## FEARFUL SLAUGHTER OF GERMANS IN FIERCEST FIGHTING OF THE YEAR

Every Additional Hour of the Ferocious and Sanguinary Battle Raging Between Montdidier and Compiègne, Gateway of Paris, Emphasizes Intense Character of the Fighting Wherein Enemy Is Constantly Hurling Fresh Divisions—Germans Appear To Be Striking With Greatest Blows in the Centre in Order To Encompass Fall of Compiègne.

Heavy Concentrations of Troops in Vicinity of Roye Are Being Used As Feeders For Units Which Must Constantly Be Withdrawn on Account of Losses—Crown Prince Rupprecht Attempting To Pinch Off Salient in Oise Valley—All Reports Tell of Tremendous German Losses—French Artillery Doing Bloody Execution.

Special Cable to New York Tribune and St. John Standard.  
(By Wilbur Forrest).

With the French Armies, Monday Afternoon, June 10—Every additional hour of the battle raging between Montdidier and Compiègne emphasizes the intense character of the fighting, wherein the enemy is constantly hurling fresh divisions. The Germans appear to be striking with the greatest blows in the center with the apparent objective of Compiègne on the Oise river, the so-called gateway to Paris, in an effort to pinch off the salient which would thus be formed.

Heavy concentrations of troops in the vicinity of Roye are being used as feeders for units which must constantly be withdrawn on account of losses. Every report tells of enormous German losses.

The French artillery is doing the bloodiest execution. An idea of the fierceness of the combat is shown at the village of Courcelles on the French left which, though now a mere stone heap, is one of the most hotly contested points on the entire line. Taken and re-taken many times, it remained in French hands today.

There will be the heaviest of fighting perhaps for many days. The line will move backwards and forwards and anxious moments arise. But the confidence among the French defenders is absolute. The battle is yet young, the allied commander-in-chief is playing his cards with care. The world can await his play with confidence also.

**Horis Many Troops.**  
The great drive between Soissons and Rheims hardly stabilized, Ludendorff with the desperation of a tiger in a burning cage, has again launched massed waves of German shock troops against the French line in the sector generally between Noyon and Montdidier. According to the best information the German high command has at its disposition about fifty fresh divisions for this new drive, (over 600,000 men), which roughly is forty-six kilometers in width.

Perhaps the fiercest fighting of 1918 has been raging since just before day-break yesterday on the front between Montdidier and Noyon.

**Dense Hun Waves.**  
Details now available show that the German waves came on in denser masses than ever before, hoping to crush all resistance. At midnight the latest reports from the battle line show that the enemy paid an enormous price for the smallest gains and is now locked with the French forces, who are fighting with the valor of supermen.

**The Third Stage.**  
The element of surprise in the big drives in Flanders and between Soissons and Rheims, which constituted two stages of what perhaps will prove the last great battle of the European war, was lacking in today's attack, as evidenced in the first hours of the conflict, which must be known as the third stage of the enemy's desperate win or lose effort, regardless of how such numbers as to bring about an overwhelming balance of man power.

**A Mass Offensive.**  
At the moment yesterday morning's attack proved to be another mass offensive, these advance positions were abandoned by the French, who took up their stand on the main positions in the rear. French batteries which had previously registered fire on every yard of ground between the forward and rear position dealt harshly with the oncoming waves.

## Several Small Places In Montdidier-Noyon Sector Taken by Huns

Paris, June 10—Several small villages were occupied by the Germans on the centre in the Montdidier-Noyon sector, including Mery, Belloy and St. Maur, according to the war office announcement tonight.

This was done by repeated assaults and at the cost of great sacrifices. South of Soissons-Sur-Matz the Germans gained a footing in Marueglise. Further to the east the battle continues in the southern outskirts of Elincourt.

The text of the statement reads: "On the second day of the offensive the enemy sought by powerful attacks in large force without cessation by new effectives to advance in the direction of Estrees St. Denis and Ribecourt. Our troops fulfilled with tenacity their mission of resistance.

"The enemy was able to take successively by repeated assaults and at the cost of heavy sacrifices the villages of Mery, Belloy and St. Maur. The plateau of Belloy was the theatre of heroic engagements.

"South of Reshons-Sur-Matz the Germans gained a footing in Marueglise and further east the battle continues in the southern outskirts of Elincourt.

"On our right the enemy succeeded in debouching from Thiescourt Wood. On our left, between Courcelles and Rucescourt we broke the enemy attacks and held our positions. East of the Oise a German attempt to retake a fort failed.

"On June 9 our pursuit escadrilles destroyed or put out of commission eleven enemy airplanes. Our bombing airplanes attacked without respite enemy troops behind the front of the attack.

"In the day of June 9 and the following night, despite the bad weather, eighteen tons of projectiles were dropped on concentration points, convoys and railway stations, particularly the station at Roye, where a great fire, followed by explosions, broke out."

## FOUR DROWNED IN AROOSTOOK RIVER

Caribou, Stricken By Serious Fire, Mourns Death of High School Students, Miss Mona Davis, Miss Georgia Lyons, Max Simpson and David Hitchins.

Aroostook Junction, N. B., June 10.—Caribou, the thriving Maine town on the Canadian Pacific railroad near here, is sorely stricken. In addition to the serious fire reported elsewhere, the town is mourning the loss by drowning of four members of well known families. The dead are Miss Mona Davis, aged 17 years, daughter of Deputy Sheriff Otis Davis; Miss Georgia Lyons, aged 17, daughter of John Lyons; Max Simpson, aged 17, son of Mrs. Frank Simpson, a widow; David Hitchins, aged 23 years, son of Herbert Hitchins.

All four were drowned in the Aroostook River about three o'clock Sunday afternoon. The young people went out on the river in a canoe after dinner, and were paddling at a point above a dam and about a mile from the village.

**Changed Seats.**  
The accident is believed to have been caused by the breaking of a seat when the girls attempted to change places. The canoe was about four hundred feet from the shore at the time and the water is very deep at this point. The cries of the drowning boys and girls attracted many people to the scene, but no boat or canoe was available and the relatives and friends of all four were obliged to stand helpless on the bank and watch the victims go down for the last time. The boys struggled gamely, but handicapped by their clothes and the cold water were soon exhausted.

**NO SUBMARINE BASE ON COAST**  
Report of Mysterious Signals Denied—Pinar del Rio's Men Rescued.

Washington, June 10.—Methodical survey of the entire Atlantic coast from the Mexican line to Halifax has failed to bring to light any evidence that German submarines have employed a shore base or have had touch with the shores at any point, Secretary of the Navy Daniels said today. This was taken as an official denial of reports that strange signals had been seen at night from remote sections of the coast.

**ARRESTED FOR BREAK IN RAILROAD STATION**  
Philip Collett Alleged To Have Robbed M. and B. At Notre Dame—Sawyer Recovering.

Special to The Standard.  
Moncton, June 10.—Philip Collett, a young man about 19, was lodged in the Moncton jail tonight charged with breaking into the Moncton and Buctouche railway station at Notre Dame, Goods. It is alleged, were stolen from the station. The arrest was made by the C. G. R. police, the road now being operated by the government.

**BUZZED HEAVILY**  
These divisions felt the bite of the French reserves and suffered heavily. But more important, it was here on this front, within past few days, that something happened which must have hastened the third stage of the battle. The Germans for the first time seriously felt the bite also of the American forces which in the opinion of those looking at the situation in the light of cold facts forced Ludendorff to strike again quickly in a desperate effort to forestall and beat the American menace.

## ENEMY NOWHERE ABLE TO PIERCE THE ALLIES

French Giving Ground Only Where Forced To Do So By Superiority of Numbers—Germans Capture Three Villages in Five Mile Thrust.

Near Bussières, Northwest of Chateau Thierry, Americans and French Deliver Strong Attacks Taking More Ground—Austrians Active in Italy—348 Killed in Hospitals By Fiendish Boches.

The Germans in the centre of their new attack on the front between Montdidier and Noyon have gained additional ground against the French, but on both the right and left wings, they are being held.

In violent successive attacks, Monday, they captured the villages of Mery, Belloy and St. Mauriand, also pressed forward and gained a footing in the village of Margueglise, the last named place representing the deepest point of penetration since the offensive began, between five and six miles.

The French still are exacting a heavy toll in lives from the Germans as they deliver their attacks in waves and are giving ground only when forced to do so under superiority of numbers. Nowhere has the enemy been able to pierce the front, which has been bent back in perfect order whenever the necessity arose.

The battle is described by correspondents as one of the most furious that has been fought since the war began, with the enemy unusually reckless in wasting lives to gain his objectives. (Continued on page 2)

## Fire Obliterates the Business Section of Busy Town of Caribou

Most Disastrous Blaze Aroostook County Town on Canadian Pacific Railroad Has Ever Experienced Causes Total Loss of Nearly Half a Million Dollars—Several Towns Sent Assistance.

Aroostook Junction, June 10.—The most disastrous fire that Caribou has ever experienced has caused a property loss reaching toward half a million dollars. The conflagration destroyed the business center of the town. The business district has been practically wiped out, and a number of private residences destroyed. The fire was discovered at a little after one o'clock this morning. The loss is estimated at \$400,000, while some of the insurance men are of the opinion that when the heavy stocks that were carried in many of the business houses are catalogued, the damage will extend to not less than \$450,000.

**U. S. GOVERNMENT MAY TAKE W. U. AND TELEPHONE**

Wall Street Hears Interesting Report—Motion Made in United States Senate To That Effect.

New York, June 10.—There is a strong impression in some circles that the government will soon take over the Western Union and American Telegraph and Telephone Companies. Preparations are said to be under way looking to that consummation, not only by the government but by the companies themselves. It is hinted that this may open the way to take over other public utilities in need of aid.

Washington, June 10.—The President would be empowered to take possession of all cable, telephone and telegraph lines under an amendment to the \$12,000,000,000 army appropriation bill introduced today by Senator Shepard of Texas. The purpose would be to assure secrecy of military information and to prevent communication.

# NEVER MORE SEVERE FIGHTING THAN THE PRESENT

## MANY THOUSANDS OF GERMANS THROWN INTO SLAUGHTER HOUSE

### Berlin War Office Claims Capture of Eight Thousand Prisoners in Fighting of Sunday — Maintains That Gains Have Been Made Against the French Forces and That Positions Have Been Captured.

With the French Army in France, June 10.—(By The Associated Press)—Fighting in this war probably never has been more severe than that going on today in the great battle of French and German armies between Montdidier and Noyon.

The German attacking on a ground where the Entente Allies were ready to receive the shock have found themselves thrown into a slaughter house whence most of them never will make an exit.

### FEARFUL SLAUGHTER OF GERMANS IN FIERCEST FIGHTING OF THE YEAR

The latest official communication from the German war office says additional ground has been gained by the Germans southwest of Noyon against newly brought up French reinforcements, and that the Germans have taken about 8,000 prisoners and some guns.

Two incidents Briefly two current incidents serve to illustrate. The first is the campaign now noticeable in the German press apologizing to the German people and to the restless Scheidemann Socialists for the lack of success although eight German divisions have been sacrificed.

Our supreme command knows what it is doing. Therefore it is necessary for us to await a change. Our leaders are preparing. New surprises are coming.

U. S. Men Fight Well American troops fighting shoulder to shoulder with the French and the British are showing remarkable qualities, and the Germans are appreciative.

Objective Failed Machine guns, cannon and aeroplane fighting defensively, have taken a great toll of the enemy divisions whose men believed that their offensive of May 27 would stop only at the gates of Paris.

Only pursuit bravely unexcelled expert perhaps at Verdun stopped these divisions and beat them.

# ENEMY SUFFERS VERY HEAVY LOSSES IN NEW DRIVE

## GERMANS DISAPPOINTED IN FIRST DAY'S ACHIEVEMENTS

### Gains Between Montdidier and Noyon Not So Great As Rupprecht Anticipated --- German Battalions Being Depleted By Murderous Fire of the French-British Line Improved.

French Headquarters, June 10.—(Via Reuter's Ottawa Agency)—The German battalions are being depleted in the constant fighting from Noyon to Chateau Thierry and from Veruillet to Rheims. His reserves of manhood are declining. Out of 300 prisoners taken in the first days of June, over one fourth belonged to the 1918 class, and the class of 1920 made their appearance on the battle field among the prisoners captured at Bigry by the British, a considerable proportion being late of this class.

**Summary of Situation**  
Paris, June 10.—Summarizing the morning newspaper comment on the new German drive, the Havas Agency notes that the commentators are unanimous in pointing out that the first day of the new attack was far from securing for the enemy the gains which he sought. They emphasize the fact that, contrary to what occurred in the two previous German strokes in the south, the enemy this time suffered severe losses, on the first day, by which it is shown that the effort to surprise the Allies completely failed.

**Heavy Fighting**  
Paris, June 10.—The new German attack on the front between Montdidier and Noyon, continued last night with undiminished violence, the war office reports that on the French left wing furious German attacks made time after time were broken down by the French fire.

**Improvement in Line**  
With the British Army in France, June 10.—(By The Associated Press)—A considerable local improvement of the British line just to the south of the Somme was effected last night through a slight advance carried out in the neighborhood of Bouzencourt. Otherwise the night was generally quiet and the situation unchanged. Raids and outpost actions comprised the remainder of the infantry activity. The enemy shelling which was so heavy on the British right wing on Saturday night and Sunday morning preceding the attack against the French has again dropped to normal.

**WOUNDED, LIES FIVE WEEKS BEHIND GERMAN TRENCH**  
British Soldier With Shattered Thigh Finally Crawls Back To Friends — One of Most Astonishing Stories of the War Told By Private Taylor.

What is regarded as one of the most astounding stories of the war is told by Private J. Taylor, of the London regiment, who has received a Distinguished Conduct Medal. Private Taylor's own story, as told in the London Express, is as follows:

"It was during one of the attacks on part of the Hindenburg line on June 13, last year. We had gone over the top two companies together, following up a successful attack made in the same direction on the previous day. This time we were met by a terrific enemy fire, and our fellows were dropping like nincompoas. I was a stretcher bearer and I was trying to patch up one of our men who was down, when I was knocked out myself by the bullet which fractured my thigh.

"After that I remembered nothing for some hours. It may have been a day or it may have been two when I recovered consciousness, with a parched throat and a great sense of weariness and pain.

## HIS "WEEKLY WAGE" WAS \$3,880

### Harold Judd of New Britain, Conn., Wants To Forget He's a Millionaire and Is Going Through As a Private — "Just a Regular Good Fellow," Says His Sergeant.

"Put me down as a capitalist." The draftsman was standing in line at the recruit receiving office of the Depot Brigade, along with hundreds of others who came into the army this week. Each had to give his "occupation," before he had scarcely set foot in camp.

And this one was up against it. Others in line with him could explain easily, "Brick mason," "Cobbler." That is just as they happened to run in the group registered with Harold L. Judd of New Britain. Then the noncom clerk asked Judd, and all he could think of to say was:

"Put me down as a capitalist." He's in the army now, in a 7th Battalion company, enjoying the novelty of being a millionaire somebody who has found a place where he can be a rookie nobody.

And once again Camp Devens realizes the democracy of this business up here. A draftsman with a "weekly wage" of \$3880 bunks alongside \$18 a week men.

And now they're all getting \$30 a month. They don't like to figure it by the week.

Recruit Judd wants them to forget he's a millionaire. He knows it won't make any difference with the officers. And he's going through.

Son of a wealthy factory owner in New Britain, he was left the business. He went to school for a while, did the usual stunt for sons of factory owners — "worked his way up"—and then he retired.

THE WAR NEWS.

What expert critics and correspondents declared to be the heaviest fighting of the present year, and which means the heaviest of the war, has been in progress in the Valley of the Oise, between Noyons and Montdidier, and as far south as Compeigne, for the past two days. Although the battle is likely to continue for days the Allies are already attaining a considerable initial advantage, despatches stating that when the enemy attempted to advance in massed formation the French artillery, which had a perfect range, was able to do terrible execution in the oncoming ranks. For hours this sort of fighting went on, the enemy continuing to charge the Allied lines and, in the face of a withering fire, coming to hand to hand encounters at more than one point.

Judging from the reports of the present battle the German command has been more than usually profuse in its expenditure of men and the result has been unprecedentedly heavy casualties. It is estimated that since the drive of March 21st the Germans have exhausted eighty divisions, or almost one million men, and yet, with this terrible expenditure, they have been unable to realize their objectives as the Allied lines have withstood every attack, and the road to Paris is still securely barred.

How long Germany can continue to pour her soldiers into what is speedily developing into a slaughter house is the question that may determine the length of the war. Some writers believe the present battle will be practically the last big engagement, and that if the enemy is unable to win in this renewed effort for peace will follow.

As lending color to this view it is pointed out that the addition of American soldiers to the Allied lines has already become a factor; that Germany is meeting harder resistance now than she did in early April and that unless she wins a decision in the very near future the weight of opposition against her will be more than she can bear.

One of two alternatives will then likely develop. The enemy may retire to prepared positions and months of trench warfare may follow, for it must be remembered that the Germans have had four years in which to make ready for the day when they will be forced back out of France and Belgium. Or, realizing that it is impossible to make headway against the Allies and that the conflict cannot be pursued to a successful conclusion, the Teutonic powers may cry quits rather than see the fighting carried to their own territory.

In any case the situation from the Allied standpoint is decidedly good. Germany has passed the zenith of her power and is now on the down grade while the Allies will not reach the peak until the full weight of the United States is brought into the fighting lines. The present battle is likely to continue with a fierceness unprecedented since Verdun, but already the result can be forecasted with reasonable certainty. Germany is facing a defeat the magnitude of which will depend upon the lengths to which she is able to carry the operation. The longer she fights the more serious it will be for her.

A VAIN GERMAN BOAST.

Germany's boast that she would bring Great Britain to her knees by the use of the U-boat, is no nearer realization now than when the decision to employ unrestricted underwater warfare was first acted upon. It was the German hope and idea that the submarines would interfere with Britain's food supplies to such an extent that she would be glad to make peace to avoid starvation but this plan is not working out as expected and, in fact, the present day finds the Central Empire much nearer to starvation than Britain or any of the other Entente powers.

Britain has adopted compulsory food rationing, not because of shortage but to secure a more equitable distribution of supplies, and at that the amounts of food allowed in the Motherland are, in all cases, far in excess of what the German and Austrian people are forced to subsist upon. For instance bread has not been rationed in Britain, that step not yet appearing to be necessary. In Germany the ration is 3 pounds, 13½ ounces, and in Austria 2 pounds, 2 ounces. Britain's meat ration is 16 ounces compared with 7 ounces in Germany and 4½ ounces in Austria. Butter and sugar are the only other articles in which it has been found necessary to

the probability that active Japanese intervention is likely to prove the best solution of the problem. At any rate the problem must be vigorously grappled with for a continuance of the present condition would be impossible.

DEEDS THAT WON THE ALBERT MEDAL

Stories of heroism displayed in saving or endeavoring to save lives were revealed in the announcement in the London Gazette of the award of the Albert Medal to the undermentioned officer and men: Lt. Fred Kelly, 6th Duke of Wellington (West Riding) Regt.—On January 30 last at a camp in England where rifle grenade practice was being carried out, one of the men struck the loophole with his bayonet and caused the fuse of the grenade to ignite. Lt. Kelly, who was in charge, shouted to the man to drop his rifle and get clear, but he lost his nerve and remained in the trench gripping the rifle. Lt. Kelly then seized the rifle and with much difficulty got it out of the man's hands and threw it away. He then tried to push the man out of the emplacement but before he could get him clear the bayonet exploded and they were both slightly wounded. But for Lt. Kelly's courage and resource the soldier would probably have been killed.

Flight-Sergt. Albert E. Warne, 24th Wing Aeroplane Repair Section, and Flight-Sergt. Horace Cannon, No. 50 Training Squadron.—While flying in England, a pilot lost control of his machine, which crashed to the ground from a height of about 150 feet, and burst into flames. Warne and Cannon went to the rescue of the pilot at great personal risk, as one tank of petrol blew up and another was on fire. Moreover, the machine was equipped with a belt of live cartridges, which they dragged out of the flames. They managed to extricate the pilot, who was strapped to the burning plane, but he died shortly afterwards. Trooper Walter G. Gunner, 1st Dragoon Guards.—A tramcar full of passengers was descending a hill at Dover, and got out of control. The driver, who was drunk, would not act, jumped off the front platform, and Private Gunner promptly took the driver's place on the platform and made every effort to stop the car by the application of the brakes. Unfortunately, in spite of Gunner's courage and presence of mind, he was unsuccessful in stopping the car, which ran to the bottom of the hill at great speed and overturned, crushing his feet as a result of the accident.

THRIFT STAMPS ARE REQUIRED

(Toronto News). About \$14,000,000 in interest is now being divided amongst those Canadians who took up the last Canadian war loan. The Finance Minister takes advantage of this distribution to offer for sale Dominion of Canada debenture stamps of denominations of \$10 multiples thereof. Those who convert their interest coupons into stock will be getting interest on interest. They will be leaving the money where it is most needed, and practicing thrift.

The scheme is a good one—for the man whose coupons amounting to \$100 or more buy a certificate for \$100, and the man whose coupons amounting to \$50 or more buy a certificate for \$50. The interest they receive will not enable them to indulge in a debenture, no matter how willing they may be to dispose of their earnings that way. Nor will the ten dollar and twenty-five dollar war certificates available through the post office fully meet their case.

For such persons, many of them people of small means who skimmed themselves to buy a bond, would be that their stamps be bought for 25 cents each should be provided. Such stamps would enable the man whose coupons amount to \$100 to buy only \$2.75 or \$2.13 to lend to the government, to the mutual advantage of both. We believe that the amount so raised would be a large sum. Thrift stamps have had a wonderful success in the United States, where they are on sale everywhere. They are very attractive, and encourage their boys and girls to save in this way. They could use the stamps to teach the rudiments of Canada's banking and financial system, and turn back to the government considerable money that now is largely wasted.

WAITING FOR THE KAISER

Is St. Helena waiting for the Kaiser? The first white man to visit the island of St. Helena was Juan de Nova Castilla, a Portuguese sailor, who discovered the South Atlantic islet 416 years ago, and named it St. Helena in honor of the saint whose feast day it happened to be. The Dutch afterward gained possession of the island, but they were expelled in 1600 by the English. Later the Dutch restored their authority, and St. Helena was alternately held by Great Britain and Holland until 1878, when the English finally gained the sovereignty. St. Helena was greatly unknown to the outside world until it was chosen in October, 1815, as the place of Napoleon's captivity. Napoleon set foot on the island in 1815 and remained there until his death on the 5th of May, 1821. His remains were removed from St. Helena in 1840 and were interred, with great pomp and display, in the Hotel Des Invalides, Paris. St. Helena is ten miles long and eight miles wide and has an area of forty-seven square miles. It is part of an old volcano.

Mr. Parkins came to see my sister Gladdis yesterday, and Gladdis turned on the phonograph and they started to dance in the parlor, and pop and ma stood and looked in the door watching them, which was what they stopped pop and ma. Well, if this dancing is like sponge cake, Mrs. Potts and I use to take prize dancing before we were married, but I must say that if it wasent for the music I would, of tawnt you were giving a imitation of the Siamese twins out for a wawk. My father, Mr. Parkins is a bewtiful dancer, he wins silver cups with his dancing, and Gladdis. For dancing that way? sed pop. Serteny, sed Gladdis. A fanny world, sed pop. Well of course, Mr. Potts, to a prinain with the old fashion ideers of dancing, the modern stiles properly seem a little strange, sed Mr. Parkins. Old fashion aathing, therebly only one way to do a thing rite, dancing or anything else, and if you can induce that maionest to play a waltz, Mrs. Potts and I will show you wat reel dancing looks like. Serteny, Im always willing to lern, sed Mr. Parkins, saying it as if he didnt think he was going to lern much. And he put on a record with a waltz on it, and pop and ma started to dance, Gladdis and Mr. Parkins watching them and looking as if they didnt think it was the greatest thing they had ever saw, and after a wile pop and ma stopped out of breath, pop saying, There, that was reel dancing, wat did you think of that? FACE COVERED WITH PIMPLES ASHAMED TO GO OUT.

Many an otherwise beautiful and attractive face is sadly marred by unsightly pimples, blotches, flesh worms and various other blood diseases. Their presence is a source of embarrassment to those afflicted as well as pain and regret to their friends. Many a cheek and brow cast in the mould of beauty have been sadly defaced, their attractiveness lost and their possessor rendered unhappy for years.

Why, then, consent to rest under this cloud of embarrassment? There is an effectual remedy for all these defects. It is Burdock Blood Bitters. This remedy will drive out all the impurities from the blood and leave the complexion healthy and clear. Mrs. Katherine Henry, Port Sydney, Ont., writes: "Two years ago my face was so covered with pimples I was ashamed to go out at all. I tried several remedies, but they were of no use. At last a friend advised me to try Burdock Blood Bitters. I got a bottle and by the time it was used I could see a difference. I then got two more, and when I had used them the pimples were completely gone. I can highly recommend B.B.B." Manufactured only by The T. M. Burton Co., Limited, Toronto, Ont.

Unreasonable. "Look here, watter!" said Mr. Joyce, scowling deeply over his plate. "I ordered turtle soup. There is not even a morsel of turtle flavor in this." "Of course not," said the waiter. "What do you expect? If you ordered cottage pudding, would you expect a cottage in it?"

THE MAN WHO HAS "COVERED" 17 WARS. Perhaps no living man is better fitted to tell of the great improvements in implements and methods of destruction than Frederic Villiers, the famous English war correspondent, who, at the age of sixty-six, is "covering" his seventeenth war. He was born in London on April 23, 1852, and studied art in France. He was war artist for the Graphic in Serbia in 1876, and correspondent and artist with the Russian Army during the Russo-Turkish war in 1877. # NORTH END CIRCLE WAS THE HOSTESS AT RED CROSS MEETING

Local Society Held Regular Monthly Meeting Yesterday Afternoon - Reports Received From Different Branches Show Much Activity Among the Workers.

North End Red Cross Circle was the hostess for the regular monthly meeting of the local society held on Monday afternoon in Main street Baptist church. A large number of members were present, and the proceedings were entirely confined to business which was unusually interesting.

The president of the North End Circle, Mrs. Dana, welcomed the members in a pleasant speech, in which she emphasized the need for continued effort on the part of all Red Cross workers. Mrs. Hutchinson followed with a prayer for those overseas, wounded and ill, whether our own or the enemy's, and for those workers and watchers at home of whose industry so much depended.

Mrs. McAvity, president of the Local Red Cross, spoke of the benefit that had resulted from the experiment of meeting with the different societies; the Circle saw more of the work of the individual circle and widened the general knowledge of Red Cross endeavour.

The secretary, Miss Walker, read the minutes of the previous meeting which were confirmed and the report of the needlework committee, of which Mrs. F. S. White is convener, was in her absence also read by the secretary.

Donations to the department were: Little Girls' Class, Soldiers' Aid Society, Riverside, Albert county, N. B., 2 quilts.

Among the letters received by the secretary were two of special interest as showing the attitude of the soldier toward the Red Cross. One accompanied a gift of five dollars sent by Private Lloyd Campbell to his mother, Mrs. Roy Campbell, which had been saved from his pay as a contribution to the Red Cross, and of which he writes "You certainly did get a fine lot of subscriptions for the Red Cross, and I am glad that people are coming out so nobly for us. I would be pleased if they could only see how much and what a lot of work the Red Cross is doing out here."

By chance I am attached for Imperial service with the Mechanical Transport and have served for the past two years in East Africa.

**WAGE INCREASE FOR FIREMEN AND THE POLICEMEN**  
Resolution Presented Yesterday—Matter Will Be Considered At Council Meeting Tomorrow.

On April 2, at our monthly meeting, we decided to answer the call of the C. W. C. A. for boxes for the soldiers then leaving for overseas, so during the week six were filled, containing gum, chocolate bars, cigarettes, etc., which were taken to the Red Cross rooms.

We have taken two large bundles of magazines to the soldiers' transport depot every week until lately.

On May 3 we gave an entertainment in Trinity church school room entitled the "War-time Pipes," from which we realized \$125.50, of which was given to the C. W. C. A. and the remaining \$12.50 to the Y. W. C. A. Respectfully submitted,  
CAROLYN PAGE, Secretary.

Report of St. David's Red Cross Circle  
This circle's workers has met for the last year on every Wednesday afternoon (except the first Wednesday of each month) with an attendance ranging from twenty-two to thirty-two.

On May 1st the committee in charge of our curbing committee in charge of Mrs. A. R. Campbell and Mrs. Blingham, go quarterly to the Red Cross depot every Thursday afternoon.

On May 1st we were entirely out of funds and no wool for knitting. The club members decided to have a One Day Drive for money to continue work during summer. They collected from Graduate Nurses in the city, and from the doctors the splendid sum of ninety-six dollars.

WEDDINGS.

A wedding of interest to St. John
people took place at Sant Fe, New
Mexico, yesterday when Miss Gladys
Agatha Asho, daughter of the late
John F. Asho, formerly of this city,
became the bride of Thomas Harold
McGuire, local manager for the Imper-
ial Tobacco Company. The young
couple will visit San Francisco before
returning home.

Harris-Smith.

Trinity Church was the scene of a
quiet but pretty wedding yesterday
morning when the rector, Rev. R. A.
Armstrong, united in marriage Miss
Janet Hazel Smith, eldest daughter of
W. H. Smith and Frank C. Harris. The
bride was attended by her sister, Miss
Ida Smith and L. G. Gooding supported
the groom. The happy couple left on
the Boston train for a trip through the
province and will later proceed to
Grand Falls, Newfoundland, where the
groom is employed. The popularity
of the young couple was amply shown
by the many handsome and costly
wedding presents received.

OLD DICKIE MILL AT
STEWIACKE BURNED

Was Property of Halifax
Lumber Co. and Formerly
Operated By Alfred Dickie
Lumber Co. in Liquidation.

Stewiacke, N. S., June 10.—The old
Dickie mill at Stewiacke was com-
pletely destroyed by fire on Saturday
afternoon. Starting about four o'clock
the fire gained rapid headway, and it
was not long before the mill fell, but
the debris burned for several hours.
The mill was situated at the point
where the Canadian Government Rail-
way crosses the Stewiacke River,
about one mile from Stewiacke. It
was thought that the bridge would
catch, but the flames failed to reach
it. The Maritime Express, which left
Halifax about an hour before, was
held there over an hour on account of
the fire. The C. P. R. Telegraph
wires were also put out of commission,
several of the poles, which were near
the mill, being burned to a cinder.

The mill was the property of the
Halifax Lumber Company, but has
not been working for over ten years.
It was built in the days of the late
Dickie Lumber Company liquidated.
It was a structure of 120 feet by 40
feet.

COMB SAGE TEA
INTO GRAY HAIR

Ladies! Try this! Darkens beauti-
fully and over an hour on account of
the fire. The C. P. R. Telegraph
wires were also put out of commission,
several of the poles, which were near
the mill, being burned to a cinder.

Common garden sage brewed into a
heavy tea, with sulphur and alcohol
added, will turn gray, streaked and
faded hair beautifully dark and lux-
uriant again. It is a natural Sul-
phur recipe at home, though it is
troublesome. An easier way is to get
the ready-to-use preparation improved
by the addition of other ingredients
a large bottle, at little cost, at drug
stores, known as "Weyth's Sage and
Sulphur Compound," thus avoiding a
lot of fuss.

While gray, faded hair is not sinful,
we all desire to retain our youthful
appearance and attractiveness. By
darkening your hair with Weyth's
Sage and Sulphur Compound, no one
can tell because it does it so natu-
rally, even. You just dampen a
sponge or soft brush with it and draw
this through your hair, taking one
small strand at a time; by morning
your gray hairs have disappeared. After
another application of two or three
times, your hair becomes naturally
dark, glossy, soft and luxuriant and
you appear years younger. Weyth's
Sage and Sulphur Compound is a
delightful toilet requisite. It is not
intended for the cure mitigation or
prevention of disease.

YOUNG GIRL'S CASE
BEFORE GOVERNMENT

Friends Appeal From Harsh
Sentence of Two Years Im-
posed on "Venus" Cote For
Working Disguised As
Man.

Ottawa, June 10.—The case of "Ven-
us" Cote has been submitted to the
department of justice and action by
the government is expected shortly.
"Venus" Cote was sentenced to two
years for posing as a man.

INEFFICIENT? MAYBE YOUR
CHAIR'S TOO HIGH

The criticism which has been made
in recent years regarding the too
great height of school seats also ap-
plies to the chairs in the home and
office, according to persons who have
been giving the matter careful study
and who have made practical tests
along this line. The average office or
home chair, it is claimed, is so high
that when occupied by a person of med-
ium stature or less the front edge of
the seat presses against the limbs,
causing more or less pronounced con-
gestion of the blood and nervous irri-
tation, with a corresponding loss of ef-
ficiency, says Popular Mechanics. One
person interested in this question
shortened the legs of a number of

chairs in his home and declared that
the increased comfort of the family
completely justified the rather dras-
tic measure. When one is seated and
the feet are flat on the floor the chair
should be sufficiently low, it is said,
to lift the limbs above the front edge
of the chair to permit the open hand
to be inserted between either limb and
the chair seat.

Ottawa, June 10.—In furtherance of
the restriction of exports, the ex-
port of machinery, of metal, of every
kind, to all destinations outside of
Canada, has been prohibited except
under individual license. Applications
for approval of individual licenses
must be made to war trade board.

MISS MARION JACK WRITES OF ART IN THE WESTERN STATES

Letter Received By St. John Friend Tells of Exhibitions Visited - Use of Photographs Advocated.

Miss Marion E. Jack has arrived at Chicago and will remain there some months. Writing to her friends here, she is enthusiastic over the splendid work of western artists, and foresees a great American art, growing out of natural environment, not a continuous slavish following of the styles of European art nor were that of the Eastern States.

CORN FLOUR SHOULD BE USED

Notify Food Board if Your Dealer Does Not Keep It in Stock.

Corn flour is now on the market in large quantities in Montreal and other centres. The Food Board is asking the women of Canada to get into the habit of using it as a substitute. It is no higher in price than standard flour and can be used in the proportion of 25 per cent. corn flour to 75 per cent. standard flour.

ARE WHITE FLOUR SUBSTITUTES BEING USED IN ST. JOHN?

Leading Grocers State That There is a Call For Products Which Conserve White Flour - Many Loaves of Bread Purchased.

The advice contained in many war time recipes as to the use of substitutes is only practical where these substitutes are obtainable. The Standard inquired at several leading groceries and only one could find corn flour and white corn meal for sale.

It is claimed that these substitutes are so expensive that they cannot be used but the people who should use them are those to whom expense does not matter. It is not a question of economy this saving of white flour but one of patriotism.

PROVINCIAL RED CROSS HOSPITAL COMMITTEE MAKE FURTHER PLANS

Meeting Held Yesterday Morning - New Names To Be Added To The Committee Later.

At an adjourned meeting of the provincial Red Cross Hospital Committee held yesterday morning in the Local Red Cross Rooms several new names were added to the different committees and some important business carried on.

As the work is provincial as well as local it will be some time before the organization is complete. Those appointed on the hospital committee have had practical experience in the work.

Mrs. Leonard Tilley presided at yesterday's meeting and it was voted that Mrs. F. Fairweather combine the duties of Secretary and Treasurer.

The following were added to the committee: Hospital store - Miss Clements, Surgical - Mrs. W. Shaw, Mrs. W. P. Bonnell, Mrs. A. P. Barnhill.

By way of contrast in passing through a Canadian store you hear a man declaring vigorously: "I call it a crime that I have to pay ten cents a pound for sugar."

Later on demonstrations in the methods of using these substitutes will be given in many public places and an effort made to show what attractive dishes can be manufactured from substitutes. It is only dishes which conform to the Food Board rules or palatable foods which can be eaten with a clear conscience by the truly patriotic.

Woman Receives War Cross Paris, June 10 - A woman automobile driver attached to the army medical service has just received the war cross. She is Madame de Subigny, who brought in wounded from the battle field on several occasions under fire.

**TWO HELD FOR MURDER AT PRESQUE ISLE, ME.**  
They Are Charged With Killing Policeman at Pittsburg.

Presque Isle, Me., June 10.—Dominick Acqua and Alphonse Polifrone are under arrest here for the Pittsburg authorities who want them in that city on a charge of murder. They are accused of shooting and killing Policeman Thomas Farrell on March last while resisting arrest. A reward of \$2,000 was offered by the Pittsburg police and it is probable local officers will get it.

**MAINE COTTON MILLS RAISE WAGES AGAIN**  
Notices Posted in All Mills of Lewiston, Auburn, Lisbon Falls and Elsewhere.

Lewiston, Me., June 10.—Notices were posted today in the cotton mills of the Avon, Androscoggin, Continental, Hill companies, Lewiston, Barker, Auburn, Farwell, Lisbon Falls, and other Maine plants, announcing that wages will be advanced next Monday. The advance in Maine cotton mills will be about ten per cent. and will affect about 17,000 operatives.

FAIR AND COOL

ST. BARNABAS DAY Today is the feast of St. Barnabas, the Apostle, and a holy day in the Anglican Churches.

AN OLD COIN R. H. McIntyre, a local barber, holds in his possession an interesting relic—a Danish coin dated 1771 and marked "Skilling."

WAS WITHDRAWN The building at the corner of Union and Mill streets damaged by fire last winter was offered for sale at Chubb's Corner on Saturday but withdrawn.

SAFE IN ENGLAND Mrs. J. V. McLellan yesterday morning received a cable announcing the safe arrival of her son, Flight Lieutenant James McLellan in England.

BROUGHT FROM MONCTON The body of David McCarthy, who died in Moncton, was brought to the city at noon yesterday and the funeral will be held this afternoon from the residence of his sister, Mrs. Ellen Grady, Mill street, at 3:30 o'clock.

H. C. RUTTER APPOINTED H. C. Rutter has been appointed caretaker of the parliament buildings at Fredericton, the office of arrangement and caretaker having been combined. Mr. Rutter has been sergeant-at-arms for twenty-four years.

IS STILL MISSING The whereabouts of Arthur Banville, son of P. Banville of Long Wharf, yet remain unknown. His parents are distracted with grief and anxiety. The local police have worked earnestly to locate him, but their efforts remain unfruitful.

WORTHY SUGGESTION A suggestion offered by a prominent citizen, and one which meets with the approval of the citizens is that people who have their health and strength should give up their seats in King Square to invalided soldiers during a band concert.

RECRUITS ARRIVING Among the recruits arriving in the city yesterday to sign up with the Depot Battalion were three fine looking specimens of manhood from the vicinity of Moncton. It is not stated how long the quarantine will be on Camp Sussex, but it is believed that it will be lifted in a short time.

GRAMMER SCHOOL EXAMS The examinations for the Grammar school commences today and quite a number of persons are writing the papers. Among those to arrive in the city yesterday was G. Milton of Moncton. He was a former student at Mt. Allison and during the past year was at the U. N. B.

MATTHEW ALCORN INJURED Matthew Alcorn, an employe in the Grant & Horne shipyards on Marsh Road was injured quite badly yesterday in a fall.

One of the officials stated the injured man was working on the deck of the ship, and was crossing one of the masts, which was covered over with loose boards—in some manner he fell through.

A PRESENTATION W. C. Sinclair, assistant manager of the Bank of Nova Scotia, who left yesterday for Charlottetown, where he is to be one of the principals in an interesting event, was presented with a handsome silver service and set of fine Crown Derby cups and saucers by the members of the bank. The presentation was made by R. H. Anderson, manager.

ST. JOSEPH'S CLOSING St. Joseph's university closing exercises are being held on Wednesday evening and Thursday morning.

On Wednesday evening a programme is being carried out which includes some lively debates, which will prove very interesting. On Wednesday morning degrees will be conferred and the English valedictory delivered by F. J. Cunningham of Moncton.

Many local people will attend the closing exercises.

EVANGELICAL ALLIANCE At the monthly meeting of the Evangelical Alliance held yesterday morning at the Y. M. C. A., a resolution calling on the government to set aside a day for national prayer and humiliation was unanimously adopted and a copy of the resolution ordered sent to the Premier, Sir Robert Borden. A paper read by Rev. G. F. Dawson on The Church, Politics and Social Service, gave evidence of thoughtful preparation and a vote of thanks for his excellent paper was tendered by the speaker.

ARE LOBING MONEY New food regulations are hitting the local bakeries hard. Doughnuts, a line in which good profit was made, are on the wane, while frosted cakes also is restricted, and bakers say that this makes it very hard for them to make a sale since people do not desire rough looking products. Some bakeries have lessened their staffs, as business has so decreased they could not meet the demands of wages. One local baker added that in his monthly collection he dropped behind \$40.00 in one store, due to the recent regulations.

THE POLICE COURT In the police court yesterday, William George Abbott and James Whitley were charged with stealing a telephone cash receiving box from the Cameron drug store on Charlotte street, on May 21st. After evidence had been given by three witnesses, the prisoners were remanded.

Four drunks were fined eight dollars each.

Edward Harrison and Joseph Cochran were charged with stealing \$12 from Mrs. B. King's grocery on B-rook street also with stealing a revolver and ammunition from the home of Thomas Martin Chapel Grove. The prisoners were remanded and the latter charge will have to be tried in Kingston.

E. J. JACOBY IS WELCOMED BY LUXOR TEMPLE

Imperial Potentate of Mystic Shrine Visits St. John—Dined At Bond's Last Night—Will Be Entertained Today at Crescent Lake.

Last evening the Shriner of Luxor Temple welcomed to the city E. J. Jacoby, Imperial Potentate of the Ancient Accepted Order of Nobles of the Mystic Shrine for North America. This is Mr. Jacoby's third visit to the Maritime Provinces and he is loud in his praise for the provinces by the sea.

"It was a most inspiring incident for me to witness the American flag floating in the breeze in Halifax harbor, side by side with the Union Jack," said Mr. Jacoby to a Standard representative at the Victoria Hotel. "I want to state that every effort, energy and financial assistance of these countries must be lent in the task of freeing Europe from militarism."

Mr. Jacoby, who is a legal man, was associated with Charles W. Fairbanks during Roosevelt's tenure of office, up until the time of his death. Referring to the society of which he is Imperial Potentate, Mr. Jacoby stated that the total membership on this continent numbered about 250,000, of which a large percentage are overseas or preparing to go.

In the Temple at Indianapolis, Mr. Jacoby stated that the society had made provision for the raising of \$100,000 for war purposes. Upon his arrival here on the Halifax train, he was met by Potentate H. H. McLellan, Recorder Charles Robinson and other delegates from Luxor Temple and was escorted to the Victoria Hotel. Last evening a reception and dinner was tendered to the distinguished visitor at Bond's, where an enjoyable and interesting time was spent. Brief speeches were made by members of the local temple in addition to a fine address by the visitor which was listened to with rapt attention.

This afternoon through the kindness of Noble H. M. Hopper, the privileges of Crescent Lake have been secured for an outing and the visitor with the members of Luxor Temple will enjoy a few hours on the lake.

G. W. V. A. MEETING HELD LAST EVENING

Five Members Admitted To the Association—Moosepath Sports Netted \$500—Votes of Thanks Passed—Committees Formed.

The G. W. V. A. held a meeting in their new quarters on Wellington Row last evening.

Five new members were admitted to the association and seven others applied for admission. The secretary read a report of the proceeds of the field meet on Moosepath under the auspices of the Y. M. C., which netted the sum of \$500. A vote of thanks was moved and seconded, to the Y. M. C. L. also one to Joseph McNamara.

Mr. Covey of the I. C. S. offered to donate three dozen books, dealing on mechanical trades, his offer was accepted with thanks by the association.

A Benevolent Committee was elected to look after the interests of soldier's dependents, with E. J. Puddy as chairman, and Mrs. J. H. Pittson as a member.

H. Allingham gave a report on his recent visit to the capital, as a delegate of the association, concerning the Land Settlement Act for Returned Soldiers, between the Federal and Provincial Governments. A favorable report was given concerning the government's action for land and money grants to the returned men. The meeting then adjourned.

AN EXHIBITION FOR THIS COMING FALL

Executive Yesterday Decided That War Garden Products Be Exhibited—427 Persons Have Planted Gardens.

There will be an exhibition of war garden products this coming fall. This was decided upon at a meeting of the executive held at the office of the president, T. H. Estabrook, yesterday afternoon.

Superintendent McIntosh reported that out of 478 paid members 427 had planted gardens and most of them were good gardens, too. In addition to the planting of potatoes, turnips, beans, beets, cabbage and cauliflower, quite a large acreage had been sown in oats. One city man alone had sown 240 bushels of oats. Over 300 bags of potatoes had been disposed of to war gardeners in and around the city.

W. F. Burnett, George L. Warwick and R. E. Armstrong were appointed a committee to arrange for the holding of an exhibition some time during the month of October. Cash prizes will be awarded in a number of staple lines. It was also decided to have exhibits of vegetables raised from war gardens at the same time. It is expected that the war gardeners will be stimulated to greater efforts by the holding of this exhibition as each will want to win the prize.

Plans for next season were discussed and a programme will be mapped out within the next few weeks, looking to the laying of lots for 1919 and arranging for the ploughing.

A very satisfactory financial report was submitted to the executive by the treasurer, G. J. Warwick.

FEMALE TEACHERS PRESENT PETITION TO SCHOOL BOARD

Delegation of Sixty Waited on Trustees Last Night—Ask For Increase of \$200—Matter Will Be Considered—Other Business Transacted.

The regular meeting of the Board of School Trustees was held last evening. The following members were present: R. B. Emerson, Messdames Dever, and Taylor, T. Nagle, Colby Smith, Dr. James Manning, M. Coll, G. H. Green, Dr. Bridges, superintendent of schools; R. T. Lellan, secretary.

A delegation of sixty female teachers was present and presented a petition for higher salaries. The advance asked for is per capita upon the present salaries of two hundred dollars per annum paid advance to begin August, 1918, and to be made in monthly payments of twenty dollars.

Dr. Bridges spoke in behalf of the teachers, testifying to the value of their work. Mr. Emerson reminded the delegation that the Board had already overdrawn its grant, and said that the petition would meet with careful consideration.

The following applications were received and placed upon the application book: Miss Joan McAfee, Miss Margaret Newcomb, Marion W. Thomson, Isabel St. John Bliss. Resignations were accepted from J. Wilfred Tate, Kathleen Fitzpatrick and Isabella G. Foster. Lillian G. Curvey asked for leave of absence to attend college.

Letters of thanks were received from Blister Evelyn and Miss Muriel Russell.

A communication from Dr. Mabel Hamilton in regard to the position of medical inspectors of schools was read to a special meeting to be held next Monday night at which Dr. Roberts will be asked to be present.

A letter was read from the Board of Health relative to the closing of several rooms in the schools was filed. It was passed the Colwell Fuel Company be asked to extend their supply of coal an additional 150 tons at the same price as their original tender.

The bill of James H. Pullen for painting King George school was referred to the building committee.

All certified bills were ordered paid. A donation of \$238.45 was made by the Board to cover cost of materials used by the pupils in household science for Red Cross.

A communication was read and filed from the superintendent of education inquiring regarding the payment of teachers at four o'clock, at which the required number of hours in the St. John schools and asking why it was necessary to give one session during the winter months and the month of April.

Truant Officer Boyd McManis reported for the months of April and May: Irregulars 212; truants, 43.

NAVY LEAGUE MAY HOLD CELEBRATION FRIDAY, JUNE 28TH

Public Schools Close on That Date For Summer—Plans To Include Parade of Children and Free Matinee.

The interest which is being taken in the Navy League is greatly increasing and it is proposed to still grant the claim of the league which sends comforts to sailors before the public.

There is a plan on foot to hold a special celebration on June 29, the day upon which the public schools are to close for the summer holidays. It is felt that many children should know more of the work of the navy and how it is protecting the country in which they live so that a demonstration in the interests of the Navy League arranged for school children would be most appropriate.

At present the plans include a free matinee at the Imperial Theatre, probably at four o'clock, at which some songs and sea pictures would form the programme. Later there would be a picture taken of the assembled pupils and a short parade with flags and banners bearing messages relating to the ships and the sailors. As many children as possible would become members of the Navy League and thus have a share in the salvation of the sailors and their families. Nothing definite has been decided upon but it is hoped that arrangement for some such celebration can be made shortly.

THE TEAMSTERS WANT MORE PAY

The Drivers Claim the Amount They Now Receive Is Not Large Enough To Keep Their Families.

It is stated that a meeting of the teamsters, operating in the city, is to be called very shortly for the purpose of discussing the matter of more pay. An organization of the men has been formed according to reports, and they claim that the present wage is not sufficient to meet the high cost of living. The meeting is being called by those teachers who are termed "drivers" and not by those who own teams.

The men are now receiving for their week's work from \$13.50 to \$15.00 per week. It is understood that they intend to request \$18.00 for single, and \$15.00 per week for double teams.

Married men doing this work state that the amount which they receive is not large enough to keep the household going.

NORTH SHORE MEN WILL HAVE TO PAY

Have Shipped Bass To Fredericton in Violation of the Law—An Eight Day Tour of Inspection Brings Results.

Several North Shore wholesale dealers will be called upon to contribute to the government coffers in consequence of shipping bass to Fredericton in violation of the law. The further part is prohibited.

During an eight day tour of inspection on the lower waters of the St. John River Fishery Inspector H. E. Harrison covered Grand Lake, the Washademoak, the Belle Isle, the Kennebecus and the main St. John. Twelve shad nets were seized during the time, a four year close season for these fish now being in force. Foreigners employed on railway construction work were found to be frequent offenders. In some cases nets said to be owned by them, were found in which shad had been caught and allowed to remain until devoured by eels.

Seven of the nets found had been out for some time and the others had been just been put out. The seizures are expected to have a salutary effect. For some reason unknown, all fishing in the St. John River this season has been poor so far as is known.

CONFIRMATION AT ROTHESAY
