## SOUTH ST. IN CLUTCH OF A TORNADO

Report that Omaha Has Been Struck and Much Damage Done.

## ONTARIO TOWN ALSO HARD HIT BY STORM

Tower in Sturgeon Falls Fire Station Blows Down—One Man Dead, Two More Dying—Nebraska Town Struck.

Chicago, Mar. 23.—It is reported that a tornado has struck Omaha, prostrating wires and unroofing houses. All telegraph lines are down and communication with the city is cut off. The storm is said to be headed east.

Kansas City, Mo., Mar. 23.—At the Union Pacific office here it was said tonight that Yutan, Neb., had been partly destroyed by a tornado tonight and that the town was burning. Five persons were dead and many injured, the report said.

Sturgeon Falls, Ont., Mar. 23.—One fireman was instantly killed and two others mortally hurt when the tower of the fire hall here blew down just as the brigade was leaving to respond to an alarm, when the storm was at its height on Friday afternoon. The dead and injured were:

Dead—Fireman King, Fireman Herli, Fireman Sylvester.

The horses drawing the reel were also killed.

The fire department had been kept extremely busy during the gale and were not fewer than sixteen calls, many of them themselves were very serious. The town was hard hit by the storm, roofs being blown off and several small buildings blown down.

## WOMEN'S MANIFESTO A FIASCO

Has Not Helped Liberal Position in Slightest Degree—Leaves Opening for Surrender—Test on Tuesday.

Ottawa, March 23.—There is a very general opinion here that the manifesto issued by Sir Wilfrid Laurier has not helped the Liberal position on the naval issue in the slightest degree. The effect seems to be quite the opposite. The manifesto is more remarkable for what it does not say than for what it does say.

The Liberal irreconcilables hoped for and expected a clean cut and definite declaration of war to the finish. Sir Wilfrid Laurier has left the way open for a surrender, though his manifesto is defiant in tone. He intimates without actually saying so, that the blockade will be continued. He does not commit himself directly. The meaning of this caution is that his party is divided, and he is waiting to throw in his lot with which ever element shall prove to be the strongest. He is still under the domination of sea-hungry ex-ministers, but he is looking ahead.

When the Liberal members got back to the capital on Tuesday with instructions from their constituents to stop the obstruction, the influence of the ex-ministers will be put to the test. If their counsel prevails there are likely to be some very stormy scenes in the house. A closure resolution will be introduced, and should be adopted by the end of a week's discussion.

The naval bill will be put through committee and passed; the supplies for the coming year will be voted and the end of the session will be in sight. There is a reasonable probability that parliament will progress before the end of May.

**VICTORY FOR TEMPERANCE.**  
Toronto, March 23.—The proceedings in connection with the scrutiny of the votes cast on the local option by-law, in Kincardine have ended in a victory for the temperance forces, to the great surprise of the opponents of the by-law.

**BARK FROM NORTH SHORE TOTAL LOSS.**  
Suenos Ayres, Mar. 23.—The American bark Penobscot, which arrived at Paysandu January 23, from Compuque, U. S., is now at Compuque. The vessel and cargo will probably be a total loss.

## FRIEDMANN HAMPERED BY "YANKEE RED TAPES"

New York Officialism Refuses to Allow German Physician to Treat Fellow Physician who Came From West.

## PATIENTS TREATED BY FRIEDMANN SHOW GREAT IMPROVEMENT

New York, March 23.—Ten sufferers from tuberculosis, who were inoculated Monday by Dr. Friedrich F. Friedmann, declared at a clinic held by the Berlin physician today, that their health has improved since receiving treatment. Before entering the clinic Dr. Friedmann authorized an announcement that two weeks hence he will return to Germany for a brief period to complete unfinished laboratory tests. He will return to the United States, hopeful that by that time the government health authorities will have recognized his vaccine as a cure from tuberculosis.

The visiting specialist consented to an interruption of his demonstration today, long enough to have Dr. John W. Brannon, head of Bellevue Hospital, the city institution, where the clinic was held, question patients treated five days ago. Government physicians, private practitioners, nurses and about 100 students of the Bellevue and Cornell Medical Colleges, were present.

Nine of ten patients reported they gained from three quarters of a pound to four and one half pounds since Monday. None had been troubled with night sweats since Wednesday. None suffered with hemorrhages since Tuesday. None had pains since Thursday, and from Monday to Thursday felt their pains decreasing. Nine of them felt "better and stronger" generally.

Twenty-three sufferers were treated today. Eighteen have pulmonary tuberculosis and the others affection of the bones. One was a two year old child with an arm so swollen that Dr. Friedmann could not locate a vein he sought. Holding the baby by the ankles, head downward, the physician injected his vaccine in the jugular vein and again intra-muscularly on the legs.

Dr. J. S. Atkinson, a physician of Marquette, Wisconsin, who walked miles through the snow to reach a railroad station on his way east, was refused admittance as a patient at the clinic today. Dr. Friedmann was anxious to treat his fellow physician, but the committee of the hospital ruled against him on the ground that Dr. Atkinson is not a resident of this state. He is preparing to return home, unless the Bellevue authorities overrule the tuberculosis committee.

## FRESHETS DOING DAMAGE TO THE BRIDGES AND RAILWAYS

Part of Big Bridge Between Perth and Andover Reported Already Out—Washouts Delay Trains—Damage Done at Barnaby River.

Woodstock, March 23.—This district is suffering from a freshet, owing to the early break up of the ice. The big bridge from Andover to Perth is in danger and part of it has already gone out. The new bridge at Belleville has been carried off the piers and is now resting some distance below on the ice. The bridges at Woodstock are safe and no danger is feared.

The service on the Canada Eastern division of the intercolonial railway was resumed today. The tracks east of Durham having been covered by four feet of water on Saturday as the result of an ice jam. The passengers who left Loggieville, Chatham and other points on the North Shore on Saturday morning reached here early today, having made a transfer of about four or five miles around the flood section. The express for Loggieville that should have got away from here last evening, did not start until 1 o'clock this afternoon, word having been received that the line was then all right.

The Gibson branch trains between Woodstock and Fredericton were delayed about two hours on Saturday evening by the freshet. The water in the St. John river here came up over six feet, rising 26 inches on Friday night. The St. John River Log Driving Company are preparing for an early start and will have their boom swung as soon as the ice goes out.

It had been expected that stream driving would commence on the Oromocto, Rustagoish and other streams in this vicinity tomorrow, but this will hardly be the case now as a result of the sudden and decided change in the weather. The ice in the Oromocto river ran out on Saturday, and the St. John river ice at Oromocto is pretty well broken up. The water in the weakly and will have their boom swung as soon as the ice goes out.

Continued on page two.

## THREATENS TO BLOW UP TRAIN

Desperate Crooks Place Dynamite on Track to Show they Mean Business in a Demand for \$10,000.

St. Paul, Minn., March 23.—After threats had been made to dynamite "a dozen passenger trains" if demands for \$10,000 were not answered, the threateners last night exploded a torpedo beneath a Minneapolis, St. Paul and Sault Ste. Marie train as it left the yards in St. Paul.

The writer of the threatening letter declared that he and his accomplices "meant business," and would place a torpedo on the track last night to prove it. One train, menced, went slowly through North St. Paul Sunday, the detectives were then taken aboard, and the train began to run at high speed. Then two explosions occurred. Officers immediately swarmed out over the ground, but failed to find a clue.

The letter is in the hands of Postal Inspector Simmons, who declared that he would make a thorough investigation.

## SUFFRAGETTES HAVE LEARNED THEIR LESSON

Did Not Hold Usual Sunday Meeting in Hyde Park For Fear of Mobs of Angry Men.

London, March 23.—A great crowd of youths, armed with various kinds of missiles, tin whistles, mouth organs and bells, gathered in Hyde Park today, prepared to re-act the rowdy scenes of last Sunday, should the suffragettes attempt to hold their regular Sunday meetings.

The women, however, wisely refrained, but the crowd, who were out for trouble, in any event, spent the afternoon in hustling men who declared themselves to be sympathizers with the suffragette movement.

The police had been advised that the meeting would be held and a strong force patrolled the park and the adjoining streets. The crowd finally became weary of waiting and dispersed toward evening.

An officer, who has had long experience in handling mobs, said it was a good thing the women did not appear, as the men were in an angry mood because of the burning of the country home of Lady Amy White, widow of Field Marshal Sir George White, the hero of Ladysmith.

Although Lady White's house fortunately was empty, this act of incendiarism has caused a more bitter feeling against the militant suffragettes than any of their previous crimes.

## CORPORATION SOLE ACT NOW PASSED IN THE STATE OF MAINE

Governor William T. Haines Signed Bill Yesterday—Interdicts Merged by Rome to Stop Agitation.

Augusta, Me., Mar. 23.—Governor William T. Haines today signed the "Corporation Sole act," whereby the Roman Catholic bishop of Portland is given "a corporation sole," and is given the additional power to establish parish corporations whenever they are found desirable. These corporations are to be formed on the plan now existing in New York, Connecticut and Rhode Island, the trustees to consist of the bishop, vicar general and pastor and ten laymen, selected by the final three.

The final passage of the bill today was followed by an announcement that the six members of the executive committee of the French-Canadian Catholics, who were interdicted two years ago on account of their agitation for the dissolution of the corporation sole, had been condemned again by the church authorities.

An official letter from the Consistorial congregation in Rome, received by Bishop Walsh, characterized the action of the committee as "impudent, stubborn and rebellious," and warned them to abstain from all further agitation of the matter.

## FIFTH AVENUE ANNUAL EASTER DRESS PARADE PROVES PRETTY SCENE

Thousands Throng Popular Thoroughfare—Bright Hues the Rule Rather than Exemption—Many Furs.

New York, March 23.—Fifth Avenue Easter dress parade was favored today with bright sunshine, but with a decided slip in the brisk wind that blew in the after-church hours, the fashionable thoroughfare was thronged, as seldom before, but the display of the season's styles was perhaps somewhat less effective than some times because of the frequent resort to furs and wraps of various sorts in the chilly air.

Extraneous in design were rare in the rows worn, the striking note of the exhibit being the generally high color scheme. Bright hues were the rule rather than the exception, in both clothing and head covering of the feminine element.

## SHACKLETON WILL GO AGAIN TO ANTARCTIC

London, March 23.—Just before his departure for New York on the steamer Mauritania, Sir Ernest Shackleton announced that he intended to head a scientific expedition to the Antarctic.

The Mauritania sailed from Southampton today. Sir Ernest said he would visit several points in the United States and go to Ottawa.

## AUSTRIA SENDS LAST WORD TO MONTENEGRO

Unless Civil Population is Allowed to Leave Scutari at once "Coercive" Measures will be Taken.

## POWERS SUBMIT THEIR PEACE PLATFORM TO BALKAN ALLIES

London, March 23.—Austria has delivered at Cattinje a thinly veiled ultimatum to Montenegro, threatening that if the civil population of Scutari were not allowed to leave the city the dual monarchy would take coercive measures for compliance with its wishes.

Italy took similar action, but without expressing any threat, and Russia, the friend of Montenegro, advised the Montenegrin government to accede to Austria's demand.

Austria is sending a steamer to Scutari, evidently expecting that this, her second request for the release of the civilians, will not be refused, and has also made clear what she requires in connection with the incidents of the dispute between the two countries.

In the meantime the representatives of the powers at the Balkan capitals are busy submitting to the governments of the allies, a note suggesting terms as a basis for peace. The note has not yet been presented to Turkey, as one of the ambassadors is absent to receive his instructions. The allies have been consulting with regard to the note, and the public

## BRITISH PUBLIC IS AMUSED BY BRYAN'S WILD REMARKS

Mingled Feeling of Disgust and Irritation Combined—Violation of International Decency May Have Bad Effect on Panama Canal Tolls Negotiations.

Special Cable to The Standard, Registered in Accordance with the Copyright Act.

London, March 23.—Mr. Bryan's "blasting" indignations" in his speech regarding Ireland and the success of the Home Rule Bill, I have heard with amusement, disgust and irritation are about equally blended. Attention is made by Bryan's resemblance to Benedict, in that he will not talk, and his tendency to be intoxicated by his own exuberant violation of international decency is regarded as an outrage, and particularly unfortunate in view of the action of the United States regarding the Panama Canal tolls.

The utterances of the new secretary of state are unlikely to reconcile the British opinion to the violation of the treaty obligations. The feeling is aggravated by the published correspondence with Patrick Ford, the apostle of dynamite, who openly approved of the murder of Mr. Wylie, the eminent Indian official, and the attempted assassination of Lord Minto at Delhi. The general opinion is that Bryan may be secretary of state or a reckless demagogue, but that he cannot safely be both simultaneously.

## CAPTURED BY NEW WEAPON

Gun Firing Aphysiating Bomb Used to Secure Insane Negro—Lately Devised Proves Efficient.

Paris, Mar. 23.—A weapon for the firing of aphysiating bombs, devised after the recent siege of the automobile bandits in their strongholds, was used for the first time today in the capture of a negro who had become suddenly mad and ran amuck in the Autell quarter, threatening everyone with a loaded revolver.

Detectives chased the man from room to room in a house where he had taken refuge, firing gas bombs as they went on the roof of the house in a state of semi-apoplexy. He was quite powerless and was transferred to a hospital.

## GENERAL STRIKE IN BRUSSELS

Brussels, March 23.—The congress of the labor party today ratified the order for a general strike to be called April 1-1913, issued by the national committee on universal suffrage. The action of the national committee was due to the refusal of the government to give consideration to electoral reform before the coming election.

Washington, March 23.—Faint radio signals were today received from the Eiffel Tower station in Paris, by the Arlington station of the navy, but there were no coherent messages. It was said that this was due largely to the recent storm that has disturbed atmospheric conditions on this side of the Atlantic.

## FEAR DOUBLE FATALITY AT STELLARTON

John and Charles Connors are Believed to Have Been Drowned.

## LOST CONTROL OF BOAT; NO TRACE OF BODIES.

Two Lads Who Accompanied Connors Boys Manage to Reach Safety—Boat Found Tied to Tree.

New Glasgow, N. S., March 23.—A double drowning fatality occurred at Stellarton last evening in which John and Charles Connors, eight and ten years of age, lost their lives. They were with Herbert Clarke and John Hoare.

They procured a boat and were on the river when they found that they could not manage the boat. Young Hoare waded ashore and further down the stream Clarke climbed on to an island where he was found by his father.

Nothing has been heard from the other boys and it is presumed they were drowned while trying to wade across the river. The boat which they had was found tied to a tree and marks of their feet have been discovered in the sand.

When the alarm was given searching parties were at once formed and the river was dragged all night with no effect. Hundreds of citizens, headed by Mayor Rogers, continued the search but no trace of the missing ones has been found. It is not unlikely that the strong current has carried the bodies far from the scene of the accident and doubts are expressed as to whether they will ever be found.

## ALL SORTS OF BAD WEATHER COMING TO US

Washington Weather Experts Predict Abnormal Storm Activity Starting in West and Moving Eastward.

Washington, Mar. 23.—Abnormal storm activity and marked fluctuations in temperature will prevail the country over during the coming week, according to the weather bureau experts. "A storm central Sunday, over the Rocky Mountains region," the bureau's weekly bulletin says, "will move rapidly northeast, accompanied by shifting gales; it will be preceded by rains and much warmer at the beginning of the week in the eastern and southern states, and be attended by snows in the northwestern states and along the northern border."

"It will be followed by decidedly colder Monday and Tuesday over the middle west and the southwest and Tuesday and Wednesday generally east of the Mississippi river."

"Another general disturbance of widespread influence will develop in the far west about Wednesday or Thursday, move eastward attended by rain in southern and probably by snow and rain in northern districts, and cross the great central valley Thursday or Friday and the eastern states Friday or Saturday. A general change to considerably higher temperature will precede this disturbance."

## CONVICTED CON MEN TAKEN TO PRISON

New York, N. Y., March 23.—Deputy U. S. marshals called at the Tombs prison this afternoon and took away Julian Hawthorne and Dr. William J. Morton, for their journey to the federal prison at Atlanta, Georgia. They took a Pennsylvania train for the south.

Hawthorne carried a suit case, and both men wore the clothes they last appeared in in court when convicted of fraudulently using the mails in the sale of Canadian mining stock.

Montenegro at the same time stated that she could not allow the sovereign right of Austria to be exercised in territory occupied by Montenegro.

Austria refused to accept the answer to this note on the ground that its wording was not seemly.

The official journal publishes a communication in which it is stated that the Catholics and Mohammedans of Ipek and Jakova expressed the wish to join the Orthodox church, but were dismissed by the Montenegrins.

THE POWERS' PEACE PLATFORM

Sofia, March 23.—The representatives of the powers called on Premier Guechof separately this afternoon and handed him the following communication:

The governments of the great powers take note with satisfaction of the acceptance of their mediation by the allied states, and point out to them that before the discussion of the terms of peace is begun, it is for the powers to formulate their views as to the basis of negotiations to be adopted.

The great powers are of the opinion that they should be as follows: 1.—The frontier of the Ottoman empire in Europe shall start at Enos, and, following the course of the Maritza river, and then that of the Erzeno, shall end at Midia.

Turkey is to be asked to take part in the discussions of the international commission in Paris for an equitable settlement of their participation in the Ottoman debt and in the financial charges of the districts to be handed over to them.

PHILADELPHIA BASIS OF SETTLEMENT OF MINERS' STRIKE IS REACHED BY COMPANY

West Virginia Coal Miners May Now Return to Work After Ten Months Lockout—4,000 Affected.

Philadelphia, March 23.—John P. White, international president of the United Mine Workers of America, announced here today that a basis of settlement, satisfactory to the miners has been reached by the representatives of the Paint Creek Collieries Company, whose miners in West Virginia have been on strike for about ten months.

There are nearly 10,000 men on strike in the West Virginia fields, and the expected settlement affects about 4,000 of them, according to Mr. White.

Adrift on Ice Cake. Two fishermen of the North End had quite a thrilling experience on the river last Friday when they were caught on a cake of floating ice and were obliged to drift about helplessly on the cold waters until, after a whole night's journey on the unique vessel, they were finally brought safely into port and docked at Grand Bay.

Wash your dishes with GOLD DUST

Ordinary dish-water only cleans the surface. Put a dash of Gold Dust into the water and it will go to the bottom of things, drive out every bit of dirt, every germ, every hidden particle. Gold Dust cleanses as well as cleans.

"We promise you this if you use Gold Dust: Your dishes will be sweeter and cleaner than ever before and you will save at least half the time ordinarily consumed in washing them."

Gold Dust does better work than soap or any other dish-washing product—and saves half the time.

Gold Dust is sold in 50 cent and large packages. The large package means greater economy.

ST. JOHN, N. B., MON DAY, MARCH 24, 1913.

TO PREVENT "PERSISTENT OBSTRUCTION."

The Borden Government announce that when Parliament meets after the Easter recess the necessary steps will be taken to press for an amendment to the rules, which, while securing all reasonable and necessary freedom of debate, will prevent persistent obstruction and will permit Parliament to provide for the public necessities and to proceed with the business of the country. But this course will not be taken "if the Opposition will give any evidence or assurance of their willingness to permit the vote upon the (Navy) Bill to be taken within a reasonable time."

Federal Government since 1860, will recall that in this respect the ideal of Washington will be made the model, as it is in the geometry of the design.

The site for Canberra was purchased by the Government of Australia in 1911 from the State of New South Wales. The science of building is making tremendous strides in advance of the last century, and it is confidently predicted that the building of Canberra will not long be delayed. It will then supersede Melbourne in the State of Victoria, the present seat of the Commonwealth Government, as the capital of the Sister Dominion.

THE POLICY OF THE "OPEN DOOR."

The first open repudiation of a policy of the Taft Administration was made last week by President Wilson, who, in a published statement regarding the six-power loan to China, declined to accept the majority to surrender to the minority—and the demand of the minority so far has been for unconditional surrender. It will be absurd to accuse the Government of attempting to interfere with freedom of discussion. The principle of free speech is not at stake. When freedom of discussion is employed as a means of obstruction, it may degenerate into an instrument of tyranny rather than of freedom, and in such case it needs to be checked in the interests of freedom.

DIARY OF EVENTS

FIRST CANADIAN NEWSPAPERS.

The first issue of the first newspaper in Canada was published at Halifax, N.S., 1752. It was called the Gazette, and consisted of four small pages. Of the daily newspapers now published in the Dominion, the oldest is the Quebec Chronicle, founded in 1764. It is fourteen the senior of the Montreal Gazette, which dates from 1778. The Kingston, Ont., Standard was established in 1810, and the Halifax Daily Acadian Reporter has just celebrated its centenary.

THE FIRST CHRONOMETER.

The first chronometer was the invention of John Harrison, an Englishman, who died in London in 1781. He was born in 1693. Watches were first made at Nuremberg in 1447, but Queen Elizabeth was the owner of a small table clock, sometimes referred to as a watch, which is still preserved in the Royal Institution Museum. Watches properly so called, were invented by Dr. Hooke, an Englishman, and Huyghens, a Dutchman, in the seventeenth century, but were neither ornamental nor useful. Harrison's watch was the first that was both compact and an accurate time-keeper. He made his first timepiece in 1729, and shortly afterwards perfected a chronometer that procured for him the £10,000 reward offered by the Board of Longitude.

THE HUMAN PROCESSION

EDITOR OF THE NEW YORK SUN. Edward Page Mitchell, an editorial eight years a member of the staff of the New York Sun, and now staff editor as well as vice-president of the Sun Printing and Publishing Association, will pass his sixty-first birthday in Beth, Me., and entered journalism on the Boston Advertiser in 1871. He rose to the presidency of the Sun Association, but retired from that office when the paper was bought by William C. Reick.

LIPTON'S CHALLENGE.

In a cabled despatch from Belfast, Ireland, Sir Thomas Lipton begs to differ from the New York Yacht Club in the latter's interpretation of the deed of gift of the America's cup. He says that his recent challenge is quite a different matter from the one that was declined in 1907 and that the only conditions he makes now are those of the deed of gift. According to the New York Sun there is a feeling among yachtsmen outside as well as inside the New York Yacht Club that Sir Thomas Lipton and his advisers have "put one over" on the club. Sir Thomas Lipton's adviser is Hon. Chas. Russell, a son of the late Lord Chief Justice Russell, of England, and himself a very shrewd lawyer.

THE PASSING DAY.

THE ORDER OF THE IRON CROSS. Just a century ago today the first decorations of the Prussian Order of the Iron Cross were bestowed on officers and soldiers of his army by Frederick William III, as rewards for conspicuous bravery in the preliminary skirmishes that marked the beginning of the war for freedom from Napoleon's yoke.

IN LIGHTER VEIN

A LETTER FROM A CAT.

By Oliver Herford. Mr. Editor:— I hereby take My pen in paw to say, Can you explain a curious thing I found the other day? There is another little cat Who sits behind a frame, And looks so very much like me, You'd think we were the same, I try to make her play with me; Yet, wing, mew and purr, Though I see her mew in answer, She makes no sound at all. And to the duldest kitten That either I am mocking her Or she is mocking me, It makes no difference what I say, She seems to know the game; For every time I look around, I see her do the same. And yet no matter though I creep On tiptoe lest she hear, Or quickly dash around the frame, She sure to disappear.

Brought My Stomach Back to Health

"That's Why I Recommended Nerviline."

The person who suffers from a stomach ailment, if far from a doctor or drug store, is bound to be extremely miserable. Such was the case with Mr. Johnson E. Evans, a well known farmer living near Edmonton, who writes: "My stomach got upset I think owing to bad water. I found great pain after eating. There was swelling and much gas in my stomach and no person could have been more miserable. Away out in the country it is not easy to get medical attention except at great cost, and I had to do without a neighbor who heard of my condition sent me a partly filled bottle of 'Nerviline.' The first dose eased the pain in my stomach. How good that relief was I will never be able to tell. Nerviline cured me. Today our home is supplied with many bottles of Nerviline. No farmer should be without it, because if it's cramps, diarrhoea, or internal pain, Nerviline is a dead sure cure. It's a strain, a little bruise, lumbago, rheumatism, or any of the rubs with which Nerviline cures very quickly. For these reasons I recommended Nerviline."

Getting the Most Out of Life

For the man or woman who wants to get the most possible out of life, perfect vision is essential.

This is one reason why Toric lenses are so popular. They give the wide-angle vision of the natural eye, and avoid the various drawbacks of the ordinary "flat" lenses.

If you are interested in getting better vision than you have now, come in and let us show the great advantages Toric lenses have over all others.

## GANLEY TO BE WITH THE CHAMPIONS

Special to The Standard.

Frederick, Mar. 23.—Bob Ganley, last year the leader of the Frederick team, has received offers to be manager of the Brooklyn, N. Y., club in the United States League, the outfit organization that is placing clubs in many of the leading cities in which the major leagues now have clubs.

In a letter to J. J. McCaffrey of this city "Bob" confirms the report that he has received several letters from the president of the new Brooklyn club but says: "That league does not look good to me. It might blow up in a week or two and old Frederick looks all O. K. to Robert Stephens."

Capt. Ganley is now getting in touch with as many of last year's players as possible and that looks like the first actual work towards getting Frederick on the baseball map for 1913. Not only will most of last year's players be back on the job but some new men will be signed up and nothing left undone to get a good team.

The annual meeting of the New Brunswick and Maine League when the circuit will be reorganized for the season of 1913, will be held this week.

The exact date for the meeting has not yet been decided upon but a telephone message received from St. John is to the effect that negotiations which had been in progress in connection with the reorganization of the league had so far progressed that a meeting would soon be called.

## UMPIRE IN SIX LEAGUES

The Boston Globe Friday prints an excellent picture of John E. Rudderham who was umpire in the South and in two times Rudderham has trained two league teams, also a college football and track squad and a boxer in connection with the reorganization of the league had so far progressed that a meeting would soon be called.

New England furnishes many umpires for the National games, and few of them are better known in this section than John E. Rudderham of Randolph, who for the last two seasons has been officiating in the South and who will leave soon for that section to take up his duties again.

Rudderham was born in Quincy, He played with the Brockton team in 1885, when it was under the management of the late Billy McGunnigle. He was with Bangor in 1886, with St. Albans in 1887, with Portsmouth, N. H., in 1888, and with Auburn, N. Y., in 1889, when the club, directed by Billy Murray, won the championship of its league.

In 1890 Rudderham returned to Bangor, in 1891 he played with Lewiston and in 1892 with Brockton.

He was then obliged to give up playing because of an injury, and took up boxing and training. He was one of the seconds to the late Johnny Griffin when the Brantree boy won the featherweight championship by defeating Billy Murphy of Australia at Coney Island in 1893.

Rudderham then got into the baseball game again, this time as an umpire in the New England League in 1903-05, and in the Northern Copper County League in 1906.

He trained the Philadelphia Nationals in 1907-09, and the Montreal club in the spring of 1910, later in that season going to the Carolina League as an umpire. In 1911 he was with the South Atlantic League, and last season worked in the Carolina League and also in Maine and New Brunswick.

He trained the football squad at the University of Illinois in 1907-8-10-11, and in 1912 trained the track team, which won the Western intercollegiate dual track championship.

Altogether Rudderham has had quite an experience.

## PAPE'S DIAPEPSIN ENDS INDIGESTION

Time it! No Sick, Sour, Gassy Stomach, Heartburn or Dyspepsia in Five Minutes

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you must injure it with drastic drugs.

Pape's Diapepsin is noted for its speed in giving relief; it's harmless; it's certain unfailing action in regulating sick, sour, gassy stomachs. It's mildest of cures for indigestion, dyspepsia, gastritis and other stomach trouble has made it famous the world over.

Keep this perfect stomach doctor in your home—keep it handy—get a large fifty-cent case from any drug store and then if anyone should eat something which doesn't agree with them, what they eat lays like lead, ferments and sours and forms gas; causes headache, dizziness and nausea; eruptions of acid and undigested food—remember as soon as Pape's Diapepsin comes in contact with the stomach all such distress vanishes. Its promptness, certainty and ease in relieving the worst stomach disorders is a revelation to those who try it.

## SPORTOGRAPHY BY "GRAVY"

Jack McAuliffe, Former Lightweight Champion, is 47 Years Old Today.

Jack McAuliffe, who retired from the ring some seventeen years ago as the undefeated lightweight champion of the world, was born in Cork, Ireland, forty-seven years ago today. His great career, beginning as a lad in Brooklyn, where he was employed in a cooper's shop, and where he boxed with fellow workers, is known to most boxing bugs. He fought his way to the top of the lightweight heap, remained there five years, and retired without ever having tasted defeat. McAuliffe believes that the boxers of today are not as long on gray matter as were the men he fought. It is the general belief that there has been an improvement in the mentality of boxers as a class, but the opinion is not shared by the former lightweight champion. The science of the boxing game has deteriorated, declares McAuliffe, since the palmy days of Corbett, Dempsey, McCoy and other ring artists.

McAuliffe thinks the boxers of the present time are rushed too rapidly to the neglect of the finer points of the game. There is a tendency, he declares, to make brute strength and ability to take punishment the measure of a boxer. Joe Gans and Abe Satter-

field, he thinks, were the best and cleverest of the more recent boxers.

Kid McCoy and Joe Choynski, both of whom are now talking about coming back, fought a memorable battle in San Francisco fourteen years ago today. The Hoosier was declared the victor after twenty grilling rounds. If Joe and the kid are in earnest about returning to the ring, a match between them might be amusing, at least. McCoy has taken part in several bouts in France within the last couple of years, and has proved that for all his forty years, his old-time cunning has not entirely deserted him. Choynski has kept in good condition as a boxing instructor at an athletic club.

The first important event of the British year are set for decision today at Birmingham and Kempton Park. On the first-named track the Birmingham Spring Handicap and the Decker Hill Maiden Plate will afford excitement for turf followers, but the main interest centers in the Queen's prize at Kempton Park. There has been a falling off in entries for the Queen's prize, but a fairly good field will start.

## THIRD OF BOSTON NATIONALS

George Tyler is rated as about one-third of the Boston Nationals. The team is said to consist of one pitcher, one second baseman, and a manager. It would not be surprising if Manager Stallings fooled the critics, as nothing much is expected of him. He has plenty of individual ability and batting strength in the club, but needs team work and reliable pitchers.

In the records Tyler appears lower than both Perdue and Hess. His average was .353, having won 12 and lost 22 games. It does not sound much like the record of a star, but he had a joke team behind him and was used in most of the hard games.

John McGraw has cast loving eyes on Tyler, and the Cubs would also be very glad to get such a good south-paw.

## ST. ANDREW'S WON GAMES ON SATURDAY

Boston, Mass., March 23.—The St. Andrew's curlers, who were handicapped in Friday's match on account of the bad ice and were defeated by the Boston curlers, came back strong Saturday and won the two games.

The weather turned cold during Friday night, and Saturday the ice was in good condition. The St. John men after their play on Friday were quite at home in the rink and were thus enabled to show up in much better form. Matches were played both morning and afternoon and the St. Andrew's men were fortunate in winning both.

The game in the morning was very close, the St. John men winning by a total score of 38 to 37.

In the afternoon play the visitors rolled up a score of 45, while the Boston players were able to make only 35. The visitors from New Brunswick were given a hearty reception here and have been entertained almost continuously by the Boston club.

Before leaving the St. John men exacted a promise from the home club that they would visit St. John next winter, and the visitors are looking forward to a large representation of Boston curlers going to St. John next January.

## TECUMSEHS DEFEATED BY NEW GLASGOW

Boston, Mar. 23.—New Glasgow, of the Maritime Province Hockey League defeated the Tecumseh's team of Toronto, a member of the National Hockey Association, 3 to 2, tonight. The teams will meet again Monday night, the one getting the highest of points for the two games winning the series.

## Laughs with Joy! No More Indigestion

Montreal Man so Ill, Thought He Would Die of Stomach Trouble

Found a Simple Remedy That Has Kept Him Well Ever Since.

The experience of Mr. Larose is one very common today.

"I suffered from dyspepsia and indigestion for five years. I suffered so much that I could hardly attend to my work. I was weak and lost all courage. I enjoyed no rest until I decided to follow your treatment. To my great surprise I immediately began to feel better. I am now using the second box of Dr. Hamilton's Pills, and I feel so well that I want to tell you that I owe this great change to your famous pills. I recommend Dr. Hamilton's Pills to every person who is suffering from dyspepsia. Your grateful servant, D. R. Larose, 338 Joliette street, Montreal, P. Q.

All who have weak stomachs, and those who suffer with indigestion, headaches, dizziness, can be perfectly cured by Dr. Hamilton's Pills, 35c. per box, at druggists and storekeepers, or the Catarthosone Co., Etobicoke, Ont., and Buffalo, N. Y.

## BOSTON AND PITTSBURG IN TIE GAME

Hot Springs, Ark., March 22.—Tied in the series, each with a game to their credit, the Pittsburg Nationals and the Boston Americans struggled to a 3 to 3 tie in the third game of the scheduled series of nine games here today.

Boston, with two scores, held Pittsburg safe until the fourth inning, when his were bunched on Leonard for three tallies. The fifth netted Boston a run tying the game. In the succeeding innings, Foster pitched for Boston and Adams for Pittsburg, replacing Conroy. No runner thereafter advanced beyond second base.

Score by innings:

Boston	0	0	0	3	10
Pittsburg	0	0	0	3	8

Leonard, Foster and Thomas and Carrigan; Hendrix, Adams and Kelly.

**BEAVER BOARD**

IN WINTER TIME

Winter time is just the right season for building your walls and ceilings.

If your new home is ready for walls and ceilings or if you have some remodeling to do, don't wait for spring to plaster, but use Beaver Board right now.

Beaver Board takes the place of lath and plaster and can be put up in winter. It is applied with hammer and nails directly to she studding and joists; no long drying-out process—it may be decorated at once with durable artistic paints, oil or water color, and the house can be occupied immediately.

Beaver Board will not crack and never needs replacing. It makes a house warmer in winter and cooler in summer. It is used for every class of building, home, store, office, etc.; for finishing off attics into comfortable rooms; for making two rooms out of one—wherever you want durable, artistic, sanitary walls and ceilings.

We will show you how you can use Beaver Board for your building or remodeling.

THE RAG TIME DANCE BANNED

Illinois Vice Commission Hears Evidence of Evil Effect of "Rag Time" Dances—Suppression Urged.

Washington, March 22.—The whipping post for white slavers and seducers of women is now on bachelorhood, more careful training of children, and abolition of joy rides and ragtime dancing, were advocated as remedies for the social evil at a hearing today conducted by the Illinois Senatorial Vice Commission, which came to Washington primarily to interest President Wilson in a nationwide vice crusade.

The commission secured the promise of President Wilson to consider their request for him to call a conference of governors and representatives of vice commissions from various states to study the social problem, the conference to be held in Washington as soon as practicable.

RED ROSE TEA

(BY C. W. FULLER.)

I've travelled far and wide to many a place in the U. S. A. And I've seen a beautiful sight I've seen, and many a happy day, But in travelling thro' sweet Canada, that land of spacious room, I always saw where I went, the teapot in full bloom.

The ladies sweet as new mown hay, they all appeared to me, could not keep their eyes from their homes without their Red Rose Tea, I got aboard a train one day, the car was very hot, and I saw where I went, the teapot in full bloom.

I asked "Why waiting here so long?" A blue coat answered me, "I could not run my train a day without my Red Rose Tea." "And when that teapot sings its song" (and then he gave a cough) "I'll take my little cup of tea, and then we will be off."

The more I see of Canada, the more it pleases me, For Nova Scotia folk are great for hospitality, New Brunswick, too, is very kind, they always do their part, For in each cup of tea, they pour a warm and friendly heart.

I never cared for tea o'ermuch, it may seem strange to say, Until I met across the line, those people day by day, When they as strangers took me in, invited me to sit, Thus I learned to love the Red Rose Tea, from those behind the cup.

COLONIST EXCURSIONS TO THE PACIFIC COAST. Cheap fares (second class) to Pacific coast points are offered by the Intercolonial Railway from March 15th to April 15th.

CHILDREN INJURED BY GAS EXPLOSION

Walls of New York Factory Building Blown Out and Children Playing in Streets Below are Hurt.

New York, March 22.—More than a hundred tons of brick blown outward from the walls of a lower east side factory building, by an explosion of gas this afternoon, killed two children and seriously injured three others. A large number that were playing in the street below.

The explosion occurred on the fourth floor of the five story building on East Twelfth street, tearing away the rear and a side wall on the fourth, fifth and part of the third floors. Harry Furman, eleven years old, was buried under the avalanche of brick and mortar, as was also his eight year old brother, Abram, whose skull was fractured. The three other injured children were hit by flying bricks, suffering fractured bones and internal injuries. The factory was closed today on account of the event. The explosion was caused when a leaking gas pipe became suddenly ignited.

Boers, a Methodist minister, charged with slaying his wife, by forcing her false teeth down her throat, reported a disagreement this afternoon and was discharged. The final ballot was 5 for acquittal and 4 for conviction. Early today the jury stood seven for conviction, five for acquittal.

FIRE AT HANPTON

Wooden Dwelling Owned by Thomas H. Bell, Burned Saturday Night.

Hampton, March 22.—A story and half wooden house on the lower end of Dock street, owned and occupied by Thomas H. Bell, was entirely destroyed by fire last night between eight and nine. A hose was laid from the mill and a good stream of water from the Kennebecasis was thrown on the building by the mill steam pump in addition to the apparatus of the two fire brigades but every effort proved unavailing in subduing the flames.

Mr. Bell by the aid of many willing helpers got out the furniture on the ground floor but the contents of the chambers and attic were entirely destroyed. He had no insurance on either house or furniture. A. W. H. held a claim on the premises which was covered by a policy in the Commercial Assurance Co. for \$150. The cause of the fire is unknown, but it is supposed to have been caused by a defective fuse.

MOVEMENT TO BOOM OLD MOUNT ALLISON

Plans are now being made for it, and last of April will see its working.

There is every evidence that the latter part of April will witness a Mount Allison movement that will sweep Canada from coast to coast. In Montreal a meeting was held a few days ago, of Mount Allison graduates, at which plans were made for gathering of this nature. Toronto former students last week completed preliminary arrangements for the same sort of an affair. In Vancouver, where there are more than a hundred Mount Allison graduates, the plan was long since settled. Calgary is in line, and between these various associations there has developed the college spirit, by means of which the men and women who formerly attended classes at Sackville, will vie with each other in doing all that is possible for their Alma Mater in the forward movement now being undertaken.

In the Maritime Provinces, too, there are indications that the effort to increase the endowment fund of the university will go with a swing. Mr. Cassidy, of Toronto, who is assisting in the organization, and who is now in Sackville, has received many messages of co-operation from towns such as Amherst, Truro, Sydney, Moncton and elsewhere. Mr. Cassidy has not yet had time to visit these places, but will get around to them and others in the course of the next few weeks. In Sackville he has found the business men of every denomination not only ready to assist but really anxious to take an active part and to do all in their power to make the campaign a success from the start. All denominations are represented among those who have volunteered to aid in this movement to advance the interests of what is a truly national asset, Mount Allison University.

MURDERS HIS WIFE; GIVES HIMSELF UP

William Dies; Fired Five Shots into His Young Wife and then Surrendered to the Sheriff.

River Head, N. Y., Mar. 22.—William Dias was shot today and stood waiting, hat in hand, for five minutes, while the sheriff finished a conversation with another visitor. Finally the sheriff swung around in his chair and asked Dias what he wanted.

"Why I just killed my wife," Dias coolly responded.

He led the sheriff and two deputies to his house, where his wife was found lying dead with five bullet wounds. Dias declared the shooting was in self-defence.

"She chased me into the basement with a knife and ran me into a corner, where I shot to keep her from killing me," he said. He did not explain why he had fired more than one shot. Dias is 45 and his wife less than 20. They had been married two years.

POPE'S VICAR GENERAL DIED ON SATURDAY

News Kept from His Holiness until after Easter Sunday—Deceased was Chief Favorite of Pope.

Rome, March 22.—Cardinal Hugh-ghinelli, vicar general of His Holiness, died today. He was born at Bologna, September 22, 1843. The death of Cardinal Hughghinelli will be regarded as a heavy loss to the Vatican, as he had been gravely ill with influenza for some time, is causing distress throughout the Vatican world. So far the fatal termination of the cardinal's illness has been concealed from Pope Pius, and the Vatican authorities not wishing to bring him grief on Easter Eve, but will be difficult to hide the fact long, as the pontiff frequently inquires regarding the condition of his vicar general, whom he held in great affection and for whose news he will be able to keep the news of the cardinal's demise from His Holiness until Monday.

The hope is held by the members of the Sacred College that they will be able to keep the news of the cardinal's demise from His Holiness until Monday.

**THE WEATHER.**  
 Maritime—Winds increasing to strong breezes and gales, southeasterly and southerly, milder weather.  
 Toronto, March 22.—Since Saturday a disturbance which was then over the Pacific states has developed great energy and moved with rapidity to the western states where it is centered this evening, and its accompanying rainfall has spread into Ontario. Fair, cold weather has continued throughout the western provinces.  
 Washington Forecast.  
 New England—Rain and warmer Monday; Tuesday clearing and colder; higher south winds.

**AROUND THE CITY**

**Found by the Police.**  
 Two keys found on King Square yesterday, and a woman's bag was found on Church street, by the police, await owners at the central police station.

**Sign Board Removed.**  
 Policeman Collins removed a sign board from Charlotte street Saturday afternoon and placed it in the central station. The sign had been allowed to stand near the fountain.

**Child Found Wandering.**  
 On Saturday a five-year old boy named Kelley was found wandering about on Sydney street. Policeman Collins who took the child to the central station for safety where it was called for later on by his sister.

**Assisted at Services.**  
 Rev. Prof. Keirstead of the University of New Brunswick, assisted Rev. J. A. Morrison at the morning service in the Carleton Presbyterian church yesterday morning. Rev. James Ross, superintendent of the foreign missions, assisted at the evening service.

**Disturbances Quelled.**  
 Saturday afternoon Policeman Rankine was called into George A. Chagnon's shop on Mill street to assist in ejecting a drunk who was not wanted there. Yesterday morning about 2.30 o'clock Policeman Gosselin was called into Joseph Watts' house, 163 Mill St. to quell a disturbance that Watts was creating with his family.

**Seamen's Institute.**  
 The temperance meeting on Saturday evening was well attended. Mrs. J. Seymour presided and delivered a fine address, and coffee and cake were served at the close of the meeting. The Rev. Mr. Reddick gave the Easter message to the sailors on Sunday morning. The Rev. W. Lawson was present and assisted with the service.

**Will Build on Douglas Avenue.**  
 The New Brunswick Realty Company will commence operations at once on their property on the right hand side of Douglas avenue, levelling and grading the ground. It is the intention to erect a number of buildings this spring. The company has 18 or 19 lots on the avenue and will build on the whole of them as conditions warrant.

**Shipping is Paying Now.**  
 Many people in St. John are reaping the benefits of the high ocean freight rates, and big demands for ship tonnage. Not a few people here have money invested in shipping, and some today are getting returns that are of a very satisfactory nature. Since the boom in the shipping business shares in steamship companies which some years ago were quoted as low as \$10 have been bringing in their dividends of \$40 per share. This is almost as good as some of the returns obtained by the merchant princes of St. John in the old days when the city sent forth big fleets of white-winged clippers to glean fortunes from the foam of the sea.

**Allen Must Get Out Now.**  
 Before His Honor Judge Forbes on Saturday morning John F. Allen was found guilty on a charge of obtaining money under false pretences and allowed to go on suspended sentence on condition that he leave the province within ten days, and under penalty of five years in Dorchester if he fails to do so. Two years ago Allen was fined for obtaining money under false pretences before Judge Barry and a jury at the November circuit, he was committed but allowed to go on suspended sentence. About eight months ago he was again brought before the court and tried on the original charge; the case was appealed but the appeal was not sustained on account of wrongful admission of evidence and the case was tried again on Saturday with the above result.

**PERSONAL.**

F. L. Doherty, of St. John, was in Halifax on Saturday.  
 Misses Villah and Gladys James, of St. John, are visiting friends in Montreal.  
 F. R. Hodge, of the Metcalf Construction Co., left last evening for Montreal.  
 Mrs. B. A. Stammers, of St. John, is visiting her sister, Mrs. A. E. Killam, of Montreal.  
 A. W. Goldworthy left last evening for Melford, Sask., where he will take up the practice of law.  
 Miss Helen Church, of St. John, was in Montreal last week, the guest of Mr. and Mrs. H. S. Bell.  
 F. K. Haskell, secretary-treasurer of the Moncton Tramways Co., is spending a few days in St. John.  
 Miss Alice Gross, of Moncton, is spending the Easter holidays with Miss Ethel Estey of this city.  
 Mr. O'Rourke, manager of the Royal Opera House, Yarmouth, is spending the Easter holidays in St. John.  
 H. M. Blair, secretary of the provincial department of public works, is spending the Easter holidays in Boston.

**Royal Cars Pass Through.**  
 The private cars York, Cornwall and Canada, which were included in the special which carried the Duke and Duchess of Cornwall and the Princess Patricia from Ottawa to Halifax, were brought through from Halifax on the Pacific express last evening. The cars were in charge of Mr. Baker. They will be taken to Montreal. When seen at the station last evening Mr. Baker said that all had gone well during the trip and the royal special had reached Halifax a few minutes after seven.

**MONCTON MAN HELD FOR "NON-SUPPORT"**

**Howard Dryden Arrested on Information from Moncton—Will be Taken to Railway Town Today.**

Howard Dryden, aged 25 years, was arrested in his boarding house on Brussels street early yesterday morning by Sergeant Caples with Patrolmen Ross and O'Leary. The man was taken into custody on a warrant issued by Police Magistrate Steeves of Moncton on a charge of non-support.  
 It is stated that the man has a wife and small family in Moncton and while he has been in St. John he has failed to send his family any money to support them.  
 A short time ago he was in the police station in company with a woman and was charged with having stolen some money from a man. The case never came to a trial as he paid the money to the complainant. Dryden is now in a central station cell and an officer is expected from Moncton this morning to take him to the railway town.

**MOON'S ECLIPSE WAS NOT TO BE SEEN HERE**

**Saturday Morning's Eclipse Happened on Time though no one around St. John Can Swear to it.**

All the bright young men of the staff of The Standard were sent out Saturday morning to report the eclipse of the moon. Well fortified with glasses they took their stations at the time appointed by the city editor for the eclipse to begin, and with eagle eyes and hearts beating high with expectancy, gazed into the rain and the fog which fell or hung like a pall over the city. But, to tell the truth, they could not see the moon or anything that looked like an eclipse.  
 So far as could be learned, nobody saw the eclipse from this particular part of the world. But it happened on scheduled time, and was observed from other parts of the North American continent where the atmosphere was clear. The Standard astrologist has a theory that what befogged the atmosphere in St. John and made the eclipse invisible was a certain recent interview on the naval question containing some foggy views.

**EXPECT WARM TIME AT EIGHT HOUR MEETING**

**Public Meeting in County Council Chamber, Tuesday Night will Thrash it Out at Union's Request.**

A lively time is expected at the public meeting to be held in the county council chamber at the court house on Tuesday evening to discuss the eight hour movement of the unions in the building trades. The committee in charge of the arrangements for the meeting report that several manufacturers and prominent citizens have intimated their intention of attending and taking part in the discussion, while the unions interested will have representatives in attendance to state their views.  
 The eight hour question is creating a good deal of interest among the contractors in the building trades, especially those in the jobbing line who, when they have work to do in a private residence, are only permitted to start their men at eight o'clock in the morning are inclined to favor the eight hour day, as at present they have to pay their men for the hour from seven to eight, often for doing nothing.  
 The manufacturers who would be affected by the movement are strongly opposed to the eight hour day for the building trades, believing it would mean a curtailment of production. Some contractors, too, fear that if the eight hour day is established it will tend to make people wary about building and retard the building boom which is expected to eventuate this year. On the other hand it is admitted by some contractors, as well as by the union men, that buildings are erected in other places where the eight hour day prevails and where wages are much higher than here, much more cheaply than in St. John. Some time ago a man came here from Boston with the idea of putting up buildings, and taking advantage of the increasing demand for houses. Submitting plans of the kind of house he proposed to erect to a builder he asked for quotations, and was told the building would cost him \$5,000.  
 The man from Boston said that the builder must be crazy, as the cost of such buildings, land included, in the suburbs of Boston was only \$7,000, though the wages of bricklayers was \$6 a day and carpenters \$4. It is also said that outside contractors come here and pay the union rate, and do the work much cheaper than the local contractors, who have not learned the art of speeding up the men as is done in other places.

**RAN FOR GUN BUT WILL BE NICE BUNCH IN THE COURT TODAY**

**George Watson Arrested Early Yesterday Morning—Smashed Shop Door while Police Officer Watched Him.**

About midnight Saturday while Patrolman Briggs was standing on Mill street, he saw George Watson, aged 21 years, go to Charles O'Hara's barber shop, No. 53, and deliberately break in the door. The police officer started towards the man, and Watson seeing him ran away. The policeman gave chase, but although he chased the young man for nearly half an hour was unable to catch him.  
 About 2.30 o'clock yesterday morning Sergeant Caples with Patrolmen Briggs and Crawford called at Watson's home on St. Paul street and finding the young man in bed ordered him to get up and dress, as he was placed under arrest. Watson dressed and when ready made a run for a back room calling out, "You won't take me alive." Policeman Crawford intercepted the prisoner, and after a short struggle the policeman took him to the central police station. The officers state that Watson had a revolver in his room, and that it was the gun he was running after when Officer Crawford caught him.  
 Watson had good reason for fearing arrest, for on February 2nd he was arrested on a charge of breaking into Maurice Jacobson's store, 617 Main street and stealing some articles. He was found guilty but was allowed out on a suspended sentence of five years pending his good conduct. About the same time a companion, Harry McNally, was charged with stealing a pocketbook from a woman on the main road and was sent to Dorchester penitentiary for two years.

**ONE PATIENT ALREADY IN JORDON SANITARIUM**

**Dr. Townsend here Last Evening, Says Institution Running but Work is not yet Completed.**

Dr. E. S. Townsend, of the Jordan memorial sanatorium at River Glade, came to the city last evening, and is at the Royal. The institution is now in running order, Dr. Townsend told The Standard, and is ready to receive the first complement of patients. There is one patient at the sanatorium already and three or four more are expected during the present week.  
 The work of wiring the buildings for electric lighting will be started today so that when the power house is completed no time will be lost in supplying the institution with electric lighting. The tenders are out for the power house and work will be started as soon as possible. If the plans work out satisfactorily the whole system will be completed by early summer.  
 The sanatorium is now ready to treat patients from the province; there is a nurse in charge, the household complement of patients. There is everything needed for the work has been arranged. There is accommodation for about 30 patients and as announced some by early summer. There is a possibility that the free ward which it is proposed to establish will be started during the summer.

**EASTER MILLINERY KEPT OUT OF SIGHT**

**Early Coming of Day, this year, Responsible for Comparative Lack of Easter Splendor—Easter in the Churches.**

Easter passed quietly in St. John. The day was religiously observed in all the churches, fine weather marked the day and many took advantage of the clear weather, although a few of the more venturesome took a chance on it; the sharp wind which blew during the greater part of the day discouraged any attempt at going out without overcoats, so that from the dress viewpoint, Easter this year, especially in the feminine eye, was uneventful. Yet not a few of the ladies donned the spring styles, and the masculine were given a vague idea of what to look for when this year's creations do appear.  
 In the churches the feast was observed with befitting solemnity. Special services were held in both Catholic and Protestant churches, and programmes of Easter music were rendered in most of them. In the Catholic churches the sober colors which have predominated during Lent gave way to white; the liturgy once more resumed its joyful note, and all the solemnity and heaviness of the Catholic ritual were used at the celebration of the feast.  
 In the cathedral at 11 o'clock His Lordship Bishop LeBlanc officiated at Pontine mass. He was assisted by Rev. D. S. O'Keefe, Rev. O'Brien, Rev. E. Conway and Rev. Dr. Meahan. The preacher was Rev. Fr. O'Brien, who delivered an eloquent sermon on the subject of the resurrection. His Lordship imparted the Papal benediction. In the afternoon at 3.15 o'clock Pontifical vespers were sung.  
 In the other Catholic churches of the city the feast was duly observed, and sermons appropriate to the occasion delivered.  
 In the Church of England, Baptist and Methodist churches the services were of special interest. The musical portion of the services was especially prepared for the day, and large congregations attended.  
 In St. Paul's church the Easter services were marked by the large numbers attending, the special music and the magnificent decorations. The large number of communicants also marked the day. The collections were generous, amounting to \$1,250. Rev. E. B. Hooper, the rector, preached eloquent sermons on subjects appropriate to the day.  
 Large numbers also attended the services in St. Mary's church. Here, too, the services were of a special character. Excellent music was rendered, while Rev. W. O. Raymond, the rector, delivered stirring addresses, pointing out what Easter means. The church was attractively decorated. The offering amounted to \$270.  
 The scholars of Exmouth street Sunday school held a special Easter service yesterday afternoon, which was greatly enjoyed by a large audience of the parents and friends of the school. E. E. Thomas, the superintendent, was chairman, and the following programme was given:  
 Choruses by the Sunday school choir; solo by Maxwell Anderson; solo, Ronald Thomas, with chorus by the beginners class; exercises by a number of girls, and recitations by Helen Magee, Ernest Hopkins, Arthur Cottrill and Gertrude Rolston. An address was given by E. S. Eltinge. All the children did their part creditably, especially the new Sunday school choir, it being their first appearance at a Sunday school service.

**DRATOR HYATT HAS SOLVED THE PROBLEM**

**Socialist Spell-binder would Give Women the Vote and thus Stop them Asking for it.**

"If I was premier of England I would soon stop the antics of the suffragettes," said Orator Hyatt in the course of an oration at the socialist meeting last evening. "How would I do it? Give them the vote. Then the women that want the vote could use it and those who don't want it could leave it alone.  
 "The trouble with the politicians is that they are afraid the women would be the subject for them, and take their jobs. If they really believe women are inferior why should they be afraid of them. In the schools girls are generally smarter than the boys, and given the same opportunity and reason for studying political affairs they would show themselves better citizens than men. Would they sell their votes to the booze brigade? Not by a jiffy.  
 "The trouble is after a girl leaves school she generally becomes the private property of a man, and is told to sweep the floor and darn socks, and not bother her head with anything more important."  
 The orator went on to say that when the suffragettes really found out what they were after they would become socialists, and that the powers that be realized that the appearance of women in politics would mean great changes in the methods of government, as women would be more interested in having the public business carried on in the interests of the people than in the interests of property.

F. A. Dykeman and Co. will have a sale of shaker flannel blankets on Tuesday morning, consisting of 110 pair. Shaker flannel blankets have advanced greatly within the last two months but these they will sell at mill prices, and, as the makers say that there will be a further advance, one is likely to have to pay one-third more for blankets in the near future than they will at this sale. The prices run from \$1.00 a pair to \$2.75, the latter being a heavy twilled, close woven, fluff lined blanket that looks like wool and is almost as warm. These blankets are not second-hand but are perfect goods in every way.
