# PREFACE.

THE publisher, in presenting his second edition of the City of Chatham Directory, hopes that it will prove acceptable to business and professional men of the city. Having had a large and varied experience of twenty-two years in the Directory business, he has adopted the latest improvements in the method of compiling this work. As the last edition proved very satisfactory, we hope this will be even better. The work will be published by him every two years, and it will be to the mutual interest of both parties that the people support the publisher.
