Raymond & Doherty, St. John, N.B.

LABOR IS SCARCE.

There is a more urgent demand for laborers in Ontario to-day than for many years past. This condition is partially the result of the increased demand in other portions of the Dominion and of the increased demand for laborers to go from this part of the country to other sections of Canada. It is the consensus of opinion, however, that this scarcity of labor in this province cannot be attributed merely to the demand for laborers in other parts of the Dominion. There is a more urgent demand for laborers in Ontario to-day than for many years past. This condition is partially the result of the increased demand in other portions of the Dominion and of the increased demand for laborers to go from this part of the country to other sections of Canada. It is the consensus of opinion, however, that this scarcity of labor in this province cannot be attributed merely to the demand for laborers in other parts of the Dominion.

THE TELEPHONE UP-TO-DATE.

With a few years the telephone has become an essential element in urban existence, but according to a Philadelphia advice the "conversation machine" is capable of having its utility extended to a most remarkable degree. The City of William, Penn., has an independent telephone company, which besides serving the ordinary purposes, also aims to fill several other roles. It is to act (1) as an alarm clock; (2) as a watch regulator; (3) as a general information bureau; (4) as a burglar alarm; (5) as a fire alarm.

ADDITION TO COMMERCIAL BANK.

The Canadian Bank of Commerce is building an addition to its head office to cost \$100,000. A building permit has been taken out by H. White for the erection of a \$200,000 house on Walker-avenue, near Yonge-street.

FREE BATHING RETURNS.

The attendance at the free bathing stations last week was 16,325, divided as follows: Woodbine-avenue, 10,885; Fisherman's Island, 3,032; Don River, 4,250; sand bar opposite Queen's Wharf, 3,148; sand bar near Turner's Wharf, 3,000; Sunnyside, 3,730.

COMBINE IN LEAD.

St. Louis, Mo., Aug. 11.—The Lead and Zinc News to-day says: What will be the greatest lead combination in this country is now nearing its consummation. While its promoters are more than ordinarily reticent, it is definitely known that the scope of the merger will include most of the large white lead plants east of the Mississippi River, the principal pipe and sheet lead plants, a number of shot towers, and some companies manufacturing products in which lead forms one of the chief components.

ONTARIO'S BIRTH RATE.

New Arrivals in 1901 Were 21 Per Cent of the Population. Probably in no instance has there been such a marked sameness in statistical reports in Canada as in the number of births recorded by the Dominion and provincial authorities. In a census statement received from Ottawa yesterday by Dr. Bryce, provincial health officer, the number of births for the year ending March 31, 1901, was given as 46,413 or 21.26 per cent of the population of the province. In a report issued by Dr. Bryce, including nine of the months of that year and three months preceding, the number of births was 46,127, or almost the same percentage of the population as the Dominion report. From the standpoint of comparison, Dr. Bryce naturally regards the similarity in the number as quite interesting and gratifying. It being an evidence of the accuracy of the work carried on, both under his department and the census branch at Ottawa.

ALL ANXIOUS TO ADOPT PET DOG.

London, Aug. 11.—An advertisement inserted in The Daily Express the other day by trustees acting under the will of a West Hamstead woman, offering £200 a year to any person willing to adopt her pet dog, Cluny, has created a most remarkable competition. Letters from applicants arrived in shoals.

DOMESTIC SCIENCE AND ART.

The Ontario Normal School of Domestic Science and Art, in affiliation with the Ontario Normal College (School of Pedagogy), Hamilton, Ont., will reopen Sept. 25. This school makes a specialty of training teachers for the Public and High Schools of Ontario. The methods adopted are similar to those practiced at teachers' colleges, Columbia University, New York, and the Ontario Normal School, Toronto.

WHIZ!! WALK A MILE!

It is a laconic definition of a toboggan ride. It's quick, it's fun, it's down a slide, it's a long climb back to the starting point. It is very much that way with health. It is quick, it's fun, it's down a slide, it's a long climb back to the starting point. It is very much that way with health. It is quick, it's fun, it's down a slide, it's a long climb back to the starting point.

SHOTS CAPTAIN ON HIS SHIP.

San Diego, Cal., Aug. 11.—On board an English barque anchored off Santa Rosalia, on the Gulf coast, a waiter shot the captain's name unknown in the head and then shot himself in the temple, according to a report received here to-day. The name of the vessel has not been learned. The waiter shot at another officer, whose life was saved by the bullet striking a brass button, when the captain interfered.

4000 PEOPLE HOMELESS.

Port Au Prince, Hayti, Aug. 11.—The correspondent of the Associated Press writes from Port Au Prince yesterday, and found that the town had been entirely destroyed, there being nothing left but a pile of rubble. About 4000 persons are homeless and are greatly in need of assistance. The greater number of them have sought shelter in the Simmonds factories, near the town.

ANDREW CHAP DIED IN YUKON.

Kingston, Aug. 11.—Information has been received of the sudden death of Andrew Clark in the Yukon Territory. Edwin and Andrew, brothers, had gone up Indian River on a prospecting tour and were paddling home when Andrew grew ill and died six hours later. Deceased was formerly of Glenora, in Frontenac County.

TRY A CORD OF OUR DRY PINE SLABS FOR SUMMER USE.

P. Burns & Co., 38 King Street East, Telephone 131.

EMPLOYERS OF LABOR TO USE A LARGER NUMBER OF EMPLOYEES.

The situation, altogether, is a curious one, and presages even a more stringent demand for all classes of labor throughout Canada within the next few months.

THE NEW BRITISH P.M.G.

We are glad to learn that an Imperial policy is to characterize another department of the British administration. Austen Chamberlain is expected to introduce the Postmaster-Generalship of Great Britain the same empire-wide ideas as those with which his father has vitalized the Colonial Secretaryship.

THE IMPORTANT ANNOUNCEMENT.

It is made that the new British Postmaster-General will establish a halfpenny newspaper postage rate throughout the empire, and beginning with Canada. Such a step would meet with approval in Canada, for it would be a move towards substituting English periodicals for the American ones.

THE TELEPHONE UP-TO-DATE.

Port Au Prince, Hayti, Aug. 11.—The correspondent of the Associated Press writes from Port Au Prince yesterday, and found that the town had been entirely destroyed, there being nothing left but a pile of rubble.

ANDREW CHAP DIED IN YUKON.

Kingston, Aug. 11.—Information has been received of the sudden death of Andrew Clark in the Yukon Territory. Edwin and Andrew, brothers, had gone up Indian River on a prospecting tour and were paddling home when Andrew grew ill and died six hours later.

TRY A CORD OF OUR DRY PINE SLABS FOR SUMMER USE.

P. Burns & Co., 38 King Street East, Telephone 131.

COST OF MILITIA TO CITY.

On the Occasion of the Recent Street Car Strike Was Nearly Two Thousand Dollars.

EXCLUSIVE OF TRANSPORTATION.

Of the Troops From Niagara Camp to Toronto—Bank of Commerce Makes Improvements.

The part the militia took in connection with the recent street car strike cost the city \$1937.03, exclusive of the cost of transportation of the troops from Niagara camp to Toronto. Mayor Howard on Monday received a bill for this amount from Col. Duchastel, acting D.O.C. The account of the railway companies has not yet been sent in.

THE MEN WERE ON DUTY FOR ONE DAY.

The Toronto men's pay amounted to \$51,811, divided as follows: Queen's Own Rifles, \$22,846; Royal Grenadiers, \$155,04; 48th Highlanders, \$14,652; No. 4 Bearer Company, \$34,000. The total cost of feeding the men was \$2,047,30, and the horses \$125,300. For notifying the men of the various city regulations to turn out for duty, cable was used which cost \$14,000.

THE PLAN HAS BEEN SKETCHED.

A plan has been sketched of Stanley Park, by City Commissioner Coatsworth, that part laid out in cattle yards. By adding it to the cattle market now sufficient for 1800 more horses, the city would have a park of 1000 acres. The proposal to annex a portion of Stanley Park is meeting with considerable opposition.

FREE BATHING RETURNS.

The attendance at the free bathing stations last week was 16,325, divided as follows: Woodbine-avenue, 10,885; Fisherman's Island, 3,032; Don River, 4,250; sand bar opposite Queen's Wharf, 3,148; sand bar near Turner's Wharf, 3,000; Sunnyside, 3,730.

ADDITION TO COMMERCIAL BANK.

The Canadian Bank of Commerce is building an addition to its head office to cost \$100,000. A building permit has been taken out by H. White for the erection of a \$200,000 house on Walker-avenue, near Yonge-street.

COMBINE IN LEAD.

St. Louis, Mo., Aug. 11.—The Lead and Zinc News to-day says: What will be the greatest lead combination in this country is now nearing its consummation. While its promoters are more than ordinarily reticent, it is definitely known that the scope of the merger will include most of the large white lead plants east of the Mississippi River.

ONTARIO'S BIRTH RATE.

New Arrivals in 1901 Were 21 Per Cent of the Population. Probably in no instance has there been such a marked sameness in statistical reports in Canada as in the number of births recorded by the Dominion and provincial authorities.

ALL ANXIOUS TO ADOPT PET DOG.

London, Aug. 11.—An advertisement inserted in The Daily Express the other day by trustees acting under the will of a West Hamstead woman, offering £200 a year to any person willing to adopt her pet dog, Cluny, has created a most remarkable competition.

LESS MONEY FOR SCHOOLS

Annual Report for 1901 Shows an Increased Attendance and a Decreased Cost.

NUMBER PUPILS ON ROLL 34,863

Which is 574 Over the Number in 1900—Expenditures Amounted to \$539,910.49.

The annual report for 1901 of the various departments of the Public School Board, which Secretary-Treasurer W. C. Wilkinson has been hard at work on for the past several weeks, made its appearance Monday. It forms a bulky and comprehensive volume, giving many interesting points concerning the schools. Inspector James L. Hughes, in reviewing the work of his department, says that the total number of pupils registered during the year was 4788 in kindergarten and 30,075 in the other classes, and the daily average attendance in the former was 2049, and in the latter classes 22,058. The aggregate number of pupils on the roll shows an increase of 574 over the previous year, with the day average attendance in the kindergarten classes in 1900, 2023, and 22,015 in the other classes. Comparing the attendance in classes shown as follows: Kindergarten, increase, 500; first book, increase, 270; second book, decrease, 45; third book, decrease, 31; fourth book, increase, 145; fifth book, decrease, 302.

The largest number, 28,200, was registered in October, and the smallest number, 26,500, in June. There were 536 teachers and 120 kindergarten teachers employed in the schools, and in the previous year there were 533 of the former and 123 of the latter.

What the Schools Cost. The total expenditure for school administration was \$308,010.49, an increase of \$38,829.79 in 1900. The amount paid out to kindergarten teachers was \$17,515.87, the cost per pupil in the general classes, on the basis of average monthly number, was \$14.62 for salaries and supplies, and in 1900 it was \$13.59. In the kindergarten classes, on the basis of the total enrollment, the cost per pupil in 1901 was \$14.95, and in 1900 \$16.04. The total cost of free text-books was \$297,233, of which amount \$187,700 was returned for the text-books sold, leaving a balance of \$210,000 as the cost of free text-books during the year. The total cost of supplies, including work books, exercise books, bookkeeping blanks, dictation books, business forms, arithmetic materials, writing books, slates and rulers, was \$438,077, \$289,333 was returned for supplies sold, leaving a net cost of \$148,744. This amount is nearly double what it was last year, owing to the fact that \$210,000 was carried over from 1900 to 1901 at the request of the Board of Control for giving professional training for third-class teachers, was 30. During the year 482 attended the Night School classes, and 15 teachers were employed. The total expenditure of the night classes was \$259,875.

Text Books and Supplies. William Kerr, clerk of the supplies, in his report referred to the great care exercised by the teachers and pupils in the use of the text-books and supplies. During the year 608 Public School grammars, 303 grammars and 420 arithmetic books were replaced by the latest revised edition; 4608 text-books were returned, 3425 text-books were condemned, and 250 text-books were confiscated by the Medical Health Officer. The attendance at the Victoria Industrial School was 206, and at the Alexandra School 25.

Made in the Schools. A. P. Perrin, the music instructor, reports his department to be progressing favorably. He had under his supervision 763 classes, Major John F. Thompson, express himself as gratified with the work of the young soldiers. There were 763 members of the corps on May 31. This amount is in the report to the Superintendent of Buildings, C. H. Bishop. It is stated that the number of buildings occupied for school purposes was 15, of which 13 are owned by the board. The value of the school and furniture is \$1,767,867.

EXPOSES SHOCKING CONDITIONS. British Transport System is Scored by a Medical Officer. Melbourne, Australia, Aug. 11.—Captain Shields, medical officer of the transport Drayton Grange from South Africa, has made a report, in which he says: "The overcrowding of the ship was shameful and scandalous and without consideration for health or loss of life. The air was poisonous, the food and the decks were always wet, causing pleurisy and pneumonia."

ROBBERS BURNED OLD MAN'S FEET. Dayton, O., Aug. 11.—Three masked robbers broke into the home of Jacob H. Mumma, five miles north of this city, early this morning and after knocking their victim senseless searched the house for money supposed to be hidden. Mumma, who is 70 years old, revived, secured a shotgun, and fired at the robbers, but missed. He was again assaulted, and coal oil was poured on his feet and set on fire. The robbers then departed. Mumma is in a critical condition.

Belgium's Queen Better. Spa, Belgium, Aug. 11.—Marie Henriette, Queen of the Belgians, had a good night, and was able to leave her bed this morning for breakfast.

ANTHRAX IN WISCONSIN. La Crosse, Wis., Aug. 11.—State bacteriologist Russell declares anthrax is raging in this vicinity. Since the discovery 30 of the 68 exposed cattle have died, and others are dying. The first intimation of the existence of the disease came a week ago when five cows died within an hour. State Veterinarian E. D. Roberts has made a thorough investigation, and says the situation is alarming.

Mount Forest Visited by a Fire Early Sunday Morning. Mount Forest, Ont., Aug. 11.—Between 4 and 5 a. m. yesterday St. Mary's R. C. church, this town, was discovered to be on fire. In a short time the fine edifice was gutted and the costly windows, organ and rich interior fittings were consumed. A few remnants only were saved, the walls are standing and it is thought can be used in rebuilding. The origin of the fire, which started near the altar, is a mystery, but is generally conceded not to be incendiary. The pastor, Very Rev. Dean O'Connell, is at present away in the old country. The loss is partly covered by insurance.

Several Persons in Towns Believe Way Taken in. Belleville, Aug. 11.—The sharper, who victimized a Deseronto woman with a bill raised to a \$10, unsuccessfully tried the same game in Shannonville, succeeded passing one of the bills, a wife of a Foxboro grocer named A. C. Dufour, on Thursday last. The grocer did not know the bill was bad till he called with it at the bank in this city to-day. The swindler in the case received some small articles and nearly \$9 in change for his raised \$10 bill.

Clonburnet Uncovers a Cemetery. Madison, N.J., Aug. 11.—A clonburnet last night caused devastation in Hillside Cemetery. About 70 caskets were uncovered by the rushing waters, and many of them were swept from the graves in which they lay. Some of the bodies were found a mile from the cemetery. It is believed that others were washed into the Passaic River. Up to 10:30 o'clock 40 bodies had been recovered.

Incident in Wheat Field. A bulletin is being prepared by the Ontario Agricultural Department, giving an estimate of the crop for the province. It will appear in a few days, and it is said, will show a big increase in the wheat yield, but a falling off in the hay crop.

Wise Ways of Women.

No "prizes" offered with common soaps will long tempt the wise woman to use common soap. The wise woman soon sees that to pay dearly for "prizes" in the low quality of soap, in the damage common soaps do to her clothes and her hands. The wise woman considers her health—so soon ruined if she were to continue breathing the steam of adulterated common soaps. The wise woman recognizes the difference between such soaps and Sunlight Soap—Octagon Bar. 212

I.O.O.F. CONVENES THIS WEEK

About Seven Hundred Members of the Order Will Be on Hand to Attend Annual Reunion. RECEPTION WILL BE GIVEN THEM

By Mayor Howland and Everything Possible Done to Make Their Stay a Pleasant One.

This is the week in which representative members of the Independent Order of Oddfellows are to meet in this city in annual reunion to receive and discuss the reports of that progressive organization.

Who with the ordinary delegates, the Daughters of Rebecca and the Grand Encampment it is expected that between six hundred and seven hundred will be in attendance. At nine o'clock this morning the Grand Encampment will convene in the Oddfellows' Temple, at the corner of Yonge and College-streets. It will be the thirty-third annual gathering of the Encampment and many of the stalwarts of the order are expected to be present. They will be tendered a reception by His Worship, the Mayor, and the local reception committee of the order, of which John P. Hornbrook, P. G. P., is chairman. Frank B. Jeffrey, Stratford, will respond on behalf of the visitors.

The various committees of the order will be in session during the day in Victoria Hall, Queen-street, making preparations for the opening of the convention to-morrow.

There will also be a meeting to-day and to-morrow of the Supreme Order of the Oriental Order of Humility and Perfection, nearly all of whose members are Oddfellows. John A. Macdonald, of this city, is the Chief Monarch of the order.

A feature of this meeting will be the conferring of the Degree of Humility in St. George's Hall to-morrow evening. An excellent program of vocal and instrumental music is prepared for the occasion.

DRIVES FRENCH OUT OF SIAM. Anglo-Japanese Alliance Menaces Interests in the Far East. Paris, Aug. 11.—Events may be ripening for serious trouble in Siam. Since the conclusion of the alliance between Japan and Britain the Siamese have taken an attitude in their dealings with the French, which has greatly irritated M. Delcasse. France has immense interests in that part of Asia. Her Indo-Chinese possessions are among her richest colonial jewels, and it is no secret that the French government had set its heart on directing the foreign policy of Siam.

A feature of this meeting will be the conferring of the Degree of Humility in St. George's Hall to-morrow evening. An excellent program of vocal and instrumental music is prepared for the occasion.

It is extremely unfortunate for France that just at this critical moment she has lost the services of M. Dumer, who for many years was French governor of Indo-China. He is a very able man and had strongly entrenched the French power along the Siamese border. His successor, M. Beau, is well qualified for the duties, but lacks special experience.

If Siam joins the Anglo-Japanese alliance, Britain's influence in Asia will soon be overwhelming.

CATHOLIC CHURCH BURNED. Mount Forest Visited by a Fire Early Sunday Morning. Mount Forest, Ont., Aug. 11.—Between 4 and 5 a. m. yesterday St. Mary's R. C. church, this town, was discovered to be on fire. In a short time the fine edifice was gutted and the costly windows, organ and rich interior fittings were consumed. A few remnants only were saved, the walls are standing and it is thought can be used in rebuilding. The origin of the fire, which started near the altar, is a mystery, but is generally conceded not to be incendiary. The pastor, Very Rev. Dean O'Connell, is at present away in the old country. The loss is partly covered by insurance.

Several Persons in Towns Believe Way Taken in. Belleville, Aug. 11.—The sharper, who victimized a Deseronto woman with a bill raised to a \$10, unsuccessfully tried the same game in Shannonville, succeeded passing one of the bills, a wife of a Foxboro grocer named A. C. Dufour, on Thursday last. The grocer did not know the bill was bad till he called with it at the bank in this city to-day. The swindler in the case received some small articles and nearly \$9 in change for his raised \$10 bill.

Clonburnet Uncovers a Cemetery. Madison, N.J., Aug. 11.—A clonburnet last night caused devastation in Hillside Cemetery. EARL ROBERTS FOR REFORM

"Ragging" of Lieutenant Gregson May Result in Good for British Army.

MONEY STANDARD WILL BE ENDED.

Fewer Wealthy Candidates Will Be Introduced Into Ranks of the Crack Corps.

London, Aug. 11.—It may seem strange that what is called the "ragging" of Second Lieutenant Gregson of the Life Guards should cause so much excitement that even the all-sorbing question of reform in the war office should be lost sight of. But young Gregson's departure from Windsor barracks, temporary tho it may be, together with the compulsory resignation of two officers of the regiment, is not being viewed as a mere disciplinary measure, but as a sign of a new era in the history of the British army, where it has been far too lax hitherto.

Promotion Retarded. It seems that the young officers, who are under what is called open arrest, had rendered good service during the South African war. Their gallantry in the field has been more than once recognized. Young Gregson recognizes this himself, and therefore is most desirous that the punishment of his foolish persecutors be not carried into effect.

Money Left by the Dead. The late Annie Scully, widow, willed all her personal effects, valued at \$800, to her daughter, Annie. From the sale of her real estate, valued at \$272, \$100 is given to her son, Robert, and the balance is divided equally between three other sons and a daughter.

At Osgoode Hall. At Osgoode Hall on Monday a writ was issued against William McKenzie against Illsey & Horn, claiming unpaid damages. The defendant's attorneys for the new King Edward Hotel, and McKenzie was injured while employed on the construction of the building.

He is Still in the Dark. Benjamin A. C. Craig, vice-president of the Canada Corundum Company, against whom it was reported a few days ago an action had been taken by the Sapphire Corundum Company of London, Eng., for \$2,000,000, on the ground of alleged slander, informed The World Monday that he had not yet received any such writ, and did not know that he was to be served with one. He would say nothing further.

Committed for Trial. Magistrate Ellis held a sitting of the County Police Court on Monday to hear the case of Henry Alfred and John Brennan of York Mills, charged with the theft of a quantity of potatoes from Alfred Song of Lanigan P. O. There is a dispute as to the ownership of the potatoes and T. C. Robinette, K.C., who appeared for the brothers, waived examination. They were committed for trial at the Criminal Sessions.

Visited U.S. Prisons. Staff Inspector Archibald of the Salvation Army has returned from a visit to Sing Sing, Blackwell's Island and other American penal institutions. He thinks that, compared with the system in Canadian prisons, the American treatment of prisoners is away below the average. In Sing Sing, a convict can carry on business with the outside world as easily as if he were on the street.

To Those of Sedentary Occupation.—Men who follow sedentary occupations, which deprive them of fresh air and exercise, and who are more prone to disorders of the liver and kidneys than those who lead active and outdoor lives, find that a restorative remedy, the Vegetable Pills a restorative without question the most efficacious on the market. They are easily procurable, easily taken, act expeditiously, and they are surprisingly cheap, considering their excellence.

The Royal Grenadiers' Band will play at Riverdale Park this evening from 8 to 10 o'clock.

IN GOOD COMPANY. Commenting on the recent exchange of courtesies between the Grand Lodge of Canada and the Grand Lodge of England, The London (Eng.) Freeman says, editorially, among other nice things: "It is a distinction which Earl Roberts shares with some very eminent men in this country, including Earl Roberts, Viscounts Wolseley and Kitchener, the Lord Chancellor, the Chancellor of the Exchequer, the Speaker of the House of Commons and many others that might be named. A similar honor has likewise been conferred on the Right Hon. Chief Justice Sir Samuel Way, Grand Master of Nova Scotia; Sir Gerard Smith, K.C.M.G., Grand Master of Western Australia, and Lieut.-General J. Wilmour Laurie, M.P., Past Grand Master of Nova Scotia; while, to complete the parallel, all three of these worthies are Grand Representatives, either at or from the Grand Easts in which they fill, or have filled, the presidential chair."

Tested by Time.—In his justly-celebrated Pills, Dr. Parole has given to the world one of the most unique medicines offered to the public in late years. Prepared to meet the want for a pill which could be taken without nausea, and that would purge without pain, it has met all requirements in that direction, and it is in general use not only because of these two qualities, but because it is known to possess alternative and curative powers which place it in the front rank of medicines.

Along the Waterfront. There were many holiday visitors to the city on Monday from Bradford, St. Catharines and Geolp. St. James' Church, Bradford, came to the city on their annual picnic on the steamer Maracaibo and the Young Men's Liberal Club of Bradford spent the day at the city going over to the Niagara River Line Steamers. A large number came over at the garden City and Lakeside, from St. Catharines, where Civic Holiday was celebrated.

An Honest Chicago Boy. Chicago, Aug. 11.—Lance Harwood, and eight-year-old boy from Big Rapids, Mich., has returned to Swift & Co. a package containing \$30,000 of negotiable securities which had been lost at the stock yards by a messenger boy employed by the firm. He received a reward of \$25.

When washing greasy dishes or pots and pans, Lever's Dry Soap (a powder) will remove the grease with the greatest ease.

Dr. Fowler's Extract of Wild Strawberry

is a Harmless, Reliable, Rapid and Effective Cure for

Diarrhoea, Dysentery, Colic, Cramps, Pain in the Stomach, Cholera, Cholera Infantum, Cholera Morbus, Sea Sickness, Summer Complaint, and all Fluxes of the Bowels in Children or Adults.

Don't experiment with new and untried remedies when you can get Dr. Fowler's. It has been used in thousands of homes in Canada for nearly sixty years and has always given satisfaction. Every home should have a bottle so as to be ready in case of emergency.
