Their Visit to America—An Event of International Importance.

A Quarter of a Million to Be Spent in Their Reception, America to Play the Host for 13 Days on a Large Scale—Anglo-American Good Will.

The reception of the London Honorable Artillery Company will be a notable event in the exchange of international courtesies.

The following officers accepted invitations to parade on the staff of Acting Brig-Gen. C. S. Courtney on Oct. 4.

Imperial forces—Lieut. Col. H. W. Murray, royal army medical corps; Major W. C. Minchin, army pay department.

The above tabulated account was submitted to a member of the committee in charge of the reception.

Private entertainment makes the largest figure in the expense this year. It is calculated that the total cost of the reception will be approximately \$1,000,000.

Both companies will be lavishly with welcomes, and while the London company has appropriated \$100,000 for that purpose, the Boston company will spend at least \$5,000 more than that.

The allowance of \$1,000 by the state will enable every organization to have a band for the occasion, and should the weather prove favorable and the weather calculated for the British, naval and military association of Massachusetts, had the honor of holding the late Queen Victoria's commission of honor.

President Usher of the club has issued beautifully engraved invitations to every member of the company.

The following are the names of those who visited Boston in 1888: Maj. Durran, commanding, Capt. Wolmer-Wilson, Capt. N. M. Mack, Banker, Trooper Woodman, Serg. Harbottle, private Dickson, Serg. Bradshaw, Corp. Nicholson, Serg. Brickett, private Kilpatrick, Corp. Phillips, Lieut. McKenlie, Serg. Perkins, Lieut. McKenlie, Serg. Clarke, Dtl. Serg. Painter, private Farlow.

The London committee is working most efficiently, every sub-committee attending strictly to duty, and nothing now remains to be perfected but a few finishing touches.

The business houses in the downtown section of Boston have commenced work on the decorations, and, contrary to expectations, they promise to be on a most elaborate scale.

Common soaps destroy the clothes and render the hands liable to eczema.

SUNLIGHT SOAP REDUCES EXPENSE. Ask for the Octagon Bar.

On this limited hospitality to organizations or guests who are visiting the company, the visiting party of the London company will have as special guest the commanding officer of the London company, Lord Denbigh.

BOSTON, Oct. 6.—This was the 28th fall field day of the Ancient and Honorable Artillery Company, and with their headquarters, the Honorable Artillery Company of London, the Boston company spent the day in a steamboat excursion along the North Shore.

At 10 o'clock the members of the home company assembled at the company's headquarters in Faneuil Hall and formed in line in South Market street to receive their English comrades.

The British Naval and Military Veterans Association of Massachusetts. The route of march to the church was through the streets of the city.

The following officers accepted invitations to parade on the staff of Acting Brig-Gen. C. S. Courtney on Oct. 4.

Imperial forces—Lieut. Col. H. W. Murray, royal army medical corps; Major W. C. Minchin, army pay department; Maj. Fitz Henry, Capt. W. B. Brock, Lieut. W. R. Samson, Lieut. Dyke, Lieut. Dixon, 5th royal garrison regiment; Lieut. A. G. Mitchell, Bermuda rifles.

The above tabulated account was submitted to a member of the committee in charge of the reception. It is calculated that the total cost of the reception will be approximately \$1,000,000.

Professor C. Sumner of Harvard University, and Rev. Wm. H. Rider of Gloucester for the clergy.

Before each guest left the hall he was presented with a souvenir plate of glass, on which was engraved the name of the donor and the names of England and America, London and Boston and the two companies.

THE SEMI-WEEKLY SUN.

ST. JOHN, N. B., OCTOBER 10, 1903.

THE DIGNITY OF PARLIAMENT.

The dignity of parliament would be in a bad way if it needed the protection of Mr. Talbot, so no member of the house has done less than he to preserve the dignity and good name of the house of commons.

It is among the petitions against the Cox gift enterprise, now numbering several hundreds, some promoters of the contract has found a few doubtful signatures, that is not uncommon with petitions which people are signing by thousands and tens of thousands.

But the amended motion of reference sets the matter right. Let all the petitions be examined. Then it will be seen how strong and genuine is the protest against this "criminal blunder," which has already caused a split in the government and has brought out a protest from the chief organ of the liberal party in this province.

Mr. Talbot may perhaps insist that Mr. Blair's speech is a forgery of the Hansard staff, that the St. John Telegraph's condemnation is a forgery by the compositors aided by the proof-reader, that his own opposition to the measure down to the time that methods of reconciliation were found, was a desperate opposition, and that all who have condemned the scheme privately while supporting it publicly were victims of a ventriloquist.

But the petitions are there. They speak for themselves. Let the committee take time and go through them. Then if they prove to contain the genuine signature of large numbers of persons who have a right to express an opinion let due weight be given to their wishes and opinions.

A GREAT EXPERIMENT.

The colonial secretary is the minister for the empire. Mr. Chamberlain has magnified the office and made it a difficult position for any ordinary politician. His successor would have an easy task if he had only to maintain the traditions of the Ripons, Knutsgrats and Kimberleys. But the secretary of state for the colonies can never get back to that without permanent discredit to the minister who is guilty of the relapse.

POLITICS IN BRITISH COLUMBIA.

Those cheerful editors who speak of the British Columbia election as a defeat for the conservatives or a victory for the liberals should be examined by an alienist. It is not quite clear whether twenty-one or twenty-two conservatives are elected, but it seems certain that no more than eighteen and it is probable the only seventeen liberals are returned.

At the request of the horse show and carnival committee the I. C. R. and C. P. S. have agreed to extend to the 15th inst. the time of special tickets to St. John. The extension will cover all points from Fredericton on the C. P. and Moncton on the I. C. R. and will enable persons living between St. John and these places to see the two races here tomorrow.

HORSE SHOW.

More than usual interest was manifested in the horse show at Victoria last night, when thousands of people tended to see the many fine horses on exhibition. It was the close of the show, and the people, seeming to realize it was their last opportunity to witness one of the most splendid spectacles, attended in such numbers that there was not even standing room. The promoters and all others interested can congratulate themselves on the success of the show. It is considered one of the grandest and most satisfactory ever held in Canada.

MR. BORDEN.

(From Thursday's Daily Sun.) Parliamentary supporters of Mr. R. L. Borden propose to give their leader a banquet this evening. The opposition leader has been steadily advancing in public esteem during the three sessions that he has held the responsible and dignified position. He now enjoys the confidence of his own party in a remarkable degree, and has so dealt with public questions as to arouse as to convince moderate liberals and men not personally interested in party politics that the advantages would be in safe hands in the event of a change of government. Mr. Borden makes no political mistakes.

ONE WAY TO STEAL SEATS.

The Ross government in Ontario, which has held on to office by the services of a professional election manipulator, though it was beaten at the polls by a majority of 7,000 at the last general election, is not yet out of its difficulties. At this moment the government has no supporters, including the speaker. The opposition has 45, and there are three vacant seats. Mr. Ross has been kept unrepresented for a year and a half. The other vacancies date back a few months. Now the government has fixed the date of the election for the two recently vacated seats, and the North Renfrew still disfranchised. The reason is that North Renfrew, which the government carried in the general election by 250 majority expected Mr. Ross to be a conservative. One of the other constituencies is Sault Ste Marie, and this constituency has been held vacant longer but the Ontario government has agreed to provide for the payment of the wages of the employees of the Clergue company. This affair shows how Ontario is prevented from sending the Ross government about its business. The Muskoka election will take place on the 27th, the same day as that of Sault Ste Marie. Afterward North Renfrew will perhaps be given a chance, provided no other vacancies occur.

MISSOURI VALLEY, Ia., Oct. 8.

Fire today destroyed the grain elevator in this city, together with 300,000 bushels of grain; loss \$200,000; fully insured.

MONTEVIDEO, Uruguay, Oct. 8.

The Uruguayan gunboat General Riva was sunk at sea off the coast of Montevideo as the result of an explosion. Her commander was burned to death and many of her crew were killed.

VIENNA, Oct. 8.

It is reported from Sofia that the Macedonian committee has resolved to suspend the revolutionary operations in the spring in order to discuss whether Turkey will execute the promised reforms.

TIENTSIN, Oct. 8.

A telegram from Xin Kow, under date of Oct. 8, states that the Russians are taking no steps to evacuate Newchwang. Reports from the north show that they are holding their positions everywhere.

BERLIN, Oct. 8.

It is officially announced that the negotiations between France and Spain over Morocco are approaching an agreement, whereby Spain will take certain ports on the coast of Morocco and France will have a free hand elsewhere in Morocco. German commercial interests in Morocco appear to be fully gratified.

HOW MANY VOTES?

LONDON, Oct. 8.—The miners' federation of Great Britain at a meeting in Glasgow today, after a heated discussion passed a resolution by 83 to 5 votes protesting against "any extension of the free trade policy which has existed for the past sixty years." It was announced that the majority represented 24,000 miners.

ALASKAN COMMISSION.

Closing Moments Marked by an Unusual Intensity of Interest. LONDON, Oct. 8.—The closing moments were marked by an intensity of interest, hitherto lacking in the proceedings. As Mr. Dickinson finished his argument and commenced his references to international relations and the possible effect of the verdict, the members of the tribunal and the other listeners appeared to grasp the true import of the proceedings, which had almost been lost sight of in the pastling technical details in which they had been shrouded.

SOME FINE TROPHIES.

A feature of the show which was worth more than passing attention was the display of handsome trophies which have been donated by St. John firms and others to the competitors at the Maritime Winter Fair to be held at Amherst from the 14th to 17th December next. They were displayed in a handsome oak frame case behind plate glass and included a very handsome silver cup and a very handsome silver plate.

POISON IN THE BLOOD.

Pains in the back, arms and legs, lumbago, rheumatism, sore, stiff joints, headache and all of the most painful and fatal diseases arise from the food which is taken into the body, part is digested and assimilated, and goes to form new blood and tissue, and a certain portion becomes waste matter which is poisonous to the system. Much of such matter is cast out or excreted by the kidneys in liquid form and passes from these organs through the ureters to the bladder.

DR. CHASE'S KIDNEY-LIVER PILLS.

When the kidneys become deranged this liquid poison forms into solid material, sometimes collecting in the joints and causing rheumatism, at other times in the kidneys, ureters or bladder, and becoming what is known as gravel or stone in the bladder, probably the most torturing and most fatal ailment known to mankind.

DR. CHASE'S KIDNEY-LIVER PILLS.

Don't wait for symptoms of these horrible diseases, don't wait for Bright's disease, diabetes, dropsy or apoplexy before beginning the use of Dr. Chase's Kidney-Liver Pills, but prevent these results by taking warning from the first symptoms, such as backache, headache, deposits in urine, loss of flesh, and any irregularities of the urinary organs.

DR. CHASE'S KIDNEY-LIVER PILLS.

The kidneys, liver and bowels work together in removing poisonous matter from the body, and it is because of their direct and combined action on these organs that Dr. Chase's Kidney-Liver Pills are so phenomenally successful in curing serious and complicated disease.

DR. CHASE'S KIDNEY-LIVER PILLS.

It seems useless to experiment with new-fangled remedies which are only intended to afford relief when you can be thoroughly cured and the cause removed by Dr. Chase's Kidney-Liver Pills.

DR. CHASE'S KIDNEY-LIVER PILLS.

Mr. B. H. Barnaby, painter in the D.A.R. shops, Kentville, N.S., states: "I have used Dr. Chase's Kidney-Liver Pills for a number of years, whenever I would get constipated and suffer from kidney pains and derangements of the digestive system, and I know of many others who have also used them for similar troubles. I can join with others in pronouncing them an excellent medicine. When constipated I find one pill sufficient to set me right, and air without a box of these pills in the house. I consider them the best medicine I ever used."

DR. CHASE'S KIDNEY-LIVER PILLS.

Mr. J. G. Kirby, head miller in the large four mills of Lunenburg, N.S., states: "I have used Dr. Chase's Kidney-Liver Pills for several years, and I have found them to be a most valuable medicine. I have used them for kidney troubles, lumbago, backache, constipation, indigestion and insomnia. I have become reduced in flesh and was very much weakened. Professional medical treatment was of no avail; other remedies were resorted to with no purpose. My appetite diminished, and I was losing hope of recovery."

DR. CHASE'S KIDNEY-LIVER PILLS.

"Fortunately my attention was called to Dr. Chase's Kidney-Liver Pills, and I derived much benefit from the first box. By the health and vigor as the best symptoms all passed away, and I was then able to resume work. That was in 1890. I have used them since, and I am now convinced that it is, and feel justified in giving this testimonial for the benefit of others."

DR. CHASE'S KIDNEY-LIVER PILLS.

Are sold by all dealers at the advertised price of 25 cents a box, 5 boxes for \$1.00, or mailed postpaid on receipt of price by Edmanson, Bates & Co., Toronto.

DR. CHASE'S KIDNEY-LIVER PILLS.

To protect you against imitations the portrait and signature of Dr. A. W. Chase, the famous Receipt Book author, are on every box of his remedies.

P. E. I. LETTER.

CHARLOTTETOWN, Oct. 5.—An exceptionally large number of horses, and most of them very fine ones, have been shipped from here during the past week or ten days. The horses were here "exhibition week" and purchased freely, while local dealers have been sending shipments regularly to St. John and other parts of New Brunswick. T. Curran, representing the Newfoundland Timber Estates Company of St. John, has bought a large number of horses suitable for lumbering. Mr. Curran is a native of Charlottetown, but has been a resident of Newfoundland for over twenty years. He considers the horses shown here during exhibition among the best ever shipped from here, and never seen in Canada, a better show of draft horses. The draft mares were excellent in their classes. The thoroughbred stallions, they considered, were rank high in any country. The horses which Mr. Curran is buying are working only in winter. His company has acquired all the lumbering rights on a timber area of a million acres.

WEEKLY SERMON.

The Rev. Dr. David Gregg on Christ's Mighty Contract.

Rev. Dr. David Gregg, pastor of the Lafayette Avenue Presbyterian church, Brooklyn, N. Y., recently preached on "Christ's Mighty Contract." ... "Come unto me all ye that labor and are heavy laden, and I will give you rest."

There are two things which impress me when I begin to think upon the inviting words of this text, and these are: First—There is a mighty contract which Jesus Christ has undertaken; and second—His contract, however great and daring, harmonizes with the earthly life which He lived among men. ... "I have undertaken a contract with the world."

How many more dark things could you force into His human life? ... "I have undertaken a contract with the world."

outcome. It embodied in it the grandest possible service. ... "I have undertaken a contract with the world."

When He was far away in Galilee death came to the home in Bethany and filled every heart there with bitterness and grief. ... "I have undertaken a contract with the world."

Christ comes to us in our perplexity and He tells us that God has not left us in such a state as these. ... "I have undertaken a contract with the world."
