WIDER MARKETS ESSENTIAL IF CANADA IS TO CONTINUE ON ROAD TO PROSPERITY

King Government Seeks Lower
Living Costs by Increasing
Production.

CUT FREIGHT RATES

Will Attack Atlantic Freight
Combine and Develop All
Canadian Ports.

MORE IMMIGRANTS

Will Also Introduce Legislation
For Senate Reform—No
Tariff Changes.

Canadian Press Despatch.
Ottawa, Feb. 5.—Reduction of the
cost of living will be the chief object
of the government in this session of
parliament. This was indicated in
the speech from the throne delivered
at the opening of parliament today.

There was no reference to any tariff
changes. Wider markets, lower
freight rates, control of shipping, better
immigration and continued economic
growth are the means by which the
government will seek to accomplish
its purpose.

Speech From Throne.
Lord Byng, in delivering the speech
from the throne, spoke as follows:
"Honorable Members of the Senate:
"Members of the House of Commons:

"I have pleasure in welcoming you
to the fourth session of the fourteenth
parliament.

"Since prorogation, the economic
situation throughout the world has
notably improved. For Canada, the
year 1924 was a period of substantial
progress. In trade alone, the excess
value of exports over imports was
more than \$260,000,000. The present
year opens with prospects of sound
and steady development. The financial
and trade situation justifies the
expectation of an early return to the
gold basis.

"The problem of the cost of living
is the most important that my minis-
ters have in mind at the present
time, and every effort is being made
to improve conditions with respect
thereto. It is apparent that even the
most rigid economy in public expendi-
tures will not suffice to solve this
pressing problem, and the problem of
taxation incidental thereto. Their
ultimate solution lies largely in in-
creased production and the develop-
ment of new and wider markets. It
is to be borne continually in mind
that the existing burden of taxation
is due mainly to uncontrollable ex-
penditure in the nature of payments
and obligations arising out of the
war, and to the encumbered position
of the national railways.

"To aid in an increase of production
through the development of our
past natural resources, every effort
is being made to attract the right
class of immigrants to Canada and
to secure their settlement in the
undeveloped areas served by our
great transportation systems. In due
course steps will be taken to further
colonization and settlement in other
fertile regions such as those of the
Peace river.

Equalize Freight Rates.
"The cost of production of raw
materials and the necessities of life
has been lessened by the reductions
in the tariff and the sales tax effect-
ed at the last session. It is becom-
ing increasingly evident, however,
that quite as important a factor as
the customs tariff in their effect upon
production and living costs are
transportation costs and rates, by
land and sea. It is the
opinion of my advisers that the at-
tention of parliament at the present
session should be directed more par-
ticularly to the desirability of effect-
ing a freer movement of commodities
through an equalization of railway
freight rates between provinces and
localities, and through a lowering of
carrying charges upon shipments by
water of the products of the farm,
the mine, the forest, the fisheries
and of our manufacturing industries.

"Some measure of control of trans-
portation by land and sea is obviously
essential to the promotion of inter-
national trade, the expansion of ex-
port trade generally and the develop-
ment of Canadian trade via Canadian
ports.

"The procedure it may be advisable
to follow with respect to railway

LEADING FIGURES AT OPENING OF PARLIAMENT TODAY.
Hon. W. L. Mackenzie King (left), prime minister of Canada, whose
sessional program was outlined in the speech from the throne today, and

opened the fourth session of Canada's fourteenth parliament at 1:30 o'clock
this afternoon.

BRILLIANT SCENE MARKS OPENING OF PARLIAMENT

Lawyer Receives K.K.K. Warning

Associated Press Despatch.
Frederickton, N.B., Feb. 5.—Fred
H. Peters, who was appointed by
the court as defence counsel for
Harry D. Williams, condemned to
hang on April 23 for the murder of
Cyrillus and Neel Foster at
Fosterville last November, has re-
ceived what purports to be a
warning from the K. K. K. The
note was postmarked St. Stephen,
which is on the state of Maine
boundary, and read as follows:
"Stop now. You are trying to
defeat justice and encourage
crime by the same old plea of in-
sufficiency and if you succeed you will
have to answer for Williams' crime.
This is your warning. Be-
ware!—K. K. K."

freight rates will, in some measure,
necessarily depend upon the decision
of the supreme court in the appeal
respecting the Crow's Nest Pass
agreement. With regard to ocean
freight rates, action is being taken
to overcome the restraints on export
trade due to the exactions of the
powerful steamship combine known
as the North Atlantic Steamship
Conference. Your approval will be
asked of a measure aimed at afford-
ing the government of Canada a con-
trol of ocean rates. It is the inten-
tion of the government so to equip
our important ports on the St. Law-
rence river and on both the Atlantic
and Pacific coasts, as to enable them
to meet all requirements of modern
navigation.

Greater Co-Operation.

To secure greater co-operation in
the administration of laws of two
countries respecting smuggling and
the extradition and extrajudicial
persons violating the anti-narcotic
laws of either country, treaties be-
tween the Dominion of Canada and
the United States have been nego-
tiated and signed. They will be sub-
mitted for your approval prior to their
ratification.

You will be asked to sanction the
calling of a conference between the
federal and provincial governments to
consider the advisability of amending
the constitution with respect to
powers of the senate and in other im-
portant particulars.

Your attention will also be invited,
during the course of the session, to
certain trade agreements, to legisla-
tion respecting the handling and
marketing of Canadian grain and to
other important matters.

Members of the House of Com-
mons:
The public accounts for the last
fiscal year and the estimates for the
coming year will be promptly sub-
mitted. In the preparation of the
estimates, regard has been had to
the needs of the economy with
respect to the public services and
public works.

Honorable members of the Senate:
Members of the House of Com-
mons:
May Divine Providence guide and
bless your deliberations."

WATSON TO APPEAR

Jas. Watson, arrested by city police
several weeks ago, will appear in
county police court tomorrow after-
noon, before County Magistrate
Hawshaw on a charge of receiving
goods stolen from the store of W. C.
Barons, Belmont, some time ago.
Watson will appear in city police
court in the morning.

FARE CUT APPEARS CERTAIN

Sir Adam Beck Sees No Possi-
bility of Any Other
Action by Council.

McKAY IN FAVOR

Believes Question Should Go
To People at Next Election
in City.

Londoners will be riding on street
railway cars at lower fares next
month if efforts to sustain the orders
of the legislature are sustained in
council circles during the next few
weeks. Regardless of the fact that
no dividend for 1924 has been de-
clared by the company, aldermen will
seek to insist on the return of the
old fares at seven and nine tickets
for a quarter.

According to Ald. Frank McKay,
chairman of No. 1 committee, rep-
resentations will be made to have the
old agreement enforced, at least until
a vote of the people can be secured
on the renewal of the five-cent fare
rate. He believes that the fare
never should have been increased
without a vote of the people, and on
these grounds will demand that the
provisions of the act for lower fares
after March 8 be enforced.

Statements by Sir Adam Beck,
M.L.A. Mayor G. A. Wenig, Ald. Mc-
Kay, and others, would indicate that
the council has little option but to
enforce the demands of the legisla-
ture next month.

Financial Statement.

The annual financial statement of
the London Street Railway Company,
given at the shareholders' annual
meeting yesterday, showed net income
of some \$32,000, declared to be in-
sufficient to provide a dividend. Whether
or not this condition will have any ef-
fect on the city council when it comes
to deciding on the matter of an ex-
tension of the five-cent fare cannot
be ascertained. Some of the newer
aldermen are inclined to look upon
the street railway's agreement in the
sympathetic vein, under the belief
that the road cannot exist with the
old fares on a long-term basis.

"If the orders of the legislature are
carried out on March 8, there will be
nothing to do but return to the old
fares," stated Sir Adam Beck this
afternoon, after the meeting of the
council telephone from Toronto.

"Is there not a possibility of the
five-cent fares being renewed?" he
was asked.

"The company would have to go
to the people at the next election," he
replied.

S. CASEY WOOD IS FOUND GUILTY

Judge Coatsworth to Sentence
Convicted Bank Director
on Tuesday Next.

Canadian Press Despatch.
Toronto, Feb. 5.—S. Casey Wood,
K.C., director of the Home Bank of
Canada, whose trial on charges
levelled under the bank act, was
concluded last week, was found
guilty this morning by Judge Em-
erson Coatsworth of negligently sig-
ning, approving and concurring in
the monthly statement of the bank for
February, 1923, as well as the an-
nual statement issued May 31 in the
same year.

His honor announced that he would
sentence the director on Tuesday
next along with R. P. Cough, vice-
president of the institution, and J.
F. M. Stewart, another director.

SIT AT TORONTO.

Canadian Press Despatch.
Montreal, Feb. 5.—It was ascer-
tained "at the last minute" this morn-
ing that the commission appointed by
the Toronto courts to take evidence
from C. A. Barnard, K.C., in the
double liability action in connection
with the Home Bank failure, would
not sit in Montreal, as previously un-
derstood, but in Toronto.

The date of the inquiry could not
be learned, it is believed, in-
dependent of this.

ing both natives and foreigners is

QUEBEC FARMERS ASK HIGH PRODUCE TARIFF

Also Favor An Embargo On
Export of All Raw
Materials.

Canadian Press Despatch.
Montreal, Feb. 5.—High tariff dues
that will prevent American garden
produce from entering Canadian
markets, to the detriment of local
growers, and an embargo on the ex-
port of all raw materials, such as
pulpwood, nickel, asbestos and to-
bacco, to force the expansion of
manufacturing in the dominion, were
favored by resolutions adopted yes-
terday afternoon at the convention
of the United Farmers of Quebec
held here.

Considerable opposition to the res-
olution was manifested in some quar-
ters, but the pro-tariff section forced
the motions and carried the day.

WEIGHT OF SNOW CAUSES SKATING RINK ROOF TO FALL

Canadian Press Despatch.
Welland, Feb. 5.—Weight of snow
caused about half of the Welland
skating rink to cave in yesterday af-
ternoon. Fortunately no person was
on the ice at the time, and no per-
son was injured.

Youthful Cave Explorer Entombed As Rising Floor Of Pit Cuts Off Escape

Floyd Collins Believed To
Have Perished, But Res-
cuers Renew Efforts.

MAY TRY TUNNEL

Geologists Make Perilous
Journeys in Hope of Saving
Young Man's Life.

Associated Press Despatch.
Cave City, Ky., Feb. 5.—Floyd Col-
lins is still alive, but he has been
permanently entombed in his sand
cave prison, 125 feet underground, by
a rise in the floor of the cave, and all
hopes of escape through any natural
passage have been abandoned.

Four trips into the cave have con-
vinced a geologist, coal miners and
military authorities in charge of the
work that their only chance to reach
Collins is by sinking a shaft from
the top of the hill and endeavoring
to tunnel to the imprisoned man.

Any attempt to mine into the cave
probably will be fatal to Collins if
it is agreed, but the plan was adopted
as a last resort, and Major W. M.
Cherry, the governor's agent, has
been despatched in an automobile
with instructions to get the mine
machinery wherever any can be found.

The slow rising of the floor within
the cavern began shortly after mid-
night, a rescue party which entered
at 1 a.m. finding that the floor ap-
parently had swelled from below at
the innermost "squeeze" only a few
feet from Collins.

Cave Floor Rises.

Returning to the surface, the min-
ers who composed the detail, made
their report to Brig-General H. H.
Denhardt, in charge of the work, and
Denhardt immediately summoned W.
D. Funkhouser, head of the geological
department of the university of Ken-
tucky, who arrived yesterday. After
a conference it was agreed that the
miners should re-enter the cave for a
second observation with a view of
determining whether the movement of
rock could be stopped. Meanwhile
those in charge of the work withheld
knowledge of what had occurred.

An hour later, the miners reap-
peared at the surface and hurried to
General Denhardt and his conferees.
In one of the tents near the entrance,
the floor had continued to rise dur-
ing the hour, they reported.

A third trip into the cave, the slow
rising had continued and when the
miners emerged after their fourth
underground visit they told General
Denhardt that the passage way had
been completely sealed. There had
been no more rock falls or cave-ins,
it was stated. The swelling appar-
ently had lifted the passage way to
the roof of the cavern. This
action closed the passage way for an
indefinite distance.

Watchers Greatly Alarmed.

Inasmuch as a considerable portion
of the cave leading from the entrance
toward the prisoner still remains un-
disturbed, belief was expressed that
Collins is still alive, although there
is a possibility that the closing of
the passage way may have crushed him.

The movement took place just be-
yond that part of the cavern which
had been timbered by rescuers. The
first three explorations by the miners
required about an hour each. Con-
siderably more time elapsed during
the fourth visit, however, and the
alarm of those on the surface in-
creased each minute until the first
man's light appeared in the cavity
downward from the entrance.

HERriot IS TOLD BRITAIN'S REPLY

Marquis of Crewe Heralds
Debt Answer at Request
of Baldwin Govt.

Associated Press Despatch.
Paris, Feb. 5.—The Marquis of
Crewe, British ambassador, returning
from a brief visit to London, had a
long talk with Premier Herriot last
evening. Although the strictest re-
serve was maintained regarding their
conversation, it is understood that
the ambassador, acting on the re-
quest of Premier Baldwin, acquainted
M. Herriot with the main lines of the
British treasury's reply to Finance
Minister Clementel's suggestions on
the subject of the inter-allied debts
which is to be delivered to Paris in
the course of a few days.

Marquis Crewe also discussed, it
is understood, the question of the
evacuation of the Cologne zone,
which is closely bound with the prob-
lem of France's security—a question
which will shortly again be raised
by the delivery of the final report of
the inter-allied control commission
regarding its observations in Ger-
many.

1,000 QUEEN CITY WORKERS STRIKE

Cloak Makers' Union Follows
Lead of Montreal—Parley
Today.

Canadian Press Despatch.
Toronto, Feb. 5.—Falling in line
with their fellow-workers in Mont-
real, approximately 1,000 members of
the cloak makers' union went on
strike today following a decision
reached last night. Included in the
strike call were cloak makers, cut-
ters, operators, sample makers, tail-
ors, finishers and button sewers.

Sol Polakoss, international organ-
izer of the international ladies' gar-
ment workers' union, estimated that
1,200 persons had left their jobs this
morning while about 300 or 400 re-
mained at work. A number of the
striking workers, he said, were non-
union operators.

Employers found conditions vary-
ing in factories this morning, some
reporting that all their workers were
at work, while in some cases all em-
ployees participated in the walkout.
Representatives of the union and
manufacturers meet this afternoon,
when both sides are hoping an agree-
ment will be reached and the strike
terminated.

NORWAY SUFFERS MANY EARTHQUAKE SHOCKS

Associated Press Despatch.
Washington, Feb. 5.—An investiga-
tion of the wheat, flour and bread
industries was asked in a resolution
introduced in the United States
senate yesterday by Senator Cam-
eron, Republican, Arizona.

The inquiry would be conducted by
the federal trade commission and
would be designed to develop whether
there has been "corporate violations
of the anti-trust laws" in connection
with operations in wheat, flour and
bread, and the relations of any such
violations to prices.

CHINESE BOY FOUND DEAD IN HIS BED

Bottle of Carbolie Acid Found
by Body of Lee
Jin Ng.

BELIEVED SUICIDE

Popular Student Had Made
Great Progress Since Com-
ing to Canada.

Lee Jin Ng, 14-year-old Chinese
boy, a pupil of the Chesley avenue
public school, was found in his bed
this morning, dead, with a bottle of
carbolie acid by his side. The boy's
father, Lee Pip, a laundryman at 450
Hamilton road, made the discovery
shortly after 7 o'clock, when he at-
tempted to awake the boy for time
for school.

News of young Lee's death and the
manner in which it was brought
about, suicide, came as a shock to
his fellow school pupils, among whom
he was extremely popular. His teach-
er, too, could give no explanation for
young Lee taking his own life. He
was a promising and well-liked stu-
dent, they said.

Coroner Dr. Robert Ferguson was
called soon after the boy's body was
discovered. Lee Jin had committed
suicide, the doctor announced, after
making an investigation. The boy
had been dead for some hours. The
body was rigid when found this
morning.

Fond of Medicine.

According to the father, the car-
bolie acid had been present in his
house for some time. It was a
bottle of carbolie acid, he told the
coroner, but he could give no reason
for his son's act in drinking it. It
was always fond of taking medicine,
he said, and it was possible that the
carbolie acid was consumed in mis-
take.

Good Student.

Mr. Gibbs said: "Naturally he was
a novelty, and he may have been
teased a bit at first. Later, however,
the other students grew to like him,
and I am quite positive his surround-
ings at the school could in no way
prompt him to take his life. He was
a very good student, and made re-
markable progress during his two
years' attendance here. He advanced
rapidly, and it wasn't a case of put-
ting him on, he grasped the work. He
was popular with all the sports with
apparent enthusiasm. He was a most
satisfactory pupil."

Coroner Dr. Robert Ferguson after
investigating the case decided that an
inquest would be unnecessary.

He has two brothers and a sister
living in this country. His mother
lives in China.

Car Seats

Street car seats were made for
women. Any woman will verify
this.

Men, however, are allowed to
squat in one during the quieter
hours of the day. But they
mustn't overdo it. Such actions
breed habit.

When a woman is hurrying
home after a hard afternoon at
the movies she wants service and
comfort.

Some chaps are silly enough
on rising, to remark, "Take my
seat." Of course she will. No
loud speaker needed.

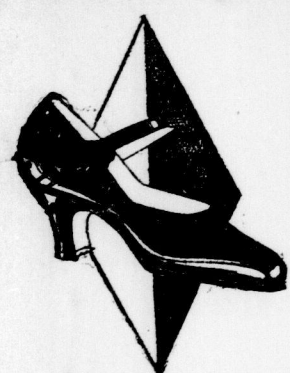

If the seat didn't belong to her
she might think him. But the
seat is hers and she doesn't.

Some chap, defying all, may
cling to his seat. He gazes out
the windows, reads, or closes his
eyes in serious soliloquy.

Soon he begins to fidget, his
eyes roam in despair. He stands
up.

"Take my seat," he remarks to
the woman who has been resting
her handbag on his knee. She
surveys him with a look of aston-
ishment and pity, and informs him
that she is getting out at the next
corner. The whole car titters.

The man takes up walking for
his health.—A. W. J. B.

PLAN CONVENTION FOR MANY RIDINGS

Temperance Workers of Several Counties Prepare To Fight For O. T. A.

The chairman of the temperance workers in the following ridings assembled in the Y. M. C. A., London, Wednesday afternoon from North and South Perth, North, South and Central Huron, and the whole of the county of Middlesex, East and West Elgin, North and South Oxford and the city of London, to make arrangements to hold a riding convention on the 10th of February.

Every riding was represented and a complete understanding characterized the deliberations.

It is expected that out of the above ridings throughout, prohibitionists will rally in large numbers to ensure the permanency and enforcement of the Ontario temperance act.

The meeting gave evidence that the declarations of the disappointment following conviction for conspiracy in connection with provincial bond deals, was today given leave by Mr. Justice Macge to move before the appellate division for permission to put in as evidence certain affidavits of physicians and others respecting his fitness to serve the sentence and ability to pay the fine. The case will be under further review by the appellate division on February 10.

JARVIS ALLOWED TO FILE AFFIDAVIT ON HEATH

Canadian Press Despatch. Toronto, Feb. 4.—Aemilius Jarvis, under sentence of six months' imprisonment and a fine of \$600,000, following conviction for conspiracy in connection with provincial bond deals, was today given leave by Mr. Justice Macge to move before the appellate division for permission to put in as evidence certain affidavits of physicians and others respecting his fitness to serve the sentence and ability to pay the fine. The case will be under further review by the appellate division on February 10.

AT THE THEATRES

THE GRAND THEATRE

"Little Lord Fauntleroy."

"Little Lord Fauntleroy" in the hands of capable and talented actors, was presented at the Grand theatre last night, being the first performance of a four-day run in London. Frances Burnett's old and popular drama was well received by last night's audience, who testified to their appreciation of an appealing play admirably presented by general approval at the conclusion of the show.

Although "Little Lord Fauntleroy" as a play has been modernized to an extent, the change in dates and style of costume does not in the least detract from its worth. The manner in which it was presented last night proves probably that it is just as applicable to modern times.

Leon Woodworth as Cedric Errol, (Little Lord Fauntleroy) enacted a difficult role to perfection. She was the typical, beautiful little lord, with curly locks, probably a bit girlish but kind-hearted and lovable.

Probably the outstanding character of the drama is the Earl of Dorincourt, selfish, intolerant and miserly, until he feels the love of a child of his own blood, and learns of a new life through which happiness can be gained. This part is admirably taken by Thomas L. Bower, and in his interpretation he reveals himself as an actor of genuine merit.

The remainder of the cast must have been chosen for their roles with stage and screen effects being exceptionally well put on.

"Little Lord Fauntleroy" presented as it was last night, is good entertainment and would hold an attraction for persons of all ages.

Curiously enough, the only city which appeared to have difficulty in hearing the broadcast was London.

SERIES OF TRIALS OF BANKERS ENDS

Judgment Reserved in Case of F. J. B. Russell, Last of Directors.

Canadian Press Despatch. Toronto, Feb. 4.—The series of long trials of Home Bank directors, which have spread over the last five months concluded this afternoon, when Judge Coatsworth reserved judgment in the case of F. J. B. Russell, the last director to be tried until next Tuesday, the date upon which sentence is to be passed on R. P. Gough and J. E. M. Stewart.

His honor will deliver judgment in the case of S. Casey Wood, tomorrow morning.

Addresses of counsel in the Russell case this afternoon were very brief in comparison with those of the prior trials, and did not occupy much longer than two hours. Contrary to custom the argument for the defence was submitted first. Frank Hughes, defence counsel, laid emphasis on the evidence that the accused had bought bonds in the Western Canada Pulp and Paper Company as an ordinary investor, thus demonstrating his own faith in one of the auxiliary concerns of the bank, and it could be assumed therefore that he had similar faith in them all.

ALLEGED SLAYER ARRESTED.

Seattle, Feb. 4.—Elmer L. Manheart, 40, carpenter, wanted in connection with the murder of Mrs. Lillian Helen Morely, 23, of Victoria, B. C., in a taxicab here Sunday, was arrested in the corridors of the county building here last night by deputy sheriffs. When approached by the deputies, Manheart submitted to arrest, saying he was on his way to surrender to Sheriff Mat Starwich.

TRADES AND LABOR SEEK CITY GRANT

Ask For Equal Amount to That Allowed Chamber of Commerce.

John Colbert, at last night's meeting of the trades and labor council, took up the question of the grant made by the city council each year to the London chamber of commerce and questioned the recent statement of the secretary of the chamber to the effect that the chamber had always acted on the principle of the greatest good to the average citizen.

"I see," he said, "the secretary states that the chamber acts on the principle of what best for the average man in London. All that I want to say is to that, is what was the attitude of the chamber as a body when Dr. Cameron Wilson was mayor and a 10 per cent reduction in wages was put into effect for the outside men in the city's employ, at the same time that increases of considerable amounts were made to the inside staff."

Or again last year, when Aldermen Towse and Greer opposed the annual holiday for outside workmen, which eventually passed the city council, I would like to know if the chamber considers that on these two occasions there was no need for some action by it in the interests of the average citizen?"

"I believe that the trades and labor council is worthy of support by the city council, and that it is entitled to the same grant as is made to the chamber of commerce. Failing that, I would suggest that the grant of \$2,000 divided between the chamber and ourselves. I am sure we do as much as the chamber for the good of the average man in the city."

The committee of the trades council will wait on the finance committee of the city council to ask that this suggestion be given effect. A letter will be sent to the board of education, outlining the opposition of the trades council to the purchase of cadet uniforms for cadets. A committee of W. Tite, J. F. Thompson and R. Hessel will also wait on the board to request that no money be used to purchase cadet uniforms this year.

Uphold Fish Stall.
The city council will be asked to place two members of the trades council on the town planning commission. The two members are J. Foxcroft and A. Graves. At the next meeting of the city council the trades council will appear in a body to demand the retention of the fish stall in the market house.

In view of the fact that the city purchased its existing last year outside the city, and in view of the fact that the local union of molders has asked the trades council to take action, the council will write the city council asking that the city purchase the molders from London firms.

Officers are Elected by Oxford Orangemen.
J. A. Saunders of Woodstock County Master For Third Term.

Special to The Advertiser.
Woodstock, Feb. 4.—There was a large and representative gathering of Orangemen from all parts of Oxford at the annual meeting of the county lodges held today. James Saunders of this city was re-elected worshipful county master for the third time. Other officers are: Deputy Master, James Coulter, Woodstock; chaplain, Bro. O. E. Wolstein, Tillsonburg; recording secretary, H. A. Silver, Ingersoll; treasurer, F. E. Eaton, Ingersoll; C. D. of C. D. Brown, Woodstock; lecturers, Robt. Pierce, Woodstock, and Bro. Sargent, Tillsonburg.

Miss Eleanor Farrington.
The death took place today of Miss Eleanor Farrington, daughter of the late James and Eleanor Farrington, who were among the Scotch pioneers to settle in East Oxford, where Miss Farrington was born 69 years ago. Miss Farrington took a very active interest in Chalmers church, especially in the foreign missionary branch of the work. She has lived in Woodstock with her sister, Elizabeth, for the past 25 years. Besides the sister, two brothers survive, Dr. J. H. Farrington of Glendale, Calif., and John of this city.

Boys' Work.
Taylor Statten, national boys' work board secretary, this evening addressed a banquet of ministers, Sunday school superintendents and boy workers held under the auspices of the Woodstock boys' work board. Mr. Statten's address was an eloquent plea to the leaders to take a greater interest in the C. S. E. T. program for boys. Following his address, a campaign was organized for the selling of bonds for the Ontario boys' work board, this being fostered by Stanley Webster, the boys' M.P.P. for Woodstock. The objective for the city is \$75, and it is expected that it will be passed without difficulty. At noon today Taylor Statten was the guest at luncheon of the principal and staff of Woodstock college, and delivered an inspiring address to the boys.

Woman Posed As Boy 4 Years

Associated Press Despatch.
Colorado Springs, Colo., Feb. 4.—After posing as a boy for four years, Nita Smith, arrested by Colorado Springs police yesterday, they reported last night. Shortly afterwards, Warren B. Thompson, 32, who claimed to be her father, was arrested at a hotel. The pair are held in connection with investigation of an oil promotion scheme, in which Thompson is alleged to have leased 30,000 acres of land near Florissant, Colo. Miss Smith says she was born in Toronto.

RIENTS FORCE "Y" ACES TO OVERTIME

after Ran in Four Points For Win Margin in Thriller.

Orient club five, playing a decidedly better brand of basketball than they have so far this season, gave the "Y" Aces a close run for the honors of the local intermediate O. A. B. A. title, forcing the yellow jacks into five minutes overtime to take a 29 to 25 win at the Y. M. C. A. last night. The game was fast and of the rough and tumble kind, two of the Aces, Frank Shaw and George Young, and two Orients, Jerry Goodman and Harold Gillies, being banished with four personal fouls each.

The defence work of both teams was superb, both forward lines being forced to do their shooting from outside. In defeating their strongest opponent in the local group the "Y" boys look to be the team to capture the intermediate title.

The winners were leading at nearly every stage of the game, although the Orients hung on with a doggedness that kept them right up on the bit. Charlie Barbour and Jerry Goodman were the point getter for the losers, while Frank Shaw took on the bulk of the work for the group leaders.

The line-up:
Orients—Forwards, Lawrence, Barbour (13); center, Gillies (3); guards, Lindsay (1), E. Chapman (2); McGovern (2); Casselman, Rourke.
Aces—Forwards, Smith (5); Young (5); center, Shaw (10); guards, Quick (6); Lightfoot, subs, Pierce (3); Baikwell.

Referee—McLennan, Western U.
In the preliminary game the Western Juniors captured the first win of the season from the local school, when they took a close mix from the "Y" Tigers, 29-18. The college boys showed decidedly better than when they were defeated by the Tigers two weeks ago and outplayed the "Y" team in every department of the game.

The line-up:
Tigers—Forwards, Logan (3); Murray (4); center, Vollick (5); guards, Haddfield, C. B. Chapman (2); subs, Lindsay (1), E. Chapman (2); McGovern (2); Western Juniors, Howell (3); Rice (7); center, McConvery (2); guards, Farley (2); Allen (2); subs, Simpson (4); Laird.
Referee—R. F. Baird.

Two of Shagmen on Cage Lineup

McGill Football Stars Appear Here Friday.

When the red and white step out on the armories floor on Friday night next in a senior intercollegiate basketball competition, the citizens of London will have an opportunity of seeing one of the fastest going quintets in Canada. Indeed, there is very little to choose between three senior teams who have played home matches to date, and those who visit the armories on Friday night next will find that Western is no far behind. Captain Howell is the authority for the statement that his team is the one to watch when the bell rings. He states that the team was handicapped last week because of so many preliminary academic examinations.

It will be noticed that two prominent football men are playing for McGill. Philpotts is indeed one of the fastest scoring aces in the game. In the recent match against Queen's at Kingston he was responsible for 12 points, while Manson, a well-known football player, was also in the line. The team has scored eight points for his team in the last game.

The line-up:
McGill—Forwards, Philpotts, Boucher; center, Manson; guards, Hilton, King; subs, sals, Bloomstein, Ratolovich.
Western—Forwards, Howell, Warren, McHaffie; center, Hungerford; guards, Johnson, McLennan, Coles.
The game commences at 8 p.m.
The second game will be a Junior O. A. B. A. fixture, the St. Thomas Oriens playing the Western Juniors. This game will commence at 9 o'clock. The doors are open at 7:15.

ONTARIO HOSPITAL CLUB HOLDS ANNUAL DANCE

Over Two Hundred Present at
Function in Gaily Decor-
ated Ballroom.

The annual dance of the Ontario hospital club was held last night at the Ontario hospital. The ballroom was decorated in the club colors, blue and white. Over two hundred guests were present when the Orpheus orchestra started to play. Among those present were Mayor and Mrs. George Wenige.

The three silver trophies won by the cricket team in 1924 were on display and were the center of an admiring throng.

The committee in charge of the dance was Dr. W. J. Robinson, honorary president of the club; Charles Goodman, president; Dr. Stevenson, Dr. Chalk, Dr. Abraham and Mr. E. Webb, vice-presidents; J. P. Toomay, McKinley, A. Davies, G. Rankin, J. S. C. Walker and Arthur Davies, secretary-treasurer of the club.

News From City Churches

ST. MARK'S A. Y. P. A.
A most enjoyable sleighride party was held on Monday evening, when the members of the A. Y. P. A. of St. Mark's Anglican church went out on the Dundas highway, returning after the drive to the church, where hot refreshments were served. The president, Harold Skellett, was in charge of the arrangements, and Miss Maude Pearson, convener of the social committee, was in charge of the refreshments. The evening concluded with several games and music.

MARION KEITH CLUB.
The members of the Marion Keith club of St. Andrew's Presbyterian church met on Monday evening for their supper meeting. Mrs. Adams and Miss Viola Stevens were in charge of the supper hour, after which the president, Miss Audrey Webster, presided for the business session. The prayer was given by Miss Ruth Watson, after which Miss Stevens read the scripture lesson. The discussion on "Can I Pray?" was led by Miss Dorothy Silverwood, and the church was most interesting and greatly enjoyed. Following the minutes, Miss Maybelle Purdon gave a report of her committee, after which Miss Silverwood moved that the treasurer pay Miss Purdon for the flannellette she bought. It was seconded by Miss Anne MacGregor. Mrs. Adams gave a very interesting talk on the girls' rescue home of the Salvation Army.

ROYAL CIRCLE.
Mrs. Horton, Egerton street, entertained the members of the Royal Circle class of the Centennial Methodist Sunday school at her home Monday. Music and games were greatly enjoyed by the guests, and at the supper hour the hostess was assisted in serving refreshments by Mrs. Joseph Calk, the teacher of the class, and Miss Allie Wright.

ST. MATTHEW'S TEA.
Mrs. B. Davies loaned her home on Woodman avenue Tuesday afternoon to the ladies' channel guild of St. Matthew's Anglican church, when they entertained in the afternoon and evening in aid of their flower fund. In the afternoon tea was poured by Mrs. R. Harvey, and in the evening Mrs.

R. Stanley presided at the pretty tea table. Mrs. Walters and S. Smith assisted in looking after the guests. A delightful program was also given, when solos were contributed by Mrs. Davies, Mrs. Smith and Mrs. English. There was also a duet by Mrs. English and Mrs. A. Henderson, accompanied by Mrs. L. Short, L.L.C.M. The event was very successful and a nice sum of money was realized.

DELIGHTFUL EVENING.
The parsonage of the Wellington street Methodist church opened its doors Tuesday evening to a number of guests, when Mrs. G. T. Watts entertained at a 6 o'clock dinner for the members of the teachers' training class. Covers were laid for 14 at the long table, attractively decorated in red with valentine suggestions, in the spacious dining-room, where shaded lights were very effective. During the evening Rev. G. T. Watts distributed the credit cards to the successful scholars, who had written on the fourth book of the first year's course. Of the nine original members writing the examination, all passed with good marks. These examinations are set by the religious educational department in Toronto. Those who obtained their credit cards were the Misses Dorothy Prow, Ruby Wallace, Emily George and Jean Brown, Clayton W. W. Meredith Henderson, Ben Foulkes, Milburn Brady and George Winder.

Games and music were also enjoyed throughout the evening, and several mental tests also held the interest of the guests. At the close of the happy occasion Ben Foulkes expressed the appreciation of the class in a few very well chosen words, and A. Dent made a suitable reply. Five new members, making fourteen in all, are beginning the course of studies for the second year, when the first book taken up will be "The Teaching Values of the Old Testament." The books just completed were "The Pupils," "The Teacher," "The Teacher's Life of Christ" and "The School."

HYATT AVENUE L. A.
The regular monthly meeting of the ladies' aid of the Hyatt avenue Methodist church was held Tuesday at the home of Mrs. W. S. S. Nelson street, with a large number present. There were also five visitors. During the business session plans were made for a quilting bee to be held in the church next week, after which tea was served, with Mrs. Brown and Mrs. Hutchinson as joint hostesses of the tea hour.

BUSY BEAVERS.
The busy beavers of the Robinson memorial church held a delightful skating party recently at Victoria park, after which they returned to the home of their teacher, Mrs. K. P. Nivelle, Bridport street, where a light buffet supper was served. Miss Louise Nivelle assisted her mother in looking after the guests, who included the Misses Blossom Powell, Ada Wigmore, Helen McConnel, Hazel and Meryl Francis, Grace W. Elsie Jeffrey and Trelace Hodgins.

MAITLAND STREET B. Y. P. U.
The regular meeting of the senior B. Y. P. U. of the Maitland street Baptist church was held on Monday evening, with Miss Rita Edwards and her group in charge. Tom Yall read the Scripture lesson and Jack Gillmore gave a splendid little talk on "What the bible teaches about prayer." The B. Y. P. U. quartet sang a selection, "Sowing the seeds," after which Frank Scott also spoke on the same topic as Mr. Gillmore. Archie Gillmore rendered a violin solo, and the following new members were added to the roll: Chester Haylock, Miss Gertrude Morgan and Mrs. Mrs. Tom Yall. There was a large attendance.

ONWARD BIBLE CLASS.
The members of the onward bible class of the Colborne street Sunday school met at the home of Mrs. MacArthur, Thornton avenue, for a social evening Tuesday night, when they also sewed, accomplishing a great deal of work. During the evening refreshments were served by Mrs. Gair, Miss Hardy and Mrs. P. R. Allen.

COLBORNE STREET L. A.
Mrs. W. J. Boss, Ridout street south, entertained for the members of the ladies' aid of the Colborne street Methodist church Tuesday afternoon at her home. The house was attractively decorated with palms and spring flowers, and the following program was greatly enjoyed by the ladies: Vocal solos by Mrs. D. J. MacGuire, accompanied by Miss Powell, and reading by Miss Olive Boss. Tea was served by the hostess, assisted by Mrs. Trafford, Mrs. George Galbraith, Mrs. P. R. Allen, Mrs. W. J. Brandy and Miss Boss.

COLBORNE STREET M. C.
The members of the mission circle held their regular meeting at the home of Miss Patricia Fletcher, Colborne street, Tuesday, with the president, Mrs. E. Howard, in the chair. The scripture lesson was read by Mrs. L. P. Plinn, after which Miss N. Forte gave a reading on Christian stewardship. A temperance reading was given by Miss Rose Friend. Mrs. W. McAdams contributed a vocal solo, and a portion of the study book, "China's real revolution," was given by Miss Doris Liddicoat. Five new names were welcomed to the circle and arrangements were made for a sale of home cooking to be held in the near future. The meeting was also the occasion of the birthday of the president, who received a lovely bouquet of daffodils. Dainty refreshments were served by the hostess, who was assisted by her sister, Mrs. J. Turnbull.

CLASS 27.
The regular monthly meeting of class 27 of the Dundas centre Methodist church was held Tuesday night in the primary room of the Sunday school. When the secretary reported that the members had raised \$54.84 had been spent on milk for babies during the year; that at Christmas time they had looked after several needy families, and that since then they have bought two bolts of flannellette and made it into baby undergarments. It was decided that the members should look after the needy families, and a number of past members of the class. The small table of the room with gay red hearts and red candles. At the conclusion of the tea hour one of the members moved a vote of thanks to Miss Paige, Miss Bawlinheimer, Miss Trace and Miss Wilson, who had arranged the delightful party. Games were also enjoyed by the members.

Tariffs and U. S. Wheat.

United States maintains a tariff of 42½ cents per bushel against Canadian wheat. There were some fine theories spun when this remarkable concession was granted to the agricultural districts in the western states. It was to work out this way—Canadian wheat would be kept out of the U. S. market; the farmers, having the field to themselves, would have more customers; this demand would create better prices. The farmer would, of course, have more money, and the manufacturers and business interests generally would sit at the receipt of customs and all would prosper.

The theory was so economically unsound that the wonder is any person seriously entertained it. The way in which it has failed to make the farmer of the western states prosperous is so apparent as to place the plan in the ranks of things that are politically stupid.

Wheat, corn, cotton and hogs, all grown by United States farmers, are world commodities. The price of wheat is not regulated by the tariff that Washington puts against the Canadian article, not even if it were raised to a dollar per bushel. That figure is regulated by the world market which centers at Liverpool, and will probably continue to do so for some time to come, and the foreign market dictates the price the farmers in United States will receive just as it dictates the price to the Canadian producer.

Nor is it possible, although some of the tariff tinkers at Washington think otherwise, to hold United States wheat to the point where it can dominate the world market. The reason for this is plain—there are countries all over the world harvesting wheat crops at different seasons of the year. This table runs as follows:

January—Australasia, Chile, Argentina.
February and March—India and Upper Egypt.

April—Lower Egypt, Asia Minor, Mexico.
May—Algeria, Central Asia, China, Japan, Texas.

June—Turkey, Spain, Southern France, and the states of California, Tennessee, Virginia, Kentucky, Kansas, Utah, Missouri.

July—Rumania, Austria, Southern Russia, Germany, Switzerland, France, Southern England, Eastern Canada, and many of the U. S. districts.

August and September—Holland, Belgium, Denmark, Poland, Canada, U. S. Dakotas.

September to December—Scotland, Sweden, Norway, Northern Russia, Peru, South Africa.

This world rotation is something the tariff makers cannot regulate; it brings almost every month new wheat into existence. It may be that some of the countries do not become exporters of wheat, but their own crop at least prevents them from coming in as customers for the world surplus.

President Coolidge has an agricultural commission, and its advice, reduced to a few words, is that the farmers should decrease the production of wheat, which it claims would create a higher price. The experience of any man who has followed the farm for any length of time would show the folly of such an idea. In Western Canada a great crop was grown in 1923; in 1924, with almost a similar acreage, there was a decrease of millions of bushels; the weather conditions attended to the decrease. Grain crops cannot be put through with the regularity of a manufactured article. Rain, drought, frost, even dry winds, rust, and other elements all enter and they cannot be regulated by time clocks or the factory whistle.

So the farmer of the western states, in between crops, has been wondering what all this manipulation of tariffs on wheat has done for him. There are places where a tariff will work, but it is too weak an instrument to raise against conditions which are world wide.

Making a Discovery.

The federal department of mines has issued a warning to speculators about the danger of putting money into mining schemes. The department seems to have made a startling discovery, for it states:

"Minerals of value seem to have the unhappy faculty of concealing themselves in out-of-the-way places and under the cover of vegetation or soil."

This finding will come as a great surprise, as the general impression has been that diamonds, gold, silver and all manner of precious things were always lying right on top of the ground waiting for people to pick them up. The official making that discovery should at least have a leather medal.

He Kept His Plume Clean.

The Manchester Guardian pays this clean-cut tribute to that great French soldier who died recently, General Lanrezac: "He knew how to keep his plume clean."

The words are aptly put, and the history of the case warrants them. Lanrezac was not an arm-chair soldier; he was commander in August of 1914 of the French fifth army on the right of the British force that met the Germans at Mons. It is generally agreed that he was the one high commander, French or British, except Sir Horace Smith-Dorrien, who came with credit through that most critical first month of the war.

The facts of that first month of fevered activity are tangled; many of those who could have told them never returned, but as far as reliable record can go it was Lanrezac who tried to save Joffre from the blunder of leaving the

Franco-Belgian frontier weakly defended and throwing the bulk of France's power into a big offensive in Alsace-Lorraine. At the Meuse it was again Lanrezac who checked the Germans on the eleventh day of the war. It was he, with Smith-Dorrien, who seemed to possess at every turn that instinct which judged in advance the next move of the German army.

Sir John French, according to another claim made by the Manchester Guardian, was apparently too bewildered to recognize either the right time to retreat or the right time to refrain from retreating, yet found time to continually nag at these two great soldiers, Smith-Dorrien and Lanrezac. He even carried this spirit of criticism into print in a post-war book called "1914," but this book was met by such a withering and destructive criticism by Hon. J. W. Fortescue, historian of the British army, as to constitute the greatest pen punishment ever given to a British general.

It was pointed out then that Lanrezac, like Smith-Dorrien, was in the dangerous position of having done better than his official superiors, and that these two were of the peculiar type that could win battles but could not gain their rewards.

Through it all General Lanrezac kept his peace; any battles he had to fight he preferred to do out on the field when a real enemy was in sight. Yet he did have his reward, for the French government bestowed on him within the last year the highest decoration in its gift, and Lanrezac added the final touch of a real soldier by writing his own account of those memorable first months of the war, and in the whole document there is no sign of sourness or a desire to retaliate. "He knew how to keep his plume clean" is a tribute aptly put and worthily bestowed in this case.

Tests That Prove Nothing.

Sir Purves-Stuart, senior physician at Westminster hospital, London, Eng., continues his crusade against verbal tests for drunkenness. He says it is folly to ask a man charged with being drunk to say "terminological inexactitudes," nor did he think it was fair to use a phrase as "the Leith police dismisseth us."

The court officials might try this one: "The sea ceaseth and it sufficeth us."

As far as a test for drunkenness is concerned, any of these phrases would prove nothing at all. There are many people perfectly sober who could not repeat them standing in a police court box.

Note and Comment.

The stairs at the so-called London South collegiate are reported safe. Thus the path to higher education is once more safe.

Hamilton had another bank robbery, and as usual "the police are searching for a big sedan which was seen speeding away."

Texas has been freed of grasshoppers by the cold weather. Come to think of it, we haven't seen many of them around here lately.

Chicago man made a million out of wheat—but he wasn't the farmer who grew it. He started in juggling with it after the farmer let go.

Operations are now resorted to in prevent criminal tendencies. Nothing new about that, for in the Bible it is written, "If thine eye offend thee, pluck it out."

London will try and bring the provincial plowing match here if it doesn't cost too much. The aldermen are not keen on running too deep a furrow in the ratepayers' pockets.

Toronto board of education is considering taking up the use of coal exclusively for heating school buildings. It takes keen thinking to face the heating problem after they've burned up all the rail fences.

James Ling appeared in police court at Nelson on a charge of having stolen a watch. He was let off on suspended sentence under the following stipulations: (1) That he remain near his home, (2) refrain from smoking, (3) must indulge in outside sports only, with the exception of dancing, in which he can indulge. Wasn't it Mr. Bumble who remarked that "the law is a hass"?

Holdin' Elections

How come the folks in Kitchener when votin' there few weeks gone back, to have some men a-sittin' round as though they looped to load the pack. Likewise in Ford they say as how they put the business on the rocks by havin' folks a-hangin' round and tinkerin' with the ballot box.

St. Catharines she gets into print from votin' like she shouldn't do, it be no pleasin' thought at all to humble folks like me and you.

Which set me thinkin' of the day before they voted with a pen, when we was walkin' to the polls and heavin' out the worthless men. Yes that was back in '62 when woolen yarn was what we wore, and when we went to Perkins' house and says who we was votin' for.

Elections what we had back there was heaps ahead in many ways of what we've got from takin' on such scientific sort of ways. Folks used to take their votin' keen, and run the thing straight by the law, they'd hit a speaker with a rock and cleave the whiskers from his jaw.

When we had meetin's in them days they used the log school for a hall, and if they was no school house 'round they couldn't make no speech at all. But when they was a-speakin' then they wigwag an oily tongue, but hollered out until they bust or got a cramp 'longside their lung.

And when come round the votin' day we put fresh butter on our hair, we put more tallow on our boots and sniffed the fightin' in the air.

When we got down to Perkins' house the books was open there for us, they wasn't wartin' signs stuck up, nor any useless sort of fuss. You simply swung the farm gate out and walked in Perkins' front hall door, and says so all around could hear just who you was a-votin' for.

It seemed the proper way to vote, they writ your name inside a book, and never asked when you was there how many drinks as you had took. But maybe how the votin' then was done in ways that's fair enough, they didn't have in '62 no ballot boxes there to stuff.—ARK.

To the Editor

Memory of Col. Robson.

Member of County Council at Time of the War Pays Tribute to Worth of the Late O. C. of County Battalion.

Editor of The Advertiser:
Sir,—Just a line inclosed to the memory of Colonel Bart. Robson. I knew him well, as I happened to be a member of the county council when the colonel was recruiting for the 185th Battalion.

Gone to that land that knows no war,
His noble soul now stands
At the throne that calls for par,
The heroic deeds that stood him here
Will stand that greater test,
For God supreme did pave the way
That he did tread to rest.
The colonel was a man of few words, but he never asked for anything from the county council but what he received during his recruiting campaign. He seemed to be afraid that he was asking for too much any time he ever made a request, and that humble spirit always carried him through.

A Time For Quiet Thought.

If Minorities Start Building More Churches Writer Believes Whole Plan Will Be Handicapped.

Editor of The Advertiser:
Sir,—It does seem to me that if we are going to work out a plan for church union that will meet the desires of those who are going into union, or those who are staying out, we must think carefully and prayerfully before we decide to act.

I hear a rumor that the anti-unionists, for instance, are thinking of building a new church in London South, and I have noticed several despatches in the papers where minorities on either side have decided to start a building fund campaign.

Is this not going to defeat the very purpose of union? One of the chief desires was to do away with duplication of effort, and if possible decrease the expense here so that there would be more to spend in places less favored. Building new churches in old settled parts of Ontario to my mind is a mistake, no matter from what angle it may be viewed.

Small Wage Gets Smaller.

Ferryman on Sydenham River Get Notice That They Will Get \$1.25 Per Day When Season is Open.

Editor of The Advertiser:
Sir,—The Sombra township council has notified the four ferryman on the Sydenham river that their pay in future will be \$1.25 per day during the season of navigation, with no payments during the closed season. These ferryman heretofore received \$1 per day—\$365 per year.

This change is made on the plea that expenses must be curtailed, because they purpose building a bridge to take the place of one of the ferries. The question arises—Did they manifest the same feature of economy all through the chapter, with reference to the other employees of the township? What is the salary to the highway commissioner, to the man who scrapes the roads, and the rest of them?

Is it any wonder Canada spends money trying to get Europeans to come in, while the U. S. employs a small army to keep them out?

A Matter of Plain Business.

When Conditions Make It Possible to Live on a Farm and Earn Money There Will Be No Need of Props.

Editor of The Advertiser:
Sir,—Newspaper readers are not at all backward about giving the editor a nudge when they think his views are off the track, so for a change I tender a few words commending a recent article entitled "Putting Props Under the Farmer."

The conclusions drawn rested upon a common-sense application of facts, rather than fancies. Given a fair opportunity and an adequate return for labor and investment, farmers and their families will contrive to stand without propping and manage their own socializing. When along country roads one sees so many farm houses, once occupied, now empty, farming land falling into fewer hands and large areas reverting to pasture, plainly owners have drifted away and young people are going to town for remunerative occupation not at present available in the country.

Rural school pupils, with teaching or the professions in view, are taking advantage of courses at the very successful continuation schools, doing high school work, established lately in so many villages, and those going after office employment, etc., are attending commercial and other preparatory institutions. Because of dwindling school population there are localities where sections might well be combined.

As The Advertiser pointed out, consolidated schools (regarded impracticable under winter road conditions) or social centers would not meet the case. The outlay, initial and subsequent, involved added to the existing load of taxes would rather tend to aggravate the situation. A Toronto newspaper writer has dreamed that a radio on every farm would do the trick. Fine slogan, that! A "loud speaker" equipment might at any rate encourage the development of recreational and family home life which The Advertiser has commended. In the meantime, practical plans to insure profitable rural occupations for more people, young and adult, appear to have the call.

"DOLEFUL SOUNDS"

ONTARIO SPIRIT LAUDED BY MARITIME EDITOR

James D. McKenna Writes C. of C. Here in Appreciation of Reception.

James D. McKenna, M.L.A., president of the St. John, N.B., Evening Times, and the Telegraph-Journal, in a letter received today by the secretary of the London chamber of commerce, expresses his thanks for kindnesses received while in London recently. Together with H. M. Belding, editor of the Telegraph-Journal, Mr. McKenna was in London during a Dominion-wide tour, in which he was pleading the cause of the Maritime provinces as the natural outlet and shipping point for Canadian-made goods.

In the course of his letter he says: "Nothing could have been finer than the reception our representatives received, and nothing more encouraging than the pledged support which was in evidence in every city in which we spoke. It was an inspiration to find the big businessmen of Canada so strongly behind Canadian nationalism."

"The national port mission to Ontario has not only done much to focus attention on the Canadian ports of Halifax, St. John, Montreal, Quebec and Vancouver, but it has been a particularly effective advertisement for the manufacturers of Ontario who, without any apparent justification, were regarded in the Maritime Provinces as being opposed to the interests of this section of Canada. I am pleased to say that I found every man I met in the Maritime provinces, and I am writing to tell you that in our papers we have pointed out, and will make, how cordial your people were in their advocacy of our interests."

MANUAL TRAINING WORK PLACED ON NEW BASIS

For some two or three years past the manual training department of the public schools has been turning out certain articles in the department for use in the different schools.

To date, however, no list had been made of just what articles the department make, and the principals of the different schools knew what articles could be made by the young pupils of the department.

Now a list has been prepared and forwarded to all the schools, including the following articles: Bulletin boards, bookracks, filing boxes, rulers for lower grades, kindergarten blocks, plant stands for windows, adjustable art stands, hat and coat trees and book carriers.

In addition to serving the pupils of the Empress school the two departments when completed will serve as well the pupils of the Talbot street school. Formerly the pupils of Empress avenue school had to attend the household science and manual training classes in Riverview school, but with the erection of the new \$150,000 building, accommodation has been provided in this connection.

WILL RETURN TO CITY.
Harry Garside, well-known ball-roller of East London, who is at present following his vocation in Port Limon, Costa Rica, will return to the city with Mrs. Garside in May. Dave McLaugh, car distributor of the C. N. R., received a letter from the former Londoner this morning.

Deadlock Holds At Opium Parley

Associated Press Despatch.

Geneva, Feb. 5.—The only accord reached here yesterday in regard to the problem of opium smoking in the far east was an agreement to disagree. Such was the negative result of a meeting of the sub-committee of the international opium conference appointed as a last resort in an endeavor to find a solution satisfying both the United States delegates and those of the European powers with far eastern possessions. The future of the conference was regarded as exceedingly dark.

PLANS ARE DRAWN UP FOR UTILITIES BANQUET

Arrangements are being completed for the annual public utilities commission banquet to be held Saturday night next at 6 p.m. in the hydro shop.

Those who have been placed in charge of the arrangements for the banquet, at which it is expected about 25 persons will sit down at table, are: Refreshments and seating, G. W. Blay; floral decorations, E. E. Graham; lighting, W. J. Jackson; menu and place cards, E. A. Gray; music and entertainment, J. W. Peart; radio entertainment, C. W. Alford; invitations, O. Ellwood.

PROVINCIAL SLEUTH SENT TO KITCHENER

More Arrests Expected in Vote Scandal—Detective Boyd Mum.

Special to The Advertiser.
Kitchener, Feb. 5.—Detective Al Boyd of the attorney-general's department, Toronto, has been here at the instance of his chief to look into municipal affairs and the recount of the ballots cast at the last municipal elections.

During his visit he called on Crown Attorney Bowly and Mayor Asmus, but had no comment to make as to the result of his investigation. From what can be learned, however, that those citizens who got the machinery in motion to have a recount will insist on a complete recount of all polling subdivisions, as they are of the opinion that other arrests must necessarily follow as a result of complete investigation.

COUNTY BLUES HOLD UP PARLEY

Annual Election Will Be Held When Candidate Is Selected.

East Middlesex Conservatives, taking a leaf from the "blue" book of their city brethren, are postponing the evil day of the annual meeting as long as possible.

According to Hoyle and time-honored custom, the Tory farmers of the district were due to elect officers on Jan. 31, but road conditions in the country were not such that the tried and true followers might turn their bob-tailed nags in the general direction of London. It was decided, therefore, that two birds or half a dozen if need be, could be killed with one stone, and the annual meeting will not be "pulled" until the Melghen men gather in March to nominate a candidate for the federal house.

"I think we should have the meetings separately," declared one Conservative this morning. "A candidate might want a little time to think things over."

"You're all wrong," replied his friend. "From what I know, we are going to have almost as many candidates as there will be delegates at the meeting. First and foremost, there is Bill Boler, deputy reeve of Westminster township. He polled the largest vote ever given a candidate in that district township year ago, and this year he was returned by acclamation. Boler's claims will have to be considered, and so will those of A. C. Hodgins, reeve of London township, and J. L. Robson, president of the association. Don't worry about candidates. We will have lots of them."

KIWANIS TO FROLIC AT NEW UNIVERSITY

Long Awaited Tour Will Be Made Tonight—Dinner and Dance, Too.

London Kiwanis will invade the precincts of the University of Western Ontario tonight for dinner, inspection and, later, a dance. Ever since the new buildings were opened members of the club have wished for an opportunity to visit them as a body. Tonight they will have this opportunity.

At 6:30 the Kiwanis will have dinner in the university cafeteria. After this they will listen to an address on the university by Fred Landon, librarian, and later will go over the buildings. When they have finished their tour they will hold an informal dance. Wives of members of the club have been invited to shed the light of their countenances on the gathering and also to act as dancing partners. They have promised to come and the evening is expected to furnish a social relaxation to the tired businessmen and as a welcome change from their weekly luncheon on Friday.

WOMAN IS BADLY BURNED PUTTING GREASE IN FIRE

While throwing a quantity of grease in the furnace at her home, Mrs. C. Wheaton of Port Stanley was badly burned about the face and neck yesterday afternoon.

A doctor was called and medical aid given, and it is reported that Mrs. Wheaton is much better, although suffering from intense pain. This is the second case of this kind in Port Stanley during the last month. Two weeks ago Dr. J. Mothersill had his face burned in the same manner.

MARGARET CURRIE RECEIVES HUNDRED THOUSAND LETTERS

Editor of Largest Journalistic Correspondence in Canada Visits London.

MRS. ARCHIBALD

One hundred thousand letters! This stupendous avalanche of mail has come pouring into the letter box of Margaret Currie since she opened it to the public in 1914, through the office of the Montreal Star.

Margaret Currie in private life is Mrs. Eldred Archibald, formerly Miss Irene Love of this city, who is now the guest of her sister, Mrs. Francis Ware. She comes to London to address the Women's Canadian club on Friday afternoon, her subject being, "The Gentle Art of Living."

No journalistic correspondence in Canada is so large as that which occupies Margaret Currie. And what is most unusual about half of her letters are from men. She says that one man has been writing ever since she opened her mail box in 1914, and for the first few years he wrote every day. Only a remarkable personality could inspire such interest as this.

Began as War Work. "I began the correspondence as war work at the request of the Star," says Mrs. Archibald. "At first it was an endeavor to get people interested in conservation during war time, and I asked the public for ideas about thrift and household economy."

"From this beginning my work grew into a general correspondence which has increased rapidly, and still continues to grow. People come seeking advice about everything from questions about the care of the hair and skin to love problems and matrimonial difficulties."

So numerous have become the beauty questions, that Mrs. Archibald has to have on hand multiplicated copies of answers—an answer to fit every question.

"How can you have the patience to answer their silly questions?" she is often asked. And inevitably the reply is:

"I don't think they are silly. These people want an outlet for expression, just as everyone else. And they seek the outlet in my correspondence, and I am always interested."

"Often correspondents write to each other through my page, and frequently quite a controversy results, all of which has its own place in making the work fascinating."

Social Service Work. Mrs. Archibald finds great scope for social service work through her mail box. She writes in cooperation with the social service societies of Montreal, and in this way brings relief to many a needy family.

Often persons in distress will write to her about their troubles when they will not ask for charity. She is then able to bring these cases to the notice of the social service officials, who often give relief. Since the organization of the men's directorate to aid the unemployed, she has been able to help in many instances by working through that body.

"The work is a great joy to me," says Mrs. Archibald. The human in-

Picture Hat Again Taboo

Associated Press Despatch.

Paris, Feb. 5.—The spring offensive of the "picture hat" has failed for the third successive season and milliners fear that small chapeaux will reign supreme until women allow themselves more hair than at present.

The hats worn here are close-fitting, especially at the back, where there is frequently no brim or a small turned-up one at the most. Crowns are high and are pinched and pulled about to rob them of stiffness or harshness. The brim, too, follows no set line, but is shaped to suit the face.

Black, beige and leather brown continue to be the colors most worn. Suede hats are also popular.

Interest in it makes it always interesting. Everybody's problem is interesting because, after all, people have common problems.

W. C. A. TO CELEBRATE 50TH ANNIVERSARY

Members Make Plans at Yesterday's Meeting—May Erect Tablet.

The members of the Women's Christian association at their meeting yesterday afternoon at the Aged People's home, made plans for the celebration of the 50th anniversary of the founding of the society in March. The suggestion was made that this event be marked by the erection of a tablet bearing the names of the founders. No definite plans will be made, however, until the next meeting of the society.

Mrs. C. B. Hunt presided. A great amount of routine business was transacted.

RECTORY STREET CLUB. The regular meeting of the Rectory Street Mothers' club this week took the form of an outside party. Following a short business meeting, in the school, the members repaired to the school yard, where outdoor games of all kinds were played. Following an hour's fun outside, the members returned to the kindergarten room of the school where a hot supper was served from tables prettily decorated with the school colors. Baskets of roses adorned the table. Mrs. F. Erdman was convener. There were several teachers present.

MISS JANIE THOMAS.

Here is a photograph from a portrait by E. Wyly Grier of Miss Janie Thomas, who for 42 years has been a member of the teaching staff of Jarvis street collegiate institute, Toronto. The original is being presented to Miss Thomas on behalf of the hundreds of her former pupils throughout the dominion on the occasion of a "Jarvis reunion," which is being held in Toronto today.

Dorothy Dix

The Young Man Whose Fiancee Wants a Showy Engagement Ring Instead of a Home.

Dear Dorothy Dix—I am a young man engaged to be married, but when I told my fiancée about the engagement ring I had picked out, which I thought was all that a man in my circumstances could afford, she immediately informed me that she would not have it, and told me the kind of ring she expected. I was wrong for me to meet my sweet, that she will be a very risky matrimonial proposition.

Dear Dorothy Dix—I am one of a very large family, and have several older sisters. A splendid young man wishes to marry me, and his family approves of the match, but my family have forbidden me to marry him, or even to see him, because they think that I should wait for my sisters to marry before I do.

Do you think that parents have the right to plan their children's lives for them? Have they the right to keep a younger daughter from marrying, if the older ones are single? Have the sisters and brothers a right to interfere? Is it wrong for me to meet my sweet heart on the sly when he cannot come to the house?

I. M. HOPEFUL.

gance before you married her, and if she still demands a diamond ring that you cannot afford, instead of being satisfied with the one you can give her, you will be wise to conclude that she cares very little for you, sweet, that she will be a very risky matrimonial proposition.

DOROTHY DIX.

Dear Dorothy Dix—I am one of a very large family, and have several older sisters. I. M. HOPEFUL.

ANSWER:

No, to all of your questions! Parents have a right to try to guide their children and shape their lives along the right lines, but they have no right to try to force a child into conforming to their every plan. Every human being is a separate individual, with his own peculiar abilities, tastes and desires, and these very often are entirely at variance with his parents.

As for your sisters interfering in your love affair, pay no attention to them. They are probably jealous.

Happy Jack Squirrel Is Nearly Caught By That Cunning Hunter, Reddy Fox

By THORNTON W. BURGESS.

There is such a thing as being too thrifty. Yes, sir, there is. Those who take foolish risks because of thrift are too thrifty. It was because he was too thrifty that Happy Jack Squirrel was very nearly caught and then got into trouble.

Happy Jack hadn't stopped long to talk with Peter Rabbit, who was sitting in the bramble-tangle on the edge of the Green Forest. Happy Jack wouldn't waste time talking. He is too thrifty for that. So he soon started running about, looking for more nuts buried under the snow. How he knew where they were Peter couldn't understand. But it was clear that he did know. He would suddenly stop, begin to dig in the snow, and presently up he would come with a nut. He was so intent on hunting for those nuts that he grew careless. He got farther and farther away from the trees.

Now, unseen by Happy Jack, Reddy Fox had come stealing through the Green Forest. The instant he saw Happy Jack, Reddy crouched down and didn't move. He kept his eyes fixed on Happy Jack. Every time Happy Jack's back was turned to him he would steal forward swiftly. He saw that Happy Jack was so busy hunting for nuts that he had forgotten to watch out. He saw that Happy Jack was getting farther and farther away from the trees. Reddy grinned and licked his lips. Hunger and eagerness showed in his eyes. If only Happy Jack would get far enough away from a tree Reddy knew that he would catch him. Yet see Reddy can run much faster than Happy Jack.

At last Happy Jack started to dig in the snow for some distant tree, the nearest tree, and that tree was a small one. Reddy waited until he could see only Happy Jack's tail above the snow. Then swiftly he crept forward, his eyes fixed on that big gray tail. It was then that Peter Rabbit saw him for the first time. You know Peter was in the bramble-tangle looking out. Peter saw Happy Jack's danger. His heart seemed to jump right up in his throat. "Oh! cried Peter under his breath. "Happy Jack will be caught!" Then Peter thumped with his hind feet. It was his danger signal.

Instantly Happy Jack popped out of that hole in the snow. Of course,

ALL LONDON WOMEN PLAN DAY OF PRAYER

February 27 Set Aside in Canada and United States for Intercession.

A day has been set aside for the purpose of prayer among all the women of the United States and Canada, when prayers will be offered for missions. This day of prayer is interdenominational and international, and this year the date has been set for Tuesday, Feb. 27.

London is being divided into districts, and in each district a church is to be chosen in which the services will take place. The chief topic will be missions, and all the meetings will be led by women. This will be the fourth annual day of prayer that has been held in London, and practically all the arrangements have been made.

Mrs. W. G. Young is chairman of the committee in charge.

CLUB NEWS

HALE STREET MOTHERS.

Mrs. John Hosie, Jun., entertained the members of the Hale street mothers' club at her home, King street east, last night. The time was spent in listening to the children's shelter, at the close of which refreshments were served. The next sewing meeting will be held at the home of Mrs. M. J. Morrison, Dundas street, when the members will sew for the Protestant orphans' home.

NICHOLAS WILSON CHAPTER.

The next meeting of the Nicholas Wilson chapter will be held at the home of Mrs. V. K. Greer, Ridout street. The chapter will then decide where to hang the painting by the late Miss Mary Healy, presented to the members recently. The picture will be framed and will probably hang in the university of Western Ontario.

ST. JOSEPH'S ALUMNAE.

The members of St. Joseph's alumnae at the meeting held last night in the assembly hall at the hospital decided to have a cross word puzzle contest for the children's party on Monday afternoon, Feb. 16. Guests on this occasion will be the graduate and intermediate classes in training. Mrs. M. J. Kelly, the president, was in the chair.

WOMEN'S LABOR PARTY.

The members of the Women's Labor party met for the last time in the Labor temple last night. The next meeting of the party will be held in the new rooms over the Music theatre on Feb. 18. Mrs. Floyd Wells, the president, is lending her home on Horton street for a social evening on Feb. 20.

came engaged last summer to a very charming young man, with whom she is much in love, but he has one great fault. He drinks.

My daughter firmly believes that under her influence he will overcome this vice and reform, but I do not think it probable. I do not wish to see my daughter's life ruined, but she will not listen to my entreaties. I am much distressed about it. Can you tell me what to do?

MRS. R.

ANSWER:

Well, Mrs. R., if the girl were my daughter, I should give her an object lesson in what it means to be a drunkard's wife. I should look around until I found some woman who, in the folly of her youth, had also thought that her enabling influence would quench a man's thirst, and lift him out of the gutter to the heights of sobriety, and I would see to it that my daughter spent a week in her household and got a close-up on a drunkard's home life.

DOROTHY DIX.

He saw that Happy Jack was getting farther and farther away from the trees.

he saw Reddy Fox, and of course he started for the nearest tree as fast as his legs could take him. Of course, Reddy Fox started after him as fast as his legs could take him. To Peter Rabbit it seemed as if Happy Jack never had moved so slowly. "Run, Happy Jack, run!" Oh, run!" cried Pete.

Happy Jack was running. He was doing his very best. But Reddy Fox was running so much faster that it seemed as if Happy Jack were hardly moving. Would he be able to reach that little tree before Reddy Fox could catch him? It didn't look so. No, sir, it didn't look so. Peter was sure he couldn't.

But he did. Reddy Fox was within one jump of him when Happy Jack reached that little tree and whisked up it. Never in his life had he had a narrower escape. His heart was thumping against his side as if it would thump his way out. He looked down at Reddy Fox. Reddy gazed up at him. Then Happy Jack began to scold. He called Reddy Fox all the bad names he could think of, and listening to him Peter Rabbit chuckled. "Happy Jack certainly had a sharp tongue."

PAINS ACROSS THE BACK

Relieved by Lydia E. Pinkham's Vegetable Compound

Mitchell, Ontario.—"I have taken your medicine for a number of years. I do not take it steady all the time, but I am never without it. I always keep it in the house. I took it first for pains in the abdomen and bearing-down pains, headaches and pains across the back. I have my home to look after and many a day I could not get up at all. I saw the advertisement in the paper about Lydia E. Pinkham's Vegetable Compound, and Mrs. John Miller told me about it, too. Every time I take it, it makes me feel better and I always recommend it to my friends. I am willing to answer letters from women asking about this medicine and you may use this letter as a testimonial."—Mrs. F. J. WASSMANN, Mitchell, Ontario.

The merit of Lydia E. Pinkham's Vegetable Compound is told by women to each other. Many women know by experience what this medicine will do and they are anxious for othersto know. Such testimony should cause any woman suffering from the troubles so common to her sex to give this well-known medicine a fair trial. Do you know that in a recent canvass among women users of the Vegetable Compound over 220,000 replies were received. To the question, "Have you received benefit by taking this medicine?" 98 per cent. replied "Yes." This means 98 out of every 100 women are in better health because they have given this medicine a fair trial.

"Eczema on My Face Completely Relieved"

Miss Winifred Ernest, Box 46, Blockhouse, N. S., writes:

"Ever since I was a little child, I suffered with eczema on my face. At times my face was completely covered with large sores, and I tried nearly every kind of medicine that I heard of with no results. This lasted for over twenty years, until one day I asked the advice of my druggist, who bade me give Dr. Chase's Ointment a trial. After using the Ointment for a few days, the sores began to heal, and soon I was completely relieved of the disease."

MRS. CLINGER REGENT OF OVERSEAS CHAPTER

Re-elected at Annual Meeting Held Last Night at Home of Mrs. Mitchell.

Mrs. A. H. Clinger was re-elected regent of the Overseas chapter, I. O. D. E., at the annual meeting held Tuesday at the home of Mrs. G. A. Mitchell, Erie avenue. The chapter, in addition to \$200 already voted toward the national educational fund, has decided to donate \$1 per member as a birthday gift to that fund.

Arrangements were made for a euchre to be held at the store of Mayor Wagon on Feb. 20. At the close of the meeting tea was served by the hostess, assisted by Mrs. George Wenig and Mrs. Norris. The officers of the chapter were returned by acclamation as follows: Honorary regent, Mrs. A. L. Galbraith of Detroit; regent, Mrs. A. H. Clinger; vice-regent, Mrs. A. H. Croden and Mrs. George Fitchett; secretary, Mrs. Harrison Link; corresponding secretary, Mrs. Winkling; treasurer, Mrs. Robert Heard; educational secretary, Miss Blanche Pigot; standard-bearer, Mrs. Ella McArthur; echoes secretary, Mrs. W. Mace.

LONDON LIFE CLUB.
The members of the London Life Women's club entertained the children of the Thomas Alway Hall Home at their meeting this week held in Dufferin hall. Some of the men of the staff called for the children in their cars, bringing them to Dufferin hall for a hot supper. Story telling and then games followed. About thirty young guests were present, taking home with them small bags of candy and fruit.

DRESS By MARY MARSHALL

More Smart Than Becoming is the Lanvin Collar.

To many women the word Lanvin has very little association save with a certain shade of green. We all talked about Lanvin green a few seasons ago even if we didn't know just what we were talking about. But every season Lanvin does collar seems to be her most talked-about. And now a new sort of high collar seems to be her most talked-about achievement—next, of course, to the opening of her little shop for men next to her dressmaking establishment. Here she will sell the daintiest sort of accessories to men—ties and dressing gowns and such—and spread her belief that masculine taste is present during back to the period of lace ruffles, high stocks and other picturesque details.

This new collar of Lanvin's as collars today, is a high collar. Confidently, it is the sort of collar that would have been considered positively frightful fifteen or twenty years ago. But so many of the things we consider smart today would have seemed frightful then. This new Lanvin collar, as you can see from the sketch, is not enough to show some of the neck. It does just what no self-respecting collar of the old school ever thought of doing. But there is no guising the statement that it is smart. And simple little kasha frocks with this Lanvin collar are chosen by many of the younger women for "every-day" wear.

Whether the fad for this type of collar and the appearance here and there of other collared frocks indicates that collars will come back into fashion it would be hard to say. There does seem, however, to be a very strong tendency at the present time to reject those things among proposed styles that are uncomfortable and to cling to those that are comfortable. Something, apparently, had happened to women here and in France definitely to turn them away from fashions that are really uncomfortable or hard to wear. It is for this reason that some observers say that the high collar as it was known late in the last century and the tightly drawn neck can never be revived, and why so many folk insist that bobbed hair has come to stay.

WISE AND OTHERWISE

WITH BAKED POTATOES.
At this time of year most of us become a little tired of old potatoes. If we can afford them or get them we buy new potatoes. But there are attractive ways of cooking old potatoes, which are probably at their best when baked. For a rather hearty luncheon dish the stuffed baked potato is delicious. Baked potatoes with a filling of creamed fish are a good Friday luncheon or dinner dish.

Social and Personal

Mrs. John Campbell, St. George street, is visiting relatives in Orillia.
Mrs. Donald A. Graham, Renwick avenue, was a bridge hostess this week.
Mrs. William Best of Thamesville is a guest with Miss Gertrude Link, York street.
Mrs. W. J. Tighe is spending a couple of weeks in Detroit, the guest of her sister.
Mrs. C. W. Ferris and little son and daughter are guests with Mrs. Will Varey, Broughdale.
Frank White, M.P., has left for Ottawa, where he will attend the 1925 session of parliament.
Mr. and Mrs. J. A. Brownlee are leaving on Sunday for Florida, where they will spend the balance of the winter months.
Mr. Fred Varey, who has been visiting his nephew, Mr. Will Varey of Broughdale, has returned to his home in Toronto.
Mrs. W. E. Best of Thamesville, and Mrs. Mary Sterling of Glenora are visiting with their niece, Miss Gertrude Link, York street.
Mr. Oliver G. Keene, Richmond street north, is spending several weeks in the south. Part of his time will be spent in Florida.
Miss Elaine Stevely of the university of Michigan, Ann Arbor, is spending a few days with Miss Jean Wyatt, Wellington street.
Mr. and Mrs. Donald Brown have left for Quebec City to be guests with their aunt, Madame Crawford, for the month of February.
Miss Lillian Marr of Port Huron returned this morning to Brantford, after a pleasant week's visit with Mrs. J. Wood, Orchard street.
Mr. George Gillespie, Albert street, spent the week-end in Toronto, going there to secure the favors for the Etimard dance tomorrow night.
The Misses Glibbert, Mill street, were the hostesses of a jolly sleigh ride party this week, bringing their guests back to their home for supper.
Commandant Hurd, financial representative of the Salvation Army headquarters in this city, has been a guest at Burnside Lodge, in Woodstock.
Mr. Bruce Nimmo of Toronto will be a week-end guest with his mother, Mrs. A. R. Nimmo, Hyman street, coming to town for the Etimard dance tomorrow.
Mrs. Wallace Laut and family left this week for their new home on Springfield avenue, Parkdale, Toronto, joining Mr. Laut, who left for that city some weeks ago.
St. George's Masonic Lodge is entertaining the Orillia club minstrel show at the Masonic temple this evening, when the first half of the popular minstrel show will be repeated.
A jolly sleigh party was enjoyed last night by the members of the Girls' Canadian club. After a drive around the city they returned to "Lenmore," where light refreshments were served around the grate fire.
Mr. Ted Nugent of Toronto comes to town tomorrow night for the Etimard dance.

The lovely birthday cake adorned with five pink candles. The little guests, who enjoyed several delightful games during the afternoon, included Loda Cottrell, Betty Monahan, Margaret Pocock and Leonard Wray.

A jolly sleigh party was held on Monday evening by the head office staff of the Metropolitan Stores, Limited. The merry-makers gathered at the office of the company on Dundas street, and shortly after 8 o'clock drove away amid a chorus of horns, whistles and bells. Following a two-hour drive about the city, a splendid supper was served at the Blue Dragon inn, where covers were laid for twenty guests. Dancing, music and cards completed the entertainment of the evening.

The students of Brescia hall are arranging a bridge to be held on the afternoon of Shrove Tuesday, Feb. 24. Every year the Brescia hall students raise funds for a scholarship to put some struggling student through college, and the bridge is in aid of the scholarship for this coming year. Miss Gertrude Manley is general convenor, while the following committee: Miss Ruth Murray, Miss Antoinette Gilles and Miss Catharine Moore. Other convengers are Miss Electa Downey, Miss Flora McDonald and Miss Anastasia Feurth.

Miss Morgan's class of the Technical high school, arranged a delightful sleigh party for last night, after which the girls, who are of the commercial 1-B class, returned to the home of Miss Dorothy Smith, Princess avenue, where light refreshments were served and games and dancing enjoyed. Among the merry-makers were the Misses Edith Rawlings, Gertrude Timbre, Olive Turner, Dorothy Price, Irene Johnson, Norma Thompson, Hilda Desand, Anna Turner, Emily Brown, Marjorie Short, Norine Hiscott, Gladys Walters, Anna Doan, Lily Woodford, Mary Teifer, Margaret Yearseley and Aileen Cromber.

The women of St. Paul's parish were delighted to entertain at afternoon tea yesterday by the members of the women's association of St. Paul's cathedral. The guests were Mrs. T. H. Carling and Mrs. J. G. Boucher received the guests, who were invited into the pretty room, where the tables were richly decorated with blue and white tulips and pink candles. Mrs. L. Norman Tucker, Mrs. Lightbourne and Mrs. W. J. Robinson presided over the tea, and during the afternoon a charming musical program was given. The artists included Mrs. Charles Key, violinist, and Mrs. W. R. Macdonald, Miss June Warren, soloists. A feature of the afternoon was the presentation to Mrs. Berkeley Chadwick of a string of pearls, a mark of appreciation of her work in the society. Rev. Gilbert Lightbourne made the presentation on behalf of the executive committee.

A very successful dance was held last night in the assembly hall of the Ontario hospital, when some 200 guests enjoyed the hospitality of the hospital cricket club, who celebrated with their friends their prowess in their chosen sport. The club now holds all the cricket trophies for this part of the province, having won 1923 and 1924 champions in both southern and western Ontario. They hold the Hyman trophy, the Scaram trophy and the English-Robinson cup, all three of which were on display last night, forming an interesting part of the decorations. The club colors, blue and white, were supplied by the Orpheus orchestra, and late in the evening refreshments were served. Officers of the club and committee members who welcomed the guests included the honorary president, Dr. W. G. Robinson; president, Charles Godman; vice-presidents, Dr. George Stephenson, Dr. Abraham Dr. Chaik and Edwin Webb; dance committee, A. Davies, J. P. S. Toomey, N. McKinley and J. F. C. Walker; finance committee, Sam Godman and George Whiting. A. Davies, secretary-treasurer, is also a member of the finance committee.

Miss Olive Wood, 75 Orchard street, gave a delightful miscellaneous shaver on Monday night, in honor of her friend, Miss Lillian Marr, whose marriage takes place on Saturday in Brantford to Mr. Joseph Gibe of that city. The gifts were uniquely presented to the bride-elect, Miss Marr was blindfolded on the pretense of having her fortune told, and when the bandage was removed, the bride and groom were cleverly made out of two mons, the former so perfectly groomed, it even wore the conventional veil and orange blossoms, while the rest of the party were equally well attired. Each gift was accompanied by a delightful little verse of poetry. Later in the evening refreshments were served by the hostess, assisted by her mother, and among the guests were Mrs. D. Wood and the Misses Jean MacArthur, M. McDougall, G. Stewart, M. McLeish, A. Millie, E. Greer, Fern Waddell, N. Dicks, Agnes Govenlock, Helen Hennessy, M. Mitchell, Ida, Meryl and Lily Jackson, Mabel Stallard, Ruby Dunn, M. Stevenson, E. Wood, Lillian Bryden, Helen Frain, Winoda Bryden, Catharine Marshall and Jean Isaac.

SILK L. A.
The members of the ladies' aid of the St. Paul's Methodist church held their monthly meeting yesterday afternoon in the church, and it was decided by the ladies to hold a box social at the home of Mr. Arthur Smith, concession 5, London township, on Wednesday evening, Feb. 11. The program of the evening will be in charge of Miss Mary McGuffin, Miss Myrtle Copper and Miss Verna Stanfield. The boxes are to be auctioned, it was decided, and the plans include a good time for everyone. Mrs. J. Cooper presided over the meeting, and Mrs. Smith was at the organ.

JABOT IN VOGUE.
New York, Feb. 4.—When it comes to silk frocks, the straight line may now be defined as the shortest distance between the jabot at the top and the pleated, flounce or drape at the bottom. The vogue for the jabot has been taken up instantaneously and few of the newer frocks lack this trimming.

DAY OF RUFFLE PASSES.
New York, Feb. 6.—The day of the ruffle has passed so far as gloves are concerned. The new French hand coverings either have a straight cuff or are turned back flatly over the wrist and hand. In the latter case the cuffs are heavily embroidered.

A few minutes at the Laura Secord Shop will show you the very interesting way these dainty morsels are made. You are welcome at 159 Dundas street, near Richmond street, F.5,12.

URGE HIGH TARIFF ON EARLY FRUITS

Western Ontario Association Join in Fight To Bar U. S. Products.

PROTECT MARKETS

Western Ontario fruit and vegetable growers, meeting at a banquet in the Masonic Temple last night, went on record unanimously as being in favor of a higher tariff on fruit and vegetables entering Canada from the United States.

Some of the growers—a small proportion—were in favor of a tentative 20 per cent specific duty on the present 30 per cent ad valorem duty, which all speakers declared was but a drop in the bucket. This duty is figured on the price of products where they are produced.

The majority of growers were in favor of higher duties, and this expression of sentiment will be carried back to the special committee of fruit growers in charge of preparing a tariff resolution to go before the dominion cabinet.

Plans Are Explained: Paul Fisher of Burlington, president of the Ontario fruit growers' association, presided at the banquet and related in detail the steps taken by the horticultural council to secure some measure of protection against the highly-organized fruit industry of the United States, which has made Canada a dumping ground for surplus production.

Urges Standardization. Standardization of products and legislation were suggested by Mr. Cook. He advised the growers to band together and ask for a reasonable tariff.

HER NERVES SO BAD SHE COULD NOT SLEEP Mrs. Grace Kitchen, St. George, Ont., writes:—"After having a severe attack of pneumonia I was left in a weak and rundown condition. My nerves were so bad I could not sleep nights, and in the daytime I had terrible fainting spells, caused by my heart being weak. Finally I got so bad I had to take to my bed for weeks at a time, but one day I read about

MILBURN'S HEART AND NERVE PILLS

so decided to try them. "After taking one box I felt a slight improvement. I have now taken five boxes, and have gained 25 pounds in weight. I am now more than able to do all my housework as well as considerable outside work. I can recommend Milburn's H. & N. Pills too highly for those suffering as I did."—Adv.

SAGE TEA TURNS GRAY HAIR DARK

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application of two of Sage and Sulphur enhances its appearance.

Everybody uses "Wyeth's" Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. Simply wash the hair with sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous.—Adv.

NERVOUS SYSTEM IS RESTORED BY RICH, RED BLOOD

Weak, Nervous Women Can Renew Vitality By A Safe Treatment

The nerve-power of our systems finds its life in our blood. Create more red blood cells and we rekindle the fires of bodily strength, for rich, red blood is the driving force of life. If you are too easily exhausted, lack confidence and sustaining power, are nervous and too thin or pale you should think first of your blood.

Create more red blood. Win back new strength. Nourish the body tissues. Rejuvenate yourself. Men and women can find an easy way to create red blood that makes their bodies tingle with the pulsing of life. Wincarnis gives to the blood the very elements from which it is created. For fifty years this red blood builder has restored exhausted sufferers.

If your body vitality is at a low ebb, your system undernourished, your nerve power failing, go to a druggist today and begin the safe Wincarnis treatment. A sixteen-ounce bottle of Wincarnis, which is a fourteen-day treatment, is sold by all leading druggists for \$1.50. Wincarnis is so effective that only three table-spoonfuls a day need be taken. Try Wincarnis and see the difference just a few days will bring.

FIRST SOD IS TURNED AT PARK FOR NEW CATHOLIC SEMINARY

Bishop of London Officials at Ceremony Marking First Construction Step.

MANY ARE PRESENT

With many Roman Catholic dignitaries from different points in the London diocese attending, Rt. Rev. M. F. Fallon, bishop of London, yesterday turned the first sod at Sunshine Park, where the seminary for the education of priests will be built. The ceremony was carried out informally at 10 o'clock. His lordship, attended by the Rev. A. P. Mahoney and Rev. F. Brennan, flanked by 15 priests, took part.

In turning a piece of the frozen ground, Bishop Fallon said that the ground was broken for the welfare of the Holy Catholic Church within and without the diocese of London. The ceremony took place at the northeast corner of the grounds, where the tower of the new building will be visible from all corners of the city. When the snow and ice was removed several shovels of earth were gouged out of the ground and a spike was driven in to mark the spot. The work will begin in two weeks' time. The cornerstone will be laid late in May.

Roman Catholic clergy present at the ceremony were: Rt. Rev. D. O'Connor, Rev. Dean J. F. Stanley, and the following priests—Rev. F. V. White, Dublin; Rev. J. N. Campbell, Petrolia; Rev. B. Gaffney, Clinton; Rev. A. P. Mahoney, Rev. M. L. Forristal, Rev. H. J. Pocock, Rev. M. A. Brisson and Rev. L. A. Lowery, all of this city.

Following the turning of the sod the party returned to St. Peter's Parish Hall, where a meeting of the priests of the diocese was held. Bishop Fallon presided.

SMALL BLAZE. Wallaceburg, Feb. 4.—The fire department was called to the store occupied by Miss Emilie DeFræye on Quality Point. The roof of the kitchen adjoining the store had become ignited, it is thought, from an overheated chimney. The blaze was extinguished with chemicals.

coupled with an adequate supply of moisture. "No crop will pay more for care in handling than head lettuce," Mr. Delworth declared, in describing the manner in which he prepared lettuce for the Toronto market. A new patch should be sown every week, he declared.

Prof. A. H. MacLennan of the O. A. C. was the last speaker of the afternoon. James Johnston of Simcoe was unable to be present to address the growers on co-operative marketing.

Soil Preparation. Soil preparation for indoor work should be of the very best, said Prof. MacLennan. Greenhouse men must have a soil that would give quick response, especially in winter, when sunshine was lacking.

The problem of the future was to make up a soil with commercial fertilizers and green manure as constituents. Prof. MacLennan warned against too rich soil for planting seed, stating that the seed would tend to rot or grow spindly.

"A soil almost of clear sand will give good results," declared the O. A. C. expert. "Later transplant the plants into rich soil."

Harvey McLagan gave a paper on "The need of organization and its benefits when supported by loyalty and co-operation."

Import Much. Prof. Colquhoun of the O. A. C. stated that Canada imported \$100,000,000 of food products each year, and that one-third of this amount was fruit and vegetables. The total for fruit was \$25,000,000 and fresh fruit \$12,000,000. Strawberries alone were \$725,000 and apples \$539,000. Some \$4,000,000 worth of fresh vegetables came in from the U. S. last year.

"Marketing is just as much the farmers' business as growing," declared Prof. Colquhoun, who went on to state that until today he had been unable to produce Ontario apples on any railway train in the province.

Co-operation would help solve the farmers' problems, the speaker declared, pointing out that over one million U. S. farmers had signed up for five years to market their products co-operatively.

Harold Lucas, J. P. Rogers, St. Thomas; Fred Fuller, W. H. Mundy and Eli Davis all spoke in favor of protection.

MRS. ANNIE C. BILL, head of the year-old "Christian Science Parent Church of the New Generation," which she claims is the logical successor of the Mother church. She asserts the latter organization ceased to function in 1910, with the death of Mrs. Mary Baker Eddy.

Shoots Youthful Husband of 15-Year-Old Daughter.

Associated Press Despatch. Walters, Okla., Feb. 4.—George Hicks, 19, who several months ago eloped with Cera Forrest, 15, was shot and killed today by the girl's mother, Mrs. A. B. Forrest, as he returned to her home with his wife. Five bullets penetrated his body. Mrs. Forrest is in jail.

FORMER U. S. OFFICIAL GIVEN TWO-YEAR TERM

Associated Press Despatch. Chicago, Feb. 4.—Charles R. Forbes, former director of the veterans' bureau and John W. Thompson, wealthy St. Louis contractor, today were sentenced to two years' imprisonment in Leavenworth penitentiary and fined \$10,000 by Federal Judge George A. Carpenter.

They were found guilty of a conspiracy to defraud the government in the allocation of veterans' hospital contracts, and received the maximum sentence.

ADDRESSES MITCHELL U. F. O. Special to The Advertiser. Mitchell, Feb. 4.—The meeting of the Mitchell united farmers' organization, held at the Royal hotel, was largely attended and Mr. Ferguson, of the drainage department of the Ontario agricultural college, Guelph, gave a fine address on the drainage.

He pointed out clearly the value of drainage and how land which was worthless could be made to produce by scientific drainage.

Harvey McLagan gave a paper on "The need of organization and its benefits when supported by loyalty and co-operation."

COUNTER CLAIM LOST BY PARKER

Dredge Company Wins Suit Against London Man—Awarded \$1,723.05.

Judgment was given yesterday in favor of the Bay City Dredge Co. by Mr. Justice Rose in the supreme court here against Cal. S. Parker of London. The full claim, less \$81.65 for certain deductions which were allowed on bills, was sustained. A counter-claim made by Mr. Parker against the company for service rendered for \$5,000 was not allowed. By this judgment the company is allowed altogether \$1,723.05.

HYDRO INDEPENDENT OF LEGISLATURE HELP

Sir Adam Beck Declares System Will Not Ask Balking.

Canadian Press Despatch. Toronto, Feb. 4.—For probably the first time since the inception of the hydro, the Ontario legislature will not be required this year to vote estimates for the capital costs of hydro construction projects. Announcement to this effect was made tonight by Sir Adam Beck, chairman of the hydro commission, after he had attended in the afternoon a meeting of the cabinet, to which he had communicated the order of his physician requiring him to take a period of rest.

FEELING OLD AT FORTY

You Can Regain Your Vitality by Building Up Your Blood.

Middle age comes too soon if you let the cares of life exhaust your blood, leaving you tired and worn out. Women especially are apt to neglect their health. All their anxiety is usually for other people. Housework consumes their vitality. They become middle-aged too soon and suffer in the process, merely because their blood is exhausted.

Not so the woman who realizes that the real usefulness is to preserve her youth as long as she can. She does not cause anxiety to those who love her by being ill, or by always having headaches or backaches, or a pain in her side. Her blood is kept in good order—rich, red and pure; she is cheerful and active.

The vitality and youthfulness that abundance of good blood gives can all be yours if you like. To make rich, red blood you have only to take Dr. Williams' Pink Pills. You will soon feel the new blood tingling in your veins; your headaches and backaches will go; your appetite will improve; you will be happy yourself and give happiness to others.

You can get these pills through any dealer in medicine, or by mail at 50 cents a box from The Dr. Williams' Medicine Company, Brockville, Ontario.—Adv.

SOCCER BODY TO MEET SATURDAY

District Cities Will Be Represented at Annual Confab.

The annual general meeting of the London and District Football Association will be held at the armories on Saturday next, Feb. 7, at 3 o'clock. President Morgan will be in the chair. All those interested in soccer should be on hand. Delegates from various clubs and a record attendance is anticipated.

All clubs should have their entrance fee in to the secretary not later than Saturday noon.

George Overton and Bob McIndoe were both at the Ontario meeting in Hamilton on Saturday and will have their report ready for the meeting on Saturday next.

Billy Dean was again elected president of the O. F. A., as was also Bobby Muir as secretary. Mr. Dean enters on his fourth term as president.

A proposition was put forward to allow substitutes in the game, but was voted down, as was also the suggested agreement put forward by the C. F. G.

The election of officers for the season of 1925 will take place on Saturday and it is to be hoped that all clubs will be represented.

Local followers of the game will be pleased to hear that President Morgan's son, Matt, Jun., has been signed by Paisley S. Mirren. Another well-known player is Moore of Derby County, who is playing a great game this season.

It is also rumored that Andy Forrester is returning to Canada. Andy played a great game while with the Leeds last season.

Hawks Suffer First Setback

Lose Fast Game To Young Britons 3-1.

The Hawks suffered their first defeat of the season at the hands of the Young Britons in a Junior City league game at the arena last night following the Junior O. H. A. mingle. The score was 3-1.

Johnston's playing was a feature of the set-to. He accounted for a pair of the Britons tallies; his first gave the Britons a lead in the opening canto, while his second was notched in the last frame. Vic Wong played a nice checking game and counted the first tally for the northenders.

Pugh sent a bullet shot from ahead of the red line to guide by Scott for the Hawks only counter.

Scott, the Young Britons goalie, gave a good showing.

The line-up: Young Britons—Goal, Scott; defence, Johnston, E. Coughtry; center, Cracknell; wings, Wong, Sandford; subs, G. Coughtry, McCallum.

Hawks—Goal, Baker; defence, Norris, Cross; center, Wilcox; wings, Rorie, Fetherston, Pugh, Penny.

Referee—Pigeon.

LEWIS HAS HARD MATCH WITH UNKNOWN GRAPPLER

Associated Press Despatch.

Chicago, Feb. 4.—Ed "Strangler" Lewis, making his first appearance on the mat since he was tossed from the ring by Wayne Munn, defeated Tom Monty, Greeley, Col., wrestler, last night after a desperate struggle, in which he several times was in danger of losing the deciding fall and the match.

Lewis took the first fall in 4:06 with a series of headlocks. Monty won the second fall in 3:00 with a short arm scissors.

In the third fall, which Lewis took in 1:00 with a headlock, the former champion was sent to the mat several times with short arm scissors holds, from which he freed himself by desperate efforts.

The Beverage of Thinkers

THE mildly exhilarating and soothing effect of good coffee has made it the choice of writers and thinkers for centuries. Charles Dickens sipped his fragrant Java in the old Cheshire Cheese and in the coffee shops of the world today, the choice spirits of literature continue to quaff "the cup that cheers but does not inebriate".

Rideau Hall Coffee is fit for the connoisseur. Its fresh-roasted flavor is sealed in and preserved in the Vacuum Sealed Tin. Try a tin the next time you buy coffee.

FARM MACHINERY PROBLEM TALKED

Fair Association To Discuss Standardization of All Agricultural Machines.

Canadian Press Despatch.
Toronto, Feb. 4. — The Ontario association of fairs and exhibitions held its annual conference here today, with 350 delegates present.

A. R. G. Smith of New Hamburg, in his presidential address, suggested the appointment of a government organizer for agricultural societies and the establishment of spring seed shows.

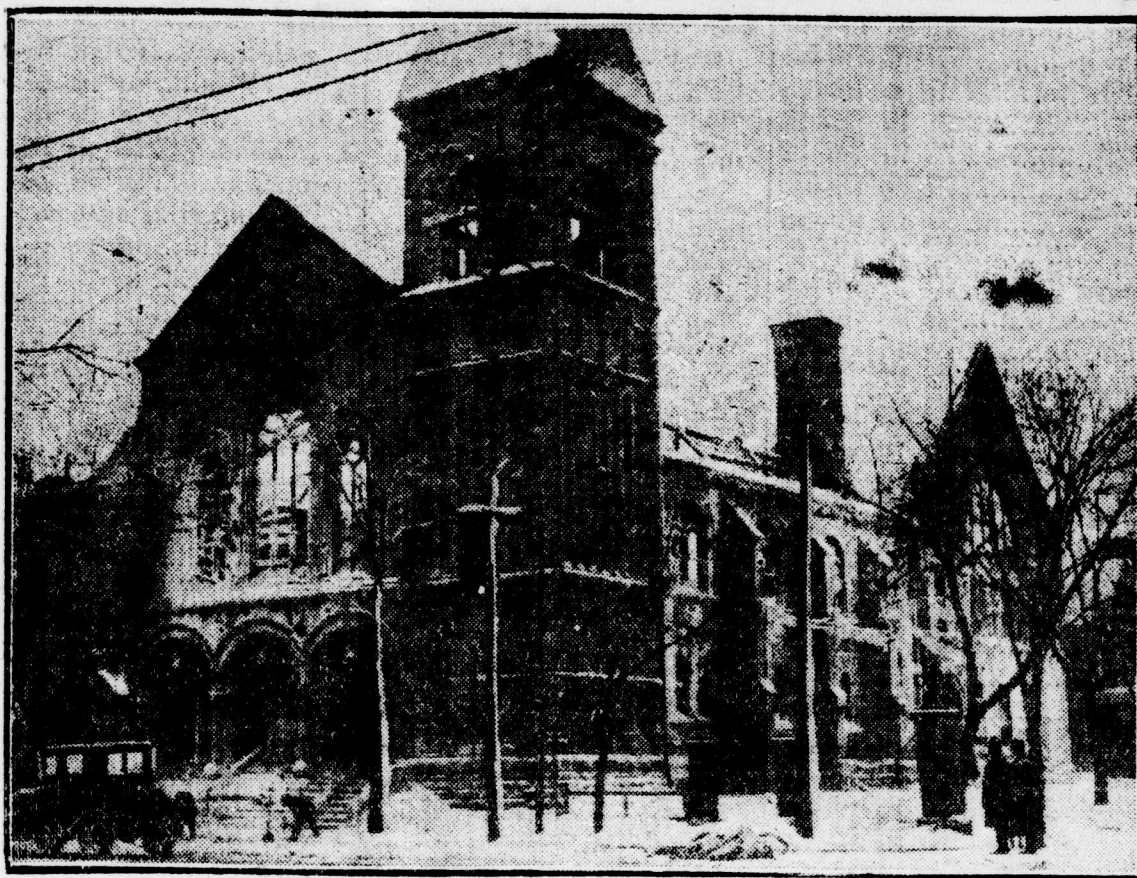

"Agricultural societies should meet to discuss matters in the same manner as do the chambers of commerce in our towns and cities," said Mr. Smith. He reported that the fall fairs in Ontario were, generally speaking, in a thriving condition, and were going in strongly for educational features. The provincial association, he stated, was representative of 200,000 people.

J. Lockie Wilson, the secretary, thought the association should ask the government to amend the law so that the fair management could give concessions for the sale of goods at the fall fairs. The right had been disputed in the courts, he pointed out, and one concessionaire fined.

Mr. Wilson urged associations to arrange the dates of their fairs that none would conflict with another. Mr. Wilson in urging that parts of agricultural machinery be standardized, said that such action would save the farmers of Canada millions of dollars. The suggestion that a deputation be sent to Ottawa to urge the standardization of farm machinery will be discussed at the session tomorrow.

R. W. Wade of the provincial live stock branch asked that local fair boards submit each year a list of the prize-winning horses with the name of the sire of each. "The department could then get out a year book of winners which would be of great value to the breeders and to the stallion enrollment board, and sires could be judged upon breeding as well as conformation," said Mr. Wade.

Miss Mildred Galbraith of Toronto said there must be more attention to the women's department and that the amateur exhibitor must be protected from the professional, who brought back the same exhibits year after year just for the money prizes.

HISTORIC BAPTIST CHURCH DESTROYED BY FIRE.

When flames broke out in College street Baptist church, Toronto, about 5 o'clock Tuesday morning they swept through the huge church building with such rapidity that within an hour, despite every effort of a large part of the city's fire-fighting force, the interior of the building was completely gutted, leaving only the bare brick walls of the once beautiful church building. The loss is estimated at between \$75,000 and \$100,000, with an insurance of approximately \$30,000. The pastor, Rev. Dr. A. J. Vining, is well known in London. For some years he was minister at the Talbot street Baptist church.

ACTION TO SET ASIDE WILL IS SETTLED OUT OF COURT

The action of Mrs. Eva Laughton of Detroit and Mrs. Myrtle Luther of Parkhill against Henry Wickert of Parkhill, to set aside the will of the late Mrs. Henry Wickert, has been settled out of court, counsel informed Mr. Justice Rose at the winter assizes yesterday morning.

N. P. Newton, Parkhill, appearing for the plaintiffs, stated that the case had been adjusted in a satisfactory manner. M. P. McDonald, counsel for defendant, requested that the action be held over till the settlement was finally completed. His request was granted by the court.

ONLY Two Days More!

Two days more and your chance will have gone. Come NOW and look at the truly remarkable bargains we offer. Pianos and Phonographs of such dependable quality that you'll be as proud to own one as you'll be delighted at the enormous savings you can effect.

GIGANTIC CLEARANCE

Mason & Risch have made history in the musical world before, but this sale has positively eclipsed any previous sale of quality Pianos we have ever held. We just had to clear our stock—too many instruments to put on inventory. So we have sacrificed price utterly. Hence the ridiculously low prices for such high-grade instruments.

Many of the instruments are brand new, having never been out of our store. Others are returned rentals; still other pianos we took as part payment on new Mason & Risch Pianos. They've all been overhauled and are in the finest condition. We'll be proud to have you say you purchased them at our store.

Speedy Juniors Take Group From Sarnia Kids While 75's Nose Out Galt 2 to 1

75's Keep In Big Six Hunt By Nipping Terriers 2 to 1

Londoners Played Defensive Game Behind Two-Goal Lead.

RENAUD STARS

Feb. 4.—The London 75's remained in the hunt for second place honors when they finished on the long end of a 2 to 1 score in a game here tonight that was more like shiny than hockey. It was the poorest game here this season, both teams acting as if they were "all in" with the locals the worse of the two in this regard. It was "dead" hockey, there being no occasion for the fans to get excited. London's efforts were practically entirely individual, while the locals, though they played combination, failed to carry on, and did not follow up their shots and the forwards did not back-check. The Londoners on losing the disc or after shooting skated back up ice.

The 75's got a goal in the first period and second. Their first one was the prettiest of the night, the culmination of a pretty bit of stick handling by Leamy. The second one to Lowrey was on a shot through the defence that fooled Murray. Towards the close of the third stanza, London played entirely defensive hockey, never attempting to carry the puck up ice, but shooting it ahead. It was a clean game, only four penalties being imposed.

Renaud Stars. For London Lowrey was the hardest worker and most effective player, although Renaud turned in a stellar performance, handling 40 shots to Murray's 30. For Galt, Clare Hoffman, playing in Alex. Watson's place on the defence, was the best man on the ice offensively and defensively.

After half a minute's play in the closing period Norman Himes scored Galt's lone tally, and the home rosters were given a ray of hope. Ab Gaultier, pushed from the initial face-off, and Himes followed up to get the puck, circle the net and out to scold the disc by Renaud. The period was entirely Renaud's, Renaud being under a continuous bombardment, as he stood up well. Galt threw four men to the attack, and they had many chances to tie it up, but either Renaud's punch or missed perfect passes in front of the net. Both teams used their weight and this helped to enliven an otherwise dead exhibition.

The teams: London—Goal, Renaud; defence, Fourrier and St. Jacques; center, Lowrey; right wing, Bellefeuille; left wing, Leamy; subs, R. McKay and Clark. Galt—Goal, Murray; defence, Hoffman and G. Himes; center, H. Himes; right wing, A. Gaultier; left wing, Ab Gaultier; subs, Woods and McGill.

Summary: First period—London, Leamy, 10:00. Second period—London, Lowrey, 4:00. Third period—Galt, Himes, 30.

O'CONNELL STILL SCANDAL GOAT

All Rest Involved Absolved, Even Dolan Investigation, Report Says.

Associated Press Despatch. New York, Feb. 4.—Jimmy O'Connell, blacklisted outfielder of the New York Giants, may be guilty, by his confession, of violating the New York state laws covering baseball bribery, but there is no case against Cory Dolan, former coach, also banished from the game, according to the report of the district attorney's investigation into the scandal, made public today. The report, disclosing that no new evidence has been unearthed to alter the case as it stood last fall, following the exposure of O'Connell and Dolan by Commissioner Landis, also reiterates that there is no ground for implicating Rose Young, George Kelly and Frank Fritsch, giant stars named by O'Connell as having knowledge of the deal, but exonerated by Landis. The report, made by Assistant District Attorney Brothers after examination of all prominent figures in the case except O'Connell, suggests that the advisability of submitting evidence to a grand jury for possible indictment of O'Connell be taken up with Landis upon the latter's return from a trip to the Panama canal zone.

RIDOUT STREET SEXTET BEATS LAMBETH, 4-2

The hockey team of the Ridout street Methodist church took a close game from the Lambeth sextet last night on the Lambeth rink. The mix was slow but clever stick-handling pulled out a 4-2 win for the Londoners.

The line-ups: Ridout street—Bickell, goal; G. McCullum, right defense; Cooper, left defense; Mathew, center; D. McCullum; Norris, left wing; C. Smith, H. Muma, Blackmore, subs. Lambeth—Davy, goal; Collins, right defense; Kelley, left defense; Buckell, center; A. Jones, right wing; Myers, left wing; F. Jones, Blackman, subs.

Referee—W. Anguish, Lambeth.

BOYLE MEMORIAL SCHOOL HOCKEY TEAM. D. Goddard, left wing; E. Mar- am, right wing. Bottom row—B. Maule, left defense; J. Masterson, goal; J. Bere, right defense.

GREYS TRIM GUELPH'S INTERMEDIATES 5 TO 4

Northerners Get Off To Bad Start, But Thrill Fans Afterwards.

Special to The Advertiser. Guelph, Feb. 4.—The Owen Sound Greys made their first invasion of Guelph tonight, and in an exhibition game, which provided the best hockey seen here this season, defeated the local intermediates, 5-4. Guelph started off with a great burst of speed, and notched two goals before the Owen Sounders secured their bearings, and by close back-checking, held the two-point margin up to the close of the first period. In the second session the Greys had the better of the play, and ran in three counters, while in the last period, which was featured by the fastest play of the evening, both teams scored twice. The Greys, with their full team of regulars on deck, were the classiest aggregation that has opposed the orange and black this year, and their brilliant team play made a decided hit with the Guelph fans.

The teams: Owen Sound—Goal, Smith; defence, Brophy and Callaghan; center, Sturgeon; wings, Keeling and Burnister; subs, Randall, Clark and Burns. Guelph—Goal, Hayes; defence, King and Brill; center, Pool; wings, Leachman and Banter; subs, White and Etherton.

Referee—W. Ogg, Guelph.

GALT AND BRANTFORD VOLLEYBALLERS VICTORS

Special to The Advertiser. Galt, Feb. 4.—In the Ontario championship volleyball tournament, to be played at Kitchener late this month, the Grand Valley district will be represented by Galt and Brantford. A tournament to decide the district representatives was staged here with teams from Guelph, Kitchener, Brantford and Galt. The local squads finished first and second, but a rule permitting only one team from each association eliminated the Galt, second, and let the Brantford "B's," captained by F. Owens, who finished third, into the play-offs. The Galt "A's," captained by St. Clair, played all five of their games in the play-off.

"BOB" IS TEACHER. St. Thomas, Feb. 4.—Bob Emalie, veteran National league umpire, has been appointed chief umpire staff instructor at the big annual meeting of the National league in New York this week.

Boston	2	10	0	35	51	4	

Canadian Press Despatch. Montreal, Feb. 4.—Hamilton Tigers increased their leadership at the head of the National hockey league race here tonight, when they defeated the champion Canadiens, 3 to 0, and thus widened the gap in the race between these two clubs for first place to seven points. It was not a brilliant hockey game. The teams started cautiously, awaiting the breaks. They opened up in the second period, after the Tigers had counted on an easy shot by Spring, and when just at the end of the middle session Burch made it two for the Tigers on another long shot, a goal which was questioned by Canadiens play dragged.

In the final period Hamilton notched another when Burch caught the Canadiens' defence asleep and circled the net to beat Vezina. Hamilton first two goals were scored while Coutu in one case and Sprague Cleghorn in another were serving penalties. Canadiens deserved a better showing in the scoring column, but found Forbes was a most brilliant figure in the Tiger net.

Charlie Langlois was the butt of some rugged handling by Sprague Cleghorn, the Hamilton defence man twice having to leave the game bleeding from cuts on the head.

Penalties—R. Green, 5; S. Cleghorn, 3; Langlois, 2; Joliat, 2; Morenz, Sprague, 1, all minors.

The line-ups: Hamilton—Forbes, goal; Randall and Langlois, defence; Burch, center; R. Green and W. Green, wings; Bouchard, Roach and Spring, subs.

Canadiens—Vezina, goal; S. Cleghorn and Coutu, defence; Morenz, center; Boucher and Joliat, wings; O. Cleghorn, Maza, Mantha and Headley, subs.

Referee—Cooper Smeaton.

Summary: First period—No Score. Second period—1, Hamilton, Spring, 8:10. Third period—3, Hamilton, Burch, 5:20.

ST. PATS IN OVERTIME. Canadian Press Despatch. Toronto, Feb. 4.—St. Patricks gave their local supporters a demonstration of their strong finishes here tonight, when after 17 minutes of scoreless but exciting and strenuous hockey, "Babe" Dye beat Benedict for his and St. Patrick's third goal, which broke up a two-all deadlock and sent the locals back into third place. The chess of hockey improved as the game progressed, an evidence of penalties in the first period being stamped out by Dr. O'Leary, although there was plenty of occasions for enforcement of the rules. On the night's play the locals deserved the victory, although their play was ragged at times.

The line-up: St. Patricks—Goal, Roach; right defence, Corbain; left defence, McCaffrey; center, Adams; right wing, Dye; left wing, Day; subs, Holway, Reid, Neville, Smylie.

Montreal—Goal, Benedict; right defence, Cain; left defence, D. Munro; center, Noble; right wing, Broadbent; left wing, Dinsmore; subs, G. Munro, Parkes, Scott, Lowrey, Skinner, Rotchchild.

Referee—E. O'Leary, Ottawa.

Summary: First period—1, St. Patricks, Dye, 2:00. Second period—2, Montreal, Broadbent, 4:00. Third period—5, St. Patricks, Dye, 10:30.

PETROLIA HIGH SEXTET BEATS AGGIES BY 4-1 SCORE

Special to The Advertiser. Petrolia, Feb. 4.—The High School pushed the Enniskillen Aggies into the cellar position this afternoon when they defeated them, 4-1, in the local league fixture. The game was a fair exhibition of hockey, with the students displaying better combination and shooting. The first period was evenly matched, when each team scored a goal. The High School netted three more during the last two periods. Bages was the shining light for the students, while Wilson and Tanton played a good game for the High School, also Lawrence and Zimmerman.

Pile Up 7-1 Score On Sarnia in Final For Group Title.

MARKS STAND OUT

Seven to one was the score by which the London Juniors defeated the Sarnia kids in the final game for the group title here last night, thus qualifying to enter the next round in their quest of the Junior O. H. A. championship. The local youngsters registered four times in the first period, twice in the second, and once in the final stanza, and would have hung up several more tallies, but for the work of Marks, the Sarnia goalie, who time after time spoiled London chances after his defence was beaten cleanly. This boy did a truly chivalrous all night, coolly stopping London drives at all heights and angles, kneeling out close-in flips, spilling London massed attacks and every way deserving every bit of the applause which the local fans accorded him.

It was another case of a team with more speed and a better combination getting the edge on a team fighting out of the picture until the last sixteenth of the last second of the last period. The Sarnia sextet worked hard all night, constantly coming back for more after their uncertain rushes had gone awry, but they were not able to do so. Marks, who was waylaying many local attacks as possible, in the latter, however, they had little success as Ziegler, Lauder and Filmore worked through with ease time after time.

Garvin Scores. The lone Sarnia counter was secured by Garvin at nine minutes in the second frame when the Sarnia center man got away a low, smoking drive which carried off Fries' pads into the net. In the three periods Fries was called upon to clear less than ten head-on shots, and most of these were floaters which came from away out. Garvin's effort, however, deserved a goal.

To start the opening canto the young 75's had things pretty much their own way, the front line pulling off sensational dashes and then defence having it easy, due to the victors confining their attempts to long shots. Lauder scored first for London, ten minutes taking a pass from Ziegler. Ten minutes had passed before McGraw got Sarnia's first definite shot at goal, a shot for Fries, though. At 14 minutes Manore muffed up a Lauder-Ziegler combination right in the goal mouth.

Filmore counted the second minute later, sending in a hot one from the side, after taking a pass out from Ziegler. The third came at 19 minutes, Harrett counting this time. With a minute to go Ziegler sent the rubber through a mass of legs into the Sarnia tangle.

Rushes Ineffective. In the second period Palmer stood out with his rushes up the sides which, however, were fruitless, as he elected every time to shoot from too far out in preference to working in. The Sarnia shots were losing their steam.

Just after Garvin sent in the visitors' goal Marks sprawled the London front line all over the place in saving what looked like a sure counter.

Ziegler got London's next as the result of the prettiest individual sortie of the evening, and at 15 minutes Barrett counted another shot at goal, a combination with Ziegler and Lauder.

The one goal of the last frame was scored in by Filmore after he had gone up with Barrett just before the bell. Every one of the visiting youngsters gave the best he had, and their need to say die spirit deserved a better reward.

The teams: Sarnia—Goal, G. Marks; defence, F. Prudence and Manore; center, Garvin; left wing, Palmer; right wing, Ziegler; subs, Allen, Barclay and Wilson.

London—Goal, Fries; defence, Barrett and Fritchard; center, Ziegler; wings, Lauder and Filmore; subs, McKay and Smeaton.

Referee—Armstrong.

Summary: First period—London, 7:00. Second period—1, London, 15:00. Third period—1, London, 20:00. Total—London, 9:00. Sarnia, 2:00. Total—London, 11:00. Sarnia, 2:00.

CROSS WORD PUZZLE NO. 98

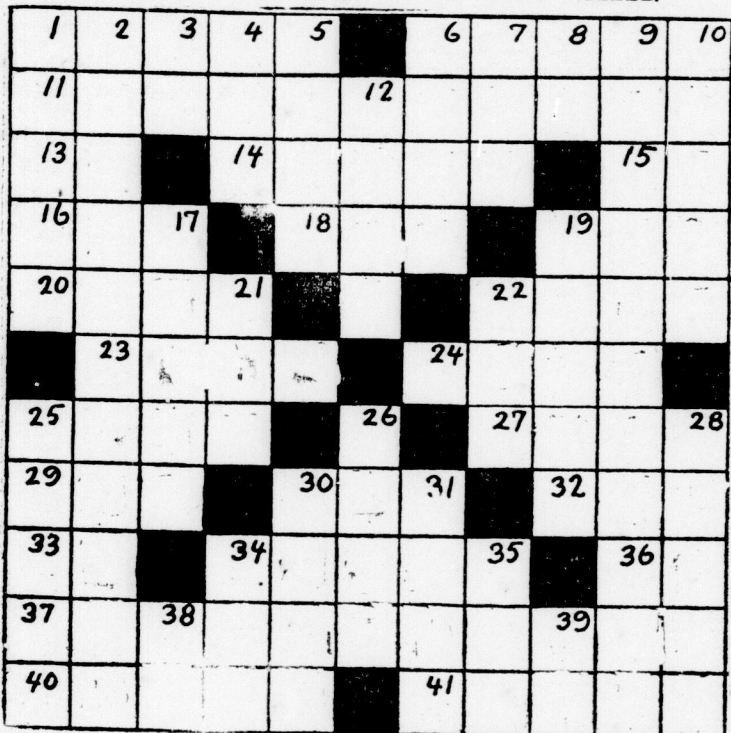

If you are feeling tired after a day's hard work, here's one that will soothe your weary brain. It was designed for the neophyte, and she has made a simple design and followed it up with lucid definitions. If you can work it out in less than half an hour, you have passed the beginner's stage. All right, let's go!

Each word reads from left to right (horizontal) or downward (vertical) according to position. Lettered in correctly, words that cross will interlock. Each number in the white squares also refers to a definition in the accompanying table.

Each definition suggests a word possessing the exact number of letters to fit the white spaces allotted to it.

Each white space is to receive one letter only. Words start only in numbered squares.

PROVINCIAL GEOLOGIST SUCCEUMS IN TORONTO

Prof. W. G. Miller Had Been With Department of Mines Since 1902.

Canadian Press Despatch.
Toronto, Feb. 4.—Professor Willet G. Miller, provincial geologist of Ontario, died this evening at his home

in this city. During the meeting of the British association for the advancement of science in Toronto last August he was elected president of the geological section of the association. Professor Miller had been with the Ontario department of mines since 1902.

Prof. Miller was distinguished as the person who proclaimed Cobalt to the world as a silver camp of fabulous wealth. A world celebrity in geological and mining circles, he was perhaps the person most intimately connected with the development of Northern Ontario into a treasure land.

Death came suddenly, following an

illness of five days. Dr. Miller was the first person sent officially into the Cobalt country. It had been previously discovered as a copper district, but Dr. Miller found the silver. He was given the credit for drawing immense capital to Ontario chosen by the Ontario government to go to Britain to interest capital in Ontario's mineral production.

PETROLIA POLICE HUNT FOR GIRL'S ATTACKER

Search For Unknown Man Who Threatened Life of Young Child.

Special to The Advertiser.
by Staff Correspondent.
Petrolia, Feb. 4.—The local police are diligently searching the countryside for an unknown man who at-

tacked Jean McLennan, 8-year-old daughter of James McLennan, farmer, residing about two miles south of here.

About 4:30 yesterday afternoon the young girl was returning home from school by way of Michigan Central tracks when she was accosted by a man wearing a light overcoat and cap. The man deliberately attacked the girl, and when she began to scream he threatened to kill her. Neighbors were attracted by the sound and came to her rescue.

The man, however, escaped, and after an all-night and day search he had so far eluded arrest. Mr. McLennan stated today that a private

detective would be put on the trail in an effort to bring the man to justice.

SHOP IN THORNDALE DESTROYED BY FIRE

Special to The Advertiser.
Thorndale, Feb. 4.—A large frame building in the west end of Thorndale was totally destroyed by fire early Wednesday morning. It was used by Thomas Stephenson as a blacksmith shop. Nothing was saved of the stock and tools. The adjoining building, used as a garage, was saved. The cause of the fire is unknown.

HAD BOILS ALL OVER HIM

There is only one way to get rid of boils and that is by going right to the seat of the trouble—the blood—as the bad blood must be made pure before the boils will disappear.

Burdock Blood Bitters

cleanses the system and removes all the foul matter from the blood in a way that few medicines will do. Mrs. Chas. Rankin, Bulyea, Sask., writes: "A few years ago my husband had a terrible time with boils. On one arm he had 16 between his elbow and wrist; five on the back of his neck, and several more on the different parts of his body. He tried everything he could think of, but got no relief until he took Burdock Blood Bitters, and his surprise it completely relieved him of his boils in a very short time."

B.B.B. has been on the market for the past 46 years; be sure you get it when you ask for it; put up only by The T. Milburn Co., Limited, Toronto, Ont.—Advt.

Pains

That are needless
Relieve at once

Rheumatic pains, lameness, soreness—pains you cannot stand at once should be stopped. The means should always be on call.

The modern relief is Red Pepper Rub. It so excels the old ways that there is no comparison. It is saving cures of pain.

Nothing else creates such concentrated, such penetrating heat. And heat that doesn't hurt.

Apply Red Pepper Rub and the tingling heat is instantly apparent. In three minutes that heat seems to reach the depths. Then the pain and soreness disappear.

At first the results seem like magic. No other method ever brought them. Then you come to rely on them. You come to know that most pain is easily avoided.

But these troubles often appear at night. That means hours of suffering. A jar of Red Pepper Rub on your shelf would prevent them. So many people suffer needless pains—pains that this method can end in three minutes. That is a pity. Get this Rub today and have it ready to end every such pain at once.

TRY SULPHUR ON AN ECZEMA SKIN

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying Mentho-Sulphur, declares a noted skin specialist. Because of its germ-destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema. Right up and leaves the skin clear and smooth.

It seldom fails to relieve the torment without delay. Sufferers from skin trouble should obtain a small jar of Rowles Mentho-Sulphur from any good druggist, and use it like cold cream.—Advt.

Here's the Way to Heal Rupture

A Marvelous Self-Home-Treatment That Anyone Can Use On Any Rupture, Large or Small.

Costs Nothing to Try.

Ruptured people all over the country are amazed at the almost miraculous results of a simple Method for rupture that is being sent free to all who write for it. This remarkable Rupture System is one of the greatest blessings ever offered to ruptured men, women and children. It is being pronounced the most successful Method ever discovered, and makes the further use of trusses, appliances or supports unnecessary.

No matter how bad the rupture, how long you have had it, how hard to hold; no matter how many kinds of trusses you have worn, let nothing prevent you from getting this FREE TEST TREATMENT. Whether you think you are past help or have a rupture as large as your fist, this marvelous System will so control it and keep it up made as to surprise you with its magic influence. It will so help to restore the parts where the rupture comes through that soon you will be as free to work at any occupation as though you had never been ruptured.

Thousands of persons who formerly suffered the tortures of old fashioned steel and spring trusses are now rejoicing in their freedom from the danger and discomfort of rupture.

You can have a free trial of this wonderful strengthening preparation by merely sending your name and address to W. A. COLLINGS, Inc., 64-B, Collins Building, Watertown, N. Y. Send no money. The test is free.

Write now—today. It may save the wearing of a truss the rest of your life.—Advt.

Boys Narrowly Escape Death On Ice Floe Midway In River

Special to The Advertiser.
By a Staff Correspondent.
Windsor, Feb. 4.—Adrift in the middle of Detroit river on an ice floe, two Windsor school boys, Norman Parker, 7, and William Ferns, 8, narrowly escaped being carried beyond human aid tonight. Imbued with a desire to visit Detroit they said, the lads started to walk across the river on the ice. They succeeded in getting about half way over when it began to grow dark and the holes in the ice were hard to see. The lads retraced their steps, but had proceeded but a short distance toward the Canadian side when they found the ice on which they stood had broken away from the field and was drifting down the river at a rate of four miles an hour.

They began calling for help and their cries were heard on both sides of the river. From Detroit the big fire boat, Elliott, was ordered out, and about the same time the Windsor police patrol went whizzing down the river front in the direction where the boys were seen.

Meantime, however, the wind had changed and the boys' ice craft was blown in again towards the Windsor shore. They succeeded in leaping Eliza-like from one cake of ice to another and just as rescuers arrived they splashed through shallow water to safety.

OFFICIALS INSTALLED.

Special to The Advertiser.

Thorndale, Feb. 4.—The annual installation meeting of Mount Olivet Lodge, No. 300, A. F. and A. M., of Thorndale was held on Tuesday evening, with Wor. Bro. Jas. Guest as the installing officer. The following are the officers for the year: W. M., Richard Clare Harding; S. W., Jos. E. Johnston; J. W., Wm. C. Gee; chaplain, Rev. A. G. Cummer; secretary, R. H. Harding; S. D., Geo. T. Hobbs; J. D., Clarence Barter; D. of C., Rt. Wor. Bro. R. L. Guest; I. G., Wm. E. McCutcheon; Tyler, Dr. M. Morrison.

After the installation ceremony the officers and members of the lodge enjoyed a banquet in the auditorium of the lodge building. A number of short speeches were delivered by members of the lodge.

SEPARATED FROM HOME, WORK Thin Men IN ATTEMPTING TO BE HONEST

Canadian Press Despatch.
Niagara Falls, Ont., Feb. 4.—An illustration of the strictness of the United States immigration law is given here today in the person of J. Raitlon, who for the last five years has lived and worked in Tonawanda, N. Y. According to his own story, he did not pay a head tax when he entered the country at that time, and came back here today to see the United States consul and legalize his residence. At first he said he was born in Canada, then admitted he was born in Britain. He appeared before an immigration board today, but was turned back. He will have to come under the British quota, and there are only four per cent of that port every month, so that Raitlon may have to wait several months. Meanwhile his job and his home are in Tonawanda and Raitlon is here.

STRIKING WORKERS DANCE BETWEEN ALL MEETINGS

Canadian Press Despatch.
Montreal, Feb. 4.—There was little change today in the strike of the 1,500 ladies' garment workers who yesterday stopped work for higher wages and better working conditions. The strike is unique, in that an orchestra entertains the strikers between meetings and dancing is almost incessant. Extra squads of police are patrolling the affected areas, but so far their services have not been needed.

You're behind the times if you don't know that God Liver Oil is the greatest flesh producer in the world. Because it contains more vitalizing vitamins than any food you can get. You'll be glad to know that God Liver Oil comes in sugar-coated tablets now, so if you really want to put 10 or 20 pounds of solid, healthy flesh on your bones and feel well and strong, ask Standard Drug or any druggist for a box of McCoy's God Liver Oil Compound Tablets. Only 60 cents for 60 tablets and if you don't gain five pounds in 30 days your druggist will hand you back the money you paid for them. It isn't anything unusual for a person to gain 10 pounds in 30 days, and for old people with feebleness overtaking them they work wonders.

To-day I saw

The Spring Needlework Book, and The Standard Designer Quarterly.

There were fascinating new copies of each of these on my desk when I arrived this morning.

And it's only after enjoying both of them that I'm settling down to the serious business of the day, and writing this column to announce their presence at our Pattern Counter.

The arrival of the Spring Quarterly formally opens the sewing season. Fascinating styles, it brings, that will set your needle almost dancing to begin upon them. A fabric guide, too, which tells you exactly of what your new frocks are to be made.

(You must also remember the price, which is only 25c, and in addition, this amount covers 10c on the purchase of any Designer pattern.)

The Needlework Book—practical as its name implies—commences with clear and concise instructions on how you may best use the Designer embroidery transfers. And then it proceeds through 64 pages of fascinating intelligence for needleworkers.

(It ends, too, in a most practical manner by announcing its price, which is only 35c per copy.)

You'll find both of these particularly helpful books at our Pattern Counter, together with the March number of The Designer, which arrived in company with them.

WARDENS REAPPOINTED FOR ST. JAMES CHURCH

Customary procedure as to the election of wardens was departed from at the adjourned vestry meeting of St. James' Anglican church, South London, last night. For personal reasons the rector, Rev. W. Leslie Armitage, M.A., waived his right of naming the rector's warden, and therefore both rector and people's wardens were chosen by the vestry. The election which followed resulted in the reappointment of the two wardens who had served last year, George E. Forsythe and Chris Hodgins. Mr. Forsythe has been rector's warden since 1922 and Mr. Hodgins people's warden since 1919.

CHICKEN BUYERS' CONTROL SOUGHT

Kent County Council Believes Licenses Should Be Issued.

Special to The Advertiser. Chatham, Feb. 4.—With a vote of 14 to 12, a reduced paving policy for the year was decided upon by the Kent county council, in adopting the amended estimates of the road committee at the closing session today. Instead of six and a half miles of pavement, concrete will be built over three and a half miles. Paying half the cost of building the Prairie Sliding bridge this year, the road rate will be 2.65 mills. The decision came only after another determined attempt to increase the paving program.

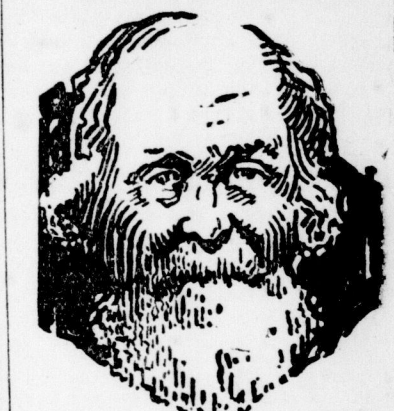

At this afternoon's session the council decided to petition the Ontario government to amend the statutes so that county councils will be able to pass bylaws to license chicken buyers. With such a licensing system the consensus of opinion was that police would be aided in checking up chicken thieves.

Indians Arrested.
Three Moravian Indians are lodged in the county jail awaiting trial on charges of violating the O. T. A., as the result of investigations into a brawl, alleged to have taken place on the reserve last Sunday. The men are M. Pheasant, Thomas Shepley and McAlpine Stonefish.

L. O. L. Officers.
The L. O. L. of South Kent has elected the following officers for 1925: County master, Thomas Shepley, Chatham; deputy-master, W. Chisholm; chaplain, D. V. Hicks; recording secretary, C. Watson, Chatham; financial secretary, W. Bedford, Thamesville; lecturers, C. Wood, H. Haskell, P. J. Flannigan, Chatham; director of ceremonies, Robert Powers, Chatham.

EDUCATION DEPARTMENT BLUE BOOK PUBLISHED

The provincial department of education "blue book" of schools and teachers in Ontario made its appearance at the board of education offices here today. The publication, which is an annual one, embraces the personnel of the staffs of the public, separate, high, continuation and normal schools, and also a list of the inspectors for the public and separate schools.

Interesting information concerning the local public school system contained in the blue book is as follows: Number of schools, 23; average attendance, 7,888; value of school equipment, \$148,900; value of school property, \$2,601,515; total assessed value, \$65,344,762.

In the point of average attendance London stands fourth in the list of city inspectors in the province, being surpassed only by Toronto with 7,308, Hamilton with 16,072 and Ottawa with 10,043 pupils. Windsor stands fifth with an average attendance of 6,300 pupils.

NEWSBOYS MEET.

London newsboys met at the Y. M. C. A. last night to hear an informal talk on boys' work by W. R. Cook of the National Council of the Y. M. C. of Toronto.

CAPT. ROBSON ILL.
Capt. Tom Robson, county treasurer, is confined to his home with illness. His condition is not regarded as serious, county officials state.

BROTHER USMAR NOW IN JAIL Awaiting TRIAL FOR DEATH

Catholic Teacher at Montreal Must Face Trial For Manslaughter.

FOR DEATH OF BOY

Canadian Press Despatch. Montreal, Feb. 4.—Unable to furnish personal bonds to the amount of \$5,000, Brother Usmar of the Order of the Brothers of Mercy and teacher at the Huberdeau orphanage, was taken to Bordeaux jail late this afternoon charged with manslaughter in connection with the death by scalding of 8-year-old Hector Galarneau, who died in St. Justine hospital on January 24. The preliminary trial was set for February 11.

Brother Usmar, civilly known as Rene Francois de Vleeschouwer, was conveyed to jail in the "Black Maria" in company with other prisoners. The proceedings today before Judge Monet, following the verdict of the coroner's jury that Usmar was responsible by criminal negligence for the death of young Galarneau, were brief. Usmar maintained an impassive attitude as the charge was read to him. While the jury was out, how-

ever, he broke down and wept. The verdict was rendered by the coroner's jury after 14 minutes' deliberation. Evidence presented before Coroner McMahon today centered on the possibility of the dead child having accidentally caused his own death, but this, in the opinion of Dr. Wilfrid Derome, provincial autopsist, was unlikely. The boy had been scalded in a tub at the orphanage on January 21, having been conducted thither by Brother Usmar for a wash, in consequence of the child's unfortunate personal weakness. Dr. Derome testified that in his opinion the boy had been either held in the boiling water for more than an instant or stayed there of his own accord, which was not likely.

In the boy's case, physical examination showed that his body was burned on the lower part, the legs and back. He had apparently been seated in the tub with his legs extended, or seated resting on his toes. "In my opinion," said Dr. Derome, "the child could not have fallen into the water. He was either held or remained there."

Evidence of a number of inmates of the orphanage was to the effect that Brother Usmar had encouraged the boys to beat little Galarneau, telling them to "jump on him."

LIBRARY BOARD GRANT TO SCHOOLS DOUBTFUL

Continued support of the public school supplementary reading department by the public library board still remains a moot question. Some weeks ago the library board notified the board of education to the effect that its annual grant of \$200 toward the maintenance of the department had to be cut out owing to lack of funds.

The board of education appointed a committee consisting of Chairman S. F. Lawrason, Vice-Chairman A. R. Cairncross and Administrator V. K. Greer to confer with the library board with a view to having the grant continued if at all possible. The committee has been unable to date, however, to meet the library board and hence the question still remains unsettled.

There are approximately 10,000 books in the department, which, for convenience sake, is maintained in the public library.

PREPARE ENTERTAINMENT.
R. W. Ward and J. D. Omond have charge of the program arrangements for next week's meeting of the Y's Men's club. It is understood that the program will be more elaborate than usual. Novelties and stunts will be featured.

WILL ADDRESS CLUB.
Ronald Gard will address the members of the Y-Knot club on the subject of "Radio" at the Y. M. C. A. tomorrow night at 9 o'clock.

SEVENTEEN OFFICERS PASS TESTS IN HORSEMANSHIP

Seventeen officers in military district No. 1 have passed their examinations in riding and horsemanship. They have been granted certificates of proficiency in riding. The examinations were conducted Jan. 11, 12, 13.

The results issued today show the following successful candidates: Capt. J. W. Bizley, No. 1 Co., First Divisional Train; Lieut. J. D. Campbell, Wellington Rifles; Lieut. E. H. Dean, Capt. W. C. Dodd and Major R. M. Johnston, Canadian Army Service Corps; Major A. K. Hemming, R. C. R.; Major F. B. James, the Bruce Regiment; Lieut. R. C. Clark and Lieut. A. R. Roy, R. C. R.; Lieut. A. K. Stanley, attached to the R. C. R.; Lieut. J. W. Dawkins, 12th Battery; Lieut. O. H. Banks, No. 1 Signal Co.; Major H. Bingle, Capt. H. W. Minihinnick and Lieut. E. H. Arundson of the Canadian Fusiliers; Lieut. C. Foulkes and Lieut. G. D. A. Blandford of the Second Battalion, C. M. G. Corps.

START PING PONG.
The ping pong table which proved so popular at the Y. M. C. A. last winter has been set up in the lobby. Nightly games staged by the members are proving attractive.

At the Laura Secord Shop at 159 Dundas street, near Richmond street, you will see delicious Bombers and Malaga Grapes dipped by an expert in the art of bonbon making.

C. OF C. TO SEEK BETTER HIGHWAY

Province Will Be Asked To Improve London-Southampton Road.

The Ontario department of highways will be asked to consider the possibilities of an improved highway from London to Southampton, by the chamber of commerce, it was decided at a meeting of the directors yesterday afternoon.

The Proof Line road will be used as far as Brucefield, thence to Seaforth, Morrisbank and Wroxeter. The road from Wroxeter to Southampton is in good condition, the directors were informed.

H. L. Seymour told the directors that London and Westminster townships would heartily co-operate with the London town planning commission, and that committees had been appointed to act with the London men.

The chamber will be represented at the meeting to be held in the county buildings to discuss a winter fair for Western Ontario.

A cheering bit of news conveyed to the directors was the fact that the C. P. R. was co-operating with the Ontario Immigration department with a view to establishing Dutch settlers on Western Ontario farms. In the past these people have been sent on to the west by the C. P. R.

CONTINUE SCHOOLS.

The provisional schools of machine guns which are being held at London and St. Marys will continue until the end of the month. It was intended that the courses would end before that time, but it was found necessary to grant an extension of time, according to orders issued today by Lieut.-Col. Gilman, general staff officer, military district No. 1.

MACBETH TO PRESIDE.

Judge Talbot Macbeth will preside at the division court session tomorrow morning in the absence of Judge J. C. Judd, who is confined to his home through illness.

REV. P. B. CLAYTON, formerly in charge of a military rest room in Poperinghe, Belgium, and founder of "Tec H." who is on his way from England on a tour of the Talbot houses, throughout the empire. Toronto will be one of his first stopping places.

SHIPMENT OF BLINDS FOR SCHOOL IS DELAYED

Kingsmill's, Limited, have been held up in the delivery of the blinds for the new Empress public school, which is thus still without blinds of any kind.

Principal Reginald D. Fowler has tried to relieve the situation by rubbing the windows of his own room on the west side of the school with bon-ami and leaving it on to dry. He has found, however, that his strategy is of little avail against the sun's rays.

It is hoped by the officials that the blinds will be on hand within a few days and in place for the formal opening of the school the week after next.

CONCLUDE ASSIZES.

The winter assizes, which opened before Mr. Justice Rose at the courthouse a week ago Monday, will likely conclude this afternoon, as there is just one case left of the 20 non-jury actions set down for trial.

APARTMENT HOUSE JOB TO START SOON

Architect Declares Project Will Be Under Way in Few Weeks.

Work will begin within the next few weeks on the transformation of the C. H. White property, 511 Dundas street, into a modern apartment house. C. A. Vabderlande, architect, who is in charge of these alterations, is authority for this announcement. He says tenders have already been called for, for this work. A large addition to the rear will be made, and the interior will be completely renovated.

The buildings will be changed to include eight apartments, made up of living-room, dining-room, two bedrooms, kitchen and bathroom. Two apartments will be placed on each floor and two in the addition, which is to be constructed. They will be fitted in the most modern fashion possible.

It is expected that the alterations will be completed and the apartments ready for occupation by the latter part of August or the first week in September.

ROADS SAVE JAIL VISITORS JOURNEY TO WOODPILE

The health of City Engineer Near is heartily proposed twice a day at Middlesex county jail for forty prisoners, because indirectly he is responsible for the fact that the prisoners have no cordwood to saw up in chunks for the laundry stove.

It seems that fifteen cords of wood were purchased to give the boys at the jail a little exercise, but read conditions in the city will not permit the London township farmer to deliver it.

The farmer can't run a truck owing to the condition of the country roads, and he can't get his team over the bare road, swept clear by the engineer's plans, in the city. The city limits are the farmer's limit, county officials declare, and the prisoners are hoping it will be many weeks yet before they are introduced to the woodpile.

County Engineer Talbot points out that while the city roads are excellent for car owners to drive on, the farmers with heavy loads such as wood, grain, hay, etc., are practically prohibited from downtown streets. He states that country storekeepers are benefitting as a result of this condition, because the farmers are trading at the nearest store, rather than journey to London and take a chance on city streets being O.K. for sleigh traffic.

LONDON TOWNSHIP PLANS STRICTER LAWS ON DOGS

London township assessors are seriously considering the purchase of powerful field glasses before they start out on their rounds this year in order that they may observe townships houses and barns from afar and before their approach is discovered. The reason is dogs.

The township has been overrun with canines for several years, and a number of the animals have cost the ratepayers a large sum of money because of their sheep-killing tendencies.

The township fathers have decided to pay the assessors 25 cents extra for notifying the township of every farmer who keeps more than one dog. Should the owner decide that more than one canine is a luxury and decide to hustle him off to the dog heaven the dog tax will be remitted, the council decided.

COL. T. J. F. MURPHY HEADS MILITARY HEALTH BOARD

Col. T. J. F. Murphy, D.S.O., district health officer of military district No. 1, has been named to head a board of officers which will conduct practical examinations for certificates in the medical department of the Canadian officers' training corps.

The examination will be held at the armories. Those who pass will be granted "A" certificates. Candidates will write February 19.

An officer selected by Col. E. A. Seely-Smith, commander of the Royal Canadian regiment, will sit on the board.

INVESTIGATES CASE.

Inspector George Austin of the humane society is investigating a case of cruelty in Dorchester township, where a farmer is alleged to have cruelly beaten one of his horses with a large stock of cordwood.

FINN WILL NOT BITE AT LURE OF \$360,000

"They Must Take Me For a Fish," Smiles Agriculturist on Receipt of Letter.

R. A. Finn has been asked to share in a fortune of \$360,000 "somewhere in America," by one of those numerous prisoners confined to jail dungeons in historic Spain.

"The Spanish prisoner" letter is as old as the oldest inhabitant, and the mails are still used in an endeavor to defraud people of their money.

Mr. Finn states that he is asked to accept \$120,000 if he will help release Mr. "C" from prison. All he has to do is cable Pedro Rin at Lista Carraos, 424 Amposta, Spain, and then send on some money by letter.

"Just because my name is Finn they must take me for a fish," smiled the head of the department of agriculture in Middlesex.

Mr. Finn also stated that a letter addressed to Mr. Bolton arrived at his office and he believes the contents are similar.

"I think this letter must be for the license inspector and I am going to send it to him," declared Mr. Finn.

PENMAN'S, LTD., WIN SUIT AGAINST HOSIERY CO.

Judgment in favor of the defendant was rendered today by Judge McLean in the suit of Hosiers, Limited, against Penman's, Limited, of Paris, Ont. The plaintiff alleged certain infringements on their patent rights by Penman's and because of its importance to the knitting industry, the case has aroused widespread interest.

Hosiers, Limited, contended that Penman's had adopted special features of a patented machine by which pointed heel hosiery was made. The process was claimed to be the exclusive property of Hosiers. The judge dismissed the case with costs.

LT.-COL. E. A. SEELEY-SMITH WILL ACT AS PRESIDENT

Lieut.-Col. E. A. Seely-Smith, commanding officer of the Royal Canadian regiment, will act as president of a board of officers which will sit at the examinations of candidates written on "A" and "B" certificate examinations this month.

The examinations will be written off at Guelph on February 16 and 17, and at the armories here on February 18 and 19.

Capt. W. S. Fenton and one other officer from the Royal Canadian regiment will also act on the board, it is understood.

JUDGE CATTLE.

Members of the agricultural short course at Newbury visited the farm of Ed. Haggitt yesterday and judged short-horn cattle, R. A. Finn, of the department of agriculture, reports. Dr. Ross, V.S., of Toronto, is lecturing to the boys today on the diseases of live stock.

FACE TERRIBLE FROM PIMPLES

And Blackheads. Irritation Intense. Cuticura Heals.

"I suffered terribly with blackheads and pimples. The pimples were large, festered and scaled over. They burned causing intense irritation. After washing my face the scales would fall off causing eruptions. I had to discontinue with all pleasures because my face was terrible.

"I tried numerous remedies but all failed. I began using Cuticura Soap and Ointment and after using one box of Ointment and one cake of Cuticura Soap I was completely healed." (Signed) Miss Felicia E. Smith, 2271 E. 46th St., Cleveland, Ohio.

What Kidney Trouble,
Take It in Time!

—Wolfe's Photo Studio.
Chatham, Ont.—My husband and I have both been wonderfully benefited by taking Dr. Pierce's Anuric Tablets. We have both had such help from taking the Tablets that we are in a position to know the value of this great medicine. I had an acute case of kidney trouble, and was suffering something awful when I started to take Dr. Pierce's Anuric Tablets, and they completely relieved me of this spell with my kidneys and bladder and I have never had another attack. And for years my husband suffered with kidney and bladder trouble, his back would pain him just across his kidneys, and many days he voided the secretion with difficulty; it would scald and burn and cause him great distress. But after he began taking Anuric, his kidney and bladder trouble disappeared and he does not have any more trouble with either. He doctor for years for this trouble before he learned of Anuric, and had taken every well-known medicine without any help to speak of. —Mrs. Amelia Rushmore, 51 Seane street.
Dr. Pierce's Anuric is sold by all druggists. Send 10c to Dr. Pierce's Laboratory in Bridgeburg, Ont., for a trial package.—Adv.

TRADESMEN URGE REMOVAL OF BAN

British Merchants Declare Increase of Supplies Would Reduce Prices.

DENY PROFITEERING

Associated Press Despatch.

London, Feb. 4.—Suggesting that the restrictions still remaining on the importation of Canadian cattle should be removed and all imported cattle from Canada should be placed on the same footing as the imports of cattle from Ireland, the result of which would be an increased supply of home-killed meat available for the people of Great Britain, representatives of the retail meat trade gave evidence today before the royal commission inquiring into food prices.

The witnesses included G. H. Collins, president of the National Federation of the Meat Traders' Association, Incorporated, and other officials of the federation.

In a joint statement, the federation's representatives declared that charges of profiteering by the retail trade were absurd, as well as being untrue.

They stated that the retailing of meat was done at less than 20 per cent of the average gross profit on the cost.

Increased supplies alone could reduce prices, the federation representatives asserted, and in this connection they suggested the removal of all restrictions on the importation of cattle from Canada.

CLUB HOLDS DEBATE.

Special to The Advertiser.

Delaware, Feb. 4.—A crowded house greeted the first appearance of the Delaware literary and debating club last night at the town hall. Rev. H. Royle acted as chairman. Laverne Pincombe and Miss Gertrude Comfort took the affirmative side of the debate. "Resolved, that heredity has more to do with character-building than environment has," Miss Helen Turnbull and Miss Mary Dickson took the negative. John Montith, Miss E. Heatley and Fred Lockwood acted as judges, and awarded the decision to the negative side.

Miss Florence Royle rendered a splendid piano solo. Committees were formed to prepare rules of order, the program for the next session, and to make nominations for the officers of the club in the future.

TWO MEN ARE CHARGED IN CAR THEFT CRAZE

H. Miliard Pleads Guilty, Harry Williams Claims Innocence.

Special to The Advertiser.
 St. Thomas, Feb. 4.—Herbert Miliard and Harry ("Nigger") Williams appeared before Magistrate Maxwell this morning charged with stealing four cars, in January. Miliard is a young English lad, with a wife and child, and was allowed out on \$500 bail to appear in a week's time. He pleaded guilty to the four charges

and admitted taking between 8 and 12 cars throughout the fall. Williams pleaded not guilty on all charges and elected for trial by judge and jury. Bail may be arranged on his behalf, but an early hearing before Judge Ross, without the jury is anticipated. Williams is alleged to be the leader in the thieving, and has been into trouble many times with the local authorities. The mysterious disappearance of cars from the main street had puzzled the police for many months. They were taken early in the evening, and abandoned in out-of-the-way haunts towards morning. The pair were finally arrested on information received from a resident of Temple, who found the two trying to extricate their stolen machine from a snow-drift, near his home.

REV. E. H. SAWERS DIES AFTER LENGTHY ILLNESS

Retired Presbyterian Clergyman Had Held Many High Posts.

Special to The Advertiser.
 Watford, Feb. 4.—Rev. E. H. Sawers, a prominent member of the Presbyterian Synod of Hamilton and London, died early this morning in London, having been in poor health for some months. The late Mr. Sawers, who was in

his 79th year, was born at Falkirk, Scotland, on April 5, 1846, and came to Canada, in 1870. He studied for the Presbyterian ministry in Knox College, Toronto, and McCormick Theological Seminary, Chicago, graduating in 1878. His pastorate have been at Middletown, Iowa, and First Scotch Church, Chicago, then came back to Ontario, at Westminster, Middlesex county; Brucefield, Huron county, and North Bruce, Bruce county. He retired from the active ministry in 1916 and took up his residence in Watford, where he has served as a member of the session of the Presbyterian church. For many years he served the synod of Hamilton and Toronto as chairman of the aged and infirm minister funds and was widely known throughout Western Ontario. He married Miss Lida Hamilton in 1878, daughter of Rev. and Mrs. Wil-

liam Hamilton of Mount Union, Iowa, who survives him, with one son, Dr. Charles W. Sawers of Watford, and three daughters, Mrs. A. W. Hornick, Tilbury, Ont., Mrs. Charles Kelso of Port Elgin, Ont., and Mrs. D. M. Burgess, Merlin, Ont. The funeral will take place on Saturday afternoon, when a public funeral service will be held in Watford Presbyterian church, and interment will take place in Watford cemetery.

OFFICERS RE-ELECTED BY GLENCOE I. O. D. E.

Regent and Several Others Returned For Eighth Term.

Special to The Advertiser.
 Glencoe, Feb. 4.—A very interesting meeting of the Major-General McRae chapter, I. O. D. E., took place yesterday afternoon in the Memorial Hall. Officers for 1925 are: Regent, Mrs. F. Aldred; secretary, Mrs. A. J. Wright; treasurer, Miss Emma Old-

rieve; standard-bearer, Mrs. R. W. Oxley—all elected by acclamation to an eighth term. Mrs. Mary McRae, honorary regent, was elected without nomination at the January meeting. Other officers are: First vice, Mrs. John Tait; second vice, Mrs. A. Sullivan; educational secretary, Mrs. W. M. Leonard, B.A.; assistant educational secretary, Mrs. William Williams; second assistant, Mrs. H. Hart; Echoes secretary, Mrs. W. A. Currie; committee secretary, Mrs. Geo. Blacklock; pianist, Mrs. Hill. The chapter raised during the year \$761.23. They placed a furnace in the hall and donated a box of canned fruit valued at \$15 to Byron sanatorium. The G. W. V. A. donated to the chapter \$20 and 150 cups. The junior chapter have paid \$30 toward the piano. June 15 was observed as Decoration

Day, when a wreath and a flag were placed on each of the graves of 12 veterans and two members of chapter. At the close of the meeting refreshments were served. An oyster supper in honor of Valentine's Day is being planned for the 16th. At the next regular meeting of chapter, Mrs. Hill will give an address on "Patriotism in Australia." **HORTICULTURISTS MEET.** Special to The Advertiser.
 Embro, Feb. 4.—The executive of the Embro Horticultural society Monday night in the council chamber. President Rev. W. P. Lane was in the chair. The secretary, R. Clark, gave an excellent report last year's work, showing a balance of \$52.07 on hand.

BRITAIN PLANNING 10 NEW CRUISERS

Reports Declare 1925 Program
More Extensive Than
Originally Planned.

LIBERALS PROTEST

By HAL O'FLAHERTY.
Special Cable to The Advertiser and the
Chicago Daily News. Copyright.

London, Feb. 4.—Unofficial reports declare that Great Britain's naval estimates for the coming year will call for a much greater amount of new construction than was expected. Heading the list of new vessels demanded by the sea lords are eight cruisers of 10,000 tons each and armed with eight-inch guns; three submarines, one aircraft carrier, one mine-layer, two depot ships, two gunboats and one special service ship.

Experts estimate that Great Britain must build 54 new cruisers before 1934 to replace the obsolete types. Five already are under construction for the royal navy and two for the Australian navy, each costing in the neighborhood of \$7,000,000.

Although the estimates may be considerably reduced before passing the Commons, there already exists much dissatisfaction on the part of the opposition parties, who feel that the taxpayers should not be burdened with heavy naval expenditures until some relief is granted by the Daves plan annuities.

In Liberal quarters a move is under way to fight the new estimates on the ground that if the admiralty secures a big appropriation this year other plans, such as the reduction of the income tax or postal rates, must be abandoned.

The admiralty comes under attack for repeatedly over-estimating its annual appropriation only to find that several millions must be provided for debt redemption at the end of the year.

Liberalism intends appealing to the country to oppose energetically not only the new building program, but the plan now under way to construct a great naval base at Singapore.

Winter Retreats Temporarily
From Entire Western Canada.

Canadian Press Despatch.
Winnipeg, Feb. 4.—Winter has temporarily retreated from its haunts in the prairie provinces, and today the entire west is enjoying a warm wave, which has sent the mercury scurrying upwards to spring levels.

Not a single point in Western Canada reported below-zero weather during the last twelve hours. The coldest experienced was at The Pas, Man., where eight above zero was

Wedding Binds Great Fortunes

Associated Press Despatch.
New York, Feb. 4.—The engagement of James Stillman Rockefeller, son of the late William G. Rockefeller, to Miss Nancy Carnegie, daughter of Andrew Carnegie II, is announced.

Two of the richest families in the world—one owing its fortune to oil and the other to steel—will be united by the marriage.

CHICAGO MAY GET DECREASED FLOW

Likely To Be Allowed Temporary
Lake Diversion of
8,500 Cubic Feet.

Associated Press Despatch.
Washington, Feb. 4.—Diversion of 8,500 cubic feet of water per second from Lake Michigan is looked on here as likely to be allowed to Chicago sanitary district temporarily by the United States war department.

A delegation is here from Chicago to consult Secretary of War Weeks

and to urge continuation of the 10,000 cubic feet diversion, against which harbors of both United States and Canada on the lakes complain because it lowers lake levels.

The Chicago engineers also have held that 8,500 feet will meet the Chicago requirements, and it is not believed that the war department will go above that amount.

FRENCH AVIATORS ARE MAKING REAL TIME

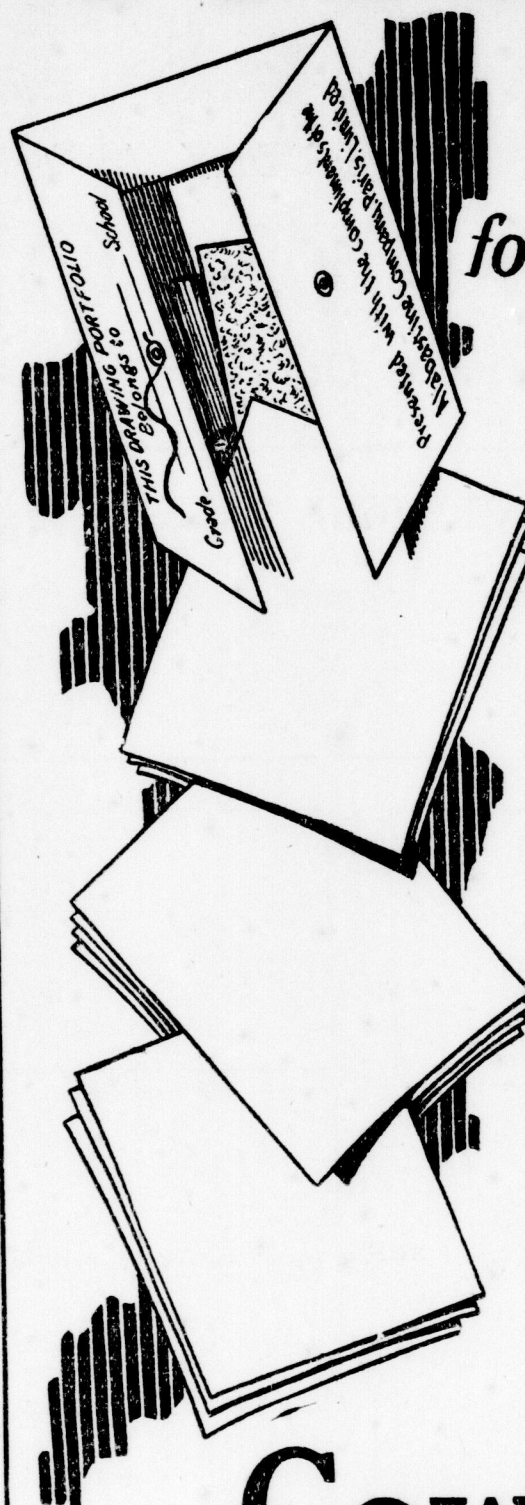

Associated Press Despatch.
Casa Blanca, Morocco, Feb. 4.—The aeroplane flown by Capt. Lemaitre and Lieut. Arrachard in an attempted non-stop flight from Etampes, France, to Dakar, French West Africa, passed over this seaport at 1:30 o'clock this morning.

Free Drawing Portfolios

for the school children who study art

To encourage greater interest in the study of art in the public schools the Alabastine Company, Paris, Limited, has prepared a number of drawing portfolios similar to those now used in the grades taking up this subject.

During the Alabastine demonstration to be held at Cowan's Hardware Store, commencing Saturday and continuing all next week, any pupil may receive one of these portfolios free of charge from Miss Steele at the Cowan Hardware. The certificates have been supplied to teachers in each school.

In addition we will offer cash prizes for the best designs for Alabastine stencils submitted by London art pupils. Particulars of this contest will be fully explained in the portfolios. The portfolio contains drawing paper and stencil board on which to work out your designs. Be sure to call at Cowan's Saturday morning at 10 o'clock, if possible, and receive your portfolio. If you fail to get your portfolio on Saturday you can secure one any day next week on presentation of certificate.

Parents:—

Alabastine, year by year, becomes one of the principal factors in the beautifying of the modern home. It does away with wall paper, yet it gives you by means of tints and designs a wonderful opportunity for the expression of individual taste in home decoration. Cultivate the artistic talent of your children now. Let them learn of the beauty, charm and sanitary protection which Alabastine adds to the home. And you are cordially invited to attend the Alabastine demonstration any time during the next ten days at
