Nervine Tonic. NERVOUS DISEASES.

As a cure for every class of Nervous Diseases, no remedy has been able to compare with the Nervine Tonic, which is very pleasant and harmless in all its effects upon the youngest child or the oldest and most delicate individual. Nine-tenths of all the ailments to which the human family is heir are dependent on nervous exhaustion and impaired diges tion. When there is an insufficient supply of nerve food in the blood, general state of debility of the brain, spinal marrow, and nerves is the result. Starved nerves, like starved muscles, become strong when the right kind of food is supplied; and a thousand weaknesses and ailments disappear as the nerves recover. As the nervous system must supply the power by which the vital forces of the body are carried on, it is the first to suffer for want of perfect nutrition. Ordinary food does not contain a sufficient quantity of the kind of nutriment necessary to repair the wear our present mode of living and labor imposes upon the nerves. For this reason it becomes necessary that a nerve food be supplied. This South American Nervine has been found by analysis to contain the cisease immediately disappears. The first dose greatly benefits. 75 etc. Warranted by E. Lee Street.

To the Great South American Medicine Co.:

DEAR GENTS:—I desire to say to you that I have suffered for many years with a very serious disease of the stomach and nerves. I tried every medicine I could hear of, but nothing done me any appreciable good until I was advised to try your Great South American Nervine Touic and Stomach and Liver Cure, and since using several bottles of it I must say that I am surprised at its wonderful powers to cure the stomach and general nervous system. If everyone knew the value of this remedy as I do you would not be able to supply the demand.

That string on your finger means which are the result of disease and debility of the human stomach. No person can afford to pass by this jewel of incalculable value who is affected by disease of the stomach, because the experience and testimony of many go to prove that this is the one great cure in the world for this universal destroyer. There is no case of unmalignant disease of the stomach which can resist the bill. It would find them slipping at the world for the stomach which can resist the looked stored at the sort of a pile are you making in that closet? You'll have to take the horses and the farm help care for them. For all these things I ought to and do feel truly thankful.

wonderful curative powers of the Scuth American Nervine Tonic.

Harnet E. H. M., of Waynetown, Ind., says:

"I owe my life to the Great South American Nervine. I had been in bed for five months from the effects of an exhausted stomach, Indigestion, Nervous Prostration, and a general shattered condition of my whole system. Had given up all hopes of getting well. Had tried three doctors, with no relief. The first bottle of the Nervine Tonic, and relief the meso much that I was able to wak about, and a few bottles cured me entirely. It believe it is the best medicine in the world. It is the proving the proving the system of the Nervine Tonic, and continued its use for about six months, and am entirely cured. It is the best medicine in the world. It is the greates with South American Nervine as a wondrous cure for the Nerves. No remedy compares with South American Nervine as a cure for all forms of failing health. It never fails to cure Indigestion and Dyspepsia. It never fails to cure Chorea or St. Vitus' Dance. Its powers to build up the whole system are wonderful in the extreme. It cures the old, the young, and the mid dle aged. It is a great friend to the aged and infirm. Do not neglect to use this preclous boon if you do, you may neglect the only remedy which will restore you to health. South American Nervine is perfectly safe, and very pleasant to the taste. Delicate ladies, do not fail to use this great cure, because it will put the bloom of freshness and beauty upon your lips and in your cheeks and galekly drive away your disabilities and weaknesses.
