What have you done? The contest is now on its way and has opened with much more activity than the contest manager had looked for, which goes to show that the candidates are taking hold of it in the proper spirit while the votes are large.

One party was in the office Saturday, paying his subscription and was asked why he did not enter the contest. The reply was that he did not know that there was a contest on, which the contest manager thought very funny, as he was a regular subscriber to the paper, and when asked why it was that he did not notice it in the paper, he said that he was pretty well interested in the stock market at the present time and that he did not have much time to take

HIS LIFE WAS SAVED

By a Revolver Presented on Behalf of the City of Brantford.

Major Nelles Ashton Tells of His Lucky Escape.

When Major Nelles Ashton, prior to his departure for the front was presented with a revolver on behalf of this municipality he little thought that the gift would be the means of saving his life. This, nevertheless proved to be the case, as will be seen by the following letter, received by the Editor of this paper:—

Sept. 11, 1916. I thought I would let you know that the revolver presented to me by the City of Brantford has done me a very good turn in saving my life.

On the 5th of September, about 7.30 p.m. I was walking along the outside of a communication trench after having reported at battalion headquarters. My company was in the first line. The trench was pretty muddy and pretty well blown to pieces, and this was my reason for going overland, when I was hit in the abdomen by a sniper and rolled into the trench. I could not understand why I was not killed or dying as it was in a very vital spot, but on examination found that the bullet had smashed the handle of the revolver into a dozen pieces, grazed my skin and given me a bruise which will lay me up for a few days. I am certainly lucky, and have got some souvenir.

Hope to rejoin my battalion in a week or ten days. We have had a pretty strenuous time. Constant rain of shells all the time, and no dugouts in front line.

However, we are all happy, and the morale of the troops is magnificent.

I understand Col. Cofouhoun has reported, but being in hospital, have not seen him yet.

Major Jones had command of us during this last scrap of nine days.

We had the Prussian Guards opposite us, so you can imagine we had a hot time.

Kind remembrances.

THE SITUATION

On the Somme front the British still continue to smash their way towards Bapaume, which it is evident will now soon be reached. The Russians have re-opened their drive upon Lemberg with marked success and they report a total of over four thousand prisoners. It is rumored that the Russian plans include a big move on Constantinople. The only bad news to-day is a German victory over the Roumanians in the Hermannst region. This will certainly have some effect in the Balkans, but in all probability only a transient one. The bringing down of another Zeppelin is evidence that the British defences against such raids are commencing to work well.

BRANTFORD'S PROGRESS

The annual report of the assessment department affords still another illustration of Brantford's continued and steady progress. That the population should have increased by 1,181 despite the large number of enlistments has caused some surprise, but it needn't. From what the Courier knows of the commissioners, it is satisfied that they do their work carefully and well, and the fact that empty houses are very scarce is still further testimony that the number of inhabitants is on the increase. In this regard it is worthy of note that some of the families recently removed here from Hamilton in connection with the Carriage Works deal, have had difficulty in securing residences.

The record of the city for the last six years in population has been:—  
1912 ..... 24,084  
1913 ..... 25,337  
1914 ..... 26,454  
1915 ..... 26,389  
1916 ..... 25,420  
1917 ..... 26,601

(\* Assessment figures are for use the following year and are thus dated ahead.

It will be noticed that last year, owing to the war, we dropped 969 in population, but that this year the lapse has been made up, with 212 to the good.

In this regard it should also be remembered that there is a large overflow population into the Township on Terrace Hill, Eagle Place, and other points. One side of a street may be in the city and the other in the Township, and a stranger would be totally unable to decide where the city ended, as the houses are continuous. These people are to all intents and purposes citizens, and Township Clerk Smith estimates their number at 3,000, so that the community is practically 30,000 souls.

In total taxable assessment there is also the gratifying increase of \$353,865.

The assessment department is well run by Messrs. A. G. Ludlow, J. C. Watt and J. H. Oldham, and they help to fully maintain the excellent standard of Brantford municipal officials.

JUDGE GALT AND THE NEWS-PAPERMEN.

The consensus of public opinion seems to be that Judge Galt, of Manitoba, made an exhibition of himself when he sent newspapermen to jail because his dignity had been offended. Toronto Saturday night, in referring to the matter, says:—

"Whatever the merits of the dispute between Hon. Robert Rogers and the Manitoba judiciary, the cause of the bench has not been helped by the summary action of Mr. Justice Galt in making a 'bag' of the leading Conservative newspaper men of Winnipeg and committing them to jail without trial. His Lordship seems to imagine himself the wearer of Gessler's hat to which the commonality, especially newspaper men, and even Ministers of the Crown, must bow. It is a very good thing that the status of habeas corpus still exists to put a curb on his inclinations. Of what Mr. Knox Magee, editor of the Winnipeg 'Post' was guilty, we do not at this writing know. There seems to be a general inclination to put the genial Magee in jail when anything is going on just to hear the jokes he will make about it.

"It is tolerably clear, however, that the offence for which three members of the 'Telegram' staff were committed, was that of publishing a highly colored descriptive report of the scene in court when Hon. Robert Rogers intimated that judges who accepted fees as commissioners in addition to their judicial salaries, did so in contravention of the statute, and were accepting graft. For giving the information on which this description was written, Mr. Stanley

Beck, a reporter, was committed to jail for one month. Mr. Justice Galt would have conserved the dignity of the bench much more effectively, if, deeming himself offended, he had summoned the reporter before him and administered a rebuke and a warning. His ill-temper did not end with the reporter, however. Mr. Edward Beck, editor-in-chief of the 'Telegram,' and one of the ablest and most highly respected newspaper men in Canada, was committed to jail and ordered to pay a fine, without a hearing, simply because he stood on his legitimate rights as a British subject and demanded to see the judge's commission on the pretext of which he was haled before the court. Mr. Ben Deason's case was a greater illustration of judicial bad temper. He was committed to jail for a fortnight and mulcted with a fine, for the simple act of sending to the competing rival manuscript copy handed him by his chief. With equal justification, Hon. Mr. Galt could have sent to jail every printer, pressman and proofreader who had anything to do with the offending article.

"Under the British judicial system extraordinary powers are given to judges to protect their own dignity, especially in the case of newspapers, where the ordinary safeguards that are provided for an accused person, even in cases of murder do not prevail. There is much to be said in favor of the system, but it carries with it the principle of noblesse oblige (rank imposes obligation)—the arbitrary powers vested in judges must be used with extreme clemency and discretion, or they will become intolerable. It would need but a few more instances of the abuse of power, such as has occurred at Winnipeg, to create a popular demand for the curtailment of judicial prerogatives."

It will be remembered that the whole thing arose out of the circumstance that Hon. Robert Rogers told the judge that he was contravening the "Judges Act" in acting as a commissioner for extra pay. The clause which he quoted is as follows:—

"That no judge hereinafter mentioned shall, either directly or indirectly, as a director or manager of any public corporation or firm, or in any other manner whatever, engage in any occupation or business other than his judicial duties; but every such judge shall devote himself exclusively to such judicial duties."

The fact that two judges acted in the Shell Enquiry, does not afford a parallel case, as they were appointed by vote of Parliament.

ANNIVERSARY SERVICES  
The 26th anniversary of the establishment of Spynham St. Methodist church was celebrated yesterday and there were good attendances at all services. Rev. Wray Smith of Oxford St. church conducted the morning service. He took for his text, "Who will strike hands with me." A very interesting and timely discourse was the result. Rev. Mr. Smythe conducted the evening service. The celebration will be continued on Tuesday evening when the annual supper and entertainment will take place. The work of the choir was extra good. Mr. Knott sang a solo in the morning and Mrs. Savage in the evening. At the Sunday school in the afternoon 200 were present. It was quarterly missionary day, and one hundred lantern slides on mission work in China were shown, much to the delight of the scholars. The offering received was a gratifying one.

The problem of disposal of refuse at the camp, which has occupied the attention of Camp Borden sanitary staff for a considerable time past, has finally been settled by the use of incinerators.

**ASKS INCREASE.**  
Market Clerk Angus McCauley has  
applied to the city council for an in-  
crease in wages, the first he has re-  
quested in five years. He states that  
in this time the cost of living has  
advanced greatly and that the city  
will be well able to bear the added  
expense, as the receipts have also  
advanced. Comparing with other  
cities this office in Brantford has  
been underpaid and Mr. McCauley  
has also acted as coal inspector for  
the past eight years without added  
remuneration. The matter will prob-  
ably come before the council to-  
night.

### PAIR OF QUEENS

One of the early bookings at the  
Grand Opera House is H. H. Frazer's  
biggest laughing hit, "A Pair of  
Queens," which scored such a tremen-  
dous success in New York and  
which has just finished a record  
breaking run of over twenty weeks  
at the Court Theatre in Chicago. It  
is not very often that local playgoers  
have an opportunity to see such a big  
metropolitan success immediately  
following its New York and Chi-  
cago runs, but in the case of "A Pair  
of Queens" the management has  
organized a special company, of a  
quality identical with the original  
cast, in order to meet the demand  
for big attractions from the princip-  
al cities in the East and Middle  
West. The management of the  
Grand has been very fortunate in  
securing a "A Pair of Queens" on its  
special tour, Wednesday, October 11.

### VITAL STATISTICS

The vital statistics in Brantford  
for the month of September show  
the large total of 78 births, or 33  
more than the deaths. In March the  
births also totalled 78, so that the  
city is doing well in the matter of  
natural increase. Following are the  
figures in detail:  
Births, 78; marriages, 24; deaths,  
33. Causes of death: Gastro enter-  
itis, 1; Epithelioma of Larynx, 1;

## POLICE MAKE A BIG HAUL

### Total of Twenty Three Chinese Gamblers Taken In Two Raids.

Accepting as true the generally  
conceded opinion that the Chinese  
are the most superstitious race in  
the world, a tremor must assuredly  
have passed through the veins of the  
twenty-three Chinamen who found  
themselves arraigned this morning  
before Police Magistrate Livingston  
upon charges of gambling, following  
upon two raids effected by the police  
last evening, which resulted in two  
separate hauls of ten and thirteen  
men respectively.

At 2:30 yesterday afternoon, the  
suspicions of Detective Chapman  
were aroused when he saw three  
Chinamen descend from a Paris car  
and enter the premises of a Chi-  
nese grocery store at 57 Colborne  
street. Reconnoitering about the  
building from the rear, he was able  
to hear distinctly the sounds of  
voices and the rattle of chips or  
counters.

A raid was accordingly decided up-  
on. At 9:30 in the evening, a party  
left the police station, consisting of  
Chief Slevin, Sergt. Wallace, Detec-  
tive Chapman, County Constable Tay-  
lor and two constables. On reaching  
the premises they found the door  
open and accordingly entered, find-  
ing themselves in the grocery store,  
occupied by three Chinamen, who  
immediately raised a shout to an in-  
ner room. Rushing here the police  
found every evidence that gambling  
was in full swing, dominoes, dice and  
counters were scattered upon table  
for gambling purposes especially.

Several bottles of suspicious liquor  
were also found upon the premises,  
with the result that ten Chinamen  
found themselves under arrest, Mark  
Yun and Mark Wit for keeping a  
gaming house and for selling liquor  
without license and eight others for  
frequenting a gaming house, to wit,  
Mark Sin, Lee Loy, Lung Quon, Ling  
How, Lee Sin, Lee Fong, Lee Bon,  
Lee Ku.

The room wherein they were found  
by the police was entered only by a  
door which gave every instance of  
having been built especially for a  
gaming house, being fitted with heavy  
locks, while the table had been built  
into the room, and was too large to  
be removed through the door.

A second raid was carried out by  
the police about two hours later,  
when the Chinese grocery at 268 Col-  
borne St., was visited with the result  
that thirteen Orientals were added  
to the muster roll of those under ar-  
rest, in the persons of Wong Sta  
(proprietor) Wong Fung Wing;  
Wang Ling; Wah Marr; Wang Sam  
Wing; Wang Tye Mark; Sue Yuen;  
Fong Lun; Chas. Gu Tom.

A lengthy session of the police  
court followed accordingly this morn-  
ing, "It takes three days to swear a  
Chinaman properly and according to  
their own religion," stated Magis-  
trate Livingston. The authorities,  
however, decided to content them-  
selves with swearing the Orientals in  
the usual manner, and accordingly  
extracted almost as much informa-  
tion as might be elicited from a  
cross-examination of a particularly  
reticent oyster. As the evidence was  
clearly against the defendants, Magis-  
trate Livingston found them guilty,  
however, imposing a fine of \$10 and  
costs upon the proprietors and \$4.85  
upon the frequenters. Lee Ku, stated  
to be aged 15, was dismissed.

Albany, N. Y., Oct. 2—Local street  
car service of the United Traction Co.  
was at a standstill early to-day as the  
result of the strike order issued by of-  
ficers of the Albany local of the Am-  
erican Association of Street and  
Electric Railway Employees which  
went into effect at 5 o'clock. No cars  
were operated here in Rensselaer or  
Waterford. The strike was caused by  
the refusal of the company to reinstate  
on the charge of having been discip-  
lined a motorman who had run past a  
"dead stop" sign. Attempts by Mayor  
Stevens and P. J. Downey of the State  
board of mediation and arbitration, on  
Sunday, failed to avert or postpone the  
strike. The strike involves about 800  
men.

By a vote of 845 for and three  
against the by-law was carried in  
Humberstone Township granting a  
fixed assessment of \$50,000 for ten  
years to the International Nickel  
Plate Company.

# A MILK FAMINE

Is Now Making Its Effects Felt in New York.

New York, Oct. 2.—The first effects of a milk famine were felt here to-day as the result of the deadlock between dairymen and distributors over the price the former shall receive for their product. It was estimated that milk trains brought to this city last night 600,000 less than the usual 2,500,000 quarts.

The milk companies announce that hospitals and homes in which there are children who are ill will receive first consideration and for the present will obtain a full supply. Some of the milk now arriving here is coming from Pennsylvania, Delaware, Illinois and Canada. After Wednesday it is stated, virtually all the supply except that marketed by the Dairymen's League must come from a great distance. It is said that the league can supply about 12 per cent. of the amount now consumed.

The contracts of the distributing corporations with New York and New Jersey farmers ended yesterday and the 17,000 members of the Dairymen's League are determined not to renew their contracts at less than 4.4 cents a quart.

Attorney-General Woodbury has promised an investigation at the request of the distributors, who allege that the dairymen's league is a combination in restraint of trade.

## NEGOTIATIONS

Believed to be Nearing a Completion.

Athens, Sunday, Oct. 1.—via London, Oct. 2.—2.40 p.m.—The negotiations between Greece and the Entente powers are believed in circles close to King Constantine to be nearing completion, and it is even asserted in some quarters that a military accord has been already secretly reached but is being kept secret pending the arrangement of details, as in the case of Roumania.

The refusal of the Entente to recognize the Kallogeropoulos ministry has been hampering the negotiations and helping to confuse the situation. The negotiations of the Entente representatives have so far been direct with King Constantine and not technically official communications.

## To the Grave

**Levi Fisher**  
A very large assemblage of friends and relatives of the deceased were in attendance yesterday afternoon at the funeral of the late Levi Fisher, which took place from 9 Peel Street, to Greenwood Cemetery, conducted by Gore Lodge, I.O.O.F. The services at the house were conducted by the Rev. T. S. Lindsay. The pallbearers were Messrs. Seace, Brown, Page, Willets, Wm. Long and Jos. Long. A multitude of beautiful floral tributes testified to the general esteem in which the deceased was held by all.

**Mrs. Graves**  
Yesterday afternoon witnessed one of the largest funerals in Eagle Place when the beloved wife of Mr. Austin Graves was buried in her last resting place in Mount Hope cemetery. Mrs. Graves was only 27 years of age, and leaves to mourn her loss a devoted husband, and two young boys, Percy aged 12, and Ross aged 6. Much sympathy was shown for the bereaved, and the clean and cosy home at 116 Cayuga street is clouded with grief, having lost the light of a true Christian mother's love.

The house was filled with mourners, friends, and relatives from country districts, and neighbors, and out into the street stood scores of silent on-lookers, when Rev. David Alexander opened an impressive service by the singing of "Dear My God to Thee." After prayer and reading of Scriptures, Mr. Alexander spoke tenderly from the words of Romans 8:39, "Nothing shall separate us from the love of God which is in Christ Jesus Our Lord." Mrs. Graves was the second daughter of Mr. John Westworth, and was born in Garton, Yorkshire, England. Her husband, Mr. Austin Graves is a foreman in the woodwork department of Ingley and Taylor and Co.

The following beautiful wreaths and flowers were sent in as tokens of esteem. Services at the home of the deceased, 27 Sarah Street, were conducted by Rev. C. E. Jenkins. The pallbearers were Messrs. T. L. Wood, Alex. Ballantyne, Patterson, Cooper, Horsnell, Ed. Riddells, among the many beautiful floral tributes received, in addition to a wreath from the family the following were included: Mr. and Mrs. McLaren, Mrs. Winder and Beulah, Mr. and Mrs. Wm. ## Indians Broke With White Sox

Cleveland, Oct. 2.—The Indians clinched the 1916 championship for Boston Sunday. With Coumbe hurrying masterful ball against them, the White Sox tumbled by 2 to 0 in the first game of a double-header and defeat wiped out the last chance to even tie the new champions. The Chicagoans came back in the second battle with a terrific kick, knocking the pill to all corners of the lot and winning with ease 8 to 4. In the 5th inning of the first game Cleveland scored on a hit batsman, two sac flies, an error and a single. The sac run went over in the eighth without the aid of a hit. Faber hit Grane Chapman bunted, and Graney would have been forced at second but Faber threw high to Terry, Graney got to third and scoring on Roth's sacrifice fly.

The only hits off Coumbe were singles by Hasbrook in the fifth and McMullin in the ninth. In both the first and third innings of the second game Felsch slammed Pender for triples, each time with two on. The Sox scored two on Gould in the fourth, one on Lambeth in the sixth and another on Kieffer in the seventh. Fourteen hits were run up again this quartette of hurlers. Scores:

First game—R.H. Chicago...00000000—0 2 Cleveland...00001001X—2 5  
Faber and Schalk; Coumbe and D'Neil.

Second game—R.H. Chicago...202201100—8 14 Cleveland...000010003—4 9

**Indians Broke With White Sox**

Cleveland, Oct. 2.—The Indians clinched the 1916 championship for Boston Sunday. With Coumbe hurling masterful ball against them, the White Sox tumbled by 2 to 0 in the first game of a double-header and a defeat wiped out the last chance to even tie the new champions. The Chicagoans came back in the second battle with a terrible kick, knocking the pill to all corners of the lot and winning with ease 8 to 4. In the fifth inning of the first game Cleveland scored on a hit batsman, two sacrifices, an error and a single. The other run went over in the eighth without the aid of a hit. Faber hit Graney. Chapman bunted, and Graney would have been forced at second but Faber threw high to Terry. Graney going to third and scoring on Roth's sacrifice fly.

The only hits off Coumbe were singles by Hanson in the fifth and McMullin in the ninth. In both the first and third innings of the second game Felsch slammed Penner for triples, each time with two on. The Sox scored two on Gould in the fourth, one on Lambeth in the sixth and another on Klepfer in the 7th. Fourteen hits were run up against this quartette of hurlers. Scores:

First game—R.H.E.  
 Chicago . . . 00000000—0 2 0  
 Cleveland . . . 00001000—2 5 3  
 Batteries—Faber and Coumbe and D'Neil.

Second game—R.H.E.  
 Chicago . . . 202201100—8 14 3  
 Cleveland . . . 000010003—4 9 2  
 Batteries—Ladd, Schalk and Lynn; Penner, Gould, Lambeth, Klepfer, Deberry and Daly.

**Dodgers and Phillies Split**

Brooklyn, Oct. 1.—Shoved out of the lead in the pennant scramble by a 7 to 2 defeat in the morning game Saturday, the Dodgers re-established themselves after a lapse of a few hours by downing the Phillies in the second game with a count of six. In their matinee victory the Dodgers ran rough-shod over Alexander, Moran's big ace. Alexander was hit heavily and consistently and was finally removed in the sixth in favor of a pinch hitter. Marquard and Stengel were the real heroes of the Dodger victory. The rube allowed but three hits and walked nobody. Two hits came in the first, and with a balk sandwiched in between permitted the Phillies to score. This third hit was made with two down in the ninth.

It fell to Casey Stengel's lot to score the winning run in the second game, as well as the tying count in the first session. But it was that winning tally that delighted Casey. In the fifth round he was first up and walloped the ball over the right field fence for a homer.

Too much Rixey was in the second of the Dodgers' ailment in the morning battle. The elongated port sider had the superbas at his mercy and let them down with five scattered hits. Pfeffer, who pitched for Brooklyn, was batted hard, the Phillies piling up ten hits. The score:

First game—R.H.E.  
 Philadelphia . . . 110011030—7 10 1  
 Brooklyn . . . 00100010—2 5 1  
 Batteries—Rixey and Killifer; Pfeffer and Miller.

Second game—R.H.E.  
 Philadelphia . . . 100000000—1 3 3  
 Brooklyn . . . 100001112—6 15 1  
 Batteries—Alexander and Killifer; Marquard and J. Meyers.

**Red Sox are Now Champions**

Boston, Oct. 2.—By bunching hits in the tenth and breaking up New York's inner defence, the Red Sox defeated the Yankees Saturday 1 to 0. The Athletics come to town Monday for the last three games of the season.

"Dutch" Leonard for the Red Sox and Cullop for New York, had one of the hardest pitching battles of the year in the games Saturday, and up in the tenth the Yankee southpaw more than held his own. Scott opened the tenth with a single to left. Carrigan laid down a bunt along the first-base line. Mullen, playing first, and Cullop both started for the ball, leaving the initial sack uncovered, and the blow went for a hit. Strategic in to bat for Leonard. Thomas hit Scott at second, and brought Thomas in to bat for Leonard. Thomas placed a slow one down the third base line and the sacks were filled fly to right. Hooper drove a high catch with the winning run. The score:

R.H.E.  
 Boston . . . 000000000—0 6 1  
 New York . . . 000000000—1 7 12  
 Batteries—Cullop and Alexander; Leonard and Carrigan.

**Crucial Week National League**

Phillies Are Fighting Hard for Leadership and May Win Out.

REVIEW OF SEASON'S FEATS.

Much happened in the baseball world Saturday and Sunday. To-day one finds the Boston Red Sox champions of the American League and Brooklyn still leading the National by a narrow margin, although they were forced in second place on Saturday when the Phillies won the morning game. Over at New York the Giants won the first game of the double-header against the Braves, bringing their winning streak up to 26 games. There it remained, though as Boston, with Tyler pitching, stopped the McGraw clan in the second game. Over 35,000 witnessed the games. However, it will be many a day before another big league club uncorks the spurt produced by the Giants.

This is the crucial week of the National League leaders. Only four more games remain to be played

26 STRAIGHT.

New York, Oct. 2.—Just as the celebrated Giants' Unlimited reached the railroad yards on the outskirts of Corsicana, Navarre Co., Tex., and was whistling for the switch that would have put it in on the twenty-seventh straight siding Saturday, a Boston bandit by the name of George Tyler crawled aboard the blind baggage, tossed a left-handed monkey wrench into the doodad, and held up the train.

He robbed the Giants of a tie for the world's record for consecutive baseball victories, which is treasured in Corsicana, leaving them flat at twenty-six.

The Giants reached that station in the first game of a double-header with the Boston Braves before the noble "Rube" Benton jamming the caravan through with one hit. The score was 4 to 0.

Then, when all the train crew and passengers were smiling and chattering and enjoying the scenery as they rushed into the second game, there was a sudden jar, a gritty grinding of brakes, a hoarse cry of "Hands up!" and George Tyler—for it was indeed he—came through the cars holding a southpaw in people's faces.

The stuff was off. The long ride was over. When the tourists crawled out from under an 8 to 3 wreck the train was a mess. It may get started again this season, but it cannot get very far, as the right of way peters out presently.

Now that it is over, some folks are saying that the Giants' Unlimited never was going anywhere anyway and that Corsicana was just an excuse for a joy ride, but nevertheless over 30,000 people were out again at the Polo Grounds Saturday afternoon to watch them travel. Attendance records at the Polo Grounds have fallen lately along with the baseball records.

The world's record for consecutive victories still stands at twenty-seven, but the Giants have hung up a run that will probably stand as a big league mark for years. They went through every other club in the league during their drive. The scores:

First game—R.H.E.  
 Boston . . . 000000000—0 2 2  
 New York . . . 00000022x—4 9 0  
 Batteries—Tyler and Blackburn; Sallee, Tesreau, Anderson and Smith.

Second game—R.H.E.  
 Boston . . . 00200501—8 13 3  
 New York . . . 000020100—3 8 2  
 Batteries—Tyler and Blackburn; Sallee, Tesreau, Anderson and Smith.

## INDIA GIVES LIBERALLY

Large Contributions from Her People to Various War Funds.

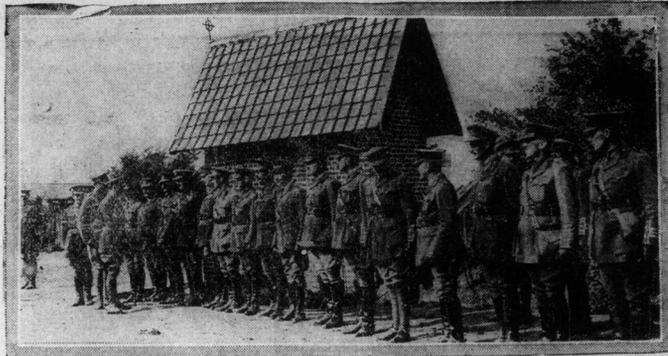

London, Oct. 2.—A special despatch from Simla, India, says: "Sir Reginald Craddock, replying to a question in the Imperial Legislative Council on Saturday, gave interesting information as to the contribution of the people of India to numerous funds in connection with the war. He said that exclusive of the many lavish gifts in cash and kind by Indian Princes, the following sums had been received: "Indian Imperial Relief Fund £29,875; St. John Ambulance, in cash £91,000, in kind £127,000; Bombay War Relief Fund £313,000; Madras War Fund £228,000; United Provinces War Fund £200,000; Punjab Aeroplane Fund £100,000; Calcutto Motor Ambulance Fund £45,000; Bhagulpur Motor Ambulance Fund £17,800; Belgian Relief Fund, £27,000, and Bengali Hospital Fund £8,700."

## Liner Afire, is Racing to Port

New York, Oct. 2.—Fire which broke out in the cargo hold of the American Line S.S. Philadelphia Thursday, while the vessel was approximately 800 miles from port, still was smouldering under a blanket of steam when she arrived here yesterday. So successful were the officers and crew in keeping the news from the 646 passengers that few were aware of the peril they had been in until after the big liner docked. At the first intimation of fire officers removed the steerage passengers and took precautions to keep the news from spreading to the first and second cabin passengers. The Philadelphia left Liverpool September 23. How the fire started it was said, has not been determined. Among the passengers was Sir Herbert Beerholm Tree, the English actor.

## BRITISH CLOSE ON BAPAUME

Further Progress Made, German Lines Again Broken Through.

London, Oct. 2.—A powerful new stroke Sunday carried Gen. Haig's British troops within two and a half miles of Bapaume, the high road to which they straddle.

They smashed the German defence on a front of a mile and three-quarters, stretching from a point east of Eaucourt l'Abbaye to the Albert-Bapaume road. The village of Eaucourt l'Abbaye is reported in their hands, according to the news reaching Gen. Haig's Headquarters.

**Terrible "Tanks" Help**  
The new blow was carried out after a tremendous artillery bombardment, the attacking troops being closely followed by the terrible "tanks," which cleaned out the German trenches by an enflaming fire while the infantry swept forward. More than 300 prisoners had been brought in at a late hour last night, making a total of almost 30,000 on the British front since the beginning of the Somme offensive.

Sunday's stroke followed a night of activity along the two-mile line between Fiers and Le Sars. The British made progress here, while the French, in small engagements, claim to have pressed forward, some north of Rancourt and southeast of the Intelligence department, manages to cir-

## Music and Drama

THE GRAND

When Alberta Brown appeared in "The White Feather" sixteen months ago the critical public at once realized that a new star had risen who would not lack support, so far as this country was concerned, and a warm welcome awaits him at the Grand Opera House next Saturday, when he will present "The Black Feather" a sister play, especially written for him by the veteran Canadian dramatist, W. A. Tremayne, whose success in writing plays for Robert Mantell and Robert Hilliard still is remembered by Canadian playgoers. Though Mr. Brown still plays the roll of a secret agent of the British intelligence staff the plot and incidents of the "Black Feather" are quite dissimilar from those of its predecessor. The leading role is that of Dick Kent, son of the noted British diplomatist and for professional reasons. He is in love with a Canadian girl who has been brought up by an uncle who is a well-meaning but very competent official of the Foreign office. The girl's brother who is a weak youth has also through family influence, obtained a post in the same department. The period of the action is in July, 1914 and two German and Austrian aristocrats, secretly working for their respective countries are seen preying on the weaknesses of the boy, to obtain valuable secrets of the foreign office. In the series of incidents, both humorous and exciting, Dick, the unsuspected servant of the Intelligence department, manages to cir-

## News From Terrace Hill

(From our own correspondent)

The funeral of the late Mr. Cockshutt of Sydenham Street, took place on Saturday afternoon, from his late residence. The deceased was an old soldier and had a silver medal presented to him by Lord Roberts in India for good conduct and faithful services. He was born in St. John's, Newfoundland, as drill instructor for the British Government. The funeral was largely attended. He was a member of the Church of England and of St. James' Church. There was a large attendance of friends and acquaintances to pay the last respects to the deceased.

Corporal Henry Blacker arrived home Friday evening from Camp Niagara, on leave for two days. He is under orders to proceed to Camp Borden for instruction in bomb throwing.

Current the manoeuvres of the foreigners and while conferring a benefit of his country to save the family of his sweetheart also. Mr. Tremayne has devoted all his well-known skill as a contriver of effective episodes to devising situations that will show the very best advantage the sparkling and sincere qualities of Mr. Brown's art. An admirable supporting company has been engaged and a gala opening is assured.

## LEADERSHIP NOT YET DECIDED

Brooklyn and Philadelphia Must Still Fight for the Championship.

By Courier Leased Wire. Chicago, Oct. 2.—The National League championship may not be decided until next Thursday, the last day of the season, so close is the race between Brooklyn and Philadelphia.

Brooklyn, which to-day starts a four-game series with New York, has an advantage of only a fraction of a game. Philadelphia has six games to play yet, all with Boston, and they must be played within four days. Boston has only a slight chance to win, as it must take all six games from Philadelphia, and Brooklyn must lose three out of four to New York. All of the western teams have completed their schedule.

The standing of the three leaders to-day is:

Teams	Won	Lost	P.C.
Brooklyn	91	59	.607
Philadelphia	89	58	.605
Boston	85	61	.582

Boston was given a negative vote for the American League championship yesterday when Cleveland took the first half of a double-header from Chicago. Boston may now lose all three remaining games with Philadelphia and still hold first place.

## WATERFORD

(From our own correspondent) On Thursday the Waterford Fair was held. There was not as large an attendance as there might have been owing to a cloudy and rainy morning although the afternoon was clear and bright.

The Anglican Dramatic Club held a play in the Town Hall on Fair night. Although it rained hard all evening there was a large crowd and the play was well rendered. The name of it was "Facing the Music." The school children were delighted with the holiday on Thursday afternoon.

The work of remodeling the Baptist Church is progressing. It is expected that the re-opening will take place on Thanksgiving.

The weather has turned much cooler after the rain.

A blow from the list of A. Gendreau, a young French-Canadian, which landed on the jaw of J. Perreault, north of Truro, Sask., killed him.

The G. T. R. freight embargo against acceptance of shipments less than a carload from Niagara Falls to Toronto has been lifted.

## ALLIES PLAN

(Continued from page one.) the projected Russian movement southward through Roumania. The conquest of either of these cities would be of great importance to the allies, but would be trivial in comparison with that of Constantinople.

The military outlooks in the allied countries express astonishment that the Russian military chiefs committed the blunder of not appreciating the situation, or at least of not taking into account and making provision for a move of this kind. The operations of the great Russian army, under the command of the Grand Duke Nicholas in Armenia, one critic says, would have aroused suspicion in the minds of any enemy leaders who were not blinded by their own theories and principles and their own self-importance.

The Grand Duke's army, using the conquered port of Trebizond as a base, is expected to have a vitally important part in the conquest of Constantinople. Although the plans of the allies are, of course, kept secret, it is regarded as established that the attack against the well-guarded capital of the Ottoman Empire will be simultaneous with the attack through Bulgaria.

It is believed that the bulk of the Russian army in Asia Minor, composed of hardened veterans, will be sent on the Bulgarian coast, to co-operate with the armies moving southward, although it has also been suggested that it may be disembarked at Constantinople. At the same time, the Russian and Roumanian forces in sweeping aside the present opposing Bulgarian-Turkish-Prussian troops, under Field Marshal Von Mackensen. Time and the exigencies of the situation will decide that point.

The real purpose of the Salopiki adventure, which for many months has been a problem with which the military observers wrestled, is now clearly perceived. It is the new light comes in the presence of the French leaders who were responsible for it.

While General Joffre's part in deciding on the expedition has been well known and much discussed, that of the head of the French Government, Mr. Aristide Briand was less well known. To Mr. Briand are being paid compliments of the very highest kind in the press of the allies and particularly in France, Italy and Russia.

It is known that this far-sighted statesman had difficulties of all kinds to overcome in convincing others regarding the section where a decision could be sought and the consequent desirability of building up a great military force at Saloniki, and that it was only by tireless insistence that he succeeded in bringing it about. To win the war quickly and decisively, he argued, communications must be opened up with Russia in order that France and Great Britain might supply the great masses of Russian recruits with equipment and artillery, arms and ammunition. Through the present lines, by Archangel or overland from Siberia, this cannot be satisfactorily done.

"The suggestion that the punishment of Bulgaria is indispensable," says J. L. DeLanessan, one time French minister of marine, in the Paris Journal, is, of course, true; but the conquest of Constantinople is urgent. We already are in the autumn, winter will soon be here and during the winter the communications with Russia from Great Britain and France through Archangel will be interrupted.

"Now it is of the highest importance that the present point in the war relations should be maintained as close and as frequent as possible between all the nations and all the armies of the Entente.

"The taking of Constantinople means the opening of the Bosphorus, it means the rending of the Turkish army in Asia to death or capitulation; it means Bulgaria at the mercy of the allies; it means for the Central empires a defeat forecasting the final collapse."

By Courier Leased Wire. New York, Oct. 3.—A cable to The Herald from London says: A new Zeppelin-chaser aeroplane, employed by the British home defense in one of the most formidable air fighting machines yet invented. The secret regarding many details of its construction is closely kept and only the main features are now allowed by the British and French governments to be mentioned in the press. The news regarding the efficiency of the machine and the confidence which the public may place in it, is at last published on account of the insistence of newspapers on the desirability of the main facts being given out.

A French aviation expert, Jacques Marsillac, has examined this machine and his published account of it, after the censor in two countries.

## CANADIANS' BIG RECORD

Continues to Mount Up in the Important Somme Fighting.

By The Canadian Eye-Witness. Canadian Corps Headquarters, France, via London, Oct. 2.—As a result of further severe fighting the Canadians have captured several important German positions, and advanced their own line on a frontage of nearly two miles to a maximum depth of 900 yards, about a great quantity of ammunition of all sorts, and other war materials.

The Germans have fought hard and their resistance has been formidable. To minimize the gallantry and persistence with which the Canadians have attacked. We have, in the fighting, advanced in close cooperation and sympathy with the British troops on either flank. Despite their resistance we have, except for temporary and local setbacks secured in succession all our objectives, and by every account received we have inflicted severe losses upon the Germans.
