acid Stomach,
Heartburn, Gas On Stomach, Etc.

Indigestion and practically all forms
of stomach trouble, say medical auth-
orities, are due nine times out of ten
to an excess of hydrochloric acid in
the stomach. Chronic "acid stomach"
is exceedingly dangerous and sufferers
should do either one of two things.
Either they can go on a limited and
often disagreeable diet, avoiding foods
that disagree with them, that irritate
the stomach and lead to excess acid
secretion or they can eat as they
please in reason and make it a prac-
tice to counteract the effect of the
harmful acid and prevent the forma-
tion of gas, sourness or premature
fermentation by the use of a little
Bismarck Magnesia at their meals.

There is probably no better, safer
or more reliable stomach antacid
than Bismarck Magnesia and it is
widely used for this purpose. It has
no direct action on the stomach and
is not a digestant. But a teaspoonful
of the powder or a couple of five-grain
tablets taken in a little water with
the food will neutralize the excess
acidity which may be present and
prevent its further formation. This
removes the whole cause of the trouble
and the meal digests naturally and
healthfully without need of pepsin
pills or artificial digestants.

Get a few ounces of Bismarck Mag-
nesia from any reliable druggist. Ask
for either powder or tablets. It never
sours or acidifies the milk or curd and
in the bisurated form is not a laxative.
Try this plan and eat what you want
at your next meal and see if this isn't
the best advice you ever had on "what
to eat."

**CANADIAN NATIONAL
RAILWAYS.**
EASTERN LINES
SEALED TENDERS, addressed to
C. B. Brown, Chief Engineer, Moncton,
N. B., and marked on the outside,
"Tender for Buildings," will be receiv-
ed up to and including June 28th,
1919, for the construction of the fol-
lowing Railway Buildings:
COALING PLANT, Sydney, N. S.
SAND HOUSE, Sydney, N. S.
FREIGHT SHED, Rothesay, N. B.
3 DWELLINGS, Napadogan, N. B.
Plans, Specifications and blank
form of contract may be seen at the
following offices:
General Manager, Eastern Lines,
Montreal, P. Q.
Chief Engineer, Eastern Lines,
Moncton, N. B.
Resident Engineer's Offices at New
Glasgow and Edmundston.
All the conditions of the specifica-
tion and contract must be complied
with.
Tenders must be put in on the blank
form of tender, which may be obtain-
ed from any of the offices at which
plans are on exhibition. Each tender
must be accompanied by an accepted
Bank Cheque, payable to the Cana-
dian National Railways, for an amount
equal to ten per cent of the tender.
Lowest and any tender not necessary-
ly accepted.
F. P. BRADY,
General Manager,
Eastern Lines.
Dated at Moncton, N. B., June 12th.

AROUND THE CITY
GENERALLY FAIR.

A SPECIAL MEETING.
A special meeting of the School Board will be held this evening to deal with the question of technical education for the St. John schools.

LEAVES FOR OTTAWA.
Brigadier-General A. H. Macdonnell, officer commanding this military district, will leave for Ottawa Saturday to take up military matters of interest to this district with the general headquarters staff.

A TWINE SHORTAGE.
Evidently there is a twine shortage in the city of Vancouver, for yesterday Secretary Armstrong, of the Board of Trade, received a request from a firm in that city to send them the names of twine manufacturers here.

ST. VINCENT'S ALUMNAE.
At the meeting of the St. Vincent's Alumnae held last evening tentative arrangements for the annual reunion and reception to the 1919 graduating class were made and several matters of routine business were disposed of.

PLAY IN MONTREAL.
The Acadia University basketball team, which showed to such good advantage in the game with the Y. M. C. A. veterans last night, will leave for Montreal tomorrow, to play some of the amateur teams in the Canadian metropolises.

WILL APPEAR TODAY.
Several violators of health regulations will appear before Magistrate Ritchie this morning, the cases being prosecuted by the Board of Health. Several of the defendants are milk vendors, but there are also some who have been keeping swine within the city limits.

BAND CONCERT ENJOYED.
Thousands of citizens enjoyed the musical programme given by the City Concert Band under the direction of Bandmaster Waddington in King Street last evening. Weather conditions were particularly favorable and the music was greatly appreciated.

AWARDED CONTRACT.
W. A. Munro received word from Ottawa yesterday that he had been awarded the contract for the construction of the new Immigration Detention Building on Partridge Island. Tenders closed for work on June 4. The new building will be erected on the site of the one destroyed by fire last fall.

CITY BATHING ROOMS.
The first unit of ten dressing rooms for the bathers at Marble Cove is now complete with the exception of the painting, and a start on the second unit will be made today. It is the intention of erect a fence all around the dressing rooms in order to provide the necessary privacy. Superintendent Jack Redfern was around yesterday and he hopes soon to have everything shipshape. Before coming to St. John Mr. Redfern was swimming instructor at Revere Beach. The bathing hours in West St. John is going to be swung under the charge of Mark Burns.

Extensive Plans
Being Arranged
Y. M. C. A. Older Boys' Camp Will be Conducted at Chipman—Representatives Have Been Secured from Different Organizations.

Plans are being laid by the New Brunswick provincial advisory committee in connection with boys' work and Y. M. C. A. activities, for an older boys' camp which will be conducted at Chipman from July 12 to July 23d.

The facility, which has already been formed, is the strongest for many years and promises a season of unrivalled educational benefits as well as physical advantages.

Representatives of the different organizations and churches have been secured as follows:

Anglican church—Rev. R. Taylor McKim, St. John.
Baptist church—Rev. Waldo Machum, Wolfville, Maritime secretary of the Baptist Sunday School Board.
Presbyterian church—Rev. Dr. J. C. Robinson, Toronto.
Maritime Sunday School Association—Rev. Ovid Peters, Charlottetown.

Y. M. C. A.—Dr. P. R. Hayward, Toronto; Lou A. Buckley, Halifax; Arthur M. Gregg, St. John.

An extensive programme of athletic events and aquatic sports is being planned, which will be conducted under the direction of Basil D. Robertson, associate director of boys' work at the local Y. M. C. A.

One of the interesting features on the list of events is a lecture by the Rev. (Capt.) Clarence McKinnon, of Pinehill College, who has won an splendid record with the Canadian forces overseas and stands in the front rank with Canadian educationalists.

With the imposing list of speakers, outlined above, and the endeavor to make this summer camp a record one as far as benefits and entertainments are concerned, it is highly probable that the objective will be reached.

AIRY COTTON CREPE KIMONOS FROM JAPAN, \$3.45 TO \$6.75.

The pricing conveys no adequate idea of their flower-like daintiness, their summery cool comfort and sturdy wearing ability.

By no means, today's figure is not far from a few cents of one-half to three-quarters the full value.

These Kimonos come in typical Japanese designs, scrolls, fragile blossoms, etc. There is a color range of Mauve, Pink, Copen, Sky, and a lovely Peach shade, made in Butterfly sleeve style, high empire waist line with piping of satin, rufflings of satin, ribbon, drop tassels, etc. Necks square in front. Slip-on or front fastening. Sizes for both misses and women, varying from 34 to 44.

Third Floor, Dykeman's.

UNEMPLOYED VETERAN PROBLEM ASSUMES LARGE PROPORTIONS

Returned Officers Claim There Are Nearly Three Thousand Veterans in St. John Out of Employment—Some Men Are Offered Positions at Small Wages—Men Are Said to be Living Only on Their Gratitudes—Something Must be Done.

"Huh, St. John is proud of you," read a returned officer of the expeditionary forces, as he sauntered up King street yesterday afternoon.

"Well, St. John may be proud, but she surely restrains her feelings marvelously. What good will the grand old civic pride do a soldier who wants a job? Does this welcome stuff go down any further than the surface; or any longer than the day we return home?"

"Do you know," he continued, "that there are nearly three thousand returned war veterans in this city who are absolutely without work of any kind, living on their war gratuity and positively without any other means of support?"

"What is going to happen when that gratuity is spent? It won't last forever, and a man must live some way or other."

"Every day and every hour of the day, soldiers, returned men with their war records clean and straight, some who have served four years and more overseas, many of them maimed, are seeking in stores, offices, warehouses and industrial plants for work; the right of every man to earn a living for himself and his family. Does he get work? Not always."

"In the offices and the banks and the stores, where the boys of 19 and 20 turned out during the early days of the war and answered the call of the colors, there are now girls doing the work, or young fellows, or aged friends of the 'boys' who want to occupy their leisure time. When the war veteran, sometimes a former employer, applies for a job in such an institution he gets the reply, 'No position open now,' or 'Smith has your job now and his four years' experience at it makes him a more valuable man than you would be,' or 'you can have the job, but the salary to start is \$15 a week; we don't pay more to beginners.'"

In the factories where girls have been employed, they have been retained, to the detriment of the soldier who went overseas to fight for their liberty. In the stores staffs have been reduced, or girls taken on at reduced pay, or young boys retained who were hired during the war time labor stringency.

Three thousand men make a big crowd. When it is also considered that fully 40 per cent. of these men are married, with families, the unemployed veteran problem assumes large proportions. There is nothing on which to rely, which is large enough to satisfy the labor need of such a number of men; the work of the provincial government is equally futile.

"The city of St. John will receive something over two millions for the harbor," declared a military officer yesterday.

"Why cannot the city fathers take a portion of that, say, \$500,000, and use it to develop the city lots in East St. John? This amount will build 250

houses, which will give employment to 1,000 men."

"I don't want to talk like a Bolshevik or a pessimist—one is as bad as the other—but what I have to say is a plain statement of fact and any returned man will tell you so. Idleness breeds mischief and unless these three thousand or so returned men get work before their war gratuities run out the situation will not be a rosy one."

HOW BUILDINGS ARE DISFIGURED
Thoughtless Persons Scratch Matches on Newly Painted Houses—Children Delight in Marking Buildings With Chalk.

A matter which has been called to the attention of The Standard is the habit indulged in very generally by smokers of scratching matches on the buildings as they pass along the street and the consequent disfigurement entailed. One case in particular was cited.

A store front on Main street near Albert was recently painted. The paint had hardly dried when persons passing began to scratch matches for the purpose of lighting the pipe, cigar or cigarette as the case might be, and in consequence a part of the front had to be done over again.

In the great majority of cases there is no doubt this is done unthinkingly but if the men who smoke will only take the time and trouble to look at the buildings along the streets of the city they will realize how it detracts from their appearance.

Another complaint is the habit of school children freely using chalk in marking the fronts of buildings.

Y. M. C. A. TENNIS CLUB IS FORMED
Meeting Held Last Evening and Officers Elected—Committee Arranging for Games to Conclude With Tournament.

Swinging back to the association activities which were somewhat handicapped during the war period, the Y. M. C. A. tennis enthusiasts last night formed a Y. M. C. A. Tennis Club and intend to make the first peace-time season a red letter one both in interest and activity.

At the meeting held last night the following officers were elected: H. I. Knowles, President.

A. Shrimpton, Vice-president. P. W. Walker, Secretary. Lloyd Eaton, Grounds Superintendent.

The officers, who also form the executive committee, are arranging for games and expect to conclude arrangements for a tournament to be held in the near future.

Dance and social, G. W. V. A., Tuesday night, June 17.

BROKEN TROLLEY POLE.
A broken trolley pole on the East St. John car was responsible for putting that branch out of commission for some time yesterday morning.

Interest Created In Fishing Circles

Question Being Asked if Canadian Packers of Sardines Will Have to Change Name of Their Product.

Will the Canadian packers of sardines have to change the name of their product, is a question which is creating some interest in fishing circles.

Some years before the war the French congress of sardine packers took action in the British courts charging Norwegian firms with violating the provisions of the Merchandise Marks Act by applying a false trade description, namely, "sardines," to fish packed in tins with oil.

The case dragged along in the British courts for years, and it was not long ago that the high court upheld the French claim, ruling that the Norwegians had no right to apply the description "sardines" to bringings packed in oil.

This has compelled the Norwegians to change the name of their pack of bringings when offered in the British market, but they continue to send their product to the United States and Canada under the name of sardines.

The British high court found that the name sardine is and always has been limited by eminent restaurateurs and high-class dealers in provisions and canned goods to immature pilchard packed in oil in tins.

By this decision Canadian and American packers must drop the word sardines from labels on fish intended for export to either France or Britain, and the question of coining a trade name has become one of interest.

Now that the war is over the French interests may follow up their legal victory and bring action to prohibit the use of the word sardine by packers of small herring selling their products in Canada and the United States.

On this side of the Atlantic there is a branch of the clupea family, whose other name is harangue, commonly known as herring, and canners both in the United States and Canada have been packing these fish under the whole name and boldly dub them sardines, prefixing their firm name.

The Department of Fisheries of Canada has a regulation which permits the canning of any small coosoid fish as sardines.

Some of the new names which have been suggested to designate the Canadian pack of small herring are "Canadians," "Fundryish," "Fundlings," "Acadines," "Brunlets," "Novawicks," "Princelets," "Herringlets," "Clupelets."

Large quantities of the Canadian sardines have been sent across the ocean during the war for use by the troops, British and Canadian.

QUARTERLY MEETING HELD YESTERDAY

Municipal Chapter I. O. D. E. Heard Interesting Report of National Chapter Meeting—Question of Raising Money for Scholarships Discussed.

The first quarterly meeting of the Municipal Chapter I. O. D. E. was held yesterday afternoon. The report, Mrs. Hugh Mackay, in the chair. There was a good attendance, every chapter, with the exception of Lady Roberts, being represented.

Mrs. Mackay gave a most interesting account of the meeting of the National Chapter, which met at Montreal, and her report was listened to with the closest interest. The matter of obtaining a room for municipal headquarters was discussed and it was decided to open this as soon as possible.

The question as to what part the St. John chapters should take in the effort to raise the money for the establishment of the Rhodes scholarships at Oxford, and later to take a fellowship at the same institution, was talked over with the closest interest. The matter of obtaining a room for municipal headquarters was discussed and it was decided to open this as soon as possible.

GOVERNMENT AND THE WATER POWERS

Intimation Why Bill to Develop Water Powers of the Province Was Withdrawn Without Any Explanation.

It is now intimated that the reason why Premier Foster after introducing a bill to develop the water powers of the province into the legislature withdrew it without any explanation may have been that he believed the federal government would take up the work if he waited long enough. Recently it has been announced that the federal government is taking steps to ascertain the possibilities of further development of the water powers of the country, evidently believing that Mr. Foster cannot be trusted to provide the necessary information or take the necessary steps to put this province on the water power map.

In this connection it is interesting to note that with the exception of the United States Canada has more available water power resources than any other country. The United States is estimated to have an available water power of 28,000,000 horse, and Canada has 19,000,000. Austria-Hungary is third with 5,400,000 horse power, the present per capita power developed in Canada is larger than in any country except Norway, the principal developments being in Ontario and Quebec.

Mrs. John Targett, of Main River, Kent county, is very desirous of hearing from her son, Liffon Targett, recently of Dalton, Ontario, or from anyone who has lately been in touch with him.

Well Kept Food Safeguards Health
A Refrigerator is vitally necessary to every home, especially in warm weather; it protects food from mold and disease germs, besides effecting a great saving in worry, and going far to reduce the cost of living.
Our Refrigerators are scientifically constructed with special attention to the free, even circulation of dry, cold air; their roomy compartments being easy to clean and keep clean. They are shown with Opal Glass, Enamel and Galvanized Iron Linings, are attractively finished in oak, and will give the best service at LOWEST COST FOR ICE. See them before you decide.
