BOMBS FOR THE INFORMER.

PARIS STARTED BY ANOTHER ANARCHIST EXPLOSION.

The Restaurant of the Man Who Surrendered Ravachol to the Police Destroyed by Dynamite and the Informer is Killed and Several Others Are Injured.

Paris, April 25.—The restaurant of Verry, who March 30 delivered Ravachol, the anarchist, into the hands of the police, was utterly wrecked at 9.40 o'clock to-night by a bomb which exploded in the kitchen.

The force of the explosion was terrific and widely felt and an enormous crowd quickly gathered about the shattered building.

The Informer Killed. The police on entering the restaurant in the midst of heaps of debris groaning with fright and pain. One of his legs had been broken, and he was sent to a hospital, where it was found necessary to amputate the injured member.

It is believed the explosion was designed to terrify the jurymen in Ravachol's case, which opens to-morrow.

In this city and in St. Etienne renewed arrests of Anarchists are taking place. Stringent precautions are being taken at the Palais de Justice to prevent any manifestation being made in honor of the anarchist.

The Rome correspondent of The Times says a great German authority has assured him that the new Italian rifle is the best yet introduced.

Died With Her Cat. New York, April 25.—Mrs. de Penelon, 50 years old and a teacher of elocution, was found dead in her room on the top floor of No. 107 East 10th street.

There was no apparent motive for suicide, and the police are inclined to believe that death was accidental.

Montreal, April 25.—The Dominion Line Steamship Company has ceased to carry the Canadian mails. Last winter the Allan took a contract with the Government to carry the mails.

Residents wishing to move over at small expense send word to W. A. Clark, 601 Yonge-street, or telephone to 3284. He will take all responsibility and move you from your city residence to the island residence at the shortest notice.

THE COUNCIL'S MELANGE.

THERE WAS MUCH TALK BUT LITTLE WORK LAST NIGHT.

More About the Trolley—Experts Will Visit the Windy City To Inspect and Report—The R.R. Range—The City and Catholic Grants—That Morality Department.

The members of the council were in an unusually good humor last night. Most of them were willing to talk and did so. There were several friendly titles and a large quantity of good-natured banter.

The Mayor told the council what the department had learned in Chicago about the underground trolley, as published in The World yesterday, and that the North Side Railway Company were negotiating with the city for a lease of the line.

Inspector J. L. Hughes was the first speaker, and when the first round of volleys had been exchanged he moved to the speaker's platform and made a few remarks.

Mr. Hughes began with a reference to the fact that the city had a large number of street cars, and that it was necessary to have a system of electric traction.

Mr. Hughes then read from the report of the Electric Traction Company, the London and North Western Railway, and the London and North Eastern Railway.

LUNDY BREAKING DOWN.

The Brampton Wife Murderer Unable to Sleep Without Opium—He Took Another Intended Victim.

BRAMPTON, Ont., April 24.—James Lundy, the wife murderer, his engaged wife, Mrs. Mary Thompson's criminal lawyer to defend him and sensational developments are promised when the case re-opens for trial.

Meanwhile Lundy has lost much of the coolness which he exhibited immediately after his arrest, and the strain of his trial is showing.

The jury in the case is telling him that he cannot sleep and last night opium had to be administered to him.

There are two or three hours of time immediately preceding the commission of the murder during which Lundy's movements cannot be traced, and the opinion is freely expressed that he had been on a still hunt for an individual whom he suspected might be the murderer.

Lundy was in Guelph all day Friday, where it is believed he purchased the opium which he used to keep him from sleeping.

He returned to Brampton on the 6.45 train Monday evening and boarded the train at Georgetown and occupied the same seat with him the remainder of the journey.

Mr. Lundy was in the courtroom at 11 o'clock on Monday, and was seen to be in a state of nervousness.

"THE VOICE OF CANADA TO THE MOTHER COUNTRY."

Canada is Prepared to Reduce Duties on British Manufactured Goods as Soon as Great Britain Grants Canada Preferential Trade—The Writ For East York—Newfoundland Still Bellicose.

OTTAWA, April 25.—This has been a great day for Imperial Federation, and from 8 o'clock to midnight have been treated to a series of good healthy, hopeful speeches on the following resolution of Mr. McNellie:

"That if and when the Parliament of Great Britain and Ireland admits Canadian products to the markets of the United Kingdom upon more favorable terms than it accords to the products of foreign countries, the Parliament of Canada will be prepared to accord corresponding advantages by a reduction in the duties it imposes upon British manufactured goods."

Mr. McNellie made an earnest speech, which showed his own conviction that there was some hope of the bonds between the Mother Country and the colonies being drawn closer together.

The resolution was supported by Messrs. Desjarlais (Lafayette), Kennedy, Hazen, and others, and about 11 Mr. Foster, on behalf of the Government opposed the resolution.
