# GENERAL CIRCULAR.

THE MOUNT ALLISON WESLEYAN COLLEGE was organized in July, 1862, under a Charter obtained from the Legislature of New Brunswick. By virtue of this Charter it possesses full University powers. An Act was subsequently passed amending the Charter and changing the name of the Corporation to "The University of Mount Allison College."

The College is conducted on strictly non-sectarian principles. The general denominational control under which it is placed furnishes a sufficient guarantee that sceptical license will never be allowed within its walls, but does not imply the existence of a purpose or wish to interfere with the conscientious convictions of any. The fullest recognition, however, is given to the truths and claims of the Christian Religion. The Bible is publicly honored as the Word of God, and no pains are spared that the education imparted may be suitably leavened with religious principle.

Students may enter the College either as regular Undergraduates, having passed the Matriculation Examination; or as Specialists, who do not look forward to a University Degree.

For Undergraduates two complete courses of study are provided, viz.:

1. The Regular Arts Course for the B. A. Degree,

2. The Special Course for those who prefer to substitute Modern Languages for Greek and Latin, and who may desire a greater number of elective students than the Arts Course permits. degree of Bachelor of Philosophy (Ph. B.) will be conferred on students who shall have completed this course.

There are also Honor Courses in Classics, Mathematics, Science, Philosophy, and Modern Languages and Literature.

Special Students are admitted to any class or course of Lectures for which, in the judgment of the Faculty, after due examination, they are deemed prepared; and upon leaving the College, they will be entitled to receive Certificates bearing the College Seal, and specifying the particular branches of study in which they have received instruction and passed satisfactory examinations.

Public School Teachers who may desire to pursue a college course while continuing to teach during the summer term.

Ladies wishing to pursue an undergraduate course will find at Mount Allison facilities for thorough collegiate training under the most favorable conditions as regards health, and domestic and social advantages. Board may be had at the Ladies' College on reasonable terms. In addition to the regular undergraduate work the best instruction in Music and the Fine Arts is available.

Mount Allison was the first chartered college in Canada to admit women to all the privileges of regular collegiate courses and degrees.

# MATRICULATION:

The Mataculation Examinations are held on the second and third days of the First Term of the Collegiate Year. Supplementary Examinations for special cases may be held at other dates.

#### DEPARTMENT I.-ENGLISH.

Grammar, Analysis, Outlines of English and Canadian History, and General Geography.

## NOTES.

The equivalent for the two years of Greek is either two years of French and one of German, or two years of German and one of French.

For students taking both Latin and Greek there are thus four full studies for four years; those substituting moderns have one additional study.

Students choosing French or German or Hebrew as one of their optional subjects must continue the same language the following year.

Students taking the full Honors Course in any department may omit one of the optional subjects from either the Junior or the Senior Year.

During the Freshman and Sophomore Years all students are required to prepare weekly an exercise either in English Composition or Elocution.

Every Senior is required to write, and deliver during his Senior Year, four orations at dates fixed at the beginning of the session.

In the course of the last two or three years valuable additions have been made to the Library and to the Chemical and Physical Apparatus of the Science Department.

The sum of Two Thousand Dollars given by the Rev. Ralph Brecken, D. D., for the purchase of books and scientific apparatus, has been carefully expended under the direction of a committee of the Faculty. More than seven hundred volumes of valuable works in History, Philosophy, Science, Poetry, etc., have already been placed on the library shelves, and books on local history, a department to which in the future special attention will be devoted, are being collected as opportunity offers.

The Library is kept regularly supplied with the leading Reviews, such as the Contemporary, Nineteenth Century, Fortnightly, Forum, Nature, Bibliotheca Sacra, Hebraica, Old Testament Student, etc., etc.

The attention of the friends of the College is earnestly directed to the needs of the Library, and to the importance of establishing some permanent fund to secure its steady increase. There is no way in which money can be spent to better advantage in securing the sound development of the College as an institution of learning. Gifts of books or of money will be thankfully received and acknowledged.

Contributions for Library and Museum have been received from the following, among others:

JOSIAH WOOD, D.C. L., M. P.—Canadian Hansard; Revised Statutes of the Dominion of Canada; Baird's Fifty Years of N. B. Life. H. A. Powell, M. A., M. P. P.-Journals of the House of Assembly.

ROYAL SOCIETY OF CANADA—Proceedings and Transactions.

Report of the Geological Survey of Canada.

DOMINION GOVERNMENT—Sessional Papers, 18 vols.

Reports of the Superintendents of Education of New Brunswick, Nova Scotia,

Calendars of Harvard, Toronto, McGill, Queen's, Victoria, Dalhousie, Acadia and New Brunswick Universities; of St. Joseph's College, Memramcook, and of the Wesleyan Theological College, Montreal.

Messrs. MacMillan & Co., Publishers, London, England-Six volumes of Classical Authors; two volumes of Mathematical Text Books.

T. B. FLINT, M. A., M. P.—Campbell's Lives of the Lord Chancellors, 10 vols.; Campbell's Lives of the Chief Justices, 7 vols.; Memorials of Westminster Hall, 2 vols.; Tytler's History of Scotland, 10 vols.

J. A. McQueen, M. P. P.-Journal of the House of Assembly of N. B. for 1891.

J. R. INCH, LL. D.—Dictionary of Canadian Biography.

E. P. Allison, B. A.—Seth's Freedom as Ethical Postulate.

C. D. STEWART, Esq.—Stanley's "In Tarkest Africa," 2 vols.; Jephson's "Emin Pasha;" History of the Centenary Church, St. John.

Among the additions to the Library during the year are the Edinburgh edition of DeQuincey's works, edited by Masson, 14 vols.; Ruskin's Works, with plates, 12 vols.; Fiske's American Revolution, 2 vols.; English Men of Letters Series, 8 volumes,

and a number of single volumes.

During the last two years there have been added to the Library through the liberality of the Rev. Ralph Brecken, M. A., 728 vols. of standard works selected by a committee of the Faculty, viz,: History, 277 vols.; Literature, 126 vols.; Dictionaries and Books of Reference, 24 vols.; Philosophy, 50 vols; Science, 77 vols.; Theology, 174 vols.

Through the liberality of Alexander Gibson, Esq., an annual addition of considerable value has been made to the Library for

several years past.

#### READING ROOM.

A Reading Room, in which are to be found most of the leading Periodicals of the Dominion of Canada, as well as some of the principal newspapers of Great Britain and the United States, is accessible to all the students upon the payment of a moderate fee.

#### THE EURHETORIAN SOCIETY.

This is a voluntary Literary Society, the history of which reaches back for more than twenty years. Its special objects are the acquisition of readiness and power in debate, and the cultivation of a pure literary taste. Not a few of the Alumni of the Institution who are to-day prominent in the professional and legislative circles of the several Provinces of the Dominion, have been enrolled in its membership. It has a well furnished room in the College in which its meetings are held weekly.

#### YOUNG MEN'S CHRISTIAN ASSOCIATION.

A branch of this society was organized in 1887, and has now a membership of forty-five. Its object is to associate for Christian for a direct

In all Science classes in which costly apparatus or materials are used, a small laboratory fee will be charged, to be paid when a student enters his name in a class. The supply of apparatus has been greatly enlarged through the munificence of Rev. Ralph Brecken, D. D., and every effort will be made to afford the students full courses of practical demonstration, and the use of as many instruments as can be entrusted to them. The list of charges will be posted on the laboratory door at the beginning of each term. Breakages and carelessness in regard to the property of the department will subject a student to extra charges, or permanent dismissal from the class.

Students who, upon examination, may be admitted to an advanced position in the Undergraduate Course, and non-residents, who may apply for examination, will be charged the usual Class Fee in each subject.

#### BOARD, WASHING, FURNITURE, ETC.

For Board in the Academy, and for Washing, the charge to College Students will be \$40.00 for the first term, and \$60.00 for the second term, or \$100.00 for the collegiate year.

The College dormitories will be provided with stove, bed and bedding, table, chairs, wash-stand, and book-shelves. All other articles needed or desired, including lamps and oil, must be provided by the students.

The Steward will keep on hand, and supply to the students at cost, such articles of furniture as they may require. Upon the return to the Steward at the end of the year of any such articles, undamaged, he will refund seventy-five per cent. of the original charge.

Students will be charged for any damage to the rooms or

furniture caused during their occupancy.

From the above table of charges it will be seen that the total expenses for Board, Washing, Fuel, and Instruction to a student who takes four classes (the average number) each term, will be \$155 for the collegiate year. For less than a term the charge will be pro rata.

#### TERMS OF PAYMENT.

An advance payment of \$20 on College Fees, etc., and of \$40 on account of board, is strictly required at the beginning of each term.

The balance of the first Term's account is payable on the 15th day of November; and of the second Term's account on the 1st day of May in each year.

A supply of the necessary Text Books, Stationery, etc., is kept on hand in the University Office, and furnished to the Students as needed by them: and the articles so supplied are charged in the Term's bill at the lowest rates.

Students, both regular and special, are expected to conduct themselves with propriety, and to observe all the regulations of the Faculty as announced from time to time. Students whose conduct or progress in study shall continue, after suitable admonition, to be unsatisfactory will not be allowed to remain in the Institution.

Regular and punctual attendance at their classes shall be imperative on all Students. Professors will mark the presence or absence of Students immediately before commencing the work of the class, and will note as absent those who enter thereafter, unless satisfactory reasons for tardiness be assigned.

No Student shall be absent from the College after 10 o'clock at night without special permission of the President.

All Students are expected to attend Divine Service on Sunday, and to be punctual in attendance at daily prayers in the College

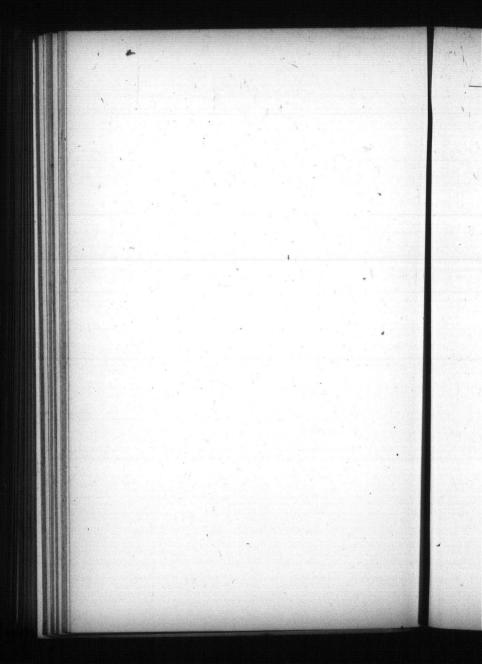

No Student shall resort to any tavern or place where intoxicating liquors are sold without special permission of the President; and no Student who is known to use intoxicating drinks will be allowed to retain his connection with the College.

The use of tobacco on the College premises is not permitted.

Undergraduates are expected to provide themselves with College caps and gowns, and to wear them at Classes and Lectures, at Church, and at all public Collegiate exercises and anniversaries.

# REGULATIONS AND ANNOUNCEMENTS.

#### Degree of B. D.

Candidates for this Degree must be graduates in Arts of at least two years' standing. They are required to give evidence of satisfactory acquaintance with the subjects assigned as preliminary studies.

They are required to pass a satisfactory examination in all the subjects of the three years' course of study, and to prepare for delivery a satisfactory thesis on some Biblical or Theological subject, which shall be forwarded to the Dean at least three weeks before the annual Convocation.

Persons other than graduates in Arts may pass examinations in this course, and, if successful, receive Certificates to that effect.

Special facilities are offered to graduates in Arts who wish to reside in the College while pursuing this course.

Communications respecting this department should be addressed to the Dean.

# CANDIDATES FOR THE MINISTRY.

Candidates for the Ministry of the Methodist Church of Canada, who have been appointed to attend College, will pursue the course of study prescribed on page 192 of the Disicipline of the Church.

The Educational Society of the Methodist Church makes provisions for free tuition, and aids in meeting the general expenses of young men appointed by the Conference to attend College.

#### PRELIMINARY COURSE OF STUDY.

This Course of Study is designed to meet the wants of young men preparing to offer themselves to be received on trial for the Ministry. It embraces all the subjects prescribed for the preliminary and first year's examinations of the Methodist Conference, and may extend over one, two, or three years, according to the previous attainments and circumstances of the Student.

The Theological parts of this Course may be pursued in connec-

tion with Matriculation in Arts.

The English and Classical parts of this Course are prepared in

the Academy and College.

Students presenting themselves for admission to this Course should bring with them letters of introduction from the Superintendent Ministers of the Circuits in which they reside. If they expect to offer themselves for the Ministry at the close of the year, they must be recommended from the quarterly meetings of their own circuits, and not from the Sackville quarterly meeting. Students bringing with them certificates of such recommendation will be exempted from fees for theological tuition. Licenses as exhorters or local preachers should, also, in all cases, issue from the Superintendent and quarterly meeting of the circuit in which the student resides, and where his church membership and standing should be continued.

After examination at the close of the College year, all students in the preliminary course will return home in time to be presented at their own district meetings, in case they wish to be received on trial by the Conference.

#### SOCIETIES.

Two Societies have been established, having a relation to this department. The one is designed for the benefit of the Theological Students in the College; and the other to serve as a connecting link between them and the Ministers laboring in the three Conferences of the Maritime Provinces, as well as to promote among the latter a spirit of Theological and Ministerial Culture.

Among the Students it is proposed, by means of Essays, Exegetical Papers, and Oral discussions, to stimulate enquiry as to the best methods of Ministerial efficiency, and so to assist in preparing each other for the great work of preaching the Gospel, and feeding the flock of Christ.

The course of instruction will be the same as pursued at the Ontario Business College.

Ladies are admitted to the Commercial Department. Those from a distance can, if they wish, make arrangements for board, etc., at Mount Allison Ladies' College.

The average time for a full course is from four to six months, for those who take nothing but commercial work. Of course it largely depends on the education of the Student at the time of entering and upon his ability and industry.

The plan from which the student will derive the most good is to take some extra general work and devote the whole collegiate year, from September to May, to the course.

Diplomas are granted to those who complete the course.

The Mount Allison Institutions include, besides the Academy, the University and Ladies' College with its Conservatory of Music and Art Department. A student taking a Business Course may take any special study in any of these for which he is qualified. Such a group of Colleges gives social advantages also, which are both pleasant and beneficial.

The great advantage of our course is that it is in connection with the other departments. Most boys and young men who come to us for business training need some general education, as well as the commercial branches, to fit them for successful life. The Principal of one of the best known Commercial Colleges writes us: -- "BETTER TRAINING CAN BE DONE IN COMMERCIAL WORK,

AND A BROADER, SOUNDER, BUSINESS EDUCATION IMPARTED IN CONNECTION WITH LITERARY DEPARTMENTS THAN IN A PURELY BUSINESS SCHOOL."

In Shorthand the latest, best methods are taught.

The Caligraph, the best of type-writers, is used by students for practice.

The Diploma in this Department reads as follows:

#### DIPLOMA, COMMERCIAL DEPARTMENT,

MOUNT ALLISON ACADEMY, SACKVILLE, N. B.

# Scholarships and Prizes.

The Alumni Society of Mt. Allison offers two Scholarships of \$25.00 each, one in Classics and the other in Mathematics, to the student in each who obtains the highest aggregate of marks at examinations and in class standing.

J. Wesley Smith, of Halifax, has given \$25 to be given as prizes. Of this, \$20 is divided between the two highest in the Commercial Department, and \$5 is given as a prize for the best essays and recitations throughout the year.

Charles Pickard, Esq., of Sackville, gives a prize of \$10 to the student who obtains the highest average in all his studies and deportment throughout the year.

These were awarded in June to the following:

Scholarship in Classics-Stafford Harvie, Avondale, N. S.

in Mathematics-Jonathan E. Jay, Mt. Stewart, P. E. I. Commercial Department-Percy Humphrey, Hampton, N. B.

-Elbridge D. King, Tryon, P. E. I.

The last two were equal.

Punctuality and regularity in attendance upon school duties, industrious application to study, chasteness of speech, a careful refraining from injury to the property of the Institution, a strict abstinence from tobacco and intoxicating drinks and places where they are sold, and proper observance of the Sabbath are especially insisted on.

Students are required to attend morning service each Sunday at the Church to which they belong; in the afternoon they will be under the charge of the Principal; in the evening they must either attend Church or be in their own rooms under the charge of a teacher.

# Remarks.

Pupils will be admitted any time but the best time is at the commencement of the Term, as the classes are then organized. The only prerequisites for admission into the Primary Classes are good moral character, ability to read and spell, and age sufficient to enable a pupil to prepare regularly for recitation.

Students in good standing can receive an honorable dismissal from the Institution at the end of the examination at the close of any Term, and at no other time, except in special cases.

Parents and guardians are respectfully requested to write to the Principal, should they find it necessary to recall a student in Termtime.

Parents are particularly requested to send every article of clothing marked with the name of the pupil in full. Initials are worthless.

Students do not require to bring any bedding, but two or three table napkins, and ring of some kind for the same should be provided, also a bag for their soiled clothes.

The object of this Society is to bring together all those who have studied at Mount Allison either in the College or the Academy, and to ensure the life-long devotion of Mount Allison's sons to their Alma Mater. All old students are cordially invited to become members. With a view of increasing the membership, the annual fee was reduced at the last meeting to one dollar. The funds of the Society have been devoted in past years to paying off a subscription of \$1,000 to the Endowment of the College, to furnishing scholarships to students of the College and Academy, and to adding to the Alumni Reference Library in the College.

# MOUNT ALLISON Ladies' Collège

# Conservatory of Music.

PRINCIPAL:

THE REV. B. C. BORDEN, M. A.

The attention of the friends of female education is invited to the Mount Allison Ladies' College with a confidence proportioned to the successful history it has already achieved.

Courses of study extending from the Elementary English branches to and through the whole University Curriculum to the degree of M. A. are open to all the students of this institution. Young ladies wishing to pursue a University Course can here do so while enjoying all the social advantages and safeguards of the Ladies' College, and at the same time obtain instruction in Music,

The Conservatory of Music, recently opened, is under the charge of a gentleman of the very highest rank in his profession, aided by accomplished teachers. It is provided with an admirable suite of rooms, adapted to the Conservatory system. Superior new Pianofortes, both for instruction and practice, are furnished.

A course of instruction in Shorthand and Typewriting has been established with a design to meet the needs of those who wish to fit themselves for employment in business offices.

All departments of instruction will be maintained in the very highest state of efficiency, and no pains will be spared to prove the Institution worthy of the public confidence and favor so generously and continuously expressed.

Catalogues containing full information supplied on application to the Principal. Students admitted at any time.
