London Officials Deny Ontario Farmers Are On Strike

EMPLOYEES VOLUNTEER TO GIVE C.N. 1 DAY'S PAY

Board of Directors Consider
Offer From Canadian
National Officers.
GO OVER PROBLEM
Would Mean Saving in Year
in Neighborhood of
\$5,000,000.

Special to The Advertiser.
Montreal, July 7.—A voluntary offer of part of their salaries, amounting to about 4 per cent, has been made by President Thornton and the officials of the Canadian National Railway, and forwarded to the management. The following statement was issued today at the Canadian National Railway headquarters in Montreal:

"In view of industrial and trade conditions which have resulted in a falling off of gross receipts, the officers of the Canadian National Railway, from the president down, have volunteered to give one day's pay a month to the management to help in reduction of operating expenses. This offer, which has emanated entirely from the officers themselves, has been gratefully acknowledged by the chairman and board of directors, and is being given consideration. The situation is being carefully gone over to find out if it will be necessary to accept this voluntary offer, and if so to what extent, during the next five months to the management to help in reduction of operating expenses."

If the offer is accepted and applied to all branches of the service, between 105,000 and 110,000 employees will be affected. The total expenditure for labor during 1923 chargeable to operating expenses was, according to the last annual report, \$136,162,470, which represents 58.15 per cent of every dollar spent for the railway. If the reduction of practically four per cent is applicable to all branches of labor in the service, it will mean a saving of approximately five and a half million dollars in the operating cost of the national system for the year.

FRANCIS IS GIVEN TWO YEARS IN JAIL

Magistrate Points Out Previous
Convictions Before Passing
Sentence.

E. W. Francis, who pleaded guilty a week ago to four charges of fraud in connection with checks for which there were no funds in the bank, was sentenced to two years less one day in the common jail with hard labor by Magistrate Graydon this morning. When questioned by the court if he had ever been convicted before, Francis replied not in London.

The magistrate then proceeded to quote Francis' record in Toronto, where he had been sentenced on charges of a similar nature as those in London. The court stated Francis had been sentenced to 60 days in jail on February 18, 1920, and on June 30 of the same year to four months. There were two other sentences as well, the magistrate declared.

"I made restitution in all cases," declared Francis.

"That's just it," replied Mr. Graydon. "You think you can do these things and make restitution when you are caught."

"On four occasions you have been convicted. A man of your caliber is dangerous to the community. You should go to the penitentiary. How can I have some regard for your father, and I sentence you to two years less one day in the common jail at hard labor on each charge, to run concurrently. You could be sent for a long term for forgery."

Francis said sufficient time had not elapsed since Saturday for full restitution to be made on the checks. It was a small amount anyway, some \$150.

The theft of a rifle was not pressed by Crown Attorney Albert M. Judd, who moved the sentence of the court on Francis.

COOLIDGE'S SON SHOWS SLIGHT IMPROVEMENT

Physicians Say Boy Now Has
More Than Fighting
Chance For Life.

Associated Press Despatch.
Washington, July 7.—The crisis was reached this afternoon in the condition of Calvin Coolidge, Jr., son of the president, suffering from blood-poisoning at Walter Reed Army Hospital.

After a night, during which the patient was said to have been near death in three separate sinking spells, he was still fighting bravely for his life, his safe passage through the early morning hours giving slightly increased hopes for his recovery.

At 9 o'clock this morning, the physicians said the boy had a little more than a fighting chance for his life. They called another consultation for 10 o'clock. Meanwhile the president, who with Mrs. Coolidge went to the White House for breakfast, returned to the hospital.

Report From Toronto Termed
"Utter Nonsense" by
County Clerk.

PRODUCES TO LIVE

Feeling in District Not To
Hire More Men Than
Necessary.

"Utter nonsense" is the manner in which County Clerk John Stuart characterizes the statement of W. O. Galloway, director of statistics and publications branch of the provincial department of agriculture, that there is a movement resembling a "farmers' strike" among Ontario tillers of the soil.

"The farmer has got to produce more than he needs for himself, otherwise he would have no income," stated Mr. Stuart.

"There is this feeling in the county, however, and I have heard it expressed more than once, that the farmers will produce all they can without hiring extra labor, because good business would not justify them in hiring more men, and they won't try to raise more than they can attend to."

It was also pointed out that when manufacturers were loaded up with products they laid off their men and no persons accused them of going on strike.

Questioned as to whether Middlesex farmers were laying down on the job of production, R. A. Finn of the Middlesex branch of the department of agriculture stated that there was "a pretty fair production in Middlesex, considering lack of help, largely due to farmers' sons leaving the farm."

Mr. Finn did not think the farmers of Middlesex were trying to curtail production, he finally admitted. Any decrease would be due to lack of help rather than any desire not to produce.

J. A. Andrews of the same department declared, individually, farmers were producing all they could, consistent with the amount of help they had at their disposal.

It was pointed out that this year there has been an over-production of strawberries in this district, which has brought prices to the lowest level in some years.

Madison Square Garden, New York, July 7.—Brushing aside the pending proposals for suspending the rules and to release delegates, the Democratic national convention today went back to the busy business of balloting for president.

The proposition of the fifteen minority candidates, including Governor Smith, and its counter proposition by Mr. McAdoo were rejected. An attempt to refer the proposals to the rules committee, led by McAdoo, was defeated by a large vote.

On the first ballot today the leaders stood this way: McAdoo, 511; Smith, 363; Davis, 73.5. This was a gain of three for Smith, and a loss of two and a half for Davis. The eighth ballot in the Democratic national convention left the

New York State Troopers
Intercept Cargo of Canadian Product.

Associated Press Despatch.
Buffalo, July 7.—State troopers yesterday made two seizures of Canadian ale at bootleggers prices worth \$50,000.

State troopers from Troop "A" stopped two trucks on the road near Sea Breeze, a summer resort on Lake Ontario near Rochester. The drivers admitted the ale was the last lot of a consignment landed at Sea Breeze last Saturday.

Five prisoners were taken to Batavia, N. Y.

The other seizure was made Sunday afternoon, when state troopers stopped a large truck near Knowlesville, on which were George D. Cronk and Fred M. Barney, both of Rochester. It was loaded with fifty kegs of ale.

RESERVE JUDGMENT ON TILLEY'S APPEAL

Judicial Committee of Privy
Council Passes on Home
Bank Argument.

Associated Press Despatch.
London, July 7.—The argument in the appeal of the Attorney-General of Ontario, Hon. W. F. Nichol, to the judicial committee of the Privy Council, against the judgment of Justice Middleton of the Supreme Court of Ontario, granting a speedy trial to the accused directors of the defunct Home Bank of Canada, came to a rather sudden, though scarcely unexpected, termination when their lordships reserved judgment on the petition of W. N. Tilley, K.C., Toronto, on behalf of the accused, for the rescission of the judicial committee's original decision. Mr. Tilley's petition was on the ground that the matter in question was of a criminal nature, not civil, and therefore, the judicial committee of the privy council had no jurisdiction therein.

Lord Cave intimated that their lordships would endeavor to give their decision on the question raised by Mr. Tilley at an early date.

When the argument in the Home Bank case was resumed before the judicial committee of the privy council this morning, D. L. McCarthy, K.C., Toronto, who is special crown prosecutor in the charges against the accused bank directors, replied to Mr. Tilley's argument for the rescission of the leave to appeal which had been granted to the attorney-general of Ontario.

At the outset Mr. McCarthy was met with the observation from Lord Dunsford: "We have said over and over again that we never will entertain appeal on criminal matters unless we can perceive that there has been some gross miscarriage of justice."

Coronation.

Special to The Advertiser.
Toronto, July 7.—Rhodes Avenue Presbyterian Church was on Saturday evening beautifully fragrant and decorated throughout with midsummer blossoms on the occasion of a unique and dainty wedding, when Miss Betty, daughter of Mr. and Mrs. C. Hewison, of 136 Rhodes avenue, became the wife of Melville Earl Salter, of Oshawa, Ont., both principals, the bridesmaid and most of the guests being blind.

When a very small girl in the city of Manchester, England, during the coronation celebration upon the occasion of King Edward's ascension to the throne of Great Britain, some of the blossoms of the coronation over-enthusiastic boy fired a gun close to the little girl's face, ruining her eyesight. She attended the School for the Blind in Liverpool, and when her family moved to Canada entered the Brantford Blind Asylum, where she met Mr. Salter, who had been sightless since birth, and is now an expert musician and piano tuner.

The bride was attended by an old school companion, also blind, in the person of Miss Alma Brunsden.

British Premier's Quick Decision To Visit Paris Surprises Political World

COMING PARLEY CAUSE OF ACTION

MacDonald's Sudden Decision To Confer With Herriot Startles.

ARRIVES TUESDAY

Associated Press Despatch. Paris, July 7.—Premier MacDonald of Great Britain, informed Premier Herriot today that he would arrive in Paris at 4 o'clock tomorrow afternoon to confer with him regarding the proposed inter-allied conference at London next week.

The British premier's telegram to this effect took the political world by surprise, all the more so in view of the fact that Mr. Herriot has an appointment for 3 p.m. tomorrow to reply to interpellations in the senate on the very subjects Mr. MacDonald is coming to discuss.

The French foreign office declined to comment on the sudden decision of the British premier to come to Paris. Officials refused to say whether it was on his own initiative or in response to an invitation from his French colleague. The latter supposition is regarded in political quarters as the more probable, since Mr. Herriot is the most interested party in the incident of the memorandum which accompanied the British invitation to the conference, as that incident is likely to bring on an attack in the senate from the opposition.

Government circles have been much exercised as to what might happen in the senate tomorrow. The government organs are particularly severe today on the opposition press, which gave publicity to the British memorandum, and emphasized the contradiction which French policy thus far and with French policy in opinion which the memorandum embodied.

The opposition newspapers were even more violent this morning than before in their attacks on Premier Herriot's way of dealing with foreign affairs.

CROW'S NEST PASS RATES IN EFFECT

Government Takes No Action Towards Suspension of Old Agreement.

APPEALS ARE HEARD

Canadian Press Despatch. Ottawa, July 6.—The Crow's Nest Pass agreement governing changes in railroad freight rates comes into effect at midnight Sunday. No action having been taken by the Dominion government during the week-end, the suspension of this basis of railway freight rates is not renewed.

During the war years the agreement under which a revision was made of freight rates, east and west-bound, was suspended, and from time to time this suspension was renewed. The last renewal expired today.

During the past few weeks arguments for and against the continued suspension of the subject, from which it may be inferred that the agreement comes into effect automatically at midnight.

Inquiries tonight elicited the information that no order-in-council had been issued on the subject, from which it may be inferred that the agreement comes into effect automatically at midnight.

Unless the government takes subsequent action and makes its action retroactive, the Crow's Nest Pass agreement is again in force.

PLUCKY GIRL SWIMMER SAVES DROWNING YOUTH

The pluck of a young girl swimmer probably saved the life of a youth at Port Stanley yesterday afternoon when he was seized with cramps while swimming in front of the L. and P. S. bathhouse.

The boy was a few hundred yards from shore, and his danger was not realized until faint cries of help were heard by bathers. Almost at the same moment the girl reached the scene and for a minute or so hundreds of spectators witnessed a thrilling struggle as the girl battled to keep the youth's head above water. Aid from shore was soon at hand and the near victim and the girl, who was exhausted from her efforts, were brought in safely. First aid methods were applied to the boy and he revived in a few minutes, apparently almost fully recovered from his experience.

ORANGEMEN HEAR STIRRING SERMON

750 District Lodge Members March in Annual Church Parade.

Loyal Orangemen and women of London district to the number of 750, headed by two bands, paraded Sunday afternoon to St. James' Anglican Church and heard a stirring address by Rev. Leslie Armitage, the rector.

All the London lodges were represented in the huge parade, an annual feature, which comes on the Sunday previous to the "glorious 12th." Three St. Thomas lodges were also largely represented.

Rev. Leslie Armitage pointed out in vigorous manner the differences between the Protestant Church and the Church of Rome, and presented his arguments in orderly array.

Maintain Empire.

Mr. Armitage stated one of the great platforms of the Orange Order was the maintenance of British connection.

"The prelates of the Roman Catholic Church, though born in the empire, are held as not being subject to the laws of our country, because their allegiance is to the Pope at Rome," said Mr. Armitage, who then quoted from the New York Times of April 3, 1923, that the Vatican has always claimed that its prelates were subject to the Pope and as such entitled to the rights and privileges of foreigners in any land.

"Some people think it is a small matter what people believe as long as they are sincere. This is a dangerous thing. Some believe they have the right to dominate themselves and their conscience. They think that they have a God-given right. Germany tried it and the Roman church has asserted it.

"But others just as sincerely believe they are here for service under the direction of the King of Kings."

On Church Doctrine.

The first great doctrine of the Roman church, not the Catholic Church, was the immaculate conception, the sacrifice of the mass and the infallibility of the pope.

"In the sacrifice of the mass they claim to offer again Jesus in sacrifice. The Apostles never offered Jesus as a sacrifice."

Mr. Armitage stated that the Orange association began in Exeter Cathedral at the time William of Orange landed at Tarbay, when 429 members of the House of Commons, 83 peers, the corporation of London

"White Indians" Are Held For Immigration Bonds

Associated Press Despatch. New York, July 6.—Richard Marsh, civil engineer and explorer, arrived today on the liner Calamares with three "white Indians" whom he discovered in the San Blas wilderness of Panama. His charges, together with five copper-hued members of the San Blas tribe of Indians, who accompanied him, were detained aboard the ship by the United States immigration authorities pending the filing of a \$50 bond for each.

Flute Band. The marshals who held the huge parade well in hand were John Morrison and Alex Boyd.

Lodges represented were: Abohill 230; Boyne 238; Forest City 728; Hackett 805; Rev. William Lowe 2056; Beaver 2101; Nassau 2170; Langemack 2625; Star of Bethlehem 2763; Pro Patria 2861.

PASTOR STATES CALL WILL COME TO ALL

Rev. Ashmore of Aylmer Conducts Egerton Street Baptist Service.

Services at Egerton Street Baptist Church yesterday were conducted by Rev. Ashmore of Aylmer. Mr. Ashmore took as his text the story of the five virgins and the five foolish virgins.

"Sooner or later," he said, "there comes to every life an opportunity to show whether we are wise or foolish. The wise virgins took a reserve supply of oil, which the foolish virgins lacked. Sometimes the unexpected happens, and the lack of supply pronounced one as not wise, but foolish and unprepared. The midnight call is the testing hour. It does not make, but it declares the wise virgins and the foolish virgins. That midnight call will and must come to everyone. It is only the deep religious convictions which can stand the test."

Reference was made by Mr. Armitage to the attempts made by the Roman church to dominate the school question in Ontario and Canada.

The speaker also spoke of the Ne Temere decree which the church tried to enforce in Canada and Great Britain. Mr. Armitage stated no attempt was made to enforce it (is General for fear of the loss of the national grant for religious worship, in that country a mixed marriage by a Protestant minister was a good marriage in the eyes of the Roman church, but this was not true of Britain and Canada.

The preacher then referred to a mother of his own flock who had married a Roman Catholic, and who for a time had accompanied his wife to church. When their child was born he had taken it away to be baptized in the Roman church and caused a breach in the family.

In conclusion Mr. Armitage appealed to his hearers to be enthusiastic in their religious life and work for the spread of Christ's gospel. God who had made the empire mighty, would make her mightier still.

The parade was led by the London Orange Brass Band under the direction of G. Say and the Forest City

EGERTON BAPTIST PICNIC SUCCESS

Many Former Members Present For Reunion Outing at Port.

LARGE PROGRAM

The annual outing of the Sunday school of the Egerton Street Baptist Church at Port Stanley on Saturday was in the nature of a reunion of former students as well as a picnic. Held under splendid weather conditions, it was a most enjoyable affair. In addition to an almost complete attendance of present scholars, many former members visited from Detroit, Toronto, and other places.

Attendance by early evening, when a picnic supper was served on Invererie Heights, reached the number of 500. Refreshments were in charge of G. Jarvis. Two exciting baseball games were features of the sports program. The team captained by Mr. Sasche beating the team captained by F. Pierce with a score of 7 to 5. Mr. Mayne's team beat the team captained by C. Malone with a score of 13 to 7.

Members of the sports committee included Messrs. Mayne, Watson and Malone and the Misses Pyman, Holmes and Bull.

Results of the races were as follows: 50-yard dash, girls 8 to 9—E. Mayne, E. Parsons, D. Chavner; 50-yard dash, boys 8 to 9—B. Fugley, H. Jackson, S. Longhurst; 50-yard dash, boys 10 to 11—G. FOUR BICYCLES GIVEN AWAY--FREE

THE OPPORTUNITY OF A LIFETIME FOR BOYS AND GIRLS OF LONDON AND VICINITY TO REALIZE THAT DREAM—"A BICYCLE OF MY VERY OWN"

Boys and Girls! Here's the opportunity of a lifetime — the wonderful chance to secure a Red Bird Bicycle — absolutely free. Just imagine the thrill of owning a bicycle of your very own—just to jump on whenever you like and ride away into the country with your chums to picnics—or out to that favorite brook for a day's fishing—or on errands for mother—and a thousand and one other uses that live boys and girls can find when they have a bicycle.

Read below how you can secure this bicycle and start out right away—today. Be the first in your district to get away to a good start. This is half the effort over-come.

TWO RED BIRD BICYCLES LIKE THIS FOR GIRLS.

HOW TO WIN A BICYCLE

Starting Tuesday, the Parnell Baking Co. are putting a label similar to the one shown below on the bottom of every loaf of bread and every cake that they turn out. Save these labels, and to the two

boys and two girls turning in the greatest number of labels by Aug. 30, a Red Bird Bicycle will be given absolutely free. You have just seven weeks in which to work and win. The time is short. The prize is great. Start today.

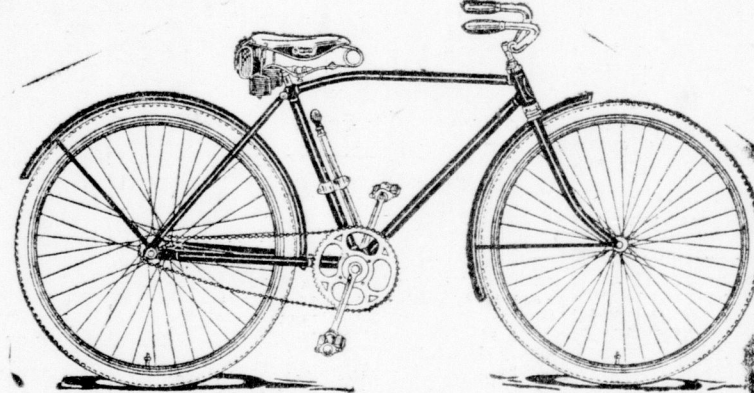

"Gee! Boys—This is the Life."

RULES OF THE CONTEST

- 1.—No employee of the Parnell Baking Co., or any member of their family, is eligible to enter this contest.
- 2.—Contest will positively end at midnight of August 30.
- 3.—Keep the labels together neatly.
- 4.—Don't keep all the labels until the end of the contest. They must be turned in at the end of each two weeks at the office of the Parnell Baking Co., 75 Bruce Street, where vouchers will be issued covering the number of labels you turn in.
- 5.—Don't give the labels to the drivers. They must be turned in at our office.

The Parnell Baking Company, anticipating the dream of every honest-to-goodness boy and girl, are offering four Red Bird Bicycles to those who will get out and hustle. There are no strings to this offer. It is wide open to every boy and girl who wishes to enter. Right now, when you have your vacation from school, when there is nothing to claim your time—you can win this much-coveted prize.

The conditions are very simple. Read them carefully. Then start out determined to have one of these bicycles for your very own. Don't wait till tomorrow—today's the day.

TWO RED BIRD BICYCLES LIKE THIS FOR BOYS.

HOW TO WIN A BICYCLE

Start out today and have your relatives and friends save the labels for you. If they are not taking bread from the Parnell Baking Co., ask them to, so they can help you win a bicycle. They can obtain it either from their grocer or from our wagons. In this way you are

not only insuring your own success, but you are introducing to your friends the best bread made. You will be pleased when you receive the labels, and they will be pleased with the wonderful wholesomeness of this delicious bread. Get them by telephone. Call on them. The realization of your dream is just seven weeks away.

Judgment Reserved In Goldenberg Liquor Case After Action Challenged

"FAG" SENTENCE COMES WEDNESDAY

Goldenberg Denies Having Liquor For Sale, Admits Possession of Smokes.

LAWYERS CLASH

A battle of the "ins and outs" of the law was waged in police court this morning between Crown Attorney Albert M. Judd and Howland Cluff, defending Morris Goldenberg on a charge of selling whiskey. Magistrate Graydon also had something to say about the act and reserved judgment on the case till Wednesday morning and in the meantime will consult authorities mentioned by Mr. Cluff.

Goldenberg pleaded guilty on Saturday to having 50,000 American cigarettes in his possession without the government stamp. He will be sentenced on this charge Wednesday.

The crown proved through three witnesses, License Inspector Bolton, Provincial Constable T. Y. Stratton and High Constable Wharton, that Goldenberg had 11 bottles of 1921 Seagram's Three-Star whiskey in a cupboard, with a big sofa in front of the door, when he was raided. Goldenberg's home on the third concession of London Township Saturday morning at 8 o'clock on a search warrant.

Would Name Owner.

The license inspector stated Goldenberg had evidence was done to him he would tell who the whiskey belonged to, to which the inspector replied he could tell that to the magistrate.

Constable Stratton said three bottles were found beneath a pile of three or four dozen whiskey wrappers in the cupboard. Goldenberg said the stuff hadn't been there long. He knew who owned it, but wouldn't tell unless it did him some good.

High Constable Wharton stated the prisoner told him the whiskey belonged to another man and he (Goldenberg) got \$2 for storing it for the night.

Mr. Cluff stated he would not put his client in the witness box.

"They went there on a search warrant, you must remember," advised the court.

Onus on Crown.

Mr. Cluff maintained that the onus was now on the crown to prove Goldenberg guilty of selling. There had been no evidence to prove that he had sold liquor. The whiskey was in a private dwelling, as the police had admitted the place was Goldenberg's own home.

"There is no actual evidence of sale, but it was found in his home on a search warrant," replied the court.

His statement is that the liquor was left there for him as a present," argued Mr. Cluff.

"Why not put him in the witness box to say so?" said Mr. Judd. "I'd like to see him in the box and have an opportunity of cross-examining him."

"No, thank you," replied Mr. Cluff. "It is 1921 vintage and importation ceased in 1920," the crown attorney pointed out to the witness box. Mr. Cluff then quoted cases to show why his client should not be convicted and the court promised to reserve judgment till Wednesday morning on the liquor case, but the cigarette charge was well.

MARRIED MAN PLEADS GUILTY TO CHARGE

Fred Simms, 59 Years Old, Is Remanded For Two Days.

Fred Simms, a married man of 59 years of age, pleaded guilty in police court this morning to having had carnal knowledge on or about Jan. 5 last of a young girl being under 14 and 16 years. He was remanded till Wednesday for sentence by Magistrate Graydon.

"I want your mercy, sir. I am guilty to a certain extent," said Simms, who held trembling hands on the prisoner's box.

"You must plead in a definite way," returned the court. "You know whether you are guilty or not."

"I've signed papers to take the child. I didn't act just right towards her," said the prisoner. "I've got a sick wife at home, and this will break her heart."

"You should have thought of her then instead of now," declared the magistrate.

"I'll lose my job and my furniture," almost sobbed the man.

"I can promise you much leniency, but will remand you a couple of days," was the final statement of the magistrate.

NEW ADJUTANT GREETED AT SPECIAL SERVICES

Welcome meetings for Adjutant and Mrs. Ursaki, the officers who will be in charge of No. 1 Corps of the Salvation Army were held at Clarence street club, yesterday.

Secretary Charles Fry tendered the official welcome on behalf of the corps. Treasurer Frank Russell of No. 1 Corps also gave an address of welcome to the new officers.

Adjutant and Mrs. Ursaki replied expressing appreciation for the way in which they had been received into the London corps. They outlined their work in Montreal, and spoke of their plans for the London corps.

NO LONDONERS SEEKING POSITION AS HANGMAN

Governor Byron Dawson of the county jail states he has yet to receive an application from any Midsex or city man for the position of assistant to Hangman Arthur Ellis, as quoted in the Free Press.

"There has been no application here, persons of other trades state to the jail governor. 'I did not let the turnkeys to forward a letter to Montreal, sent here for Mr. Ellis, but of course I don't know the letter contained. The whole thing is absolutely false.'"

BITTER ALOES IN PERFUME WOULD NOT HALT DRINKING

Druggists Believe Craving For "Kick" Would Overrule Handicap.

POLICE CYNICAL

People Drink To Get Effect, Not For Pleasure, Social Worker Asserts.

A proposal to incorporate bitter aloes with all perfumes in order to discourage the libations of the would-be pleasantly inebriated is not viewed seriously in the city either by druggists or police officers. The druggists maintain that to use it in sufficient quantity would affect the delicate bouquet of the perfumes and that it is in itself an expensive ingredient and the police officers believe that it would take more than bitter aloes to prevent a determined man, looking for the necessary "kick" from drinking eau de cologne or any of the other much-sought-after substitutes for whiskey.

The majority of the druggists regard it as a reflection on the acumen of the average bootlegger to suggest that whiskey is so scarce that one must fall back on perfume and do not think that there is much perfume consumed by addicts to such extent as to make it a serious problem.

The police and prohibition officers are confirmed cynics where their victims are concerned and look with a smile of superiority on the suggestion.

Won't Stop Drinking.

"Bitter aloes isn't going to stop some of those chaps from drinking perfume," said one of them. "At least not unless they put it in such large quantities that it would cease to be perfume. The chap who suggested the idea evidently either a doctor or a man with a good cellar of his own. He doesn't know the strength of the desire for a shot of something that these addicts feel when they can't get some form of real drinking spirit. Bitter aloes. Why if bitter aloes alone would give him the kick, they would drink that."

Another gentleman in blue remarked, "Well I never tried bitter aloes myself. They say it has a pretty taste, but I don't like it. The stuff that men drink it couldn't be any worse than what is being taken every day. I don't understand how the drinker wants to get the effect of the drink in the mind of the man who drinks is not to get a pleasant taste or the drink as a drink. The whole scheme is to get the kick, and that means the reaction to alcohol."

Trouble Fade Away.

When under the influence of whatever they drink, all the world's little troubles fade away and disappear. It's like the drugs that are used in the Orient to get the effect of being absolutely without any troubles or responsibilities or having to face the facts of everyday life is what the drinker wants. When the world looks particularly blue, mere bitter aloes isn't going to stop him getting it done."

Several elderly Londoners have registered complaints with the assessment commission this year that they are rated too high on the assessment on their houses. Their argument is that at their late time of life their incomes are growing less and less each year, and that they cannot afford to pay the taxes.

In many of these cases the commission has been able to show that their investment returns are growing each year faster than their incomes are being reduced, and they do not seem to appreciate this fact.

One surgeon in the city explained that, owing to increasing age he was not able to do as many other delicate operations, requiring great skill and steadiness of hand, that therefore his income was decreasing year by year, and that he was less able to pay taxes than in the fat years gone by. He was shown that his investment returns were larger than they had been in any other year, and appeared rather disgruntled that this was given so much prominence. There seems to be a general opinion among many of those complainants that they should not be taxed on investment returns.

SCHEME OF DOUGLASS WOULD COST \$500

Alderman Proposes Income Tax Reforms Be Sent Out by Mail.

If, as Ald. Douglass proposes and will support in the council tonight, the income tax forms sent out by the assessment commissioner are in the future sent by mail, the cost to the city will be about \$500.

The alderman says that he has received some complaints of the fact that the income tax forms are merely folded over and left in the houses where the taxpayers live. This, he says, is not conducive to the confidential nature of the forms as should be maintained, and he will move that they be sent out in envelopes either by mail or delivered by the department.

At present the forms are left by the assessors when calling at the houses. Assessment Commissioner Bennett says that the practice of folding the forms and leaving them at the houses is followed in every other large city in the province.

LIEUT.-COL. TAYLOR WILL LEAD RESERVE BATTALION

Lieut.-Col. J. S. Taylor, commanding officer of the Wellington Rifles, will upon completion of command be transferred to the Second Reserve Battalion of the Wellington Rifles of Guelpich, it was announced by headquarters today.

Major D. M. Foster has been promoted to the command of the Wellington Rifles with the rank of lieutenant-colonel.

James Porter Anderson, of Kincardine, has been appointed provisional lieutenant in the 16th Battalion, C. E. F., with headquarters at Walkerton.

BIKE THIEF SENTENCED TO ONT. REFORMATORY

Joe Williamson, 23, Severely Reprimanded by the Magistrate.

Joe Williamson, 23, who has slept night after night at the police station, will sleep at the Ontario Reformatory for three months to come and possibly longer. Williamson was sentenced for the theft of a bicycle on Saturday morning owned by John Liddle and valued at \$35. Williamson was arrested by Detective George E. Walsh before the owner had discovered his loss. The detective caught Williamson trying to dispose of the bike.

The prisoner pleaded guilty without a murmur and the court lost no time in imposing sentence. "You are a man who persists in evil-doing," stated the court. "You have been convicted before and are a perfect nuisance to the community."

PICKS UP DOGS.

Inspector Tustin reports a busy day and having picked up five dogs and three cats. These animals were all found wandering about the city streets and were taken by the inspector to the humane shelter.

He also inspected 110 head of cattle in the county this morning that were being shipped to outside points. He said that all were in good condition and that no complaint could be made.

CLASSICS GIVE NO THRILL NOW

Only Eight From County Try Examinations in Greek Today.

Classic languages give London secondary school students no great thrill nowadays. Today the final departmental examinations in Greek were written off and there were only eight pupils from the entire city and county present to participate in the tests.

Five were upper school students writing off their departmentals in Greek authors and composition, and three were trying lower school Greek authors and composition.

Departmental tests in Spanish authors and composition were slated for today, but no language students registered for these tests.

There were not 40 pupils in the entire city and county to try the various departmentals in Latin. About ten pupils, including two from county continuation schools, engaged in the lower school Canadian history tests today.

Today saw the completion of all educational tests for the year, and all, except the examining officers themselves, breathed sighs of temporary relief. Public and separate school examinations have been written off and reported on next week. Departmental candidates in the secondary schools have much longer to bear suspense, as it will be some weeks before results will be made known.

The entrance examination board meets on Tuesday evening to further business of examining papers of Grade VIII students. It is expected that this work will be completed early next week.

Once results of Grade VIII pupils' examinations are known, and following the board of education meeting of this week, and the co-incident registration of county pupils, much headway is expected on the registration scheme. At present no actual progress in the scheme is being made outside of the call for county pupils to register.

Three photographs are filed of the applicant being placed on the registration form. The latter also includes a description of the applicant as to age, height, weight, face, head and neck. In the case of Canadian-born Chinese the date and place of birth are noted. In registering persons of mixed race no person is classified as Chinese unless the father or male ancestors are of Chinese origin or descent.

That London Chinamen raised no particular disturbance last week by way of protest against the law requiring them to register with the local immigration inspector, lies in the fact that they had each and all as far as can be learned, taken the precaution to register, thus avoiding the penalty for failing to comply with the regulations.

The following word of explanation to the inspectors making out the registration forms speaks for itself and in doing so reveals the purpose of the government in requiring Chinese to register: "In filling out the registration papers the class is important, since many Chinese entered the country as merchants, and afterwards changed their occupations to restaurant proprietors, laundry men or laborers. Such Chinese are required to pay the sum of \$500 to the consolidated revenue fund or be deported."

HAY STATIONERY STAGES FUN RIOT

Employees Play, Eat and Swim At Seventh Annual Outing

VISIT GRAND BEND

The Hay Stationery Company, Limited, held their seventh annual picnic at Grand Bend on Saturday. The carnival of fun started early in the morning and lasted until late Saturday night.

At 9:45 Saturday morning 50 happy people left here in 11 cars on their journey to the popular summer resort on the shores of Lake Huron. The entire staff of the Welland branch motored to the picnic. The visitors were the guests of their London friends, and had a splendid time. Before leaving they invited the London staff to join them in Crystal Beach. The date will be set later.

Under ideal weather conditions, the enthusiastic crowd entered into the spirit of merry-making. Eighteen events were on the program, and the sports committee left nothing undone to see that all had a good time.

Under the direction of Captains J. B. Hay and Harry Howard, a real old ball game was staged. After an hour's battling, the score stood 14-14, then Harold Donahue knocked out a home run that brought victory to J. B. Hay's team. The umpire was M. G. Hay.

Dinner Is Served.
A dinner of luxur was event No. 4. The good things were supplied under the direction of Eddie Outram, who saw that the hungry crowd had their desires fulfilled.

The ladies' softball was a feature of the day. Leona Mottashed and Naomia Walker each had a lineup of snappy players. Eyre Davis, manager of the Welland house, was umpire. Miss Mottashed's team won with 12 runs to spare.

Practically all of the picnickers enjoyed a cooling dip in the waters of Lake Huron, which was followed by another appetizing meal. Votes of thanks were then tendered to Mr. and Mrs. Milne Rennie for the use of their home, and to J. B. Hay, president, and M. G. Hay, vice-president of the company.

And the Sports.

The sport events opened with a boys' race, winners, Ross Rennie, Evan Rennie, Gordon Rennie. Twin race—Naomia Walker and Frank Warner. Leona Mottashed and J. B. Hay. Married men's race—Frank Warner, Neal Coughlin. Eloping race—W. A. Davis and Mae Baldsden, Leona Mottashed and Harold Donahue. Single men's race—Ed. Smith, Archie McPherson. Ladies' shooting contest—Ruthie Donahue, Mrs. Beal. Ladies' race—Naomia Walker, Mae Baldsden. Hoop race—Mrs. Neal Coughlin and W. A. Campbell, Mae Baldsden and W. A. Davis.

The success of the picnic was largely due to the following committees, who spent two weeks planning the events: J. B. Hay, transportation, M. G. Hay, official starter; Misses Louie Bowles, Minnie Tanton, Year Book and Florence Carls, refreshments, C. L. Griffin, Edward Smith, Harry Howard and Harold W. Donahue, sports.

EXCITEMENT AT BEACH.

Special to The Advertiser.
Port Stanley, July 6.—Considerable excitement was created along the beach today when one of the bathers suddenly called for help. He had waded out a considerable distance and when the water came above his chin he became frightened. Help reached him promptly and he was brought to shore. After sitting on the sand for a few moments he left for his home without his name being learned.

CORNER-STONE IS LAID FOR LUTHERAN CHURCH

New Trinity Edifice Being Erected At Richmond and Sydenham.

PASTOR OFFICIATES

Mayor Wenige Congratulates Members On Splendid Site Chosen For Building.

The corner-stone of Trinity Lutheran Church at Richmond and Sydenham streets, was laid at 2:30 Sunday afternoon by the pastor, Rev. M. Bruer, assisted by Rev. G. Daschne of Stratford and his worship, Mayor Wenige. Practically all members of the congregation were present at the ceremony.

In the stone were placed a box containing the Lutheran catechism, the constitution of the church, copies of both city newspapers, the names of the members of Canada and Ontario, the building committees and church council and pastor. The church will be completed in six weeks, it is expected, and will have a seating capacity of 175. It will cost \$10,000.

Mayor Wenige stated that Canada was a religious country and that London was no exception. The country would have to grow in religion as well as in industry in order to maintain a proper balance.

The mayor congratulated the church members on the splendid site they had chosen for a house of worship. The congregation had worked hard under great difficulties and deserved every recognition.

The mayor also congratulated the pastor, stating he was an untiring young man of great vision. He sees for Mr. Bruer and the congregation a great future.

Rev. Mr. Daschne spoke at some length, stating that God's church was not built on sand but on the solid rock of Christ himself. The corner-stone of God's church had stood the test of the very devils of hell. It had been tried time and again and had always stood the test. The foundation of the Lutheran Church was not imaginary but real, true and substantial. He advised his hearers, in conclusion, to build on the Saviour and on Him alone.

ADELAIDE ST. BAPTIST.

"Let us sit at the feet of Jesus, as Mary did, and hear His word and we shall find the one thing needful," declared Rev. Floyd T. Holland, pastor of Adelaide Street Baptist Church, in the course of his Sunday morning sermon "The One Thing Needful."

Mr. Holland spoke of church people who on their holidays, neglected to find their way to a house of worship on the Sabbath. "I expect to go on some holidays and when the Lord's day comes, I'll be in the house of the Lord," he stated.

"We have no right even in vacation to absent ourselves from the house of God. If it is not convenient for some to attend church, read the Word of God in your own house. 'Young men and women, put the Lord first in your lives. Let the Lord have complete sway. Trust Jesus day by day in calm confidence and find peace and fellowship.'"

Mr. Holland also made reference to the exploits of the "Human Fly" on a downtown building last week. He characterized the affair as foolhardy. "I never saw so many idle people in London before," said Mr. Holland. "They were there in hundreds just to see a foolhardy thing. The crowd was so dense that a funeral could hardly pass. How many people are they looking up at the sky when they are thinking of God?"

KING ST. PRESBYTERIAN.

Rev. A. E. M. Thomson, pastor of Centennial Methodist Church, preached at the union services of his own congregation with the King Street Presbyterian yesterday in the latter edifice.

Mr. Thomson stated it was a great

descent for Moses from a palace to the wilderness, but God seldom takes a great man out of a rich man's palace. Israel needed a leader and as God called Lincoln from a log cabin, He called Moses from a shepherd's crook. Moses worked with the Israelites and made a splendid nation of a great mob.

"The great troubles with the production of leaders today is our preoccupation with coarser things, commercialism, heaping up wealth, pleasure and luxury," stated Mr. Thomson. "We are too scientific and practical to see God. But Moses saw God in the burning bush because his thoughts were towards God."

"The decisive moment came to him unexpectedly," continued Mr. Thomson. "Many a young man wastes his life and says he will succeed when the crisis comes, but he finds that his career is already decided. Hundreds of third-rate young people today might be first rate if they would."

GUEST MUST DIE FOR SLAYING HOST

Most Sensational Murder Case in Recent Years Ends in England.

Associated Press Despatch.

London, July 6.—One of the most sensational murder cases coming before the British courts in recent years concluded at Guildford on Saturday, when the death sentence was passed on the Frenchman, Jean Vaquier, for murdering the proprietor, named Jones, of a country inn at Byfleet, Surrey.

Testifying at the trial the wife of Jones said she had first met Vaquier at Biarritz and subsequently the couple stayed together in France. They surmounted the language difficulty by procuring a French-English dictionary. Vaquier subsequently followed Mrs. Jones to England and lived at the Jones Inn at Byfleet. On March 29, Jones died in agony after taking a morning salt. The post-mortem showed that death was due to strychnine poisoning.

Vaquier admitted purchasing strychnine and towards the end of the trial made a dramatic statement in which he alleged he had purchased it for Jones' solicitor, who wanted to destroy a dog. The solicitor, summoned as a witness at the last moment, flatly denied the Frenchman's assertions.

ROTARIANS TREAT ORPHAN CHILDREN

Over Two Hundred Children Are Given Outing At "Woodholme."

GLORIOUS DAY

Rotarian spirit, in its highest and most admirable form, was exemplified Saturday afternoon in the glorious outing given by the Rotary Club to some 215 children of the various child institutions of the city. The children were there from Mount St. Joseph, Protestant Orphans, the Shelter and the Creche. The children from Ronald Gray Home were unable to attend, owing to the fact that the home is under quarantine at the present time.

As was the case with regard to the club's own outing on Friday afternoon the picnic was held at "Woodholme," the country home of Mr. and Mrs. Ray Lawson, fourth concession, London Township. The Rotarians spared nothing in their efforts to give the children the time of their lives. That they succeeded could readily be seen by glancing over the merry throng at any moment during the picnic. The children were given a further evidence of the club's interest in them by the fact that they were given a letter from the club's secretary, Mr. J. E. McConnel, and a letter from the club's president, Mr. J. E. McConnel.

Peanuts Disappear.
The youngsters consumed bags of peanuts during the afternoon, not paper bags, but large 100-pound sacks of them. They ate gallons of ice cream and half-a-hundred watermelons. They drank quarts and quarts of milk and lemonade. They devoured pounds of candy. They blew horns and cranked claxtons with a joyful abandon that was pleasing to the eye, ear and heart of every grownup present. That's what they were there for—to enjoy themselves, to their hearts' content and in whatever way they desired. King Fun and Queen Laughter held sway, and their reign was a boisterous and happy one.

Supper was served to the children on the beautiful green sward to the accompaniment of music, the bagpipes, drums and bugles. There was highland dancing by a group of four clever little girls of Mrs. Roland Munroe's troupe. The Scouts Bugle Band also rendered timely and vigorous service in the way of entertainment.

Poignant Presented.
What perhaps most completely captured the interest and appreciation of the children, however, was the "Wonderland" movement of well-known characters of storybook fame. A delightful story woven about "Castle Woodholme" and the fairies which inhabited it. The pageant itself was worked out under the direction of Miss Clare Brenton, assisted by a number of kindergarten teachers in the school and by the city.

The costumes were designed by Miss Mabel Ingram, Miss Nita Boyes and Mrs. Chas. B. Moran. Others who assisted with the pageant particularly were: W. R. Jarman, K. T. Neville and C. Gammon. The different characters were, of course, appropriately attired to suit the parts taken. Altogether the pageant was a happily chosen and splendidly executed little bit of drama.

Those taking part were: Mother Goose, Miss Elizabeth Brown; herald, Miss Beth Hargreaves; sun king, Francis Lawson; sun fairies, Don Grumble, Katherine Clark; Don't Worry, Betty Wood; Cheer Up, Dorothy Donahue; Be Happy, Margaret Muir; Never Frown, Betty Orr; Never Fear, Nora Grant; Summer Breezes, Miss Jean Lowe; Grand Forks, B.C., Cinderella, Helen Shuttleworth; Prince Charming, Peggy Moore; Miss Mary, Katherine Gammon; Tom the Piper's son, Ray Lawson; Jack and

Jill, Gerald Wyant and Jean Hynd; Little Red Riding Hood, Fayzie Neville; Boy Blue, Bobby Moran; Bo-Peep, Grace Shuttleworth; Jack Horner, Tom Lawson; Queen of Hearts, Mary Moran; Knave of Hearts, Jim McConnell; Miss Muffet, Jean Lawson; sandman, Bernard Cottle; singing for the sandman, Miss Elsie Wood.

The results of the races and other events were as follows:
Girls, under 6—Helen Wong, Madeline Cummings, Elsie Strong.
Boys, under 6—Tommy Carey, Charlie Hampton, Howard Jarvis.
Boys, under 9—Norman Price, Jack Manser, Nick Zecow.
Girls, under 9—Alleen Smith, Doris Cook, Kathleen Langford.
Boys, under 12—John Bolton, George Wesley, R. Henderson.
Girls, under 12—Doris Cook, Dorothy Dodson, Muriel Adams.
Girls' watermelon-eating contest—(28 entries)—Evelyn Hoot, Carmel Cucunati, Kathleen Paxton.
Boys' watermelon-eating contest—(90 boys, 2 heats)—Archie Louzon, John Smith, Arthur Andrews.
Boys, under 12—McLoud, Potvin, Lewis Egan, Alex Bohnsky.
Girls, over 12—Alice Clark, Margaret Hampton, Amy LaShantz.
Among those who took a prominent part in making the picnic such a rousing success were: Mr. and Mrs. Ray Lawson, Mrs. Cunningham, George Wesley, R. Henderson, W. R. Jarman, R. Cunningham, W. S. Martin, K. C. Greene, W. S. Manning, F. Forrestal, Wesley, Dr. A. J. Grant, J. S. Moore, J. E. Magee, S. Baby, W. E. Kelly, F. Walker, A. R. Kennedy, G. F. Copeland, R. Burns, J. McLaughlin, F. Jewel, A. E. Silverwood, L. Baragar, J. F. Noid, J. Watt, W. Hynd and J. E. McConnel.

WAR IS DECLARED ON CAR SPOONERS

Westminster Council Confirms Appointment of Constable—School Action Delayed.

Petting parties in Westminster Township, especially in the vicinity of Glendale, should be staged with discretion from now on, as the Westminster township council, in a special session Saturday afternoon, passed a bylaw making Stanley Lawson a full-fledged constable. It is understood that Mr. Lawson will devote all spare evening hours to the pursuit and conviction of loving couples who hold hands in cars minus lights parked at the roadside.

No action was taken regarding a bylaw for the issuing of debentures for \$18,000 for Lambeth Continuation School as the department of education at Toronto did not think enough information had been sent them on the subject, according to a telegram received. Additional information will be sent to Toronto and the bylaw will be passed at a future session.

The council decided to accompany the county engineer on a trip to the long hill at the west end of Brink Street which winds down to the Base Line and the Pipe Line roads. Recent rains have rendered the hill dangerous for traffic and the engineer's advice is being sought on a trip to be made tonight. Repairs will follow immediately.

Eighteen City Societies Enjoy Many Privileges of Springbank, Saturday

Sunday Schools, Lodges, Commercial Firms and Clubs Have Outings.

IDEAL WEATHER

Several Out of Town Parties Also Spend Day At Park.

Eighteen Sunday schools, lodges, commercial firms and clubs took out permits to enjoy the privileges of the Springbank picnic locations on Saturday. Not a single cloud appeared to mar the day for the annual picnics so long counted upon by children and grown-up folks alike.

With the exception of two locations on the hill back of the new motor park, practically all of the locations were occupied by an enthusiastic crowd. Motor trucks, cars and trolleys brought thousands of children out to revel in the sports amid the natural beauty of far-famed Springbank.

It was a day for long, cool drinks and ice cream cones. The fresh breezes so noticeable at the first of July picnics were lacking. It was a real warm day, and heavy demands were made upon soft drinks. Balloons, pennants, flags and cones caught the fancy of Saturday's merry-makers, who added a further touch of color to holiday attire by carrying gaudy whips and fancy paper parasols.

The sports included baseball and football on the big locations east of the pavilion. Large crowds gathered afternoon and evening to watch the games.

Six Sunday school picnics, Chelsea Green Presbyterian Church, English Lutheran Church, Church of the Redeemer, Hyatt Avenue Methodist Church, and four classes of Mount Brydges Methodist Church had large

One Mile of Cars Wait On Ferries

Special to The Advertiser.

Sarnia, July 6.—There was great congestion here this afternoon when the exodus of July 4th visitors reached its peak. Ferries were working at capacity from early morning, but by 4 p.m. the volume of traffic had become too heavy and there was a line of cars a mile long. It is expected that the ferries would continue to operate until early morning.

crowds.

Among the clubs who held sports were the Thistles, St. George's Men's Club, D. W. Howden Company, St. George's A.Y.P.A. Men's Club, S. R. London and others.

The lady members of the Sons of Scotland, the Companions of the Forest, Loyalty Circle, Ancient Order of Foresters and Woodmen of the World were also out in full force to enjoy picnicking under clear skies.

Merchandise firms represented were Dominion Rubber System, Beatty Brothers, National Drug and employees of C. E. Marley.

There were out of town parties from Mount Brydges, St. Marys, Ailsa-Craig and other points. From Mount Brydges came four Sunday School classes. The members ran off a card of sports and races. From Ailsa-Craig, parties from the 7th concession of MacGillivray, the 18th concession of East William and the townline of Leury. About one hundred people attended the Ailsa-Craig ball game.

NATIONAL DRUG.

Employees of the National Drug held their picnic at Springbank also. So successful was the event that the committee in charge hope that the

affair may develop into an annual outing for the staff. About fifty people entered the events.

The obstacle race was won by Freda Chantler and George Bloomfield.

Kiddies' race under 7 — Shirley Spettigue, Arthur Wilson.

Coat race — Mrs. C. Spettigue, C. Horne.

Men's 50 yards — Tom Crittle, Jos. Russell.

Balloon race — Dorothy Hill, Chester Spettigue.

Kiddies over 7 — Bert Stillson, Juanita Spettigue.

Ladies' 50 yards — Dorothy Bond, Mrs. Chester Johnston.

CHELSEA GREEN CHURCH.

Nearly one hundred members of the Chelsea Green Presbyterian Church gathered on Location 4 E. to revel in the delights of picnicking. The features of the day were a splendid card of sports and a generous supply of dainties prepared for the hungry members.

There were two softball games; the first, in the afternoon, girls versus boys, was won by the boys. It proved one of the most attractive events of the day. In the evening the men played the boys.

The following sports were run off:

Races.

Children 6 to 8, Kathleen Jackson, Ethel Collins, Mable French, Billie French.

Boys, 9 to 12, Charlie Jackson, Norman Rowley.

C. E. MARLEY CO.

The C. E. Marley employees confidently announced on their program that there would be no rain to spoil the 13 events on their heart-shaped card. They arrived early in the afternoon with two bright trucks loaded with a variety of prizes and a generous supply of good things to eat. The committees in charge saw that everyone who came within range of their location had a good time.

Baseball, the first event between the Posters and the Painters, resulted in a win for the former, 13-3.

CHURCH OF THE REDEEMER.

The Church of the Redeemer annual congregational picnic was held at Springbank on Saturday. About 150 boys and girls, with their parents and friends, spent a day of merry-making by the Thames.

The children entered the sports program with enthusiasm and the 11 events were quickly run off. A gross of colored balloons kept the youngsters busy for an hour or so.

The events and winners:

Infant class, boys and girls, H. Cree, D. Taylor.

Boys' race, 9 to 10, D. Clare, J. Ball, A. Thompson.

SUNDAY SCHOOL PARLEY IMMENSE

Matthew White, Forest, Is Ontario Delegate at World Convention.

2,810 DELEGATES

Matthew White, Forest, was the Ontario delegate to the ninth convention of the World's Sunday School Association, held in the city of Glasgow, Scotland, June 18 to 25 inclusive. There were 2,810 delegates present from 52 countries of the world, in all 42 denominations were represented, with 99 missionaries numbered among the delegates.

The theme of the Glasgow convention was "Jesus Christ for the People of the Nations," and vital messages were delivered on "Winning the World Through Childhood."

Nine resolutions were adopted by the convention touching on the subjects of world brotherhood and peace, prohibition, child welfare, Sunday school leadership, international golden rule Sunday, and vital messages. The theme of the Glasgow convention was "Jesus Christ for the People of the Nations," and vital messages were delivered on "Winning the World Through Childhood."

The report of Dr. W. G. Landes, New York, general secretary, entitled "From Tokyo to Glasgow," gave a picture of Sunday school progress in every land. National units federated with the association now number 41. Sunday schools continue to be the most productive method of teaching Christian truth in non-Protestant and non-Christian lands. The new literature, in the way of indigenous lesson courses, teachers' text books, lesson notes, and papers for children, appeared during the quadrennium. New associations and new committees were organized in ten countries of Europe, Asia and South America.

The convention recommended the appointment of a committee of seven to make a comprehensive study of the lesson syllabus throughout the world, and to devise plans to be reported to the association through its executive committee, whereby the association might contribute most effectively to the development of adequate curricula in the various fields, and that the committee be empowered to choose the personnel of a lesson syllabus committee of not more than three persons, qualified by experience, to visit certain fields, if necessary, in the interests of the association.

A feature of the convention was the nightly presentation of "The Paezant of the Sunday School," in which 531 people, appropriately costumed, took part, depicting the beginnings and development of religious education from Old Testament times down to the modern graded school, with its week-day auxiliaries. The paezant was produced under the direction of Miss M. Jennie Street, secretary of the Sunday School, London, and James Kelly, national secretary.

The names of 152 program participants, including speakers, conference leaders and others, a wealth of material selected from the best of many countries, was given in "Who's Who in the Convention." A wonderful chorus of 500 voices, "The Orpheus Choir," of children's choruses, bands of pipers, etc., made up a musical program long to be remembered.

The total membership of the Sunday schools of the world is given as 32,677,511. At Zurich, Hungary, in 1913, it was 30,015,037, and at Tokyo, Japan, in 1919, it was 30,015,037. The total number of Sunday schools is given as 347,001, with 3,520,192 officers and teachers, and 29,157,400 pupils. North America is in the lead with a total membership of 19,970,629, followed by Europe with a total of 9,100,000.

The 1923 convention is to be held at Los Angeles, Cal.

Obituary

THOMAS BENNETT. The funeral of Thomas Bennett, who passed away last Friday, was held from his brother's residence, William Bennett, 1081 Richmond street, this morning at 11 o'clock. Mr. Bennett, a former resident of this city, had been in Toronto for a number of years, and was on a visit to his brother when taken ill.

Requiem high mass was sung by Father Tierney, who also conducted the service at the grave, which was being made in St. Peter's Cemetery. The pallbearers were George Walker, A. Jordan, Robert Gibson, John Gibson, W. J. Gleason, John Cushman.

MRS. DORA GRAVES.

The funeral of Mrs. Dora Graves, who died in Lansing, Michigan, last Thursday, was held from the residence of her son, Mr. D. C. Graves, 1081 Richmond street, on Saturday, to Woodland Cemetery. The body was shipped to the city last Friday and was taken to the N. Y. Griffith parlors and then to Kilworth on Saturday.

She is survived by her husband, William, one son, Douglas T. and one daughter, Helen D. both at home; also one brother, Benjamin Kilbourne, of Detroit, and one sister, Mrs. Stanley Smith, of this city. The pallbearers were J. Bourne, P. Woodhill, J. Kilbourne, James Kilbourne, William Elson and D. Fonger.

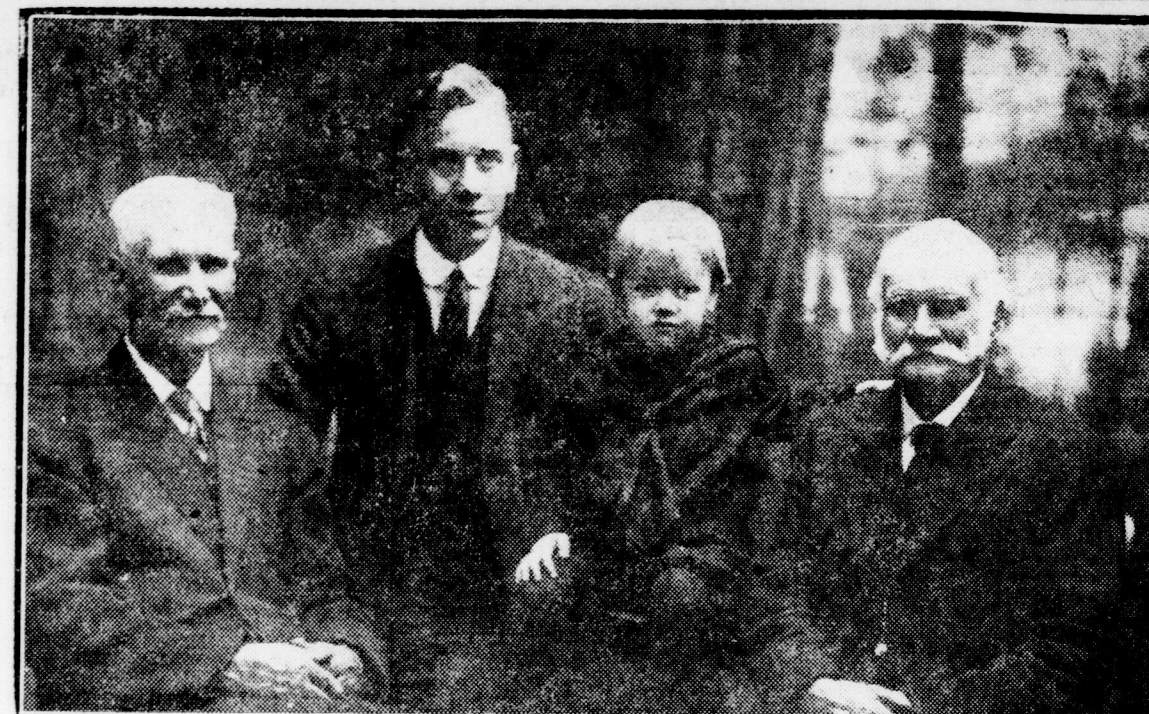

FORMER FAIR SECRETARY IN CRITICAL CONDITION

The condition of A. M. Hunt, former secretary of the Eastern Fair board, who has been ill since last October, is critical, and little hope is held out for his recovery. He has been losing strength gradually for the last month.

He was stricken last fall immediately after the fair and made a trip to Rochester, Minnesota, to be examined by the Mayo Brothers, and they told him that little could be done to help him.

CASES OF CRUELTY. Three cases of cruelty were reported to the Humane Society over the week-end. In all the cases horses were being mistreated by the owners. Inspector Tustin looked into each case and had the horses given a rest. The owners will be called before the society in the near future.

One case was in the city and the others in the county.

MANY INCOME FORMS REACHING CITY OFFICE

Delinquent Citizens Answer Call of Assessment Department With Vim.

Neglect on the part of citizens in sending in their income tax forms by the time they were due and the letters sent out by the assessment commissioner as reminders that they were overdue resulted in over 300 forms reaching the office of the assessment department on Saturday, and about 50 this morning.

Although the date set for the return of these forms is April 30, the department is always too busy to take care of them at that time and a certain latitude is allowed by the commissioner. Now, however, he is on the warpath and all those who have not complied with the regulations of the department will be sought out and informed of their delinquency. Some of them say they forgot, but the commissioner took his own idea of their forgetfulness.

Beer Makers Take Degrees

Berlin, July 7.—The degree of "Brewery Director" at the Agricultural College of Weisenstephan, Munich, has just been conferred in an effort to keep Munich ahead of the rest of the world as a brewery center, the special degree has been designed. It will be conferred on students taking special courses in beer-making. Hops and grain scientifically on the school farm and a miniature brewery is maintained, in which the students make a study of all the processes of beer-making and compete for prizes offered for the best brewing.

THREE TRAFFIC POLICE NECESSARY SATURDAY

Try To Enforce Straight Ahead Drive at Dundas and Richmond Streets.

Three traffic officers were used by the chief of police on Saturday night at the Dundas and Richmond street crossing to enforce the straight ahead drive. Most of the drivers were already acquainted with the change at this intersection, but there were some out-of-town motorists who expected to be able to turn to left or right and the extra officers were needed.

There was some difficulty with motorists who believe that when a street is closed to the intersection, and has taken its cargo aboard they must wait the full ten feet in rear of the car. This means that when the traffic starts to move across the street, it takes longer. The officers on Saturday night made a few of these stay-at-homes move up to the level of the front of the street car, and get away to a good start when the traffic started to cross.

SOLDIERS PROVIDE AMUSING ANSWERS

Examining Officer of Royal Canadian Regiment Finds Interesting Ones.

An examining officer of the Royal Canadian Regiment, who was examining the members of the regiment, found some amusing answers, apparently written with every sincerity, by some of the soldiers. Here are a few of the questions and the answers which the examining officer found.

"The principles of war" are rules and "Don't shoot." The essential point of an enlargement is not to fill it up with useless detail that is shown in army manuals.

The duty of an advanced guard is to force the advancing is to hold the enemy long enough to allow the main body to depart.

A sketch is to show your C. O. what an animal position the Canadian troops should be full of good stories.

ADAMS' PROPOSAL WILL BE CONSIDERED

Town Planning Commission to Discuss Survey Matter Tonight.

At a special meeting of the town planning commission tonight, the request of the Chamber of Commerce that the Adams plan of the city be pushed immediately at the price stated by Thomas Adams in his last cable will be considered. At the time of the cable there was some doubt as to whether Mr. Adams was asking the sum for expenses as mentioned in his original agreement with the city, or whether he was asking for an extra \$500.

Jared Vining, the representative of the chamber in this matter all through will tell the commission that the chamber is willing to find all extra money that is needed in order to have the plan completed.

YOUTH OF CREEMORE KILLED BY SHOTGUN

Clifford Smith, 13, Victim of Accident at Noon on Sunday.

Canadian Press Despatch. Creemore, Ont., July 6.—Clifford, the 13-year-old son of Mr. and Mrs. James Smith of Smithdale, five miles north of Creemore, was the victim of a fatal shooting accident at noon today.

A 15-year-old home boy, named Ernest Ford, who had no previous experience in the use of firearms, went into the washroom of the Smith home, off the main road, and took down from the wall a breech-loading shotgun, which had, for the first time, been left loaded. Not knowing it to be loaded, young Ford pointed the gun at the door at the kitchen and pulled the trigger. Clifford Smith came into the kitchen and passed in the line of gun just as it was discharged, receiving the full charge of shot in the left jaw. Death was almost instantaneous.

Teh coroner decided that an inquest was unnecessary.

JOHN D. WEATHER MAKES 'FAUX PAS'

Veteran Is Fooled When Not One Outing Scheduled for Rainy Monday.

John D. Weatherman made a "faux pas" today as far as uncorking any chagrin from the city-wide fraternity of picknickers was concerned. Public utilities officials hadn't a single outing scheduled for Springfield Park this afternoon, so the upsetting of the weatherman's watering can didn't upset picnic arrangements.

However, officials are well pleased with the success of the scheme of reserving space for picnics at Springfield. Right from its inception scarcely two weeks ago, picnic parties have lined up readily to the plan, and on Wednesday afternoons and Saturday practically every picnic space in the park is taken up.

On Saturday the park was crowded and already there are a dozen picnics listed for Wednesday. Only one small space at the far end of the park is still open for reservation.

The reservation plan is being carried out all through the parks and playgrounds systems this year. Besides picnic allotments, sporting teams are contributing small fees to the coffers of the utilities commission by arranging for reservations ahead of time. Soccer football, softball and baseball teams have taken readily to the scheme. Tennis courts at Thames and Queen's Parks are constantly in use during good weather, and there is a daily rush of seekers for early morning, afternoon and evening permits at the P. U. C. headquarters.

The fees are high enough to make any appreciable contribution to the coffers.

It keeps one official at the downstairs offices of the commission busy a great deal of his time looking after permit holders and the telephone operators there to find time for.

There were 53 more prisoners entertained during the last quarter than in January. February and March. Governor Dawson attributes this to the number of vagrants and railway trespassers remanded to jail as well as a superabundance of O. T. A. violators.

REVIVED BY PULMOTOR, MAN DIES SOON AFTER

Alphonse Nantel, At Sarnia, Is Victim of St. Clair River.

Canadian Press Despatch. Sarnia, July 6.—Alphonse Nantel, 55, a cooper of the Northern Navigation Company, died in the hospital Sunday night, 45 minutes after he had been revived from the St. Clair river at Point Edward. Nantel, with James Defoe, was out on the river in a boat at 6:30 p.m. when he stood up unbalanced, and fell into the stream. His companion looked for him to rise, and when he failed to do so, Defoe dived in and succeeded in locating his comrade. Nantel was alive but unconscious, and after he had been revived by the pulmotor, he was taken to the hospital. His home is at Montreal. He is a returned soldier and will be given a military funeral Tuesday. Dr. Wm. Logie will conduct an inquiry into the case.

MAN COMMITS SUICIDE WHILE PARENTS WATCH

John Davidson of Tilbury East Drank Carbolic Acid.

Special to The Advertiser. Chatham, July 6.—John Davidson, 44, well-known farmer of Tilbury East, committed suicide yesterday by drinking carbolic acid. After completing his chores in the barn, the man returned to the house and drank the poison in full view of his father and mother. Dr. Sharp of Tilbury was summoned, but the man remained unconscious until his death occurred shortly after his rash act. Davidson was reported to have been very much depressed and unhappy. The parents, three brothers, and a sister, who resides in London, survive.

URGES AREA BARRIERS FOR EALING SCHOOL

Capt. Robinson Would Guard Against Accidents Happening.

Barriers for the area ways at Ealing public school are being urged by Capt. Robinson, superintendent of works for the public schools. Such barriers have been placed at Victoria school in South London, and as a guard against accidents they are advocated for Ealing school. There are some 25 openings around basement windows and other openings, and it requires angle iron bars to withstand the usage which window barriers receive.

With the elimination of accidents on school grounds a live topic in educational circles, the matter will be brought up at Thursday's board meeting.

The school works department is making extensive renovations to Riverview, Lorne avenue, Tecumseh and Chesley avenue schools this summer. Much of the work has been completed, including work at Chesley, where Principal Gibbs recommended some eleven items for repair work.

THOMAS ALLWAY HOME PLAYHOUSE ADVANCES

Progress is being made on the new building at Thomas Allway Home in South London, which will be used as a playhouse for the children. The building is a rather spacious affair, which allows the 40-odd children plenty of room for play during bad weather.

Workmen were engaged on the building today. The roof is complete and the building is a welcome and imposing addition to the children at the shelter.

BREAD REAL FOOD AT COUNTY JAIL

One Hundred and Seventy-Seven Attend During Quarter.

The 177 prisoners committed to Middlesex county jail during the last quarter were certainly heavy bread consumers, gobbling up over a ton of bread or to be exact, 2,164 pounds. The above prisoners stayed a total of 1,851 days, according to Governor Dawson's report made public today. Indictable prisoners put in a total of 382 days and non-indictable 1,469 days.

Good buying on the part of the governor was responsible for the lowering of the daily upkeep of one prisoner from 12 cents to 11.1 cents.

Some 624 pounds of meat were massacred by the prisoners from April 1 to June 30, while 335 pounds of oatmeal and 310 of cornmeal passed down hungry throats.

The existence of the governor's cages were sweetened by 400 pounds of sugar, and O. T. A. offenders helped to guzzle down the extract from 25 pounds of tea.

One hundred pounds of beans and 1 1/2 bushels of onions were cut up in the jail famous from one end of the country to the other. The boys were pepped up with 1 1/2 pounds of pepper to make 21 bags of potatoes palatable.

The governor's statistics showed that 150 pounds of salt had been licked up, but inquiry showed that 100 pounds were used in the white-wash mixture used on jail walls, the whiter than white even if some of the characters within are more or less painted black.

Sick prisoners had \$3.90 spent on them for eggs and milk, the governor stated.

There were 53 more prisoners entertained during the last quarter than in January. February and March. Governor Dawson attributes this to the number of vagrants and railway trespassers remanded to jail as well as a superabundance of O. T. A. violators.

Big Chain Kills Canal Worker

BABES IN THE WOODS FOUND AT SPRINGBANK

Party of Picnickers Discovers Children Asleep in Park Near River.

Two babes in the woods were found at Springbank Saturday evening. A little boy of seven and his little fair-haired sister of five were discovered by a party of picnickers fast asleep under a spreading tree near the river.

As it was getting near sundown the party thought it best to disturb the slumbering babes, whom they believed to be the children of a youngster had not been deserted by the wicked uncle of story book fame. They had been told they could go to Springbank, and they left for home before 7 o'clock.

They had played about all afternoon, had lost one of their car tickets, sat down to talk it over, and had fallen asleep. A couple of tickets were quickly produced and the youngsters were started home an hour behind schedule.

Court Frees Former Partner of Thornton, Davidson Co.

Canadian Press Despatch. Montreal, July 7.—Colon O. Cameron, former partner in the now defunct stock broking firm of Thornton, Davidson & Co., was acquitted of a charge of falsifying the books of that concern by Chief Justice Gauthier in the court of sessions this morning.

WOMAN IS INJURED IN CRASH NEAR LOBO

Car Is Badly Damaged When Road Hog Refuses To Give Way.

Special to The Advertiser. Stratford, July 7.—Mrs. Finlayson, who had been visiting friends in Kincardine over the week-end, and was returning to Stratford with her two sons and two daughters, was injured in an accident on the Sarnia gravel in Lobo yesterday afternoon when she had to turn her car into the ditch to avoid crashing into a road-hog who was travelling at excessive speed and did not stop.

None of the children were badly hurt. Mrs. Finlayson had her injuries attended by Dr. MacDougall of Stratford and was able to proceed to Detroit last evening by train. Her car, however, was badly damaged, one wheel being ripped off and the body wrecked.

Pearl Is Found In Sardine Gill

Special to The Advertiser. Chatham, July 6.—P. A. Strickler, manager of the Eureka Shop, discovered a pearl of the size of a sardine. Annoyance produced by the unpleasantness of teeth crunching a hard substance was turned to pleasure when he found that it was a fair-sized pearl. Jewelers who examined the gem have declared it to be a fine sample.

DENIES HOLD-UP OF U. S. TOURISTS

Sarnia Customs Inspector Says the Officers Were Not Responsible For Delay.

Special to The Advertiser. Sarnia, July 7.—Emphatic denial was given here today by S. A. Cole, chief inspector of customs, to a story published in London, alleging, on the statements of passing American tourists, that customs officers at the border were responsible for the fact that we were concerned all the way through Thursday night at Port Huron.

"We had advised the ferry company that we were going to remain open just as long as the ferries continued to operate," Mr. Cole said when questioned this morning. "As it was, the ferries were kept open by immigration officers were on duty until 2:30 a.m. Friday, and the cars were not removed until 3:30 a.m. At 2:30 a.m. the ferries stopped running."

The return of tourists on Sunday was splendidly handled, and by 10 p.m. there was no waiting queue. A considerable number are returning to the United States today.

ORANGE ORDER PIONEER ANSWERS DEATH CALL

James Thompson of Ontario Member of Order For Sixty Years.

Special to The Advertiser. St. Thomas, July 6.—One of the oldest, if not the oldest, Orangemen in the city and district passed away Saturday evening in the person of James Thompson. The death took place at the residence of his son, Archie Thompson, M. C. R. conductor after an illness of five months. Mr. Thompson was 77 years of age, and had been connected with the Orange Order for the past 60 years. He was a member of Lodge 521 of this city and was also a member of the Order of the West A. O. E., and past chief ranger of this society. He resided in the city for the past 28 years. His wife predeceased him 12 years.

Survivors are: One son, Archie, of this city, and one daughter, Mrs. Thompson, 1011 Church street, Windsor. The funeral will take place on Tuesday at 2 o'clock from the residence of his son, 81 Forest avenue, to St. Thomas Cemetery.

GALT PLANS TRAINING FOR BACKWARD PUPILS

Public School Board Decides To Establish An Auxiliary Class.

Special to The Advertiser. Galt, July 7.—The public school board has decided to establish an auxiliary class for backward pupils, sending the fourth form classes to the collegiate institute for domestic science and manual training, commencing September 1. This training costs the board \$2,000 a year, and it is felt that value for the money is being obtained, as each class has only one hour's teaching in these subjects per week.

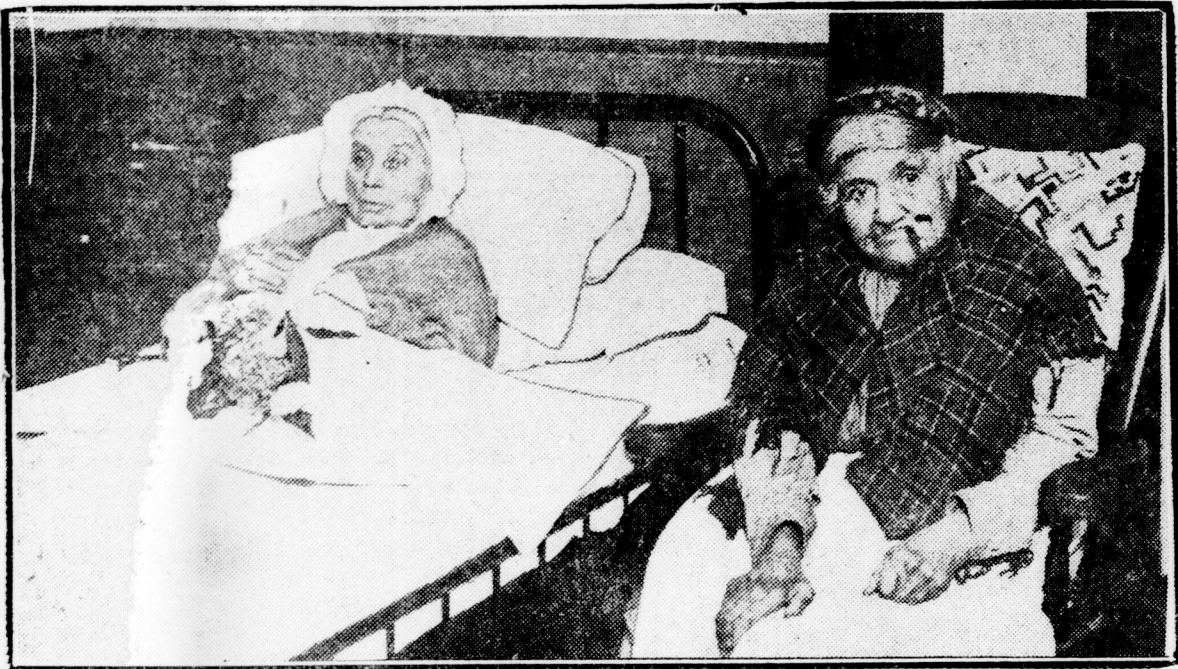

With the money saved, the board has decided to make as possible in the coming school term, to establish an auxiliary class for teaching backward pupils.

Grain Markets

Canadian Press Despatch.
Winnipeg, July 5.—With the United States markets closed and Liverpool slightly lower, the wheat market today was rather quiet, with a good volume of business, and after

longer opening, values fluctuated within narrow ranges, and closed higher for July, with October and November 3/4c better. Reports of show the West caused nervousness, traders acted cautiously on both sides. There was some selling of wheat on a profit-taking account, but sufficient buying to support prices.

Little news was coming through from the seaboard, the business worked best in Manitoba.

Flax was strong, with the new crop advancing about 3c. The market was very quiet and lacked interest, with the spread to the contract grades unchanged. The market for flaxseed was much more lively better. Offerings continued to be extremely light.

There was no change in prices for coarse grains and flax was quiet, with the trade confined to occasional odd cars.

THE DOLL THAT LIVES WHEN OTHERS ARE FORGOTTEN!

A Wonderful GIFT from Fairyland

ONCE upon a time, the Fairy Queen said to the other fairies, "What will make little girls happier?" "I have it," said one of them—"A DOLL."

A lovely big beautiful doll with real hair and sparkling eyes. A doll that would go to sleep quickly like good little girls do—and that would go out walking with her mistress every day. A doll that would talk and call any little girl, "Mama."

"Right," said the Fairy Queen. "But the fairy doll I want must be more wonderful and more beautiful than any doll has been before." Fairy scouts were despatched the world over to find the most wonderful doll ever known.

The Fairy Queen then said to her ladies in waiting, "This is what I want the doll for."

Travelling on a sunbeam one day I passed over London, St. Thomas, Stratford, Woodstock, St. Marys, Chatham and all the other communities in Western Ontario. I saw many little girls at school, running errands for mother and doing everything little girls should. I decided to give them all a gift, and a beautiful doll shall be their reward.

"To make the little folks really appreciate the gift, I asked The London Advertiser to help me."

So it was decided to make it easy for little folks to show their appreciation. We would ask them to secure only four subscriptions to The London Advertiser. Not collect any money—just get Father, Mother, Auntie or anyone to subscribe.

"What's this," said the Fairy Queen. "My scouts back again?" "Send them in Your Majesty," said the leader of the Fairy scouts. "We have found the doll," and throwing back his cloak, he offered the Queen an exquisite rose in full bloom. "But I want Queen." "Touch it with your fairy wand," said the a beautiful doll, not a beautiful rose," said the Fairy scout leader, "and you will have your desire fulfilled."

The Queen touched the rose with her starry wand and behold it became a doll—a golden-haired doll with a handsome lace bonnet and a delicately shaded silken dress (the color of the rose petals from which she came).

The Fairy Queen smiled and nodded her head. "Yes—a beautiful fairy doll, but you shall be known to all the girls in London and Western Ontario as 'Miss Advertiser,' so go now and make them happier than they have ever been before."

"MISS ADVERTISER" The Incomparable Doll

There are many Mama Dolls, but they are not like "Miss Advertiser." They lack her charm, her grace, her beauty. She is the quality of Mama Dolls. No doll has ever been produced that affords a greater opportunity for attention by the little mother. Lifelike in beauty, voice and movement, she is all but human. "Miss Advertiser" is luxuriously gowned in a magnificent silken trousseau—a most exquisite and beautiful creation. Do not be satisfied with any but "Miss Advertiser." With her distinctive characteristics she stands alone.

How To Win Her

It takes but a short time to win one of these beautiful dolls. All that is necessary is to go direct to your four best friends and ask them for six months' subscriptions to The London Advertiser. They will gladly give their orders to see you carry away one of the "wonder dolls." Just a few minutes of your time and the doll is yours. You collect no money, just get your orders signed

A DOLL FOR EVERY GIRL!

Provision has been made for every girl in London and district. No little girl need be disappointed as this is not a contest. Only four new subscriptions to The London Advertiser are necessary to qualify, and there is no limit to the time. If you do not get enough subscriptions one day, try the next, and when you have four bring them to The Advertiser office. This plan has been so arranged that every girl can have a "Miss Advertiser." Subscription forms and full particulars can be obtained by calling at the Doll Department, Advertiser Office.

SECONDS—

The word "seconds" does not imply that all have weak spots or holes, but merely that for one of the following reasons they do not pass the rigid inspection demanded by the makers: Stained thread in the weaving, usually oil; designs not quite perfect, not measuring absolutely to size or required weight; not perfectly bleached, showing streaks through the piece, often merely odd cloths or discontinued patterns. For general use you will find them absolutely satisfactory. And a saving of one-third means three cloths for the price of two at today's lowest regular prices. SEE WINDOW TODAY.

Delicious Mayonnaise Without Eggs

THE mayonnaise makes the salad—and Carnation makes the mayonnaise—without eggs—the smoothest, creamiest, most delicious dressing you ever tasted. So easy to make—so economical too. Try it—the recipe is given below. And write for the free Carnation Recipe Book.

Carnation is just pure milk, evaporated to double richness, kept safe by sterilization. It is sold by your grocer in tall (16 oz.) cans and in cases of 48 cans.

NO-EGG CARNATION COOKED SALAD DRESSING:
1 teaspoon salt, 2 tablespoons flour, 4 teaspoon mustard, 2 tablespoons butter or substitute, 1 tablespoon sugar, 4 cup water, 3 tablespoons vinegar, 4 cup Carnation Milk. Mix dry ingredients and add to melted butter or substitute. Add milk diluted with water and cook in double boiler until it thickens. Add vinegar slowly, then cool. This recipe makes 4 cup salad dressing.

LONDON WOMAN HURT WHEN CAR IS WRECKED

Mrs. Andrew Marvell of
Chesley Avenue Cut
About the Arms.

An auto driven by Andrew Marvell, 4 Chesley ave., was sideswiped yesterday afternoon and thrown into the ditch. Mrs. Marvell was severely cut about the arms and was taken to Victoria Hospital to have her wounds dressed, but later went home. There were several children in the car, and all had a miraculous escape from injury, as the car turned completely over.

Mr. Marvell was driving into the city along Richmond street, about the 4th concession when another motorist attempted to pass him. Another auto coming in the opposite direction forced the driver to cut short in front of Mr. Marvell. He struck the front wheel of Mr. Marvell's car and turned it into the ditch. The driver did not stop and at a late hour last night the police had not found any trace of him.

Mr. Marvell's car was completely wrecked and his family was brought to the city by a passing motorist.

REV. M'INTOSH PERFORMS CEREMONY OF BAPTISM

The beautiful ordinance of baptism was observed in King Street Presbyterian Church, London, on Sunday morning, June 22, when Mr. and Mrs. Archie Fraser of Walkerton and Mr. and Mrs. J. L. Smith, of Princess avenue, London, presented their sons for baptism. Mr. Fraser, the father of John Hugh Fraser, and Mrs. Smith, the mother of John Ross Smith, are twin brother and sister, the youngest children of Mrs. Fraser of London. Rev. W. R. Macintosh, pastor of both London families, performed the ceremony of baptism.
