Good Prospects.
J. F. Thomson declared that the high cost of living committee by securing an injunction against the service charge had saved the people some \$60,000, and that in addition to this there were good prospects of getting the money returned which had already been collected. The battle had been fought without a penny of cost as far as the committee was

In answer to an inquiry by an Advertiser reporter today, E. V. Buchanan

The money received from the council and other funds which were collected were required for lawyer's fees. He promised that a full statement of the accounts would be given. "If it was found that I had annexed so much as a nickel there would be a leading article in The Advertiser about the defalcation on the part of the labor secretary," he declared. He defined the policy of those opposing the gas price increase to be, "to strengthen the hands of the aldermen and the member for London."

general-manager of the P. U. C., denied both stories. With regard to the alleged wastage of water, he stated that all new wells are allowed to flow free for a time after the pipes have been placed before a bacteriological test.

Why They Fought.
The aldermen were fighting the increase only because they feared the would be turned out by the people at the next election, he claimed. He criticized Sir Adam Beck for "butting in at the last moment and helping to fix the rate at \$1.25 a thousand cubic feet." Beck hadn't intervened there would have been a much better settlement.

taken so that any contamination that may have been carried into them by the pipes, which are naturally more or less dirty from handling, may be washed away before the connection is made with the water service system. The

Profit at 90 Cents.
Asserting that the company had been able to make a profit at 90 cents, he said, this was ample proof why no further increase should be charged. He added further that the quality of the gas had been reduced. On one occasion the Legislature authorized a reduction from 70 to 50 candlepower and later with the introduction of hydro changed the requirements to the British thermic heat unit system, which permitted a still poorer quality.

bacteriological test of this well is being made today, and if it proves satisfactory all that remains to be done to bring the water into use is to connect the pipes across the river.

Collections taken to aid the committee in its fight amounted to about five dollars.

Importation Must Cease

BY a majority of more than 407,000, the people of Ontario in the Referendum of September, 1919, said that the sale of intoxicating liquor for beverage purposes must cease.

But private cellars are stocked, and "booze" is invading the home.

Manufacturers of liquor in other provinces are benefiting financially by the situation in Ontario.

"Bootleggers" and "blind pigs" are able to set the will of the people at naught.

The law of the province is being evaded.

Why? Because there is no law in force against importation. The Federal wartime order-in-council which backed up the Ontario law at first was repealed on January 1, 1920.

The Will of the People Shall Prevail

The provincial legislature has no power over interprovincial traffic or importation. But the new Federal law will prohibit importation into Ontario from any other province or country if the majority votes "Yes".

There is only one way. Close the door to importation.

You voted against the sale of liquor in the province. Now vote to shut it out.

The Referendum on April 18th is your opportunity to cut off the "bootleggers" source of supply, and put the new Federal law forbidding importation into force.

SAND SUCKERS ARE DESTROYING POINT PEELE

Residents Hostile Over Failure of Government To Stop Havoc.

[Special To The Advertiser.] LEAMINGTON, April 3.—Citizens here are indignant over the fact that this spring sand suckers in greater numbers than ever before are operating off Point Pelee, notwithstanding representations made to the Ontario Government against granting permission for the removal of any more sand from the southern peninsula. Last spring Milton W. Fox, U. F. O., took the matter up with Premier Drury, pointing out the need for immediate action to check the operation of sand dredges, which it was asserted, was rapidly causing dangerous erosion both at Point Pelee and Pelee Island.

It now appears that owners of the sand dredges are operating off Point Pelee again, having been granted licenses by the Government to take out a limited amount of sand and gravel. Residents of the locality declare the Point is systematically being destroyed by the operation of the dredges.

TURKS CLAIM BIG VICTORY OVER GREEKS

Defeated At Eski Shehr and Fleeing, Says Dispatch.

MANIFESTO IS ISSUED

Every Turk Must Join Army Now Or Be Executed.

CONSTANTINOPLE, April 3.—The Greeks have been completely defeated by the Turkish forces in the battle at Eski Shehr, according to a dispatch from the headquarters of Mustafa Kemal Pasha, the Turkish Nationalist leader.

A Turkish communique dated April 1, says that the battle on the Eski Shehr front lasting nine days has been concluded, Bilejik being recaptured, and the Greeks retreating in the direction of Bussu.

Turkish transports conveyed by Bolshevik gunboats have landed a part of Kara Bekir's army at Ineboli. The Greeks declare that there has been a renewal of the fighting on the Eski Shehr front.

ALLIES REFUSE.

CONSTANTINOPLE, April 3.—The Allies will refuse the Greeks permission to transport their troops in Thrace to the battlefield in Asia Minor by way of Constantinople, or to use the Istanbul Railway.

The Italians had protested that a Greek patrol had held up the steamer Cissopatra in the Black Sea. The Allies have informed the Greeks that they must not blockade the sea.

The Greeks are reinforcing their army. They now have three new divisions in Macedonia, with which to endeavor to overcome the Turkish victory. The entire Greek merchant marine has been mobilized as transports, and it is expected the Greeks will be able to put an army of 200,000 in the field. The size of this army is being viewed with alarm by the Serbians and Bulgarians.

While the Greeks are silent or are making denials, the Turks continue to send out communications of victories.

Mustapha Kemal Pasha, the Nationalist leader, has issued a manifesto saying: "This is the last war for the preservation of the empire. Every Turk must enroll or be executed as a traitor."

CONSTANTINOPLE, April 3.—Klasmir Kara Bekir, commander of the Turkish Nationalists in Armenia, with his "army of salvation" is nearing Sivas.

A dispatch from Constantinople last week said Klasmir Kara Bekir, with 25,000 troops, was making his way from Armenia to aid Mustafa Kemal Pasha.

QUINONES SHOT BY HIS RIVAL

Political Quarrel Results in Murder At Havana.

HAVANA, April 3.—Fernandez Quinones, National League candidate for governor of Havana province in the November elections, was shot and almost instantly killed last evening by Ernesto Colledo, Liberal representative for Santa Clara province.

The shooting took place at the corner of Prado and Virtudes street. Political differences are said to have led to the tragedy.

GREAT NATURALIST BURIED IN WOODS HE LOVED SO WELL

Thomas Edison and Henry Ford Attend Burroughs' Funeral.

ROXBURY, N. C., April 3.—The body of John Burroughs was laid to rest this afternoon upon the mountain side where he was born exactly 84 years ago. From the peaks and the valleys of his beloved Cataki Mountains came hundreds of neighbors to pay him the final honors. Others from far off corners of the country joined them at the grave of the great naturalist.

All morning long and in the early afternoon the slope down the two miles of rocky mountain to Roxbury was dotted with groups of villages trudging upward to the burial spot.

Back of the grave, which was blasted from solid rock, and rising high to one tip of the mountain which bears his name, was the clump of woods where Mr. Burroughs hunted his fox and observed the birds, during his youth and old age. To the right, over a little knoll, the weather-blackened house in which he was born could be seen, and near it a group of maple trees where the naturalist would sit in the springtime and watch the flow of sap.

Behind the grave a great boulder on which Burroughs played as a boy and often sat in the twilight shadows as a man of the wide outdoors, formed the slab of his resting place. Soon a bronze plaque will be imbedded in the stone to immortalize its significance.

Down the slope a few hundred yards distant "Woodchuck Lodge," the retreat for contemplation of nature and for writing of its wonders, rested in a hollow spot. There it was that Mr. Burroughs occasionally became host to his close friends, Thomas A. Edison, Henry Ford and Harvey F. Firestone. They stood beside the grave today, and when the ceremony was ended paid a visit to the sylvan "lodge."

SAYS ALLIES MUST HELP THE GERMANS

BRANTFORD, April 3.—Observations on a recent tour of Germany was the subject of an address by Prof. Kemp, of the University of Toronto, at the People's Forum, this afternoon. He told of the under-nourishment of the children of Germany and Central Europe and believed that the Allies would have to assist the Germans to get on their feet before they would be able to meet the reparations demands.

NIGHT SESSIONS OF LEGISLATURE ARE PLANNED

Premier Will Give Talkative Members Plenty of Time.

[Special To The Advertiser.] TORONTO, April 3.—Despite strict adherence to a business program in the Ontario Legislature last week, progress was distinctly disappointing to the Government. Monday and Tuesday, with the House in committee, the legislative wheels ground with fair dispatch. Wednesday they faltered badly over Hon. Walter Rolfe's labor legislation, whereas Thursday's session, when three Government measures were turned back, was almost barren of results. However, it is said the Government has thought out a remedy. If honorable members opposing the Government must talk at extreme lengths on each and every measure, the premier, it is said, will provide ample opportunity during the coming week—opportunity to talk until 1 or 2 o'clock in the morning. In times gone by governments are said to have found the late and early sessions efficiently productive of results.

Probe Continues. Outstanding among expected events at the parliament buildings during the week just commenced, is, of course, the continuation of evidence taken at the public accounts committee concerning Hon. C. B. MacCrack, the cabinet conference on the subject at the parliament buildings on Saturday morning, which was attended by Hon. Mr. Elgie, in the House, proceedings will follow the same course as last week and a special effort will be made to catch up on committee work.

Coming Up Again. Premier Drury's new bill amending the public inquiries act, the admissibility of which was contested by Charles MacCrack, Conservative member for Sudbury, is sure to be taken up again in the House, and it is expected a big deputation is expected down from the Kenora district to protest against the premier's bill respecting the sale of the Woods control board, and possibly that bill will be re-introduced at the end of the week. O. T. A. amendment is still in the air, with a possibility of their being brought down any day.

PROFESSOR LEACOCK ON PROHIBITION

Declares False Mantle of Morality Thrown Around Question.

TORONTO, April 3.—Professor Stephen Leacock of McGill University, Montreal, addressed a gathering under the auspices of the Citizens' Liberty League here on Saturday night, in opposition to prohibition. The noted author and satirist, defending his attitude in favor of the prohibition question, declared that "a fanatical minority has captured the ear of the public and the power of the Legislature in the Province of Ontario, and have contrived to throw around them a false mantle of religion and morality."

He declared that the expression of opinion on the question was not free and unrestrained. "People will speak out frankly what they think," he said. "This man trembles for his business, that man for his profession. All or nearly all, keep silent. The prohibitionist has contrived the masquerade before the country as if he were of necessity a good man and his opponent of necessity a bad one."

Many Are Opposed. Professor Leacock said further: "The truth is that a very large part of the most honest and honorable opinion of the country is opposed to prohibition, and a very large part of the worst opinion. And the meanest elements in the community are strongly in favor of prohibition. It can be done. All he can effect is to break down the basis of law itself." He said that was what was happening, because the prohibition law had not the backing of the individual conscience. The youth of the country would grow up with a confused sense as to obedience to the law, Professor Leacock said. "He knows that there are entitled in its service some of the most contemptible characters that walk the earth—the spies and informers that are the ears and the tongue of prohibition. As between the paid informer coaxing his victim to betrayal, and the criminal out and out, fighting against the law, which do you prefer? Which is, for such good as still lingers in him, the better man? I say it straight, the criminal. This is the spectacle you are giving your young men."

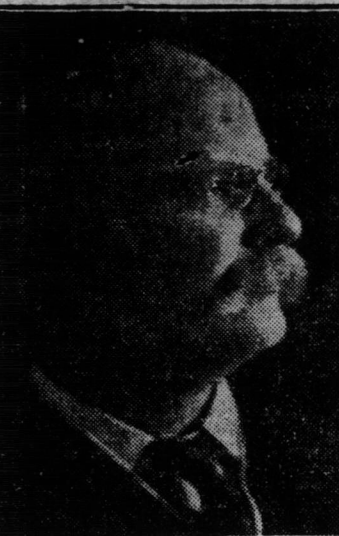

Predicts Destruction. Professor Leacock predicted the destruction of the prohibitionist, in a year, in ten years, or in a generation. He had no doubt of this. He said he did not care for a heavy car, "what the result might be in the referendum vote to be taken on April 18."

"The sharper the tyranny, the quicker the cure," he said. "This I do know: That a government and a code of law based upon a lie shall sooner or later be dashed to pieces against the impregnable power of public opinion."

A lucid and impressive review of the work already accomplished in connection with the establishment of a permanent court of international justice by the league of nations was given recently by the Hon. C. J. Doherty, K. C., minister of justice.

FARM WAGES ARE BEING REDUCED; HELP PLentiful

Some Men Are Getting \$50 Per Month and Their Lodging.

ELENHEIM, April 2.—Farm wages generally are showing a tendency to slightly easier this spring, and in many sections help is considerably more plentiful than formerly. Good men are asking \$50 a month, and lodging, and some are getting it.

All reports coming in go to show that the wheat gives promise of a good crop this year, provided the weather is favorable from now on. It seems to have come through the winter well, and the many spring rains have been a great benefit.

Many farmers, owing to the poor tobacco outlook, are doing a lot of thinking as to what is going to take the place of the weed in their apportionment of hoe crops this year. Tobacco for years has been a "money-getter," and just what now to put in to endeavor to offset the loss in money value from this source is a puzzle to many.

The local prohibition committee during the past week has been quite active looking after the registrations before Revising Officer P. S. Shillington. The following committee captains had charge: Division No. 1, James Rutherford; Division No. 2, J. W. Shillington; Division No. 3, Rev. W. Willey; Division No. 4, W. J. French. A large number of names were added.

The Canada Tobacco Growers' Co-operative Company has its grading of tobacco staff of women and men busy these days. The tobacco is graded in six grades. The women are getting proficient in their work, and it is reported they are able to make from \$3 to \$4 a day by the pound.

HELD SUCCESSFUL SALE. EMBRO, April 1.—The auction sale of H. R. McPherson was one of the largest and best attended sales in this district. Hens sold at \$1.65 to \$2 each; hogs, a ton; cows averaged \$160 each; horses, \$200, and oats sold at 6 1/2 cents a bushel. Implements and other articles sold at fair prices.

MEIGHEN FEARFUL OF LIBERAL PLANS

Tells Women To Look Out For Imperial Announcement.

MONTREAL, April 3.—(By Canadian Press.)—Right Honorable Arthur Meighen, prime minister of Canada, on Saturday addressed probably the largest audience of women ever gathered together in Montreal to hear the political issues of the day discussed. The gathering was at the Windsor Hall, which was filled to capacity with women of both the English and French tongues, with hardly more than a dozen men present. The demonstration was under the auspices of the women's branch of the National Liberal and Conservative Association.

On the platform with the prime minister were Hon. C. J. Doherty, Hon. C. C. Ballantyne, Hon. P. E. Blondin and a number of women.

Premier Meighen instituted a comparison between Canada and other countries, including the United States, in which he sought to show that the Dominion had nothing to compare with the tribulations and trials of the older countries, or the States. Though Canada had not the wealth of the latter country, it had also not its poverty. It was, however, the most severe year for unemployment that Canada had known, and he placed the figure of unemployed at 180,000, as against the normal level of 100,000 or possibly 90,000.

He stated that the Liberal party was looking forward to the coming imperial conference in London in the hope that there would be some resolution passed, or some paragraph of a speech or a sentence or a phrase or even a word which could be hurried through this province to convince "you that you are going to be nailed hard and fast to some imperial scheme that they pretend to decide."

All this, said Premier Meighen, would

Headaches Make Life Miserable

Headaches are one of the most aggravating troubles one can have, and it is hard to struggle along with a head that aches and pains all the time.

Headaches seem to be habitual with many people; some are seldom, if ever, free from them, suffering continually from the dull throbbings, the intense pains; sometimes one part, sometimes in another, and then again over the whole head.

There is only one way to get relief from these persistent headaches, and that is by going direct to the cause of the trouble, for unless the cause is removed, the headaches will still continue to exist.

The fact that Burdock Blood Bitters keep the stomach, liver and bowels toned up is proof enough to show that it will eliminate the cause of the headaches.

Mrs. Harold Lanlan, Owen Sound, Ont., writes: "My system was run down and my blood out of order. I suffered a great deal from severe pains in my head, which made me feel very miserable. After having tried other remedies I purchased a bottle of Burdock Blood Bitters, and was very glad to notice a decided improvement in my health, so I took another, and am glad to say that it has done me an enormous amount of good. I have recommended it to my friends, who were in a similar condition, and they all say it is a wonderful remedy."

be done with a view to escape the tariff issue. The premier concluded with a reference to the railway problem, in which he said that the Government had taken over the railways not because it wished to do so, but having been forced to undertake the task, would give the system a fair trial at least, and if it could not make it a success someone else might.

528 NAMES WERE ADDED AT WOODSTOCK

WOODSTOCK, April 3.—The closing hour of the sessions held by A. S. Ball for the registering of voters for the coming referendum was marked by a big push. The registrar found it necessary to bring in an assistant. No less than 230 names were placed on the list Saturday, and in the last two hours over 100 men and women flocked to the office. The total for the week was 528. The temperance people were very active the first four days, but on Saturday most of the registering was done voluntarily, workingmen and their wives forming the majority.

BACKACHE

If your kidneys are sick, or you suffer with lumbago or rheumatism at times, pain in the back or back of the neck, take a little "Anuric" before meals. This can be found in any good drug store, and was first discovered by Dr. Pierce of the Surgical Institute in Buffalo, N. Y.

When run-down, when life indoors has brought about a stagnant condition in the circulation—most everyone is filled with uric acid to excess. This uric acid in the blood often causes swelling of hands or feet. Backache, frequent urination or the pains and stiffness of the joints and high blood-pressure, are also often noticed. "Anuric" (anti-uric acid) in tablet form is an antidote for this uric acid poison and will usually dissolve the accumulation of uric acid in the body.

Points about a Ford you should know

WHAT does a Ford Touring Car cost? \$675 f. o. b. Ford, Ontario (starter and electric lighting \$100 extra).

Is it economical of gasoline? The owner of a 1914 Ford Touring Car, from careful records kept, claims that in driving 50,000 miles, May 8th, 1914 to June 15th, 1920, he averaged over 24 miles per gallon.

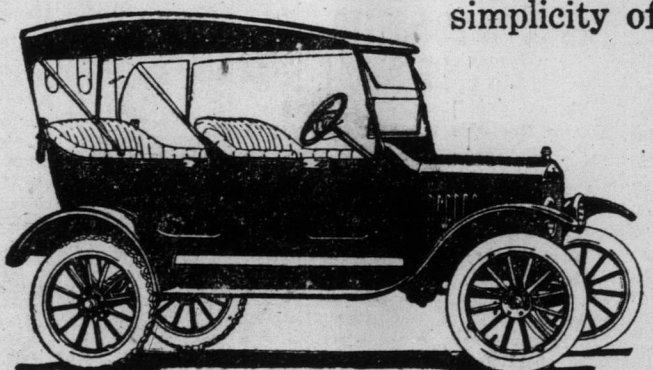

How much oil does it consume? The same owner claims over 500 miles per gallon of oil.

Is it easy to operate? The special Ford planetary transmission combines ease of operation and smooth, silent running qualities. Only one lesson is usually necessary to learn to drive a Ford Car.

Has it sufficient power? Perhaps the most distinctive single feature of the Ford is its simply constructed, easily operated and powerful engine. While its four cylinders are rated to produce twenty horsepower, the Ford has actually more power per pound of car weight than any other automobile made.

Will it pay me to buy a Ford? Yes, millions of Ford car owners have proved that it is an aid to them in business and improves their living conditions.

The Ford car, with its low cost, quality and simplicity of design is the car for all purposes.

WILL NOT GROW SUGAR BEETS OR TOBACCO

Kent County Farmers Concentrating On Grain This Year.

CHATHAM, April 3.—Owing to the failure of the tobacco buyers to buy the 1920 tobacco crop, growers of Kent County declare they will not grow tobacco this season. As the sugar beet growers cannot obtain a satisfactory contract from the sugar plant in this city, it looks as though the farmers will revert to the growing of wheat, oats, barley and corn.

The council will discuss the daylight saving problem from all angles at its meeting on Monday evening. The proposition has been vetoed by several local bodies, and it is anticipated that the matter will be definitely settled by the council.

Favor Playgrounds.
The council is much interested in the institution of playgrounds to keep children from playing on the streets. Although more vehicles have increased 125 per cent in the last five years, there has been little or no increase in street accidents. Prevention is better than cure, and the council has a committee appointed to assist the chamber of commerce which favored the project from its inception.

The funeral of Mrs. J. J. O'Brien, wife of a wealthy cigar manufacturer of Western Ontario, was held from St. Joseph's Church here today. Interment took place in St. Anthony's Cemetery. A number of priests from outside points attended.

Using 93 Gallons.
The total amount of water that passed through the filtration plant of the city waterworks in 1920, was 560,780,000 gallons, according to a report prepared here for the board of municipal affairs. Taking the population of the city as 16,500, the average amount of water consumed per inhabitant per diem is 93.1 gallons. The total amount of money realized from water rates is \$2,585.43.

G. W. Wands, superintendent of the local labor bureau, stated today that the labor conditions in this city are very favorable, and that few men are out of work. The commencement of work on the provincial highway in this section of the county will take up any men who cannot do inside work," he stated today.

Local Chinese have opened a Chinese Club on Fifth street. A large recreation room is provided as well as a splendidly outfitted library with Chinese and English literature, and also a splendid reference library in both Chinese and English. A reading-room has been established in connection with the library. It is believed that this is the first Chinese Club and library to be opened in Ontario. The Chinese population numbers 125, including a number of children who attend the public and separate schools of the city.

Several representatives of the Liberty League are making an effort to form a branch in this city. Their efforts are meeting with little success, and no one has been killed in a rush to join.

COAL SUPPLIES RATIONED TODAY BY GOVT. ORDER

No Serious Orders in Connection With British Strike.

CHANCELLOR STATEMENT

Declares Government Will Not Submit To Attempt At Intimidation.

LONDON, April 3.—No serious disorders have occurred as yet in the great mining strike, although a number of the coal mines have been left by the pumpmen and engineers to be flooded, and the men are said to be displaying an uglier temper, especially in South Wales. Fears are expressed that there may be a much wider withdrawal of the engineers and pumpmen, and the Government is taking all necessary precautions.

It is expected that tomorrow orders will be issued for the drastic rationing of coal for lighting purposes, householders being reduced to one hundred-weight weekly, and factories and business concerns to 50 per cent of their normal consumption.

Plenty of Food.
Food supplies are ample for the present, according to the board of trade, and there is no anxiety on this score unless a breakdown in transport occurs. Long statements were sent out yesterday for publication by the new chancellor of the exchequer, Sir Robert Stevenson, in behalf of the Government, and by Arthur Henderson and Frank Hodgson for the miners, justifying the opposing attitudes. The miners' representatives accuse the Government of heedlessly precipitating the crisis by premature removal of control over the industry.

The chancellor ignores this point, and bases his statement upon the impossibility of asking taxpayers to shoulder further burdens in order to subsidize the coal industry, or of submitting to intimidation aimed at forcing the Government to agree to such a subsidy.

Would Rescind Bill.
Alfred Hildland, Coalition Unionist for Birkenhead, who was a member of the grand committee of the House of Commons on the decontrol bill, makes a suggestion that the right solution of the dispute is to rescind this bill, and make the time limit for decontrol May 30, instead of March 31. He infers that the committee agreed to the earlier date because the Government seemed persuaded that the mine owners would suggest a scale of wages acceptable to the miners. He admits that postponement of the decontrol measure would cost the country £10,000,000, but considers this necessary in order to give more ample time for discussion and arrangement of the wages question and the education of the miners to the real industrial position at home and abroad.

This suggestion from a Unionist, who is free from suspicion of undue sympathy, is regarded as significant.

MANY INQUIRIES COMING.

NEW YORK, April 2.—British consumers are turning to the United States coal market for fuel because of the national strike of miners in Great Britain. It was learned today at the tidewater coal exchange, where it was stated inquiries for export coal had increased 100,000 tons during the last few days.

EGGS ARE STILL ON THE TOBOGGAN

Prices in District Are Lower Than Before the War.

GALT, April 3.—Eggs took a sudden drop on the market here today, opening at 22 cents a dozen. Before the close they were selling at 26 cents, the lowest price since 1914.

AT STRATFORD.

STRATFORD, April 2.—Two rows of farmers' wagons filled the outdoor space at the market this morning. They were loaded with potatoes and apples, both of which are still plentiful, the former being especially so. The general report today was that the country is full of potatoes, and many farmers are said to be feeding them to stock rather than bring them to market for 80c to \$1 a bag. Several bags went today for 75c. Apples of first quality sold at \$1.75 per bag.

The indoor market this morning was also large. An over-supply of eggs brought the price down to 25c and 26c a dozen. Butter, on the other hand, was scarce, and remained firm at 55c to 60c a pound.

Live hogs were \$14 to \$14.25.

ST. MARYS.
ST. MARYS, April 2.—The feature of this week's market was the downward trend of wheat, oats, flour, honey, hides and live hogs. All other farm products were steady. Quotations were: Fall wheat, \$1.75; spring wheat, \$1.70; oats, 40 cents; barley, 45c; peas, 30c; corn, \$1.50; flour, blended, cwt., \$5.25; all Manitoba, \$5.50; Five Roses, \$6; bran, 40c; shorts, cwt., \$2.25; shorts, 20c; shorts, cwt., \$2.25; honey, lb., 20c to 25c; butter, dairy, lb., 60c; butter, creamery, lb., 60c; eggs, dozen, 25c; maple syrup, gallon, \$2.75 to \$3.00; maple sugar, lb., 22c; apples, bag, 75c; potatoes, bag, 50c to 75c; potatoes, peck, 80c to 25c; chickens, dressed, lb., 25c; ducks, 30c; geese, 25c; turkeys, 45c to 50c; beer hides, lbs. 3c to 4c; tallow, 14c to 15c; live hogs, cwt., \$14.25.

SPIRIT OF SACRIFICE STILL NECESSARY

"War Will Not Be Over In Our Time," Says General Currie.

OTTAWA, April 3.—In a speech last night at a huge banquet of the Ottawa branch of the McGill Alumni in the House of Commons restaurant, which was also addressed by Sir George Foster, Senator Bostock and others, Sir Arthur Currie said:

"The war is not over. The war will not be over in our time. It is over in France. The men of that widely devastated regions do not forget and our enemy are not yet in the mood to undo the damage they have done. The war is going on in Canada today, in the suffering as the result of the war; in those who did not come back; in the debt that we have—in these the war is still going on for us."

Sir Arthur urged the lesson that we must still preserve the spirit to serve, the spirit of sacrifice as we had it in the war.

KIWANIAN IN BIG DRIVE TO AID ARMY TODAY

Thirty Teams Out To Help in Raising \$5,000.

ST. THOMAS, April 3.—Thirty teams

of Kivanians will be out early and often Monday morning to reach the folk living west of the London and Port Stanley tracks in a united endeavor to reach the objective of \$5,000 in behalf of the work of the Salvation Army.

The canvas is to be completed in one drive, and no house, be it ever so pretentious or small, will be overlooked in the appeal for funds to help along a worthy cause.

The members of the society have offered their services gratuitously, and every denomination in the city, Protestant and Catholic, is represented on the schedule of canvassers.

Bishop Lea Returning.
Bishop Lea of Japan, a former resident of St. Thomas, and Mrs. Lea, who have been in attendance at Lambeth conference, who have been visiting in Toronto, have left for the Orient.

The bicycle of G. Winters, 33 St. Catherine street, was stolen from his backyard last night.

To Buy Tamping Machine.
The gas department will purchase a tamping machine at an outlay of \$1,400, to use in laying the gas mains in the city.

The historical society will give a bridge party at the residence of Mrs. Springton, Thursday afternoon in aid of the new memorial hospital.

Ex-Detective Michael Heenan arrived home today after a winter's holiday at St. Petersburg, Florida.

MUCH GOOD DONE AT BABY CLINIC

Many Parents Advised Regarding Ailments of Little Ones.

ST. THOMAS, April 3.—The doctors as a unit were not in sympathy with the apparent excellent purpose of the baby clinic held in this city during the week. Some of the profession objected to the diagnosis made, and prescriptions given in aid of the little ones, as an encroachment on their practice and a consequent reduction of their revenue. Others of the physicians found fault with the outside doctors as going outside their limits to advise and treat.

The good work done by the Red Cross Society would appear to be far-reaching. Owing to the limited supply of doctors a number of children could not be reached by the examining physicians. In all about 150 little ones were on hand to be passed upon.

Some were found to be suffering from incipient deafness, through colds. A few had perforated ear-drums. Had they been neglected it might have meant lifelong misery. The parents were wealthy enough to call in a specialist.

The baby clinic was held for just such people with limited means, and they appreciate the commendable work of the Red Cross Society.

Pushed in the Wall.
Coming south on St. Catherine street this afternoon the auto of Mike Simons, road foreman, hit that of Tim Pipolos, confectioner, at the corner of Talbot street, and both cars were badly damaged. The force of the crash drove Simons' auto across the street, and, striking the brick shoe-shine building, smashed the plate glass window and pushed in the wall four or five inches. None of the parties were injured. It is alleged that the driver of Simons' car was inexperienced.

STRATFORD SHOPS REOPENING TODAY

Men Back To Work After Being Laid Off Week.

STRATFORD, April 2.—The G. T. R. shops will reopen on Monday after a lay-off of a little over a week.

On Monday evening a joint session of the board of health, hospital trust and city council will be held to discuss ways and means of financing the proposed new isolation hospital.

C. N. Norman, architect of Montreal, was in the city today going over the Commercial Hotel property, which the Bank of Montreal has purchased as a site for their new bank.

The police commission will ask the city council to make restrictions on parking over ten minutes on Downie street from the postoffice to Wellington street, so that the centre of Ontario street be declared a parking area and that no cars be allowed to park at the curbs.

ASK 44-HOUR WEEK AND WAGE INCREASE
TORONTO, April 3.—Union job printers of Ontario and Quebec are said to be a unit in demanding a 44-hour week as well as increased pay when the present agreement with the Master Printers' Association expires on May 31. The wage demand is an increase from \$35.50 to \$44 a week, the \$35.50 now in force including a bonus.

A meeting of union officials from Montreal, Ottawa and Toronto was held in the Labor Temple here Saturday night, after having been in conference with representatives of the Hamilton, Ont., union.

Andrew Gerrard, Toronto, chairman of the committee which has been attempting to negotiate the proposed wage scale and working hours, stated after the meeting here that it had been decided to submit similar agreements to the employers in the four cities named.

Born in Wayne, Maine, in 1841, she was one of the first American singers to become world famous. She retired from the operatic stage in 1881.

SAYS LIQUOR TRAFFIC CANNOT BE REGULATED ON A LICENSE BASIS

Labor Member Declares Prohibition Great Constructive Social Reform.

TORONTO, April 3.—Rev. A. E.

Smith, labor member of the Manitoba Legislature for Brandon, was the chief speaker this afternoon in Massey Hall at the first of three Sunday mass meetings arranged by the local temperance forces in connection with the referendum campaign. He and other speakers were interrupted a good deal by noisy individuals in the galleries. Hon. W. E. Bane, attorney-general for Ontario, occupied the chair. He remonstrated with the disturbers, who thereupon became noisier than ever.

At first their heckling was rather good-natured, but the chairman's admonitions brought forth a disturbance that threatened at one stage to engulf the meeting. However, this was of short duration, and the meeting proceeded to a fairly satisfactory conclusion. About 4,500 persons were present.

A Great Reform.
Rev. Mr. Smith spoke of the prohibition movement as being the greatest mark of a great constructive social reform which had passed the stage in which it was dependent upon the quality of its leadership for the measure of its progress. The problem which prohibition sought to meet had to be considered with the highest degree of deliberation, he said.

Incidentally Mr. Smith referred to an address given here Saturday night by Professor Stephen Leacock of McGill University, against prohibition. He said the professor's objections to prohibition were based largely on temper-

mentality and sentimentality, and would not bear the searching scrutiny of scientific reasoning.

Utterly impossible, Mr. Smith asserted that "regulation of the liquor traffic on a license basis was utterly impossible of success." Where once the liquor traffic had the support of the law, the prohibition movement of now had it, Mr. Smith said, and another thing in favor of prohibition was in the last two decades the character of the public men of Canada had gone through a marked change.

A great step forward in prohibition had been taken during the war when for the first time in history the economic productive value of every man in the nation was taken into consideration.

Major Bert Wemp and Matthew Parkinson of this city also spoke in favor of prohibition, but were frequently interrupted by the men in the galleries. In this respect they received less consideration than the Manitoba M. L. A.

AUTO WRECKED AT LEVEL CROSSING

L. W. Smith Has a Close Call For Serious Accident.

GALT, April 3.—With his wheel blocked by a passenger train, standing in the yard, L. W. Smith, manager of a local firm, drove into the path of a G. R. car at Bond street Crossing. While the big roadster is practically a complete wreck, Mr. Smith escaped uninjured.

The public school board will this year build a 4-room addition to St. Andrews street school if the ratepayers endorse a bylaw to be submitted to raise necessary funds. Tenders have been secured and the lowest price obtainable is \$42,476.60. The contracts have been awarded to local men providing the money is forthcoming.

SARNIA BYLAW FOR COLLEGIATE GRANT COMES UP TONIGHT

Petition From Board of Education Will Ask For \$130,000.

SARNIA, April 3.—Sarnia's proposed new collegiate institute and technical school was the principal topic of discussion at the regular meeting of the board of education, and following definite action of the city council on passing the bylaw for \$130,000 at Monday night's meeting, will proceed at once with its erection. The petition from the board of education as outlined to the city council was signed by the members of the board and will be submitted at the meeting. The estimates have also been prepared for the year for the collegiate institute and technical school. The resignation of Peter Blackburn was received, also two applications for the position. The matter was left in the hands of the finance committee to advertise for applications.

ANNUAL BANQUET WILL BE HELD TONIGHT

INGERSOLL, April 3.—The anniversary service of the Four Square class of the Baptist Church, which was conducted tonight by a former pastor, Rev. M. C. McLean, of Toronto, was largely attended, and unusually interesting. Splendid music was furnished by a male choir, largely composed of members of the Four Square class, under the direction of the choirmaster, C. T. Chapman. The class has a large membership and has accomplished much in connection with the work of the church. Recently they have taken

charge of the services in a number of churches in the district. Tomorrow night the annual banquet of the class will be held, at which Mr. McLean will be the chief speaker.

DETROIT, April 3.—Deputy sheriffs will go to Bronson, Michigan, tomorrow in an effort to solve the mystery surrounding the slaying Friday night of Father Leo Jarecki, pastor of Our Lady of Mount Carmel Church at Wyandotte. It was announced today. What prompted the decision to carry the investigation into a parish over which the priest formerly presided was withheld by the authorities. Father Jarecki spent nearly two years in Bronson just before coming to Wyandotte.

Officers interviewed Miss Anne Knopp, Father Jarecki's housekeeper, again today to learn if the priest might have had enemies in his former parish. The result of the questioning was not announced.

Authorities said they were inclined to doubt the worth of the theory that Father Jarecki was killed by a person who mistook him for someone else, inasmuch as a mistake probably would have been realized before the shot was fired when the priest appeared at the doorway of his rectory.

The theory that Father Jarecki had been mistaken for a former priest at Ford City, a nearby town, who is said to have had trouble some time ago with radicals, also was discounted.

Funeral services for the dead priest are to be held Wednesday.

IRISH LABOR PARTY FAVORS MORATORIUM

Would Suspend All Land Rents and Purchase Annuities.

DUBLIN, April 3.—The Irish Labor

party tomorrow will issue a long manifesto, in which the declaration will be made that the labor leaders assume that the "state of war" will continue for a long time. The manifesto will suggest a war program for the Irish community.

Pointing out that 100,000 or one to each six workers are unemployed, the Labor party adopts the Dail Eireann's "democratic program," and proposes in addition a moratorium suspending all land rents and purchase annuities. Ten per cent of this money should be collected by the national authorities and applied to the mitigation of the hardships of the people, says the manifesto.

The party proposes a campaign of manufacturers, traders and consumers for the protection of Irish manufactures, and declares that the Labor party "frankly avows protection as essential to the foundation of an Irish industrial revival, but that the protection must be for the interest of the worker."

"We must free ourselves from the tolls of competition of the individualism or be compelled to suffer the consequences attaching thereto, which inevitably will fall with the greatest force upon the working classes."

GIANT, ADMITS HE CANNOT EVADE CRIMINAL INSTINCTS

Detroit, April 1.—A slant-browed, heady-eyed giant—six feet five and a half inches tall—stood before the bar in federal court yesterday and argued with Judge Arthur J. Tuttle that he could not "go straight" because he had been marked at birth with the sins of his fathers.

He was sentenced to five years in Leavenworth Penitentiary as Harry Wylie, alias "Oklahoma Slim," but admitted that Wylie was not his real name. His crime was the beating of a local taxicab driver and fleeing to Toledo with the driver's machine.

Served in Six States.

"I've served time in Pennsylvania, Indiana, Iowa, North Carolina, Idaho and Illinois," he told the court. "I can't reform. Badness is bred in my bones. I believe in heredity. I've been convicted for killing, bigamy and half a dozen other crimes."

After receiving sentence, Wylie told Judge Tuttle he had made a mistake

in sentencing Harry Demasque, one of his two partners, to two years in Leavenworth.

"Demasque is innocent," Wylie said. "He was forced into this thing at the point of a gun."

"Do you mean to say," the court inquired, "that a man can be forced to commit crime at the point of a gun?"

"Well, if I met you some dark night with my hands full of guns, I guess you'd do what I told you to," Wylie responded.

Judge Not Afraid.

"I wouldn't be afraid of you," Judge Tuttle retorted. "For men who go out at night to hold up people with a gun are cowards, every one of them."

Jack Harper, the second companion of Wylie, was sentenced to Leavenworth for four years. Wylie, when arrested in Toledo, had several of the bonds stolen in the sensational Toledo mail robbery in his possession, but evidence of complicity in this crime could not be placed on him.

CLEVELAND TEAM WINS SECOND GAME FOR THE U. S. HOCKEY TITLE

CLEVELAND, April 3.—The Cleveland hockey team defeated the Eveleth, Minn., team last night, six goals to three, in the second game of the series of four games to decide the championship of the United States Hockey League. Cleveland defeated Eveleth by the same score on Friday night. The remaining games of the series will be played in Pittsburgh Wednesday and Thursday next.

WOODSTOCK OUTLOOK FOR SUMMER GOOD

WOODSTOCK, April 3.—The outlook for sport this summer is at present very good. Already a city baseball team and a football circuit have been in operation. There are to be W. F. football teams, and the possibility of a soccer league in the schools. Then Tuesday night two football leagues will be formed. Last year the league was composed of teams from the business section, but this season it is the intention to expand and have both a business and an industrial team.

7TH CHESS GAME IS DRAWN IN 23RD MOVE

HAVANA, April 3.—The seventh game of a match between Jose R. Casablanca and Dr. Emanuel Lasker for the world's championship in chess resulted last night in a draw in the 23rd move.

MONTREAL WON.

MONTREAL, April 3.—Montreal A. A. basketball team defeated Ottawa last Saturday night by 34 to 21, winning the round by 66 to 62, and will now play Central Y. M. C. A. of Toronto for the Eastern Dominion championship.

The Soul of the Advertisement

Granted an arresting headline, the art of writing a retail advertisement is just the ability to say one's say intelligently, in logical order, and, above all, naturally.

No "literary gift"—no flowery language—is necessary. The best copy is the earnest, over-the-counter talk you would give to a customer.

In other words, put yourself—your soul—into your writing.

Grammar is useful, but not indispensable. It doesn't make or break the advertisement. It is your own earnestness and conviction that makes people believe and respond to what you say.

You will find, as you devote more attention to your advertising, that it will return you dividends of pleasure as well as of profit. As time passes, customers will notice an omission and speak to you about it. This experience is not imaginary. It is a fact—as many merchants and publishers will testify.

One of the most enjoyable things you can do is to spend an hour or so a few evenings a week thinking out a well-balanced daily newspaper advertising campaign for your store and your merchandise. And, having thought it out, carry it through regardless of other people's opinions or whims.

You have three of the best trading months ahead. Do, then, as we suggest, and watch results.

CHAMPIONSHIP WILL BE DECIDED TONIGHT

Vancouver and Ottawa Teams
in Final Battle This
Evening.

Vancouver, B. C., April 4.—The Vancouver Sun this morning says: "It is fitting that it has taken five games to decide the Stanley cup world's championship, because both leagues have enjoyed most successful seasons and the competing clubs for world honors have demonstrated that there is naught but class in their performances."

"Vancouver will go into tonight's game favored to win for the battle will be won by C. H. F. rules."

"The championship being won or lost, but also holds an item of about \$200 more to each man on the winning squad—the difference between winners and the losers division."

be a settlement of the controversy in the near future are universal. Lloyd's declined to accept bets offered during the week that peace will be brought about before August.

Outwardly conditions have not improved. There has been no cessation of warfare in any part of the disturbed districts, and the trouble is spreading to Ulster.

Encouraging Factors.

The factors serving to stimulate the optimistic view of the situation are the frank admission of Mr. Lloyd George of the Government's failure to solve the Irish problem; the appointment of a Catholic viceroys; Eamon de Valera's latest pronouncements, which are interpreted as showing the willingness of the Sinn Fein for which is deemed a reasonable compromise; Britain's internal troubles, which are declared to be intensified by the coal strike; the repudiation of the partition act by Southern Ireland, and the admitted difficulty of establishing the Ulster Parliament.

May Arrange Truce.

Government circles do not conceal their anxiety over the prospect that the Sinn Fein will sweep Southern Ireland, and win an overwhelming majority of the seats in the southern parliament. It is believed that the Sinn Fein are co-operating in the north, the task of establishing the Ulster parliament is being hastened.

Many persons continue to express the belief that the Government will abandon its attempt to establish the parliament and endeavor to arrange a truce before the date of the elections.

It is generally asserted here that the Sinn Fein would be willing to negotiate peace on the basis of a status of full dominion. A rumor that the Sinn Fein had appointed a committee to negotiate with former enemy countries is denied.

VARIED COMMENT.

DUBLIN, April 3.—The Freeman's Journal, commenting today on the appointment of Lord Edmund Bernard Talbot as lord lieutenant and governor-general of Ireland in succession to Viscount Grey, says it is to be claimed as a recommendation of the Sinn Fein is a Catholic. The newspaper adds: "But it is an insult to Irish intelligence to think that fact will insure a welcome from the Sinn Fein."

For fifteen years the new viceroy has been the subject of a campaign of the anti-Irish forces in England."

The Freeman's Journal says it thinks the motive of the appointment of Lord Talbot was the desire of Frederick Lloyd George to keep the Vatican in good humor, but officials here declare a likelier explanation is that the viceroy is appointed for the role of Ireland, and therefore, it was necessary to appoint a Catholic whose political record would render him agreeable to Ulster.

A Thankless Task.

The Irish Times congratulates Lord Talbot on his courage, and says: "Under happier circumstances, he would give him a hearty and unreserved welcome. Unless sanity and patriotism were handed to the Lord Edmund will have a thankless and ridiculous task in summoning a parliament which will never convene, and another which will be disowned by the large majority of its electorate. Nevertheless, his proclamation will unleash a fresh storm of violence and anger in our distracted land."

The Irish Independent remarks that Lord Talbot is a strong Unionist. "One does not know what to expect of the new regime," the newspaper says. "One thing is certain—it cannot be worse than the last."

The Independent says it welcomes the change, because it believes it will inaugurate a new era of peace and harmony. Greenwood, the chief secretary for Ireland, is also expected to resign.

RAIDED COTTAGES.

DUBLIN, April 3.—A writ of habeas corpus was granted by the king's bench court yesterday for Thomas Mulcahy, a Dublin, Irish Republican, who was sentenced to death by a court-martial for leaving war on the King's forces.

A patrol of crown forces was ambushed yesterday in the vicinity of Rathfarnham, County Mayo. One of the attacking party was shot dead; another was badly wounded, and one prisoner was taken. No casualties were suffered by the soldiers.

One constable was seriously wounded yesterday when he and six other constables were ambushed near the town of Kells.

WRIT IS GRANTED.

DUBLIN, April 3.—A writ of habeas corpus was granted by the king's bench court yesterday for Thomas Mulcahy, a Dublin, Irish Republican, who was sentenced to death by a court-martial for leaving war on the King's forces.

LOCKBAUGH IS NEW
AMATEUR CUE CHAMP

DETROIT, April 3.—E. W. Lockbaugh of Lindenwood, Ill., won the amateur three-cushion billiards championship here last night by defeating W. R. Brewer of Chicago in the final game of the tournament, 50 points to 32, in 77 minutes.

Lockbaugh, who succeeds William Huey of Chicago, to the title, played a brilliant brilliant game. He was decidedly off form in the deciding break. Lockbaugh's high run was 7, Brewer's 6. Lockbaugh also holds the high run for the tournament, a 10, made in his first game.

NOVA SCOTIA MINISTER
ON HIGHWAYS EXONERATED

Hon. H. H. Wickwire Not to Blame, Says
Clerks Royal Commission.

Halifax, N. S., April 4.—Canadian Press.—The report of the royal commission on the highways inquiry in Nova Scotia, which will be handed to the provincial Government today, finds that Hon. H. H. Wickwire, minister of highways, was exonerated. Mr. G. Clark, former chairman of the highways board, was not only remiss in his duty as such, but he actively promoted a situation of antagonism between the minister and the board.

The contractors were overpaid, but the responsibility was placed on the minister and the board, and should not be thrown on the province or the provincial auditor. There was no evidence of dishonesty on the part of any minister or member of the board of the Government or highways board.

WILL PLEAD INSANITY.

Binghamton, N. Y., April 3.—The trial of Claude F. Swingle, indicted for murder in the first degree for fatally shooting Police Officer William McDonald early in the morning of December 3, 1920, following an attempt of the officer to interview Swingle relative to his highway robbery he had just committed, opened here today. Swingle's defence will be insanity superinduced by gasoline while with the United States forces in the Argentine.

FINANCIAL AND COMMERCIAL EGG PRICES LOWEST IN FIVE YEARS

Sell Wholesale at 25 Cents

GOOD DEMAND FOR OATS

Ready Sale Expected For Live
Hogs This Week.

Not in the past five years have egg prices reached the levels that were set at the local market on Saturday. Wholesale eggs sold for 25c and 26c per dozen, and retail 27c and 30c per dozen. There were large supplies offered, and there appeared to be a good demand. Officials stated that they expected these quotations would be the ruling ones for this week.

A rather good demand for oats at the square today was responsible for a slight jump in the price. They bring from \$1.50 to \$1.55 per hundredweight and 55c and 56c per bushel. There was a fairly large supply.

There were 80 loads of hay weighed at the square last week. Buyers indicated that there would be a good demand this week. Several loads were sold today, but prices remain unchanged. Timothy brings from \$22 to \$24 per ton and clover \$21 and \$23 per ton.

Although there were heavy supplies of potatoes on Saturday there was no reduction in prices.

Live hogs will find a ready sale all this week, according to local buyers. They asserted prices would be in the neighborhood of \$13.50 and \$13.75 per hundredweight.

HEBDON--memory of Pte. William Heddon, late of the 33rd Battalion, who was killed in action April 4, 1917.

When the shades of heaven are falling,
And all are aching all alone,
To my heart there comes a longing
For the one who is no more.
O how oft my heart does wander,
To the grave far, far away,
Where they laid my own dear son,
Just four years ago today.
--Fondly Remembered by Mother.
