BLACKSMITHING WOOD-WORKING AND PAINTING

C. E. Pickett & Sons have leased from W. M. Stevens his shop, house, etc. on Elgin street, Athens, and beg to notify the community at large that they are prepared to do all kinds of general Blacksmithing, including the repairing of Wood and Iron Work on all kinds of vehicles, implements, machinery, etc. Painting done on the premises.

Having worked at the trade for many years, we are capable of giving good satisfaction. We use an axle-cutter for shortening arms where they have too much play. Horse-shoeing will receive special attention. Call and we will endeavor to please you.

We manufacture the celebrated Diamond Harrow. Call and see it.

Two Ounces of Blood Daily

That is the amount of Blood added to your veins by taking one of Dr. Campbell's Red Blood Forming Capsuloids with Each Meal Three Times Daily.

MR. WELLINGTON J. CONNOR, of Jolyply, has derived such benefit from Capsuloids that he has written us as follows:

THE CAPSULOID COMPANY, Brockville, Ont. Gentlemen,—About a month ago I began to suffer with a feeling of pressure over my heart, my breath was short and I grew rapidly weak. I consulted my doctors and they very kindly drew two quarts of water off my left lung. They gave me the best treatment and I thought I would soon be well, but instead, my lung began to grow to my side, my breath grew short and tight, and I lost color and flesh as well as strength. To walk up stairs put me fearfully out of breath. I found that it was getting harder and harder to get my breath down into my lungs. Nothing seemed to check my case, and both I and my wife began to be very much alarmed, when a doctor, a friend of mine, recommended your Capsuloids. I started taking one with each meal and I soon improved. I am now taking two with dinner, two with supper and but one with breakfast. The stiffness and soreness have nearly all left my side. I can stand up much straighter, I can go up stairs and can take long walks without getting out of breath. My lung is, I am sure, settled away from my side entirely, and I have gained so much in color, flesh and strength that I have not much to complain of, and feel that a few more boxes will cure me. My blood is very red, and I think I just got your Capsuloids in time, for my lung was getting so fast to my side that it could never have been separated. I recommend them to all my friends who are run down, or who have old complaints.

Very respectfully, WELLINGTON J. CONNOR.

Capsuloids are sold at 50c a box or 6 boxes for \$2.50 by J. P. Lamb & Son, Athens, or sent on receipt of price from The Capsuloid Co., Brockville, Canada.

This is not a patent or secret medicine. It is prescribed largely by doctors.

GREENBUSH. TUESDAY, April 12.—Miss Keitha Blanchard, who for some time past has been attending the Brockville Business College, went to New York last week to take a position in a large business concern as typewriter and stenographer. She was accompanied by Miss Landon of North Augusta. Mrs. Geo. Dixon spent Easter in Brockville, the guest of her daughter, Mrs. E. N. Stewart. Mr. Robert Cooper of New Dublin is busily engaged painting a new cow barn for B. W. Loverin. There will be no school in this section this week, owing to the absence of the teacher, Miss S. Hanna, who is in Toronto attending the annual meeting of the Educational Association of this province. Mr. Jos. Hough met with quite a serious accident. While taking care of Mr. John Blanchard's horses, one of them kicked him so that he was unable to work and has gone to his home at Bishop's Mills. What might have been a very serious accident occurred at Mr. Byron Loverin's last week. He, in company with three other men, was grinding some grain in a grinder, which was run by a steam thrashing engine, when a small bolt came out, and as the mill was going pretty good speed it flew to pieces, some parts of which were found several yards away. No one was seriously hurt. Miss Flora Olds of Brockville spent Easter here. Mrs. Emma Griffin, who for some time past has been visiting relatives in this vicinity, returned to New York last week. Mr. Henry Davis and family intend moving to White's this week, where he is engaged to make cheese for another season.

SOPEFTON. MONDAY, April 11.—The sacred concert held in the church on Thursday evening last was very successful. The graphophone, superintended by Rev. Mr. Robertson, worked to perfection, and many pleasing vocal and instrumental selections were rendered to the delight of the audience assembled. Miss Blanchard and Mr. Walter Taber of Elbe spent last Sunday at their old home here. On Friday night two of our young men entertained their young friends in rather a unique manner, but from the glowing accounts given of the evening's sport, we would infer the entertainment was highly successful. The only refreshment served was hard boiled eggs, which has given the name of "an egg row" to this new and novel social event. The young people departed well pleased with their hosts, who were tendered the hearty thanks of all present. Miss Lydia Stafford very agreeably

entertained a few of her Soperton friends on Wednesday evening last. Mr. Will Flood left for Soreby's Bay on Thursday morning, where he will spend his Easter holidays. Miss L. Earl, Washburn's Corners, visited Miss Maggie Flood on Sunday. Mr. Rod Roddick left for Port Hope on Friday morning, where he will spend his Easter holidays. Miss D. and Mr. Will Sheffield, Lyndhurst, paid a flying visit to Soperton friends last week. Mr. H. Barber, Miss Katie Carver, and Miss Jennie Barber, Athens, were recently guests, for a few days, at Mr. John Frye's. Mps. Simon Ransome, who has been dangerously ill, is at latest reports slightly better. Mr. Thos. Hall is a happy man these days. Last autumn he was accused of skimming his milk before sending it to the factory. He was innocent, he knew he was innocent, and everybody else knew that "Tom Hall" never had skimmed his milk. However, the inspector had tested it and it did not show the average percent of butter fat. Then a brew of boiling lye was poured into the milk, and the inspector had tested it and it did not show the average percent of butter fat. Then a brew of boiling lye was poured into the milk, and the inspector had tested it and it did not show the average percent of butter fat. Then a brew of boiling lye was poured into the milk, and the inspector had tested it and it did not show the average percent of butter fat.

LOCAL SUMMARY

Atkins and Neighbouring Localities Briefly Written Up.

Events as Seen by Our Knight of the Pen.—Local Announcements.

Miss Hazel Washburn is visiting friends in Athens this week.

Mr. H. H. Arnold made a business trip to Montreal this week.

Mr. and Mrs. John Cawley spent Easter with friends at Newboro.

Mrs. W. B. Connerly went to Montreal last week on a visit to friends.

Mr. and Mrs. R. Thompson are spending Easter vacation with friends in Toronto.

Window shades 36x79 inches spring-roller, all ready to hang for 35c and 50c at Beach's.

For salabastine, Libman's, floor paint, wall paper, curtain poles, and window shades, go to Beach's.

Miss Fanny McLean, North Augusta, spent Easter in Athens, a guest of Mr. and Mrs. J. H. McLaughlin.

A few salmon have already been caught at Charleston by trollers, but good fishing has not yet commenced.

Mr. Chas. Arnold, high school student, has taken a position as salesman behind the counter of his father's store.

The Dominion Bicycles, with Dunlop tires fully guaranteed, only \$45 at Beach's.

Cash paid for Deacon Skins at Athens meat market by Wilson & Son.

Mrs. S. A. Taplin spent last week in Carlton Place, assisting in the care of her grandchild, who was ill with the measles.

Miss May Bulford, teacher of the Plum Hollow school, spent Easter in Athens, visiting at the home of Mrs. W. Barber, Bees street.

Students at Toronto home for vacation are A. E. Fisher, Arts, Toronto University; J. Wright, Medicine, Trinity; E. Mole, Dentistry, Dental College.

The big suckers have not yet commenced to run in any considerable number in the creeks, and fishermen say we must have a warm rain before they will start.

On Thursday night (14th) an auction sale of two milk cows, household goods, &c., will take place at the farm of the late Joseph Totten, Kitley. Sale at 1 p. m. Terms, cash.

At Smith's Falls, on Thursday last, Miss Eva Sherman, daughter of Mr. and Mrs. Alex. Sherman, Plum Hollow, was united in marriage with Mr. Fred Bullis of Lyndhurst. The happy couple spent Easter at the home of Mr. and Mrs. S. Y. Bullis.

To-day (Wednesday) Mr. J. C. Eaton and Miss Etta Livingston of Athens left for Brockville, accompanied by Mr. Albert Hanton and Miss Addie Richards of Frankville. A note concerning the results of the trip will be in next issue.

China Hall, Brockville, selling out. T. W. Dennis has accepted the agency for the new celebrated Giant Pills, which will necessitate his closing out his business at once. China, Crocker and Glassware at our own price.—T. W. DENNIS. Giant Pills are for sale by all druggists.

Mr. D. R. Reed, who has conducted a successful barber shop in the old Parish room, will this week remove to new quarters over R. J. Seymour's grocery store, having bought out Wm. G. McLaughlin's interest in the barbershop he has carried on there during the past winter.

The result of the examination in medicine at Queen's University has been announced. Former students of the Athens high school were represented in the graduating class as follows: A. E. Stewart, Kingston; W. N. Condon, Ventnor; H. H. Elliott, Frankville, who won the University medal; and A. L. Thacker, Greenbush, who won a position on the staff of house surgeons of Kingston General Hospital.

The brick dwelling house belonging John Cowan, who resides a short distance from Beach's Mill, near Charleston, was totally consumed by fire on Saturday morning last. Mr. Cowan started for Brockville early in the morning and it is supposed the fire caught from the pipes or chimney.

The fire was first seen by some of the neighbors who gave the alarm, but it had gained such headway that nothing was saved in the upper story. The barn caught fire, as well as the straw in the barnyard, several times, but by strenuous efforts these were extinguished. The loss will be heavy, but is partly covered by insurance.

The B. A. M.'s in Athens. The management of the B. A. M. has exercised great care and judgment in the selection of artists for this occasion. Each member has been engaged with special care as to his fitness for the particular line entrusted to him, with the result that a finished programme is assured.

New and bright ideas have been introduced throughout the two hours and a half programme, and expense, effort and time have not been spared to make this the strongest company they have ever organized.

The music and singing is of the highest standard of excellence. The singing is in charge of J. Maedel and J. H. Shinnick, which is a guarantee that it will be as near perfection as experience and study can make it.

The specialty part of the programme embraces a host of novelties with such stars as O'Neil, beyond question the peer of all dancers; Eddie Ennis the amusing monologist, and one of the most quaint and interesting comedians on the amateur stage.

Among the spectacular offerings is the gorgeous Court of Justice, which opens the entertainment and which is headed by Messrs. W. Johnston and Mr. J. A. Jones as Delegates to the Diocesan Synod for the next three years. Last year's Sidemen were re-elected. The officers for Trinity Church, Lansdowne Rear, were re-elected, viz: Messrs. W. Johnston and Oram Greene, Church Warden.

Mr. M. J. Johnson is the Delegate for the Congregation to the Synod. It is expected that His Grace the Archbishop of Ontario will hold a Confirmation during the coming month. A large class has been in preparation under the Director for some time past.

LOCAL SUMMARY

Mr. and Mrs. W. G. Pichal spent Easter Sunday at Ingonia.

Rev. Wm. Blanche of Chelsea spent Easter in Athens, a guest at the home of Mr. and Mrs. R. Arnold.

The evidence in the case prorem Hood's Sarsaparilla cures scrofula, salt rheum, boils, humors and all eruptions.

Material is on the ground for the erection of new sheds and the making of necessary repairs to the Methodist church.

Mr. H. Elvidge, late of New York city, left Athens this morning for St. Catharines where he may accept a situation.

Alderman J. B. Cooke of Kingston, general agent for the Imperial Life Assurance Co., was in Athens during the past week, establishing an agency.

Mrs. R. Arnold, while crossing the street on Saturday evening, was knocked down by a passing horse. Fortunately, she escaped with only slight injuries to her hand and wrist.

Owing to the illness of Miss E. Pauline Johnston her recital that was to have been given here on Monday last had to be postponed. The C.O.F. have arranged for her appearance here on the evening of Monday, May 2nd.

The Athens marble works have started up again, under the firm name of E. McLean & Co. During the past week Mr. McLean has secured orders for the erection of very fine and expensive monuments, to be placed over the graves of the late Justus Coon, Elgin, and Mrs. Benj. L. Halladay, Elgin.

The Ontario department of Agriculture has just issued an illustrated bulletin of solutions, which is recommended for spraying fruit trees, bushes, and vines and also giving full directions as to the best means of destroying the many injurious insects with which the fruit-grower has to contend.

A countryman wandering about a churchyard came upon a stone having the inscription "Sic transit gloria mundi." "What does it mean?" he asked of the sexton, who had been explaining the inscriptions to him. The sexton peered toward it, and not wishing to divulge the requirements is to be dealt with by the local board in a titling results. The revised regulations, do not, as formerly, call for the presentation of book work in writing, drawing etc., at either the high school entrance or public school leaving examinations. For the latter examination, book work, if presented by candidates, is to be taken into account, as last year, in view of the special provisions announced for 1898.

On Sabbath evening last service was conducted in the Methodist church by Mr. Alex. Kay of Niagara, who is making a lecturing tour of Leeds Co. as representative of the Grand Division of the Sons of Temperance. The address was based on I Peter II: 13 and dealt in a very practical manner with the revised regulations of the prohibition question. On Monday evening he spoke to a large audience in the high school hall on the evils of the liquor traffic and the results likely to follow the passing of a prohibitory law. His pleasing, speaker, enthusiastic and convincing, and will advance the interest of the cause he is championing.

A lively runaway occurred in front of Judson's grocery on Monday evening. A young man from Wiltstown stepped into the grocery leaving his horse, a young, spirited animal, attached to a covered buggy, in front of the building. He had been only an instant inside when the horse started off, down Main street. The owner started in hot pursuit, calling "Whoa! Whoa!" The reporter scribe was on the scene, and just as he was turning on the walk that leads up to the house the running youth collided with him with such force that he was knocked off the sidewalk and rolled over a couple of times in the dirt, while the horse pitched head foremost into the street. The scribe started to apologize for being in the way, but was cut short by the exclamation, "Don't mention it—please bring along my hat."

The horse turned down Reid street and ran on to the corner of the residence of the Rev. Mr. H. H. Arnold, where he was dismounted over one side of the road and ran the buggy against a tree at the edge of the walk. A number of small girls were coming along the sidewalk and being frightened they scrambled into the house into a lawn. The screams of the youngsters started the horse into a mad gallop and it swung around the corner at a breakneck speed passing along church to the corner of Leaso down which it went, turning the corner to Joseph street, where it struck another sharp corner on to Mill and on out the Malloytown road, until opposite the residence of Samuel Row. The horse nearly crashed forward into the street. The strongest part of the story is that while the horse ran a mile and a half and made five right-angle turns, nothing was broken or damaged.

April Wisdom. Be sure that your blood is pure, your appetite good, your digestion perfect, your nerves strong, your system healthy, your blood built up your health, take Hood's Sarsaparilla, which will make you well by purifying and enriching your blood, giving you an appetite, strong nerves, mental and digestive strength.

Charleston Rear Honor Roll. Fourth Class.—Bella Gray, Hawley Gray. Third Class.—Gladys Johnston, Eva Johnston, Dora Webster. Second Class.—Florence Hefron, Lizzie Williamson. First Class.—George Hefron, Stuart Babcock, Maggie Finlay. Sr. I.—Edith Curtis, Lawrence Botsford. Jr. I.—Roy Hefron, Joanna Slack. Mr. H. F. Fowles, Jan. Teacher.

Report of S. No. 5 Reared. V. Class.—Ella Perival. IV.—Dan Mattie. III.—Lola Bulard, Frank Mattie. Sr. II.—Charley Carr, Henry Mattie, Bertha Carr, George Carr. Jr. II.—Walter Percival, Joseph Graham. Sr. Ph. II.—Ford Stevens, James Whalen. Sr. Ph. I.—Collins Whalen. Mr. P. L.—Lucy Carbo, Willie Mattie, Lillie Carbo, My Carr.

Jessie Copeland, Teacher.

LOCAL SUMMARY

Mr. Skiff Bann, a graduate of the Brockville Business College, has obtained a position as stenographer in Montreal.

The majority of people look upon it as a trivial offence to throw a stone at a telegraph or telephone wire, but under the new criminal code the penalty is three months or fifty dollars, and if you injure the wire or one of the glass insulators the penalty is two years in the penitentiary.

A couple of weeks ago, fishery overseer Bullis wrote the fishery department at Ottawa, asking that the privilege (said to have been granted by the government for the past two or three years) of catching suckers in the creeks running into Charleston lake be continued for the present year. On Saturday last Mr. Bullis got a reply stating that such privilege had never been granted, and instructing him to prevent any fishing for such fish with net or spear. Parties who have been given to understand that they could fish for suckers in this way are warned that it is strictly prohibited.

An English gentleman, recently returned from Dya, who is representing a syndicate operating in the Yukon district, says: "Those who have influence should impress upon the government not to allow liquor in the Yukon district. I speak from experience. I have been in the arctic regions, and I know that the talk of the need of liquor is a mining camp is simply hell. A poor man who has never handled any money before is talking about making a 'strike.' He immediately treats the whole camp. Then you have, when these men are drunk, all the elements of hell. I do not object to beer; but no liquor. What man wants in a country like the Yukon, in plain, fat-forming food, not drink, which stimulates you, only to leave the system colder and weaker."

The Entrance Examinations. The high school entrance and public school leaving examinations for 1898, will begin Tuesday, June 28, at 8.45 a. m. The course of study prescribed for the examination is that given in the revised regulations, except that physiology and temperance takes the place of botany at the public school leaving examinations. Any misunderstanding on the part of candidates regarding the requirements is to be dealt with by the local board in a titling results. The revised regulations, do not, as formerly, call for the presentation of book work in writing, drawing etc., at either the high school entrance or public school leaving examinations. For the latter examination, book work, if presented by candidates, is to be taken into account, as last year, in view of the special provisions announced for 1898.

On Sabbath evening last service was conducted in the Methodist church by Mr. Alex. Arnold, where he was dismounted over one side of the road and ran the buggy against a tree at the edge of the walk. A number of small girls were coming along the sidewalk and being frightened they scrambled into the house into a lawn. The screams of the youngsters started the horse into a mad gallop and it swung around the corner at a breakneck speed passing along church to the corner of Leaso down which it went, turning the corner to Joseph street, where it struck another sharp corner on to Mill and on out the Malloytown road, until opposite the residence of Samuel Row. The horse nearly crashed forward into the street. The strongest part of the story is that while the horse ran a mile and a half and made five right-angle turns, nothing was broken or damaged.

April Wisdom. Be sure that your blood is pure, your appetite good, your digestion perfect, your nerves strong, your system healthy, your blood built up your health, take Hood's Sarsaparilla, which will make you well by purifying and enriching your blood, giving you an appetite, strong nerves, mental and digestive strength.

Jessie Copeland, Teacher.

LOCAL SUMMARY

Mr. Skiff Bann, a graduate of the Brockville Business College, has obtained a position as stenographer in Montreal.

The majority of people look upon it as a trivial offence to throw a stone at a telegraph or telephone wire, but under the new criminal code the penalty is three months or fifty dollars, and if you injure the wire or one of the glass insulators the penalty is two years in the penitentiary.

A couple of weeks ago, fishery overseer Bullis wrote the fishery department at Ottawa, asking that the privilege (said to have been granted by the government for the past two or three years) of catching suckers in the creeks running into Charleston lake be continued for the present year. On Saturday last Mr. Bullis got a reply stating that such privilege had never been granted, and instructing him to prevent any fishing for such fish with net or spear. Parties who have been given to understand that they could fish for suckers in this way are warned that it is strictly prohibited.

An English gentleman, recently returned from Dya, who is representing a syndicate operating in the Yukon district, says: "Those who have influence should impress upon the government not to allow liquor in the Yukon district. I speak from experience. I have been in the arctic regions, and I know that the talk of the need of liquor is a mining camp is simply hell. A poor man who has never handled any money before is talking about making a 'strike.' He immediately treats the whole camp. Then you have, when these men are drunk, all the elements of hell. I do not object to beer; but no liquor. What man wants in a country like the Yukon, in plain, fat-forming food, not drink, which stimulates you, only to leave the system colder and weaker."

The Entrance Examinations. The high school entrance and public school leaving examinations for 1898, will begin Tuesday, June 28, at 8.45 a. m. The course of study prescribed for the examination is that given in the revised regulations, except that physiology and temperance takes the place of botany at the public school leaving examinations. Any misunderstanding on the part of candidates regarding the requirements is to be dealt with by the local board in a titling results. The revised regulations, do not, as formerly, call for the presentation of book work in writing, drawing etc., at either the high school entrance or public school leaving examinations. For the latter examination, book work, if presented by candidates, is to be taken into account, as last year, in view of the special provisions announced for 1898.

On Sabbath evening last service was conducted in the Methodist church by Mr. Alex. Kay of Niagara, who is making a lecturing tour of Leeds Co. as representative of the Grand Division of the Sons of Temperance. The address was based on I Peter II: 13 and dealt in a very practical manner with the revised regulations of the prohibition question. On Monday evening he spoke to a large audience in the high school hall on the evils of the liquor traffic and the results likely to follow the passing of a prohibitory law. His pleasing, speaker, enthusiastic and convincing, and will advance the interest of the cause he is championing.

A lively runaway occurred in front of Judson's grocery on Monday evening. A young man from Wiltstown stepped into the grocery leaving his horse, a young, spirited animal, attached to a covered buggy, in front of the building. He had been only an instant inside when the horse started off, down Main street. The owner started in hot pursuit, calling "Whoa! Whoa!" The reporter scribe was on the scene, and just as he was turning on the walk that leads up to the house the running youth collided with him with such force that he was knocked off the sidewalk and rolled over a couple of times in the dirt, while the horse pitched head foremost into the street. The scribe started to apologize for being in the way, but was cut short by the exclamation, "Don't mention it—please bring along my hat."

The horse turned down Reid street and ran on to the corner of the residence of the Rev. Mr. H. H. Arnold, where he was dismounted over one side of the road and ran the buggy against a tree at the edge of the walk. A number of small girls were coming along the sidewalk and being frightened they scrambled into the house into a lawn. The screams of the youngsters started the horse into a mad gallop and it swung around the corner at a breakneck speed passing along church to the corner of Leaso down which it went, turning the corner to Joseph street, where it struck another sharp corner on to Mill and on out the Malloytown road, until opposite the residence of Samuel Row. The horse nearly crashed forward into the street. The strongest part of the story is that while the horse ran a mile and a half and made five right-angle turns, nothing was broken or damaged.
