MEDICAL COMPATIBILITY

IMPORTANT TRUTHS FOR THE CONSIDERATION OF THINKING MEN AND WOMEN.

R. R. R.

SYSTEM of Medicine is not the work of a day or a year, but of a life spent by Dr. Radway in the study of DISEASE, its nature, and its remedy.

Of its nature in the thousand opportunities that have afforded him abundant experience to witness its effects on the human system in the hospitals, in camps, in districts ravaged by the destroyer, and by that close study he has given to the slow but insidious approach of chronic disease, stealing away the health, step by step, until the system is finally undermined.

Of its REMEDY in the production of those wonderful medicines known as

Radway's Ready Relief,
Radway's Sarsaparillian Resolvent,
Radway's Regulating Pills.

Medicines that have probably cured more disease and relieved more suffering than anything known to mankind. Medicines that have now become so universal that sound physicians prescribe them to their patients as simples, not trusting to their own prescriptions; that other doctors practice medicine with them as their sole reliance, not using any other remedy, whilst Druggists and Apothecaries universally recommend them to their customers as something they know to be reliable in their purity, and as powerful curatives.

Active or Acute and Passive or Chronic Disease

In the Ready Relief and Sarsaparillian Resolvent respectively, with the Regulating Pills as adjuvants have been studied and mastered with a certainty never known before.

In consumption, diarrhoea is dangerous.

If a person with I-roped jaw live over four days, he is apt to recover.

Salt food will not produce Scoury, the want of vegetable food will.

MEDICINAL COMPATIBILITY.

The adoption of this principle is peculiar to the R. R. R. system of medicine.

In strict accordance with this great principle, we unite ingredients so as to secure perfect harmony of chemical composition and medicinal action, that they may contribute an assisting power to the curative properties of each other, thereby acquiring cumulative virtues; whereas medicines compounded after the ordinary methods, containing **INCOMPATIBLES**, not only often destroy themselves chemically, but neutralize the specific virtues of each ingredient medicinally, because of their want of compatibility.

Our success in reducing this principle to practice is most beautifully illustrated in that wonderful remedy, **RADWAY'S READY RELIEF**. Who has ever heard of this medicine **SPOILING**? None! As a chemical composition it is *perfect*.

In its action on the system each of its ingredients possesses single and special curative properties; none of them conflict; each aids the other, giving a combination of **HARMONIZED MEDICINAL POWER NEVER BEFORE ATTAINED**.

Witness the power of our Ready Relief in not only with electrical velocity stopping the most excruciating and agonizing pains, cramps, spasms, aches, and, in fact, the most distressing agony of **NEURALGIA**, and all other pains, but curing with singular rapidity the most malignant and frightful forms of Asiatic Cholera, Yellow Fever, Small-pox, Diphtheria, and such diseases that strike terror to people when it is known that a visitation of these scourges is threatened.

In all cases where an external embrocation or liniment is required, or where there is pain, inflammation, congestion—or where there is a disturbance inwardly, such as cramps, spasms, diarrhoea, sickness at stomach, headache, and other simple ailments, many people know from experience that the Ready Relief will remove all those difficulties in a few seconds; but in the more fatal diseases, such as Small-pox, Yellow Fever, Asiatic Cholera, Typhoid Fever, and the class of disease that terminate fatally in a few hours, they little know that in **RADWAY'S READY RELIEF** they have a life-preserver that will cure them, and protect them against attacks of those fatal diseases; and yet this is true, and it is the only remedial agent in existence that will absolutely **CURE** and **PREVENT** these diseases with safety.

The solution of this great medical problem is plain and simple, for in the **READY RELIEF** we have a **Counter-Irritant**, a **Disinfectant**, a **Diffusive Stimulant**, an **Antacid**, a **Diaphoretic**, an **Anti-Spasmotic**, a **Rubefacient**, an **Antiseptic**, a **Sudorific**, an **Anodyne**, a **Nervine**, and **Tonic**. These properties are so harmoniously combined and associated, that each performs, with singular and marvelous rapidity, its independent duty, and each, as a part, assists the other; and when the symptoms of the disease indicate their united influence, the Ready Relief instantly supplies this important requisite.

In Asiatic Cholera (and the same properties are called for in Yellow Fever and other malignant malarie) an **ANODYNE** is called for to as-

In protracted illness, a severe regimen is dangerous.

In acute maladies, excessive repletion is hurtful.

suage the pain, stop the vomiting and purging; a **DISINFECTANT**, to kill, destroy, or neutralize the poison or acid of Cholera; an **ANTI-SPASMODIC**, to allay the spasms and cramps, vomiting and purging; an **ANTISEPTIC**, to prevent mortification, and to purify the gases of the stomach; a **DIFFUSIVE STIMULANT**, to impart warmth throughout the chilled and cold body, and arouse the paralyzed organs, the functions of which have been stopped, and so start the congested blood in circulation; a **COUNTER-IRRITANT**, to withdraw inflammation from the engorged blood-vessels and congested nerves, and impart to the nervous system a new supply of electricity; a **DIAPHORETIC**, to arouse the sluggish vessels of the skin in the secretion and promotion of perspiration; these indications being accomplished, a cure is effected, and the most violent cases of Asiatic Cholera are cured by the simple use of Radway's Ready Relief.

These same principles secure the same happy results in other diseases and ailments, either applied externally or taken internally.

In Congestion of the lungs, Inflammation of the Bowels, Bilious Colic, Neuralgia, Rheumatism, Inflammation of the Bladder and Kidneys—in fact, all forms of disease where there is pain—the Ready Relief will, in a FEW MINUTES, stop the most excruciating and agonizing paroxysms. To be sure, in many of these diseases, after the pain is removed or cured, the Radway Pills should be taken to restore functional harmony, and empty the bowels and keep them regular; but it is all-important, when seized with pain, to get rid of it as soon as possible, and where there is latent disease existing in the system, to arrest its progress.

In using medicines to stop pain, we should avoid such as inflict injury on the system. Opium, Morphine, Chloroform, Ether, and Chloral stop pain by destroying the sense of perception, when the patient loses the power of feeling. This is the most destructive practice, it shuts up and, instead of removing trouble, breaks down the stomach, liver, and bowels, and, if continued for a length of time, kills the nerves, and produces local or general paralysis. Radway's Ready Relief increases the vital power of the body—tones up the nerves and throws off disease.

HOUSEHOLD FRIENDS.

DR. RADWAY'S REMEDIES, more especially the Ready Relief and Pills, are indeed the most important necessities of every family. There are hundreds of families that for twenty-five years have had no other medicine or medical attendance than our Ready Relief and Pills.

Persons who live regular by taking a dose of Pills, or Ready Relief, as the case may require, when the first sign of sickness is felt, will cure themselves so quick that the disease or sickness seldom becomes of sufficient importance to require medical attendance. Let the reader bear in mind that all diseases give warning of their presence. In case of sudden pain or uneasiness, sickness or nausea, headache or dizziness, and, in fact, any sign whereby there is unpleasantness, take a dose of the Ready Relief, and, if necessary, a dose of Radway's Pills. If the bowels for a few days have been constipated, then four or six should be taken; and if it is necessary to have a quick operation, as in

Allopathy—The cure of one disease by setting up another.

RADWAY'S READY RELIEF.

IN AN INSTANT it stops and cures the most violent ACHES, CRAMPS, SPASMS, OR PAIN THAT MAY EXIST IN THE INSIDE OR OUTSIDE OF MAN, WOMAN, OR CHILD.

Millions have been cured. Millions have learned that if seized with Asiatic Cholera, Pain in the Stomach, Bowels, Diarrhoea, Dysentery, Colic, Sick Headache, Sour Stomach, Sickness or Nausea at Stomach, Wind, Flatulence, Heartburn, Chills, Bad Colds, Influenza, or pain or uneasiness of any kind, twenty drops of the Ready Relief in water will afford instant relief, and the dose repeated every hour will effect a speedy cure.

TAKEN EXTERNALLY,

it will be found the most safe, expeditious, and powerful remedy known in the world. Its action is at once felt, and cures effected almost instantaneously. A GREAT EQUALIZER OF THE CIRCULATION. *It literally demolishes pain.*

RADWAY'S READY RELIEF AND PILLS

not only cure the patient seized with this terrible foe to settlers in newly-settled districts, "where the malaria of Ague exists, but if people exposed to it will, every morning on getting out of bed, take twenty or thirty drops of the Ready Relief, in a glass of water, and drink it, and eat say a cracker, they will escape attacks. This must be done before going out.

A person going out in a malarious atmosphere, with his stomach empty and his system weakened, and inhaling this malarious poison, the absorbents at once take it up, and circulate it through the system. The Ready Relief, being a NEUTRALIZER, DISINFECTANT, and DIFFUSIVE STIMULANT, at once settles the stomach and protects it against the ill effects of the malaria. It quickens the circulation of the blood that has been checked and clogged in the vessels from

the influence of the malaria; it arouses to healthy action the liver, spleen, and gastric organs, prostrated and dormant from the deadly influence of the malaria. In these cases it is necessary to regulate the liver, spleen, stomach, skin, and kidneys to a healthy action; this is secured by Radway's Pills. Now, let any person seized with Fever and Ague, as soon as the Fever is off or the Chills on, take a spoonful of Ready Relief, in water, every hour for six hours, and rub the spine of the back with the Relief clear; follow this up every day, and take Radway's Pills in large doses every night, and a cure will soon be made. If you wish to avoid attacks of Fever and Ague, or any other malarious Fevers, observe these directions. No FEVER CAKE follows the use of these remedies.

CHICAGO, Jan. 12, 1873.

DEAR SIR—I got a bottle of your Radway's Ready Relief, for the FEVER AND AGUE. I have only taken half of it, and I am sound as ever I was in my life. I got a box of your Pills; I have taken three doses of them, and now all the family are taking them.

Please find inclosed a stamp, for which please send me one of your False and True. Please address

MR. RADWAY—Dear Sir: Having the FEVER AND AGUE for eight months and found nothing to relieve me until purchasing your great medicine, Ready Relief and Pills, in which I have taken great interest in reading your Almanac, and should be happy to get a book of yours called "False and True," and also Radway's Illustrated Treatise on Irritable Urethra, and Radway on Scrofula.

Very respectfully yours,

A RELIABLE AND CERTAIN CURE FOR COLIC.

NEW YORK, June 3, 1871.

DR. RADWAY—I have been for many years a sufferer from attacks of Colic, attended with the extremest agony, lasting for several hours. In reading your "False and True," I saw that you attributed this pain and trouble to ACIDITY IN THE STOMACH, and remembered how you said it must be treated. Your Ready Relief and Pills have just subdued the pain, and brought me through a severe attack. In the excess of joy, I say to you that you are right. I used to think my trouble was in the lower bowels. I am now satisfied, as you say, that it is ACIDITY in the STOMACH. Your Ready Relief is the ANTIDOTE. It stopped the pain after a few doses, taken with short intervals, and corrected my stomach. But you must take a dose of the Regulating Pills after the Relief has moderated the pain. I took them right away—powdered seven in a tea-cup, with water, and then swallowed the dose. They operated in forty minutes, and completed the cure in the happiest manner. The Pills did not interfere with the Relief.

Yours truly,

During the time I have been afflicted I have tried almost all the remedies recommended by wise men and fools, hoping to find relief, but all proved to be failures.

I have tried various kinds of baths, manipulations, outward applications of liniments too numerous to mention, and prescriptions of the most eminent physicians, all of which failed to give me relief.

Last September, at the urgent request of a friend (who had been afflicted as myself), I was induced to try your remedy. I was then suffering fearfully with one of my old turns. To my surprise and delight the first application gave me ease, after bathing and rubbing the parts affected, leaving the limb in a warm glow, created by the Relief. In a short time the pain passed entirely away, although I have slight periodical attacks approaching a change of weather. I know now how to cure myself, and feel quite master of the situation. **RADWAY'S READY RELIEF** is my friend. I never travel without a bottle in my valise.

supplies the blood-vessels with a pure and healthy current of new life. The skin, after a few days' use of the Sarsaparillian, becomes clear and beautiful. Pimples, Blotches, Black Spots, and Skin Eruptions are removed; Sores and Ulcers soon cured. Persons suffering from Scrofula, Eruptive Diseases of the Eyes, Mouth, Ears, Legs, Throat, and Glands, that have accumulated and spread, either from uncured disease or mercury, or from the use of *Corrosive Sublimate* or *Potassium*, that form the basis of most of the decoctions and solutions in the large bottles of Sarsaparilla, that smother, but never cure, may rely upon a cure if the Sarsaparillian is continued a sufficient time to make its impression on the system.

The wonderful cures effected by the Sarsaparillian Resolvent of Kidney, Bladder, Womb, and Urinary Diseases; its rapid efficacy in promoting a free and healthy Discharge of Urine, doing away with the necessity of using catheters, bougies, etc.; then, again, its marvellous power in dissolving stone and calculous concretions, curing gravel, gleet, and discharges from the genital glands; its power over the kidneys in establishing a healthy secretion of urine; curing Diabetes, Inflammation or Irritation of the Bladder, Albuminous Brick-dust, or deposits of White Sand, etc., establish its character as

A Great Constitutional Remedy.

In many cases the young of both sexes, who are troubled with simple Pimples, Blotches, and other ordinary skin disfigurements, will find, during the use of the first or second bottle of the Sarsaparillian Resolvent, an increase of the appearance of Blemishes, Sores, Spots, etc. NOW, THIS IS THE BEST SIGN you could wish, as it proves that the Resolvent is separating the poisons, humors, and effete deposits that corrupt the blood, from the healthy constituents of the body, and driving them out of the system through the skin. In such cases the patient should take a few doses of Radway's Pills, to act as a brisk purge—and continue the Resolvent; these pimples will soon pass off, and then you will have a pure, clear, SWEET and healthy skin, and a

BEAUTIFUL COMPLEXION.

Certificate of Beauty.

The following letter is from a highly gifted lady, well known in the "circles" of our best society:

LAFAYETTE, Feb. 29, 1869.

I had not much confidence in your SARSAPARILLIAN RESOLVENT. Having been disfigured for the last four months with BLOTCHES and PIMPLES, I resolved, at all events, to try it, and took TWO TEASPOONFULS three times a day, as directed. It is not quite ONE MONTH since I commenced its use. To-day there is not a BLOTCH, SPOT, BLEMISH, or deflection of any kind on my person.

POPLAR SPRINGS, HENDERSON CO., TENN., Sept. 24, 1874.

DR. RADWAY: Sir—I am proud to write you that my daughter has improved rapidly from some cause or other. She has been using your **SARSAPARILLIAN and REGULATORS** ever since May. Her skin has a better appearance every way, the system seems to be built up: in May her weight was 111, now it is 116. Doctor, I would like to know whether a suspension would be necessary, or to continue the use of your medicines regularly. She has taken them according to the directions you sent to me in May, 1874, and I am well pleased with the effect, for which I feel very thankful as she was given up by one of the most eminent physicians in the county. Yet the sore on her knee keeps slightly running. You will recollect that her disease is a scrofulous affection, as stated in my former communication of May. You will please write and let me know whether it would be necessary to continue the use of your medicines or to suspend for a while, and oblige,

Yours truly,

JOHN MINCEY.

Continue the medicines, with out-door exercise and good, substantial food.

Scrofula,

whether transmitted from parents, or inoculated, is within the curative range of the **Sarsaparillian Resolvent**.

Cures have been made where persons had been afflicted with Scrofula from their youth up to 20, 30, and 40 years of age, who were cured by the Sarsaparillian Resolvent—since married and had children—and no traces of the taint up to 12, and some as old as 15 years, were exhibited in the children. This ought to be good evidence of its power in exterminating the taint of Scrofula from the system.

It possesses the same wonderful power in curing the worst forms of strumous and eruptive discharges. Syphiloid Ulcers, Sores of the Eyes, Ears, Nose, Mouth, Throat, Glands, exterminating the virus of these chronic forms of disease from the **BLOOD, BONES, JOINTS**; and in every part of the human body where there exist diseased deposits, Ulceration, Tumors, Hard Lumps, or Scrofulous Inflammation, this great and powerful remedy will exterminate rapidly and permanently.

Another Extraordinary Cure of a Scrofulous Person.

The following letter we received about the 6th or 7th of February. It is from a lady in Lake Co., Ohio. We are permitted to state that many persons in "Willoughby" are acquainted with the cure.

(COPY.)

WILLOUGHBY, LAKE CO., OHIO, Feb. 2, 1870.

DR. RADWAY—In the beginning, or from my birth, I have had the **SCROFULA**. I have been a great sufferer from my **SPINE**, also from gravel, kidney, and ovary tumors, for over **THIRTY YEARS**. I have had the best doctors, used the most highly recommended, advertised, and patent medicines without deriving the least benefit. I commenced taking your medicines **LAST MAY**—have taken **EIGHT** bottles of **RESOLVENT**, six boxes of **Radway's Pills**, and three bottles of **Ready Relief**. (The reader is requested to note this.) I had given up all hopes. I cannot describe what I had gone through; but soon after taking your medicines I felt it was doing me good. It took hold of the parts affected, **CARRYING OUT OF ME IN THE WATER WHITE SAND and BRICKDUST** in very large quantities. I have not named all my diseases—**Dyspepsia, Liver, Lungs, and Catarrh**; but I am now so much better that I feel that my prayers to God have been answered. I thank God for your medicines. It is the first that has ever in the least removed my disease, or given me ease. Please send me your medical book, "False and True."

Monotonous noises favor sleep.

Mucous membranes never adhere from inflammation.

Scrofulous membranes are apt to adhere from inflammation.

Vegetable diet is more likely to sour on the stomach than a meat diet.

FATHERS AND MOTHERS,

or those about becoming so, who know that they *inherit*, or if they have acquired scrofulous or any disease that may be transmitted, should commence the use of RADWAY'S SARSAPARILLIAN RESOLVENT. This will exterminate the poisonous taint from the blood, and, if the mother is *eniente*, it is her duty to take the Resolvent, as by this means the taint or corruption transmitted and received at the formation of the fetus will be removed, and the *blood* that is appropriated for the nourishment of the child before birth will be pure and healthy. In "the beginning" the children of men, the offspring of the parent, inherit the corruption of blood and vices of system. Time develops and increases them. Let the mother by all means take Radway's Resolvent make her blood pure, strong, and nourishing, and no sickly children will be born to her.

THE PARENTS' LEGACY.

How many thousands of children are now suffering with some inherited malady, received as an heir-loom or legacy from their parents' infirmities! How many thousands of conscientious parents, who suffer mental torments as they witness the locked-up diseases and the prevalent infirmities of their own bodies gradually becoming developed in their children! SCROFULA, KING'S EVIL, St. Vitus's Dance, Fits, RHEUMATISM, RICKETS, *Strumous Discharges from the Ear*, Eruptive Diseases of the Head, Nose, Cankers, Sores in the Mouth, Dropsical Swellings, Water of the Brain, White Swelling, *Early Rotting of Teeth*, Early Ripeness of Intellect, great precocity; also subject to be laid up on the least exposure—these are but few of the many symptoms that the unfortunate child exhibits.

It is better in all cases, where you know or suspect that your child inherits a disease, to commence early and give the Sarsaparillian Resolvent in doses as prescribed for infants and young children. The longer the poison remains in the blood, weakening the organs and structure of the body out of the poisoned blood, the more difficult the cure.

A USED-UP CONSTITUTION RESTORED, AND CONSUMPTION CURED.

DR. RADWAY—*Dear Sir*: About six months ago my attention was called to your medicine by a friend in San Francisco wishing me to try it, and as I was about used up with many of the ails that humanity is subject to, and by most every one considered a victim of Consumption, I was induced to do so. I have taken Resolvent together with the Relief and Pills.

By the blessing of God and the use of your valuable medicine, and trying to adhere to a hygienic life, I am now very comfortable, able to attend to some business, and gaining strength as fast as could be expected. Respectfully, M—N.

COLUMBIA, CAL., Jan'y 16, 1873.

DREADFUL EFFECTS OF SCARLET FEVER CURED BY RADWAY'S RESOLVENT.

DR. RADWAY—*Dear Sir*: Enclosed you will find three postage stamps for each of your new medical publications, False and True, Irritable Urethra, and Scrofula. My boy had the Scarlet Fever, and his body broke out full of sores, and one of his eyes closed. We used one bottle of your Resolvent; there was such a change that we got eight more bottles, and washed the sores, and put some in the eye, and when eight bottles were used, he was entirely cured; that is ten years ago, and not a spot has appeared since. Our house is hardly ever without your medicines.

Yours truly,

BOSTON, MASS., 103 Kneeland St., Feb'y 22, 1875.

Chloride of calcium or glycerine, added to shoe-blackening, will prevent the latter's drying in the box.

Closely resembling the SCROFULOUS taint is that of SYPHILIS and MERCURY. These destructive agents, unless eradicated, will fasten themselves on the tissues and in the very bones of the system.

This last fact is now undisputed, as chemists have demonstrated that deposits of this mineral Mercury are found in the bones of persons who have died after having been subjected to COURSES of Mercury; and we assert that the mischief of this agent, so popular with many physicians, is beyond all calculation. THOUSANDS have had their systems ruined by its use, and now that it is beginning to be found out, what we have ever asserted, that mercury will not cure a system affected with Syphilis or *private* disease, the thought becomes appalling. We say to you, whose systems have become broken-down by either Scrofula or Syphilis, never allow yourself to take Mercury or Calomel. To the poison that is lurking in your system it adds another as bad, if not worse, than that it attempts to cure. Witness the broken-down miner for quicksilver: Sores, Rheumatic pains, Brain and Liver troubles beset him the balance of the poor life he drags out. Would you inoculate him with Syphilis to cure his mercurial disease? The doctrine that you must give one poison to eradicate the other is fallacious, and, if space allowed, we could show you proofs upon proofs to establish the correctness of our views.

SEE FALSE AND TRUE.

You must resist the ravages of the disease—the dissolution of the tissues—the decay of the system, by such medicines as RADWAY'S SARSAPARILLIAN. You can do this only by enriching the blood, building up the system, SUPPORTING it whilst the healing powers of nature are doing the good work. There is no Corrosive Sublimate or Mercurials in this great remedy of Nature.

Radway's Sarsaparillian is a *Tonic* and an *Alterative*.

MERCURIAL AND SYPHILITIC SORES

must be treated by Radway Pills and Resolvent. Warm baths and washes, with chloride of lime water, where they are very obstinate. See False and True. In cases of constitutions broken down, with specific (Syphilitic) taint and systems poisoned with Mercury, Arsenic and other poisonous remedies, the reader is referred to False and True where ampler directions and more specific treatment is laid down, and the subject more fully discussed than we can find space in the Almanac.

IMPORTANT TO THOSE SUFFERING WITH UNCURED SYPHILOID DISEASES.

DR. RADWAY; I wish to acknowledge a debt of gratitude to you, as well as to save my fellow-creatures from the sufferings and torments inflicted from illicit and unfortunate associations. Some years since, after contracting a primary disease, fearing, through shame, to apply to a respectable physician, I was induced to seek

the aid of an ignorant "Private-Cure Doctor." In a few weeks after this wretched treatment, that horrid disease, Syphilis, broke out, and sores appeared in my throat; for this I took Mercury, Potassium, Sarsaparilla, with gargles. For a time I thought myself cured; but my gums became sore, my teeth loose, pains in my bones, etc., and in a few months hard lumps would appear in my throat, around my neck, and other parts of my body. Sometimes these would gather and break, leaving discharging sores and ulcers; those things began to spread, and then my nose, roof of my mouth, eyes, tongue, would be attacked. For over three years I suffered all the torments of the wretched. I went to Paris, placed myself under the best doctors there (Ricord, Du Barry, and others); took vapor-baths of Mercury, Sulphur, Iod. Potassium, Arsenic, and other popular treatments. For a while I thought myself cured; but in a few months old sores and ulcers would break out again, and new parts of my body would be covered with them. I visited the celebrated Springs of Bath, Cheltenham, also the German Springs, Baden-Baden, and returned to this country still uncured.

I met a gentleman in Paris who lives in Montreal, Canada. He told me that you cured a friend of his. I called at your office in the early part of 1863, and commenced using your Renovating Resolvent and Pills, and bathed my limbs, that were drawn out of shape by Rheumatism, with your Ready Relief. *The first application of Ready Relief* stopped the pain and enabled me to sleep well. In the course of a month my appetite improved, and my blood became purer and better. This gave me hope. I called on you: you stated that you had discovered a new process for obtaining extracts from Sarsaparilla (in vacuo), and recommended it to me. I took it, and oh, what a change! I continued to use Sarsaparillian Resolvent; with every bottle some new indication of improvement would follow, and twelve bottles, with the Pills and Relief, cured me. Not a sore or ulcer has appeared since. I have now two children—one over two years, and the other six months. They are healthy, have never been sick, and not the least vestige of the taint of disease has shown itself. So I am well convinced that the virus of the old uncured syphilitic disease was completely eradicated from my system, as well as the mercury from my bones, for I never feel the least pain, even when getting wet. I keep my system healthy and regular by taking two Radway's Pills twice or three times per week, and in the Spring and Fall take a bottle or two of the Sarsaparillian Resolvent. This is all the tax I am called on for doctor's bills. Your friend forever, R—N R—CH.

Pulmonary Diseases Cured by Radway's Sarsaparillian Resolvent.

Coughs, Bronchitis, Consumption, Diphtheria.

Few persons but are troubled, more or less, with difficulty of raising Phlegm, a thick humor or matter deposited from the blood, that obstructs the air-passages and glands of the Bronchi, etc. The accumulation of this matter leads to Ulceration, Tubercles, and Consumption, and the patient suffers great distress until it is removed. One teaspoonful of the Resolvent will loosen the Phlegm and enable the patient to expectorate with ease. Every person troubled with Cough, Bronchitis, Catarrh, Tightness of the Chest, Phlegm, Inflammation of the Lungs, Congestion, etc., should take a teaspoonful of the Sarsaparillian at once, and bathe the chest with Radway's Ready Relief. If the Cough is constant, take the Resolvent regularly—three or four times a day—or whenever a fit of spasmodic cough seizes you.

It secures a good appetite, makes sound and healthy flesh and fibre, gives strength to the weak and repairs the waste with healthy material. Let not the Consumptive neglect this warning, nor reject the hope held out. Exclusive direct remedies, that act only on the lungs, will never cure; they may smooth and soften the path to the grave, but never will they restore the patient to health.

DR. RADWAY—This is to certify that I was taken with bleeding at the Lungs, and Night Sweats, and was induced to use your Sarsaparillian Resolvent. After taking two doses I was enabled to sleep, a boon for which I was thankful. After using *one bottle* the bleeding was cured and the night-sweats ceased. I continued to use six bottles, and now all signs of sickness, disease, and *threatened Consumption* have disappeared. I feel my health fully recovered.

Bronchitis, or Clergyman's Sore Throat, is cured with GREAT CERTAINTY with Radway's Resolvent. It seems to act by throwing the disease, as it were, to the surface.

Diphtheria, Influenza, Hoarseness, Croup, Pleurisy, Sore-Throat, Congestion of the Lungs,

CURED IN FIFTEEN MINUTES.

Reader, if suddenly seized, or if suffering with either the above frequently fatal maladies, do as follows, and you will be at once relieved from the distressing symptoms that either of these diseases inflicts, and in fifteen minutes free from further trouble.

Diphtheria.—Preventive measures are the best in all cases. The moment you feel a dryness in the Bronchiæ or glands of the throat, with soreness, apply the Ready Relief, and bind a flannel saturated with it, around the throat—take six of Radway's Pills; do this, and no further trouble will follow. If seized with it, and the membrane has become thickened, with all the accompanying symptoms of suffocation, etc., rub the throat and chest freely: also apply the Ready Relief clear, by means of a sponge fastened on a stick, to the inflamed glands and tonsils; give the Resolvent in small doses of half a teaspoonful every half-hour, and Radway's Pills in large doses every six hours. The Ready Relief will, by its COUNTER-IRRITANT properties, withdraw the inflammation to the surface; its *Disinfectant* will neutralize the poison that induces the thickening or formation of the false membrane; and the expectorant properties of the Sarsaparillian will loosen the new formed membrane, and enable the patient to throw it from the throat; the *Pills* will carry off all foreign humors, etc. Never need a person die with *Diphtheria, Influenza, Croup*, or other disease where the respiratory or Bronchial organs are attacked, if this course is followed. This treatment is quick, permanent, and sensible—better and quicker than burning with nitrate of silver or other escharotics. Beef-tea should be given three times a day in cases of *Diphtheria*.

NOVEMBER 3d, 1872.

DEAR SIR—I received your letter and False and True, also Almanac, and feel thankful for the favor, and have no objections to using my name. I feel safe to say that the Relief and Pills used right away will cure *Diphtheria* in a few hours. I used it last winter myself, and used it for my wife about two weeks ago, and feel safe to say that no medicines will prove so effectual. I would never have known the value of your remedies were it not for the case of *Diphtheria* I had. I have introduced it in three families in our place who would not use it for the world had they not seen the powerful effects it worked for us. I lent two of them parts of a bottle for some of their ailments, and now I can always see it in their use. Hope to see it in every family.

Yours respectfully,

W. J. HURST.

Congestion of the Lungs.—If suddenly seized with Congestion or Inflammation of the Lungs, Pneumonia or Pleurisy, rub the chest and side, back and spine, freely with Radway's Ready Relief; give the Resolvent in doses of a teaspoonful *every hour*, and take 6 or 8 of Radway's Pills. In the most distressing forms, the patient will breathe free and easy. In a few minutes after the rubbing with the Relief, and swallowing the Resolvent, all danger will be passed as soon as the Pills operate; but it is well to continue the Resolvent and Pills in small doses for several days, and to wear around the body flannel soaked with Ready Relief. If the simple treatment in the above forms of epidemic diseases is followed, life will be preserved.

Calculus Concretion, Kidney and Urethral Difficulties Cured by Radway's Resolvent.

DR. RADWAY & Co., Montreal Office.—*Sirs*: I have suffered for the last seven years with suppression of urine, but did not know the cause; have applied to different doctors in Philadelphia, Roxbury, Mass., Vineland, N. J., New York City, Napanee, Tamworth, Odessa, and Kingston, but they gave me no relief which was lasting. It was only momentary. Just think of my suffering from day to day for seven years. A few weeks ago one of your almanacs was put in my hands for perusal. I examined it closely, and immediately applied to Zara Vanlane for one box of Pills. I took them, and the second day had partial relief, and then commenced taking your Resolvent, it being highly recommended; it worked like a charm. I am now taking the second bottle, and find my strength gaining from day to day, and to-day am feeling better than at any time for the past seven years. Thanks to you for your medicines. I have your False and True, and have perused it carefully, and in it found the true cause of my complaint. "Calculus Concretions, Stone in the Bladder, with Urethral and Kidney difficulties."

Truly yours,

TRANSLATION FROM THE GERMAN.

CHICAGO, June 23, 1874.

DR. RADWAY & Co.—A kind of sense of duty causes me to direct a few lines of gratitude to you, most esteemed gentlemen.

My wife suffered a long time of indigestion, which arising from grief, weakness of the nerves, scrofula, and the influence from the changing temperature of this place—almost led to a deadly end. Thanks be to God, I happened to receive one of your Almanacs. After having tried several other Remedies, which naturally did no good, we also tried your precious Remedies with the most brilliant success. Using the Pills 6, 5, 4, 3, 2, and again using 2, 3, 4, 5, 6 every night, aided by the Ready Relief as per direction and 3 bottles of Resolvent—from May 6th to June 15th—an important improvement occurred. The medicines removed from my wife's body a heap of slum, sand, albumen, bad bile and other matters in the blood. Now she is very well, the appetite has very much improved and pain in the back, headache, melancholy, constipation, swellings, in short all the dreadful symptoms of her weak constitution, have disappeared, and she hopes to be cured completely, thanks to your valuable medicines and God. I myself have several times taken your Ready Relief and Pills with the happiest effects.

Respectfully,

CHARLES MERVES.

PERFECT DIGESTION

will be accomplished by taking one of Radway's Pills every morning about 10 o'clock, as a Dinner-Pill. By so doing, Dyspepsia, Headache, Foul Stomach, Biliousness, will be avoided, and the food that is eaten contribute its nourishing properties for the support of the natural waste and decay of the body.

Imperfect Digestion frequently occurs when the bowels are regular; the constituents of solids that are not absorbed in the circulation, from imperfect digestion, are frequently directed to the kidneys for their escape. In such cases serious damage is done to the kidneys, as the urine secreted from imperfectly digested substances or food, or those constituents not secreted by the liver or gall-duct, establishes a foreign secretion in the form of Albumen, Sugar, Urea, Uric Acid, causing Bright's Disease, Diabetes, Dropsy, Renal Diseases of the Kidneys, Congestion, Degeneration, Ulceration, Gravel, Bloody Urine, etc. To prevent these serious and often fatal difficulties, take one of Radway's Pills every morning, two hours before dinner.

Imperfect digestion may be known by a capricious appetite, craving for food, great thirst, dryness in the mouth, dry skin, hot, fetid breath, restlessness, acidity, heartburn, swellings in the abdomen, chest, legs, cold feet, frequent desire to urinate, varied color of urine, etc. Where these symptoms are present the SAR-SAPARILLIAN should be taken three times per day, and the Pills one to six, as the case may require. As soon as digestion becomes perfect, these unfavorable symptoms will disappear.

Sleep diminishes the power of resisting cold.

Blood from the lungs is red, from the stomach dark.

The formation of matter is preceded by a chill.

An Ague in the Spring is physic for a king.

New Principles Secured by Radway's Regulating Pills.

1. A Vegetable Substitute for Calomel.

2. Counter-irritation made perfect in Radway's Pills, that withdraws inflammation from Congested Blood-vessels, Nerves, Liver, Stomach, Bowels, Kidneys, and other viscera, and purging all excrementitious, corrupt humors, and diseased deposits from the system.

3. In these Pills a nourishing and nutritious principle is secured, by which the blood, juices, and fluids of the system become invested with the vigor of life; they are the only purgative medicine that strengthens during the process of purgation. These Pills act as a solvent of the system to properly dissolve the substances taken into the stomach, and aid digestion and the conversion of said substances into the proper constituents to make pure, rich, and wholesome blood, the deficiency of which is the cause of Dyspepsia, Indigestion, Diabetes, and many urinary difficulties, etc.

4. They regulate the organs of the system, restoring functional harmony and securing the secretion of the proper constituents of each organ. By their action the liver secretes its allotted proportion of bile—the lungs carbon, the skin sweat, the kidneys urine, etc., and are always reliable as a purgative.

5. The aged, and persons subjected to Constipation, Paralysis, and Weakness of the Bowels, Kidneys, and Bladder, etc., that have to resort to injections, by taking two or three of Radway's Pills will enjoy natural discharges, and by the occasional use of them have regular operations. In these cases their strengthening and nutritious principles are exhibited; every dose will add new strength to the Bowels, Liver, Kidneys, etc., that may be worn or depleted by age.

6. In these Pills, a want that science has ever failed to supply is secured, and this is a thorough purgative that can be given in safety in cases of eruptive fevers, as Small-pox, Erysipelas, Yellow Fever, Scarlet and Typhoid Fevers. When the Mucous Membrane becomes ulcerated, these Pills act thoroughly, yet heal ulcerated and excoriated parts.

7. Radway's Pills are made from extracts—from new ingredients—entirely vegetable, superior in every respect to the ordinary powders and substances of the common advertised Pills, and have a safe, certain, and uniform action.

Elegantly Coated—no Taste or Smell—Scouring the Insides.

Persons who take pills for the purpose of getting "a good scouring-out," are perhaps not aware that they are wearing away their intestines, irritating the Mucous Membrane, and laying the foundation for Piles, inward Ulcers, Sores, etc. *Mandrake*, that is claimed by some to be a substitute for Mercury, will produce this effect; it will scour the bowels like any other drastic, and will wear them out. (See pages 666, Wood & Bache's U. S. Pharmacopœia.)

Fainting will stop bleeding if the wound be not too great.

A phrency coming upon inflammation of the lungs is bad.

The blood is the natural stimulant of the heart.

Focal Matters generate disease, if retained too long.

These Symptoms will be Removed by One or Two Doses of the Pills, Assisted by the Ready Relief.

Radway's Regulating Pills will quickly cure the patient of the following complaints, viz. :

Diseases of Kidney and Bladder, Diseases of the Liver and Heart, Biliousness, Loss of Appetite, Indecision, Palpitations, Inflammation, Measles, Melancholy, Hysterics, Leucorrhœa, Fainting, Dizziness, Rush of Blood to the Head, Obstructions, Retention of Urine, Dropsy, Acute Erysipelas, Headache, Bad Breath, Inflammation of the Intestines, Bilious Fever, Jaundice, Apoplexy, Enlargement of the Spleen, Sleeplessness, General Debility, Dimness of Sight, Scurvy, Whooping-cough, Worms, Fils, Lowness of Spirits, Bad Dreams, Quinzy, Pleurisy, and all Organic Maladies, Loss of Memory, and Loss of Physical Strength.

Also, all Complaints of Women, such as:—

Hysteria, Leucorrhœa or Whites, Weakening Discharges, Chlorosis, Irregularities, Suppression of the Menses, Inflammation of the Womb or Bladder, Difficult Menstruation, are cured speedily and matters set right without delay by Radway Pills.

Important Benefit to all who have to use Pills or Purgative Medicine secured by Radway's Pills, that no other Pills or Purgative Medicine Secure!

No straining when at stool. If these Pills are taken in purgative doses they secure a free and easy passage, without cramping or straining. In cases of Piles, Heart Disease, and Threatened Apoplexy or Aneurism, Kidney Complaints, Inflammation or Irritation of the Bladder or Womb; in Uterine Difficulties, Tumors, Ulcers, Leucorrhœa, and in cases where there is weakness in the secreting vessels of the genital glands; Spermatorrhœa, Involuntary Emissions, Loss of Vital Fluid; and in all cases of Calculous Concretions, Stone in the Bladder, or Gall-stones, *straining is hurtful, especially to advanced persons.* Radway's Pills secure a free discharge without straining.

They can be taken day after day without injury. No injurious results will occur from change of temperature—wet or cold—under the influence of these Pills.

DOSE—For regulating the Liver, Stomach, Bowels, and promoting Digestion, one Pill at night. For obstinate diseases and chronic complaints, one to six every twenty-four hours.

Dr. Radway's Pills are compounded from Vegetable Extracts, coated with Sweet Gum, and are the best, quickest, and safest Purgative, Aperient, Anti-bilious, and Cathartic Medicine known in Medical Science.

One of Dr. Radway's Pills contains more of the active principle of cure, and will act quicker on the Liver, Bowels, Stomach, Kidneys,

DROPSY.

The Sarsaparillian and the Pills, in large doses, should be taken by dropsical persons. They will not only reduce the swelling, but remove the cause of the swelling, which is the disease of the Liver, Kidney, or Heart, as the case may be. In this disease the Resolvent shows its great power over the absorbent system. Dropsical swelling frequently results from cases of Fevers, Measles, Consumption and Scrofula.

ANN ARBOR, MICH., April 30, 1875.

DR. RADWAY—*Kind Sir*: I have been taking your Resolvent, Regulating Pills, and also using the Ready Relief about one year for ovarian tumors on the abdomen which the most eminent physicians of our Medical College pronounced incurable.

They were like knots on a tree. When I was sitting in a chair, they hung almost to the floor, and my weight was two hundred and seventy-five pounds, when I commenced with your remedies, and now it is two hundred and ten pounds, but they are not all gone yet. I have taken twenty-four bottles of Resolvent, nine of Relief, and twenty-four boxes of Pills. I get the medicines from G. Grenvill.

Please send me your book False and True.

MRS. C. KRAFF.

Another Letter from Mrs. C. Kraff.

August 18, 1875.

DR. RADWAY—*Kind Sir*: I take the liberty to address you again. My health is greatly improved by the use of your medicines. Three of the tumors are entirely gone, and the fourth is nearly so. Dropsy is gone, health still improving, and my weight decreasing very fast. I have had a great many calls this summer to enquire of the wonderful cure your medicine has done for me, one from Ohio, one from Canada, three from Jackson, and quite a number from this place.

Yours with respect,

MRS. C. KRAFF.

We are well acquainted with Mrs. Kraff. She is an estimable lady, and very benevolent. She has been the means of selling many bottles of the Resolvent by the druggists of Ann Arbor to persons afflicted with internal tumors. We have heard of some wonderful cures effected by it.

Yours respectfully,

DYSPEPSIA.

HUNDREDS of maladies spring from this complaint. The symptoms of this disease are the symptoms of a broken-down stomach. Indigestion, Flatulence, Heartburn, Acid Stomach, Pain after Eating—giving rise sometimes to the most excruciating Colic—Pyrosis or Water Brash, etc., etc.

Radway's Sarsaparillian, aided by Radway's Pills, when needed, is a sure cure for this complaint. It restores strength to the stomach, and makes it perform its functions. The symptoms of Dyspepsia disappear, and with them the liability of the system to contract diseases. Take the medicine according to the directions, and observe what we say in "False and True" respecting Diet. The subject is too long to introduce in our Almanac and Dyspeptics must heed those rules.

Bleeding in pregnancy produces abortion.

A greater malady obscures the sense of a lesser one.

In pregnant women, diarrhoea occasions abortion.

Menstrual stops with a fever. In acute diseases, are had.

A wound never matures in less than two days.

FOR LADIES ONLY.

It is not at all times pleasant or convenient for a lady to consult a physician for every disagreeable or annoying symptom that may occur. In Dr. Radway's Sarsaparillian, Pills, and Ready Relief—as the nature of the ailments indicate—a remedial agent is secured that will at once remove all infirmities, ailments or sickness that may arise through impaired or disturbed functional secretions, be it Leucorrhœa (Whites), a Suppression of the Menses, Profuse Menstruation, Colorless Discharges, Green Sickness, or Uterine Tumors. (See letter in this Almanac of Hannah P. Knapp.)

Many ladies seem to be rapidly losing flesh—and are sensible of a gradual waste—without suffering from cough or any marked sign of consumption. They feel melancholy, disheartened, fretful, and feel as if they were alone in the world, when surrounded with every luxury the heart could wish, and are, indeed, martyrs to great mental and physical suffering. In these cases (Melanosis) the bile is misdirected, and, instead of being properly secreted by the liver, is retained and becomes a foreign constituent of the blood. In many cases when this takes place the skin becomes of a yellow tinge—the eyes yellow and inflamed, and the face covered with black spots, like worms, etc. Now, if ladies afflicted in this manner will take three or four of Radway's Pills every night, and a dessert-spoonful of the Sarsaparillian Resolvent three times per day, a happy change will soon follow; all these bad symptoms will soon disappear, and the weak, emaciated, and wasting body will soon become healthy and robust. A lady called on me yesterday (4th of August, 1868), weight, 160 pounds. She said: "Last March I left this city to go home to die; when I arrived at my home (Rochester) I was nothing but skin and bones—no appetite, no spirits, no sleep, but cold sweats and nervous trembling. I saw your book called 'False and True,' and at once commenced using your remedies. I used the Pills 4, 5, 6, then 5, 4, 3, 2—in this order every night, the excrements that came from me were like clotted blood. I took the Sarsaparillian Resolvent—at first three times per day, then four, then five times per day—and had my spine rubbed three times per week with the Ready Relief. After using these medicines one month I was a new woman. I gained in flesh rapidly, my spirits became buoyant, appetite good, and my menses regular—that is what your medicine has done for me!"

Mournful sighs with a fever, in acute diseases, are bad.

A convulsion is caused either by repletion or evacuation.

The more acute the disease, the more slender the diet.

DR. RADWAY—Having some experience of your medicines, I take this opportunity of writing you a few lines to let you know of its work. I have a married daughter living near Vandalla, Illinois; she became afflicted with the womb disease; she tried two Doctors there without success; she came back home; I got two Doctors to examine her, and one said that he thought she could be cured, the other thought not; she went back home in despair. Some months after she wrote me a letter; she was well and hearty from the use of your medicines.

Cures, Ordinary and Extraordinary.

The great cures of ordinary diseases, even of **Consumption, Tubercles in the Lungs**, diseases of the Kidneys, Bladder, and Urinary Organs, Gravel, Dropsy, and all weakening discharges, are readily explained. In fact, CONSUMPTION, although never heretofore yielding to medicine after being thoroughly established, because there has been no medicine that possessed the great power of the **Sarsaparillian Resolvent**, of supplying the blood with such nourishing properties as heat, oxygen, strength, purity, and the rich, red coloring matter in the blood corpuscles, supplying fat, new tissue, with sound and healthy structures, enabling the blood to hold all its healthy constituents in solution—diminishing the deposits of tuberculous matter, and exterminating the products of decomposition and decay, will and does yield to the Radway's Sarsaparillian Resolvent. So also many other diseases that threaten early dissolution and death, the cures of which are readily explained, and the theory of cure laid down in Dr. Radway's new medical book called "False and True."

Extraordinary Case of Rheumatism Cured, and a Dangerous Attack of Typhoid Fever cut short and Patient Cured in Four Days.

RADWAY & Co.—Dear Sirs: Your medicines are doing wonders here; my wife cured herself of Rheumatism when everything else failed. One year ago last March, I had Pleurisy and Typhoid Fever, and I kept my bed thirty-two days, and my physician visited me thirty-two times, and this spring I had a worse attack of the same disease, and my wife, with the help of your medicines, got me up in three or four days.

DR. RADWAY: Having seen an advertisement, last December, of your medicines curing ovarian tumors, I was induced to try them, as I had been troubled for several years with one. I will not tell you all the particulars now. I will wait until I hear from you. I will say this much that I commenced taking your medicines in December 1874. I used one dozen bottles of the Resolvent, also one bottle of the Relief, and one box of Pills; when feeling that I had been benefited by their use I concluded to continue. I have taken two dozen bottles of the Resolvent up to this time, also four bottles of the Relief, and three boxes of Pills.

I am very much better. I have lost about forty pounds since I commenced taking the medicines. I think one dozen more bottles will make me a well-woman. I feel as if I would like to advertise what your medicines have done for me.

A Strong Endorsement.

MR. RADWAY: I can certify that I am acquainted with the writer of the above letter, Mrs. Bibbins, and know her statement to be a correct one, and also that she has bought your medicines of me, which unquestionably have effected a wonderful cure. Very respectfully,

ANN ARBOR, MICH.

DR. RADWAY: I feel I cannot be thankful enough—I am so much better than I was six months ago.

Vomiting, stupidity or delirium occasioned by a wound in the head is bad.

After a flux of blood, a delirium or convulsion is bad.

Lime, Whiting, and Magnesia, are antidotes for Oxalic Acid.

Consumption is a disease of the stomach as well as the lungs.

For Bilious Diseases.

Not one in a thousand would suffer from Bilious complaints if Dr. Radway's treatment is observed, and all who may be seized with Bilious Colic, Bilious Fever, Typhoid Fever, Chills and Fever, Fever and Ague, Remittent and Intermittent Fever, in fact, all animal and vegetable fevers, are prevented and cured by RADWAY'S PILLS, assisted, when required, by the READY RELIEF.

Treatment.—See directions around each Bottle and in each Box.

One Pill, taken when symptoms of dizziness, fulness or pain in the head, nausea at stomach, indigestion, costiveness, pain after eating, sleeplessness, bad dreams, etc., etc., appear, will soon cure this difficulty. Radway's Pills are unlike all other pills; each Pill contains three grains of the active curative principles of extracts of the rarest products of the vegetable kingdom—of ingredients some of them never before used as medicine, and to be found only in these Pills.

In cases of colic, severe inflammation, or paralysis of the bowels, and a speedy discharge of their contents required, grind six of the Pills to a powder, and take in some preserves or water. In half an hour, the Pills, given in this way, will generally operate. The dose can be repeated, if necessary, in two hours. We have known the Pills, given in this form, to open the bowels WHEN CROTON OIL, *Ela-terium*, *Podophyllum*, MANDRAKE have failed. It is seldom that a second dose will be required in these cases of *Intestinal Obstructions*.

It will greatly assist the Pills in effecting a cure, by giving the patient a bowl of hot oatmeal gruel six hours after taking the Pills, or in the morning previous to their operation. In sudden Colds, Influenzas, etc., this treatment is a sure cure.

RADWAY & Co.—*Gentlemen*: I have given your Purgative and Regulator Pills, received at the Druggist here, a trial, and find them THE BEST of any I have ever used for the system; and where all others failed in giving me relief for a general disorganization of the stomach, with, I may say, other equally bad symptoms of the system, your Pills succeeded.

I am, very respectfully,

Letter from a well-known citizen of Ohio, MR. J. HILDRETH, aged 67 years, Mansfield, O.:

MANSFIELD, O., March 27, 1869.

DR. RADWAY:—Enclosed find one dollar. Send by mail as many of your Regulating Pills as you can afford. I wish your Pills and Resolvent. I like them very much and recommend them to others. Our druggists have none: they say the run is so great they have sold out. I am free to say for myself they are the best medicines I ever found. I wish you would inform me if there is any danger if they are retained in the system for a length of time, by taking one or more every evening for a length of time, as there are many good medicines that are injurious to take for a length of time. * * * I have for several years been troubled with COSTIVENESS, so that even *injections* would not procure an *evacuation*. I was all the

time in more or less pain from the flatulency, with large discharges of wind. At the same time I was afflicted with urinary difficulties; at times it almost killed me to pass water, very scanty and in drops; at other times large quantities, almost amounting to diabetes. My age is 68. I tried everything I thought would do good; nothing afforded relief. In short, I procured one box of RADWAY'S REGULATING PILLS, took six; free evacuations followed—no sickness, no pains. Took two at bed-time, this secured a stool every day; sometimes would take three, at others four, each day; result—regular for several days without pills. All pain and trouble from wind ceased. Got one bottle of R. R. RESOLVENT; urine now all right. I am well known, more or less, all over the State, and not unworably for truth and veracity. Send pills without delay. (Signed) J. HILDRETH.

It is a bad custom to take Blue Pill or Calomel, and trust to clearing out of the system by Salts, Seidlitz Powders, etc., etc. You will retain the mercury in the system notwithstanding, to plague you in after years.

Another injudicious system is the free use of carbonates of Soda, Magnesia, and of Salts, and the various mineral waters as laxatives. These agents merely act as *washes*. One of Radway's Pills is as easily swallowed as the most agreeable of these drastic saline washes, and, besides being free from their objections, you are SURE that no concretions, calculi, stone or other foreign substances, will be deposited, in your gall-ducts, in your kidneys, ureters, or in your bladder, while using these PILLS. Remember you are not safe from these deposits, when you use mineral and spring waters, containing the very chemical substances that stone in the bladder, renal calculi, and gall-stones are formed from.

APRIL 26th, 1874.

DR. RADWAY—*Sir*:—Having used your medicines for the cure of my disease, viz., constant pain in my kidneys, I can safely state that they were the sole cause of my relief and eventually restored me to sound health; all other Medicines advertised by others having failed to do so. Yours respectfully.

RADWAY'S PILLS,

to be used in all cases where there is a disturbed, irregular, or diseased action existing in the system.

When there is Inflammation, Congestion, Pain or Distress in any of the organs or glands; when there is Fever, Cold Chills, Intermittent or Remittent; when there is Small-pox, Typhoid, Scarlet, or other Fevers, Erysipelas, Diphtheria, Influenza, Sore Throat (aided by Radway's Relief), and if suffering with—

Constipation, Inward Piles, Fullness of Blood to the Head, Acidity of the Stomach, Nausea, Heartburn, Disgust for Food, Fullness or Weight in the Stomach, Sour Eructations, Sinking or Fluttering at the Pit of the Stomach, Swimming of the Head, Hurried and Difficult Breathing, Fluttering at the Heart, Choking or Suffocating Sensations when in a Lying Posture, Dimness of Vision, Dots or Webs before the Sight, Fever and Dull Pain in the Head, Deficiency of Perspiration, Yellowness of the Skin and Eyes, Pain in the Side, Chest, Limbs, and Sudden Flushes of Heat, Burning of the Flesh—

Delirium from drink is dangerous; *Resolvent* is a certain cure.

There are four signs of inflammation—redness, swelling, heat and pain.

Consumption is most fatal between the ages of 30 and 40.

Salmon trout, boiled or fried, digests in one hour and thirty minutes.

A convulsion occasioned by a purging potion is mortal.

SYPHILOID TONGUE

Cured by Six Bottles of Resolvent.

A gentleman, Mr. G——, aged forty-five, recently discovered pustules and sores around the edge of the tongue, and a small sore in the center. In a few weeks the center sore increased until it became a malignant ragged ulcer, of the size of a five-cent piece, discharging putrid matter. The mouth, throat, and gums had been salivated some three years previous by the use of Mercury in the treatment of Secondary Syphilis. The original cause of the *uncured* disease was only smothered (the corruption still existed), and was developed in the form of this ulcer. We gave our personal attention to the treatment of this disease. We gave Resolvent in dessert-spoonful doses four times per day, and Radway's Pills two every night, and one every morning one hour before dinner. He gargled the throat three times per day with the Ready Relief, diluted with water. Its antiseptic properties cleansed the throat and purified the degenerated sore. Also applied the Resolvent to the ulcer twice per day. In thirty days the tongue became clean, and all signs of disease exterminated.

A gentleman well-known in the oil trade, contracted, some years since, through imprudent exposure, a serious disease, but, unfortunately, neglected to consult a respectable physician or to resort to proper remedies. Medicines were used that smothered the disease only. In a short time it appeared again in a different form. First it would be in the groin, next in the legs, then scalp, next in the neck. Sores in the nose, on the face, arms, mouth, chin, corner of the eyes, threatening blindness and the loss of the eyes, destroying his complexion, eating like a cancer into the flesh and bone, until he became repulsive in appearance and incapable of social communion with friends—cut off from the association of men and condemned to solitude and misery. For seven years this gentleman of high intellectual and

Salmon trout, boiled or fried, digests in one hour and thirty minutes.

social qualities suffered with this terrible disease—a wreck of defaced humanity. Not a sound or healthy particle of flesh or fibre existed in his body. He, however, commenced the use of the Resolvent in January, 1866 (when prepared under the old process), by taking one table-spoonful three times per day, and a dessert-spoonful every night. Every morning he would bathe his body with tepid water and Relief, and apply the Resolvent to the sores. At one or two o'clock every morning he would take a dose of Radway's Pills—sometimes two and at others four or six, as the bowels were costive or laxative.

This course was continued for one month, without deriving any marked improvement other than better spirits and a relish for his food. This gave him encouragement to continue the Remedies. Two WEEKS later and his urine was less scanty, more agreeable odor, and without the scalding pain during its passage through the urethra. Sores began to disappear from his body, and day by day he became stronger.

He thus continued the use of the Resolvent for *nine months*, and his head was clear of sores and all marks of disease, his face clear of the ulcers around his mouth and chin, and all trace of the disease about the eyes exterminated; appetite good, digestion good and regular, perspiration good, skin smooth, ulcer on the neck healed, and the legs sound.

He reduced the quantity and frequency of the doses of the Resolvent and Pills, taking only one teaspoonful three times a day and one pill every other night. This treatment he continued for six months more, when he considered himself perfectly cured.

We are not at liberty to use this gentleman's name. The oil merchants of Maiden Lane, Gold, Water, and Pearl streets are astonished at the remarkable change in personal appearance of the gentleman, with such beautiful, clean, smooth skin, redolent with health and physical strength—from the infirm, shambling gait of the pitiful object of commiseration and disgust, that for seven years suffered so terrible a penalty of an immoral indulgence. In this cure we have an illustration of perseverance under the most trying and discouraging difficulties, that few would have the PATIENCE and COURAGE TO CONTINUE. There are, doubtless, hundreds equally as severely afflicted, that may be cured if they will follow the same course. The Resolvent will surely do good (if not as soon as expected) quicker than any remedy in use. We have known it cure some of the worst cases of syphilitic and uncured mercurial diseases by a single bottle—others have required a dozen bottles. The time of cure depends upon the malignity of the blood and the length of time corruption has existed in the body.

MEDICAL TESTIMONY.

As an evidence of the high opinion and confidence the Medical Faculty in the United States entertain for these remedies, we present the following letter from Prof. Reid:—

DR. LAWRENCE REID J.,

Seven years Lecturer on Medical Chemistry in the New York Hospital, and seven years Professor of Chemistry in the New York College of Pharmacy, and for four years in the Medical University of Edinburgh, Scotland.

36 DE KALE AV., BROOKLYN, Nov. 30, 1863.

Dr. Radway & Co., of New York, have submitted to my analysis their three remedies, named "Ready Relief," "Renovating Resolvent," and "Regulating Pills." They have also communicated to me their mode of preparing the same. After a careful examination of these articles, I pronounce them as composed of ingredients of great purity and cost, free from mercury, or other dangerous substances, and prepared with skill and care.

Having long known Dr. Radway & Co. as scientific gentlemen of high attainments, I place every confidence in their remedies and statements.

These remedies, in my opinion, stand on different grounds from nostrums which absurdly pretend to cure all diseases with one preparation. They are a well considered series of remedies, prepared on scientific principles, and having a strong claim to public favor.

From their adaptation to the diseases for which Dr. Radway & Co.'s remedies are recommended, and from their speedy action in giving relief, I consider them as a useful addition and quite a family convenience, superceding in numerous instances the necessity of medical assistance; and, when that is necessary, doing something of a safe nature to relieve the sufferer in the interval.

I have no doubt of the great value of the Relief as a local application to the spine, in those cases of weakness of the body or limbs, or the digestive or other organs, which depend upon the nerves proceeding from the spine for power to perform their functions.

LAWRENCE REID,
Prof. of Chemistry.

CASE OF DYSPEPSIA AND LIVER COMPLAINT.

BONEFACIUS, Dec. 15, 1873.

DR. RADWAY—Dear Sir: I have for years been troubled with Dyspepsia and Liver Complaint, and found but little relief until I got your Pills and Resolvent, and it made a perfect cure. They are the best medicines I ever had in my life. I never will be without them. Please send me a copy of your False and True, and also a copy of your Illustrated Treatise on Irritable Urethra and Self-abuse.

Scrofula Cured by R. R. Remedies.

DR. RADWAY—You must excuse me that I trouble you with this letter. I had the worst kind of SCROFULA in my system; I have been very sick for most two years; I took all kinds of medicines and none done me any good till I took your Pills and Sarsaparillian; in four months I recovered again; it had settled on my liver particularly; it liked to destroy my whole system; since I am well again everybody wants to know what cured me. Before I took your Pills and Sarsaparillian I weighed 117 pounds, and now I weigh 145 pounds. I only took your medicine for four months; I feel better now than I did for years.

daily reported of diseases for which these remedies have not been recommended by us, and the report of these wonderful cures have been as surprising to us as to the general public. We have for years received letters of cures of such extraordinary and marvelous character that we have refrained from publishing them, and the letters we now publish we withheld until urged by the writers and their friends, for the benefit of the public, to make them known. We give the names and post-office address of each, so that those interested may write them; and we also recommend the sick to write the ministers of the churches in each place, to ascertain the trustworthiness of the writers. We desire all who may feel inclined to commence the use of Dr. Radway's Remedies to learn all the facts respecting these cures, so "that their faith" in the remedies "may be well founded" in the hope of a cure.

Tumor of Twelve Years' Growth Cured by Radway's Resolvent.

BEVERLY, Mass., July 18, 1869.

DR. RADWAY—I have had an Ovarian Tumor, in the ovaries and bowels. All the doctors said, "there was no help for it." I tried everything that was recommended, but nothing helped me. I saw your Resolvent, and thought I would try it, but had no faith in it, because I had suffered for *TWELVE YEARS*. I took six Bottles of the Resolvent, one Box of Radway's Pills, and used two Bottles of your Ready Relief; and there is not a sign of a tumor to be seen or felt, and I feel **BETTER, SMARTER, and happier**, than I have for twelve years. The worst tumor was in the left side of the bowels, over the groin. I write this to you for the benefit of others. You can publish it if you choose.

HANNAH P. KNAPP.

A Strong Indorsement.

MR. BENJAMIN LEFEVRE, No. 28 Pleasant street, Salem, Mass., writes under date of Oct. 27, 1869: I have known Mr. and Mrs. Knapp for over twenty years, and know what she states is wholly true. This remarkable cure has surprised hundreds. * * * Mrs. Knapp now looks well. Nothing hurts that she eats; bowels operate and discharge naturally. A lady in Upper Beverly had a very bad tumor, and did not expect to live long, is now taking your Resolvent, and feels better already.

A Lady Cured of Fluor Albus, and Neuralgia that had Baffled the Doctors.

DR. RADWAY—Dear Sir: I beg leave to address you hoping you will kindly give me an answer to a question that is of great importance to me.

First, let me tell you that your medicines have been a blessing to me and mine; my wife has been cured of Fluor Albus, of **FOUR YEARS** standing, by the use of your remedies, also of Neuralgia which has baffled our doctors.

I spent nearly all of two years of my wages all to no purpose, and was persuaded to try your medicine, and, sir, it took **LESS** than \$10 to cure her of both. The consequence is she will have no other medicine, and, so long as it does as well as it has in the past, I shall agree with her.

Yours respectfully,

R. C. CRABILL,
Toms Brook, Shenanacoh Co., Wv

Nervous fluid is generated from the brain, as electricity from a battery.

A convulsion occasioned by a purging potion is dangerous.

Dr. Radway on Stricture.

SIR:—We reply to yours of the third inst. that we would advise a course of our SARSAPARILLIAN RESOLVENT, say a teaspoonful after meals and at bed time. The Ready Relief should be applied daily, over the region of the kidneys, and our Regulating Pills in doses sufficient to establish regularity of the bowels, without purging. So much for medication. Now you must help the medicines, or you might as well do nothing. First, as to diet: Choose that which is unstimulating, but simple and nutritious. Good fresh meats, milk, beef-tea, fresh fish, bread and butter, etc., etc. Avoid stimulants of all kinds, highly seasoned food, tobacco, salt meats or fish, strong coffee, cheese, cabbage, pork, etc. Exercise moderate; no horseback riding.

We also direct you to stimulate your skin by frequent hot baths, followed by friction with a coarse towel. Hot hip baths, if general baths are not convenient, will answer, and warm clothing in cold weather. The medicines promote absorption of the stricture, and render the urine bland and unirritating, and the bowels soluble. Beef-tea is the only diet or drink that is to be allowed during a paroxysm. By observing this advice in regard to diet and bathing, the skin will be stimulated, and thus aid our medicines, by throwing off a proportion of offending matter in the blood.

N.B.—Hot-water baths in all chronic, skin, and syphilitic cases, we recommend as a great help to our medicines. Taken twice per week.

TO THE PUBLIC

THE virtues of the R. R. R. Remedies have now become so well known that many persons are constantly endeavoring to steal their popularity—spurious preparations are made up to imitate ours in smell, taste, and look. These are all deleterious, and are palmed off by deceit upon the public. Avoid them, you would a poison. It is the fate of a good medicine to be counterfeited and have spurious imitations.

The Ready Relief is put up with Rubber Stoppers, and every label engraved with Radway's Ready Relief in very small characters ALL OVER THE LABEL.

The intention of this pamphlet is simply to call attention to the merits and virtues of the R. R. Remedies, it being impossible to do much more, and in truth we cannot do even this in the space here allotted. We are therefore compelled to refer you to our pamphlets and directions as further explaining our views on the treatment of disease.

The originals of letters herewith published are all on file at our office.
