

HAMILTON HAPPENINGS

HUSBAND GONE 16 YEARS SUIVING FOR INSURANCE

Evidence That Roderick is Still Alive Presented—Death of David Mitchell, Noted Rifleman.

HAMILTON, March 21.—(Special.)—Justice Britton opened the spring assizes this afternoon. The first case was the suit of Mrs. Annie Roderick, against the K.O.T.M. for \$2000 insurance on the life of her husband, who disappeared about 16 years ago. When the husband first disappeared she said that the K.O.T.M. offered her two propositions, "That she accept the amount of premiums that had been paid on the policy, or that if she cared to continue paying the premiums for seven years she would get the full amount of the policy. She paid for the seven years, and brought suit, but lost it, because evidence was given that her husband had been seen in Washington. She continued to pay premiums for another seven years, and last November started another action to collect the policy. A commission was appointed, and evidence was secured that her husband was living as late as 1908. This evidence was submitted to the court this afternoon. J. Patterson, K.C., for the K.O.T.M., moved for a non-suit. The judge reserved judgment on this point, and allowed the evidence to go to the jury. Magistrate Jeffs was called to testify that he issued a warrant for the arrest of Roderick on the charge of misappropriating the funds of a lodge of another society.

Several cases on the list were settled. Mrs. Kearney, whose husband was killed at the Hamilton Bridge Works, got \$1000. J. P. Cooke's suit for \$5000 against the Hamilton Incubator Company was also settled. **Reckless With Revolvers.**—As a G.T.R. freight train on the Toronto branch was passing Aldershot this afternoon, two foreigners fired on the crew with revolvers. Constable Darroch was sent out to investigate, and he arrested two men, giving the names of Mike Phillips and George Heale. They said they were looking for work.

David Mitchell succumbed to-day from burns received at his home last night. He was a Scotchman, about 65 years of age, and came to Canada in 1870. He joined the 13th Regiment, and from 1870 on had figured prominently in rifle shooting, competing both at Wimbledon and Bisley. He won scores of prizes. Four brothers, one son and two daughters survive.

Dr. Lyle's Resignation.—The congregation of the Central Presbyterian Church will meet on March 29 to consider the resignation of Rev. Dr. Lyle, their pastor, and to arrange for a retiring allowance.

The county council today issued writs against the commission and Saltfleet Township for taxes, and against West Plamboro for money spent on the town line.

The board of health is making arrangements to establish municipal insurance. Some of the members said the city was being held up by the insurance companies, and that none of the manufacturers had secured protection from American companies at 25 cents per \$100, while companies doing business here demanded 75 cents. The city carries about \$500,000 insurance, with premiums amounting to \$2000 a year, and during the past ten years has received only about \$5000 for fire losses.

The Marvel of Modern Methods.—Two weeks ago a large sign was placed on the building surrounding the site of the new Standard Bank, corner King and Jordan-streets, which reads as follows:

"The Canada Foundry Company have promised quick erection on this building. Watch it!" The building in question is an eight-story steel structure, the steelwork being manufactured and erected by the Canada Foundry Co. The rapidity of its erection has been witnessed and commented on by thousands of people who have watched its progress, and as it took only 14 working days from the start of the ground floor to the completion of the roof on the eighth floor, the Canada Foundry Co. claim this to be a Canadian record for quick construction.

Death of N. H. Haystead.—The death occurred yesterday of Nelson H. Haystead, a resident of Toronto for over 25 years. Mr. Haystead was married twice, and is survived by his second wife, one daughter, besides four brothers, Edward of Niagara Falls, N.Y.; George of Medicine Hat, Alfred and William of Toronto, and a sister, Mrs. Brown of Detroit. The funeral will be held from the family residence, 52 St. James-avenue, at 2 p.m. to-morrow, to Mount Pleasant Cemetery.

Mr. Haystead was born in Woodbridge, 42 years ago. For about eight years he was connected with G. J. Hawley-Walkers mercantile business, Yonge-street.

There is a strike of street railway men and street sweepers in Rome.

STUDENTS AND SOCIETY

President Falconer Delivers Interesting Lecture on Social Problems. A very interesting lecture was given by President Falconer last evening in the Victoria College Chapel, under the auspices of the Theological Club, on "The University Student and Social Service." The president outlined the various social problems as they had existed from the early ages, and traced their development and corresponding solutions. He stated that in the early centuries of Christianity the people, believing that the world was soon to come to an end, had given no time to acquiring great wealth, and for this reason the social problem of that day was not that of the relation of the rich and poor as it is to-day. Then he was the relation between man and wife, or the differences which arose between believer and unbeliever. Such problems were solved by the atonement with legislation.

Then he spoke of the man who was desirous of solving all such problems by scientific investigation. "This method will help greatly," said the president, "but the great factor in the solution of all such moral and economic problems is the moral power which drives men and women on to action. But it is the happy medium between the legislative and the scientific method of solution which must be used to solve the great economic problems of to-day.

RHEUMATISM CURED

Zam-Buk Rubbed Well In is a Sure Remedy. As soon as you feel any deep-seated pain in the joints, back, wrists, or elsewhere, place a liberal supply of Zam-Buk on the fingers or on the palm of the hand, and rub it well in. The penetrating power of this "embrocation-balm" is exceedingly great, and, on having reached the seat of the pain, it removes it speedily. It also ends the stiffness which is so unpleasant. Frequent rubbings of the afflicted parts with Zam-Buk will not only drive out all pain, reduce swelling, etc., but will strengthen the skin, and enable them to resist cold and damp.

Mrs. Frances Wyatt of 25 Guy-avenue, Montreal, says: "I have found Zam-Buk most soothing and valuable in a very bad case of rheumatism, and also for stiffness of joints and muscles. I suffered long and acutely with rheumatism, and tried one liniment after another in vain. I also took medicines internally, but it remained for Zam-Buk to effect a cure. I began applying this balm whenever I felt the aches and pains of rheumatism coming on, or felt the stiffness. The result was truly wonderful. Zam-Buk seemed to penetrate to the very seat of the pains, driving them out completely, and I am now quite cured."

This case, and scores of similar cases reported to us, is proof that Zam-Buk's penetrating and healing power is very great. In addition to its use as an embrocation, it is a sure cure for skin diseases, such as eczema, ringworm, itching, blood-poisoning, scalp dandruff, etc., and is the finest known "first aid." For piles, it is a specific. Gives certain relief. All druggists and stores, at 50 cents a box, or post free from Zam-Buk Co., Toronto, for price.

LEFT FOR OKANOGAN.

Mr. J. M. Robinson of Summerland, B.C., who has been spending the winter in Toronto with his family at 22 Roxboro-street, has left for Montreal, from whence he proceeds to Summerland. The town is now the central point in the world-famous fruit-growing district of the Okanogan Valley of Southern British Columbia, of which Mr. Robinson was one of the pioneers, having organized the Summerland Development Company, of which Sir Thos. Shaughnessy, president of the C.P.R., is a president, and in which B. Oaker, M.P., and other Canadian Pacific interests are associated. Mr. Robinson is managing director, also honorary president of the Liberal-Conservative Association of Summerland, and principal owner of the Weekly Review of Summerland.

Before leaving Toronto Mr. Robinson received advice that the government of British Columbia had selected Summerland for the first demonstration fruit orchard to be established in the Okanogan Valley district, and have appropriated a special grant of \$10,000 in this year's estimates for providing the land and experimental plants.

Widow Gets \$200 Damages.—In the jury assize court Mrs. Mary Ann Anderson, a widow, aged 73 years, was awarded \$200 damages against the Toronto Street Railway Co. for injuries received while alighting from a westbound Dundas car. She claimed that the car had started before she alighted. The claimant has received a broken rib and an injury to her spine. She sued for \$3000 damages.

Indianapolis Metal Trades Ultimatum.—INDIANAPOLIS, Ind., March 21.—Two thousand machinists and members of the metal trades alliance in this city will strike on April 15 unless local factories grant an increase of 7 1/2 cents an hour. They are receiving 32 1/2 cents.

The fire losses of the United States and Canada for the month of February, as compiled from the records of The Journal of Commerce and Commercial Bulletin, show a total of \$15,492,360.

PATH OF HALLEY'S COMET

It will be seen from the picture that on May 18th next the Earth will pass thru the tail of the Comet.

NOTHING THREATENING ABOUT HALLEY'S COMET

Chancellor McKay Delivers Entertaining Talk About Comet, Which is Now Approaching the Earth.

Chancellor A. C. McKay of McMaster University told a large audience of Torontonians last night in Bloor-street Baptist Church that Halley's comet would be seen at its best during the first two weeks in May. He further banished any apprehensions they may have been nourishing concerning possible disasters that might attend the meteor's visit. As for plague or disease effected by sickening poisonous gases, there was nothing to be feared because all comets were shy of material substance. Their tails were very thin things, so thin that when they crossed on the earth's surface of planets the latter shone thru quite clearly. All the material in the tail of Halley's comet possessed was supposed to be only a few pounds. He hoped that people would not believe that comets were responsible for earthquakes or wars or national disasters.

Old Nation Disappointed.—In olden times people did connect epoch-making events with the manifestation of comets, but the advent of the telescope had made it possible for astronomers to trace their courses and

orbits and account naturally for their appearances and reappearances. "No doubt the dread of comets was once a real dread, but fortunately those dreads have now passed away." All told, there had been 23 different appearances of Halley's comet recorded. As far back as 240 B.C. it had been observed, according to Chinese records.

Comet's Doomed.—Comets had a tendency to grow smaller on each return. They were constantly breaking up, and it was this disintegration that caused the tail-like appearance. The tail was a trail of small particles of itself. It was only a question of time until it should be entirely wasted away. Sometimes a comet displayed a tail and sometimes it did not. There was no uniformity in their appearance.

OBITUARY.—Rev. James Strling, (Special.)—Rev. James A. G. Strling, Presbyterian minister at Havelock, passed away in Nichols Hospital this afternoon after a short illness from cancer. He was a native of Scotland and had done missionary work among the bushmen in Australia, and in the Canadian Northwest. He had been stationed at Havelock for two years. The funeral will take place on Wednesday morning at 10 o'clock to Little Lake Cemetery, Peterboro.

Easter Excursions to New England Points, including Boston, Mich. 25. via Grand Trunk Railway System. Round trip rates: Boston, Mass., \$18.20; Springfield, \$14.45; Palmer, \$14.50; Worcester, \$15.85; South Framingham, \$16. Only through sleeper from Boston leaves Toronto 9 a.m. daily. Return limit April 8, 1910.

For full information, tickets, reservations, etc., call at city ticket office, northwest corner King and Yonge-streets. Phone Main 4209.

Musical Judges Appointed.—The musical judges of the Earl Grey amateur competitions which are to be held at the Royal Alexandra during the week of April 4 are announced as follows: Vocal, Dr. A. S. Vogt and Dr. Albert Ham; piano and quartets, Dr. Frank Weisman and W. O. Forsyth. The committee have fixed the performance for five evenings of the week, as far as concerns the dramatic entrants, the musical half of each evening being decided upon in a few days: Monday, April 4, Margaret Eaton School of Expression in "The Land of Heart's Desire" and "Kathleen Holihan," by William Butler Yeats; Tuesday evening, the Dickens Fellowship of Toronto, in "The Cricket on the Hearth"; Wednesday, Miss Merritt's company, in "A Little Leaven"; Friday, the Montreal Thespians, in "The Bell"; Saturday, London Dramatic Co., in "Jack Straw."

The executive committee at Ottawa, acting for his excellence, have appointed a board of referees to act in place of Sir John Hare in deciding the winners in the dramatic contests. These will be Bernard K. Sandwell of Montreal, Ernest Beaumont of Winnipeg, and Hector Charlesworth of Toronto.

The total number of original musical competitors was 116; the latest moment, before the close of the entries, to 54, the original plays to 20, and the total of individual competitors to 77. The individual competitors, male voice, female voice, violin and piano, as well as the quartet entries, will be subject to selection and elimination. Entries Monday has been fixed for this purpose and candidates will be notified at what hour to present themselves at the Conservatory of Music on that day.

Good Friday Concert.—The plan of Mr. Campbell's big popular concert in Massey Hall on Good Friday night was opened at the hall yesterday morning. The program promises a great treat. The leading artists will be Jessie Alexander, Harold Jarvis, the 48th Highlanders' Band, a male chorus of eight voices, etc.

Pity-one per cent. of the natives of American Samoa are suffering with typhoid, according to Medical Officer P. S. Rossiter.

Don't leave the city carrying a Shabby Club Bag or Suit Case

THERE is no economy in carrying shabby luggage. Poor looking luggage "kills" the appearance of your new Easter clothes and creates a most unfavorable impression among your friends. Read over this list. If your particular requirement is not here—come and see us anyway—we are sure to have it in our stock.

OUR STORE WILL BE OPEN EVERY EVENING TO ATTEND TO YOUR WANTS.

WORKED ON LEGISLATORS DID FIRE UNDERWRITERS

Evidence in New York State Enquiry Indicates Paid-For Influence in Many States.

NEW YORK, March 21.—It developed to-day in the state enquiry into fire insurance that three foreign re-insurance companies had paid handsomely to have the so-called Brady re-insurance bill passed by the legislature in 1904. It was opposed by domestic companies, who subscribed \$10,000 to a fund placed in the hands of the late President Sheldon of the Phoenix of Brooklyn, who used it in employing counsel in traveling expenses and "for entertainments in going to Albany."

MAIN FLOOR—QUEEN ST.

Tend to the Easter Footwear Wednesday a Most Elaborate Display

Footwear is one of the chief items to be considered in preparing the new Easter apparel and the proper selection requires deliberation and care. Certainly styles in footwear go best with certain colors or effects in clothing—for instance how suitable for the handsome grey suit are tan boots, or for the dark cloth a pair of fine black kid boots—The same in women's footwear.

To make your selection as easy as possible we've arranged as comprehensive a display as ever welcomed you in this section—along the entire front are arranged cases showing samples of hundreds of styles of boots and shoes, and on top of these cases are as many more displayed on stands, etc.

Footwear for men, women and children, showing the many new styles, great choice such as ours affords, and showing particularly the exceptionally good value every price proclaims. Walk along at your leisure and as you realize what a wealth of different lines there are, and all the very best, too, remember that there are but three buying days more before Easter.

A BRIEF DESCRIPTION OF A FEW OF THE VERY POPULAR STYLES

Women's select styles in America's finest makes, the swellest patterns and most select leathers, ever shown on this side of the line; the variety of styles to choose from is large. Boots in patents, plain kid, dull kid, or fancy cloth tops. Blucher and buttoned styles, hand-turned or Goodyear welted soles. Boots in vici kid, tan calf, royal kid, box calf, cravenette and others.

We have a range of select styles in prices ranging from \$1.50 to \$3.00. Among these low-priced lines are styles and good qualities which will surprise you, in both boots and Oxford shoes. For men, our stock of boots and Oxfords consists of patents, vici kid, tan calf, brown kid, velours calf and box calf, plain and fancy designs; you will be sure to get your favorite style in the size you want at the price you want to pay.
SECOND FLOOR—QUEEN ST.

Specially Interesting Values in Women's Easter Wear

\$17.50 Will Buy Your Easter Costume

And a neater or more stylish costume you wouldn't want to put on. Price gives very little idea of what the quality or finish is—that's because we made them ourselves and as you must know—making a suit, selling it directly to you with little added to the cost gives you a chance to save that is rare.

A remarkable instance of the good value that may be produced by manufacturing the suits we sell is shown in this item. Come Wednesday and see them—and you'll not hesitate long in getting your Easter suit. New spring walking suits, six styles, coats from 30 to 34 inches long, with fashionable pleated skirts. The materials include all-wool French suiting diagonal weave worsteds, hairline stripes, wool serges, diagonal and chevron weaves, novelty worsteds, splendid assortment of shades, tan, wood brown, British mustard, reseda green, mystic blue, navy, wisteria, black. Splendid range of sizes, all one price..... **17.50**

Tub Dresses, Exceptional Value, \$2.50

Very smart one-piece design, trimmed with heavy lace, the material is linen, a splendid wearing material, and fast colors. You will probably wonder at the low price when you see the good quality. Colors sky blue, pale pink, tan and all white. Exceptional value..... **2.50**

Splendid Voile Walking Skirts for \$6.35

The Ribbon Schedule Simplified for Rapid Buying

Now that the unavoidable Easter rush has come, a simple, easy statement of ribbon qualities, widths and prices will be of help to you.

The material for choice is made up of case upon case of ribbons, carefully grouped, each group complete in color and width ranges. Plain ribbons include wide and medium widths, which are classed separately. In addition there's a big and varied stock of fancy and wash ribbons.

Every one of the above classes is of importance in the Easter costume for millinery, sashes, girdles, neck ribbons, dress trimmings, lingerie, beading, and hair bows. Every ribbon should be fresh and crisp on Easter morning. One line in each class is as follows:

Class 1—Wide ribbons, "The Cedric" and "The Queen," firm pure silk taffeta of the best quality and all the wanted colors:

4-inch	5-inch	6-inch
15c.	20c.	25c.

Class 2—Medium ribbons, "Cedric" taffeta, extra good quality, and all colors:

3/4 in.	1 1/4 in.	1 1/2 in.	2 in.	2 1/2 in.	3 1/4 in.
3c.	5c.	7c.	8c.	10c.	12 1/2 c.

Class 3—Black ribbons of the finest French taffeta, "Lyons" dye, are of an excellent wearing quality:

3/8	3/4	7/8	1	1 1/2	1 3/4	2 1/4	3 1/2	4 1/4
4c.	6c.	7c.	8c.	10c.	12 1/2 c.	15c.	20c.	25c.

Class 4—London colored velvet, has a pure silk pile and satin back; all colors:

1/4	3/8	1/2	3/4	1	1 1/2	2 1/4
5c.	7c.	10c.	15c.	20c.	25c.	

Fancy Ribbons comprise many new shades and tones. Each pattern shows new features of either moire or shot effect, so pronounced in this season's fancy ribbons, whether dresdens, dresdens with stripes, combination checks, plain and moire stripes; widths are from 5 to 9 inches, and various grades, priced at 22c, 25c, 29c, 35c, 39c, 65c, \$1.00 and \$1.25.

The Toronto World

FOUNDED 1850. A Morning Newspaper Published Every Day in the Year. WORLD BUILDING, TORONTO. CORNER JAMES AND RICHMOND STREETS. TELEPHONE CALLS: Main 336-Private Exchange Connecting all Departments. Readers of The World will confer a favor upon the publishers if they will send information to this office of any Toronto paper should be on sale and where The World is not offered.

TUESDAY MORNING, MARCH 22, 1910.

PURE WATER AND THE CITY

In the current issue of The Canadian Engineer under the "Sanitary Review" section, the water supply and sewerage situation in Toronto are examined. The setting forth of the facts and the summing up place the city government in a position which entails at least the imputation of bad judgment and ineffectual investigation. Whether this will be sustained by events is so serious a matter that the citizens will not be disposed to wait for that verdict, but will rather be inclined to anticipate the result by comparison and research and reference to the results attained elsewhere. It will be said that the city had already fully investigated the case, but when the hitherto rejected suggestion of extending the intake is adopted after, if not on account of, a typhoid epidemic agitation, and when such crude expedients as throwing bleaching powder into the water find favor, the city hall is evidently open to conviction, and has not closed its mind on the question.

The Canadian Engineer points out the absurdity of polluting the water in the first place, and then filtering it afterwards. If any filtering or purifying is to be done, it should be with the sewage which contaminates the water to begin with. More especially so when the cost of installing, operating and maintaining a sewage disinfecting plant, capitalized, would not exceed \$500,000, while the cost of removing the sewage from the water by sand filtration, capitalized, is \$1,000,000. This is to say, it will cost more than twice as much to remove the sewage bacteria from Lake Ontario water as it will cost to keep sewage bacteria out of Lake Ontario water.

Mayor Geary has already had his car to the ground, and stated yesterday that he was not going to be a party to the escape of sewage effluents from the sewage works without sterilization. It is quite evident that as long as sewage in any stage of crudity is permitted to contaminate the water supply, the city is culpably negligent. There seems to be a mindless indifference at the city hall which cannot appreciate elementary facts of this description, or when appreciation has been attained, is unable to keep the fact in view as the main consideration in arriving at a solution of the problem in hand.

This appears to be the result of having too many councilors. Too many cooks spoil the broth, especially when the cooks are none of them adepts in the art. Everything that happens at the city hall, and things happen every week, point to the necessity of having men of larger gauge, broader build, heavier calibre. How they are to be had is a problem that no municipal councilor has any advice about. Good advice will be in the direction of replacing the present style of city government by more efficient and more experienced and more commanding administrators, whether appointive or elective. Such advice would mean the disappearance of most of the city hall people, so it is not to be expected from the city hall.

Will the board of trade, or some equally representative body, take up this question of devising a form of government which will permit Toronto to be managed with at least the care and foresight and business principle which, in his degree, the banana merchant gives to his wagon?

NO TARIFF SURRENDER.

If it be the case that President Taft has invited tariff concessions in return for an assurance that he will exert all his influence to secure a revision of the Payne-Aldrich Act in order that the United States may reciprocate, the offer amounts in effect to an admission that at the present moment the Dominion does not discriminate against the republic. This, of course, has been the Canadian contention and it ought not to be received from to any extent whatever. In the circumstances, the proper course for the president is to declare that Canada is entitled to the minimum rates now procure power to enter into a reciprocal trade agreement and lay his proposals before the Dominion Government, which can then treat on a basis of equality. To grant immediate concessions on the hypothetical expectations that congress will sanction special tariff abatements at some future date would be a foolish surrender of our impregnable position for no good reason and to no ultimate purpose. Let the Dominion Government stand firmly by the policy it has adopted, and let there be no concessions without corresponding immediate equivalent.

WOMAN SUFFRAGE IN AUSTRALASIA. In the current number of The British Empire Review, its special Australian correspondent takes occasion to refer to the summing up caused Australians

by the current misrepresentations as to the actual working of woman suffrage, made by those who have never visited the commonwealth and are totally unacquainted with its conditions. With the object of obtaining an authoritative contradiction of these misleading assertions, the question, he continues, was raised in the federal parliament when Mr. Deakin, in his place as prime minister, read the following statement and cordially subscribed to it on behalf of the house of representatives:

1. That this house testifies to the fact that after sixteen years' experience of woman suffrage in various parts of Australasia, and nine years' experience in the commonwealth, the reform has justified the hopes of its supporters.

2. That, as foreseen by its advocates, its effects have been: (a) to gradually educate women to a sense of their responsibility in public affairs; (b) to give more prominence to social and domestic legislation.

3. That Australasian experience convinces this house that to adopt woman suffrage is simply to apply to the political sphere that principle of government that secures the best results in the domestic sphere, the mutual co-operation of men and women for the individual and general welfare.

After reading a similar statement in the senate, the vice-president of the executive council added that he felt satisfied there was no one in the senate and no section of the people outside who would now venture to controvert the affirmation laid down in the motion. Testimony so decisive and confident should convince all reasonable people that the experiment made in Australasia has been successful and is satisfactory to the general body of the people. Whatever other arguments may be excogitated in opposition to the demand, those based on presumed dissatisfaction in the British states of the southern seas must go by the board.

PASSENGER RATE DISCRIMINATION.

In Prof. McLean's address before the Canadian Institute on Saturday evening, dealing with the work of the Dominion Railway Commission, of which he is a member, prominence was given to the question of rate discrimination. It is remarkable that in most discussions of this subject, "discrimination" is usually understood to apply to freight rates only. All of Prof. McLean's illustrations were concerned with passenger rates. It may be that discrimination is more apt to be practiced in connection with freight than with passenger traffic, but again there are also more powerful interests prepared to fight the bases of the shipper. In the case of passenger rates, it is every man for himself.

The impression is growing that the railway commission, while carrying out a laudable work in regulating freight rates and eliminating the dangerous features of railway operation, is not giving a fair share of attention to the question of passenger rates. As Prof. McLean says, the only case where any serious interference with passenger rates has been attempted is the case of the two cent rate, which was imposed upon the Grand Trunk on its line from this city to Montreal, under the terms of its charter. Several cases have been brought before the commission alleging discrimination, of which the Brampton case is a glaring instance. But in none of the cases has any remedy yet been obtained. If there is, as the railways allege, any doubt regarding the jurisdiction of the board over passenger rates in every form, the doubt should be set at rest by parliament. The evils of discrimination are just as great in passenger as in freight rates, and the only body to stand between the public and the railways is the commission.

If the president can't be struck out it is up to fielding to retire him. Gov.-Gen. Grey and President Taft are matched in a game of golf. In the tariff game Canada should leave the president a styrmite at the home hole.

It cost the city about \$9000 to make an appeal to the privy council that everybody at the city hall now says was never expected to result favorably, anyway.

In the tariff skirmish with the United States Canada should remember the old adage that sweet words butter no parsnips. Neither do promises whose fulfillment depends on a senate representing not the people but sectional interests.

Montreal is to have a subway system owned and operated by its street railway company, with the prospect of a merger of its traction and power franchises in a great terminal scheme. Such would have been Toronto's fate but for its struggle to achieve freedom, and may still be if the city council palters with the opportunity that has come.

The Progressive School. The on school in Canada, which spares no expense in every form, is the Central Business College of Toronto. As a result this school enjoys a larger patronage this year than ever before, and yet it is unable to supply the constant demand made upon it for well-trained young people to fill positions as stenographers and bookkeepers in the offices of the best firms in the Dominion. The spring term in this college opens on March 28, as announced in our advertising columns.

Church of the Redeemer. The Bishop of Toronto will hold a confirmation service this evening at 8 o'clock, in the Church of the Redeemer.

FARMER LOSES \$8000 CASH

Wad of Bills Mysteriously Missing From His Inside Pocket.

GUELPH, March 21.—(Special.)—William McCallister, a well-to-do farmer of Fergus, has had the distressing experience of losing a wad of \$8000 in bills, which, so far, the Guelph police have been unable to find for him. He was in the city on Friday afternoon with the money in the inside pocket of his fur coat. He thinks he dropped the small fortune somewhere between the Grand Trunk station and the Priory Hotel, and blames a hole in his pocket as the cause. Taking a room in the Priory he went to sleep on his overcoat, serene in the belief that the money was in the inside pocket. In the morning he found he was "stony broke". The police were notified and a reward offered, but as the money is nearly all in \$50 and \$100 Traders and Imperial Bank bills, and as he does not know the numbers of any of the bills, it is considered he has only a mere chance of recovering it. What could have been his object in carrying around such a large sum in his pocket he does not say. It is thought he wanted it at an auction sale of farms that was held here on Saturday afternoon.

COMPLAIN OF FOUL ODORS

East King Street Residents Score City and Gas Company.

In protest against ill odors alleged to be due to lack of proper prevention at the Consumers' Gas Co. plant, and also to defective sewers, residents of East King-street, between George and Frederick, have prepared a petition to be sent to the mayor. The memorial asks the civic authorities to make proper and efficient remedies for the foul and obnoxious conditions of both gas and sewerage, which are not only a source of injury to health, but are the cause of expense and endless annoyances. It is asserted that "the gas and sewerage authorities have been called upon many times to give their attention to this matter, but they both excuse themselves by each casting all the blame and responsibility on the other, while the residents and ratepayers in general have to endure the annoyance and ill-health caused by this gross neglect of duty".

BRANCH BANKS REOPEN.

Branches of the United Empire Bank of Canada will reopen this week at Dunville, Canfield and Canboro. At Canfield and Canboro, the offices will be open but three days a week.

Easter Excursions.

Return tickets at single fare between all stations in Canada, also to Detroit and Port Huron, Mich., Niagara Falls and Buffalo, N. Y., via Grand Trunk Railway System. Tickets good going March 24, 25, 27 and 28. Return limit March 29, 30. Secure tickets and full information at ticket office, northwest corner King and Yonge-streets. Phone Ma 4329.

New York "Dry" in Decade.

NEW YORK, March 21.—(Special.)—Glenn of North Carolina, addressing a New York audience, predicted that every city in New York State except New York City will be "dry" within five years, and within ten years New York City itself will drive out the alcohol if the legislature grants city local option.

Caught in Detroit.

DETROIT, Mich., March 21.—Geo. C. Murray, twenty-two years old, of Toronto, has been arrested in this city with Miss L. Tuck, eighteen years old, of Hamilton, with whom he came here last November. Murray left his wife and family in Toronto, while in quarantine from scarlet fever.

Motion by plaintiff for judgment in \$500. Enlarged until 25th inst. Motion by plaintiff for judgment in \$500. Enlarged until 25th inst. Motion by plaintiff for judgment in \$500. Enlarged until 25th inst.

Divisional Court. Before the Chancellor, Magee, J.: McAlpin v. Fleming, E. A. DuVernet, K.C., and N. Sommerville, for plaintiffs, appealed from judgment of Trestler, J., of 25th June, 1909. In the individual defendants, the plaintiffs, Straub and Peuchen. No one for the defendant company. This action was brought in the name of the Consumers' Tobacco Company on behalf of Benjamin McAlpin, who is the purchaser of all the assets and property of the company, in January or February, 1906. The company at that time had reached a stage in its affairs where it had become impossible to profitably continue its operations, and the directors made to realize upon the property of the company. It was purchased by McAlpin. The Consumers' Tobacco Company is a limited liability company, and the plaintiffs appear in the eyes of the trial judge as if they were the individual defendants. The money which they so wrongfully wrongfully received the benefit of the plaintiffs' appeal should be allowed to the company, and the plaintiffs' company entered against the company. The Consumers' Tobacco Company varied accordingly to take the accounts. Costs of reference and further directions reserved.

Before Mulock, C.J. MacLaren, J.A.: Plaintiff, E. E. A. DuVernet, K.C., for defendant. An appeal by plaintiff from the judgment of Latchford, J., of 28th January, 1910. At request of counsel for defendant, plaintiff's counsel joined argument of this appeal. Hubbert v. Home Bank—J. H. Blackbridge for plaintiff, J. D. Falconbridge for defendant. An appeal by defendant from the judgment of the trial judge of 19th January, 1910. Plaintiff sued the bank for \$1400 with which she alleged they wrongfully debited her account. Plaintiff paid a certain promissory note made by plaintiff for \$440.50 when the same was due, and presented to them for payment, but they refused to pay same, and that they had no authority to do so. Judgment was given for plaintiff for the amount claimed with interest and costs.

DISREGARDED THE JUDGE

Jury in Quebec Criminal Libel Case Render an Acquittal.

QUEBEC, March 21.—The jury in the criminal libel case of Boudreau vs. Van Felsou, arising out of the enquiry into the Dominion marine department, late today returned a verdict for the defendant.

The suit was provoked by a statement made by A. Van Felsou, who as former local manager of the People's Bank of Halifax, controlled the financial affairs of James Holliday, steamship owner and government contractor.

Van Felsou, during the department's investigation, said that Boudreau had received from him \$500 before the account of \$30,000 owed to Holliday by the marine and fisheries department could be settled.

The case has been in progress for nearly two weeks. Addressing the jury, Judge Lemieux asked if it was likely that, as the manager of a bank which was about to close its doors, and whose head office had sent instructions not to make any further advances to clients, Van Felsou would have unobtrusively made an advance of \$500 to a customer having an overdrawn account of \$3000.

The attendance book, which had been brought from Ottawa, showed that on the 2nd and 3rd of June, 1905, the date on which it was alleged the money had been paid, Boudreau was in Ottawa. Speaking of the testimony given by Holliday, the judge said that he had sworn positively that he had not signed any cheques to be paid to Boudreau.

Boudreau will either appeal, or attempt to have the case retried in Ontario. He also threatens to have Van Felsou accused of perjury.

Harper, Customs Broker, McKinnon Building, Toronto.

CAR STRIKE STILL UNSETTLED.

PHILADELPHIA, Pa., March 21.—Negotiations for a settlement of the strike of street car men are once more at a standstill and the strikers in a statement issued by S. C. O. Pratt tonight, announce their intention of keeping by the fight until the public opinion forces the company to agree to their demands.

NAVIGATION IN LAKE SUPERIOR.

PORT ARTHUR, March 21.—(Special.)—It is expected that lake navigation will open within the beginning of next week. The Booth line steamer is expected to sail Sunday from Duluth to this port. Ice conditions on the lake are reported excellent, there being much less than the usual quantity.

RAILROAD MAN BANQUETED.

C. B. Foster, former C.P.R. district passenger agent in Toronto, and now resident general passenger agent at Vancouver, B.C., is visiting in the city, and was tendered a banquet last night at the Albany Club by Toronto railway and business men. All the railroads touching Toronto were represented. Dr. Orr, manager of the National exhibition, presided.

THE NEW SAVOY

1141-2 Yonge Street
(tower block)
Business Men's Lunch 12 to 2 Prompt
and satisfactory service.
Open from 8 am. to 11 pm.

THE WEATHER

OBSERVATORY, TORONTO, March 21.—(8 p.m.)—Another disturbance is passing eastward across Northern Ontario, accompanied by high temperature. There has been little change in the summery conditions throughout the western provinces.

Minimum and maximum temperatures: Dawson, 32-34; Atlin, 34-35; Victoria, 46-50; Vancouver, 38-41; Kamloops, 42-44; Edmonton, 34-46; Calgary, 40-48; Moose Jaw, 48-55; Winnipeg, 42-49; Port Arthur, 28-44; Barry Sound, 26-40; Toronto, 28-46; Ottawa, 22-42; Montreal, 24-49; Quebec, 12-24; St. John, 22-32; Halifax, 32-42.

Probabilities.—Lakes and Georgian Bay—Fresh to strong southwesterly and westerly winds; some local showers or thundershowers, but mostly fair and warm.

THE BAROMETER. Table with columns: Time, Ther., Bar., Wind, S.W., N.W., E., S.

DEATHS.

CLEMENTS.—At his residence, 183 Fisher-avenue, Detroit, on Monday, March 21, Frank Clements, late of Toronto, in his 50th year.

FRASER.—On Sunday, March 20, 1910, at the Sick Children's Hospital, after a short illness, Elizabeth Friend Fraser, dearly beloved daughter of Mr. and Mrs. William Fraser, aged 12 years 10 months.

HAYSTEAD.—On March 21, 1910, at his residence, 52 St. James-avenue, Nelson H. Haystead, in his 42nd year.

Funeral on Wednesday, the 23rd inst., at 2 p.m., to Mount Pleasant Cemetery. Kindly omit flowers. A member of Mary's Tent, No. 57, K.O.T.M.

On Sunday, March 20, 1910, at Toronto, Jimma Frances, beloved wife of James A. Jones, aged 24 years. Funeral from the residence of her father, Adam Bunch, 71 Adelaide-street (flag of the Black Watch), Tuesday, at 2 p.m. Interment in St. James' Cemetery.

LANDSCAPE WORK.

INNOCENT MAN IN PRISON

Two Western Scoundrels Take Advantage of Foreigner.

EMONTON, Alta., March 21.—(Special.)—A clear case of miscarriage of justice has come to light in Edmonton Penitentiary.

In June Hans Hering, a German, fresh from the old country, was sentenced to two years for horse stealing. Hering was employed to work on the farm of one Morrow, near Weiskamwin. The farm was owned by two partners, King and Morrow, who took advantage of Hering and made him, at a revolver point, sign a fictitious name to a paper that they had, and which later turned out to be a bill of sale of some stolen horses.

This bill of sale was made out previous to Hering landing in this country. Hering was convicted and, with his employers, has spent several months in the penitentiary here. King made a confession a short time ago exonerating Hering.

TAFT SEEMS HOPEFUL

Remarks at Banquet Indicate Tariff Relief in Sight.

PROVIDENCE, R. I., March 21.—With Senator Aldrich seated at his left hand, President Taft again tonight earnestly defended the Payne-Aldrich tariff bill in his address at the annual dinner of the New England Manufacturers' Jewellers and Silversmiths' Association.

The president also expressed the hope that it would not be necessary to apply the maximum tariff rates against Canada, thus hearing out the reports of the Albany conference of yesterday, that the negotiations with the Dominion Government had taken a more favorable turn.

TO DISSOLVE MEAT TRUST.

CHICAGO, March 21.—Simultaneously with the return of indictments today against the National Packing Co. and its subsidiary companies, charging violation of the anti-trust law, U. S. District Attorney Sims also filed a bill in equity for dissolution of the meat trust.

PICTURES FOR REGUE'S GALLERY.

NEW YORK, March 21.—Roused by the arrest, measuring and photographing of an innocent man, Mayor Gaynor to-night issued orders that the pictures in point be destroyed and that in future only "persons convicted of a felony" be so treated.

The Paris Matin will institute a suit against Le Journal for \$100,000 damages because of a series of articles which the latter paper published concerning the management of The Matin by the Chartreuse liquidation.

CARS TELESCOPE FORTY-FIVE ARE KILLED. Continued From Page 1. Cedar Walls, teacher in economics at the State Teachers' College, was one of the first to be taken from the runs. He was rushed to the hospital, but died in the ambulance.

son later when he was brought out. He was cut in two. We had the mangled body kept away from the father and let the old man believe his son was still in the wreck. Bodies Literally Smashed. George W. Downing of Vinton, was in the smoker, the third car from the locomotive. He was pinned down under a seat.

Two Killed in This Wreck. WINNIPEG, March 21.—The Great Northern Winnipeg flyer, northbound, left the rails one mile west of Roger, Minn., at 6:35 last night. Seven cars went into the ditch. The engine, baggage, and mail cars overturned, and immediately catching fire, endangered the lives of a number of passengers who were caught in the wreckage, but who were rescued.

TASCHEREAU IS DARED. To Repeat in Quebec the Speech He Gave in Toronto. QUEBEC, March 21.—(Special.)—Incidentally, the Canadian navy project was introduced into the discussion in the speech from the throne of the legislative assembly this afternoon by A. Sauve of Two Mountains, who said the minister of public works, the Hon. Mr. Taschereau had betrayed the principles of his party and the sentiments of his compatriots. In his Toronto address not long ago, just to please a people who think differently from French-Canadians. Would he now be brave enough to offer to the house a motion in favor of the Laurier-Brodeur plan for a Canadian navy?

FARMERS TO SUPPLY THE HOGS. EDMONTON, March 21.—(Special.)—Several hundred farmers between Edmonton and Vegreville have agreed to supply the required number of hogs stipulated by the department of agriculture for a provincial co-operative pork-packing plant. Use Gibbon's Toothache Gum, Price 10c. Toronto Symphony Orchestra Concert, Thursday, March 24, 8:15 p.m. Mischa Elman, soloist. Public sale begins March 22 at Massey Hall. 4624

Of Interest To Women

The Chivalry of Women to Women.

Editor World: Your leaderette, "Dr. Gulick on Feminine Character," has just been shown to me. I can only guess what Dr. Gulick's very "profoundly philosophical" address, but if his observations led to the conclusions embodied in your article, I can see that his philosophy lacks the profundity of reasoned logic. For generations men have been advance agents for the creed that women are spiteful, bitter, intolerant towards each other, and by the spread of this creed they have helped to build up the baseless convention that women are sure of kinder treatment from men than from their own sex. In a wide and varied experience gained in the old country, Australia, Europe, America and Canada, I have found the very reverse to be the case. I have found the kindness of women to women one of the most beautiful of many happy experiences, and practically every woman of my acquaintance says the same thing. The scandals, often groundless, which from time to time cloud the reputation of women, especially of women much in the public eye, I have found almost always originate with men. I have found, too, that when one woman gives the "cold shoulder" to another, she is acting not on her own initiative, but on the direct, urgent command of her husband, who says: "I cannot explain to you, my dear, but I don't wish you to know Mrs. Blank." With regard to the alleged tendency of women to cheat at cards and other games, whatever of that tendency exists can surely be traced to the men themselves, who, from the heights of their self-erected eminence of superiority, have always treated women's competition in such games merely as a practical joke. Small wonder that many women agreed with the declared attitude of the men players and refused to enter seriously into the game. The women's movement in England, and especially the suffragette movement, has happily done a great deal to shatter the myth about women's cruelty to each other, which men's vanity and love of power had done so much to promulgate. In all the great crises of history, women have shown great loyalty to each other. Were the women friends of Mary, Queen of Scots, and Marie Antoinette lacking in courage and chivalry to their unfortunate heroines? Have the men in any political movement in any country made greater sacrifice in comfort and worldly goods than have the suffragettes of England for their sisters? Take the divorce court, which unhappily in all civilized countries mirrors an important phase of modern life. Times out of number where the man is the petitioner, the co-responsible one of his old and trusted friends. On the other hand, where the woman is the petitioner, it hardly ever happens that the other woman in the case was a pledged friend of the wife. Rarely does a woman betray a woman friend. Judas was not a woman, neither was Peter, and it is only thru the splendid chivalry of women for each other, as evidenced so bravely in the English suffrage movement, that many have taken time to remember that it was women who stood at the foot of the cross when the dread tragedy of our Redeemer was enacted on the heights of Calvary.

Agnes Murphy. (A London Visitor.) 177 West Dorchester-street, Montreal.

A Woman's Way. NEW YORK, March 21.—Mrs. Anthony Internate, to foil possible burglars, concealed \$500 in money and \$150 worth of jewels in the toe of a shoe in her Brooklyn home, and during her absence the attentive servant sent the shoe to a cobblers' shop to be resoled. The valuables were recovered.

SOCIETY NOTES

Mrs. T. Miles Kinsman, 26 Summerhill-avenue, will receive Thursday, 24th, for the last time this season. Toronto Alma Daughters held their regular monthly meeting on Friday afternoon at the home of their second vice-president, Mrs. Shannon, 419 Brunsvick-avenue. Mrs. Lindsay presided. After business matters were disposed of Mrs. Shannon sang several Irish songs and Miss Bernice Parker of New York recited. Tea was served with shamrock decorations.

Mrs. W. J. Richardson, 63 Lynwood-avenue, will receive to-morrow (Wednesday) for the last time this season. Mrs. T. M. Humble of 86 Cowan-avenue will receive on Tuesday (today) from 4 to 7 o'clock, for the last time this season. Mrs. Fred. Burritt of Nanapan is in town to play in the King Edward which takes place at the King Edward on Friday and Saturday of this week. Mrs. Featherston Aylesworth has returned from Ottawa, where she was the guest of the Hon. Alan and Mrs. Aylesworth.

Mr. and Mrs. Victor Cawthra are at Atlantic City for Easter.

A Girl's Life in Danger. LONDON, March 21.—Miss May Cutler, the thirteen-year-old daughter of J. Oliver of Grand Bend, is being rushed to Toronto to receive Pasteur treatment as a result of being bitten by a dog at her home a week ago.

The Big Removal Piano Sale of HEINTZMAN & CO.

MAKERS OF CANADA'S FOREMOST PIANO

Opened this week with a bang. The business of the first day augurs great things for the future of the sale. Buyers from all parts of the city have flocked to the warerooms.

The sale plan is so simple and straightforward that it appeals to everyone looking for a piano. Priced tickets are found on every piano. There the regular price is marked and below it the removal sale price—all in plain figures. You see at a glance for yourself the big saving to be made.

April 1st is the day when the big Brown building, to which we will remove, comes into our possession. Contractors have instructions to push ahead with the work of remodelling, so that at the best the time will be short enough when we will bid good-bye to King Street and make our new home at 193-197 Yonge Street.

It has got to be quick selling, for there are over 1,000 Pianos, Player-Pianos and Organs to be cleared. Price temptations, however, are such that we have little fear of what the outcome will be—a rich saving for anyone who wants a piano.

The opportunity is for out-of-town buyers as much as those in Toronto. Come to the city if you can and make your own selection. If this is not convenient sign the attached coupon and we will send you a list of the special values of the week.

EASY TERMS OF PAYMENT ARRANGED WITH ALL PURCHASERS

Piano Salon—Ye Olde Firme of Heintzman & Co., Ltd., 115-117 King St. W., Toronto

Heintzman & Co., Ltd., 115-117 King St. W., Toronto.

Please send us by early mail price list of your special removal sale bargain in pianos, advertised in The World.

Name Address

CHURCH BECOMES ACTIVE IN POLITICS OF FRANCE

Vigorous Campaign to Elect Deputies Who Will Be Favorable to Ecclesiastical Interests.

PARIS, March 21.—One of the most interesting phases of the approaching general election in France is the open political campaign undertaken in the name of the Catholic episcopate, to secure the election of deputies to the next chamber, either pledged to vote for or in sympathy with the interests of the church.

Under the concordat, the intervention of the clergy in political matters was illegal, and any influence exercised was in secret. At the general election in 1906, which followed the enactment of the separation law, the Catholics did not take a definite stand, as there was still uncertainty whether Pope Pius X would approve the organization of public worship associations, contemplated by the law, as other religious demonstrations had done. Consequently not until this year, when the Catholic hierarchy is freed from any legal restraint against rallying its followers politically, has it gone boldly into the political arena. The avowed purpose is to turn a chamber of deputies which will reverse the present order of things, at least in so far as to give the church a legal status in accordance with the views of Rome.

How It Began. The agitation was initiated with the declaration of war against the teaching in the public schools, which has already resulted in a series of suits for damages by the School Teachers' Association, against the bishops who signed the letter. The only suit thus far decided has resulted in the condemnation of the bishop. Along with the campaign against the teaching in the schools, electoral committees of Catholics were formed. In some cases directly under the leadership of the bishops and clergy, in others with the clergy only associated with the societies. Many of the priests, however, have refrained from public participation, and a handful of the bishops, notably the Bishop of Nice have publicly disapproved both the school and political campaign. Electoral literature is being published in true campaign fashion; the religious press is very active, and bishops and priests in pastoral letters and from the pulpit are exhorting their followers to "vote right."

Some Are Violent. The vehemence of the language varies perceptibly according to the religious fervor of the locality. Mgr. Villed, Bishop of Arles, for instance, simply advises the faithful to "vote a candidate and vote according to your belief in religious matters," while Mgr. Germin, after recalling the desire of the Pope for a union of Catholics in the elections, admonishes them

that "they must obey the directions of the church."

In Brittany the tone of some of the bishops' letters is extremely vigorous. Mgr. Guenard, Bishop of Coutances, after describing France as the prey of self-seeking politicians, who are bringing about "universal decomposition," concludes: "If all the Catholics of France will unite at the coming elections they will put an end to the crimes against religion and liberty, which the coalition of Judaism, freemasonry and Protestantism are committing."

DARN STOCKINGS ON YOUR SEWING MACHINE.

Don't darn stockings by hand when you can get a Singer Darning that can be used on any lock-stitch sewing machine. Stakes darning a pastime. For sale at Singer Store, 115 Yonge-street.

New England Railway War. MONTREAL, March 21.—An entirely new light is thrown upon the Grand Trunk application for a charter to extend the Central Vermont from Palmer to Providence, Rhode Island, by the statement that it is in reality a war between the G.T.R. and the C.P.R. in New England territory.

THOS. R. FOWLER, R. D. No. 3, Dunn, N. C. Price 25c at your druggist. He should supply you. If he does not, send price to us, we forward prepaid. DR. MILES MEDICAL CO., Toronto.

LOUIE LYNN, the clever little comedienne with the "Star Show Girls," at the Star this week.

PROFESSOR WORKS IN PITCH

Works as a Day Laborer for Sake of Experience.

CAMBRIDGE, Mass., March 21.—Hugh W. Ransom, professor of mathematics and civil engineering at the Harvard Summer School, and an assistant instructor of mathematics at the university, has gone to work as a laborer at \$1.25 a day for the construction company that is building the Cambridge subway.

Prof. Ransom, attired in a jumper, soft hat and with an old pipe in his mouth, his clothes covered with clay, looks very much like his fellow-laborers. "How do you like the job?" he was asked. "Tiresome," he replied. "A fellow may think that what he learns in college in the scientific line may be all he needs in a mechanical life, but this is a mistake. Book learning amounts to nothing compared with practical experience."

"I intend to promote a contracting company and want an insight into the work. So I applied for a job here digging ditches. I am not afraid of dirt or soiling my hands or college standing."

Among the college students employed as laborers in the ditch are Juan Lyons and George Homer of Harvard; H. W. Roubenoff of Yale; D. H. Bates of Worcester Polytechnic Institute, and Jack McKnight of Holy Cross.

FIRST PROSECUTION OF ORE CASES FALLS THRU

Jury Disagree in Case Against Zojotz—New Trial Was Ordered.

Failure on the part of the crown to show that the accused acted without authority resulted in a disagreement by the jury in the first of the ore cases heard by Judge Denton yesterday, in which Nicholas Zojotz was charged with disposing of ore from Cobalt in a manner contrary to the code. His honor expressed regret at the turn the case took, and added that a new trial would be insisted upon.

The case recalls the excitement which was general last December when it was learned that hundreds of thousands of dollars' worth of ore had been fraudulently removed, it was alleged, from the storerooms of Cobalt mines. Zojotz, sometimes known as Smith, was arrested at the Union Station with a quantity in his possession.

In the witness box yesterday Detective Murray, who arrested Zojotz, testified that the accused had admitted at the time that he was not the owner of the mine from which the ore was taken, nor agent of the owner. George R. Mickle, mining assessor, explained the regulations, setting forth that it was illegal to remove ore without registering with a government official as the owner of the mine or his agent. This regulation was intended to protect mine operators from ore thieves.

In arguing the case, T. C. Robinette held that it had not been shown by the crown what mine the ore came from, and, consequently, the onus rested upon the crown to show that he was neither the agent nor owner of a mine. He also contended that the crown had failed to prove that the prisoner really sold ore.

The other charge against the prisoner was that of stealing the ore, and both cases will likely be stood till the next session.

True bills were brought in by the grand jury against five others involved in the ore cases. They are George Barber, alias J. Nelson; H. A. Lander, alias Jack Hill; Jacob Cohen and M. Heilmann.

The other cases will be continued today. W. A. Strongman was charged with stealing three boxes of human lardoch and 25 lbs. of halibut from F. T. James, wholesale fruit merchant, at the corner of Church and Colborne-streets, but was found not guilty by the jury. Strongman was a street salesman for James.

U. S. War Department to Investigate. OTTAWA, March 21.—The war department of the United States is going to have a board of engineers look into the Long Sault dam project and report. This announcement is contained in a letter received Saturday in Ottawa from a high official of that department.

SOLD HIS BLOOD AND DIES

New Yorker's Supreme Sacrifice in Providing for His Loved Ones.

NEW YORK, March 21.—Bernard Lizer, who gave blood from his body to save the life of a woman patient in Fordham Hospital a month ago, died on Saturday as a direct consequence of his heroism—a heroism in behalf of his family.

He was a painter living at 541 West 132nd-street. He had a wife to whom he had been married only 15 months, and an infant child. He had long been out of steady work and took all kinds of odd jobs to get money for his family. Early in February he saw an advertisement for a man who would submit to a transfusion of blood into the veins of Mrs. George Gerlich, who was lying close to death in Fordham Hospital. He was then in fine health.

Electrocution for Kentucky. FRANKFORT, Ky., March 21.—Gov. Willson today signed the bill providing for electrocution as the death penalty.

DUST Causes Sickness

DUSTY FRIDAY NO MORE

DUSTBANE

is a green colored powder, packed in tin cans ready for use. In sweeping a carpet, take one or two handfuls, according to the dust. Sprinkle where you are to begin (not all over the carpet), then sweep as you always do. The powder is swept ahead of the broom and falling on the carpet absorbs the dust, leaving the carpet clean and bright. The dust is not thrown into the air to settle back on the carpet and furniture.

WHY YOU SHOULD USE DUSTBANE It saves labor in sweeping. It saves one-half your dusting. It saves your carpets and rugs. It saves damage by moths. It saves taking up carpets. It saves your health. It saves your money.

IT COSTS NOTHING TO TRY

YOUR GROCER

is authorized by the many retailers of Dustbane to send you a free trial of their "Sweeping Compound." They want you to use this on a trial one week. At the end of this period, if not found satisfactory, we will take it back and there will be no charge for quantity used.

Consider the Captains of Finance WITNESS the big fortunes that have been made in the last 25 years by men who understood the buying and selling of stocks. Men like Morgan—Harriman—Gates—Rockefeller—Hill—Mills and Carnegie did not accumulate their money by investing it where it would earn only a paltry 3% or 4% per annum. How can you expect to make big money unless you invest intelligently where your money will earn large dividends?

Consider your own finances. On the New York stock market is where the big fortunes are made. There is no surer or quicker way of making money than by investing in accepted New York stocks under specialist guidance and ample financial protection.

Investigate Our Syndicate System. Why should your money earn you only 3 per cent, when it can earn 50 per cent, at least, and actual statistics show it will under careful guidance earn a great deal more?

Remember this. One point means profits of \$100.00 for a \$2500.00 syndicate. Watch the markets and figure out for yourself what the earnings would be on any market day.

And remember also that our Mr. Patriarche is a market specialist in constant touch with New York by direct wire and takes instant advantage of market conditions—for your benefit.

The market now is good for trading. Why delay? Invest at once. Give us your New York business even if you do not want to join a syndicate.

Nasal Catarrh

Throat Weakness, Bronchitis, Coughs and Colds Quickly Cured.

You have fullness of the head, headache, difficulty in hearing, stuffed nostrils, droppings from the throat, raw, itching cough; you ought to know you have Catarrh. It is poisoning your whole system. Catarrh begins as a cold, repeated colds inflame more deeply the air passages. By-and-by it extends deeper, far down into the lungs. Breathe then you have broncho-catarrho-citis. These inflamed surfaces secrete germ-laden mucus, swallowed it pollutes the whole system and destroys health. Stomach doing its work always fails, so do washes, snuffs, ointments, pills that will do you good is Catarrhozono. You do not take, but breathe Catarrhozono. Catarrhozono is a fragrant health compound that destroys germ-laden mucus, and when you inhale Catarrhozono into the lungs from the Catarrhozono inhaler little drops of healing are carried to the remotest parts of the breathing apparatus. Wherever Catarrhozono goes it first destroys the germs, but it healing action goes right on until the tissues are made firm. When the congestion ceases, the formation of mucus ceases, hawking and spitting ceases, and of course droppings into the throat that poison the whole system cease. You get well. You see Catarrhozono removes the cause of colds. Don't you think it is the right way to cure Catarrh? Can you think of any other way that would be as good? Complete outfit, hard rubber inhaler with sufficient liquid to last three months, price \$1.00, smaller size \$0.50. All dealers or The Catarrhozono Co., Buffalo, N. Y., and Kingston, Ont.

NEW GROUND FOR DIVORCE

Woman's Prayer to St. Exterminus, an Unfamiliar Saint.
PARIS, March 21.—There are many grounds for divorce in France. An extraordinary new one has been found by a husband who is seeking to rid himself of his wife. It is a strange written prayer discovered among his wife's papers. The prayer is addressed to St. Exterminus, a name that is unfamiliar to Parisians. The saint is not asked to exterminate anybody, but what the errant wife asked the saint to do seems bad enough. "Great Saint Exterminus, I beseech you to torment the soul and mind of Mme. X., residing in Paris, thru the five natural senses. Be she obsessed with yearning to leave her husband, Amen." "Great Saint Exterminus, I beseech you to torment the spirit of the husband of Mme. X., thru the five natural senses. Torment him so that he may be unable to live without me. Sleep, let him dream only of me. Waking, let him love only me. Let him see his wife, and bring him to me, oh great Saint Exterminus, Amen." "Great Saint Exterminus, I beseech you to torment my husband's spirit thru the five natural senses. Let him be possessed by one idea, to give me a handsome allowance." "Great Saint Exterminus, I beseech you to unite me to the man I love, Amen." The civil court will take a week to decide whether the wife's prayer is technically a ground for divorce. It is a legal divorce being granted to the husband.

HOLD-UP IN CHICAGO CAR.

CHICAGO, March 21.—Two masked and armed men in a street car here Saturday, ordered the passengers to line up with their hands above their heads, and while one man kept them to line the other searched the pockets of several, obtaining, it is believed, about \$50.

Early Nova Scotia History.

ST. JOHN, N. S., March 21.—(Special.)—Senator Polier announces that he has in preparation a story of the Maritime Provinces, in which he objects to bring out many hitherto unpublished facts. Senator Polier says that a period of the Nova Scotia history, the Nova Scotia history by the British to the capture of Louisburg, which was generally supposed to have been peaceful, was in fact a period of violence, marked by raids and affrays of a serious character.

Your Daughter's Health

Her Burden—Your Burden
This is true—sickness not only wrings the heart, but adds burdens that in most families bear upon the minds and comforts of each member of the family. "My daughter," writes Mrs. H. E. Budder, "grew into weakness instead of that full measure of strength that is the desire of every parent's heart. Clever at school, she loved study, yet her strength was too slight. Because she was ambitious, she was always tired. She never ate heartily, was pale, thin and aching when rising for school hours was needless of the interests and feelings natural to young girls. The burden of ill-health she carried wore my burdens too, because I fretted lest some serious malady might seize her and take her from me. "Perrozono brought to her and I the first gleam of satisfaction. How that girl did enjoy her food after the first week she used Perrozono. Her pale cheeks began to show a glimpse of red, and her strength improved. I think she could have gained more, but I was afraid she might over-do. The more she did the stronger and ruddier she got, for Perrozono renewed her blood and gave her muscle, flesh, strength and nerve." "There is no tonic that will uplift, vitalize, strengthen and rebuild young girls and women like Perrozono; though many say so, the benefit it will do you in all ways is beyond telling. In many, 50¢ per box, six boxes \$2.50. The Catarrhozono Co., Kingston, Canada."

FROM HAMBURG TO N. ORLEANS

Hamburg-American Line Will Try To Distribute Immigrants.
With the object of diverting the current of immigrants as much as possible from the north Atlantic seaboard, and to secure for distribution and assimilation in a section of the country where they will derive the greatest benefit, the Hamburg-American Line, according to a statement of Emil L. Board, resident director and general manager of the line in New York, will inaugurate a new storage passenger steamer on the direct route to New Orleans, commencing in May. This new service will tend to relieve the northern cities, and will bring the immigrants to the most desirable section of the country at a lower rate of fare, and less inconvenience, as the fare from Hamburg to New Orleans will be less than that from Hamburg to New York, thereby reducing immigration to New Orleans.

LEATHER-WORKERS' STRIKE

KANSAS CITY, Mo., March 21.—Union Leather Workers here and in cities all over the country, except Chicago, went on strike to-day for an eight-hour day and a 15 per cent. increase in wages.

A CUT-OFF CANAL

MONTREAL, March 21.—A cut-off for the present on a monthly schedule of several pupils, she teaches the Junior and will later be extended to a fortnightly service.

ROOM 25, MANNING ARCADE

The original incorporators of the Company are: Robert MacKay of the City of Toronto, County of York, Barrister-at-law; Gideon Grant of the City of Toronto, County of York, Barrister-at-law; Andrew Dods of the City of Toronto, County of York, Barrister-at-law; Bruce Williams of the City of Toronto, County of York, Student-at-law; Merrill MacDonald of the City of Toronto, County of York, Barrister-at-law, each of whom subscribed for one share of stock for the purpose of incorporation.

The holding of one share of stock is fixed as the qualification of a Director. No provision has been made in the bylaws of the Company as to the remuneration of the Directors of the Company. The Directors of the Company are: David G. Allan of the Town of Haileybury, District of Nipissing, Ont.; R. A. Galbraith of the Town of Carleton Place, in the County of Lanark, Civil Engineer; John H. Stephens of the City of Toronto, in the County of York, Treasurer of Beaver Consolidated Mines, Limited; Elias P. Smith of the City of Toronto, in the County of York, Miner; John M. Wallace of the City of Toronto, in the County of York, Broker.

REPORT

Porcupine, March 15th, 1910.
Mr. P. S. Halston,
730 Traders' Bank Bldg.,
Toronto, Ont.
Dear Sir: Your letter of recent date received and contents noted. Re United Porcupine Gold Mines, may say that weather conditions are rather against our progress at the present time, as there is at least three feet of snow in the timber. As you are aware, I was obliged to cut two miles of road through to the property in order to have supplies delivered at camp. This road is nearly completed now, and I have let a contract for the building of one camp. Our own men will build a storehouse and office for the safe housing of supplies, etc., as well as clear enough ground around the camp to insure safety from forest fires during the summer.

As per instructions, I am putting in ample supplies to last the crew during the season between snows. I am of the opinion, however, that we may be able to get supplies into the country during the summer fairly reasonable, should we need them. Our camp will be completed about the 25th inst., when I hope to have stores moving in. The present weather outlook here would indicate that our snow roads will be good for at least twenty days yet. Most mining men, as well as operators, now interested in working in the field, feel sanguine over the outlook. The Timmins people are installing machinery, consisting of a six-drill duplex compressor, hammer and hoist. This indicates that they are satisfied with results at 30 feet in depth. I am informed by good authority that they have free gold and good average values at the bottom of their shaft. McArthur Brothers of Scotland are operating in the camp. Their engineer informed me that he was well satisfied so far as they had gone. Foley & O'Brien, who recently acquired the Farnley & Wright property are also installing machinery. They have free gold showing in their shaft at a depth of 20 feet. The Wilson-Edwards property (as you know, the most spectacular one at present in camp) has recently turned over to an American company, composed principally of the International Nickel people, and I understand machinery is on the way for that proposition. This speaks volumes for the camp, when such people as the above are getting interested. All operators are building camps and getting in supplies before the snow leaves, with a view of commencing active operations when the season opens.

REPORT

March 21st, 1910.
Mr. P. S. Halston,
25 Manning Arcade,
Toronto, Ont.
Dear Sir: At your request, I looked over the holdings of the United Porcupine Gold Mines, Limited, which consist of the north half of Lot 8, Concession 1, and the south half of Lot 9, Concession 2, in the Township of Whitney, District of Nipissing, Province of Ontario. The Manager, Mr. D. G. Allan, has a crew of eight men at work

SHE DIDN'T SPARE THE ROD

Now Parents of Some of Her Pupils Are Complaining.
WINDSOR, March 21.—(Special.)—At the next meeting of the management committee of the board of education, Miss Margaret Poole, public school teacher, will be on the carpet on the complaint of the parents of several pupils, who have been placed in the fourth class at Tuscarora-street school, and it is alleged, has administered excessive punishment for trivial offences. Miss Poole has been teaching many years.

GAULT RESIDENTS SUFFER FROM GRAND RIVER FLOOD

Many Cellars Are Flooded and the Furnace Fires Extinguished—Rise of Seven Feet.
GALT, March 21.—(Special.)—The River Grand went on a rampage to-day, rapidly and unexpectedly rising seven feet, washing over the retaining wall of the Knox and Central Church houses. The high water is causing much damage and discomfort. It is the highest for years, and only that the ice went with the first flood waters, the water has been frozen a most disastrous time. The cellars of the Turnbull Co., Cowan & Co., and the factories 'shut down. The post-office, Merchants' Bank, Sloan's grocery and the Imperial Hotel are also suffering seriously. Residents on the east side of Water-street, between Main, are seriously inconvenienced, the water extinguishes the furnaces. Around Blair many acres of farm lands are inundated.

AN AMALGAMATION BLOCKED

Several Wood-Working Firms Were Almost Merged.
GALT, March 21.—(Special.)—A merger proposition, involving the wood-working machinery firms of Goldie & McCulloch, Macgregors and Cowan and Co., Galt; John Bellamy, Preston; Jackson and Cochrane, Berlin, and an eastern firm, has fallen through. One industry is said to have been the stumbling block.

Butcher Assigned

David McKinley assigned to Richard Tew yesterday for the benefit of creditors. McKinley is a butcher and grocer with stores at 457 Yonge-street and 705 East Queen-street.

Cutting out a Sleigh Road

Porcupine gives promise of becoming one of the biggest gold camps of the world. More free gold has been found on the surface at Porcupine than in any other camp known to mining engineers who have visited it. The opinion of all, upon seeing the surface showings, is that it is wonderful, remarkable, and beyond question that values continue, with no greater possibility of their disappearing at depth than there was when they were first discovered. The district has been tested and has proved upon development better than was expected. The Porcupine ore is of such high grade, and extends over such a wide area, that it warrants the belief that this district will be one of the largest gold producing camps the world has ever known.

Swindlers Sentenced

COUNCIL BLUFFS, Iowa, March 21.—John C. Maybray and nine others, convicted of fraudulent use of the mails in connection with fake racing schemes, were to-day sentenced to two years in the penitentiary and \$10,000 fine each.

College Principal Dead

George Dickson, M.A., of St. Mary's College, died from paralysis yesterday morning. He was confined to his room for four weeks. The deceased was born in 1846, in the Township of Meram, Ont. He was appointed assistant master of the Central Grammar School in 1868, and a member of the staff of the Woodstock College in 1870. He became assistant principal of the Hamilton Collegiate Institute in 1872, and held the headmastership from 1873 to 1888, when he was appointed principal of Upper Canada College. He started St. Mary's College in 1906. The Hamilton Teachers' Association was organized by him and he was president of the Ontario Teachers' Association. For seven years he was a member of the mechanics' institute board of Hamilton, a member of the senate of the University of Toronto for six years, a member of the senate of Knox College for 15 years, and a member of the board of trustees of St. Andrew's College.

Pure Milk Wanted.

At a meeting of the General Milk-Literal Association in the Y.M.C.A. building yesterday the quality and price of milk was condemned, and a resolution endorsing the work of the Canadian Household Economic Association in their campaign for pure milk was unanimously adopted.

Day's Work CO. NEWMARKET, BY-LAW CARRIES BY BIG MARGIN

Death of York County Centenarian

—Belt Line News—County and Suburbs.

NEWMARKET, March 21.—(Special.)—The by-law in favor of granting a bonus by the Town of Newmarket to the Office Specialty Co. was carried here today by an overwhelming majority, 47 to 11. While the passage of the measure was conceded from the first, it was hardly thought that the vote would be so decisive. There is general satisfaction in town tonight over the result, and there is every indication that Newmarket will this summer make the most satisfactory advance in the history of the town.

The company will at once proceed with the erection of an addition to their main factory, costing \$80,000. There is an active demand for comfortable houses, and the passage of the by-law to-day means the employment of many extra factory employees.

Prof. Hunt of Toronto will lecture under the auspices of the Horticultural Society in the town hall on Thursday evening, March 24. Subject, "Why Not Beautify Newmarket?"

A new pipe organ has been ordered for St. John's Church from a Woodstock firm and will be delivered here next August. A window in the parish has donated \$1000 toward this fund.

The directors of the Office Specialty Co. have donated the sum of \$500 to Mrs. Fraiser, mother of the young man who a short time ago met with his death in the factory, the result of an accident.

West Toronto North Toronto East Toronto

has been entered in the Earl Grey contest, which takes place in the Royal Alexandra theatre every April. They will sing "Hymn to Music," by Dudley Buck.

One of Breslin Bread Co.'s horses ran away on St. Clair-avenue at noon today. The driver was thrown out of the wagon, but not seriously injured. The horse was stopped eventually by Fred Mason.

Dr. Reta Kilborne, formerly a missionary at Chentu, China, gave an interesting illustrated lecture to-night on the inhabitants of that place and their habits, in the Sunday school of High Park-avenue Methodist Church. About 200 were present and a silver collection was taken in aid of missionaries.

The annual meeting of the Woman's Auxiliary of the same church (Tuesday) afternoon at 2 o'clock, in the basement of the church.

The Independent Order of Oddfellows, Lakewood Lodge, No. 272, will hold a box social in James Hall on April 1.

Mr. Horner and Mr. Joy, teachers in High Park-avenue Methodist Church S.S., expect to go west April 5. Their classes combined with that of Mr. Banz will give reception and commendation in honor of the departing gentlemen on Monday, March 28, in the basement of the church.

MAY NOT REOPEN BELT LINE.

U. E. Gillen, divisional superintendent G. T. R., stated a few days ago that there was no immediate intention on the part of the railway company to open up the old Belt Line for freight or passenger traffic. He further stated that the line, when opened, would be from Yonge-street easterly and not to the west as commonly reported. It was not thought that the traffic from the west would in any measure render necessary the large cost which would be incurred in the re-opening of the line.

It is well-known that large blocks of property have changed hands along the Belt Line west of Yonge-street on an acre or more in all, and was a matter of fact, purchased at that time for the sum named, will now bring \$8000, or nearly \$1600 an acre. In other parts to the north and west, and away out beyond the limits of the city, there is a big speculative value attached. It is said in some quarters that the contemplated Monarch Railway is booming prices in that direction.

Support is lent to this theory by the fact that the town council of North Toronto, as well as the York Township Council, favor the level crossing over the Belt Line from Merton-street to the cemetery grounds, in view of the absence of any train service, and the probable length of time which may elapse before an overhead subway is needed. The saving from a level to overhead crossing will be about \$200. In the event of the railway company resuming operations it is said they will be satisfied with the municipality assuming any liability attached.

TODMORDEN.

During Sunday's thunderstorm lightning hit a flagpole near the house of Ben Bailey, Gowans-avenue, Todmorden, rain down and wrecked a dog kennel killing the dog, and then set the house on fire. The flames were soon extinguished.

Geneva Key Night Latches \$1 to \$2.5 (3 keys with each lock). Door chains, door bells and knockers. Alkhead Hardware Limited.

YORK TOWNSHIP COUNCIL.

Councillor Griffith was the only absentee from the regular fortnightly meeting of York Township Council, held on Monday afternoon. George Henry presided, with Councillors Watson, Syme and Barker present. A good deal of routine work was put thru.

Considerable discussion took place as to the long delay in coming to any definite arrangements with the Toronto and Burling Trustees Co. with relation to the parallel road through the Pleasant Cemetery. Some time ago the Burling Trustees Company people declared their willingness to aid in every way the town of York in bringing this long-standing question to an end.

Engineer Barber, acting for York Township and who has prepared plans and profiles showing the proposed roadway, is unable apparently to meet with Engineer Keating, acting for the cemetery trustees, in order to proceed.

If more rapid progress is not made in the near future than in the past, it may be necessary to again approach the trustees with a view to looking to an extension of the time for expatriation.

H. C. Tomlin, has expressed a willingness to accept \$150 in full settlement of his claim against the township for damages sustained to his auto, and the matter will be settled on this basis without reference to the courts.

Road Commissioner Pinder suggested the amounts which it would require, roughly speaking, to deal adequately with necessary road improvements. For guard rails, about \$700; for cutting down hills, about \$1500; culverts, \$2000; and for stone, \$1000, of which Don-road would require \$500, Yonge-street \$1000 and Weston-road \$600.

The City Dairy Farms Co. asked for a settlement of the loss caused by the worrying of sheep on the Massey estate amounting to \$213.

In future the York Township assessment commissioner, as in North Toronto, will get from the registrar of York County a list of all absolute conveyances of property in York Township, north of Eglinton-avenue.

The board of railway commissioners will meet in the city hall this (Tuesday) morning at 10 o'clock, to consider the question of protection at the C. P. R. level crossing at Dundas-street, Lambton.

KING TOWNSHIP.

KING TOWNSHIP, March 21.—(Special.)—The death of Mrs. Sarah Kilborne, at the age of 101 years, and who is believed to have been the oldest person in York County, took place here yesterday. Deceased, who had lived in King Township nearly 50 years, was deeply beloved by the whole community.

AT THE THEATRES

Royal Alexandra "Cameo Kirby."

Dustin Farnum and the excellent company with whom he is associated, won deserved success at the Royal Alexandra last night in the new play, "Cameo Kirby," written by Booth Tarkington and Harry Leon Wilson, authors of "The Man From Home." From whatever cause arising, southern and western themes have always a peculiar fascination for denizens of the deck of a successful steamboat, and Mr. Farnum's earlier triumphs in "The Virginians," naturally aroused pleasant anticipations. These were fully realized in the play which opened last night in old Louisiana, and is tedious of the romance, chivalry and fighting of the south. What adds greatly to these attractions, and the spectacular effects which, according to rule, in all Lieber & Co.'s productions, are of exceptional excellence. The second act, in particular, with its love scene and sunset atmosphere and realistic representation of the old plantation was most effective, and the commendation it received at the hands of the large audience.

The plot revolves round the career of Eugene Kirby, known as "Cameo Kirby," on account of his partially torn, these artistically engraved gems. This is more than a sentimental reason, since to one of them that turned the edge of an athlete, he owed his life. For Kirby, the southern gentleman, is a professional gambler, but as he himself observes, and Kirby is himself of the profession. Before the opening of the play, he is supposed to have been on the deck of a successful steamboat, and to have had his attention called to the proceedings of another gambler of lower type, one Colonel Moran, who has investigated Kirby's past and himself observed, and Kirby is himself of the profession. Before the opening of the play, he is supposed to have been on the deck of a successful steamboat, and to have had his attention called to the proceedings of another gambler of lower type, one Colonel Moran, who has investigated Kirby's past and himself observed, and Kirby is himself of the profession.

Majestic "Alex. Carr & Co."

Full of good things is the bill offered by Manager Leslie to the patrons of the Majestic this week.

First and foremost is Alex Carr and Company, in a one-act playlet entitled "Tobolsky," an adaptation of the work of the same name by the author of "Not in many moons has a Toronto audience laughed so heartily as they did during the presentation of this sketch, which is as original as it is witty. Abraham Levy, represented by Alex Carr, a retired merchant of Seattle, is an excellent actor, and his performance in "Tobolsky," a Hungarian philosopher, with the added reputation of being something of a prophet. A love story between Levy and his captivating daughter of Israel is woven into the play, and the refusal of Levy to give his daughter in marriage results in the lovers' plotting to overthrow the venerable seer's reputation, by suggesting to Mr. Levy that "Tobolsky" is an excellent actor, and his performance in "Tobolsky," a Hungarian philosopher, with the added reputation of being something of a prophet.

Shea's "One Long List of Laughs."

Howard and North have gone back to the old act that made them famous, and "Those Were Happy Days" is just as humorously funny as ever. There is not a single line in the act that is not full of wholesome fun and rock-bottom philosophy as this creation of these clever comedians. There is a laugh in every line, and the audience is kept in a state of hilarious enjoyment throughout the entire performance.

Star "Great Wrestling Pictures."

The place to see an extra big attraction this week is at the Star. The bill is headed with the spectacular Hackenschmidt-Rogers wrestling pictures, and they are well worth the price of admission alone, but they are not the only commendable feature by a long way. The Star Show Girls Company are also on the job with their show fully equal to the pictures.

Princess "The Merry Widow."

All the modern seductive mystery, all the swaying, swaying glamour, all the passionate witchery of the most fascinating waltz-strain of recent times, is to be seen in the new production of the Princess last night in the bond of artistic appreciation. The applause was unending, and the curtain came down innumerable times.

Grand "Hanon's 'Supper'."

There is no more exciting or pleasing production than Hanon's "Supper," the big trick pantomime production which is the offering at the Grand this week.

THE SIMPSON COMPANY, LIMITED

H. H. FUDGER, President; J. WOOD, Manager.

TUESDAY, MARCH 22nd

The Men's Store Announces "ALL READY"

Spring Goods All In—New Suits, Coats, Hats, Shirts, Ties, Etc.—Larger Space, More Variety, Same High Standard of Value.

Made by leading Canadian manufacturers, in shapes suitable for the new spring collars.

Come Wednesday and see for yourself how well we can serve you with neckwear for Easter and Spring.

The New Shirts for Easter and Spring

Many are in the medium greys, blues, tans, greens and mauve shades.

Neat black and white stripes and spots for men of quiet taste are shown in many different designs.

Private Diseases

Impotency, Sterility, Nervous Debility, etc. (The result of fully or partially cured gonorrhea, syphilis, etc.) treated by the most scientific method. Guaranteed cure and no bad effects.

DR. W. H. GRAHAM

Knickerbocker Burlesques

Talks about an original and up-to-date chorus! No more versatile girls have been in Toronto this season than those points toward well up, and already one or two adventurous canoeists have used the trip north. On Grandview Island, in the large sheet of water west of Eglinton-avenue, the ice is still weather so far this month except any thing in the history of the district.

Atlantic City or Washington, D. C. and Return

From Suspension Bridge, via Lehigh Valley R. R. Friday, March 25th. Stopover allowed at Philadelphia. Particulars 51 King Street East, Toronto, Ont.

Barnardo Boys Arrive

A party of 380 boys and girls, the first to come over this season, from Dr. Barnardo's Homes in England, arrived in Toronto yesterday. They came over in the steamship Tinsulan, under the care of Alfred B. Owen, superintendent of the Toronto branch.

WEAK, TIRED GIRLS

Will Find Health and Strength Through Dr. Williams' Pink Pills.

There is a time in the life of every girl when the strain upon her blood becomes too great; when she grows weak; has headaches and backaches; when dizziness seizes her and she becomes extremely miserable. That is the time of life she needs a tonic—a medicine that will not fail to enrich her blood and give her strength to withstand the changes thru which she is passing. Such a tonic is Dr. Williams' Pink Pills for Pale People. They have raised thousands of growing girls out of the depths of misery and despair to a full enjoyment of good health and strength. Among those who have found good health through these Pills is Miss Suddard of Hamilton, Que., concerning whose case her mother writes as follows:

"Dr. Williams' Pink Pills have been a great benefit to my daughter, who was weak and miserable. She was pale, nervous, tired and was bothered with indigestion. The use of the Pills has brought back her health, and made her strong and active. I am very grateful for what this wonderful medicine has done for her."

Dr. Williams' Pink Pills are the greatest blood builder known to medical science. They are sold by all druggists and medicine stores, or direct by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.
