## THREE-DAY ATTACK FRUITLESS GERMAN FORCES LOSING SNAP

### British Push Back Enemy at Several Points, Notably Between Kemmel and La Clytte, and French Flung Them Out of Loche.

Associated Press War Summary. Again there has come a pause in the battle in Flanders, where the ground everywhere is covered with the gray-clad bodies of German dead, and the British and French are holding securely to all their positions. From Saturday until well into Monday night Gen. von Arnim's forces continued their efforts to break the British lines on the Ypres salient and to press back the British and French from the high ground to the southwest, but everywhere their efforts were fruitless. True, they gained their objective and again captured Loche, but a counter-thrust forced them out again, and at last accounts the French were holding the village. In the hilly region just to the north of Loche the British also pushed back the enemy at several points, notably between Kemmel and La Clytte. Much of the snap of the German attacking forces has been absent from the manoeuvres they have been carrying out in Flanders under the steady line of the entente troops which has been visibly apparent since last Sunday.

Gain at Villers. To the sector near Amiens and to the east around Noyon the enemy likewise has failed in all his attempts to push forward. The British east of Villers-Bretonneux, which lies directly east of Amiens, have advanced their front, and in the Noyon sector the French have re-established their lines which the Germans previously had captured from them. The Germans on various sectors of the line are still hurling tons of steel against the British and French positions, but the allied guns are everywhere answering them in kind. While the present halt in the battle possibly may indicate the near approach of the throwing into the fray of the great reserve army which General Foch has gathered together, that such is the intention of the supreme commander of the allies' forces has not become apparent. It is not improbable, however, that at a meeting of the inter-allied war council in Paris Wednesday, which will be attended by the American, French, British and Italian representatives, measures having in view the turning of the tide of the battle will be uppermost in the discussions.

Relatively Calm. In all the theatres of the war except the western, the situation remains relatively calm so far as fighting is concerned. All along the front in Italy reciprocal bombardments continue, and small manoeuvres by reconnoitering parties are being carried out. In Macedonia the Serbians in the region of Monastir again have entered an enemy position and annihilated the garrison. They have been successful in repulsing an attack by Bulgarians, which had as its object the capture of positions near Vetrtsak, held by the Serbians a week ago. The superior king of Austria-Hungary is again reported in Swiss advice to be holding out the olive branch of peace—this time in the direction of Italy, and to have appealed to Italy to consider the proffer in her own interests.

ITALIAN SHOCK TROOPS ROUT MANY OF ENEMY. British Parties West of Canove Capture Prisoners—Usual Artillery Firing. Rome, April 30.—The official statement issued by the war office today reads: "On the Asiago Plateau Italian advanced troops routed a stronger enemy detachment, which suffered heavy losses in the Village of Stoccardello. Italian and British parties west of Canove and in the Ornic Valley captured prisoners, while an enemy patrol was driven back at Maigna Castellana. "The usual artillery firing has taken place along the whole front."

HULL GOES DRY TODAY. Ottawa and Environs Now in the Midst of a "Dry" Area. Ottawa, April 30.—John Barleycorn was given his knock-out in the City of Hull, Que., across the Ottawa River, this morning at 9 o'clock tonight, and the third largest city in the Province of Quebec is "dry." By an overwhelming majority a year ago the voters of the city voted to eliminate the sale of liquor after April 30, 1918. With the refusal of Sir Lester B. Pearson to renew the licenses of the bonded or Hull, the capital and its environs are in the midst of a "dry" area. The Counties of Ottawa and Prescott, in Quebec, also being under local option.

## BIG ADVANCE IN MESOPOTAMIA ACHIEVED BY BRITISH COLUMNS

### After Careful Organization, General Marshall Marches Towards Mosul, Capturing Kifra.

London, April 30.—A British official communication dealing with the operations in Mesopotamia says: "Our forces in several columns, the organization of which necessitated a long and careful preparation, have advanced to the north of Baghdad along the main road leading to Mosul by way of Kifra and Kirkuk. "On April 27 Kifra was captured and 40 prisoners taken. The Turks avoided attack and retreated to Kirkuk. Our cavalry overtook one enemy column and charged it, killing more than a hundred men and capturing 533 prisoners and much war material. "On April 28 our cavalry forced a passage of the Aqsa at a point southwest of Tuzhurmatil, and our main force reached the banks of the Aqsa. "On the 29th our cavalry got astride the enemy's communications towards Taug, and shortly afterwards our infantry advanced against Tuzhurmatil, which town was soon captured with 800 prisoners, five guns and some transport. The pursuit of the enemy continues along the main road to the north."

## BRITISH EVEN GAIN IMPORTANT GROUND

### Charge in Big Battle Makes Considerable Headway Towards Mount Kemmel.

### DEFENDERS COMMENDED

Message to Victors Praises Them for Magnificent Stand—Germans Busy Re-forming.

With the British Army in France, April 30.—The German General von Arnim was today busy re-forming his broken divisions and, presumably, bringing up reserves to replace the great numbers of men who gave their lives in fruitless assaults, by which they had hoped to wrench away more of the hill positions and thereby gain a dominating position, with the idea of forcing the allies to pull back their lines to the north. Yesterday was a great day for the allies, and today those divisions which were engaged in the sanguinary struggle received a message commending them for the magnificent defence they had made. Not only was the allied line practically intact at all points, but the latest reports show that the British during the counter-attack yesterday afternoon north of Kemmel re-claimed considerable ground which the Germans had held since Kemmel was taken.

Battle for Crossroads. At the crossroads between Scherpenberg and Mont Rouge and about Loche the fighting was particularly fierce. Loche changed hands several times during the day, and at nightfall the Germans had a hold on the place. In their counter-attack during the night, however, the French cleared the Germans from their positions between the two hills and thrust them back from Loche, thereby regaining ground to a depth of nearly a mile. The French during the day repulsed the initiative of the officers commanding the smaller units. Time and again French captains organized counter-thrusts with their companies and drove the enemy back after the Germans had gained a footing in advanced positions. The German attack against the British was from the southeast, towards Ridgewood, between Dickenbusch Lake and Voormezele. At Ridgewood, where the fighting was very bitter, the Germans at the outset advanced with fixed bayonets, but they came under such an intense machine gun fire that they were never able to employ their steel.

## GERMANS HELD GAINS ONLY SHORT TIME

Paris, April 30.—In the sector of Noyon the Germans in attacks today made gains in advanced French trench elements, but later were driven out and the French re-established their lines, according to the official communication issued by the war office tonight. In the region of Hangard there has been a violent bombardment. The text of the statement reads: "The region of Hangard was violently bombarded during the course of the day. "In the Noyon sector a German attack resulted in a spirited engagement. Our troops drove the enemy from the advanced elements where they had taken foot in the first assault and re-established their line. Patrol encounters occurred on the left bank of the Oise."

German Attempt at Dividing Forces of Allies Fails Disastrously. MARVELOUS STAND. Defending Troops Bear Incessant Attacks of Superior Numbers.

With the British Army in France, April 30.—Further desperate assaults by Von Arnim's army against the allied lines on the Flanders battlefield yesterday afternoon and evening met with no more success than the enemy's futile and costly attempts earlier in the day to break through and capture the hill positions west of Kemmel. Not only did the British and French maintain their positions at virtually all points in the face of furious onslaughts, but during the night they re-claimed several bits of territory which the enemy had succeeded in getting a hold on. Fierce fighting continued about Loche all day, and the enemy sacrificed great numbers of men in an attempt to push thru here. Brilliantly. In the meantime the flanks were being held brilliantly against successive shocks. A particularly bitter battle was fought astride the Kemmel-La Clytte highway, near the junction of the French and British. Here the enemy tried his favorite trick of dividing the two forces, but he found no weak spots. At Ridgewood, west of Voormezele, heavy fighting also continued through the day, the Germans losing great numbers of men, both killed and wounded. It is impossible to say how many attacks the enemy made at this point during the course of the day; they came forward in waves through long hours. There was no cessation of the enemy's efforts to withstand the onslaught of a force which is overwhelmingly in number.

## AUSTRIA ON BRINK OF BIG REVOLUTION

Serbs, Croats, Slovenes Take Plebiscite in Favor of Union With Serbia.

London, April 30.—A despatch sent out today by Reuters Limited, says it has been learned from Serbian sources that unmistakable signs of an approaching revolution in Austria-Hungary are becoming daily more evident. A plebiscite is being held among the Serbs, Croats, and Slovenes in favor of their union with Serbia and Montenegro under the sceptre of King Peter of Serbia. The Prince Archbishop of Carniola is at the head of this movement. Demonstrations of a very serious character are taking place in the whole Kimmel territory and continued until darkness fell. ### Will be Made Into Guns According to Belgian Governor's Decree.

New York, April 30.—The German government of Belgium has issued a decree calling for a list of all bells weighing over 20 pounds, as well as all organ pipes in Belgium, and it is intended to take them away to be manufactured into guns, according to a statement issued here tonight by Senator Henri Lafontaine, president of the executive committee of the Society for Gifts for Belgian Soldiers. "We are advised," added Senator Lafontaine, "that the Germans are constantly bringing up picked troops for a continuous attack on the Belgian soldiers. It is most important that we do everything possible to keep up the morale of our men in order that they be able to withstand the onslaught of a force which is overwhelmingly in number."

## FRENCH MAKE GAIN OF NEARLY A MILE

### Counter-attack From Scherpenberg Slope Reclaims Considerable Strip of Ground

British Headquarters in France, April 30.—Today was all quiet on Flanders battlefield. French counter-attack of last night was brilliantly successful, not only in recovering ground on the southern slope of Scherpenberg, but in advancing the line to a depth of 1000 yards astride the Drauzette road. Loche changed hands several times, but finally the Germans were held well beyond the eastern fringe. Desperate struggles occurred in the ruins of the village between small parties, including much bayonet fighting. A fine bayonet charge was made by one of our brigades just as the enemy was wavering in the face of furious fusillades. The Franco-British took a large number of prisoners during the day, but they were fewer than the magnitude of the struggle would lead one to expect owing to the desperate hand-to-hand character of the fighting. The prisoners show considerable depletion at the failure of Von Arnim's heavy thrust and admit that the task ahead of the German army threatens to bleed the fatherland of its manhood.

## ONLY LOCAL FIGHTS FOLLOW BIG BATTLE

## FRENCH TROOPS TAKE NINETY-FOUR PRISONERS IN COUNTER-ATTACK AT LOCHE.

London, April 30.—"Except for local fighting at different points, there has been no infantry action today," says Field Marshal Haig's report from British headquarters in France tonight. In a successful counter-attack last night at Loche the French troops captured 94 prisoners. "Further reports confirm the report that the enemy's losses were very heavy in his unsuccessful attack yesterday. "South of the Somme our patrols brought in a few prisoners. Beyond the usual artillery activity on both sides there is nothing further to report."

## BRITISH PILOTS ATTACK ENEMY BEFORE LOCRE

Bombs Dropped on Germans During Battle—Eight Hostile Aircraft Downed.

London, April 30.—An official report on aerial operations, issued tonight, says: "East of Loche the enemy's troops on Monday offered good targets to our pilots, who dropped 275 bombs on them and engaged them with machine gun fire. "Seven hostile machines were brought down in air fighting, and one was shot down by our infantry. Two of our machines are missing."

## GERMANS ADMIT FIGHTS IN ISOLATED SECTORS

Berlin, via London, April 30.—The official statement from general headquarters today says: "Infantry engagements developed on isolated sectors on the Flanders battlefield. North of Voormezele and Vierstraat we captured several English trenches. Storming detachments, which were penetrating the enemy's lines near Loche, came into contact with French counter-attacks. During the course of the fighting the enemy succeeded in establishing himself in the Kimmel territory and continued until darkness fell. ## AMENDED INCOME TAX, FRESH IMPOST ON BUSINESS, INCREASED RATES ON CERTAIN ARTICLES, WAR TAX ON LUXURIES INCLUDED IN ONE OF MOST IMPORTANT BUDGETS SINCE CONFEDERATION.

Ottawa, April 30.—To Hon. A. K. Maclean, acting minister of finance, this afternoon, fell the task of presenting to parliament one of the most important budgets since confederation. The steadily growing financial obligations of the Dominion, due to the war, made necessary the announcement of a number of increases in existing taxation as well as a number of new taxation proposals. Mr. Maclean's statement which was made to a crowded house and in the presence of full galleries excited more than ordinary interest at the capital. The minister's proposals included a renewal and extension of the business profits war tax; an increase in the income tax; an increase in the excise duties payable on manufactured tobacco, etc.; a duty of 10 cents per pound on tea which has been free, with a similar excise on tea in store in order that holders of the article will have no advantage; changes in the duties upon coffee and chicory in order to place the taxation upon these articles upon a parity with the taxation upon tea; an increase in the special war tax rates on sleeping car berths and parlor car seats; excise taxes on matches, playing cards; a specific duty of five cents per linear foot upon moving picture films; and a special war excise tax of ten per cent. upon the selling value of automobiles, jewelry, gramophones, graphophones, phonographs, talking machines, mechanical piano and organ players and records when imported into or manufactured in Canada. The tax upon automobiles is applicable to all imported into or manufactured in Canada, and unaided on April 30.

Business and Income Tax. The amended business tax provides for the taxation of businesses with a capitalization from \$50,000 down to \$25,000 which were exempt under the former law. The rate will be 25 per centum of the amount by which the profits exceed 10 per cent. Income tax exemption in the case of unmarried persons is reduced from \$100 to \$1000 and for married persons from \$200 to \$2000. The rate of taxation will be 20 per cent. from \$1000 and up to \$1000 in the case of single persons, widows or widowers without dependent children, and two per cent. from \$2000 up to \$2000 in the case of all other persons. The present super tax is to be continued at the present rate of 10 per cent. of the amount by which the income exceeds \$50,000, at which point a new classification is proposed. In addition to the normal tax and super tax there will be a profit surtax lasting until the year in which the war ends. This tax will start at 5 per cent. of incomes from \$6000 to \$10,000, increasing gradually to 25 per cent. on incomes in excess of \$200,000. Provision is made for an exemption of \$200 for each child under the age of 18 years. The corporation income tax now 4 per cent., is increased to 6 per cent. Effect of the Tax. To illustrate the effect of the proposed income tax amendments, Mr. Maclean read a statement showing the present and proposed tax payable in the case of a married person on the following incomes:

Income:	Present Tax:	Proposed Tax:
\$ 3,000..... Nil	\$ 20	
5,000..... 120	140	
10,000..... 260	292	
20,000..... 1,250	1,282	
30,000..... 2,450	2,707	
50,000..... 5,250	5,782	
75,000..... 10,010	11,007	
100,000..... 14,760	17,607	
200,000..... 45,760	50,957	
400,000..... 101,760	122,757	
600,000..... 130,700	195,407	

Another comparative column showed that the new income tax is approximately the same as that in the United States. Mr. Maclean explained that the increased excise duties on manufactured tobacco would be from 10 to 20 cents per pound; on cigars from \$2 to \$6 per thousand; on cigarettes from \$5 to \$6 per thousand; on foreign raw leaf tobacco from 25 to 40 cents per pound; the same stemmed, 42 to 60 cents per pound. There would also be an excise duty of 5 cents per pound on raw leaf tobacco grown in Canada. The duty on beverages which require malt, rice or corn in their manufacture and which do not contain more than 2 1/2 per cent. of alcohol is increased from 25 per cent. ad valorem to 40 per cent. ad valorem. The new rate on railway berths will be ten per cent. of the price paid for each berth with a minimum rate of 25 cents, while the parlor car seat tax is increased from five to ten cents. The tax on excise on matches will be one cent per 100, and the tax on playing cards 8 cents per pack. Preliminary Financial Review. The minister's preliminary financial review emphasized the necessity of

increased taxation to meet the growing war burden. Expenditures of all kinds for the year, he said, would require \$980,000,000, while the sums available from revenue, Victory Loan and other sources would total \$700,000,000, leaving a balance of \$280,000,000 to be provided from loans in Canada or elsewhere. This sum, he explained, was not inclusive of railway commitments. In this connection he announced that the government proposed to issue and sell equipment securities to cover the cost of the purchase of railway equipment. For the fiscal year which closed on March 25 he stated that apart from the war the expenditure had been \$205,000,000, and the revenue \$258,000,000, leaving the government a favorable balance of about \$53,000,000 to apply to war expenditures.

**Criticism From Opposition.**  
Mr. A. R. McMaster, member for Bromes, the new opposition financial critic, in the course of his speech, regretted the absence of an announcement of the removal of the duty from agricultural implements. When the need for food was so great, he said, the government should have adopted this very simple method of encouraging the farmer. The government, he said, had admitted the principle of free farm implements by removing the duty from farm tractors selling at \$1400 and less. He said the present fiscal policy of Canada could not be pursued because it was opposed to the policy which the United States would have to adopt after the war.

**BRITISH CASUALTIES REPORTED IN APRIL**

London, April 30.—British casualties reported in April reached a total of 52,475, divided as follows:  
Killed or died of wounds: Officers, 1621; men, 45,854.  
Wounded or missing: Officers, 7447; men, 35,684.  
Altho the complete reports of casualties sustain in the recent heavy fighting in France and Belgium apparently have not yet been made, a marked increase is shown in April figures. The total in March was 14,090, the smallest in several months.

**WAR SUMMARY THE DAY'S EVENTS REVIEWED**

With the beginning of an ambitious British advance from Bagdad upon Mosul Mesopotamia has again come before the world as an important theatre of action. The British, who are marching several columns, have already captured the city and are pursuing the retreating Turks, who declined to resist attack towards Kiruk. A force of British cavalry overtook one of the Turkish columns in the night and captured more than 1000 Turks, and took 538 prisoners. The British then captured Tuzhurmatli and began the pursuit of the Turks along the main road towards Mosul.

This news has a significant bearing on the situation in the east. The some distant and important objectives before the British army is evident. The London official communication in announcing this campaign refers to the long and careful preparation given to the organization of the columns for this advance. As a defensive measure it aims at protecting the British from the Turkish advance while they are yet far from the Indian frontiers. It is being carried out principally by Indian troops. The first duty of the Indian Government is to look to the defence of the peninsula. As an offensive measure it aims at striking down the new Turkish-German power in Armenia and the Caucasus at a moment when it is still embryonic. It also aims at giving assistance to the resisting Armenians.

The immediate object of this advance is to occupy Mosul and seize an important road centre towards Erzerum in order to open up the Caucasus to the British. The British are in their perennial wars with the Romans used often to use this route of attack. The impending attack of the British against Armenia may be the end of the Turkish-German advance in Russian Transcaucasia and recover these important regions for civilization. If the enemy were allowed to hold on to this territory he would at once, for instance, begin to derive full advantage from possession of the Russian oil wells at Baku. These are one of the richest prizes in Europe.

A quiet day on the Flanders battlefield succeeded the desperate struggle of the preceding day, and the sudden pause merely emphasizes all the more the enemy's disastrous defeat. It is as yet uncertain in the mind of the allied supreme command whether the enemy will renew the battle here, or whether he will choose to try his piercing operation somewhere else, but if he forsakes the Ypres salient for more promising fields, he concedes the allies a decisive victory of the same stamp as the first battle of Ypres. It seems that after the German onset had spent its force in the battle and the French counter-attacked they not only regained the lost ground on the southern slope of Scherpenberg, but advanced to a further depth of 2500 yards astride the Dranoutre road. They also regained Loere, which they had lost and won several times, and drove the Germans well beyond the British made a further advance east of Villers-Bretonneux.

On the French front, except near Langard, where the bombardment was

German Tactics in Present Battle Closely Resemble Those Before Verdun.

**MENACE NOT YET EFFACED**

Conservative Estimates Place Ludendorff's Losses at Three Hundred and Fifty Thousand

With the French Army in France, April 30.—The Germans again turned their attention to the southern flank of their front of attack Sunday night and early Monday morning, assaulting the Hangard Wood a number of times unsuccessfully. At the same time they bombarded with poison gas shells the northern flank, where there are strong indications of an approaching renewal of their infantry operations around Ypres.

It appears certain that the Germans soon must disclose their intentions, showing whether they have decided to confine their operations to the present battlefield or extend the actual fighting line on one end or the other in the hope of finding a weak spot. The enemy's tactics in the present battle bear a very close resemblance to those used in the battle of Verdun in 1916, but on an immensely larger scale. After the opening rush along the entire line for the purpose, if possible, of overwhelming the defenders by pure strength of numbers, before they are able to recover from the first great shock, each flank is attacked separately with the object of securing strong supporting bases on both wings, second and real offensive with masses of fresh troops concentrated meanwhile opposite the central point.

On this occasion Flanders and Picardy form the flanks of the German battlefield, the centre of which is left in comparative peace. For their operations in Flanders the Germans are well placed as regards communications, since behind their lines there is a series of good roads and railroads. The allies are not so well provided for in this respect. Up to the present, however, the enemy has made but little progress on either end of the line, but his menace has not been effaced. It is known that the Germans, in spite of their losses, are very powerful, and that total fresh divisions are available for further big efforts, notwithstanding the fact that they already have thrown approximately two million men into the line. Several of these divisions which have not been used are composed of excellent material, but the others heretofore have occupied quiet sectors, where they

may have lost some of their offensive spirit.  
**Estimated Losses.**  
Many divisions which have participated in the battles have been severely punished. Some estimates of their losses amount to as high as half-million men. Conservative calculations, however, do not place the losses beyond 350,000 men. The Germans have enough men in their depots in the interior to fill all gaps for some time, altho reconstituted divisions never will be able to equal in fighting quality the original formation, since large numbers of the men have been wounded, and after recuperation again thrown into the line. Prisoners taken recently do not display the old-time feeling of certainty that the great blow which has been so long prepared for, will yield immediate and full success.

**Colds Settled in the Kidneys**

Lumbago, Backache and Rheumatism Was the Result—Now Enthusiastic Over Cure Obtained.

Chatterton, Ont., April 30.—The kidneys are extremely sensitive to sudden changes of temperature, and much pain and suffering is a frequent result, as all who have had attacks of lumbago and rheumatism know. The writer of this letter was a great sufferer until she found that by using Dr. Chase's Kidney-Liver Pills she could regulate the action of the kidneys, and thereby remove the cause of lumbago and rheumatism. Mrs. John Lancaster, farmer's wife, Chatterton, Ont., writes: "We would not want to do without Dr. Chase's Kidney-Liver Pills in the house, for we have proven their merits in so many cases. I have weak kidneys, and whenever I catch cold it settles in the back and develops into lumbago. It may be said that by using Dr. Chase's Kidney-Liver Pills and applying Dr. Chase's Backache Plaster, that I obtain the greatest relief, and it may be said that my daughter has also used the pills with splendid results, as has also a neighbor woman who suffered greatly from constipation."

**CONSPIRATORS GET TERMS IN PRISON**

German Plotters Against India's Allegiance Given Stiff Sentences.

San Francisco, April 30.—Maximum sentences of two years imprisonment in a federal penitentiary and fines of \$10,000 each were imposed today upon Franz Bormann, German consular agent, general helper, and S. H. Von Schack, former vice consul, following their conviction last week on charges of conspiring to foment revolution against British rule in India. Baron Wilhelm Von Brincken, former military attaché at the San Francisco German consulate general, who pleaded guilty to the conspiracy charges, was sentenced to two years imprisonment. Sentences imposed on other defendants were: Walter Sauerback, navigating officer of the German sunboat Geier, one year in Alameda County jail, and \$2,000 fine; Charles Lattendorf, "bodyguard" of Baron Von Brincken, one year in the county jail; H. Kauffman, former chancellor of the German consulate, \$5,000 fine or six months' imprisonment; Robert Capelle, former local agent of the North German Lloyd Steamship Company, \$1,000 fine, or six months' imprisonment, and \$7,500 fine. Motions for new trials on behalf of all 29 defendants who were convicted by the jury were denied by Judge Van Fleet of the United States district court. In passing sentence Judge Van Fleet said: "The punishment is wholly inadequate to the crime and the penalty may be well called to the attention of congress to amend that it will act as a deterrent." He said "The German defendants represent a system that the civilized world cannot tolerate."

**ASK THAT CLAUSE BE REINSTATED**

Ottawa, April 30.—A delegation from Toronto and Ontario municipalities was in conference today to secure reinstatement in the Consolidated Railway Act of a clause which will ensure to a municipality full control of its streets. When the Consolidated Railway Act was before the commons law session it included a provision giving such control. In the senate this session, however, an amendment was inserted which, it is claimed, takes away full control. The delegation was received by Hon. N. W. Rowell, Dr. Reid, Sir George Foster, J. A. Calder, Arthur McPherson and T. W. Crothers. In the delegation were Mayor Church of Toronto, Controller Robbins and Alderman Gibbons of Toronto, J. W. Lyon, president, and T. J. Hannigan, secretary of the Hydro Union of Municipalities; T. M. Tweedie, M.P., Calgary; W. T. Henderson, city councillor, Toronto; C. C. Hocken, M.P.; H. M. Mowat, M.P.; R. C. Harris, works commissioner, Toronto; T. Wallis, M.P., and W. D. Litchfield, M.P., Toronto.

**TRAIN KILLS HORSE.**

Lincoln, April 30.—Richard Cairns, a farmer living near Franklin, Manvers Township, was awarded \$212.00 and costs by Judge Swayze, of Lincoln, against the Grand Trunk Railway Company for the killing of a horse, which entered through an open gate on the company's premises and met with such injuries when struck by a train that it had to be killed. **800 POPULATION.** Sault Ste. Marie, April 30.—The population of Greater Sault is 19,253, according to the assessor's figures, an increase of one thousand over last year. The total assessment is eight million. This is the first assessment of Greater Sault since the amalgamation of Sault and Steelton at the first of the year. **DUKE TO VISIT GUELPH.** Guelph, April 30.—Guelph is to be favored during the month of June with a two-day visit from the Duke and Duchess of Devonshire. Word to this effect was received this morning by Mayor Newstead, who has already taken steps to prepare for their entertainment. While here all public institutions, schools, hospitals, etc., will be visited. The dates are June 1 and 2.

### Imported Suits Today, \$49.50

On Sale at 10.30 a.m.—Some Half-Price and Less.

Some of them are actually less than half-price. Charming examples of the art of tailoring, they include models by such famous designers as Brandt, Maurice and Bernard, as well as clever interpretations of the mode by well-known New York makers.

The variety ranges all the way from the plainest of plain tailored suits to the chic little silk suit, a masterpiece of intricate tailoring, with flying panels, vest and embroideries. And every model shows that very desirable finish which is given by much hand-work. Gros de Londres, faille, tricotine, Poiret twist, gabardine, fine serges and covert—these are the chief materials, with the modish prevalence of navy, sand and tan. Specially noteworthy is the manner in which touches of red, rose and soft blue are skillfully applied on collars, cuffs and vests.

Many of the skirts show floating panels and yokes of unusual shape, while quaint short, loose coats and vests divide the honors with belted coats and severely simple habit coats. On sale at 10.30 a.m. May Day special, priced at \$49.50.

## Dresses to Delight You in Foulard and Gingham Taffeta

Smart as New York Dressmakers Know How to Make Them, and Serviceable and Practical as Navy Blue Silk Always Proves to Be in the Spring and Summer Wardrobe

The Navy Blue Silk Dress—the woman who has many clothes is never without it, and the woman who has few depends upon it as the stay and standby of her summer wardrobe. And here in the little Rose and Grey Rooms now is a charming showing of models in blue and white foulard and gingham taffeta, and in plain blue satin and crepe meteor. Note, furthermore, that prices run along that popular scale of \$35.00 to \$65.00. Thus:

In the modish blue and white gingham taffeta is a very smart frock, with bias tunic, plain navy girdle, and white organdy collars and cuffs. Price, \$47.50.

Another model in navy and white gingham taffeta (also in red and white) shows a simple bodice, with organdy cuffs and collar, the skirt laid in loose arranged pleats. Price, \$40.00.

Immensely smart, too, is a model in white foulard, patterned in white with a dash of green, the tunic of blue, georgette crepe taking the form of an apron panel, back and front. Price, \$35.00.

A delightful gown in navy blue crepe meteor is distinguished by cuffs and long shawl collar of white organdy, with Frenchy ornamentation of dull red beads. Price, \$60.00.

Black and white foulard composes a modish dress, showing a skirt with bias tunic and surplice bodice, with collar and cuffs of white satin. Price, \$55.00.

The very picture of charm and good style is a model in navy crepe meteor, with collar and cuffs of white silk organdy as its only detail of ornamentation. Price, \$65.00. And in navy taffeta, with collar and cuffs of white embroidered organdy, and tunic overskirt bordered with stencilled design in subdued tones of green, dull gold and red. Price, \$35.00.

## Charming Negligees and Breakfast Coats

They Hail From New York, and Betray in Every Line That Indefinable Softness and Nicety Which Milady of Good Taste Demands in This Informal Garment

Brief are the moments of relaxation in the busy hours of a woman's day these strenuous times. But all the more precious do they become; all the more does she revel in the filmy languorous negligee when she throws off her workaday costume. And these boudoir gowns and breakfast jackets, now on display in one of the Yonge street alcoves of the Third Floor, will surely induce raptures of admiration. They are charming and dainty as negligee well can be.

The trio of models in the sketch are from the display, their prices and colorings as follows:

A. This graceful negligee, that suggests the garb of the maiden of ancient Greece, and borders closely on the province of the tea-gown, is fashioned of palest flesh pink Georgette crepe. The neck and sleeves are outlined with tiny ribbon-made flowers, the buckle at the waistline contrived in the same dainty manner. Price, \$35.00.

B. The trim little breakfast coat, with pockets and girdle, such as this our artist has drawn, has become very popular in the present-day wardrobe. It is composed of soft satin, in orchid pink shade, and may be had, too, in peacock blue, pale blue and rose pink. The price is \$18.50.

C. Cotton crepe is employed for this smart negligee with the accordeon-pleated skirt, the coat being charmingly embroidered in heavy silk. It may be had in a delightful Copenhagen blue, in rose, in pale blue or in lavender. Price, \$7.50.

Also in the showing are these attractive models:

An exquisite negligee, showing long, loose coat of pale blue ninon, lavishly bordered and inset with creamy lace, mounted on an underlay of flesh pink accordeon-pleated crepe de chine. Price, \$28.00.

A beautiful little breakfast coat, hand-made in handkerchief lawn, edged and inset with lace, is moderately priced at \$45.00.

Also hand-sewn is a very lovely Paris negligee, in flesh color Georgette, inset with flowered ninon, and smartened with cherry velvet ribbons. Including cap to match, price, \$45.00.

## TEACHERS TO HELP IN REGISTRATION

Three Have Already Been Appointed to Office in Toronto.

In preparation for the national registration, which will take place on some day in June yet to be determined, registrars have already been appointed by the federal government. A board of registration has also been appointed in Toronto of which Dr. G. Steele is chairman. John M. Godfrey is superintendent of registration for Ontario and he is in Ottawa now getting fuller details of the plan of campaign. Upon his return on Thursday a statement will be given to the Toronto press. In the meantime the registrars, themselves,

are largely in the dark as to what their duties will be.

J. Earl Lawson, who has been appointed registrar for the electoral riding of West York, expects that he will be able to co-operate with all employers of labor in his district to enable the registration of such employees with as little loss of time and suspension of business as possible. He undertakes that each registrar may assist deputy registrars as may be found necessary. Several school teachers, including three women, have already been appointed registrars and it is expected that the school teachers will volunteer in a body to act as assistants, and that schools will largely be used as registration booths. It is pointed out that about 100 will be the limit of registrations under one registrar as the questions to be answered will make the time involved about six minutes to an individual. Under these circumstances many booths and assistant deputy registrars may be required. The whole thing will be voluntary without pay.

Toronto and York registrars for the man power registration will be: Toronto, Miss Lillian Hunt;

East Toronto, Dr. G. Steele; North Toronto, Miss Harriet Johnston; South Toronto, David A. Carey; West Toronto, Chas. G. Fraser; Parkdale, Hawley S. Mott.

East York, A. H. Dunnett, Riverdale E. S.; North York, Wm. Keith; Newmarket, West York, J. Earl Lawson; Toronto, South York, Miss Emma Lorne Duff, Toronto.

The three ladies appointed are school teachers.

For South Ontario, Dr. Thomas Kaiser, Ottawa; North Ontario, H. J. Gould, Uxbridge; Peel, C. S. McDonald, Brampton; Halton, R. L. Hemstreet.

## GRANT FOR KHAKI CLUB.

A deputation representing the Khaki Club, corner Dovercourt road and Queen street, waited upon Hon. T. W. McGarry, provincial treasurer, at the parliament buildings yesterday and asked for a grant of \$2,500 for the club. It was promised that the representations made would be given consideration.

## APPEAL AGAINST BOARD'S FINDING

Toronto Railway Company States Grounds and Challenges Power to Fine.

In its claim for appeal against the finding of the Ontario Railway and Municipal Board which imposed a fine of \$1,000 a day for 24 days for failure to provide 100 new cars as previously ordered, the Toronto Railway Company challenges the constitutionality of the act appointing the board.

## FIRE LOSS HEAVY THRUOUT CANADA

Carelessness Frequent Cause, According to Evidence Given Commission.

At the sitting of the fire insurance commission at the parliament buildings yesterday, W. W. Pearce, city architect, voiced the opinion that fireworks were senseless in this age. He explained the city building and fire protection bylaws, and dealt with the numerous causes of fires during the past year.

## A POPULAR SONG.

"We're From Canada." the popular patriotic song composed by Miss Irene Humble of this city, has now reached a sale of 127,000 copies. Not in recent years has any local composition met with such pronounced favor as the effort of this young Toronto girl. Miss Humble is at present in New York City.

DECISION FAVORS HYDRO'S POSITION

Electric Development Company Had Not Right Over Certain Amount.

AT NINE DOLLARS H. P.

Finding of Commission Regarding Reasonable Price for Surplus.

A decision which vindicates the position which the Ontario Hydro-Electric Commission took in reference to the number of horsepower being developed by the Electric Development Company at Niagara Falls has been given by the commission composed of Sir William Meredith, Justice Sutherland and Justice Kelly which was appointed to hold an enquiry brought about by charges made by Sir Adam Beck, chairman of the Hydro commission.

It was claimed that the company was not entitled to use more than sufficient water to develop 125,000 horsepower at any one time but the company claimed it was within its rights to develop an average of that amount. The report states that it has been found that the company installed machinery capable of developing 150,000 h.p.

The conclusion is reached that the company has not the right to develop at any time more than 125,000 h.p. for commercial use; that under the terms of the contract that amount must be the amount registered at the generator and not at the wheel. Having regard to the circumstances and present conditions, should the company be ordered to deliver to the hydro such excess power, we are of the opinion and we find that a reasonable price for such excess power is \$9.00 per h.p. per annum," the report states.

Under the regulation passed at the session of 1917, the next move will be the issuing of an order-in-council requiring that amount of power being developed over 125,000 h.p. to be delivered to the hydro system. "The judgment vindicates the position which the government and hydro took right along in regard to this matter," was the comment of Sir William Hearst yesterday afternoon.

SEVENTY THOUSAND FOR WAR CHARITIES

At the annual meeting of the Christian Men's Federation of Canada at the Central Y.M.C.A. yesterday, reports covering the year's work were read showing that about \$70,000 had been contributed to war charities since the last annual meeting. The money is administered thru the International Council of the Brotherhood movement in Great Britain. The secretary reported that the call for help in war relief work among refugees in Belgium, France and Serbia had brought many workers into the field. Hearty thanks were tendered to Dr. J. G. Shearer, retiring president, also to John Lowden, retiring treasurer. A committee consisting of Bishop Browning, Rev. J. A. Stewart, Rev. A. P. Mackenzie, will arrange to meet the international secretary of the Brotherhood National Council of Great Britain on his visit here in aid of war refugees.

The officers elected were as follows: Rev. T. Albert Moore, president; Rev. J. A. Stewart, Rev. T. W. Davidson, vice-presidents; L. O. McCarthy, treasurer; Thomas Howell, secretary. Among those present were: Allan A. Eby, Kitchener; Rev. A. P. Latta, Geo. R. Pascoe, John Mitch, H. W. Auman, Theobald Gibson, J. P. Laverty, A. McLean, A. E. McLaughlin, Archer Wallace, W. McKinnaw, John Edwards, L. Henderson, B. M. Taylor, Dr. E. P. Coupland, Rev. G. A. Woodside, Rev. R. S. Scott.

FOUR BAPTIST MISSIONS BECOME SELF-SUPPORTING

Four Toronto Baptist mission churches have become self-supporting. This was announced at the opening session of the Baptist Home Mission Board yesterday. The new self-supporting Baptist churches are Boon avenue, Wychwood, Jones avenue and Pape avenue. Although the home missionaries' salaries had been increased, the financial report showed a credit balance for the half-year.

PARKS COMMITTEE MAY ATTACK TUSSOCK MOTH

The question of whether the city authorities should or should not bill off the tussock moths now raiding a greater portion of private properties in the city was vigorously discussed at yesterday's meeting of the parks committee, of which Ald. Sam Ryding was acting chairman. Ald. Plewman was of the opinion that it would be an excellent idea to place a death-to-the-tussock-moth campaign thru the medium of the press. Ald. McMullin and Beamish believed that the only way of dealing with the vexed question was to instruct the board of control to issue permission to draw \$10,000 from the city treasury to get to work on the matter straight away. Ald. F. M. Johnston moved an amendment to have the committee request the acting parks commissioner to get to work himself irrespective of the board of control. All these shades of opinion when put to a vote of the committee were lost. Acting Parks Commissioner Harris will report upon the pest at the next session. In the meantime the fear of several aldermen that the city would invade private grounds will not be realized.

LIQUOR PRICES.

Government Vendors Cannot Go Beyond Certain Figures, Say License Board. Maximum prices for all kinds of liquor to be sold by the two government vendors have been fixed by the Ontario License Board as follows: A quart, ordinary rye whiskey, \$6 a gallon or \$1.50 a quart; Hennessy's brandy, single star, \$2 a quart, and three star, \$2.75 a quart; gold cross Alcohol, wholesale, \$2.75; De Kuyper and sherry, ordinary brands, \$2.25 a quart while it lasts; natives, wine, \$2.25 per gallon to \$2.75 or 50c to 60c a quart; sacramental wine, \$2.25 a gallon; St. Augustine's special sacramental brand, \$2.50 a gallon; ales and lagers, \$2 a gallon, and Labatt's \$2.25 a gallon.

ARLINGTON CASE DISMISSED.

The Army and Navy Hotel Company Venture.

Justice Middleton has dismissed with costs the case of A. O. Boehmer of Toronto versus Catherine R. Kelly of Kingston and Charles Selby, also of Kingston. It was alleged that about October, 1916, the plaintiff and defendant, Catherine R. Kelly, entered into an agreement whereby certain property known as the Arlington Hotel, Toronto, should be acquired in the name of Catherine R. Kelly, to hold same in trust for a company then being formed by the plaintiff and defendant, Catherine R. Kelly, for the purpose of carrying on the hotel in the name of the Army and Navy Hotel Co. Afterwards, it was alleged, the defendant, C. R. Kelly, made a fraudulent transfer. Plaintiff claimed (1) a declaration that the defendant, Kelly, held the property as trustee; (2) an order setting aside the transfer; (3) an account of the profits made.

FOOD DESTROYED.

Seven tons of food was destroyed yesterday at the incinerator and at the crematory on Strachan avenue. Nearly 500 pounds of onions figured in this list, which was several tons weightier than the wastage of the preceding 24 hours.

WILLS PROBATED

Rev. Robert Wilson Kelley, formerly of 88 Dingwall avenue, left estate valued at \$1440, consisting of \$140 in bank, \$50 in personal effects and the property at 58 Dingwall avenue valued at \$1250. His children will share equally. Bernard McManney, a mining operator, who died suddenly in Toronto April 3, left an estate valued at \$48,613, consisting of \$125 in household goods, \$1225 in a mortgage, \$1500 in bonds, \$48 in cash, \$200 in farm produce, 179,223 shares Porcupine Crown Mining Co., valued at \$23,213; 279,400 Maidens Silver Mining Co., of no market value, and \$22,000 in real estate. No will was left, and the Trusts & Guarantee Co. applied for administration of the estate. The heir of Alexander Belik, a Russian, who are at present in Lublin, Russia, will share the estate valued at \$1236. It is made up of a watch valued at \$5 and \$1231 in two bank accounts.

VIOLATES FOOD LAW.

Hotelkeeper's Wife Fined for Ignoring Recent Regulations. Charged with a breach of the new War Food Act, Emma Hammond, the wife of a hotelkeeper, was fined \$100 by Magistrate Kingsford in the women's court yesterday morning. According to the evidence the sugar bowl had been left on the table, and in one instance named by the crown 32 slices of bread had been supplied to two men. The magistrate was loath to impose a fine and said so. "She has violated almost every section of the War Food Act," insisted Mr. Corley. "I don't want to impose a fine. It's a very hard law," said his worship. "Eventually they compromised by allowing the woman one week to raise the fine."

AT THE MADISON.

The big eight-act production, "Lost We Forget," which, with Rita Jolivet in the leading role, is being shown at the Madison Theatre the first half of this week, has been shown in Toronto before. But it is a spectacle that none should miss. The screen representation of the torpedoing of the Lusitania is particularly thrilling, but throughout the historical significance of the melodrama is palpable. What a fine job was done by it.

ONTARIO IS PLANNING TO HELP MEET DEMAND

Sir William Hearst, Hon. G. Howland Ferguson, and G. F. Bailey, assistant deputy minister of agriculture, visited the flax farm which the department is operating in Willowdale, north of Toronto, yesterday afternoon. There were three tractors at work, and considerable ground has been broken. It is expected to put in about 80 acres of flax, this crop having been decided upon owing to the urgent demand which comes from the imperial government.

SPORTSMAN LAID TO REST.

Late F. T. Dissette Buried at Mount Hope Cemetery. The large crowds present at the solemn requiem mass for the repose of the soul of the late Frank T. Dissette testified to the love and respect in which he was held by all classes of the community. Relatives from all points were present, among them being George Clarke of New York, James Clarke, New York, uncle of the dead sportsman. Rev. Father Joseph Dissette of Elmira, a cousin, was also present. The pallbearers were Terence LaFlamme, James Murphy, Joseph O'Grady, John Wheaton, Leo Devaney and James Casgrain. The remains were interred in Mount Hope Cemetery. Rev. Father Traylor officiated.

COMMUNICABLE DISEASES.

Measles, scarlet fever and mumps figured among the communicable diseases for the month of April, reported by the public health department. There were 736 cases of measles and 165 cases of scarlet fever. Altogether there were 1226 cases of communicable diseases reported for the month, as against 1076 for the previous month and 753 cases for the month of April, 1917.

LAND APPEAL ALLOWED.

In the second divisional court the appeal in the case McLeod v. McCrae from the decision of Justice Lennox in January, 1918, who dismissed the action with costs, was allowed. The action was brought for possession of all parts of lot 9 in the first concession of the Township of Cumberland, in the County of Russell, lying north of the highway, and bounded by the Ottawa River. The defendant's admitted the plaintiff's title, but maintained that the claim of the plaintiff was barred by the Limitation Act.

BUY CEMETERY PLOT.

Women of World Will Perpetuate Memory of Soldier Members. The district camp of the Canadian Order of the Woodmen of the World, met last night and purchased a large plot on one of the main roadways in Park Lawn Cemetery upon which the head camp of the order intends to erect a shaft to perpetuate the memory of the members who have fallen at the front.

Enough Coal Mined and Carried

There are still some householders who are nervous about the coal supply, and for those who read what we said yesterday, we would assure them that if they comply with the suggestions made, they will have no trouble in getting their coal.

There are several things that should be considered. The Alberta coal miners, for example, are pointing out that if the 3,000,000 tons which are carried to the head of the Lakes every year to supply the west were diverted to the eastern trade it would relieve the Ontario situation.

As far as the east is concerned this will prove an immense relief to the eastern and Ontario consumer. Three million tons of coal added to the available supply will make a material difference.

At the same time it should not be forgotten that the shortage last winter was due more to hoarding, bad system of distribution locally or none at all, and improvidence on the part of the consumer as much as to any more radical cause.

Of the coal mined in the United States only 2 per cent. was exported and half of this came to Canada. The anthracite coal miners last year were only 152,000 in number, as against 177,000 in 1916, but they produced 13 per cent. more than in any previous year, or 77,000,000 tons. Bituminous coal production was 544,000,000 tons.

Quebec Falling in Line
It is pleasant to hear the report of the minister of militia that Quebec is beginning to do its duty in the war.

Gen. McBurn reported that there had been over 30,000 men drafted, and it was in view of the inadequacy of this number that the more drastic step was taken. It is reported from Montreal that some branches of the service have been unable to handle the applicants, and with this new spirit abroad it will relieve the strain upon those at the front whose anxiety for those at the front in the face of the heavy German pressure, must have been serious.

ENEMY FABRICATES STORY OF RISING

Germany Deliberately Manufactures News of Rising in Petrograd.

It will help some of our grumblers and pessimists, as perhaps Mr. Maclean intended it should, to understand that in spite of war conditions, high prices, income tax and other difficulties, we are no worse off than our neighbors but rather better in many respects.

The new income taxes should not detract from this view. They are fair and equitable and the changes are not onerous. Businessmen under the former schedule were not taxed whose capital was under \$50,000. In future this limit will be reduced to \$25,000, but at lower rates.

Individuals the changes are in accordance with the needs. The exemptions are lowered in the case of single people from \$1500 to \$1000, and for the married from \$3000 to \$2000. Those having children under 16 will be exempted \$200 for each child.

The wealthier incomes are given a heavier surtax, the rate being 15 per cent. from \$50,000 to \$70,000; 20 per cent. of the next \$20,000; 25 per cent. of the next \$100,000; 30 per cent. of the next \$200,000; 40 per cent. of the next \$200,000; 45 per cent. of the next \$200,000, and 50 per cent. of everything over \$1,000,000.

Luxuries are also dealt with, tobacco paying 20c a pound instead of 10c; cigars \$6 instead of \$5 a thousand, and cigars also \$6 a thousand instead of \$5. Sleeper berths will be taxed ten per cent. of the price, with a minimum of 25 cents, and parlor car seats will be ten cents instead of five. Additional taxes are put on the packers.

At the same time it should not be forgotten that the shortage last winter was due more to hoarding, bad system of distribution locally or none at all, and improvidence on the part of the consumer as much as to any more radical cause.

Of the coal mined in the United States only 2 per cent. was exported and half of this came to Canada. The anthracite coal miners last year were only 152,000 in number, as against 177,000 in 1916, but they produced 13 per cent. more than in any previous year, or 77,000,000 tons. Bituminous coal production was 544,000,000 tons.

Quebec Falling in Line
It is pleasant to hear the report of the minister of militia that Quebec is beginning to do its duty in the war.

Gen. McBurn reported that there had been over 30,000 men drafted, and it was in view of the inadequacy of this number that the more drastic step was taken. It is reported from Montreal that some branches of the service have been unable to handle the applicants, and with this new spirit abroad it will relieve the strain upon those at the front whose anxiety for those at the front in the face of the heavy German pressure, must have been serious.

ENEMY FABRICATES STORY OF RISING

Germany Deliberately Manufactures News of Rising in Petrograd.

It will help some of our grumblers and pessimists, as perhaps Mr. Maclean intended it should, to understand that in spite of war conditions, high prices, income tax and other difficulties, we are no worse off than our neighbors but rather better in many respects.

The new income taxes should not detract from this view. They are fair and equitable and the changes are not onerous. Businessmen under the former schedule were not taxed whose capital was under \$50,000. In future this limit will be reduced to \$25,000, but at lower rates.

Individuals the changes are in accordance with the needs. The exemptions are lowered in the case of single people from \$1500 to \$1000, and for the married from \$3000 to \$2000. Those having children under 16 will be exempted \$200 for each child.

CANADIANS EARN MILITARY CROSSES

Knowledge of German Helps Lieut. Smith to Win Honor.

London, April 30.—How a knowledge of German earned Lieut. Ralston Eric Smythe, of Welland, the Military Cross, is officially related, advancing with a scout patrol he encountered nine Boches and challenged them in their own language, receiving the reply that were infantry, ordered them to advance, got them under Lewis gun fire, and then called upon them to surrender. When they refused, Lieut. Smythe personally killed the leader, two others being killed and five captured. Lieut. Smythe is 23 years of age, has been in France eighteen months and was wounded.

Four Canadian chaplains received the Military Cross for tending wounded under fire: Rev. Thomas Colwell, of Kincairdine, Ont., during the hottest part of the action, moved over the battlefield, succoring the wounded, dressing wounds, leading search parties night and day, and not resting till the last man was brought in.

Rev. William Henry Davis, of Edmonton, while fighting was in progress, organized parties reaching in No Man's Land under heavy shell fire in full view of the enemy.

Rev. Thomas McCarthy carried wounded on two occasions under intense shell and machine gun fire, his courage and gallantry being an inspiration to all.

Rev. Thomas Hudson Stewart, of Hamilton, assisted in bringing in the wounded all day under heavy fire, and stretcher-bearers in No Man's Land, undoubtedly his courage and determination saving many lives.

George is Pleased That Mrs. Ross Called. CHAPTER XLIX. "Mr. and Mrs. Ross called, last night, and a Mr. Huntington came with them." I remarked at the breakfast table.

"That so? Well, Gerald Ross is a charming woman. I should like you to be friends with her."

"She is a lot older than I."

"I know that! It is one of the reasons I should like you to be with her. I don't care so much for Bert, but Gerry is all right." You called her Gerald. I thought that was a man's name.

"Her name is 'Geraldine.' We always called her either 'Gerald' or 'Gerry,' before she was married, and most of us still keep it up. That young Huntington I don't care so much about. I don't know what she young men, nowadays; they don't seem to have an idea in their heads beyond having a good time. He's rather of an ass, but has money enough to do as he pleases."

I was disappointed to hear George criticize Claude Huntington before I could tell him of the invitation to dinner at the gay little restaurant in the suburbs.

"He is going to give a dinner out at Cliff's, soon. He asked me if you and I would go?"

"Perhaps, if I have nothing else to do," George replied carelessly, and I said no more—pleased to have even a tentative promise.

A DOUBLE MURDER IN SASKATCHEWAN Regina, Sask., April 30.—According to information which has reached the police here, a double murder was committed yesterday near Klippling, Peter Coloux, a Frenchman, walked out to the farm of John Borle, and it is alleged, deliberately shot Borle as he was harrowing in a field. Walking back to the farmhouse Coloux emptied the other barrel of his double-barreled shotgun into John Peter Borle, the father of the young man previously shot. Both men were instantly killed.

Coloux was arrested a few hours later by the provincial police, who now have his signed confession. He claims he received a dirty deal over the renting of the farm by the elder Borle.

London, April 30.—The White Guards, or Finnish Government forces, have captured Viborg, 75 miles northwest of Petrograd, after killing nearly the entire force of 8000 Red Guards, according to an official announcement issued at the Exchange Telegraph Company. The news was first reported by the Finnish Trade and Labor Council, which said that the bricklayers' demands had been met, and there was no likelihood of trouble in any of the other trades.

NO STRIKES LIKELY. Quebec, April 30.—Tomorrow will be May Day, known throughout the world as the day for strikes and labor troubles. So far as is known at present there was marked by an accident that will hamper inland shipping. The steamer Henry B. Hall, bound for the lakes, carried away two gates of a lock in the Lachine Canal, and the rush of water carried away two more.

### HALF FALL WHEAT IS WINTER KILLED

### Land in Unusually Good Tilt for Spring Seeding, Say Reports.

The following is a summary of reports made by district representatives to the Ontario Department of Agriculture: About half the acreage of fall wheat is reported to be more or less injured since the crop entered the winter, chiefly by unfavorable fall and later winter weather. A portion of the damaged fields will be cultivated to other grains, chiefly spring wheat or barley.

Clover has come thru much better than the wheat, and, although patchy in spots, is recovering wonderfully. Grasses generally are now getting a favorable start. Spring seeding is being actively prosecuted, the land being in unusually good tilt, and a first-class seedling being sown in good numbers, but many are being held for May sales. Prices rule around 12c and 13c a lb., but one Bran-Clover seedling is a limiting factor in its production. Young pigs are in great demand. Bacon hogs are selling at from \$19 to \$21.50 per cwt.

The flow of milk is about normal. Raising the set price of cheese from 21 1/2 to 22c a lb. has given much encouragement to patrons and managers, and some factories that had to close last season owing to being outbid in the price of milk condenseries, will reopen.

Plenty Bulky Feeders. While grain is scarce and all kinds of millfeed very dear and hard to procure, there is plenty of the more bulky feeders, such as hay, straw and roots, although ensilage was never lower in the silo and never better appreciated. In most cases live stock will be carried nicely over to the grass.

Farm labor conditions threaten to be more acute, owing to the new draft regulations of the Military Service Act. Some claim that this is affecting the extent of spring seeding and general cultivation. The demand for experienced men is very strong. The Norfolk representative reports: "Heavy demand for help of all kinds—men, high school boys and women. Several girls' camps are being established in the county at Waterford, St. Williams, Victoria and Simcoe. During the week five or six young women have been individually placed on mixed farms and fruit farms."

### LABORERS ASK RAISE.

The Builders' Laborers' Union at last evening's meeting, held at the Labor Temple, decided to ask the builders' exchange that on and after May 14 the minimum wage be 40c an hour.

Another draft goes east. Another draft of Canadian Engineers left Toronto last night for the training grounds at St. Johns, Que. Counting the men who went yesterday the Engineers have sent 150 recruits eastward during the past three days.

Windsor Resident Dies. Windsor, April 30.—Thomas Blackburn, one of Windsor's old residents, is dead at his home here at the age of 78. He took a prominent part in municipal affairs and served three terms as a member of the city council. He was a native of Bowmanville.

Prominent Men to Testify Today at Canadian Northern Enquiry. When the C.N.R. arbitration proceedings opened yesterday morning it was announced that H. E. Lavigne, M.P., mayor of Quebec, and Hon. John Oliver, premier of British Columbia, would be ready to give evidence at the sitting of the commission today. M. A. Macleod, manager of the C.N.R. western lines, resumed his testimony regarding the state of treaties in his section. The life of steel rails on main lines was also discussed, and witness stated that the life depended on the amount of traffic, but generally was ten years on the main line and twenty on branch lines.

HOME RULE BILL DELAYED. The introduction of the home rule bill in the house of commons, which had been announced for Thursday, has been postponed, the drafting committee not having completed its task.

That the government means business in regard to the calling to the colors of men in medical category B3 is shown by the fact of 231 of them reporting for service at Exhibition Camp, Toronto, yesterday. Part of them were from outside cities and towns, but the majority came from Toronto City. This is the second draft of B3 men called to the colors, about 150 having reported at Exhibition Camp exactly one week ago. Both the drafts of B2 men were attached to the 2nd Battalion, 1st Central Ontario Regiment, Lieut.-Col. R. K. Barker, commander.

At the reception tendered the Rev. Dr. James Endicott, secretary of the Foreign Mission Board of the Methodist Church, last night at Trinity Methodist Church, the choir was occupied by the Rev. Dr. Chown, general superintendent, and there were present on the platform representatives of all denominations having an interest in the work of the Women's Missionary Society.

After Dr. Goucher of Baltimore had led in prayer, Dr. Endicott was formally welcomed back to Toronto and introduced to the audience by the general superintendent. Dr. Chown referred to the journey across China and thru Japan from which Dr. Endicott had returned as "a journey far greater than the apostle Paul ever dreamed of."

Dr. Endicott spoke feelingly of the reception which was given him and told his hearers that his trip to and across China was the most rapid ever made in the experience of missionaries. Everything seemed to work together for good, even to the Standard Oil boat which he managed to catch at Vancouver, and he said that to God belonged the glory. He was one who believed in the directing power of God.

# Boys!

## A Great Chance to Help 'Big Brother' at the Front—Y.M.C.A. "Earn and Give" Campaign

YOUR brothers are fighting, and many giving their lives! Fathers are giving up their wealth and services. Mothers and sisters are doing wonders in Red Cross and other work! Your help is urgently needed too—for Victory!

Here is your opportunity to do a double service.

The Y.M.C.A., through the Red Triangle Fund Campaign, is asking the people to give the big sum of \$2,250,000, needed to enable the Association to carry on its work of helping Canadian Soldiers everywhere they may be.

### Our Objective

In connection with the Red Triangle Campaign the Y.M.C.A. is inviting 6,000 boys to give at least \$10 each to the fund. This will mean \$60,000 in all. What a splendid way to help in the war! Every boy is eligible whether a member of the Y.M.C.A. or not. The first \$50,000 is for the War Work of the Y.M.C.A. Overseas, and at home. Five thousand dollars will be used for Boys' Work in India and China, and the remaining five thousand dollars for Boys' Work in Canada.

First, you are asked to *earn*, not solicit, at least ten dollars. Every cent you *earn* helps the cause of the Allies.

Second, you are invited to subscribe at least ten dollars to the "Earn and Give" Campaign.

### The Ten Dollar Unit

A boy must subscribe at least \$10, or he may give more, in \$10 units, but not less.

He may earn the money, deduct it from his own savings, or take it out of his allowance. But, he should not solicit the money.

### Certificates

When a boy has given \$10, or more units of \$10 each, he will receive a beautifully engraved certificate. In the meantime, each time a boy pays one dollar, a coupon is detached and given him as a receipt. Payments must be completed by October 1st, 1918.

### What to Do

There is a representative of the "Earn and Give" Campaign in every district. Ask your local Y.M.C.A. representative for pledge card and full particulars, or write direct to headquarters:

Prominent Men to Testify Today at Canadian Northern Enquiry. When the C.N.R. arbitration proceedings opened yesterday morning it was announced that H. E. Lavigne, M.P., mayor of Quebec, and Hon. John Oliver, premier of British Columbia, would be ready to give evidence at the sitting of the commission today.

HOME RULE BILL DELAYED. The introduction of the home rule bill in the house of commons, which had been announced for Thursday, has been postponed, the drafting committee not having completed its task.

That the government means business in regard to the calling to the colors of men in medical category B3 is shown by the fact of 231 of them reporting for service at Exhibition Camp, Toronto, yesterday. Part of them were from outside cities and towns, but the majority came from Toronto City.

At the reception tendered the Rev. Dr. James Endicott, secretary of the Foreign Mission Board of the Methodist Church, last night at Trinity Methodist Church, the choir was occupied by the Rev. ### PASSES THRU CHINA OF HOSTILE ARMIES

Rev. Dr. James Endicott Tells of Experiences While Crossing China.

### WAS AMONG BRIGANDS

These, However, Did Not Molest Him When They Knew Who He Was.

At the reception tendered the Rev. Dr. James Endicott, secretary of the Foreign Mission Board of the Methodist Church, last night at Trinity Methodist Church, the choir was occupied by the Rev. Dr. Chown, general superintendent, and there were present on the platform representatives of all denominations having an interest in the work of the Women's Missionary Society.

While in China he had many exciting experiences including the passage thru the lines of the Northern army, being challenged by the sentries of the southern army and in getting safely thru their lines without harm. He had been surrounded by Chinese brigands who were only people who could be relied upon, and the old prejudices against foreigners were being broken down.

The women missionaries were referred to in the highest terms. In the face of civil war these women had shown the courage which comes only from on high; so much so that when the southern troops had occupied a certain town the soldiers refrained from killing the wounded men of the northern army, who were being cared for by the women in the mission station.

As an example of the progress being made in the mission field, Dr. Endicott told of a man named Quentin who, in the City of Jhad, of 50,000 inhabitants, had secured a building where 800 people now assemble to hear the gospel. This building had become the social and governmental centre of the town. The missionaries were doing a greater power for service due to increased mastery of the native language, and, in some cases, writing.

Due to a lack of workers, however, the audience was told, many stations of the Women's Missionary Society had been closed. Many of the workers in China were losing heart thru this closing up of the work in which they had placed their faith, and Dr. Endicott asked for ten workers to be sent out this year. Many more workers were needed, as well as doctors and nurses.

His visit to Japan was also full of interest. While there he had an audience with Count Okuma, who had told him that the need of Europe, including Germany, was increasing. Russia's need was the awakening of moral reality. The count, who was referred to by Dr. Endicott as a splendid old head, had said that he felt that the Russians had been accustomed to crossing themselves every time they passed a church, but it was evident now that this was a show of hypocrisy, and that the need of the Russians was "reality."

Asked as to the future of Christianity in Japan, Count Okuma replied that the best proof of that future was the fact of the most intelligent classes of people in the land increasingly becoming Christians.

### PRESS CLUB HEARS W. F. O'CONNOR

W. F. O'Connor, K.C., former coast of living commissioner, addressed the Toronto Press Club last night at the Cecil-Ritz Hotel. There was a large attendance, and a great deal of interest was shown in what Mr. O'Connor had to say. He divided his remarks into three heads, namely: "How I Tumbled In," "What I Tumbled Out When I Was In," and "How I Tumbled Out." He claimed that his office was a judicial one and that he was therefore bound to publish what ever he found out. He inferred, however, that he met with opposition to this view from Hon. T. W. Crothers, minister of labor.

He claimed that there was a vast saving to the country of at least \$150,000,000 from his investigations, represented by the tax on excess profits. He was of opinion, however, that the saving was much greater from the "pitiless power of publicity."

H. W. Anderson, president, and there were many visitors present. After dinner Mr. O'Connor, accompanied by George H. Gooderham, M.L.A., J. G. Kent, Controller O'Neill, Joseph Hay and H. W. Anderson, attended the performance at the Princess Theatre as the guests of the management of that house.

### GOVERNMENT IN EARNEST IN CALLING UP B2 MEN

That the government means business in regard to the calling to the colors of men in medical category B3 is shown by the fact of 231 of them reporting for service at Exhibition Camp, Toronto, yesterday.

Part of them were from outside cities and towns, but the majority came from Toronto City. This is the second draft of B2 men called to the colors, about 150 having reported at Exhibition Camp exactly one week ago.

Both the drafts of B2 men were attached to the 2nd Battalion, 1st Central Ontario Regiment, Lieut.-Col. R. K. Barker, commander.

At the reception tendered the Rev. Dr. James Endicott, secretary of the Foreign Mission Board of the Methodist Church, last night at Trinity Methodist Church, the choir was occupied by the Rev. ## LOTS OF GINGER TO LEAF'S WORKOUT

### Hersche and Fisher Help Proceedings Along—New Business Manager.

There was considerably more life to the Leafs' workout yesterday. Red Fisher and Hersche put in an appearance and both are popular artists. Fisher is the biggest man to wear a Toronto uniform since the days of Jeff Torreau. He was one of the first out on the diamond yesterday, started in by warming up the pitchers, and then took his turn at the bat. He cuts smartly at the ball and has driving power behind his strokes.

Hersche took his turn on the mound for batting practice and conducted himself well. Hersche had a few raps at the ball and drove them hard into the outer garden each time.

These two were the only additions to the squad. Alchison, the city amateur league infielder, who was out on Monday, again performed. While only a little fellow he handles the grounders smartly and is no mean shaker with the club.

Hill again stepped into the pitching with the sub. He has changed his position at the plate and is getting much better results.

Dan Howley is a great believer in having his pitchers in shape. All are asked to take their turn on the mound during the hitting practice when they return from this strenuous job they are sent to the outfield to chase the high ones.

Dan is fixed for catchers now with Fisher and himself. He has six pitchers gardeners as scarce as sunshiners in early spring. Tommy Bird and Alchison are the only inner guard on the job.

Hill is the only outfielder with the club. If Dan can plug up these two important departments he can start the season with every confidence.

Crabbe, Justin, Hersche, Rutledge, O'Connell and Alchison are the heaviest with the squad.

President McCaffery was in an optimistic mood last night and claims that things are beginning to break right. He said that the club will have the necessary men here within the next few days.

There is nothing new in the Ontario case. The Leafs agreed to pay \$1000 for him. The club has agreed to pay \$1000 for him. The club has agreed to pay \$1000 for him.

MACLEAN PRESENTS BUDGET STATEMENT

Explains How Balance of Trade With U. S. Is Against Canada.

OUTLINES NEW TAXATION Taxable Incomes Reduced, and Duties on Tobacco and Other Articles Increased.

Ottawa, April 30.—Hon. A. K. Maclean, acting minister of finance, in the presence of a crowded chamber and galleries, presented the annual budget statement in the commons today.

In opening his statement, Mr. Maclean stated that it was his duty to present to the House a budget which would be a fair and equitable one.

Mr. Maclean said that the balance of trade with the United States was against Canada, and that the government was faced with a serious situation.

Mr. Maclean outlined the government's policy for the year 1917-18, and stated that the government was determined to maintain the gold standard.

### The Home-Lovers' Club

Every item in this group is interesting to home-lovers. When studying your plans for buying Summer Furniture don't fail to take into account the special advantages given to home-owners in our Home-Lovers' Club. Consult the Club Secretary, Fourth Floor.

### Quaint and Practical Are These Pretty Woven Summer Rugs

In the sunroom they replace the heavy winter rugs, adding to its coolness and attractiveness---in the summer cottage they are both ornamental and useful, giving "homeyness" and brightness. They are also one of the many accessories that make the verandah inviting.

Such rugs will you find in our Rug Department in all the popular sizes, designs and colors.

#### Quaint Japanese Rugs

They are woven from Japanese rice straw in a number of gay designs. Some have large medallions, others have plain centre with fancy borders. Priced, according to size, from 35c to \$1.95.

### Dainty Plaited Rag Rugs

For the bedrooms of your summer cottage or for the sunroom these dainty rugs are most attractive. Such colors as blue and pink, two-tone blues, greens, and light centres with dark borders are shown. Oval--2' x 4', price \$3.00; 2 1/2' x 5', price \$6.75. Round--26 inches in diameter, price \$3.00.

Woven Rush Rugs are attractive. They have pretty square or diamond designs, sometimes in colors, others in natural shades. These rugs do not curl up or become affected by outside exposure. Priced, according to size, from \$6.75 to \$13.50.

### Heavy Prairie Grass Rugs

They are carefully woven, thick and serviceable. They have unique Chinese and Greek all-over designs or with plain centres and fancy borders. Natural, or natural with touches of color. Priced, according to size, from \$1.25 to \$12.50.

Congoleum Rugs are easily cleaned, and will give splendid service in the summer home or sunroom. They show effective rug-colorings and designs. Size 6' x 6', price \$5.25; size 8' x 6', price \$7.75; size 7' 6" x 6', price \$9.75; size 9' x 6', price \$11.25; size 9' x 10' 6", price \$13.50; size 9' x 12', price \$16.75.

### Framed Pictures for Summer or City Home

Framed Mirrors at 55c, 85c, 95c, \$1.15, \$1.35, up to \$9.00.

Mirrors in all sizes, from 7 x 9 to 18 x 20, in British plate, both bevel and plain stock mirrors, in a good clear glass; very suitable for summer cottages; framed in white enamel and polished oak. See our display today.

1500 Unframed Pictures at 5c. Regular 15c to 50c. Suitable for hanging on cottage walls; in color and black and white. Sizes up to 14 x 28. Today, 5c each.

### Special Values in Verandah Chairs

Some large comfortable Chairs have high woven cane backs, cane seats, and heavy arms and posts of painted wood. Price \$4.50. Rockers to match, \$5.00.

Others stoutly built from oak may be used right out of doors. They have slat backs and seats. Green only. Price, \$6.75.

Woven split seats in red and green make other Chairs attractive and summery. Price, \$2.00. Rockers to match, \$2.25.

Verandah Chairs, in green and natural, with splint seats and strongly braced slat backs, are priced at \$2.25. Rockers to match, \$2.50.

Verandah Arm Chairs, heavy frames, well braced, have woven splint seats and backs, in green and natural colors, \$3.00. Rockers to match, \$3.35.

### Furniture of a Heavier Type

There is solid oak in soft Belgian grey or fumed finish. Some have seats and backs of fine cane. The Settees are priced at \$14.75. Large Arm Chairs at \$7.25.

Others have slat seats and prettily carved backs. Long high-backed seats priced at \$17.50; Arm Chairs at \$10.25, and straight small Chairs at \$9.25.

### Substantially-Built Ice-Saving Refrigerators of Hardwood

These, like the refrigerators we have shown in past seasons, are substantially built from thoroughly seasoned hardwood of a selected type. Moreover, the material is so finished that these do not warp or crack. An added feature is their interior food counter construction---all metal---no wood; no peculiar taste is permitted to be absorbed by the food. Note these and---make no mistake---buy early.

Refrigerators, solid hardwood case, nicely finished, galvanized chamber and ice box. Size: Length, 29"; depth, 19"; height, 43"; \$14.75; with white enamel interior, \$16.00.

Refrigerators, hardwood case, white enamel steel provision chamber, ice chamber is of heavy galvanized iron. Length, 33"; depth, 22"; height, 45"; \$21.00.

Refrigerators, solid oak case, rounded corners, large provision chamber, galvanized, two shelves. Size: Length, 27"; depth, 19"; height, 54"; \$24.25.

Refrigerators, massive oak case with heavy rounded corners, ice chamber on sides, extra large provision chamber, white enamel interior, wire shelves. Length, 39"; depth, 22"; height, 48"; \$38.00.

### Dainty Curtain Materials Moderately Priced Plain or Fancy Scrims

Scrims are still favored for making dainty, easily-laundered curtains for summer use.

There are plain scrims in heavy weave, with plain, hem-stitched or fancy drawn borders---scrims with dainty colored borders in floral and conventional designs, and scrims with heavy linen lace insertions or edgings. A host of designs, so variously priced as to suit every purse.

### Colored Madras Muslins

---are also popular, and we are showing the newest designs and colors. There are plain muslin---exquisite Japanese patterns---conventionalized floral designs and striking conventional patterns. New blues, greens, rose, two-tone tans and soft greys predominate. Per yard, 98c to \$2.98.

Sunfast Casement Cloths, Brown and Green, Per Yard, 75c.

### Chintzes Seen in the New Couch Hammocks

A novel innovation surely---and a very delightful one. The vogue of chintz has extended even to couch-hammocks, and you can easily picture what a bright spot they will be on the verandah.

They are lined with chintz and covered with khaki duck or awning-stripe. The adjustable head-piece is a feature that adds to their comfort.

#### Have One Made to Order

Come in and see the sample hammocks displayed in the Drapery Department, Fourth Floor---choose your own chintzes and awning stripes to match your awnings---and get our prices. Prompt attention to your order is assured.
