THE YANKEES FILL THE OUTFIELD GAP

Purchase "Whitey" Witt to Take Meusel's Territory—Weather Man Thanked by Eastern Clubs—Late Sport News.

New York, April 15.—Several managers of eastern teams in the big league were thanking the weather man today for having interfered yesterday with their scheduled games, and made it possible for them to play off the postponed contests later in the season when their teams will have reached championship form.

Miller Huggins, manager of the Yankees, was one of the bosses that was pleased, as his team seemed in for a beating at Boston, when a northeaster broke over the city and stopped proceedings.

The day was not lost to the Yankees, however, as they completed arrangements for the purchase of "Whitey" Witt, of the Athletics, who was expected today to be assigned to the right field berth. This section of the field has been weakened by absence of Bob Meusel, who with Babe Ruth, was suspended until May 20.

Witt is a 300 hitter and can play the infield acceptably. Yesterday's Gamts. The best pitchers battle of the year occurred yesterday in Cincinnati, where the Pirates shut out the Reds 1 to 0.

Morrison of Pittsburgh, held the Reds to four hits; Lunge yielded seven. The St. Louis Cardinals tasted defeat for the first time this season when the Cubs beat them.

Washington was victor in a weird game against the Athletics. The score was 11 to 9 and thirty men took part.

MRS. GROSVENOR HURT IN RUNAWAY

Young New York Society Woman Thrown from Her Horse and Her Spine Severely Injured.

Newport, R. I., April 18.—Mrs. Robert Grosvenor, young society woman of New York, was in a runaway accident while horseback riding here and is now suffering from a severe injury to her spine. This was determined after an examination at the Newport Hospital to which she was rushed after being picked up from the street where she fell.

Mrs. Grosvenor, who has been spending the winter here, went out for a morning canter. While on one of the country roads in Middletown the horse took fright and made a wild dash into this city. Mrs. Grosvenor is a good horse-woman. She stuck to her saddle and made desperate efforts to get control of the animal, but without success. Three miles from the place where the horse started to run Mrs. Grosvenor was thrown at Spring and Levin streets, landing on her back on the sidewalk. At several points people tried to stop

the horse, including Patrolman Joseph Dugan at Bellevue avenue and Bath road, but the horse was going too fast for them. Dugan gave chase in an automobile, but was not able to catch up to the horse before Mrs. Grosvenor had been thrown. Dugan picked her up and took her to the hospital.

Mrs. Grosvenor, who before her marriage was Miss Arlette Frost of New York, is the widow, her husband, a son of Mrs. W. E. Wilder, formerly Mrs. William Grosvenor, having died a few years ago.

SHIELDS FOR NEW TUNNEL

Plans for Six Steel Shields for Boring Under Hudson Announced.

Chester, Pa., April 18.—The Merchant Shipbuilding Corporation announced it would fabricate six tunnel shields of structural steel for the new Hudson River vehicular tunnel. The shields will be cylindrical in form, thirty feet in diameter, sixteen feet long and weigh approximately 280 tons each. The exterior shell will consist of four ply steel plating, within which will be placed a second shell of steel plating, bulkheads, bracing and operating equipment.

The shields are used for driving the tunnels after the shafts have been sunk. They will be forced forward through the river bed along the line of the tunnels by hydraulic jacks, operating under a pressure of 6,000 pounds to the square inch.

BETTER THAN HARD COAL

Soft coal so free from soot that it does not make whiskeys on stove covers or pipe and does not mat or cake when burning, is far better than Hard Coal for general household use. Quicker to light, takes less to make a fire, cheaper in price and can also be used for open fires and small heating stoves. Such a coal is Broad Cove soft coal. The main thing is to insist on getting the genuine article. No other soft coal burns just like Broad Cove. You will know it by the above characteristics.

Style Achievements! To do one thing well—to perfect one idea—is to have "achieved." The perfecting of Blouses is our creed! For years we have concentrated all our efforts on Blouses. Our great idea has been "better" Blouses at lower prices; prices not usually associated with exclusive models. Our brilliant Easter Blouse display is an eloquent testimony that we have achieved this great aim—"Better Blouses for less." Authoritative styles fresh from Paris—from New York—made in our own workroom under the supervision of fastidious designers. The Evening Times and Star

ST. JOHN, N. B., APRIL 18, 1922.

The St. John Evening Times is printed at 27 and 29 Canterbury Street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

A WORD OF WARNING

Mayor Schofield has not made any public announcement since the Imperial speech in which he was advertised to tell all the facts about hydro. On that occasion he could see no money in sight for civic distribution of hydro, and submitted an estimate of \$3,227,000 as the minimum cost to the city if it took over the power company's plant and went in for municipal ownership.

All we have heard from the mayor since he made that speech was a brief interview with the Globe, and his wish has never been declared for control of the power company, which means taking over the whole plant. Does that mean that he favors expending \$3,227,000, as estimated in his Imperial speech? If he does then the city would be in a worse position with municipal ownership than the power company is now, and there could never be any hope of lower rates for electric light, power, gas or street car fares.

Do those persons who are now shouting for municipal ownership, because the mayor is represented as having changed his mind, realize that his policy means taking over the whole power company plant at an inflated valuation and saddling the city with a heavier financial load than the power company now carries? The company has to keep up the cost to the consumer of light and power in order to pay the deficit on street railway and gas. Aside from the \$2,000,000 of common stock its capital is \$8,100,000.

The city, according to the mayor's Imperial speech, would have to incur an expense of \$3,227,000 or more. Is that safe and sane business? The citizens must not permit themselves to be argued or wheedled or frightened into a course of action that would fetter the New Brunswick Power Company at their expense.

The issue in the final elections is the same as in the preliminary, and any attempt to dodge it or to introduce new proposals is not in the interests of the people. Civic distribution of hydro is the issue, and not the taking over of the New Brunswick Power Company's whole plant at a price that would burden the city with heavy charges and rob the people of the benefits of the Musquash development.

Unless the voters play safe next Monday they will lose that benefit, and have the New Brunswick Power Company's whole plant unloaded on them at an inflated valuation.

Business Conditions. The consensus of opinion as expressed by commercial organizations and trade papers is that business conditions in Canada show some improvement. No rapid growth is to be expected, but the turn for the better has been made.

Conditions in New Brunswick have never been as unfavorable as in most other provinces. The bank clearings and other indications have been of an encouraging character. Until the lumber trade revives we cannot anticipate marked activity in business generally, but a fairly steady demand for merchandise may be expected.

The outlook for farming operations seems to suggest an early cropping season. Reports that come from various towns in the province indicate more activity than last year in building operations, and the like is probably true of St. John and its suburbs.

The Ontario government called upon the legislature to entrust the enquiry into hydro affairs to a royal commission instead of a committee of the house, and was able to carry its point. Referring to "experts" on the commission, the Toronto Globe enquires: "What assurance is there that so-called experts will have no prepossessions, and will be more open-minded than members of the legislature?" This is a very proper question.

COLLEGE AND FARM

In Ontario some doubt is expressed as to the real value of the provincial agricultural college. The college "was founded, and has been maintained at very considerable expense by the people of Ontario, to provide scientific education for agriculturists and for persons looking forward to the teaching of improved methods of agriculture and horticulture."

The term has been lengthened so that a student may take a full course and receive the degree of bachelor of the science of agriculture. It occurred to one of the professors recently to enquire of the students as to their plans on leaving college. The Toronto Globe gives the result as follows: "Professor H. H. Lo Drew asked the members of the graduating class of 1922 to say what their plans were, and, if they did not intend to go back to the land, to tell why they had come to that decision. Seventy-three students replied.

Only fifteen have definitely decided to return to the farm, and three others have not made up their minds what to do. All the rest will seek some occupation other than farming. Half of them are prevented from becoming farmers by lack of capital or because they see no possibility of earning sufficient revenue from the necessary investment of capital and expenditure of labor. In other words, they do not consider it possible to make farming pay under present conditions, even when scientific methods are adopted.

The Globe naturally wonders "how the graduates who hold these views as to what farm life involves can hope to become successful teachers of agriculture and instill in others the desire to follow an occupation from which they themselves turn away?" and it regards the answers given as proof that short courses should be encouraged.

The problem of making farm life more attractive and more profitable can only be solved by the aid of education and the application of scientific principles, and the knowledge should be given to the young man on the farm, who is content with farm life, rather than one who has other aims. Short courses have proved of very great advantage to many young farmers in New Brunswick, and the fruits of their study, as shown on the farm, have stimulated other farmers to improve their methods.

Farmers and Politics. President Burnell of the United Farmers of Manitoba told the Canadian Credit Men's Trust Association in Winnipeg last week that the farmers had been driven into politics by economic pressure and were not fundamentally a political organization. They desired to improve conditions for people on the land, and while they expected to elect a majority of the new legislature, which he considered necessary to stable government, they were quite willing to co-operate with city members who had the same desire.

Chicago Tribune:—Coal is power. Water power, where available, will do as well as coal. It has been widely developed in this country but can be much more widely developed. There could be no better argument in favor of such development than this coal strike. The coal producers have failed. Let the hydro-electric power producers supplant them as far as possible.

The action of Germany in concluding a separate treaty with Russia while the Genoa conference was as yet in its preliminary stages, was a characteristically German performance. While Mr. Lloyd George is still optimistic the French and Italians regard the situation with deep concern. The smaller group of nations lying between Germany and Russia will undoubtedly scrutinize this treaty with a jealous eye.

RICHES.

My Lord sits in his castle hall, A study home beside the sea; My humble cot is rude and small, But all the stars belong to me.

My Lord sits in an ancient chair, A feudal king upon his throne; But Nature's pure and fragrant air, The sunshine and the birds I own.

His Lordship's storms are golden showers, The profits from a score of mills; But I have endless leagues of flowers, And mine the everlasting hills.

My Lord has many farms to rent, Is rich in money, gems and wine; But I am rich in sweet content, And all the sunset gold is mine.

HORACE THOMSON.

LIGHTER VEIN.

Expensive Game. "Did your wife belong to that what club where the members had to pay a fine of a cent for every word spoken?" "She did, but I made her resign. I couldn't afford it."

A Clue. A little boy startled his mother by saying: "Mammy, is there hair oil in this bottle?" "Mercy no, dear!" she exclaimed, "that's gum."

"Oh!" said the child. Then, after a short silence he asked: "Mammy, why can't I get my hat off, mammy?"

Possible. "Do you think you could care for a chap like me?" "Oh, yes, I think so—if he wasn't too much like you."

Light Stuff. A woman advertised for a servant to do light house work.

She received a letter from a girl who said she would like the position, for she thought the sea air would do her good, but she wanted to know where the light-house was situated.

Swindled. Sandy McNab took a sixpenny ticket in a raffle for a pony and trap. He won it.

Was he pleased at his good fortune? Not a bit. When the pony and trap were brought to him he surveyed them gloomily. "I tell ye," he said, "the whole thing was a swindle."

"What's the matter?" asked his friends. "Where's the whip?" demanded Sandy.

Strenuous Opposition Expected to Capitalizing of Ontario Motor Fees for Road Purposes.

Toronto, April 18.—It is stated that the Conservative group in the legislature will offer strong opposition to the proposed Hon. F. C. Biggs, minister of public works to capitalize motor license fees for the next ten years in order to provide a fund for the carrying out of his highways scheme.

Some Liberals and Farmer members are also reported to be opposed to this method of financing road building and it is predicted that the minister will have a fight on his hands in getting his bill through.

UNKNOWN GIRL FOUND SLAIN ON MOUNTAIN

Nude Body, With Skull Crushed, Had Been Lying for Months Near Stony Point, N. Y.

Stony Point, N. Y., April 18.—The nude body of a woman, apparently about 19 years old, with the skull crushed in, was found in an isolated spot in the mountains one-half mile from here, Conover Wilson declared. Owing to the time the body had lain in the open, no other evidence of violence could be found.

Several knife slashes in trees surrounding the spot led the authorities to think the place had been marked by those responsible for the girl's death.

FLAPPER'S COSMETICS ALARMING PHYSICIANS

Dr. Love Fears for What Modern Girl Will Look Like at 40.

The "flapper" of today may have to adopt the Asiatic veil twenty years hence if she does not want to be described as "frightful, fat and forty," Dr. William L. Love of Brooklyn told members of the Homeopathic Medical Society of the State of New York in an address on skin diseases before the society's seventieth annual meeting.

Members of the growing generation will look like when they reach 40."

Dance of Death. London, April 18.—The victim, a young shorthand typist took part in a competition. She danced an Irish jig and then collapsed, dying almost immediately. At the inquest evidence was given that death was due to syncope, possibly caused by excitement and exertion. A verdict accordingly was returned.

TONIGHT'S MEETING AND THE ISSUE

The hydro meeting in the Pythian Castle tonight is likely to be one of more than usual interest. At the commencement of the campaign for municipal ownership, there were two sides, one for and one against. Since the primaries there has been a remarkable change in the attitude of the opponents of municipal ownership and at the present time all candidates seem to favor it. The issue now appears to be, "Shall we buy by arbitration the whole plant of the Power Company, or shall we go ahead with our own distribution system?"

BIG FIRE LOSS IN ONTARIO TOWN

St. Jacobs, Ont., April 18.—Fire which occurred in St. Jacobs last night and which at one time threatened the greater part of the village, completely destroyed the large plant of the Snyder Flour Mills Co., the loss as yet not officially stated, but is estimated anywhere from \$75,000 to \$100,000. The loss at the flour mill plant includes 18,000 bushels of wheat and a large quantity of flour just ready for shipment.

Baltimore Customs Officers Arrest Ship Steward as Smuggler. Baltimore, April 18.—What is said to be the largest amount of opium ever seized by customs house officials in Baltimore was taken from Samuel Au, steward of the steamer American Star, as he left the ship here. He had twenty-five pounds of the opiate valued at \$160,000, in his hands. He was arrested by a customs inspector.

OLD SONGS TRIED IN COURT.

"Ben Bol" is Used Successfully in a Trial for Drunkenness. San Francisco, April 18.—Old melodies will be tried out to dispel from his court what Police Judge Sylvain Lazarus termed "the customary air of resentment and hatred." He seeks a way to take the sting from "st and costs," and got his live said was stolen, was brought into court and "Ben Bol" was played during the trial of a drunken man.

ELECTION CARDS

SANDY CORBET'S PLATFORM. Return to aldermanic ward system. The greatest argument for this system is to be found in the present chaotic conditions. Commission is a failure, and the theory has been exploded. Here we see "safe and sane" city fathers having one set of opinions one week and another set the next. What is to prevent another set of opinions to be formed shortly after election should some of these same city fathers be returned to office.

SON FINDS MOTHER DEAD IN BATHTUB

Mrs. Anna Berger, of Orange, N. J., Had Been Treated for Nervousness—Blanket Over Her Head.

Orange, N. J., April 18—With a blanket thrown over her head, Mrs. Anna Berger, 40 years old, was found drowned in her bath tub on Friday when her son, Louis Berger, returned from business. According to County Physician Brien, who performed the autopsy, Mrs. Berger had placed the heavy blanket over her head to keep it in the water.

The county physician said it was apparent that Mrs. Berger had planned her death after eating lunch. She left the unwashed dishes on the table, disrobed, turned on the water in the bath tub and put the blanket over her head, after getting into the tub. She had been dead three or four hours when her son found her body.

The son told the county physician that his mother had been under treatment for nervousness for over a year and that she said frequently that she wanted to die.

There had been nothing in his mother's demeanor, he said, when he left for business in the morning to indicate that she was planning to end her life. When he returned home he washed the dishes he found on the table, thinking that his mother had gone shopping, but after waiting over an hour he became anxious about her and searched the house.

Mrs. Berger and her son lived at 240 North Center street. The county physician said that he had not been able to learn the present whereabouts of the woman's husband.

McGILL OFFICIAL IS HEARD FROM

Registrar Nicholson Dismisses Suggestion That Montreal College is "Weaker Sister" of Varsity.

Montreal, April 18—The suggestion of a member of the Board of Governors of the University of Toronto, according to a despatch published today, that McGill University is a "weaker sister" and for that reason was released from the same onerous conditions that were imposed by the Rockefeller Foundation on Varsity, was dismissed by Dr. J. A. Nicholson, registrar of McGill, who commented as follows:

"I do not think the term can be applied to McGill in view of her past history; rather, I think, we might claim to be the stronger sister. In any case the drawing of a comparison like that is not very fitting."

He added that the University of Toronto was no better off in the matter of equipment and accommodation for clinical instruction and hospital accommodation was as good as that of Varsity.

PREDICTS A COLD SUMMER.

Pennsylvania Hunter Warns of Snow and Sleet Until August Ends.

Kane, Pa., April 18—A dull season for straw hats and flappers is predicted by William Altman, a hunter and trapper who lives in the woods near Westline,

about fifteen miles from this city, and who has a local reputation as a weather prophet.

"Beginning April 16 and continuing until the last of August," says Altman, "there will be cold winds, rains, snow and sleet. It will be the coldest summer since 1879, when the corn cars were frozen on the stalks and were never fit for food. Keep your overcoats handy, because you will need them almost every day."

"It will be a dull season for straw hats, and flappers will have little chance to display thin stockings."

RU-BER-OID Quality In an Improved Wall Board

The new Ru-ber-oid Board is an improvement over all other wood pulp boards on the market. It costs no more.

In addition to the greater strength and rigidity of its laminated construction, it has greater resistance to variations of temperature.

It has an excellent, unmarked, cream-colored surface-finish on both sides, so that it makes an attractive wall just as applied. It takes any kind of decoration except wall-paper.

Ru-ber-oid Board is identified at once by the Crimson Core which guarantees you the same superior quality that has made Ru-ber-oid Roofings the world's standard.

Ask any architect or builder, or the dealer in your town who displays the Ru-ber-oid sign, why careful buyers are looking for the Crimson Core.

Ru-ber-oid Hexagon Shingles are the last word in artistic, economical roofing.

Ru-ber-oid Roll Roofing was the first prepared roofing. It is still the best.

SOME ANTICIPATED MILITIA CHANGES

Ottawa, April 18—(Special)—Incidental to the re-organization of militia headquarters a number of the staff changes are in prospect. General Sir Henry Burstall and General Sir Wilfrid G. Watson have already retired. General Elmsey, adjutant general, is scheduled to take command of the Kingston-Ottawa Military District in place of General King who has been transferred to London in place of General Panet. The latter has been made D.O.C. at Toronto, replacing General Victor Williams. It is believed that General Sir Edward Morrison, in addition to his present duties will take over those of the adjutant general being relinquished by General Elmsey.

In the air force, a number of officers who had been loaned by the Royal Flying Corps will return to the old command. It is also rumored that in the military divisions throughout the country various changes will be given effect to in the

THE GILDED LILY AT THE UNIQUE

There is tone and quality about Mae Murray's picture, "The Gilded Lily," which opened at the Unique yesterday. This elaborate picture may be compared with "On With the Dance" in many ways. It has the same sumptuous mounting, the rich characterization and the same dramatic features, and it is as excellently acted by a cast that includes Lowell Sherman and Charles Gerard. It is a story of new York life, with Miss Murray cast in the role of Lillian Drake, hostess of a popular club which caters to the fast set, the spenders, the lovers of the dance, and the private liquor stock. She is a salamander, who gets all from her train of admirers and gives nothing in return. How she discovers that one of these men has character despite his love of pleasure and learns to love him is told in a most entertaining fashion. The picture builds to a climax of intense power and brilliancy. In addition, two short features were shown, a two-reel western and a rollicking good Christie comedy.

SAYS SHE INHALED GAS TO SCARE HER HUSBAND

"I just inhaled gas to give my husband a scare," said Mrs. John Mongraw, of Ottawa, when locked up on a charge of attempting to commit suicide. Mrs. Mongraw said her husband came home and proceeded to ridicule her for no reason whatever. "I have often been a target for all kinds of abuse for several weeks past, with the result that I have had many sleepless nights," said the woman. "I thought if I tried to do something rash it might bring him to his senses." Mrs. Mongraw sat beside the kitchen range and turned on one of the gas rings. A few minutes later her husband found her lying on the floor, but she recovered consciousness before the arrival of a doctor.

LACES ON WHICH MRS. MCCORMICK REFUSED TO PAY DUTY ADMITTED.

Washington, April 18—Antique laces, valued at about \$80,000, which Mrs. Edith Rockefeller McCormick of Chicago declared she would send back to Switzerland rather than pay duty on, have been held to be free from duty by the treasury. Mr. Dover, assistant secretary of the treasury, wrote to Niels Juul, collector of customs at Chicago, who referred the case to Washington, to release the laces from duty "as artistic antiques in existence more than 100 years, under Paragraph 656 of the Tariff act of 1913." The Board of General Appraisers here held that sewing the laces together for exhibition purposes with another piece of rare lace reduced to thread did not make them dutiable as articles manufactured from imported materials.

ANGLICAN CHURCH
EASTER MEETINGS

The Easter meetings of the Anglican churches were held last night for the hearing of reports and the election of officers. The year was one of marked success in all departments. An outstanding feature was the decision of St. John's church to enlarge their edifice to meet the continued growth of the church. The financial statement of Trinity church showed receipts of \$24,101.11, and expenditures of \$19,952.69 with a resulting deficit of \$5,148.42.

The election resulted as follows:—

Making Your Hair
Improve Your Looks

How to Have Beautiful Hair—and Make Yourself More Attractive

EVERYWHERE you go your hair is noticed most critically. People judge you by its appearance. It tells the world what you are. If you wear your hair becomingly and well-kept, it adds more than anything else to your attractiveness and charm.

Beautiful hair is not a matter of luck, it is simply a matter of care. Study your hair, take a hand mirror and look at the front, the sides and the back. Try doing it up in various ways. See just how it looks best.

A slight change in the way you dress your hair, or in the way you care for it, makes all the difference in the world in its appearance. In caring for the hair, shampooing is always the most important thing. It is the shampooing which brings out the real life and lustre, natural wave and color, and makes your hair soft, fresh and luxuriant.

"FRUIT-A-TIVES"
SAVED HER LIFE

This Fruit Medicine Always Gives Relief

I suffered terribly with Dyspepsia. I said it for years and all the medicines I took did not do me any good. I read something about "Fruit-a-tives" being good for all Stomach Trouble and Disorders of Digestion, so I tried them. After finishing a few boxes, I was completely relieved of the Dyspepsia and my general health was restored; and I am writing to tell you that I owe my life to "Fruit-a-tives."

TOPICS FOR THE
CONFERENCE

Important Maritime Subjects will be Discussed by Committees of St. John and Halifax Boards of Trade.

The special committee of the Board of Trade consisting of Messrs G. Fred Pearson (chairman) G. W. C. Henley, C. A. Montgomerie and Alderman Ackhurst met yesterday afternoon, and among the subjects that will be discussed during the conference is the subject of Cold storage facilities at some central point in the Maritime Provinces for distributing purposes, especially export.

Divisional management of the Canadian National Railway. Restoration of the arbitrator in connection with rail rates of 1914 and previously.

Pilot services (steam) and light ships. Frost proof and export warehouses in connection with terminal facilities.

Taxation of government properties, also revision of tax exemptions.

Preferential duties on goods entering Canadian ports only.

Revival of Dominion Exhibition grant. Appointment of a Deputy Minister of Fisheries with Maritime Bureau.

Trans-Atlantic freight and mail services—including summer services from Maritime ports.

Privileges to Canadian fishermen at Canadian ports (outfitting, etc.).

Survey of manufacturing conditions in the Maritime Provinces.

Harbor management—what system is most beneficial.

The conference will probably take place towards the latter part of the month in the beautiful Hotel St. John Board of Trade to file their subjects for discussion.

The conference will take place at Halifax, and the delegates from St. John will be W. F. Burditt, president of the Board of Trade, G. E. Harbour, vice-president; H. C. Schofield, M. E. Agar and L. W. Simms.

The "get together" of the representatives of the two cities is general looked upon as a good movement in the interests of both Provinces, and the St. John press has commended the Board in having initiated the movement.

Do you know that by far the larger number of the common ailments of women are not surgical ones; that they are not caused by any serious displacement, tumor, growth, or other marked change?
Do you know that these common ailments produce symptoms that are very much like those caused by the more serious surgical conditions?
Do you know that many women and young girls suffer needlessly from such ailments? More than that, they endanger their health by allowing their ailments to continue and develop into something serious.
If treated early, that is, within a reasonable time after the first warning symptoms appear, serious conditions may often be averted. Therefore, at the first appearance of such symptoms as periodic pains, irregularities, irritability and nervousness, Lydia E. Pinkham's Vegetable Compound should be taken. It is prepared with accuracy and cleanliness from medicinal plants. It contains no narcotics nor poisonous drugs, and can be taken with perfect safety.
The Vegetable Compound acts on the conditions which bring about these symptoms in a gentle and efficient manner. The persistent use of it shows itself in the disappearance, one after another, of the disagreeable symptoms. In a word, Lydia E. Pinkham's Vegetable Compound acts as a natural restorative, relieving the present distress and preventing more serious trouble.

TRAINED, BUT THEATRE CROWDED

Imperial's Presentation of "The Little Minister" Delighted Thousands Yesterday — Scotch Music and New Stage Setting.

It was indeed a glad Easter occasion at Imperial Theatre not only last even-

ing, in all the sudden rain, when crowds overflowed the building twice but at the matinee when nearly two thousand women and children flocked to the big Keith house for the special holiday bill that offered. Probably the Imperial has never before put on a more satisfactory programme of pictures and music, enhanced by a new stage setting and floral effects.

The main picture was Sir James Barrie's famous Scotch novel, "The Little Minister." Not only was the authorship of this fiction a guarantee itself of the excellence of the story but the artistic direction of the production was that of Penrhyn Stanlaws, noted magazine artist of Scottish birth, who imparted the real atmospheric value to the story as screened. Betty Compton was a delightful Babble and George Hackathorne an ideal Gavin Dishart, "The Little Minister."

PASSOVER SERMONS TAKE WIDE OUTLOOK

Dr. Isaac Goldstein Sees Good Promise for World in Genoa Conference—Why Jews Quit Europe.

(New York Times.)

The conference of nations in Genoa is the next step in the re-establishment of good-will on the earth, the Rev. Dr. Isaac Goldstein said in his sermon yesterday morning in Congregation B'nai Jehshurun, 237 West Eighty-eight street, it being the first full day of Passover. His topic was "Hope Springs Eternal."

"Nations have their seasons of winter and spring," Dr. Goldstein said.

"For the first time since the beginning of the war there is an effort to forget hostilities; for the first time there is a willingness to admit Germany and Russia into the council of the nations; for the first time the seed of international unity is being planted in the soil of Europe. It is only a seed, it is true, but the harvest will surely come."

In his sermon at the Institutional Synagogue, 87 West 116th street, Rabbi Herbert S. Goldstein, in his Passover sermon, the subject of which was "Exodus," said:

"The Jews leave certain sections of Europe because they have never had and do not have a home."

"The nations of the world have laid down their arms, but are still at warfare spiritually. Those who try to stir up clash between race and race, no matter how loud they may bark, bring no peace but destroy it."

The Rev. Isidore Frank, cantor of Mount Nebosh Congregation, conducted Seder services for the inmates of the New York House of Refuge last night. Colonel E. C. Barber, superintendent, provided a special repast.

The Hebrew Orphan Asylum at Amsterdam avenue and 188th street began yesterday the celebration of the 100th anniversary of its foundation.

Passover services were conducted by the Free Synagogue in the Synagogue House, 86 West Sixty-eighth street, yesterday morning and last night.

The Rev. Dr. Stephen S. Wise will preach a Passover sermon Sunday morning in Carnegie Hall.

A meeting of the directors of the Fernhill Cemetery Co. was held yesterday in the Board of Trade rooms, when officers for the ensuing year were elected as follows:—President, Col. E. T. Sturdee; vice-president, E. L. Rising. Miss M. O. Magee was re-appointed secretary-treasurer, and J. P. Clayton, superintendent. Matters referred to the incoming board were dealt with as well as other routine business.

Not in a long time has a greater variety of quaint and colorful costumes been seen in a film production than those in "The Little Minister." English soldiers of the period of 1830, constables, Scotch weavers and peasantry, lord and ladies, mingle in a most picturesque medley of color and design, so far as costumes go.

As Gavin, the little minister, George Hackathorne in his light-fitting trousers, high hat and frock coat is a quaint figure, while Nigel Barrie as Capt. Halliwell, flamboyant in red and blue uniform and tremendous hat with flowing plume, presents a most striking contrast.

The Imperial orchestra discoursed a delightful programme in interpreting this Barrie story. Not only were the familiar household airs of Scotland played but Harry Lauder's jingling tunes some rare old bits of Scotch sentiment in folk-songs dating back perhaps a century—and ballads that brought thrills to many. Two notably fine numbers were Mendelssohn's "Ruy Blas" overture, and his descriptive number "Fingal's Cave." The new stage setting "In a Roman Garden" was lovely. Same show today.

VIVAUDOU
PARIS NEW YORK

When you haven't met for a long time, both naturally wonder what changes Time has wrought. Keep that schoolgirl complexion and he will say the years have left you unchanged.

Still—That Schoolgirl Complexion

When must beauty cease? Never, if you know how to keep it. The charm of beautiful maturity may rival that of early youth if wholesome, ever alluring freshness is not allowed to fade.

A firm, fine skin, smooth and free from blemishes, makes every woman seem young. Every woman can have such a complexion—the secret is simple, the means within the reach of all.

Cleopatra kept her youth

She reached the height of her fame and beauty when some women imagine they must fade and grow old, keeping her youthful charms and freshness by the same simple means which we recommend today.

Cosmetic cleanliness was a daily rite, and the cleansers employed were palm and olive oils. This kept her complexion fresh and smooth, stimulated to healthful functioning.

Most facial disfigurements result from clogging accumulations which collect on the skin, fill up the pores and cause coarseness, blackheads and blotches.

Wash your face every day and these ills won't afflict you.

Use gentle means

The kind of washing we mean is gentle, soothing, cleansing with the modern blend of palm and olive oils.

Its action is mild and the profuse creamy lather seems lotion-like. It leaves the skin wonderfully smooth and fresh while removing every trace of soil.

Such cleansing is most beneficial and prepares the skin for cold cream if you need it and the touch of rouge and powder most women use.

Neck, arms and shoulders should receive the same beautifying treatment, for they are conspicuous as the face for complexion beauty or the lack of it. Use Palmolive for bathing and let it do for your body what it does for your face. The price allows it.

Why the low price

This modest sum is possible through gigantic production which keeps the Palmolive factories working day and night and the importation of the bland mild oils in tremendous volume.

Thus this finest facial soap, which if made in small quantities would cost at least 25 cents, is offered at the price of ordinary soap.

MORNING NEWS OVER THE WIRES
 Armond Thompson, of Upper Woodstock, accidentally shot and killed himself while cleaning a gun on Sunday afternoon.
 Forest fire started late yesterday afternoon at Five Points and spread to a point near Penobscot where it destroyed several box cars and started to burn in a large lumber pile. A crowd of men were fighting the flames but it was doubtful if much of the lumber will be saved.
 Mary Vokes, noted comedienne, died on Saturday at the Massachusetts General Hospital in Boston as a result of injuries received in a fire which occurred in the pump house of the Beacon Oil works in Everett. Arthur French and John Howard were also dangerously burned.
 H. H. Meyer shot and killed his wife at her home in Kitchener, Ont., yesterday, and then turned the shot gun on himself.
 The whole village of Maniwaki, Ont., spent three days hunting for a young woman, who disappeared into the woods on Wednesday night with very little thing on. She lived in the snow and for three days and the only injury she apparently suffered were some bruises on her feet.
 A fire which started in a shed at the back of Mayor Fisher's residence in Newcastle last evening destroyed several out-buildings, damaged a large number of other buildings and, for a time, appeared to threaten the town. Damage is estimated at about \$6,000 to \$8,000. The high water pressure and the efficient work of the firemen are said to have been responsible for the saving of many houses.
 A strong appeal to Canadians living in New England to return home, if only for a visit, was made by H. J. Logan, K. C., M. P., for Cumberland, in addressing a Canadian Night audience in Boston last evening. He drew attention to the natural resources and tourist attractions of the maritime provinces.
 The Carnegie Foundation proposal that all the colleges of the maritime provinces be amalgamated in one university at Halifax to which the Foundation would donate \$3,000,000 has been refused by the University of New Brunswick, on the ground that it is a state institution.

WANT SHINGLE DUTY RESTORED
 Washington, April 18.—Pacific coast shingle industry and shingle interests in their fight to get the fifty-cent duty on shingles restored to the tariff bill are working to effect a combination among the senators who want a finance committee raised. These include a part of agriculture senators and a number who are trying to boost other schedules.
QUEBEC WANTS ONE OF C. N. R. PROPOSED DIVISIONS
 Quebec, April 18.—At a meeting of the council of the Quebec Board of Trade held here yesterday a resolution was passed urging upon Minister of Railways Kennedy that one of the projected divisions in the administration of the C. N. R. be established in Quebec.

120-TON GYROSCOPE TESTED FOR LINER

Biggest of Stabilizers will be Installed on Shipping Board Vessel—Will Prevent Rolling.

Philadelphia, April 18 — Seasickness and "sea legs" will be eliminated by the installation on ocean liners of a huge gyro-stabilizer, a test of which was witnessed at the Westinghouse Electric and Manufacturing Company's plant last week by naval officers, engineers and representatives of shipping concerns.

The test was declared to have been a "pronounced success." Designed to prevent the rolling of the largest ocean-going ships, those who witnessed the test said that by the use of the device passengers would be able to stroll on the decks, regardless of rough weather.

The stabilizer, which weighs 120 tons is to be installed in the Shipping Board steamer Hawkeye State, plying between Baltimore and Honolulu. It is said to be the first one to be placed in a large

passenger vessel. Similar devices have been used in yachts and small vessels. Operating on the principle of the common toy gyroscope, the gyro-stabilizer attained today an over-speed of 10 per cent, or 880 revolutions a minute.

The device was designed in collaboration by Westinghouse and Sperry engineers, and built to meet the specifications of Elmer A. Sperry, the inventor.

Wet Gold a Remarkable Picture With Several Unusual Features.

Science, thrills and beauty abound in the new photoplay, "Wet Gold," that was shown at the Queen square theatre yesterday, and which will be repeated three times today.

A submarine is employed to reach the buried treasure, and the men are seen walking about on the ocean's floor in search of it.

"Wet Gold" is being distributed by Goldwyn. It was directed by Ralph Ince, who also acted the leading part.

GOMPERS OPPOSES ONE BIG UNION PLAN

Clashes with Foster in Charging "Red" Attempt to Overthrow A. F. of L.

William Z. Foster, who directed the steel strike, was charged last week by Samuel Gompers, president of the American Federation of Labor, with being the instigator of the so-called one big union movement in the labor organization.

10 Days Free. We supply this test to every home that asks. Simply mail the coupon. You will never forget the delightful effects, or ever desire to lose them.

The Joys That white teeth bring

Millions of people have found them out in this delightful way. This is to urge that you do so—and now.

Combat the film. Your teeth are coated with a viscous film. It clings to teeth, enters crevices and stays. That film absorbs stains, making the teeth look dingy.

Ways to end it. Ordinary tooth pastes do not effectively fight film. So well-brushed teeth, as most folks know, discolor and decay.

So dental science has in late years sought effective film combatants. Two have now been found.

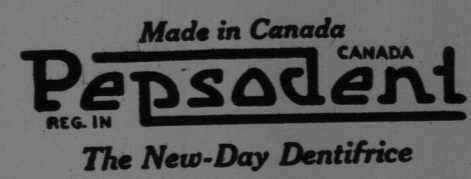

Both are embodied in a new-day tooth paste—called Pepsodent—for twice-daily application.

Five new effects. Pepsodent combats that film with every application. It keeps teeth highly polished, so film less easily adheres.

It multiplies, also, the salivary flow—Nature's great tooth-protecting agent. It multiplies the starch digestant in saliva, to digest starch deposits that cling.

Watch these effects and judge them for yourself. Send the coupon for a 10-Day Tube. Note how clean the teeth feel after using.

Judge by the benefits you feel. Write as what your mirror shows. Then decide if you should join the millions who now clean teeth in this way.

A scientific film combatant, combined with two other modern requisites. Now advised for daily use by leading dentists everywhere. Supplied by druggists in large tubes.

10-Day Tube Free coupon form with address fields and company name: THE PEPSODENT COMPANY, Dent. R 286, 191 George Street, Toronto.

If It Were Not for Women and Children—

The "guardian angel" of life insurance is today standing watch over thousands of Canadian homes. It is the great protector and friend of the women and children.

Take stock of your provision for those whom you love and who are entrusted to you for protection, not for so long as you live, but for as long as they live.

Consult any life insurance representative, and you will be surprised to learn what adequate provision can be made through life insurance, and how simply it can be done.

IF IT WERE NOT FOR WOMEN AND CHILDREN THERE WOULD BE NO LIFE INSURANCE. HAVE YOU ENOUGH LIFE INSURANCE FOR YOUR FAMILY?

before the presidents of various unions in the Chicago Federation of Labor and followed a session in which the one big union movement was assailed and defended.

tantamount to the formation of one big union. Defenders of the resolution asserted that it did not involve the one big union feature.

"Back of that resolution," Mr. Gompers charged, "is the propaganda of radical revolution to overthrow the constitution government of the United States. To do that, as Lenin himself

said, the American Federation of Labor must be overthrown, and William Z. Foster wants to become the autocrat of America."

The meeting ended after Mr. Gompers' address, when Foster tried to regain the floor, but was unrecognized by Mr. Gompers as chairman and was shouted down.

BOXING.

Hogan Defeated.
The national boxing championships at Boston commenced last night with the staging of a number of preliminary bouts. Harry Brown, champion of New England, lost his title. R. Chisholm of Halifax, survived in the 125 pound class, in the 185 pound trials, Edward Healey, of Halifax, lost a decision to Albert Holt of New York. A. Hogan of St. John set to Zeparra of Boston in one round.

Brown Gets Decision.
In the boxing matches at Montreal last night Johnny Brown of New York was awarded a decision over Paul Demers of Bedford in their ten round feather-weight bout.

Bouts at G. W. V. A.
Four good bouts were put on at the G. W. V. A. hall last night. In the feature event of the evening Tom Barrett & the decision over C. Phinney in a four round bout before Barrett's aggressiveness in the last round landed him the decision. The opening encounter was between C. Penny and Kid Burns (W. McGarry) and the decision given was a draw. The Johnny Sullivan-Tommy Williams go, which was scheduled for five rounds, came to a halt in the second, when it became evident that Williams was too much for Sullivan. The third bout was between Kid Hoyt of Ungor and Billy Smith. The bout was called a draw by the referee, after one of the judges gave the decision in favor of Hoyt and the other called it a draw. Williams was referee; Dr. J. L. Day and McLaren were judges and S. Gray & M. Burns timers.

BASEBALL.
Invitation for Ruth.
Ruth and Bob Meusel, who will be able to play for the Yankees until 30 and have been forbidden by Commissioner Landis to appear on the field in the practice game on Saturday, were morning workouts with the Yankees. President Charles A. Stoneham invited both players, through the Yankees, to practice with the Giants in morning when the champions are at work. If Ruth and Meusel take advantage of the offer they will not miss a labor until their ban is lifted. When Yankees are at home the pair, of course, will work with their own mates. When the American League team is on the road, with no morning practices of its own, the two Yankees will have full privileges at the Polo Grounds.

JWELING.
I. O. G. T. League.
One of the most exciting and best games rolled in the I. O. G. T. League took place last night on Blackie's alley. Seven Dominion Lodge of the North and Thorne Lodge of the East End team won two points. Individual scores follow:

Oxford-Cambridge Win.
Buffalo, April 18.—(Canadian Press)—The Oxford-Cambridge lacrosse teams defeated the Scalp and Blade team at unslain Villa yesterday by a score of 4 to 0. Four members of the Seneca class played with the losers.

Tender Wins.
Philadelphia, April 18.—Lew Tender, 140 lbs., lightweight outpointed Timmy, of Lancaster, Pa., in an eight and a half round fight.

THE AFFIDAVIT.
(Halifax Chronicle).
A recent despatch from St. John, N. B., which stated that the Nova Scotia delegates to the meeting of the M. P. B. A. U. of C. held in that city threatened to break away from the Maritime Association in the event of a ratification of an affidavit scheme, has been questioned by a prominent local amateur official. He says that there was nothing said at a meeting to the effect that Nova Scotia would cut away from the Maritime Association. The same official states also that he is nothing to the report that Nova Scotia will break away, and that most of it is just plain "hunk."

It is being questioned as to what would have done now, he said that it was very likely that the affidavit idea would be concurred in, but his advice to local athletes who wanted to play baseball was for them to get out and get into condition to be taken for the Free Kindergarten Association.

LOCAL NEWS

River navigation was opened for the season yesterday morning by the steamer Majestic, which left Indiantown for Fredericton with the largest cargo in years.

Among the passengers who arrived on the steamer Corsican yesterday were Major Thompson, of Peterboro; Dr. LaForte Guerin, of Montreal; Mr. and Mrs. W. H. Holmes and Miss D. Holmes of Truro.

R. Tobias gave evidence yesterday afternoon in the case against him on a charge of having over-strength beer in his possession. He said that he kept the beer for his private use and had never sold any of it. The case was postponed until this morning.

A large plate glass window in the Ada hotel, on Mill street, was broken when a car driven by Neil J. Morrison crashed through it yesterday afternoon. The accident was caused by the car stalling and then getting out of the driver's control. Two women had a narrow escape from injury while walking along the sidewalk.

George Odell, of St. John (N. B.), who frightened women in houses in Hammond street on Friday by forcible entrance and demands for food or money, was before the municipal court Saturday on a charge of being a vagabond and was sent to jail for thirty days.—Bangor News.

The sacred cantata "The Risen King," was sung last night by the German street Baptist choir before a large audience. Previous to the cantata a musical programme was carried out. Those taking part were Mrs. H. MacMichael, Mrs. Blake Ferris, T. C. Cochrane, W. T. Langton. The proceeds will be used for the new organ fund.

In the case of the contested will of Charles Nevins yesterday afternoon before Judge H. O. McInerney, Miss Susie Smith, C. F. Sanford and Octavius McLeod were the witnesses. Miss Smith said the safe in her house belonged to Mr. Nevins and that she did not know the combination. After Mr. Nevins's death, she said, she made no search for a will. The case was postponed.

James McGinley, of Wlarton, Ontario, who is well known here, having visited his aunt, Mrs. J. W. V. Lawlor, of Brookville, has received the high award of the Boy Scouts gilt cross "for gallantry" in rescuing a young companion from drowning. The presentation was made publicly and was for having rescued Eddie Covert on July 30, 1921, in Colpoys Bay.

The Easter meeting of the United Women's Missionary Societies were held yesterday afternoon. The address of the afternoon was given by Rev. H. B. Clarke, who gave a discourse on missionary work. A solo was rendered by Mrs. Blake Ferris. Representatives of each of the five denominations represented gave an account of the work which each is doing. Those who spoke were Mrs. James F. Robertson, Anglican; Miss Hazel

Clark, Baptist; Mrs. A. R. Melrose, Presbyterian; Mrs. C. F. Sanford, Methodist; and Mrs. F. J. McApplennan, Christian Church. A collection of \$8.20 was taken for the Free Kindergarten Association.

Relative of ex-Chief Federal Dry Agent Also is Involved, Says Convicted Man—Inquiry to be Ordered.

Following the conviction in the Federal Court in Brooklyn, N. Y., of James Williams, alias "Nick" Williams, alias "Greek" Williams, on a charge of dealing in fourteen fraudulent liquor withdrawal permits, on which he obtained 1,040 cases and twenty barrels of whiskey, United States District Attorney Ralph C. Greene of Brooklyn said that he would order a Federal Grand Jury investigation to determine if there was a bootleg ring operating through powerful political influence, as indicated in testimony at the trial of Williams.

Passing of sentence on Williams was postponed by Judge Edwin L. Garvin until April 24 on motion of Assistant United States District Attorney Peter Brancato, who had charge of the trial of the case. It was said that Williams had announced that he would show compliance in the ring of at least one sitting member of the board of aldermen, and would use the name of a relative of a former chief federal prohibition enforcement officer as one of the men present who arrangements were made to withdraw on forged permits liquor worth \$40,000 from the warehouses of the Reiners Corporation, who were wholesale liquor dealers of 181 Stakk street, Brooklyn.

LOSES HIS WET LOAD AND PAYS \$1,000 FINE
Four Men Out \$5,000, and One Goes to Jail.

The Quebec provincial exchequer was the richer by a few thousand dollars as the result of the imposition of fines for infractions of the Quebec Liquor Act by Magistrate Roland Millar in Hull Police Court. P. Desrosiers was given a month in jail on a charge of selling, and fined \$1,000 for having intoxicating liquors in his possession for purposes of sale. Eliezer Cloutier received a similar sentence for selling liquor illegally and was fined \$1,000 for having potent "drinkables" in his possession for purpose of sale. A. Corbell, who was found guilty on two charges of keeping liquor for purposes of sale, completed the list of violators of the Quebec Liquor Act. He was fined \$1,000. Seguin who was traveling on an Aymer electric car had two valises in his possession when he was seized by Provincial Inspector J. LaJoie. The inspector was traveling on the same car and noticed the valises in the vestibule.

Seguin, who was supposed to alight at Bridge and Main streets, remained on the street car until he reached Laurier and Yorkville streets, when he attempted to make a getaway. He failed in the attempt. An examination of the valises brought to light four bottles of Scotch in one grip, and six bottles of gin in a suit case. When Inspector LaJoie completed his examination with the discovery of two bottles of rum on his person, Seguin threw up his hands and awaited the outcome of his case in Hull Police Court. All paid their fine.

Train Kills Mother Preparing for Daughter's Wedding in June.

East Orange, N. J., April 18.—While crossing the Lackawanna Railroad tracks at South Clinton street on her way to New York to purchase a trousseau for a daughter who is to be married in June, Mrs. Mabel T. Barrett, wife of Recreation Commissioner Thomas A. Barrett, was struck and fatally injured by a train. In stepping on the platform leading to the station Mrs. Barrett tripped and fell in the path of the train which she otherwise would have narrowly dodged.

Mrs. Barrett was dragged thirty feet before the emergency brakes halted the train. Both legs were badly mangled. She was rushed to the Memorial Hospital in a police ambulance, dying a few minutes later.

According to Flagman Edward Nagle, Mrs. Barrett darted across the tracks after the gate had been lowered. He said he called a warning to her, but that she did not appear to hear him. Bystanders corroborated Nagle's story.

Mrs. Barrett's daughter, Winifred, whose forthcoming marriage to Donald A. Baldwin of South Mott avenue has been announced, en route to the depot, had hurried ahead to get the tickets. When the safety gates were lowered Mrs. Barrett apparently thought she would miss the train if she waited for it to pass.

FORTY SHILLINGS FINE IN COURT. Allowed to Stand Against Man Charged With Shooting Pigeons in City. J. W. McAuley pleaded not guilty to a charge of discharging firearms within the city limits and shooting and wounding pigeons. Miss Catherine McLaughlin testified that she lived near the defendant, on Douglas avenue, and that she found three wounded pigeons outside her door on the afternoon of April 13. She went out to see what had happened and saw the defendant with a gun in his hand. She thought it was a .22-calibre rifle he had. Policeman Bette told of seeing one of the birds. He went to see the defendant, who told him he had shot a couple of pigeons in the hope that the rest of them would keep away from the house, where they were becoming a nuisance. The defendant said he came from the west, where it was allowable to shoot any birds which were on a man's premises. He had killed two, thinking this would keep the others away. The maximum fine of forty shillings, or about \$8, was allowed to stand.

CIRCUIT COURT. The prosecution were unable to produce necessary witnesses, who are believed to have left the city, in the case of Matthew Fhairs and John Perry, and both were discharged by the grand jury this morning. They were charged with stealing gin. Some civil cases were set for hearing after the Paris case, opening next Tuesday, while others were made remanent. Mr. Justice Barry presided, and the court was adjourned until April 25.

LIQUOR CASES. The case against R. Tobias, charged with having overstrength beer in his possession, was again postponed today. W. M. Ryan appeared for the prosecution, and E. S. Ritchie for the defence. Harry Quinn forfiche for a deposit of \$200 when he failed to answer his name at eleven o'clock this morning. He was charged with three offences, two of having liquor in his cigar store in Union street, and one of obstructing policemen in the discharge of their duties. Two of the charges were preferred by the local police and one by the liquor inspectors. W. M. Ryan appeared for the prosecution.

CONNOR-PAGE. A quiet and pretty wedding was solemnized in St. Jude's church, West St. John, at seven o'clock last evening, when Rev. J. H. A. Holmes, pastor of the church, united in marriage Miss Edith Page of Sheffield, England, to William Connor, son of Mrs. John Connor, 89 Germain street, West St. John. Miss Mabel Connor was bridesmaid, and the groom was supported by William Connor. After the ceremony the relatives and immediate friends present repaired to the home of the groom, where dainty refreshments were served. The bride received a large number of beautiful and useful gifts. Mr. and Mrs. Connor will make their home at 89 Germain street for the present.

MAHONEY-McLAUGHLIN. A wedding attended by many was performed this morning at eleven o'clock in the Cathedral, with nuptial mass, when Miss Sadie Agnes McLaughlin, daughter of the late Mr. and Mrs. William McLaughlin of this city, was united in marriage to William Joseph Mahoney, B. C. L., by Rev. J. W. Holland, cousin of the groom. Arthur Godsoe, the organist, rendered the appropriate music during the service. The bride, who was attended by her sister, Miss Agnes McLaughlin, wore a beige tailored suit, black hat with Paradise plume, and sable fur, and carried a bouquet of American Beauty roses. Lawrence Mulhern of North Bay, Ont., assisted the groom. After the ceremony, Mr. and Mrs. Mahoney left on the Montreal train for upper Canadian cities, and their return will be in Padack street. Among the guests at the wedding were John Mahoney, Hon. P. J. Mahoney of Melrose, Westmorland county, Mass., Phillips of Boston, Mass. As the bridal party entered the church the organist played the Bridal Chorus from Lohengrin. Other songs were played during the mass; at the offertory "The Voice That Breathed O'er Eden," and as the bridal party left in Mendelssohn's Wedding March.
