

Spring Styles are Ready

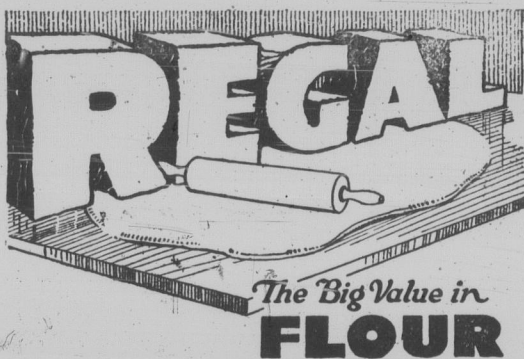

THE new season gives every promise of being the happiest springtime that this old world has known for several years. And Fit-Reform has endeavored to express in cloth what all the people are expressing with lips and eyes and smiling faces. Our Suits and Overcoats for spring are the happiest conceptions of the famous Fit-Reform designers—which means that these new styles will appeal to every man who appreciates the niceties of dress at their best.

We invite your inspection.

MONTREAL

Designed for Real Service

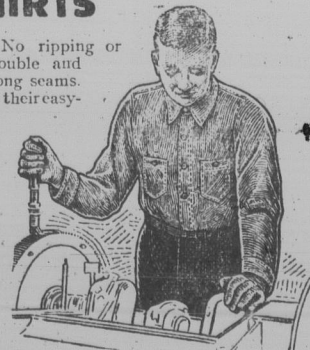

THE old fashioned work-shirt is a gone. Why wrestle with it at quitting time or wear a soiled shirt home. Go to the dealer and slip on a Kitchen open-front shirt—on or off like a coat—no trouble at all! It wears like iron; generously designed, too, for real comfort in all positions. If you want a real work-shirt with handy pockets, insist on getting

KITCHEN'S "Railroad Signal" WORK SHIRTS

Look at the seams. No ripping or tearing with these double and triple stitchings and strong seams. And your wife will prefer their easy-to-wash quality and perfection of workmanship. See Kitchen's at your dealers, and insist on the open-front style.

GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD

Delicious "Fruit Laxative" can't harm tender little stomach, liver and bowels.

Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad, has sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs" and in a few hours all the food, constipated waste, undigested food and sour bile gently moves out of his little bowels without griping, and you have a well, playful child again. Ask your druggist for a bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

CONDITIONS FOR USING FERTILIZER

In using fertilizer, whether commercial or farm produced, there are two fundamental questions that sooner or later come to every farmer.

(1) Under what conditions is it necessary to use fertilizer?

(2) What fertilizer will give greatest profit?

With most farmers, the condition determining the efficiency of fertilizers have been the last things to be thought of, and as a rule they buy blindly on the sole basis of the "hope" of obtaining larger crops. It is not to be wondered then why failures with this method are so common. They put the blame on the fertilizer or the agent.

There are certain indications by which the average farmer who knows little of the relative value of fertilizers, can guide himself. As it would take too much space to go into details the principal points only will be summarized.

(1) Clay soils are usually well supplied with Potassium compounds but are apt to be deficient in phosphorus and often in calcium compounds. Therefore, treatment of many clay soils with phosphorus (Basic Slag which is known as "Phos" as Phosphate) will supply that element, while application of calcium compounds (Lime, Basic Slag or Wood Ashes) may be sufficient to insure a generous supply of potassium for crops. (The potassium is made available by the action of the Calcium compounds).

(2) Sandy soils are often lacking in potassium and they often require phosphorus also. The true of many gravelly soils owing to their liability to lose plant food by leaching.

(3) Peaty soils are rich in nitrogen in forms not quickly available and are often deficient in potassium and phosphorus. Therefore the application of potassium in the form of un-leached wood ashes, and phosphorus compounds (Basic Slag) will generally be attended with marked advantage in crop yield.

Now in the case of mixed soils where no one character is distinct, the following signs can be of more practical value:-

(1) Nitrogen is generally deficient when under favorable conditions, plants are small and show a pale green or yellow color. A bright, deep green color with a vigorous growth of leaves or stalks is generally a sign of abundance of nitrogen, and an excessive growth of leaves or stalks accompanied by an imperfect development of bud, flower or fruit, is a sign of an excess of nitrogen. The last however is seldom seen.

(2) Phosphorus is plentiful when under favorable soil and climatic conditions grain crops mature early and furnish smooth plump and heavy kernels. Slow maturing grain crops with light shrunken kernels is usually due to an excess of nitrogen in relation to phosphorus as is the case of fresh farm manure.

(3) Potassium is abundant when such crops as corn, cabbage, grass, potatoes, tomatoes, beets, etc. have a vigorous, strong, healthy growth. Deficiency of potassium is often indicated by weakness and brittleness of stalks and leaves.

Now in answer to the second question viz: "What fertilizers will give the greatest profit?" there is no definite answer for the reason that too many different factors have to be considered. However numerous experiments have been made on practically all kinds of crops. Here are a few results:-

"Basic Slag applied in the Fall, and Superphosphate applied in the Spring before planting, have as a rule a very favorable effect on potatoes, mangels, turnips, carrots, clover, proving the soil has already a good supply of nitrogen and calcium."

"Basic Slag plus nitrogen of Soda gives good results with grain. It is to be noted that the use of farm manure along with the fertilizer gives practically the best results. Of all, as it supplies the soil with organic matter as well as mineral elements."

(By J. E. McIntyre.)

GRAND CASCAPIEDIA.

Mr. Ray Watt of Port Daniel is at present visiting friends here.

Mr. R. McNaughton of Dee Side is visiting friends here, the guest of Mr. P. Coull.

Miss Nettie Coull entertained a few of her young friends in honor of Mr. McNaughton. Those present were: Misses Amy Brash, Mabel Robertson, Beth Barber, Edith Robertson, Messrs. Dolph and Lawrence Barber, Percy Barber, Ellis Robertson and Ray Watt. A very pleasant evening being spent.

Mr. Viret spent last week in Casca-pedia holding meetings in the (Brethren Hall) and there was quite a large attendance.

RHODES SCHOLARSHIP.
The postulated selection of the New Brunswick Rhodes Scholar for the year 1919 will take place early in the coming summer. The selection will be made by the University of New Brunswick. Applications for appointment will be received by the University up to the 10th of May, 1919.

The Outstanding Product of a Large Manufacturing House

FOUR large factories and five distributing warehouses stand back of Brandam's Genuine B.B. White Lead.

Every step in its manufacture is closely watched by chemists, and seems nothing is left undone that would help to maintain the quality of the world's finest white lead.

Brandam's Genuine B.B. White Lead

is different from any other white lead. To begin with, it is corroded by several secret processes which are then merged in a pigment of marvellous smoothness. This pigment is ground no less than five times, first under huge stones, and finally between heavy steel rolls. In this grinding process, it is made into a pulp by being mixed with pure refined linseed oil made in our own insect oil mills.

Whenever you paint, use Brandam's Genuine B.B. White Lead if you mix your own paint. If you want to save the labor of mixing you can ensure the use of this quality pigment only by getting B.H. "English" Paint.

GRAY DORT

The Ultimate in Value

Motorists who come to the Gray Dort after having driven other cars, find in the end—whether they previously paid more or less—that the Gray Dort offers the highest value.

This is the direct result of the basic policy of our business—to build a fine light car, completely satisfying, sturdy, economical. That we are able to sell such a car at a low price is due entirely to the unequalled efficiency of our factory.

Undoubtedly, you too

will come some day to the Gray Dort as the ultimate in value. You will demand the speed, power, quietness of the Gray Dort motor; the roominess and comfort of the Gray Dort body; the standard equipment. You will not find these things at a lower price. You need not pay a higher.

The touring car is the Gray Dort Special. The car with solid construction and extra roominess is the Gray Dort motor. The car with a low price is the Gray Dort light car.

GRAY DORT MOTORS
Limited, Campbellton, N.B.

IN MISERY FOR YEARS

Mrs. Courtney Tells How She Was Cured by Lydia E. Pinkham's Vegetable Compound.

Oskaloosa, Iowa.—"For years I was simply in misery from a weakness and awful pains—and nothing seemed to do me any good. A friend advised me to take Lydia E. Pinkham's Vegetable Compound. I did so and got relief right away. I can certainly recommend this valuable medicine to other women who suffer, for it has done such good work for me and I know it will help others if they will give it a fair trial."

Mrs. LIZZIE COURTNEY, 108 8th Ave., West, Oskaloosa, Iowa. Why will women drag along from day to day, year in and year out, suffering such misery as did Mrs. Courtney, when such letters as this are continually being published. Every woman who suffers from displacements, irregularities, inflammation, ulceration, backache, nervousness, or who is passing through the Change of Life should give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial. For special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of its long experience is at your service.

EDITOR'S MAIL

All letters addressed to the Editor must be accompanied by the name and address of the sender, not necessarily for publication, but as evidence of good faith. No notice will be taken of anonymous communications.

The Graphic does not hold itself responsible for opinions expressed in this column.

To the Editor of the Graphic:

V.I.P.
If the labor men of Campbellton and vicinity this summer find themselves working an hour longer per day than they do in other parts of the Province, it is their own fault as they have not asked for a shorter day. The lumbermen and other manufacturers on the North Shore get as much for their products as manufacturers in other parts of the Province, and do not expect to get more labor out of their men than they do in other places, but it is hardly to be expected that the capitalists will give labor something they have not thought worth while to ask for.

Ask and ye shall receive.

CAPITALIST.

Campbellton, N. B. April 2nd, 1919.

Dear Sir—

I notice the editor of the "Tribune" is giving considerable space in his paper to his limited number of readers' condemning Councillor H. Currie. For the past twelve years all of the Mayors and Councillors have met with fault-finding. Does he not know that Currie's appointment met with Mr. Alexander's approval. Perhaps it would be well if Mr. Currie would tell his readers just what the present Mayor has done in the past eight years he has held Town offices.

1. Why the town expenses and taxes are increasing?
2. Why the big expense this year buying a lot of machinery?
3. Why the railway men did not have their cheques forwarded from

The Graphic.

H. B. ANSLOW, MANAGER

PERMANENT STREETS.

On Saturday April 13th, Campbellton citizens are asked to vote yes or no on the proposition to issue bonds for permanent streets.

That Campbellton needs permanent streets is freely granted and we trust that our citizens will exercise their franchise and vote "yes."

Just what kind of permanent streets will be laid has not yet been definitely settled, but tenders for these kinds are being asked "for and no doubt bids will be offered and the most serviceable, considering the cost, will be chosen.

There is a very considerable feeling that the ratepayers of the town at large should not be asked to bear the entire burden of putting down such streets, but that a percentage of the cost of such work should be borne by the adjacent or abutting property owners. There is not a doubt but that permanent streets will enhance the value of such property, and the property owner, who will receive great benefit from such streets should be willing to contribute directly to the cost of same. In many of the cities and towns where such work is being done this plan is followed, and we see no reason why Campbellton should not adopt it. The proportion of cost might be made small, and the payments stretched over a term of years so that the burden would not be too heavy.

We feel sure that if such a proposition was announced by the Council, that the town, who feel that they should not pay as much as those directly benefited, would vote unanimously for permanent streets, and no business man owning property along such streets could afford to vote against the undertaking.

Monoton before last election?

4. Why there has been nothing done to have new industries?

5. Why there has been no notices of meetings?

6. Why the Blue Book has not been put in the hands of the ratepayers?

7. Why the Town Incorporation Act is being changed?

Then who pay the bills can form our own opinions. Come across Mr. Crockett.

WORKING MAN.

THE LABOR MEN OF CAMPBELLTON AND VICINITY HAVE NO GREAT DESIRE TO ORGANIZE LABOR AND FORM A UNION BUT IT IS THE ONLY WAY THAT WE CAN GET OUR RIGHTS AND HAVE THE SAME PRIVILEGES AS WORKING MEN IN OTHER PARTS OF THE PROVINCE WHERE THEY HAVE UNIONS, WE SHALL CERTAINLY ORGANIZE.

Where is the Workingman's Friend, that we have been hearing so much about, would it not be very appropriate for him just now to take the lead in this matter and secure for the working men this nine hour day, which would prove to him that he is really a working man's friend.

It is because labouring men on the North Shore are so inferior to men in other parts that they have to work an hour longer a day in order to do as much work. We do not believe this and have confidence that the manufacturers will see that their whistles will blow at five o'clock p.m. instead of six.

To the man who may have a little garden to hoe, other jobs to do, this will mean a great deal.

LABOR.

OBITUARY

Dorothy Kathleen Maisey.

Mr. and Mrs. Hubert Maisey will have the sympathy of their entire circle of friends in the death of their bright little five-year-old daughter Dorothy Kathleen, which sad event occurred Saturday afternoon, March 22nd, after an extended illness. The funeral of the little one was held Saturday the 23rd, from her parents home, Bay View Ave. The Rev. J. F. Rowley officiating. Deceased is survived by two sisters and three brothers: Ruby, Harold, Lionel and baby sister. The floral tributes were: Wreath from family, pillars from Mrs. John Gilks and 1923 from Jack Dow and Herbert Harber.

Mrs. Charles Maisey.

Campbellton has lost one of its oldest residents in the death of Mrs. Charles Maisey, which occurred on Wednesday, the nineteenth day of February last at her home on Bay View Ave. The deceased was 70 years of age. She was the widow of the late Mr. Charles Maisey, who died in 1884. She was united in marriage, to Mr. Charles Maisey, of Ashchurch, near Chelton in the year 1874 by the Rev. Mr. Walley. In 1884 deceased came to this country, taking up her home in Campbellton where she resided until her death. She is survived by her husband and one son Hubert, C. N. R. Engineer. She also leaves to mourn the loss of a patient, kind and loving friend, six grand-children.

The interment took place Friday the 21st day of February was largely attended, the funeral services being conducted by the Rev. Wellington Camp and Ensign, Square.

The Rev. Mr. Camp officiating for the Rev. Mr. Rowley in the latter's absence. Floral tributes from the family and Mr. and Mrs. E. J. Harber. The remains were borne to their last resting place by Messrs. Wm. Shaw, Wm. Patterson, Walter Appleton, Jas. Patterson, John Wallin, and E. J. Harber. Montreal papers please copy.

William Hughes.

Many friends in New Richmond will read with regret, the loss of an old and much respected citizen in the person of William Hughes, who died at his home on the 22nd of March. Deceased had been ailing for some time, but without mention of two days previous to his calling, he was never confined to his room, his death came as a shock to his family and a large number of friends. William Hughes was born in Maria 14 years ago, 45 years previous, he acted as ferryman from Cross Point to Campbellton, and was well known and respected by all who had dealings or relations with him. Truly he was a man of very good character and disposition, and was ever ready to lend a helping hand to those who needed it. His duties as husband and father was wrought in a manner that should serve an example to all who had the privilege of knowing him. He leaves to mourn his loss, his wife, three sons, Whitney, of Vancouver, Howard who is serving with the navy at Halifax and Glen at home and two daughters, Mrs. G. Duncan of Vancouver, and Elsie at home. His funeral was held Monday the 24th inst., at 9:30 a.m. at New Richmond R. C. church. A requiem mass was sung by Rev. Charles Michaud. The church was crowded to the doors. Friends who came to pay their last respects to a kind friend and loving neighbor. During the service choir sang a very touching hymn, after which his remains were taken to the R. C. cemetery for burial. The pall-bearers were: James J. McWaters, Alexander Walsh, John Walsh, Mansfield Duthie and J. McWaters.

Donald McCormack.

The entire community was saddened and shocked Monday morning by the death of one of the most promising of Rio Vista's young men. Donald McCormack, the third son of Mr. and Mrs. John McCormack, was taken ill two weeks ago Friday, but not until a week had passed did his illness show alarming symptoms. The last three days of the young lad's life were filled with anxious effort and earnest prayer on the part of loved ones, and his eager spirit fought hard for life. A little before 4 o'clock Monday morning, March 10th, his Master called the young spirit home.

The parents, Mr. and Mrs. John McCormack, two brothers, Brien and Dwight, his sister and chum, Genevieve, together with a host of relatives and intimate friends, are left to mourn his loss.

The funeral was held at the parental home on St. Gertrude's avenue, Tuesday at 2 o'clock. The wealth of flowers showed the love and respect in which Donald and his family are held.

The funeral was conducted by the Rev. Horace B. Blood, who spoke with sincerity and loving sympathy of the life the Master had called, and the loss of the family and community, church and school has sustained.

John Donald McCormack was born July 7, 1902, at the old family home in the Montezuma hills, and was sixteen years, eight months and four days old at the time of his death. Donald was a member of the graduating class of the Rio Vista high school, president of the student body, and manager of the high school annual, "The Netherlands." He was associational treasurer of the Baptist Young People's society in the Baptist church, a lad to whom his associates looked for guidance, one whom they loved and respected.

In the heavenly Father's cutting short pure young life we can only see that his influence will be intensified and broadened by his passing, and that the lives, young or old, which have been associated with his will be richer and stronger to carry on the work of pure womanhood and noble manhood. The heart of the community grieves with those nearest and dearest to this life, which will never grow old but will live in the memory of all an example of sweet pure youth.—The River News—Rio Vista.

Grade I.

Clarence Firlotte, 86; Richard Lavoie, 74.

Teacher.

DOUGLASTOWN

On Tuesday, the 25th March the sad news, as received here from Chandler of the death of Mr. Robert McCauley, which occurred at that place on Tuesday morning after a short illness of typhoid fever.

The deceased who was only twenty-nine years of age was a bright and intelligent young man, high in esteem and respected among his friends, especially with those who knew him best and his death came as a great shock to his family.

He leaves to mourn a father and mother and six sisters, Mrs. H. St. Croix of Chandler, Mrs. V. Maloney of Barachois, Mrs. H. Kennedy of Douglastown, Miss Bridget of Montreal and Misses Jane and Electa at home. Also two brothers.

The funeral was held on Friday morning at the R. C. Church and was largely attended. Interment was made in the Roman Catholic Cemetery at Douglastown, the Rev. Father Gauthier officiating.

The cross was carried by Mr. Eddy Rooney and the pall-bearers were Messrs. Armand Kennedy, H. Gail, H. Maloney, J. J. Jorris, H. Horrie and Isaac H. Kennedy.

DALHOUSIE

Dalhousie, N.S.—The centre of attraction here on Tuesday, was the military opening of the new attractive store, conducted by Miss Annie McNeil who is ably assisted by Miss Smith of St. John, N.S.

Mrs. John Henderson has returned home after spending a few weeks with friends and relatives in Waterville, Me.

On Thursday evening, March 27th, the pupils of the Sacred Heart convent of Dalhousie, celebrated the feast of the founder of the Institution, and the grand hall which is attached to the convent.

An entertainment consisting of dramas, drills, pantomimes, music, which lasted during two hours, was much enjoyed by a large audience, composed of Dalhousie, Campbellton, Jacques River, Charlottetown, and other places.

A very appropriate address was read by Miss Corinne Blanchard, to Rev. A. A. Boucher, expressing the gratitude of the sisters and pupils to him for the great interest he took in their behalf, and the substantial way in which he supported the plans he had outlined for the advancement of education among the people.

Accompanying the address was a handsome, office chair and a beautiful bouquet of flowers, gifts of the pupils.

Rev. Father Boucher, who was deeply moved at the expressions of gratitude contained in the address, made an eloquent reply. He thanked all concerned for the address and gifts, and spoke of the great progress the French language had made in our midst, and while he was proud of his French ancestors, he was a British subject at heart.

We all enjoyed the liberties which are guaranteed to us by the British Institutions. Rev. A. A. Boucher of Dalhousie and Rev. R. Robichaud of Upper Charlo, spoke briefly, also J. Allan LeBlanc, barrister.

Mr. LaBelle was called upon. He said that as a former member of the Board of Education and as a citizen of Dalhousie, it was his duty to say that a most extraordinary improvement had taken place in the families of Dalhousie, due to the good work done by the convent, which had been erected by Rev. A. A. Boucher, at his own expense.

Mr. LaBelle, astonished the audience when he told that he lived with the man who built the first convent, that was ever erected in this part of Canada. He referred to his grand uncle, the late John McGeer, who had protected him after the death of his late mother in Dalhousie, in 1860, and the serious illness of his father, when he was expropriated to Carleton Place.

The convent there, was built by the late Mr. McGeer, to pay a debt of gratitude, to the order of the Sisters of Charity, the members of whose order, had nursed him when he was struck with fever, while travelling in the West Indies. During fifty years the Carleton convent has been spreading education for the uplifting of the people in the West Indies. The same work is going on in Restigouche, thanks to the benefactor, who with his means, had made the building of a convent and great hall, in the small town of Dalhousie, a splendid success.

A most successful entertainment was brought to a close by the singing of "God Save the King."

On Friday evening, March 28th, Mr. Steve C. Hurley, who has been transferred to Charlottetown, P.E.I., said farewell to the shiretown people, who had extended great courtesy to him. He asked that his successor be given the same treatment. He paid a compliment to the staff of the "Star Theatre."

Yesterday Private Wm. McIlraith, No. 794042, of the 28th Battalion, arrived home, after two and a half years absence overseas. He was over two months a German prisoner. He was with the late Col. A. E. G. McKenzie, when the brave Redoubtable soldier, was shot down by German bullets. He was also near when Soldier Chester Delaney, son of John E. Deane, proprietor of the Inch Arran House, was killed in France.

When Private McIlraith, arrived at his home at the Indian Reserve, at Ed River, on Tuesday morning, flags were soon flying to the breeze, and a volley of 50 shots was fired. He is very proud to be home.

Mr. J. Tomlinson, a returned soldier, who did splendid work in the great war, has decided to make his home here. He will follow his old trade and has opened a plumbing and heating shop in our town. He and his amiable wife have won the esteem of the Dalhousie people.

Private Henry Delaney, son of John E. Delaney of the Dalhousie Casino House, arrived home yesterday. He had quite an experience in France. He was in the hot of the fight towards the last of the war.

It is very encouraging to know that

It is the intention of our town council to take steps at an early date to have removed the debris left from the last big fire we had here and which is an eye sore to the strangers who visited our quaint little town. Many citizens are encouraged by the news and are improving their homes and stores.

Miss Bessie Morton left on Friday for Boston, to enter an hospital to become a nurse.

Scrappers for Sale at the Graphic Office.

Coughs, Colds, Bronchitis, Grippe, promptly vanish after a few doses of

Prepared with extracts of Tar, Cod Liver Oil and other effective ingredients—it is the best remedy known for all affections of the respiratory tract. On Sale Everywhere. DR. H. B. MOREN & CO., Limited, Quebec, Canada.

Compare! The Pathephone

DON'T believe everything you hear—without the proof. Do not permit mere sales talk to influence you in purchasing a phonograph.

When you are planning the purchase of the greatest of all musical instruments let your EARS, EYES and BRAIN compose the jury that will return the verdict as to which is the best phonograph for you. Compare the Pathephone with any other phonograph and in your comparison note particularly the following:—

TOKE	Rich, full, musical and natural—a true reproduction of the original.
CONVENIENCE AND ECONOMY OF OPERATION	Reproduction being by means of a sapphire ball, there are no needles to change and no wear on the record.
PERFORMANCE	It will play any record. Do not knowingly limit yourself to only one kind of record.
CABINET DESIGN	Beautiful reproduction of classical furniture instead of ugly boxes.
CONSTRUCTION AND FINISH	Note with what care and expert workmanship the Pathephone is built and the extra fine finish not only on the front but all over—the quality goes right through.
PRICE	Although the Pathephone is better built, better finished, better designed and better value than any other phonograph it costs no more money than the ordinary phonograph.

"JACOBSON" PATHEPHONE 2112.00 in Jacobson, Oak, Mahogany and Walnut

The Pathe dealer will show you how easy it is to own a Pathephone, how a small cash payment—probably less than you expected to pay—will bring to your home the greatest entertainer ever invented.

ZAM-BUK

This illustrates but one of the many uses to which Zam-Buk, the great herbal balm, is daily put. Accidents will happen, especially where there are children. Mothers should never be without Zam-Buk. Zam-Buk is the best "First Aid." Its strong antiseptic properties kill all germs, preventing blood-poisoning and inflammation. Its rich, herbal essences quickly ease pain and build up new healthy tissue. Zam-Buk is entirely different from all other ointments. It is purely herbal and contains no poisonous coloring matter. Take no substitute. See the name on every box before paying.

ZAM-BUK HEALS SEVERE CUT

Mr. J. E. Bierwirth of Carleton Place, writes: "My little son cut the end of his finger. As it was such a severe cut, I was going to take him to a doctor, but in the meantime to ease the pain I applied some Zam-Buk. This stopped the bleeding and gave him such relief that he ceased crying and seemed quite at ease. I therefore decided to wait if Zam-Buk would heal the wound. Next day I replaced the dressing, and continued to do so each day, using nothing but Zam-Buk. Complete cure resulted."

YOUR HOME NEEDS IT!

A Modern Luxury for Modern Homes

IMAGINE what strides we have made since Grandmother's time! Really our house-keeping is now only a matter of remembering names—we step to the telephone, and command as we will! And think how vastly better the article—how clean, wholesome, uniform it is, from the maker to your table! Take, for example,

Swift's Premium Oleomargarine

—that dainty, appetizing, nutritious product that is recommended by domestic science authorities everywhere for table and kitchen use, as a delicious spread for bread, for the making of cake, cookies, sauces and general cooking. Compare it with old-fashioned standards! My goodness!! In Swift's Premium Oleomargarine you have an article that's always sweet, pure, clean (it's Government inspected, and never touched by hands)—always the same in flavor, texture, quality—reaches you fresh—and with all this, saves you about fifteen cents per pound!

Merely remember the name—telephone your grocer or butcher today for a pound carton—and a luxury undreamed of in Grandmother's home will be a necessity in yours!

Election Notice

Public notice is hereby given that a court for the nomination of candidates for the offices of Mayor and Councilors of the Town of Campbellton will be opened in the Town Council Chamber on

TUESDAY, APRIL 8th

at two o'clock, p.m., and remain open until five o'clock p.m. as required by law.

If more than the requisite number of persons be nominated for the said offices of Mayor, Councilors for the whole town and Councilors for the several wards of the town then a poll will be opened on TUESDAY, APRIL 15th, of which due notice will be given.

Dated at Campbellton, N. B. this 25th day of March, A. D. 1918.

JOHN T. REID,
Town Clerk.

The Home Searcher

will find us ready to serve him perfectly. We have homes in all sections, of all sizes and prices. We can arrange payments, too, so that they will hardly be more than the rent he pays now. Come and see us. We will gladly show you our list and quote figures.
